Tobin Weakens In Ninth And Brooklyn Wins

Braves Drop To Third Position As Wyatt Hurls 5-Hit Game

BOSTON, May 23 (AP)—The Brooklyn Dodgers broke Jim Tobin's handoffs in the ninth yesterday and slugged the veteran right-hander for three runs to break a tie and belt the Boston Braves 4 to 1 before a crowd of 16,255.

State's Inventory Of Manpower Will Be Finished Soon

ST. AUGUSTINE, May 23 (AP)—With the mailing in the near future of occupational questionnaires to the thousands of residents in the state who are over military age, local boards in Florida will speed to completion the State's inventory of manpower for war production.

Charges Are Made In Canada After 2 Years Of War

By JOHN DAUPHINEE Ottawa, May 23 (WW)—Two and a half years of war have brought new maturity to Canada. With tightened belts, 12,000,000 people have mushroomed their industry and raised by voluntary contributions an armed force which practically equals the four-year peak of the 1918 conflict.

These 155 mm guns shown at Fort Bragg, N. C. represent some of the heaviest hitting power of the Army. They are not in firing position, but are drawn up for inspection by Secretary of War Henry L. Stimson.

By Brooklyn, National Loop Is Going In For Power

By DILLON GRAHAM
National Sports Editor
NEW YORK, May 28, (WW)—The National League is becoming more league-minded. It's going for power.

The Dodgers are the Yankees' loop. They're definitely the loop. And for the time being, the senior circuit is putting more emphasis on defense than offense this season.

Even Bill McKechnie of Cincinnati, always a strong defender, has changed over. He's placed light fielding for power at third base and behind the plate and for a few years, in the outfield. Reds from Boston say the Braves moved home plate quite a foot nearer the outfield fence that may account for the run barrage they've been running.

The first move Mel Ott made as New York manager was to use heavy artillery for the offense and now he has a bombardment that rivals the Dodgers' home distance knocks. The Pirates also have added power. Only Cardinals, apparently, have strength that last year.

With the season less than a week old Brooklyn has a lead that it had in any of its last campaigns. Dodger fans are talking about winning the pennant by 10 games or more.

Dodgers have gotten good at home and they're getting better by plenty in hitting and running.

Remember times the Pirates, as captain chief rival. And what are those Pirates? It seems as if only Babe Ruth and a few more had the Pittsburghers' reputation when the season opens.

They're going along pretty well. A young soldier will play first base, a second baseman handling short and a couple rookies in the outer gardens. Maybe they'll hold up and maybe they won't. Shoppers' Franchise has been getting good

Home Demonstration

By OUIDA WILSON

The Geneva 4-H Achievement Day, May 22, was all an achievement. Mrs. W. L. Sieg and Mrs. Margaret Golt, are the leaders of this club. W. L. Sieg, principal of the Geneva School has made the 4-H program a part of the regular work. Each Friday afternoon all girls from 10 years and older, go to the lunch room with Mrs. Sieg for food work or with Mrs. Golt for clothing.

It is through the persistence and enthusiasm of the leaders and the interest of the parents that the 4-H Club work is successful. The exhibit was displayed Friday evening and every girl in the club will exhibit her work before school closes.

The clothing exhibit was hung around the wall of the library. In the Geneva School, grouped according to years, first to fourth. The food preparation and baking was arranged on card tables. Each girl showing a table with a flower centerpiece. The baking and other food was arranged on the tables. The cakes, breads and other foods showed much work by the girls.

The teachers presented the program. The playlet, "Food for Victory," was rearranged and was given by the girls. A number of 4-H songs were sung and the program came to a close with the 4-H candle light service.

Many parents were present to observe the work done by the group. The following awards were given: Clothing: First year—Johanna Dalbo, first; June McGill, second. Second year—Ann McLain, first; Helen Brown, second. Third year—Betty Yarborough,

"Why, David—are you trying to say you want me to be co-owner on your War Savings Bonds from now on?"

Lou Novikoff, Mad Russian, Is Not Busting Anything, Even With His Bat

By CHARLES CHAMBERLIN

CHICAGO, May 28, (WW)—Lou Novikoff, the Cubs' rookie, is busting anything but home runs with his bat. On May 4 the mad Russian was made a regular by Manager Jim Wilson and the gang took up the old chant of "in-gain-out-again Lou."

