Cavite, Philippine Naval Base, Survives Heavy Bombing Attack Friday

British Still Hold Hongkong

Direct Bomb Hit Is Claimed By Dutch Pilots On Cruiser

CHUNGKING, Dec. 20.—(AP)—Ten Japanese warplanes which attempted a raid on Kunming on the Burma road were heavily engaged for the first time today by the International Air Force and four of them were shot down without the loss of defenders, said reports in high Chinese quarters.

The Navy Department at Washington reported today a United States submarine had sunk "an additional enemy transport."

No details were given of the latest reported action by American undersea craft, but earlier this week it announced a submarine had sunk one enemy transport and probably a destroyer.

Thus the sinking reported today was of a second transport lost to the Japanese by U. S. submarine action.

The Navy also reported that Cavite a Philippine Naval base, had sustained a heavy bombing raid Friday noon, but American forces had suffered only "light casualties."

Hongkong's defenders drew a deep tribute today from Dornel, the Japanese news agency, when it said in a broadcast the "expected imminent fall of the colony has been stayed-off by their stubborn defense."

U. S. Army headquarters today reported heavy fighting at the predominantly Japanese city of Davao on Mindanao Island. Four enemy transports landed troops. Gen. Douglas MacArthur says the "fighting is continuing."

The first word from Hongkong in 24 hours says the British still are holding out. The Japs say the city is in flames and they control the harbor.

OCTOBER

(From The Lantern) In the middle of October How could any one be sober? Autumn's wine is rich and dark, And I cannot help but mark Pen is deep in liquor sunk, All the little elves are drunk, Leaves are flushed, and bees are tipsy, Wood-smokes reeling like a gypsy; In the corn there is rustling, In the stubble fields a bustling, Where Bob White is slipping through— They have had a drink or two, Crickets in the sun are drowsing; Surely with too much carousing, Even I cannot be sober In the middle of October. LYDIA B. LITTELL

Don't neglect your Christmas shopping because of the war.

You don't have to buy Japanese toys. Life Magazine describes how to tell a Japanese. But we'll leave it to Senator Pepper to get them told.

Gen. Flinker who has been in command of the Tampa air base is now in charge of the air forces on the Hawaiian Islands.

Some people are getting so nervous over this war situation, every time they hear an automobile horn they think it is an air raid alarm.

Japan is said to be using submarines with crews of only two men each. That's so they won't lose so many men as U. S. war ships pop them off.

"Little Joe" Hendricks volunteered for duty in both the U. S. Army and Navy, was rejected. He will be of more service to his country in Congress.

If the Russians were winning so many successes on the eastern front as their reports indicate, there wouldn't be much to worry about the British in Africa to worry about.

Tommy Manville, Broadway playboy, lost a tooth and his bride the other day after a free-for-all "fuss" leaving him all upset. It was the first time he had lost a tooth.

Whatever happens in this war we must not permit ourselves to become gloomy. We can win this conflict only if we keep our chin up and our sense of humor working overtime.—Ole Star. And there gloomy ones in Ocala too!

The United States has made a deal with the Vichy government over the hand of Martinique. The French have agreed to let it or any of their ships there, into Hitler's hands. This sounds very much like their agreement with the British about French feet, which is about good as Hitler wants to let it.

The age of 19 is asked for by President for the minimum age appears to be pretty close to most of us and yet it is presumed that men will be sent into battle the minute they are drafted. A month's period of training is all that is to be had. The war is being fought for the first time in the history of the world.

There is hardly a job so routine, so dull, that cannot be extracted from Life Magazine. The only thing that is not in Life Magazine is the fact that it is in Life Magazine.

Little Business

The government is really becoming alarmed over the plight of small business. It is widely recognized in official quarters that the change from a peace time economy to one of all-out war effort is going to prove too much for many a small concern, with consequences more disastrous than the 1932 depression unless emergency action to assist such businesses is quickly effected by Congress.

Declaring that the "well being of the industrial worker in small enterprises is dependent upon our ingenuity in maintaining full employment," Paul McNatt, Security Administrator, tells Congress, "we enter a period of priorities and bottlenecks, of tremendous shifts from civilian to military employment. The readjustment will be drastic and many people will suffer in the process."

Others who testified before the Senate committee were C. C. Fichtner of the Department of Commerce, Frederick Virkus, president of the National Small Business Men's Association, and George Seedman, president of the American Business Congress, all of whom agreed that while small businesses provide the bulk of the nation's employment, few of them will be left by the time the war is over unless present restrictions are relaxed and a better opportunity to do business is afforded.

If Congress really wants to preserve the little business man throughout the emergency so that he will be on deck to take up the slack in unemployment when the men in the Army are ready to go back to work, it can do so very easily by requiring a fairer distribution of government contracts to little businesses, by a relaxation of the present 40-hour work week and by a more equitable distribution of the tax burden.

Few people realize it, but to date practically all of the vast defense contracts have been awarded to a few large industrial corporations. Not only are little businesses not getting any of this juicy work to handle, but they are also being restricted in other fields of business activity by the Priorities Commission which denies them necessary raw materials while allotting almost all of these essentials to the war industries with big government contracts.

We have no doubt that this is necessary for a speedy and effective prosecution of the war, but it does not make it any easier for the business man who is confronted at one and the same time with enormously higher taxes, next year than he did this year, while those corporations with government contracts are not taxed in proportion to their increased ability to pay.

Meanwhile, big business is taking advantage of the 40-hour week law by limiting the work week to 40 hours, thus avoiding overtime pay and taking the labor of the little businesses away from them. Thus little business is starved for business, starved for labor, and taxed to death. By the time the war is over, few of them will be left and the country will be run by big business unless the government corrects the present situation.

Strange Accidents

From the National Safety Council in Chicago comes a report on accidents which occurred during the year of 1941. Not all of them were of the conventional type. Some of them might even be called double accidents or coincidents of the rarest kind. What would you do if you were walking down the street and a goose suddenly dropped out of the sky and falling on your head knocked you cold? Well, that actually happened to one person.

L. T. Hill, a steeplejack, fell 100 feet from a steeple atop a church in Ellsworth, Wis., and landed on a cement walk, the Safety Council relates. To the amazement of Dr. A. R. Aanes and Wilford Corman, the town undertaker, who drove up from opposite directions just as Hill fell, the sturdy steeplejack got up and started to walk away. A thorough examination at a hospital revealed nothing more serious than a sore thumb. The fall was broken when Hill struck a projection 10 feet below the perch, another 50 feet farther down and a slanting roof over a basement stairway.

The chairman of a meeting of East St. Louis, Ill., retail furniture dealers banged his gavel vigorously to signify that a motion was before the house. The head of the gavel flew off and landed whack on the head of Jack Dougherty, a furniture salesman. The motion was carried. So was Mr. Dougherty — to the hospital.

