Florida Integration Stories Not Clear

The Hernid likes to print all the news it can and does so to the extent of space and time. Our judgment of the news must be made on its importance and interest to local readers and the fact that we must attract the reader to sell the paper. On this basis, we print a good bit of news concerning the integration of schools, which last week reached into Florida us a token scale.

These two are not typical of our Florida schools at all, These two are not typical of our Florida schools at all, Although the Orchard Villa school is in fact a public school. The community of Orchard Villa reportedly has become a preiominantly Negro one, with only a few white families the living in the school area. This presents an unusual prob-

The Homestand school is operated for the children of orce families, which makes it a federally necessitated The He

Biories that "pesceful integration of Florida public schoold" was beginning were inaccurate in our estimation, although we felt we were forced to give some of the details to our readers. Beveral lengthy stories were moved daily on state wire service reports and the Florida "situation" was incorpor-ated into the national wire reports. Bome state officials were quoted as saying these two cases are strong support for the valid use of the Pupil As-strong support for the valid use of the Pupil As-

Signment Low. Whatever anybody at any level, scholastic, political or otherwise, is trying to accomplish through the token integra-tion of these particular schools is not immediately clear to a. We just don't think that reports of the opening of these schools, with both white and Negro students attending, should be interpreted as meaning our public schools have be-

A clock painted red is tagged "A" hour. It shows 00:00. This clock will start only when and if shooting begins. The next war would be dated from that mom-

On the main wall are the maps. three stories high. Khrushchev could determine, on one of them the weather in Moscow. Behind the wall are hidden top-secret sliding panels- with the War Plan already set down on them. These he would not see, but the global maps with the bases crouched like a steel trap around Russia, he would readily see on the wall of panels before him.

If he had come here, he may have talked to the senior control officer on duty. This man, upon command of Gen. Power, will lift the receiver of a certain red telephone, press a red button-which could well be our trigger in any next war- and instantaneously talk to all the SAC commands of the world over loudspeakers con

stantly tuned in. Within 30 seconds, crews would e striking out in atomic-bomb planes. Airborne, they'd await a acond command. Meanwhile, ien. Power, on a direct line to the White House and Joint Chiefs of Staff, would seek the final decision. If the word were, "Proceed to

target," it would mean only one n Side

DOD (UPI) - The lai to complete a book vacs, who turned out Fungus" between Our Man in Havana

Imagine a truck ride so smooth and cushioned that fragile loads can travel the worst "washboard" roads with ease. Imagine a truck ride that virtually eliminates shimmy and wheel fight; cuts side sway on curves, makes steering far steadier and easier, keeps drivers far fresher. Imagine a truck ride that permits higher safe cruising speeds, more trips per day with all kinds of cargo over every type of road surface. Imagine a ride that keeps up to 78% of all objectionable road shock and vibration from ever reaching the driver and cargo, a design that sharply reduces twisting and fatigue forces on chassis, cabs and bodies, that keeps trucks young for extra thousands of miles. / Soon you won't have to just imagine such a ride. You can try it for yourself in the trucks that do the next best thing to paving every road in America-new Chevrolet trucks for 1960. You'll see what happens when Chevy's truck engineers design a whole new line of trucks around a whole new kind of torsion-spring suspension. These trucks are new from the ride on up -with wonderfully roomier cabs, brawnier frames, style that's fresh as sixty'and CHEVROLET more! Don't decide on any new truck till you see the newest of all.

See them soon at your local authorized Chevrolet dealer's.

Big Jim Lemon slugged his a game of Rigney's pace-setting the Dodgers. **Mixed Bowling** League In 3-Way Tie For Lead

The teams of the Thursday Night Mixed League ended the past week of play with three teams in first and three in second. In the first slot with six winsthree losses is Florids State Bank, B. Edwards Builders Supplies and Steinmeyer Roofing. The second place teams have a 3-6 record. The roofers put in their bid for scratch and handicay game money as they piled up an \$02-scratch sti handicap game to clobber the bankers. They lost the first game by just one pin, and won the third by a nice margin. Don Stetler aparked the roofers with his 483 series, making the 3-10, 5-7, and 7-9 splits along the way, Bob Hosford was high for the bankers. B. Edwards' team took the first two from South Pinecrest, then lest the third by 50 pins. Margie Woods rolled a 523 series to help the supply team, and Ed Callan rolled high for South Pinecrest with a 455.

Sunland Estates ran up a 2537 handicap series to beat the Furniture Center two out of three, and new up the prise money for team handicap series. Ann Conklin, with 451 was high for Sunland, and Jim Mackey rolled high for the furniture team with 438. All the teams seem to be pick-

ing up in team spirit and ability watching, as Steinmeyers take on Sualand on one and two, B. Edwards meets the Furniture Center on lanes three and four, and South Pincerest plays the bankers on alleys five and six.

Milk Price Control Adopted

JACKBONVILLE (UP) - The Mills Commission resumed its hearing today after adapting a new form of price controls on grade A pasteurized milk at the

group voted 4.3 Tuesday to set a minimum price that the charged in retail stores on the price paid to the

Frederers. The order, affecting 14 counties, called for probabiling the retail rale of grade A pasteorized mills below 160 per cost of the pro-desce price solabilished by the commission in the southeast Flor-ie area. The amount received by producers, also set by the commis-sion, is now 61 costs per gallon. But Commission Chairman J. But Commission Chairman J. the said, "I do not believe that the sails industry will be satisfied with the 100 per cent floor and their next move will be to raise it. There is no protection to the

consumer member in this." Odham said price controls "would be nothing but granter ex-panse to the public. . ."

MOSCOW (UPI)-A new era of good ling toward Americane burnt mon Moneow today.

Glowing reports in the Soviet press and on Moscow Radio of Premier Nikita Khrushchev's reception in Washington dis-solved the traditional alcofness toward foreigners.

Even the Voice of America was allowed to report factually and in Russian the news of Khrushchev's arrival. For ten years it

has been jammed by Soviet stations. Broadcasts by the American "Radio Liberation" which mixed commentary, some critical, into its newscasts on Khrushchev

critical, into its newscasts on Khrushchev were jammed as much as ever before, a spokesman for the American Committee for Liberation said in New York. Moscow Radio, after broadcasting an account from Washington on Khrushchev's meeting with President Eisenhower, ended with a special weather forecast for the eastern part of the United States (good) — the first time anyone said remember such the first time anyone could remember such an act.

The usual stiffness toward foreigners began to unbend when the exchange of visits was announced. By the time Khrush-

chev landed the feeling was one of holiday mood. And with each passing hour of his visit the feelings toward Americans be-

The Russians regard the Khrushchew-visit as a prelude to the end of the cold war and get as if restraints are now off. Their attitude seems to say: "It's okay now." There were new departures in report-ing, and Tass, the official news agency, carried Eisenhower's welcoming speech in and

fuil.

The Soviet press told its readers today a "solid wall of 300,000 Americans" gave Khrushchev "stormy applause and ova-tions" when he arrived in Washington. The reports described the Washington scene as one of overwhelming approval by mam-moth, friendly, handkerchief - waving crowds.

Washington was so packed with people, said the official government newspaper, Isvestia, that There was not even a place

te drop an apple'." "Long before the arrival of the air-plane, several thousand residents gathered to greet the head of Soviet power," Isvestia-said. "Thousands of Americans expressed their approval by stormy applause."
