

Colery Feds In Clash With Leesburg Today At Tavares

Colery Cagers Had Chance For Revenge Against Opponents

Smashing through with a 97-94 victory over Umatilla yesterday morning, the Colery Feds this morning faced a formidable Leesburg aggregation in the opening quarter-final match early today. The two clubs sought to further themselves in the fight for the 1934 District Tourney crown at Tavares.

The Yellow Jackets, twice beaten by the Feds during the regular campaign, eliminated the Leesburgites in the Northeastern Tournament, defeating the hosts by a 31-26 count in the semi-finals and then going on to defeat Daytona for the title.

The Feds, favored to win the crown, clashed with Daytona last night while Orlando and Tavares were locked in a quarter-final round game. Orlando took on Leesburg.

A victory for the Feds will send them, in all probability, against the Tigers in the semi-final round which gets under way tonight.

Inaugurate Full Day Sessions At School

Engle Extends Rookie Prof Says Storms Of Classes; May Card Dust Can Be Stopped

With the crew of rookies attending the local baseball school more or less limbered up, full day sessions were in order, beginning yesterday morning as Joe Engle, Clyde Milan, Bernie Nies, Fred Bington, Zinn Beck and Doc Jenks prepared to concentrate more or less individually on their one hundred odd proteges.

Instead of just the one class in the morning at which all the rookies were in attendance, periods have been extended with various groups reporting at different hours in order that the diamond moguls might have ample opportunity to study the ability of each youngster and aid every one as much as possible.

The possibilities of some of the youngsters seeing action in games soon loomed as practically an actuality with arrangements for two games for Sunday afternoon being considered. Should arrangements for such be made, they will be announced as soon as the plans are formulated.

Question About CARDUI PERIODICAL PAINS

"Why do so many women take Cardui for functional pains of menstruation?"

Each dose of Cardui contains a purely vegetable, nutritive and anti-spasmodic—that is, a pain-relieving and cramp-relieving medicine that is especially effective at monthly periods.

This fact about Cardui (that it helps to relieve many of the ordinary functional pains of menstruation with a beneficial plant extract, but habit-forming, not objectionable to take) is greatly appreciated by thousands of women. They recommend it to others.

Cardui is purely vegetable, liquid in form, and comes in 8-ounce bottles, with full directions for use. Try it! Of course, if it does not benefit YOU, consult a physician.

Brilliant English Playwright-Actor Vanishes At Sea

Frank Vosper Missed After Champagne Party Celebrating Landing Of Vessel

Scotland Yard, Beauty Puzzled

Chorus Girl, Stage Luminary Stroll On Ship's Deck

PLYMOUTH, Eng., Mar. 5. (AP)—Frank Vosper, brilliant British actor and playwright, returning from Hollywood, vanished today from a gay journey's end champagne party aboard the Europe-bound liner Paris in circumstances baffling both to Scotland Yard and to his beauty queen mistress.

Vosper and Miss Muriel Oxford, "Miss Great Britain" of 1936, talked together on the deck for about 30 minutes this morning while friends were drinking champagne and everybody was happy. The beauty queen did not disclose the subject of conversation. Vosper then disappeared completely. Miss Oxford and other members of the party notified the ship's officers and a search was made but the actor could not be found. "I heard a man's voice saying 'You won't marry me I'll jump overboard,'" one passenger asserted to investigating officers. "Nothing like that ever happened," retorted Miss Oxford, 23-year-old chorus girl who had been appearing in a New York revue.

When the liner docked at Plymouth two hours later, Vosper still was missing.

Longwood Meeting Enthusiastic, Say Chamber Officials

Chamber of Commerce officials today predicted one of the most enthusiastic Board of Directors meetings looked for Tuesday night in Longwood.

President T. E. Simpson urged all directors to lay plans so that they might attend the session. Principal speaker of the evening is Michael Clay, of the Department of Public Relations for the Metropolitan Life Insurance Company.

A warm reception is being prepared by the people of Longwood, Mr. Simpson said.

Refreshments will be served at the conclusion of business.

The Longwood conclave is one of a series of directors' sessions which are being held in various Seminole County communities at the invitation of out-of-Sanford residents.

Two Firemen Still Feeling Effects Of Early Week's Blaze

Two Sanford firemen today were still feeling the physical effects of a blaze which raged at dry cleaning plant at 108 Palmetto Avenue Monday afternoon.