Mrs. Paula Teutsch of Chicago thinks automobiles are dandy for older folks who want a more sedate ride. For herself, she prefers a motor scooter that has some zip to it. Mrs. T., who is 63, loved to putt-putt along humming the Hut-Sut song. But one day the scooter developed too much scoot and slambanged into the rear of an auto. Mrs. Teutsch's wrist was broken and the scooter was scuffed. Worst of all, police suggested that Mrs. T. cease to be a scooter rooster. Shucks!

Frank Balente of Rochester, N. Y., attended a family reunion this year, but he didn't enjoy himself. As Mr. Balente drove across an intersection he was struck simultaneously by two cars coming from opposite directions. One was driven by Fred Charles, the other by Fred's brother, David.

Miss Wanda Adams of Plainview, Tex., drove into a filling station to have her car serviced. She maneuvered it onto the hydraulic hoist, which an attendant immediately sent skyward. Miss Adams went along for the ride. She absent-mindedly decided to step out — and did. No serious injuries.

The theme song of Jerry Putterman's automobile was, "I Don't Want to Set the World on Fire — I Just Want to Start a Flame in My Pants." When Mr. Putterman, of Chicago, stepped on the starter one day, the "New Central" Engine Company 57 made a fast run and caused the flame. A week later the same thing happened. Engine Company 57 did its duty again, but warily. A month later Mr. Putterman's father tried to start the car. Good-bye to Jerry, but this time the first run was as put out as the first. So Mr. Putterman took the lease busy to a garage. A mechanic, looking for trouble, tested the starter. Yes — old 57 again!

THE EMPTY STOCKING

THINGS WE'VE SEEN AND HEARD

By MAYME M. HODGKIN

What with the Kiwanis, Shriner, Elks and Merchant's Association, Santa Claus really gains to town. It's a grand thing to know that even though most of us look and act too sour with our burden of the troubles of the World to even think of joy or fun, yet when Christmas comes again all our hearts are awakened and the milk of human kindness flows still. Life would be a pretty empty existence without old Santa. There is no wonder that there is joy everywhere at this season, it could not be otherwise because our every thought and effort is directed wholly toward our brothers. It's enough to prove, to pig-headed us, that there lies the only road to happiness which we continuously seek, but we can't seem to absorb the fact and by New Years we're trudging through the old swamp and moans of worry and self.

The Visitation Committee of the Tourist Club which was elected last Monday night is now working with a vengeance. They have many calls this week and are doing a great work to promote happiness for our visitors in Sanford.

Being a poor lone widow this idea of making dates is a very intriguing pastime, so here goes for making another one with you. (Notice we make them only en masse.) There will be a covered dish supper at the Tourist Center on Monday, December 23rd at 6 P. M. The Tourist Club hopes to have an election of officers on Monday night and thus be able to plan their activities throughout the Season. The reason for the postponement of this election has been because of the lack of the townspeople in attendance of other meetings. The Tourist Club is not an organization for tourists alone, it is one of our very small sister towns. The membership of the club is more than half composed of residents of the town. The night of their first meeting 50 persons became members. When there is a large number of new members it is possible to have ship it makes it possible to have a number of entertainments free to all members, during the season and with the small membership dues which are smaller than any other place in Sanford there are funds for refreshments and entertainment not available in our City.

Therefore, even though you are terribly busy at home with your holiday preparations, remember it is our duty as hosts to give some of ourselves to it and give some of ourselves to it on the 14th and join us here at the Tourist Center. If you find it impossible because of family obligations to come to the supper, come on days after you have served supper at home and help to swell the ranks of the Sanford Tourist Club.

One or two persons should not carry the responsibility of putting Sanford over. All the money in this town cannot be used for handouts. Every man, woman and child in Sanford is and will continue to be the necessary money to promote the entertainment, but without you it is just an empty stocking. You are the only person who can give the money to the empty stocking. It is your duty to give the money to the empty stocking.

our home duties are so much more numerous and demanding than those of others. However, the Colonel's Lady and Judy O'Grady are still appropos in this situation. If a fire threatened your home and family you would without question lay aside the menu for the day, the broom or the laundry list and not stay until you had extinguished the blaze. Our young men have taken on the job for us but they are not expecting us to sit on the side line and watch them do it. They have a right to, and expect us to ease their minds and bodies with our prayers and the work of our hands. If this faith should die in their hearts we would prove ourselves to be a pretty scoldish lot. Don't let us fall them. There is no more powerful weapon against any enemy than the love expended in the work of our hands for the comfort of our men.

Talk our aim to preach, but just to clear the cobwebs from our own conscience, and so — if the shoe fits, well, let's polish up the old thing a bit and it won't pinch so.

Writer Says Japs Will Have To Strike Quickly To Defeat U.S.

WASHINGTON, Dec. 20. —(AP) Military analysts hold Japan's waters, and the Dutch have a fleet of light-battler craft in the Pacific.

Japan's 10 old capital ships have short cruising ranges. They could not steam from Yokohama to Hawaii without a vulnerable fleet train of oil tankers. They were built for action in water close to base. Their armor is much lighter than the U. S. battleships, but they are faster. Here's the way it adds up. The war does not cut the U. S. off from sources of any raw materials except silk. America's problem is only the protection of convoys from sources in friendly hands. Japan has the convoy problem, plus the necessity of first conquering the sources of supply.

The U. S. is dependent on Japan for only one of the Asiatic raw materials — silk. Japan, on the other hand, normally gets most of her cotton, scrap, steel, a large quantity of oil, much of her lumber, chemicals and leather from America. Her steel comes from Canada, not at all distant here. The United States can function without silk. But Japan, through the war, is effectively cut off from her biggest source of raw materials.

Further, the R.C.D. (American-British-Dutch East Indies) coalition puts an added burden on Japan. She must conquer the Indies before she can gain the tin, rubber and oil of the Archipelago.

Falling of a quick decision either way, the Japanese-American conflict will likely develop into a long-range battle of the sea routes.

In naval strength for protecting the sea lanes vital to both countries, Japan is definitely at a disadvantage. The U. S. maintains a fleet built around 18 capital ships in the Pacific, mounting a total of 24 16-inch guns and 164 14-inch.

Japan has a navy built on the basis of 12 14 capital ships, depending on whether four battleships scheduled for launching this year are fitted for duty. The 10 old ones have 16 16-inch guns and 88 to 14-inch.

Remember, too, that Britain has

Now that America is at War!

