

## DEMOCRATIC IS SEMINOLE FOR NOMINEES

### COUNTY CLUB FORMED AND STATE IS AFLAME WITH THE SPIRIT

At a mass meeting held in the court house Friday night a large number of the representative Democrats of the city and county gathered to form a Seminole County Democratic club, the purpose of which will be to make a strong campaign for the success of the straight Democratic ticket in the general election in November. Hon. F. L. Woodruff, representative elect was made president; Schelle Maines, member of the state Democratic executive committee was made secretary and treasurer and Judge George G. Herring, R. J. Holly of Sanford, together with D. H. C. Rabun of Monroe, Clark Pearson of Paola, W. V. Dunn of Lake Mary, L. J. Hartley, Jr., of Longwood, J. H. Osteen of Altamonte, Theodore Aulin of Oviedo, G. M. Jacobs of Chuluota, J. H. Huddleston of Geneva, C. H. Dingee of Sanford and Felix Frank of Sanford were made vice presidents. Speeches were made by prominent Democrats present and it was decided to make a canvass of the county by the club members taking in every precinct and ending the campaign with a monster rally in Sanford on Saturday night, Nov. 4th. The club also pledged their unqualified support to all the Democratic nominees and will make a clean campaign of education eliminating all secular feeling by heaving strictly to the line of Jeffersonian Democracy.

Reports from all over the state demonstrate that Florida is aflame with the true Democratic spirit and that all true Democrats will rally to the standards and help support the nominees. The following press notes are very encouraging.

Jacksonville, Fla., Oct. 21.—Hiram Platt, one of the leading Democrats of Brevard county had written the Democratic headquarters to the effect that the board of county commissioners of that county has unanimously endorsed the candidacy of the Honorable W. V. Knott for Governor. He also states in his letter that each member of the board has pledged himself to conduct an active campaign on behalf of Mr. Knott and all of the Democratic nominees.

Mr. Platt has asked the committee to send some speakers to that county and gives it as his opinion that the Democratic party vote next month will be one of the most flattering ever polled in his county. The Melbourne Times is making a hard fight for the Democratic ticket from constable to President. The voters of the county are standing loyally by all of the nominees and it is believed that the vote for the Democratic ticket this year will be in the nature of a landslide.

Jacksonville, Fla., Oct. 21. T. L. Clarke, one of the best known lawyers of Monticello, Fla., has written an appeal to the voters of his county, asking them to stand loyally by every legal nominee of the Democratic party. Mr. Clarke is one of the oldest citizens of Jefferson county. He has been an active party worker for nearly half a century. In his appeal to the public of his county, he reminds them of the fact that he was a Democrat in the days when it meant something to oppose the Republicans. He declares that he and his comrades of fifty years ago are proud of the fact that the good people of Jefferson county have never yet repudiated a nominee of the Democrats.

Mr. Clarke believes that there is no doubt but that President Wilson and the Hon. W. V. Knott, against whom the independents are making their bitterest attack will receive majorities equal to that of the other Democratic nominees. He is having the appeal which he has written, printed in circular form and expects to distribute it throughout his county. Speakers of local reputation are being secured to address the voters of Jefferson county in the same manner that local speakers are being used in practically all other counties of the state.

Jacksonville, Fla., Oct. 21.—Ex-Governor W. S. Jennings, who made a tour on the southern part of the east coast during the past week will be engaged this week from Wednesday until Saturday night in the same territory. He has met with large and enthusiastic audiences at every point where he has spoken and reports that the tide has turned and that the independents will poll a very small vote up and down the east coast. His speaking dates for the present week are as follows: Ojus, Oct. 25, 11 a. m.; Homestead, Wednesday, Oct. 25, 7:45 p. m.; Key West, Thursday, Oct. 26, 7:45 p. m.; Miami, Friday, Oct. 27, 7:45 p. m.; Hallandale, Saturday, Oct. 28, 11 a. m.; Ft. Lauderdale, Saturday, Oct. 28, 7:45 p. m.

**Sanford the Shipping Point**  
If anyone doubts that Sanford is the natural center for the trade of this section of Florida let him watch the shipments of automobiles here every week. The automobile dealers of central Florida have their cars shipped to Sanford on account of the cheap freight rate here and from this point they take them through the country to their respective cities.

The first solid train load of automobiles came into Jacksonville Sunday being Buicks and six car loads came to Sanford to the Cook Auto Co., of Orlando. These cars will be distributed to Sanford, DeLand, Kissimmee, Eustis and other cities. John Cook was here in person to look after the unloading of the cars and they were driven through the country to their destination.

This one item demonstrates the possibilities of Sanford as a great trading center for this part of Florida and this city should have twice the population for this reason alone.

### EDITOR WAS CRAZY

#### Slayer of Austrian Premier Was Unbalanced

Vienna, Oct. 22, via London, Oct. 23.—Government circles here regard the killing of Premier Steurgkh as an act of a political crank which can in no wise influence the political situation or course of the war. This statement was made to the correspondent of the Associated Press in high responsible quarters.

It is pointed out that the time which has elapsed since the murder has shown that Adler, the assassin, stands alone. His act is disallowed by the Socialist party, and press and condemned by his father, Victor Adler, Socialist member of the lower chamber of the Reichsrath. Adler stated to the police that he shot Steurgkh because the Premier opposed the convening of Parliament. It is stated officially that Steurgkh had at no time done this and that he could not do it because the convening of Parliament was a matter in the hands of political parties.

The Austro-Hungarian press brands Adler as a vile irresponsible criminal and without exception deplores the fact that the act of a crazy man should disturb the peace of the people. The city is quiet. The public, while naturally greatly interested, regards the murder as a purely private crime.

### Improvements at French Shop

At the French Millinery Shop, one of the modern, up to date business houses of our city many changes are being made in the interior to make room for the larger stock of ready to wear garments that will be handled by this enterprising establishment. A full line of new and modish coats for women and children, coat suits, sport suits and dresses in silk, satin, and woolsens will be among the winter's offerings. Shirt waists in all the latest models, in all colors and materials, lingerie, gloves and hosiery, besides the popular C. & B. corsets will be found here. The store has been greatly enlarged by the removal of partitions. New show cases will be installed and every facility for the attractive display of goods will be a part of the equipment.

Miss Edna Owens, an experienced saleswoman is here and ready to give prompt services and courteous treatment in addition to those already attached to the store.

Mr. A. W. Fitts, Jr., Mrs. R. S. Sheldon of New Smyrna, little Martha Fitts, and their cousin, Mr. E. J. Stetler left today for an automobile trip to Valdosta, Ga., to spend a week with relatives.

## ROUMANIAN PORT FALLS TO GERMANS

### IMPORTANT PORT IS BLOW TO ENTENTE POWERS

Petrograd, Oct. 23.—Russians and Rumanians in Dobrudja continued to retreat but they offered stubborn resistance to Mackensen's advance, the war office announced. On the Transylvanian front yesterday Rumanian attacks compelled the Teutons to retire in the Trosus, Oituz and Slatko valleys. The Rumanians are fighting stubbornly and successfully on the western frontier Moldavia.

London, Oct. 23.—The Germans captured Constanza on the Black Sea, the terminus of the Constanza-Tchernavoda railway toward which the combined Bulgarian, Turkish and Austro-German forces under Von Mackensen have been driving, according to Berlin. This railway leads into the interior of Rumania over the Tchernavoda bridge across the Danube. A delayed Bulgarian statement dated yesterday said the Rumanians have been driven back to within six miles of Constanza and the entente resistance in Dobrudja were definitely broken.

London, England, Oct. 23.—A hostile aeroplane appeared today over Margate on the southwest coast of England and dropped three bombs two persons being injured. The following official account of the attack was given out:

"A hostile aeroplane was reported over Margate at 10:05 o'clock this morning. Three bombs were dropped in the Cliftonville district. Slight damage was caused to a hotel and one man and one woman were slightly injured. British aeroplanes went up in pursuit of the raider, who made off in a southeasterly direction."

### Columbia College Wins

Winter Park, Oct. 23.—(Special)—Columbia College defeated Rollins here by the close score of seven to six. It was one of the cleanest exhibitions of football seen on the Rollins field in several years.

The teams were very evenly matched as to weight, but Columbia had it on Rollins in that its men were older, and the majority more experienced.

The game was featured by the playing of Hayden and L. Blitch for Columbia, and the wonderful gains made by Rollins' one hundred and thirty-pound halfback, Joe Muscatelli. Froemke and Faulkner of Rollins, played exceptional games at their respective ends.

### Lakeland Defeated 50-0

Orlando, Oct. 23.—(Special)—Orlando High, displaying a powerful offensive, rolled up fifty points from eight touchdowns against Lakeland High. The visitors were outclassed at every turn and never had a show. The last ten minute quarter was not played by mutual agreement.

Strange, alone of the Lakeland clan, held up to the standard of play exhibited by the locals. He fought, but to no avail, while Thresher, Ziegler, Harper, the Andersons, Ivey and Branham played wonderful football for the locals.

### VAN SWEARINGEN TO SPEAK

#### Noted Jacksonville Citizen Will Do Here Saturday Night

Hon. Van C. Swearingen, ex-mayor of Jacksonville and well known in this city where he at one time resided will speak at the corner of Park avenue and First street next Saturday night at eight o'clock.

Mr. Swearingen is a most convincing speaker and a large crowd will be out to hear him tell why Rev. Sidney J. Catts should be the next Governor.

J. R. Hayden has returned home from a visit to Jacksonville and points in Alabama. He attended the opening of the Armour stock yards and packing plant in Jacksonville and then went to Alabama to visit some of the famous stock farms of that state.

## BRICK ROADS OF SEMIOLLE WILL START

### NEW DUN LUG AND CEMENT GROUTED SEMIOLLE ROADS

Seminole county brick road building on the roads recently snapped out that will supplement those already built and give Seminole a complete road system is progressing. The bricks are now being shipped to Altamonte, Geneva and Oviedo and these roads will be begun as soon as all the bricks are unloaded.

The shortage of cars has delayed the shipment of bricks and held the work back considerably. The new roads in this county will be of the dun lug type and will be cement grouted with cement curbing, making a roadway that will be as near permanent as roads can be made. The dun lug brick has been thoroughly tried out with the result that it is now pronounced by experts to be the best that can be obtained for road work not only on the county roads but in the city streets as well. Volusia county has tried this dun lug brick cement grouted and the road that has already been laid in that county is incomparable with any other material.

The Southern Clay Manufacturing Co. seem to have the best brick of this type that is manufactured and Seminole county is lucky to have this brick for the new roads that will be laid. With Engineer G. R. Ramsey and his new rattle test to stand guard over the brick manufacturers this county can rest assured that only the best brick and only the best work will be given on this new contract. The cement grouted roads laid right should last for fifty years with but small repairs.

