No Reply Received Regarding Jenkins Release From Mexican Prison

State Department Working on Holiday MEXICO IS DALLYING

AND HOPES THAT FRIEDLY
RELATIONS WILL NOT BE
SEVERED

Mexico City, Nov. 27. (By Associated Press) The belief that the relations of friendship between Mexico and the United States cannot be affected unfavorably by the refusal to take steps looking to the release of the United States Consul Agent Jenkins from the Puebla prison is expressed in a note replying to the American demand for the release of Jenkins and sent to the American embassy yesterday by the Mexican government. After reviewing the case the reply pointed out that the judge at Puebla who ordered Jenkins detention had acted within his powers and Jenkins had waived his legal rights in refusing to give bail.

Not Received at Washington
Washington, Nov. 27. (By Associated Press) Mexico's note refusing to comply with the state department's demand for Jenkins release has not been received at Washington today. The only information the official had was the reply contained in the press despatches. Comment is withheld until official copy is received. Although this is a legal holiday the State Department officials were at the offices early awaiting receipt of the Mexican communication.

HIGH COST OF LIVING CONTINUES

GOVERNMENT STATISTICS
SHOW BUT LITTLE
CHANGES IN CONDITIONS

Washington, D. C., Nov. 27.—The average family expenditure for food in the 50 cities from which the bureau of labor statistics of the U. S. department of labor receives monthly reports was approximately the same in October as it was in September. In Bridgeport, Manchester, Minneapolis, Philadelphia, Portland, Ore., Richmond, St. Louis, Seattle and Washington there was an increase of less than one-half of one per cent; in Columbus, New Orleans, Portland, Me., and St. Paul, a decrease of less than one-half of one per cent. In Jacksonville, the retail cost was the same as in September. Kansas City and Pittsburg increased two per cent each; Baltimore, Buffalo, Indianapolis, Louisville, Mobile, New Haven, Rochester and Salt Lake City, decreased two per cent each.

Birmingham, Boston, Cincinnati, Cleveland, Denver, Little Rock, Los Angeles, Newark, New York, Omaha, Peoria, Providence and San Francisco increased one per cent each; Atlanta, Butte, Charleston, Chicago, Dallas, Detroit, Fall River, Houston, Memphis, Milwaukee, Norfolk and Scranton decreased one per cent each. The greatest increase of three per cent, was shown in Springfield, Illinois. The city, however, decreased three per cent in September.

Comparing October 1919, with October, 1918, Baltimore decreased two per cent, Butte one per cent, and Norfolk less than one-half of one per cent. All the other 50 cities increased during the year from less than one-half of one per cent in New Haven to nine per cent in Cleveland, Milwaukee and Minneapolis.

During the six years from October 1913 to October, 1919, all the cities increased from 64 per cent in Los Angeles to 100 per cent in Washington, D. C.

Remembered The Editor
Albert Dorner, who resides on Celery avenue and is one of the progressive farmers of that section thought the editor looked very lonesome and very hungry the other day and on Wednesday he brought to us a very fine young pig all ready to go in the oven. The editor will not have time to eat this pig at noon time but tonight he will do it justice and meantime we return thanks to Mr. Dorner for his kindness and thoughtfulness. He certainly appreciates the Herald. After eating this pig we will be able to live another year.

MRS. ANGELES NOT AWARE OF HUSBAND'S DEATH

VERY ILL AT NEW YORK AND
SHOCK WOULD KILL HER

New York, Nov. 7. (By Associated Press) Mrs. Felipe Angeles wife of the Mexican revolutionary leader is still ignorant today of his execution. Her sister declared she had been so ill that even news of his arrest by Carranza forces had been withheld from her.

CONFERENCE OF MANUFACTURERS AND MERCHANTS

AMERICANS AND MEXICANS
WILL GET TOGETHER ON
TRADE SUBJECT

Mexico City, Nov. 7.—A conference of exporters, importers, manufacturers, bankers, and merchants concerned with trade between the United States and Mexico will be held in Mexico City for three days beginning February 11 next at which time questions vital to commerce between the two countries will be discussed by experts. The conference has been arranged by the American Chamber of Commerce of Mexico, Secretary W. F. Saunders stating that approximately 2,000 invitations had been extended.

The subjects to be discussed are: Mexican sales methods and distribution, Mexican agencies and representations, Mexican banking facilities, financing the exports of Mexico, shipping and packing merchandise for Mexico and trade marks for Mexico. The proceedings will be in English but the report of the conference will be printed in both Spanish and English.

"Commerce between the United States and Mexico is increasing," said Mr. Saunders to the Associated Press. "In 1908 it amounted to \$245,613,991 and this year it will be much greater. As this commerce grows, trade problems arise the practical solution of which is of vital importance if the United States is held to its present trade advantage in Mexico.

"To discuss these problems we arranged for a conference of trade experts, the first of its kind ever held in Mexico. In extending our invitations we have emphasized that we wish to have representatives attend the conference who are really in a position to speak with authority. The Mexican Chambers of Commerce are acting in full accord with us in this project and we anticipate much benefit as the result of this get-together meeting."

BULGARIA RATIFIES PEACE TREATY TO-DAY

BULGARIAN REPRESENTATIVES
SIGNS TREATY WITH
ALLIES

Paris, Nov. 27. (By Associated Press) Premier Stambulsky the Bulgarian representative signed the treaty of peace between his country and the allied powers at Neuilly Town Hall at ten forty this morning.

GROWERS ASSOCIATION GOOD PRICE

CAR OF LETTUCE YESTER-
DAY BROUGHT \$2,400
WHICH TOPS MARKET

Good prices still prevail in the lettuce market and among the first cars to be shipped from Sanford was one of the Truck Growers, Inc., the returns which came in yesterday and showed that it topped the market at \$2,400 for the car. This price brings the returns from a crate about \$6 or better which is about the best price for lettuce in carlots that this or any other section has ever received.

The Herald chronicled the report from F. F. Dutton yesterday that brought \$2,200 and the price seems to be getting better each day. The good prices are causing the growers great satisfaction as the earliest lettuce did not bring any money most of the crop going to seed in the fields.

Last week several growers shipped an inferior lettuce that was not headed but the demand brought it up to a good price. The lettuce going forward from this time on will be of better grade and cold weather will make prime head lettuce and is bound to bring good prices.

WILL HAVE APARTMENTS

B. W. Herndon Remodeling The
Herald Building Second Floor

R. J. Holly has traded the Herald building to Mr. and Mrs. B. W. Herndon for their home at the corner of Park avenue and Sixth streets and Mr. Herndon is remodeling the second floor of the Herald building and making three apartments of three rooms each. The apartments will have bath rooms and will be equipped in modern style in every way. The entrance that is now on the side of the building will be brought to the front of the building and the entire front of the Herald office will be changed the entrance being two ways from the side and front and a show window will be built for the display of the office supplies of the Herald Printing Co.

These new apartments will help to locate three more families in Sanford and if they pay Mr. Herndon expects to erect another building next season and try out the apartment house plan. He will also put a third story on his Seminole Hotel building and in many ways will endeavor to assist Sanford in taking care of the many people who want to come to Sanford but at the present time are handicapped by the lack of rooms and especially apartments.

KING ALBERT CALLS ASSEMBLY FOR MESSAGE

WILL READ MESSAGE TO ASSEM-
BLY FROM SPECIAL THRONE

Brussels, Nov. 7. (By Associated Press) The Constituent Chamber will assemble Dec. ninth. King Albert will read the message from the special throne.

New Orleans Is Wet

New Orleans, Nov. 5.—Whiskey and four per cent, beer, wines and cordials—in short, a complete bar room assortment of liquor—were purchased freely here tonight after the granting of an injunction by Federal District Judge Chester. Straight whiskey sold at twenty-five to fifty cents a drink but the size was smaller than ordinary.

Sanford's New Hotels Will Be Ready to Open When the Season Begins

COAL STRIKE CONFERENCE NO RESULTS

OUTLOOK JUST AS GLOOMY
AS WHEN STRIKE FIRST
BEGUN

Washington, Nov. 27. (By Associated Press) All agencies of the government have failed so far to solve the soft coal miners wage tangle and from the outlook today the situation is as far from an adjustment as when the strike first began. More conferences will be held today in an effort to arrive at some solution.

LABOR CONFERENCE MEETS TO-DAY NO HOLIDAY

INTERNATIONAL CONFERENCE
WANT TO FINISH BY SATUR-
DAY

Washington, Nov. 7. (By Associated Press) Delegates to the International Labor Conference only partially observed Thanksgiving. They were confined to the usual hours but with the understanding they would adjourn early. Full holiday is regarded as impracticable in view of the determination to close the conference next Saturday.

WASHINGTON OBSERVED THANKSGIVING

OFFICIALS TAKE IN FOOTBALL
GAME AND SOME GO HOME

Washington, Nov. 7. (By Associated Press) Thanksgiving was generally observed in Washington today with the government departments closed and many officials absent. Secretary Daniels and other naval officials attended the navy companionship football game here but other cabinet officers in town had no special plans for the day.

AMERICAN GOODS BRING GOOD PRICES

RUMANIA MARKETS TAKING
LARGE QUANTITIES AFTER
WAR

Bucharest, Nov. 27.—American manufactured goods are in demand in Rumania. The stores in Bucharest are doing almost as great a business as in pre-war days. France has been sending large quantities of goods into the country, particularly light wearing apparel, silk stockings, toilet soaps and cosmetics.

Prices are abnormally high. One sees shoes in the shop windows at the normal equivalent of \$8 a pair. Any article stamped "American" has a ready sale. Rumanians are keen for anything from the United States, whether it be food, articles to wear, or manufactured objects.

"Why doesn't America send more goods here?" the business man constantly asks. "There is a wonderful field in Rumania for American commerce. We would rather trade with the United States than any other country. We need your manufactured products, your automobiles, farm implements, gas engines, lathes, sewing machines, cash registers, typewriters."

Canada is preparing to send its products to Rumania. The Canadian government, following its course in Greece and Siberia, has lent Rumania fifty million dollars to pay for these goods.

May Reject Offer

Cleveland, Nov. 7.—No action looking toward a railroad strike by the four railroad brotherhoods was taken today by the five hundred general chairman meeting here to act on Director-General of Railroads Hines' offer of time and one-half for slow freight service and no vote was taken on the proposition, although a motion to vote on it was adopted. The conference adjourned late this afternoon and will meet again tomorrow morning. Discussion of the proposition and the request of the firemen and trainmen for a general wage increase occupied this afternoon's session.