Rube Willis was confined to Fernald-Laughton Memorial Hospital with a scalded throat and a minor lung ailment, both of which resulted from his swallowing flames as he fought the fire.

Joe Tatum was developing a cough and a "sandpaper" throat, a condition which also resulted from inhaling flames.

City Physician J. N. Tolar said Mr. Willis was in no danger and probably would be released from the hospital tomorrow or Monday.

Hearing For Bond Validation Is Set For Next Wednesday

A circuit Court hearing for the validation of bonds in Sanford's \$5,000,000 refunding program is scheduled for Friday.

Official sources said little opposition to the plan for re-financing the City's debt is expected, since 87 percent of the old certificates are held by an Association which already has agreed to the operation.

Meanwhile, a special employee of the City has been active in contacting individual holders of old bonds, returning with the most successful reports.

Next week's hearing will be before Judge Millard B. Smith of the ninth judicial circuit of Florida. If further hearings are necessary, they will be carried to the Supreme Court of the State.

Workmen To Finish Airport Operations Within One Week

Preparation of the surface of Municipal Airport will be completed next week and ready for a final and formal approval of Department of Commerce officials, Volie Williams, City aviation committee man, said today.

Remaining work to be done includes the removal of a telephone wire on the east side of the landing field, and the elevation of several obstruction light poles on the south side on which lights will be placed to warn of several trees in the vicinity.

Mr. Williams said two Department of Commerce inspectors stopped here Wednesday for an unofficial inspection of the flying field.

A soft glow, easy on the eyes, is given off by the electrical unit.

V. A. Leavitt, chief clerk of the Atlantic Coast Line Railway shops here, today announced his candidacy for the vacant City Commission post of Perry N. Whitehurst, resigned.

Although an official proclamation to fill the hole has not been made by Mayor Ed Higgins, three citizens are seeking the job. The other two are J. H. Truluck and A. W. Lee.

Mr. Leavitt has been a life-long resident of Sanford with the exception of a few months spent in Tampa and Lakeland, other terminals of the railway with which he has been affiliated for 18 years.

The candidate is a grandson of Dr. Seth French who pioneered here with Gen. Henry Sanford, after whom the City was founded. French Avenue was named for the doctor.

His entry in the forthcoming election is Mr. Leavitt's first venture in politics. He is married to Mrs. Irene Fletcher Leavitt.

About one year ago Mr. Leavitt purchased the home in which he now resides at 2493 Orange Avenue.

Public Support Is Asked For Hospital Benefit Next Week

Only one appeal for funds to benefit Fernald-Laughton Memorial Hospital will be made this year by the Civic Club, officials of the civic organization pointed out today in offering for sale tickets to "Oh! Professor," a comedy with a local cast to be presented Thursday and Friday nights at the Junior High School.

Those taking an active part in the campaign emphasized the single opportunity available to aid the hospital, pointing out that the movement is the only one of its kind made in the City.

Mr. Bagwell said, expressed surprise at the sport, agricultural and vacationing attractions offered in Central Florida.

Considerable interest has been evidenced in rentals and general living costs in Sanford proper, the secretary reported.

There were indications that some of the tourists are planning to leave here next winter.

Mr. Bagwell said it is conservatively estimated that some 150 families were unable to be accommodated here this winter because of a shortage of apartments and cottages.

Homestead Blanks Will Be Accepted Only 15 More Days

Fifteen more business days remain in which to file application for homestead exemption on the 1937 tax records, Sanford Deputy, Seminole County tax assessor, said today.

He emphasized that no applications will be accepted after April 1, pointing out that the period between that date and Nov. 1 is utilized in preparing the tax roll.

Persons who filed exemption application last year will find a prepared blank awaiting them in Mr. Dendney's office. Those who did not file are offered assistance in entering requests for the benefits.

Applications for the exemption must be turned in to Mr. Dendney for State and County taxes, and at the City Hall for City assessments.

Survey Of Flowing Wells In Seminole County To Be Made

Efforts to locate, chart and collect comprehensive data on Seminole flowing wells will be made in continuation of the 1937 Federal Soil Conservation Program, although the two will have no connection, Farm Agent C. R. Dawson said today.

Some of the information sought is as follows:

Number of crop acres supplied by each well; number of acres not supplied by any well; size and depth of well; whether well flows or is pumped; location of wild wells; and depth of any less than 40 feet.

Mr. Dawson pointed out the survey is being made at this time because the conservation program makes it possible to contact a large number of farmers and growers.

