FLORIDA

Leak again cripples shuttle

CAPE CANAVERAL — Liftoff of the 36th shuttle mission, planned for 1:28 a.m. EDT today, was canceled Monday because of yet another crippling hydrogen leak, another major setback for a mission already running a record 111 days behind schedule.
See Page 2A

Sheriff remains hospitalized

SANFORD — Sheriff John Polk, who expected possibly to be released from a 10-day stay at Florida Hospital Altamonte by Monday, remained hospitalized this morning, Undersheriff Duane Harrell said.
Polk, 58, who has had major health problems, including additional chest surgery, since his second heart by-pass surgery was performed last November, was hospitalized Sept. 7. His aide Sherry Clark said the latest hospitalization was for tests and to have changes made in Polk's medication. Harrell said Polk is saying he wants to go home to Sanford, but his doctors had not released him early today.

Three sought for questioning

SANFORD — Wells Fargo truck driver Wendy Sagarra, 31, of Union Park, who disappeared last Thursday morning in Sanford after abandoning her company's armored truck, is still at large, Sanford Police Chief Steven Harriett said today.
FBI Special Agent Ed Bogheimer, working with Sanford police on the investigation, said, "We want to speak to three persons who are two roommates Louis Charles Grater, 33, and Brian Thompson, 26. Bogheimer said the three had apparently moved from their trailer home before agents and police arrived for a search after Sagarra disappeared. It is not known if the three are involved in an unsuccessful attempt to rob the truck, but Bogheimer said they are being sought for questioning.
In addition to Sagarra's white, Chevy S-10 pickup truck, which was seen at the shopping center where the armored truck was abandoned in Sanford, Bogheimer said the three may be traveling in Grater's red, 1987 Ford Bronco, license AJF-811. Information on the three should be reported to law enforcement, he said.

Moose on the loose

SPOKANE, Wash. — A 700-pound bull moose wandered into a Spokane neighborhood over the weekend, entertaining residents before it was tranquilized and hauled back to the mountains.
"This is the 15th moose we've had in the city this year. Two of them died," said Washington Wildlife Department spokesman Mike Whorten. "It's a result of habitat loss."
One moose died after being hit by a car and the second died after being chased by dogs, he said.
The moose captured Sunday night was first spotted in the Shadle Park neighborhood about 7 p.m.
"We tried to cut it off and head him back to the river," said resident Jeff Shoemaker. "Then we got in the pickup to chase him away from traffic. He almost got hit a bunch of times."
Residents eventually corralled the beast in the backyard of a home, where it stepped over a 3-foot picket fence and then dined on tomato plants and green beans for four hours before it was captured and taken to Mount Spokane.

Midway Elementary School adopted by UCF interns

By VICKI BOGHEIMER
Herald staff writer

SANFORD — Midway Elementary School has a special relationship with the University of Central Florida's education department.
"They've adopted us," said Marilyn Meredith, the school's guidance counselor. "They are sending us their junior block interns. We give them the opportunity to get hands-on experience in the classroom and they give our teachers added assistance."
Block interns spend a "block" of time at various schools.
Meredith said the new program is a four-credit practicum that allows the UCF students to make sure they really want to teach.
"Oh, this is what I want to do. I'm sure of that," said Pamela Clark, of Deltona.
Clark spent 13 years as a housewife and mother before she decided that she wanted to teach.
See Midway, Page 5A

Campaign '90: School board

Candidates hash out solutions to school district budget woes

By VICKI BOGHEIMER
Herald staff writer

LAKE MARY — School board candidates agree on one thing above all others: the only way to cut expenses is to review the district budget line by line and get rid of anything superfluous.
The candidates met last night in a forum at Lake Mary High School, 656 Longwood-Lake Mary Road, Lake Mary, sponsored by the Seminole County Council of PTAs and the Seminole County Local School Advisory Committees.
About 150 people were on hand to hear what the candidates had to say on various issues. Cloud Miller III, a candidate in District 4, was absent to attend a class at the Atlanta Law School in Atlanta where he is working toward his masters degree in law.
Miller said the only way to ensure the