Government Long Distance Calls Must Come First

The immediate availability of Long Distance telephone facilities is vital to the communication needs of our government. We urge everyone who plans to exchange the season's greetings by Long Distance telephone, to please refrain from making these calls on Christmas or New Year's Day. The Long Distance telephone is already playing a major role in America's all-out war effort. Government Long Distance telephone requirements, both civilian and military, have stepped up sharply. Industrial plants engaged in defense production, radio networks and news services are relying more and more upon the speedy contacts made possible by the Long Distance telephone. Therefore we urgently appeal to you to help keep Long Distance lines clear, on Christmas and New Year's Day, that we may efficiently serve our Nation, unhampered by calls of a non-essential character.

Political Aspirant Decides To 'Join Up'

JACKSONVILLE, Dec. 26.—(AP) State Representative Charles E. Bennett said Wednesday he was withdrawing as a candidate for Congress from the Second District in order to enter some branch of military or naval service. Bennett announced his decision in a statement to the press last night, and up until that declaration of war upon our nation, campaigned actively over the district. Bennett said in a prepared statement, "Being 31 years of age and in good health, I have made application for a commission if it is not approved, have waived the exemption which I have under the Selective Service Law."

## This Year

The approaching 1941 Christmas finds the United States at war with the Japanese Empire and Nazi Germany (also Fascist Italy). Our nation can not, under the circumstances, be as joyful as in past years, but we can set an example for future generations by uniting in the interest of the defense of our beloved land.

**Isolationists** — Burton K. Wheeler, Bennett (Cham) Clark, Gerald P. Nye, Hamilton Fish, James E. Van Zandt and Harold Knutson — have set a signal for solidarity throughout the country. These men have led their followers into the mythical "All-Out Defense of United States Organization"; they have pulled together with the Roosevelt administration in making an effort to divert any fifth-column activities.

We Americans are a great people; we can do ALMOST ANYTHING WE WANT TO — and we WANT TO PRESERVE OUR NATION. By merely being a true, loyal American, we can preserve our nation. We must obliterate fifth column activity — so effective in Austria, Czechoslovakia, Belgium, Norway, Poland, France, and Hawaii.

By being calm and sensible, the people of the United States can and WILL destroy any fifth-column menace. The entire outcome of the war may depend upon the reaction of the Americans to any fifth-column temptations. Adolf Hitler himself has said that "America will be an inside job." As in Soviet Russia, the Hitler fifth-column threat will be checked here — NOW by alert Americans.

Fifth-column movements are not as profitable as some of our disloyal citizens may presume. It has been stated that some of the Hitler fifth-columnists have been disposed of after they had served their purpose. This statement is well-worth noting when one considers the offers of "high rewards" by foreign agents after the conquest by Germany of the United States.

This Christmas — as a gift to our glorious nation — let us show a united front AGAINST fifth-column activity.

## S.H.S. SASSIETY

"Twas the night before Christmas, and all through the house, which reminds me that this is Saturday in there are only three more shopping days left. Everyone here at S. H. S. is hinting around and trying to find out what to give THAT certain girl or boy so this letter to Santa should help a little.

"Dear Santa Claus: Please bring BILL BRANAN a pair of tan shoes size nine, because he has outgrown his eight-and-a-half and is about to get back on his feet again.

It seems that a budding romance has blossomed into full bloom because EARL JETER wants to find SHIRLEY ECK and wrapped in cellophane sitting under his Christmas tree and SPENCE WILLIAMS likes to see what his friend SIN KILLEY is doing to find SIN KILLEY's delectable treat.

SHIRLEY SMITH says she wants lots of sport clothes in all different colors while EMMA RUMBLEY wants a maroon skirt and an aqua sweater.

And in the animal kingdom a pink elephant is just what ANGELA MEISCH wants, but BETTY CARROLL wants her big and real such as a St. Bernard dog.

Jean Giles has been a real good girl so don't you please try to bring her a little gold pocket in the way of jewelry. VONCILE YATES wants a carman "stretch" bracelet and five dollars would suit TOMMY HANSON fine 'cause then he could have his watch fixed.

Santa, when I asked LAMBERT PALMELI what he wanted he said, "A deferment from the Army or a non-combatant position in one of the armed forces." And VIOLET DORTON wants her boy friend in the navy to come home, but who wouldn't?

STELLA TOUCHTON has her heart set on a pair of fuzzy bedroom slippers, and a plaid skirt. MOT WIGHT says what she wants is unmentionable, but she really would like some make-up.

LAURENCE PEARSON wants a blonde from Orlando and EM. MITT HERNDON wants a girl from over there named Mary Bachelor.

MARY SKINNER wants more than anything else, a trip to Savannah to see a certain Kenneth Youman and MARGARET

MYERS has her heart set on a paid suit. BILLY BRUMLEY has grown up now and he wants a new and bigger trumpet so see what you can do about getting it for him.

Looking ahead for the cold days of January, LUTICIA GORMLY wants a natural colored coat and CHRYSSANTHE KENIS wants a leather jacket.

These good boys and girls will appreciate along with their gifts saving bonds and stamps.

P. S. I forgot to tell you that I want a book on how to make Ford jalopies run in ten easy lessons."

## Vocational School

Here's the rest of our Christmas list. Santa, please take notice: Elizabeth Wyfn wants a white wool dress and a white hat; Alma Anderson, a defense stamp; Arthur Kirshhoff, toilet soap; Sarah Krider, an Easterbrook pen; and Inez Williams, clothes.

Mrs. Maxwell: William, why are you late this morning? William: Class started before I got here.

Our new pupils this month are: Mrs. Joder Cameron, Mrs. J. E. Hodges, Eleanor Watt, and Arthur Kirshhoff, who are taking shorthand.

After the Christmas holidays, new classes will be started in Bookkeeping, Business English, Office Practice, and Civil Service. There's still time to join the beginning shorthand class and finish the course by the end of the school year.

Ode to Flu: I sneezed a sneeze into the air it fell to ground I knew not where. But hard and cold were the looks of those in whose vicinity I sneezed. We all miss Harry Joe Minarik, who has joined the Navy. We wish him the best of luck. Rebecca: Have you noticed that most successful men are bald? Sally: Naturally, they come out on top.

Most of the girls in the second year class have part-time jobs. Many of them are working in the various stores during the holidays.

Our advice to motorists: Just because you see its tracks is no sign the train has just passed. And remember that mud thrown in ground lost! See you next year!

## Seminole High Student Council Members Attend DeLand Convention

Ann Stine, Edna Benkarik, and Edward Marshall attended the Tri-County Student Government Convention at DeLand High School on Saturday, Dec. 18. Lake Seminole, and Volusia counties were represented.

Alyn Thompson, DeLand High council president, gave the address of welcome while Rev. Clyde Smith led the devotional. The DeLand president then appointed the Constitution, Resolutions, and Nominations Committees.