Woolworth Employees Say They're Satisfied With Terms

CAIRO, Egypt, Mar. 6. (AP)—Militant monks who held their monastery in a two-month stay-in strike, protesting against an unpopular abbot and restricted social life, moderated their stand today when officials threatened to storm the ancient citadel.

Two delegates from the embattled copric monastery reached Cairo and told police they were ready to admit any public officials to their desert retreat.

No churchmen would be permitted, they said, to investigate their high walled retreat where more than 100 brothers kept a protesting vigil.

Since negotiations to end the strike started, police said there is little likelihood of the threatened police attack.

OSAKA, Japan, Mar. 6. (AP)—Three hundred gaily clad geisha girl entertainers in Osaka's night lighted cafes ended an eight-day strike today with resignation of their right to form a union.

CHRISTIAN SCIENCE CHURCH

"Man" is the subject of the lesson-lesson in all Churches of Christ, Scientist, Mar. 7.
The Golden Text is from Isaiah 43:10, "Ye are my witnesses, saith the Lord, and my servant whom I have chosen."
Among the citations which comprise the lesson-sermon is the following from the Bible: "Blessed is the man that walketh not in the counsel of the ungodly, nor standeth in the way of sinners, nor sitteth in the seat of the scornful. But his delight is in the law of the Lord; and in his law shall he meditate day and night" (Ps. 1:1, 2).
The lesson sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Except for the error of measuring and limiting all that is good and beautiful, man would enjoy more than three score years and ten and still maintain his vigor, freshness and promise. Man, governed by immortal Mind, is always beautiful and grand. Each succeeding year unfolds wisdom, beauty, and holiness."

Welfare Branch Offers Its Aid To 380 Families

(Continued from Page One)
The welfare branch of the City Clerk Frank Lamson today again reminded citizens that only those who can produce a 1936 poll tax receipt will be eligible to cast a ballot in the special voting.
He pointed out that charter provisions require a voter to have paid his tax for the previous year. All are payable to Jno. D. Jenkins, County tax collector.
Mr. Jenkins made the following statement regarding poll tax payment:
"The City charter requires that to vote in a City election the poll tax must be paid for the preceding year, at the present time, that means for the year 1936. Poll taxes for 1936 became due when other taxes became due, on Nov. 1, 1936, and were not required to be paid for any election held during the year 1936.
"The poll taxes required to be paid for the elections held last year, were for the preceding years.
"Many persons appear confused as to what is now required. Keep in mind that this is another year and that poll tax is again due."

Cross-Breed Dog Is Veteran Flier

COLPUS CHRISTI, Tex., Mar. 6.—(AP)—"Skipper," a cross-breed collie and St. Bernard dog, is a veteran flier.
In three and a half years the dog, belonging to Mr. and Mrs. Ace Corbin, aviation enthusiasts, has spent 1,000 hours in the air. Corbin estimates "Skipper" has traveled 100,000 miles and says the animal likes nothing better than sticking its head out of the cockpit window into the rushing wind.

Film Renown Flees Fast In Star-Strewn Hollywood

By ROBBIN COONS
HOLLYWOOD, Mar. 6.—Film fame is so fleeting that even a name engraved on silver is no guarantee of permanence.
Part of the hallyhoos for the opening of the Carthy Circle theater—the local road show movie house—in 1924 was the glorification of seats occupied by the stars of the day. Whichever a star at the opening night, a silver plate bearing the name was attached to the seat.
Times change, and managements, and stars. Part of the hallyhoos for the current run of "The Good Earth" at this house is a new silver-plating for posterity, that today's great ones may not be forgotten. At this writing Lionel Barrymore, Joan Crawford, Claudette Colbert, Gable, Harlow, Myrna Loy, Spencer Tracy, William Powell, Robert Taylor and Garbo—she slipped in one evening, sat "way off to the side," are among those assured of this particular brand of immortality.
These are the stars of 26 whose plates were yanked—tenderly, we hope—from chair arms: Olive Borden, Vern Reynolds, Marguerite de La Motte, John Bowers, Sally Lane, Norman Kerry, Gertrude Olmstead, Robert Eason, George Sidney, DeWitt Jennings, Kathleen Key, Huntley Gordon, June Marlowe and Alan Brooks.
And how many can you place, offhand?
The bedroom, after all these years, has dropped from top spot on the list of movie sets most used. In its place is the cocktail bar, says Jack Holden, a Warner art director.
Bedrooms have dropped to second place. After them come, in order, drawing rooms, hallways, hotel lobbies, dining rooms and kitchens.
This matter-of-fact summary should be fraught with some great sociological significance. Among other things, it probably indicates one way in which the Hays office crusade for "clean" films has prospered.
But Holden is concerned only with the immediate photographic effect when he explains the rise of the cocktail lounge as a setting—directors like it because it has "light and movement, the shimmery glimmers, mirror of feet, the activity of well-dressed people, distinct photographic advantages."
Tex Ritter, who cowboys and sings and, like Gene Autry, writes his own songs, has one distinction none of the other rockabilly stars can claim: he once played in a Theater Guild show.
It is "Miss Grace Moore" in the billing, and "Mr. George Arthur Hiss." But unless memory fails, the other stars use no handles on their names.
6:30 P. M., B. T. U. meeting.
6:50 P. M., evening service for young people, singing and talking through.
Friday evening B. T. U. study course for adults and young, at 8:00 P. M. Prayer and meditation. Mr. and Mrs. Keiser and Miss King of Orlando will be instructors.
The public is invited.

