No. 18

Weather

Mostly cloudy through Thursday with a few scattered showers tonight. Little change in temperature.

MARY E. EARLE, left, and Raleigh King, put their hat in the ring yesterday by announcing their candidacies for the office of Assessor of Taxes for Seminole County. Rudy Sloan, who also announced for the office yesterday, is shown elsewhere. (Staff Photo)

Spectacular Game Finds Oviedo Lions Holding Tight Grip

By MARION JONES

In one of the most spectacular games to date the Oviedo Lions Quintet, which gains a tighter grip on the Central Florida Conference second place standing, registered its sixth circuit triumph in seven games by defeating the revitalized Bishop Moore Hornets 72-52 in Oviedo last night.

The first quarter started with Hubert Priest being fouled gaining a two point lead for the Oviedo Lions. The contest was very close, one team forging ahead and the other, throughout the entire first half.

It was the one-two punch of Keith Malcolm and Hubert Priest again pacing the Lions attack. Malcolm hitting for 28 and Priest netting 18 despite a severe cold.

The first quarter ended 18-16 in favor of Oviedo. The half at 35-23 in favor of the Lions.

When the Hornets came back in the second half trailing by 12 points the quick punch of John Ellis and Danny Green as well as Benny Baumann made them surge within five points of the Oviedo Lions.

But again Malcolm came to the rescue and quick goals by Malcolm, Priest and Andy Duda, who was put in the first string in Jim Hill's place last night and netted 33 points for the victors, kept Oviedo in the lead throughout the game.

Ray Fore, captain of the team, did a beautiful defense job and betted some beautiful long shots for the Oviedo Lions. One of the most spectacular points of the game was Malcolm's tip in.

The Oviedo B Squad defeated the Hornet B Squad 43-28 in the preliminary game.

The Hornets completely overpowered the Lynx B quintet but height did not seem to register from the score point.

Lorne Mathers was high with 13 and Raymond Miller and Joseph Duda came second with 10 points each for the victors. But the playing of Tom Smith, tiny guard, a transfer to the Oviedo school was spectacular in the game, especially one of his long shots. The crowd came to its feet with cheers and laughter as tiny Freddy Alford, a fifth grader put in the last few minutes of play, completely stole the ball from a tall Hornet player and while they stood spellbound carried it through to the basket for two points.

High scorer for the B string was a man named Bill Kiedvick with 13. This gives Oviedo a 6-1 lead in the Central Florida Conference and a 7-4 overall lead. The Oviedo Lions will show who is the Central Florida Conference top team when they meet Groveland in Oviedo Friday night.

Groveland stands 7-0 in the Central Florida Conference and has not been defeated this year. But it is understood they have not played such teams as Pearson, Boone and Edgewater thus far this year.

BOARD CLAMPS DOWN
LINCOLN, Neb. (AP)—The Lincoln school board today clamped down on "peeping the hat" by school children and teachers. The board said it "feared undesirable conditions" among youngsters. It ruled collecting money for gifts for school personnel either in or out of school is taboo. Exceptions may be made in cases of serious illness, unfortunate or special honor.

January Pack Meeting Is Set For Tomorrow

Cub Scout Pack Ten of Sanford will conduct its January pack meeting tomorrow night at 7:30 in McKinley Hall at the First Methodist Church. The pack leaders met Monday night at the church to plan the boys' pack meeting and the coming month's activities.

At the same time, W. P. Ball interviewed parents of prospective Cubs, in order to explain the Scout program thoroughly, and to place the new boys as conveniently and quickly as possible. Ball's next meeting with parents of Cub applicants for Pack 10 will be on Monday evening, Feb. 20, at 7:30 at the First Methodist Church. In the meantime, anyone interested in joining may telephone him during the day at 3101, or after working hours at 3190.

Also at the leaders' commission meeting, Woodrow Cash, secretary, announced the formation of a new district in Pinecrest section, due to the increased number of interested boys there. Mrs. A. E. Grell will be the Den Mother, assisted by Mrs. V. M. Smith. Further plans were made for the probable organization of a den in Loch Arbor, to be composed of both new and experienced Cubs.

E. D. Kirchhoff, chairman of the pack leaders, urged that all Cubs participate in annual Boy Scout Week, Feb. 6-12, climaxing in the St. John's area Kickapoo at the Sanford Municipal Stadium on Saturday night, Feb. 11, and in the observance of Scout Sunday the following day.

Cubmaster Ted Williams completed details of the private Pack Meeting tomorrow night. At that time Carl A. Prescott will form a Webelos den of the highest ranking Cub Scouts training to become Boy Scouts.

Following the meeting, Nearman addressed the group at the luncheon served in the Chapter House.

Representatives attending the meeting from Seminole County were The Rev. Wyatt, Chairman; Mrs. Alden L. Bringers, Chairman 1956 Fund Campaign; Mrs. C. R. Dawson; Mrs. Philip Marx and Mrs. Mary D. Knox.

Southern Appetites Beyond Hog, Grits

OAK RIDGE, Tenn. (AP)—Gov. LeRoy Collins of Florida said today location of atomic industry in the South "will show that our appetites go far beyond hog and hominy."

Collins, addressing officials from 16 Southern states, added: "As the world crosses the threshold into the new atomic age, the South should be the first region to have both feet firmly planted on the inside."

The officials are meeting with Atomic Energy Commission AEC officials and representatives of the Southern Regional Education Board (SREB) to discuss possible ways of developing nuclear industry in Florida.

Collins, Gov. Raymond Gary of Oklahoma and Gov. Frank Clement of Tennessee head the list of state officials on the program.

Coty Canvassing Political Leaders

PARIS (AP)—President Rene Coty canvassed top political leaders today for their advice on the choice of France's new Premier. There was belief he would announce a nomination by Friday, and that Socialist leader Guy Mollet would be the man.

Even if Coty has already made up his mind, custom requires him to interview the leaders of the major political factions before he announces his decision. But Mollet has been the leading contender since soon after the results of the Jan. 3 parliamentary election became known.

Local Delegation Attends Red Cross Orlando Gathering

A Red Cross meeting, held Monday at the Red Cross chapter house, Orlando, was attended by representatives of Central Florida Red Cross Chapters. Also present were: John Gates, Director Field Service, Southeastern Area, Atlanta; Harold B. Narman, Washington National Director of services to area and chapters; Donald Doyle, Field Representative for Central Florida; Dean Osborne, Orange County Chapter Chairman. The Rev. Milton H. Wyatt, Chapter Chairman, Seminole County, gave the invocation and the following gave talks on the various aspects of fund solicitation:

Needs of Red Cross in 1956, John Gates; Campaign planning, Walter Slattery, chairman New Smyrna Beach Chapter Public Information, Major Carravacino, executive secretary, Deland Chapter; Worker Recruitment and Training, Harvey Huggins, Volunteer National Campaign, vice chairman; Advance Gifts, Jim Roach, West Volusia Chapter; Business Solicitation, Col. Roy Foster West Volusia Chapter; Residential Solicitation, Mrs. Philip Marx, Seminole County Chapter; Rural Solicitation, Burlon Brown, Chairman, Lake County Chapter.

Following the meeting, Nearman addressed the group at the luncheon served in the Chapter House.

Representatives attending the meeting from Seminole County were The Rev. Wyatt, Chairman; Mrs. Alden L. Bringers, Chairman 1956 Fund Campaign; Mrs. C. R. Dawson; Mrs. Philip Marx and Mrs. Mary D. Knox.

2 FSU Students Accused Of Taking Examination Papers

TALLAHASSEE (AP)—Two Florida State University students accused of stealing and selling final examination questions for \$10 a set have been recommended for indefinite suspension.

