Sanford Candidates Square Off In Forum

By Karen Talley
Herald Staff Writer

Candidates for Sanford City Commission seats representing Districts 3 and 4 will speak at a political forum tonight hosted by the Greater Sanford Chamber of Commerce. The forum will be held at 7 p.m. at the Sanford Civic Center on Sanford Avenue.

District 3 incumbent Milton Smith faces A.A. McClanahan, former City Commissioner. In Tuesday's run-off, in District 4, the race is between Seminole High School teacher Whitey

Eckstein and Sanford businesswoman Dot Meadors.

Mrs. Meadors has become the only contender who lost in the Dec. 2 first round vote. Five of the six former candidates are backing her. Eckstein was the top vote-getter in the election.

In District 3, Smith and McClanahan will apparently have to rely on their platforms and powers of persuasion to turn former candidates' votes in their favor. The three commission hopefuls they defeated, Bart Peterson, Eddie Keith and Martha Yancey, have all said they

prefer not to make an endorsement.

The forum is scheduled at the civic center to avoid interfering with the "Santa's Workshop" senior citizens are running at the chamber building, said chamber president Dave Farr.

The chamber served as a site for the candidates forum hosted the night before the first round election.

All candidates have stated that they will be at tonight's forum.

Eckstein received 153 votes in the first election to Mrs. Meadors' 94. Cathy Harrison garnered 81 votes, Joe Dennison, 79; and Garold Page, 42.

McClanahan received 325 votes Dec. 2 to Smith's 158.

The first round election brought out only 593, or 14.5 percent of District 4's 4,104 registered voters. In District 3, 810 or 33.6 percent of 2,414 registered voters cast ballots.

Run-off polling will be held from 7 a.m. to 7 p.m. Tuesday. District 3's polling place is at the Church of Jesus Christ Latter Day Saints, 2315 Park Ave.; and District 4's polling place is Sanford Fire Station #2, across from the Seminole Centre.

Citizens Invited To Plan

Citizens are invited to an orientation meeting tonight on the pending update of Seminole County's Comprehensive Plan.

The meeting is scheduled to begin at 7 p.m. in the Agricultural Extension Center Auditorium at Five Points, off U.S. Highway 17-92 on County Home Road.

"It's an educational and informational meeting to let our advisory groups and the general public know the process we are using to update the plan," said Seminole County Principal Planner Don Findell.

Seminole's first Comprehensive Plan, ordered for all counties by the state, was adopted in 1977. According to Findell, the state passed new regulations for Comprehensive Plans about a year and a half ago.

While Seminole's new plan is not due according to state mandate until 1990, Findell said the county commissioners felt enough changes had taken place to recommend adoption of an interim plan this year.

The plan is to determine land uses, indicate needs in the area of road improvements, water and sewage services, police and fire protection and libraries and earmark land for recreation and conservation.

Expected to attend tonight's meeting are members of the plan update's technical advisory committee, including engineers and public works officials, citizen advisors, the county Planning and Zoning Board, which acts as the Local Planning Agency, and a representative of the county commission. Findell said.

Gunman Kills Mayor

Wounds Two Councilmen

MOUNT PLEASANT, Iowa (UPI) — A cursing gunman burst into a City Council meeting, killing the mayor and wounding two council members, in a City Hall attack that horrified citizens and left town business at a standstill today.

The man, who may have been enraged about sewage on his property, burst into a weekly City Council meeting about 9:10 p.m. Wednesday, waved a pistol and shouted "You sons of bitches!" then shot Mayor Edward King and council members JoAnne Sankey and Ronald DuPre, a witness said.

Police Chief Jerry Richenberger identified the man as Ralph Orin Davis, 69, and prosecutors said Davis would be charged with first-degree murder and two counts of attempted murder. Henry County Magistrate David McCoid set bond at \$300,000 and ordered him held in the Henry County Jail at Mount Pleasant, the county seat, until a court appearance today.

King, 63, who served as a councilman for three years and

City's Mounted Patrol

Herald Photo by Tommy Vincent

Sanford Police Department Officer Donna Cameron opened a new chapter in the city's public safety efforts by becoming the first member of the mounted patrol. Officer Cameron patrols in the downtown area and in Ft. Mellon Park. She is mounted on her own horse, Travelling Apache, nicknamed 'Rappy'. The horse is a 10-year-old Appaloosa gelding.

Lake Mary Picks City Manager

Kentuckian Chosen Pending Check

By Kathy Tyrty
Herald Staff Writer

"The man from Kentucky," Robert L. Norris, former city manager of Richmond, Ky., will be the next city manager of Lake Mary pending a background check.

Norris, 40, persuaded the five-member commission and mayor with his southern charm and many years in city government. All of the commissioners said they felt his integrity, honesty and friendliness would be an asset in getting along in Lake Mary government.