George Washington Carver's Memory To Be Enshrined

TUSKUMBA, Ala., Mar. 6.—(AP)—A Negro born into slavery, who rose to become a world-famous chemist, will be honored by a bronze bust in the city of Tusksumba, Ala., on the anniversary of his birth.

Friends of George Washington Carver are contributing toward a bronze bust of him which will be presented to Tusksumba in recognition of 40 years of agricultural research and achievement.

Carver is credited with the discovery of the peanut, the soybean and the sweet potato, and with the invention of the peanut butter and the peanut oil. He also discovered the use of the peanut as a fertilizer and the use of the soybean as a food for livestock.

He was appointed director of the Tusksumba Experiment Station in 1896. He remained there until 1903, when he was appointed director of the Agricultural Experiment Station at Tusksumba. He remained there until 1931, when he was appointed director of the Agricultural Experiment Station at Tusksumba.

He died in Tusksumba, Ala., on Jan. 20, 1940. He was buried in Tusksumba, Ala.

Let's go to town — at home!

NO TELLING what tomorrow's weather may be. It fools the best forecasters. But we do want that chintz for the windows. We do need a carpet sweeper, a new percolator, and a new end-table in the living-room. And we don't want to sash around rainy streets to hunt them.

Problem: How to thwart the weather man.

Simple enough!

Let's sit down by the fireplace and read the advertisements. Here it's comfortable and snug. We'll take the newspaper page by page, compare prices, qualities, brand-names. Tomorrow, rain or shine, we'll head for the store that has what we want, and be home again in a jiffy.

"Buying at home" through the advertising columns—gives you wide selection, more time to decide, and satisfaction when you decide. Make it one of your pleasant habits!

Gladys Swarthout and Fred MacMurray in Leading Roles of Glamorous Hit

A brilliant melange of music, with beauty and dancing, as effervescent as its title, and as charming as only a romance in gay Vienna could be, brings Fred MacMurray, Gladys Swarthout, Jack Oakie and a host of other noted screen players to the Ritz Theater Sunday and Monday in "Champagne Waltz."

With Fred MacMurray as the leader of an American "swing" orchestra, and Miss Swarthout as the granddaughter of the musical director in a Viennese waltz palace, the music in "Champagne Waltz" covers the entire gamut of light and popular music. Miss Swarthout's beautiful voice makes it a real treat to the musically inclined of all shades.

"Champagne Waltz" is the story of an American band leader, played by MacMurray, who goes to Vienna and captures the city with his "swing" music. This plays havoc with the business of the waltz palace, operated by Fritz Lieber. Miss Swarthout, his granddaughter, attempts to remedy matters by going to the American consul to complain about MacMurray. She meets him there and he poses as the consul. The two become friends and love blooms.

She calls the consul and is connected with the consul's wife who tells her the truth. She is heartbroken, but MacMurray explains that he is in reality an ex-box salesman. They go to the jazz palace where MacMurray introduces Oakie as the band leader. Oakie doesn't understand an allusion to the fact that the jazz palace is to take over the old waltz palace. Broken-hearted and aware of the whole truth at last, Miss Swarthout and Lieber leave the waltz palace. Remorseful, MacMurray goes back to America.

Miss Swarthout and Lieber come to America and open a waltz palace which becomes a sensation. One day Miss Swarthout meets MacMurray. He is down and out. They discover that the waltz and "swing" can get along very satisfactorily and the romance blooms again.