Novikoff had been made a regular more times than he had come to bat, with Wilson thumbing him to the bench when he failed to produce. He more or less won his spurs after a Sunday crowd had yelled for him to hit. Lou took a beating from a chorus of boos when he sent in Phil Cavaretta to pinch hit for Novikoff against a right handed hurler.

So Wilson spoke these immortal words: "Twenty thousand fans can't be wrong. Novikoff is a regular from now on."

"That raze nearly bowled me over," says the Cub's skipper, "and then when the cheering section went wild as the kid stepped up to the plate Sunday I thought, 'I'll bet he'll start pleasing them.' Never since Dixie Dean have I seen the fans go so goo-goo over a guy as they have Lou."

But Wilson didn't stick long to that decision to make Lou a regular. Lou didn't hit Novikoff until he got the "people's choice" but the manager's choice is another guy. When the Cubs are playing at home Wilson may have to appease them by putting Lou back into the lineup but on the road he'll play whom he pleases.

"I don't know what is the matter," Lou laments, "it's very hard but nothing much happens. I think maybe I just can't hit in Chicago."

His shoulders, good natured Lou, says, handles like a duck to be amusement of the crowd, is crammed with sport despite his inability to tag the ball.

It was the most publicized rookie to break out of the major leagues in years when he pulled on a Cub uniform at the start of 1941. He played in five minor leagues, leading four in hitting and ranking second in the fifth.

In 1938 at Mobile of the Three-Base league, his hits played a time of 307, in 1939 at Ft. Worth of the Texas league it was 308, 1940 at Los Angeles of the Pacific Coast league and in 1941, at Austin of the American association, 370. He combined a 241 in 62 Cub games last Spring.

Married and the father of two children, the mad Russian spends his off moments (and that's not all the time) playing drawing or playing the harmonica.

Ernie Bonham Wins 7th Straight Battle

NEW YORK, May 28, (AP)—Ernie Bonham, this year's pitching marvel of the major leagues, chalked up his seventh successive triumph yesterday as the world champion New York Yankees toyed with the Philadelphia Athletics to win 8 to 3.

The huge right hander pitched seven-hit ball without apparent exertion, after a comrad gave him the margin of victory with a five-run spurge in the fourth inning.

The crowd of 6,703 fans had anticipated seeing the undefeated star hurl his fifth shut-out, but the Athletics stabled a run versus in the second inning. Bonham broke a string of 11 consecutive losses for Bonham. It was the first time he had been scored on in Yankee Stadium this year.

A slotted, wooden spoon with long, round handle is convenient for mixing batters and stirring other foods. It makes little noise is easy to hold and will not discolor foods.

BUY SCRAP RUBBER

WASHINGTON, May 28, (AP)—Secretary of Commerce Jones told that House Interstate Commerce committee Wednesday that the R.R.C. was prepared to accept a government program, including a price for scrap, would be announced in a few days.

Ray Lamanno And Fernandez Fight For Rookie Title

By BILL BRADY
NEW YORK, May 28, (Special)—Ray Lamanno once drove in seven runs in one inning! He hit two homers, one with the bases filled, the other two ahead. Nobody's ever done that in 80 years of major league history unless you count the old American association, in which Ed Cartwright of the St. Louis Browns performed Lamanno's feat Sept. 23, 1890.

A tall spire of joy for Redland in the person of their fiery freshman catcher. Gpt. in call it a two-man race, now, this slugging contest for the title of National League Freshman-of-the-Year. Nanny Fernandez, Boston Braves' budding 3b and co-contender with Lamanno for the league leadership in the base hit department, has a real battle on his hands. To date, Nanny's been in about 20 more games than Ray. Catchers ordinarily don't work much more than 100 games a year. This year, with the accent on power when Mr. McKenzie writes his daily batting order, chances are the burly boy from Berkeley will catch close to 130 before it's all over.

In his way," was the verdict. "The surprise is that he ever caught one with it." So they measured young Ray for a new assignment. And the Cincinnati catching problem was solved for the year. The perennial Cincinnati problem of driving in runs wasn't completely solved, but one and all feel that a big step has been taken.

Members of the British Royal Army Medical Corps show how they use the new stretcher boat to good advantage. These boats are made up of an ordinary stretcher plus a large waterproof ground sheet. Medical stretcher are being shipped to the front in great numbers and are being safely ferried across a stream with no discomfort (bottom).

Air Fights Rage Over Fierce Tank Battles In Libyan Struggle

Outcome Of Enemy Drive Against British Is Doubtful; Nazi Unit Repulsed

(By Associated Press)
Violent tank battles are raging at Tobruk's outer defenses today with the outcome of German Field Marshal Rommel's drive on the British north African stronghold remaining doubtful. Mussolini added Italian troops are participating. Fierce aerial fighting is taking place over the desert battle.