The student honor code made the recommendation yesterday on the basis of an investigation in which the student government organization took a leading part.

University President Doak B. Campbell said further investigation was being made in an effort to uncover possible accomplices. Still unexplained is how the questions were obtained.

Names of the two male students were withheld pending a final determination in the case.

Students who bought stolen questions made a bad deal. Dr. Campbell said new questions were prepared for semester exams this week as soon as the theft was discovered.

ACL Safety Meeting

The First Quarterly Meeting of the Jacksonville Safety Committee will be held in the assembly room of the new station beginning at 7 o'clock this evening. ACL personnel, their families and friends are cordially invited to attend.

Heart Disease Leading

Seminole County is richer by 200 additions to its population during the first 11 months of 1955, according to a release today from the Florida State Board of Health in its monthly Vital Statistics Report.

The report states that during the first 11 months of 1955 there were 763 births and 274 deaths. Of those totals, there were 300 white children born in Seminole County during the 11 month period and 327 colored children. And of the 274 death total, 152 were white and 122 colored.

The Vital Statistics report states that there were 278 marriages in Seminole County during the January-November period of 1955 but more than half of them ended in divorce; 134 divorces were recorded in the County during the 11-month period.

Thirty-four infant deaths were recorded during the period, 6 of them white and 28 colored. The 274 deaths, says the State Board of Health's Vital statistics report, from certain causes were: Three from tuberculosis, one from syphilis, 47 from cancer, six from diabetes, two from anemia, 11 from influenza and pneumonia, 26 from cerebral vascular disease, 27 from heart disease, 12 from all other circulatory diseases, six from nephritis and nephrosis, six from motor vehicle accidents, and 14 from other accidents.

Through the first 11 months of 1955, chief cause of the greatest number of deaths remains from heart disease followed by cancer.

New Smyrna Wins Over Seminole Hi

New Smyrna, with height and ability, swamped the Seminole High School basketball team last night in New Smyrna by a top-sided score of 54-40.

The Seminole High School Celery Feds defeated the New Smyrna Baracudas on their own court Jan. 19 but couldn't duplicate the feat at New Smyrna.

The Baracudas led by a 47-17 mark at halftime and Seminole High School couldn't narrow the margin.

David Neely and Elyse Norman combined to score fifty points for the winners, while Robert Samuel, as usual got his share of the Celery Feds points by the tune of 17.

Jim Owen, with his fast break and improved floor play scored 15. The Seminole High School team missed the efforts of Jim Hawkins, who was out of the contest because of illness.

The Seminole High School B Squad also attributed to New Smyrna's happiness by bowing to the Hornet Baracudas 36-22.

Don Scott was high point man with 19.

Accident Occurs Monday Afternoon

An accident Monday afternoon shortly before 3 o'clock at the intersection of 9th and French Ave. caused property damage estimated at more than \$600.

According to an accident report filed at the Sanford Police Department, a 1931 Mercury sedan traveling west on 9th St. and driven by Ivory Leslie Johnson, a 58-year old negro laborer of Paola failed to notice an oncoming car after stopping at the intersection.

The Mercury crashed into a 1933 Chevrolet traveling south on French Ave. driven by Tom David Moody, 60-year-old mechanic of Orlando.

Patrolman Arnold Williams of the Sanford Police Department investigated the accident and filed charges against Johnson for "failing to yield the right of way."

School Board Backs Television Proposal

GAINESVILLE (AP)—A plan to provide a dual educational-commercial television channel for Gainesville was endorsed by the Alachua County school board yesterday over the objections of the University of Florida.

Wild Chase Ended With Driver Jailed

Clerk Of Court Job Sought By R. Cobb In May Primaries

A citizen of Sanford for 4 1/2 years announces his candidacy for the office of Clerk of Court, Seminole County, today.

R. A. "Bob" Cobb, employed by the J. C. Hutchison & Co. firm here, made known his intentions today that he will be a candidate for the office of Clerk of Court subject to the Democratic Primary to be held on May 8.

Cobb was born in Live Oak, Dec. 8, 1899 and moved to Sanford on Jan. 10, 1910. He has lived here since that time.

He attended local schools until the end of his Junior year in high school at which time he enlisted in the U. S. Navy during World War I.

Following his discharge from service in September 1919, he attended business school studying bookkeeping and accounting.

Cobb started work with Sanford Truck Growers most of the time as Secretary-Treasurer and was with that firm until August 1933 when he began his work with the J. C. Hutchison & Co. firm where he has remained.

In September 1931 Bob Cobb married the former Iselta Stone, a school days sweetheart.

They now live at 313 West 15th St. in Sanford. They have one daughter, Frances, who lives at home and teaches at Lyman School in Longwood. They also have one son, Thomas A. Cobb, who lives at 615 Oak Ave. with his wife and two sons, Tommy Jr., and Mike.

Cobb is a member of the First Presbyterian Church of Sanford, Campbell-Losing Post No. 38 of the American Legion, Veterans of Foreign Wars Post No. 3282, Sanford Lodge No. 1241 of the Elks, Sanford Lodge No. 42 of the Masons, Monroe Chapter No. 15, Taylor Commandery No. 25, Morocco Temple, Sanford Shrine Club, and the Seminole County Chamber of Commerce.

Mystery Message From Red Premier Causes Speculation

WASHINGTON (AP)—A mystery message from Soviet Premier Bulganin to President Eisenhower had the capital speculating today the Russians plan to spring some new, diplomatic maneuver.

Soviet Ambassador George M. Zarubin arranged to deliver the message personally to Eisenhower. The most commonly held theory was that Bulganin was making a new approach on disarmament, a subject on which he and Eisenhower exchanged notes last year after the Geneva summit conference.

The exchange followed Eisenhower's proposal for mutual aerial inspection of American and Russian military establishments. The Russians termed his plan unacceptable unless fitted into a broad disarmament program of the kind which they advocate and the United States has rejected.

Diplomats, however, did not rule out the possibility of some Soviet bid for joint action in the Middle East or a proposal for high-level talks on Far Eastern problems, with Red China sitting in.

Glisson Services To Be Held Friday

Funeral services for a former resident of Sanford, Mrs. L. C. Glisson, who died in St. Petersburg yesterday, will be held here in Sanford at 2 p. m. Friday, Jan. 27, at Brison Funeral Home with the Rev. A. G. Melnick officiating. Interment will be in Evergreen Cemetery.

Mrs. Glisson made her home with her daughter, Mrs. Ralph E. Stevens of St. Petersburg for several years.

Survivors include her daughter, Mrs. Ralph E. Stevens; a granddaughter, Mrs. Don Krauss of St. Petersburg; and a grandson, Lt. Ralph E. Stevens, Jr., stationed with the Air Force at Tampa and making his home in St. Petersburg; a nephew, Robert E. Williamson of Orlando; and several other nieces and nephews.

\$150 Damage Estimate Put On Station-Wagon

Mid-Winter School Starts Thursday At Orlando Church

Dr. Guy P. Leavitt, editor of the Lookout, Cincinnati, Ohio, will conduct a mid-winter Bible school conference in the First Christian Church Orlando, Thursday and Friday of this week for the churches of Florida. Bible school superintendents, teachers and special workers will have a special privilege to prepare themselves for more efficient work in churches.

Dr. Welshimer is minister of the First Christian Church in Canton, Ohio, will deliver the keynote address Thursday at 7:30 p. m. It has been planned to take care of delegates from all churches in Florida.

Dr. Welshimer is minister of the largest church and Bible school in the Christian Brotherhood and is considered the best authority on Bible school methods, it was reported. He has been minister of the Canton Christian Church for 34 years which has over 7,000 members and a Bible school above 7,000.

