Life In Poland

The next time you find yourself about to ask, "What did America get out of the last war?"...

The principal thing which Poland got out of the last war was her freedom and independence...

But what else did she get? Well she got death for hundreds of thousands of her best young men...

During the few years of freedom and independence, as if to show what freedom and independence can do for a country...

Now Poland has been laid low again. All important bridges have again been destroyed...

Garden Club Group Holds Meet Saturday

The executive committee of the Garden Club met Saturday afternoon in the Chamber of Commerce building room which they occupy through the courtesy of the Chamber of Commerce.

Plans were discussed for the carrying out of the year's work. The room will be open on Tuesday and Friday afternoons of each week from 2:00 till 5:00 o'clock, and members of the Garden Club will be in charge, each club acting as hostess in rotation.

Booklets from the Department of Agriculture from Washington, D. C. and Gainesville on subjects valuable to garden-minded people have been placed on the shelves for distribution or consultation. The Garden Club will also maintain a library shelf of its own volumes for use in the room, but these books will not be loaned out.

It is the aim of the Garden Club to answer all questions through information at hand or to make a field trip to obtain information that is not at hand. This will include planting, soil condition, soil building, proper fertilization, pruning in proper form and seasonal, also making identification of all plant material.

There will be a list of plants on file that may be obtained free through the courtesy of Garden Club members. This is purely to establish and encourage planting and beautification throughout the country through the means of plants and cuttings which would otherwise be discarded.

The Garden Club asks the patronage and encouragement of all to further this movement, in order to as wide a circle as possible. They have extended an invitation to all to visit their room which is the north room of the Chamber of Commerce building.

Committee and chairmen are as follows: Mrs. W. E. Watson, general chairman; Mrs. H. D. Freeman, sales; Mrs. G. Paxton, Central; Mrs. R. H. Deas, Dirt Gardeners; and Mrs. H. Colclough, Rep.

Installation Is Held For Missionary Group

An installation program for the incoming officers of the Woman's Missionary Union of the First Baptist Church was held Monday afternoon with Mrs. Fred Myers as installing officer.

The theme carried out was that of an airplane flight through the new year over the W. M. U. line. A miniature airplane was displayed and Mrs. Myers reviewed important phases of the work for the new year.

Standards of excellence for the W. M. U. organization were broadened over an impressive program by Mrs. M. N. Cleveland, retiring president.

Each incoming officer was presented with a lavender bound booklet with their respective duties outlined within.

Rev. W. P. Brooks, pastor of the church, led in prayer and commented favorably on the work being done by the women of the organization.

In appreciation of the work done by Mrs. M. N. Cleveland, president of the W. M. U. for the past two years, Rev. Brooks presented the retiring president with a W. M. U. pin from the organization.

Following the installation program new circles were drawn for the new year and the new president, Mrs. W. E. Kader, urged the cooperation of the women during 1939-1940.

Neutral Measure Must Be Revised, Asserts Al Smith

(Continued From Page One)

Smith asserted that the present neutrality act prevents the sale of completed war implements to a belligerent nation, it allows the sale of many uncompleted war implements and permits their transportation in American ships to warring nations.

"He (Roosevelt) concludes that therein lies the definite danger to our peace," Smith said. "I am unable in the light of history, to understand how that statement can be successfully disputed."

Smith said that the United States was brought into the World War by Germany's declaration of unrestricted submarine warfare in the zone around the British Isles.

"Here we are under the present neutrality act, facing that exact situation," he added.

Recalling the German destruction of two Swedish steamships en route to Britain with lumber last week, he continued:

"That means that everything delivered to belligerent nations in American ships puts the ship in danger of destruction and means the loss of the lives of American seamen."

"I believe that we should prevent the transportation in American ships of any goods of any kind or any passengers to the warring nations. It is undoubtedly the absence of such a law in 1917 that brought us into the World War."

"Those who oppose amendments to the neutrality law are compelled to take the position—let them sink the ships," Smith said. "Those who desire the neutrality act amended to the position that we will not let the ships go where they can be sunk."

ent governments to pay cash for armaments purchased in the United States. The amendment would make no charge in the bill's provision permitting belligerent governments to obtain credits up to 50 days. The second amendment would prohibit belligerent governments from selling any securities in the United States.