### WILL PLAY ST. AUGUSTINE

#### Sanford High School Football Boys Have Game Friday Next

Sanford fans who appreciate a good football game will not be disappointed if they journey to Holden Field next Friday afternoon when the Sanford High will go against the strong aggregation of the St. Augustine High. The boys of the Ancient City are not a bit ancient in their football lore and have everything it takes to put the thing over but Sanford High boys are there with the stuff also, and they say they can hold anything in the state that averages up with them in weight. The Sanford High School certainly has one of the hardest working teams that they have been able to corral in a long time and every member of the team is a student of the High School.

The boys have been at hard practice daily and are in the pink of condition and the game next Friday should be a good one as it is said the teams are about evenly matched in size and both of them are in the race to win the championship of Florida. If Sanford shows up well in Friday's game her chances will be better with the next ones. Come out, you fans and cheer the boys to victory.

### ANNOUNCEMENT

The manager of the Lyric Theatre wishes to announce that he has made arrangements for more chairs so that he may be able to take care of the large crowds on Saturday nights. He is sorry that so many have had to wait on the outside as not being able to get room inside until after the first show.

He will appreciate your patronage and will certainly do all that he can to please you and to make the Lyric Theatre as warm and comfortable as any theatre in the state.

### NEGROES ARE STUNG

#### Listen to Fairy Tales About North and Want to Come Back Home

The negroes in this section have not taken kindly to the advances made by northern agents who have been trying to induce them to leave the sunny south and take jobs in the frozen north at what the agents term better prices but what prove a delusion and a snare after they go north. The following from the

Tampa Tribune is among the many written home:

A letter from a negro from this city who went north in search of work while all of the recruiting was going on had reached the Tribune mailed from New Haven, Conn. He says "Kernel" Joyce did not recruit him, but that he saw all the other negroes taking the craze to migrate, and so paid his fare to the north and has been working almost all of the time since he has been there. But he says a negro without a trade has to work for \$1.80 and work eleven and a half hours a day for that. Board and room are seven dollars a week he says.

Some parts of the letter are droll. He says in many of the smaller towns people are afraid of a "nigger," and that a little girl hid behind her mother's dress when she saw him and asked him if he was going to bite her. At one place where the writer applied for work, telling them that he was a painter and paperhanger, they said they only used negroes for bootblacks.

He says he cannot stand it out of doors when the snow is on the ground and that he wishes he was back home in Dixie. "The northern man is meaner to us than any southern man ever was, and from loud talking on cars white ladies move as far from us as they can," he writes.

### DEMOCRATIC ACHIEVEMENT

#### What the 64th Congress Has Done For the Nation

The sixty-fourth congress in its first session has

Passed 252 public and 174 private acts; 33 public and 4 private resolutions.

Killed the Gore and McLenore resolutions providing for a surrender of American rights on the high seas.

Prevented a national steam railroad strike through the passage of an Eight Hour Day Law.

Appropriated \$655,000.00 for national defense.

Passed army and navy measures, enlarging and improving both, for the defense of the country.

Passed the shipping bill, appropriated \$50,000,000 for a government owned merchant marine.

Enacted legislation insuring log time loans to farmers at low rates.

Passed a child labor law to keep children out of the factories.

Given greater measure of self-government to the Philippines.

Created a tariff commission.

Passed a workman's compensation act for federal employees.

Provided federal aid to states in construction of roads.

Imposed a prohibitive tax on cotton sold for future delivery in fictitious or wash sales.

Amended the postal savings law, increasing the amount which individuals may deposit from 1500 to \$1,000 with interest and an additional \$1,000 without interest.

Amended the federal reserve law to permit national banks to establish foreign branches.

Passed the emergency revenue law, providing for increasing the income tax; levying a graded tax of 1 to 10 per cent on inheritances ranging from \$50,000 to \$5,000,000; a ten per cent net profit tax on manufacturers of munitions, 5 per cent net profit tax on manufacturers of material entering into munitions, and a license tax on actually invested capital stock of corporations capitalized at more than \$99,000.

Mr. and Mrs. Fred Walsman arrived in the city last night and are at Comfort Cottage while their own beautiful bungalow on Magnolia avenue is being made ready for them. Mr. Walsman represents the Armour Refrigerator Car Co., and has been coming to Sanford so many years that he calls this city his home, and his purchase of property here demonstrates his faith in the future of Sanford. Their many friends are glad to see them back home after spending the summer with relatives in Michigan and other points.

Mr. and Mrs. Frank Miller have arrived home after spending several weeks in Ohio, Indiana, Pennsylvania and New York states. Mr. Miller was the Florida delegate to the National Undertakers Association in the convention at Columbus, Ohio, and afterward visited Niagara Falls and other points in that part of the country. They liked the country but were glad to get back to Sanford again.

## W. V. KNOTT WILL SPEAK HERE TONIGHT

### OPENING GUN OF DEMOCRATIC CAMPAIGN FIRED HERE TONIGHT

The opening guns of the Democratic campaign will be fired tonight when Hon. W. V. Knott, the Democratic nominee and Hon. Frank Wideman, a prominent attorney of Jacksonville will speak on the issues of the day. The speaking will occur at the corner of Park avenue and First streets and every one is invited to come out and hear these prominent speakers.

There has been so much said about the re-canvass of the votes in the race for Governor, so much said pro and con and so much newspaper talk that it will be refreshing to hear the candidate himself take the stump in his own behalf. All those who are for him and all those who are against him should come out and give Mr. Knott a fair and respectful hearing. There is much about this canvass of the second choice votes that can be made clearer to the voter and without any partisan feeling the majority of the voters would like to see and to hear Mr. Knott and hear his side of the story from his own lips.

The speaking will start about eight o'clock and that there will be a tremendous crowd to greet the speakers is an assured fact.

### Have to Be Shown

The Daytona basket ball club has organized for the coming season and from reports received from Daytona the boys claim to be out for the state championship and they furthermore say that they are going to capture the high honors. But listen! Over here in Sanford we have a Captain that is from Missouri and has to be "Showed," of course the B. S. A. basket ball team of Sanford does not claim to have any world beaters on their team. They do claim to a man that they will play any team once to find out just how strong they are.

The boys have been working hard for the past three weeks and so much good timber being on hand it looks very much as if Captain Chittenden will have to let the boys draw straws to see which ones will be used, not boasting any one in particular. One player on the team who has proved a hard worker and also a good player is Paul Hawkins. This boy has the goods and physical strength to put up against all comers. Paul goes through the line just like a Zeppelin dropped into the city of London. He has what the famous sporting authority once said, when remarking about a certain ball player HE HAS THE "GUTS" and Paul carries every inch of a man with him.

Another as clever player is Isaac Kanner, a wonder at throwing baskets and one of the best Centers in Sanford. Morris Spencer plays a game that is a credit to any team. While Captain Chittenden has few if any equals, Allan Jones, though light is considered by followers of the game to be as good as anything on the team at present. Allan is fast as any on the team but whether he will be carried on as a regular or as a Sub is undecided at the present.

Rush Murphy also plays the game as it should be and the only thing that will make him mad in a game is to step on his foot. Harold Washburn, last but not least will more than likely be a regular this season. We take it for granted that he will as he is the manager of the team. Robie Laing was omitted but his chances of making the team look very bright, in fact from information received from the boss he will be a regular.

The regular meeting of the Brotherhood will be held tonight and Chairman Murphy asks that all the members bring a little change as the team will need a little financial help to carry the team through.

Friday's issue will more than likely contain the line-up of the team; the team has had plenty of practice and the players that will make the team are practically decided upon.

"Red" Davis.

# AMONG THE THEATRES

## Chit-Chat of the Play Houses in Sanford

### Her Father's Son

Frances Fletcher is the beautiful daughter and only child of John Fletcher, the poor brother of wealthy William Fletcher. William, the rich southern planter writes to John saying that he has heard of John's youngster and would like to adopt the boy as his own and co-heir with his only child, Betty, who is about the same age.

Dying penniless, John Fletcher binds Frances with the promise to go to her uncle masquerading as a boy. Her name is changed to Francis, and as a boy she goes to the wonderful southern home of her uncle. Francis does not come up to her uncle's expectations of what a fire-

eating southern gentleman should be, but she does make a warm friend of cousin Betty.

The night of Betty's coming out ball, Francis dresses as a girl, and Lieut. Richard Harkness, a West Pointer, believing her Betty's cousin from St. Louis, falls desperately in love with her.

In the midst of the gaiety a courier brings the news of the southern states seceding.

Her southern sympathies get Francis into many difficulties, particularly when she masquerades as a spy and deceives her lover, the Union officer. But when everything seems wrong and Francis is challenged by Harkness for "the satisfaction due a gentleman" on the field of honor appears the southern beauty, Frances Fletcher. The closing scenes reveal a thrilling conclusion of origin, when Lieut. Harkness' pistol in hand faces his opponent—the girl he loves.

Frank Keenan interprets the role of the Phantom in this story of silk-gloved criminality. Mr. Keenan has appeared in many Broadway successes and has won wide popularity in a number of Triangle productions, such as "The Coward," "The Stepping Stone" and others. He is soon to appear in another production under Thos. H. Ince's direction.

Lyric Friday.

### Emily Wehlen in New Photoplay

Emily Wehlen, one of the most beautiful and gifted actresses of the stage or screen is the star of the big Metro feature attraction, "The Pretenders," which will be presented here at the Star Tuesday. This five part production is the latest in which this popular little star has been seen on the screen. Miss Wehlen, who is considered one of the best gowned women in pictures, is seen at her best in "The Pretenders." The story of the picture play was written especially for her by two of America's best younger playwrights, Channing Pollock and Rennold Wolf, and Miss Wehlen was directed in the production by George D. Baker.