The job will pay him between \$26,000 and \$31,000. If his references check out, he is expected to take the post in early January.

Norris told the commission he had been let go from his previous position during this past year because of a dispute with the commission. He said there had been political upheaval, and a new commission was elected consisting of retired folks including three ex-mayors who did not favor a city-manager type of government but the mayor form instead. He said that was the

reason his position was terminated.

Should the background check change commissioners' minds, their second choice will be Gary Eugene Parker, 39, assistant town manager of Newington, Conn. Parker was Mayor Dick Feas' first choice, but the others preferred Norris.

Also interviewed but getting the fewest votes were Stephen Lawson, of Indian Rocks Beach, Fla., who is a management and budget analyst for the City of Clearwater, and Nancy Cortes, a lawyer from Brooklyn now living in Winter Springs.

The commission liked Norris' answers about how he would work to improve drainage problems, get 50-50 grants for parks and, perhaps most importantly, manage growth. He learned from the mayor that Lake Mary is expected to double its population in the next 2-2½ years and quadruple in 10 years.

The staff, too, liked Norris and Parker, and mentioned the fact that Norris had bothered to shake the hands of the acting city manager and city clerk, also, in saying goodbye — some-

Robert L. Norris

thing the other candidates hadn't done. They thought he was extremely friendly and likeable.

If was Commissioner Paul Tremel who first endorsed Norris after the interviews Wednesday night. He said his number-one choice before the interviews had been Lawson, but the night's events changed his mind. "I was

School Board Approves Resource Officer, Bids

Attendance Policy Also OK'd For Advertising

The Seminole County School Board held its last meeting of the year Wednesday, reading two school expansion programs for bid and approved a new school resource officer for Lakeview Middle School.

Phase three plans for Woodlands and Caselberry Elementary schools were approved for bid, but plans for Geneva Elementary were delayed until January.

Since Sanford Police Chief Steve Harriett offered to pay about half the cost of a police officer to be stationed at Lakeview Middle School, the board approved adding the position in the middle of the school year. Harriett noted that police budget years don't match with the school board's.

Cost to the school system for this officer will be \$9,468.

Several years ago, the school

board implemented an officer-on-campus program. Currently, there are law enforcement officers on all the high school campuses and six of nine of the middle schools.

The officer assists with safety, drug education, law-career awareness, and offers student counseling in various fields. Officers have also been getting involved in coaching and other youth activity, schools spokeswoman Karen Coleman said.

Some of the resource officers are county deputies and some are city police officers. On some occasions they wear uniforms to school, and sometimes they wear plainclothes. They have powers of arrest.

Mrs. Coleman said the resource officer program has been a "very, very successful program" in the schools for the past

several years. It is hoped that the program can be expanded to all nine middle schools in the near future.

In other business, the board approved for advertising the following school attendance policy:

When a pupil changes residence from one school area to another, he will be transferred upon approval of the principals involved. A pupil at the elementary or middle school level will be permitted to finish the marking period and in cases where he has been in attendance for more than half a school year, he will be permitted to finish the school year before transferring.

A student in grade 9 or 10 may be permitted to finish the school year before transferring.

A student who has begun attendance in the 11th or 12th grade, will be permitted to remain in school until graduation.

City Considers Vote Day Change

By Karen Talley
Herald Staff Writer

Disappointing turnout for last week's first round of city commission voting has prompted Sanford representatives to consider holding subsequent city commission elections on the same day as the general election, the first Tuesday in November.

A state ordered redistricting that set Sanford into four separate voting areas in 1984 would make changing the commission election date complicated, but not impossible, according to City Attorney William Colbert.

Mayor Bettye Smith cited

"worse than dismal turnout" for last week's first round of District 3 and 4 commission polling when suggesting the date change at Monday's commission meeting. Voter turnout was 14.5 percent in District 4 and 33 percent in District 3 last week.

The city's four commissioners endorsed Mayor Smith's suggestion and asked staff to research the possibility and the processes it would entail.

Mayor Smith said she had already discussed the possible date amendment with the Supervisor of Elections Office and was told the city's districts

would have to fall within precinct lines if commission elections were held during the general election.

Colbert said a court sanction would be required to do this because of the 1984 redistricting. "I'm not suggesting we couldn't do it," Colbert said. "But it will take court permission."

Colbert said this is because the redistricting order states the four city areas can only be redefined every five years, as of 1985. Under the order, Sanford could redefine district boundaries

FLORIDA

IN BRIEF

Grand Jury Indicts Three For Cocaine Manufacturing

MIAMI (UPI) — Three men indicted by a federal grand jury have been charged with helping manufacture more than 6,000 kilograms of cocaine worth \$180 million.

