IMMEDIATE PEACE PROSPECT IN RAILWAY STRIKE GONE BOTH SIDES TO REST

TEST OF STRENGTH WILL COME OVER SENIORITY RIGHTS OF MEN

HOOPER STATEMENT

BAYS BOARD IS NO LONGER EN- GAGED IN PEACE NEGOTIATIONS

(By The Associated Press)
CHICAGO, July 20.—President Jewell predicted today that the railroads would surrender and settle the strike within two weeks as the strike was becoming more effective daily. He said "And the roads will yield as soon as we bring them to their knees."

CHICAGO, July 20.—With immediate prospects for peace in the railway strike gone, strikers and railroads today settled down to a test of strength. The statement of Chairman Hooper of the Railroad Labor Board that the Board was no longer engaged in peace negotiations left the situation open to direct negotiations between strike leaders and railroad operators, or other quarters. Union leaders remained firm in their demand that full seniority rights be restored to shopmen now on a strike.

THE STORY OF OUR SCHOOL LUNCHEON

The Welfare Department of the Woman's Club of Sanford takes pleasure in responding to a request from the Florida Federation of Women's Clubs for a sketch of the installation and management of the School Lunch at the Sanford Schools, for which the Welfare Department became responsible—these activities covering the school year of 1921-1922.

When the question of a hot lunch for the school children was taken up in June, 1921, there was no money available for the project, and no room in any school building that could be devoted to the preparation and serving of the lunch.

When the first lunch was served on October 10, it was in a unique building erected for the exclusive use of the School Lunch, costing \$1,295.00 and with an equipment worth \$720.00. This expense has been met by donations from the School Board; from various departments of the Woman's Club; from other organizations; from individuals; from an elaborate entertainment appealing to the interest of the whole county—and beyond—and from the profits of the lunch.

The Lunch Pavilion is in the grounds of the Grammar School, attended by 500 pupils. The building is 52 feet by 38 feet. The dining room, 38x38, is wainscoted for three feet, with a four foot wire screening above. It has an entrance and exit. The kitchen, 24x14 and the store-room, 14x14 across one end of the building, are enclosed, having windows and an outside entrance. The kitchen is divided from the dining room by a serving counter, over which are partitions which can be lowered to the counter by pulleys. On the kitchen side of this counter, are shelves for dishes. The kitchen has a large gas burner called a "pic oven" in hotel parlance, which cost \$135.00, but is well worth it. The oven has four compartments and bakes beans, macaroni, scalloped potatoes, etc., to perfection, and all rolls are buttered, placed in the oven and served crisp and hot. The kitchen is equipped also with gas plates, hot water reservoir, sink and work tables. The cooking utensils are heavy aluminum, hotel size. Plates, soup bowls, coffee mugs, forks and teaspoons have been found to give variety enough for serving the various dishes. A gently sloping roof with a four foot overhang, gives the building a well proportioned appearance, and keeps out all rain not driven by hurricane winds.

The price of the lunch is ten cents. Tickets for ten lunches—one dollar—have been found satisfactory for parents, pupils and the management. The tickets are punched, and the pupils pay as they enter the building. After being served in cafeteria style at the serving counter, the pupils go to the

FLORIDA POULTRY MEN SHOULD NOT SHIP TURKEYS HERE

(By The Associated Press)
GAINESVILLE, July 21.—Authorities at the University of Florida have issued a warning to Florida poultrymen not to use turkeys from other states for breeding stock, in spite of the fact that turkeys for this purpose are scarce in Florida, with a limited supply of eggs. Dr. W. N. Sanborn, extension poultryman, declares there is danger of bringing "blackhead" into the state if breeding stock is imported from the north. "Blackhead" is regarded as a serious poultry disease.

tables, 26x2½ feet, highly varnished, with attached benches, a la army canteen, which run across the room. They take their dishes to the clearing table as they leave the building.

For the first semester 260 was the daily average of lunches served, and 310 for the second semester. Pupils from the High School and from the two primary schools, four or five blocks distant, sent each 30 or 40 pupils daily. Six girls from the schools have been used during the lunch hour for dish washing and at the clearing table and have been given their lunches for the services—lunches not confined to the ten cent portion—for 2104 lunches were given by the management to undernourished children, for whom no work could be provided, and whose parents were not able to send their children to the lunch, some of them having several children in the schools. The improved appearance of these children has been very marked, and is one of the rewards of the enterprise.

The total receipts from the lunches, including the sale of ice cream cones daily at the school grounds, was \$4,252.00 with a profit of \$524.00.

In this limited space it is impossible to give menus. Each lunch consisted of a nourishing dish with rolls or sandwich, a dessert of ice cream, cookies or fruit and with milk, cocoa and lime or lemonade to vary the drink.

A supervisor with one full-time assistant, and during the latter part of the year, a second half-time worker, has managed the lunch. A School Lunch Committee of three women from the Welfare Department with the chairman of the department and the chairman of education as ex-officio members, have been responsible for its maintenance. The chairman of this Lunch Committee has done practically all the buying of supplies.

These have been gotten in wholesale quantities when possible, and always with a discount from the local merchants. This fact, with the careful supervising in the kitchen, has enabled the enterprise to complete its first year with a profit. Only the best materials are bought, and the portions for the lunch have been surprisingly ample. Two women from the town have gone daily to assist in making sandwiches, buttering rolls and helping at the serving counter. The list of women willing to give this service is so long, that no one person has been called upon too frequently.

When the building was finished and equipped, it was handed over to the School Board, who requested the Welfare Department to take charge of the enterprise. This request has been renewed for the coming year. The surplus of the past year, went into equipment. It is the intention of the club to use any surplus that may happily occur in the future, not for the needs of the club, but wholly for the benefit of the school children. The books of the chairman-treasurer of the School Lunch Committee are audited by the School Board at the end of each semester.

Many interesting items are necessarily omitted from this brief sketch. Any further information that may be desired will be gladly given, and if the communication is addressed to the President of the Woman's Club at Sanford, she will pass the questions to the one most conversant with the facts.

Sanford, July, 1922.

W. E. VanValkenburg of Orlando was in the city yesterday calling on his many friends and looking after business.

COMMISSIONERS LET CONTRACT FOR THE BRIDGE ACROSS RIVER AT OSTEEN FERRY POINT

Other Matters of Interest Transacted at Special Meeting Yesterday

The Board of county commissioners in and for Seminole county, Florida, met in extra session at 10 o'clock Tuesday, July 18. Present: Chairman L. A. Brumley and Commissioners L. P. Hagan, C. W. Entzlinger, O. P. Swope and E. Curlett with V. E. Douglass, deputy clerk; George A. DeCottes, attorney and C. M. Hand, sheriff, in attendance.

Chairman L. A. Brumley, announced that the purpose of this meeting was to receive bids for certain road work in Seminole county, and for the construction of a bridge across the St. Johns river at the Osteen Ferry, and also to receive bids for the purchase by the county of 225 seats for the court room, and for certain repairs and additions to the court house.

The hour for the opening of the bids having arrived, the clerk opened and read the following bids for the building of the bridge across the St. Johns river at the Osteen Ferry.

H. C. Edwards, \$25,500.00.
Beasley Contracting Co., \$21,980.00.
E. W. Parker, \$21,999.00.
Austin Bros. Bridge Co., \$17,700.00.

The clerk here opened and read the following bids for the repairs on the old brick roads and macadam roads, and re-surfacing and widening of same: Finley Method Co., and Maule Paving Co.

Motion of Comr. O. P. Swope and seconded by Comr. L. P. Hagan, and carried, the above bids were turned over to the engineer, Fred T. Williams to tabulate and report to this board at 3 o'clock.

The clerk here opened and read the following bids for the purchase of 225 seats for the court room: J. D. Davison and H. & W. B. Drew Co.

Motion of Comr. C. W. Entzlinger, seconded by Comr. L. P. Hagan, and carried, the bid of H. & B. Drew Co., for 225 seats for the court room is hereby accepted, as per specifications.

Mr. Long appeared before the board in reference to the opening of the ditch along Beardsley avenue, and on motion of Comr. O. P. Swope, seconded by Commissioner C. W. Entzlinger and carried, the above matter is turned over to Chairman L. A. Brumley and Comr. L. P. Hagan with power to act.

Motion of Comr. O. P. Swope, 2nd by Comr. E. W. Entzlinger and carried, Eng. Fred T. Williams, is instructed to use what money is left in the \$30,000.00 bond fund, in the lengthening of the hard surface on the Osceola road.

Motion of Comr. O. P. Swope, seconded by L. P. Hagan and carried, the clerk of this board is instructed to write to D. E. Hart, ferryman at the Titusville ferry, to appear before this board at their next regular meeting to be held on Monday, August 7th, at 10 a. m.

Motion of Comr. O. P. Swope, seconded by Comr. C. W. Entzlinger and carried, this board agrees to appropriate the sum of \$1,000 out of the general fund to the Fernald-Laughton Memorial Hospital.

Motion of Comr. C. W. Entzlinger seconded by Comr. L. P. Hagan and carried, Wm. Harris is hereby admitted to the county home, until such time as he is able to work again.

Engineer Fred T. Williams here made his report on the bids for the construction of the bridge across the St. Johns river at the Osteen Ferry, and reports that the bid of Austin Brothers Bridge Co., of Atlanta, Ga., is the lowest bid, and recommends that it be accepted, and on motion of Comr. O. P. Swope, seconded by Comr. L. P. Hagan and carried, the bid of Austin Bros. Bridge Company is hereby accepted, and the contract for the construction of the bridge across the St. Johns river at Osteen Ferry, be and the same is hereby awarded to Austin Brothers Bridge Co., of Atlanta, Ga.

Engineer Fred T. Williams, here made his report on the bids for the repairs and resurfacing of the old brick roads and macadam roads in Seminole county, and reports that the bid of the Finley Method Co., of Jacksonville is the lowest and best bid, and recommends that it be accepted, and on motion of Comr. O. P. Swope, seconded by Commissioners C. W. Entzlinger, and carried, the bid of Finley Method Co. of Jacksonville, is hereby accepted and the contract for

the repairs and resurfacing of the above mentioned roads in Seminole county, be and the same is hereby awarded to Finley Method Co., of Jacksonville, Fla.

Chairman L. A. Brumley signed the contract of both Austin Brothers Bridge Co., of Atlanta, and the Finley Method Co., of Jacksonville in duplicate on behalf of the county of Seminole.

The next meeting of the board will be held Monday, August 7th.

Solemn Warning Given To Men and Women Thruout This Country

This Nation Will Perish When American Homes Cease to Revere God

NEW YORK, July 20.—Uttering a "solemn warning to the men and women of America," that "this nation will decay and finally perish when American homes cease to revere God," the report of the Joint Commission on Home and Family Life, which will be presented to the triennial General Convention of the Episcopal Church meeting in Portland, Oregon, September 6 next, was made public today.

"Advanced culture did not save past civilizations, did not prevent Germany plunging into a gulf of infamy. Upon America's consecration to God depend her fate," says the report, which contains an exhaustive study of social and industrial conditions in the United States with particular reference to home life.

The Commission was appointed by the Episcopal General Convention six years ago, and includes in its personnel some of the most distinguished of the bishops, clerical and lay members of the church. Among other subjects which are frankly treated are those of marriage, divorce and birth control. The report contains a strong recommendation against the latter. Rev. Charles Noyes Tyndall, S.T.D., of Williamsport, Pa., secretary of the commission, has been present to the country a vital message in as concise form as possible.

"Even a cursory glance at conditions in the average American home reveals evidence sufficient to warrant the most careful study of those influences now affecting these homes from the standpoint of morals and religion," the report continues. "The attitude toward youth, even more than the attitude of the youth, will scarcely bear severe scrutiny.

"We touch the root of our family problem when we point to the lack of religion in the home. It is paralyzing to think of the average American family going on from the rising to the retiring hour as if God had no existence. Sunday is a day for extra sleep or motoring, Sunday papers in many volumes, comic supplements. If American children are not to be taught of God in the schools, and He is unnamed in the home, what can we expect but that at this moment the United States is actually developing into a non-Christian nation?"

Touching upon domestic life in America, the report says:

"Where family life is dishonored, wedding unfaithfulness lightly regarded, parental responsibility neglected, filial respect and obedience slighted, there, we may be sure, society is rotten at the core. We tremble for the future of a state or nation where lax theories concerning domestic life gain ground. Even laxer practices will certainly prevail.

"The remedy for the frightful dissolution of the marriage tie is going on in America and its inevitable consequence of race suicide is to be found in Christian training alone. Remedial legislation while imposing difficulties in the way of annulment does not go to the root of the evil. It attacks many outward symptoms of the disease and is of undoubted value, but it does not destroy the germ of the evil or cure it at its source."

NOMINATION OF PRIT- CHARD AS TENNILLE GA. P. M. REJECTED

(By The Associated Press)
WASHINGTON, July 20.—The nomination of Lawson J. Pritchard to be postmaster at Tennville, Ga., which was opposed by Senator Watson, of Georgia, was rejected today by the senate.

MICHIGAN GOVERNOR WOULD OPERATE MINES UNDER STATE CONTROL

SEABOARD WILL ESTAB- LISH WINTER SER- VICE IN EUSTIS

(By The Associated Press)
The Seaboard Air Line, although it does not enter Eustis, will inaugurate passenger service to this city next winter. Passenger service will be established on January 1 to Dead River station, six miles across Lake Eustis from this city, and arrangements have been made with the Lake Transfer Company to ferry passengers from the station to Eustis.

GET FINE HAUL SPONGES

TAPON SPRINGS, July 21.—Members of the Greek Colony here, and business men as well, are rejoicing over prospects for the sponge industry, the arrival here Monday of the sponge fleet with the greatest quantity of sponges ever brought to the city in one day, and the advance in prices for the product. Monday's arrivals were valued at at least a third of a million dollars and comprised the cargoes of more than 100 fishing boats.

Tapon springs is said to be the greatest sponge shipping point in the Western Hemisphere and the divers and crews of the sponge vessels are for the most part natives of Greece. The city is believed to have a large number of Greek residents in proportion to population, than any city in the United States.

SOUTHEASTERN AMATEUR ATHLETIC UNION MEET AT ROLLINS COLLEGE

(By The Associated Press)
WINTER PARK, July 21.—Arrangements for the Southeastern Amateur Athletic Union swimming championship meet to be held at Rollins college, here September 1-4 have been completed according to an announcement by R. W. Greens, Commissioner for Florida, for the A.A.U. and director of athletic activities at Rollins.

Swimming teams from Georgia, Alabama, Tennessee, South Carolina and Florida are expected to compete. The program comprises the following events:

50 yards, junior; 100 yards, women; 440 yards, senior; diving, junior; 880 yards, junior; 100 yards, junior; 440 yards, relay; 1 mile, senior, 50 yards, senior; 100 yards, backstroke; 50 yards, women; 100 yards, senior; 100 yards, breast senior; diving, men; senior, women.

The following national championship contests will be held:

National: Junior men's 50 yard swim and the national junior women's swim at 100 yards. These events were assigned to the Southeastern meet by the last annual convention of the A. A. U. in Chicago.

