

A's Blast Lake For Ten Hits And 3-2 Win Over Giants

Both Clubs Will Meet Tonight At The Azalea Bowl

Grubermen Limited To Seven Bingles By Azaleas' Johnson

By JULIAN STENSTROM
Rudy Lake, veteran Sanford hurler, went to the hill last night at the Municipal Park against the Palatka Azaleas and was promptly greeted with an early ten hit attack which resulted in 3 to 2 victory by the Azaleas over the Giants. Lake was seeking his 15th victory of the season. Instead he recorded his fifth setback of the current Florida State League campaign.

Although Lake was nicked for ten Azalea safeties, he tightened up in the pinches to prevent several Palatka scoring threats, except of course, for the fourth hit attack in the sixth frame that put Palatka ahead of the locals, 2 to 1.

After the Giants had scored in the first inning on Lloyd Clifton's walk and singles by Johnny McManus and Ray Rosenkranz, four consecutive blows pushed over the pair of Azaleas tallies in the sixth. With one away, Al Pirtle blasted a single to center and went to second on Harrison's one-out blow to left. Catcher Johnny Tencoff blasted a single to center to score Pirtle and Harrison crossed the plate on Danson's first-pitch safety to right.

The winning margin actually came in the seventh. Tommy Fabb grounded to Rosenkranz but Rusty Pereda batted a single into center. Walt Slinger popped to Clifton. While Lake was pitching to Pirtle, Pereda attempted a steal. Karson's throw to second was a bit wide of the sack but McManus wasn't there to cover. The ball went into center and Pereda pulled up at third. He scored moments later when McManus misread Pirtle's grounder to short.

Cecil Johnson, Azaleas right-hander, racked up his ninth victory of the season when he halted a ninth inning Giant threat after one Sanford run had been manufactured. It happened with one out in the final frame, ending Dunham to second but McManus grounded to Johnson who forced Dunham at third for the final out.

A crowd of some 500 fans saw the contest.

Karson Leaves FSL .250 Batting Circle In Favor Of Charlie Pepio

SILVER SPRINGS, July 28, (Special)—Rookie catcher Rudy Karson of Sanford was the only Florida State League batter able to jump out of the "below .250" batting circle during the week ending with games of Sunday afternoon. It is revealed in official averages released here today.

Karson moved up from .234 to a .261 as of midnight Sunday, but his place was taken by team-mate Charlie Pepio who had slumped to a surprising .240 after an early season spot in the .300 or better circle.

Official marks for all "regular" players hitting under .250 through Sunday:

All Star Cast To Be Seen Tonight In Jimmy Doran Hurls No Hit Ball Game In Legion Tourney

An all-star cast of lean-limbed greyhounds will gallop tonight in the feature ninth race at the Volusia County Kennel Club in Daytona Beach. Cant. C. Bullock, the tailless wonder from St. Pete, winner of the feature race Monday, will be out there striving to enable the track's elite twice in a row. Little Super, victor in Tuesday's main attraction, will be in the group. He is one of the three dogs to have already chalked up six wins on the local oval.

And don't overlook Rolling Rob. This ground burner will be striving for his fourth consecutive win, but it will be his first tryout in the local ninth race company. He won the eighth race Monday with three and a half lengths to spare. Meon, a J. W. Evert staret, and that track favorite, Paketta, also will be in the octet. Each of these two last named greyhounds has a previous record. Lucky Class and O.D. Hotay complete the setup for this thrill-packed main attraction.

U. S. Track, Field Squad Favored To Take Ten Medals

Ten Other Marks In Danger Of Being Broken At Games

By MILTON MARMOR
LONDON, July 29, (AP)—The United States track and field squad, just about the most powerful ever assembled under one banner, is favored to take ten gold medals in the Olympic Games and play a big part in the expected smashing of at least eight records.

Ten other olympic marks are in danger of being surpassed and in addition several world standards are within reach of the vast army of the world's greatest athletes in Wembley Stadium.

Two of the track stars of the 39 nations taking part in the eight days of track and field competition starting tomorrow are considered likely to capture two titles.

They are California's Mel Patton, in the 100 and 200 meters and Czechoslovakia's running machine, Emil Zatopek in the difficult 5,000 and 10,000 meter double. World standards in the 400 meter and 1,600 meter relays to the Americans; 10,000 meters to Zatopek; the hammer throw to Hungary's Imry Nemeth; broad jump to California's Willie Steele; 400 to Jamaica's Herb McKenley and perhaps the high jump to California's amazing George Stanch.

Tallahassee Still In Big Tailspin

By The Associated Press
The biggest tailspin of the Georgia-Florida League season—Tallahassee's swoop from first place to seventh—continued last night as the Pirates lost their 17th out of 35 to Moultrie 11-3. Valdosta had a firmer hold on first place this morning after a 7-3 victory over Cordele. The loss dropped the Indians from fifth to sixth place. Moultrie now heads the second division.

Waycross lost to place 12-3 as the Phillies won their fourth in five starts. Third place Thomasville gained on Waycross with a 11-9 victory over fourth place Albany.

The Pirates of Tallahassee led the league during most of May and June. On June 18 they tumbled out of first and since then have been falling steadily.

Molotov Said Out Of Town To U.S. Envoy

Western Allies May
Make Request For
Direct Conference
With Premier Stalin

WASHINGTON, July 30 (AP)—The State Department received an official dispatch from Ambassador Walter Bedell Smith today that Soviet Foreign Minister Molotov is on vacation at this critical juncture in East-West affairs.

There was immediate speculation here that in Molotov's absence diplomats of the United States, Britain and France might make a direct request for a conference with Premier Stalin. They want to present the latest demand of the western powers for lifting the Berlin blockade and to express a willingness to negotiate various German issues with Russia if that is done.

At a State Department news conference Press Officer Michael McDermott refused to say whether he considers Molotov's absence from Moscow a "bluff off."

"I'd rather not go into that," he told questioners.

It was McDermott who announced the dispatch from Smith.

"Just in the last few minutes," he told reporters, "we received word from Moscow that the foreign office has told our embassy there that Foreign Minister Molotov is on vacation."

BERLIN, July 30 (AP)—A Soviet offer to send all Berlin draftees to the western sectors of the city today and the Russians loosened new attacks on the anti-Communist city government.

Informants in Moscow, meanwhile, said the chances are good that a Big Four session to thrash out the Berlin crisis may take place in Paris in September, if (Continued On Page Two)

Cpl. Cecil Jones
And Pvt. Lingle
Are Mortarmen

FORT JACKSON, July 30 (Special)—Company I, commanded by Lieut. Richard P. Payne, today had training in scouting and sniping. Cpl. Cecil R. Jones, Pvt. Lingle, and Pvt. Carl E. Williams, Jr. are now the pride and joy of Company I. They compose Company I's mortar section, and are the only mortar team in the entire regiment to qualify, they put on an exhibition of speed and accuracy in setting up and firing the 60 mm mortar.

These mortarmen scored a direct hit on a tank 520 yards distant. The mortar course was set up by the army last for six months, but once mortarmen, through rushed procedures, covered it in six days and still lost none of the accuracy of the regular army course.

Last night no passes were issued to the men of Company I, since they were kept very busy in preparation for regimental inspection, scheduled for 10:00 A.M. Wednesday morning. This morning (Continued On Page Two)

Sayer And Wilson
Return From Tally

City Manager H. N. Sayer and City Attorney Fred Wilson returned last evening at 7:00 o'clock on a Florida Airlines plane from Tallahassee, where they visited the Comptroller's office to see how tax return figures on ACL Railroad and other property upon which the comptroller collects taxes in Sanford, had been arrived at.

Assessments on the ACL Railroad property, Pullman Company, Fruit Growers Express, and Western Union Telegraph Co. were checked and found satisfactory, said Mr. Sayer. He explained the tax procedure by pointing out that the comptroller collects taxes on these properties and then rates them to cities and counties.

TELEPHONE VOTE

NEW YORK, July 30 (AP)—Early returns from nationwide voting by 25,000 long distance telephone workers on acceptance or rejection of a new contract with the American Telephone and Telegraph Co. are reported indecisive.

A spokesman for the CIO American Union of Telephone Workers said yesterday preliminary returns showed the balloting was "running close."

