**IN A GREAT PROCESSION**  
"Hammurabi was a great king and a man of tremendous power in the ancient civilization out of which Abraham went, but it is Abraham, not Hammurabi—the man who left, not the man who stayed; the man who, to those in that country, seemingly failed, instead of the king, who seemingly remained in power—who has lived down through the ages and whose faith has been a stimulus to millions. The power of Egypt rose and registered itself in gigantic works and physical monuments, but the intangible and seemingly unimportant words and teachings of Moses, whom Pharaoh rejected, have lived on, while the Nile Valley civilization has gone into eclipse. Rome, in all its vast power, came and went, but the humble Galilean, whom it crucified, lives on."

Heartening assurance that because the evil confronting mankind are not God-created they may be successfully opposed and overcome through spiritual understanding is the theme of Christian Science services next Sunday. The subject of the Lesson-Sermon is "ARE SIN, DISEASE AND DEATH REAL?"  
One of the Psalms of David provides the Golden Text: "The Lord is my strength and song, and is become my salvation. . . I shall not die, but live, and declare the works of the Lord" (Ps. 118: 14, 17).  
Among the Bible references is the following from Isaiah (35:4): "Say to them that are of a fearful heart, Be strong, fear not; behold, your God will come with vengeance, even God with a recompense; he will come and save you."  
Selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "As frightened children look everywhere for the imaginary ghost, so sick humanity sees danger in every direction, and looks for relief in all ways except the right one. . . The way in divine Science is the only way out of this condition" (p. 371: 11-14, to first, 18).

### Plantation Estates

**By BESS PATTERSON**  
We are very proud of and happy for our young citizens, Mr. and Mrs. Charles Ireland, who opened the new ice cream parlor, sandwich bar and sundries store on the highway on Monday. Their store is very attractive and they will build their stock according to the demand. They intend to stay opened evenings until 11 P.M. so that after the movies or that canasta party you may get a snack. They have a lot on Lake Monroe and hope to start their home in the not too distant future.  
The new butcher shop opened the same day and it promises to be a big asset to our community. Joe Parsiale sure knows his meats and is carrying the best. Joe has three school age children whom he has brought up alone since their mother's death six years ago. As soon as his house on Columbus Road is finished he will bring them down to live here. Lots of luck to them all.  
Mr. and Mrs. Frank Basco are with us again in their home on Gen Lake. The Bascos commute between their home here and their construction business in the north.  
Mr. and Mrs. Louis Eiler have moved into their new home on DeBary Drive. Mr. Eiler was with the Borough President's Department of the Bronx in New York City until his retirement. Mrs. Eiler had been a teacher.  
Mrs. Ann Dempsey has her son, John Dempsey and his family visiting her.  
Dr. and Mrs. Harry Whitaker have returned from their summer camp in the Adirondack Mountains in New York State. We are more than pleased to welcome them home. Mrs. Whitaker tells me the glee club will have its first meeting next Wednesday and Mr. Leonard, its president, tells me refreshments will be served after this meeting and everyone is invited. Mrs. Whitaker expects Mr. and Mrs. Nancy at the end of the week for a visit.  
Mr. and Mrs. O. G. Potter have arrived from Pennsylvania to take possession of their new home on Palmyra Drive. If the news is late this week it can only blame it on Mr. Potter who brought me

the novel "Cross Creek" and a few ever good reading.  
Mr. and Mrs. Charles Schneider of Atlantic Highlands have moved into their new home on Fifth Street. Charlie, who is an engraver of some repute, tells me they will have to go back for a few months to finish up a few jobs he has.  
All her friends were glad to see Agnes Weille back from a vacation spent in the North with her children. They tell me John has become quite a cook since you have been gone Agnes. Keep him at it.  
Mr. and Mrs. William Lutz from New Jersey have taken possession of their new home on Half Moon Lake. Mr. Lutz was with the North American Casualty Co. in an executive position for 21 years when he decided to quit work and spend the rest of his life having fun. Don't look now, but he doesn't know about the kind of fun he has ahead on that nice big plot between the two lakes. Don't tell him, Barney A. he'll have more fun finding out for himself. At his farewell dinner he received many fine gifts but the one he prizes the most is the leather bound testimonial book, containing all the letters from his friends and associates of praise and good wishes.  
Mr. and Mrs. Frank Turner spent a weeks vacation at Daytona Beach. While there they entertained several of their friends from Plantation, among them Mr. and Mrs. William Toms.  
Mr. and Mrs. Frederick Payne had as their guests on Sunday, Mr. Robbins and Mr. Miller of New York. The Paynes attended a house party at the Beach home of Mrs. Dorothy Shaffer of Daytona, a long time friend of theirs, on Tuesday and Wednesday.

**What a Wonderful Story**  
the **Price Tag Tells!**

**WE** would like you to come in and hear a wonderful story. First of all, it's the story of a great car—a car whose name is respected and admired everywhere in America. We are sure that the word "Pontiac" means something distinct and different from any other name in the motor car world.  
The word Pontiac means a good solid citizen—a thoroughly good car—a beautiful car—a car with a reputation for delivering years and years and years of driving pleasure. But there's another important part of this story you should hear: It's the wonderful story of Pontiac's price! For this great car, desirable as it is, is one of the lowest priced automobiles in America—just one step above the very lowest. As a matter of fact, if you can afford any new car you can afford the price and pleasure of a Pontiac! Come in and get our deal—it's a wonderful story all the way around!

## Truman Offers To Talk Peace With Russians

## Wake Forest College Hears President On Foreign Policy At Special Ceremonies

By ERNEST B. VACCARO  
WINSTON-SALEM, N. C., Oct. 15.—(AP)—President Truman offered today to "sit down with Soviet Russia" to seek agreement upon disarmament and "free the world from the scourge of atomic warfare."

In his first major foreign policy speech since he announced Russia's explosion of a second atomic bomb, the President renewed a proposal for United Nations control of atomic power which this country suggested "long before the Soviet Union got the atomic bomb." He asked Russia to lay aside its "phony peace propaganda" and declared:

"We are ready now, as we have always been, to sit down with the Soviet Union, and all the nations concerned, in the United Nations, and work together for lifting the burden of armaments and securing the peace."

"We are determined to leave no stone unturned in this search not only for relief from the horror of another world war, but also for the basis of a durable peace."

Mr. Truman's speech was prepared for groundbreaking ceremonies for the new Wake Forest College campus here. The building is being moved here from Wake Forest, N. C., under a multi-million dollar grant from the Reynolds tobacco family.

The President held out little hope for a real agreement with Russia until the free world completes its armaments program. But he warned against "sewers of suspicion and the poisons of fear."

"So long as one country has the power and the forces to overwhelm others, and so long as that country has aggressive intentions," Mr. Truman said, "the stronger we become, the more possible it will be to work out solid and lasting arrangements that will make for peace."

American policy, the President declared, "is based on the hope that it will be possible to live without a war, in the best of all worlds, if the nations have adequate defenses."

"As our defenses improve, the chances of negotiating successfully with the Soviet Union will be increased. The growth of our defenses will help to convince the leaders of the Soviet Union that peaceful arrangements are in their best interests."

William H. Ruffin said the stabilization board "usually is referred to in some quarters as the 'wage stimulation' board."

In a prepared speech at the opening session of the NAM's third institute on industrial relations, Ruffin said there were "serious indications" that the WSB and "perhaps higher agencies of government have no intention in a real show-down of implementation of the board's policies."

## Only Eleven Days Remaining To Register For Municipal Election

Citizens of Sanford who re-registered at the City Hall between Nov. 15 and Dec. 31, last year are not required to register again in order to vote in the Nov. 6 municipal election, City Clerk H. N. Sayer stated today.

He declared that he wished to emphasize this fact because some persons who re-registered last year are appearing again for registration.

Due to the coming city election, however, those who did not re-register in 1950 and who have not re-registered since the books were re-opened in Sept. 1, have only 11 days to do so as the books will be open through Oct. 26 only, said Mr. Sayer.

On Friday 1,680 out of potential 4,000 voters had received the new registration cards. The re-registration was ordered in the new City Charter of 1950 so as to make the list up to date.

Wednesday of this week is the deadline for candidates to qualify to fill the three places on the City Commission which will be voted on this year.

This morning, W. V. Blitting, druggist, now serving temporarily in place of Sam Martina, who resigned, qualified to run in Group No. 3 to serve during the balance of the Sanford term. He has put on a campaign to induce citizens to qualify for a vote in the coming election, Mr. Sayer added.