Dr. Robert McGowan, poet, world-wide traveler, and clergyman, addressed the convention on Saturday morning. He related that the "Responsibilities of Youth in the Modern World" centered around development of the body and mind. He said through these developments youth could preserve the world as well as govern it during the peacetime that will follow the current conflict.

Three discussions — Organization of Student Government, Social Problems, and School Problems — followed Dr. McGowan's address. The various representatives chose the discussion in which they wished to participate and adjourned to the designated discussion room.

Sanford was represented at all three forums.

Following the lunch hour, the committees gave their reports. An official Constitution was adopted for the Tri-County Association

of Student Government. The nominating committee reported next. Results developed from this committee showed the following officers: Don Tatum, DeLand, president; Fred Smith, Daytona, vice-president; Francis Douglas, Leesburg, secretary-treasurer.

Leesburg was chosen as the site of next year's convention which will be held during the second week of December if conditions permit.

The reports of student council activity in schools were then given by respective delegates from Daytona, Leesburg, Sanford, and DeLand. Many ideas were secured by the Sanford representatives from these reports for the betterment of the Seminole High student council.

The first annual Tri-County Student Government convention was closed with a banquet Saturday night. The DeLand council president welcomed the delegates while the new Tri-County president, Don Tatum, gave the response. Dr. McGowan again addressed the group. He emphasized that we must work hard to solidify ourselves during these dark days and that we must get away from any trend that would indicate "it's no use" to do this or that.

Sanford hopes to be represented at the Tri-County meet next year in Leesburg.

**LYMAN SCHOOL**

By JACK DYER

Mr. and Mrs. Herbert Starr and son, Woodie, were visited on Thanksgiving by Mr. Starr's parents, Mr. and Mrs. W. C. Starr, Mr. and Mrs. R. T. Milwee, Mrs. Lavigne, Mrs. Southerland, Mr. and Mrs. Porter, and Doc McElroy. A dinner in which the "old bird" was really slaughtered.

Georgia and Jesse Miller are two new members of the sophomore class. They have just moved here from Eureka, Kansas.

A debating club meeting was held immediately after lunch Tuesday, Dec. 9, with Miss Marchman in charge. Those on the affirmative are Jewell Prescott, Colleen Clark, Mary Emma North,

## S. H. S. Ramblings

Studental! We're free! The Christmas holidays have begun and we're just as happy as a lark. The new rage is knitting sweaters for the Army. If you feel the desire to "do your part" in the way you'd always find someone in the RED CROSS room next to PENNEY.

VALARIE WELLS has definitely made up her mind which it is HUGH WHELCHER or George Speer but for some unknown reason her decision is a deep dark secret.

A little romance that has been budding and blooming for quite some time is that between RUBY DOBBINS and STUART QUARTERMAN and by the way don't you think they make a cute couple.

CLARA HASKINS has been saving on shoe leather these days. Instead of walking to school every morning, a certain little boy from Orlando with a black Ford has been bridging her. Uh-hum!

LOIS CALDWELL, MAC CLEVELAND, McKAY TRULUCK, KINKIE WIGGINS "had them a time" the other night. MOT WIGHT and BILL BRANAN night stealing oranges and playing on the swings and slide at SOUTH SIDE! My! Seems as if "their second childhood" is coming on at an early age!

Who's the big, handsome brunette that wants a date with MARY RABUN the other night? Well it seems the old saying goes "When the cat's away the mouse will play." But "really" over the fact that DUBB'S COMARY still seems quite excited in his home for the CHRISTMAS holidays.

Since AMOS JONES arrived in which he attended he was elected president for the coming year.

Mr. Wells and Mr. Milwee attended the Central Florida Conference meeting. Lyman was put in eighth place in the conference with Tom Van Horn as all-conference line man. Mr. Wells was elected president of the conference.

The Orlando Morning Sentinel has asked Lyman to appoint a reporter for the basketball season to cover all the home games. This reporter will be able to wire all news to the paper at no charge or delay.

## Meeting Is Held By Pan-Am. Club

The third meeting of the Pan-American Club was held Friday during Activity Period in Miss Dunlap's room.

All of the members were urged to pay their dues, which are \$45 a semester, before Christmas. It was decided that the Club was to have held a page in the Rally for their picture and the type was also discussed.

Following this business routine a short program was given. Those taking part were as follows: Katherine Spencer, Doris Entminger, Dorothea Dyess, Gladys Pippin, Betty Petas, and Mary Crawley.

The meeting was then declared adjourned by the president, Susan Kirtley.

George Nader has returned to S.H.S. He has been attending school at Daytona Beach.

## 100,000 JAPS TRY TO LAND AT LUZON

### Hongkong Still Holds Out Under Japanese Attacks

Enemy Lays Siege And Hits Defenders Of Colony From Land, Sea And Air

### Malaya British Strike At Foe

Nippon Airplanes Are Destroyed By R.A.F. In Eastern Thailand

London sources indicated today that Britain's Hongkong garrison still held out under the Japanese siege and direct attack by land and air. In British Malaya, defense forces 300 miles north of Singapore are reported smashing heavily at the Japanese.

From Rangoon, the R.A.F. attacked a Japanese air base in eastern Thailand, destroying grounded planes and gasoline reserves in the first aerial smash of enemy forces there, the British announced today.

The British forces defending Hongkong have resisted a Japanese landing force on the western side of the island since the Japanese announced Sunday night that they had landed in northeastern Malaya. They had been successfully withdrawn from the area of Kelantan state between Kota Bharu, where the Japanese made their initial landing Dec. 16, and Kuala Krai, 45 miles to the south.

British imperial defenders of Hongkong, doomed by an overwhelming Japanese siege to some extent certain death on various fronts, told the world by radio Sunday that organized resistance continues in heavy fighting. Another report by the British radio said the expected fall of Hongkong had been delayed by tenacious resistance. In the same broadcast the domestic radio said without amplification that the Hushang area of the mainland section of the Chinese coast, where they annihilated the Japanese from the rear.

### Negro Runs Amuck, Is Jailed By Police

Gelshorn, one of Sanford's negro youths, was the scene of much excitement this morning when a drunk negro stole a shotgun and was shooting it on the street on his way to Hill street. Chief Roy Williams shot him.

The negro, Ed Ross, was disarmed and placed in jail by Chief Williams and Officer C. W. Bluff. After a preacher turned the intoxicated negro to his home, the negro apparently ran amuck. He ran into a house, stole a shotgun, and came out shooting it, declaring he was going to kill another colored man, Chief Williams stated.

### Claydon Bailey Is Promoted By Navy

NEW ORLEANS, La., Dec. 22.—(AP)—Chief Petty Officer Clayton W. Bailey of Sanford, today was promoted to the grade of chief petty officer, effective as of Dec. 1, 1941. Temporary promotion to a higher grade are in line with the Navy's program during the war emergency.