Voters to settle land tax

By J. MARK BARFIELD
Herald staff writer

SANFORD — Several large Seminole County landowners stand to benefit by the proposed \$20 million land acquisition program.
Seminole County homeowners will have a chance in November to vote whether to tax themselves about \$12 a year for 20 years to buy environmentally sensitive lands in the county near rivers and lakes to preserve them from development. County officials hope the state will contribute another \$20 million towards the purchases under the new "Preservation 2000" program.
Tracts of land along the Wekiva, St. Johns and Econlockhatchee Rivers will be considered. So will lands around Lakes Monroe and Jessup.
Colleen Logan, county conservation lands planner, said the tracts were selected because they are close to river or lake wildlife corridors, they contain endangered plant or animal species or they are

Lotto winner returns to work at SCC

By BOB PENNAP
Herald staff writer

SANFORD — Pat Landry was back at work this morning. She took only one day off from her job in the library at Seminole Community College yesterday to travel to Tallahassee with daughter to claim

their share of the \$104 million Florida Lottery winnings.
Her daughter, Kathy Jo Smith, a registered nurse, was also back at her job in Orlando to-

Landry

day. The two are part of a family which banded together with a 50-ticket purchase in an attempt at winning the big one.
"We just made an agreement between ourselves," Landry said. "My daughter Kathy Jo actually bought the winning ticket, but each

of us bought some as well. We just did it for fun, to see what would happen."
The winning ticket is worth \$687,500 for 20 years.
Landry said she the family agreement calls for her son and daughter-in-law, Scott and Sandy

Boys and Girls club encourages excellent effort

By BOB PENNAP
Herald staff writer

SANFORD — A new program is on the launching pad at the West Sanford Boys & Girls Club, 919 S. Perimeter Ave., and it won't be delayed in getting off the ground. It's the McKnight Achievers Society program.
The McKnight Achievers Society, with the assistance of the University of Central Florida, recognizes significant academic, cultural or artistic achievements of minority students from kindergarten through college.
Through the program, students are publicly commended for academic performance and talent development, according to a report from UCF.

Gainous

Darrell B. Gainous, director of the West Sanford Boys & Girls Club, said the project will begin Oct. 2.
"I'll be meeting with various students and other people in the meantime to get everything set up," he said. "From then on, we'll be meeting from 4:30 to 6 p.m. every Tuesday and Thursday here at the club."
Minimum standards for membership have already been announced. The minimum academic criteria for a student will be school grades in the A to B range, with a minimum of two A's. No C's will be acceptable in the society.
Furthermore, the student must have excelled in some other aspect of their lives such as in music, art, theater or sports, or must have participated in academic competition such as science or math fairs. Additional criteria for membership may also be established.
The West Sanford club is already doing its part in helping local students with academic needs.

State Education Commissioner Betty Castor shakes hands with Seminole High School Principal Wayne Epps as outgoing Lake Mary Principal Don Reynolds (center) looks on.

Castor grants awards to 'unique' Seminole County district schools

By VICKI BOGHEIMER
Herald staff writer

LONGWOOD — Seminole High School received a check for \$30,000 from Betty Castor, Florida Commissioner of Education when she visited the district yesterday to present \$145,000 in checks to the six district high schools for meeting state-

established goals in the Florida High School Accountability Program.
Seminole High School, 2701 Ridgewood Ave., Sanford, received only \$20,000 because its enrollment figures stand at 1,993, slightly under the 2,000 student break-off point to receive the \$25,000 the other five schools in the district
See Castor, Page 2A

POLICE BRIEFS

Man accused of tampering at tracks

SANFORD — Tommy Lee Isaac, 30, 125 Yale Drive, Sanford, was charged with interfering with railroad equipment, after Seminole County sheriff's deputies confronted him on tracks at 18th Street in rural Sanford.

Deputies said there have been several incidents involving tampering with railroad equipment at that location near Southwest Road, and Isaac had been warned to desist.

The arrest was made at 9:17 p.m. Monday.

Arrest made in purse theft

SANFORD — A man who allegedly snatched a purse from the car of a Lil' Champ customer at 301 S. French Ave., Sanford, was seen and identified by the store clerk, Sanford police report.