LITHUANIANS DEFEAT RUSSIANS LATEST DISPATCH

WEST RUSSIAN GOVERNMENT
FORCES COMPLETELY DE-
FEATED

Paris, Nov. 7. (By Associated Press) Forces of the West Russian government under Colonel Avnoloff-Bermond were completely defeated by Lithuanians according to Kovno advices.

BITTER COLD AND SNOW NO COAL

PEOPLE OF NORTHWEST
FACE WINTER AND COAL
FAMINE

Chicago, Nov. 27. (By Associated Press) Already facing a coal shortage the country today is confronted with the prospects of further emptying the fuel bins as real winter weather is arriving. At the mines the last twenty four hours has brought no development. In western Kansas several inches of snow on the ground and sleet and snow storms prevailed over the state. Numerous towns reported as having no fuel and from the Rocky mountain region also came reports of snow fall which retarded the distribution of coal.

Operators Made Fortune

Washington, Nov. 7.—Bituminous coal mines east of the Mississippi river in 1907 made "what might be termed fabulous profits," the general average being from 100 to 150 per cent, on invested capital, according to a statement issued today by Secretary of the Treasury Glass, based on data furnished by experts of the internal revenue bureau.

Weather Report

Washington, Nov. 7.—Forecast: Florida—Local rains Thursday and Friday; colder Thursday northwest portion; colder Friday in central portion; much colder north portion. Extreme northwest Florida—Rain Thursday, much colder at night with a cold wave interior. Friday probably fair; colder south portion.

ANGELES EXECUTION AVENGED

PLOT IN CHIHUAHUA RUMOR-
ED THAT ALL OFFICIALS WILL
BE KILLED

El Paso, Texas, Nov. 7. (By Associated Press) Rumors of a plot by the Villa elements in the state of Chihuahua following the execution of General Angeles yesterday reached the border today. Everyone connected with the trial of Angeles is marked for

Valdez and Motezuma Almost Finished FINE STRUCTURES

WILL GIVE ACCOMMODATIONS
TO HUNDREDS OF NEW
PEOPLE

Sanford's new hotels will be ready for the season's business. This will be good news not only to the people of this city but to the many visitors to the city who have been wanting to make reservations for the month of January and February and the many who will spend the first part of the winter farther south and like to spend a month or six weeks in Sanford on the way home.

The Valdez Hotel is being pushed to the limit and while the work has been slowed up somewhat by the scarcity of skilled labor in some of the departments it has not been delayed to any great extent and the contractors are sure the hotel will be ready to open by the first of January. This fine new hotel is the Joy of Sanford and is causing favorable comment from the strangers within our gates. It is beautiful structure and will be the first class hotel in every respect. The Valdez will not be operated as a tourist hotel to the exclusion of the commercial business but will be a hotel that will endeavor to take care of all the trade both winter and summer. Several good hotel men have already been here looking it over and it is certain that a first class manager will soon be employed to look after this fine hotel and will be ready to take hold in a few weeks.

The Montezuma the other new structure at the corner of Magnolia and Third streets will also be finished about January 15th and Capt. K. R. Murrell has assured the public that the work on the finishing of this hotel will start immediately and no more delays will take place to retard the completion of the Montezuma. This is also a fine structure and will take care of many new people being first class in every respect.

These two new hotels with all of the others that are now in operation will give Sanford accommodations for many hundreds of people that were formerly turned away in the tourist season.

KING VICTOR EMMANUEL'S PARLIAMENT

ITALIAN PARLIAMENT WILL
OPEN DESPITE RADICALS
ACTORS

Rome, Nov. 27. (By Associated Press) King Victor Emmanuel will open Parliament next Monday according to an announcement here. There has been some uncertainty as to whether he would appear on account of the supposed attitude of the socialist deputies.

Kaiser Is Confident

Amsterdam, Nov. 7.—The telegram, quoting from an "authoritative source," says that both the Netherlands government and former Emperor William are still confident that nothing will come out of the report that there will be a demand for extradition of the one time Emperor. The newspaper adds that the Crown Prince takes the matter more seriously than his father.

INFLUENZA IN SPAIN

Seems To Start At The Same Old Place
Madrid, Nov. 7. (By Associated Press) Influenza epidemic is reported at Linares with two thousand cases.

CATES CRATE COMPANY, THE BIG FEED HOUSE

D'ANNUNZIO IS GREAT CHARACTER RAPID WORKER

POET WHO SIEZED FIUME HAS MANY CHARACTERISTICS.

London, Nov. 18. (By Associated Press) Gabriele d'Annunzio's seizure of Fiume and issuance of an ultimatum of defiance to the world has brought out many stories in England concerning the alleged eccentricities of the Italian poet-warrior. Among these are the following published by John O'London's Weekly.

"If the artistic temperament is the hall-mark of the self-conscious showman, d'Annunzio has it to a supreme degree. It manifests itself in many ways. He is the possessor for instance, of a wardrobe which might make Brummell envious.

"Like the elder Dumas, he is a rapid worker. On one occasion he completed a play containing 3,000 verses in seventeen days. He finds that he works best at night, and his usual procedure is to start after dinner, at about eight o'clock, and write on steadily until nine the following morning. Then, after a light breakfast, he retires to bed—for the remainder of the day.

"A fondness for strange pets is one of his characteristics. Some years ago he tamed a small salamander and kept it three years. On its death d'Annunzio burst into tears. It was solemnly buried under the large mantelpiece of the poet's study. The opening of the vault is closed by a black marble slab, upon which in letters of gold are inscribed the words, 'Beatae salamandrae sacrum.'

"At one time he kept over forty horses in Florence. One of the strangest of his pets, however, is a goldfish, on which he has bestowed the name of Lou-Pe-Li-Tel. Of this curious inmate of his household d'Annunzio has declared that 'it possesses the two qualities most rare in life—it is clean and silent.'

"The subject of death looms large in all his writings, and he has already built a tomb for himself among the Apennines, not far from the source of the river Pescara, to which so many references are made in his works.

DIXIE AERIAL SERVICE MAKES BIG HIT HERE

TO ESTABLISH HEADQUARTERS HERE MEANS MUCH TO SANFORD

The Dixie Aerial Service will be taken up at a Board of Trade meeting tonight and the people here are very favorably impressed with the idea of having this aerial headquarters in Sanford. Lieut. Robert Lowell and Lieut. Langley are receiving much encouragement in their enterprise and feel that the proposition will go big as soon as the people are thoroughly acquainted with it.

These young men are experts in the aviation service. Lieut. Langley being one of the pilots that made the flight from Arcadia to New York mapping out the Dixie Air Route. He was also one of the instructors at Carlstrom Field and among the many other stunts that they will do here is the giving of instructions to amateur flyers. As they will also sell aeroplanes to those who contemplate taking up flying and will find the Sanford headquarters ready for them in all lines and branches of the aviation game.

There was an error in the article in Saturdays daily Herald in stating the cost of flying. Fifteen minutes flights will be made for \$1 per month or \$15. Stunt flights will cost \$25 for fifteen minutes flight and cross country flights will be \$1 per minute with fifty cents per minute levied for the return of the pilot. In other words should any one want to go to Jacksonville where it would cost \$1 per minute all the way to Jacksonville where the passengers would alight and would then hand the pilot fifty cents per minute for the return trip.

The aviators have not definitely decided upon their landing field but like the lake front very much and choice between the bulkhead and Swanns pasture on Sanford Heights.

President Stands Pat

Washington, Nov. 17.—On the eve of a final vote on the peace treaty President Wilson gave the Senate to understand today that unless it modified the reservations already adopted he would take the treaty back to the white house and lock it up in his desk.

The first effect of the warning was to stiffen the lines on both sides of the senate fight. Then compromise proposals of many kinds were thrown out by the Democrats in a final effort to break into the majority program. They found the treaty's Re-

publican friends, all of whom had voted for the reservations, disposed to listen, but to promise nothing, and tonight the life of the treaty seemed to hang upon a slender thread.

A decision one way or the other is planned for Wednesday, and under the cloture rule the leaders say it cannot be delayed beyond Thursday or Friday. Tomorrow the senate will remain in session until it has cleared away all proposed reservations, leaving nothing to do but act upon the ratification resolution itself. Four reservations, two of them proposed by the foreign relations committee, were voted down today, and none was adopted.

Catts And Sheats
Tallahassee, Nov. 18.—State Super-

intendent William N. Sheats, who has just returned from Atlanta, where he has been ill in a hospital for several weeks, has declined to approve the requisition for salary of William M. Holloway, recently appointed by the governor as state rural school inspector. Mr. Sheats, it is understood, will refuse to approve the requisition until the supreme court has passed upon the legality of Holloway's appointment and ordered him to make such an approval.

The state superintendent takes the position that the appointment of Holloway was illegal and is of no effect the statute under which the appointment was made provides that for the appointment of two such inspectors by the governor upon the nomination of the state superintendent Mr. Holloway was appointed by Gov. Catts

without approval of Superintendent Sheats and in fact after Mr. Sheats had made two or more nominations which apparently were not acceptable to the governor.

The governor is still out of the city and the matter will doubtless rest where it is until his return. It is believed that he will ask the supreme court for an advisory opinion as to the legality of the appointment.

HEALTH MONEY

State Board Will Have More For The Work

Jacksonville, November—Through the efforts of the State Board of Health an additional \$8,000 will be available this year for health work in Florida. This sum will be apportioned to Florida by the United

States Public Health Service and was pledged through Dr. Lorin A. Greene, assistant acting surgeon in the public health service, and director of the Bureau of Venereal Disease of the State Board of Health.

The money will be divided between the Bureau of Child Welfare and the Venereal Disease department. Determined that Florida shall have the healthiest children of any state in the United States, Dr. Ralph N. Greene, state health officer, is mapping out what probably will be most comprehensive program of child welfare ever inaugurated by a state board of health.

Dr. and Mrs. George Hyman and family, motored to Orlando on Tuesday afternoon to attend the circus.

As It Is

As It Seems

The Road—In New Overland 4 on Three-Point Cantilever Springs

YOU expect a bad road to ride as it looks. It did, until the introduction of the Overland 4 Springbase.

Overland 4 does not change the road, but it does change the manner in which you can ride on it. It gives you comfort instead of discomfort. It gives you a smooth, sailing sensation instead of bouncing and swaying.