German armored forces have been repulsed after slipping around British positions as far as Sidi Barrani, 50 miles inside of the British defensive system in the Libyan desert.

Latest reports from the front said that Rommel "never had a chance" with his two-pronged offensive toward the El Adem area south of Tobruk. The British checked his advance 35 miles farther south. Hours before he launched his attack, they said, "the sky was filled with RAF fighters and bombers which strafed and bombed enemy columns, airdromes and supply lines."

As a result, the Axis forces were reported "punch drunk" before they were well started and British Gen. Sir Claude Auchinleck had anticipated the direction of the main assault around Sir Hachem and placed a crack armored division there, where they were repulsed in their tank tests.

The RAF also was credited with the destruction of an Axis transport plane on the ground in a collateral raid on enemy lines.

The battlefields were 35 miles apart and there was no direct line of sight between them. The usual confusion attending armored clashes on the desert prevailed.

The British battled one of Col. Gen. Erwin Rommel's tank columns at El Adem, 18 miles south of Tobruk and 40 miles from the Libyan Desert, and another near Sir Hachem, 35 miles farther down in the desert. In both cases British lines were intact, and although Axis armored forces may have penetrated the interlocking no-man's land, military observers said that there had not been any breakthrough.

The Axis units reported persistently trying to infiltrate the British front line. The British, however, had not had appreciable success, although the fighting was increasing in intensity.

Here's Why Gas Is Rationed

Issued by the Office of Emergency Management in Washington, this map explains why gasoline is being rationed through the eastern states. Axis subs have cut the tanker route which formerly brought petroleum to the east. Pipe lines, autos and railroads now have to carry gas and oil to the refineries. Making the problem more difficult is the fact that transportation in the affected areas is heavily congested.

Mexico Enters War On Side Of United Nations

Declaration Against Axis Is Expected Tomorrow By President A. Camacho

MEXICO CITY, May 29, (AP)—Mexico went to war against the Axis yesterday, although the formal declaration by President Manuel Avila Camacho is not expected until Saturday.

The Foreign Ministry announced late in the evening that it had instructed all its representatives abroad to advise the governments in which they are accredited that Mexico considers herself no longer a belligerent ally of the 27 other United Nations.

The envoys were instructed that they should consider the war as having started when President Avila Camacho went before the special session of Congress and asked its authority to declare war. It will be the first declaration of war in Mexican history.

Within an hour after the President's address the Chamber of Deputies received the bill authorizing the President to declare war, govern by decree and suspend parts of the constitution. A committee will report to the Senate. Observers agreed the bill would be passed probably unanimously. The Senate will then act and the President may make his declaration.

Mexican Cabinet Meeting to Declare War

A momentous meeting of the Mexican cabinet is pictured above, as President Avila Camacho (right) called its members together to discuss measures against the Axis following the outbreak of war. Shown, left to right, are Gen. Anselmo Manzanera, Secretary of National Defense; Miguel Aleman, Secretary of the Interior; and Gen. Salvador Serrano, Army Chief of Staff.

Chinese Fight To Stave Off Jap Offensive

Warplanes Of Allies Strike Again At Far-Flung Battle-Fronts Of Enemy

(By Associated Press)
Allied warplanes are reported today to have struck at the Japanese far-flung battlefronts while Chiang Kai-Shek's Chinese armies fought to stave off a fierce Japanese offensive against Chekiang in the China east coast. Countering Japanese (Chinese) high command announced that Kufeng, the Chekiang capital, is "still in our hands despite enemy attacks."

The great battle is raging for the Chekiang provincial capital of Kufeng, but the Japanese invaders, although reinforced and attacking repeatedly, have been repulsed with thousands killed, the Chinese high command announced last night.

The Chinese acknowledged that their own losses were heavy and that the local Japanese gains toward Kufeng were objective of the Japanese army's big drive through the coastal province which they are attempting to capture off shore by attacks against Japan. The Chinese flatly stated the city is still in their hands last night. They contradicted a Japanese report that it had fallen.

The high command specifically stated 1200 Japanese killed in four days' fighting. The enemy's attempt on Kufeng and in addition told of many other battles in which the invaders' losses were listed simply as "heavy" or "considerable."