The theft occurred at about 6:50 p.m. Saturday and police arrested Leonard Paul Davis, 25, 1005 Pine Ave., Sanford, behind Pine Avenue at 4:25 a.m. Sunday. He is charged with auto burglary and theft.

Third burglary suspect jailed

SANFORD — City police report arresting a third suspect in connection with a Sept. 7 burglary to Tread Masters, Inc., 1150 Albright Road, Sanford.

Four tires, cash and checks were stolen in the burglary. Leon Redfin, 41, 1214 W. 10th Street, Sanford, was charged with armed burglary and grand theft at the police station last Friday. His arrest was reported today. Arrested in the connection with the same case last week were Terry James Gibson, 25, and Horace Leon Stokes, 33, both of Sanford, police reported.

Land

Continued from Page 1A

close to those areas.

Logan said the areas are listed in the proposed conservation land portion of the county's comprehensive plan. She said the tracts identified for acquisition were drawn along owner boundaries for convenience. The county may not purchase all of an area owned by one person, she said. Land sales would be strictly voluntary, Logan said. No land would be condemned, she said.

As it happens, large portions of the 36,630 acres of land considered for the land buy program is owned by less than a dozen people or family groups, especially in the southeastern section of the county.

Logan said land ownership was not considered. "The owners are a coincidence," Logan said.

The largest holdings that will be considered for purchase are owned by former county commissioner Edward Yarborough and his family. More than 6,500 acres of land, including several square-mile sized tracts near the Econlockhatchee and St. Johns Rivers, are listed for possible purchase. The combined valuation of the land by the Property Appraisers Office is listed at slightly more than \$7 million.

Although Yarborough could not be reached, he is said not to want to sell the land, which is largely used for cattle grazing and has been in his family for several generations.

Another large land holding in the Econlockhatchee and St. Johns River area is owned by the Lee family. More than 5,800 acres of land are considered for purchase with a total valuation of about \$6.6 million.

In the same southeastern area of the county, land owned by Clonts family members will be considered. The county identified nearly 4,000 acres of land valued at about \$4.6 million for purchase. The Clonts family owns another 211 acres along the eastern shore of Lake Jesup valued at about \$457,000 that will be considered.

The Lee family owns about 5,800 acres near the St. Johns and Econlockhatchee Rivers valued at about \$6.6 million. About 2,800 acres near the Econlockhatchee River are owned by the Marjorie Tillis family. The value of the land is listed at about \$2.8 million.

In the northwestern section of the county, several large landowners are also on the list of possible sellers for the program.

The Leffler family, which includes Seminole Circuit Judge Kenneth M. Leffler, own 243 acres considered for the program at a total valuation of about \$252,000.

The parcels include a swampy 113-acre tract bordering the Wekiva River jointly owned by the William Kirchhoff family and others valued at \$12,680. The Wekiva River land is adjacent to a 114-acre tract that was granted to the St. Johns River Water Management District in May as part of a wetlands construction project by Schrimsher Land Fund IV.

A total of 278 acres owned by the Kirchhoff family, including former county commissioner Bill Kirchhoff is also on the list. The total value of the land is listed at more than \$27,000 and includes land near the Central Florida Zoological Park on Highway 17-92

State allows vet clinic in Sanford to reopen

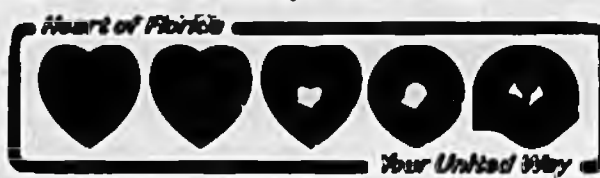

SANFORD — The Sanford Veterinary Clinic has re-opened after the Florida Department of Professional Regulation lifted the emergency suspension of the animal hospital's license last week.

Clinic veterinarian Alexander Freyman said he has not seen an unusual decline in business as a result of the publicity of the state regulatory agency's actions against him.

DPR suspended Freyman's license Aug. 29 after inspections reportedly revealed a bloody

glove left on x-ray equipment, dried fecal matter and used, uncapped syringes left on counters and shelves. The clinic was re-inspected Sept. 12 and investigators found the conditions to their satisfaction, according to the state.