The Diagonal attachment of Three-Point Cantilever Springs at the ends of a 130-inch Springbase gives long wheelbase road steadiness. Yet Overland 4 retains all the advantages—lightness, economy, and ease of handling, of 100-inch wheelbase.

This means an altogether new standard of riding comfort, a noteworthy reduction in the wear and tear which lessens the efficiency of a car. The new springs give longer life to every part and thus minimize upkeep and replacement costs.

Tires wear longer because cushioned against hammering blows. Light weight means marked economy in gas, oil and running expense.

Overland 4's equipment is complete from Auto-Lite Starting and Lighting to Demountable Rims.

Come in and see this remarkable car. Ask for booklet. Overland 4 Touring, \$845; Roadster, \$845; Coupe, \$1325; Sedan, \$1375. Prices f. o. b. Toledo.

of Mrs. Chapman's parents Mr. and Mrs. J. S. Dinkel.

Miss Olive Dinkel returned from Jacksonville last Saturday where she had been visiting her sister Mrs. H. R. Chapman.

Word has been received that the stork left twins boys at the home of Mr. and Mrs. Charles Polk of Jacksonville.

J. E. Phipps was shopping in Orlando on Tuesday.

Mrs. G. S. Maurey and son, Miss Edith Rand and Miss Helen Hurlbert and Ollin Lin were the guests of Mrs. J. S. Dinkel on Wednesday.

Mrs. James Marnland and Mrs. Limrick of Orlando were visiting friends on Wednesday.

Dr. Mobley of Okeechobee was brought to the Orange County Hospital last week where he passed away on Friday morning, the remains were laid to rest in the Longwood cemetery. Dr. Mobley was brother-in-law of C. W. Entzinger.

Mrs. H. H. Smith was in Orlando on Saturday.

Mr. and Mrs. Tullis have returned and are located in their cottage in South Longwood.

Mr. and Mrs. Hardy of Farmington, Maine arrived on Saturday.

Mr. and Mrs. Schuman and Miss Edith Schuman of Conn., have arrived and will be here this winter.

Mr. Fuller of Orlando was up Friday looking after his orange grove.

Mrs. H. R. Chapman spent Tues-

day in Orlando the guests of Mrs. Will Branch.

The young people held their community sing at the library on Friday evening.

Mr. John Dunbar and Miss Elsie Dunbar have returned from Philadelphia and are located in their winter home.

Wilbur Witta of Orlando was having some folks on Sunday.

Mr. and Mrs. Caldwell and Miss Dorothy Dufferd were the guests of Mr. and Mrs. Stewart on Sunday.

J. S. Dinkel went up to Jacksonville on Wednesday to take in the Fair.

WEST GENEVA

We are having some fine weather now. It makes everything feel good.

There seems to be lots of hunting from the sound of guns now if they keep up that long there won't be many birds left to tell the news for the next year.

Mr. and Mrs. Tom Fortier spent Saturday and Sunday out at Soldier Creek this week on a hunting trip and had a fine time eating game.

Mrs. O. E. Jacquain from Tampa is spending a few weeks with Mrs. Jack Vaughn.

Mrs. Neal Culp made a pop call with Mrs. Vaughn Friday afternoon.

Mrs. Vaughn and Mrs. O. E. Jacquain was shopping in town Tuesday. Mrs. Jacquain likes Sanford fine. Says it is a nice place.

Mrs. Tom Fortier is on the sick list this week with le gripe.

Well, we are getting a little sugar now. Truly hope we can have some for Xmas. We are glad to get it for people haven't had any in over a month. It sure seems good to have a cup of sweetened coffee.

It seems like the hens know eggs is sky high. They won't lay many eggs for feed nor money, but they don't know Xmas is so near at hand.

I guess we will have some cold weather for Thanksgiving and Xmas. Santa Claus will have a bad time going round.

UPSALA AND GRAPEVILLE

Mrs. Andrew Bertleson and baby left the first of the week for a visit with her parents in Georgia.

We are glad to see Mr. Campbell able to be out again after a couple weeks of malaria, a rare trouble in Upsala.

Carl Pierson was a caller Sunday at the home of Mr. and Mrs. Tyner.

Little Esther Ericson was so ill with a cold, her parents thought best to take her in to see Dr. Denton the family physician. Miss Margaret had to be absent from school from an attack also.

Mr. and Mrs. Tyner are the proud possessors of a little granddaughter, as a telegram came announcing the birth of a little daughter to Mr. and Mrs. Fred Krell at Leesburg, November the 19th, 1919.

Miss Eunice Tyner left for Leesburg to visit her sister Mrs. Fred Krell, and we believe all the family are planning to spend Thanksgiving with them.

Mr. and Mrs. Peterson of Holly Hill and their charming daughters Edwina and Tina, motored over last Sunday to visit with their brother, H. G. Lundquist and family.

Mr. and Mrs. J. E. Lundquist also spent the day with their daughter and family.

We were surprised and pleased at the willing response of the people in behalf of the organ fund and hope that all will be pleased. Mr. Ballinger collected the sum so quickly that we got a little reduction of \$1.

The names of the contributors and amounts given were read in the church last Sunday and we believe there are others yet who will give and it can be used to put on a few shingles on the roof.

Thanksgiving day has come again and surely all can find something for which to return thanks. Life itself, love ones and home, pleasant memories of past days with hope for those to come, the gift of peace, if we will but count our blessings instead of our trials every day will be one of Thanksgiving.

Friends in Upsala will be glad to hear that Charley Cramer of New York, the only child of Mrs. Verne Collier of Sanford has arrived to spend the winter with them, accompanied by his family, consisting of his wife and three little ones.

"U. S." Boots—made in all sizes and styles, red, black and white

Why "U.S." Boots save your feet

HALF the foot troubles of fishermen—blisters, sores, chafed skin, aching muscles—come from just one thing: boots that aren't right.

Boots that don't really fit, boots that don't support your feet properly, boots that leak—they make your work just twice as hard.

A real fisherman's boot—made on a good comfortable last, strong and tough at every point—that's the U. S. rubber boot.

Shaped so as not to rub up and down at the heel, plenty of room at the toes—the U. S. boot is made for fishermen.

And they're made right, too—every pair backed up with extra thicknesses of pure rubber and good strong duck where the wear is hardest, at just those points where boots are likely to break through first.

Go to the store and see for yourself these U. S. boots for fishermen—any length you want, the Storm King, the Sporting, the Knee Boot.

Look for the U. S. seal—it means solid wear and long service for your money.

KEEP YOUR EYE ON THE HERALD WANT COLUMN

ALL 'ROUND THE STATE

NEWS OF THE GREAT STATE OF FLORIDA

Compiled In Tabloid Form For Busy Herald Readers

Dade City, Nov. 25.—Pasco county placed itself "on the map" for keeps today when its citizens by a very decisive vote decided in favor of a bond issue for three-quarters of a million dollars, the money to be spent in building hard-surfaced roads. With nine precincts out of twelve accounted for, the vote stands:

For bonds, 317, against 162.

The missing precincts are small communities and their vote will not change the result. Dade City cast 121 votes for bonds, 34 against. Tribby went for bonds, 46 to 1. Crystal Springs cast but five votes, but all were for the bond issue. Sar Antonio went 66 for bonds to 12 against. Zephyrhills went against the bond issue with 51 votes in the "no" column to 41 for bonds. By their act today the voters create a special road and bridge district and authorize the issue of \$75,000 of bonds for good roads. The special road and bridge district is made up of all that part of Pasco county east of the line between ranges eighteen and nineteen, and it is this district which will issue the bonds and have new roads.

Kissimmee, Nov. 25.—An explosion at the Standard Oil pumping station this afternoon resulted in a spectacular fire which destroyed valuable property and severely injured the man in charge. The pump had been running for several hours, unloading an oil tank car, and it is supposed a valve which fed the engine became loose and flooded the place with gasoline. In an instant everything was ablaze. There was no delay on the part of the fire department but the entire pumping station, the engine and equipment were totally destroyed. George Alman, who drives the oil truck, had about eighty gallons of oil loaded when the explosion came. This was burned up, then the flames spread to the adjoining sheds, burning them to the ground. The property loss was estimated at about \$4,000. Mr. Alman was badly burned about the head and arms, though his injuries are not considered serious.

The Elks' Club of West Palm Beach boasts that while it is only 23 months old they own their home and the value of the home is \$40,000 now, and plans are to be perfected in the near future which will enhance the property to \$125,000.

Jacksonville, Nov. 25.—At the opening of the Southern Settlement and Development Association meeting today, held at the Seminole hotel, delegates from important civic bodies all over the state were in attendance. Clarence S. Ucker was elected temporary chairman of the meeting. Many impressive speeches were made, among those speaking being Dr. W. F. Balckman, of Jacksonville, L. A. Whitney, of St. Petersburg, J. E. Kavanaugh, of Jacksonville, Mrs. Phillips, of Tallahassee, Jules Burguires, of West Palm Beach, and P. K. Van Valkenburg, of Orlando. After the speechmaking a resolution was adopted that a permanent state association be formed. The following

committee on organizations was appointed by the chairman: Jules M. Burguires, P. A. Yonge of Pensacola, Mrs. W. S. Jennings, A. G. Cummer, F. C. Groover, and W. F. Blackman all of Jacksonville, W. L. Wilson of Panama City, J. L. Edwards of Ocala, and L. A. Bize of Tampa.

Robbed only in a blood-soaked night-shirt and with his head nearly severed by the stroke of a razor, the body of Henry Boyd, colored lies on the veranda of his West Live Oak street cabin, where he was brutally murdered about 9:30 last night as he lay in bed. Justice Charles Beers will hold an inquest this morning in an effort to determine the identity of the murderer. M-antime the wife of the murdered man is locked up in the city jail under strong suspicion that she either committed the heinous crime or at least knows all about it—Daytona Journal.

The Homestead Enterprise says the prospects are fine for a large crop of tomatoes. South Dade's prospective acreage is estimated between 3000 and 4000 crates, and all crops are looking well. Early tomatoes are the best paying of the lot on an average, if they are not hurt by the frost. Tomatoes are very sensitive and a hard frost will lay them low.

Strawberries at \$1 per quart, in the local market. That was the situation yesterday, when I. A. Henderson, of Sydney, brought in three quarts of choice fruit. It probably was the first time that berries sold at that figure for local consumption. Mr. Henderson has one acre planted to berries. The plants were set September 18-25th, and he will be picking in considerable quantities within a few days. It is expected that shipments will be made from Plant City within a few days, and within a month, under favorable weather conditions, the movement will assume considerable magnitude.—Plant City Courier.