Mayor Asks For National Guard In Dayton Strike

Street Fighting Between
Strikers And
Non Strikers Grows

DAYTON, O., July 30 (AP)—Mayor Louis Lohrey today asked Governor Thomas J. Herbert to assign Ohio National Guardsmen to the scene of the mass-picketed Unifit Lens Co. plant after police Chief Rudolph Wurster reported the situation out of hand.

The request for troops came after police apparently had restored order at the plant where several hundred employees for the fifth consecutive day attempted to return to work.

Police broke up street fighting between pickets and non strikers by exploding tear gas bombs. Heavy police squadrons again forced a path through the picket line and by 8 A.M., the company said 217 employees had entered the plant.

At least three pickets and another man who was not identified were taken to police station. No casualties were reported.

Pickets arrested included Herbert Hirschberg, 36, of Cleveland, who said he was director of organization for the United Electrical Workers (CIO) for Ohio and Kentucky.

Violence broke out again today when some 3,000 persons gathered to form picket lines in defiance of a court order forbidding mass picketing. The situation remained tense after police broke up the street fighting.

Reinforcements of about a dozen deputy sheriffs were rushed to the scene. Fire department equipment also was called out. It was held in reserve around a corner from the plant, but fire department officers watched the scene from a nearby building. An ambulance also was on hand, but it was not used.

A policeman, wielding a club, chased and subdued one picket after drawing a gun on him. There was no shooting except for the tear gas bombs.

Non-strikers massed at a company parking lot two blocks from the plant. Then a group of about 100 non-strikers marched down the street toward the plant with a police line on one side and a picket line on the other. There were no incidents then, except for shouts of "tear gas."

In Columbus, a spokesman for Governor Herbert said the Governor had the request for troops under advisement, but no decision would be made today.

Police Chief Wurster said a state of emergency should be declared in his request to city officials asking the Governor to assign troops here.

"It's quiet now," the police chief said, "but who knows what will happen Monday morning. The plant does not operate on Saturday." How can you get 160 (Continued On Page Two)

2 Miners Killed, Thirteen Hurt In Alabama Blast

BIRMINGHAM, Ala., July 30 (AP)—Two miners were reported killed and at least 13 injured today in a blast at the Tennessee Coal, Iron and Railroad Co.'s big Edgewater coal mine.

A source at the company's main offices said unverified reports from the scene placed the death toll at two. A company spokesman said he was unable to confirm this immediately.

The blast was reported to have occurred at 9:20 A. M.

An ambulance driver said 11 men were brought to one hospital and two others to another for emergency treatment.

The driver said he heard that six more injured men were still in the mine.

A hospital attaché said some of the men appeared burned severely. A T.C.I. engineer who declined to give his name said he had received a report that the men had been working in a small area of the mine and that the blast was localized.

He estimated that approximately 200 men were in the mine at the time.

All available ambulances were sent to the scene.

A company spokesman at the scene said an additional dozen men were believed trapped. He said reports of a second man being killed had not been confirmed.

Rescue crews were being sent into the mine in an effort to reach the miners reported trapped near the scene of the blast.

The explosion was believed to have occurred at the junction of an old shaft with a new shaft being driven at the mine.

Truman And Dewey
To Meet Tomorrow

NEW YORK, July 30 (AP)—President Truman and Governor Thomas E. Dewey will set a precedent tomorrow when they speak from the same rostrum.

It will mark the first time in modern American history, according to available records, that opposing presidential candidates of the two major parties appear together at a public function and speak from the same platform.

They are to speak at the dedication of New York's new international airport.

Research in news files and history texts failed to uncover any other instance of rival nominees for the presidency at a public function in recent times.

SEVERE CRISIS

TAMPA, July 30 (AP)—Americans in Germany consider our international situation much more critical than do the folks back home, an Air Force leader said today.

Brig. General Donald R. Hutchison, commander of MacDill Field, gave that opinion at a civic group meeting.

General Hutchison returned this week from England after leading a flight of 30 B-29 superfortresses from MacDill Field.

SLIGHTLY CARELESS

WASHINGTON, July 30 (AP)—Thomas C. Blaisdell, Jr., acting assistant Secretary of Commerce, testified today that he gave William Remington a government job while Remington was under investigation for espionage.

Blaisdell said he knew at the time that Remington's loyalty was questionable.

President Zoltan Of Hungary Made To Leave Office

Communists Accuse
Son-In-Law Of
Treason In Egypt

BUDAPEST, Hungary, July 30 (AP)—President Zoltan Tildy abdicated today. The Communist-dominated government had accused his son-in-law, Minister to Egypt Victor Cornok, of espionage and treason.

Tildy, a Methodist minister, belongs to the Smallholder Party, which had an elected majority before the Communist coup in May of last year. He was the first president of post-war Hungary and retained that office after the coup.

Tildy, however, had been under Communist pressure for a year or more.

Cornok is under arrest. He resigned as Minister to Egypt yesterday, about two weeks after his return from Cairo.

An excellent source said the President's resignation has reached the speaker of Parliament and will be announced officially tonight.

The speaker under the Hungarian constitution is deputy to the President.

The council of ministers has discussed the question of a successor.

Political sources said they believed the former Socialist leader, Arpad Szakasits, is likely to succeed Tildy as President. He is now chairman of the United Labor Party.

John O. Poulsen
Injured In Crash

John O. Poulsen, 47 year old salesman of Mailand, suffered fractures and possible fractures when the 1939 Ford Coupe that he was driving north on Sanford Avenue near Eighth Street this morning, crashed into a tree as he swerved to the left to avoid a parked automobile, according to Patrolmen K. Murphy and J. B. Quattlebaum, who investigated the accident at 7:30 o'clock this morning.

Mr. Poulsen was taken to Fernald-Laughton Memorial Hospital in an Erickson ambulance. His condition is not serious, said Dr. Harry Silby, attending physician, this morning. X-rays will be taken to determine any possible fractures. The wrecked car was taken to Ratliff's place.

SPY PROBE

WASHINGTON, July 30 (AP)—Senator Ferguson (R-Mich.) said today a federal government employee was transferred from one key confidential position to another while under investigation for espionage.

Ferguson, chairman of a Senate investigating committee, made the statement as he opened a hearing which he promised in advance would hear testimony from Elizabeth T. Bentley, who is the young woman who testified before the New York grand jury which indicted 12 Communists.

Snyder Says He Likes Price Control Like Castor Oil; Truman Predicts Crash

President Lambasts
Congress For Not
Enacting His Leg-
islative Program

WASHINGTON, July 30 (AP)—President Truman today accused the Republican Congress of a "blind disregard" of quenching inflation.

"Lasting prosperity is not assured," the chief executive declared in calling anew for laws to "forestall a business collapse." Such a crash may come, he said, as a sudden climax to the leap-frog game of wage and price increases.

Mr. Truman threw a whole book of economics at the special session. It was his midyear economic report, 115 pages long.

Undaunted by the icy reception he got on Tuesday, when he presented his program in person, the President renewed his demand for sweeping powers — including control over prices, wages, rationing and credit, plus an excess profits tax to discourage price-hoarding.

The core of the plan, a 4 percent roll back in prices of essential cost of living items, was revealed yesterday, when former OPA Chief Paul Porter laid an omnibus White House bill before the lawmakers. The aim, but cutting those prices back to the November 1947 level, is to hold general living costs where they are now, Porter said.

Lions Clubs Urge
Strong Stand Be
Made Against Reds

NEW YORK, July 30 (AP)—Lions International has called for a strong stand against "further encroachment of the Communists on the rights of the American people."

The service club issued the call in a resolution adopted yesterday at the final session of its four-day 31st annual convention at Madison Square Garden.

The resolution said there has been an upsurge of Communist activities in the past three years and they "constitute a dangerous threat to the peace and tranquility of the nation."

The Lions International declared:

"We recommend to what remains of an unhampered press in the free nations of the world that a persistent drive be immediately launched through its news columns and editorials to expose the insidious program and underlying principles of the Communist way of life."

Herald Carriers Begin
Popularity Contest

The Newsboys Club of Sanford is putting on a popularity contest among members to decide which member is best qualified as a carrier. It was announced this morning by Ronald Smith, Herald circulation manager.

Cooperation of subscribers is requested in helping to grade the contests, he said. Boys will be graded on the basis of promptness of delivery, courtesy, collection methods, and friendliness toward the subscribers.

"Please do not count on the lack of carriers," advised Mr. Smith, as the boys feel that on this count someone might do them an injustice.