The bill as it stands would forbid the sale of only those securities issued after the act had been invoked.

him or his successors to any kind of military position.

How soon the war ends, he said, depends upon "how long Herr Hitler and his group of gangsters whose hands are stained with blood and sticky with corruption can keep their grip upon the docile, unhappy German people."

Churchill said three important things had occurred in the first month of the war: Poland had been overrun but will rise again; Russia has warned Hitler of his eastern dreams; and the U-boats may be safely left to their care and constant attention of the British navy.

Prime Minister Chamberlain is expected to give the House of Commons tomorrow the official government reaction to the German-Soviet position of Poland and his weekly war review on Tuesday.

Churchill ignored in his broadcast a set of questions asked by a German-speaking voice which interrupted a British broadcasting program earlier with a request that Churchill reply at his address. A German reply to Churchill's answers was promised.

Nearly two hours after Churchill's speech, a German giving his name as Hans Fritzsche broke into a radio broadcast and attacked Churchill for failing to reply to his questions.

Miami All-Star Semi-Pros Beat Sanford Lookouts By 11-3 Score

The Miami All-Stars headed by Teen Gallegos carried too much power at the plate yesterday for the Sanford Lookouts and the local club went down to defeat 11 to 3 in the first of a three-game series being played in Miami.

"Lil' Dicky" Dean lashed two five-inning under that barrage of base hits that included two home runs. He was replaced by Joe Pinder, who was unable to stop the onslaught.

Sanford put on the pressure in the sixth inning to score all three of their runs while the Miami men spread their scoring over the rounds pushing across two counters to the second, three in the fourth, four in the fifth and one each in the seventh and eighth innings.

The second game of the series will be played tonight with either Cleo Jeter or Lefty Frank Hudson doing the hurling for Sanford.

The All-Stars recently played Daytona Beach of the Florida State League two games, winning one and losing one.

Score by innings:

To Feel Fine, Use Vegetable Laxative

Here's the laxative that acts as thoroughly as harsher ones, but is a gentle persuader for intestines when used this way. A quarter to a half-teaspoon of **BLACK-DRAGON** on your tongue tonight, a drink of water—there you are! Then this all-vegetable laxative usually allows plenty of time for sleep, acts thoroughly and gently, and relieves constipation's headaches, biliousness, irritability, bad breath. **BLACK-DRAGON'S** main ingredient is "intestinal tonic-laxative," which helps tone the intestinal muscles. Millions of packages used prove its merit! Economical—25 to 40 doses, 25c. —Adv.

Miami University Plays Wake Forest In First Contest

JACKSONVILLE, Oct. 2.—(AP)—The coming week-end's schedule for Florida's collegiate football teams will be featured by the season opener for Miami, last year's state champion, and the first Southeastern conference game for the University.

Miami's Hurricanes open on their home field Friday night against Wake Forest, while Florida, defeated 12-0 by Texas yesterday, will attempt a comeback against Miami State at Gainesville Saturday night.

The Rollins Tars, 54-7 victors over South Georgia State at Orlando Friday night, go to Deland next Friday for the first of their two games with Stetson this season. They play again at Orlando Tuesday.

Stetson brought its average up to the 500 mark by trouncing the South Georgia Teachers, 19-0, at Deland Friday night.

The University of Tampa's Spartans are scheduled for a week's rest after their invasion Saturday night of Cincinnati where they were beaten, 26-7, by the Cincinnati University Bearcats. The Spartans play next on Oct. 14, meeting the University of Miami in Tampa.

A massive Texas line and a speedy, 165-pound halfback named Jack Crain proved the undoing of the Florida Gators for the Longhorns. The elusive Crain, who led a 42-yard gain in the second quarter to put the ball in Gator territory and four plays later dashed 16 yards around right end to score. He was instrumental in a drive that carried to the Florida four-yard line in the final quarter and set the stage for a blocked kick which proved fell on for the second Texas touchdown.

The husky Texas forward wall held the Gator ground attack 23 yards compared with 160 for the Longhorns. Each team tried 13 passes, Florida completing four for 69 yards and Texas connecting with five for 44 yards.