Other candidates who have qualified are John Kader and Al Lee in Group No. 1, to succeed Mayor Fred Dyon, and J. M. "Pete" Higgins to compete with W. H. Stemper, incumbent, in Group No. 2. The latter has announced but not qualified to date. Former Commissioner Randall Chase has also announced his candidacy.

Polls will open at the City Hall at 7:00 A. M., Tuesday, Nov. 6 and will close at 7:00 P. M.

Citizens who will be absent from the city on Nov. 6 can secure absentee ballots on Oct. 22. All absentee ballots will have to be sent in at least three days prior to the election, according to law, said Mr. Sayer.

This is strictly a municipal election and Mr. Sayer stated that the only ones qualified to register and vote are those who on the date of election will have lived in the city of Sanford for six months and in Florida for one year.

Only about 25 percent of the voters have registered so far and the Sanford people have put on a campaign to induce citizens to qualify for a vote in the coming election, Mr. Sayer added.

The plain fact is that, until new weapons and new military applications of atomic energy have proved their reliability and are available for field use, our national safety in the face of attack will have to depend upon improved orthodox weapons in ample quantity and well-sufficiently trained and equipped ground, naval and air forces to use them effectively."

Bluntly, Lovett declared, "aggressive hopes are being pinned on the availability of new super-weapons for fighting and winning wars."

He said such over-optimism can lead to wishful thinking "which through disillusionment can bring pessimism and despair."

## Lovett Tells Legion Quick Wins Unsure

## American Legion Convention Hears Secretary Of Defense Despite Hurricane

MIAMI, Oct. 15.—(AP)—President Truman called on the American Legion today to support new legislation which will give 60 benefits to the veterans of the Korean war.

By DON WHITEHEAD  
MIAMI, Oct. 15.—(AP)—Defense Secretary Robert A. Lovett gravely warned the nation today that the United States does not yet have the fantastic atomic weapons which can win a quick, easy or magic victory in war.

In his first public address since becoming defense chief, Lovett told the American Legion convention:

"The plain fact is that, until new weapons and new military applications of atomic energy have proved their reliability and are available for field use, our national safety in the face of attack will have to depend upon improved orthodox weapons in ample quantity and well-sufficiently trained and equipped ground, naval and air forces to use them effectively."

Bluntly, Lovett declared, "aggressive hopes are being pinned on the availability of new super-weapons for fighting and winning wars."

He said such over-optimism can lead to wishful thinking "which through disillusionment can bring pessimism and despair."

The new secretary who succeeded Gen. George C. Marshall in the defense post—plainly was trying to cut down the growth of optimism over the possibility of equipping the Army, Navy, and Air Force in the near future with atomic weapons to replace the orthodox weapons.

He said "it would be a grave disservice to you and to the nation if we were to insist on the atomic field had brought an easy, quick, cheap or magic way to fight or win a war."

Lovett spoke at the legion ballroom as a small but powerful packed hurricane moved slowly northward in the Caribbean Sea toward this playground city.

The storm threat added the only note of anxiety to the ballroom night among the 30,000 or more legionnaires and members of their families gathered here from all parts of the nation.

Waters were rising and the possibility that these advances in the atomic field had brought an easy, quick, cheap or magic way to fight or win a war."

The scheduled appearance of Russell tonight and Gen. Douglas MacArthur tomorrow will be the highlight of the convention.

## Appeal Rejected By High Court In Civil Rights Case

## Justice Jackson Attacks Decision As Dangerous To U.S.

WASHINGTON, Oct. 15.—(AP)—Justice Jackson protested today that the Supreme Court, by refusing to consider an appeal by a Texas constable in a civil rights case, was bringing "a dangerous and novel importation into American criminal law."

The constable, Truman A. Kohler, got a \$500 fine and six months in jail for beating up a Negro, Efram Hershberg. The beating occurred after one of Kohler's hounds was injured by the Negro's car near Marton, Tex., the night of Aug. 23, 1949.

Kohler and a friend, Hugo W. Ackermann, pursued the Negro's car and overtook it. Hershberg was pulled out, put under arrest, and then beaten.

Kohler and Ackermann were tried in federal court in Texas on a charge that they violated Hershberg's civil rights. Ackermann got the same sentence as the constable and both appealed to the Supreme Court.

The high court, by vote of 7-2 today, rejected their appeal. Justice Black noted by favoring a hearing for the pair, Jackson agreed with Black but went for the majority. He wrote a 300-word protest.

Jackson explained that in the Kohler-Ackermann case the trial judge told the jury that intent to violate a federal constitutional guarantee "is presumed and inferred from the act of the defendant," complained about that presumption of intent was Jackson's target.

By refusing to grant a hearing on the appeal, the high court let the effect of the judge's statement stand.

"If this is not a dangerous and novel importation into American criminal law," Jackson said, "I do not recognize danger when I see it."

It is apparent from this case, Jackson added, that the federal civil rights statute involved "enables a federal administrator to infer from the act of the defendant a threat of prosecution where a genuine one is attested by the fact that this court cannot decide on issues of deprivation of life, liberty or property."

NEW LOCATION  
Mrs. Martha Livingston, president of Pettie Paris, Inc., the building and properties of which were destroyed by fire Friday, announced today that the County Commission had granted the firm permission to occupy temporarily the former canteen kitchen building on Twenty-fifth Street near Sanford Avenue.

It is hoped that alterations can be completed soon in the building and to start operations again in about a week, she said. The building affords about 3,000 square feet of space. New equipment, machines and materials for the business have been ordered.

## Redistricting Of C. Of C. Program County Approved Is Outlined By Commissioners F. E. Breckenridge

## 5 Districts Of Near Equal Population Set In Resolution

The County Commission on special session Saturday afternoon adopted a resolution redistricting Seminole County into five commission districts of approximately equal population. F. E. Breckenridge, county clerk, announced today.

This action was the result of recent requests made by the Seminole County Board of Commissioners for redistricting in accordance with the state law that requires equal population in commission districts.

Two new districts, No. 1 and No. 2, were created, and the old District No. 4, W. G. Kibler, chairman, was divided between District No. 1, H. B. Foy, chairman, and District No. 2, L. B. Foy, chairman.

Commissioners will, however, continue to serve their present districts as long as their present terms last.

In order to nearly equalize district population, a new district was created in Sanford which will be known as District No. 1 and Precinct No. 15. This was taken from District No. 1 and the district which has been known as Precinct No. 2, J. P. McCallister, commissioner.

The latter area will be included in a new district known as No. 5 and will include Precinct No. 2, Lake Monroe, P. O. Longwood, No. 11, Altamonte Springs, No. 12 Forest City and No. 10 Bear Lake.

DETROIT, Oct. 15.—(AP)—Senator Robert A. Taft (R-Ohio) will make what has been billed as "the most important speech" here tonight. But the Ohio Republican said today it won't have anything to do with the big question: his possible candidacy for President.

Senator Taft scheduled a news conference for 11 A. M. tomorrow at his Senate office. Signs point to a probable formal announcement of his candidacy for the Republican presidential nomination.

## Treaty On Rule Of Sudan Is Broken; British Soldiers Ready For Fight

LONDON, Oct. 15.—(AP)—Egypt's refusal to join a proposed treaty which would allow British troops to stay in the Sudan and zone by force if necessary, official sources said tonight. They added Britain does not and will not accept the Cairo parliament's so-called cancellation of the 1936 defense alliance which allows British troops to guard the vital Suez.

By EDWARD POLLAK  
CAIRO, Oct. 15.—(AP)—Egypt rejected tonight a Western proposal that she become a frontline in the Middle East defense pact against Communism. She also took formal action regarding the 1936 Anglo-Egyptian defense alliance which allows British troops to guard the vital Suez.

London sources said that the Western proposal that an international force be applied to British troops in the Sudan, the Cairo parliament's so-called cancellation of the 1936 defense alliance which allows British troops to guard the vital Suez.

Thousands of excited Egyptians gathered outside the parliament building today to celebrate the Egyptian rejection of the Western proposal that an international force be applied to British troops in the Sudan, the Cairo parliament's so-called cancellation of the 1936 defense alliance which allows British troops to guard the vital Suez.

## Nine Reported To Be Trapped By Mine Explosion

MOREANTOWN, W. Va., Oct. 15.—(AP)—Nine men and one child were reported to be trapped by a mine explosion today in a coal mine near Moretown.

General superintendent of the mine, J. W. Trotter, said tonight that the explosion occurred about 7:05 A. M. and had trapped the bodies of nine victims.

Three victims were reported to be trapped by the explosion. The mine is located in the North Carolina section of the coal fields.