All subscribers are requested to write or bring to The Herald, the name of their favorite newsboy and a short letter telling why they think he should be Mr. Newsboy of Sanford. The contest will run until Aug. 9, Mr. Smith stated.

NO JURORS

HARTO, July 30 (AP)—The court ran out of prospective jurors for the second time in the trial of Dewitt P. Hollins, charged with murdering his wife.

A special venire of 50 names had been drawn by order of Circuit Judge Don Register when the original panel was exhausted yesterday.

Only 26 of the 50 were located and appeared when court convened today. Within two hours the state and defense counsel had run through this group and still only 11 jurors were tentatively accepted.

Government Seeks Lower Prices While Trying To Hold Them up

By OVID A. MARTIN
Associated Press Farm Reporter

WASHINGTON, July 30 (AP)—The government finds itself fighting on two apparently opposing sides of the price struggle today.

One agency, the Agriculture Department, is battling to prevent further declines in the prices of some farm commodities.

Another, the White House, is urging Congress to grant the government authority to control prices in order to keep the cost of living from going higher.

On Monday, Secretary of Agriculture Charles Brannan urged farmers to hold back on farms more of this year's big wheat crop. He said heavy marketings are having the effect of lowering prices received by farmers.

On Tuesday, President Truman, in a message to the special session, asked among other things, for power to control prices and to ration scarce items.

Brannan's action was taken to help carry out a farm price support law. Early in the war, Congress, by a bipartisan vote, passed a measure requiring the government to support prices of most farm products at not less than 85 percent of parity until the 31st day of the month.

The present Republican-controlled Congress extended this law, with some revisions, for another year.

Parity is a legal standard for supporting farm prices. This standard is declared by law to be "equally fair to the farmer and to those who buy his products."

In recent weeks, wheat prices have dropped to, and in some markets below, the 85 percent parity level. Even heavy government buying for export and farm storage of grain under government loan program failed to hold a floor under prices at levels dictated by law.

This Brannan was said to have (Continued On Page Two)

Alabama's Electors
Pledged Vs. Truman

BIRMINGHAM, Ala., July 30 (AP)—Alabama's 11 electoral votes were pledged today to the states rights ticket of Gov. J. Strom Thurmond of South Carolina and Governor Fielding L. Wright of Mississippi.

This action represented the first formal support of the president-elect state chosen by rebellious southerners at the Birmingham states right conference in Birmingham July 17.

Similar action is expected to be taken by the Mississippi Democratic party in a meeting Tuesday at Jackson, Miss.

Mississippi's elector nominees, like Alabama's, already are pledged against casting the state's ballots for President Truman in the Electoral College.

NEW THREAT

JERUSALEM, July 30 (AP)—The Jewish commander in the Jerusalem area told the populace by radio today that Arab forces might launch full scale hostilities at any moment.

(Israeli Foreign Minister Moshe Shertok said in Tel Aviv the Jewish state plans immediate steps to place Jerusalem under Jewish sovereignty.)

SCOUT MEETING

All members of Boy Scout Troop No. 34 are urged to be present at a meeting Monday evening at 8:00 o'clock at the Methodist Church Annex at which time an important swimming meet will be planned.

Secretary Asked Why Government Uses Public Funds To In- flate Farm Prices

WASHINGTON, July 30 (AP)—Senator Taft (R-Ohio) told the Senate today that Congress may quit at the end of next week if the anti-poll tax bill can be disposed of by Wednesday.

Southern senators, meanwhile, continued their filibuster against the poll tax measure with Senator Stewart (D-Tenn.) leading off the second day's talk. Taft spoke out as Republicans and Democrats clashed sharply on several fronts about who is to blame for rising prices.

WASHINGTON, July 30 (AP)—Secretary of the Treasury Snyder today told Congress members he has the same attitude toward price controls that he does toward control of the dollar. They should be used only in emergencies.

The cabinet officer was before the Senate Banking Committee to discuss President Truman's anti-inflation program. He endorsed a return to controls on installment buying and backed power for the federal reserve board to require a 10 percent increase in bank reserves, thus "freezing" possibly \$12,000,000,000 that banks have available for lending.

Chairman Lyles (R-MD) finally asked Snyder if he personally favors price controls.

Snyder "As a usual feature I'm not in favor of price controls. Not an iota in favor of control but if I've got an ailment and it's going to save my life then I'll take it."

Lyles "Then to the Secretary of the Treasury price control and control of the dollar are equally important?"

Snyder "Absolutely and Snyder agreed."

When other senators sought to continue the control oil discussion, Snyder waved them off. He said he was "not going to get into it" (Continued On Page Two)

Truman Pledges To
End Jim Crowism
In U. S. Army

WASHINGTON, July 30 (AP)—President Truman insists that an eventual end to "Jim Crowism" in the armed forces will be his aim as long as he is commander-in-chief.

He told a news conference yesterday that the "equality" order he issued Monday meant just that.

The subject came up when a reporter asked General Omar Bradley, Army chief of staff, had been quoted as saying he favors segregation among the lower echelons of the Army. The newsman asked whether this is consistent with Mr. Truman's "equality" of treatment and opportunity order.

The President said he had been ordered by Secretary of Defense (Continued On Page Two)

Negro Kills 2 Other
Negroes At Dance

MIAMI, July 30 (AP)—Two negroes were shot to death and four were wounded early today by a negro man who invaded a dance hall at an amusement park.

Sheriff's Deputies Claude High and R. W. Howden reported that the gunman fired six shots, each of which took effect, and escaped by joining the screaming crowd of dancers who dashed headlong from the building.

The deputies said no motive for the attack could be learned, and the identity of the gunman was unknown.

He entered the dance hall after midnight, immediately pulled a pistol and fired pointblank into the dancers, said the deputies. In addition to the wounded, two negroes were trampled and crushed but not seriously hurt in the resulting pandemonium.

The dead were identified at Jackson Memorial Hospital as Dorothy Curry, 24, and Harold Johnson, 25.

CLUB HOLD-UP

DAVENPORT, Ia., July 30 (AP)—Five armed bandits held up 15 patrons of the Greek-American Club about 3 A.M. today and escaped with approximately \$2,000 in cash and a quantity of jewelry.

THE PRODIGAL'S FATHER

WAS EAGERLY LOOKING FOR

HIS SON. GOD IS EAGERLY LOOK-

ING FOR HIS WAYWARD SONS.

WE DO NOT HAVE TO SIMUL-

IATE OURSELVES. NOR SHU-

FER SHAME. GOD IS ANNI-

VERSARY TO FORGIVE IF ONLY WE

WILL TURN HOMEWARD AND

MAKE A NEW START. When

he saw that a great way off his

father saw him.—Lk. 15:20

We are where Mrs. Boettger,

FDR's daughter, who started a

newspaper in Phoenix, Ariz.,

about a year ago, has decided

to get out of the newspaper busi-

ness. Evidently she discovered

there is more to it than she

thought.

A presidential poll conducted

among civic clubs in Fort Myers

shows Governor Thurnmond lead-

ing the field, with Dewey, Nor-

man Thomas and Harry Truman

trailing in that order. A civic

club poll is not much indication

of public sentiment, but it is a

straw in the wind.

How fleeting is fame! We were

sorry to hear that our old friend

Joe Tinker had gone to his last

reward, but when we remarked

about it to one of the younger

generation, his comment was

"Who's he?" Some day Joe Di-

maggio will make his last home

run and some other younger

generation will say, "Joe Dimag-

gio? Who's he?" The paths of

glory lead but to the grave, some

one has said long before us.

We cannot take too seriously

this reported rift between Tito

and the Communists. We learned

from Hitler's tactics that in deal-

ing with dictatorial things are

never exactly as they seem. Hence,

when a rift appears, it may be

safely assumed there is the closest

collaboration. Why wouldn't it

be a good idea for Mr. Stalin

to have a tilt once in a while

with some of his most trusted

lieutenants, just to show the rest

of the world that democracy really

exists behind the "iron curtain?"

No one knows better than the

British the evils of the newspaper

shortage. There newspaper stocks

have dropped from 120,000 tons

to 80,000 tons in spite of the

fact that the price has gone up

from \$125 a ton to \$168 during

the past year, circulation has been

rigidly limited and the size of

individual papers cut from an

average of five to four pages. "It

is not an exaggeration to say,"

says the Newspaper Supply Com-

pany, Ltd., "that the freedom of

the British press, as well as its

capacity to serve the public ade-

quately, is now involved."