Other church people are cordially invited to attend this conference at the Orlando church which is located on West Central St. across from the Chamber of Commerce building.

W. Fred Peacock Dies This Morning After Long Illness

W. Fred Peacock, died at 2:30 a. m. this morning at the Railroad hospital in Waycross, Ga., after an illness of three years.

Born Jan. 12, 1901 in Eastman, Ga., his residence in Sanford was 211 French Ave. He was employed by the ACL Railroad for five years before his three year illness.

Survivors include his widow, Mrs. Evelyn Peacock; two daughters, Mrs. Philip Skates, Sanford; Mrs. Donald Smith, Waycross, Ga.; two grandsons, Philip Skates Jr., Sanford and Donald Smith Jr., Waycross, Ga.; his mother, Mrs. W. J. Peacock Sr., Eastman, Ga.; five sisters, Mrs. E. C. Giddens, Eastman, Mrs. E. C. Coleman, Eastman; Mrs. David White, Cocoa; Mrs. Jack Sasser, Deland; Mrs. J. P. Robertson, Deland, Tex.; two brothers, J. S. Peacock, Fernandina Beach; and W. J. Peacock Jr., Sanford.

Funeral arrangements will be announced at a later date.

Streets Is Unable To Perfect Appeal

TALLAHASSEE (AP)—Peaslee Streets of Lake Park says he won't be able to perfect his appeal in the Collins eligibility suit until the middle of next week "at the earliest."

Circuit Judge Hugh M. Taylor ruled two weeks ago that Gov. Collins can run for reelection. Streets, an announced candidate for governor who brought the action, said he would appeal.

He has 60 days or until March 2 under court rules in which to perfect his appeal to the Supreme Court.

The qualifying deadline for the May primaries is noon March 6, four days before the appeal deadline.

Gov. Collins, who has said he would seek reelection if ruled eligible, said he would like to get a decision as quickly as possible.

TOOLS OF TRADE LOUISVILLE, Ky. (AP)—

When arrested yesterday, Jonathan Paris Parks, Fresno, Calif., told police he was a writer carrying the tools of his trade. Police charged Parks, 31, with stealing a typewriter and photograph from Radio Station WKY.

Engineer To Get Psychiatric Exam

LOS ANGELES (AP)—The engineer whose train overturned Sunday, killing 20 persons, will be given a psychiatric examination today, Dist. Atty. S. Ernest Roll announced.

Roll said he wanted to get an explanation of Santa Fe engineer Frank Parrish's statement that he thought he saw an orange grove before the two-car train jumped the rails on a curve in Los Angeles. There is no such orange grove in vicinity.

Roll said Parrish, 41, took full responsibility for the accident, saying: "I blacked out. I didn't know we were going that fast (nearly 70 miles an hour)." Roll also said Parrish had rejected the story of fireman Homer Smith, who said he urged Parrish to use the emergency brake and that Parrish did so, "but nothing happened."

Some candidates appear reluctant to make known their intentions since an accounting must be made of their expenses when announcement is made.

So far, there are no committed candidates other than the incumbent for the office of Clerk of Court, Tax Collector, Sheriff, County Judge, County Commissioner, Constable, and Justice of the Peace.

Qualifying dates for statewide offices have been set beginning Feb. 21 to March 6.

Democrats Claim Bright 1956 Omen

PITTSBURG (AP)—Democrats claimed a bright 1956 omen today from their party's 2-1 victory in the first congressional election of the year. Republicans, however, saw no such significance in it.

State Sen. Elmer J. Holland, elected to succeed the late Rep. Vera Buckanan (D-PA), took reports the special election result "points out very clearly that the Democratic party is on the march back to the presidency."

And State Sen. Joseph M. Barr, Democratic state chairman, said in a statement at Harrisburg: "The great victory of Rep.-elect Holland, a staunch supporter of Adlai Stevenson, is a significant indication of Pennsylvania's pre-eminence in an important presidential election year."

Bulganin Suffering From Tour Effects

NEW DELHI (AP)—Soviet Premier Bulganin is suffering from the after effects of his strenuous Asian tour, informed sources said here today. But they declined to say exactly what the trouble is.

Indications were it might be fatigue, heart strain or jaundice. Sources close to the Russian Embassy here said it had been informed by Moscow only that Bulganin is "resting" after the tour, which had "strained" him physically. Moscow reports say he has not been seen in public since Jan. 8.

These sources said Bulganin, during his monthlong tour, complained of what appeared to be some heart discomfort. The sources refused to elaborate or say specifically that he had a heart ailment.

RUDY MOAN

Politics Underway As Three Hopefuls Reveal Intentions

Politics got underway yesterday, in earnest, when three hopefuls for the office of Assessor of Taxes for Seminole County made known their intentions to be in the race.

The Democratic Primary elections are still 108 days away on May 8 and dates for qualifying are set from March 6 to next March 31.

Those announcing for the office yesterday, and whose announcements appeared in The Sanford Herald were Mrs. Mary E. Earle, who has been associated with the Tax Assessor's office for 22 years; 34-year-old incoming engineer Rudy Moan; and Raleigh King, farmer-salesman.

The three announcements for the office being vacated at the end of his present term by Sanford Doudney who has spent 22 years in the office of the Seminole County Tax Assessor will undoubtedly enliven the political talk that has been circulating, more or less under cover of rumors rather than announcements.

Some candidates appear reluctant to make known their intentions since an accounting must be made of their expenses when announcement is made.

So far, there are no committed candidates other than the incumbent for the office of Clerk of Court, Tax Collector, Sheriff, County Judge, County Commissioner, Constable, and Justice of the Peace.

Israel, Egypt Okay Three-Point Plan

JERUSALEM (AP)—Israel and Egypt have accepted a three-point U. N. peace plan for the disputed El Ajuk demilitarized zone.

The U. N. Palestine truce supervision organization announced the agreement after Secretary Dag Hammarskjold conferred here and in Cairo with leaders of both nations.

Hammarskjold had proposed the plan originally last Nov. 3, after Israeli and Egyptian forces clashed in the Negev Desert area along the Israeli-Egyptian border.

Under the plan (1) Egypt will let the truce group put demarcation lines wherever the U. N. men think necessary. (2) Egypt will withdraw any "minor encroachments which might still remain in the zone, and (3) Israel will remove all her military forces, obstacles and mines from the zone.

BANDIT REFUSES OFFER
CATELETTSBURG, Ky. (AP)—A would-be bandit turned down a chance to get halfway in Cleveland yesterday.

He entered the Virginia Restaurant, picked up some candy and cigarettes, handed the cashier to create and, when she opened the cash register, drew a gun and said, "This is a hold-up—I need \$50 to get to Cleveland."

The cashier replied, "There's only about \$50 here—you can come around and look for yourself if you want to." The man then ran out the door and jumped into a car which sped away.

WARRANT SWORN OUT
WEST PALM BEACH (P)—Richard Story, 27, was charged with assault with an attempt to kill in a warrant sworn out yesterday by County Solicitor Charles A. Nugent Jr.
 Story was charged with shooting Capt. Joe Scudder aboard Scudder's yacht Onka Sunday following an argument which police said began in a bar.
 Scudder, who lives at the same address as Story, was reported in "satisfactory condition" in Good Samaritan Hospital.

And we have advocated all along that something should be done about the situation so that Sanford can present its finer side to our visitors and newcomers arriving here daily.

Fire Department Needs

Another problem confronts the City of Sanford, and it is one that is worthy of every citizen's thinking.

Our Fire Department needs to be moved to a more central location, where, without a fire apparatus can reach the scene in a minimum of time.

