

Jewish Agency

(Continued from Page One) United Nations in effect today that it was determined in any event to go ahead with creation of a Jewish nation in Palestine.

This would be done even if the U. N. is unable to carry out its own partition project, the Agency said in a major policy statement to the U. N. Security Council.

Dr. Abba Hillel Silver, chairman of the American section of the Agency's executive, told the Council: "We feel under obligation to make our position unmistakably clear. As far as the Jewish people is concerned, it has accepted the (partition) decision of the United Nations. We regard it as binding and we are resolved to move forward in the spirit of that decision."

"Under the plan there are dates to be met. We must assume that these dates will be met."

"We fully respect the authority of the United Nations but if it is unable to carry out its own decision and, as a consequence, the Jewish community of Palestine is confronted with the threat of annihilation, it will be compelled by the considerations of sheer survival, not to speak of the preservation of its rights, to take all the necessary measures which the situation will require."

WAA Closing

(Continued from Page One) Mrs. Truman said:

"The enactment of such legislation will abolish our largest remaining war agency and provide for an orderly liquidation of the present war surplus disposal program. It will establish an improved system for managing the government's property and mark a major advance toward the development of a central service agency for the federal government. These steps will make possible the efficient and economical conduct of the government."

Mr. Truman asked that the priorities and preference requirements of the Surplus Property Act applying to personal property should be struck out. Those applying to real property would continue until Dec. 31, 1949.

GAME SANCTUARY

BRADENTON, Mar. 5 (AP)—The State Game and Fish Commission to close Manatee County to deer and wild turkey hunting for five years.

The commission said it planned to stock Myakka State Park with 20 deer and an unspecified number of turkeys to build up hunting prospects for the future.

Snakes must swallow their food whole, being unable to chew.

Lake Mary

(Continued from Page One) Mr. Evans. It is also of concrete block construction, the floors, extra large casement windows to give a fine lake view and a large garage built completely across the back portion.

Mr. Evans yesterday stated that it is his intention to build two more fine homes nearby on the lake shore. Further east, as he pointed out where Max Elbert Baker of Cleveland, Ohio, is building two concrete block homes. Two former Akron, Ohio, residents, Tolbert Miller and M. Smith, are also building homes on the east shore of the lake. On the north shore of the lake, Mr. William H. Kelly of Charleston, S. C. has purchased the Norris property.

Important new developments are pending and taking place on the shores of Crystal Lake, it was reported by Mr. Ball. Among these are the new Lake Mary Subdivision being developed by W. E. Kirchhoff, including 100-foot wide lots.

Lenwell A. Cline, who built a 21-home project at Luzerne, Mich., is developing a number of sites on the Crystal Lake, has built one home, is starting others and intends to establish a souvenir factory in Lake Mary.

Another developer on the shores of Crystal Lake is C. P. Brazington, retired manufacturer of Cincinnati, Ohio, who has purchased a home from Mr. Ball near the lake and has a fine sandy beach nearby pumped in from the lake bottom. He is planning developments all around the lake shore, said Mr. Ball.

The large tract between the highway and Crystal Lake is the site of several new concrete block homes recently erected by H. M. Cochran. Mrs. Harry Wing of Eustis is now erecting a neat little home at the north end of the tract.

On the lake is also situated the Lake Mary park, sponsored and developed by the Lake Mary PTA during the last year. A fine pier has been built, a concrete bath house has been completed, and new improvements are planned. The County Commission aided in securing proper entrance and parking space for the park.

Near the Lake Mary school on the highway Ralph "Red" Williams is erecting a concrete block home. H. E. True, principal of the Sanford Junior High School, is developing a large tract of land at Crystal Lake.

Harry M. Huff of New Jersey has just purchased the S. L. White property and plans immediate improvements. Mr. Ball reported. Mr. Huff is interested in cattle raising, he said. Herbert Lampert, president of the Lake Mary Chamber of Commerce, recently built a new home near the center of town. Mr. and Mrs. O. P. Westmoreland are remodeling their home.

Mr. and Mrs. James J. Gehr of Pennsylvania have purchased the Daly property on Crystal Lake. The James Gehr home, opposite the Community Church has been purchased by Mr. and Mrs. Roy Howell, Jr. The church building has been recently painted and repaired. The John Peckham home has been purchased by Mr. and Mrs. Perry Bremer, who operate a photograph studio at Rollins College. Mr. Bremer is a former orchestra leader of Washington, D. C.

On the shores of Lake Emma, west of Crystal Lake, Burnette Thompson are making developments. Mr. and Mrs. A. Armbruster have developed a home-site there. O. J. Lally, former owner of the Holiday Inn, has established a home in Lake Mary.

Earl Toney of Richmond, Ind., has built a garage apartment at the former Evansdale Park and plans to erect a new home there. Mr. and Mrs. Albert Southern of Wellington, Ohio, have purchased a site for a new home.

During the past year, H. H. Greer moved his store to the corner location in the Evans Block. This has resulted in a large and well-lighted grocery store, including a meat department. Hardware is also sold.

The Community House has been the scene of much tourist entertainment during the past year under direction of the Chamber of Commerce, and is the social center of the community. It was built in 1926 by Frank Evans, who allows its use free for community and church meetings and entertainments. One of the principal attractions here has been Pioneer Night, an annual event for the past 22 years that has been presided over by Mr. Evans, and which has attracted hundreds of elderly visitors annually.

Lake Mary, which was originally known as Bent's Station, received its name from Mr. Evans' father, William H. Evans, who came to Lake Mary from Indiana in 1880. At that time A. E. Sjoblom had a large grove near Crystal Lake. The lakes are noted for blue fishing, although bass are much scarcer than in early days, and prior to when the lakes were seeded for fish canning purposes, according to old residents. However, big ones are caught now and then. Joel Smith during the past week claims to have caught a 12 and a 10-pound bass in Crystal Lake, and previously snared a 14-pounder.

The Lake Mary Chamber of Commerce has recently applied to the State Game and Fish Commission to re-stock these lakes with fingerling bass. Mr. Ball reported.

Lake Mary has a fine water supply from two deep wells. It has two water towers, one holding 20,000 gallons from a 125-foot deep well which was dug in 1925 and another tank near the center of town of 25,000 with pure water from a 90-foot deep well. The water is piped to residences throughout the nearby area.

Quick Action On ERP Asked By Marshall

Military Help For Chinese Nationalists Is Advocated By UNRA Director

WASHINGTON, Mar. 8 (AP)—The State Department announced today it will ask Congress soon to let the Export-Import Bank lend \$500,000,000 to Latin American countries. The announcement was in a statement sent to the House Foreign Affairs Committee. It said the department also plans to request \$20,000,000 to prevent disease and unrest in the American-British zone in Trieste during the 15-month period between Apr. 1, 1948, and June 30, 1949.

WASHINGTON, Mar. 8 (AP)—Secretary of State Marshall personally urged Speaker Martin today to expedite House action on European aid.

Accompanied by Undersecretary Lovett and Lewis Douglas, U. S. ambassador to Great Britain, the Secretary visited Martin in the Speaker's office. Later, Martin said he would believe the House will be able to act by April 10 or soon after.