### Synopsis of "The Gathering Storm" Chapter Five of "Gloria's Romance"

Gloria Stafford	Billie Burke
Dr. Stephen Royce	Henry Kolker
Richard Freneau	David Powell
David Stafford	William Moselle
Frank Mulry	Frank Belcher
Pierpont Stafford	
William T. Carleton	
Judge Freeman	Henry Wea
Judge Freeman	Henry Weaver
Mrs. David Stafford	Jule Plover
Gideon Trask	Frank McGlynn
Dr. Wakefield	William Burton

Mrs. David Stafford, who has been carrying a serious flirtation with Richard Freneau, becomes insanely jealous when she notes Freneau's attentions to Gloria Stafford at the latter's coming out party, and her agitation is noted by her husband as well as others. Freneau departing from the Stafford mansion on Riverside Drive is amazed to encounter Gideon Trask, whose daughter he had wronged years before. He strikes Trask with his car and hurries into a waiting auto. As the car whizzes away Trask sets out to follow, but is struck down by a speeding automobile. Next day Freneau goes for a sleigh ride with Gloria, and at a lonely country inn proposes and is accepted. Gloria, as a result of her exposure to the elements contracts pneumonia and is put to bed by command of Dr. Wakefield, the family physician. Later she grows fever-

ish and later her brother, David, insists on summoning Dr. Stephen Royce to care for her. Dr. Royce objects to the treatment prescribed by Dr. Wakefield and the latter quits the case in disgust, while Royce sets out to do what he can for Gloria. During the night Gloria tosses about in delirium, thinking herself again in Florida, and attacked by the Seminole Indians. Just as morning dawns Gloria again imagines she has again been saved by Freneau and sinks into a natural slumber.

Lyric, Tuesday.

### The X-Ray Gun in Action

A very impressive sight is the scene of the test made in "The Intrigue," the Pallas Paramount coming to the Star Theatre tonight.

The test is carried out by a young American inventor of a remarkable X-ray gun, to prove the tremendous destructive force of his marvelous invention.

Under the strictest conditions zealously supervised by military officers the small portable model of the gun visibly annihilates the small objects set at a distance of three miles.

The action of the gun is so revolutionary and causes such a stir that the young American becomes enmeshed in the complicated net of the secret service of the two warring nations. To his rescue comes a ravishingly beautiful countess, who forces him to make a heroic decision, which finishes a picture filled with stirring scenes of peace and war.

### "The Phantom"

"The Phantom," the new Triangle feature in which Frank Keenan stars with Enid Markey as his leading woman is to be shown at the Lyric Friday.

It is described as one of the best detective stories written since the famous "Raffles" series. The "Phantom" is the sobriquet of Farrell, the most elusive "gentleman thief" known. Operating in conjunction with his valet, Crabbe, a rascal of much inferior cleverness, he has escaped detection for many years. Still the detective service is aware that Farrell is responsible for many jewel robberies, even though they have not been able to get any direct evidence. So inspector, James Blaisdell of the Central Office calls to notify Farrell that it might be well for him to move on to another city. Farrell readily promises to leave town, but without saying for how long. He is planning to go to the home of James Bereton in the suburbs, to rob Bereton's daughter, Avis of the famous Bereton necklace.

So taking the card of Blaisdell, by which the detective has been announced to him, the Phantom uses it to introduce himself to Bereton and his week-end guests as a Central Office man sent to guard the jewels. Among the persons present are Bereton, his daughter, Avicé, prospective son-in-law, Capt. Broome and his son Bertie and Bertie's friend, Dr. Ratcliffe. Farrell feels that he has seen this Ratcliffe somewhere before, and that he may have to reckon with him. And then his plans are disturbed because he finds himself falling in love with the beautiful Avicé. The valet, Crabbe, sees his master paying attention to the girl and becomes anxious too. Indeed, for love of Avicé, Farrell does not take the jewels when he has a chance.

But if Farrell has missed his opportunity, Dr. Ratcliffe has not. He has a hold over Bertie for a lot of gambling debts and the boy is aiding him to steal his sister's jewels.

The necklace suddenly disappears. Ratcliffe has taken it. He unstrings the pearls and hides them with the diamond clasp in vials in his medicine case.

Then the Phantom acts out his assumed part of detective. He searches everyone including the doctor, but can find nothing. The doctor prepares to depart to attend a patient in the city who is very low. He goes to the station unmolested. The Phantom suspects Bertie. He questions him and then bit by bit Bertie tells his story, how Ratcliffe threatened him and how he helped him to steal the jewels.

Making Bertie pretend illness, Farrell goes in a racing car to the station to bring back Dr. Ratcliffe. Ratcliffe is found waiting for his train. He refuses to return. Farrell makes him come at the point of a gun. Without the doctor finding it out he removes the pearls and the clasp from the vials, and, after Bertie has been treated, lets the doctor go on his way, first however, making him give up the papers with which he has threatened Bertie. These papers are destroyed.

Now the Phantom reassembles the necklace, and by more strategy he places it inside of Bereton's waistcoat and sees that it is found in presence of the company. Scarcely has he finished receiving the congratulations of the guests when the real Blaisdell of the Central Office who has trailed Farrell to the place, enters to tell Ecretion who the Phantom really is.

How the Phantom makes his escape is one of the most thrilling moments in the picture. Lyric Friday.

### Unusual Program at Star Saturday

Manager Herndon of the Star is always there when it comes to getting real pictures for the patrons of the Star, especially for the Saturday program. This week he was very fortunate in obtaining the celebrated actor, Robert Edson in a thrilling western drama and when it comes to an actor putting it over, as the show term goes, he is right. The Pathe producers spared no expense in the making of this picture as several large and costly sets were used as well as transporting the entire company for several hundred miles in order that they might obtain the milky scenes with the proper atmosphere. But the above is not all, for along comes "The Secret of the Submarine," in addition to all the above, with its usual thrills and suspense. You would naturally infer from the above program that the prices would be advanced which is not altogether wrong for you to feel that way in view of the fact that it is so large, but this is not the case at the Star, so the admission will be "Ye Old and 10c" just the same.

### Rally Day at Moore's Station

Next Sunday, Oct. 22nd is Mission Study Rally Day, for the Epworth League all over the South. I am the superintendent of the Missionary Dept. of the League at Moore's Station church and I am getting up a special program for Rally Day. It will begin at 7:30 Sunday evening. The program will be very interesting and at the close there will be an offering taken which will go towards the Africa Special. Would appreciate it very much if you would make a note of this in the Friday paper, stating that the service will be free and everybody is urged to be present and will receive a hearty welcome.

Sincerely,  
Maud Cameron.

### Chris. Codrington Here

Hon. Chris. Codrington, editor of the DeLand News and one of the most popular newspaper men in the state was in the city Wednesday en route home after spending the day in Orlando. The Orlando Sentinel had the following about the party:

A delegation of Volusia county officials headed by Mr. Chris. Codrington was in the city yesterday conferring with Mr. G. R. Ramsey, engineer, and examining the grouted brick road between Orlando and Winter Park. Some curbing contracts were awarded as a result of the visit.

Mr. Codrington stated that the road construction in Volusia county was progressing rapidly and that within eight weeks the grouted road between DeLand and Daytona would be completed. The road between DeLand and Sanford will also be finished in a short time. Work between Orlando and Sanford is also progressing.

About 4,000 yards of the old brick leading from Sanford has been taken up, relaid and grouted. In another year there will be a straight away of continuous brick between Jacksonville and Tampa via Plant City, Haines City, Winter Haven, Kissimmee, Orlando, Sanford, DeLand, Daytona and St. Augustine.

### Basket Ball Team

Last Tuesday night the Brotherhood of St. Andrews held an important meeting at the Parish House. This being the opening meeting considerable business was brought before the house. At the suggestion of Rush Murphy who was acting chairman, election of officers was in order. Nominations were in order for treasurer of the B. S. A. Basket Ball Club. Allan Jones was elected unanimously. Nominations were in order for manager of the basket ball team. Paul Hawkins was nominated but declined, he claiming that not knowing many, he would be unable to fill the position. Ned Chittenden was then nominated, but he too declined, having the same reason as Mr. Hawkins. At this point the name of Harold Washburn was brought before the house, and Mr. Washburn being absent was elected, but whether he will accept the position is not known at the present time. The next office in order was to elect a captain of the team, this being considered as the most important and most needed position on the team. But it was question of a doubt as to who would make the best man for the job, and the name of Ned Chittenden was

placed before the house. As the chair announced his name and for any other nomination for captain there being no other aspirants for the job Mr. Chittenden was elected. At the suggestion of Mr. Peck who thought it wise to have a press agent for the club to look after the interests of the social and sporting end of the club, the name of "Red" Davis was brought before the house. There being no objections to the name of Mr. Davis he was asked to look after the interests of the club as far as the advertising end of it was concerned. A few more minor questions were brought up, all of which were settled in quick order. At the conclusion of business Rev. Peck led in prayer and the boys started out for their practice which has been going on for the last two weeks.

The basket ball team has been working very hard for the last two weeks and from the looks of the timber on hand it is going to be a hard job for the manager and captain to decide as to who will make the team. When seen last night and asked who would make the team Captain Chittenden said it would be hard to say at the present time but you can tell the people that one of the best teams that ever represented Sanford will be the B. S. A. basket ball team of 1916 and 1917.

At the present time the following players are striving hard to make the team: Allan Jones, Ned Chittenden, Maurice Spencer, Douglas Griffin, Haskell Brown, Paul Hawkins, Rush Murphy, Isadore Kanner, Harold Washburn, W. Spencer, Robbie Laing, and any others who wish to try out for the team can come up to the practices each night and Captain Chittenden promises each and every one a fair trial to make the team.

In team in the state or rather in the surrounding country who wishes to arrange games write to the Sanford Herald. Address all letters to Manager Washburn of the B. S. A. Basket Ball Team.

### Murderous.

Mrs. Newmarr (sorrowfully, after departure of her husband's rich uncle) — "It's too bad the dinner was a failure, dear," Mr. Newmarr — "But it wasn't a failure, darling. It took at least a year from uncle's life."

Why We Save You Money

Because of our thirty years of experience in buying for Florida trade, and because of splendid rail and water facilities, and low freight rates, we save you money on hay, grain, feed and flour, guaranteed the best.

W. A. Merryday Company Palatka, Florida

One Experience Convinced Me of its Value

"One of our salesmen demonstrated the value of the Long Distance Telephone to us. He was at Huntsville, Ala., and upon his own responsibility put in

Long Distance calls for fifteen merchants within a radius of several hundred miles.

"In less than one hour he had sold 2100 barrels of flour at a total cost to us of less than six dollars.

"Since then we have applied the Long Distance Bell Telephone to every feature of our business with most profitable results. The service is fine, the rates are reasonable and there is more satisfaction in one Long Distance Telephone talk than in half a dozen letters"

MOTHER LOVE TOO STRONG

Discretion Not Always in Evidence When Her Offspring is the Subject of Her Thoughts.

It is all very well for a mother to be proud of her offspring. That is quite natural and comprehensible. But there is a limit and few mothers know enough to stop there when they begin to talk about their children.

When will mothers learn a little discretion and discrimination? They are quite willing to talk about their children, by the hour, and the man or woman who will listen the longest is the most popular in the maternal heart.

There are a few exceptions, of course. But the woman who is sensible about her child, judging his faults and failings clearly, and seeing his good points in the proper perspective, is rare indeed. The average mother over-estimates the proportion when she judges her own offspring. Her love blinds her eyes to his faults, while his good points are enormously exaggerated.