Sterling silver trophies will be awarded the team scoring the highest number of points in the junior and senior meets combined. Gold, silver and bronze medals will be given contestants winning first, second and third places.

Entries should be filed with Mr. Green no later than August 26.

FIVE PASSENGERS INJURED SOUTHLAND LIMITED WRECK AT SMITHVILLE

(By The Associated Press)
ALBANY, Ga., July 20.—Five passengers were injured, one seriously, when five coaches in the Southland Limited, Cincinnati to Jacksonville, turned over near Smithville, a few miles north of here this morning. A broken rail caused the accident. Derailment occurred on the Central of Georgia tracks.

INSISTS LENINE IS DEAD

(By The Associated Press)
STOCKHOLM, July 20.—Notwithstanding the denial by the Soviet embassy at Riga yesterday of the report of the Riga correspondent of the Svenska Dagbladet that he had been reliably informed that Premier Lenine of Soviet Russia had been poisoned, the correspondent telegraphed his newspaper here that he had received confirmation of the story. Cyanide of potassium was used, the correspondent avers.

WANTS PRESIDENT'S SANC- TION FOR PLAN TO TAKE OVER MINES

ASKS GOVERNMENT

TO JOIN WITH STATE IN TAKING OVER AND DIRECTING RE- SUMPTION OF MINES

(By The Associated Press)
LANSING, Mich., July 20.—Governor Greenbeck in a telegram prepared for (transmission to President Harding today asked sanction of the federal government for a plan to take over and operate the Michigan coal mines under state control. The message asked whether the federal government would join with the state in taking over and directing resumption of operations in the mines.

Berries Are Rushed To Eastern Markets From Far West

Picked on Puget Sound Served Eighty Hours Later For Breakfast

(By The Associated Press)
CHICAGO, July 18.—Berries picked in the Puget Sound area in the far northwest are served on breakfast tables in Chicago eighty hours later as a result of the inauguration by the Northern Pacific Railway of a special express refrigerator train operating on passenger schedules between the Pacific Northwest and Chicago.

Heretofore these fresh fruits have either been marketed in the immediate neighborhood where they were raised or they have been shipped in single cars by express to eastern markets, it was stated. In the last few years the development of the berry industry has been so rapid in the Northwest that additional markets had to be opened. To meet the emergency the Northern Pacific this spring arranged for special fruit trains, which are now operating daily. Refrigerator cars were designed to travel on the passenger schedules.

The fruit specials are bringing strawberries, cherries, raspberries, blackberries and Loganberries from White Salmon, Yakoma, Puyallup and Walla Walla, Wish, valleys, Bashon Island, Puget Sound, and Lewiston, Idaho country.

These trains are kept five times between the Pacific Coast and Chicago and make no other stops.

At present special trainloads of red raspberries are being brought into St. Paul and Minneapolis and Chicago every day by the Northern Pacific.

In the production centers, the berries are rushed by motor truck and interurban street car service to the refrigerator cars on the Northern Pacific tracks every afternoon. The cars are loaded rapidly, closed, and hurried on passenger schedules to Spokane, Wash., where all of them from the several originating points in the Pacific Northwest are united into a special fruit train during the night. In the early hours of the morning the train pulls out of Spokane for the east.

Upon arrival in Chicago the express companies deliver the berries promptly either to the commission and wholesale houses which have purchased them, or to the Chicago market.

FIVE LIQUOR CASES ACQUITTED IN JAX

JACKSONVILLE, July 19.—Judge J. M. Peeler, in ordering verdicts of acquittal in five liquor cases in criminal court here yesterday, ruled that it must be shown by chemical analysis that whiskey figuring in the case contains more than one-half of one per cent alcohol as specified in the Volstead law.

Judge Peeler said his ruling was in line with one recently made by the supreme court of this state. A crowded docket of liquor cases will probably be thrown out, according to County Solicitor L. E. Howell, as he did not have the required analysis in any of the cases.

Looks like the railway strike will soon be over.

OVIEDO

O. P. Swope returned Thursday from a two weeks business trip to Chicago.

A party of young people chaperoned by Mrs. O. P. Swope and Mrs. W. E. Young, were entertained at Palm Springs Tuesday in honor of Miss Lucille Taylor of St. Augustine, who is the guest of Miss Mabel Swope.

Rob Ishig and family have moved to Miami.

W. B. Englett was a business visitor at Orange City Tuesday.

T. L. Lingo left Wednesday for Daytona Beach where he will join his family for a two weeks vacation. During Mr. Lingo's absence his place as cashier of the Bank of Oviedo is being filled by J. L. Wilkinson, of Jacksonville.

Mrs. O. P. Swope is confined to her bed for several weeks as a result of an accident on the morning of July 4th when she fell down the steps of her residence. Her injuries, though painful, were not serious and it is hoped that she will soon be able to get out again.

Rev. J. N. Thompson left Wednesday for a few days visit to Deland.

Captain Cundy, Boy Scout leader, gave a splendid address to the Scouts and their friends at the Baptist church Sunday. Again at one o'clock he met with the Scouts alone at the home of Scoutmaster T. L. Mead.

Mrs. C. L. West and children and Mrs. T. L. Lingo and children have taken apartments at Daytona Beach for a month.

"The Family Album" will be given at the Oviedo school house Tuesday, July 18th. This same entertainment was given at Golden Rod Wednesday evening, July 5th and was such an enjoyable affair and so out of the ordinary that the "Pepper Band" of Oviedo have obtained their consent to repeat it here. The proceeds to go 50-50 to the band and the purchase of a piano for the Golden Rod Sunday school. The following program will be rendered:

March—Hosts of Freedom—Pepper Band.

Serenade—A Night in June.

Galop—Vivo.

Overture—The Conqueror.

Family Album—Mrs. G. S. Brown, prolocutor.

Piano, baritone and cornet trio.

Reading—Mrs. G. S. Brown.

Fox trot—The Sheik—Pepper band.

Waltz—Tuck Me to Sleep in My Old Kentucky Home—Pepper Band.

Miss Nell King has returned home after a visit of several weeks to her sister at Leesburg.

Miss Olive Lezette has a position as stenographer in Sanford.

The funeral of Mrs. R. W. Lawton, sr., was held from the residence of her son, R. W. Lawton Friday afternoon at four o'clock. Mrs. Lawton died at the residence of her daughter, Mrs. Glover Bernreuter in Jacksonville Thursday, July 6th, after an illness of several months. About three years ago Mrs. Lawton went to Jacksonville to make her home with her daughter, but prior to that time she had lived in Oviedo for many years where she had many warm friends. Mrs. Lawton, though only 71 years old, had been an invalid for several years and for the past five months had been confined to her bed so her death was not a surprise to her family or friends. She is survived by four sons, W. J. Lawton, T. W. Lawton and R. W. Lawton, of Oviedo, and J. C. Lawton, of Orlando, and one daughter, Mrs. Glover Bernreuter, of Jacksonville, all of whom were with her during the last week of her illness.

Mr. and Mrs. L. E. Wright, jr., and little daughter, Ruth Gene, are visiting their parents, Rev. and Mrs. L. E. Wright, sr.

Mrs. O. G. Wolcott and son Henry have been spending the past two weeks with Mrs. Lingo and children at Daytona Beach.

J. M. Folks spent last week with friends and relatives at Lakeland.

Mrs. O. P. Swope and children, Misses Mabel Swope and Lucille Taylor and Francis Swope spent Saturday in Sanford.

MRS. R. W. LAWTON—IN MEMORIAM

On Thursday afternoon, July 6th, after several months of intense suffering, Mrs. R. W. Lawton, of Oviedo, died at Jacksonville, at the home of her daughter. Mrs. Lawton was born in Kentucky sixty nine years ago, and in early life moved to Tallahassee, Florida, where she spent most of her youthful days with her uncles, Mr. Walter Gwynne and Mr. Walker Gwynne, her parents having died when she was quite young. She also spent a portion of her earlier days with her great-uncle, Governor David Walker.

Fifty years ago she was married to Rev. R. W. Lawton and moved to

what is now known as Oviedo, at that time being called Lake Jessup. Oviedo has been her home for the past half century, although for the past three years she has lived with her only daughter, Mrs. G. R. Bernreuter, in Jacksonville.

She has been a consistent member of and energetic worker in the Baptist church throughout her long life, and will be remembered and honored by all who were associated with her for her zeal in the prosecution of the Lord's work. Mrs. Lawton leaves to mourn her loss one daughter, Mrs. G. R. Bernreuter, of Jacksonville, Florida, and four sons, J. C. Lawton, of Orlando, and R. W. Lawton, W. J. Lawton and T. W. Lawton, of Oviedo. The many friends of the family sympathize with them in their hour of sorrow.

MRS. MARY G. LAWTON

WHEREAS: The Great Father of love and mercy in his infinite wisdom has called from our midst our beloved sister and friend, Mrs. Mary G. Lawton, and

WHEREAS: Mrs. Mary G. Lawton was the mother of our esteemed Superintendent of Public Instruction, T. W. Lawton, and of Messrs W. J., R. W. and Carter Lawton, and Mrs. Helen Bernreuter, and the widow of the deceased Rev. J. N. Thompson, and of the late Rev. J. N. Thompson, preachers and builders of this section of the state, and

WHEREAS: Through Christian faith and precepts as practiced by this beloved woman, her children have become dutiful and useful citizens, honored throughout the community, and

WHEREAS: The County Board of Instruction feels deeply the loss that has been sustained by the family and the community at large,

THEREFORE BE IT RESOLVED: That the County Board of Public Instruction in session assembled this day, offer to our Superintendent of Public Instruction, Mr. T. W. Lawton, and to the bereaved family as a whole, this resolution of condolence, and

BE IT FURTHER RESOLVED: That a copy of this resolution be spread upon the minutes of this meeting, a copy furnished to our Superintendent, Mr. T. W. Lawton, for the bereaved family, and a copy be forwarded to the press for publication.

C. F. HARRISON, Chairman
G. A. DALLAS
FRED T. WILLIAMS
County Board of Public Instruction for Seminole County, Florida.
July 11th, 1922.

PUBLIC FORUM

HALL ANSWERS CARROLL

In reply to Mr. Carroll's statement in Monday's paper, will say that Mr. Carroll certainly misunderstood me in saying that I was placed in an embarrassing position in telling him I didn't care to do his work. It did not embarrass me any, and neither did any one call me from the building, and I will state that none of the striking shopmen have asked me not to work on him. I did what was done of my own free will and accord. I told the boys that if they saw anyone in my place that wasn't on the square, to "put me wise"—and they did so by giving me the sign, and then I walked out and asked the boys was it true that Mr. Carroll had been doing work at the shops that had previously been done by the striking boys, and they assured me he had. (Note: the Railway Labor Board has particularly instructed its foremen not to do any work that has previously been done by the boys on strike. Mr. Carroll and other foremen evidently purposely disregarded this rule). So I came back in and informed Mr. Carroll that I could not do any work for him, since he had been doing work at the shops that he was not supposed to do, and that as I believed in union labor, I was sorry that he had overstepped his right, for I thought that it was a time we should all stick together.

It looks as if Mr. Carroll wants to put all the blame on the strikers and also tried to make it appear that I was hiding behind the boys—but I don't have to hide behind a bunch of men—I'm man enough to back up anything I do or say and in place of getting in the rear I am certainly willing to walk out at the front and help win—for I believe the boys are fighting for a just cause. If you study hard both "sides" of the question, you can easily see that there is only one right side—that of the men.
J. R. HALL.

ANSWER TO MR. CARROLL

In answer to Mr. Carroll's complaint in your columns, we wish to say that in our letter of some days ago, we were not speaking of mem-

bers of the Foreman's Association when referring to the "Local Management of the Railroad."

But instead we were speaking of the manager, who is recognized by us all as a man of broad mind with deep sympathy.

As for the incident in the barber shop we accept no responsibility whatever, as the committee was not there, knows nothing of who was there. Anyway the owner of said shop gives us permission to state that he alone is responsible.

THE COMMITTEE.

BRIDEGROOM IS ARRESTED FOR MANSLAUGHTER

ON WAY TO GET MARRIED RUNS DOWN AND KILLS MAN

(By The Associated Press)
JACKSONVILLE, July 14.—Otis Jones, 22, of this city and Francis White, 16, of South Jacksonville, drove to Folkston, Ga., yesterday to be married. In passing through Callahan Jones ran down L. D. Dover, city electrician of that place. Dover apparently was not badly hurt. Jones proceeded toward Folkston but was arrested at Hilliard and returned to Callahan and fined \$16. He resumed the journey to Folkston and the couple were married and returned here during the night. Dover died of his injuries shortly after midnight. The Nassau county officers came to Jacksonville and arrested Jones at 4:00 a. m. today and took him to Fernandina where he is in jail.

HELPED PAIN IN HER BACK.

Most middle-aged men and women are glad to learn that Foley Kidney Pills afford a way to escape sleep disturbing bladder weakness, back-ache, rheumatism and other kidney and bladder ills. Mrs. Mary Bourke, 1097 McAllister St., San Francisco, Calif., says: "Foley Kidney Pills very quickly stopped a bad pain in my back and I tell my friends to try Foley Kidney Pills for that trouble." Contains no opiates, harmful or habit forming drugs. Sold everywhere.—Adv.

Have you read the want ads today? A Herald Want Ad will help you.

USED IT SINCE 1875

A. L. Stransberry, Belmont, W. Va., uses Foley's Honey and Tar in his family, and sells it to his patrons. He says: "Foley's Honey and Tar is the best medicine I ever used back to 1875. I sold Foley's Honey and Tar then, and everybody called it good. Later, at Collinsville, Ohio, we all called it the best medicine in the world." Refuse substitutes, the genuine is put up in a yellow carton.—Sold everywhere.—Adv.

Notice of Application for Tax Deed Under Section 575 of the General Statutes of the State of Florida
Notice is hereby given that M. B. Burkett, purchaser of Tax Certificate No. 205, dated the 7th day of June, A. D. 1920, has filed said certificate in my office, and has made application for Tax Deed to issue in accordance with law. Said certificate embraces the following described property situated in Seminole County, Florida, to-wit: N 1-2 of E 1-4 of NE 1-4 of SW 1-4, Sec. 24, Twp. 21 S, Range 29 E.

20 acres. The said land being assessed at the date of the issuance of such certificate in the name of Unknown. Unless said certificate shall be redeemed according to law Tax Deed will issue thereon on the 19th day of August, A. D. 1922.
WITNESS my official signature and seal this the 13th day of July, A. D. 1922.

Where Sealdsweet Grapefruit and Oranges have been sold

The map shows the distribution of Sealdsweet grapefruit and oranges for 1921-22. Each dot represents a CARLOT market, through which has been supplied the surrounding trade territory.

A gain of more than forty per cent in the number of these carlot points for the season shows how the co-operating growers are extending markets.

Advertising in national mediums develops the consumer demand which leads to initial sales, and intensive newspaper and demonstration campaigns bring repeat orders.

