

U. S. TROOPS ARE READY TO ENTRAIN FOR CENTER OF TROUBLE IN W. VIRGINIA

Action Postponed on the Question of Declaring Martial Law

PAPERS SIGNED

AND REQUIRE ONLY THE ISSUANCE TO BECOME EFFECTIVE IMMEDIATELY.

(By The Associated Press) LOGAN, Sept. 2.—After a morning of uncertainty in which reports from Spruce Fork ridge had told of sporadic fighting since day break, officially announced at noon heavy firing was taking place at Blair Mountain, Mill Creek and Crooked Creek. Airplanes scouting over Boone county, east of the ridge reported increased activity among the armed guards assembled there while courier from the fighting zone said there was a continual roar of gunfire along the entire line. Reports indicated the heaviest since the line was established along Spruce Fork ridge and efforts were made by Logan county authorities to stop what they termed an invasion of their county. They said new men were sent into the fighting line which is now about twenty miles in length.

LOGAN, Sept. 2.—Firing was resumed along the ridge at points between Mill Creek and Crooked Creek shortly before daybreak but according to reports here it seemed to be nothing more serious than an exchange of shots between outposts. With sunrise it increased but was confined to that immediate section. Comparative quiet on Blair Mountain, official reports said.

WASHINGTON, Sept. 2.—Federal troops from four camps numbering approximately four thousand men today are either enroute or in readiness to move to West Virginia to enforce the decision of the federal government to restore order in the coal fields. The 26th Infantry left Camp Dix and the 19th is enroute from Camp Sherman. The 40th Infantry is entraining at Camp Knox and two companies already left Fort Thomas. 18th Infantry is now ready in reserve at Camp Dix.

WASHINGTON, Sept. 2.—Orders for the immediate entrainment of troops for the West Virginia strike zone, was issued early today by Major-General Harbord, assistant chief of staff. Action was postponed, however, on the question of declaring martial law, pending conferences between Secretary Weeks and other officials with President Harding. A proclamation has been signed and requires only the issuance to become effective. The orders issued resulted from a telegram from Brigadier-General Bandholtz, who was sent by Secretary Weeks to report on the situation. General Bandholtz, at midnight, recommended that troops be sent immediately. The troops which will be moved immediately are the Twenty-sixth and Sixteenth Infantry at Camp Dix, and Nineteenth Infantry at Camp Sherman. General Bandholtz will assume command of the forces.

LOGAN, Sept. 2.—Early this morning reports from Spruce Creek ridge told little about the situation on Logan county border, where firing from either side was spasmodic during the night. Officials were reticent as to the situation.

CHARLESTON, W. Va., Sept. 2.—At midnight General H. H. Bandholtz announced he had dispatched a telegram to the war department at Washington to send federal troops into West Virginia at once. In announcing his decision to recommend martial law General Bandholtz made the following statement: "I am satisfied the miners will not obey the president's proclamation. A telegram has been sent to Washington requesting federal troops at once."

Governor Morgan was in conference with Bandholtz shortly before the announcement was made that federal troops had been recommended. The governor's only comment, when

ELECTION OF OFFICERS BAR ASSOCIATION AT CINCINNATI TODAY.

(By The Associated Press) CINCINNATI, Sept. 2.—C. A. Severance, of St. Paul, Minn., was elected president of the American Bar Association today. Frederick E. Wadhams, of Albany, N. Y., and A. Thomas Kemp, of Baltimore, re-elected treasurer and secretary respectively.

Two More Americans Bodies Recovered Today From ZR-2 Ruins

(By The Associated Press) WASHINGTON, Sept. 2.—The recovery of the bodies of Robert M. Coons, of Owensburg, Ky., and Lloyd E. Crowl, of Charleston, So. Carolina, victims of the ZR-2 disaster, was reported to the Navy Department today.

First Kitchen For Feeding Russ Children Opens

(By The Associated Press) PARIS, Sept. 2.—The first kitchen for feeding children was established in Petrograd today by the American Relief administration.

GENERAL WOOD ACCEPTS POST IN PHILIPPINES

RETIRES FROM ARMY TO GIVE COUNTRY HIS SERVICES ELSEWHERE

(By The Associated Press) MANILA, Sept. 2.—Major General Leonard Wood today announced his acceptance of the governor-generalship of the Philippines tendered him by Harding. Wood notified Secretary of War Weeks he would retire from the army to accept governorship, he said he believed it to be his patriotic duty to accept position owing to the seriousness of the situation in the Philippines.