Unfortunately, the mother is always the last to realize that her child is not the greatest genius under the skies. If she has brought her son up to be a pianist or her daughter to be a singer, others may criticize as they will, her judgment never wavers. Other pianists and other singers may give adverse criticism of her children's ability, but the more they say the more firmly con-

vinced the mother becomes that all the others are just jealous of her offspring's talent.

No one would want to disturb that beautiful faith, mothers; no one would care to disturb or lessen one jot of your love for and perfect confidence in your offspring. But do try to curb your desire to tell others about your children's talents and virtues.

If your child has a talent for drawing, writing, playing or singing, encourage him in it, by all means, but do not blind your eyes to his faults. If others criticize, do not lay it down to jealousy, but weigh the criticism and use it for what it is worth. Do not, as so many mothers do, think yourself your child's severest critic, while all the time you are as blind as a bat to his faults.

It is hard to realize that others are not interested in the things that interest us most. But do try, mothers, to remember that your children are only abnormally interesting to you. Do not let your maternal pride run away with your good sense.—Pittsburgh Dispatch.

Fortune in Nickels.

A great fortune of over \$8,000,000 awaits the persons who corner the five-cent pieces of the country. This stupendous amount represents the difference between the face value stamped on the humble "nickel" by Uncle Sam and the real value of the coins today as metal. The European war has brought about this increased value, which may be changed by act of congress when it becomes generally known that the value set by the government on the small coins is about 10 per cent below their present real worth. Among the amazing possibilities connected with this discovery is the fact that the German submarine Deutschland, here in search of a cargo of nickel and rubber needed by the Kaiser's government, could be loaded to the waterline with five-cent pieces, which could be melted or refined into nickel and copper, also high in price because of the abnormal demand. According to the best figures obtainable, the cost of refining a pound of nickels would be from 1 to 5 cents.

Joy of the Simple Life.

In order to teach men how to be satisfied, it is necessary fully to understand the art and joy of humble life—this, at present, of all arts or sciences being the one most needing study. Humble life—that is to say, proposing to itself no future exaltation, but only a sweet continuance; not excluding the idea of foresight, but wholly of fore-sorrow, and taking no troublesome thought for coming days; so, also, not excluding the idea of Providence, or provision, but wholly of accumulation—the life of domestic affection and domestic peace, full of sensitiveness to all elements of costliness and kind pleasures—therefore, chiefly to the loveliness of the natural world.—Ruskin.

Mistaken Identities.

On the very day that a school of journalism student accosted the ever-silent W. Murray Crane and inquired whether or not he was the publicity agent of the Hughes campaign, a policeman, mistaking Fire Chief Kenyon for a mere curious person, ordered him to move on while a fire was in progress. When Henry W. Taft, brother of the ex-president, asked an Astor elevator boy to direct him to Mr. Hughes' suite, the youngster inquired: "You're a reporter, ain't you?" It was a week of mistaken identities.—New York Sun.

In Court of County Judge, Seminole County, State of Florida.

In re Estate of Miss Jimmie Glass. Notice is hereby given to all whom it may concern, that on the 23rd day of March, A. D. 1917, I shall apply to the Honorable Judge of said Court, at Judge of Probate, for my final discharge as Executor of the estate of Miss Jimmie Glass, deceased; and that at the same time I will present my final accounts as Executor of said estate, and ask for their approval. Dated Sept. 20th, A. D. 1916. F. P. FORSTER, Executor.

Peculiarity of Cat's Eyes.

As showing how widely the permanently blue eyes of cats differ from other eyes, it is noted that immediately the eyes of white cats that are to have permanently blue eyes open they shine bright red in the dark, and neither the ephemeral kitten-blue nor any other colored eye does this.

LEGAL ADVERTISING

In Circuit Court, Seventh Judicial Circuit in and for Seminole County, State of Florida. City of Sanford, a municipal corporation, organized and existing under the laws of the State of Florida.

The State of Florida, ex rel. J. H. Jones, State Attorney of the Seventh Judicial Circuit, Plaintiff.

To the Taxpayers and Citizens of the City of Sanford, Seminole County, Florida. Whereas, a petition was on the 11th day of October, 1916, filed in the above stated court by the city of Sanford, Florida, a municipal corporation, organized and existing under the laws of the State of Florida, for the purpose of paying, retiring and refunding an issue of bonds of the city of Sanford, Florida, in the sum of \$45,000.00, bearing date January 1, 1897 and maturing January 1, 1915, said bonds to be of the denomination of \$100.00 each and to bear interest at the rate of five and one half per cent per annum, said bonds to mature thirty years after the date of the issuance thereof, and to be dated July 1, 1916 and to mature July 1, 1916; and

Whereas, it appears from said petition that the fact that said election was held in the said city of Sanford, Florida, on the 29th day of September, 1916, to determine the question, whether or not there should be issued by the city of Sanford, Florida, bonds in the sum of \$45,000.00, for the purpose of paying, retiring and refunding an issue of bonds of the city of Sanford, Florida, in the sum of \$45,000.00, bearing date January 1, 1897 and maturing January 1, 1915, said bonds to be of the denomination of \$100.00 each and to bear interest at the rate of five and one half per cent per annum, said bonds to mature thirty years after the date of the issuance thereof, and to be dated July 1, 1916 and to mature July 1, 1916; and

Whereas, it appears from said petition that the fact that said election was held in the said city of Sanford, Florida, on the 29th day of September, 1916, to determine the question, whether or not there should be issued by the city of Sanford, Florida, bonds in the sum of \$45,000.00, for the purpose of paying, retiring and refunding an issue of bonds of the city of Sanford, Florida, in the sum of \$45,000.00, bearing date January 1, 1897 and maturing January 1, 1915, said bonds to be of the denomination of \$100.00 each and to bear interest at the rate of five and one half per cent per annum, said bonds to mature thirty years after the date of the issuance thereof, and to be dated July 1, 1916 and to mature July 1, 1916; and

Witness, E. A. Douglass, Clerk of said court, on this 12th day of October, 1916. E. A. DOUGLASS, Clerk Circuit Court, Seventh Judicial Circuit, Seminole County, Florida.

In the Circuit Court of the Seventh Judicial Circuit of Florida, Seminole County. In Chancery. Ulla E. Kellerhals, Complainant.

John H. Kellerhals, Defendant. To John H. Kellerhals, Nashville, Tenn.: You will take notice that you are hereby notified to appear in the above complaint filed in this cause, wherein you are made party defendant, on Monday, the 6th day of November, A. D. 1916, failure to do so will result in the entry of a default against you and the granting of the relief prayed for in the petition.

It is further ordered that this citation be published in the Sanford Herald, a newspaper published in Sanford, Seminole County, Florida, once a week for four consecutive weeks. Witness my hand and seal of said court at Sanford, Seminole County, Florida, this 27th day of September, A. D. 1916. E. A. DOUGLASS, Clerk Circuit Court, Seventh Judicial Circuit of Florida, Seminole County.

In Circuit Court, Seventh Judicial Circuit, Seminole County, Florida. In Chancery. Joe Cameron and C. M. Lewis Complainants, a Corporation, successors to VanHemmen & Lewis Company, a corporation.

Rue L. Mims and Peyton V. Mims, Defendants.

To Rue L. Mims and Peyton V. Mims, Residents of Florida: It appearing by affidavit filed herein that the residence of you and each of you is unknown and that there is no person in the state of Florida, the service of a subpoena upon whom would find you the said Rue L. Mims and Peyton V. Mims.

And it appearing from said affidavit that you and each of you are over the age of twenty one years. Therefore, it is ordered that you, Rue L. Mims and Peyton V. Mims, appear in the above entitled cause on or before the 4th day of December, 1916, or the bill of complaint in said cause will be taken as confessed against each of you.

It is further ordered that this order be published in the Sanford Herald, a newspaper published in Sanford, Seminole County, Florida, once a week for eight weeks. Witness my hand as clerk of the Circuit Court, Seventh Judicial Circuit, Seminole County, Florida, on this 24th day of September, 1916. E. A. DOUGLASS, Clerk Circuit Court, Seventh Judicial Circuit, Seminole Co., Fla.

In the County Judge's Court, Seminole County, Florida. To Henry Futch, Mamie Futch, Lee Futch, Sadie Futch, Levey Futch and Nellie Mae Futch.

Notice is hereby given that I shall on the 30th day of October, 1916, apply to the Judge of the above named court, at his office in Sanford, Florida, for an order to take possession of and sell the real estate of Katie Futch, deceased, for the purpose of paying the debts of her estate. At which time said place you are required to be and appear before the said County Judge and show cause, if any you have, why said order should not be granted. Dated Sanford, Florida, September 16th, 1916. HENRY FUTCH, Administrator.

In Circuit Court, Seventh Judicial Circuit Seminole County, Florida. In Chancery. Virginia Carolina and Virginia C. Patten, a Corporation doing business in the State of Florida, Complainant.

**CLEVER ON HANDLING HARD-HIT BALLS**

**BOBBY BYRNE OF THE CHAMPION PHILLIES.**

Bobby Byrne of the Phillies is one of the best men in either of the big leagues on handling hard-hit balls. Only Terry Turner of the Cleveland team is his equal in this respect. Byrne always gets in front of the ball, no matter how hard it is hit. Byrne plays ground balls with the finesse of Willie Hoge making a difficult billiard shot. His execution is perfect and his judgment infallible. He knows exactly what to do, whether to shoot the ball to second or make the play at first.

**CULLOP IS STAR OF YANKEES**

Side Wheeler Is Making Great Record in American League—Had Fine Year With Feds.

Several of the Fed stars may have slipped after reaching the National or American league, but it is just as well not to overlook the case of Nicholas

**Nicholas Cullop.**

Cullop, the Chillowie, Va. side wheeler. Nick had a fine year with the Feds, but it was suggested that he would meet a different reception when he faced major league batting. He may later on. But so far Nick hasn't found any club that could beat him.

**REVISION OF SCORING CODE**

President Jackson of Baseball Writers' Association to Ask for Ruling on Several Points.

Joe S. Jackson of Detroit, who is president of the Baseball Writers' association, at its fall meeting will ask for a revision of several sections of the scoring code.

He points out one play for which an official ruling is necessary. When two infielders collide after one has caught the ball and the ball is dropped as a result, there is no uniform rule, says Jackson.

Some scorers credit the batsman with a hit and others charge an error against the fielder who dropped the ball.

**HAPPY BECAUSE FEDS EXCEL**

Pleasing to President of Now Extinct Federal League That Players Are Making Good.