Two pictures came to our desk

the other day from the strike

town of Dayton, O. where the

Univis Lens Co. plant is

being picketed. One showed an

angry defiant female picket being

bodily carried away from the

scene by policemen. The other

showed a young woman calmly

returning to her work protected

by a line of police from the

pickets. Which do you think is

the better American citizenship,

the one who returns to work, or

the one who tries to prevent

others from working?

Florida's Growth

Although the citrus market for the past year or two has not been anything to brag about, and Sanford is feeling the effects this summer of the recent celery season, Florida on the whole has made remarkable strides during the past six or eight years, and despite the fact that all economic statistics are measured by inflated dollars, Florida's situation is bright as compared with almost any other state in the country.

Speaking before the Avon Park Chamber of Commerce the other night, Harold Cole of the State Chamber of Commerce, was careful to point out that the dollar of today is not the same dollar we had in 1940, but his figures are nevertheless amazing, whether he is showing how bank deposits in Florida have grown or the income of our people has increased.

"From 1940 to 1946 the total income to individuals in Florida has increased 163 per cent and stood in the latter year at \$2,372,000,000," Mr. Cole declared, adding that the national increase was 123 per cent. Last year farmers in Florida received a cash income of \$354,377,000, greater by 221 per cent than in 1940. (National increase was 262 per cent.)

At the same time, 1940 to 1947, the population of the state grew 26 per cent, reaching 2,394,000. The national population increased 9 per cent. Thus income growth, it will be seen, outstripped population growth resulting in an increased per capita income. For many years Floridians have enjoyed the largest per capita income of any state in the South. The latest official report (1946) places the figure at \$1,010 per Floridian. This is good, yet not equal to the national per capita average of \$1,200.

"What of the growth of the business resources in Florida?" Mr. Cole asked.

"There are today 34,249 business concerns in the state, a growth of 6 per cent since 1940. Nationally the number of business concerns has decreased 1 per cent during this period. Industrial and commercial failures last year in Florida were less than 68 per cent than in 1940.

"Florida bank resources as of January 1, 1947, were \$2,032,000,000, up 265 per cent since 1940. The national percentage increase was 109. Bank debits (charges against individual accounts and the best single business indicator) increased 73 per cent in Florida (1943 to 1947) and 45 per cent nationally.

"Retail sales in Florida increased approximately 215 per cent, 1940 to 1947, and 150 per cent nationally. Postal receipts were up 99 per cent in Florida and 67 per cent nationally during this same period. Another economic resource is the life insurance in force at present in Florida; \$2,424,438,000, a 127 per cent increase since 1940 compared with a national increase of 66 per cent.

"There are 125 per cent more business telephones (215,075) and 207 more residential telephones (248,439) in Florida now than in 1940. National percentages are about half this amount in each case. And electric power production in Florida last year was 3,753,000,000 kilowatt hours, 185 per cent greater than in 1940. The national per cent increase was 111.

"These are the principal gauges of the state's economic resources and growth," he concludes.

Discipline

The recent dockyard strike in England was the result of the insubordination of dock workers who were expected to handle a particularly dirty cargo.

When discipline was imposed, the workers went on strike, an action which has been widely criticized in the British press. One paper stated that the Socialist experiment "will not succeed without a self-disciplined spirit—much more of it than we are showing now. And this spirit will not be called forth unless we are given a clearer picture of attainable goals."

Such affairs as this point out law in the philosophy of most adherents of Socialism and kindred systems. Their eyes are fixed on the benefits to be gained to the exclusion of what must be put forth in the way of co-operation, effort, and self-discipline. They are eager for social gains. Most of the progress in the world has been achieved by people who were willing to work long hours at hard, dirty work, whenever it was necessary.

THE NATION TODAY

By JAMES MARLOW

WASHINGTON, July 29, (AP)—

This is the background of the

poll tax fight in the Senate.

In seven southern states—Ala-

bama, Arkansas, Mississippi, South

Carolina, Tennessee, Texas and

Virginia—and in New Hampshire,

people have to pay a poll tax be-

fore they can vote.

The question is: Should these

poll taxes be repealed by federal

law.

Southern Democratic senators

have warned they'll filibuster if

the Republicans, who control Con-

gress, try to bring up and pass in

the Senate such a repeal bill.

Poll taxes may range from one

under a year to much more than

that, depending on the state, if a

person fails to pay his tax for

several years.

Rushees of the Pi Beta Phi social sorority were honored by local members on Wednesday when they were taken to a circus party, an annual affair of the Orlando group, held at 3:30 o'clock at LaCoterie Club on Lake Conway in Orlando. Members of the sorority and rushees from all of Central Florida were present to enjoy the event which featured a Big Top, freaks, animals and other features of a real circus.
Members from Sanford attending were the Misses Betty Jo Brock, Daphne Connelly, Nancy Sawyer, Ruth Lee and Jean Weyer. Rushees from Sanford honored were the Misses Phyllis Bach, Shirley Morgland, Peggy Pippin, Barbara Saunders, Margaret Partin, Jane Chapman and Lillian Moran.

Miss Watkins Weds Hayden O. Lindsey

The marriage of Miss Evelyn Christine Watkins, daughter of Mr. and Mrs. J. C. Watkins of this city, to Hayden O. Lindsey of Lyons, Ga., son of Mrs. Noah Hendricks, also of Lyons, was solemnized recently at the home of Dr. W. P. Brooks, Jr., before a small gathering of close friends and relatives of the couple.
The rooms of the Brooks home were beautifully decorated with pink and white asters and roses and illuminated with candlelight to form a lovely setting for the wedding.
The bride wore a light blue suit of lightweight gabardine with black and white accessories. White asters and orange blossoms formed her corsage.
Serving as her maid of honor and only attendant was her sister Miss Esther Watkins who wore a white cotton gown with white accessories and a corsage of pink asters. Gordon Gustafson acted as best man for the bridegroom.
Miss Watkins, mother of the bride, was groomed in a sheer floral print dress with which she wore white accessories and a corsage of pink asters.

Immediately following the ceremony a reception was held at the home of the bride's parents on the Orlando highway. The bride table was overlaid with a white linen cloth and centered with a three-tiered wedding cake topped with a miniature bride and groom. Assisting in serving and entertaining the guests were the Misses Louise Connelly, Esther Watkins, Laura Rutherford and Doris Jones. Mr. and Mrs. Lindsey are now making their home at 312 Oak Avenue.

Guests at the reception included Mr. and Mrs. J. H. Lane, Mr. and Mrs. Watson Reel, Mr. and Mrs. Cecil Fields, Mr. and Mrs. Noon, Mrs. Essie Beckstrom, Miss Barbara Gill, Miss Vinnie May Stacy, Miss Betty Halligan, Miss Lois Halligan, Gordon Gustafson, Alfred Green, Francis Pezold, Ed die Lisiewski and Ernest Lavelly.

Mrs. A. M. Phillips Honors Bride-Elect

Mrs. A. M. Phillips entertained last evening at 8:00 o'clock at her home on Oak Avenue with a miscellaneous dinner honoring Miss Mildred Robinson, whose engagement and approaching marriage to M. L. Raborn, Jr. was recently announced. Forming a lovely setting for the party were graceful arrangements of pink roses and ranunculus with greenery.

During the evening guests were given slips of paper upon which they wrote recipes or advice for the bride. Her shower gifts were presented to her wrapped in a laundry bundle complete with laundry label. A bridal flower contest was enjoyed with a prize being won by Miss Audrey Bach. Mrs. Phillips was assisted in serving an ice course by her daughter-in-law, Mrs. Wally Phillips, Miss Elizabeth Dyson, and Mrs. J. L. Ingley. Topping the pale green sherbert was a candle and as the candles were extinguished each guest made a wish for the bride.

Those invited to be with Miss Robinson were her mother, Mrs. J. N. Robinson, Jr., Mrs. Harry Robinson, Mrs. M. L. Raborn, Mrs. Wally Phillips, Mrs. Lester Phillips, Mrs. R. F. New Contract Signed By Garment Workers

NEW YORK, July 30—(AP)—Representatives of 47,000 garment workers and New York manufacturers of women's suits and coats have signed a new three-year contract which provides no wage increase.
An escalator clause, however, permits the union to demand higher wages every time the consumer price index rises 5 percent above the February, 1948, level.
The agreement—the eighth successive settlement without a strike since 1925—assured completion of a quarter century of labor peace in the New York women's coat and suit industry.
Mayor William O'Dwyer termed the agreement yesterday "an example to the whole city and nation" of labor management achievement in harmonious relations.