### Nazis May Be Preparing For Swift Attack

Hitler's Assuming Of Command Indicates Attempt To Close Mediterranean Sea

A source which often has had remarkably accurate information behind the scenes today said today Adolf Hitler's assumption of full command of the German army, and new Axis movements, indicated the Germans are preparing for a swift attack to close the Mediterranean.

The object, he said, would be to salvage the Libyan campaign and offset the retreat in Russia. Publicly recognizing the cold difficulties and torments suffered by the retreating German armies in Russia, Adolf Hitler announced Sunday night he was taking over personal direction of the Nazi land forces, and he immediately appealed to his soldiers—"fanatically"—to be put to—wait out the winter for new arms and troops.

Hitler first announced in a surprise move that he had replaced General Field Marshal Walther von Brauchitsch as commander of the armies.

The dramatic announcements, including the bold-faced exhortation to his troops, contained the harsh admission that the great Red army offensive of recent weeks had been a "German disaster." The Russian have driven wedges into German positions which have made it impossible for the Germans to halt their retreat and have demolished the Hitler pretense that the Nazis are executing an orderly withdrawal to straighten their line, an authoritative military commentator said yesterday.

### Axis Garrison In Libya Said To Be Seized By British

British Cairo headquarters indicated that main British forces were pressing forward at top speed today and reported a successful attack against the Axis garrison 150 miles inside of the western sector of Libya.

The Axis shattered army in Libya, split and in headlong flight, was pictured by British headquarters Sunday night as too disorganized to collect its strength for an effective defense of Benghazi, the enemy's last major position east of Tripoli.

### Knox Reports U.S. Attacks On Axis Subs

14 Italo-German U-Boats, Several Jap Subs Sunk In Both Atlantic and Pacific

At least 14 Italo-German U-boats and several Jap submarines have been sunk or damaged, Secretary of the Navy Knox declared last night in an announcement of United States attacks on enemy sub fleets in the Atlantic and Pacific.

The announcement of the victories in the war at sea, presumably from the time of President Roosevelt's shout on night orders to the United States Navy on Sept. 11, came after disclosures that enemy submarines had carried the war close to both shores of the United States and sunk one American coastal ship with possible loss of 22 lives.

Enemy submarines, edging close to California shores, Naval and torpedoes the big American tanker Smidco, and fired deck guns at the tanker Agaw. Possibly five of the Emilio's crew were lost. Five were injured and 30 rescued. When last seen the vessel was still afloat but wallowing and riding low. She had been hit in the stern by the torpedo.

The Arwidrow escaped by turning from her course and racing shoreward. It was said her only damage was a severed hawser line, which was cut by a shell.

### U.S. Troops Fight As Enemy Strives To Get Foothold

Support Given Boy Scouts On Paper Campaign

Clubs and organizations of Sanford have begun to pledge cooperation and support to the local boy scouts who are collecting waste paper in accordance with a request made by Lt. Henderson of the office of production management, E. W. McCalley, a scout master whose troop was among the first to start the Sanford campaign, said today.

A number of citizens have telephoned and advised scouts of where they can secure discarded wrapping paper or boxes. Members of the Sanford Women's Club, Mrs. C. R. Dawson, president, said, have also pledged their support in the campaign.

Mr. McCalley pointed out that Administrator Henderson wrote Mayor W. F. Hill, telling him that the national waste paper collection campaign is rapidly getting under way throughout the United States.

"As you know," Henderson wrote, "waste paper is vital to defense because it is the principal raw material used to ship defense materials. Department of Commerce figures show that about three-fourths of the paper produced in the United States each year is burned. We must stop the burning of old newspapers, corrugated boxes, magazines and waste paper."

### Weekly Citrus Sales Show Great Increase

LAKELAND, Dec. 22.—(AP)—Spurred by abnormally light shipments and improved buying power, auction prices on Florida langesines and grapefruit were better during the week ending Dec. 20 than for any corresponding period in the eight-year records of the Growers Administration Committee and orange prices were highest since 1935 for the season.

### Memorial Service Held To Honor Kelly

Six to eight Japanese divisions — 80,000 to 100,000 men — strove for a real foothold on the island of Luzon today, 150 miles from Manila, and were met by a valiant defense in which American and Filipino troops "more than held their own."

An estimate from the War Department at Washington doubled previous estimates of the Japanese invading strength carried toward Philippine beaches by 30 troopships under a strong naval and air escort.

The motherships put a host of 150 man barges into the water, and these swarmed toward shore "some of them succeeded in getting ashore," said the war Department communique.

Official announcements said that tank combat figured in the new struggle but whether these included large landed Japanese tanks was not clear. Hard fighting American and Filipino soldiers were declared to be more than holding their own in the bloody fighting along the stretch of sheltered coastline where the Japanese are attempting to land.

The first repulsed Japanese thrust at Lingayen was the initial encounter between the invaders and the Philippines' stout land defenders.

In other Luzon landings which were unopposed, the Japanese have gained small beachheads on the Luzon coast at Apariti in the north, and at Vigan, in the northwest some 100 miles above Lingayen.

### Jap Capture Of Guam Is Reported Probable

WASHINGTON, Dec. 22.—(AP)—The Navy said today its last message from the island of Guam — received two days after the attack on Pearl Harbor — reported that civilians in the streets and the native hospital Agaña, the capital, had been machine-gunned by enemy planes. Since Dec. 13, the capture of the island by the Japs has been considered "probable."

Here Are Instructions For Schools During An Air Raid

WASHINGTON, Dec. 22.—(AP)—
The Office of Civilian Defense
has issued instructions for
schools during an air raid.

The Tourist Outlook

Just what the war will do to Florida's tourist season,
confidently predicted a few weeks ago as destined to be
the best on record, is now somewhat problematical.

The manager of a tourist bureau in Miami reports
that despite the bad news of Dec. 7, very few cancellations
resulted during the first few days thereafter and
that now his organization is receiving many new bookings
not only for Florida but for Cuba and the Bahamas as well.

"Both Pan American and P. & O. have informed us",
says R. T. Belchambers, "they intend operating as usual
per their current schedules, the P. & O. having no intention
that the government would take any of their boats."

Austin Williamson, traffic manager of the P. & O.
Steamship Company, just returned from Havana, said.
"They are looking forward to a busy season in Cuba. Our
reservations are about normal. We have several large
conventions booked for transportation to Havana during the
holiday period. During World War I, we operated our
service on regular schedules handling both mail and passengers.