The equipment is now centered in one place, and that one in the heavily commercial business district. At one time, this was an ideal site, with every home and business establishment a stone's throw from the fire house.

Things have changed. The City has grown and has become thickly populated, and millions of dollars invested in costly homes and business houses in far removed areas from the present Fire Department.

Remember, we know that we have a well trained Fire Department today. They make the best use of outmoded equipment. They are undermanned, under equipped, and outdistanced from the very start. They have done marvelous jobs wherever they go. The Sanford Fire Department has an "esprit de corps" second to none. Each man works with the other in a spirit of friendly and brotherly accord. They fight together to keep down the property loss from fire in our city.

But, they are kept in crowded quarters, right in the center of the heaviest traffic pattern in Central Florida, and are expected to reach the scene of a fire in seconds.

A substation can easily be located in

What is more distracting than a vacant lot completely grown over in weeds, grass and with trash, rubbish, and litter scattered all over the place?

It has been suggested that some of these vacant lots are used for dumping grounds for trash.

Certainly, if our face is to be kept clean, the first step to be made is to have all of these lots so presentable that they will look like the neighbor's front lawn.

Many of these lots that can be seen overgrown with weeds and scattered with trash and rubbish would have homes on them now had they been in such a shape so that they would be attractive to those passing by.

No one wants to buy a trash heap.

The campaign is on with our City Fathers determined to have every vacant lot in the City as presentable as those which have houses on them. It's a good move and one we should all welcome.

the downtown area where one truck can be stationed for immediate danger to business establishments where fires are at an absolute minimum. Then, the Central Fire Department can be located where it will have easy access to all main thoroughfares in every direction.

There is another possibility.

Along with the Central Fire Department, operating from a more central location, a Police Department substation can be located where a patrol car can have easy access to the many sections of our continuously growing City in case of emergency. Our Police cars have the same trouble as do our fire department trucks. Of course, the police cars do a great deal of duty, and a major portion right in the heart of the City.

The City's departments, especially its vital departments such as the Police and Fire Departments must grow with the City. As the City grows, so should these important units grow along with it.

All of us can see the shift of population. The relocation of business houses. The trend that Sanford is taking is obvious.

As our Board of Sanford City Commissioners is looking at the picture, so must each citizen look at the changing and growing population and the demands that must be met by such growth.

A sum of money, estimated at \$150,000 seems to be a mountain of money at the present time. But it's needed, and needed badly, to put one of our departments into a modern, well-equipped, fast-moving, up-to-the-minute organization, fully prepared to meet the demands imposed upon it by the upward trend and a fast growing municipality.

These aren't idle facts. They are requisites of today.

Your City Charter

PART 47

An appeal shall stay all proceedings and furtherance of the action appealed from unless the Zoning and Planning Commission, from whose decision the appeal is taken, certifies to the Board of Adjustment, after the notice of appeal shall have been filed, that by reason of the facts stated in a certificate filed with the Board of Adjustment by the Zoning and Planning Commission that a stay would, in its opinion, cause imminent peril to life or property, and in all cases where said certificate is so filed with the Board of Adjustment by the Zoning and Planning Commission, the decision appealed from shall not be stayed except upon a special order made and entered by the Board of Adjustment, after due notice to the Zoning and Planning Commission, and upon application, after due notice to the Zoning and Planning Commission, the Board of Adjustment shall fix a reasonable time for the hearing of all appeals, giving public notice thereof as well as due notice to the parties at interest and shall decide all questions presented to it on appeal within a reasonable time. Upon any hearing before the Board of Adjustment, any party may appear in person or by agent or by attorney.

Section 102. BOARD OF ADJUSTMENT. POWERS: VOTE NECESSARY FOR REVERSAL OF ORDER TO ZONING AND PLANNING COMMISSION; APPEAL TO COURT. That the Board of Adjustment shall have the following powers:

(a) To hear and decide appeals where it is alleged there is error in any order, requirement, decision, or determination made by the Zoning and Planning Commission or by any administrative official in the enforcement of this Act or of any ordinance adopted pursuant thereto.

(b) To hear and decide special exceptions to the terms and provisions of any zoning and planning ordinance adopted by the governing authority of the City of Sanford, Florida, by authority of this Act.

(c) To authorize upon appeal in specific cases such variance from the terms of said ordinance as will not be contrary to the public interest, where, owing to special conditions, a literal enforcement of the provisions of said ordinance will result in unnecessary hardship, and so that the spirit of the ordinance shall be observed and substantial justice done.

In exercising the above mentioned powers, such Board may, in conformity with the provisions of this Act reverse or affirm, wholly or partly, or may modify the order, requirement, decision or determination appealed from, and may make such order, requirement, decision or determination as ought to be made, and to that end shall have all the powers of the Board or officer from whose decision the appeal is taken.

The concurring vote of four (4) members of the Board of Adjustment shall be necessary to reverse any order, requirement, decision or determination of the Zoning and Planning Commission or any administrative official acting under authority of said Zoning and Planning Commission or to decide in favor of the applicant any matter upon which it is required to pass under said ordinance or to effect any variation in such ordinance.

Herlong Reports

WASHINGTON, D. C. — "It looks like some people are beginning to wake up about the conservation of our most important natural resource — water," Congressman A. S. (Bud) Herlong (R-Fla.) said today as he reviewed the President's newly published "Water Resources Policy".

The President's communication came in the form of the Congress and called for an eight point program.

"The President reiterates many of the facts that many of us have known for a long time, and I am glad to say he has reached the same conclusion. The sum of all these facts is simply this: water is more than a natural resource, it is a necessity of life. And in most parts of this country, we are wasting too much of it."

Florida is blessed with an abundance of water, and our problems here are not the same as in other parts of the country. But even here, Herlong said, "we find our water table falling so rapidly that our once beautiful supply of water is no longer unlimited."

"A map of the United States in the Department of Agriculture shows that in the Sanford area the water table is steadily falling, while the areas along our seacoast show an encroachment of sea water into our once pure water supply."

Congressman Herlong pointed out that the President's message called for setting up a board to coordinate the facts and plans of the various departments which are now working on the problem. Much duplication of effort can be saved, he said, and a more accurate study should result.

"The President suggests that the present program of basic data collection be accelerated. I think anyone sincerely interested in solving the problem will agree with that."

"I think that planning for water resources should be on a Federal, State, and local basis. In fact, it was on this principle that we were able last year to get the U. S. Army Engineers to agree to help clean out the Ocklawaha River."

Herlong said that he also was in agreement with the President's affirmation of the principle which recognizes that water rights are personal property rights and that no system of relative priorities for use of water should be applied uniformly to the entire country.

"In general, I think that all interests which participate in the benefits from a water program should share in its costs. We shouldn't look to the Federal Government to bear the entire cost."

"I do think that the President became a bit more bureaucratic than I like to see when he outlined his methods for setting up a new government agency to study

YOU'RE TELLING ME!

TODAY'S BIBLE VERSE

And the people with one accord gave heed unto those things which Philip spake, hearing and seeking the miracles which he did.—Acts 8:6.

Negro Editor Discusses Problem

By Davis Lee
(Editor, The Telegram, Newark, New Jersey)

After viewing the Negro's position in the North and South, one begins to wonder just what does the Negro want? Does he want an equal educational opportunity, or does he just want integration?

The Negro does have integration in some communities in some of the Eastern and Northern states, but he doesn't have an equal educational opportunity anywhere in the North. He can attend the schools of his choice, but he can't get the job of his choice. He can't get the job of his choice because he was trained.

The fight for integration is being supported by organized labor, the engineers and draftsmen unions, the machinist and electricians unions. Many plumbers and plumbers unions are opposed to Negroes in the North.