Rescue teams had progressed within 500 to 600 feet of the mine when reported at the explosion scene. Trotter said the main problem was to get air into the area as the blast did not seem to have left any obstructions in the mine haulage way.

PRINCESS WELCOMED  
WINDSOR, Oct. 15.—(AP)—This thrilled border city greeted Britain's royal tourists today with the blast of trumpets, the ring of cannons and the cheering of hundreds of thousands of voices.

Under a brilliant Indian summer sky, Princess Elizabeth and the Duke of Edinburgh stepped off their special train at 9:45 A. M. to receive a deep roar of welcome.

The Princess was wearing a tan wool jersey suit and hat to match. The coat she had planned to wear was left behind in the 70-degree weather.

The Tourist Club will hold a regular business meeting at the shuffleboard courts on Tuesday evening at 8:00 o'clock.

## New Information Is Filed Against Lillian C. Clark

## Former Clerk In Tax Collector's Office Is Held On Bond

A new information was filed this morning at the County Clerk's office against Lillian C. Clark, 46, who on Saturday morning was arrested and then released under \$5,000 bond on a charge of embezzlement of \$9,571 from the office of Tax Collector John L. Galloway.

The first information was filed Saturday by State Attorney Murray Overstreet and had referred to the tax collector as "John W. Galloway." The new information, contained the same charge, but gave the correct middle initial L. to Mr. Galloway's name.

In filing the initial information, Mr. Overstreet ordered a capias for Mrs. Clark's arrest, said P. A. Mero.

Circuit Judge Millard B. Smith was notified by telephone of the arrest of Mrs. Clark by him at \$5,000. This was furnished by Ted Williams, employer of Mrs. Clark's husband, John L. Clark, and by Rupert Strickland, local agent.

Overstreet charged that Lillian C. Clark on the 18th day of May and on divers dates between Oct. 15, 1949 and May 15, 1951, being in the possession of, and in control of, the office of John L. Galloway as tax collector of Seminole County, Fla., did then and there unlawfully embezzle and fraudulently convert to her own use certain money of the said John L. Galloway as tax collector of Seminole County, Fla., to wit: nine thousand, six hundred and seventy-one dollars.

Mrs. A. C. Starke's Mother Died Sunday  
Mrs. Ella M. Miller, 82, died at 7:15 A. M. yesterday at the home of her daughter, Mrs. A. C. Starke, 409 Mollonville Avenue. She had lived in Sanford since June.

Mrs. Miller was born in Illinois on Mar. 21, 1868 and had lived in St. Petersburg for the past 30 years where she was a member of the Methodist Church and the Order of the Eastern Star.

Burial services will be held at the Holy Cross Episcopal Church at 3:00 P. M. tomorrow with Father H. L. Zimmerman officiating. Interment will follow in Evergreen Cemetery.

## Liaison Officers Unable To Start New Peace Talks

## Allied Troops Drive Into Lightly Held Enemy Territory

MUNSAN, Korea, Oct. 15.—(AP)—Allied and Red liaison officers wrangled for three hours in Panmunjon today but got nowhere in their efforts to get the stalled cease-fire talks started again.

Only hopeful sign noted was an agreement to meet again tomorrow at 10 A. M. (8 P. M. Monday EST).

An official U.N. summary said the Reds continued to insist on a five-mile neutral zone around Kaesong, former site of negotiations. The Allies want the five-mile zone reduced to 3,000 yards—less than two miles.

This, and a Red demand that security arrangements be settled by liaison officers, appeared to be the main stumbling blocks in getting truce sessions underway again.

Unofficial Communist sources indicated the Reds consider the incident closed.

Gen. Matthew B. Ridgway Sunday night accepted U.N. responsibility and promised prompt disciplinary action. The Supreme Allied Commander also expressed his "heartfelt grief" at the death of a 12-year old Korean boy and the wounding of the boy's two-year old brother in the attack.

U. S. EIGHTH ARMY HEADQUARTERS, Korea, Oct. 15.—(AP)—Red resistance faded on two blizzards today as Allied forces moved forward.

J. Danforth Wright, Sr., 61, died in a Valdosta hospital Sunday afternoon.

Formerly of Jacksonville for 26 years before moving to Valdosta about two years ago, he was employed as a Florida representative for the Georgia-Florida Railroad for many years and was well known in railroad circles. He came from Nashville, Tenn.

Surviving are the widow, Mrs. Lydia Wright and one son, J. Danforth Wright, Jr. of Valdosta; also three grandchildren, Sandra, Danielle and J. Danforth Wright III of Sanford.

Funeral services will be held at the Holy Cross Episcopal Church at 3:00 P. M. tomorrow with Father H. L. Zimmerman officiating. Interment will follow in Evergreen Cemetery.

## General Eisenhower Turns Sailor For Quick Look At U. S. Sixth Fleet

NAPLES, Italy, Oct. 15.—(AP)—Gen. Dwight D. Eisenhower turns sailor today for a first-hand look at the mighty naval force protecting Europe's southern flank.

For three days the Atlantic Pacific military commander will be at sea while a potent assembly of U. S. Sixth Fleet power demonstrates the Navy's newest battle technique. It will be the first time Eisenhower ever has participated personally in extensive naval maneuvers.

A special plane carrying Eisenhower is due at Naples from Paris this afternoon. Ad Robert N. "Mike" Carney, commander in chief, Allied forces in southern Europe, will meet Eisenhower and take him aboard the U. S. S. De Moines, flagship of the Sixth Fleet.

Early Tuesday the De Moines and other sleek American warships now crowding beautiful Naples harbor will steam out to rendezvous at sea with other vessels. The size of the maneuvering fleet is a military secret. A spokesman said it could be as many as 30 ships.

Three aircraft carriers, among them the 48,000-ton Franklin D. Roosevelt, and three cruisers are to participate.

The maneuvers will give a preview of how one might, used along

TODAY'S BIBLE VERSE

If you are not growing vigorously in character there is something radically wrong. The righteous shall grow like the cedars of Lebanon.—Ps. 92:12.

Over in Daytona Beach a man is arrested for stealing 50 cents worth of bananas. He was fined \$22. Where he made his mistake was in not stealing \$50,000,000 worth of bananas.

We are glad to see that the Social Security Administration has rejected itself and will not deprive the old folks of their pensions if they happen to be raising a few chickens.

British Socialists object to charges leveled against them that they are to blame for the disintegration of the British Empire. It would have happened anyway, no matter who had been in power.

Only those deserve freedom who are willing to fight for it. That may be why Iraq, Iraq, Egypt and others are tearing up their treaties with the British Empire.

Did you ever get into an argument with your wife over what she brought home for dinner? Don't do it. It isn't worth it.

Last week was just one of those bad weeks for the Garden County News of Oshkosh, Neb. Among the mistakes we made last week, closed Munson's cafe when it should have been open.

U. S. Department of Education... Of course much can be learned by experience alone. But sometimes it includes expensive mistakes.

Television And Reading

Television is a novelty compared to other mediums of entertainment and because of the fact it is causing all sorts of speculation as to what its effects will be.

People read for many reasons. Entertainment, education, experience and relaxation are among the inducements. While television can compete with books on the entertainment level the very nature of the medium causes it to supplement rather than compete with books in educational value.

Even on the entertainment level books are not at a fatal disadvantage. While television can dramatize stories, they have to be the sort of stories which have a wide audience appeal if they are to attract sponsors.

Some publishers point out that radio at first diminished interest in reading but that its long-range effect has been to stimulate book sales.

Expelling A Senator

"You can't expel a senator." So say many observers in connection with the project to expel Sen. Joseph R. McCarthy of Wisconsin, actively pushed by his colleague, Sen. William Benton of Connecticut.

It is truly difficult, yet it has been done. The last case was that of William Lorimer of Illinois, which stirred the country 40 years ago. Elected by the legislature in 1909 after a long deadlock, Lorimer was accused two years later of having bribed at least four legislators to vote him.

The story does not end there. Further charges of corruption and the public indignation which these aroused caused the Senate a year later to reserve its stand and expel Lorimer, 56 votes to 28.

First Impression

So often we find ourselves liking or disliking a person we have just met on the basis of the first impression. While some of us may have a particular capacity for sizing up situations rapidly, there are many human factors which can make us wrong when we try to make the first impression of a person our lasting judgement.

The person we meet for the first time may be shy or retiring. He may be extremely tired or wrestling with some great personal problem which makes him seem uncordial.

Legion Meet

(Continued From Page One) MacArthur on Wednesday agreed to add heavy political overtones to the convention.