While the subject of including military and other aid to China was discussed, Martin said, the main purpose of the meeting was to consider a timetable for the European Recovery Plan.

Meanwhile, in the House Military Affairs Committee, the general of the United Nations Relief and Rehabilitation Administration in the House when Lowell W. Rooks, the UNRRA chief, told the Foreign Affairs Committee that economic aid is "useless" unless the Chinese central government can win its war with the Communists.

He said the United States should send American military aid to the Chinese.

Penn. State's New Party Seeks To Put Wallace On Ballot

YORK, Pa., Mar. 8 (AP)—Pennsylvania's new Progressive Party, set up today to place Henry Wallace's name on the state's presidential ballot. The new party was organized with Wallace present yesterday. Georgia, Maryland and Vermont previously organized independent parties to back the former vice president.

To assure permanency for the movement, Wallace described as "fantastic" a report that he would return to the Democratic fold should President Truman step aside.

Truman is not the issue, he told 2,500 delegates. "The doctrine which carries his name is an issue and it was in the plans of men who are running the government long before they told Harry Truman about it, Wallace added.

"The Truman Doctrine calls for military and economic assistance to nations fighting Communism," he said.

B-29 Feared Lost In Flight With 20 Men

SAN FRANCISCO, Mar. 8 (AP)—An Air Force Superfortress bomber with 20 men aboard on a flight from Spokane to Honolulu, has not been heard from since 1:34 A. M., rescue operations said at 10:30 A. M.

A second plane, also with 20 aboard, was reported turning back to San Francisco.

The Civilian Aeronautics Administration control station said a message on the turn-back was received from others in the flight of 10 Superfortresses making the flight.

The 10:30 A. M. announcement was made within an hour of the time the missing plane would have reached Honolulu under normal flight conditions.

Hickam Field, Honolulu, had no report from the plane. Neither had the Civilian Aeronautics Administration control station, the air rescue unit at Hamilton Field, or the Coast Guard.

CITY MEETING
The City Commission will meet tonight at 7:30 o'clock in regular session.

LAKE MARY TOURISTS
The Lake Mary Tourist Club will meet tomorrow night at 8:00 o'clock in the Community Building, Reginald Shuman, president, announced today. Light refreshments will be served.

Mrs. Lamarre Says Meyers Told Her To Fake Story About Profits

WASHINGTON, Mar. 8 (AP)—Mrs. Blenot H. Lamarre testified today that General Bennett E. Meyers told her husband on at least five separate occasions to give Senate investigators a fake story about the General's business affairs.

Meyers, wartime deputy purchasing chief of the Air Force, is on trial on charges of subornation of perjury. He is accused of inducing Blenot Lamarre, a former business associate, to deny falsely to the Senate War Investigating Committee last fall that the General received \$150,000 from a Dayton, O., plane parts company.

Lamarre has pleaded guilty to separate perjury charges in connection with his Senate committee testimony. He said he lied at Meyers' suggestion, claiming that he received the \$150,000 instead of Meyers. Lamarre later changed his story and "told the truth about Meyers" to the Senate group, he said.

The attractive Mrs. Lamarre told the federal court jury today that Meyers met her and her husband frequently before Lamarre made his first appearance before the Senate committee.

"Meyers told us that as long as we stuck together on the fake story, nothing would happen," she said.

21 Men Are Saved In Daring Rescue From Doomed Ship

All Are In Good Condition After Night Of Steady Pumping

MOREHEAD CITY, N. C., Mar. 8 (AP)—Twenty-one men were rescued today from the stricken motorship Norfolk.

While towering waves still pounded the grounded tanker, Coast Guardsmen used a breeches buoy to take the men to safety one by one. One crewman was rescued yesterday.

The 21 men, all reported in good condition, spent a dreary night aboard their battered, leaking vessel. The Norfolk, a 252-foot, 2,453-ton ship, piled into the treacherous sand reef off Beaufort inlet yesterday while in distress and trying to make harbor.

For a time it appeared she would be broken up by the surging sea. Today Coast Guardsmen said salvage might be possible when the sea calms.

Coast Guard boats stood by the vessel all night in heavy fog. Bright sunshine this morning soon banished the fog, but the waves still kept bashing from going alongside and the breeches buoy was brought into play. Planes roared overhead.

Florida Citrus Men Ask Price Hike Bill

WASHINGTON, Mar. 8 (AP)—Spokesmen for Florida citrus producers urged a Senate subcommittee today to approve legislation designed to raise prices paid growers for their fruit.

Growers, they contended, "are going broke" on portions of their crops sold to canners.

Specifically, the legislation would permit extension of the marketing agreements set to expire. It already covers fresh fruit.

Those appearing in support of the legislation today included: Marvin H. Walker, general manager of the Florida Citrus Commission, Lakeland; J. Walter Florida, economic counsel for the United Growers & Shippers Association, Orlando; and Counts Johnson, secretary of the Florida Citrus Producers Trade Association.

Senators Pepper and Holloman, Florida Democrats, are among sponsors of the legislation and attended today's agriculture subcommittee hearing.

Military Experts Wonder How Fast 250,000 Troops May Be Deployed

WASHINGTON, Mar. 8 (AP)—How fast could the 250,000 American troops stationed in the world's danger spots be reinforced or removed?

Military transportation experts believe there are enough ships to do the job—but only for the grim reason that the reserve force is small. Available figures show there are only about two and one-third combat divisions in the continental United States—or about 30,000 men.

The Army Transportation Corps, in answer to questions, made available today a tally of the Army's present fleet.

It shows there are about 160 Army-owned or Army-managed ships currently in operation. Of these, less than 90 are troopships, but the majority of the remaining cargo vessels could be used to carry soldiers in an emergency.

The ships are assigned about equally to the Atlantic and Pacific. This reduces the approximate deployment of troop strength between occupation zones in Europe and the Far East.

The 160 Army ships are not all that could be counted upon, however, if a swiftly developing situation created a sudden demand. A transportation corps official noted that the Navy also has some passenger-carrying ships, and regular commercial liners could be diverted to troop use in a hurry.

Finns Decide To Negotiate On Red Pact

Five Western Democracies Continue Efforts To Check Communism Flow

By ASSOCIATED PRESS
Finland decided today to negotiate with Russia on Prime Minister Stalin's request for a treaty of friendship and mutual assistance, a cabinet member said.

Across Europe, five democracies were welding together a bulwark against the further spread of Communism. Great Britain, France, Belgium, Holland and Luxembourg were reported agreed in Brussels on basic political, legal and military principles for a 50-year treaty.

Finland's fateful decision came after the cabinet met for an hour and a half today. The cabinet member did not say whether Finland would tell Russia she is ready to talk about a military pact. The majority in parliament has advised against a military link.

Finland has been pretty well cut off from the world since 1939. Peace terms required her to pay \$100,000,000 reparations, lease the Hangö peninsula in southwest Finland as a naval base, and cede to Russia the Karelian Isthmus, the Petsamo arctic lands along the eastern boundary.

General Charles de Gaulle asked U. S. help, including aid in the defense field, for an organization.

WASHINGTON, Mar. 8 (AP)—The Senate Armed Services Committee today ordered public hearings on Undersecretary of Defense Forrestal, testifying for Universal Military Training.