Edward Tietze, general sales manager of Havana's
famed Hotel Nacional de Cuba, said, "The attack on Hawaii
was very disconcerting. However, we've been in wars before
and I do not think people are merely going to go into a
blackout because of the present international situation. Our
bookings are heavy, and we are preparing for a fine season."

H. V. Moon, general manager of Rainbow Springs, the
widely-known attraction near Dunnellon, said, "Undoubtedly
we have had a temporary monkey wrench thrown into our
December business. However, we do not believe thinking
people are going to forget the need and value of the kind
of relaxation such as can be found only in Florida and near-
by Cuba. Once the holidays and the uncertainties of the
present draft discussions are over we should see a large
number of former and new visitors."

All in all we can see no reason why Sanford should be
down-hearted. We have less stake in the tourist business
than most Florida communities. We do not believe the
tourist business will be seriously affected, but if it is, we
will still have our principal mainstay throughout all these
lean years and that is celery. And the outlook for agriculture
in general is much better than it has been in many years.

Christmas Savings Clubs

Over four hundred million dollars has been distributed
this month to approximately eight million individuals who
are members of the Christmas Savings Clubs throughout
the past year for the express purpose of buying Christmas
presents.

However, many persons have found it a convenient
way for saving for other abnormal year-end expenses.
Some of it goes to meet insurance premiums, some of it
for taxes, some of it for mortgage payments and interest,
some of it for charity, and some for many other similar
purposes.

But whatever it goes for, it is a good way to save.
You can lay aside a dollar a week or a dime a week and
at the end of the year get back a fund for which you are
sure you could find any one of a hundred convenient uses.

About \$25,000,000 of this year's Christmas Savings. It is
estimated, will be used to buy Defense Bonds and Stamps.

Thus from their temporary savings, people are acquiring
permanent savings and at the same time helping to win
the war. If you have never joined a Christmas Savings
Club, you should do so this year. You will be glad of it
when next December rolls around.

## Celery Feds Have Christmas Dance

The second annual Christmas dance of the Celery Fed was given in the Armory on Friday evening with music for dancing furnished by Glenn Brown and his orchestra.

Centering the interest in the Yuletide decorations was a huge silver star placed in the center of the ballroom overhead, with streamers of red and green extending from the points to the sides of the room into large baskets filled with Brazilian pepper. The stars was banked with fern, Brazilian pepper and poinsettias. The festive mood was completed by the soft lights of the Christmas tree. A large banner with a party at each end and the words "Merry Christmas" greeted the dancers as they circled the ballroom.

Sponsors for the evening were Mrs. John Eick, Mrs. M. S. Wiggins, Mrs. E. L. Perkins, Mrs. Otto Caldwell and Mrs. H. B. McCall.

At intermission a floorshow was presented with Mack Cleveland acting as master of ceremonies. The show featured vocal solos by Orlean Farrell, Jr. and Gladys Pippin; a violin solo by Bernard Deeter, and a girls trio which included Alma Grantham Betty King and Ann Stine. Following the floorshow, Patty Hodge and David Gatchel led the grand march. ## Inexpensive Fruit Cake Is Approved By County Agent

Mrs. Ouida Wilson, county home demonstration agent, has tested and approved an inexpensive fruit cake which she calls a "fast minute" cake, and recommends it as one that is "just right" for holiday festivities, a yeast fruit cake crammed with fruit and nuts. "It is not only delicious to taste, but pretty to look at as well and weighs 2 and 1/4 pounds."

The recipe follows: 1/2 cup butter; 1 and 1/4 cups brown sugar; 1 teaspoon salt; 1 egg, well beaten; 1/2 package fast granular yeast; 1/2 cup lukewarm water; 1/2 teaspoon sugar; 2 and 1/2 cups sifted flour; grated rind of 1/2 lemon; 1 teaspoon ground nutmeg; 1/4 teaspoon ground cloves; 1/2 teaspoon baking soda; 1/2 cup sour milk; 1 and 1/2 cups seedless raisins; 1/2 cup sliced citron; 1/2 cup broken nuts.

Four yeast into lukewarm water, add 1/2 teaspoon sugar, stir and let stand five minutes to soften. Add 3/4 cup of flour, beat smooth cover and let rise in a warm place 1 and 1/2 to 2 hours. Cream the butter, sugar and salt until light. When yeast batter becomes light, add lemon rind and spices. Sift the soda with the remaining flour, then add flour and sour milk alternately to the cake batter, blending thoroughly after each addition. Do not overmix. Lastly add the fruit and nuts, dredged with 2 table-spoons more flour.

Butter an 8-inch ring form pan and dust with flour. Pour the batter into the ring pan until 3/4 full. Put the remaining batter into well buttered No. 2 and 1/2 tin warm place for 1 and 1/4 hours. Bake them in a slightly cool oven, heated to 300 degrees and bake 20 minutes, increase the heat to 350 degrees and bake a total of 1 and 1/4 hours. Remove cakes from pans and let cool. Brush with apricot glaze and decorate with cherries and blancheted almonds.

Dean Winslow S. Anderson has accepted the presidency of Whitman College in Washington, Dr. Wendell C. Stone, Professor of Philosophy in Rollins College since 1933, was elected Dean of the Faculty at a meeting of the Trustees last week. President Hamilton Holt of Rollins announced he will assume his duties at the end of the present academic year.

**Leading Bowlers From Two Local Leagues Will Clash On Tuesday**

Sanford's two bowling leagues will clash in a special match Tuesday night in which the five top bowlers from each loop will face each other. The young Commercial league issued a challenge to the senior circuit, which was immediately accepted.

In results last week, Lewis Candy of the senior loop swept two of three games from Coca Cola to increase their lead over the latter five to two full games. Royal Crown and Lucky Boy each copped three straight from Spencer Harden and Grapette, while Dukes Tavern came out of a slump to take Pepsi Cola for two

of three. In the junior circuit, the leader, El Reeso, lost ground in winning two out of three from Emerick Hardware, as Andrew Carraway took three from Touchton Drug. El Reeso has a one game lead. Celery City won three from Lance Toastchee, and Hofmann Electric won two of three from St. Johns. The standings of the leagues and the individual leaders follow:

## 100,000 JAPS TRY TO LAND AT LUZON

### Hongkong Still Holds Out Under Japanese Attacks

Enemy Lays Siege And Hits Defenders Of Colony From Land, Sea And Air

Malaya British Strike At Foe

Wapon Airplanes Are Destroyed By R.A.F. In Eastern Thailand

London sources indicated today that Britain's Hongkong garrison still held out under the Japanese siege and direct attack by land and air.

From Bangkok, the R.A.F. attacked a Japanese air base in Thailand, destroying several planes and causing damage to the first serious smash of the enemy there, the British said.