The carlot cities on the map shown herewith have a total population in excess of thirty-five million and the immediate trade territories they serve have at least that many people—altogether about two-thirds of the population of the United States.

It is because of the work of the only citrus cooperative marketing agency reaching this vast population with Sealdsweet grapefruit and oranges and in educating the public to eat them that the markets absorbed such surprising quantities, especially of grapefruit.

Join the Florida Citrus Exchange and let your fruit have the benefit of this distribution and selling service. Consult the manager of the nearest association or sub-Exchange or write the business manager at Tampa, Florida.

JUDGE MUST DECIDE WHETHER "PADDLING" AND STRIKE SAME

(By The Associated Press)
JACKSONVILLE, July 15.—Municipal Judge Beckham had a problem to solve today and he regarded it so difficult that he took the case under advisement. The defendant was Lorenzo Wilson, President of the Wilson-Toomer Fertilizer Co., and was charged with fighting, and the complainant was a Miss Coudray, an employe in the home of Judge and Mrs. W. H. Baker, who reside near the home of Mr. Wilson in the fashionable Riverside section of the city.
 According to the testimony given in court this morning Miss Coudray keeps a small flock of ducks in the back yard of the Baker home and Mr. Wilson has several dogs in his yard. A dog said to have been owned by Mr. Wilson raided the ducks and killed one. Another dog got into the duck yard and Miss Coudray obtained a fishing rod and went out to drive it away. Mr. Wilson appeared upon the scene, and, according to the testimony told Miss Coudray if she struck one of his dogs with the rod he would strike her with it. Miss Coudray struck at Mr. Wilson and he seized the rod and "paddled" her with it. Miss Coudray testified that Mr. Wilson "struck" her but he maintains he only "paddled" her.
 Judge Beckham is expected to announce his decision tomorrow.

ELKS DANCE GREATLY ENJOYED

The dance given by Sanford lodge of Elks at the new club house last night was greatly enjoyed by a large crowd of local Elks and many visiting Elks from other cities. The dance floor was crowded with dancers from nine-thirty until long after midnight and to the music of the splendid orchestra from Daytona Beach both young and old danced until they were ready to go home when the orchestra finally adjourned.
 The club rooms were lovely and the accommodations for ladies and gentlemen were all that could be desired and while the club house was not built for an Elks home it lends itself admirably to the social affairs. Mrs. W. A. Ginn donated some beautiful roses for the occasion and the house committee and officers were on hand to see that the guests had every comfort. Delicious punch was served all during the evening and dance and club house were pronounced perfect by members and visitors alike.

GERMANY AFTER TRADE

(By The Associated Press)
PETROGRAD, July 11.—German private capital and the Soviet government have launched a corporation which bids fair virtually to monopolize the inland water transportation of Russia.
 Simultaneously with the signing of the Russo-German treaty at Rapallo, last April, an agreement was signed by M. Karakhan, assistant commissar for foreign affairs, and M. Leshava, assistant commissar for foreign trade, acting on behalf of the Soviet government, with the German firm of Robert Wenckhaus, of Hamburg, granting the Germans a concession for the transportation of home and foreign goods through the Baltic Sea, the Caspian Sea, and the Mariensky Canal system, which connects the basin of the Volga with the Neva.
 According to this agreement a syndicate will be formed with a capital of 200,000,000 gold marks to be taken up in equal shares by the Soviet government and German capitalists. The firm of Robert Wenckhaus undertakes to provide the tonnage needed and to arrange a loan for the Soviet government through German banks to the amount of 500,000,000 marks. Part of this money will be used for the organization of the proposed Asiatic Bank for trade with Persia. The tonnage left over, after carrying out the Soviet government's program of transportation, may be used by the syndicate for trading purposes.

COURTESY ON THE HIGHWAY

A northern newspaper recently offered and awarded a prize for an essay on the "rules of courtesy" to be observed by motorists when traveling the highways of our country. The average town and city should well afford to have these rules painted on huge sign boards to be erected at the principal entrances to the municipality because there are so many who seem to have no knowledge of these rules or if they do, utterly ignore them. Each and every motor driver will find something in the list that will be helpful in promoting a consideration for others:
 "Be courteous to your benefactor, the traffic officer.
 "Inform others of your intentions by proper signals, that they may avoid blunders.
 "Look out for the children, the aged and the infirm.
 "In case of accident, investigate, and bear your share of the blame.
 "When driving, forget your business worries, and attend to the job on hand.
 "Be a good sport. Let waiting pedestrians and drivers past a busy intersection. They may be in as great a hurry as you are.
 "Use your horn as a friendly warning, not as an instrument of terror.
 "Wait your turn in a line of traffic.
 "Allow room on your left for those who wish to pass.
 "Turn off on a side-street when you need to make repairs, so you won't hold up traffic on the main thoroughfare.
 "Be patient with other drivers, some of them may be inexperienced."
 Now, wouldn't there be a lot more pleasure in driving, for everybody, if everybody obeyed these rules? More safety, too.

MENDSEN IS PRES. OF FLA. NATL. PUB. CO.; SUCCEEDS WENDLER

E. B. Mendsen is president of the Florida National Publishing Company publishers of the Florida Post, a Republican newspaper at Winter Park. He succeeds J. H. Wendler. This change occurred Tuesday night of last week, according to a statement made to the Sentinel yesterday by Mr. Wendler. R. R. Doble was appointed general manager, also succeeding Mr. Wendler. There will be another meeting of the board of directors Monday night when an editor will be appointed.
 Mr. Wendler said that the present board of directors consisted of himself, W. R. Rhun, O. T. Switzer and Alexander Ackerman, of Orlando, Hiram Powers of Winter Park, A. M. Starbird of Apopka, and Wynne W. Scott of Haines City. He said that there were 467 stockholders in the company, scattered throughout Florida.
 Two weeks ago Mr. Wendler was subjected to a flogging and tarring by unknown parties. When seen yesterday at his home on Lake street he appeared to be weak and was sitting on an air cushion. In front of him, reclining on a taboret, was a revolver. When he arose he leaned heavily upon a cane and his arm trembled. He appeared to be exceedingly nervous. When children in the neighborhood shot off two firecrackers he was greatly annoyed.
 He declared that the presidency of the Florida National Publishing Company was again offered him, but that he had declined it. He said that when he organized the company and was elected president and general manager he had not expected to do all the editorial writing for the Post. "I have nothing more to say now," he said. "I wanted to set you right on the changes in the management. When the new editor is appointed I shall advise you."
 —Orlando Sentinel.

DAYTONA BAND CONCERT WAS GREATLY ENJOYED

The concert of the Daytona Elks Band at the Central Park grandstand last night was greatly enjoyed by a large crowd. The band is one of the finest in the south and the program rendered last night showed that they have gained a reputation because they can play real music. The efforts of the band to give the Sanford people something great was appreciated and Sanford people gave them the glad hand after every selection.

ONLY FIFTEEN CENTS!

The price of your own home daily is such a small thing that you are apt to overlook it either in failing to subscribe or failing to pay the boy each week. It is the little things that give a firm the greatest worry and while the carrier boys attend to all these details of collecting it is up to the office to keep track of all the small accounts. Harry Brown, of the Lakeland Telegram sums it up just right in the following:
 "Only fifteen cents!
 "That is the price of a week's subscription to the Lakeland Evening Telegram, delivered at the house or store or shop or office. The amount is so insignificant to some folks that they do not bother to lay it aside for the collector or make provision for it in the week's budget of outlay for education and entertainment. So when the collector calls he is sometimes told: "Don't bother me now; I am too busy to worry about the paper bill!" or "I am out of change; come again next week!" Those who make a practice of doing this fail to comprehend the fact that it is the aggregate of the fifteen-cent payments that makes it possible for the publisher to meet his obligations, pay the delivery boys and render the best service obtainable. There is another angle to this matter and that angle is the effect deferred payments have upon those entrusted with the efficient working of the circulation department. It is no men task to keep track of the large number of individual accounts of those who are accustomed and who prefer to pay on the weekly basis and who do regularly meet that obligation but that task is magnified many times when the subscriber lets one week, two weeks, sometimes three weeks pass without cashing in. This is a frank and friendly plea on behalf of the circulation department—a request for co-operation that can readily be given and that will add immeasurably to the good will already existing between the subscribers and the newspaper."

BIG WORK STARTS ON MEISCH BUILDING

The big work on the Meisch buildings has started in earnest. The concrete mixer is going all day and getting ready to pour the big columns of reinforced concrete that will support the two story building and can be lengthened to make the four-story building any time. The foundations are also being constructed in such a manner that more stories can be added any time. A large force of men are at work and the Meisch building will be finished on contract time if the railroad strike does not interfere with the shipment of materials. All supplies that can be purchased locally are being purchased right in Sanford. Lee Brothers of this city were awarded the plumbing contract for the building yesterday.
 Mr. and Mrs. Edward Fitzgerald of Daytona were in the city yesterday, the guests of Mr. and Mrs. Herndon. Mr. Fitzgerald is the editor of the Daytona News.

WE MAY LIVE LONGER

All agree that Florida's wonderful climate is conducive to long life, but who wants to live a thousand years or more, even in Florida? Now comes a famous French surgeon-scientist, following an extensive series of experiments who says that apparently it is possible to transplant all the vital organs of a chimpanzee to humans.
 "All chimpanzee glands which I have planted," he says, "have thrived so well in the human body that I have tried lesser organs, which were thriving well. I am now experimenting on major organs and I expect to announce soon that a man may have any new organ."
 When reference is made to the transplanting of glands the average person usually thinks of rejuvenation, wondering if youth and the things that go with it can be restored. In answer to this question it is stated, "I do not pretend to transform the aged into youths, but I can push back a man's age twenty or thirty years, making his faculties more vigorous. The full effect is felt only after three years."
 From time immemorial men have been in search of youth. Ponce de Leon dreamed of a Fountain of Youth and thought he discovered it at St. Augustine. Others have also searched for the imaginary place where a person could discard the years as easily as a tree sheds its leaves, in the twinkling of an eye.
 Science and surgery have done much to lengthen the span of human life. All efforts along this line fascinate the human being, because life is precious and its possession incomparable. The desire for its continuation is ever present in the human breast.
 However there is a weak point in the belief that science and surgery can keep the world young forever. Progress has been made in this direction and doubtless greater progress will be made, but if you would be young forever, do not for a moment think you can spend your life in riotous living, then sit back and call, "Bring on your glands."
 Nature is too clever to permit that. Just remember that nobody enjoys the ridiculous more than nature.
 After all, this is the best rule for retaining youth:
LIVE CLEAN, THINK CLEAN THOUGHTS, OBSERVE THE RULES OF HEALTH, HAVE A FAMILY, MAKE FRIENDS, AVOID SELFISHNESS, STRIVE TO LEAVE A WORTH WHILE IMPRESSION ON THE WORLD IN WHICH YOU LIVE.—Clermont Press.

THE FARMERS AND THE FOOD SUPPLY

The railroad men and the coal miners are vehemently protesting against a reduction of their wages, which the general public is inclined to believe is timely and necessary. The protests have reached the form of violence in several localities, while in Herrin, Ill., they took the savage and brutal form of murder such as would have disgraced the savages of Ethiopia. There has been a deal of explanation and argument on all sides of the strike question which has availed little except to becloud the situation and make confusion worse confounded.
 But there are certain conclusions that we may safely come to because they are founded on facts, the results of candid investigation by the national house of representatives, or a committee of the same, with no other purpose than to get at the exact facts. These investigations show that the average profit received by the farmer ran from \$311 in 1909 to \$586 in 1915, \$903 in 1917, \$1,278 in 1918, and \$1,466 in 1919. In 1920 it dropped back to \$465. Understand that these profits noted above comprehended the net income of the farm, the result of the farmer's labor for long hours, supplemented by that of every member of his family if he were fortunate enough to have one. Miners earned in 1900 an average of \$590, while the farmer earned but \$311. Miners earned in 1918 \$1,280, and the farmers earned about the same, \$1,278. Both worked about the same number of days in the year. Now the farmers are earning about one-third as much as they earned at the peak of prosperity—\$465—and while we have heard much of hard times, we have heard of no conspiracy or combination among them to stop the production of food for the nation. The miners have been getting about the same wages as in 1918, and the proposal of 10 per cent reduction brings on a nation-wide strike and a Herrin massacre of men who are willing to work for wages which the union men refuse. The world is about as much interested in coal production as it is in food production, but note the difference in spirit and sentiment of the two classes of producers. Factory workers earned in 1900 \$571 and in 1918 \$1,147, as against \$311 and

\$1,278 for the farmers in the year named. Railroad employes earned \$651 in 1909 and \$1,294 in 1918.
 Conferees may settle strikes, but an increase in the food supply can only come by making production profitable to the farmer. The farmers will not strike, but they can hardly be expected to exert themselves to augment the food supply until they can see a reasonable and certain profit coming their way.
 —Tampa Times

FLORIDA TROPICAL NEWS

The Florida Tropical News makes its first appearance today as a member of the Florida Press. The paper will be issued weekly with the exception of monthly issues during June, July and August.
 The paper is non-partisan and will represent the interests of all the state and not any one community in particular. The management of the Florida Tropical News state their circulation will be nation-wide and arrangements are being made to place the paper on sale at all the principal news-stands in the country.
 The personnel of the Florida Tropical News consists of Frank P. Fildes, Publisher, Raymond H. Daley, Editor, and George H. Bowman, Business manager. Mr. Fildes is a native Floridian, born in Gainesville. He received his early newspaper training on several state papers. Though a comparatively young man Mr. Fildes has had varied newspaper experience, having worked on many of the largest papers of the country including the New York Times. He is at present a heavy stockholder in large Texas newspaper.
 Mr. Fildes is confident that no other state in the union offers the opportunities to all that Florida presents and will endeavor to serve the best interests of the State at all times in the columns of his paper.
 Mr. Daley, the editor, is well known in Florida newspaper circles. G. H. Bowman, the business manager, is from Fort Worth, Texas, where he made an enviable record in the newspaper business.
 Having mad dogs in Orlando. Orlando was always a month ahead. Dog days do not come in other cities until August. Orlando believes in having them early and getting rid of them.