Giants Open 3-Game Series With Leesburg Tonight

Rain Washes Out Sanford - Palatka Tilt Last Night

Saints Beaten 5-0; Orlando And G-Men Split Double Bill

In all probability Manager Hal Gruber will send left-hander Bill Spinks to the mound tonight for the Sanford Giants who meet Manager Eddy Leipsch's Leesburg Pirates in a single contest starting at 8:15 P. M. The Giants in last night's tilt at Palatka which was rained out.

By JULIAN STENSTROM
Once again rain played havoc with an evening's play in the Florida State League when two of five loop games were washed away. The double bill at Tinker Field in Orlando between the league leading Senators and the on-rushing Gainesville G-Men got into the record books with the G-Men taking the opener 4 to 3 and the Bevilmen copping the nightcap by a 3 to 2 count.

The other contest was played at Deland where Yogi Alonzo hurled a neat four-hitter to shut-out Manager Johnny Sebastian's blaring St. Augustine Saints by a score of 5 to 0. This was the first loss Sebastian's crew suffered in their past dozen games.

Meanwhile at Palatka a rain which began early in the afternoon continued on in the evening. At 8:15 the playing field at the Azalea Bowl was nothing less than a sea of water and muddy clay. It would have been a likely site for Olympic swimming championships.

The Daytona Beach-Leesburg battle met the same fate. Rain prohibited the playing at the game at Leesburg's Venetian Garden Park.

DeLand's victory over St. Augustine last night enabled the Giants, although they didn't play, to move a half game up on the Saints and now the Grubermen hold a full three game margin over the fifth place Sebastian plied aggregation.

Tonight the Giants return to the local orchard to open a three game series with the Leesburg Pirates. After tonight's lone tilt, the series will be cinched tomorrow evening at Leesburg when the Pirates and the Giants meet in a twin-bill.

Orlando moves to Conrad Park in Deland tonight for a double header with the Red Hats, St. Augustine plays in Gainesville, and Daytona Beach goes to the Azalea Bowl in Palatka.

U. S. Cagers Beat Switzerland In Olympic Contest

Americans Score 85-21 Triumph To Open Big Games

High Jump Qualifying Trials Begin At London Stadium

LONDON, July 30. (AP)—The United States' towering cagers team easily defeated Switzerland, 85 to 21, today in the first round of the Olympic basketball round robin preliminaries. The victory was achieved without the full services of big Bob Kur, the Oklahoma Aggie's star, who fouled out.

OLYMPIC STADIUM, WEMBLEY, England, July 30. (AP)—Eighty-five Americans of the University of Illinois reached the finals of the high jump in the Olympic games today, clearing the qualifying height of 6 feet, 1 3/8 inches on his first attempt with three inches to spare.

By TED SMITH
OLYMPIC STADIUM, WEMBLEY, England, July 30. (AP)—U.S. Sam's basketball forces led off with an easy victory as expected today as competition in sports began in the Olympic games.

Coach Bud Browning's rangy, sharp-shooting cagers conquered Switzerland, 85 to 21, in the first round of the preliminaries although big Bob Kur of the Phillips (Okla.) Oilers fouled out. Tracks, central sport of the games, started with qualifying trials in the high jump, one of America's strongest events.

The sun was hot, to the liking of the three American jumpers. Dwight Edelman of Illinois, Kevin McGraw of Rice, and George Stach of the University of California at Los Angeles.

The morning program for the opening day of competition drew only a few thousand to the low, sloping stadium recently converted from a dog race track. The temperature stood 70.

The first two heights in the high jump were disdainfully passed by virtually all contestants, and serious jumping started at 1.80 meters, or 5 feet 10 7/8 inches.

Edelman, first of the Americans to jump, did not bother to take off his sweat suit. To his great embarrassment he knocked the bar down.

Each jumper has three chances. To clear the bar this afternoon it is necessary to clear 1.87 meters, or 6 feet 1 5/8 inches.

On his second try, still wearing his sweat suit, Edelman cleared the bar with ease. McGraw and Stach passed at 1.80 meters.

When the bar went to 1.84 meters, or 6 feet and 1/2 inch, the entire field of 30 jumpers was still in competition.

Qualifying tests in the women's discus were advanced to the afternoon program.

Edelman refused to take off his sweat suit even for 1.84 meters, but cleared it easily. All other contestants had stripped away.

Fallouts became common in the canonized field that included long-haired, bearded Sing S.G.S. Gurnam of India, and barefoot B. Gunderson of Norway who cleared 1.84 meters with ease.

Pierre Lague of France cleared the canonized height with plenty of spare, but B. Casado of Puerto Rico, failed three times. Gurnam and A.M. Jackson of Canada made it on the third try.

Edelman's jump was a record for the United States in the high jump, but he was not the only one to clear the bar.

COMMENTS From The SIDELINES

(now on vacation in Georgia)
Georgia-Florida League

The Waycross Bears of the Georgia-Florida League are about equal to the Sanford Giants of the Florida State League, as far as we can determine at this point of our observations.

The Bears have one pitcher, who seems to be carrying most of the pitching duties. He is Ray Schild, an elongated right-hander, who has a lot of stuff on the ball. He has chalked up 15 wins against four defeats for the second place team.

The Bears have been driving for the league leadership since mid-June, when Shortstop Charlie Brewster joined the club. Brewster seems to have been the spark plug to put life in the club. The Bears were resting in sixth place at the time Brewster joined the aggregation, but the former Major League has done wonders with the bears.

The Tallahassee Pirates, sponsored by the Pittsburgh Pirates, seemed to be the class of the league last June, but from an impartial by-stander, it looks as if the Pirates will be the club for all seasons to defeat for the pennant.

The Pirates are mired in sixth place in the league standings at the present writing. Valoosa is setting the league on fire, and are three and one-half games out front, but the Cordie Indians, are making a determined bid to enter the first division, despite the fact that the club is resting in the fifth slot.

Charlie Brewster, the present star for the Waycross team is a former Chicago Cub and Philadelphia Phillies player, and has given the Bears a needed shot in the arm.

Last year Brewster was playing with Rochester of the International League, and he was given his release, after being sick for a long while. He came south to a little town near Waycross named Waycross, and he started a chicken farm. After overcoming the sickness, he asked the Waycross team if it could use his services, and they immediately signed him.

We attended the game between the Bears and the Cordie Indians last night (Monday), and Brewster ripped one ball out of the park. He hit it over the scoreboard in left-center field, a blow which must have been good for 125 feet. Left field at the foul line in the Waycross Park is 340 feet.

The Waycross City fathers have floated a bond issue to erect a new stadium for the 1949 season, and if the materials for building the structure are available, the new structure will be a dual purpose affair, for football and for baseball as well. The new layout will have a seating capacity of 7,000 and from all indications the increased seating facilities are needed for the Bears. Waycross drew 5,500 for the opening day crowd, and several times this year the crowd has been near the 5,500 mark. It has been reported by Jim Pinson, sports editor of the Waycross Journal-Herald.

Charlie Weathers, a 1947 fly chaser for the Palatka Azaleas in the Florida State League, is playing center field for the Bears, and

is doing a mighty good job of it. He was selected on the All-Star team for the league, and is belting the ball at a .310 clip. He is also leading the league in runs batted in.

Ken Ryne of Moultrie paces the sluggers in the G-F League with 20 home runs, and has been hitting the ball with regularity, because he has a .305 batting average.

The leading batter in the league is Joe Wainwright, a slugging outfielder of Valdosta. He is sporting a .375.

Waycross is the only independent ball club in the loop. Teams and their Major League affiliations include—Cordie—Cleveland Indians, Tallahassee—Pittsburgh Pirates, Thomasville—Detroit Tigers, Valoosa—Brooklyn Dodgers, Americus—Philadelphia Phillies, Albany—St. Louis Cardinals and Moultrie—Philadelphia Athletics.

Giant Hurlers Beginning To Look Like Honest-To-Goodness Pitchers

By JACK HAND
What happened to the New York Giants pitching staff?

Spink's spin cowboys in the Polo Grounds bullpen. Starter Irish without relief. Fireman Kenny Trinkle doesn't even make the box scores.

This strange situation has existed for almost a week. Three straight shutouts by Larry Jansen, Clint Hartung and Dave Kosser, have left the National League reeling.