Chairman Gurney (R-S.) made public estimates showing that the cost of the training program would run \$1,541,000,000 for the year beginning July 1, if it is approved by Congress.

This is \$555,000,000 more than the amount previously estimated by President Truman.

The President had put \$400,000,000 in his budget for UMT, plus \$650,000,000 for the reserves. Under the new estimates, UMT would cost \$880,400,000 and the reserves \$661,500,000.

By 1952, the full program would be in action, Gurney said. Its estimated cost would be \$4,281,000,000. But it would be increased in annual cost thereafter, since the permanent plant for training would have been installed.

The program would be designed to train 1,000,000 men annually in a six-month military course. These men could elect to take the course anytime between the ages of 18 and 21, inclusive.

Rev. McKinley Is Honored By College

The Rev. J. E. McKinley, pastor of the First Methodist Church, was among the group of Floridians who were cited Thursday evening at Florida Southern College in Lakeland for outstanding community service.

The citations were part of the college's special programs as part of its Founders Week celebration, and were awarded in the form of certificates by Ludd M. Spivey, president.

The citation to the Rev. McKinley stated that it is "in recognition of your wise counsel, able leadership and diligent work in civic enterprises, and your loyal support of this college and educational and religious movements of which it is a part."

Labor Starts Drive To Register Voters

A campaign to get all people to register in order to exercise the privilege of voting was urged by A. Van Pittman, Jacksonville, state representative of the United Brotherhood of Carpenters and Joiners in a talk to the Seminoles County United Labor group, which held its second meeting at the Court House yesterday afternoon. N. R. Johnson presided.

"Get the people interested in registering, see that they register, and then get out and vote," asserted Mr. Pittman.

Citing the benefits conferred upon the nation by organized labor, he pointed out that labor was the first group to suggest free schools, and declared that it was through the efforts of labor that the Industrial Commission was set up, "which is not only a benefit to organized labor but to the public as a whole."

YOUTH GOVERNMENT
County Commissioners recently selected in the educational voting campaign recently initiated by the Jaycees will visit the County Commission when it convenes in regular monthly session tomorrow morning at 10:00 o'clock at the Court House, it was announced by O. P. Herndon, county clerk, this morning. Others elected to posts of Sheriff, County Judge, etc., will visit these officers to learn their duties first hand.

2 U.S. Women Shot To Death In Indochina

French Agency Says Bodies Bore Holes In Head; Jeep They Rode In Was Burned

VIENNA, Austria, Mar. 8 (AP)—U. S. Army authorities said an American soldier was shot in the back last night after refusing to obey a Russian order to get off the sidewalk and into the gutter in front of a Russian headquarters hotel in the international district of Vienna. The provost marshal's office said the soldier probably will lose his left arm. His name was withheld pending notification of next of kin.

PARIS, Mar. 8 (AP)—A French communiqué from Saigon announced today the slaying of two American women employed at the U. S. consulate general in Indochina.

The bodies of the women, Jeanne Roskewicz and Lydia Ruth James were lying in a jeep. They had been shot to death.

"The two bodies bore bullet wounds, particularly in the head," said the communiqué, reported by the French press agency.

"Before withdrawing, the attackers had set fire to the car."

"There has been no explanation of the reasons which led these two girls to such a distant spot, unfrequented by Europeans."

AMG Reports Rise In Production Of Ruhr Coal Mines

BERLIN, Mar. 8 (AP)—American Military Government reported today there has been an encouraging upturn in coal production in the Ruhr, a vital factor in Western Europe's economic recovery.

The figures are given in metric tons. A metric ton is 2,204.62 pounds.

The gain was recorded despite the fact there has been little improvement in the general food situation in the Ruhr, where the winter months were marked by hunger strikes in many factories.

With production going up, the report said, special efforts are being made to increase coal exports to Germany's western neighbors to make up quotas which are in arrears.

An improved transport situation, aided by an unusually mild winter in Germany, has speeded the movement of coal from the mines to industries, the report continued. The stockpile of merchantable coal at the pitsheads thus hit a new five-month low of 1,500,200 tons.

Supt. Lawton Returns To Home Tomorrow

Supt. T. W. Lawton, who was seriously but not seriously injured Thursday evening when his automobile collided with a logging truck on the highway between Lakeland and Winter Haven, was reported today to be much improved and expected that he will be brought home tomorrow to Orlando from the hospital at Winter Haven.

His daughter, Mrs. Elaine Mikesell of Winona Lake, Ind., who was riding with him at the time of the accident, is reported to be still in critical condition, according to information received today at Mr. Lawton's office.

Fifty-One Filipinos Killed On Week-end

MANILA, Mar. 8 (AP)—Fifty-one Filipinos were killed in weekend violence after Roxas outlawed the Hukabalahap (Peasant) army and the National Peasant Union.

Constabulary headquarters reported today 42 Hukos were killed in a constabulary raid on a training camp maintained by the insurgents 30 miles north of Manila. Headquarters reported these other nine killings:

Two former members of the Peasant Union, killed by 120 armed men after the two had been questioned by constabulary. Two constabulary soldiers, two Hukos and three civilians, slain in a flat attack on a government detachment. The Hukos were outlawed as a "subversive organization."

Caldwell's 2 Year-Old Libel Suit Against Collier's Goes To Trial

TALLAHASSEE, Mar. 8 (AP)—Governor Millard Caldwell's two-year-old \$500,000 libel suit against Collier's Magazine is set for trial in U. S. District Court here today.

Much of the opening session will be taken up with selection of a 12-man jury from a venire of 65 called for prospective service by Judge Dozier Greave. The trial may last several days.

The suit grew out of the killing of a negro who was taken from an unguarded Madison jail and shot while he was awaiting trial on an indictment charging him with attempts to rape a five-year-old white girl.

In an editorial about the Governor's refusal to remove the Madison sheriff, Collier's commented that Caldwell "did not consider this a lynching. He went on to opine that the mob had saved courts, etc., considerable trouble."

Caldwell complained he had been falsely and maliciously quoted, and that his reputation as governor, a lawyer and an individual had been damaged. He sued, and said he would turn over any thing he wins to Florida A. and M. College for Negroes here.

Attorneys for the magazine contended the editorial comment was a fair interpretation of part of the Governor's statement, which said: "The ordeal of lynching a young and innocent victim of rape into open court and subjecting her to detailed cross-examination could easily be as great an injury as the original crime. This fact probably accounts for a number of killings or lynchings which might otherwise be avoided."

Caldwell wrote that paragraph in a letter to an Encyclopedia Britannica writer who had requested an explanation of his court statement that he would not remove the Madison sheriff because he felt "stupidity and inaptitude are not sufficient grounds for removal of an elected official by the Governor."

Caldwell has maintained that the death of the negro, Jesse James Payne, was not a lynching because there was no evidence of a mob action. A special grand jury, called at the Governor's request to investigate the killing, said it could find no responsibility and specifically exonerated the sheriff.

Strawberries And Beans Hit Peak In Season Last Week

JACKSONVILLE, Mar. 8 (Special)—Movement of strawberries from Plant City and beans from Pompano hit new peaks for the season, during the last week, and in one day the Plant City State Farmers' Market reached an all-time high, reports available today in Jacksonville offices of Florida State Markets.