The Southern Negro is in a better position than the Northern Negro educationally. At present an effort is being made to give the Southern Negro an equal opportunity to get an education, and new job opportunities are becoming available daily for trained Negroes.

If the Southern Negro is seeking greater education opportunities he has them. He will never enjoy under integration the opportunities he now has. He plays

the major role in an educational system which he directs. Under integration he will not be in a directing position.

At this point, and in view of the foregoing, it is crystal clear that the agitators who are spearheading this movement are not interested in an equal educational opportunity for the Southern Negro.

And no matter what problems the Negro has, integration is not the solution. You can solve a racial problem by mixing the races. South America is a good example of the racial chaos that will result.

The Negro has a rich heritage, and he should be fighting to retain his racial identity. In less than 100 years he has risen from the abject position of a chattel slave to become a first class citizen, enjoying all of the rights, and enjoying all of the rights, as by other citizens.

He should welcome the opportunity, whenever it presents itself, to run his own schools, hospitals, churches, etc. He should never permit himself to be placed in the position of asking others to recognize him in their society or to recognize him as their equal. He should conduct himself in such a manner that all men would respect him with open arms and regard his friendship as an honor.

There is not a white man anywhere in the world who knew Dr. George Washington Carver, the

renowned scientist, who doesn't cherish his honor.

No, integration is not the solution to our problem. What we need is better qualified leaders, educationally and morally, who will teach the masses of our race what to do with the opportunities we have.

The Southern Negro is being grossly misled by outsiders who are not familiar with the situation. If the Southern Negroes banded themselves together, raised 10 million dollars, and employed the world's best lobbyists and sent them to Washington, they could not get legislation passed which would give them the opportunities which they already have.

If the Southern Negro doesn't wake up fast he will not only lose the opportunities which he has, but he will find himself in the same boat with the Northern Negro, with nothing to live on but integration.

Florida Climbing

TALLAHASSEE (U)—Secretary of State Gray says Florida has climbed into third place among the 48 states in the number of new corporations formed during 1955.

Only New York and California ranked higher.

Gray said the total was 7,407, highest in the state's history. He reported 5,532 corporations were formed in 1954.

Big Windstorm

GAINESVILLE (U)—A windstorm toppled trees on power lines, buildings and an automobile here yesterday but damage was slight and no injuries were reported.

Experts Don't See Too Well

By BEN OLAN
The Associated Press
I would have taken a guy with a sharply focused crystal ball to predict which teams would be at the top of the national college basketball heap at the season's midway mark. The experts who called 'em as they saw 'em before the start of the campaign didn't see 'em too well.

Duke, voted the team most likely to succeed in the postseason, still enjoyed surprising pluralism in the latest poll.

As for the top 20 teams, Iowa, Michigan Young and Duke, each rated a power prior to the season's first basket, are among the top 20 teams. Iowa, considered the fourth best team in the latest rankings, and Alabama, put in the No. 6 slot at the start, are now in 12th position.

Surprise teams are Dayton, Wake Forest, Vanderbilt, North Carolina, Louisville and Duke. Dayton and Illinois from the previous group were listed in the top 10 in the preseason edition.

The Flyers of Dayton, currently ranked No. 2, have compiled the season's best record, 14-0, but something or someone will have to give in their game with Louisville (No. 9) Saturday night. Louisville is 12-1 on the season, having lost only to Western Kentucky.

Mantle Believes AL Champs Will Repeat

NEW YORK (AP)—Mickey Mantle, now the second highest salaried player on the New York Yankees, champions will repeat in 1956 if the young pitchers come through. The star centerfielder, fully recovered from the thigh injury that limited his World Series action to two games, made no predictions concerning his own work for next season but indicated he was due for the greatest year of his career.

After signing a contract for a reported \$30,000, which represents a \$5,000 increase over his 1955 salary, Mantle reported today he had been given a clean bill of health by the Yankee club physician for the first time since he injured his right knee in the 1951 World Series.

"The doc said the knee is stronger now than at any time since the injury," he said. "For the first time I can run as hard as I wish without feeling any twinge of pain. Except for a slight weakness which the doctors say is only natural following a tonsilectomy, I'm in perfect health. I plan to leave for Florida about a week before the regular squad arrives and get in playing shape as early as possible."

Amen Is Selecting Coaching Staff

WAKE FOREST, N.C. (AP)—New head football coach Paul Amen set about the task today of putting together a new coaching staff at Wake Forest College.

Amen, former backfield coach and chief scout at Army, was hired yesterday by the college.

None of the top 10 teams saw action on last night's slim card.

LONG SHINING STAR - - By Alan Hayes

HARRISON DILLARD
WINNER AFTER TOO MANY YEARS - HE HAS 2ND PLACE BACK AS FOOT - IS HITTING THE INDOOR TRACK CIRCUIT TO PROVE TO HIMSELF HE'S STILL OLYMPIC TIMBER TOPPER

WON THE OLYMPIC '100' AFTER FAILING TO QUALIFY FOR MURPLES IN '52. BUT IN '52 WON THE 100-METER MURPLES IN RECORD TIME, AND IN 1956 PERHAPS HE'LL BECOME 2ND TRACK STAR TO WIN TITLE IN 3 DIFFERENT OLYMPIC GAMES.

42 Pros Tee Off Tomorrow

PALM SPRINGS, Calif. (AP)—Forty-two top professional golfers, including Shelly Mayfield and the player he defeated in an exciting playoff here a year ago, Mike Souchak, tee off tomorrow in the \$15,000 Thunderbird invitational tournament.

Souchak, fresh from his recent victory in the \$12,500 Caliente Open at Tijuana, Mex., and Mayfield wound up at the end of the regulation 72 holes last year tied at 70.

They battled to another deadlock in an 18-hole playoff, and finally Mayfield edged Souchak on the 20th hole.

Invited to compete here at the Thunderbird Country Club were the 30 leading money winners of 1955, four past winners of the Thunderbird tournament and eight other special guests, including Lloyd Mangrum and Byron Nelson.

Julius Boros, the leading money winner last year, Masters champion Cary Middlecoff, and such past winners as Jimmy Demaret, Freddie Haas and Jim Frazier are included in the field.

The bulk of the other touring professionals are playing in a \$5,000 event, the Imperial Valley Open, at nearby Brawley.

Others in the Thunderbird field include Tommy Bolt, Gene Littler, Jack Burke Jr., National Open champion Jack Fleck, Doug Ford, Bo Wininger, Ted Kroll, Arnold Palmer and Art Wall Jr.

Winter Olympics Open Tomorrow

By TED SMITS
CORTINA D'AMPEZZO, Italy (AP)—The plushiest Winter Olympics yet opens tomorrow in the shadow of an injury jinx and a surprising threat from a Russian powerhouse. There's also a disturbing lack of snow.

Eight gold medal winners from the 1952 games at Oslo will be among the 1,100 athletes representing 32 countries in the opening parade.

Returning champions include Mrs. Andrea Mead Lawrence of Parahall, Colo., a double winner on skis, and Norway's Hjalmar Andersen, a triple winner on speed skates.

Shortly after the parade, the rink will be cleared and the first actual competition begins with Austria meeting Italy and Canada playing Germany in ice hockey.

Missing from the opening parade will be many of the 30 who have suffered practice injuries. Five were added to the casualty list yesterday, including Serge Glacchini of France, whose two-man bobsled shot off the icy, mile-long course at a mile-a-minute clip for the second time in a week.

Seven of the injured definitely will miss the competition, including Katy Rodolph of Reno, Nev., who fractured a neck vertebra in a ski spill.

Most of the casualties are skiers and most of the accidents have been caused by the lack of snow. There hasn't been a snowfall in two weeks and the light covering scattered over the ski runs each night hasn't kept the slopes from becoming too icy—and dangerous.