Seven complete games in eight pitching starts have lifted the club past the St. Louis Cardinals into third place. The hurlers throw slurve, sinker, and the hurrying dandy throwers they are supposed to be.

Kosser, particularly, has come into his own in recent days. Two straight no-run jobs, including yesterday's 5-0 effort against Cincinnati, stamp him as a most important factor in the club's pennant hopes. Before that he hadn't thrown a complete game since May 9.

Walker Cooper eased Kosser's task yesterday with a bases-loaded homer in the first after the Giants already had taken one off Ken Ruffusberger. It turned out to be more than enough, despite four straight singles by the Reds' Darryl Lattin.

Brooklyn clubbed the Cardinals, 3-6, permitting New York to take over third place. Neither club gained on front-running Boston which edged Pittsburgh, 2-1. The Reds' lead remains intact at 5 1/

Soil Fumigation Is Shown By Mathieux

A practice of soil fumigation for the control of nematodes or root knot was today pointed out to growers by Orie Mathieux, administrative officer of the Seminole County Conservation Association.

"For this year only, we have a practice called Practice 19, Soil Fumigation, for the control of nematodes in seeds beds and commercial vegetable land," Mr. Mathieux stated.

For solid acreage, this practice requires not less than 200 pounds of approved fumigation material injected into the soil and distributed evenly not more than 12 inches apart.

"The Soil Conservation payments for this practice will be eight cents per pound of material used, subject to limitation and prior approval given by the County Committee and the soil building allowance for the farm. Prior approval must be had for this practice."

"Any farmer who is qualified for the 1948 Soil Conservation program is eligible and should come to the County Agent's office in order to obtain this prior approval," said Mr. Mathieux.

Ambassador Cavendish Cannon, Chief U.S. delegate, told a news conference "we are going to be consistent" on that point, even though the western powers are outnumbered at this Belgrade conference. Most of the 11 conferring nations are in the Russian orbit.

Andrei Vishinsky, deputy Soviet foreign minister, headed the Russian delegation.

Cannon expressed cautious hope the conference would succeed in opening the key waterway of Central Europe, on which thousands of barges now lie idle and empty.

The conference itself begins late today, the initial meeting being devoted to organization. The U.S., Russia, Britain, France and the small countries through which the Danube flows are represented.

today, insisted: "It is not too late for preventive measures, and we are not yet forced by the tragic consequences of depression to adopt measures which would interfere with our free economy far more than would any or all the measures I have proposed."

"I realize that the anti-inflationary program I have offered will impede some business plans, will curb some profit opportunities, and may limit some wage advances."

"It is of the very essence of a plan to counteract inflation that this be done. All groups will ultimately benefit when it is done."

In eight pages the President gave a glowing account of peacetime or all-time records achieved at midyear in jobs, wages, production, trade and prices.

The other 107 pages he sent to Capitol Hill comprised the report of his council of economic advisers. The three-member council backed up Mr. Truman's plea for more power, but did not endorse any particular form of regulation.

Using the council's data, Mr. Truman pointed to strong inflationary factors he said are entering the picture now. He listed these as including multi-billion dollar spending for defense and foreign aid, "third-round" wage boosts and the probable siphoning off of the federal surplus in the next year.

"The facts add up to a clear and disconcerting conclusion," the President said. "In spite of some favorable factors, we are in the very midst of gathering inflationary forces, which day by day are imposing additional hardships upon countless families."

"But thus far we have shown a blind disregard of the dangers that loom on our path. Despite my repeated warnings and recommendations, we have not adopted adequate legislation for controlling inflation."

"It is no less important to take action to forestall a business collapse than it is to use government measures to overcome a depression once it has arrived."

"Our success in this effort in Austria has no vote. The Communist countries thus have a two-thirds majority if they act as they have in other international meetings as a unit."

essential for the reconstruction of a peaceful world."

The economic council, headed by Dr. Edwin G. Nourse, came out more strongly than ever before for emergency controls. The council was created under the Employment Act of 1946 to steer the country away from recurrent booms and busts.

Voluntary efforts by individual companies and unions to check the wage-price spiral have "evaporated," the council said. Prices are advancing "on a broad front."

"It is therefore necessary that the government should have and use powers in the interest of economic stability."

The council criticized the \$5,000,000,000 income tax cut, passed by Congress over a presidential veto, in these words: "By reducing tax rates despite inflationary prospects, we have acted like an engineer who releases his emergency brake -- in the face of an emergency."

The council also foresaw a manpower problem. Within a year, it estimated, 1,000,000 more workers will be needed to strengthen the armed forces and produce military goods.

With civilian employment now

at a record high of 61,300,000, the council predicted:

"There will arise numerous labor shortages in some areas of the country. This will cause disturbances in some spheres of civilian production, and upward pressures on wages and other costs."

Civil Rights Council Formed In New York

NEW YORK July 30, (AP)—The National Citizens Council on Civil Rights has been organized here today as the primary aim of promoting establishment of a permanent government commission on civil rights.

Forty-eight religious, educational, civic and business leaders form the group. It was announced yesterday.

Dean Ernest O. Melby of New York University school of education is temporary chairman. Henry E. McCarthy, former regional director of the Social Security Board, is executive secretary.

The council, which has headquarters at 20 West 40th Street, said in a statement:

Mayfair Is Purchased By Giants For \$69,200

Inn Will Be Used As Hotel And Base For Jersey City, Minneapolis Clubs

The National Exhibition Company, owners of the New York Giants, today purchased the Mayfair Inn at a public auction conducted on the Court House steps by Lloyd F. Boyle, who had been appointed as special master by the Court to conduct the sale following foreclosure procedure. A crowd cheered as the winning bid was accepted.

Only two bids were made in the auction which took place shortly after 11:00 o'clock before about 100 spectators. The first bid was \$48,995, offered by Attorney Edwin Shulhizer in behalf of W. E. Kirchhoff, who recently foreclosed on the property. The second bid was \$69,200 and was offered by Edgar P. Feeley, treasurer of the National Exhibition Co. With him was Carl Hubbell, director of the New York Giant farm training system, and Charles Marion, who is expected to manage the hotel.

The property was offered subject to 1948 taxes and included in the transaction a lien of \$150,000 held by the Connecticut Mutual Life Insurance Co.

Among the first to congratulate the Giant officials were Edward Higgins, manager of the Seminole County Chamber of Commerce and City Commissioner John Krider, who on their recent visit to New York, contacted the Giant officials in regard to purchase of the hotel property.

Carl Hubbell, Edgar Feeley and Charles Marion all declared that Mr. Higgins and Mr. Krider deserved a "lot of credit" for helping facilitate the deal when they visited Sanford in New York.

"We plan to operate the Mayfair Inn as a hotel and to use (Continued on Page Six)

Starts Poll Tax Filibuster

ARMED WITH HIS SPEECH MATERIAL, Sen. John C. Stennis (D-Miss.) is shown as he entered the Senate Chamber to start the Dixie States' filibuster against President Truman's anti-poll tax bill. Stennis spoke for two hours and ten minutes. He charged both Republican and Administration Democrats with bowing to "political expediency" in forcing the civil rights issue at this session. Senate Probers Told Of Red Aid From Hollywood

Budenz Outlines Soviet Aims For Dominance In States

WASHINGTON, Aug. 2 (AP)—Ex-Communist Louis Budenz figured today that possibly thousands of Communists have filtered into Federal employment. In the past, he said several scores have held jobs he called "fairly important," while there have been several hundred in relatively important places. In addition, the former managing editor of the Communist Daily Workers testified, the party operates an "underground lobby" in Washington vigorously attempting to influence government policy.

WASHINGTON, Aug. 2 (AP)—Louis Budenz repeated Communist, told senators today that the Communist Party gets "a very big financial take" from Hollywood.

The former managing editor of the Communist Daily Worker, who quit the Communist Party to become a Fordham University professor, testified in a Senate expenditures subcommittee inquiry into Communist infiltrations into the government.

He described the Communist Party of the United States as "a fifth column of Soviet Russia." He named the late Jacob Golos as head of a highly secret Communist Party control commission in this country — an agency he said was used to discipline party members and keep them in line.

Golos was the chief contact with the party for Miss Elizabeth Bentley (Continued on Page Six)

DIRAMAMMENT LAKE SUCCESS, N. Y., Aug. 2 (AP)—Frederick H. Osborn, United States delegate, charged Russia today with obstructing efforts to reduce and regulate world armaments. Russia's Jakob A. Malik bitterly replied the United States and Britain had sabotaged efforts to cut armaments.