MEMBERSHIP DUES THIS WEEK FOR FERNALD-LAUGHTON HOSPITAL —LADIES WILL CALL ON YOU

Annual Membership Dues Must Be Paid in This Week

A campaign is being made by the ladies of the city this week in the interest of the Fernald-Laughton Hospital with the view of collecting the yearly membership fees. Each family in the county is supposed to contribute their bit and every member of the family gives each year a dollar to the hospital in the shape of a membership. It is this annual contribution that enables the hospital to keep going and on account of the membership drive being put aside last year for the reason that there were so many other drives being made that the hospital is in arrears just about what the membership drive would have paid had it been made. The annual statement

printed in the Herald last week showed how much the hospital needed and while there are no charity cases as each case must be paid by some organization there have been charity cases and cases of urgent need taken care of by the hospital and the money has not been forthcoming from either county or city for many of them, leaving a deficit for the hospital. No public hospital pays expenses and in every city in the land each year a campaign for funds is made in some shape or other. They may be in tag days or charity balls or entertainments but the money must be forthcoming from some source to keep the hospital in funds. Hospitals are expensive and unless they are privately owned they cannot exist without contributions and endowments and the Fernald-Laughton hospital while making a fine record in the financial line has come to the point when the membership drive is urgent and absolutely necessary. The directors did not want to burden the people with any more drives but the membership campaign is not a drive in every sense of the word but is simply money that is due the hospital each year—the bit that every person gives as his or her share toward maintaining an institution that is vitally necessary in the life of the community. There are many things needed at the Fernald-Laughton hospital and they must be purchased to keep the hospital up to the high standard where it has always been kept by the help of the public spirited citizens of the county. You do not know when the services of the hospital will be needed in your own family and when it is needed you will know more about this institution and what it takes to maintain it, the excellent service provided, the unselfish work of the staff and the nurses, the president and officials and all those who are interested in the hospital and have been giving of their time and money sparingly.

The hospital is too small at present to give the returns it should give and must be enlarged to keep up with the growth of the city. Only by the support of the public can this institution be maintained and the public is expected to respond this week with their membership dues. It is a small contribution for such fine service.

Twelve Per Cent Added to Cotton In Tariff Bill

Was Proposed by Cotton Goods Manufacturer of Rhode Island

(By The Associated Press) WASHINGTON, July 17.—Senator Lenroot, Republican, of Wisconsin, charged today in the senate and Senator Smoot, of Utah, ranking Republican on the finance committee conceded that section of the tariff bill imposing additional duty of 12 per cent ad valorem on fancy cotton cloths was word for word as proposed by former Senator Lippitt, cotton goods manufacturer of Providence, R. I.

BUMPER, APPLE AND POTATO CROPS TO BE MARKETED THIS YEAR

(By The Associated Press) CHICAGO, Ill., July 17.—Immense production of apples and potatoes in the United States this season is expected, according to a statement here by the federal bureau of agricultural economics. The apple yield looked for exceeds by more than 10,000,000 barrels the crop gathered last year. Potato production indicated is the largest since the bumper crop of 1917. Predictions of the apple crop in the leading states are:

Washington, 7,470,000 barrels; New York, 5,511,000; California, 1,623,000; Michigan, 1,542,000; Virginia, 1,322,000; Oregon, 1,451,000. The total commercial crop is estimated at 21,413,000 barrels, compared with 21,204,000 barrels in 1921.

An approach to half a billion bushels of potatoes is the forecast crop, the actual estimate total being put at 428,607,000 bushels, as against 340,823,000 bushels in 1921.

LOCAL CREAMERIES OFFER BEST MEANS OF MARKETING DAIRY PRODUCTS IN FLORIDA

The product the dairyman is to produce determines the type of dairy farming he should follow. Dairy farming is organized on a basis to supply the large consuming centers. Large cities demand large quantities of fresh raw milk, and if the dairyman is going to produce whole milk, he should move near some large consuming center, and equip himself to become a highly specialized dairy farmer.

The market for high quality milk in Florida is limited because of the few large cities in the state. During the tourist season, which lasts from three to five months, there is a fairly good demand for high quality milk, but small in comparison to the states with many large cities, as is found in the East and Middle Western states.

The amount the whole family consumed is small in comparison to the amount consumed as by-products of milk, such as butter, cheese, ice-cream, or canned and powdered milk for cooking purposes; and Florida imports some \$17,000,000 worth in these forms each year, according to Professor H. L. Brown, extension dairyman.

In speaking of Florida's needs in marketing dairy products Mr. Brown says: "The great need in this state are markets conveniently located to the farming sections, so that farmers may supply milk and cream to be manufactured into by-products. During the tourist season the creameries can supply milk to the large consuming centers.

"This type of dairy farming will make dairying possible on thousands of farms that are situated too far from the whole-milk markets, and will put dairying in rural communities where the full benefits of the industry can be secured."

The Herald for first class job work.

FACTS ABOUT RUNNING WATER IN THE HOME

Did you know? That home water works will help keep the doctor away? That they will eliminate the lifting of approximately 60 million pounds of water daily? That they will keep the wife young? That they will eliminate 152 miles, the distance the average housewife walks yearly carrying water? That home water works systems may be had for as little as \$25. Do you have home water works? If not, why not?

The above statements, made by Professor Rogers, department of agriculture engineering, Florida College of agriculture, offer sufficient argument for making the home more convenient and the housework more efficient by having running water.

DAM BREAKS AND WATER FLOODS COUNTRY NEAR CHICOPEE, MASS.

(By The Associated Press) CHICOPEE, Mass., July 17.—20,000,000 gallons of water flooded a large part of the Williamsett district today when Langwald's dam and another dam at Robert Pond gave way. Residences and business places along Chicopee street were flooded. No lives were lost but property damage was heavy.

TAMPA-SARASOTA TRAIN IS CANCELLED

(By The Associated Press) TAMPA, Fla., July 17.—First cancellation of train service in this section as a result of the strike of shopcraft men on the railroads came this afternoon with the cancellation of the Seaboard Air Line Railway's passenger train between Tampa and Sarasota. This leaves one passenger train per day between this city and Sarasota—the morning train.

There have been no cancellations of service on the Tampa & Northern, which is a Seaboard line terminating at Brooksville; nor on the Tampa and Gulf Coast, the Seaboard Line to St. Petersburg; nor on the Atlantic Coast Line, or the Tampa Southern, which is a Coast Line branch to Bradenton.

Second sheets, 8 1/2 x 11, only 50c per 1,000, while they last, at Herald office.

FREE STATERS TAKE DUNDALK AND 300 MEN

(By The Associated Press) BELFAST, July 17.—Dundalk is in the hands of the nationalists, more than 300 republicans having been taken prisoners. Between 4 and 5 o'clock in the morning the nationalists virtually seized the town, only two casualties resulting—two irregulars, one killed and another seriously wounded.

Yesterday Dundalk was held by the republicans. During the night Free State forces commanded by General Hogan descended upon the town by road and immediately began an enveloping movement. In quick succession they seized the county prison and the county hospital in the south end of the town, the Bridge street barracks in the north and the post office and several business houses in the center. The occupants of the Anne street barracks, the episcopal headquarters, learning what was happening, set the barracks afire, left explosives in the mattresses and tried to escape. They were called upon to halt, and, failing to comply, were fired upon by the nationalists, who were in possession of the railroad platform. It was here that the casualties occurred. About twenty men were taken prisoners, all without weapons.

The military barracks was captured without a shot. Nationals entering from both sides, overpowered the sentry and disarmed the guard. In fact a majority of the men were in bed and they found themselves under arrest when aroused.

The republican guards at the railroad station and prison were also disarmed and arrested. The group of irregulars coming from a dance at Black Rock, Louth, also were made prisoners. The free staters engaged in this movement are attached to the fifth northern division.

Two White Men Killed at Kissimmee, In the Negro District

Fired Upon by Ambushed Negro Supposed to Be an Outlaw

(By The Associated Press) KISSIMMEE, July 17.—Gene Rinehart is dead, Stewart Ivey probably fatally injured as the result of an attack last night by a negro who authorities believe to be Oscar Meek and for whom officials in every Central Florida county is searching. Rinehart and Ivey were in an automobile passing through the negro district when the shooting occurred. Details are meager as Rinehart was instantly killed and Ivey in such a condition he is unable to talk.

Judge Will Impose Jail Sentences On Striking Men

Who Violate Federal Court Injunction Relating to Strike

(By The Associated Press) ST. LOUIS, July 17.—Federal Judge Tricher today announced he would impose jail and penitentiary sentences and not fines on strikers who violate federal court injunctions relating to the railroad strike.

SOUTHERN MILLS NOT TO TAKE ADVANTAGE OF CHILD LABOR LAW

(By The Associated Press) ASHEVILLE, N. C., July 17.—Important among the developments at the southern industrial conference being held at Blue Ridge was the unanimous sentiment expressed by all of the cotton mill officials from Virginia, the Carolinas, Georgia and Alabama, who are in attendance, against taking advantage of the repeal of the child labor law, although all agreed in the constitutional correctness of Chief Justice Taft's decision.

Opinion seemed to have crystallized against working boys and girls ten hours per day. On the contrary, every man seemed in favor of more education rather than more work for all those under sixteen years of age. Steps are already being taken toward the formation of a plan under which five hours daily will be spent in the mill and three hours in school.

Stuart W. Cramer of Cranerton, N. C., chairman of the national committee of the American Cotton Manufacturer's Association, sounded the sentiment that the Taft decision would not lower the eight-hour standard, and said as a rule "the manufacturers of the south profoundly regret the loss of the results of the inspection that ceased with the Taft decision. Any southern man who fails to observe the restrictions that have resulted from experiments, both legislative and industrial, whether compelled to do so or not, is a traitor to his industry and his own selfish interests.

"Manufacturers of the South are determined," declared B. E. Gear, president of the Judson Mills, Greenville, S. C., "that our mills shall be run not only to make cotton cloth, but to make the right kind of men and women as well."

COMMUNICATION FROM RUSSIANS SEEMS BETTER

FOR PROSPECTS OF RESUMPTION OF THE HAGUE PEACE PROPOSALS

(By The Associated Press) THE HAGUE, July 17.—Communication from the Russian delegation today held out the prospect that the conference on the Russian affairs here which has seemed on the verge of a final breakdown might be resumed.

THE HAGUE, July 17.—The central, or non-Russian, commission officially took a new conciliatory step last night, paving the way for the reopening of the conference, when M. Patyn, president of the commission sent a letter to Maxim Litvinoff, head of the Russian delegation, declaring that it was the unanimous opinion of the presidents and members of three sub-commissions that if M. Litvinoff wished to make a statement modifying his previous declarations the new statement would be taken into consideration. In such event it would be possible to continue the negotiations.

M. Litvinoff conferred with Edward F. Wise, of the British delegation yesterday after which rumors were circulated that the negotiations were to be resumed.

CHAMBER OF COMMERCE

A meeting of the Traffic and Transportation Committee, the Inland Waterway Committee, Ship by Water Committee, and Retail Merchants Committee has been called for Tuesday evening to meet with representatives of the Florida Traffic Association to discuss the proposed rate increases on inbound shipments which were requested by the Fourth Section Committee of Southern Carriers. Numerous hearings have been held of these proposed increases and all indications point to them becoming effective. In the event that they are authorized by the Inter-State Commerce Commission, the railroads will ignore the depressed rates which seaboard and inland water towns enjoy, and thereafter rates will be figured on a mileage basis. It will mean an increase of approximately 60 per cent on rail shipments to Sanford, however water rates will maintain their low level and as long as the St. Johns river is navigable Sanford need never be at the exigency of the transportation companies.

The Publicity committee will meet sometime during the week to prepare its budget for the coming season. The committee does not expect to issue any new booklets this year, but immediately upon completion of the new buildings, yacht basin, golf course, and other improvements, a new booklet will be compiled showing these improvements. It is the intention of the Publicity Committee to have an eight page folder printed which will contain answers to the numerous inquiries received by the Chamber of Commerce which will supplement the small number of booklets which are still on hand. It is also the intention of the Publicity Committee to have printed a four-page letter-head, the inside covers of which will contain views of Sanford and pertinent information. These letter-heads will have a panel at the top, in which can be inserted the names of the different business concerns of the city. These letter-heads will be furnished at a low figure and should prove a valuable advertising medium. Co-operation of all the merchants is requested to make this feature a success.

At the last meeting of the board of Governors a Special Committee was appointed to investigate the amount necessary to provide for further publicity purposes and also for the band and for charitable purposes, finances for which have heretofore been subscribed by the merchants and other public spirited citizens. The procedure of paying all items defrayed by a publicity tax is the only equitable one yet devised, and has proven successful in all communities in which it has been tried.

Advice has been received from Senator Fletcher to the effect that he has requested the preliminary survey for a twenty-foot channel from Jacksonville to Palatka to be changed to include Sanford. This action on Senator Fletcher's part was at the request of the Sanford Chamber of Commerce and the Central Florida Water Traffic League.

Complaints have been received from a number of people who have visited New York that they have been unable to secure return tickets through to Sanford, due to the fact that it was not shown in the Trunk Line Tariff. This matter was taken up with the proper railroad officials and assur-

ances given that this oversight will be corrected and Sanford will hereafter be shown in these tariffs.

Despite the efforts of the Chamber there are still a number of stock salesmen active in Sanford. While it is true they are not promoting their securities in anywhere near the amount they did in former years every dollar taken out of Seminole county is the same as extracting our life blood, particularly at this time when there are so many developments going on, and so many more contemplated but held in abeyance due to the difficulties experienced by our local people in securing necessary funds. It is again urged upon every citizen who is in a position to invest to keep their money at home, or if they have been hypnotized by some high pressure salesman, their bankers should be consulted on the merits of the outside proposition in which they may have become interested.

If you have any friends in the north who are contemplating a visit to Sanford this winter the Secretary's office will be glad to cooperate in any further efforts to interest them to spend the winter in Sanford. Advantage should be taken of Sanford's latest and most important asset the Country Club and Golf Grounds. It is anticipated that a number of Florida's most prominent winter visitors will try it out this year. Be sure and mention it to your friends elsewhere, who are golf enthusiasts.

SEABOARD TRAIN DERAILED TODAY, ONE IS KILLED

Fire Cars Fast Mail Train Derailed Between Jax and Savannah

(By The Associated Press) SAVANNAH, July 17.—Five cars of the Seaboard fast mail, New York to Jacksonville on the Seaboard Air Line turned over at 5:30 this morning one mile south of Cox, Georgia, between Savannah and Jacksonville. A negro dining car cook was killed and several passengers injured. The train struck a broken rail and five cars were tossed into the ditch. The engine remained on the track with two cars.

GETTING READY FOR NEW THEATRE BUILDING IN SANFORD

During the last few days workmen have been busily engaged on the site of the new Sanford Theatre corner of Magnolia Avenue and Second street, cleaning up the lot and making ready for construction of the foundation of the handsome and modern theatre-business building.

The board of directors of the Milane Amusement Company have made splendid progress in perfecting all plans and arrangements for the start of building operations, and the officers of the company state that when the structure is completed and equipped Sanford will have a theatre of the first class and one of the best in Florida.

The ventilating system to be installed will be of capacity sufficient to change all the air in the auditorium in less than one minute. This insures a comfortable temperature in the hottest weather and the officers further state the low-pressure steam heating system called for in the plans will provide patrons with the right degree of heat on all kinds of cool days.

The president of the Company F. L. Miller has called a meeting of the board of directors for tonight and a number of important matters will be brought before the meeting for discussion and action.

MEMBERS OF A.F. OF R.W. TO JOIN STRIKE

(By The Associated Press) CLEVELAND, O., July 17.—Members of the American Federation of Railroad Workers, employed here, voted tonight to join the shop men's strike at 9 o'clock Monday morning, according to an announcement by officials of the union. The union, which has no connection with the American Federation of Labor, has a membership of 90,000.