Delegates assembled in the huge 15,000-seat dinner hall auditorium for the opening session at 10:45 A. M. and a message of welcome from Florida's Governor Fuller Warren. The convention will end Thursday with the election of a new national commander and adoption of resolutions.

All indications are the new commander will be West Virginia's Don Wilson who appears to be well out in front of all other contenders. Legionnaires and other visitors took the hurricane alert calmly and went about the business of pre-convention meetings and contacts with no display of alarm.

The Legion legislative commission voted approval last Friday of a resolution urging voting privileges for 18-year-olds. But the commission withdrew the resolution yesterday, explaining the reconsideration on the grounds that voting requirements are the sole concern of the states.

The commission also has voted to recommend that the U. S. government pay the claims of some Philippine assets who fought for the Allies during World War II. President Truman told the Legionnaires that "We must lose no time in placing on the statute books a sound system of universal training."

Legionnaires and other visitors took the hurricane alert calmly and went about the business of pre-convention meetings and contacts with no display of alarm. The jam-packed streets and hotels presented their usual scenes of high-lights by veterans intent on having their fun come what may.

THE WORLD TODAY

By NORMAN CARIGAN (For James Marlow)

WASHINGTON, Oct. 15.—Latin America's washbuckling dictators, who clapped their enemies in jail, slammed the doors of congress and ruled the country with an iron hand a decade ago are rapidly fading away.

The current generation of "strong men"—they abhor the word "dictator"—run a streamlined operation, rule the country through a gloved hand and operate through the machinery of a democracy with all the legal trimmings.

This takes a much more astute man, one who relies on a wit as well as strength. Current examples deny with a great deal of heat they are dictators. They point to the fact they have been elected by the people, have a constitution, congress, regular court system and other institutions which are normally associated with democracy.

But there isn't much doubt among the constituents that "el presidente" is the boss and it is rare indeed that congressmen slow the presidential proposal for quarrels over a presidential appointment. The opposition too senses how far it can go.

The development came about primarily to stem attacks of "dictatorship" from home and abroad. The word itself has come to have a very unavailing meaning in Latin America because of the extreme ruthlessness of some past dictators.

Enemies of President Juan Peron of Argentina have frequently attacked him from abroad as a dictator. The Argentine press just as quickly has come back with the answer Argentina has a constitution, a congress and a system of courts.

The Argentine senate is made up entirely of Peronista Party members and only a small number of radical party opponents are in the chamber of deputies.

The congress has passed a stiff law levying heavy punishment on anyone showing "disrespect" for the president or members of his government. Peron is now running for reelection.

In Nicaragua Gen. Anastasio Somoza has ruled as president or war minister, but always as the "strong man," during the past 19 years. Last year Somoza got caught in a three-way election fight which clouded his prospects for victory.

Peru's president Gen. Manuel Odría who first came to power in 1948 by revolution, was named president in July, 1950 in a single ticket election. The candidacy of his opponent, Gen. Ernesto Montagne, was not recognized by the national election board.

The Dominican republic's president Generalissimo Rafael Leonidas Trujillo has won handily in several elections during the 20 years he has been in power. In the general elections next year Trujillo is backing his brother, Hector, for president. Hector is now minister of war.

That character and maintain it over the years. "This year we made a notable advance when the Congress approved the principle of universal training and authorized establishment of the national security training commission to prepare the plans for a war program set up," Mr. Trujillo's secretary said.

Legionnaires and other visitors took the hurricane alert calmly and went about the business of pre-convention meetings and contacts with no display of alarm. The jam-packed streets and hotels presented their usual scenes of high-lights by veterans intent on having their fun come what may.

Copyreader's Lament

Charlotte (N. C.) News

Newspaper copyreaders are condemned to spend hour after hour on "society" copy, reading over and over the old cliches. In item after item they read of the bride's "original of candlelight duchess satin designed with fitted bodice and a berth of imported Lorraine lace."

They are forced to digest such little bits as "she was graduated from the State university with a degree in arts, where she was a member of Ultra Ultra Ultra sorority," and "following the ceremony the bride's parents entertained at a wedding reception at the Country Club."

These trite and hackneyed phrases pile up and on and on until the poor copyreader is reduced to curses or tears or both. And an added hell is the knowledge that despite all the fine admonitions of managing editors and journalism teachers to be fresh and original, most wedding stories will continue to be written in the starchy pattern of years past.

So it is refreshing indeed to note really readable leads such as the AP story from Antibes, France, which told of the marriage of that old jazz musician, Sidney Bechet.

"Sidney Bechet got married today and there was a real Muskrat Rumble here on the French Riviera."

Ah, that is much better than the usual "In a ceremony of quiet dignity, etc., etc."

Further, "The couple came to the City Hall in a horrid carriage preceded by a jazz band and eleven horsemen, four of them in red jackets and white pants, the seven others dressed like cowboys."

None of this stuff about the bride entering "on the arm of her father."

After the ceremony at City Hall, "ten jazz orchestras hit the down beat and started the two-mile parade back to Jean-le-Pins. A dozen Negro dancers jigged in the road. A huge cage carried 100-doves which were released over the procession."

When the parade got back to town, there was no reception at the country club. Instead, "at the end of the hot, dusty march refreshments awaited—300 bottles of champagne, 100 bottles of aperitif, and 50 gallons of cocktails."

Man, that's real sassily.

The U. S. Army says the median age of all enlisted and officer personnel is between 22 and 23.

## Mrs. Irvin Fleischer Entertains Circle

The regular meeting of the Gardeners Circle was held at the home of Mrs. Irvin Fleischer Friday at 10:30 A. M. The chairman, Mrs. H. H. McCaslin presiding.

The meeting was opened with the reading of the prayer from the Garden Club Year Book, by Mrs. Ben Monroe.

Two new members, Mrs. Elmer Wintony and Mrs. J. R. Jones, were welcomed into the circle, the quota of 30 members for the circle being completed.

Reports were heard from standing committees. Mrs. A. B. Alling, horticulture chairman, stated that bulbs could be planted at this time, as well as eye grass and many annuals. Mrs. Alling also stressed the advantage of mulching plants now. Garden Center chairman, Mrs. C. E. Ginn, announced the Garden Center programs will be alternated with afternoon and evening programs during the season.

Hostesses appointed to serve at the Navy Center were Mrs. H. N. Sayer, Mrs. R. F. Robinson, Mrs. S. C. Dickerson and Mrs. Ned Smith. The Diet Gardeners Circle through the cooperation of Mrs. Ginn is contributing palms and azaleas for the new Farm Bureau center in Winter Park. Mrs. S. C. Dickerson, program chairman, led the discussion in an open forum marked by an exchange of ideas and information.

Mrs. George Harden and Mrs. Fleischer contributed flower arrangements for discussion. Calliopsis with Tropicantia in a low green container was effectively arranged by Mrs. Harden. Mrs. Fleischer's arrangement of a magnolia branch with red seed pods combined with Psyche hibiscus in an antique coffee grinder was outstanding. A large arrangement of Pilea created interesting contrast. Mrs. Fleischer was fresh for an indefinite period.

After all business was concluded a covered dish luncheon was served in the patio and the new electric crock maker acquired by this circle from the sale of vanilla was used for the first time. This coffee urn is for the use of the general club. Those present: Mrs. A. B. Alling, Mrs. I. E. Hatten, Mrs. R. M. Hatten, Mrs. S. C. Dickerson, Mrs. W. G. Fleming, Mrs. C. E. Ginn, Mrs. G. C. Harden, Mrs. Edward McCall, Mrs. McCaslin, Mrs. A. C. McKeon, Mrs. H. H. McCaslin, Mrs. R. F. Robinson, Mrs. H. N. Sayer, Mrs. Myron Smith, Mrs. Ned Smith, Mrs. M. R. Hirkland, Mrs. Harry Heeren, Mrs. J. R. Jones, Mrs. Elmer Wintony, Mrs. M. L. Cullum, Mrs. Ben Monroe and Mrs. Fleischer.

Plans for the luncheon with Mrs. H. T. Warren and Mrs. D. C. Howard.

## DAR Chapter Hears J. Brailey Odham

Brailey Odham, who recently announced his candidacy for governor of the State of Florida, spoke on Friday to members of the State D. A. R. Chapter, Daughters of the American Revolution, stating that "The No. 1 defense need of our nation is to restore moral responsibility to public office."

He advocated spending whatever is necessary for adequate arms to keep the nation strong but added that the people must be strong in heart, and confident, as the result of honest, decent leadership. He urged that the public inform themselves better on public affairs, to discuss governmental problems with fellow citizens, to seek and support candidates for public office who have the public records to prove that they are consistent and trustworthy.