The Spartans found fullback Jack Dufford of Cincinnati too hot to handle. He was a ball of fire all evening, scoring three touchdowns and setting the stage for the fourth. Buchanan, Spartan fullback, scored Tampa's lone touchdown near the end of the first half.

Feds Recuperating From Eustis Fray

After their 12 to 6 defeat at the hands of an underdog Eustis team, the Sanford Celery Feds today went through an easy workout from out a few kinks.

Several players suffered slight injuries but nothing serious had cropped up. Coach Leonard L. McCluskey sent his charges through a running, passing, and dummy drill as he laid plans for heavy workouts in preparation for the game Friday with Julian Land of Jacksonville.

McCluskey said he wasn't too disappointed over the showing of the Feds in their first game. "They are mostly inexperienced and too much couldn't be expected of them," he stated, adding, "Besides, Eustis has a very fine line team, not heavy but with a fairly strong line and some fast backs."

RAIN PREDICTION

NASHVILLE, Tenn., Oct. 2.—(AP)—The weather bureau predicted further showers last night after light rains had fallen over Middle Tennessee and farmers hoped that the drought might be broken.

CHALKING 'EM UP

LEAGHERN VICTORY
 The defeat of the University of Florida Gators at the hands of the Texas Longhorns Saturday afternoon was not altogether unexpected. We had hoped to see the Gators come through with perhaps a point victory or something like that but they couldn't quite make it. The Longhorns and one, Jack Craine, proved to be a little bit too much for the inexperienced Floridians. At that, it wasn't exactly a runaway for the Texans. That Gator defense was pretty fair most of the time and when those sophs get in a few more games they're going to be tough to crack on the defense. But the offense is even more complicated than defense and it is much more difficult to produce a crack offense usually. But the Gators weren't outclassed. They were beaten by a team that was a bit better—on that particular day anyway. All publicity from the University has been to the effect that the Gators would be lucky to win a third of their games, consequently few persons have built high hopes. By the time the Mississippi game is over this week-end, we should have a much better idea of what the Gators really have this year.

Anything Can Happen

Word comes from Miami that the All-Stars whipped the Lookouts 11 to 3 and knocked Dixie Dean from the mound in five innings. Every time we see the Sanford outfit get shellacked we console ourselves by thinking of the 19 to 3 lacing the Deland Red Hats administered Sanford during the Shaughnessy playoffs. And yet the Lookouts came back strong to take the series. Maybe they can do the same in Miami. Certainly Sid Hudson, Cleo Jeter, and Frank Hudson can turn the trick one time at least. We doubt the All-Stars can produce four pitchers the equal of Sid, Frank Hudson, Cleo Jeter, and Dean.

Florida Power And St. Johns Will Begin Softball Season Here Tonight

The Sanford Softball League opens the 1939 season tonight at 8:00 o'clock at St. Johns River Line team meets the Florida Power and Light outfit at 8:00 o'clock in the opening contest of the year.

Six teams are included on the roster. St. Johns River Line, Florida Power and Light, Reel and Sons, Kilgore S&D Company, Lemmond Tire Shop, and Osceola Cypress Company.

Games will be played on Mondays, Tuesdays and Thursdays. All games will start at 8:00 o'clock. The public will be admitted at the same price that prevailed last year.

Impres for the league will be Bert Chapman and Al M. Wallace. They will umpire all games.

A total of 20 games will be played during the first half of the season and a total of 30 during the last half.

Reel and Sons was the last organization to enter a team in the league and in order to permit the gathering of a team, Reel was eliminated from games the first week.

The administration of the league is under the supervision of Director M. Hardaker and the Department of Recreation headed by Chairman H. James Gut.

Meyers And Frey Aid Cincinnati To Pennant

PITTSBURGH, Oct. 2.—(AP)—The Cincinnati Reds, who pulled out of here last night for New York and their rendezvous with the Yankees on Wednesday, believe to a man that they are in the world series principally because of the great play of Billy Myers at shortstop and Lonnie Frey at second base.

This is the somewhat surprising result of a semi-private poll conducted at odd hours by the writer. The National League champs give full credit to their great two-man-busting staff—Walters and Derringer—and to the timely hitting of Frank McMorrick, who led the loop in runs-batted-in. But invariably they come back to their keystone combination.