Approximately 1,200 pipe fitters, coach repairmen, painters, freight car repairers and inspectors will be affected here today, the officers declare. The fact that the inspectors are included, they say, will hinder traffic at once.

THE SANFORD HERALD

H. J. HOLLY, President and Editor; E. J. LILLARD, Secretary and Treasurer; M. A. NEBEL, General Manager

Published Every Friday by THE HERALD PRINTING COMPANY (Incorporated)

SUBSCRIPTION PRICES IN ADVANCE: One Year \$2.00; Six Months \$1.25; Three Months .75

Entered as Second Class Mail Matter, August 22, 1898, at the Post Office at Sanford, Florida, Under Act of March 3, 1879.

The Sanford Daily Herald is published every afternoon (except Sunday) and thoroughly covers this trading section. Advertising rates reasonable and made known on application. \$5.00 per year or 15c per week.

A suggestion from the medical fraternity to the women this summer is "not to wear much clothing." Advice easy to take and easy to follow.

A great many students of current events and past history say that a revolution is imminent in this country. Maybe it will take a revolution to bring some of these money-changers to their senses.

It would be well to look into the question of reapportionment as now outlined in the amendment to be voted on in November. Many think it would only give West Florida more representation and south Florida less and not change a thing.

Another advance in the price of newspapers ratcheted this month. We knew the strike would be a good excuse for a raise all along the line. Since there is no way of raising the price of newspapers and advertising at this time the newspapers will have to suffer the loss as usual.

We are glad to note that the west side park has received the attention of the street department and City Manager Ryan has made many improvements in that park and expects to make more of them. And we also take pleasure in saying that all of the parks are prettier than ever before.

This old "love thy neighbor" business is all right in theory but in practice it is something else. How many people in the world today give a tinker's dam about whether their neighbor is starving to death or not. There is too much money grabbing for any love to be apparent.

The Orlando papers say that two banks in Orlando will each build a nine-story building. They are trying to keep up with our banks here. Now it is up to the Seminole and People's Bank to put up twelve story buildings since the First National is starting a six story one and Orlando nine story.

The Daily Herald will endeavor to keep the paper bigger and better during the summer months. We believe with the proper amount of advertising that the merchants here can experience the best summer's business in their business careers. Let us keep Sanford coming winter and summer.

More trouble in the West Virginia coal mines. Since the government has done nothing about the killings in Illinois there will be plenty of bloodshed all over this country unless the corporation heads see the light and stop aggravating the men to a degree where they will commit murder and the government allows them to do it, seemingly.

This is hospital week and we should all pause long enough in our daily labor to give something toward this institution that has done and is doing so much for the afflicted. It takes just so much each year to operate the hospital over and above what comes in from patients and this must come from voluntary contributions in the form of memberships to the hospital association. Give what you can for the hospital.

Men are not measured today by the amount of brains they possess or by the many acts of kindness they do or by the amount of charity they pass out but by the amount of money they may have in the banks. If they are rich they are respected by the majority of the people regardless of how they obtained the money or how they use it. The world has not yet reached that point where they bestow adulation on a man for what he really is today and not for what he possesses in riches.

Another dream is shattered. We said that no man could make a million dollars honestly. Other papers said it could be done and cited a foreigner who sailed for home the other day worth over a million made in two years in America. We again said it was not made honestly. Now it is learned that he was the head of the bootleggers and getting his quit the game when quitting was good. We still maintain that no man can make a million honestly in two years time starting from the ground up and with no money in his pockets.

AFRAID OF HENRY FORD

The Herald said many weeks ago that Henry Ford would never get possession of Muscle Shoals as long as the Republicans were in power and the corporation hogs had anything to do with the proposition. Henry Ford is one of the richest manufacturers in the country but he has always been in favor of giving everyone a square deal and his management of the labor in his factories and on his railroad has demonstrated that kindness and fair treatment will do more to settle satisfactorily all the labor problems than all the labor boards in the world. Henry has shown up the corporations and the railroads and the Republican party in such a strong light that they are very anxious to croak Uncle Henry good and proper and they have been laying for him with the black-jack of corporate influences for some time. They tried to cripple his finances with Wall Street as the "gunman" but Henry dodged them with one of his peculiar twists and got safely away from their clutches. Since that time they have vowed that Henry would never get possession of the Shoals or any other big prospect where he could again show them up and make them ridiculous. The fertilizer trusts and the automobile trusts and all the other trusts are afraid of Henry Ford in possession of the Shoals with all the vast opportunities presented there for the benefit of the real people of the United States. Muscle Shoals would revolutionize business, especially in the South, and that is just what the Northern capitalists and Republicans do not want. With Henry Ford at the Shoals and the wheels of industry turning in the South many of the dreams of the Republican corporations would come to naught and they would be sent so far back to the tall uncut that you would never hear of them again.

And strange to say some of the Democrats are also afraid of disturbing the present system that gives all the money to the rich and makes the poor poorer. What America really needs and what America will have some of these days is a new party.

SECURING ACTUAL REAPPORTIONMENT

The voters of this state are asked to ratify in November a proposed amendment to the constitution of Florida. That amendment provides that the next legislature following the ratification shall reapportion the representation in the house and senate. The amendment proposed also carries a provision under which, if the legislature refuses or fails to so reapportion, it becomes the duty of the Governor to immediately reassemble that body in special session and demand of it that it do what the regular session failed or refused to do.

This amendment is by its advocates deemed necessary to cure the failure of each succeeding decennial legislature since 1885, the date of the constitution, to obey the mandate of the constitution as to reapportionment. The next decennial date for the reapportionment under the constitution of 1885, will be 1925, three years from now. If the proposed amendment is adopted, the legislature of 1923 will do the reapportioning, according to a proposed schedule set out in the bill providing for the vote on the amendment.

If the legislature of 1923, following the ratification, shall refuse to reapportion, it becomes the duty of the Governor to immediately reassemble that body and demand of it obedience of the law. If the reassembled legislature refuses to obey this mandatorial amendment to the constitutional mandate, the governor is at his rope's end. He can do nothing, save perhaps reassemble, and keep on reassembling the body until his term expires or the taxpayers grow weary of paying the bills for the reassembled do-nothings.

Every governor of this state, since the failure of the first decennial legislature in 1895, to obey the constitution, had the same right, and the same power, and the same duty lay upon him as is sought to lay upon the present governor by this amendment. The only difference is that whereas it was left to the honor, the statesmanship, the observance of his gubernatorial oath, and his keeping of good faith with the people, of each preceding chief executive, the present one is told he must make this demand; and having made this demand, his skirts will be politically cleared, and he will be able to say, "I made personal, official demand for reapportionment, and your representatives refused to obey the chief executive."

Every governor of this state since 1895 has had the power of enforcing each recalcitrant legislature to obey that mandate. All it took was back-bone, nerve, and determination. The governor, who had told a refusing body to reapportion legislature; "Gentlemen, until that reapportionment bill is passed and the reapportionment effected as required by the constitution, I will not affix my signature to

a single other bill, appropriation or what not," would have won. That legislature would have perhaps, stormed and fumed, but it would have reapportioned this state's representation, and so would the next and the next on which the duty devolved. If Governor Hardee will exercise the inherent power of his office to enforce his recommendation, and to exact constitutional obedience and respect from the legislature by telling it he will not sign a single bill or joint resolution until the proper just re-apportionment is made, he will have done what he pledged his administration for, secured an actual reapportionment. If he does not, instead of securing that he will in all likelihood if the amendment is insisted on, get either an unfair partial adjustment of this state's unjust representation, or else, a flat refusal to respect an amendment to the constitution itself.—Tampa Tribune.

FIGHTING THE MOSQUITO PEST

The prevalence of Dengue fever in Tampa is ascribed by the medical authorities to the sting of a certain species of mosquito. That being the case, and science has proved that the mosquito is a purveyor of certain well-known, and proven on him, diseases, then the work of extermination of the mosquito in this locality should be made the business of the hour. Crude oil is urged as the preventive of mosquito breeding. It has been found to work a success where used, and its use kept up. Pouring a little oil on stagnant waters in rain barrels and tanks, and in swamp areas destroys the possibility of a mosquito being hatched there, so long as the oil remains an air-excluding film on the surface of the water; but when the next rain comes the ditches and the swamps and low places are flushed out and the oil is washed away, leaving fresh water free of the oil, ready again for the industrious mosquito to lay eggs in again. Unless the authorities, or some watchful individual, repeats the application of oil to the troubling waters after every rain, the fight against mosquitoes is a failure.

Fill gunny sacks with sawdust, or fine shavings, packing it well. Soak the sacks and contents to saturation in crude oil, after which drop them in ditches where water stands, in low places subject to overflow, and into the nearby swamps. The oil will ooze continually and film the surface of the water, and when the rain washes that water and film of oil away the sack of oil saturated sawdust starts at once to ooze more oil to close the surface of the water against the mosquito ready to lay its eggs.

Let us use some judgment in this mosquito fight campaign. It is not sufficient to destroy breeding places today and allow them, or others, to abound tomorrow or next week. Empty, water catching tin cans that are picked up today must not be followed by another crop of carelessly tossed out cans tomorrow. It is not sufficient, in fact it is wastefully foolish, to buy oil for applying to breeding places today, and merely shrug our shoulders tomorrow when we see it washed out to the bay by a rain. What we need is to get some common sense to work along with out flue, but otherwise inadequate theories.—Tampa Tribune.

NOW IS THE TIME TO SPECIALIZE

This is the day of specializing and this is the time of the year to specialize in your advertising by running special sales every week on something in your store or running a sale that will cover every article in your store but have a sale and get business during the summer months. Money is shy whenever there is a strike or rumor of strike and you must induce business to walk into your store by offering such attractive bargains for cash that the business will be tempted to part with the cash. Maybe it will mean putting off the summer vacation and it may mean working right on through the summer but you are no better than the newspaper man and he works right on summer and winter. It is the idea of making Sanford the place for bargains and the place where people want to trade that will make this city great. It is the idea of stimulating business when business is slow and apathetic that the wise merchants are putting them on every week now and using the Daily Herald for the advertisements and they are getting results. We should all put our shoulders to the wheel this summer and work as we have never worked before to give Sanford the busiest summer in history. We can do it if we will keep awake to the fact that summer business needs newspaper stimulation.

Governor Hardee is saying a lot about reapportionment these days and we will wait and see if he carries out his ideas when the legislature meets or does like the preceding governors—lets them run it over him.

FIVE DEAD IN MINE GUN BATTLE

(By The Associated Press) WELLSBURG, W. Va., July 20.—The number of recovered dead in the gun battle at the Clifton mine at Clifton, on Monday morning, was tonight brought to five, when Deputy Sheriff Herb Allen located the body of a man who had been shot in a field about half a mile from the spot where Sheriff Duval fell. Twenty-one new arrests were made tonight in connection with the round up of these suspected of having taken part in the fight.

ATTEMPT TO HANG RAIL ROAD SHOP WORKER

(By The Associated Press) NASHVILLE, Tenn., July 20.—Four men were arrested tonight and five others are being sought in connection with an alleged attempt to hang J. F. Brittain, an employe of the Radnor shops of the Louisville and Nashville railway, near here last night.

RENEWED TESTIMONY

No one in Sanford who suffers backache, headaches, or distressing urinary ills can afford to ignore this Sanford woman's twice-told story. It is confirmed testimony that no Sanford resident can doubt.

Mrs. J. Meisch, 610 West First St., says: "I can recommend Doan's Kidney Pills highly from my own experience. I had just recovered from the grip and my kidneys became weak. My back caused me to suffer acutely, and I felt miserable. I read about Doan's Kidney Pills and decided to try them. They have given me great relief and I am glad to recommend them." (Statement given May 21, 1914.)

On February 2, 1922, Mrs. Meisch added: "I haven't had the slightest need of a kidney remedy since Doan's Kidney Pills cured me. My cure has proven permanent and I gladly confirm my former statement." 60c. at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

Missouri Lady Suffered Until She Tried Cardui.—Says "Result Was Surprising."—Got Along Fine, Became Normal and Healthy.

Springfield Mo.—"My back was so weak I could hardly stand up, and I would have bearing-down pains and was not well at any time," says Mrs. B. V. Williams, wife of a well-known farmer on Route 6, this place. "I kept getting headaches and having to go to bed," continues Mrs. Williams describing the troubles from which she obtained relief through the use of Cardui. "My husband, having heard of Cardui, proposed getting it for me. I saw after taking some Cardui . . . that I was improving. The result was surprising. I felt like a different person. "Later I suffered from weakness and weak back, and felt all run-down. I did not rest well at night, I was so nervous and cross. My husband said he would get me some Cardui, which he did. It strengthened me. . . My doctor said I got along fine. I was in good healthy condition. I cannot say too much for it." Thousands of women have suffered as Mrs. Williams describes, until they found relief from the use of Cardui. Since it has helped so many, you should not hesitate to try Cardui if troubled with womanly ailments. For sale everywhere. R.33

OVIEDO

Miss Lucille Taylor left Wednesday for her home in St. Augustine after a visit of several weeks with Miss Mable Swope.

Mrs. C. L. West and baby and Miss Madeline Jackson returned to Oviedo from Daytona Beach Saturday for a few days.

Misses Catherine and Maxine Young entertained at a rook party Friday morning in honor of Miss Mable Swope and her guest, Miss Lucille Taylor of St. Augustine.

The entertainment at the school house Tuesday night given by the members of the Golden Rod Sunday School and the Pepper Band of Oviedo was quite a success in every way.

Mrs. L. R. Mitchell returned to Oviedo Friday after a visit of several weeks with relatives in Covington, Ga.

A call meeting of the Woman's club on Monday afternoon was well attended by the members. The subject discussed was the location and purchase of a park for Oviedo. Mr. and Mrs. T. L. Meade have very liberally offered the club five acres of land on Sweetwater Creek for park purposes. This property and several other sites are to be considered by a committee appointed by the club.

Mrs. W. B. Williams and two sons Roy and Robert left by auto Sunday night for Atlanta and points in North Carolina.

T. J. Brannon spent Wednesday night and Thursday in Orlando.

Mrs. O. L. Wolcott and son Henry returned Saturday from Daytona Beach.

The base ball game between the Oviedo and Orlando Boy Scouts Thursday afternoon on the Oviedo diamond resulted in a score of ten to seven in favor of Oviedo.

Mr. and Mrs. C. L. West and Miss Madeline Jackson returned to Daytona Beach Tuesday morning.

Mr. and Mrs. Joe Brown returned last week from a visit to relatives and friends at Ambrose, Ga.

Miss Mable Swope and brother Francis were Sanford visitors Wednesday.

Mr. and Mrs. R. W. Lawton and little daughter Virginia left Thursday for Waynesville, N. C.

Tanlac's reputation as one of the best medicines on earth was won by results, not claims. Try it.—Union Pharmacy.—Adv.

LONGWOOD

Mrs. J. H. Allen and granddaughter Barbara Hunt returned last night from Georgia, where they have been visiting relatives. Miss Olive Dinkel returned home from Orlando Wednesday where she was the guest of Mrs. E. C. Maury.