DPR spokesman Laurie Cain said the agency which licenses professionals in the state will proceed with administrative charges against Freyman. Possible penalties include fines and revocation of Freyman's license to operate the clinic.

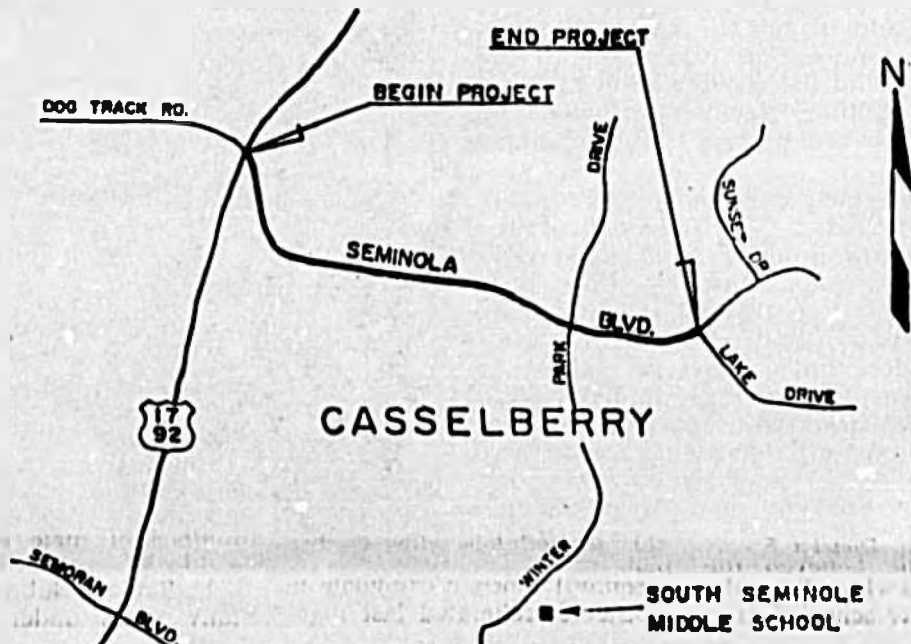

NOTICE OF PUBLIC INFORMATION MEETING

On October 3, 1990, The Seminole County Engineering Department will hold a Public Information Meeting to present and discuss the proposed design alternatives for the reconstruction of Seminola Boulevard from U.S. 17-92 to Lake Drive.

DATE: OCTOBER 3, 1990
 TIME: 7:00 - 9:00 PM
 PLACE: SOUTH SEMINOLE MIDDLE SCHOOL
 101 S. WINTER PARK DRIVE
 CASSELBERRY, FLORIDA 32707

We encourage you to attend and join in the discussion with any comments, questions and/or suggestions that you may have. Please sign in at the front desk when you arrive at the meeting in order for us to keep a record of the attendance.

Particularly a talkative teenager on the phone.

If you're using your phone and someone is trying to get through, **Call Waiting** will sound a tone to let you know there's another call. So you don't have to worry about missing an emergency or other important call.

There are other services that make your life easier, too.

With **RingMaster® service**, you'll know who a call is for—or who's calling—just by the way the phone is ringing. You get an additional distinctive ring and phone number on your one phone line. (At a slightly higher cost, you

can get two additional rings and numbers.) Perfect for families with teenagers, people who take business calls at home, roommates, or as a "hotline" for special callers.

Call Forwarding lets you transfer your calls to any other number you choose. So you don't have to stay by the phone waiting for important calls. And when you're not at home you don't have to worry about an unanswered phone telling strangers you're away.

Three-way Calling is great for telephone reunions

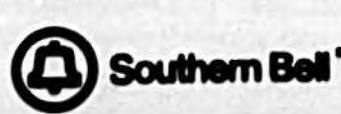

The best way to get through to your kids.

and for planning meetings. It lets you talk to two different people in two different locations—at the same time—even if the calls are long distance. (Long distance rates may apply.)