Pharmacist Carlos J. Acosta Jr., 55, and Esteban David Agulla, 37, and Andres Manso, 55, began their illegal enterprise in March 1979 and it was still underway until Wednesday, the 20-page indictment said. It said more than 6,000 kilograms of cocaine, worth \$180 million, was manufactured with the help of the defendants.

It charged the men sold more than \$6 million worth of chemicals and other items used to manufacture cocaine to several clandestine drug laboratories.

Judge Reunites Migrant Family

DELRAY BEACH (UPI) — A migrant labor family was back together in a squalid farm camp Wednesday because a judge was not sure that keeping the children in a foster home apart from their parents was a good idea.

Hector Santiago and his wife, Norma, were reunited Tuesday with their five children after a six-week separation.

Palm Beach County Circuit Judge James T. Carlisle sent the children back to their parents by refusing a state request to keep the two boys and three girls in foster care at a shelter in Pahokee, Fla.

He did agree the camp, which is west of Delray Beach, is "awful."

The Florida Department of Health and Rehabilitative Services said the camp environment endangered the children's welfare.

Retardation Chromosome Found

MIAMI (UPI) — Techniques for detecting the presence of a common form of inherited mental retardation caused by a flawed chromosome can eventually lower the number of people with the condition, a prize-winning geneticist said.

"The techniques are there. It's a question of how much money and time will be spent," Dr. Herbert Lubs, director of the genetics program at the University of Miami's Mailman Center for Child Development said Wednesday.

Lubs, 57, discovered "Fragile X Syndrome" two decades ago when he found a spot on the X chromosomes of several retarded male members of the same family. He was awarded the Joseph P. Kennedy Award for Scientific Research in Mental Retardation Nov. 17 for his research into the syndrome and subsequent counseling to families who suffer from the disorder.

WORLD

IN BRIEF

NATO Ministers Urge U.S. Persevere in Arms Talks

BRUSSELS, Belgium (UPI) — NATO foreign ministers opened two days of meetings today urging the United States to persevere in arms control talks with Moscow and take note of European concerns stemming from the Iceland summit.

Secretary of State George Shultz was prepared to offer assurances that the American Iran arms scandal will not hamstring U.S. foreign policy and that the administration would press forward on the arms control front.

The scandal was not mentioned in public speeches opening the semiannual meeting of the North Atlantic Treaty Organization foreign ministers, but the officials immediately went into their usual closed-door meetings where the agenda is open.

OPEC Production Cut Agreed

GENEVA (UPI) — OPEC officials have agreed in principle to drive up oil prices by as much as \$4 a barrel by cutting production quotas at their year-end ministerial meeting opening today, a delegation source said.

The OPEC quotas committee reported to delegates during preliminary talks Wednesday that it would be impossible to devise a purely "scientific" formula for setting production quotas without political negotiations.

But it said a "political decision at the highest level" has been reached among member governments to cut production to drive prices up to \$18 a barrel, a delegation source said.

Prices are currently held to \$14 to \$15 per barrel because of a glut on oil markets of some 3 million barrels a day.

COMING EVENTS

THURSDAY, DEC. 11
International Training in Communication Greater Seminole Club (previously Toastmistress), 7:30 p.m., Altamonte Chapel Education Building on State Road 436, second and fourth Thursdays.

NATION

IN BRIEF

CIA's Casey Comes To Capitol Hill For Scandal Testimony

WASHINGTON (UPI) — A House panel ended the first series of public hearings on the Iran arms-Contrat scandal with secret testimony from CIA Director William Casey that introduced new operatives into the controversy and left some committee members astonished.

Casey, his testimony said to have been punctuated by several responses of "I don't know," appeared Wednesday for more than five hours before a closed hearing of the House Foreign Affairs Committee. He was to appear today before the House Intelligence Committee in another private session.

"I've been talking to the committee off the record for 5 1/2 hours and I'm not going to elaborate," Casey said as he left the hearing room Wednesday.

But committee member Larry Smith, D-Fla., and Chairman Dante Fascell, D-Fla., said they learned there were "new characters" in the controversy whom they would not identify.

Democratic Council Opens

WILLIAMSBURG, Va. (UPI) — The Democratic Leadership Council is getting ready to work on a new progressive agenda that conference members believe will chart "a new course for the party" and draw voters back into the ranks.

Former Virginia Gov. Charles Robb, chairman of the organization, was to deliver the keynote address today.

Historians and analysts also have been invited to participate in the two-day meeting, the first major conference for the DLC.

Other DLC members include several party regulars as Sen. Sam Nunn of Georgia, Rep. Richard Gephardt of Missouri and House Speaker-designate James Wright of Texas.

Top FAA Doctor Under Fire

WASHINGTON (UPI) — The government's air surgeon certified a pilot with a history of heart disease and one who had periodic blackouts, and the situation is creating "a very serious safety problem," an airline official told Congress.