Keen competition also has contributed to the injury list.

On the eve of the games, the outlook was like this:

The Russians, entering their first winter games, will clean up in speed skating and will do well in cross-country skiing. They'll also challenge in hockey.

Norway, entering the seventh Winter Olympics with one of its strongest teams, probably will squeak out a team victory in the unofficial point standings.

The United States, with Mrs. Lawrence below par, will be content to win two gold medals—in the women's figure skating with Tenley Albright of Newton Center, Mass., despite her gashed leg, and in the men's figure event with Hayes Allen Jenkins of Colorado Springs, Colo.

Italy will take the two-man and four-man bobs, unless the U. S. team—or possibly the Germans or Swiss—can crowd in.

Canada will win the hockey, pressed by Russia, Czechoslovakia and a long shot—the United States.

Still, this is international amateur competition at its most intense p. h. and upside are almost certain.

The 1956 Southern Assn. baseball season opens April 10 with games at Birmingham, Nashville, Memphis and Mobile.

Disturbed Engineer Describes Tragedy

LOS ANGELES (AP) — The anguished engineer of a train that plunged off a 15-m.p.h. curve at about 70-killing 29 passengers and injuring about 150 others—has told the district attorney:

"The responsibility is solely mine... I blacked out... I didn't know we were going that fast."

The Santa Fe's two-car diesel San Diegan tipped off the rails Sunday night, 15 minutes after it had left Union Station for San Diego. Many victims were spilled through windows and crushed.

"I vaguely recall seeing an orange grove," Dist. Atty. S. Ernst Roll said he was told by the hospitalized engineer, Frank B. Parrish, 51.

The reference suggested a mirage because there are no orange groves in the area but there are near Parrish's home in San Bernardino.

Spotlight On Hollywood

HOLLYWOOD (AP) — "These are great times for writers. The field is wide open."

This comes from Herman Wouk, and he should know. He is perhaps the most successful writer of recent years.

Wouk is the onetime gag writer for Fred Allen who turned his hand to serious writing after the war. His first two novels, "Aurora Dawn" and "City Boy," were middling successes, as was a play, "The Traitor." But he busted loose with "The Caine Mutiny," one of the most popular books of the century.

Now his "Marjorie Morningstar" is booming on the best seller lists and may turn out a bigger hit than "Caine."

"The only real barometer of a book's success is the retail sales in book stores, excluding the book clubs," he remarked. "The publisher tells me that 'Caine' sold 400,000 copies in three years, and 'Marjorie' has sold 200,000 in three months. So she may well end up a bigger seller."

The dramatic rights will probably amount to more too. This is despite the fact that Wouk's dramatization, "Caine Mutiny Court Martial," was a hit on Broadway and the road.

Also, the movie is one of the biggest grossers of all time—\$2,700,000 in this country and Canada alone, according to Variety. But Wouk (pronounced Woke) realized only \$30,000 for the rights.

"Unfortunately I sold it before I realized it was going to be a hit. The reviews dismissed it as mere entertainment; it was the public who discovered the book. Also, the studios were worried that the Navy wouldn't cooperate with the film. Only Stanley Kramer agree to take the chance."

He stands to do much better on "Marjorie Morningstar."

He finally made a deal with producer Milton Sperling and Warner Brothers that could net him a million and more. He will be a 50 per cent partner in the film. It's an unprecedented deal for a writer.

THIS IS an artist's conception of the first atomic-powered guided missile cruiser, which is included in a \$1,429,000,000 U. S. Navy program calling for construction and modernization of 41 ships. The newest vessel of the new Navy, the Sali, is designed to be equally effective against sea, air, land and undersea targets. The House Armed Services Committee approved the authorization bill by 21 to 9 vote.

Frost Piles High On Telephone Lines

EDMONTON, Alta. (AP) — A helicopter blew the frost from a 60-mile stretch of south Alberta telephone lines yesterday in an effort to restore connections between Edmonton, Calgary, and other points.

Flying about 20 feet above the wires, the craft blew frost off lines and poles with the downdraft from its rotor blades.

But an Alberta government telephone official said results of the experiment were not clear. By the time it got under way the sun also was melting some of the frost.

Heavy frosts had piled up almost an inch thick on the line in recent days, causing short circuits and leakage of power. Only five circuits—about 10 per cent of the normal number—were operating early yesterday. After the helicopter experiment some 15 were operating.

FAITH

"Surely if our Faith is real to us, our burying grounds should proclaim it in accents of beauty and power. The followers of a Triumphant Master should sleep in a park so beautiful that it seems a bit above this world... a first stop toward Heaven"— Bruce Barton.

You are cordially invited to visit the Park and hear the chimes and organ music... a delightful ride out State Road 46A to Twin Lakes, 2 to 6 p. m. Sundays.

It is the look of an \$11,000 custom-built sports runabout craft that the Lark is, it is standing on. Ripped out in his spiceman suit, the boy's eyes are on future interplanetary goals. The modernistic rocket vessel, the Lark, was on display at the New York Motor Show. It will be shown at similar exhibitions in Chicago, San Francisco, Boston and Los Angeles. (International Exclusive)

Can Women Accept Praise For Future?

Now, I ask you, can a woman accept praise for her cooking if it's done by an international super-robot? The emancipated cook then pushes the lighted buttons, and each dispenses exactly the amount of each ingredient called for in the recipe, dropping it neatly into a bowl ready for the electric mixer.

Now really! What would Grandmother say? Where is the fun and the spirit of adventure in cooking up an inspired dish, if it's all going to be done by robots?

Things have come to a pretty pass indeed when science takes over woman's greatest artistic outlet.

And you know who's to blame? Women, that's who.

THE U.S. AIRCRAFT CARRIER *Loyd* looks as if it is going to take some of the Brooklyn Bridge's modernism with it as it heads up the East River on the way to the New York Naval Shipyard for a five-month overhaul. The 33,000-ton carrier made it with room to spare. It was only the second time that was playing tricks. It is the ship's first visit to New York in five years. The *Loyd* had part of her superstructure removed at Bayonne, N.J., to be able to make the voyage with safety up the river.

Dog Limit Law Is Finally Settled; Dwellers Are Glad

BAKE, Chomel-Islands (A)—A dog limit law, long opposed on BAKE, has been exposed as a legal ghost.

Misty archives have given up a secret 100 years old, and a man who covets a Corp., fancies a Chihuahua no longer is dazed by the threat of jail.

In fact, no reason exists why any of BAKE's 100 dwellers can't dash out forthwith and purchase a dog. And it all came to light by accident.

Not long ago a nose count of the island's dog population was taken, and it developed there were 78 of them. Officials recalled that under a law passed by the BAKE parliament in 1785, the maximum number of dogs was fixed at 100.

The island's 100 dwellers, and there were 100, were in the audience when parliament convened to consider the problem.

Then up stepped Hilary Carr, the island's Guelph, or Chancellor of the Exchequer, still duty from research in the yellowing statutes of long ago. He had great news.

It was true that a 40-dog law was passed in 1785. But the records plainly showed that it had been repealed quietly in 1830.

It still is the law, Carr said, that only one person on the island be permitted to own a female dog. Under a statute dating back to the middle of the 1800's, that right belongs at present to the hereditary Dame of BAKE—Mrs. Sibyl Hathaway.

Mrs. Hathaway owns a French poodle named BAK.

How did Mrs. Hathaway take the news?

"I," she said, "am going to start breeding poodles."

ATOMIC REACTOR PLANS MIAMI (A)—Plans were announced here yesterday to build Florida's first atomic reactor on the University of Miami campus.