The week's strawberry total at Plant City was reported as 713,730 pints—roughly estimated as adequate to supply one goal, liberal serving to every resident of the State and every visitor within its borders—and producers received a cash total of \$134,780.21 for their offerings.

Beans sold on the Plant City Market hit a new peak for the season, during the last week, and in one day the market handled 170,748 pints. This was the largest one-day volume of beans the Plant City State Farmers' Market has ever handled, according to Manager R. E. Johnson. Due to cold and bad weather earlier in the season the market is still below normal.

Former Irish Premier Arrives In America
NEW YORK, Mar. 8 (AP)—American-born Emmet de Valera arrived in New York today for his first visit to this country in 18 years—in plenty of time to take part in St. Patrick's Day celebrations.

A private citizen again after 16 years as prime minister of Eire, de Valera plans a tour of several large American cities until about April 6.

De Valera, who flew in from Shannon Airport, where 3,900 well-wishers saw him off, was met before dawn by an official party at Lufthansa Field.

He said he believes his nation "will cooperate with other countries as far as feasible with its present national situation."

Answering a newswoman's question, he said "everybody knows" the Irish people's opposition to Communism.

6 Persons Rescued From Damaged Craft

NORFOLK, Va., Mar. 8 (AP)—Six persons were rescued last night from the damaged schooner Black Duck 100 miles east south-east of Cape Henry, the Coast Guard reported today. The schooner, in tow of the SS Papanough, sank eleven hours later.

Persons aboard the 65-foot schooner were picked up by the SS Gulf of Mexico en route to New York, the Coast Guard said. All were reported in good condition.

The six were listed as Ben Higgins, Newport News, Va.; Jack Barber and Tommy Meekins, Hilton Village, Va.; Charles Gallagher, 23, of Philadelphia; Dave Scott, 20, of West Chester, Pa.; and Joe Birdall, of Haverford, Pa.

Britain Asked To Join Talks On Partition

U. S., Russia, France And China Meet For First Time In Soviet Headquarters

NEW YORK, Mar. 8 (AP)—The United States, Russia, France and China decided today to invite a British representative into the big power talks on the Palestine crisis.

The four powers, meeting for the first time in the Soviet consulate quarters, also agreed that Teygbe Lat, secretary-general of the United Nations, should be invited to attend tomorrow's session.

A British delegation spokesman said Sir Alexander Cadogan was ready to appear before the other four powers to give information, but that Britain would not take part in discussions on implementation of the U. N. assembly's decision of last Nov. 29 to partition Palestine.

Neither Britain nor the United Nations administration was represented at the consultations got under way in the forenoon at the Russian's Park Avenue offices. The first meeting was informal and largely exploratory.

Dean Rusk, head of the U. N. division of the State Department, told newsmen after the secret session that the discussions ranged over the entire Palestine problem, but that no decision were taken on that question.

JERUSALEM, Mar. 8—A ship (Continued on Page Four)

Terwilliger, Pioneer Celery Grower, Dies At 75

James Edward Terwilliger, 75, pioneer celery grower of Sanford, died Saturday evening at a local hospital after having been seriously ill during the early afternoon at his home at 709 Oak Avenue.

He was born in Ramsey, N. J., Apr. 25, 1872 and came to Sanford in 1883 and spent part of his childhood here, later returning to New York state. He was called back to Sanford in 1895 due to the illness of his father, Isaac Terwilliger.

With his father he later began the experimental growing of celery with plants from New Jersey and was one of the first three growers to ship a car of celery out of Sanford. He farmed until 1911 when he opened a concrete plant where he began experimenting with making pockets for the irrigation of celery.

Mr. Terwilliger was a member of the First Methodist Church, of the Elks Lodge, and had been a member of the Masonic lodge since 1911.

He was a member of the Masonic lodge since 1911.

Southern California Is Left Out In Cold

CHICAGO, Mar. 8 (AP)—Southern California had the unusual distinction today of being left out in the cold, too.

At 2:30 A. M. the temperature at Los Angeles had skidded to a chilly 44 degrees and was still going down, the Chicago Weather Bureau said.

The nation's only other sub-normal readings were in the central and northwestern plains states where temperatures ranged from 15 above zero in Kansas and Nebraska to 11 below at Minot, N. D. Grand Forks, N. D., reported -7.

Snow was falling over northern sections of New England, the northern Great Lakes region and in Montana, but the weather was fair elsewhere from the Rocky Mountains eastward.

HELD FOR MURDER
ST. AUGUSTINE, Mar. 8 (AP)—Rufus Glover, about 50, today was held in St. Johns county jail on first degree murder charges in the fatal shooting of James B. Pleaden, 39, of Pahokee, near here last night, Chief of Police William Lindsey announced.

Glover was arrested at his home here after his wife, Mrs. Mable C. Glover, 44, named him as the slayer.

C. O. F. TO MEET
The Board of Directors of the Seminole County Chamber of Commerce will meet in regular monthly session Tuesday evening at 7:30 o'clock at the Tourist Center, it was announced today by Manager Edward Higgins.

HIGHWAY CONTRACTS

LEESBURG, March 8 (Special)—Fuller Warren, Jacksonville attorney and candidate for governor, charged here Saturday night that "Florida could have better roads for less money" if present methods of letting contracts were put on a more business-like basis. "Our present system of letting

contracts has made too many millionaires in too short a time," he declared. "I have no objection to a reasonable profit but I think it's time to put the whole situation under a microscope and ask ourselves why we shouldn't use the same fundamental business principles in state government that we would use in our private business."

Family Tea Given For Fred Wights

Mrs. Henry Wight entertained the members of the Wight family yesterday afternoon with a 5:00 o'clock tea honoring Mr. and Mrs. Fred Wight, Jr., who have just arrived in Florida from a honeymoon visit with Judge and Mrs. J. F. Bouchelle in Charleston, W. Va. Judge Bouchelle is a great uncle of the bridegroom.

The rooms of the Wight home on Park Avenue were beautifully decorated with Spring flowers and shades of rose. Greeting the guests at the door were Mrs. P. A. Mayo and her son, Tommy Mayo. Receiving in a smaller room at the left of the living room were the hostess, Mr. and Mrs. Wight and Mrs. Ralph Wight, mother of the groom.

The dining table was covered with an brilliant imported Italian cloth. In the center stood a large three-branched crystal candelabra holding white candles. From the center fell graceful sprays of orange blossoms and maiden hair ferns. At one end of the table stood a silver tea service and at the other was placed a three-tiered wedding cake decorated with a miniature bride and groom. The serving tables held arrangements of yellow and blue snapdragons and delphinium flanked with yellow candles in silver candlesticks. Presiding at the tea service during the afternoon were Miss Lettie Caldwell and Miss Jenny Taylor. Serving were Mrs. C. R. Kirtley and Mrs. Ralph Wight.