Christian Science services will be held at the Womans Club, Oak avenue, between Third and Fourth streets, on Sunday, morning at 10:45 o'clock Subject: "Ancient and Modern Necromancy Alias Messmerism and Hypnotism Denounced" 481f

FOR SHERIFF

Having been urged by a large number of the voters of Seminole County to become a candidate for the office of Sheriff, I hereby announce my candidacy subject to the decision of the Democratic primary. C. M. HAND 15-11c

PRINCE ALBERT

the national joy smoke

NEVER was such right-handed-twofisted smokejoy as you puff out of a jimmy pipe packed with Prince Albert! That's because P. A. has the quality!

You can't fool your taste apparatus any more than you can get five aces out of a family deck! So, when you hit Prince Albert, coming and going, and get up half an hour earlier just to start stoking your pipe or rolling cigarettes, you know you've got the big prize on the end of your line!

Prince Albert's quality alone puts it in a class of its own, but when you figure that P. A. is made by our exclusive patented process that cuts out bite and parch—well—you feel like getting a flock of dictionaries to find enough words to express your happy days sentiments!

Toppy red bags, tidy red tins, handsome pound and half-pound tin humidors—and—that classy, practical pound crystal glass humidor with sponge moistener top that keeps the tobacco in such perfect condition.

Women!

Here is a message to suffering women, from Mrs. W. T. Price, of Public, Ky.: "I suffered with painful..." she writes. "I got down with a weakness in my back and limbs... I felt helpless and discouraged... I had about given up hopes of ever being well again, when a friend insisted I

Take **CARDUI** The Woman's Tonic

I began Cardui. In a short while I saw a marked difference... I grew stronger right along, and it cured me. I am stouter than I have been in years." If you suffer, you can find relief in what it means to be strong and well. Thousands of women give Cardui the credit for their good health. It should help you. Try Cardui. At all druggists. E-73

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs cleaned and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is included in odorless, tasteless capsules containing about 5 drops each. Take three or four a day with a small

swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease. Do not wait until old age or disease have settled down for good. Go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.

Office: Herald Building Telephone No. 1, 8

Another circus is coming to Sanford.
It certainly does pay to advertise.
Our White Way will soon be a thing of beauty and joy forever.
People who talk about higher class of entertainments are never there when these high class entertainments are given.
The growers are feeling much better since the cold weather seems destined to come this way. Lettuce and other crops are bringing better prices.
We are waiting for one of our farmer friends to bring us in a turkey for a years subscription to the Daily Herald.

The merchants of Sanford are alive to their opportunities here in the shopping line and are taking space in the Daily Herald to tell the people about the many good things in the stores. This is the way to keep trade at home. Let the people know that you appreciate their trade by making a bid for it.

It is good news indeed about the Fernald-Laughton Memorial Hospital opening by January first. This is one of the best assets of the city and is needed just as much as hotels for the accommodation not only of the home people but the strangers in our midst. The hospital association deserves great credit for the manner in which they have taken hold of this great enterprise and brought it up almost to completion.

TOMORROW—GIVE THANKS

Commemorating the day of thanks is a national trait of the American people. It is never forgotten, and it is never indifferently observed. No matter how humble or obscure a person may be, there is always something for which thanks may be given. The president has designated Thursday, Nov. 27, as Thanksgiving Day, and has exhorted the people to render grateful homage to the source from which all blessings flow.

The Divine Being bestows His blessings in many ways, and in various degrees, but always as in His infinite wisdom deems best. We may marvel, but it is not for us to question. Although our country is torn with dissensions, and rumblings are everywhere, we yet have much for which to give thanks.

Our men have returned from the fields of war, undaunted in spirit, unshaken in the march of victory. Some have not returned, but the mark of a hero is above every grave. Our fields have yielded bounteous harvests and our factories have given generously of their products.

Money has been plentiful and but little distress has been found. Sickness has been at the minimum and the death

rate has been small. With the world in a turmoil, we of America retain yet even a small measure of tranquillity, with hope rearing its head as a beacon light of the future. Let us give thanks for the blessings we have enjoyed, with the hope that when another Thanksgiving arrives with the cycle of peace may abide with us all.

LATE DELIVERIES

Something should be done in Sanford to cut out the late deliveries of goods and especially of groceries on Saturday nights. A visit to any of the grocers in this city Saturday night will reveal hundreds of orders stacked up on the counters and the delivery wagons going on the streets up to and after midnight. These orders could just as well be given Saturday morning and if the grocery stores of this city will make it a rule the people will soon learn to order their groceries early in the day.

There is no more reason for galivanting down town Saturday night to order groceries sent to your house than there is in doing the same thing other nights in the week. And if you can come down town Saturday night and go to the stores you can carry your goods home with you. We are making this plea for the overworked clerks and the delivery men who are forced to work late into Sunday morning just because a few careless people forget to order their Sunday supplies on Saturday morning.

TO THE FLORIDA GROWER

Your motto is "The Truth About Florida" and it is a good motto and one that has been fairly well kept in the years that you have been publishing a magazine for Florida. We like you very much but we do not know whether you like Sanford or not. You have never shown it any if you do and no doubt you have many subscribers in this section. We know of one subscriber and admirer that just handed in your last cover to us in which there is a page of advertisement about Ft. Myers and the lines in the advertisement you have the following: "The only county in the United States shipping peppers in car load lots"

Now maybe you placed this advertisement because the Ft. Myers Board of Trade gave it to you in this style. Maybe you read it and maybe you did not read it and may be the necessity of money you received for it blinded your eyes to the extent that you did not care to be too explicit.

But certainly if you know as much about Florida as you pretend to know and certainly if you intend to continue to sail under your old masthead of "the truth about Florida" you should recall that advertisement because Ft. Myers is not the only county in the United States that ships peppers by the car load. Now we shall whisper something in your shell like car, dear Grower, Seminole county not only ships peppers in solid car lots but during the three months of April, May and June this county probably ships more cars of peppers than Lee County does during the entire season. Please get this, dear Grower.

We are not asking you for any free advertising. Our fortune is assured and the people are buying lands here all season long and buying them without any advertising in the Grower despite the fact that it is the most truthful magazine published since Little George published his "Cherry Tree Manual". But since you put forth your claims for veracity and admit it we just want to call your attention to the fact that the Sanford section alone ships more vegetables than any other section in the world and we can prove it by actual figures.

Therefore, dear Truth-teller, never again make a statement about any section of any part of the world shipping more vegetables of any kind than Sanford unless you hand it to Hastings on the Irish potato deal and we take our hats off to them when it comes to Murphies. Wishing you many happy returns of the day, etc., and a happy Thanksgiving we leave it with you.

BRYAN SOUNDS NOTE OF WARNING

William J. Bryan, the great commoner, who has disappeared more or less from the political stage since his resignation from the cabinet, is again in the limelight. This time he is a member of the "I told you so" class in that silver has passed through the gold parity point.

However, the real claim to the limelight at the moment is his view on the Senate's action in regard to the peace treaty. He declares that a compromise must be agreed upon at once.

Mr. Bryan hurls a truth at the American people which must be vitally considered when he asserts that the profiteer and the plutocrat are abroad in the land, and that it is their desire to make the treaty an issue in the presidential campaign so as to secure a strangle hold upon the people while public attention is being diverted to foreign questions.

The warning issued by the famous Nebraskan is one which must not be ignored because he declares, "the masses are in no condition to bear great burdens or to wait for relief." France, England, Italy, Japan—all have ratified the treaty, and the United States stands

aloof, holding back full resumption of international relations, sewing up commerce, allowing other countries to get together in an effort to restore pre-war conditions while our own nation suffers.

The treaty should be immediately disposed of by compromise, and then the most urgent attention must be given our own domestic troubles which cannot wait upon politics. Mr. Bryan's appeal for a settlement of the treaty, as wired to the New York World, is as follows:

"The adjournment of the Senate without ratifying the treaty is greatly to be deplored, but congress meets in regular session in a few days, and a compromise should be agreed upon at once. The President did the best he could at Paris, but he had to fight single handed against nations which were seeking to obtain advantages from the war. A perfect treaty could not be expected under such circumstances.

"The Senate is a co-ordinate body under our constitution, and has the last word in treaty making. More than three-fourth of the members of the Senate, more than two-thirds of each party in the Senate, favor the treaty and the League of Nations, but they differ in regard to proposed reservations, and neither side has a sufficient number of senators to act independently of the other.

"There must be compromise or indefinite delay. If settlement is postponed until after the next election the treaty cannot be certified for at least sixteen months, and then neither party would be likely to control two-thirds of the Senate. No party can afford to assume responsibility for what may happen in the meantime. The plutocrat and profiteer are abroad in the land, and it is to their interest to make the treaty an issue in the next campaign, for then they will be able to secure a strangle hold upon the American people while public attention is being given to foreign questions.

"But the great masses are in no condition to bear greater burdens or to wait for relief. The antagonism between capital and labor increases and unrest grows while extortioners plunder all classes of society. It is time for the friends of the League of Nations to get together on a compromise, so that our country may devote itself to pressing domestic problems."

Turned German Monument

Tarnopol, Poland, Nov. 26.—The German monument erected in honor of the then German Emperor's visit to Tarnopol in 1917 has been turned into an Allied memorial.

During the occupation by the German troops the huge monument was erected, bearing the inscription, "William II, Emperor of Germany and King of Prussia, stopped here on July 28, 1917."

It was a division of Polish-Americans, members of the French army that took the town for the Poles, and they simply added this inscription "and July 4, 1919, the Sixth Division of American Chasseurs entered the town. They stayed."

WAGE INCREASE GRANTED

Railroad Laborers Get Time and Half For Overtime

Washington, Nov. 25.—A new wage and working agreement was signed late today between the railroad administration and officials of the Brotherhood of Maintenance-of-way Employees and Railway Track Laborers. While demands of the union were not fully met, the eight-hour basic day was established for track laborers and others of that classification and time and a half pay after that hour was provided. Most of the other employees included under the agreement will receive time and half overtime pay after ten hours.

Signing of the new contract by Director General Hines ended negotiations which have been in progress since February. Approximately 400,000 men are affected, railroad administration officials estimated. The contract also provides that it shall be applicable during the period of Federal control of the roads, unless notice of thirty days is given of its conception.