British imperial defenders of Hongkong, deemed by an over-whelming Japanese siege to seemly certain death or waning captivity, told the world by radio Sunday that organized resistance continues in heavy fighting.

Another quoted by the British radio said the expected fall of Hongkong had been delayed by waning resistance. In the same broadcast the domestic radio said without amplification that the situation was a "a of the main land section of the Crown colony, where they assaulted the Japanese from the rear."

Negro Runs Amuck, Is Jailed By Police

Meltdoro, one of Sanford's negro sections, was the scene of a drunk negro who stole a shotgun and was shooting it on the street on his way to kill another negro, Chief Boy Williams said today.

The negro, Ed Ross, was disarmed and placed in jail by Chief Williams and Officer C. E. Hunter. After a preacher warned the intoxicated negro to stop, he ran into a house, where he was shot and killed.

### Nazis May Be Preparing For Swift Attack

Hitler's Assuming Of Command Indicates Attempt To Close Mediterranean Sea

A source which often has had remarkably accurate behind-the-scenes information said today Adolf Hitler's assumption of full command of the German army, and new Axis movements, indicated the Germans are preparing for a swift attack to close the Mediterranean.

The object, he said, would be to salvage the Libyan campaign and offset the retreat in Russia.

Publicity recognizing the cold difficulties and torments suffered by the retreating German armies in Russia, Adolf Hitler announced today that he was taking over personal direction of the Nazi land forces, and he immediately appealed to his soldiers—"fanatically"—to put it to wait out the winter for new arms and troops.

Hitler first announced in a surprise move that he had replaced General Field Marshal Walther von Brauchitsch as commander of the army.

He said intuition led him to his fateful decision.

The dramatic announcements, including the hold-fast exhortation to his troops, contained the harsh implication that the great German offensive of recent weeks had hurled Germany to the core and on the home front specifically.

The Russians have driven wedges into German positions which have made it impossible for the Germans to halt their retreat and have demolished the Hitler pretense that the Nazis are executing an orderly withdrawal to strategic positions, an authoritative military commentator said yesterday.

Other points mentioned in Russian reports indicated that "westward bulges were being made in the German front, the commentator said.

Axis Garrison In Libya Said To Be Seized By British

British Cairo headquarters indicated that main British forces were pressing forward at top speed today and reported a successful attack against the Axis garrison 150 miles inside of the western section of Libya.

The Axis shattered army in Libya, split and in headlong flight, was pictured by British headquarters Sunday night as too disorganized to collect its strength for an effective defense of Benghazi, the enemy's last major position east of Tripoli.

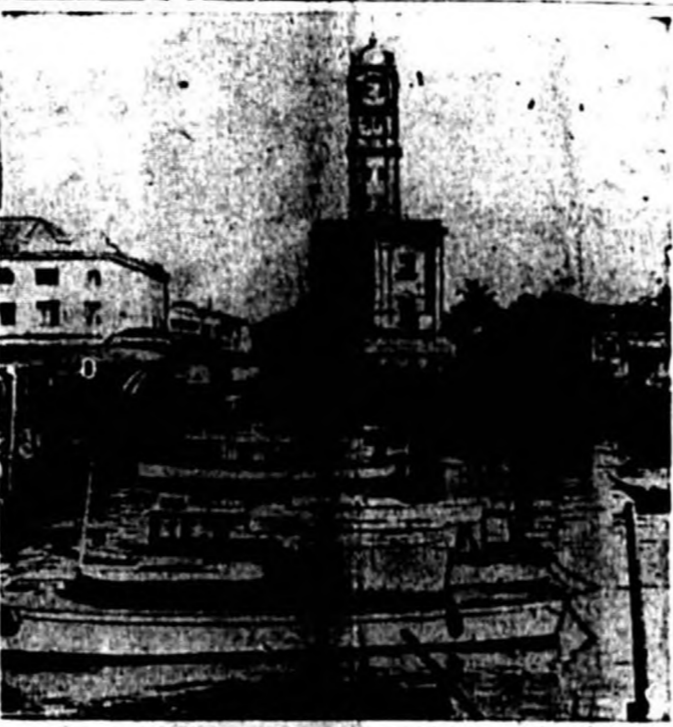

Nazi General Rommel's remaining armored forces had been driven to Soluch, about 35 miles south of Benghazi, and Italian infantry was declared virtually isolated northeast of the port.

The rapid pace of the British pursuit, pressed despite severe dust storms, was indicated by the fact that Soluch, island terminal of a spur railroad from Benghazi, is 150 miles south-west of Derna, whose capture the British announced only Saturday and 200 miles west of Cyrenaica's frontier, starting point of the British offensive on Nov. 18.

John Wynne Dies At Lake Monroe Home

### Jap Goal in Malayan Drive

Here is a view of the waterfront at Penang, Malaya. This rubber port is the goal of Japanese efforts in northern Malaya and its seizure would hamper shipping and force the British to find another port. In addition, capture of the island would give the Japanese a position from which to consolidate new forces and to store supplies.

### Rotarians Give Elks Toys For Needy Children

\$2240 Donated To Buy Plasma For Local Hospital

Charles Morrison acted as Santa Claus at the annual Christmas luncheon of the Rotary Club today and distributed toys to the members and their guests after which it was voted to turn the toys over to the Elks Club for distribution among underprivileged children at the Elks Christmas Tree on the night before Christmas.

Previously today the Rotary Club voted to donate \$22.40 for the purchase of one quart of blood plasma for the blood bank which will be kept by the Fernand-Laughton hospital.

Mr. Morrison recommended that on account of the national emergency Ladies Night, which originally was scheduled for next Monday night, be postponed and that instead a "poor man's luncheon" will be held next Monday noon when the Rotarians would have a 15 cent meal and contribute the balance of their \$1 payments to some worthy charity.

George A. Speer described the work of the Red Cross war relief fund and called attention to the fact that Seminole County's quota of \$5,000 will take some real work to raise. He asked for a contribution from the Rotary Club.

W. M. Haynes suggested that the fund raised next Monday at the "poor man's luncheon" be turned over to the Red Cross war fund. The Rotarians promptly voted to postpone Ladies Night, to have a 15 cent luncheon next Monday, and to give the proceeds to the Red Cross.

George Cochrane was welcomed back to the club by President R. W. Ruprecht after an absence of some weeks. Visitors at today's luncheon included Frank Williams of Winter Garden, C. J. Finley of Orlando and Lindsey Swain of Virginia.

### Knox Reports U.S. Attacks On Axis Subs

14 Italo-German U-Boats, Several Jap Subs Sunk In Both Atlantic and Pacific

At least 14 Italo-German U-boats and several Jap submarines have been sunk or damaged, Secretary of the Navy Knox declared last night in an announcement of United States attacks on enemy sub fleets in the Atlantic and Pacific.