The B.Y.P.U. had a picnic supper out at Palm Springs last Wednesday evening. Everyone reported a good time.

Miss Aldia LeVigen spent several days with Hazel Jones in Orlando.

Mrs. B. J. Overstreet and Mrs. L. R. Payne were shopping in Sanford Wednesday.

Friends of Mr. and Mrs. Thomas New of Orlando will be interested to know that they are announcing the birth of a son born July 4th. Mrs. New will be remembered as Miss Nancie Hartley.

Mr. McGanaway of Lakeland was in town demonstrating the new National Sewing Machine.

Mr. and Mrs. C. G. Traub and son of Miami were visiting J. E. Phipps one day last week.

Miss Lella and Emma Fuller spent the week end in Orlando as the guest of Mrs. Frank Topliff.

Rev. Warren Entzmlinger of Lakeland preached at the Baptist church Sunday.

Mr. and Mrs. C. W. Entzmlinger were visitors in Orlando Saturday.

Miss Hettie Arnotto left Sunday for DeLand where she will visit friends.

Mr. Hughes and Mr. Post of Orlando were visitors in town Friday.

J. K. Fuller and Miss Ellen Fuller were visitors in Orlando Thursday.

L. R. Payne was transacting business in Sanford Friday.

Miss Etha Hartley returned the middle of the week from Groveland, where she had been visiting relatives.

Mr. Hayden Miller of Jacksonville was the guest of J. E. Phipps Tuesday.

A teaspoonful of Herbine will produce a copious and purifying bowel movement, improve appetite, restore mental activity and a fine feeling of vigor and cheerfulness. Price, 80c. Sold by Union Pharmacy.—Adv.

EAST SANFORD

A son was born to Mr. and Mrs. Christ Bucurch last week and has been named Christ.

Mr. and Mrs. Graham Hunter and little son Lee are expected home Sunday in their car from Charlotte, N. C.

Mr. and Mrs. Talbot of Fort Myers, who have been living in the Hunter home this summer have taken a house at Sanford Heights.

Seed bed work is now on again, the little white tops are beginning to appear on the farms for the 1922-23 celery crop. Seed for early celery was sowed as early as July 10th.

Dr. and Mrs. Hasledon are leaving this week for their former home in South Carolina, to remain an indefinite time.

Mr. and Mrs. Bales and Miss Elma Lohmas from Orlando road will take over the bathing beach and live in the Hasledon house at Silver Lake.

Mrs. May Hasty visited her daughter, Mrs. Marion Austin and family in Orlando yast week.

Miss Emma Gallagher from town has been the guest of Miss Hoskins Jones this week. Miss Gallagher is leaving for Los Angeles soon for an indefinite stay.

Mr. and Mrs. A. Corpany visited in Auburndale and Port Tampa city the past week, making the trip in their car.

J. W. Corley arrived here in his car from Englewood, Ga., last week. Mrs. Corley will not come until September and Joe will attend school in Atlanta this coming year.

W. W. Dresser went to Jacksonville on Sunday's boat to remain several days on business at the state headquarters of the Klim Milk Co. to perfect plans to introduce more fully to the people hereabouts Klim milk.

Captain Bell is at the Fernald-Laughton hospital having a foot amputated. It was injured some time ago by a bruise. He is said to be doing well.

LOCALS

(From Thursday's Daily) H. A. Neel and Reg Holly, of the Herald Printing Co., spent a few hours yesterday at Orlando on business.

Take a trip to the country club and golf links this afternoon. They will make you proud of the fact that you are living in Sanford.

Harry Talbot and Mrs. C. H. Dingee left for their homes in Dunedin this afternoon. Mr. Talbot has been at his farm in Sumter county and Mrs. Dingee has been the guest of Mrs. R. J. Holly.

Charlie Stokley, the 'Banana Prince' of Mt. Dora was in the city today shaking hands with his many friends and reports his banana plantation as being in the pink of condition and making money every year.

We note by the late edition of Judge that our old friend Cuthbert Butcher won another golf match at the Westchester Biltmore Club at Rye, N. Y. Mr. Butcher laid out the golf links for the Lakefront Improvement Co., near the site of the present country club and golf links.

Yowell Company are making a special drive on men's gabardine and Palm Beach suits. The suits that have been selling for \$35 will go for \$23.98 and others in proportion. Royal Society fancy goods on special sale and stamped pillow cases and other fancy stuff. Read the advertisement in this issue.

This is the time to advertise in the Daily Herald and help to put Sanford on the map. There are more Daily Heralds going out of town now than ever before and a daily paper filled with advertisements speaks well for a city. It means that all your reports of business activities have the backing of live merchants.

The new Smith building at the corner of Sanford avenue and First street is going ahead rapidly and will add much to the appearance of that part of the city. Sanford avenue is coming to the front in the business circles of the city and many new buildings are being erected and many are contemplated for this thriving business street.

Mr. and Mrs. A. L. Renaud and two bright children arrived in Sanford yesterday, making the voyage from New York via the Clyde Line. Mr. Renaud has purchased an interest in the Sanford Battery Service Company with his brother, L. A. Renaud, and will make his future home here.

He has had years of experience in this line with the General Motors Corporation and brings to Sanford all the newest and best ideas of the modern service stations of the north, and expects to better the already first class service station with which he is now connected. The Herald bespeaks a hearty welcome for these new comers.

Read Speer's advertisement in this paper. Two days special sale, Friday and Saturday which time there will be specials in Pongee silks, imported organdies, bleached muslin, Scotch imported gingham, sheets, sheetings, long cloth, satins, hosiery and many other articles. Read the advertisement—you have just two days to take advantage of the prices. Glance at the prices in this issue of the Daily Herald.

A card from Charlie Whitner bears the intelligence that he is in Montreal and other points in Canada and having seen the birthplace of 'Johnnie Walker and other great men will move on to the St. Lawrence country where he will visit the Canadian Club and pick Four Roses with Three Feathers. Like all of the many Sanford visitors in the pleasure resorts he wishes we were there and we wish he was here or lower down.

Just one more week of Baumel's July Clearance Sale a half page in this issue states and calls your attention to just a few of the remarkable bargains being offered by this well known firm. Dress values are here in pongees, voiles, percales, gingham, silks and crepes. Look at the prices. Drastic millinery reductions will close out this big stock of up-to-date summer millinery, street hats, pattern hats, leghorns, satins, etc., almost given away. Read Baumel's advertisement in this issue.

Drink Peabody's Grade A and Hard Water Blend Coffee. Roasted, ground and packed in Sanford. 98-3c; w-1c

SOCIETY FOR THE WEEK

(From Thursday's Daily) Mrs. W. Morton Thigpen and little son Billie, and Miss Ethel Deen are spending a week at St. Petersburg.

Messrs. D. L. Thrasher and R. A. Newman motored to Daytona Beach where they will spend a few days.

Mr. and Mrs. Raymond Allen are spending a week in Maitland as the guests of the latter's mother, Mrs. Stanley.

Miss Florence Moore of St. Petersburg has been the guest of Mrs. L. L. Allen while taking the teachers examination.

Miss Ethel Henry is in Clyde, N. C., at Skyland Camp, where she is councillor in swimming, basketball and horseback riding.

Miss Hester Costello leaves this afternoon for Daytona Beach where she will spend a few weeks before going to Orlando where she will have charge of the Day Nursery.

Miss Inez Watt of Bartow, who has been the guest of her cousin, Miss Wauhnetta Allen for the past month, left yesterday for her home accompanied by Miss Allen.

Dr. and Mrs. W. T. Langley, Miss Martha Langley and Mrs. F. B. Langley and son Frank are the guests of her sister Mrs. J. C. Deen at her home on Magnolia avenue.

The many friends of Mrs. F. B. Langley, formerly of this city, but now of Lakeland are delighted to see her again, she being the guest of Mrs. W. T. Langley for a few days.

Mr. and Mrs. J. D. Woodruff and Mrs. Howard P. Smith motored to Daytona Beach today. Mrs. Woodruff will spend a week there as the guest of Mr. and Mrs. R. A. Newman.

LEWIS-HEDDENS

Yesterday afternoon at the Baptist Pastorium Miss Marion Heddens and Mr. J. M. Lewis Jr., both of Orlando, were married by Dr. F. D. King, the impressive ring ceremony being used. The young couple were accompanied by a number of their friends. Mr. and Mrs. Lewis left late in the evening.

Swelling caused by insect bites can be reduced by using Ballard's Snow Liniment. It counteracts the poison and relieves the irritation. Three sizes, 30c, 60c and \$1.20 per bottle. Sold by Union Pharmacy.—Adv.

Work is progressing on all of the new buildings.

PUBLIC FORUM

STEADY, MEN!

Since Moses lead the striking Israelites out of the iron hand of Pharaoh, he set the pace as a strike leader and we are still following. With the same faith in the promise of a better life, and better conditions, and while we follow him in practice, we should also follow in spirit.

We are now passing through the third week of this great economic move and the men charged with responsibility of said move at this place, deplora the acts of violence reported in the daily news at different points. And we want the good people of our city and every striker to know that violence has no place in this move and would prove to be a stumbling block to our cause. We were warned concerning this matter from the first by our leaders, and, feeling that we have the confidence of this community, we consider that confidence of priceless value and were it possible we would gladly take the people into our confidence; as our cause we feel is just and reasonable. If that be true then, who would dare say that justice should not be done? There are many good people perhaps who think a strike is necessarily a fight between the contending forces using physical force. But that is just what we are trying to get away from. And in this trouble we would like for every one to know that it's a matter in which our representatives and the Board and the spokesmen for the roads have failed to agree and we as men in the protection of our interest have withdrawn our services until such a time as they reach an agreement and for the sake of all we hold dear, have faith, hope, and a liberal sprinkling of charity and we are sure of an agreement under which we will not be ashamed to work.

THE COMMITTEE.

H. Cataneo, proprietor of Cataneo's Grill of Daytona was in the city yesterday accompanied by Mr. Green looking over the ground preparatory to opening the Valdez dining room. Mr. Cataneo has many friends here who were glad to see him.

Mr. and Mrs. L. I. Frazier have returned from an auto trip that extended over many points of interest in the mountains and to far northern points.

STATEMENT TO THE TAXPAYERS OF THE SPECIAL SCHOOL DISTRICT NO. 1

Dear People:

I feel it is my duty to call your attention to a great error that is about to be made with your money that you have just voted bonds for \$30,000 for improvements to buildings and one new building. This the location of the new primary school building between Fourteenth and Fifteenth street, between Magnolia and Palmetto avenues. I have done everything that I can on the board to prevent this location but without results and I feel after this protest to the people my conscience will be clear and not to do so it will not. My reason for this protest is that the location is on one of the very lowest parts of what we have always called the flats and is unfit for school purposes on account of its low and muddy conditions, without drainage, except one large ditch that is obliged to carry a certain amount of sewage matter. Sanford has long needed an athletic park in connection with its schools and while possibly the primary schools would not be as good a location as either the High school or Grammar school, however, there is no possibility for such a park at either of these locations, and I feel that now is the time that we should purchase enough land to have one and this can be done by going about three blocks further south on what is known as the Lane lots that are high and dry, a beautiful location with beautiful shade trees that must be sixty or seventy years old. However, my eyes are not glued to these lots, and am willing to vote for any lots in the city limits that are reasonably drained and dry enough for School purposes. But my twenty-eight years residence in Sanford will never permit me to vote for the proposed location when I know that it is nothing more than a swamp. I make this appeal that the tax payers and school patrons may take notice of this matter, and look the situation over and if they feel that a mistake is being made, bring such pressure to bear upon both your local and county boards that it will be rectified. On the other hand, if after doing this if you feel that the location is good, and desire the school building put there I am perfectly satisfied, but I feel that it is an error and that it is my duty to call it to your attention.

Yours for the good of the School,
G. W. SPENCER,
Chairman of Local Board.

Zeb Ratliffe of the firm of Ratliffe & Haines has returned from a business trip to Atlanta.

Hot weather is hard on teething babies. They suffer the combined misery of heat, pain and stomach disorder. McGee's Baby Elixir helps the little sufferer through the trying period by correcting the stomach and bowels. Price, 35c and 60c. Sold by Union Pharmacy.—Adv.

KNIGHTS TEMPLAR ATTENTION

On Friday evening, July 21st, at 7:30 Taylor Commandery No. 28 K.T. will meet in regular conclave. The order of the Temple will be conferred for the last time until fall, and it is expected that every Knight Templar in this vicinity will be present at this ceremony.

Members of this commandery are requested to make every effort to attend this conclave and all visiting Sir Knights are invited.

Full dress uniform.

H. E. TOLAR,
Eminent Commander.

Notice of Application for Tax Deed Under Section 575 of the General Statutes of the State of Florida

Notice is hereby given that George E. LaVigne, purchaser of Tax Certificate No. 267, dated the 7th day of June, A. D. 1920, has filed said certificate in my office, and has made application for Tax Deed to issue in accordance with law. Said certificate embraces the following described property situated in Seminole County, Florida, to-wit: Lots 8 and 9 (less that part covered by Giles, Overstreet & Drews Sub-Div.) Block D., D. R. Mitchell's Survey of the Levy Grant. The land being assessed at the date of the issuance of such certificate in the names of Giles, Overstreet & Drew. Unless said certificate shall be redeemed according to law Tax Deed will issue thereon on the 12th day of August, A. D. 1922.

WITNESS my official signature and seal this 7th day of July, A. D. 1922.

INTERNATIONAL ASSOCIATION MACHINISTS OLDEST ORDER, FIRST ORGANIZED IN 1853

Re-organization After Knights of Labor Disbanded Was in Atlanta

WASHINGTON, July 16.—The international association of machinists, one of the most important organizations participating in the railroad shopmen's strike, numbers on its rolls approximately 250,000 men, officials declare, of which almost 100,000 are employed in railroad shops or in shops doing railroad work.

The organization is among the oldest of the country, it is claimed, although its present title does not date farther back than 1889. In 1858 groups of skilled blacksmiths and machinists banded together to form their first union.

The Knights were finally disrupted and the machinists got along as best they could until, in 1888, the railroad machinists in the shops at Atlanta, met and organized.

At the first yearly convention machinists representatives from various sections of the country attended, and the name was fixed as the National Association of Machinists.

The membership, composed for the most part of the highest type of skilled mechanics, had always taken a leading part in the railroading, both in this country and Canada, though to little extent in Mexico.

While the various local sections of the union have been embroiled in constant trouble of one sort or another with the railroad executives, union officials declare, the present walk-out is only the second general strike of the entire body.

The first occurred in 1901, when the men rebelled against the ten-hour day and struck from May to December. The Association counted that one a moral victory, for the men generally never returned to the ten-hour day, the maximum remaining as nine hours which several years later was reduced to eight.

At that time, however, officials said, the organization did not adhere to the main principle of the present strike, that no men should return to work until the agreements paved the way for the return of all, but the men then went back to their jobs by local groups.

However, it was emphatically declared on the first day of the present strike, that just as the rail executives have organized into one central body to lower wages, so will the unions fight in one organization for the return to former scales.