"There," said one of the team's stars, "is the difference between fourth place last year and first this year. It's been fun to stand out there and watch that pair go. In my book they're the two most improved players in the league." The Yankees' Crossetti and Gordon are any better I write to see 'em, prove it."

"It's the one unforgivable social error"

There is seldom any excuse for offending others with halitosis (bad breath) due to food fermentation in the mouth. It is so easy to make your breath sweeter and more agreeable with Listerine, the safe antiseptic.

The insidious thing about this offensive condition is that nearly everybody has it at some time or other without realizing it. Experienced people protect themselves by gargling with Listerine Antiseptic morning and night, and before every important social or business engagement. Listerine Antiseptic quickly halts fermentation, and by some authorities to be a major cause of mouth odor, and overcomes the odor themselves.

Why risk offending others... undermining your social or business position? Get the enjoyable Listerine Antiseptic habit. Use it as a safe, mild, mouth antiseptic and deodorant regularly. Lambert Pharmaceutical Co., St. Louis, Mo.

Allies Refuse To Yield To Threat By Nazis, Soviets

Chamberlain Declares No Assurances From German Government Will Be Accepted

Il Duce May Not Make Peace Move

Hints Spread That Finland Will Get Russian Demands

Britain and France today refused to yield to a "scarcely veiled threat" of Soviet-German collaboration if European hostilities continue.

Prime Minister Chamberlain acted as spokesman for the British-French allies in a House of Commons speech.

He said the Allies would "examine and test" any German peace proposals but that "no mere assurances from present German government can be accepted by us."

The threat was implied, he said, in the Soviet-German declaration which partitioned Poland and mentioned the alternative of "renunciation" if the Western Allies fail to make peace.

Nothing in the declaration could serve the Allies from an "effective prosecution of the war," Chamberlain said.

An authoritative Berlin source indicated Germany and Russia would consult after the western belligerents declared their attitude.

Hitler and Rome expressed the belief that no new peace proposal would be put forward immediately.

The Italian foreign minister visited Adolf Hitler Sunday.

The Soviet government newspaper Izvestia gave a strong hint that Finland as well as the small Baltic states would receive Russian demands for naval and military bases.

Talk about peace terms overshadowed hostilities on European battlefields.

On the Western Front France reported "great activity by patrols on both sides during night."

The French estimated they held about 156 square miles of German territory between the Maginot and Siegfried fortification lines.

On the Eastern Front a German communiqué said "German troops marched into the fortress of Warsaw."

Heart Attack Is Fatal To Senator Logan

Unexpected Death Of Kentucky Solon Interrupts Debate On Neutrality Statute

WASHINGTON, Oct. 3.—(AP)—The unexpected death of Senator Marvel Mills Logan of Kentucky took one of President Roosevelt's supporters from Congress today and brought an interruption in the Senate struggle over neutrality legislation.

The 65-year-old Democrat, who had been a member of the Senate since 1931, died of a heart attack this morning. He suffered a slight heart attack Saturday and another last night.

Logan was a figure in Kentucky politics since 1910, starting out as county judge and then serving as successor in assistant attorney general, attorney general, chairman of tax commission, appellate judge and chief justice of the state.

Senator Barclay of Kentucky, Democratic leader, announced the Senate would meet only to adjourn today out of respect to "the outstanding of the highest quality."

Political observers speculated on a possibility that Governor A. B. Chandler might resign in favor of Logan's son, Gov. Ken Logan, should the latter be appointed to the Senate vacancy.

Logan was among the foremost leaders of President Roosevelt's anti-Communism program for the United States. He was a supporter of the anti-Communist neutrality bill.

He had been a member of the Senate since 1931, and a member of the House of Representatives from 1910 to 1931.

Officials Believe Nazis Unable To Get Soviet Goods

Money Shortage Make German Purchase Of Supplies Doubtful

WASHINGTON, Oct. 3.—(AP)—Concrete department officials cannot see where Germany can draw heavily on abundant Russian war materials.

Reasons given are: 1. Germany hasn't the money to pay for them.