Council Will Refer Albania, Greece, Slavia Dispute to League

(By The Associated Press) GENEVA, Sept. 2.—The Council of the League of Nations today decided to refer the entire dispute between Albania, Greece and Jugo Slavia to assembly of League for settlement.

LEGION POST HEAD CALLED TO EXPLAIN ACTION IN MINE WAR.

WELCH, W. Va., Sept. 2.—Major W. W. Eubanks, commander of McDowell Post No. 8, American Legion, today was instructed by national headquarters of the legion to either come in person or send a representative to meet J. Byron Nickerson, of Wheeling, here tomorrow morning and give a detailed report regarding general participation of the McDowell post in the present controversy in Logan county.

WATER FAMINE THREATENS.

RALEIGH, N. C., Sept. 2.—Because of the threatened water famine here the board of trustees of Meredith college, a school for young women, today decided to postpone the opening from September 7 until September 14.

informed of General Bandholtz's decision, was: "I have nothing to say; I am through."

General Bandholtz, when questioned as to when the president's proclamation of martial law would be promulgated, replied that he could not state the exact time, but expressed the view that it would be promulgated immediately after receipt of his telegram at the war department. The general added that he assumed martial law would be effective in Kanawha, Boone, Fayette, Logan and Mingo counties.

Giant Dirigible Breaks in Two on Trial Flight

Photograph of the great airship ZR-2, being taken from her hangar in England for a test, and six of the Americans who were on hand to bring her over to America. At the right is Commander Louis Muxfield of the American crew, who perished, together with 45 others, when the dirigible broke in two over Hull and fell into the Humber river.

CONDEMNATION OF JUDGE LANDIS FOR HOLDING JOBS

BAR ASSOCIATION SAYS HE SHOULD NOT HAVE PRIVATE JOB

CINCINNATI, O., Sept. 2.—The action of Federal Judge Kenesaw M. Landis, of Chicago, national commissioner of baseball, in accepting "private employment and private amolument," while active on the federal bench was declared to meet with "unqualified condemnation" of the American Bar Association in a resolution adopted last night.

The resolution was adopted after a stormy debate, in which former Senator James Hammon Lewis, counsel against hasty action and moved that the matter be referred to a committee for investigation. He declared that Judge Landis should be accorded a proper hearing before being condemned.

The resolution was drawn late yesterday by the executive committee of the association and was presented by Hampton L. Carson, of Philadelphia, former president of the organization.

The resolution read as follows: "Resolved, that the conduct of Kenesaw M. Landis in engaging in private employment and accepting private emolument while holding the position of a federal judge and receiving a salary from the federal government meets with our unqualified condemnation as conduct unworthy of the office of judge, derogatory to the dignity of the bench and undermining public confidence in the independence of the judiciary."

Fortieth Infantry Being Recruited For Coal Fields

(By The Associated Press) LOUISVILLE, Sept. 2.—Fortieth Infantry recruited to fourteen hundred officers and men began entraining at Camp Knox today for West Virginia. Unofficial said their destination was the Mingo coal fields.

CHARGED WITH FIRING ON PROH OFFICERS.

(By The Associated Press) JACKSONVILLE, Sept. 2.—Noel and John Crawford, brothers, of White House, near here, are in the Duval county jail today and deputies were searching for two unidentified men as the result of firing upon an automobile containing prohibition enforcement officers and deputies last night at White House as it passed the home of the Crawfords. None of the rifle bullets fired at the car found a target but the officials said they were uncomfortably close. The officers surrounded the house and captured the Crawford brothers without firing a shot but two other men escaped in the darkness.

UNIQUE SUIT AGAINST BANK.

(By The Associated Press) SAVANNAH, Ga., Sept. 2.—The Ettingham county bank of Guyton, Ga., today filed a suit for \$10,000 in the superior court against the Citizens and Southern bank, of Savannah, Ga., on unique grounds. It is alleged in the suit that the plaintiff had no deposit with the defendant bank several thousand dollars.