The main Japanese attempt on Kufeng apparently was made from the east. After failing Tuesday, the Japanese brought up 10,000 reinforcements for a second attack which failed through heavy artillery standing on a Japanese re-advance.

On China's second great front, the Yunnan-Burma region to the west, the high command reported that Chinese forces had captured many points on the outskirts of Lanchow, in western Yunnan, and that they now were converging on the city itself, which fell to the Japanese three weeks ago.

Citrus Grower Tells Of Value Of Farm Bureau

Growers Are Urged To Unite By R.D. Keene Of Orlando

"Farmers, as never before, need to stand together with a simple purpose and a common headquarters in Washington to take care of the interests of the farmer," R. D. Keene, citrus operator of Orlando, declared at a meeting of the Seminole County Farm Bureau at the Court House Wednesday night, according to County Agent C. E. Dawson.

Mr. Keene's subject was "Why I Joined the Farm Bureau." "It is a strong national organization which is becoming a factor in the country which supports a membership campaign for the return of regulations soon to go into effect on all tracts. This will be a disaster to farm interests and the Farm Bureau is going to get these regulations modified," he said, "and if the Farm Bureau were ever so weak that it is, there would be less trouble in getting these changes made."

C. E. Bradshaw advanced a plan for conducting a membership campaign which the members of the bureau will follow. The director for each agricultural industry in the county will support a membership committee to contact every grower in the industry. Mr. Dawson stated, "I believe that the country generally is ready to become an active or association member of the Farm Bureau. This bureau has powerful forces in its support and even greater possibilities with the coming strength of increased membership."

President Leo Butler presided at the meeting and introduced Mr. Keene.

Recreation Group Is Divided Into 3 Main Divisions

Service Men, County, Civic Committees Reported Formed

Three main divisions were organized in the Recreation Committee of the Seminole County Defense Council at its initial meeting last night, Chairman Frank Pulley, rector of the Holy Cross Episcopal Church, announced this morning.

The divisions are Civic, which is mainly for young people in Sanford; County, for outlying communities; and Service men, for the men to be stationed at the Naval Air Base here. Many plans were discussed at the meeting, but no definite arrangements have been formulated as yet. The purpose of the committee is to work on recreational facilities for the ordinary and secure recreation facilities for the people of Seminole County.

The Civic division, under T. W. Lawton, is concerned with playgrounds, places to dance, swimming facilities and sports activities. Other members on the Executive Committee of this group are Mrs. C. E. Dawson, Edwin Higgins, Mrs. M. B. Smith and J. W. Englehard. The county group, under director Rev. W. F. Brooks, will appoint committees in each county community to work on recreational facilities for their towns. Other members of this group are Mrs. H. W. Rucker, Mrs. C. W. Isbell and O. J. Pope.

Captain George Woods of the Salvation Army leads the Service Men's Division, which will seek to provide entertainment, both at the base and in Sanford, for enlisted men. Home hospitality will be the theme of this group. Other members are Ned Smith, Mrs. F. E. Beemiller, Mrs. Ava Davis and Father J. J. Keenan. Other persons attending last night's meeting were Mrs. A. W. Knox, chairman of the Defense Council Division of Home and Service; Frank Evans, vice chairman of the Recreation Committee; H. B. Pope, chairman of the Defense Council; and A. B. Peterson, Defense Council co-director.

Board Is Told Not To Release June Tire Quota

Quotas for tires, tubes and repairs for Seminole County for June will not be made public, the Rationing Board announced today after receiving instructions from State Administrator W. C. Sherman.

"All boards are prohibited from releasing to the press or public any information on county quotas," the board was informed. No reason was given for not releasing the allotment figures. It is expected that the number of tires, tubes and repairs allotted to the county is less than the May quota, which was only about half of the average quotas in preceding months.

A recent Washington dispatch reported that few tire quotas would be available in June than in May, according to an announcement by Price Administrator Leon Henderson. In this dispatch, Florida quota was set at 974 passenger tires, 494 passenger tubes, 2966 passenger tubes, 6,027 truck tires, 3,013 truck tubes, and 7,522 truck tubes.

Retreading Said To Be Possible By '43

MIDLAND, Mich., May 29.—(AP)—Chas. Dow Chemical, chairman, said today that retreading of worn out automobile tires at the rate of a million a month by the end of 1942 will be possible if the use of the new thiol-type synthetic rubber developed by Dow.