Plus these services are affordable. Prices range from \$2.20 to \$3.95 a month each. Discounts may apply if you order more than one service. And if you order before November 15, you can save the \$9 connection charge. **Just call 780-2133.**

Save the \$9 connection charge if you order before November 15.

*Rates and savings differ from state to state. The regular new phone service connection charge applies if ordering these services with new service. Business rates and savings are higher. All services are not available in some areas. © 1990 Southern Bell

elementary school. "I'm glad to have this option," said Bonnie Chaplin, of Sanford. "I needed this junior year to get used to the kids."

The group of seven interns and the staff at Midway, 2351 Jitway, Sanford, has helped ease the tense moment of stepping in front of a classroom for the first time.

"The teachers and administration here (at Midway) are wonderful," Catherine Enriquez, of Casselberry, said. "They really care about their students and want them to get the best. They've helped us feel comfortable with the classes."

The greatest surprise to all the interns was the amount of paperwork involved in running a classroom. "I feel like that's all I do," Enriquez said.

The seven women will spend seven weeks at Midway before being sent on to another school. They are still unsure whether they will be going to Geneva Elementary or Casselberry Elementary School.

Another group of interns will take their place at Midway Oct. 15.

"That is if we decide to leave," Clark joked. Leroy Hampton, principal at Midway, said he believes that

training interns, by the example of the Midway teachers, to care about their students will help them be better teachers no matter where they go.

"I think these future teachers are learning by good example about the caring that goes into teaching youngsters," he said.

In addition to sending interns to work in the classroom, Meredith said that UCF will be providing information, in-service programs and various workshops throughout the year.

"They are helping us to serve these youngsters better," Meredith said. "They're helping us become a better school by teaching not by talking over and running things their way."

UCF and Midway are currently working out the details of cooperative efforts between the Sanford school and other UCF departments.

"Maybe we can do something with their counseling interns," Meredith said.

Meredith said that because of its geographic and economic make up, Midway has few Dividends volunteers among its parents.

"These people work hard for a living just to make ends meet, they usually can't volunteer their time," Meredith said. "These extra hands in the classroom are wonderful."

Local News

Voter registration offered

Voter registration for Seminole County residents will be offered at the following locations:

- Lake Mary Elementary School, 137 S. Country Club Road, Lake Mary, Sept. 25 from 6:30 to 8:30 p.m.
- Woodlands Elementary School, 1420 E.E. Williamson Road, Longwood, Sept. 26 and 27, 6:30 to 7:30 p.m.
- Altamonte Mall, 451 E. Altamonte Drive, Altamonte Springs, Sept. 28 from 5 to 9 p.m.

Timacuan to host Goodwill tournament

LAKE MARY - Goodwill Industries of Central Florida will hold its inaugural golf tournament Oct. 3 at Timacuan Golf and Country Club, Lake Mary.

The tournament is a scramble format and will begin with a shotgun start at 1 p.m. Prizes will be awarded to Low Net, second, third and fourth places. The grand prize of a two-night weekend golf package at the Villas of Grand Cypress will go to each player on the Low Gross team.

Entry is \$125 per player and includes green fees and cart, team photograph, unlimited use of the driving range, reception and awards dinner. Deadline for entry is Sept. 24.

Proceeds will help pay for the vocational rehabilitation program development and services in the six-county area Goodwill serves.

LINNIE CHEWNING BAGGETT

NATIONAL BRIEFS

Air Force general fired over Iraqi remarks

The Pentagon fired the Air Force's top general for saying U.S. bombing plans target Saddam Hussein if war breaks out in the Persian Gulf.

Defense Secretary Dick Cheney fired the Air Force chief of staff, Gen. Michael Dugan, for saying publicly that revised Pentagon bombing plans specifically target Saddam.

Dugan, in an interview published Sunday, said the Joint Chiefs of Staff had concluded U.S. military air power — including a bombing mission against Baghdad that specifically targets Saddam — is the only effective option to force Iraqi forces from Kuwait if war erupts.

Saddam is a "one-man show" in Iraq, Dugan was quoted as saying. "If and when we choose violence, he ought to be at the focus of our efforts."