State Commission Board at Ocala Today Visiting State School

New Industrial School for Girls Will Be Inspected

(By The Associated Press) OCALA, Sept. 2.—Governor Hardee, Treasurer Luning, Attorney General Buford and Commissioner McRea, all of the Board of Commissioners of State Institutions, are here today to inspect the new building for the State Industrial School for Girls.

Elihu Root Today Declined Nomination International Court

(By The Associated Press) NEW YORK, Sept. 2.—Elihu Root has declined a nomination as a member of the International Court of Justice under the League of Nations on account of his advanced age.

GREED IT TROUBLE WITH W. VIRGINIA COAL OPERATIVES

GOMPERS SAYS MINE OWNERS BRING ON PRIVATE KILLERS

WASHINGTON, Sept. 2.—The trouble in West Virginia will not be cured by forcing men into submission while allowing continuance of the evils which they have so desperately protested," Samuel Gompers, president of the American Federation of Labor, declared in a statement last night. "I join with all Americans," Mr. Gompers added, "in deprecating the violence in that state, but it is worse than useless to deal with the surface manifestations while allowing the deep, underlying plutocratic criminality to continue uninterfered with and unchecked."

The basic facts, which he charged had not been fully and truthfully presented by the public press and the federal government, he described, as follows: "The mines of West Virginia constitute the last refuge of autocracy in the mining industry. In these mines an unrestrained, unlimited greed dominates absolutely. Absentee owners hold immense tracts of rich mining land, demanding only dividends."

NEW FIRE TRUCK FOR ORLANDO.

ORLANDO, Sept. 2.—The city of Orlando has ordered a new four-tank chemical fire truck costing \$11,500. This gives the Orlando fire department a new chemical truck, two triple combination fire trucks, one hook and ladder truck, one steamer which can be used as a trailer on any of the trucks, and the chief's own automobile, making the local fire department the best equipped of any city of its size in the south.

TAX BILL TO BE REVISED.

WASHINGTON, Sept. 2.—Decision was reached today by the senate finance committee to rewrite the house tax bill so as to include in one document every Internal revenue law on the statute books.

—Got your Scratch Pads from The Herald—by the pound—15c.

SHIP BY WATER GROWS LARGER IN MEETINGS

HUNDREDS OF SHIPPERS MEET IN TAMPA TO DISCUSS SHIPS

TAMPA, Sept. 2.—Working from a concrete basis that a fleet of eight ships as carriers for their products would place the marketing of their crops upon a profitable enterprise instead of a losing one, about one hundred fruit and vegetable growers of the state held a general discussion yesterday at the city hall to endeavor to ascertain the possibility of shipping Florida products by water. Dr. M. R. Sample, of Haines City, presided. The largest growers and shippers and organized bodies in the state in fruit and vegetable growing were represented.

With the report of the committee, appointed at the first meeting of the growers, August 12, which outlined the plan for acquisition of a fleet of eight ships to be operated by a corporation formed among the growers, the meeting resolved itself into a discussion of the way and means by which the products may be moved out of the state at a rate lower than that now charged by the railroads. Opinion as to the ways and means seemed to differ, but the important phase of the movement, that the water way offered a cheaper method than does the rail, was the reigning note in the various discussions.

Several members of the tentative organization expressed their opinions that the project would have to be taken slowly at first, or in other words, only one boat should be put into operation until additional vessels were deemed necessary. From the other side came the idea that the one boat would not suffice as the amount which could thus be handled would be infinitesimal as compared with the total output. What is needed, argued this portion of the meeting, is some means by which the present business of the railroads will be materially affected.

800 COAL MINERS IN COLORADO FIELD STRIKE AT PAY CUT.

DENVER, Sept. 2.—Announcement has been made by the Colorado State Industrial Commission of notification by John McLannan, president of District 15 of the United Mine Workers, that all miners in the Walsenburg & Cameron coal mines of the Colorado Iron and Fuel Co., had gone on a strike today following the putting in effect a reduction in wages. The mines are said to employ 800 men. Officials of the Colorado Iron & Fuel Co., denied there was a strike at either of the mines.

NO TROOPS LIKELY FOR CONCORD AREA.