Richard Stone of the Air Line Pilots Association said Wednesday that Dr. Frank Austin, the federal air surgeon, has allowed a number of pilots with "unusual medical risks" to return to work, overruling other doctors who had grounded them.

Austin denied the allegation. In supporting the assertions, the medical directors of United Airlines and American Airlines both contended Austin has certified pilots with medical problems ranging from partial blindness to histories of strokes and heart attacks. They said their airlines had to pull these pilots from the cockpits.

Follow The Money

NEW YORK (UPI) — Some may be shocked at how easily an estimated \$30 million in Iran arms sales found its way to the Nicaraguan rebels, but such transactions amount to little more than business as usual, banking sources say.

The transfers involved one or more Swiss banks, dummy corporate accounts, the Iranian Central Bank and an Italian bank, the sources said.

Wetlands Recommendations Action Delayed

A delay in the adoption of amendments refining the county's Land Development Code and Wetlands Management Program drew concern of committee members who helped draw the new requirements Tuesday. Seminole County Commissioners continued the items until Feb. 10, because County Administrator Ken

Hooper said the documents needed further refinement. Polly Miller, a member of the citizen's wetlands review committee told commissioners she was "dismayed" with the delay. "I'd like to hear the reasons we didn't do our work right," Ms. Miller told commissioners. She said the wetlands committee had worked four years to develop the

wetlands document, designed to protect the county wetlands from the impacts of growth.

Wetlands committee chairman Jack Stout told commissioners that some committee members "have aged considerably" during the process. "We thought we had it worked out," he said.

But Hooper said the work the committee had done on wetlands preservation and protection was not being questioned.

He said planning and appeal guidelines need further work, as well as regulation definition.

"It's not just a wetlands problem," he said.

League of Women Voters official Ginger Bowman spoke on behalf of the proposed additions and deletions of the Arbor Ordinance portion of the Land Development Code, which her group has worked on in order to assure preservation of trees on construction sites.

IN BRIEF

Purdue Hires Akers As Coach; QB George Considers Transfer

WEST LAFAYETTE, Ind. (UPI)—Purdue's football team gained a coach Wednesday and, consequently, may lose its starting quarterback.

Jeff George, a freshman, says he is considering a transfer after the Boilermakers named former Texas coach Fred Akers their new coach.

"Right now, it is really hard to say (if I'll stay)," George said. "I'm going to go home for a couple of days and sort things out. It's a kind of like I'm being recruited all over again. I should know in less than a week or so. It's something I have to take slow and hope I make the right choice."

George had set national high-school records for attempts and completions in 1985, but struggled this year during a 3-8 season. It was Purdue's fourth losing record in five years under Coach Leon Burnett, who resigned under pressure following the season.

"There are some things I'm not too happy with this year," George said. "I feel like I've been lied to."

Akers, 48, said he plans to emphasize a passing game, throwing 45 to 60 percent of the time. He said George's second thoughts are common after coaching changes.

Seminole Frosh Blister Osceola

Brandon Cash, Willie "Sugar Tex" McCloud, Bobby Coffield and Ondaundra Redding each hit double figures as Seminole derailed Klammee Osceola, 72-43, in freshman basketball Wednesday night at Seminole High's Bill Fleming Memorial Gymnasium.

Coach Bill Zeiss' cager improved to 2-0 and return to action tonight at Oviedo. Seminole built a 39-18 halftime lead and stretched it to 29 points in the third quarter.

Cash, a 6-1 center, scored 16 points and yanked down 14 rebounds. McCloud tallied 15 points and pulled in 10 boards. Coffield chipped in 11 points and handed out eight assists.

Ondaundra Redding (10), Jessie Nightengale (eight), Derrick Fritton (four), Steve Dickinson (four), Paul Thomas (two) and Allen Fossitt (two) all hit the scoring column for the baby 'Noles.

SOKC Opens Schooling Tonight

The Sanford-Orlando Kennel Club, preparing for its 52nd anniversary season Dec. 28, begins schooling races today at 5:30 with 81 races at the Longwood complex just off U.S. 17-92.

There is no charge for admission and SOKC publicist Phil "Boomer" Denis said the schooling is a good opportunity for children, accompanied by an adult, to watch the greyhounds run since no one under 18 is admitted during the regular season. There is no wagering during schooling.

The schooling will be held every day except Sunday for the next week. Call 831-1600 for information.

Terps Go With Untested Krivak

COLLEGE PARK, Md. (UPI)—The University of Maryland bypassed a list of experienced applicants and promoted untested Terrapins assistant coach Joe Krivak to replace Bobby Ross as head football coach.

Krivak—an 18-year collegiate assistant at three different schools, including eight years at Maryland—has never held a college head-coaching job. He agreed to a four-year contract Wednesday, 10 days after Ross' resignation.