"We can no more afford to appease the racketeers and exploit public officials than we can afford to appease Red Russia," Mr. Odham declared. "We've got to fight both at every turn, get the jump on them, keep them off balance and exposed so they can never get strong enough to oppress us."

He added that home-grown racketeers can also be defeated of their own weapons, if the great majority of honest, independent citizens work and vote for decency and personal integrity in government.

The meeting of the DAR was held at 3:00 o'clock at the home of Mrs. C. W. Baker. Hostesses with Mrs. Baker included Mrs. A. C. Benson and Mrs. H. W. Rucker.

A report was heard on a recent district meeting attended by Mrs. A. W. Lee, Regent, Mrs. C. R. Dawson, Mrs. R. W. Ruppert, Mrs. Rucker, Mrs. Miriam Russell and Mrs. L. P. Ingram. Mrs. Dawson announced that the Seminole County Museum Association and the Fine Arts Department of the Sanford Women's Club will hold an "antique" tea celebrating National Art Week on Nov. 13. A new member, Mrs. Stanley Ruckey was welcomed into the Chapter.

The meeting was opened with the DAR Hymn, the American Creed, the Pledge to the American Flag and the singing of the "Star Spangled Banner." Those present for the meeting were Mrs. Lee, Mrs. Ruppert, Mrs. J. H. Merrick, Mrs. R. M. Mason, Mrs. Ingram, Mrs. Ruckey, Mrs. W. H. Ballard, Mrs. H. H. Lehman, Mrs. Dawson, Mrs. A. R. Key, Mrs. F. I. Woodruff, Mrs. W. B. Roundell, a visitor, Mrs. Raymond Smith, Mr. Odham and the three hostesses.

## Garden Club To Have Luncheon And Meet

The first general business meeting of the fall season will be held by the Sanford Garden Club on Thursday in the garden at the home of Mrs. Charles E. Ginn on Sanford Avenue. The meeting will be preceded by a covered dish luncheon after which the business session will be conducted by President Mrs. L. E. Spencer.

## Miss Sally Woodbury To Wed Edward Hurt

Of interest to many friends in Sanford is the announcement of the engagement of Miss Sally Woodbury of Orlando to Edward Higgins Hurt, formerly of Sanford and now of Orlando. She is the daughter of Mrs. Holmes Woodbury and Mr. Hurt is the son of Mr. and Mrs. James Lawrence Hurt, Sr. of this city.

The bride-elect, daughter of Col. Murray C. Woodbury, of Huntington, Va., attended Barrington School in Jacksonville and is a graduate of OHS with the class of '37. She is also a graduate of Colby Junior College, New London, New Hampshire, where she was a member of Colby Key Club. Her maternal grandparents were the late Mr. and Mrs. James Holmes, of Jacksonville, and her paternal grandparents are Col. E. P. Woodbury of Daytona Beach and Huntington, Va., and the late Mrs. Woodbury. Miss Woodbury formerly was affiliated with the Orange County Welfare Dept. and is now secretary to W. B. Daley.

Mr. Hurt attended Seminole County schools and is a graduate of St. Bernard Junior College, Columbia, Mo. He served two years in the Navy, then attended the University of Florida. He received an LL.B. degree from the Florida Law School in 1949, after which he was in the law office of J. Roy Gilen. He is now in private practice at A. T. Mackay. Mr. Hurt is a member of Phi Kappa Phi, a member of Phi Kappa Alpha, a member of Phi Kappa Psi, a member of Phi Kappa Sigma, a member of Phi Kappa Theta, a member of Phi Kappa Upsilon, a member of Phi ### Nearsighted Tackle, Rubberized Pigskin Enliven Football News

NEW YORK, Oct. 15.—(AP)—A nearsighted tackle who can't tell the goal posts from a field judge, a coach who got penalized 12 yards for beefing and a new pigskin that years a raincoat were just a few of the odd items that came out today in Monday's football wash.

### Also Ran Clubs Sported Record Holding Leaders

PHILADELPHIA, Oct. 15.—(AP)—Pennsylvania's three major league club sports were second division all-around this year but you'd never think it to look at the final list of individual leaders. The Philadelphia Phillies finished fifth and the Pittsburgh Pirates seventh in the National League, while the Philadelphia Athletics were sixth in the final American League standings. But when the final list of major league sports was printed, four of the top spots were held by the Phillies and Pirates in the senior circuit, and three by the A's in the junior circuit.

Ralph Kiner, the home run slugger who draws people into Pittsburgh's Forbes Field, won the home run title with 42, two more than Gil Hodges, propelled out of the park for Brooklyn. Kiner also led the league in runs scored with 125, one more than the great Stan Musial carried across the plate for St. Louis. Kiner's 100 runs total in was second only to New York's Monte Irvin.

The Phillies were one of the year's big disappointments, but not their toughest from Nebraska, Richie Ashburn. The speedy going center fielder ran second to Musial for the league batting championship, hitting .344 to Stan Musial's .355. But Ashburn smacked 221 hits to Musial's 205 to lead the league in that department. Ashburn pilfered 29 bases, making him runner up to Jethro of the Boston Braves who stole 35.

When Kiner wasn't belting home runs, teammates Gus Bell kept the customers entertained with three bangers. Bell, rookie outfielder, hit 12 of the three base variety to tie for the lead with that man who seems to do everything in superlatives, Mr. Musial.

In the American League, the Athletics had a lot of fun down the home stretch knocking over pennant stretchers. Manager Jimmy Dykes' boys ruined Chicago, Cleveland and Boston in a run, finished the season with 83 four baggers, and 130 runs batted in to lead the league in both departments.

It wasn't such a dull season after all for the fans in Philadelphia and Pittsburgh. In 37 years football teams representing the Quakers Marines have won 171 games, lost 49, tied 11 and scored 4,893 points. Ewell Blackwell has been named to the National League All-Star team in each of his six years with the Cincinnati Reds.

### Trophies Given To City Tennis Tournery Winners

Finals in the City tennis tournament mixed doubles were decided Sunday afternoon on the Mayfair courts when Gene and Helen Tucker defeated Charlie and Laura Morrison in straight sets 6-3 and 6-2 before a gallery of winners of various classes who received trophies from Tommy Stringer, Recreation Director, following the match.

In the semi-finals played Saturday afternoon the Tuckers defeated the brother and sister combination of Barbara and Zeke McNabb by a score of 10-8 and 6-2.

### Crooms Academy To Meet Hungertford

By ELLRA DIXON  
After playing Florence Villa squad to a scorching Friday night game, the Crooms Academy Panthers this week get ready to meet Hungertford on Thursday. In Friday's game the local eleven met the highly regarded Florence Villa squad with a surprise that kept the Panthers deep in the opposing teams TD area.

Fullback Alton Wheeler had the fans on their feet in the first quarter when he took a Florence Villa kick on his own 20 yard stripe and raced to the 45. Wheeler and Captain George Evans seemed to be able to break through the Florence Villa line almost at will for 10 or 15 yards but weren't able to reach pay dirt.

The hard playing Crooms Academy line stopped third quarter scoring three times of the Florence Villa team. Holding the Panther wall were ends Grady Edge and Miles Austin, tackle Isaiah Russell and Louis Jackson, guards Robert Fidler and Wilton Louis and center Norman Kinnard. Kinnard made a great fourth showing on defense as he intercepted four Florence Villa passes.

### Dodd And Jordan Successful In Dangerous Coaching Profession

By STERLING SLAPPEY  
Associated Press Sports Writer  
Bobby Dodd and Ralph Jordan, workers in one of the country's most dangerous professions, can put their feet on their desk today and gloat for all they are worth.

They're successful head football coaches—this Dodd of Georgia Tech and Jordan of old Auburn. They can lose them all from now until December, but 1951 always will remain a great year for both of them. Even a Tech loss to Georgia or an Auburn defeat by Alabama, wouldn't sour what already has happened to these two men, merry ringmasters of unbeaten teams.

This Saturday on Grant Field in Atlanta Auburn and Tech got together in Dixie's first football party. One of them must lose, barring an almost inconceivable tie. But regardless of who wins, 1951 still will be a year of glory for both.

Not since 1937 has anything like this Auburn game come out of the plains and the greater part of the credit must go to Jordan and his staff. Of three games won, two were tremendous upsets. Auburn's football talent still isn't up to southeastern par but Auburn's play is far above par. The team is a pesty one without a thought of defeat although it suffered 10 times last fall without victory.