CHARLOTTE, N. C., Sept. 2.—Following a series of conferences here today on the request of city and county authorities at Concord that Governor Morrison send state troops there, indications today are that no troops would be ordered out pending the outcome of efforts, which, it was predicted, would bring about an immediate settlement of the textile strike which has been in progress in Cabarrus county since June 1.

LLOYD GEORGE SENDS REPLY TO D'VALERA

Latest Communication on Irish Peace Proposals

SERIOUS ISSUES

INVOLVED AND PREMIER SUMMONS HIS CABINET TO MEET

(By The Associated Press) LONDON, Sept. 2.—Lloyd George has sent his reply to DeValera to his latest communication on the Irish peace proposals to London for circulation among the members of the cabinet. Having regard for serious issues involved, Lloyd-George has summoned a cabinet meeting to be held next Wednesday at Inverness, Scotland.

DUBLIN, Sept. 2.—The reply of the Irish republican cabinet to the latest communication of Prime Minister Lloyd George on the British government's peace proposals was dispatched last evening to Mr. Lloyd George, who is in Scotland.

The publicity department of the Sinn Fein party will await receipt of the reply by Lloyd George before making public its reply, or before making a statement concerning it.

The reply is being taken to Mr. Lloyd George by Robert C. Barton, member of the Irish republican parliament, who has acted as courier for Eamonn de Valera, the Irish republican leader, in his other communications to the prime minister. It is reported here that the cabinet's reply was redrafted since the outbreak of the rioting in Belfast.

It was authoritatively stated here this afternoon that the reply is an acceptance of Premier Lloyd George for a further conference in London. No plenipotentiaries have yet been nominated, however.

BELFAST, Sept. 2.—Soldiers were rushed to the Grove street section of Belfast this morning when several shots were fired in that district. When the troops arrived, however, the gunmen had vanished.

To date the death roll numbers 16. Troops are patrolling Springfield road in the area which causes the authorities much concern, as it is part of the Falls division where the fiercest riots of the past year occurred. The origin of the trouble here was an attack on Muckies foundry workers, the police driving off their assailants with rifle fire.

One of the most serious outbreaks of yesterday occurred in the neighborhood of Brown Square, which is close to Old Lodge road. Shortly before the curfew hour a daring attempt was made to set fire to a dwelling in Nelson street with petrol, but the police extinguished the flames. With the arrival of the curfew the sniping ceased and the city became quiet.

The motormen issued an ultimatum to the authorities today declaring they would withdraw entirely from the streets unless afforded protection. The tramcar drivers also are affected by the decision. Two members of the drivers' union were killed in the rioting of the last few days and seven were wounded.

BANKER CHARGED WITH FORGERY.

MAYO, Fla., Sept. 2.—Lamar C. Carter, former president of the Citizens Bank of Mayo, which now is in the hands of a receiver, was arrested today on a charge of forgery, arraigned before County Judge Adams and released on bond pending a preliminary hearing.

IRISH AGREE TO FURTHER PARLEY.

DUBLIN, Sept. 2.—It was authoritatively stated here this afternoon that the reply is an acceptance of Premier Lloyd George for a further conference in London. No plenipotentiaries have yet been nominated, however.

FISH AND GAME LEAGUE HELD MEETING LAST NIGHT, SMALL CROWD ATTENDED

Association Has Over One Hundred Members Ready to Go

A called meeting of the Seminole Fish and Game Protective Association met at the court house Wednesday night with a rather small attendance for the number of members enrolled. However, the members present were very enthusiastic and quite a few things were brought up and talked over. The association has over one hundred members and every one is practically a game warden and are doing good already. The Association will pay a \$25 reward to any person furnishing evidence that will convict a person of violating any of the game laws.

We still need a lot of members and the following committees were appointed for the following towns to work for new members:

- Monroe—W. F. Shelley, G. S. Herring and F. E. Giles.
- Longwood—C. M. Hand, Ben Overstreet, and C. W. Entzinger.
- Paola—A. Minshew and Geo. Smith.
- Oviedo—W. H. Sley, C. W. Brown and Max Leinhart.
- Chuluota and Geneva—V. E. Douglass, J. C. Jacobs, R. G. Hickson.

We need the help of every man who hunts and ask your co-operation that we may hold up the best organization in the state as well as protect the game we now have and improve our hunting.