"Specifically," an announcement by Mr. Hines says, "The new contract provided overtime for regular section laborers and other employees in this classified except laborers in extra or floating gangs whose employment is seasonal and temporary in character, and certain employees whose positions do not require continuous manual labor, will be paid on the basis of time and one-half after the eighth hour of continuous service exclusive of the meal period, thus applying the same principle which was established last year for important classes of railroad workers.

"Heretofore such maintenance employees have been paid overtime at pro rata rates for the ninth and tenth hour. Under the agreement laborers in extra floating gangs whose employment is seasonal or temporary in character will be paid overtime at a pro rata rate for the ninth and tenth hour,

and time and one-half time after the tenth hour whereas employees holding positions not requiring continuous manual labor, such as track, bridge and highway crossing watchmen, signalmen at railway non-interlocked crossings, lampmen, engine watchmen at isolated points and pumpers will continue to be paid for their present hours of work a monthly rate equal to their present pay.

Youngest Prime Minister

Queensland, Australia, Nov. 26.—Edward Grajville Theodor, Queensland's new Premier is one of the youngest if not the youngest Prime Minister in the world. He is 34 years old.

Prominent Baptist Laymen of Florida Endorse Baptist 75 Million Campaign

Judge E. D. Beggs of Pensacola, says: "In the Seventy-five Million Campaign the Baptist of the South will do far more than they have ever done to meet the obligations laid upon them by the Great Commission of Our Savior. They will come nearer realizing the extent of their ability to do for the Savior, and at the same time will measure up more fully to the performance of their duty than ever before. Then they never will be content to do less in the future, but will do increasingly more each recurring year.

"While the Campaign is primarily for objects outside of the churches contributing, yet as the members experience its enlightening and enlarging influence they will come to realize as never before their obligations to their home churches and will measure up more fully in meeting them.

"With these and all the attending results accomplished the Baptists of the South may well rejoice at having inaugurated this ever memorable Campaign."

Mrs. K. R. Washburn and Miss Armstrong of Jacksonville are guests of Hotel Carnes.

ELDER SPRINGS WATER

THOMAS D. BAKER, Ph. D.
Analytical and Consulting Chemist - Professional of Natural Science
Emeritus, Rollins College, Florida
Private Laboratory of Rollins College
Winter Park, Fla., Nov. 5th, 1918

Mr. T. O. Charles
Sanford, Fla.

I have completed careful chemical analysis of the sample of water that you brought me early last week, and have obtained the following results:

Color	Clear	Chlorine	1.75 parts per million
Reaction	Neutral	Total solids	8.00 parts per million
Free Ammonia	50 parts per million	Hardness	22.03 parts per million
Albuminoid Ammonia	Trace	Nitrates	Trace

The absence practically of free and albuminoid ammonia in this water and its very small amount of chlorine indicates its excellent quality for household purposes. In addition to the good quality characteristics of superior household water, it possesses special features of much value, especially those of excellent natural aeration and LOW degree of hardness.

The bacteriological analysis, resulting in an average total count, in four samples of the water, of 2 bacteria per cent., and in finding no colon, or other harmful bacteria, fully confirm its good quality indicated by the CHEMICAL analysis.

Of the many waters of this and other regions that I have analyzed, I have found none superior in all good qualities to that of the "Elder Water."

Yours very respectfully,
(Signed) THOS. D. BAKER

T. O. CHARLES, Distributor

Notice is hereby given that pursuant to a resolution of the Board of Directors, a meeting of the Stockholders of the First National Bank of Sanford, Florida, is called to be held in the City of Sanford, Florida, in the office of the said Bank, on the 4th day of December, A. D. 1919, at 3 o'clock P. M. of the said date, to vote upon the question of increasing the capital stock of said Bank. 10-6tc B. F. Whitner, Cashier.

Tax Books Now Open Tax Books are now open for the payment of State and County Taxes; a discount of two per cent is allowed for payment in November, and one per cent in December. Jno. D. Jinks Tax Collector, Seminole County SAT-WED-5TC-W-14-2tc.

NOTICE Bids will be received by the Board of County Commissioners of Seminole County at their next regular meeting to be held on Tuesday December 2nd, at 10 o'clock A. M. for the building of a vault in the Seminole County Court House. Plans and specifications can be obtained from E. A. Douglass, Clerk of the Circuit Court, Sanford, Florida or from F. H. Trimble, architect, Orlando, Florida. Board reserves the right to reject any and all bids. E. A. Douglass, Clerk. W13-3tc.

Corners Quinine London, Nov. 26.—One of the profiteering "rings" alleged to be responsible for soaring prices in England is a Dutch combine which is said to have effective control of the quinine market. Government agents are seeking a means of breaking its grip on the commodity.

Pensacola Strike Fails Pensacola, Fla., Nov. 21.—The general strike in the building trades called to begin today showed but small results according to employers. Union men claimed that about 350 men were affected. The strike arose out of demands of carpenters for a "closed shop," to which employers refused to acced.

General Booth Visits London, Nov. 26.—General William Bramwell Booth, of the Salvation Army is planning to leave London next month to visit salvationists in Holland, France and Switzerland, after which he will go to New York.

Dainty Star Is Country Girl With Artistic Ambitions In Screen Version of Stage Success Another Broadway stage-play has been converted into a screen vehicle for Marguerite Clark. Following her recent success in "Widow by Proxy," also a former stage comedy, she is being presented in "Luck in Pawn" Marcia Taylor's light dramatic success, and will be seen at the Princess Theatre today and tomorrow. The picture is described as a comedy of the type that Miss Clark has always succeeded in making extremely entertaining and sparkling.

It concerns the fortunes of a little country girl who aspires to be an artist and seeks the advice of a noted painter as to the merit of her work, only to be told that her talents along artistic lines are extremely limited.

However, her charms attract a young rich idler, who sees in her a welcome relief from the sophisticated women of his acquaintance in constant pursuit of him for his wealth. He establishes her in a fashionable hotel as his guest, concealing her identity from his mother. Despite exposure by a match-making and other complications, the affair turns out happily. Charles Meredith heads a capable supporting cast, and the picture was directed by Walter Edwards.

Steel Committee Votes Unanimously to Continue Strike Youngston, O., Nov. 25.—The national committee in charge of the steel strike, meeting at Pittsburgh yesterday, voted unanimously to continue the strike, it was announced here today by S. T. Mammersmark, the secretary in charge of local strike headquarters.

Compositors Who Took "Vacations" Find Jobs Searched New York, Nov. 25.—Striking compositors were returning from their "vacations" this morning, the rush for jobs being greater than ever when it was learned that many supposed vacancies did not exist owing to the large amount of work that

has been sent out of the city. This fact was expected to have its effect also on the vote to be taken by the pressmen and feeders, still out, on reaffirming with their international union and arbitration their differences with the printers' league. Several hundred "vacationists" met yesterday and appointed a committee to draw up a history of the two months' strike and to place the blame where it belonged.

Smokings Goes Up New York, Nov. 26.—The high cost of smoking is going higher. One of the largest retailing concerns with branches in all parts of the country announced today that the retail prices of b various popular American "blends" of cigarettes now retailing at eighteen cents a package of twenty, would be advanced to twenty cents, or something over 11 per cent, about Dec 1

The raise, it is declared, is necessary to make up an increase of eighty cents a thousand in the wholesale price. Higher cost of cigarette tobacco is blamed for the advance.

O!! MY BACK The Expression of Many a Kidney Sufferer in Sanford A stubborn backache is cause to suspect kidney trouble. When the kidneys are inflamed and swollen, stooping brings a sharp twinge in the small of the back, that almost takes the breath away. Doan's Kidney Pills revive sluggish kidneys—relieve aching backs. Ask your neighbor! Here's Sanford proof:

Mrs. W. A. Tillis, 1100 Elm Ave., says: "I am just as strong for Doan's Kidney Pills now as when I endorsed them before. I used them some few years ago. At that time I had a sore and lame back and found it difficult to bend over. My kidneys didn't act as they should either. I used a box of Doan's and they regulated my kidneys and rid me of the pains in my back. I have great faith in Doan's Kidney Pills." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Tillis had. Foster-Milburn Co., Mrs. Buffalo, N. Y.

Forrest Lake, president of the Seminole County Bank of Sanford and president of the Florida Bankers' Association, who has been in Miami in the interest of his candidacy for the nomination as congressman for the fourth congressional district, a position now held by Hon J W Sears of Kissimmee returned to his home in Sanford last night. He was at one time a resident of Miami and was greeting many old friends yesterday.—Miami Herald

No Money In Salvage London, Nov. 26.—Civilian visitors returning from tours of the battlefields in France criticize the salvage operations still being carried on there.

"Men who ought to be back at their work in England are engaged in collecting useless scrap on every battlefield and the direction of officers who have lost all keenness for work since the war ended a year ago," commented one returning visitor.

"I spoke to two officers, each of whom told me the value of the a salvage would not compare with the money

HANDLING WAR RISK MAIL IS GIGANTIC TASK

More Than 100,000 Letters Are Received Every Day.

WORK NIGHT AND DAY SHIFTS

Hearty Willingness to Conform to Requirements is Manifested in Letters Received by the Hundreds of Thousands—Identification of Cases Often Impossible Because Necessary Information is Lacking—How Correspondence is Handled.

"Dear government. This is to let you know that I am staying at home with my folks at Simpkins Falls."

And this loyal, punctilious American mother thought that in that message she faithfully had complied with the oft-repeated injunction, "Don't fail to inform the bureau of war risk insurance of change of address."

Another conscientious mother who had been duly instructed in the fact that it is often difficult to identify a soldier unless specific information be given in the letter of inquiry addressed to the bureau, asked for news of "my boy Jim." "You must have noticed Jim, because he's six feet tall." And of course she couldn't be expected to know that that wasn't just the sort of descriptive information which might help in placing Jim, nor that in that splendid regiment known as "Pershing's Own," made up of units from all over the country, there were 2,700 men who stood six feet and better.

One mother for whom "the boy" had made allotment and asked government allowance answered the formal inquiry as to whether she had other sources of income with the painstaking conscientious statement, "Only Fred's hens."

Show Hearty Willingness.

So into the bureau of war risk insurance by the hundreds of thousands pour the letters bearing their manifest stories of hearty willingness to conform to requirements and simple, incorruptible honesty, but frequently so vague in respect to necessary information as to render identification of the cases difficult if not impossible.

The mail section of the bureau works on a 16-hour basis with one shift working from nine in the morning to five in the afternoon and a night shift from one to eight in the morning, handling directly from the post office all mail arriving during the night.