The brightest victory came Saturday, 14-13 over Florida who couldn't hold back such a surge of collegiate enthusiasm which is refreshing in these days of methodical, precision, professional appearing ball. Tech relieved L. S. U. of its unbeaten burden 25-7 and looked like it could have made it worse with a little more effort. Tech trailed a tie with L. S. U. as fifth beat in the SEC before the season when Auburn was a distant 12th.

A month ago the "game of the year in the Southeastern" and easily one of the biggest games of the nation, was to be played in Birmingham Oct. 20 between Tennessee and Alabama. That was before Alabama sagged at the seams, then judged and finally fell apart. Disintegration came Friday against Villanova and the mortifying score was 41-18 for the saturday.

Coach Red Drew must do a major juggling job and apply big patches if Alabama can even look unbeaten Tennessee in the eye. Unbeaten, still playing a hot and cold schedule, defeated Chattanooga 43-13. Those 13 points are the only ones scored on the Vols all year.

Tulane comes back into conference competition Saturday in Oxford against Mississippi after defeating unbeaten Holy Cross 26-0. Mississippi, another game of the week, took its first licking 26-0, from Vandy. Vandy, just as Coach Bill Edwards said, is a far better team than most fans expect.

This week Vandy will be in Gainesville against Florida, which has yet to win inside the SEC and yet to lose outside. For the second week in a row Villanova takes on a southeasterner, meeting Kentucky in Lexington Saturday night. The story this week probably will be far different from that of Alabama's poor showing in L. S. U. and Georgia close out the program in Athens in the state of Georgia's third double-header Saturday.

Bob Biekel, defensive back on Duke University's football squad, is also an outstanding lacrosse player.

### Passengers From Typhoon Wrecked Troopship Saved

#### Winds Damage Army Camps And Injure 6 U.S. Soldiers

TOKYO, Tuesday, Oct. 15—(AP)—A Navy announcement today said the estimated 500 passengers and most of the crew members of the typhoon-wrecked troopship Kongo Maru had been removed to safety aboard an American transport and were on route to Sasebo, Japan.

TOKYO, Oct. 15—(AP)—A typhoon drove a troopship on a reef off the southwest coast of Japan, but nearly 400 United Nations soldiers aboard and some of her crew were rescued today by a U. S. attack transport.

The Kongo Maru, 450-foot U. S.-leased Japanese ship, was hurled on the reef in the Korea Strait Saturday by typhoon winds of a typhoon that struck southern Japan a damaging blow Sunday.

A Navy announcement said the shipper and 42 crewmen, all Japanese, would stay aboard the vessel unless forced to abandon ship.

There was no immediate indication that the Kongo Maru would break up soon. The vessel was reported firmly wedged on the reef. She was reported taking water in every hold, however, and listing 20 degrees.

Navy sources said the Kongo Maru carried nearly 400 passengers and a crew of about 115. Typhoon winds today injured six American soldiers at South Camp Fuji, southwest of Tokyo. The Army estimated damage to the tent encampment of the 50th amphibious tank and tractor battalion at "thousands of dollars."

Another tent area, at Camp Meyer, U. S. installation in the Yokohama area, was flattened by high winds but no military personnel was hurt.

Japanese newsmen reported nearly 200 Japanese casualties from the late-season typhoon.

The U. S. Navy attack transport George D. Clymer and two salvage tugs reached the battered and listing Kongo Maru shortly after noon today.

A small boat from the Clymer reached the troopship with a line against heavy seas and removal of passengers began immediately. Most of the troops were believed to be Americans. They were on route from Sasebo, Kyushu Island, to Pusan, Korea.

Typhoon-lashed seas broke over the Kongo Maru at one time while the soldier-passengers huddled below decks.

The ship is engaged in runs between Sasebo and Pusan under lease to the U. S. Maritime Service.

**JESSUP**  
WASHINGTON, Oct. 15—(AP)—Harold E. Stassen said today it is "unbelievable" that Ambassador Philip C. Jessup took no part in 1949 conferences on the question of shutting off U. S. military aid to the Chinese Nationalists.

Official records indicate that Jessup did, Stassen told a Senate foreign relations subcommittee. The senators are considering President Truman's nomination of Jessup to be a United Nations delegate.

With Stassen's testimony, Senator Sparkman (D-Ala.) read a letter from Jessup saying he was not concerned with China policy at the time and "did not participate in any discussions leading up to" a 1949 White House conference on the question of cutting off China aid.

### Truman Peace

ments are in their own self-interest. As our strength increases, we should be able to negotiate settlements that the Soviet Union will respect and live up to.

Declaring that "peace comes high in these troubled days, and we have shown that we are willing to pay the price for it," the President said "suspicion and fear" which he compared with that existing in some quarters today, nearly prevented the creation of Wake Forest College 117 years ago.

A bill granting a charter to Wake Forest College, up for final passage in the state senate, received a tie vote, 29 to 29, and passed by the deciding vote of the presiding officer.

Mr. Truman said opponents argued that to incorporate the college would lead to "a proud and pompous ministry" and said a school of this sort would be "a curse to the church of God, and to the nations of the earth."

"Their objection, in modern terms, was that the college might turn into a university organization which would destroy the American way of life," the President said.

Turning again to foreign policy he declared that the fate of civilization depends on what this country does, and added:

"This effort is costing us a great deal—in taxes, in energy, in unwelcome changes in our daily living. It is even costing us the lives of some of our bravest and best young people who are fighting in the front lines against aggression.

"Like any positive effort, this one is being questioned and criticized. There are people who ask whether it is worth doing."

But most of us, the President said, have "no desire to back-track on the path we have taken toward peace" or of "running out on the obligations" to the United Nations.

"To the owners of suspicion and the peddlers of fear, to all those who seem bent on persuading us that our country is on the wrong track and that there is no honor or loyalty left in the land, and that we and

typhoon killed 12 Japanese. Kyodo News Agency said 68 were killed, 83 injured in 34 missing, and more than 34,000 houses were inundated.

Many Japanese fishing boats were lost. The storm split in two today and the two prongs moved over south-central Honshu, Japanese main home island, toward the Pacific Ocean. Its winds had dropped from 75 to 60 miles an hour.

The heavily populated Tokyo-Yokohama district escaped serious damage. Winds in this area reached 60 miles an hour in gusts.

### Korean War

(Continued from Page One)  
fantymen drove deeper into North Korea.

On the Eastern Front United Nations troops captured a strategic 4,500-foot peak and kicked lightly defending Chinese off at least four hilltops.

On the Central Front three Allied divisions stabbed nearly two miles closer to Kumsong, vital fuel supply and headquarters city about 30 miles north of Parallel 38.

The captured peak in the east is the highest terrain feature between the Puchon and the Pukhan River. It fell to the U.S. 39th Regiment after a bitter three-day battle.

The towering mountain is at the southwest end of Kim Il Sung Ridge, named by North Korean troops for their premier.

West of Heartbreak Ridge, now held by the Allies, American tanks rumbled up the Mundung Valley and blasted Red positions in the hills above.

On the left flank of the eastern front South Korean troops smashed three and one-half miles north at one point.

The Central Front drive netted the Allies five more hills, for a three-day total of 24. Since the drive began Saturday the U. N. troops have pushed forward up to an average of five miles in places.

Field dispatches said Red resistance crumbled completely at some points.

The sunah toward Kumsong was supported by huge Marine helicopters that ferried ammunition to the front and evacuated Allied wounded.

### Egypt Crisis

office spokesman declared the four would go ahead with plans to form the defense command without Egypt.

Following the dramatic announcement by the Wafdet minister, parliament unanimously approved legislation cancelling the laws under which Egypt's 1936 treaty with Britain and the agreement for joint British-Egyptian government of the Sudan were ratified.

Parliament passed decrees providing for abrogation of the laws under which the 1936 Anglo-Egyptian treaty and 1899 agreement for joint rule of the cotton-growing Sudan by Egypt and Britain had been approved.

The lawmakers approved acceptance of changes in the Egyptian constitution to decide the constitutional position of the Sudan. They reserved action until tomorrow on proclaiming King Farouk ruler of the Sudan's 8,000,000 people.

Parliament will also take up tomorrow decrees authorizing a new Sudanese constitution to be prepared by a Sudanese legislative assembly, and providing for reorganization of the administration of the Sudan.

### Justice Alto Adams Offers Resignation

TALLAHASSEE, Oct. 15—(AP)—Justice Alto Adams said he will resign today from the Florida Supreme Court, but he declined to say whether he will become a candidate for governor.