"Fighting Jim Gilmore," once the peppery president of the now extinct Federal league, believes a majority of the former Federal league ball players, who are now in the American and National leagues, are making good. Gilmore is now selling paper, being one member of a stationery firm.

Gilmore is happy over the fact that he is no longer president of a baseball league.

**BALL PLAYERS MUST BEHAVE**

President Tener of National League Inaugurates New Era of Conduct—Managers to Help.

President Tener is inaugurating a new era of conduct on the part of ball players in the National league. He announces that the club owners are to help him make the players behave.

Every manager will help him make the players of the other seven teams behave, but it is a question about making their own players act well.

**MYZZLE PLACED ON PLAYERS**

Those Sitting on Bench Must Confine Remarks to Themselves—Must Not Address Umpire.

A new ruling in baseball forces players who are on the bench to confine their remarks to members of their own team, and does not allow them to address the umpire. They've debrutalized the game to such an extent that umpiring nowadays is hardly considered a precarious occupation.—Detroit News.

"In a Bottle Through a Straw"

**Trees and Plants Must Have Phosphates  
It's Not in the Soil, It's in NATURSOWN**

Each tree in every grove and each plant in garden or field must have a certain amount of phosphorus. Citrus and vegetable growers know this statement to be a fact. Most soils are deficient in phosphorus, therefore, this plant food must be supplied. The question is which is the most efficient and economical method.

**NATURSOWN Supplies All Needs**

A few years ago the grower or farmer had but one recourse—the commercial product known as acid phosphate. Today, however, persistent enterprise and improved machinery have brought about the reduction of raw phosphate to particles so fine that the farmer can do his own acidulating in the soil.

NATURSOWN is a high grade phosphate, which, because of its thorough pulverization and its 32 per cent phosphoric acid content, provides trees and plants with all the phosphorus required.

**Growers Have Obtained Results**

In experiments made at the Maryland experiment station, it was found that raw phosphate produced higher total acreage yields than acid phosphate, and at less than half the cost.

A progressive farmer near Orlando plowed in NATURSOWN with his cover crop and made the best yield in sixteen years. Many others have secured big results with NATURSOWN.

Sold in bags—State fertilizer tag attached. Examine the analysis.

Our booklet is full of convincing facts. Write for a copy today.

NEVER WAS NOMINATED
Every effort is being made by the Catts supporters to make it appear that S. J. Catts was, at one time, the nominee of the Democratic party of Florida for the governorship. At no time has S. J. Catts ever been the nominee. He was not nominated in the June primary, although for a time it appeared on the surface of things that he had been.

The lawful and correct vote cast at that primary of first and second choice ballots, as the law required was in favor of W. V. Knott, and when the polls closed on that June evening W. V. Knott was the nominee of the Democratic party and has been ever since.

That it did not at first appear that Mr. Knott had been nominated was due to the fact that many inspectors and clerks had incorrectly tallied the second choice votes, de-

RUBBER STAMPS

What is more convenient and business like than a neat rubber stamp, used to convey some special instructions or notice on your stationery, statements or merchandise. How much quicker, neater and more business like than writing with a pen, pencil, or even a typewriter.

We can now furnish Rubber Stamps in any size and style desired, on short notice. Ask about them.

The Herald Printing Co. Office Supply Dept. PHONE 148

privings Mr. Knott of the votes that were his rightfully and legally. There was no possible way to ascertain where and how and how many errors had been committed except through an application to the courts for a recount of the votes in the precincts where there was a suspicion that errors had been committed.

The courts granted the petition for recount. That recount showed where errors had been committed and showed beyond a doubt that Mr. Knott was the rightful nominee, and the state canvassing board duly certified to that effect.

Mr. Knott was nominated in the June primary, the action of the courts in the past few weeks being only to ascertain the exact truth with regard to the regulation to the manner in which the election was conducted.

There can be no other Democratic candidate for the governorship and all this effort to make S. J. Catts an apparent Democratic nominee is merely a trick to deceive the Democratic voters of Florida.—Miami Herald.

NEGROES GOING NORTH
Because of industrial activity in the north, caused mainly by the European war, there is a great demand for labor in northern states and to meet that demand a large number of negroes have been induced to leave the south and go north to find work at higher wages. The scarcity of labor in England has also caused a movement of negroes from the west coast of Africa to that country, where they are taking the places of Englishmen who have gone to the war. In that matter, however, we are little concerned, for its effect does not in any degree extend to this county. It is the movement of negroes from the south to the north which is of interest to the people of the southern states. It brings a decided stimulation to southern thought of an old problem—but one which will probably solve itself by the return of the negroes to the Land of Dixie for climatic reasons. The negro is by nature a lover of warmth and sunshine, and he will remain neither in England nor in the north United States if there is any possible way for him to get back to tropical Africa from cold England and back to the Sunny South from the cold north.

As yet the movement has not reached any great magnitude, but if it should be, to the extent of making the scarcity of farm labor much felt, the inconvenience promises to be only temporary, for those who go away will return home, chilled to the bone, maybe, but determined to live in a country with a climate to which they are accustomed and in which the winters are short and not severe, and where there is plenty of good sunshine and warmth most of the time.—Clearwater Sun.

FLORIDA'S BANK RECORD
That Florida during the past decade has distanced other states in population increase and general development is conclusively shown by national and state statistics; and the state is now entering upon an era of even greater prosperity. Never was it attracting so much favorable attention from the world at large, and it is fast moving to the goal for which it is destined by nature—that of being creation's most perfect haven for mankind.

Development that has been commented upon very little is that of the banks of the state, these facts regarding which, furnished by Commissioner of Agriculture W. A. McRae will doubtless surprise the average citizen:

In 1906 there were 85 state banks with \$15,918,960 resources. In 1916 there were 206 state banks with \$48,736,200 resources. In 1906 there were 35 national banks with \$28,389,000 resources. In 1916 there were 56 national banks with \$78,663,000 resources.

"This record has no equal during the last decade in any other state," says Mr. McRae, and the truth of his statement is evident, to those who are informed on banking conditions in other states.

If Florida, in every locality was not advancing these new banks would not have been established, nor would they exist but for the prosperity of the people. There are few small communities in Florida that do not support at least one bank nowadays, and the number increases almost monthly.—Tampa Times.

The hunting laws should be changed to have all hunting come in at the same time. The law as it now reads allows squirrel hunting to come a month earlier than any other game, and some squirrel hunters are shooting all kinds of game. Reports come to this office that wholesale killing of quail, ducks and turkeys is being made and while the hunters have not been caught in the act it is a well known fact that there are quantities of game being brought to

Sanford and by men who ought to know better. The next legislature should pass a law making the hunting season open November first for all game and close it February first for all game.

Miss Jeanette Rankin bids fair to be elected to congress from Montana. If we remember rightly Miss Rankin converted Frank Huffaker of the Tampa Times to woman's suffrage during the session of the 1913 Florida legislature. If Miss Jeanette goes to congress Frank would make a mighty fine secretary.

The Democrats of Seminole county should attend the called meeting in the court house tonight. There will be many matters of common interest to discuss and a real old fashioned Democratic meeting will do all of us some good. Be there tonight on time.

We would like to ask Chris. Codrington who he is supporting in the DeLand News for state officers. He publishes the Democratic electors and lets it go at that. Come clean, Chris. You are either for Knott or Catts and you can at least show your colors.

We rather fancied Annetto Kellerman while she was in the Tampa Times last summer, don't you know, but now that the summer is over we rather fancy Audrey Munson in the Jacksonville Times-Union, don't you know.

JACKSONVILLE IS THE CHOICE OF FLORIDA

Continued From Page One

state. It has also asked interested citizens to present their claims for the location of one of the twelve federal land banks.

Farmers will be asked to give information regarding the prevailing rates of interest on first mortgage loans; the difficulty of getting extensions; the rate of commissions charged; the development of farms as affected by credit; farm tenants as affected by the ability of tenants to borrow, and any other fact that will give the board an understanding of the farm needs of the state.

The new federal farm loan act provides a way for the farmer or prospective farmer to borrow money on long time mortgages at actual cost. The government provides the machinery for assembling capital to be loaned to farm owners or prospective farm owners. The loans may run up to 50 per cent. of the value of the land used as security, and 20 per cent. of the value of the improvements. The loans will be made at a low rate of interest not yet determined, but it will be less than 6 per cent. Provision is made for the borrower to pay off the debt, interest and principal through periods of from five to forty years, at his own option.

The legislation is expected to prove a great boon to those sections of the country where farm development has been retarded because of high interest rates, and it is predicted that it will tend to make agricultural prosperity permanent and uniform, stabilize and equalize interest rates, and greatly improve the condition of the farmer.

The nationwide interest in the provisions of the bill is indicated by the fact that more than 100,000 inquiries have come to the treasury department for information about it. Secretary McAdoo predicts that the banks will be established and ready to make loans early in 1917.

Resolutions

The following resolutions of sympathy from Monroe Chapter No. 15, R. A. M., Sanford, Florida, to Mr. and Mrs. Wm. T. Wheelless:

Whereas, a great sorrow has come into the life of our friend and companion, William T. Wheelless, on account of the sad accident which resulted in the death of his only son, William, and

Whereas, our hearts go out to him in sympathy in this hour of gloom, and would in some way, were it possible, assist him to bear this great burden; therefore, be it

Resolved 1. That we hereby express to Companion Wheelless and his wife our sincere sympathy, and be it further

Resolved 2. That we assure our companion and his wife that our prayers shall ascend to the great Father that He will give grace and strength to sustain them in this their time of need. And again be it

Resolved 3. That a copy of these resolutions be furnished Mr. Wheelless and his wife, a copy be furnished the Sanford Herald for publication and a copy be preserved in the book of records of the Lodge;

T. W. Hansell, O. L. Taylor, F. E. Steinhmeyer, Committee.

STANDARD FOR FRUIT SAYS EXPERT

SEMINAR SPEAKERS AT UNIVERSITY GIVES GROWERS AN IDEA

Gainesville, Fla., Oct. 19.—Standardization is the greatest need of the Florida citrus grower. This is the opinion of Leo B. Scott, United States bureau of plant industry, who lectured before the Citrus Seminar at the University of Florida Tuesday afternoon. Mr. Scott says instead of the forty or fifty varieties and strains of oranges and the great multiplicity of strains of other fruits there should be not more than five or six at most. He urges the growers to appoint a committee who should select the best varieties and those which should come to represent the state. All growers should agree to produce the standard varieties and thus solve many of their marketing problems.

Here is where the progressive spirit of Florida citrus growers asserted itself. Hardly had Mr. Scott left the platform before a motion to carry out his suggestions was before the body. A conference was held after the session to select the men who should select the varieties. Mr. Scott and other men who are well acquainted with the growers will name the committee. The names of this committee will be announced as soon as possible.