2. Russia does not have much surplus to export.

3. Germany, even in peace times, could not make machinery deliveries, Russia's main need, on time.

Shrouded in mystery is the question whether Russia, for political reasons, will do without industrial goods herself in order to create a surplus to ship to Germany on credit.

Even in peace times the above factors already checked off trade between Germany and Russia.

Germany lately made an effort to receive it by offering Russia a \$200,000,000 mark credit.

But even if the agreement is carried out promptly and the exchange of goods effected, \$200,000,000 worth is only about \$100,000,000 in trading value in international trade.

The difficulty lies in several directions. Russia already has bought a quantity of German machinery during the past 12 years.

Germany now will be even more hard pressed to make machinery deliveries. Experts here believe she won't even attempt it, so her iron shortage will be terrific.

Half of her normal iron ore supplies have been cut off.

She still has access to Sweden, her principal supplier. In 1937 she bought 122,000,000 marks worth of iron ore from Sweden.

But her 1938 purchases of Swedish iron ore are estimated at only 70,000,000 marks.

Sweden's iron ore exports to Germany are estimated at only 70,000,000 marks.

Plans Are Made For Paving Of Road To Coast

Parrish Is Advised Work Will Begin On Improvement Of No. 11 Without Delay

The preparation of plans for the paving of State Road No. 11 to the Seminole County line has been authorized, according to a telegram received today from State Senator J. J. Parrish of Titusville which said that contracts for the improvement of this road to the St. Johns River will be awarded as soon as the plans are completed.

Definite action on this project will climax several years of effort on the part of the Seminole County and the Board of County Commissioners, brought about as the efforts by the leading citizens in the two counties. A joint appeal by a delegation from the two counties, brought action at the budget meeting of the State Road Department last Fall and an appropriation for paving the stretch between Mims and the St. Johns River was included for this year.

However, several months passed without action on the part of the State Road Department and it was not until Senator Parrish and Mayor Edward Higgins visited the capital on Sept. 20 that assurances were given that the project would get underway with the least possible delay.

The telegram from Senator Parrish is as follows: "I have the following from the State Road Department under the date of Oct. 2: 'Due to your efforts the Road Board has authorized the preparation of plans for State Road No. 11 to the St. Johns River for a paving contract to be let as soon as the plans are prepared by the Road Department.' (Signed) J. J. Parrish."

This is following up on the visit of Edward Higgins and myself there on Sept. 20 when they agreed that \$1,000,000 would be paid right away and that they would let us know as soon as we had a contract.

I have not a contract, but I think we can get one in a few days. The completion of this road will be a paying a long overdue obligation. Seven miles of this road is in Volusia county."

With respect to the completion of the paving of the road to the East Coast in the Seminole County jurisdiction, that at any time in the past, Seminole County residents in the vicinity of Green Bay have nothing definite to look forward to in regard to the improvement of the present "dirt" road.

It is therefore to be hoped that those who may still be in foreign countries and who desire to return to the United States will travel on American vessels and not on other neutral vessels.

The Seminole County Chamber of Commerce and the Board of County Commissioners and others had advanced to assist in the road board at its Fall budget meeting for an appropriation to widen and resurface the existing road to Sanford.

The regular meeting of the Lions Club will be held in the Vauxton Hotel Wednesday night at 7:30 o'clock.

Business business matters were given consideration at the regular meeting of the Independent Order of Odd Fellows at the Odd Fellows Hall last night.