While the many sections of the Association have taken part in a long list of strikes, local and sectional, long and short, among the most bitter and longest were the following:

The general strike of 1901, which lasted eight months; on the Southern Railway in the same year, which lasted about the same time; on the Union Pacific in 1902, duration nine months; on the Canadian Pacific, 1903, duration eight weeks; on the Santa Fe, same year, lasted four years; on the Erie, 1906, lasted two years; on the Baltimore and Ohio, 1910; duration one year on the Illinois Central, 1911, duration four years. Others of duration were called on the Pennsylvania, the Washash and the Wheeling.

William H. Johnston is international president of the organization, and with P. J. Conlon, International Vice-President, will direct the activities of the strike from Washington headquarters.

GOVERNOR AND WIFE AND DAUGHTER HAVE RETURNED TO CAPITAL

TALLAHASSEE, July 18.—Governor Hardee has returned from Clearwater Beach where with Mrs. Hardee and their daughter, Mrs. W. T. Day of Live Oak, he spent his ten days' vacation.

ERECTING SCAFFOLD FOR AUDREY NICHOLS

(By The Associated Press) DELAND, Florida, July 18.—Although he is not present to hear the sound of the hammer and the saw—because he is confined in the Duval county jail at Jacksonville—carpenters Friday under the direction of Sheriff Lee Morris began the erection of the scaffold upon which Aubrey Nichols will hang on Friday, July 21.

Earnest efforts have been made to commute Nichols sentence to life imprisonment, but the State pardoning board has refused to interfere. Attorney W. A. Hallows of Jacksonville has interested himself in the case and requested States Attorney George A. DeCottes of this district to write the governor concerning the case and DeCottes did so—but he told the governor he thought for the best interests of society that Nichols should hang.

LIEUTENANT TO ATTEMPT DAY FLIGHT

JACKSONVILLE TO SAN DIEGO ABOUT AUGUST EIGHTH

(By The Associated Press) SAN ANTONIO, July 18.—Lieut. James H. Doolittle, of Kellyfield, Tex., expects to attempt a one-day flight from Jacksonville, Florida, to San Diego, Calif., about August 8th, he announced today. He will leave here the morning of August four on a flight to Jacksonville preparatory to making his transcontinental flight in a specially built plane.

MORE JOIN TEXTILE STRIKE

(By The Associated Press) BOSTON, July 18.—The New England Textile strike, which now is in its second month with 50,000 operatives idle and more than forty plants affected, was extended to Lowell today. Strikes have been called in three places in Lowell which have reduced wages 20 per cent. About 110,000 operatives are involved.

ROSE SUSPENDS UMPIRE

(By The Associated Press) ORLANDO, July 18.—President Rose of the Florida State League, today announced he had suspended Umpire Doyle pending an investigation of the trouble on the playing field at Jacksonville Saturday, July 15. Mr. Rose stated that umpires were under the same discipline as the ball players and that this matter would be thoroughly investigated.

PASSENGERS ON U. S. SHIPS CLAIM THAT GERMAN AGENTS LIED

(By The Associated Press) NEW YORK, July 18.—Passengers arriving yesterday on the United States line steamship President Fillmore complained to officials of the company that their agents in Bremen, the North German Lloyd, had tried to make them take passage home on their own vessels, pretending that reservations aboard the American vessel had been filled.

Those who had been given this excuse said they eventually obtained passage on the President Fillmore and when they questioned Capt. A. B. Randall, he informed them there was ample room on his ship.

The chief complainants on the liner were Milton A. McDonald, vice-president of the North Atlantic and Western Steamship company, Hugh M. Gurisch, an importer, of Baltimore, and Mrs. Anna Fichtermann, of Greensborough, N. C.

Mr. Gurisch said the accommodations he received from the North German Lloyd agents several days after he was told all reservations had been sold, were the worst on the boat, but after he went to Captain Randall, with other passengers in the same plight, they were given comfortable cabins.

The stomach regulates the condition of the blood and is the foundation of good health or disease. Keep in good shape by taking Tanlac.—Union Pharmacy.—Adv.

STATEMENT ISSUED BY CHAIRMAN HOOPER OF THE R. R. LABOR BOARD, JULY 8TH

The Transportation Act, under which the Railroad Labor Board functions, makes the enforcement of the board's decisions largely dependent on public sentiment and imposes upon the Board the duty of publishing information relative to the "respective privileges, rights and duties of carriers and employees."

In order that the general public, the railway managements and the shop craft employees may understand the attitude of the Board toward the strike and may have a correct conception of the Board's powers and duties in the premises, the following statement is made public:

The law confers upon the Board no powers of arbitration, mediation and conciliation, by virtue of which it can intervene between the carriers and the striking employees and, by a give and take process, effect a compromise of any differences that may exist.

As a matter of fact, the board hears and decides disputes much in the same manner that a court does, and endeavors to reach and render judgments based upon the law and the evidence. A carrier and its employees in conference may compromise their differences, but, having failing to agree, the Labor Board can only adjudicate, but not compromise.

Having once decided a controversy, the board's jurisdiction is at an end, unless, upon a proper petition, the case is re-opened and re-heard.

There seems to be a misapprehension in some quarters to the effect that the board may settle the strike by initiating some voluntary modification of its decisions complained of. Everybody concerned should understand that it would be grossly improper for the board to pursue such a course and that it has no intention of so doing.

The paramount purpose of the labor article of the transportation act was to prevent interruptions of traffic arising from labor disturbances. The underlying principle is that it is better for the immediate parties and for the people at large that controversies between the carriers and their employees should be settled in the court of reason rather than the court of force. It is believed that an impartial tribunal, composed of representatives of the three corners of this industrial triangle, will attain justice far more often than will threats, intimidation, mobs, riots, bombs, torches, murder and all the forces of violence incident to a strike.

The shop crafts have been fairly heard before the Labor Board. They have appealed from the sober conservative judgment of this board to the strike, with all its inevitable, un-American subversion of law and order.

For the Labor Board to yield to measures of this kind would be an outrage upon public decency and would hasten the enthronement of anarchy in this country.

Let it be understood, however, that the Railroad Labor Board is always open to any class of railway employees who approach it in conformity to the law for the presentation of any grievance. The board welcomed the announcement policy of the maintenance of way employees to proceed within the limits of the law. Their course points the only feasible way for the shop crafts. Their conduct will meet with the approval of the public and with the responsive gratitude of railway managements.

Upon one question, the striking employees should not be deceived. Their leader has said that the strikers are no longer employees of the railways, and they have thus automatically abandoned all the rights they possess under their agreements and under the decisions of this board, including their seniority. This is not the Board's action. It is their own action.

Many carriers are giving their former employees the opportunity to re-enter the service within a limited time. It must be understood now that men who remained in the service and those who are now entering it will have rights of seniority that this board could not ignore. No better advice could be given to the men who are out than that they return to the service immediately. They have misjudged the situation that confronted them, but it is not too late to escape many of the ills results.

It is to be hoped that the leadership of these organizations will perceive the hopelessness of any effort to intimidate the American public and will find a way to lead the men back into the adoption of peaceful methods, before some regrettable catastrophe has occurred that will detract from the unquestioned strength and usefulness of the organizations involved, if it does not destroy them outright.

This is an individual utterance, but it expresses, in substance, the sentiments of a large majority of the members of the Railroad Labor Board.

Second sheets, 8 1/2 x 11, only 50c per 1,000, while they last, at Herald office.

PRES. HARDING HAD MEETING COAL OPERATORS

INVITED THEM TO RESUME OPERATIONS UNDER THE GOVERNMENT

(By The Associated Press) WASHINGTON, July 18.—Bituminous coal mine operators were "invited" by President Harding at the White House today "to return to your mine properties and resume operations" after they had replied to the president's tender of arbitration for settling the national coal strike with a collective effort to put their properties and their services at the disposal of the government "in this crisis."

Speaking as chairman of the group of operators at the White House conference, Alfred M. Obie said the employers would make the attempt to resume operations.

Meanwhile, the miners' union, through an adjournment sine die of its controlling policy committee, made certain its refusal to accept the arbitration proposal and many of its officials immediately left Washington. The bituminous operators were likewise not a unit in accepting the Government's arbitration proposals, but the President said that "a large majority" of them, by unqualified acceptance, had given him occasion to "express my own and the country's gratitude."

There were intimations in official circles that all the implications of the decision to ask that the mines be opened had been fully considered by the government, and that there was a possibility that the protection of troops and the American flag would be furnished in districts where men were willing to work, failing sufficient local safe-guarding. Employers generally held the view that some coal production would result in union fields in Pennsylvania and Ohio, of no where else, even though executives of the non-union mines south of the Ohio river reported today that output was being cut off rapidly because of lack of transportation due to the rail and strike.

A day and a night of almost continuous sessions did not suffice to make the bituminous employers a unit for acceptance of the detailed arbitration proposals of the government, even though anthracite operators last week had given acceptance. On a final vote a general letter, accepting the principle of arbitration and making the tender of mines and services was agreed upon and presented to the President.

A delegation consisting of fifteen operators took the message to the White House, and after their visit a statement explaining the procedure was given out as well as the text of the president's response.

In the district actions referred to, the delegation of employes from the associations in Illinois, the South-West, all territory represented west of the Mississippi, and the Pittsburgh operators and other associations of Ohio, voted for an unqualified acceptance of the President's arbitration plan.

Indiana state associations stood out against the plan; Pittsburgh producers Association in Pennsylvania, and the Associations in central Pennsylvania operating unionized mines, with some support from Ohio districts, presented memorials which were rejections of the President's plan.

MAD DOG, RUNNING AMUCK IN ORLANDO, BITES EIGHT

Eight negro children and twenty or more dogs were bitten Friday afternoon by a mad dog which ran amuck on Chatham street in the negro quarter of the city.

Dr. H. M. Beardall treated one of the bitten children Saturday morning. Two were brought to the office of Dr. J. H. Chiles and their wounds examined.

The dog, so far as has been determined, was not captured, although Assistant Chief of Police Frank Gordon and Detective Pierce visited the negro quarter of the city as soon as they were notified of the incident and ordered all dogs in the neighborhood tied up.

Dr. Beardall, in speaking of the incident stated that there were too many stray dogs on the streets, especially in the negro quarters of the city, and that the city authorities were going to start a campaign at once to see that all stray dogs were kept from the streets.

Assistant Chief of Police Gordon stated that the police had taken every precaution in the section where the dog ran amuck and that they did not anticipate any repetition of the scene.—Reporter-Star.

DAUGHERTY HEARS ARGUMENTS AS TO LIQUOR ON SHIPS

(By The Associated Press) WASHINGTON, July 14.—Arguments concerning the legality of the sale of intoxicating beverages on American vessels on the high seas and the possession of such beverages by foreign ships within the three-mile limit, occupied Attorney-General Daugherty at a public hearing for three hours late today during a heavy thunderstorm with the office windows closed, a large array of counsel for wets and dries sweltered.

Seeking the views of all interested persons in the controversy started by the Anheuser-Busch company over the sale of liquors on shipping board vessels the hearing was on the applicability of the eighteenth amendment and the Volstead Act to the question, on which the opinion of the chief law officer of the government has been asked by Secretary Mellon.

Department of the Interior, U. S. Land Office at Gainesville, Fla., No. 01232, for S. 1-4 of S. 1-4, Section 8, Township 20 N., Range 32 E., Tallahassee Meridian, has filed notice of intention to make Commutation Proof to establish claim to the land above described, before Clerk Circuit Court, Sanford, Florida, on the 26th day of August, 1922.

Claimant names as witnesses: John Phillips, of Geneva, Florida; M. Lafete, of Geneva, Florida; Ed Sutton, of Geneva, Florida; P. T. Wakefield, of Geneva, Florida. ROBT. W. DAVIS, Register.

In Circuit Court, 7th Judicial Circuit, Seminole County, Florida.—In Chancery. Perry Jorinjan and Braxton Baggett, Complainants, vs. John T. Kelly and Addie N. Kelly, Defendants.

SOCIETY FOR THE WEEK

(From Saturday's Daily)

Jacksonville was represented here yesterday by E. J. Putman.

C. W. Lloyd was a business visitor here yesterday from Orlando.

John Noll, Jr., of Palatka, was among the business visitors here yesterday.

A. J. Shirer, of New Orleans, was in the city yesterday attending to business.

Miss Hazel Sorrell, of Orlando, is the attractive guest of her sister, Mrs. C. W. Stokes.

Miss Clella Lochner, of Clermont, is spending the week-end with Mrs. O. O. Farrell at 1204 Palmetto avenue.

Arthur Cardy, of New York City was registered at the Montezuma yesterday while in the city on business.

R. L. McKenzie, of Jacksonville representing the Kelly-Springfield Tire Co., is in the city calling on his local customers.

Mr. and Mrs. Carl Ferran and Mr. Harry Ferran, of Eustis, were the guests of their sister, Mrs. D. L. Thrasher yesterday.

Frederick Bell returned home last evening from Washington, D. C., and Jacksonville where he spent the past six weeks visiting relatives.

Frank Akers is expected home today from Atlanta, where he went to see his wife, who has been quite ill, but is now slowly improving.

Garland Lawson of Atlanta, Ga., is visiting his brother and family, Mr. and Mrs. J. B. Lawson for a few days at their home on Park avenue.

(From Monday's Daily)
Miss Olive Lazette spent the week-end at Oviedo as the guests of relatives.

T. G. Fischer left Saturday for his home in St. Paul, N. C., after a pleasant visit here with his sister, Mrs. W. J. McBride.

L. P. McCuller spent the week-end at Daytona Beach with his family who are spending the summer at this delightful resort.

Miss Erminia Hauser returned home Friday night from Columbia, S. C., where she has been spending some time with relatives.

Mr. and Mrs. W. M. Haynes and family left yesterday for Coronado Beach where Mrs. Haynes and children will spend six weeks.

Mrs. W. O. Romine and baby left Saturday for their home in Corinth, Miss., after a delightful visit here as the guests of Miss Mildred Lee.

Miss Susan and Elizabeth Smith of Madison, Fla., are the attractive guests of their aunt, Mrs. J. G. Sharon at her home on Tenth street.

Mrs. W. T. Langley and niece Miss Martha Langley spent the week-end most pleasantly in Lakeland at the guests of Mr. and Mrs. F. B. Langley.

Alfred Robson, who has been quite ill at the home of his parents, has recovered sufficiently to return to Orlando, where he holds a responsible position.

Mrs. D. L. Thrasher and parents Mr. and Mrs. E. L. Ferran of Eustis and brother Harry Ferran also of Eustis leave today for California and other places of interest.

MARRIED AT ASHEVILLE

The following announcements in the Orlando Sentinel will be interesting to the friends of Billy Beardall in this city, where he was born and spent his early boyhood days:

A quiet wedding was solemnized Thursday morning when Miss Shadie Hamer of Orlando and Asheville, N. C., became the bride of Mr. William Beardall of Orlando. This will come as a complete surprise to their many friends.