Membership Drive By C. Of C. Has \$4,000 As Quota

Four-Day Campaign To Start June 9, Higgins Announces

At a meeting of the Membership and Publicity Committees of the Chamber of Commerce last night, it was decided that the membership drive in 1942 will cost \$4,000, and that will start on June 9, lasting for four days, Secretary Edward Higgins announced today.

The quota is increased by \$1,000 over last year's amount because of the increased activities of the organization and several important projects now pending requiring additional revenue. It was stated. Plans were discussed to be used in the campaign.

H. H. Coleman heads the Membership group, which is composed of Charles Bradshaw, George H. Shop, W. A. Laffer and Walter Coleman. The following members of the Publicity Committee were also present: R. L. Dean, T. Bradford Byrd, Charles Morrison and Lee Leaser.

Kiwanians' "Celery" Picture Appears In 200 Newspapers

Members of the local Kiwanis Club caused a picture of the club's "Celery" picture to appear in 200 newspapers throughout the United States and Canada. The picture, which was taken at the local Kiwanis Club, was sent to the Kiwanis Club International headquarters in Chicago, Ill., where it was included in the club's monthly publication, "The Kiwanis Bulletin."

The picture shows attractive Miss Dorothy Sanford, Seminole High School music teacher, seated at top of a large pile of celery. Shown with Miss Sanford are E. C. Hopper, president of the club, and other members.

Nationwide Rationing Of Gas Is Opposed

WASHINGTON, May 29.—(AP)—A group of Senators recently from 20 different states, began an organized campaign of opposition to nationwide gasoline rationing today by requesting hearings on the matter. They said they can do nothing to stop it.

Members of the House Agricultural Committee requested charges against "rationing" today. The committee has been created by the giant rubber monopoly for their own protection. The committee will be headed by Senator New York, said the big companies have not planned in any way to ration rubber.

Some Firms Try To Escape War Tax

WASHINGTON, May 29.—(AP)—Secretary of the Treasury Morgenthau declared last night that country corporate officials had engaged in "particularly reprehensible attempts to escape wartime taxation," and he announced that the Treasury is now relying on the tax assessments of officials of corporations to force payment of taxes.

Morgenthau read a detailed statement to the joint house and senate committee on internal revenue taxation as an annual night session of the legislature to back by the treasury department.

He listed even uncommitted individuals who will be held responsible for corporate income tax evasion. He said that the Treasury is now relying on the tax assessments of officials of corporations to force payment of taxes.

"Work Or Fight" Policy Announced

WASHINGTON, May 29.—(AP)—Apparently aimed at complete mobilization of the nation's labor resources, the "Work Or Fight" policy was announced today by the War Relocation Authority.

The policy is a new one, and it is expected that it will be applied to all persons who are not in the armed forces. It is expected that it will be applied to all persons who are not in the armed forces.

Total Seminole Pledge In Bond And Stamp Drive Is \$179,408.05

Seminole County citizens pledged \$179,408.05 for the purchase of war bonds and stamps in the Every American Campaign drive and bought \$17,687.25 worth of the securities while the campaign was being conducted for a total pledge of \$197,095.30, Frank Evans, chairman of the canvass, announced yesterday in his final report on the drive.

Over 19 percent of Sanford residents, 12.6% of them, pledged to buy a certain amount of bonds or stamps during a certain period of time. The total pledge in the city was \$94,466.60, with \$12,718 spent on immediate purchases. Little Starla was second high with \$22,774.40, followed by Lela May \$2,474.00, Oviedo \$2,474.20, Forest City \$2,430, and others.

Name	Amount
Sanford	\$94,466.60
Altamonte Springs	1,094.10
Bay Lake	733.29
Orlando	2,474.20
Forest City	2,430.00
Titusville	1,000.00
Orlando	225.00
Oviedo	793.90
Lake Mary	474.00
Lampas	2,633.00
Oviedo	2,282.40
Oviedo	4,474.20
Titusville	1,000.00
Titusville	22,774.40
Total	\$179,408.05

Additional Sugar Is Available For Canning Purposes

The answer to the question, "Can I get more than the original five pounds of sugar allowed for canning?" is yes, according to the Regional Office of Public Information, here, today, in a new ruling allowing one pound of sugar per four quarts of canned fruit, it was announced.

Other war questions and answers were given.

Q: Does the Navy use much oil? A: Plenty. A single battleship burns 10,000 gallons of oil a day. A light cruiser burns 5,000 gallons. The same amount of oil could be distilled into gasoline to run 1,000 pleasure cars a year.

Q: Can typists get government jobs? A: Yes. There is a shortage of skilled typists.