The United States and Russian delegates clashed at a short meeting of the United Nations Commission for conventional armaments.

PALESTINE TRUCE TEL. AVIV, Israel, Aug. 2 (AP)—Foreign Minister Moshe Shertok said today the Jews will resume the Palestine war if Arab armies continue to break the truce.

Shertok said the "presence of invading armies on the borders of Israel is a continuation of the state of war and is quite intolerable. Indefinite prolongation of this truce is not justifiable because it is neither peace nor war."

Attempt To End Dayton Strike Is Called Failure

Officials Close Factory In Effort To Prevent Bloodshed

DAYTON, O., Aug. 2 (AP)—The Ohio National Guard will march in to maintain order if the Univis Lens Company refuses to reopen its strike-bound plant, Mayor Louis Lohrey announced today. He said Governor Thomas J. Herbert had promised to send in troops should the company, plagued with violence, try to reopen tomorrow. The management will decide late today whether to attempt it.

DAYTON, O., Aug. 2 (AP)—A plan to end the riotous strike at the Univis Lens Company fell through today and the management refused to reopen the plant.

Rank-and-file members of the CIO United Electrical Workers rejected a settlement reached by their leaders and company officials.

As they threw up another heavy picket line at the plant, Governor Thomas J. Herbert of Ohio promised to send in the National Guard if fighting broke out again.

Despite an injunction limiting pickets, approximately 200 of them assembled at the plant entrance. All but six dispersed, however, when non-striking workers heeded a company appeal and did not appear.

The union appealed to other unions to send pickets to the plant tomorrow in event the company should seek to resume operations.

"Be on the picket line at 6:30 A.M. tomorrow," Bruce Vanvinkle, a shop committeeman for the U.E., shouted over a public address system to unionists at the plant entrance.

CALDWELL ASKS TALLAHASSEE, Aug. 2 (AP)—Governor Caldwell today called on Floridians to observe Sept. 2 in commemoration of the Japanese surrender three years ago.

He urged 30 seconds of silence at 8:59 A. M. "As a forceful reminder of the terrific price paid for victory."

U-2'S RETURN NEW YORK, Aug. 2 (AP)—Three U. S. Army B-29 bombers landed on a rain-soaked runway of New York International Airport yesterday to complete in less than 22 hours a non-stop flight to the Pacific coast and return.

The end of the cross-country trip, which began Thursday after the dedication by President Truman of the new airport, was witnessed by fewer than 100 persons. Nearly a quarter-million witnessed the take-off.

Move To Stop Filibuster Is Unsuccessful

Vandenberg Decides Against Attempt To Invoke Cloture; Price Probe Urged

WASHINGTON, Aug. 2 (AP)—Senator Vandenberg (R-Mich.) ruled against an attempt by the Republican leadership today to shut off debate on the anti-poll tax bill. Vandenberg's ruling was against an effort by GOP leaders to shut off debate on the motion made last week by Senator Wherry (R-Neb.) to take up the bill. Wherry had proposed that the Senate invoke cloture, a procedure requiring a two-thirds vote of the Senate.

Senator Russell (D-Ga.), leader of the southern forces, objected and raised a point of order as to whether Wherry's cloture move to shut off debate on a motion was correct under parliamentary procedure.

Vandenberg upheld Russell's contention.

Twenty-two senators, six more than the required 16, signed a petition for the vote on cloture moved by Wherry.

Four of them were Democrats: Barkley (Ky.), Pepper (Fla.), McGrath (Iri.), and Green (Iri.). Republican signers were Wherry, Taft (Ohio), Knowland (Calif.), McCarthy (Wis.), Flannery (Vt.), Dies (N.Y.), Ferguson (Mich.), Cordon (Ili.) and Reed (Continued on Page Six)

Sixteen Japanese Go On Trial For Palawan Massacre

YOKOHAMA, Aug. 2 (AP)—Charged with murdering 138 Americans, 16 Japanese went on trial today before a U. S. Eighth Army military commission. The group, accused in the wartime "Palawan massacre," includes two former lieutenant generals.

Allied headquarters prosecutors called the massacre in the southern Philippines Dec. 11, 1941, "one of the most dastardly deeds ever conceived in the minds of so-called civilized men."

This is the story of the massacre as told by American investigators: The Japanese took 150 American soldiers, sailors and marines, who were captured at Corregidor and Bataan, to Palawan to build an airfield. American bombers (Continued on Page Six)

Registration Books Open For Two Months

Mrs. Laurine Beal Messenger, supervisor of registration for Seminole County, today announced the opening of the registration books in her office located in the Sanford Herald for the purpose of registering voters for the General Election to be held on Nov. 2.

Only those who have not previously registered; those who have reached a legal voting age of 21 years or have attained a legal voting residence by residing in the state for one year and in the county for six months are required to register, Mrs. Messenger stated.

The books for the 15 county precincts will be open in her office for one month or until Sept. 8.

Those who will be placed in the various precincts to register those who are unable to do so while they are open in the supervisor's office. The registration books will be closed on Oct. 2 in order to prepare for the election on Nov. 2.

HUNGARIAN PRESIDENT BUDAPEST, Hungary, Aug. 2 (AP)—Hungary's parliament met today to accept the resignation of President Zoltan Tildy. Deputy Premier Arpad Szakasits will be elected the new president tomorrow.

Szakasits, who was nominated by the United (Communist-controlled) Labor Party, is expected to reappoint Premier Lajos Dinnyes and his cabinet. Tildy submitted his resignation last Friday, a few hours after his son-in-law, Dr. Viktor Csoranyi, was arrested on charges of espionage and treason.

NOT FOR HENRY MADISON, Wis., Aug. 2 (AP)—The Wisconsin CIO Political Action Committee yesterday urged voters to back the national CIO-PAC in its opposition to Henry Wallace's Proclamation yesterday calling for membership seven labor leaders for "misinforming CIO members" about the Wallace party.

The state group also voted to back the national CIO-PAC in its opposition to Henry Wallace's Proclamation yesterday calling for membership seven labor leaders for "misinforming CIO members" about the Wallace party.

Dayton Strikers With Tears In Their Eyes

POLICE WITH TEAR GAS BOMBS disperse a crowd of 600 CIO pickets who sought to interfere with non-striking workers at the Univis Lens Company in Dayton, Ohio. The fighting was instigated by a scuffle between a cop and a striker. In the face of the continued violence, Mayor Louis Lohrey called on Gov. Herbert to order out the National Guard. The outbreaks began when the CIO lost an election in the plant. (International)

3 Success Rules Given Rotarians By Simon Tudor

Louisiana Contractor Says Man Must Be Faithful To Succeed

Simon W. Tudor, general contractor of Alexandria, La., and father-in-law of Rep. J. Bailey Odham, addressed the Rotary Club today on the subject of "How To Be A Better Rotarian." He was introduced by Charles Morrison as a Rotarian who had been in the contracting business in Louisiana for 29 years.

"Anyone can be a good Rotarian of a good citizen," Mr. Tudor said, "if he possesses three qualifications: (1) Faith in God, (2) faith in his fellowman, (3) faith in himself. If you do not have faith, he added, you cannot be a success at anything."

Mr. Tudor, who said he had been coming to Sanford off and on for the past eight years, congratulated Sanford on the sale of the Mayfair Hotel to the New York Giants and said that he had noticed many forward strides during the past few years. And he added that he is especially interested in this community and in wanting to see it the kind of place for his grandchildren to be brought up in.

Money, Watch Stolen From Bear Lake Home

The home of H. G. McIntosh, Sr., of Bear Lake was entered yesterday afternoon while the family was swimming and two suitcases, containing \$115 in cash and a Bulova ladies wrist watch were stolen. It was reported this morning by Sheriff P. A. Mero, who with deputies Charles Beck and Herman Brumley, is making an investigation of the robbery. The thieves made entry by forcing a screen door.

Persistent rumors and complaints of Sunday liquor sales at the Davis Package Store on Geneva Avenue, led Sheriff Mero and deputies to make a search of the premises Sunday. The package store was found to be closed, and on liquor could be found in the grocery store, also operated by Russell Davis, which adjoins the package store and is separated from it by a partition.