Monument for victors at Little Bighorn

WASHINGTON — A bill to achieve historical balance, the House passed a memorial to the victors at one of the most famous battlegrounds in the United States, the Little Bighorn.

The bill, which has stood at the site Custer's Last Stand to honor the men of the 7th Cavalry who died in a battle against overwhelming numbers of Indians in 1876, but there is no monument to the Indians.

The bill, approved by voice vote Monday and sent to the Senate, would authorize a monument "to commemorate the Indians who fought to preserve their land and culture at the battle of the Little Bighorn," said Rep. Bruce Vento, D-Minn.

Drug firms accused of 'stiffing' Medicaid

WASHINGTON — The highly profitable drug industry is "stiffing" the Medicaid program for the poor by not offering the same discounts on prescription drugs provided to other customers, lawmakers told a Senate panel.

In response, the president of the Pharmaceutical Manufacturers Association said Monday that pending legislation to cut Medicaid costs would result in "second-class medical care," and Sen. Orrin Hatch, R-Utah, said drug company profits are needed to pay for important research and development.

Panel to hear Souter opposition, support

WASHINGTON — A Supreme Court nominee David Souter will appear before the Senate Judiciary Committee without incident, the panel turned its attention Tuesday to supporters and opponents of the New Hampshire jurist.

Souter spent his 51st birthday Monday side-stepping more abortion questions and defending his views about court activism on social issues. Engaging in his third day of questioning, he finished his testimony before the panel with a grueling 9 1/2 hour session.

Budget negotiators leave tough choices

WASHINGTON — Weary budget negotiators, unable to resolve the last significant difference over capital gains taxes, handed the sensitive issue to their leaders Tuesday in hopes of breaking the deadlock.

"We have gotten down to the very end point," a Democratic source close to the talks said late Monday. "We (Democrats) have come as far as we can come, and they (Republicans) have come as far as they can come."

More Than Just A Beauty Salon

From the moment you walk in the shop, you can tell that Hair Formula I is more than just a salon. Displayed everywhere are fine quality wigs and hair pieces, and other pieces of hair to be woven and worked in existing hair to create a new and different look.

Full-service doesn't really describe the range of beauty services available at Hair Formula I. From hair pieces to hair extensions, non-surgical facelifts, "permanent" make-up, manicures, pedicures, facials to hair replacement and fusions, not to mention the standard fare of hair cuts, perms and colors for men, women and children.

Mother/daughter team of Rita Sheehan and Dorene Ayers, have operated Hair Formula I since September 1986. The experienced staff invites you to come by, say hello, become acquainted and have a cup of coffee with them at any time. They welcome you.

A "Code of Ethics" established at Hair Formula I reads as follows:

"We at Hair Formula I are grateful for the opportunity to serve you. We will endeavor to set the pace in economical family hair care, always keeping foremost in mind that you, the customer are the foundation of our profession.

We pledge to devote that time necessary to each and every one of you in fulfilling the service that you, the customer are paying us to do. We further pledge to maintain our professional tradition by keeping rhythm with new styles, techniques, methods and practices that may benefit you, the customer.

We here at Hair Formula I are gratified that you have chosen us as a family hair care facility and we welcome any changes that will enable us to improve our services to you. We will capitalize in maintaining our reputation beyond reproach. We care and we'll prove it."

In consideration of the sincerity of this "Code of Ethics", Hair Formula I is pleased to announce their embarkation on new horizons. Sanford's own hair replacement center for men, women and children.

Hair plays a significant role in human culture and it has since the dawn of time. Hair loss, too, has been an equally historic phenomenon. Losing hair isn't easy, it may even take mental adjustments. If you are more comfortable covering your head, there are several options including a cap, scarf, hat or turban.

If you chose to replace your hair, there are three options. First a hair transplant, which is often expensive, painful and doesn't achieve the desired results; second, choose a fashionable wig; or third you can choose a prosthetic hair unit.

Hours are Sunday 10 a.m. to 3 p.m.; Monday through Saturday 9 a.m. to 6 p.m. Later hours by appointment. Walk-ins are welcome at 2479 Airport Blvd. in the Country Club Square Shopping Center, Sanford or call today, 321-8114.