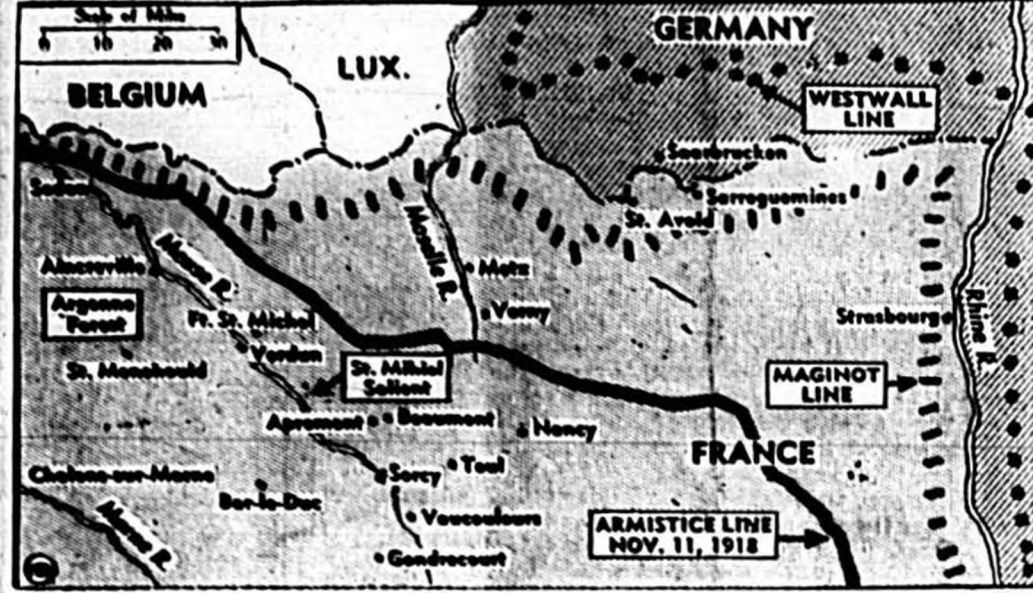

The weekly trial session of the three local National Guard companies were held in the Armory last night. A number of recruits enlisted in the organizations.

The Board of Directors of the Elks Club will meet at the Vauxton Hotel at 7:30 o'clock. Newly elected members of the board will meet in conjunction with the old board.

Workmen of the World will meet in the regular meeting at the Vauxton Hotel tonight at 8:00 o'clock. The speaker will be J. J. Parrish.

Completed Thomas of Columbia, president of the Florida State Chamber of Commerce, will be the featured speaker at the regular meeting of the organization at 7:30 o'clock.

THE WESTERN FRONT: YESTERDAY AND TODAY

The current western front is not much farther east than the battle line at the close of hostilities in November, 1918. Names of cities to left of World War armistice line on above map were common to all U. S. citizens during days of 1914-18. American soldiers saw service in much of the area shown and those in the army of occupation after the war advanced far beyond the present line of hostilities.

Steer Clear Of Trips On Foreign Ships, Hull Warns

WASHINGTON, Oct. 3.—(AP)—Secretary of State Cordell Hull today warned Americans to travel on American ships.

Hull issued his warning after statements in London that British officials were warning Americans not to travel on German ships.

Hull said that while under international law American citizens have a right to travel on any vessel, it is not a prudent policy to do so.

He said that the United States is not a belligerent in the war and that American citizens are not to be treated as such.

City Is Again Victor In Fight With Creditors

Constitutionality Of Bankruptcy Law Amendment Upheld

The City of Sanford won another round in the battle with the holders of its unsecured bonds yesterday when Federal Judge Alexander A. Herman overruled the objections of the creditors and held the amendment to the City Bankruptcy Act valid and the statute applicable to cities which refunded their bonds before the amendment was adopted.

While this decision by no means ended the fight which have marked the fight in the almost one year it has been in the courts, it placed the City a step closer to victory in its efforts to force the holders of the unsecured City bonds to participate in the refunding program through invocation of the Federal Amendment to the Bankruptcy statute.

The City of Sanford is the first in the nation to attempt to invoke the amendment to force bondholders to participate in the refunding of delinquent issues, and had the amendment been held unconstitutional, no further progress could have been made in the case.

These creditors who hold \$245,000 worth of the City's old bonds, or about 4 percent of the bonded indebtedness of \$5,000,000, objected to the plan under which the City is proceeding on the grounds that it is unconstitutional to use the contents of them who have already exchanged their bonds in forcing the holders to participate in the refunding program.

The refunding program was authorized, however, by 59 percent of the City's creditors. City Attorney Fred E. Wilson, who represented the City's interests at the hearing on the City's petition, said that the court that had the City's petition to refund their bonds under the Federal amendment, the constitutionality of which would have been found to be unconstitutional, the program was favorable to the city.

The next step in the fight will be the holding of hearings regarding the objection of the City's creditors. The City's Attorney, Fred E. Wilson, said that the court that had the City's petition to refund their bonds under the Federal amendment, the constitutionality of which would have been found to be unconstitutional, the program was favorable to the city.