Invited to be with the honored guests were Mr. and Mrs. Kirtley, Mr. and Mrs. Mayo, Mr. and Mrs. W. A. Laffer of Gainesville, Mr. and Mrs. M. A. Velington, Mr. and Mrs. Ralph Wight, Jr., Mr. and Mrs. Henry Wight, Jr. and Mrs. Bouchelle and Anderson Bouchelle of New Smyrna, Mr. and Mrs. Ed Willink, Mr. and Mrs. Hasky Wight, Dr. and Mrs. E. D. Howland, Mrs. Fred Wight, Mrs. Lois Wight of Daytona, Mrs. Ralph Wight, Miss Caldwell, Miss Taylor, Miss Martha Wight, Tommy Mayo, Bill Kirtley, Wight Kirtley and Irvin Caldwell of Jacksonville.

Mr. and Mrs. Wight are making their home in Daytona, where Mr. Wight is associated with the Thompson and McKinnon Brokerage Firm.

Winter visitors in Sanford and Seminole County are contributing to the Sanford Garden Club for its garden tour on Thursday were Mr. and Mrs. L. A. Woellner, Larchmont, N. Y.; Mr. and Mrs. H. M. Goodwin; Mr. and Mrs. A. J. Petty of Virginia; Mr. and Mrs. Frank W. Mills, Ashaway, R. I.; Mr. and Mrs. Thomas W. Jones of Ohio; Mr. and Mrs. Carl Eisenhower, Wil. BIRTH ANNOUNCEMENT

Mr. and Mrs. Edward A. Blache announced this morning the birth of a son, Howard John, today at the Fernald Loughton Memorial Hospital.

Mr. and Mrs. George France's of Longwood announced today the birth of a son, last week at the Fernald Loughton Memorial Hospital.

Eastern Star Has Friendship Night

"Friendship Night" was observed by Seminoles Chapter No. 2, O. E. S. on Thursday evening at the Masonic Hall. Mrs. Jack Burgess, worthy matron, presided over the meeting. The various of the meeting, the out-of-town officers were presented from out of town.

The large room of the Masonic Hall was decorated with baskets and vases of azaleas, shrimp plant and sweet peas. Before the meeting the out-of-town officers were presented with corsages and marched double-file to the offices they were to fill. Each guest officer was introduced by the corresponding officer of Sanford.

Among other guests introduced during the meeting were Mrs. M. E. Johnson of Daytona Beach, past grand matron and present grand secretary; Mrs. Ulla Chilton, New Smyrna, past grand organ

Minneapolis Opens Training Slate Today

33 Players Report To Manager Frank Shellenback For First Day's Drill

By ARTHUR BUCKWORTH, JR., Herald Sports Editor

The Minneapolis Millers, 33 strong, officially began drills at the Municipal Park this morning at 9:00 o'clock under the direction of Manager Frank Shellenback.

Many of the New York Giants staff of instructors and coaches, who tutored during the Giants baseball school held at the Municipal Airport site, were present to eye the initial workouts.

Manager Shellenback stated that two-day sessions will be held all this week and next week he will send his charges through intra-squad contests.

The morning workouts begin at 9:00 o'clock and end at 12:00 o'clock and the afternoon drills will be two hours long, starting at 1:00 o'clock.

"Doc" Bowman, trainer for the Millers, stated that there are still a few men to report to Manager Shellenback and they are expected to come in today.

Thirteen pitchers, nine outfielders, seven infielders and four catchers have reported and attended the session this morning.

Most of the players were in the park yesterday afternoon and donned uniforms for a few limbering up drills, but a slow drizzle dampened the prospects of a light session.

Andy Gilbert, utility outfielder-infielder, reported to Manager Shellenback yesterday. Gilbert may be remembered by many Sanfordites, since he was in Sanford last year with the Toledo Mud Hens, another American Association club.

Those reporting for the first session this morning included Babe Fisher, Woody Abernathy, Tom Simpson, Don Schoenborn, Lamen Harris, Bill Emerich, Nick Andromidas, John Uber, Ota

Tenth Week Of Racing Opens At Seminole Track

The 10th week of greyhound racing at the Sanford-Orlando Kennel Club will open tonight at 8 P. M., with a program of 10 events that will be run "rain or shine." The running season extends for 16 weeks and will be concluded on Apr. 19.

At the end of nine weeks of racing a deadlock existed for top kennel honors with J. E. Miller and Floyd White setting the pace with 28 victories each. The top win kennel last week, however, was H. B. Williams with nine triumphs, the largest weekly total any kennel has been able to register this season.

The leading greyhound in who, as announced, was Flooting with seven. Next in line with six triumphs each were Chuck Life, and the sensational brother and sister team of Kohnka and Nellie Gray.

Tonight's program will be equally divided between five futurity sprint events, and five endurance runs from the five-sixteenths of a mile box. Attendance last week, it was said, maintained a steadily increasing trend.

There were five big meets -- the Millrose Games, the New York A.C. meet, the A.A.U. Championships, the I.C. 4A championships and Saturday's Knights of Columbus Carnival. They produced only one new world's record, but that one was a spectacular performance.

Gil Dodds, the flying parson, circled the 11 laps of the Garden's well-worn board oval in 4:05.3 in the Wanamaker mile on Jan. 31. The quick trip cut 1.3 seconds off his own previous world's record set four years ago.

It was almost eight seconds faster than anyone else negotiated the distance here the rest of the season. With Dodds temporarily retired by mumps, the mile field was wide open. Three different men won the four remaining races with John Tronney of Illinois turning in the best time.

It was clocked in 4:13.1 for the Frank A. Brennan Columbian mile Saturday night.

Vote For Fuller WARREN

The All-Florida Candidate for GOVERNOR

Win With WARREN

Training Camp Notes

WEST PALM BEACH, Mar. 8 (AP)—The "Nubs" defeated the "Dubs" 2-0 in the first intra-squad baseball game of the Philadelphia Athletics' Spring training season.

CLEARWATER, Mar. 8 (AP)—Al Jurisich, Homer Eppengraves and Charley Schanz will pitch for the Philadelphia Phillies tomorrow when they play their farm hands.

HOLLYWOOD, Calif., Mar. 8 (AP)—Pittsburgh Pirate Manager Bill Meyer is just a little bit mortified but happy after seeing the Dubs win their first game for him, 12-11 over the St. Louis Browns at San Bernardino yesterday.

Joe Beckman, replacing regular Frankie Gustine at third, emerged as the hitting star with four singles in six times at bat.

Foreign Aid

(Continued from Page 5)

men to China to equip, train, organize and direct Chinese forces "even down to tactics and strategy." UNRRA was set up to administer relief in occupied countries after the war. It is now winding up its affairs, but has some small funds left which are being spent chiefly on UNRRA.

The Administration has proposed \$570,000,000 aid to China for food, road repairs etc., but no military help, or money to buy guns and weapons. The House committee is considering the Administration request.

Lieut. General Albert C. Wedemeyer, one time commander during the war of American troops in China, urged the committee last week to vote funds for military help.

Wedemeyer said "we are going to pay in blood" unless Communism is stopped. Books told the committee that military and economic aid in China "are equally important. One would be worthless without the other."

Rep. Richards (D-SC) asked Books what aid, if any, Chinese Communists are getting from outside of China. He did not mention Russia directly.

Books said he could not say. But he has heard on good authority, he said, that a great amount of military supplies the Russians captured from the Japanese have turned up in Communist hands.