"I'm 51 years old and this is my shot, and I'm just elated that I've got it," Krivak said at a news conference.

Louisville Beats Up Hilltoppers

United Press International
Louisville turned the "Muscle of the Sun Belt" — Western Kentucky towards Kannard, Johnson, Tellis Frank and Clarence Martin — into a group of weaklings Wednesday night.

The NCAA champions edged No. 10 Western Kentucky 60-58, with the Louisville front line of Pervis Ellison, Herbert Crook and Mark McSwain outscoring (40-25) and outrebounding (26-23) the bigger Hilltopper forwards, known collectively as the "Muscle of the Sun Belt."

"We want to get back in the rankings," Ellison said after scoring 18 points and grabbing 13 rebounds. "We outrebounded them across the front line and that was the key to the game."

Louisville, ranked first in the preseason poll, won its third straight game after dropping its opening three contests at the Great Alaska Shootout. Western Kentucky dropped to 6-2. The other Hilltoppers defeat came against top-ranked Nevada-Las Vegas.

Johnson sliced the advantage to 59-58 on a rebound basket but Louisville's Kevin Walls hit 1 of 2 free throws with 1:21 remaining to give the visitors a 58-54 lead. After Western Kentucky's James McNary hit a layup to cut the lead to 2, Louisville's Crook hit 1 of 2 free throws with 28 seconds left for a 59-56 lead.

Johnson sliced the advantage to 59-58 on a rebound basket but Louisville's Kevin Walls hit 1 of 2 free throws with 1:21 remaining to give the visitors a 58-54 lead. Clippers End 12-Game Slide With 101-94 Win

United Press International
In consecutive games, the Seattle SuperSonics trounced the Western Conference champion and lost to the Pacific Division's last-place team.

The Sonics, who had beaten the Western Conference champion Houston Rockets by 56 points in their last outing, lost to the Los Angeles Clippers 101-94 Wednesday night. The victory snapped the Clippers' 12-game losing streak.

"We were still there in Houston," Sonics Coach Bernie Bickerstaff said. "It was a very gutsy performance from their part. They made some big shots, some nice shots."

Mike Woodson scored 28 points to lift the Clippers to only their fourth victory in 19 starts.

"Tonight, we just seemed hungry from the beginning to end," Woodson said.

Los Angeles Coach Don Chaney had not seen his team win in nearly a month. The Clippers' last victory was Nov. 11 against Denver.

"It's frustrating," Chaney said. "It's tough sleeping at night. Hopefully, we can just pick it up and get some more. A thousand-pound weight has been lifted off my shoulders."

The Sonics rallied within 91-89 on a driving basket by Dale Ellis with 3:44 remaining.

Defense

Continued from 8A

Heidi Wutscher but her shot was blocked by Whyte. Wutscher got the ball back but missed the followup and Bonaventure again was there for the rebound. Bonaventure outlleted to Olden with 22 seconds left and Jones had no choice but to intentionally foul Olden.

Olden hit one of the two free throws for a 41-38 lead and Lake Mary then got the ball out of bounds. The Lady Rams then completely caught Winter Park offguard as Bonaventure threw a layup and downcourt to Patterson who dropped in the layup that gave Lake Mary a 43-38 lead and sealed the victory with 16 seconds left to play.

"Coach Moore told me to break for the basket and Winter Park must not have been expecting it because it worked," Patterson said. "We just forgot about the way we played in the second quarter and kept our heads up."

Lake Mary had an 11-6 lead after the first quarter and led 14-10 in the second period when Winter Park reeled off 10 straight points for a 20-14 halftime lead.

"We were worried when Winter Park got the lead, but there was no way we were giving up," Lawson said. "We did what we had to do on offense and it was our defense that really pulled us

Brantley's 6 Early Pins Hold Off Lyman

**By Scott Bender
Herald Sports Writer**
LONGWOOD — The Lake Brantley Patriots used six pins to defeat Lyman, 45-31, in prep wrestling action Wednesday night before 225 vocal fans at Lyman High School.

The victory ups the Pats mark to 4-1 while the Greyhounds fell to 0-3. The next match for both teams is in the Lyman Christmas Tournament which begins Friday and will conclude Saturday night.

"I was very happy with the way that we wrestled tonight," Lake Brantley coach Kevin Carpenger said after the matches. "We are an extremely young team, (only five seniors) and for this point in the season it was a good win for us."

Lyman coach Bill Scott, who is filling in for regular coach Paul Thoman who will miss the remainder of the season due to medical problems, was pleased with his team's effort after a couple off tough losses earlier in the season (89-6 to Colonial, and 41-3 to Winter Park).

"This was probably the best match that we have wrestled," Scott said. "We are still green. We only have two kids on the team (Jimbo Smith and Benny Glenn) that have any varsity experience."