Mr. Scott suggested that an early, a medium, a late and a very late variety be selected. He urged that growers make these varieties known and adopt methods of marketing whereby consumers could be assured of the product which they are purchasing. As conditions exist, Florida citrus products are sold wretchedly as Florida fruit. There can be no guarantee of quality as long as there are so many widely varying varieties and strains grown. The varieties adopted should be packed under their true variety name and brand, which should be standard and of guaranteed quality.

He further urged growers to apply the "Babcock test" to the groves and eliminate drones. The Babcock test, as applied to citrus groves means the keeping of performance records, which enables growers to locate the productive and unproductive trees. This will show on which side of the ledger a tree stands—whether it is paying for its keep and making a profit above that or producing at a loss. These records also permit the selection of budwood for propagation with a reasonable assurance that the offspring thereby obtained will be good producers.

As production stands now, the unprofitable trees are bringing the tree average down to one box. This is a small average and it is due to the low performance of some trees. Without some system of performance records these trees cannot be distinguished from the paying trees in every case.

In connection with this performance record work, Mr. Scott suggested that the state nursery inspector be given authority to demand certification from nurserymen concerning the origin of their Pedigreed trees, he said, should be budded from parents of known performance and production. This will insure the amount and quality of fruit desired.

The growers also showed their willingness in cooperating with the nursery inspection department of the state plant board. Following a lecture by F. M. O'Byrne, nursery inspector, it was suggested, that the committee which is to be appointed to select standard varieties be instructed to formulate plans for

closer cooperation with the nursery inspection department and to take steps whereby the certification of the parentage of citrus stock, recommended by Mr. Scott could be obtained.

Mr. O'Byrne said that at least 90 per cent. of the diseases for which growers are compelled to spray were at one time imported. Most of these diseases were imported on nursery stock. He cited as an example of a serious disease, the importation of citrus canker, which is within the memory of all growers. Had a thorough and efficient nursery inspection system been in operation, all the money which is spent for spraying and all the losses which are caused by diseases and pests could have been avoided. Mr. O'Byrne said that the nursery inspection department was maintained for the inspection of the growers and urged them to cooperate in reporting any irregularities, intentional or unintentional. He gave examples where diseases which have been imported had been confined to a comparatively small area by the cooperation of growers with a competent inspection service.

Nat. C. Murray, statistician to the United States bureau of crop estimates outlined the work of his bureau. The reports from Florida are made up from three independent sources of information. There are 258 township reporters who estimate conditions in their respective communities. Forty six county reporters send estimates of their counties. The field agent for the whole state makes up the third source.

High School Notes

The editor of The Sanford Herald has offered a column in his paper to be used by the Sanford High School, that our patrons and friends may keep in touch with our work. The Senior class has taken charge of the editing column, the following officers having been elected:

Managing editor, Roby Laing. Local editor, Marian Gove. Girls' athletic reporter, Ruth Kanner.

Boys' athletic reporter, Robert Greene.

Great is the rejoicing of the seniors to have their old study hall again and to be rulers of a High School only.

Many other changes have taken place in our school. An important one is that physical culture has been introduced. The girls are under the

direction of Miss Edwards of Tallahassee and Miss Tribble of Columbia, both having had special training in this work; while, Mr. Chaffler, 1st Lieutenant of Troop A, is drilling the boys in military tactics. A course of Palmer penmanship has been added, diplomas to be given at the end of the school year.

The Irving Literary Society held its first meeting of this year Friday, Oct. 13th. The following officers were elected:

President, Marian Gove. Vice president, Virginia Brady. Secretary, Helen Hand. Treasurer, Mildred Huston. Program committee, Lucille Rines, Ruth Hand, Ruth Kanner.

The Boys' Debating Society held their first meeting Friday, Oct. 13th, electing—

President, Roby Laing. Vice president, Robert Greene. Secretary-treasurer, Thomas Meredith.

Censor, Wm. Runge. Program Committee: Prof. Ezell, Robert Greene and G. W. Spencer. Much enthusiasm has been shown and a wide range of work is being planned by both societies. Already the societies have accepted Stetson's challenge for a debate sometime in the near future.

The girls are practicing hard for the coming basket ball season. Each girl is out to make the team, and the old fighting spirit is being shown. We are being ably coached by Miss Tribble and Mr. J. C. Hutchinson.

Everything points to a successful season. Ruth Kanner.

Notice to Democrats There will be a Democratic mass meeting at the court house 7:30 o'clock Friday night, October 20th. Schelle Malnes, State Committeeman. 16-2tp

Democratic Rally Tonight There will be a Democratic rally tonight in the court house at which meeting there will be plans made for waging a regular old time campaign until November 7th. All Democrats are requested to be present.

At the Court House Tonight The Democrats of Seminole county will meet tonight at the court house at eight o'clock to discuss ways and means for carrying on a campaign for the next few weeks for the harmony and peace of the party in Florida.

Come Out You Democrats All Democrats are urged to be present at the big rally in the court house tonight. The meeting is called for the purpose of getting together

for a strong campaign before the November 7th election and for all factions of the party to get together.

Baptist Church Next Sunday You are invited to attend the services at the Baptist church on next Sunday. The seats are free. Large audiences attend. 9:30 Sunday school. 11:00 "At a Grave and on a House-top" will be the subject of the sermon.

6:30 The B. Y. P. U. meetings. 7:30 "The Intelligent Believer" is the subject of the Sunday evening sermon. Mr. Hyman is making these services practical and pointed. There will be a ten days' meeting beginning Sunday, Oct. 29th and running through Nov. 8th. Dr. C. A. Owens of Humboldt, Tenn., will be the evangelist. You are always welcome.

The Methodist Church The Sunday school opens 9:30. Sermon, Open the Windows, 11:00; Senior League, 6:15. Sermon, Joy in Heaven, 7:00. Good music always furnished by the choir. The services are planned to be helpful. Invite your friends to the Methodist church. Good evangelistic services. Come prepared to worship God.

LONGWOOD PICK UPS Mrs. Dwyer and daughter, Miss Lillian have returned from Tampa, where they have been visiting Mrs. Bryan's daughter, Mrs. Hoolihan. Mrs. C. W. Entzminger is spending the week at Clermont, guest of W. S. Entzminger.

Mrs. L. A. Hunt of Oviedo is guest of her mother, Mrs. Allen. C. W. Entzminger is repairing and improving his house on Main street.

The Longwood school attendance is good this year and have had to order more desks.

Mrs. J. S. Dinkel spent several days in Orlando with her daughter, Mrs. H. R. Chapman who has been quite ill.

The Longwood Library has received several new books.

Longwood is getting ready for her winter guests, putting on paint and improvements.

Mrs. Niver and little daughter of Maitland are visiting friends in town.

Presbyterian Church Sunday services: Sunday school 9:45 a. m. Preaching 11 a. m. The public cordially invited to these services.

Presbytery of St. Johns The Presbytery of St. Johns of which the Sanford church is a member is now in session at Arcadia, Fla. It comprises all Presbyterian churches south of DeLand.

Rev. C. W. Latham of Sarasota was elected moderator. The opening sermon was preached Tuesday night by retiring Moderator Bruce of Plant City.

One very interesting feature of the session was a historical sketch of Presbytery for the past ten years by Dr. Winnard, showing that number of ministers has grown from 15 to 37, church membership more than doubled, the S. S. nearly 4 times as large and gifts to benevolence 16 times as large as at that time. Two new churches have been organized this summer. This address was given Wednesday evening, at which meeting Rev. E. D. Brownlee also spoke on "Ways and Means for Home Missions."

Another interesting feature of the Presbytery has been the Sunday school report. The committee has been very active in assisting schools in perfecting the organizations and in training teachers. Eight Sunday school institutes have been held in the past four months, and Dr. Glass of Richmond, Va., has promised to come to Florida in November for two institutes, one at Sanford and one at DeLand.

LYCEUM ATTRACTION Fairchild's Ladies' Quartet Gave Excellent Program Last Night The first of the season's Lyceum attractions was given last night at the Temple by the Fairchild's Ladies' Quartet. A large and enthusiastic audience was present and from the timely applause every number on the program was well and favorably received. The programs was especially well balanced having just enough classical

music and song to make it interesting for those that might wish for the higher class of musical entertainment, and having just enough of humorous and characteristic sketches to make the evening enjoyable for those that might appreciate this form of entertainment.

These Lyceum attractions are put on at the Temple through the efforts of Dr. Hyman and a few others of the leading business men of the town and are especially entertaining as well as instructive—as they render possible a high class instructive entertainment, that it is impossible to get in other forms of amusement, and all people should especially commend this form of entertainment, and the Lyceum attractions should be well attended, thereby showing to those that are responsible for the course that their efforts are appreciated and that the higher form of amusement and entertainment is appreciated in Sanford as it is in other cities.

This attraction of last evening is the first of the winter's course, and is to be followed by others that are said to be even better, among which are the "Make Up Man" and a reading of "The Shepherd of the Hills." These will be added to, and it is hoped that the managers will have that assurance that will urge them to arrange for a more lengthy program for the next season.

Resolutions Resolutions adopted by the Woman's Auxiliary of the First Presbyterian Church, Sanford: Whereas, Providence has removed from our midst, our sister and friend, Mrs. Ida Leller, we trust to a higher and larger sphere of service and

Whereas, By her winsome, gracious manners and her unselfish and generous consideration for others, she has to an unusual degree endeared herself to our church and society; therefore be it

Resolved, that in the loss of our sister a vacancy has occurred in the Woman's Auxiliary which cannot be filled and we deeply mourn for her.

Resolved that we hereby extend to her bereaved husband and sister our sincere sympathy, with the prayer that they may receive the consolation of our loving Heavenly Father.

Resolved, that a copy of these resolutions be sent to Mr. Leller and to Mrs. H. A. Hodge, Dallas, Texas and be enrolled in our minutes as a memorial and a copy published in the Sanford Herald.

Mrs. H. R. Stevens, Mrs. J. N. Whitner, Mrs. E. D. Brownlee, Committee.

High School Books: The board of trustees, recognizing that the high cost of books for the High School is a serious drawback for the patrons has passed a resolution as follows: Resolved, that hereafter all books for High School students will be sold to them by the local board at absolute cost price, and all books in good condition at end of term will be taken in exchange. For the sale and exchange of such books an office will be installed in High School building under the management of the supervising principal.

This is the first step by the board towards the eventual free supplying of all school books.

Shortage in Pansy Counts Mrs. S. B. Wight requests that all shortage in pansy plant counts be turned in to her in writing not later than Saturday noon.