The announcement of the victories in the war at sea, presumably from the time of President Roosevelt's shoot-on-sight orders to the United States Navy on Sept. 11, came after disclosures that enemy submarines had carried the war close to both shores of the United States and sunk one American coastal ship with possible loss of 22 lives.

Enemy submarines, edging close to California shores, shell and torpedoed the big American tanker Smidio, and fired deck guns at the tanker Agawam.

Possibly five of the Enid's crew were lost. Five were injured and the vessel was still afloat but wallowing and riding low. She had been hit in the stern by the torpedo.

The Agawam escaped by turning from her course and racing shoreward. It was said only damage was a severed hawser line which was cut by a shell whizzing close by.

The actual identity of the 14 enemy submarines probably sunk or damaged in Knox's announcement but he added, in speaking of the Pacific, that "our Naval forces have already effectively dealt with several Japanese submarines."

Flying Service Has Eight Local Men As Students

Eight local residents are flying with the Doramus-Hasbroeck Flying Service, a private instruction flying school, located at the old Sanford airport, according to Mrs. Mathew Hasbroeck, secretary and treasurer.

Of the eight members, several are already in the student rating. Mrs. Hasbroeck reported. The field will be inactive until next week as the personnel of the school has gone north for the Christmas holidays.

Flying with the service are John Jones, Andrew Carraway, K. Sullivan, Bill Staples, Willie Williams, A. Myers and Lester Guthrie.

Mr. and Mrs. J. L. Hurt received a cablegram from their son, Jennings, who is stationed at Hickam Field, Hawaii, with the Headquarters Squadron, 15th Bombardment Wing, United States Army Air Corps, stating that he is safe. The cable was the first direct news the Hurt family has had since the plane was shot down.

### U.S. Troops Fight As Enemy Strives To Get Foothold

Support Given Boy Scouts On Paper Campaign

Clubs and organizations of Sanford have begun to pledge cooperation and support to the local boy scouts who are collecting waste paper in accordance with a request made by Leon Henderson of the office of production management, E. W. McAlley, a scout master whose troop was among the first to start the Sanford campaign, said today.

A number of citizens have telephoned and advised scouts of where they can secure discarded wrapping paper or boxes. Members of the Sanford Woman's Club, Mrs. C. R. Dawson, president, said, have also pledged their support in the campaign.

Mr. McAlley pointed out that Administrator Henderson wrote Mayor W. T. Hill, telling him that the national waste paper conservation campaign is rapidly getting under way throughout the United States.

"As you know," Henderson wrote, "waste paper is vital to defense because it is the principal raw material for the paperboard containers used to ship defense materials. Department of commerce figures show that about three-fourths of the paper produced in the United States each year is burned. We must stop the burning of old newspapers, corrugated boxes, magazines and waste paper so that a lack of paperboard containers will not become a defense bottleneck."

Troop 34 has secured a vacant building to use as headquarters on Second Street next to Lodge and Sons and here the paper will be weighed and packed. Anyone having any waste paper may call Mr. McAlley or any boy scout and provisions will be made immediately for collection.

Weekly Citrus Sales Show Great Increase

LAKELAND, Dec. 22.—(AP)—Spurred by abnormally light shipments and improved buying power, auction prices on Florida tangerines and grapefruit were better during the week ending Dec. 20 than for any corresponding period in the eight-year records of the Growers Administration Committee and orange prices were highest since 1935 for the same week.

Tangerines averaged \$4.41 per one and three-fifths bushel box; oranges \$2.55; and grapefruit \$2.50 on the 10 major auctions last week.

Memorial Service Is Held To Honor Kelly

MADISON, Dec. 22.—(AP)—The full-throated roar of three planes overhead supplied a military air Sunday to Madison's simple, one-hour memorial service for its home-town hero of the second world war—Capt. Colin P. Kelly, Jr.

The planes came from Army bases in special salute to the 27-year-old Army pilot whose bomber scored three direct hits on the Japanese Battleship Haruna and sent her to the bottom of the Pacific on December 8.

Directors Of State League Make Plans

SILVER SPRINGS, Dec. 21.—(AP)—Directors of the Florida State Baseball League decided Sunday to adopt a schedule and make final plans for the 1942 season at a meeting Sunday, Feb. 8.

The directors gave unanimous approval to a major-league agreement that would push the period for drafting players back three weeks, thus giving the minors more time to complete player deals prior to the annual draft.

All state league committees will meet in Silver Springs on Monday.

(By Associated Press) Six to eight Japanese divisions — 80,000 to 100,000 men — strove for a real foothold on the island of Luzon today, 150 miles from Manila, and were met by a valiant defense in which American and Filipino troops "more than held their own."

An estimate from the War Department at Washington doubled previous estimates of the Japanese invading strength carried toward Philippines beaches by 80 troopships under a strong naval and air escort.

The motherships put a host of 150 man barges into the water, and these swarmed toward shore. "Some of them succeeded in getting ashore," said the war Department communique.

Official announcements said that tank combat figured in the new struggle but whether these included large landed Japanese tanks was not clear. Hard-fighting American and Filipino soldiers were declared to be more than holding their own in the bloody fighting along the stretch of sheltered coastline where the Japanese are attempting to land.

The first repulsed Japanese thrust at Lingayen was the initial encounter between the invaders and the Philippine land defenders.

In other Luzon landings, which were unopposed, the Japanese have gained small beachheads on the Luzon coast at Apariti in the north and at Vigan, in the northwest some 100 miles above Lingayen.

The Japanese also have gained footholds at Legaspi, south of Manila, and at Davao, a heavily Japanese-populated port 600 miles south of Manila on Mindanao Island.

At Legaspi the invaders have been under ceaseless aerial assault while at Davao, Army headquarters at Manila said, confused fighting raged but no clear picture of developments there was available.

A communique from General MacArthur's headquarters issued this morning before the Japanese flotilla was sighted in Lingayen Gulf said:

"There is continuing activity south of Vigan, but nothing serious has developed. Conflicting reports of enemy reinforcements have not been confirmed."

Jap Capture Of Guam Is Reported Probable

WASHINGTON, Dec. 22.—(AP)—The Navy said today in a message from the island of Guam — received two days after the attack on Pearl Harbor — reported that civilians in the streets and the native hospital in Agaña, the capital, had been machine-gunned by enemy planes. Since Dec. 13, the capture of the island by the Japs has been considered "probable."

RARE EGG HAS 3 YOLKS

CLEVELAND, Ohio.—(AP)—Edward Schuster, an egg dealer who has been in business for 35 years, said it was a new one on him when he found an egg with three yolks. The dealer said it was not very unusual to find eggs with two yolks, but he believed that the three-yolk egg was a real rarity.