Mr. General G. E. Edgerston, former chief of the UNRRA China office, advocated economic aid for China. Rep. Mansfield (D-Mont.) asked him, "Do you think it is possible to give military aid without ultimately sending over American divisions?"

Edgerston said he would not like to answer that question in open session.

General Claire Chennault, famed chief of the Flying Tigers, arrived by plane today from China, to give his views on what should be done there. He will probably appear before the committee on Wednesday.

Billy Kinard Will Fight Chavez Tonite

Billy Kinard, leather slinging Sanfordite, will appear in the Legion Arena in Orlando tonight in a ten round main event fight-off affair with Angel Chavez of West Palm Beach and San Pedro, Cal.

Chavez has chalked up a victory over Johnny Brittenbruck, of Brooklyn, who gave Kinard all he could handle in two recent battles.

Another Seminole Countian will also appear on the 28 round card. He is Hal Peterson of Lake Mary. He is slated to mix it up with Hal Johnson of Jacksonville.

PITTSBURGH (AP)—Many animals shot in Pennsylvania in the belief they were wolves or coyotes have proved, on examination, to be dogs, but experts have identified one recently shot as a full-blooded coyote.

Legal Notice

IN THE CIRCUIT COURT, NINTH JUDICIAL CIRCUIT, IN AND FOR SEMINOLE COUNTY, FLORIDA

WILLIAM RUSSELL CASE, Defendant

ORDER OF PUBLICATION

YOU are hereby ordered to appear in person or by attorney in the Circuit Court of Seminole County, Florida on or before the 7th day of April, 1948, to answer a Bill of Complaint filed against you, same being a suit for divorce, unless a decree pro confesso will be entered against you for failure to appear, plead or answer as required by law.

IT IS ORDERED that this notice be published once a week for four (4) consecutive weeks in The Sanford Herald, a newspaper published in Sanford, Seminole County, Florida.

WITNESS my hand and official seal this 3th day of March, 1948.

CARRIER BOYS ARE WANTED

By THE SANFORD HERALD

We want young men who are interested in learning about people, about finance and how to conduct a business through a newspaper route.

They must be bright, alert and well poised, so that they can become "little businessmen."

We are also interested in securing men for automobile routes.

Wide Variety Of Products Are Made At Robb's Bakery

Opening in the Florida State Bank Building in 1942, Robb's Home Bakery moved to its present location across from the Post Office in 1944. It is owned and operated by Mr. and Mrs. Fred Robb who with four well trained, experienced employees serve the people of Sanford and surrounding towns with fresh bakery products daily. The store front has blonde maple Columbus show cases where the goods are displayed.

Equipped with one of the most modern ovens for the retail bakery trade, the Middleby Marshall stove has a revolving tray oven with a capacity of 12-18 inch by 24 inch pans. Fired by gas and electrically controlled, the trays revolve around the oven in order to obtain an even distribution of heat on all parts of the baked product.

The variety of products baked by Robb's includes whole wheat, rye, pumpernickel, French, Vienna, potato and several other wheat breads; pigon rolls, sweet rolls, Danish rolls and coffee cake as well as a large variety of cakes and cookies. A special feature during Lent is Hot Cross buns. Decorated cakes appropriate for the smallest family gathering to the largest wedding party, as simple or elaborate as one wishes are baked on order. Only the finest ingredients obtainable are used in all products. Mrs. Robb is always glad to assist with any entertainment or party problem.

U. S. Women Slain

(Continued from Page One)

the village of Tan Son Nhut, some three miles from Saigon and outside the security zone maintained by the French in their struggle with nationalist Viet-Namense forces. The bodies were discovered by a French military detachment.

Mrs. or Mrs. Skewes—accounts differed on whether she was married—was director of the U. S. Information Service in Saigon. Miss James was secretary at the consulate general.

Mrs. Skewes was director of the U. S. Information Service in Saigon. Miss James was secretary at the consulate general. In Washington, the State Department said it had not received any official report of the slayings.

Department records list Miss James as a 30-year-old native of Hillsdale, Ind., where her parents, Mr. and Mrs. Otto James, now live. She served with WACs in the Southwest Pacific and in Washington before taking the consulate job. The department said Mrs. Skewes' husband, Lawrence E. Skewes, lives in Seattle and her

Rosier Plumbing Co. Builds New Fixture Showroom

The A. D. Rosier Plumbing Co., located at 915 West First Street, is owned by Mr. Rosier, who with his wife and son, Stanley, resides in their home adjoining. A large, modern show room was recently built on North French Avenue where plumbing and heating fixtures are now displayed and where the offices of the Plumbing Co. will be moved in the future. Plans are now under way for a large warehouse in the rear of the new building.

Specializing in plumbing and heating supplies, Mr. Rosier also installs complete water systems, not only in Seminole County but also in surrounding counties. One of the most highly efficient well drilling machines, the New Star "71" has recently been purchased. With it, wells can be dug from 4 to 22 inches in diameter to a depth of 2,000 feet.

Seven employees besides Mr. Rosier, who oversees and inspects all work, and Mrs. Rosier, who keeps the books for her husband, make up the personnel of the Rosier Plumbing business. They handle, in addition to all types of plumbing supplies and well drilling equipment, pumps, engines, motors, tanks, galvanized, black and copper pipe. They are also agents for Fairbanks-Morse pumps.

Mr. Rosier, who has been in the plumbing business in Sanford for 25 years, was born and reared in Hometown, Fla. He is a close friend of the gubernatorial candidate, Fuller Warren, and also of Amann McClelland, running for the office of Commissioner of Agriculture of Florida. He married a Sanford girl, the former Viola Hodges, and they celebrated their twenty-fifth wedding anniversary last week. A daughter, Miss Carolyn Rosier, is with the Public Health Service in Washington, D. C.

mother, Mrs. E. H. Workman, in Phoenix, Ariz. Mrs. Skewes, a 32-year-old native of Paris, worked for the Office of War Information in San Francisco during the war.

CANTON, China, Mar. 8 (AP)—Seven American teachers and 74 American children passed through Canton today, fleeing Communist military advances north of Hankow.

The group was headed by Earl Dahlstrom of the Chikungshan American school near the Honan province border. The journey, via the Hankow-Canton rail line, took three days.

Gordon Lee Burke, American consul here, aided the party's transfer to the Kowloon train, the teachers plan to establish an American school at Hong Kong.

Terwilleger

(Continued from Page One)

order for 50 years. He was Worshipful Master of the Masonic Lodge during four years starting in 1901, was High Priest of Royal Arch Monroe Chapter for six years, was Past Eminent Commander of Olivette Commandery of Orlando, member of Morocco Temple and Scottish Rite and life member of all Masonic lodges.

He is survived by the widow, Mrs. J. E. Terwilleger; one daughter, Mrs. P. R. Stephenson; three sons, Eugene Terwilleger of Chester, Pa., John Thomas Terwilleger of Chattanooga, Tenn., and James Edward Terwilleger, Jr. of Sanford; one sister, Mrs. James Smith of Sewell, N. J.; two granddaughters, Helen Louise Terwilleger of Chester, Pa., and Gail Terwilleger of Chattanooga, Tenn.; and one grandson, James Brock Terwilleger of Sanford.