Rev. Enyart, Dean of Rollins College will preach at the Congregational church Sunday morning. All are cordially invited to attend. There will be no evening service. Sunday school, 9:45 a. m. Christian Endeavor, 6:00 p. m.

PEOPLE AND EVENTS (Continued from Page 3) Every Week Bridge An interesting game of bridge was played by the members of the Every Week on Thursday afternoon with Mrs. Margaret Barnes at the home of Mrs. T. A. Neal. In the absence of Mrs. W. E. Watson, one of the newly elected members of the club Mrs. A. P. Connelly substituted. Mrs. Forrest Lake held the home of making highest score and was presented with a cut glass nappy. At the close of the game a tempting luncheon course was served at the card tables.

Wednesday Night Dance The largest crowd of the season attended the dance at the Woman's Club on Wednesday evening, many out of town guests honoring the occasion. Music was furnished by a three piece orchestra and the merry dancers tripped the light fantastic until long after midnight. From Or-

lando there were Misses Winnie Thomas, Dorothy Shalhout, Lillian Jones and Messrs. Tom Brown, Fitzhugh Dade and Mr. Peters. From DeLand there came Misses Helen Waters, Myrtle Conrad, Frances Miller, Margaret Selliband and Messrs. Conrad and Balley.

Our home people present were Dr. and Mrs. O. J. Miller, Mr. and Mrs. Osborn Herndon, Messrs Virginia Brady, Fern Ward, Elizabeth Stafford, Adelaide Higgins, Clarissa Starling, Olga Schultz and Miss Futch; Messrs. Wm. Laffer, Hume Kumph, Ned Chittenden, Roy Chittenden, Albert Jones, Ed. Betts, Billy Hill, G. W. Spencer, Morris Spencer, Reginald Holly, Geo. McLaughlin, Pepper, Marshall and Kilgore.

WOMAN'S CLUB Club Notes By Nov. 1st the Rest Room under the auspices of the Welfare Department will be established in the court house block. Churches and other organizations can rent the use of same for suppers, bazaars, etc., at a moderate rental. Information can be secured from Mrs. W. P. Carter, department secretary until further notice.

Club dues are payable not later than the November business meeting after that date members will be suspended for non-payment.

All departments should work for increased membership and better attendance.

"Keep your face always toward the sunshine, and the shadows will fall behind you."

Club Calendar Tuesday, Oct. 24—Social Department. General Reception to Woman's Club. Hostess, Mrs. Roy Symes.

Wednesday, Oct. 25—Literature Department. South America. The Flora and Fauna—Miss Lillie Farnsworth. The Aborigines, Mrs. Jas. B. Moughton. Roll Call: Flowers and Plants.

Music Department The Music Department had their regular meeting Tuesday afternoon at 3 o'clock with but few members and some visitors present.

After Mrs. Claude Herndon's delightful musical program the business was transacted and the meeting adjourned.

Welfare Meeting There was a good attendance of club members and their friends at the meeting of the Welfare Department on Wednesday to greet Mr. Marcus Fagg, the speaker of the afternoon.

The meeting was called to order by Mrs. W. W. Abernathy, retiring vice chairman of the department who gracefully presented the new chairman, Mrs. W. E. Watson. Mrs. Watson was greeted with applause and in response to the well chosen phrases of introduction thanked the members, assuring them of her willingness and desire to give her best efforts to further the work of the department and earnestly requesting their support in the coming year. With promptitude the business of the department was dispatched. The recommendation, from the president of the club, Mrs. Galloway, that each department raise one hundred dollars towards eliminating the club house debt was unanimously adopted.

Reports of standing committees were received and committees appointed for Welfare program to the club Nov. 15. Mrs. T. L. O'Connor was appointed on decorations and Mrs. Melsch on the refreshments. The announcement that the Rest Room was an assured thing once more was received with much pleasure. Mrs. Harry Pilkington was made chairman of this work.

The municipal Christmas tree, upon motion, will be referred to the civic committee of the Board of Trade.

"Social Progress in Florida" This was the title of the fine address made by Mr. Marcus Fagg at the Welfare meeting on Wednesday afternoon, which brought forth enthusiastic applause and a rising vote of thanks in response to the pleasure given and interest created by his lucid statement of facts of the social progress throughout the state in the last six years. Nearest the heart of Mr. Fagg lies the work of the Children's Home Society, of which he is state superintendent with headquarters at Jacksonville. This, the biggest charity in the state, forced a place in the recital of things accomplished and although it is so well known throughout the entire peninsula it found a new interest in the hearts of those present for who is it that does not love a baby? Widespread in its influence is the

Juvenile Court law which has changed punishment to helpfulness and gives the boy and girl a chance in life instead of hurdling them together with hardened criminals and condemning them to cells. The Child Labor law, with J. C. Provatt, the untiring inspector, in the interest of the children is in line with the compulsory education and are two steps in one indicative of social progress which means a great deal to the people and children and places Florida in the forefront of the southern states. The wife desertion law, though as yet handicapped by the women themselves, whom it is designed to help, is another step forward in social service. Re-christening the Reform School and naming it the Boys' Industrial School, with an appropriation of one hundred thousand dollars has materially changed conditions there for the better, while side by side is the appropriation for the Girls' Industrial School, the land already bought at Ocala and the promise to begin construction within sixty days. For the crippled children of Florida an appropriation of twenty thousand dollars; health nurses whose work is preventive and educational have been increased from six to twelve and maintained at the expense of the state, a commission for the feeble minded and epileptic and a mother's pension commission; the convict lease law and new jails and prison farms are among the reforms and progress included in Mr. Fagg's summary of things accomplished in behalf of humanity in our home state. In conclusion, he said that the Christ spirit must prevail in all charity and social service work. Preceding Mr. Fagg's address Miss Fannie Reba Munson rendered a charming piano solo which was much appreciated.

COUNTY HAPPENINGS

UPSALA AND GRAPEVILLE

The word has come here that we may expect to have Rev. R. W. Edwards, a very talented divine of Jacksonville with us next Sunday evening at 7 o'clock. It is not often as small a place as ours has a chance to hear such preaching; so tell every one, that the house may be filled.

Mrs. Carlson and daughter of Monroë were visiting with Mrs. Bertelson last Sunday.

Mr. and Mrs. Norman Swanson were out again on Sunday to visit the home folks and again on Tuesday.

Mr. and Mrs. Emil Magnuson were callers Monday at Mrs. Ballinger's and in Upsala, bidding the folks good-bye. Mr. Magnuson left again on Tuesday for Merritt's Island where he will have charge of a lot of orange packers. We hope to see him back at Christmas, as he has been very helpful in our Sunday school, as teacher in the Bible class.

All were pleased to see Rev. G. V. Albertson again last Sunday and to hear his splendid sermon on "Big Measure" from the sixth chapter of Luke. He dwelt particularly on what the world and God expect of us—an honest life, with well filled mind and capable body. It was a sermon for all and especially fine for the young. We were fortunate in having with us Rev. Alfred Ericson also who led in prayer and will

Soda crackers are a most nourishing flour food—**Uneeda Biscuit** are the most nourishing of soda crackers. Use them at meals for their food value. Eat them between meals because they are ever crisp and good. At all grocers.

be with us now for a time, we hope. Don't forget the prayer meetings on Thursday evenings, in which Rev. Ericson is leader. They are growing in interest.

Miss Edna Thompson, second year in the High School and Miss Eunice

Tyner, seventh grade, and Floyd Christopher began school this week, making sixteen for the jitney.

We understand Mr. Stauffer has returned to his home near the Upsala station.

The convicts are doing a little work on our roads this week.

Mrs. Bertelson and Mrs. Borell were out calling on Mrs. Magnuson Wednesday on Mrs. Jack Vaughn.

Joe Nelos has renters again in his tenant house.

Mr. John Lundquist has been setting out some young orange trees.

The phoebe birds and the Jenny are again with us, enjoying our fine weather.

Mr. Geo. Clark underwent a very serious operation for cancer again this last Tuesday in the groin. He went through it successfully and though very low we will hope for the best. Drs. Denton, Stephens and Neal operated upon him. A telegram was sent for his children. His daughter from Augusta, Ga., arrived last evening and his son from Williamamie, Conn., is expected Thursday or Friday.

EAST SANFORD

The Methodist Society have decided to gather at Moore's Station church each Wednesday evening for prayer meeting, beginning this week. All friends are invited to meet with them.

The Epworth League at Moore's Station will have a special program this coming Sunday evening and a silver offering will be taken. All are invited to be present.

Mr. R. Andrews arrived last week from his summer home, Kennebec, Maine, for the winter at his home at Shell Mound. Work is underway to enlarge and beautify their already

attractive home. Mr. Shinholser has the work in charge. Mrs. Andrews and little son, Emory will arrive later.

Miss Isabelle Raynor was the guest of Mrs. J. B. McBride on West First street a portion of last week and attended a delightful evening party at the Wainright home.

Messrs. Elliott and Crawford of Savannah, Ga., have arrived at Cameron City for the winter.

A large party of friends gave Richard Hickson a complete surprise at his home last Thursday evening to remind him of his birthday. A very pleasant evening was spent with dancing and visiting. Refreshments taken by the guests were much enjoyed.

Mrs. S. J. Gorman of DeLand is a guest at the Fish-Galloway home on Cameron avenue this week.

The report is very satisfactory to a large circle of friends from Ben Fish who is at a hospital in Jacksonville! He is said to be recuperating nicely from a severe attack of indigestion and nervous breakdown.

The A. P. Connelly Co. have made two real estate deals in this section recently. The R. J. Holly 10 acres on Beardall has been sold to a Mr. Lewis of Ohio and a Mr. Smith of Indiana has bought a ten acre tract near Cameron. The season is young yet.

There never was so much celery out in the fields this early before. It is estimated there are in the neighborhood of 500 acres set out and looking fine. The weather has been ideal for the work. Also a large acreage of lettuce. L. A. Brumley of Celery avenue has 23 acres of fine early lettuce, beside a large acreage of celery. It is estimated there are about 250 to 300 acres of lettuce out. The labor of lettuce raising has been worth while this season. Seed beds have been fine. G. C. Chamberlain of Beardall avenue has had some of the finest beds of celery ever in this section—on new hammock land—has been filling orders for pricked plants to many outside places, St. Augustine, Daytona, Orlando and elsewhere.

Joe Cameron went to Jacksonville Wednesday night on 80 to the live stock show and sale of blooded stock.

WEKIWA AND ETHEL NEWS

Mr. U. S. Brown spent Friday night in Sanford, the guest of Mr. J. Vaughn.