During the period October, 1918, to October, 1919, this section received, sorted, classified and distributed a total of 10,860,533 pieces of mail, and for the same period received from the various divisions of the bureau, arranged according to states, and forwarded to the city post office a total of 22,527,508 pieces of mail. This makes a grand total of 42,388,041 pieces of mail passing through the mail section during the course of twelve months.

On July 14, 1919, the mail section, under instructions from Director R. G. Cholmeley-Jones, took over the arranging and listing of all tenders in payment for insurance premiums. These remittances during the period July 14th to October 7th numbered 1,203,192 at a valuation of \$9,784,186.38.

Takes On Additional Duties.

The mail section from time to time is taking on additional duties in order to relieve the various divisions of the bureau, and is functioning with a lower percentage of errors than the minimum allowed by the United States post office.

The bureau's mail trucks make

hourly trips between the post office and the Arlington building and also collect or deliver at nine offices of the bureau outside of the Arlington building, and at eleven other government offices.

Around the first of the month the mail comes in at the rate of about 140,000 pieces a day, later falling to 40,000 or 50,000.

Premium receipts make up about half of the entire incoming mail during the first half of the month. Seventy-five per cent of all mail received is for the insurance division of the bureau.

The mail section also handles each day 75,000 to 100,000 pieces of outgoing mail and about 30,000 pieces of interdepartmental mail. Between December 1, 1918, and September 30, 1919, the bureau received 4,503,405 discharge notices alone. In January the flood of discharge notices rose to 685,300. In August it reached the high-water mark of 700,325. The total number of pieces of incoming mail received during August was 2,257,436.

How Mail is Handled.

Mail as it comes from the mail sack is separated unopened into 31 classes. The letters are run through the letter-opening machines at a rate of from two to three hundred a minute.

From the letter opens the mail goes to forty women expert mail readers, who make 48 separations of the mail brought to them. It takes good judgment as well as good memory to decide unerringly under which of the 48 heads a letter belongs, but the mail reader does it at the rate of 900 to 1,500 letters a day.

Letters containing checks, money orders or other valuable inclosures go to a group of girls in the next room, who sit around a big table covered with wire baskets. All checks are listed in duplicate, the lists verified, and

the letters with the inclosures placed to them sent in locked boxes to the proper office.

Letters containing a change of address go to another group. These changes are often implied rather than stated, and unfortunately are not always legible. Frequently the writer gives no address at all in the letter. Since the postmaster or the rural delivery carrier and everybody about the village knows the writer so intimately, giving an address in the letter seems quite unnecessary to many who write and who sometimes, in spite of all efforts put forth to identify the case, fail to receive an answer.

Must Be Copied.

Letters asking for information on more than one subject must be copied, that they may be referred to the various sections whence the information may be obtained. Sometimes three or four copies must be made, and this job keeps a large group of typists and clerks busy.

The letters which contain insufficient information must be run against the great card index identification files for a number which will fix the identity of the man in question, whereupon it is attached to that man's papers. A night force works from five to midnight attaching new correspondence to these papers, which are the original Form 1-B and all letters received concerning the case.

But on other than these cases where checking of the files has to be done the work is kept current day after day. Except on Mondays, when two days' mail has accumulated, every piece of mail received in the 24 hours preceding three o'clock has been placed in manila folders, the folders labeled and listed and trundled off in a big, boxlike wheeled carrier to the subsection to which it belongs, and from there various sections the reply goes back as quickly as is humanly possible when the gigantic volume of more than a hundred thousand letters daily is considered.

Another very important item is the proposed enlargement of the permitted class of insurance beneficiaries (spouse, child, grandchild, parent, brother or sister) to include, in addition to those enumerated, uncles, aunts, nephews, nieces, brothers-in-law and sisters-in-law.

All of the amendments described above, together with several other proposed measures of less general interest, but of much importance, are incorporated in the so-called "Sweet bill," introduced by Congressman Sweet of Iowa in the house of representatives on August 26, 1919.

The whole trend of the bureau's recommendations manifest its desire to be of the greatest possible service to those for whom it was created—the men who served our country in the Great War. Not only in recommending the adoption of amendatory legislation, but in every other possible way, the bureau is doing its best to expedite its service, and to carry out the letter and spirit of the act in behalf of the men for whom it was prepared.

In the matter of the settlement of insurance claims the bureau is practically current. Of over 123,000 claims, all but 9,000 have been settled, and regular payments are being made. The 9,000 unsettled cases consist of those in which the beneficiaries live in foreign countries or for some other reason cannot be reached. A diligent effort is being made to get in touch with the comparatively small residue.

Insurance Paid Promptly.

A great many people do not realize that there is a wide difference between the insurance feature of the act and the provision for compensation. An insurance claim is paid immediately to the beneficiary; but in the case of a claim for compensation a great many features must, under the law, be con-

ASK CHANGES IN WAR RISK ACT

Important Amendments in Bill Are Asked of National Lawmakers.

REVISE SCHEDULE UPWARD

Increased Compensation for Disabled Ex-Service Men is Urged—Bureau Seeks to Give Fullest Possible Service to Those Affected.

Washington.—"Our work in conducting the affairs of the bureau must be guided by the counsel of the soldiers, sailors and marines themselves. Our aim is to be of the fullest possible service to those affected by the act."

Thus Colonel R. G. Cholmeley-Jones, director of the bureau of war risk insurance, in the course of a talk to wounded soldiers at Walter Reed hospital, Washington, D. C., epitomized the motives behind the action of the bureau in requesting congress, through the treasury department, to enact several important amendments to the war risk insurance act. These may be divided into two general classes—those affecting the compensation features of the act, and those concerning war risk insurance.

A very important proposed amendment, and one which meets with widespread approval, is the upward revision of the schedule of compensation payable to disabled ex-service men. Under the present schedule a man totally disabled is entitled to \$30 a month, if single. The amendment raises this to \$50, making \$80 payable under these circumstances. If he has a wife but no child living he gets \$45; the amendment provides \$90. If he has a wife and one child, he draws at present, \$55; the amendment gives him \$95.

Extend the Provisions.

The law now provides that if a man loses both hands, both feet, or the sight of both eyes, or becomes helpless and permanently bedridden, he shall receive \$100 a month compensation. Experience has shown that many men who have lost an arm and a leg, or one limb and the sight of one eye, are just as badly crippled as men who have lost both feet or both hands, and so the bureau has recommended that in addition to the injuries at present entitling a man to compensation at the rate of \$100 a month, the following shall be included: The loss of one foot and one hand; the loss of one foot and the sight of one eye. These are deemed "total and permanent disability" by the express wording of the amendment. There is also a provision that for a "double total permanent disability," meaning cases in which men are maimed so seriously that their injuries include two of these classifications, the compensation shall be \$200 a month.

The bureau has found a very widespread sentiment among ex-service men in favor of having their policies made payable in a lump sum, or in installments covering a short period of time, at their option. To meet this demand Director Cholmeley-Jones has urged congress to amend the war risk insurance act to permit making provision in the contract for converted insurance for optional settlements on the part of the insured, making such insurance payable either in one sum or in installments for thirty-six months or more.

If the insured has not exercised his right of election, under the proposed amendment the beneficiary may elect to receive the insurance in monthly installments covering a period of not less than three years.

Include Other Relatives.

Another very important item is the proposed enlargement of the permitted class of insurance beneficiaries (spouse, child, grandchild, parent, brother or sister) to include, in addition to those enumerated, uncles, aunts, nephews, nieces, brothers-in-law and sisters-in-law.

The whole trend of the bureau's recommendations manifest its desire to be of the greatest possible service to those for whom it was created—the men who served our country in the Great War. Not only in recommending the adoption of amendatory legislation, but in every other possible way, the bureau is doing its best to expedite its service, and to carry out the letter and spirit of the act in behalf of the men for whom it was prepared.

In the matter of the settlement of insurance claims the bureau is practically current. Of over 123,000 claims, all but 9,000 have been settled, and regular payments are being made. The 9,000 unsettled cases consist of those in which the beneficiaries live in foreign countries or for some other reason cannot be reached. A diligent effort is being made to get in touch with the comparatively small residue.

Insurance Paid Promptly.

A great many people do not realize that there is a wide difference between the insurance feature of the act and the provision for compensation. An insurance claim is paid immediately to the beneficiary; but in the case of a claim for compensation a great many features must, under the law, be con-

sidered, such as the members of the family within the permitted class, the extent of their dependency, and the extent of the soldier's disability. This accounts for the fact that claims for compensation have not been settled as promptly as insurance claims. The compensation and claims division of the bureau is bending every effort to determine these cases as quickly as thorough and intelligent handling will permit. A large staff of examiners is working night and day in making compensation awards.

The medical division has just completed a very trying and difficult task—the preparation of a schedule of disability ratings for different injuries and combinations of injuries, based on \$100 per month as compensation for total disability. If the Sweet bill (H. R. 8778) becomes law, all compensation for disability will be based upon \$100 per month as a maximum instead of upon \$30 as at present. This schedule is necessarily very complicated, being designed to cover all probable combinations and degrees of injuries, and must be revised from time to time in accordance with the bureau's experience in order that full justice may be done in all cases.

"Unquestionably, the government insurance contracts will be constantly improved, as experience indicates the need for improvements, and it is decidedly to the advantage of all of us to hold the maximum amount of this government insurance," adds the director.

Reinstatement of Insurance.

"A recent treasury decision has authorized the reinstatement of government insurance within 18 months after discharge by the payment of only two months premiums on the amount of insurance to be reinstated, one covering the month of grace during which the policy was in force, and one for the month in which reinstatement is made. This is a very generous provision, and will make it possible for all ex-service men to retain their government insurance after they have become adjusted again in their normal civil life. Indeed, I look for a very heavy reinstatement and conversion as soon as the Sweet bill passes the senate and becomes an act and it is made known to all those who are affected.

"The bureau appreciates tremendously the co-operation it has had from the insurance profession, and it is to be regretted that there are some few who disregard their moral obligation to assist the ex-service men by encouraging the men to drop their government insurance and take out insurance in private companies. It is my personal opinion that all ex-service men in such instances should combine in their disapproval of such action, and should in some forceful way express their utter disgust for those who are found guilty of such practices. Indeed, in the years to come, I feel confident that in such cases where ex-service men have been advised in such way as to allow them to lose their government insurance, that there will be at least one man in the world whom the ex-service men will utterly despise, and distrust, and that will be the unscrupulous agent who in a time of test was found wanting."