John A. Bouvier Jr., Miami developer, said work will start as soon as a license is obtained from the Atomic Energy Commission.

The project will enable the faculty to have access to laboratory facilities for research and for graduate teaching in specialized areas of physical sciences.

YOUTH KILLED LAKE WORTH (A)—Anthony Joseph LaRusso, 16, was killed Sunday night when the automobile in which he was riding overturned on U. S. A1A near here.

Bids Are Opened For Proposed New Lutheran Church

Bids were opened this morning in the architectural offices of Burton and Rogers, in the Sanford Atlantic National Bank Building, for the new church building proposed for the Lutheran Church of the Redeemer.

The proposed church will be located on Oak Ave. at 25th Place just off South Park Ave.

Bids were not awarded this morning pending further action of the District Architectural Board of the Florida District, Lutheran Church, Missouri Synod.

Apparent low bidder for the new building was P. M. Campbell, local builder and contractor.

The bids were opened by John Burton, architect for the Lutheran Church of the Redeemer in the presence of the church Building Committee. Those present when bids were opened and tabulated were J. C. Jorgensen, chairman, W. H. Knaser, John Senkarik, Rev. Phillip Schlessmann, pastor of the church, and J. Marion Harman Sr., president of the congregation.

Contractors bidding on the new church building, other than P. M. Campbell, were: Innanen Bros., Orlando; Peninsular Construction Co., of Pinecastle; and Henry B. Stephens, of Orlando.

A SCENE LOOKING DOWN the corridor at Seminole Memorial Hospital. This view will be noticed by thousands of visitors at the hospital's "Open House" Sunday afternoon from 1 to 6. (Staff Photo)

Authorities Plan Patient Transfer To New Hospital

Plans are being made by authorities to transfer the patients of Fernald Loughton hospital to the ultra-modern Seminole Memorial Hospital on Feb. 1 starting at 10 a. m. Through careful scheduling and the help of many willing and eager hands it is hoped that the major assignments will be completed by 2 p. m. It was said by Harry Weir, Administrator.

Volunteers are asked to call the new hospital (phone 3182), list their names and what they can do best in the "Big Switch". Mr. Weir said that ambulances, of course, would be required for the patients, but that there would be a need for station wagons, trucks and perhaps a few cars.

Not only will some of the small equipment be moved but there will be a less hurried shift of larger items that might be set up for a later day.

"Everyone seems delighted that at long last this new medical facility is ready for use and proud citizenry seems more than anxious to do all they can to assist in getting into the hospital for which they have waited for 30 years", Mr. Weir said. "This undoubtedly will be a city-wide project in which there will be no lack of enthusiastic helpfulness, and because of this we feel that we can get the job done in short order."

Patients will be given the benefit of the same care they are paying at Fernald Loughton until they are discharged, the Administrator said, in spite of the fact that the standard of care will be raised through the use of the new equipment.

Doctors will attend those patients who need such special attention during the move, it was said.

Elks Playground Gets Equipment

New equipment has been installed in the Fort Mellon Park Elks' Playground, according to information released by the City Manager's Office this morning.

There are a new sand box, new exercise bars, and eight beautiful Oak trees placed in the playground area.

In addition, all of the equipment has received a new paint job.

Parents are daily making greater use of the playground area located in the immediate vicinity of the municipal swimming pool.

Knowland Reported Ready To Risk Bid

WASHINGTON (AP)—Sen. Knowland was reported ready today to risk his conditional bid for the Republican presidential nomination on his showing in five primaries.

They are the ones in Illinois, Alaska, Florida, Maryland and his home state of California.

Knowland, Senate GOP leader, has made it clear he will seek the nomination if President Eisenhower does not run.

He will visit New Hampshire this weekend, but apparently prefers to stay clear of that state's March 12 primary unless he finds a situation in which he feels he cannot tactfully disavow delegate pledges entered in his name.

Final Plans Discussed By SHS Band Parents

Final plans to play host to the University of Miami Band at their concert to be held in the High School Auditorium on February 8 were made by the Band Parents organization at their monthly meeting held in the band hall Tuesday night. A meal will be served to the university group in the school cafeteria as they arrive around 5 p. m. on the afternoon of the concert. After the program members of the University band will be roomed in homes of the band parents for the night and will be served breakfast in homes prior to their departure for the remainder of their tour.

The organization requests aid in finding enough rooming space for the 70 piece group. Anyone having a spare bedroom who would assist the band parents in this problem is requested to call 2331-J.

Plans for the third Annual Skit night to be held in the High School Auditorium February 24 at 8 p. m. were formulated at the meeting last night. Letters of invitation to participate in the Skit Night Contest were sent to 33 civic, fraternal, school P-TA's and Church groups in Sanford, Lake Mary, Geneva and DeBary. Mrs. Joe Corley was appointed program chairman.

The association approved the purchase of a Strobotuner for the purchase of a Strobotuner for the High School Band with the proceeds made from the recent barbecue sponsored by the association and Elks Club. A Strobotuner is an electric device for accurate, visual presentation and measurement of sound frequencies. It is used for tuning all the instruments of the Band.

Those present at the meeting were: Mrs. N. J. Duggar, President, Mr. and Mrs. Charles Benham, Mrs. G. B. Hudson, Mrs. J. B. St. John, Mrs. R. W. Williams, Mrs. Jack Burney, Mr. and Mrs. Charles Powell, Mrs. Margaret G. Bower, Robert H. Reely, Mrs. Lowell Olier, Mr. and Mrs. Fred W. Pope, Mr. and Mrs. C. E. Jackson, Mrs. Fred M. Smith, Mrs. A. D. Rountree, Ernest Cowley.

Adjustment Board Will Meet Tonite

A meeting of the Board of Adjustments and Appeals will be held tonight in the City Commissioners Room of the Sanford City Hall at 8 p. m.

E. C. Harper, chairman of the Board, called the meeting to handle matters that come under the jurisdiction of the Board of Adjustments and Appeals.

Tomorrow night at 8 o'clock, a meeting of the Zoning and Planning Commission will be held in the City Commissioners Room at the City Hall.

Bob Brown is chairman of the latter committee.

Funeral Service

Funeral services for W. Fred Peacock will be held tomorrow at 4 p. m. in the First Baptist Church. The Rev. W. P. Brooks will officiate and burial will be in Oak Lawn Memorial Park.

Cdr. E. L. Lawrence Visits Base

Commander E. L. Lawrence, USN, Director of the Office of Savings Bonds, Navy Department, Washington, D. C., visited the Naval Auxiliary Air Station Wednesday to stimulate interest in the Savings Bonds, Navy Department, base.

In a meeting attended by both military and civilian personnel, CDR Lawrence presented figures pertaining to naval bond sales in the past year and suggestions for initiating drives in the future. Commanding Officer of NAAS, CAPT Robert W. Jackson, and Mrs. John C. Brown, Chairman of the Payroll Savings Plan Committee at NAAS, as well as representatives from each naval unit aboard and civilian representatives participated in the discussion.

Military and civilian employees of the Navy spent \$178,703,000 on savings bonds in the year of 1963, CDR Lawrence stated. Naval civilian workers hit an all-time high in that year when 70.1% were enrolled in the savings plan, for an average of \$33.80 per month. Over a quarter million military personnel on active duty with the Navy were enrolled last year, CDR Lawrence continued.

CDR Lawrence, head of the savings program since July of 1961, is making a coordinating tour of all bases of the Sixth Naval District.

VAH-Officers Visit Children

A group of VAH-7 officers, attached to the Sanford Naval Auxiliary Air Station, and their Commanding Officer went to Mount Dora Saturday with Dr. J. C. Boyce.