STATE TROOPS AGAIN ASKED IN STRIKE AREA IN NORTH CAROLINA FIELD.

ASHEVILLE, Sept. 1.—Request that state troops again be sent to Concord because of conditions arising out of the textile strike were received by Gov. Cameron Morrison, from C. L. Shears, sheriff of Cabarrus

THREE ATTRACTIVE NEW BUNGALOWS FOR SALE ON EASY TERMS

Very desirable. Just completed. Every modern convenience. Situated on Palmetto ave., beyond 10th street as follows:

BUNGALOW, 6 rooms (3 bed rooms) and bath, front and back porch.

BUNGALOW, 5 rooms (2 bed rooms), screened sleeping porch, and bath, front and back porch.

BUNGALOW, 5 rooms (2 bed rooms) and bath, front and back porch.

All completely screened throughout. Gas and electric light connections. Instantaneous heaters in both rooms.

For terms apply to owner,

GEO. A. D'COTTES

county; J. W. Womble, mayor of Concord, and C. A. Robinson, chief of police at Concord. Gov. Morris also received telephone communications and telegrams from several citizens of Cabarrus county requesting that the troops be returned.

Gov. Morris will leave Asheville for Charlotte at 5 o'clock today to discuss with Adjutant-General Van B. Metts what action shall be taken on the request.

The telegram said conditions had again gotten beyond local officers.

CHARGES MADE AGAINST HUGE MOVIE 'TRUST'

WASHINGTON, Sept. 1.—The Famous Players-Lasky Corporation, which the federal trade commission has formally charged with unfair competition and monopolistic policies, "combined and conspired to prevent competition in interstate transportation of motion picture film," according to summaries of the official complaints given out today.

The complaint declares that in 1920 the corporation, in addition to owning 400 theatres, supplied 18,000 picture houses in the United States, which theatres obtained through them 67 cents of each \$1 spent in the country. It is further charged that through 140 subsidiary corporations, the corporation played a part in the international field.

Besides the corporation the complaint personally cited Adolphe Zukor, Jesse Lasky, Jules Mastbaum, Alfred S. Black, Stephen A. Lynch and Ernest W. Richards, Jr., all corporation officers.

The Real Art Pictures corporation "in accordance with the conspiracy," the complaint says, was set up by the Famous Players group in 1919, and though owned by them, "held out to the trade to be wholly independent."

The complaint also charges that the group cited "proceeded to acquisition of motion picture theaters through coercion and intimidation, after threats of erecting competing houses, and interfering with the film service." Such methods are charged specifically against the corporation, Alfred S. Black, as president of the Black New England theatres, Inc., the Stanley Co., "owning or controlling 57 theatres in Pennsylvania, western New Jersey and Delaware, and the Lynch Enterprises corporation, "owning and operating theatres in the Atlantic and Gulf states from North Carolina to Texas and in Tennessee, Arkansas and Oklahoma."

The Saenger Amusement Co., operating in southern states and controlling 68 theatres, was also included in the citation as a subsidiary of the Famous Players-Lasky corporation.

The general problem was carried out from New York to Los Angeles, the complaint says, and all theatres owned, controlled or operated by the are permanently closed to competitors.

Mobile squads of expert prohibition enforcement officers are to be sent from Washington to various Atlantic cities to assist in combatting the flow of liquors being smuggled into the country, Internal Revenue Commissioner Blair said yesterday.

ADVERTISE TOURIST RATES ON POST CARD DAY THUS ADVERTISING FLORIDA.

Railroad officials having announced that winter tourist rate tickets to Florida will be on sale in all territories this season from October 1st, until April 30th, with final return limit May 31st, the Florida Development Board suggests that October 1st be observed as Post Card Day.

Personal messages to acquaintances in other states advising them that reduced rates are available and suggesting that the recipients and their friends take advantage of the opportunity to come to Florida at once and avoid the cold weather of early fall in northern states should prove very effective in stimulating early tourist travel and a lengthened tourist season.

Each community is advertised by this method to the extent the people participate in sending out the messages. Last year a number of chambers of commerce and other agencies offered cash prizes for the greatest number of postcards mailed on Post Card Day. The Sarasota chamber of commerce improved upon the post card plan by sending 400 day-letter telegrams, which they later appraised as having been very much worth while. Secretary C. M. Hempbill, of the Clearwater board of trade suggests that business firms and individuals stamp or write on all mail going out of the state the opening and closing dates of the tourist season, which can be done without much effort or expense.