Bull Dog Tries to Alter Court Decision

New York.—The testimony of a dog was ruled out by Magistrate McQuade, in court, when Rip, a brindle bull, attempted to convince him that he was doing a rank injustice.

Mrs. Charlotte Slincker appeared against Mrs. Carlos Linares. Mrs. Linares brought with her the dog, Rip. Mrs. Slincker declared that she raised Rip from a pup and that he wandered away from her home last November.

Magistrate McQuade ruled Rip was Mrs. Slincker's dog. Mrs. Linares handed over the dog and started to leave the courtroom.

Rip gave one forlorn look at his departing mistress and set up a howl. He pulled Mrs. Slincker off her feet and it required reinforcements to hold him.

RICH RADIUM FIND REPORTED

High Content in Pitchblende Discovered in Nipissing District.

Toronto.—Pitchblende, the ore of radium, has been found in the township of Butt, district of Nipissing, it was announced. An assay, made by New York experts, showed the pitchblende to be unusually rich in uranium, the parent of radium. The uranium content was 63.00 per cent, equal to 74.98 per cent of uranium oxide.

According to the provincial department of mines this is the second occurrence of radium bearing mineral reported to the bureau of mines since the Ontario legislature offered a reward of \$25,000 for the discovery of radium in Ontario in commercial quantity. The other discovery, eureka, which also carries radium, was made several years ago in the township of South Sherbrooke in Lanark.

English Government Helps.

London.—Under the housing act money is being lent to the owners of buildings who are willing to convert them into flats for workers. The loan must not exceed half the value of the property.

Be Cautious

YOU WILL DECIDE WISELY if you make this Bank the depository of your funds. Its strength, Careful Management and Modern Facilities attest its standing as a Secure, Reliable Banking Institution. Accounts subject to check are cordially invited.

PEOPLES BANK OF SANFORD

DR. CHARLES L. PARSONS

Dr. Charles L. Parsons, secretary of the American Chemical Society.

Walking Delegate Not on Wire Then. When Ben Franklin coaxed electricity from the clouds it probably did not occur to him that he was paving the way for possible telegraph and telephone stations.

Super Realism. Employer (to clerk)—"If that bore, Smithers, comes in, tell him I'm out—and don't be working or he'll know you're lying."

How Much You Should Weigh. A simple way to ascertain one's ideal weight was told recently by Dr. Harvey G. Beck of the University of Maryland. In an address before the Los Angeles County Medical Association at Los Angeles, Cal. First, put down 110. Then multiply by 5/16 the number of inches by which one's height exceeds five feet. Add the result of the multiplication to the original 110 and the sum is one's "ideal weight."—Popular Science Monthly.

In Death Valley. Death valley is a narrow area between the Panamint and Funeral mountains in California. It is traversed by the Amargosa river, which is usually a dry channel, though probably it was formerly full of water. The level of the valley is covered with salt, supposed to have been brought by the torrents from the surrounding desert and left on the evaporation of the water. Death valley is said to be the hottest and driest place in the United States.

Prettiness. Many persons erroneously suppose that they have found beauty when they have taken pleasure in what is merely pretty, and this is unfortunate, for it makes it necessary to differentiate between what is pretty and what is beautiful. To the lover of prettiness, love is a little frosted cake, joy a luscious bon bon, sorrow a dose of bitter medicine. Prettiness is ephemeral. But beauty is powerful and memorable.—M. Wilkinson.

TO THE POINT

The most difficult things to understand are frequently the explanations which some men make.

Prices may be high, but we don't see the cost of living scaring any young folks who have made up their minds to get married.

The rich man in the box may be a little more comfortable, but he doesn't get any more fun out of the show than the gallery gods.

Keeping out of debt beats getting out.

THE PATRIOT
IS THE PRODUCER—ALWAYS

Primarily, of course, it is the soldier in war who is the patriot—he produces fighting qualities, his life, his all.

Just as important is the worker at home. Without him the soldier must fail.

We supported the soldier as far as far as we could. We honor and encourage the producer at home.

To each we offer most freely the services of this Bank.

Paducah, Ky.

Please allow me to state that I have sold your hog cholera remedy for one season and have ordered more for this season. Last year I sold it to 12 or 15 men who raised hogs. I told each of them to take the remedy, feed it to their hogs and if they lost a single hog from disease of any kind not to pay me a cent for the remedy, but when they began to sell cotton every man came in and paid me for the medicine and every one of them told me that it was the best hog medicine they ever used. One man paid me for the small package and bought for the worth more and said it was the best that he had ever tried.

Yours very truly,
W. F. Bartlett.

Uselessness Results in Failure
That is why we say "Feed B. A. Thomas' Hog Powder according to DIRECTIONS. DO NOT FEED IT SLOPPY, but mix it with ground feed and moisten with just enough water to make a crumbly mass. Then each hog gets a beneficial dose. See full directions on package. Your money back if you are not satisfied."

AN ORDINANCE

An Ordinance entitled an Ordinance requiring the grading and paving of French Avenue from Ninth Street south 320 feet to Hughey Street and for grading and paving Goldboro Street from French Avenue east 4525 feet to public road running to Uppala.

Section 1. That French Avenue beginning at Ninth Street and extending south 320 feet to Hughey Street shall be paved to a width of seven feet, said pavement to be of a thickness of 3 1/2 inches on each side of pavement placed on said avenue by Seminole County, and shall be of the same material as used by said County in paving the center of said avenue, and shall be of same grade and thickness.

Section 2. That Goldboro Street beginning at French Avenue and extending west 4525 feet to public road running to Uppala shall be paved to a width of seven feet, said pavement to be of a thickness of 3 1/2 inches on each side of pavement placed on said street by Seminole County, and shall be of the same material as used by said County in paving the center of said street, and shall be of same grade and thickness.

Section 3. That said paving of said avenue and street shall be graded and paved in accordance with plans and specifications therefor, submitted by the City Engineer of Sanford, Florida, and approved by the office of the City Engineer.

Section 4. That the cost of grading and paving of said avenue and street shall be paid by the property owners, and the proportionate costs thereof shall be assessed, one-third on each side, against the lands upon which said paving shall be made, and the City of Sanford shall have the right to sell the same as provided by the laws and ordinances of said city.

Section 5. That upon failure of any property owner to do the grading and paving of said avenue and street within the time specified by the City of Sanford, the City of Sanford shall be authorized to do the same, and the cost thereof shall be assessed against the property owner, and the City of Sanford shall have the right to sell the same as provided by the laws and ordinances of said city.

Section 6. That any person owning any interest in and to any property abutting upon said avenue or street to be paved shall have the right within thirty days after the filing of said estimate to present to the said city clerk a sworn petition in writing to the City Council, setting forth that in the opinion of the petitioner the estimated amount of such costs so fixed is not correct or why it will exceed the special benefits accruing from the work and paving done and to be done on said lot or parcel of land.

Section 7. That the City Council shall, after proper notice as herein provided, hereinafter provided for and shall make due and proper inquiry into the same, and if it is satisfied that the estimated amount of such costs is correct, it shall so certify to the City Engineer, and the City Engineer shall thereupon cause the same to be graded and paved in accordance with the plans and specifications therefor, submitted by the City Engineer of Sanford, Florida, and approved by the office of the City Engineer.

Section 8. That the City Council shall, after proper notice as herein provided, hereinafter provided for and shall make due and proper inquiry into the same, and if it is satisfied that the estimated amount of such costs is correct, it shall so certify to the City Engineer, and the City Engineer shall thereupon cause the same to be graded and paved in accordance with the plans and specifications therefor, submitted by the City Engineer of Sanford, Florida, and approved by the office of the City Engineer.

Section 9. That the City Council shall, after proper notice as herein provided, hereinafter provided for and shall make due and proper inquiry into the same, and if it is satisfied that the estimated amount of such costs is correct, it shall so certify to the City Engineer, and the City Engineer shall thereupon cause the same to be graded and paved in accordance with the plans and specifications therefor, submitted by the City Engineer of Sanford, Florida, and approved by the office of the City Engineer.

Section 10. That the City Council shall, after proper notice as herein provided, hereinafter provided for and shall make due and proper inquiry into the same, and if it is satisfied that the estimated amount of such costs is correct, it shall so certify to the City Engineer, and the City Engineer shall thereupon cause the same to be graded and paved in accordance with the plans and specifications therefor, submitted by the City Engineer of Sanford, Florida, and approved by the office of the City Engineer.

Section 11. That the City Council shall, after proper notice as herein provided, hereinafter provided for and shall make due and proper inquiry into the same, and if it is satisfied that the estimated amount of such costs is correct, it shall so certify to the City Engineer, and the City Engineer shall thereupon cause the same to be graded and paved in accordance with the plans and specifications therefor, submitted by the City Engineer of Sanford, Florida, and approved by the office of the City Engineer.

Section 12. That the City Council shall, after proper notice as herein provided, hereinafter provided for and shall make due and proper inquiry into the same, and if it is satisfied that the estimated amount of such costs is correct, it shall so certify to the City Engineer, and the City Engineer shall thereupon cause the same to be graded and paved in accordance with the plans and specifications therefor, submitted by the City Engineer of Sanford, Florida, and approved by the office of the City Engineer.

Section 13. That the City Council shall, after proper notice as herein provided, hereinafter provided for and shall make due and proper inquiry into the same, and if it is satisfied that the estimated amount of such costs is correct, it shall so certify to the City Engineer, and the City Engineer shall thereupon cause the same to be graded and paved in accordance with the plans and specifications therefor, submitted by the City Engineer of Sanford, Florida, and approved by the office of the City Engineer.

and for Seminole County, Florida, did on the 26th day of September, A. D. 1919, file their report with said Commissioners.

Section 1. That upon failure of any property owner to do the grading and paving of said avenue and street within the time specified by the City of Sanford, the City of Sanford shall be authorized to do the same, and the cost thereof shall be assessed against the property owner, and the City of Sanford shall have the right to sell the same as provided by the laws and ordinances of said city.

Section 2. That upon failure of any property owner to do the grading and paving of said avenue and street within the time specified by the City of Sanford, the City of Sanford shall be authorized to do the same, and the cost thereof shall be assessed against the property owner, and the City of Sanford shall have the right to sell the same as provided by the laws and ordinances of said city.

Section 3. That upon failure of any property owner to do the grading and paving of said avenue and street within the time specified by the City of Sanford, the City of Sanford shall be authorized to do the same, and the cost thereof shall be assessed against the property owner, and the City of Sanford shall have the right to sell the same as provided by the laws and ordinances of said city.