Funeral services for Mr. Terwilleger will be held Wednesday afternoon at 3:00 o'clock at the Erickson Funeral Home which the Rev. J. E. McKinley officiating. All Masons of Lodge No. 62 are requested to meet at the Lodge at 2:15 o'clock to attend the service in a body. Leo M. Stephenson of Orlando Lodge No. 69 will serve as acting master in charge of graveside services in Lake View Cemetery. Pallbearers will be members of the Masonic Lodge.

Garrett's Store Is One Of City's Newer Businesses

One of Sanford's newer businesses is the J. M. Garrett's Store at First Street and Sanford Avenue which is owned and operated by J. M. Garrett; his wife and one full time employee.

The store, which is 35 feet wide by 50 feet long, has three large plate glass windows which allow the public a clear view of the store at all times. Fluorescent lights create pleasant working conditions and the cream cases and pale green walls form a pleasing background for the various types of goods on sale.

Some of the nationally advertised lines carried by the J. M. Garrett Store include Cannon sheets, pillow cases, towels, blankets; Hanes underwear for boys and men; Hallmark shirts and pajamas; U. S. Rubber Co. raincoats, jackets, boots, overshoes and aprons; the entire line of the American Thread Co.; Ladies Styleraft underwear, sizes 8 to 44; Venus form slips and Cloth of Gold fabrics.

Ladies' dresses, household goods, notions, work clothes, shoes, men's dress pants, hats, belts and piece goods are sold on a strictly cash or lay-away basis and all merchandise is purchased from Southern factories, stated Mr. Garrett.

Florida State News In Brief

SENATOR-MAYOR
PANAMA CITY Mar. 8 (AP)—City Manager John F. Daniel has been discharged and three city commissioners are at odds with Carl Gray, state Senator who was elected mayor last week.

After Gray was installed Friday, commissioners Sid Daffin Jr., C. L. Links and Lawrence Ward voted against Gray-sponsored motions to repeal the garbage tax, reaudit the city books for the last two years, and dismiss the city manager and city attorney. Gray's motions were defeated 3-2.

CORPUS—NO CASE
PENSACOLA, Mar. 8 (AP)—The sheriff's office is in a fix. It has a corpus -- but can't make a case.

H. Clay Mitchell, investigator for the sheriff's office, found the remains of an illegally-slaughtered cow. Then he arrested two men who he said confessed.

Trouble now is that no cattle men here can identify the remains, leaving Mitchell with two prisoners who confessed a crime he can't pin on them.

HOOTLEGGER CAUGHT
JACKSONVILLE Mar. 8 (AP)—State Road Patrolmen Captain

Heed Clifton and Sgt. C. W. Hancock early today arrested one man and captured 840 gallons of bootleg whiskey.

The seizure was made two miles east of Lake City on Route 10, they said. The man arrested was identified as Odie Holland of Jacksonville. The officers said the liquor was loaded on a truck which was seized, also.

MAKQ QUALIFIES
TALLAHASSEE, Mar. 8 (AP)—State Railroad Commissioner Richard Mack today qualified as a candidate to succeed himself as a member of the regulatory board. Mack was appointed to the commission for the unexpired term of the late W. H. (Babe) Douglas. He now is seeking election for a full term.

RATE PROBE
LAKELAND, Mar. 8 (AP)—William C. Norvell, Lakeland attorney, said today 18 rural customers of the municipal electric plant had retained him to investigate the legality of a 10 per cent raise in rates for persons outside the city limits.

The city commission boosted rates to rural customers Feb. 1 at the same time it enacted a 10 per cent tax on electric service within the city.

House Votes More Money To Hunt Reds

Additional \$200,000 Given Un-American Group After Hearing On Dr. Condon

WASHINGTON, Mar. 9 (AP)—The House today voted its Un-American Activities Committee an additional \$200,000 to spend during the rest of this year. The action is final and does not require Senate approval.

The House voted the additional money shortly after an Un-American Activities Subcommittee had held a closed-door hearing on the loyalty of Dr. Edward U. Condon.

A member of the Commerce Department's loyalty board, as well as the board secretary appeared before the group headed by Rep. Nixon (R-Calif.).

They were Oliver Short, department personnel director; John E. Towne, board secretary; and Adrian Fisher. Fisher has resigned from the board and now is with the Atomic Energy Commission.

Subcommittee members made no statement with regard to what took place at the locked-door hearing.

The money voted by the Un-American Activities Committee today will be available for use until the new Congress convenes next January. Each Congress sets up and

Public School Children Take Over County In Youth Government

"Youth Government" was installed in the Court House this morning when youthful understudies of the County Commission, County Judge, Sheriff, Clerk, Tax Collector, Tax Assessor, County Superintendent and School Board visited various county officials, and were photographed with them. The program was sponsored by the Jaycees.

The boys and girls, elected as "County Officials" after the hottest political campaign in the history of Seminole County schools, attended meetings and were given first-hand information concerning the operation of various county departments.

Ann Dunn, the pretty little "Sheriff," got the surprise of her life when Sheriff P. A. Merolano pinned his badge on her, and loaned her his revolver and holster, which she strapped around her waist, then went upstairs to see that "law and order" was the rule at the meeting of the County Commission. She was assisted by deputy Sheriff Carolyn Hudson.

Each regular Commissioner was understood as follows: J. F. McClelland by "Happy" Abney of JHS; B. G. Overstreet by Donald Laughton of Lyman School at Longwood; W. G. Kilbee by Florence McGill of Geneva; B. C. Dold by Bobby Ward of Oviedo, and H. B. Pope by Keith Schumacher of SRS. County Clerk O. P. Herndon was understood by his son, George Herndon of SRS.

Out in the empty court room, County Prosecuting Attorney

House Group Hits Revenue Board System

Committee Says Political Patronage Influences Action Of Federal Collectors

WASHINGTON, Mar. 9 (AP)—The Internal Revenue Bureau came under sharp fire of the House Appropriations Committee today. The committee said the political patronage system of picking federal tax collectors should be abolished.

The recommendation was made in a bill providing funds for the Treasury and Postoffice departments for the year starting July 1. But the committee made only a 1.7 percent cut in the \$2,017,626,200 President Truman had asked for the two departments. It proposed a total of \$1,981,722,350 in cash appropriations.

Of this, the Treasury would receive \$2,433,453,100, or a 5.6 percent cut, and the Postoffice \$1,691,269,250, or a 1.1 percent reduction. The President had asked \$2,006,981,700 for the Treasury and \$1,710,644,500 for the Postoffice Department.

Left completely out of the bill was the customary appropriation for tax refunds. The committee decided to put off action on that until pending tax legislation is out of the way.

In addition to the new cash, the committee recommended \$1,113,684,400 in trust fund appropriations and \$5,877,808,083 in general and special appropriations. This boosted the gross total to \$11,475,174,803. The trust, general and special funds include such items as interest on the national debt.

Cripps Warns Britain Ruined Without Help

White Paper Reveals Growing Unemployment, Insufficient Food and Clothing

LONDON, Mar. 9 (AP)—Sir Stafford Cripps told Parliament today British economy will collapse unless substantial U. S. aid comes this year.