'Legion Of Terror' To Be Shown Next Saturday At Ritz

Ripped from sensational headlines of recent months, telling one of the strangest stories ever to come from American life, is Columbia's dramatic "Legion of Terror," which is scheduled to show next Saturday at the Ritz Theater. Bruce Cabot, Marguerite Churchill and Crawford Weaver, a newcomer, head the cast.

The activities of the infamous hooded legion that terrorized many communities in the mid-west provides the theme of the film, as the title may have hinted. Much excitement is injected into the picture when the Federal Government, in the person of Postal Inspectors, go to work on the hooded folk when they attempt to send a time-bomb through the mails.

Cabot and Weaver are seen at the post office department's sleuths. Arriving at the scene of the legion's activities, they meet Miss Churchill, whose brother is waging a single-handed fight against the lawless band. The two Federal men pose as sympathizers to inveigle their way into the good graces of the legion, and, borning from within, manage to bring the night riders to grief.

'Love Is News' To Show Here For Two Days

The romance of a thrilling threesome whose kisses crash the headlines and whose escapades sell extras, with handsome Tyrone Power outromancing his "Lloyds of London" role, lively Loretta Young bringing her fresh charm to a portrayal that is enchanting and different, and Don Ameche creating a dashing new screen characterization, provides hilarious excitement in the Twentieth Century-Fox streamline hit "Love Is News," opening Wednesday at the Ritz Theater.

With Loretta in the role of a beautiful heiress heckled and pestered by sensation-seeking newspapers, the enjoyable pace is set. She gives newsmen Tyrone a dose of his own medicine to make him a public figure, and announces her engagement to him.

Designed on every hand, Tyrone strives to expose the hoax by his efforts serve only to increase his notoriety, as well as his unpopularity with the managing editor. On a wild chase into the country, both the newshawk and his quarry are arrested for speeding and jailed by County Judge Slim Summerville, an incident which results in some of the most hilarious moments in the film.

'My Man Godfrey' Returns To Ritz

"My Man Godfrey" is a gay debonair modern comedy, light as a feather, madder and merrier than a million March hares masquerading the multiplication table. This Universal laugh riot, starring William Powell and Carole Lombard, returns to the Ritz Friday.

The screen story relates the ventures of William Powell, portraying a butler in the delightfully dizzy Bullock family. One daughter, played by Carole Lombard, falls in love with him. Her sister tries to have him jettisoned. The maid falls in love with him, too. The mother likes him, but she has a parlor pet of her own. The fun gets faster and more furious every second, with laughs bursting like bombshells. The cast includes such excellent players as Alice Brady, Gail Patrick, Jean Dixon, Eugene Pallette, Al-

STARRED IN GAY ROMANCE

McLaglin, Foster 'Sea Devils' In Bitter Fist Feud

When Chief Bosun's Mate Victor McLaglin and Seaman Preston Foster get together, they always fight—in fact, these giants clash four times in RKO Radio's rousing screen drama "Sea Devils" at the Ritz Theater Wednesday and Thursday.

McLaglin plays a swashbuckling Chief Petty Officer in the Coast Guard, who determines that Preston Foster, a globe-trotting ladies' man, is not going to break his daughter's heart. Foster and his Lupino have different ideas about their romance, resulting in a hectic series of adventures, with the hard-boiled father and his prospective son-in-law clawing at each other's throats.

This is the second time McLaglin and Foster have appeared together, the first having been in the prize-winning photoplay of 1935, "The Informer." Foster and Miss Lupino play opposite each other in romantic roles for the first time. Donald Woods also is seen in

Lovers Reunited In 'Once A Doctor' At Ritz Next Friday

Jean Muir's first starring picture and Donald Woods' first picture of any sort was "As the Earth Turns," in which both made a big hit nearly three years ago. Despite the demand on the part of the public for teaming them again, the combinations of characters represented by stories, roles, and cast selections kept the two apart practically all the time until "Once A Doctor," the First National picture showing at the Ritz Theater Friday, brought them together recently.

Both have advanced greatly as players, and have taken on a new polish, and definiteness, because of the many pictures they have made separately. The change in Jean's appearance, of course, emphasizes this.

"Once A Doctor" is a thrilling story of the brave fight made by a young physician to regain the place in the medical world which he lost by shouldering the blame for another surgeon's blunders.