He announced at a news conference that he will submit his resignation to Governor Warren before the day is over to take effect a week from today, Oct. 22.

His resignation was no surprise. He has said for months that he was going to leave the bench. He also has said he is considering candidacy for governor in next spring's Democratic primaries.

Governor Warren will appoint a successor to Justice Adams on the court.

### Hurricane Reported To Be Dissipating

MIAMI, Oct. 15—(AP)—A Caribbean hurricane which brought a weekend alert to South Florida may be dissipating, the Weather Bureau reported today.

Decreasing winds and rain and rising barometric pressure along the south coast of Cuba indicated a marked change in the disturbance which was last reported 350 miles southwest of Miami.

It had created considerable interest by whirling up with 80-mile winds and causing an alert in South Florida where some 30,000 American Legionnaires are gathered for their national convention.

Storm warnings which flew over night along the Florida Keys were lowered at midday. A storm alert for Miami was withdrawn.

A Navy radar plane which probed the disturbance found the disturbance had lost its center and had spread out into an area of squally weather.

"Indications appear favorable for further weakening and possible dissipation," the weather bureau reported.

## Premier Of Pakistan Assassinated While On Tour Of Frontier

### 2 Bullets Are Fired Into Liaquat Ali Khan's Chest By Unidentified Slayer

NEW DELHI, India, Oct. 16.—Pakistan's Prime Minister and leading light, Liaquat Ali Khan, was assassinated tonight by a man sporting the idea of a "holy war" against India. The Pakistan office in London said the assassin fired two bullets into the chest of the 56-year-old Muslim premier. He was rushed to a hospital to have the bullets removed.

LONDON, Oct. 16.—(AP)—Prime Minister Liaquat Ali Khan of Pakistan was assassinated today, the Pakistani high commissioner's office in London announced.

The Prime Minister was shot while addressing a crowded meeting at Rawalpindi in the wild northwest frontier region of the Indian subcontinent, not far from the border of disputed Kashmir. The assassin fired two bullets into the chest of the 56-year-old Muslim premier. He was rushed to a hospital to have the bullets removed.

Liaquat Ali became Prime Minister in August, 1947, upon the death of Mohammed Ali Jinnah, founder of Pakistan. Liaquat had been Jinnah's foreign minister.

The Prime Minister arrived in Rawalpindi today for a six-day tour of the northwest frontier. There was no indication, in first news reports, of the identity of the assassin.

Officials in neighboring India have been advised that Liaquat was assassinated by a man trying to push the government into a more forceful Kashmir policy. Last March a group of alleged plotters, headed by the Pakistani army chief of staff was arrested and charged with attempting to overthrow Liaquat.

### S. A. Allen, Owner Of Yellow Cabs, Dies

S. A. Allen, owner and operator of the Yellow Cab Company and the Blue Bus Company of Sanford, died yesterday afternoon in the local hospital following an illness of eight weeks.

Mr. Allen was born in Rockledge, Fla. He was a member of the First Baptist Church of Sanford, the John Darling Masonic Lodge No. 184 of Tampa. He was a member of both the Senior and Junior Chambers of Commerce here.

Formerly with the Tamiami Trail Tours and the Blue Bus Company for 22 years, Mr. Allen had lived here for about two years.

Survivors include his widow and one son, Byron, of Sanford; two daughters, Janice and Alma Allen of Tampa; his mother, Mrs. Nancy C. Allen, Sanford; five sisters, Mrs. Roy Liver, Sanford; Mrs. C. W. Funeral services will be conducted at 10:30 A. M. tomorrow at Bryson Funeral Home with Rev. J. C. Nichols of the Church of Christ officiating assisted by Rev. J. F. Lowmyer.

The remains will be sent to Wauchula for interment. The Masonic Lodge will conduct graveside services there at 11:00 P. M. Thursday.

### ORLANDO CHIEF QUILTS

ORLANDO, Oct. 16.—(AP)—Orlando Chief of Police L. S. (Pappy) Rose said today he would resign his position because of a heart condition troubling him for the last three years.

Rose said his resignation had nothing to do with the recent Orange county grand jury report which said his study of a gang-busting showed that the chief of police, detective chief or lieutenant in the office had apparently broken up effective detective teams which crushed down on robbery operators in the city. The grand jury and civil service board to put a stop to the practice.

## Cease-Fire Line Demands To Move With U. N. Front

### 9 Enemy MIG's Shot Down In Bloody Battle Of Jets

TOKYO, Oct. 16.—(AP)—Gen. Matthew B. Ridgway said today United Nations troops will continue to drive northward in Korea—and Allied demands for a cease-fire line will advance with the front.

The U. N. Supreme Commander conferred later for an hour with Vice Adm. C. Turner Joy, chief Allied truce negotiator, who flew in from Korea.

Presumably Joy gave a full report on attempts to reopen armistice negotiations, which the Reds broke off Aug. 23.

Liaison officers are still jockeying over the extent of neutral areas to be set up around the negotiators. Communists submitted a new proposal Tuesday.

The liaison officers scheduled another meeting for 10 A. M. Wednesday at Panmunjom, selected as the site for renewing truce talks.

A release from U. N. Command Advance Headquarters in Korea said the Reds proposed enlarging the neutral area around Munsan, where the U. N. truce team has its headquarters. They also proposed creating a three-mile wide corridor centered on the road linking Munsan and Kaesong.

Red truce headquarters refused negotiations at Panmunjom on this road.

A U. N. command statement released at Munsan said this would increase the area in which violations could occur to about 175 square miles.

The statement said the Allies prefer cutting the area to "less than 20 square miles."

### U. S. 8TH ARMY HEAD- QUARTERS, Korea, Oct. 16.—(AP)

American airmen shot down nine Red jets and damaged five today while United Nations infantrymen attacked into advanced positions of Chinese resistance on two Korean fronts.

Three U. N. divisions smashed into the main Chinese defense line about four miles from Kumsong, Red bastion on the central Korean front.

Rep. Herlong to Visit Sanford on Nov. 8

U. S. Rep. Byrd Herlong is expected to visit Sanford on Nov. 8, following adjournment of Congress. It was announced in Sanford today. Rep. Herlong advised by letter that he hopes to visit the Presbyterian Men's Club and stated that he might also attend a meeting of one of the civic clubs.

Rep. Herlong is a former judge of Lee county and a resident of Leesburg. He was elected to Congress in 1948, took office in 1949, and was elected again in 1950. He also was a former president of the Florida State League. Well known and liked here, he has addressed civic and church organizations on a number of occasions.

### School Aid Bill Passed By House

WASHINGTON, Oct. 16.—(AP)—The House passed yesterday a bill to provide increased federal aid to schools in critical defense areas. The House vote was 287 to 88.

Local communities now may obtain federal aid if they can show a big boost in school population because of defense program activity. The bill would permit them to obtain help beforehand in anticipation of such an increase.

The measure would also revive existing law to permit commanders of certain military posts to provide school transportation to all children on the post, whether they attend public or private schools.

## Solomon Resigns As Treasurer Of Democratic Party

### Boston Collector Is Charged With Ac- cepting \$10,000.00

WASHINGTON, Oct. 16.—(AP)—Sidney Solomon resigned today as treasurer of the Democratic National Committee.

He is the second top committee official to quit within a week. Chairman William M. Boyle, Jr., announced his resignation last Saturday.

Solomon, a St. Louis insurance man and friend of Boyle, disclosed his resignation after a call on President Truman.

He said he left his resignation at committee headquarters before visiting the White House and that details would be made public by the committee.

He attributed his action entirely to his belief that the new chairman "should have free reins to select" his own officials.

Meanwhile a federal internal revenue agent identified that Benjamin W. Delaney, indicted Boston Internal Revenue collector, was paid \$10,000 in 1949 by a New York insurance firm dealing with Delaney's office.

Federal agent Jerome Fieldman, of New York office, told a House Ways and Means subcommittee today that:

"Between April 26 and Sept. 18, 1949, the books of the East Side Research Bureau, New York, showed Delaney, or the Denis W. Delaney Co., received four pay- (Continued on Page Two)

## Lions Club Plans Campaign For Aid To Blind Program

The Lions Club today at its meeting made final plans for an intensive campaign and canvass of the business district to secure articles to be auctioned for the benefit of the aid to the blind program and other charitable work.

The auction will be held on the night of Friday, Oct. 26 at the Sanford Farmers Auction on the Orlando Highway.

Items to be auctioned were listed by King Lion Cecil Carlton on territory to cover in the canvass. These include Harry Robson, J. D. McNeill, Jack Stempers, Carl Williams and Joe Barnes. The latter was unable to be present at the meeting.