Q: How many miles per gallon can a tank get? A: A light tank gets only one mile per gallon of gas. Heavy tanks much less than that.

Q: Are pork chops under a special price ceiling? A: Ham, bacon and other pork products, which represent nearly half our meat supply—are under a permanent ceiling at wholesale.

Q: Aren't we raising enough beet sugar and cane sugar in this country to make up for cane sugar in the Philippines? A—No. Before the war we imported two-thirds of our sugar.

Q: With army food prepared in bulk while home food comes from millions of small-size cans, doesn't the army actually use less canned food? A—No. A soldier eats twice as much canned goods as a civilian.

Q: My house burned. Can I rebuild on the same foundation without a priority? A—You're in a tough spot, mister. The War Department has first priority on lumber these days.

Q: Are fresh fruits under the price ceiling? A—Only bananas.

Some Meat Packers Fail To Co-operate

ATLANTA, May 29.—(AP)—Kenneth Galbreath, deputy (DFA) administrator, today sharply criticized certain large meat packers as representing only the major industry but not entered into the spirit of the general price control. "We have not had very good co-operation as yet from some of the large packers," he said at a press conference here.

Barrage Blasts German Division, Russians Report

(By Associated Press)
The Russian front line in the East has been blasted by a barrage of German tanks and armor, according to a report from the Russian front line today. The report said that the German tanks and armor were blasting the Russian front line in the East.

Morris Completes 65-Hour Civilian Protection Class

H. J. Morris, chairman of the Seminole County Civilian Defense Council, today announced that he had completed a 65-hour course in civilian protection at the University of Florida and announced that classes in general defense subjects will start here next week for the education of the civilian defense branches of the council.

Mr. Morris received his diploma from Dr. Tigert of the university. He will start here next week for the education of the civilian defense branches of the council.

He completed the course by the following schedule: 10 hours of aerial attack and 10 hours of civilian protection against gas, incendiary bombs, and incendiary bombs, incendiary protection, 10 hours, plant protection, 10 hours, local training, 10 hours, citizens protection, 10 hours, and general subjects, 10 hours.

This school is one of the three that are being conducted in the nation. It covers the southern, and only five other states. Florida may attend during the two weeks classes. Col. Mellerton and his staff, formerly of the Edgewood Arsenal in Maryland, are the instructors.

U.S. Army Head Says Americans To Land In France

WASH. (AP)—Gen. George S. Patton, commander of the U.S. Army's First Army, today said that the American troops would land in France in the next few weeks.

U.S. Planes Fight Pack Of Axis Subs

ST. LUCIA, May 29, (AP)—United States Planes engaged a pack of Axis submarines a mile off Port Castries late yesterday while the destroyer Blakeley, damaged by a torpedo three days earlier, limped 20 miles from the Vichy-French island of Martinique here. Hundreds of persons ashore watched the attack. Watchers said at least one submarine must have been sunk judging from the quantities of oil that floated on the surface after the 15-minute bombing and depth charge attack by the United States planes. No official announcement of the sinking was made.

Meanwhile, Rio De Janeiro, Brazil today claimed the sinking of two Axis subs, and the capture of a third and mother ship after an all-out drive on the sea raiders.

Mrs. Bradley Dies After Year's Illness

Mrs. Lucretia Tomlinson Bradley, resident of Sanford since 1904, died at 12:05 A. M. today at her home on 216 West Thirtieth Street following a year's illness.

Mrs. Bradley was born in Paigka and was a member of the First Baptist Church. She is survived by her husband, W. C. Bradley of Sanford; one daughter, Mrs. J. E. Williams of Coral Point; two grandchildren, Marjorie and John Williams of Coral Point; one son, Walter L. Tomlinson who is stationed with the United States Army; one sister, Mrs. A. E. Dobbin of Sanford.

Also four brothers, H. A. Manning of Sanford, John E. Manning of New Orleans, E. A. Manning of Tampa and J. E. Manning who resides in Texas. Funeral services for the deceased woman will be conducted at Erickson Funeral Home Sunday at 1:00 P. M. by the Rev. W. E. Brown, Jr., of the First Baptist Church, Sanford.

City News Briefs

The Campbell-Losing Post of the American Legion will meet Monday at 8:00 P. M. at the Legion Hut. Commander Ned Smith called for a good attendance as there is important business to be acted upon, he stated.

Dr. W. E. Garner has been called to Brewton, Ala. following the death of his father, W. J. Garner, there Tuesday night.