"We improved a lot tonight, and I was happy with the way our kids wrestled."

Brantley leaped out to a 24-0 lead as Dan Roth (100), Dan Martin (107), John Tubbs (114), and Scott Meredith (121) each registered pins. Tim Randolph (157), and Grant Carpenter (169) notched pins later in the match.

"It was really good for us to get off to such a fast start from the lower weights," Carpenger said. "It gave us some momentum, but Lyman came back in the upper weights and did a good job."

Roth, who qualified for the state meet last season, is off to a solid start this season winning all four of matches so far. "My goal is to win the state," Roth said after he pinned Lyman's David Mengel. "I'm just taking one match at a time, though."

Two other Patriots who are also off to quick starts are Randolph and Carpenter. Both are 3-1 and feel that the team is steadily improving. "I think that our team will go a long way this season," Randolph said. "My personal goal is to make the state meet."

After being down 24-0, Lyman didn't give up as Dan Chiado (128), Gregg Hunziker (134), and Henry Gomez (134) each registered victories to cut the deficit

to 24-13. After Randolph and Carpenter won by pins, however, the Patriots' 33-13 victory was too much for the 'Hounds to overcome. Lyman dominated the heavyweight classes with three consecutive pins.

Benny Glenn (187) pinned Brantley's Mike Kelly to make the score 33-19. Mike Whittaker (222) took care of Pat Gibson in

Wrestling

only 48 seconds to trim the lead to 33-25. Smith (Heavyweight) only needed 19 seconds to pin Brantley's Gene Devaney.

Brantley's Elliot Mayer (unlimited) won by forfeit to give the Pats the 14-point victory. "It felt good to be in a match

for once," Whittaker said. "It is going to take us some time, but I think that we can be pretty good team."

"This was a good match for both teams," Scott explained. "Both of the teams are similar: we are both pretty young. It is a good rivalry and was fun to watch. The matches were exciting tonight." Carpenger said that having a

younger team is getting him more involved in teaching the game. "I'm very excited this season," Carpenger said. "Since we are so young, I'm finding that I am doing quite a bit more teaching than in the past few years. I feel more involved than I have been recently. It is a very rewarding experience."

In junior varsity action, Lake Brantley won its fourth consecu-

tive match, 40-36, over Lyman.

Lyman's 14th Mat Tourney Begins Friday

LONGWOOD — Lyman High School's 14th annual Emerson Electric Christmas Wrestling Tournament will get underway Friday night with the first and second rounds.

After the 5:30 p.m. weigh-in, first-round action begins at 6:30 p.m. The second round takes place at 8 p.m. Semifinals begin Saturday morning at 10, followed by wrestlebacks (noon), consolation (6 p.m.) and finals (8 p.m.).

Admission is \$3 per season. Coach Doug Peters' Lake Mary Rams along with two Orlando schools — Bishop Moore and Colonial — have been established as the pre-tournament favorites.

Other schools include Oviedo, Lake Howell, Lake Brantley, Apopka, Winter Garden West Orange, Orlando Oak Ridge, Orlando Boone, Orlando Evans, Stuart Martin County, Palatka, Rockledge Cocoa Beach and Winter Park.

Two-time defending tournament champion Brandon will not compete in this year's tournament.

WIN AT BRIDGE

By James Jacoby

Here's an interesting team hand. Paul Chémia of France was declarer at four hearts and made short work of the 5-0 trump split. He won dummy's spade king, cashed dummy's heart ace, cashed his A-Q of spades and led a diamond to dummy's 10. East won with his king and returned a diamond. Chémia won the queen, played a club to dummy's king, cashed the diamond ace and played another diamond. East ruffed and declarer overruffed. Now the jack of clubs was won by West with the ace. Another club was led, ruffed low in dummy and overruffed by East. East now had to play back into the dummy's K-J of hearts, and that was the contract.

Turn now to the other table. The bidding was different and South became declarer at three no-trump after West had bid clubs. The opening lead was now the 10 of clubs. When declarer naturally ducked, East defender Michel Lebel played low. Who can blame declarer for taking his jack? But we can see that making three no-trump is now impossible.

Different contracts, different plays. But at both tables you can see the superb abilities of the French players at both offense and defense.

HOROSCOPE

What The Day Will Bring...

YOUR BIRTHDAY
DECEMBER 12, 1986

The first part of the year ahead may be allotted to building foundations and initiating new ventures. The rewards will come in the latter part.

SAGITTARIUS (Nov. 23-Dec. 21) Early in the day, you might have some irritations to contend with. However, toward evening, life will take on a rosier hue. Major changes are ahead for Sagittarius in the coming year. Send for your Astro-Graph predictions today. Mail \$1 to Astro-Graph, c/o of this newspaper, P.O. Box 91428, Cleveland, OH 44101-3428. Be sure to state your zodiac sign.