At Mount Dora, the group of officers picked langleinios at the Dr. Boyce grove, and from the grove, seven cars loaded with the Navy officers, their wives and families, went on to Umatilla to visit the Harryanna Crippled Childrens home to surprise the children there, with the langleinios they had picked.

There were about 40 in the party making the trip to Mount Dora with Dr. Boyce and then on the Umatilla.

Miss Stineciper Put On Dean's List

Grace Marie Stineciper made the Dean's List at Maryville College, Maryville, Tenn., according to word received here by her parents, Mr. and Mrs. Martin Stineciper.

The Seminole High School graduate is a sophomore at Maryville College where she is majoring in science and education.

Miss Stineciper, although among the "top students" at Maryville, is prominent in campus activities. She is a member of the Maryville College Band and is on the staff of the college paper "The Highland Echo."

16-Year-Old Oviedo Youth Accused Of Leading Gang

SPEAKERS AT THE 26th Annual Edition of the Sanford Woman's Club Animated Magazine, edited by the Fine Arts Department, yesterday, were: (left to right) Rolland Dean, associate editor of the Orlando Sentinel; Mrs. Charles H. McDowell, Chairman of Public Affairs, Florida Federation of Women's Clubs, Winter Park; and Chaplain F. W. Kempson of the Sanford Naval Auxiliary Air Station. (Staff Photo)

E. E. Anderson Is Attending Southern Furniture Market

E. E. Anderson of Mother's March is attending the Southern Furniture Market now in progress in High Point, N. C. More than 4,000 buyers are expected from the Southeast. Reports indicate one of the most active buying markets of all time.

The Southern Furniture Market, located in the heart of the greatest concentration of furniture production in the world, is one of the largest of its kind. More than 50% of the bedroom furniture is produced in North Carolina and Virginia. Almost 400 manufacturers exhibit in the Southern Furniture Exposition Building, offering the latest styles, color and construction innovations in every type of home furnishings.

The market extends over 12 acres of display space, featuring the trends of today's designs and decorating. It is open only to representatives of furniture and department stores. The market is visited by thousands of buyers who like the idea of buying all their needs under one roof.

Mother's March Set For 7-8 Tonight

The Mother's March on Polio will be held tonight from 7 to 9 o'clock, said John Sauls and Wight Kirtley, co-chairmen for the March of Dimes campaign in Seminole County.

Volunteers are asked to have their porch lights on tonight between those hours, the co-chairmen said, so that the workers who are calling within that hour will know that you want to contribute.

This is the one big campaign in Seminole County that will provide funds to meet the quota for an ever growing emergency to combat the dread polio disease.

More than a score of volunteers are going out this evening for the one hour countywide campaign to raise the funds to meet the Seminole County quota.

"If citizens realized the grave danger that the spread of polio in any area of our country could cause," said the County co-chairmen for the March of Dimes campaign, "they would readily contribute generously to meet the needs for further research, for the individual aid, and for the continuing program of education that is being conducted throughout the country."

"We hope that every citizen will greet the volunteers cheerfully tonight and contribute generously," said John Sauls of Sanford,

"so that we can climax the month-long campaign for funds."

Labor Racketeer Will Be Released From Prison Soon

DANNEMORA, N. Y. (AP)—Joseph S. Fay, a labor racketeer once so powerful that he ran his union from Sing Sing and received political bigwigs there, will be released from prison next month.

The State Parole Board granted him parole yesterday on condition that "under no circumstances" was he to engage "in any type of union activity in any capacity whatsoever."

Fay, 64, was convicted in 1948 of extorting \$368,000 from contractors building a New York City water-supply line upstate. He was vice president of the International Operating Engineers Union. Members of the union worked on the project.

He was sentenced to 7 1/2 to 15 years. In 1948 he began serving his term in Sing Sing. In 1953 it came to light that Arthur H. Wicks of Kingston, Republican majority leader of the State Senate and acting lieutenant governor at the time, had visited the racketeer in Sing Sing. It cost Wicks his leadership.

Thefts Charged To Trio

Confessions Made By Older Boys

A 16-year-old juvenile has been accused as the leader of a gang of three Oviedo youths involved in a series of petty thefts.

Constable George Kelsey, this morning, arrested the last member of the trio involved in the stealing of gasoline from farms, picking up items in drug stores, taking parts from an Oviedo garage, and pumping gasoline from tanks.

According to the constable, \$48 worth of pocket knives were taken from an Oviedo drug store, a coil from an Oviedo drug store, a coil to 150 gallons of gasoline pumped from a tank at a garage owned by R. L. Slavik.

Kelsey said, "I've been suspicious for quite some time and have been watching them by parking my car at home and walking back to the vicinity where the thefts were done."

Two of the boys were brought to Sanford yesterday and lodged in the Seminole County jail, Charles Mentzer, 19, employed by a Sanford surveying firm, and a 16-year-old juvenile who has been named the leader of the outfit, and 17-year-old Norman Pitt were also charged with breaking and entering a store and petty larceny.

The 16 and 17 year old boys were arrested yesterday and are in the county jail.

Constable Kelsey said that all of the boys have confessed except the 16 year old leader who said, "I'm not talking."

Kelsey said that amounts of merchandise taken would not amount to enough to charge the group with "grand larceny."

Parents of the boys being held in the Seminole County jail are to appear before Juvenile Judge Ernest Roushholder today.

Pumping Operation Begins In Flooded Manhattan Tunnel

NEW YORK (AP)—Pumping operations began today in the flooded Manhattan approach to the new Lincoln Tunnel tube. Water came in for 18 hours yesterday before a diver closed a safety door to stop the flow.

The main tube itself, to be used for motor traffic, was not affected. There were no injuries when the Hudson River breakthrough came, but several sandhogs had to swim for their lives.

The two original Lincoln tubes 175 feet to the north were not touched.

The main part of the new 100-million-dollar third tube is being bored from the New Jersey side of the Hudson.

The break occurred in a rock tunnel below 12th avenue and 38th Street, just west of the New York Ventilation Building.

Three sandhogs went down 60 feet to try and stem the break. They found the safety door jammed and had to swim for it as the water kept rising.

There were advance indications his special message would play down his suggestion of previous years for federal reinsurance of private health insurance plans in favor of permitting private companies to share excess risks among themselves.

Such a pooling plan, which has been studied by Secretary of Welfare Folsom, might require an exemption from federal antitrust laws.

Eisenhower said in his economic message Tuesday that private companies should be encouraged to expand their activities both to include catastrophic illnesses and to cover persons not now reached by group plans.

Nation's Health Subject Of Message

WASHINGTON (AP)—President Eisenhower tells Congress today what he thinks it should do to improve the nation's health.

There were advance indications his special message would play down his suggestion of previous years for federal reinsurance of private health insurance plans in favor of permitting private companies to share excess risks among themselves.

Such a pooling plan, which has been studied by Secretary of Welfare Folsom, might require an exemption from federal antitrust laws.

Eisenhower said in his economic message Tuesday that private companies should be encouraged to expand their activities both to include catastrophic illnesses and to cover persons not now reached by group plans.

Special Game Nite

A special game night will be enjoyed at the Sanford Tourist and Shuffleboard Club today. Activities are scheduled to get underway at 7:30 p. m.

ONE OF THE POINTS of interest that visitors will see at Seminole Memorial Hospital Sunday during "Open House" from 1 to 6 o'clock. The Nurses Station, or nurse center of the hospital is manned for this picture by members of the Hospital Auxiliary. These are (left to right): Mrs. A. W. Epps Sr., Mrs. Charles Cole, Betty Rowe, Mrs. Bell Bruning, Mrs. George Harden, Mrs. Warren Adams, and Mrs. Gordon Deast. (Staff Photo)