Durability and accuracy are claimed for a new scale for weighing mail matter which is operated by a balance weight instead of a spring.

An Anglo-Danish technical society has been formed at Copenhagen for co-operation between Denmark and Great Britain in a number of lines.

Employing hydraulic acid to produce hydrogen gas, apparatus has been invented to measure the amount of zinc in galvanized iron surfaces.

Though a new automobile fender which picks up a person struck weighs only 75 pounds its inventor claims it will sustain a weight of four tons.

MILLIONS FOR ENFORCEMENT OF DRY LAWS

GOVERNMENT TO SPEND \$7,500,000 IN NEW LIQUOR CRUSADE

WASHINGTON, Sept. 1.—It will cost Uncle Sam \$7,500,000 to keep the cup from the lip next year—or rather to try to do it.

That's the appropriation granted the Internal Revenue Department for enforcing the eighteenth amendment and the Volstead act.

Besides that the Anti-Saloon League will spend around \$1,000,000 creating sentiment in favor of dry law enforcement, says Wayne B. Wheeler, general counsel for the league.

The government appropriation is expected to cover salaries of federal dry enforcement officials, pay of chemists to analyze the "evidence," laboratory supplies, traveling expenses of officials and rent of headquarters in cities throughout the country.

In 1920 the government made an appropriation of \$2,000,000 for prohibition enforcement. It wasn't enough so it was followed later by another \$1,000,000 appropriation.

Of this, \$3,000,000 the internal revenue department spent \$2,050,774.

In 1921 the Internal Revenue Department got an appropriation of \$7,000,000, more than twice as much as in the previous year. The department hasn't reported yet on how it was spent.

Wheeler estimates the Anti-Saloon League has been making an average annual expenditure of \$1,000,000 and will keep that up as long as it seems necessary.

"But none of that goes directly for prohibition enforcement," he said. "It goes to educate the people and organize sentiment in favor of enforcing the law."

Mobile squads of expert prohibition enforcement officers are to be sent from Washington to various Atlantic cities to assist in combatting the flow of liquors being smuggled into the country, Internal Revenue Commissioner Blair said yesterday.

Assignment to New York yesterday of E. C. Yellowley, chief of the general prohibition unit, Mr. Blair said was the first step in the prohibition bureau's movement for checking the activities of the rum runners.

Illicit distilling along the seacoast towns, Mr. Blair said, was a minor problem compared with smuggling, particularly between New York and the Florida coast.

Assistance from headquarters, he said, would be extended to prohibition officials of the port cities and also along the Mexican border, where the smuggling problem also was serious.

ARGUMENTS ON TARIFF BARREN OF RESULTS TOO MUCH HOT AIR.

WASHINGTON, Sept. 1.—Representatives of industries of two countries presented arguments before the senate finance committee striking at rates in the Fordney tariff bill. From England came a delegation to urge revision downward of rates on high speed steel. Higher rates on flour and mill feeds were sought by domestic milling interests, and representatives of the fishing industry appeared both to defend and denounce import taxes on their products.

Claims of the flour millers, submitted by L. E. Moss, of Kansas City, Mo., president of the Southwestern Millers' League, and A. L. Goetzmann of Minneapolis, president of the Millers' National Federation, were for rates which would be compensatory for the twenty-five cents a bushel duty on wheat. Unless the flour duty was made practically double the house rate they agreed, the duty on wheat would bring no good effect.

Mr. Moses asserted that the milling industry was making no profits and that its position in the business world would be more perilous without the protective duty.

"If you give us rates which will keep us running," he said, "we can and will furnish the people of the United States flour at the cheapest price of any people on earth. If you force us to run only part of the time, your flour price will be higher and the consumer will pay, and the producers' market will be disturbed and lowered and he will lose. I won't predict what will happen to the mills themselves if we have to close our plants part of the time."

SUMMER DAYS WILL SOON BE OVER

It has been a busy summer even though it was vacation time and we face the winter season with the greatest and brightest prospects for a most prosperous year. Our business and your business is increasing, Sanford is growing beyond expectations of the greatest boosters, conditions are better, Florida is the most prosperous state in the union. Now is the time to think of the proverbial "rainy day." Save your money while you are making it. Bank it with the bank that insures your deposits. Start your bank account today.