CAPRICORN (Dec. 22-Jan. 19) If you are planning a night out on the town with friends, go to places where you know you will be well received. Avoid spots where you are not known.

AQUARIUS (Jan. 20-Feb. 19) Early in the day, you may attempt to do things the hard way and have little to show for your efforts. Success comes later, when you start easing up a bit.

PISCES (Feb. 20-March 20) Be careful today not to let a forceful associate do your thinking for you. In actuality, your ideas are better than his or hers, so be your own person.

ARIES (March 21-April 19) You could be in for a pleasant surprise today when something that you've felt has been going against you starts producing benefits in a rather grand way.

TAURUS (April 20-May 20) If you have several social activities from which to select today, don't go to the affair where there might be people you dislike.

GEMINI (May 21-June 20) An important objective can be achieved today, but perhaps not in the way you envision. Luck is going to play a role in correcting your errors in judgment.

CANCER (June 21-July 22) Travel could provide frustrations today, so why not plan a happening at your place and have your friends come to you? They won't feel inconvenienced.

LEO (July 23-Aug. 22) Victory is in the offing for you today, but it might not come as easily as you hope. To be a winner, you'll have to regroup and make a second effort.

VIRGO (Aug. 23-Sept. 22) Let the more tolerant aspects of your nature influence your decisions today. Sticky situations can be smoothed over if you are willing to compromise.

LIBRA (Sept. 23-Oct. 23) An extravagant friend may come to you today to have you help sort out his or her affairs. Try to assist in non-material ways.

SCORPIO (Oct. 24-Nov. 22) Judging situations in advance will detract from your enjoyment today. An event that you don't think will be fun could turn out to be a ball.

Area Chamber Announces Annual Award Recipients

Nearly 100 members of the Longwood/Winter Springs Area Chamber of Commerce were on hand to congratulate winners of the chamber's three major community awards presented each year:

Outstanding Business Person of the Year: Robert Hurd, Sir Speedy Printing, Longwood.

Fireman of the Year: Lt. Steve Clelland, Longwood Fire Department; Lt. Ed Forrest, Winter Springs Fire Department.

Policeman of the Year: Larry Gross, K-9 Officer, Longwood Police Department; Tim Willis, Winter Springs Police Department.

Other awards presented during the Chamber's Annual Installation and Awards Banquet at the Quality Inn North, Longwood, included the outstanding Committee Chairman Award which was presented to Catherine Daucher, Freedom Bank, for her work as chairman of the Fund Raising Division which oversees the Annual Golf

Tournament, Scholarship Fund Raising activities and other fund raising programs.

The President's Award went to Dave Powers, Freedom Bank, for his outstanding service and dedication to the chamber in 1986.

The chamber's highest award, The Rod Cable Award, was presented to Bruce Cox, Quality Inn North, for his work in all areas of the chamber and for his unselfish dedication to the bet-

terment of the Longwood/Winter Springs Community.

Outgoing director awards were presented to Catherine Daucher, Ken Cone and Mayor John Torcaso.

The chamber's next monthly luncheon and program will be held Jan. 26, at the Quality Inn North, Longwood. The public is welcome and the cost is \$5 per person. For reservations, call the chamber office at 831-9991.

Hattie St. John

Award-Winning Teacher Marks 100th Birthday

Hattie Roberds Collins St. John is celebrating her 100th birthday today. Mrs. St. John, a resident of Lakeview Nursing Center, Sanford, was born Dec. 11, 1886, in Valdosta, Ga.

She attended Tift College in Forsythe, Ga., where she majored in education. While in college, she was the recipient of the Ready Writer Award in 1905, and the Medal of Excellence in 1906.

Mrs. St. John went on to teach school in Draketown, Ga. She married S.M. St. John, a jeweler,

in 1911. They had four children and there are nine grandchildren, 10 great grandchildren and four great, great grandchildren.

A Methodist and a member of Daughters of the American Revolution and United Daughters of the Confederacy, Mrs. St. John came to Sanford five years ago to live with her daughter and son-in-law, Mr. and Mrs. L.I. Hughey Sr.

Mrs. Hughey said about her mother, "She has a sunny disposition and is always smiling."

CHOOSE ONE OF OUR CREATIVE IDEAS FOR HIM AND HER. KIDS TOO!

MADD Says: Keep Holiday Guests Safe

"When residents of Seminole County plan a party, they should consider serving non-alcoholic drinks," said Beth Freeman, president of Seminole County Chapter of Mothers Against Drunk Driving.

"All too often, parties, especially those during the holidays and festive occasions, end in tragedies because alcohol-impaired guests are involved in crashes driving home," Ms. Freeman said. "MADD encourages hosts and hostesses to make a commitment to everyone's health and happiness."