Clarence Welch, committeeman on the project, pointed out that persons willing to donate articles for the auction may make arrangements for these to be picked up by telephoning him at 111. Others who may be contacted by telephone are Mr. Carlton, 211-2, Jack Morrison at the Seminole Tire Shop, 37, and J. D. McNeill, 1821.

It was pointed out that no clothing or shoes are desirable for the auction. Carl Williams reported that some livestock, including a calf, had been promised as gifts to the Lions.

## Raymond B. Dixon Dies In Enterprise

Raymond B. Dixon, 36, died at his home in Enterprise Sunday morning in Crescent City May 19. Mr. Dixon lived most of his life in Seville. He was a veteran of World War II and for a time was stationed with the Naval Air Station in Sanford.

He is survived by the widow and four children, Daphne, Deannaras, Linda Jane and Michael of Enterprise; his mother, Mrs. Estelle Smith of Seville; two sisters, Mrs. Jewell Yelvington of Seville and Mrs. Christine Smith of Palatka; four brothers, Estes and Warren of Seville; J. T. Smith of Munnings, Mich.; and Merrill Smith of Sanford.

## Taft—An 'Overwhelming Choice'

IN WASHINGTON, Sen. Robert A. Taft (R-Ohio) is told by two of his top political advisers, Ben E. Tate (center) and David Ingalls (right), that he is the "overwhelming and obvious choice" for the Republican presidential nomination at next year's convention. (International)

## Taft Announces Candidacy For GOP Presidential Nomination

WASHINGTON, Oct. 16.—(AP)—Senator Taft announced today he was a candidate for the Republican presidential nomination.

"I am going to run because I believe I can conduct the only kind of a campaign which will elect a Republican to office," the Senator told a crowded press conference.

Taft issued three carefully prepared statements to more than 100 newsmen, photographers and others who filled the large committee room at the Republican center.

The longest statement said he would enter the Wisconsin presidential primary and also accept the bid of Ohio delegates to the nominating convention next year.

Senator Taft's Republican colleagues from Ohio said that the announcement would give him a definite advantage.

Ready to take issue with Taft supporters at that point where Taft said he would accept the nomination of Ohio delegates, Taft said he would not accept the nomination of Ohio delegates.

He said he would be available and would make his announcement when he completes his indefinite assignment as supreme commander of the North Atlantic defense forces in Europe.

No other candidate of either party has chosen his bid in the 1952 presidential ring. The Democrats are expected to remain silent until President Truman makes known his decision.

Taft today announced that he would not consider any other possible candidates for the Republican nomination.

He hit at "smearing tactics" of some organizations and singled out one in 46 states for making wholly unjustified attacks on Governor Warren and General Eisen- (Continued on Page Two)

## Rex Packard Dies In Daytona Beach

Rex Packard, a pioneer grower of this section and resident of Daytona Beach for the past six years, died suddenly this morning of a heart attack at his home. He had been in ill health for some time.

A son, Richard Packard of Sanford, left for Daytona Beach this morning after receiving word of his father's death.

Rex Packard was active as a member of Elk Lodge 1241 of which he had served as an exalted ruler. All local Elks are requested by Leo Butler, lodge secretary, to attend the funeral here, announcements concerning which will be made later.

For many years Mr. Packard was a grower on the West Side, and was noted for the strawberries he raised.

Survivors include the widow, Mrs. Marie Packard, a son, Richard of Sanford, and two daughters, Mrs. Carl Moore and Mrs. Louise Paulk of Sanford.

### ACL Trainmaster Addresses High School Students

Railroad Safety Is Theme Of Talk By Jacksonville Man

More than 4,000 grade crossing accidents in which 1,576 persons were killed and 4,193 injured occurred in the United States last year, J. W. Plant, trainmaster of the Jacksonville District of the Atlantic Coast Line Railroad, told pupils of Sanford High School this morning in a talk on safety.

Accompanying him to the school were S. C. Gardner of the Property Protection Department and E. N. Fielding, local freight agent.

Plant, 49, assumed within Florida resulting in 11 deaths and 137 injuries.

Florida, he pointed out, ranked 15th in the number of grade crossing accidents. Rhode Island and New York have the highest number of accidents during the year.

He warned against tampering on railroad property, stating that last year in this country 100 boys and girls under 18 years of age were killed for doing this. An equal number were injured.

Of the 4,000 grade crossing accidents, 1,140 were of automobile trucks and buses that ran into the side of trains, and 21 were pedestrians who ran into the side of trains. There were five cases in which bicyclists ran into the side of trains.

Tampering of railroad property is just as much a violation of property rights as walking into someone's home or yard without permission, he declared.

This includes climbing under or passing around the end of lowered crossing gates, taking rail cars across the tracks at other than public crossings, walking on or riding tracks, hopping rails on or across tracks, using railroad ties as bridges, climbing in or across cars.

Mr. Plant also warned the boys and girls against tampering with railroad property such as signals, switches or in any way tampering with the railroad right-of-way.

## Construction Of Baseball Stadium Nears Completion

Work is going steadily forward on construction of the new baseball stadium by the Jacksonville City Manager Clifford McMillan stated this morning. He estimated that the project should be completed for opening by Nov. 1.

Work was started this morning on the paving of the alley between Second and Third Streets and running north and south between Magnolia and Park Avenue. Brick for the paving will be furnished by the State Road Department, he stated.

This project was made necessary, said Mr. McMillan, in order to effectively carry off the water which has been inundating drains on Magnolia Avenue which back up to the alley. These include Alley, Nicholson, Bullock Co. and the Beacon Dally.

The City, he added, has begun the extension of water mains into the new Phillips Wynnewood subdivision in order to serve new residents. A fire hydrant will be installed at the corner of Summerlin and Forest Avenues.

On Wednesday night at 9:00 o'clock, workmen will break off the water main at Melbourne Avenue and Twenty-Fourth Street in order to make connections. Water cutters in the area, said Mr. McMillan, are urged to plan accordingly for the work which will take about two hours.

## GAY IS BREAKER

State Comptroller Clarence M. Gay will speak at the Kiwanis meeting tomorrow noon at the Yacht Club. It was announced this morning by O. K. Goff, who has charge of the program and who will introduce Mr. Gay. The program will be broadcast.

## 17 PERSONS KILLED JOHANNESBURG, South Africa, Oct. 16.—(AP)—A South African Airways plane crashed on a 7,000-foot peak about 100 miles southwest of Durban in a heavy fog last yesterday, killing all 17 persons aboard.

Burst out wreckage of the plane had been sighted from the air, and rescue parties were on their way to the scene today.

## High Court Voids Certificates On Voting Machines

LALLAHASSEE, Oct. 16.—(AP)—The Florida Supreme Court today refused to issue a writ to stand that Howard county holders must approve certificates of eligibility to purchase voting machines.

The court denied a petition for rehearing of its July 21 ruling reversing a decision of Bradford County Circuit Judge George W. Taylor who had ruled the certificates were void without an election.

The Howard county voters' union, which filed the July 21 petition, sought a writ of mandamus to be paid with certificates of eligibility. The certificates were to be paid for by the county, and the voters' union sought an order to approve the certificates.

In denying the petition for rehearing, the court said the voters' union had no right to a writ of mandamus to pay for the certificates. The court said that the voters' union had no right to a writ of mandamus to pay for the certificates.

## Sgt. Richard Frank Is Presented Medal

A medal was presented by the National Guard to Sgt. Richard A. Frank, Jr., Co. 1, 12th Infantry, for having made the highest score in the state in rifle matches at the summer camp.

The award was presented to Sgt. Frank by Colonel Stewart, commander of the Third Battalion in the absence of Colonel Snyder, the regimental commander, who could not be present last night.

The first hour of the meeting was devoted to instruction by Sgt. McClelland on cover and concealment of the individual soldier. During the second hour the individual squad leaders outlined some formations and hand signals to their squads.

## DAVIS CONVICTED

LAHASSEE, Switzerland, Oct. 16.—(AP)—A Swiss federal court today convicted Charles E. Davis of political espionage in connection with charges that he furnished information to Senator McCarthy (R-Wis.) and United States agents. Davis was sentenced to eight months in jail and ordered expelled from Switzerland.

Actually, Davis, a Pasadena, Calif., Negro, won't have to spend any more time in jail. He had been held for 11 months during the investigation of charges against him. This eliminated any further prison term.

He will be taken to Geneva to spend the night in a hospital and probably will be sent home to the United States as soon as arrangements can be made.