Sheriff Mero however, moved a large package case, disclosing a sliding panel into the package store. Since no liquor was found in the grocery store, no charges were made against Davis, who was given a stern warning against violating the Sunday liquor law.

COUNTY MEET
The Board of County Commissioners will meet tomorrow morning at 10:00 o'clock in regular session. It was announced today by O. P. Hornon, county clerk.

Budget For Schools Of County Adopted At Board Meeting

No taxpayers appeared as objectors to the proposed school budget of more than a million dollars when the Seminole County Board of Public Instruction held a hearing for this purpose at the Court House, today. The budget of \$1,086,024 was therefore unanimously adopted. Sept. 1, W. Lawton reported today. Details of the budget appeared in a legal notice in the Herald on July 21.

Members of the Board present were L. E. Jordan, J. A. Bostine, Walter Haynes and C. E. Harrison. Mrs. A. D. Rountree, trustee, was present.

Mrs. Lois Ruckell, teacher in the Oviedo School for a number of years was granted a requested leave of absence, due to ill health. The bid of \$407 submitted by the Towne Agency for a heating, ton hand calculator and adding machine for the Superintendent's office was approved, and the machine was delivered to Mr. Lawton. It prints, figures, adds, subtracts, multiplies and divides.

A bid of the Lumina Co. to waterproof Crooms Academy was accepted at \$2,250 with the provision that the payment be made only on the approving certificate of Elton J. Moughton, architect.

Cooperation of the Board in allowing use of school buses for local transportation of Shriners during their Ceremonial love on July 14, was commended in a letter from Shrine President (Continued on Page Six)

State Probes Rollins' Testimony Of Murder

BARTOW, Aug. 2 (AP)—The State, attacked today the theory that Dewitt F. Rollins was knocked unconscious by a hitch hiker on the night his wife was slain.

Rollins, a former judge and school superintendent, is on trial in circuit court on a charge of first degree murder. He is accused of shooting to death his wife, a Winter Haven school teacher.

A Sheriff Dewitt Sinclair has said Rollins reported he was knocked out by a hitch hiker who shot Mrs. Rollins during a holdup attempt.

Dr. L. E. Parmley of Winter Haven, who examined Rollins shortly after the shooting, testified Rollins had only superficial head injuries.

"I have found five small cuts on the scalp," Dr. Parmley said. The witness said the cuts were "very shallow" and only went about one-third of the way through the scalp.

DISPLACED PERSONS
WASHINGTON, Aug. 2 (AP)—President Truman today named a three-man Displaced Persons Commission to start the flow of 202,000 European refugees into the United States during the next two years.

The three appointees, Ugo Carnai, Edward M. O'Connor and Harry N. Rosenfield, will supervise immigration under the law enacted in June. Mr. Truman sent their names to the Senate for confirmation.

COP'S WIFE SHOT
PORTLAND, Ore., Aug. 2 (AP)—A policeman's wife was fatally wounded yesterday as she joined her husband in attempting to quell a tavern brawl.

Detective Sgt. John Warren reported Mrs. June Russell, 22, mother of a 20-month-old son, was shot in the forehead. He said the gun was discharged when officer Ross Russell was grabbed from behind after drawing the pistol. The victim's parents witnessed the shooting.

Reds Control Of Conference Guarantees Adoption Of Plan

BEograd, Yugoslavia, Aug. 2 (AP)—Russia circulated today a proposed Danube River pact which would give eastern Europe's Communist-dominated states virtually exclusive control over the 1,800-mile long trade artery.

Andrei Vishinsky, Russian deputy foreign minister, told the 11-nation conference he will present the document formally tomorrow.

Its passage is regarded as a certainty, probably without major change. The Communist states vote three in this meeting. Austria sits in silence. France withdrew a proposal that the document be made by a two (Continued on Page Three)

Funeral Rites Held For Farben Victims

LUDWIGSHAFEN, Germany, Aug. 2 (AP)—This Rhine River city today mourned the victims of the Farben chemical plant explosion at memorial services attended by approximately 10,000 weeping relatives and friends.

The known death toll rose to 180. Rescue workers continued to dig through the wreckage.

General Pierre Koenig, French zone military governor, was accompanied at the ceremony by United States, British, Russian, Belgian, Dutch and other military representatives.

Referring to the victims, Koenig said: "They were soldiers who died—soldiers of work."

Koenig delivered his address in German and again in French. Peter Altmeyer, minister-president (governor) of Rhineland-Palatinate, praised the rescue efforts of German workers and French and American soldiers in the fire that followed Wednesday's explosion.

"The German people will never forget the brave help of the American and French troops," he said.

The ceremony centered around a cross 12-feet high in the center of the city's main square. A Farben plant director, referring to rumors that the plant had been making volenofluid for V-weapons, told the gathering: "It is necessary to state that these workers were not killed by any war product."

THREE PEOPLE HURT In Auto Accident
Three people received hospital treatment for cuts and bruises Saturday noon after their automobile collided with a telephone pole in an effort to avoid a bread truck which pulled suddenly in front of them from where it had been parked in front of Kersey's Grocery Store on Geneva Avenue.

William Judge, Jr., driver of the truck, is charged with making an improper turn, said Deputy Herman Brumley, who investigated the accident. Mrs. Clyde Malone and her father-in-law, Eugene Oglesby, received the most cuts and bruises. Mr. Malone, who was driving the 1936 Ford had a cut on the cheek. The car had been proceeding west on Geneva Avenue when the bread truck swung around another parked truck in front of it, forcing Mr. Malone to swing to the left so suddenly that the car hit the pole.

Ambassadors Will Interview Prime Minister Stalin Concerning Problems

MOSCOW, Aug. 2 (AP)—Diplomats of the U.S., Britain and France visited the Kremlin tonight, obviously for an interview with Prime Minister Stalin seeking a basis to solve East-West differences.

U.S. Ambassador Walter Bedell Smith entered the Kremlin at 8:49 P.M. tonight (1:49 P.M. EST), obviously for an interview with Prime Minister Stalin on East-West differences.

Frank Roberts, private secretary to British Foreign Secretary Ernest Bevin and acting British ambassador, and French Ambassador Yves Chataignier also were expected shortly at the seat of the Russian government.

They too are seeking a solution of differences with Russia over the Berlin blockade and other German and world problems.

The Berlin blockade, started in June, The Russians barred access through their surrounding zone by railway, road and canal. The western powers have been flying in enough food for their 2,000,000 or more Berlin Germans, but coal has become increasingly short.

Russian newspapers in Berlin said the squeeze will continue unless the anti-Communist elected city government yields to the minority Communist demand for economic control of the whole city. The Reds also indicated that accounts held in banks in the Russian sector by western Berliners may never be released except at the pleasure of the economic commission of the Soviet zone.

U.S. and British zone rations increased to 980 calories a day, about a fourth higher than at the start of the year, because of good crops, money reform and (Continued on Page Six)

Kerensky Declares Russians Dislike Communist Rulers

NEW YORK, Aug. 2 (AP)—Former Russian Premier Alexander Kerensky says the United States can remove the threat of war with Russia by driving a propaganda wedge between the Communist government and the Russian people.

The country, Kerensky wrote in the American Magazine, should let the American people know that Americans consider them apart from their government, that Americans sympathize with the "struggle of the Russian people for the restoration of personal and political freedom," and that the United States has no quarrel with the Russian masses but only with "Communist aggression."

Kerensky, who left Russia 30 years ago after his short-lived republic was deposed, said that according to "secret" reports from the Soviet Union and from refugees, "millions upon millions" of Russians hate their "Communist overlords as passionately as captured American Marines hated their Japanese jailers."

"With Russia divided, with the great mass of its people friendly to the United States," Kerensky continued, "Stalin would not dare make any move that might bring war with the United States."

Three People Hurt In Auto Accident

Three people received hospital treatment for cuts and bruises Saturday noon after their automobile collided with a telephone pole in an effort to avoid a bread truck which pulled suddenly in front of them from where it had been parked in front of Kersey's Grocery Store on Geneva Avenue.

William Judge, Jr., driver of the truck, is charged with making an improper turn, said Deputy Herman Brumley, who investigated the accident. Mrs. Clyde Malone and her father-in-law, Eugene Oglesby, received the most cuts and bruises. Mr. Malone, who was driving the 1936 Ford had a cut on the cheek. The car had been proceeding west on Geneva Avenue when the bread truck swung around another parked truck in front of it, forcing Mr. Malone to swing to the left so suddenly that the car hit the pole.