Mrs. Beardall is the eldest daughter of Mr. Wm. M. Hamer. She attended the Cathedral school here, and also a boarding school at Asheville. Since coming to Orlando to live has made many friends who will wish her every happiness. For three years she has resided on Lucerne Circle with her father and sisters.

Mr. Beardall is the youngest son of

Mrs. Florence Beardall. He has lived here all his life, being well and favorably known to the people. During the world war he served as captain of infantry, leaving here for Camp Wheeler with Company C, later being transferred to other camps.

He is secretary and general manager of the Orange Title Guaranty & Abstract company, and is prominent in business and social circles.

Warmest congratulations are extended to the happy couple and their many friends will accord them a sincere welcome on their return to Orlando.

ASHEVILLE, July 15.—(Special.) The marriage of William Beardall of Orlando, Florida and Miss Shadie Livingston Hamer, daughter of Wm. M. Hamer, formerly of Dillon, S. C., but now of Asheville, was solemnized at the St. Mary's church, Charlotte street, the rector, the Rev. Charles Mercer Hall, officiating.

Mrs. Beardall was attended by her grandmother, Mrs. F. A. Livingston, and her friend, Miss Mary Pettus, of Asheville. Miss Hamer was educated at Peace Institute, Raleigh, N. C., and is a charming and accomplished young lady.

BRIDGE PARTY POSTPONED

The Subscription Bridge party to have been given at the Parish House has been postponed until further notice.

DANCE

One of the most delightful affairs of the week, was the dance given last evening by Mrs. W. Theodore Langley, at her home on Park ave., complimenting her niece, Miss Martha Langley of Alabama.

The rooms of this spacious home were opened en suite, and beautifully decorated with palms, ferns, and a profusion of cut flowers.

Punch, wafers and peaches were served throughout the evening at a prettily arranged punch table by Rebecca Stevens, Louise Wells and Joe Meisch.

Dancing was enjoyed until a late hour, the splendid music being furnished by Reginald Holly and James Robson.

Among those enjoying this delightful affair were Misses May and Mildred Holly, Maud Lake, Mary Elizabeth Puleston, La Clairs Jones, Kitty DuBose, Gladys Wilson, Ethel Deen, Margaret Zachary, Lillian Shinsolser, Susie and Elizabeth Smith, Martha Langley, Rebecca Stevens and Louise Wells. Messrs. Robert Thrasher, W. A. Adams, Morris Wimblish, Ed. Rumph, Charles Mero, Sam Fleischer, Bill Moye, Sherman Moore, Joe Gonzales, Billie Parks, Lee Peck, Bob Dodson, Ned Chittenden, Ed. Meisch, Robert Holly and Joe Meisch.

(From Tuesday's Daily)

Mrs. Tom Getzen and son, Jack, of Lakeland, are spending this week here as the guests of her mother, Mrs. H. B. Connelly.

Mrs. Walter S. Russell, of Jacksonville, is the guest of Mrs. M. C. Tolar and Mrs. Loretta Brotherson.

Mr. and Mrs. A. J. Murphy, of Jacksonville, are the guests of Mr. and Mrs. L. Y. Bryan at their home on Palmetto avenue.

Dr. and Mrs. J. O. Clements, whose marriage took place July 11th at Rebecca, Ga., have returned from their wedding trip and are now pleasantly located at 801 Magnolia avenue.

Misses Ada and Marion Miller, of St. Augustine, are the attractive house guests of Miss Edna Chittenden.

Frank Langley, of Lakeland, is the guest of his uncle and aunt, Dr. and Mrs. W. T. Langley at their home on Park avenue.

Garland Lawson, who has been the guest of his brother and family, Mr. and Mrs. J. B. Lawson, left Sunday afternoon for Douglasville, where he will attend the marriage of his brother, John Pleasant Lawson, which takes place Wednesday evening.

Mrs. W. J. McBride, Miss Allie Tafford and Dr. King and two children, motored to DeLand yesterday morning where they attended the Baptist Assembly.

Harry Talbott, of Dunedin, was in the city today enroute to points in Lake county. He brought his sister-in-law, Mrs. C. H. Dingee, with him and she will be the guest of Mrs. R. J. Holly for several days much to the delight of her many Sanford friends.

CARD OF THANKS

We thank our friends for the kindness shown us through the sickness and death of our mother Mrs. Rotundo, and for the many beautiful floral offerings. THE FAMILY.

The Herald, 15c per week, delivered door six days a week for 15 cents—

PERSONALS

Chickens are said to be coming down. Other things will come down before the strike is settled.

Mrs. A. T. Rosseter has arrived at Warren, Pa., where she will visit relatives and friends for some time.

Today is a big trading day in Sanford where many of the stores are putting on big sales for several days. This is the time to make your money go a long way. Watch the Daily Herald.

McLaulin the jeweler is putting on a special sale Monday at which all glass ware will be sold for 25 per cent discount. See the new Spanish luster shadow cut iced tea glasses, parfait glasses, etc. Just from the manufacturer and in the very latest styles going at prices Monday that will move them. See the advertisement in this issue.

The Sanford Shoe and Clothing Co. says in their advertisement today that as they predicted in Thursday's Herald they sold out several lots on opening day. They are having great success in the big sale chiefly on account of using liberal space in the Daily Herald. Read the specials for Fonday in Today's Herald.

BALTIMORE, July 14.—The body of a white woman with her throat cut, shot through the arm and otherwise mutilated, was found today behind a hedge on a road near Rolling Road Golf club at Katonsville, a suburb.

The victim was apparently about 35 years old and a Hebrew, weight about 190 pounds. Her hair was brown and bobbed. A Washington newspaper and a black jack was found nearby.

The B. & O. Garage have some more interesting information about Lexington cars in today's Herald. The B. & O. believe in advertising and they are selling cars every day. There is hardly a day passes that the B. & O. does not sell either a Hupmobile or a Lezington.

(From Monday's Daily)

Nice cool weather at night.

Perry Jernigan was calling on friends in Clermont Sunday evening.

Makes living fine for us poor folks who cannot get away.

Seminole Bank is making improvements in their second floor offices.

Everything was evidently made for some use in this world but will the class in natural history please rise up and tell us what good these gnats are that fly in your face and eyes all day?

Your membership for the year for the Fernald-Laughton hospital are due. Pay the lady a dollar or as much more as you want to give when she calls on you this week.

Mr. and Mrs. H. A. Neel and Dr. Burhans are spending the week in Okeechobee City and we suppose they will have some fish stories to tell on their return.

Let the Daily Herald follow you on that summer trip. You can keep up with all the news and give it to your friends and let them see what a great city Sanford is becoming. Take the Daily Herald with you.

Many Sanford folks spent yesterday at Daytona Beach and enjoyed the surf and the cooling breezes to the limit. Others went to Palm Springs, Lake Mary, Crystal Lake and other resorts. There are many fine places to spend a day in and around Sanford.

The Moore Haven Times tells that the contract has been awarded for the installation of the new city waterworks for Moore Haven, and the contracting firm is to finish the work and have the water turned on within seventy-five days after the work is begun. The Times says further: "The contract provides for a supply capacity of 200,000 gallons of water per day, with electrically driven pumps which cut in or out automatically. The distribution system provides for 12 hydrants in the business section of the city, with cutout in every block. The city water supply under this new filtering system will give the city of Moore Haven the best there is going."

There is nothing more invigorating to a run down system than Tanlac. Try it.—Union Pharmacy.—Adv.

"I'm Going Right Straight Back to My Dear Old Florida Home," at Hinstemister's Piano Store, Welaka Block. 20-tfp

DEATH OF MRS. M. ROTOUNDO

Mrs. M. Rotundo died at the sanitarium at Formosa yesterday after an illness of several weeks and an operation from which she never completely rallied. The funeral services will occur from the late home on Second street today at four o'clock, interment being made in the Catholic cemetery.

Mrs. Rotundo came here with her husband Mike Rotundo about twenty-five years ago and the family have been here ever since where the late M. Rotundo was engaged in farming and in the mercantile business. Deceased leaves six children to mourn her loss and many friends who extend their sympathy to the family in their hour of sorrow.

LIKED DR. WALKER'S TALK

Brother Walker's Sunday Bible Class lecture on labor problems of the day denoted a clear-cut understanding of the subject, and proved to be of deepest interest to all railroad workers of this place. We wish to congratulate the speaker.

THE COMMITTEE.

Have Not Found Negro Who Killed Two White Men

Oscar Mack Shot Into Wrong Car and is Now Fugitive From Justice.

Oscar Mack, a Kissimmee negro, who fatally wounded two white men, Stuart Ivey and James Reinhart, of Orange Center, at Kissimmee Sunday night, was still at large at 1 o'clock this morning, although Sheriff Farmer, of Osceola county and a posse of 25 men were still searching for the fugitive, expressing the belief that he will be captured or will surrender before daybreak.

The shooting occurred about 10 p. m. Sunday in front of the negro's home. Reinhart was instantly killed and Ivey, who was brought to a local hospital, died yesterday afternoon. Ben H. McClelland, the third party in the automobile which Reinhart was driving, was only slightly hurt.

According to authentic reports, the shooting resulted from a case of mistaken identity. Mack had been awarded the contract to carry the mails from the postoffice to the railway station in Kissimmee, bidding against a white man for the job. The negro was later warned not to attempt to assume his new duties, it was reported, but Sunday morning, his first day on the job, found him at the postoffice, where white employees were said to have advised him to disregard the warnings. C. C. Collins, assistant postmaster, was said to have given the negro an automatic pistol, telling him to "use it on anybody who attempts to bother you."

Reinhart and Ivey drove into Kissimmee Sunday night with McClelland, to search for a negro who had disappeared from the latter's turpentine still, several days before, leaving his family in destitute circumstances. They stopped in front of Mack's home to make some inquiry, but Mack, it is reported, immediately opened fire, evidently under the impression that the men had come to carry out the threat contained in the letter he had received. Reinhart was shot as he sat at the wheel of his automobile, with Ivey standing beside the machine. The negro continued firing, wounding Ivey in the stomach, but only inflicting slight injuries upon McClelland. The negro then disappeared, running to the rear of his house and out through a nearby swamp.

Ivey staggered to a neighbor's house where he found aid and was soon on his way to a hospital in this city; where he died yesterday afternoon at 3:20 o'clock after telling of the circumstances of the shooting.

Fearing a general attack upon their race in Kissimmee, more than two hundred negroes are reported to have left the city on trains during the day, while at least a hundred more who gathered at the station attempting to board trains returned to their homes after being assured by Sheriff Farmer and other citizens that there would be no trouble.

The sheriff clings to the belief that Mack will give himself up before daybreak. He apparently has the situation well in hand and no trouble is expected if the negro surrenders.—Orlando Sentinel.

The Lake Wales Highlander tells that the Wilson & Toomer and Florida Agricultural Supply Company have let contracts for the erection of a large building in this city. "The new building will have dimensions of 42x76 feet," says the Highlander, and will be on Seminole street, near the Seaboard spur track." The newspaper says the coming of this well known firm to establish a base of supplies in Lake Wales means that the place is growing and prospering.

The Herald for first class job work.

CLEARLY A HOLD-UP

Gasoline reserve stocks in the United States are the largest in the history of the country, and are growing at a much faster ratio than domestic consumption, according to figures compiled by H. J. Lowe, petroleum economist of the bureau of mines, at the request of A. A. officials. The present stocks, on which figures were compiled at the end of the first quarter of 1922, were 854,232,000 gallons, which was greater by 20 per cent than for the first quarter of 1921 and 36 per cent greater than for the first quarter of 1920.

While the consumption of gasoline has increased it showed only 7 per cent more used in the first quarter of 1922 than for the first quarter of 1921, and only 25 per cent more than the first quarter of 1920. Thus, in spite of the increasing number of cars, A. A. officials point out, the stocks of gasoline are increasing still more rapidly.

With these figures at hand, it has been hard to understand the reason for the rise in the price of gasoline, which has increased from 4 to 5 cents a gallon during the first three months of the year. Knowing that each increase of 1 cent in the price of gasoline means an additional bill of \$50,000,000 for the motorists of America, A. A. officials have been working diligently to obtain an official investigation which would at least give a reason for the advance.

So far the first tangible result of these efforts has been the issuance of a questionnaire by the senate manufacturers' committee which has been sent to every oil company and which is resigned to show where the increase originated. This committee, which is headed by Senator LaFollette of Wisconsin, hopes to obtain from the answers received a sufficient data to form a basis for further investigation of this question.

"I cannot see a just reason for this year's advance in the price of gasoline," said George C. Diehl, president of the A. A. A. "If the stocks were diminishing, instead of increasing, there might be some reasonable basis for the advance, but with stocks growing faster than consumption, prices should come down instead of advancing. I hope every motorist in the United States will make it his business to write his congressman and senator, urging their co-operation in making any investigation of this question a success."

THE GOVERNOR'S ARGUMENT FOR THE AMENDMENT

Governor Hardee presented the pending constitutional amendment providing for legislative reapportion-

ment from several new angles in his speech here yesterday. Frankly admitting that the present apportionment of representatives in the legislature is grossly unjust to the populous and progressive counties of south Florida, he strongly urged the adoption of the amendment on the ground that—even though it be a compromise measure and not exactly in accord with the constitutional provision that representation in the legislature shall be based on population—it is a decided improvement over the unjust conditions which have prevailed for a quarter of a century past.

A very strong point scored by the governor in justification of the amendment was the constitutional limitation on the number of members of the legislature. Even the legislature as organized now violates the constitution, in that there are more members than the constitution says shall constitute the legislature. This condition has been brought about by the creation of new counties. The amendment eliminates the restriction on the number of members of the legislature, and opens the way to a more equitable distribution of representation in the future, the governor argues.

Governor Hardee is a pleasing speaker—a real orator. He has a fluent command of language and impressive delivery, and the earnestness with which he presented his argument yesterday to the large gathering of representative citizens commanded their close and thoughtful attention. That he is popular in Tampa was amply demonstrated by the ovation given him during his all too brief visit.

Incidentally, Governor Hardee is thoroughly "sold" on the west coast health and pleasure resorts. He declared that he is thoroughly enjoying his stay at Clearwater Beach, despite the fact that the communities in this section are taking up much of his vacation time with invitations to deliver addresses. He has put on a fine coat of tan, and will return to the capital Saturday with renewed energy for the responsibilities and trials of his high office.—Tampa Times.

The Daily Herald Delivered to your door six days a week for 15 cents—

The smallest rung of the ladder is always at the top. There are not so many to occupy it.

Ideal INSECTICIDES

Just as IDEAL FERTILIZERS are best for growing your crops, IDEAL INSECTICIDES are best for protecting them from insects and diseases.

Fruit is sold largely on its appearance. A good way to insure your crop against low, unprofitable prices is to make the most of it first grade fruit by proper spraying.

We have INSECTICIDES for every purpose and gladly give full directions for their use.

SPRAY MACHINERY

Right spray outfits are necessary for right results. We have a full line of best makes. For large outfits, see our BEAN SPECIALS.

FARM IMPLEMENTS

Full stock—plows, harrows, cultivators, fertilizer distributors, etc.