Rev. Ericson from New Upsala preached for us Sunday night. His sermon was about the boy Jesus who was left a few days' journey behind in Jerusalem before his parents found out he was not with them. Now how many of us go a day's journey into some acts or deeds before we find out Jesus is not with us? And do we always turn back as quickly as did these good people to make search for Him till we find him and take him with us? He would save us much worry and trouble if we did.

Henry Bodi, who is working for Mr. Wallace, while cranking an automobile got his right arm badly bumped, but it was not broken, as was at first supposed.

Mr. Edward White left here Wednesday morning for Titusville to engage in the orange packing business.

Miss Daphne Vermillion went to Sanford Wednesday to be gone some time.

Mrs. Allen Boyd and children are expected here to visit Mrs. Boyd's brother, W. D. Fillman and other relatives.

Would it not be well to have the game season for all game open at the same time? Squirrel season opens so long before the others that

many things are killed before their legal time, as some hunters do not seem to know turkey, quail or deer from squirrels.

The rains have not stopped with us for some time and it is pretty dry out here.

Our assistant postmaster is suffering very much with sore eyes at present.

LAKE MARY ITEMS

Rev. G. V. Albertson of DeLand was a week end visitor here.

Rev. Thompson of Glenwood made a business trip here Wednesday.

Mr. and Mrs. George Peterson of Emporia were the guests of Mr. and Mrs. Ernest Braddock last week.

The basket picnic that took place on Crystal Lake Saturday was well attended and enjoyed by all.

Flake B. Y. P. U.

The Flake B. Y. P. U. meets each Sunday evening at 6:30 o'clock on the third floor of the Baptist Temple, Cor. Sixth St. and Park Ave.

The B. Y. P. U. room is equipped with electric fans and ventilators, making a pleasant room for any one who may desire to spend a profitable hour Sunday evening.

Last Sunday a special program with the subject "How Can I Train Myself for Christian Work" was rendered. Mr. Edward Millen ably led the meeting, with Misses Millen, Rosamond Radford; Messrs. Wainright, Forrest Gatchel and Leslie Hill also taking part. A solo song by Miss Cora Lee Tillis added interest and pleasure to the program.

The question, "Will God Bless Me When I Pray" will be discussed next Sunday evening. Group "P" of which Mr. Forrest Gatchel is Captain will have charge of the program. A poem, "My Evening Prayer" will be read by Mrs. E. J. Cameron.

R. S. G., Reporter.

Richard Richardson Deas, Jr., is the name of the little son born to Mr. and Mrs. R. R. Deas Wednesday, Oct. 18th.

NO EVERGLADES SUIT

Governor Trammell gave out the following statement:

"I knew there was no merit in the petition and fully expected the United States supreme court to refuse to allow Vallette and Quinton to institute such a suit.

Wanted State to Drain Their Land

"In my opinion the whole trouble back of the attack upon the Everglades project made by these parties is due to the fact that one or two land speculators have been unable to dominate and control to their advantage the drainage board having in charge the reclamation project, men who bought land at one dollar and quarter per acre and have sold considerable quantities of it at from thirty dollars to ninety and even one hundred dollars per acre and yet have sought to have the state lands used to pay for the drainage of their lands which they bought so cheap and a quantity of which they have sold at fabulous prices.

"Of course it would be to the advantage of private land owners in the Everglades to have the state's million and a half acres of land used to drain the two and a half million of privately owned lands in the Everglades, but such policy would be decidedly to the disadvantage of all the people of the state who own the million and a half acres. It would mean the taking of the property that belongs to all the people and appropriate it to the benefit of the few.

"The state authorities, despite the unjust criticisms and attacks, have made decided progress in carrying on the drainage operations and at the present time a large number of dredges are operating in the Everglades. Locks are being constructed and additional contracts for canal work are contemplated. When the stubborn opposition of a few land operators who have been unable to drive the drainage board and the trustees of the internal improvement

fund into the use of state lands for the benefit of their private lands is considered, it is apparent that splendid progress has been made. But for this opposition the finances for much more extensive operations could have been arranged.

"Under the plan now being followed by the drainage board the state lands and all other lands pay their proportionate part of the drainage taxes. This plan does not suit a few land speculators. They would prefer having the state lands bear the entire expense of the drainage operations and thereby give them even larger profits on their lands purchased at one dollar and twenty-five cents per acre years ago.

Few Have Complained

"The drainage board and the trustees of the internal improvement fund have served the entire state in the handling of the drainage operations and the state land and not the special interest of a few land speculators. But very few of the Everglade land owners have complained of the policy pursued. During the remainder of my administration, just as we have done during my entire term as governor, we shall continue to push the Everglade drainage work."

Unusual Florida Incident

If not for the first time in the history of the state, then at least for the first time in many years, an entire railroad, with complete equipment and operating in several rich and rapidly developing counties, has been sold for taxes. The railroad in question is that known as the Florida Railway Company, running from Live Oak, in Suwannee county, through Lafayette and to Perry, in Taylor county. The delinquent tax amounted to no less than \$18,000. This is quite a nice little sum to come into the coffers of the state and the counties interested. The railway company will probably reorganize entirely in the near future and the forced sale may prove to be a blessing in disguise.—St. Augustine Record.

Emerson is for the Future.

Humanity must receive a new and profound charge of the religious spirit before its pupillage to the waiting master (Emerson) can begin. At the present instant he is hardly in the strong sense a teacher, hardly in the strong sense an example; he is a revelation of capacity, an adjoined hope, an unassured but momentous foreshadowing.—Professor O. W. Firkins.

Miss Myrtle Conrad of DeLand, teaching one of the Fifth Grades in the Sanford Grammar School is pleasantly located with Mrs. C. L. Goodhue for the winter.

Mrs. P. M. Elder and family have moved this week into their new home on Oak Avenue.

Dr. R. S. Keeler of Westfield, N. J., is visiting his daughter, Mrs. W. E. Watson while en route home, after a tour of the state.

intendent fell upon this date of the meeting, Oct. 13th and beautifully recited a birthday poem, after which she presented Mrs. Perry with a lovely bouquet of roses and ferns and a fan in behalf of the circle. Mrs. Perry responded with graceful thanks. Each member gave birthday wishes in verse or prose, many of which were novel and amusing. The happy afternoon concluded with dainty refreshments of coffee and cake with Newburg sponge a la creme.

St. Agnes Guild Attention is called to the meeting of St. Agnes Guild next Monday afternoon at the home of Mrs. C. M. Hand with Mrs. Archie Betts hostess. Members are urged to attend as this is the first meeting of the season and of importance.

Auction Bridge Mrs. C. M. Vorce delightfully entertained the Auction Bridge Club on Monday afternoon with several guests substituting for absent members. These were: Mrs. Geo. Spear, Mrs. Geo. Davis Hart and Miss Annie Hawkins. The guest prize was won by Mrs. Hart, to whom was given a box of correspondence cards. Mrs. B. W. Herndon won the club prize, a box of stationery and correspondence cards. Others present were Mrs. S. Puleston, Mrs. A. P. Connolly, Mrs. Newman, Mrs. Galloway and her house guest, Mrs. Gorman of DeLand.

Clover Club The Clover Club has fallen in line for the season and held its first meeting with Miss Albine Frank on Friday afternoon. Plans were made for the table of fancy work at the annual bazaar of the Congregational church, which will be held this year on December 22nd. Present at the meeting were Mrs. Henry Nickel, Mrs. M. Minarik, Mrs. Ed Randall, Misses Clare Walker, Clarice Hand, Helen Randall, Bertha Macey, Gusie Frank, Margery Packard. Guests of the club were Mrs. Frank and Mrs. Geo. Shipp.

Cecilian Music Club The first meeting of the Cecilian Music Club was held at the studio of Mrs. Fannie S. Munson on Saturday, the 14th. The meeting was largely attended by members and visitors, and will continue throughout the winter on the second and fourth Saturdays of each month. The following program was enjoyed by all who attended: Duet, Installation March Rockwell Theodore and Adele Runge Friendship Forever Geo. Spaulding Ruby Hart Duet, Pizzicati De Libes Kathleen Brady and Mrs. Munson

Governor Trammell Says That All the Land Should Pay Drain Taxes

Tallahassee, Fla., Oct. 19.—Gov. Park Trammell has received word from Attorney General West, who is in Washington, that the United States supreme court on Monday denied the petition of Vallette and Quinton asking the privilege to institute a suit in that court whereby they ask that the United States court place the state lands in the Everglades in the hands of a receiver and have the drainage operations carried on by a receiver.

Governor Trammell gave out the following statement:

"I knew there was no merit in the petition and fully expected the United States supreme court to refuse to allow Vallette and Quinton to institute such a suit.

Wanted State to Drain Their Land

"In my opinion the whole trouble back of the attack upon the Everglades project made by these parties is due to the fact that one or two land speculators have been unable to dominate and control to their advantage the drainage board having in charge the reclamation project, men who bought land at one dollar and quarter per acre and have sold considerable quantities of it at from thirty dollars to ninety and even one hundred dollars per acre and yet have sought to have the state lands used to pay for the drainage of their lands which they bought so cheap and a quantity of which they have sold at fabulous prices.

"Of course it would be to the advantage of private land owners in the Everglades to have the state's million and a half acres of land used to drain the two and a half million of privately owned lands in the Everglades, but such policy would be decidedly to the disadvantage of all the people of the state who own the million and a half acres. It would mean the taking of the property that belongs to all the people and appropriate it to the benefit of the few.

"The state authorities, despite the unjust criticisms and attacks, have made decided progress in carrying on the drainage operations and at the present time a large number of dredges are operating in the Everglades. Locks are being constructed and additional contracts for canal work are contemplated. When the stubborn opposition of a few land operators who have been unable to drive the drainage board and the trustees of the internal improvement

fund into the use of state lands for the benefit of their private lands is considered, it is apparent that splendid progress has been made. But for this opposition the finances for much more extensive operations could have been arranged.

"Under the plan now being followed by the drainage board the state lands and all other lands pay their proportionate part of the drainage taxes. This plan does not suit a few land speculators. CHANDLER SIX

It Wouldn't Add to the Value to Increase the Price

IN line with general increase of motor car prices, there would be every justification for an advance in Chandler Price.

All material costs are advanced, labor is advanced. There is nothing that goes into the car or onto the car that costs less, but the price is still only \$1295. We believe our reasons for not advancing the price in the face of every conceivable excuse for advancement are based on sound merchandising principles.

You are not especially interested as to why we don't raise the price of the Chandler car to \$1395 or \$1495, but you are vitally interested in the fact that we don't.

\$1295, f. o. b. Cleveland, still buys the greatest of all medium priced cars.

- Seven-Passenger Touring Car - \$1295
Four-Passenger Roadster - \$1295
(F. O. B. Cleveland)