The Winter Season Is Advancing

GET READY FOR BUSINESS THAT IS COMING

The Peoples Bank of Sanford

of the results of their labors. His argument was supported by A. W. Thomas of Boston, head of a Prince Williams Sound company, who declared that the rate of one and one half cents a pound on herring barely met the high transportation cost of which he had to bear in delivering fish in New York in competition with the Scandinavian. Without the duty, he said, the industry, encouraged by the government during the war, would go on the down grade.

Condition of Crops—Most crops made fair progress, but all would be benefited by moderate rains, especially on uplands where truck is very backward. Some lands are too dry to be plowed. Peanuts and sweet potatoes made fair to good progress, but, common with cane and citrus fruits, would be benefited by moderate rains. The rust mite is reported from some groves—due, it is supposed, to the dry weather. Much hay was saved during the week. Cow peas and velvet beans made good progress. Cotton is opening quite rapidly in the west and ginning has begun in different sections; weevil is doing local damage, but has been retarded to some extent by moderately high temperature and dry weather. Corn is being harvested in the northern division. Some oats have been planted, and seeding will increase when the soil is in a better condition—now too dry in some localities.

WEATHER AND CROP CONDITIONS IN FLORIDA.

Weather and crop conditions in Florida for the week ending August 30, 1921, were as follows:

Temperature—The week averaged much cooler than the usual, the daily deficiency in temperature ranging from 1 to 3 degrees. The last days of the week, however, returned to normal, being 8 to 10 degrees warmer than the forepart of the week.

Precipitation—Rainfall was generally deficient, the exception being the extreme south, Key West reporting an excess of 2 inches. Elsewhere in the section the week's total ranged

from an entire absence of moisture to generally less than one-third of an inch. A wholesale tobacco business has been organized at Cocoa. It will be known as the Tobacco Dealers Co.

SOCIETY

MRS. FRED DAIGER, Society Editor, Phone 217-W

SOCIAL CALENDAR

Friday—Peter Schaal will give a dance at the Valdez hotel at 9 o'clock.

Saturday—Children's Story Hour will be held at the Central Park at 5 o'clock.

Thursday afternoon Miss Nelda VanNess entertained the choir girls of the Congregational church. A two course luncheon was served, and a very enjoyable time was vited by all.

Monday evening Mrs. W. W. VanNess entertained the Christian Endeavor of the Congregational church. After the general business, refreshments were served, and a social hour was enjoyed by all.

Mr. and Mrs. J. S. Wilson have returned from Daytona Beach.

Robert Deane left this morning in his car for Live Oak, where he will spend part of his vacation.

N. H. Garner left this morning for Mount Olive, N. C., where he will visit his brother.

Alfred Robson left this morning for Tampa where he will attend the A. T. O. dance tonight.

G. W. Spencer, Allen Jones, Walter Connelly and Ed. Meisch attended the Phi Kappa fraternity banquet in Orlando last night.

Judge and Mrs. J. I. Smith and little daughter Marie, left this morning in their car for their home in Birmingham, Ala., after spending some time here as the guests of Mrs. Ella Leffler. They were accompanied home by Miss Mary Armstrong, who will be their guest for a month or six weeks.

Miss Marie Tengage has returned from South Carolina where she spent the summer with her mother, Miss Tengage is the guest of her aunt, Mrs. W. T. Langley.

Miss Mildred Simmons left Tuesday for her home in Mountville, S. C., after spending some time here with her aunt, Mrs. W. T. Langley.

W. H. Doyd, of Scottsville, Ga., was in this city yesterday stopping at the Montezuma.

C. C. Nagle, of Baltimore, Md., was in this city yesterday attending to business. While here he made his headquarters at the Montezuma.

Mr. and Mrs. Frank Daorio, of Jacksonville, whose marriage was a recent event, are spending several days here at the Montezuma.

Mrs. W. O. Ropp and two children, formerly from Lancaster, Pa., but now of Clearwater, is spending some time here with her father, Dr. S. W. Walker.