Section 4. That upon failure of any property owner to do the grading and paving of said avenue and street within the time specified by the City of Sanford, the City of Sanford shall be authorized to do the same, and the cost thereof shall be assessed against the property owner, and the City of Sanford shall have the right to sell the same as provided by the laws and ordinances of said city.

Section 5. That upon failure of any property owner to do the grading and paving of said avenue and street within the time specified by the City of Sanford, the City of Sanford shall be authorized to do the same, and the cost thereof shall be assessed against the property owner, and the City of Sanford shall have the right to sell the same as provided by the laws and ordinances of said city.

Section 6. That upon failure of any property owner to do the grading and paving of said avenue and street within the time specified by the City of Sanford, the City of Sanford shall be authorized to do the same, and the cost thereof shall be assessed against the property owner, and the City of Sanford shall have the right to sell the same as provided by the laws and ordinances of said city.

Section 7. That upon failure of any property owner to do the grading and paving of said avenue and street within the time specified by the City of Sanford, the City of Sanford shall be authorized to do the same, and the cost thereof shall be assessed against the property owner, and the City of Sanford shall have the right to sell the same as provided by the laws and ordinances of said city.

Section 8. That upon failure of any property owner to do the grading and paving of said avenue and street within the time specified by the City of Sanford, the City of Sanford shall be authorized to do the same, and the cost thereof shall be assessed against the property owner, and the City of Sanford shall have the right to sell the same as provided by the laws and ordinances of said city.

Section 9. That upon failure of any property owner to do the grading and paving of said avenue and street within the time specified by the City of Sanford, the City of Sanford shall be authorized to do the same, and the cost thereof shall be assessed against the property owner, and the City of Sanford shall have the right to sell the same as provided by the laws and ordinances of said city.

Section 10. That upon failure of any property owner to do the grading and paving of said avenue and street within the time specified by the City of Sanford, the City of Sanford shall be authorized to do the same, and the cost thereof shall be assessed against the property owner, and the City of Sanford shall have the right to sell the same as provided by the laws and ordinances of said city.

Section 11. That upon failure of any property owner to do the grading and paving of said avenue and street within the time specified by the City of Sanford, the City of Sanford shall be authorized to do the same, and the cost thereof shall be assessed against the property owner, and the City of Sanford shall have the right to sell the same as provided by the laws and ordinances of said city.

Section 12. That upon failure of any property owner to do the grading and paving of said avenue and street within the time specified by the City of Sanford, the City of Sanford shall be authorized to do the same, and the cost thereof shall be assessed against the property owner, and the City of Sanford shall have the right to sell the same as provided by the laws and ordinances of said city.

Section 13. That upon failure of any property owner to do the grading and paving of said avenue and street within the time specified by the City of Sanford, the City of Sanford shall be authorized to do the same, and the cost thereof shall be assessed against the property owner, and the City of Sanford shall have the right to sell the same as provided by the laws and ordinances of said city.

Section 14. That upon failure of any property owner to do the grading and paving of said avenue and street within the time specified by the City of Sanford, the City of Sanford shall be authorized to do the same, and the cost thereof shall be assessed against the property owner, and the City of Sanford shall have the right to sell the same as provided by the laws and ordinances of said city.

Section 15. That upon failure of any property owner to do the grading and paving of said avenue and street within the time specified by the City of Sanford, the City of Sanford shall be authorized to do the same, and the cost thereof shall be assessed against the property owner, and the City of Sanford shall have the right to sell the same as provided by the laws and ordinances of said city.

Section 16. That upon failure of any property owner to do the grading and paving of said avenue and street within the time specified by the City of Sanford, the City of Sanford shall be authorized to do the same, and the cost thereof shall be assessed against the property owner, and the City of Sanford shall have the right to sell the same as provided by the laws and ordinances of said city.

Section 17. That upon failure of any property owner to do the grading and paving of said avenue and street within the time specified by the City of Sanford, the City of Sanford shall be authorized to do the same, and the cost thereof shall be assessed against the property owner, and the City of Sanford shall have the right to sell the same as provided by the laws and ordinances of said city.

Section 18. That upon failure of any property owner to do the grading and paving of said avenue and street within the time specified by the City of Sanford, the City of Sanford shall be authorized to do the same, and the cost thereof shall be assessed against the property owner, and the City of Sanford shall have the right to sell the same as provided by the laws and ordinances of said city.

Section 19. That upon failure of any property owner to do the grading and paving of said avenue and street within the time specified by the City of Sanford, the City of Sanford shall be authorized to do the same, and the cost thereof shall be assessed against the property owner, and the City of Sanford shall have the right to sell the same as provided by the laws and ordinances of said city.

Section 20. That upon failure of any property owner to do the grading and paving of said avenue and street within the time specified by the City of Sanford, the City of Sanford shall be authorized to do the same, and the cost thereof shall be assessed against the property owner, and the City of Sanford shall have the right to sell the same as provided by the laws and ordinances of said city.

Section 21. That upon failure of any property owner to do the grading and paving of said avenue and street within the time specified by the City of Sanford, the City of Sanford shall be authorized to do the same, and the cost thereof shall be assessed against the property owner, and the City of Sanford shall have the right to sell the same as provided by the laws and ordinances of said city.

Section 22. That upon failure of any property owner to do the grading and paving of said avenue and street within the time specified by the City of Sanford, the City of Sanford shall be authorized to do the same, and the cost thereof shall be assessed against the property owner, and the City of Sanford shall have the right to sell the same as provided by the laws and ordinances of said city.

and for Seminole County, Florida, did on the 26th day of September, A. D. 1919, file their report with said Commissioners.

Section 1. That upon failure of any property owner to do the grading and paving of said avenue and street within the time specified by the City of Sanford, the City of Sanford shall be authorized to do the same, and the cost thereof shall be assessed against the property owner, and the City of Sanford shall have the right to sell the same as provided by the laws and ordinances of said city.

C. M. Hand For Sheriff

Having been urged by a large number of the voters of Seminole County to become a candidate for the office of Sheriff, I hereby announce my candidacy subject to the decision of the Democratic primary.

If elected Sheriff of Seminole County, I pledge my very best efforts to see that all laws are strictly enforced as far as it is in my power to do so. Having served as Sheriff of Seminole County for three years and five months I believe I am fully qualified to fill the position to the satisfaction of the law abiding element of the County.

If elected, I pledge a relentless war on illicit distilling and sale of all intoxicating liquors regardless of whether guilty parties are friends or foes and I want it clearly understood that I consider that the office belongs to the people and their rights shall at all times be considered paramount to everything else, and I repeat that to give to Seminole County the best that is in me and keep it in the front ranks of the Counties of the State in all things and especially in regards to the violation of the prohibition and gambling laws of what ever nature shall be my first aim. And right here I wish to state emphatically that my deputies shall in all cases be chosen not on the ground of personal friendship but for their efficiency alone and should at any time they or any of them become obnoxious to the public and it is brought to my attention I promise to make thorough investigation and if facts warrant his or their discharge to act on the same, as through me would be the only way of handling such matters.

I make the above statement because I believe it to be the duty of a public servant or any man aspiring to public office to state his position in advance on all questions of public interest.

Very respectfully yours, C. M. Hand.

Very True. Easy-going men are apt to spend too much time up in the clouds looking at the silver lining.

Master Mason Degree On Tuesday evening December 2nd 1919, beginning at six o'clock Sanford Lodge No. 62 will confer the degree of Master Mason on six candidates.

After the work the annual election of officers for 1920 will be held. All members, visiting brethren and lodges in this section are cordially invited and urged to be present.

H. E. Tolar, Secretary.

SHORTAGE UNRELIEVED Coming Cold Weather Expected To Add To Discomfort Chicago Ill. Nov. 7.—Progress today of the national strike of bituminous coal miners into the 26th day was without marked developments regarding the situation as to the mines.

Gradually decreasing fuel supplies, however, forced further shutting down of plants in the middle west and in some parts of the south the regional coal committees requested all industries which could do so without heavy financial loss to close to them this evening until Monday morning.

Production in West Virginia today held up to the standard maintained since the strike went into effect with smaller quantities added from the Wyoming and New Mexico mines. In Texas a few miners who had returned to work today were out on a second strike.

In the central west the coming of cold weather, prevalent today, was expected to add to the discomfort which had been held in abeyance by mild temperatures during the last several days. In that section many cities and towns were virtually without fuel.

Bunkering permits were granted by the regional director of the Allegheny district for foreign vessels, permitting them sufficient coal to reach the first coaling station enroute to their destinations. Authority also was granted for supplying limited quantities of coal to manufacture plants of that region.

At Sheridan, Wyo., six miners were under arrest, charged with violating the strike injunction issued by D Federal Judge Anderson at Indianapolis. They were believed to be the firm workers taken into custody under the restraining order.

Miners Made To Work Sheridan, Wyo., Nov 27—United States soldiers today enforced an interpretation of the order recently issued at Indianapolis to enforce striking miners in this district to return to work. The soldiers, under command of Maj Warren Dean, acting by virtue of a proclamation issued by Brig Eon D. A. Moore, placing the state under military control, swept down upon the mining town of Carneyville, and with bayonets fixed, surrounded the hall where many of the strikers had congregated. The strikers were held there while other soldiers made a house-to-house search for additional miners, and then Maj. Dean called a meeting of the local union.

The union officials presided at the meeting. After it had been explained by Major Dean that he thought the miners, most of whom had previously expressed a desire to return to work, were violating the Federal court's mandamus, and that the radical element was the cause, the union officials called for a vote on the question of returning to work Friday morning. The men present decided unanimously to resume work.

WILSON & TOOMER FERTILIZER COMPANY MANUFACTURERS IDEAL FERTILIZERS JACKSONVILLE, FLORIDA EXPERIENCE Great Storage Facilities In Ideal Formulas, we offer you Experience dating from the very beginning of commercial production of Florida crops. This experience shows not only the value of proper materials correctly proportioned as to advisability, but the need of perfect physical condition at time of application. To secure this condition, the fertilizer must be made long in advance, batched and, and reground. This calls for enormous store house capacity. Acres of flooring are necessary to insure goods being thoroughly cured, seasoned, blended, before sending them out to you. Labor is high and difficult—many other expenses and problems are to be met—hold fast to all the sure things that make your success. By choosing Ideal Fertilizer you have eliminated the fertilizer problem. Over a quarter century of profitable field results back of them. Why take unnecessary chances?