The Chancellor of the Exchequer said in a White Paper that only the Marshall Plan can prevent wholesale unemployment, distress and delocation of production. He said that without the Marshall Plan, there is "no prospect of a decent standard of living for years."

The severe cold of the winters of 1946-47 and the summer drought were blamed for impending reductions. The White Paper estimated net national income for the year at \$9,000,000,000 (\$38,000,000,000) and said Britain likely to be short of \$250,000,000 (\$1,000,000,000) from abroad.

Imports from the Western Hemisphere will be cut still further in the first half of 1948 to save gold and dollars. The White Paper said that it will be necessary to take sufficient to maintain the nation in health and working efficiency."

The government estimated that

Court Decision On Religion In Public Schools Is Not Decisive

WASHINGTON, Mar. 9 (AP)—Eight Supreme Court justices agree that religious sects may not use America's public schools to teach their beliefs. But in voting their decision yesterday they disagreed among themselves as to exactly how much ground their ruling will cover.

Justice Black, author of the majority opinion, upheld an atheist mother's complaint that religious education classes held in Champaign, Ill., schools violate the constitutional requirements for separation of church and state. Only Justice Reed dissented.

"The first amendment to the Constitution," Black said, "rests upon the premise that both religion and government can best work to achieve their lofty aims if each is left free from the other."

The First Amendment has erected a wall between the church and the state which must be kept high and impregnable. Mrs. Vashti McCollum, who brought the original suit against the Champaign school board, said the decision has "substantiated our school system from sectarian domination."

A self-styled atheist, she had complained that her eldest son, James Terry, now 12, was "brainwashed" because he was the only one in his class who did not take religious instruction.

Under the Champaign plan a local council representing Protestant, Catholic and Jewish faiths presented religious education

Truman And MacArthur To Yield If Asked

Ex-Demo Governor Hails MacArthur As True American; Hague For Truman

MINNEAPOLIS, Mar. 9 (AP)—Harold Stassen, candidate for the Republican nomination for President, issued the following statement today in comment on the statement by General Douglas MacArthur that he would run for President if nominated: "I commend General MacArthur for his forthright statement of his position.

"I have a high regard for him and will request our Wisconsin committee to continue to carry on the campaign on a constructive and respectful basis, looking forward to a united effort for final Republican victory next November."

Both Stassen and MacArthur are entered in the Apr. 6 primary in Wisconsin.

By ASSOCIATED PRESS

One of the three former New England governors who recently proposed General Douglas MacArthur for President said today that if he were nominated the world would "soon know that the United States is united."

Atty. Joseph B. Ely, twice Democratic governor of Massachusetts, hailed MacArthur as "a true American, vigorous, forthright and persuasive."

General MacArthur said yesterday he would accept the presidency "if called by the American people," but would not actively seek it.

5 West European Powers Approve Anti-Red Articles

BRUSSELS, Belgium Mar. 9 (AP)—Delegates from five western European powers today approved seven articles to be included in a proposed pact for a union against Communist expansion.

Order Is Reversed By Supreme Court In Sessions' Case

The State Supreme Court last Friday reversed an order by Circuit Court Judge M. B. Smith in the case of Nathan Mayo, as Commissioner of Agriculture, and E. R. Sessions of Orange county, Fla., the Market Fruit Company of Sanford, Inc. On the appeal of Mayo and Sessions the Supreme Court held that the Circuit Court of Seminole County had no venue over Mayo, but failed to decide whether it had venue over Sessions.

20 Year Old Girl Changes Her Story

WEST PLAINS, Mo., Mar. 9 (AP)—Betty Jane Kroeger, 17-year-old brunette charged with murder, yesterday repudiated a signed statement that she killed both her father and mother.

Two Are Killed In Crash Of Airplane

SAN JOSE, Calif., Mar. 9 (AP)—A two-engine cargo plane crashed into a fog-wrapped mountain near here last night, killing the pilot and co-pilot, the only persons aboard. The resulting fire led searchers to the wreckage.

Tax Cut Is Seen As Insurance On Business Slump

WASHINGTON, Mar. 9 (AP)—Tax cutting is the best insurance at hand against a business slump, the United States Chamber of Commerce said today.

But Harriman Warns That Reduction Is Boost To Inflation

ELFWORTH C. Alford outlined the Chamber's views in a statement to the Senate Finance Committee. That group is hearing the close of public hearings on the \$6,500,000,000 tax cut bill passed by the House last month.

250 Casualties In Chinese Explosion

SHANGHAI, Mar. 9 (AP)—A Chinese ammunition dump exploded at Taingtao today, leveling a city block and causing 250 casualties. An estimated 100 were killed.

"Open Windows," Book of Poems By Anne Van Ness Brown

By WILLARD CONNOLLY

"Open Windows," a book of attractively printed poems by Mrs. Anne Van Ness Brown, former librarian here, has recently been published by the Press of James A. Decker of Prairie City, Ill.

Mrs. Brown was appointed librarian of Sanford's library when it was built during the latter part of 1923 at a cost of \$20,000 and opened Jan. 19, 1924, in its attractive setting facing the Municipal Park at Park Avenue and Fifth Street. She served as librarian for three years, during which time she was twice elected as president of the State Library Association.

Prior to serving as librarian in Sanford, Mrs. Brown was librarian of the Carnegie Library at Anniston, Ala., for two years, served several years as an assistant in the circulation department of the New York Library and had taken a course in library science at Northampton, Mass. Immediately prior to coming to Sanford she served for several months at the Albion Public Library in Ohio.

At the time Mrs. Brown left Sanford for Jacksonville, Sept. 1, 1927, she was highly praised for her service in building up the library by Dr. F. D. King, then pastor of the First Ep-

ist Church. In addition to her duties as librarian, Mrs. Brown often lectured concerning books and authors to civic groups. She was instrumental in putting through the bill that provided for a State Library.

The daughter of distinguished missionaries, she was brought to this country by her father, a member of the "Open Windows" were reprinted from magazines and newspapers including the New York Times, Miami Daily News and Tampa Morning Tribune. She contributed the first poem in the first issue of the Florida Magazine of verse.

She writes objectively and with quiet dignity on themes of universal interest. The poems are then pastor of the First Ep-

Caldwell Insists Colliers Caused Negro Distrust

TALLAHASSEE, Mar. 9 (AP)—Governor Millard Caldwell testified in his libel suit against Collier's magazine today that editorial in the publication had handicapped his efforts to establish regional education in the South.

Route Of Highway No. 46 To Sanford Okeyed By Board

The County Commission this morning approved "in principle" the State Road Department's suggestions for an east-west route through Sanford which would include a connecting link of Highway No. 46 to follow the shore of the St. Johns River and Lake Monroe from the Geneva Bridge to Seminole Boulevard.

Merchants Ass'n And C. Of C. Urge Quick Action On Matter

In accepting the plans, which were brought to the attention of the Commission by State Senator and board attorney L. F. Boyle, Representative M. B. Smith and County Engineer M. C. Hagan, H. B. Pope, chairman of the County Commission declared "As far as we can see, it is very practical to build this route. My idea is to approve it in principle. At the same time, there are many details to be remedied."

Delegation Named For Red-Finn Talks