"We believe that concerned party-givers can do a number of things to help keep guests safe, and at the same time maintain the spirit and enjoyment of the party."

Ms. Freeman added that hosts should refrain from pushing alcoholic drinks and have non-alcoholic beverages readily available.

"About one hour before the party ends," Ms. Freeman said, "the host can bring out a tempting hot or cold non-alcoholic drink."

Another good idea is to set up the food and beverage area so that guests are encouraged to eat and nibble food throughout the party. If guests have had too much to drink, the host should convince them to stay overnight, arrange a ride home for them with a friend, or call a taxi for them.

"In the invitation process," Ms. Freeman concluded, "the party giver might suggest car pool arrangements so that one person in each group is a 'designated driver.' That person stays sober all evening and drives others home safely."

You will want to protect those guests who are traveling to your home during the holiday season. Below is a list of clues to watch for in spotting a drunk driver.

- Wide turns
- Straddling lanes
- Appearing drunk
- Nearly striking an object
- Weaving and crossing the road
- Driving on the wrong roads or highways
- Swerving
- Driving at 10 m.p.h. below the legal limit
- Stopping without cause
- Tailgating
- Drifting
- Tires on the center line
- Erratic braking
- Driving the wrong way
- Inconsistent signals
- Slow response
- Inappropriate stops
- An abrupt, illegal turn
- Acceleration changes
- Driving with headlights turned off

These warning signals should be your signal to take down a license plate number and contact the proper authorities.

BARS

Phil Pastoret

Another nice thing about the horse: It's impossible to leave your keys in the ignition.

Using inventor of our times is the person who devised the automatic swagder that smears stamped prices on grocery items.

An itch becomes an allergic reaction once you can afford to see a doctor about it.

Compulsive Spending Dangerous Addiction

By Josh Meyers
United Press International
PHILADELPHIA (UPI) — Imelda Marcos's legendary spending sprees and 3,000 pairs of shoes may seem merely a humorous eccentricity, but researchers say that spending money on oneself can be indicative of emotional distress.

Buying unnecessary clothing or other presents can be therapeutic if done occasionally, says Dr. Howard Field, a professor of clinical psychiatry and human behavior at the University of Pennsylvania.

But, he cautions, a pattern of spending money on oneself can become an uncontrollable and dangerous addiction, just like drug or alcohol abuse. The affliction affects women more than men.

For some, compulsive spending can indicate a lack of self-esteem. For others, it can be symptomatic of severe psychosis, manic depression and other forms of emotional disturbance.

"People often get a lift from buying that makes them feel good. A new possession makes them feel hopeful and proud, and people like that," Field says.

But like all good things, there is such a thing as too much. Compulsive spending can develop, characterized by periods of euphoria alternating with deep depression.

Field says he and co-workers have treated several dozen patients who sought help for compulsive spending.

"We got them in as patients for psychiatric treatment because they simply could not stop spending money," he says. "A lot were in bankruptcy. It was breaking up marriages."

Field acknowledges that Imelda Marcos, wife of ex-Philippine President Ferdinand Marcos, is an extreme example of a compulsive self-rewarder, but he says her reasons for spending are all too common.

Her spending habits were prompted by insecurity and because she was poor as a girl, Field says.

Revenge against a cheating husband, the desire for approval and love, and the longing to make up for a perceived loss such as a departed companion are some causes of compulsive spending, researchers say.

"There are a few cases where the patient is psychotic — really out of it," Field adds. "They spend huge amounts of money they don't even have."

Bryce Templeton, a psychiatry professor and medical staff member at Jefferson Medical College and hospital, says that in many extreme cases the spender does not realize he or she has a problem.

"We start off by having them throw away their credit cards (and) carry only enough money to cover specific purchases," says Field.

"Like any other addict, we want them to get straight and to be able to ask for what they want in a direct way" instead of spending money to make themselves feel better, he says.

Field says several "self-help" groups have been established in California, but because of the premium American society places on obtaining success and its trappings, acknowledgement of problem spending comes very slowly.

Holiday Sampler Friday

The Woman's Club of Sanford, Inc. will host a Holiday Food Sampler Tasting Luncheon, Friday, Dec. 12, from 11 a.m. to 2 p.m., at the Sanford Civic Center. The event is open to the public and tickets are \$4.00 per person.

Hazel Cash, chairman, says tickets are available from club members, and hopefully at the door. "Tickets are going fast," she said.

Those attending will sample the food prepared by club members and patrons may buy the recipes for 25 cents each or five for \$1.00.

In addition to the luncheon, a variety of Christmas candy and cookies will be for sale.

The luncheon will take place in a festive holiday setting with Eloise Collins in charge of decorating. The art work is under the direction of Faye Siler and Nancy Frye.