A. A. Pruitt, of Wilson, N. C., is spending some time in this city.

STAY AT HOME DANCE.

The Stay at Home Club had a dance at the home of Mr. and Mrs. R. J. Holly last night and a merry crowd enjoyed the good music and good floors until midnight, which is the time for these busy people to quit and go home. Delicious punch was served during the dance and the broad porches gave the guests a chance for rest

and talk and a discussion of the plans for a good time this summer that they are planning to keep the club alive this winter if possible and make it a monthly dance or card party or diversions of that sort.

ATTEND A. T. O. DANCE IN TAMPA

Miss Serita Lake, Messrs. G. W. Spencer and Allen Jones chaperoned by Mrs. Forest Lake left this morning in the Lake car for Tampa where they will attend the A. T. O. dance tonight. Miss Norma Griffen will join them in Orlando and accompany them to Tampa.

SHOWER FOR BRIDE-ELECT

One of the prettiest of the pre-nuptial affairs given Miss Helen Peck, a bride-elect of this month, was the shower given yesterday afternoon by Miss Agnes Dumas, at her home on Park avenue.

The wedding colors of white and green were beautifully carried out in the decorations. Baskets and crystal vases of lovely white roses and ferns were effectively placed in the rooms. The table in the living room had for its centerpiece a white arch from which was suspended a tiny gold bell and under this a miniature bride and groom stood. The chandelier was gracefully entwined with asparagus fern which was suspended to the four corners of the table. Hanging from the chandelier was a huge white bell from which hung gold bells and wishbones tied with green ribbons.

As the bride-elect entered the room the wedding march was played. She was most becomingly attired in gray crepe de chine with trimmings of jade green. Miss Dumas wore a fetching frock of gray canton crepe trimmed with green.

After the guests were seated a bell was rung and a crier (Miss Florence Henry) announced that a wedding proclamation had been made, this was read by Mrs. Robert Hines, and later presented to the honoree.

A guessing contest was then enjoyed, the answers being things that belong to a bride's trousseau, Mrs. I. E. Estridge guessing the most correctly, was given a dainty corsage of silk flowers. The guests were then given slips of paper with their names and told to take each letter and write a bit of advice for the bride. These were then made in book form and tied with green ribbon and presented to the bride for future reference.

Miss Herminia Lehman sang, "I Love You Truly" in her most charming manner, while little Miss Marion Estridge, daintily attired in ruffled green organdie, entered drawing a white and green wagon in which were piled the gifts. These were opened and greatly admired by the guests. After which refreshments of cakes iced in green, white and green brick cream, and green and white mints in baskets of green and white were served by the hostess assisted by Mrs. Robert Hines and Miss Florence Henry.

Those enjoying this delightful event were: Misses Florence Henry, Helen Peck, Marion Phillips, Dorothy Rumph Daphne Wimbish, Serita Lake, Virginia Brady, Herminia Lehman, Mesdames Karl Schultz, Ralph Goodspeed, A. Goodspeed, Frank Woodruff, Jr., R. E. Peck, Robert Hines and I. E. Estridge.

500 PARTY

Mr. and Mrs. L. R. Phillips entertained a few of their friends at their home last evening. 500 was played at two tables, and late in the evening refreshments of ice cream, cake and mints were served, each plate being decorated with a beautiful rose.

Those enjoying Mr. and Mrs. Phillips hospitality were Miss Agnes Dumas, Raymond Phillips, Miss Marion Phillips, Billie Holden, and Mr. and Mrs. Robert Hines.

Board of Governors Chamber Commerce Had Meeting Today

The Chamber of Commerce board of governors and members held a most important meeting at the Valdez hotel today at their regular noon day luncheon. President Knight presided and many questions of great interest to the people of the city and county were discussed. Mr. and Mrs. Curlett, of Geneva, were guests of the governors and Mrs. Curlett explained the purposes of the Merchants Carnival that will be held here some time in November or December by the Home Economics committee of the Woman's Club at which time the distributors of food products will have booths on the street showing their various lines of goods and demonstrate the same. It will be in the nature of a county fair if the support of the merchants can be enlisted and will last for four days. The support of the Chamber of Commerce was given to Mrs. Curlett. The subject of the road to Osceola was taken up and Mr. Curlett being the commissioner from that district was asked for information regarding the road, what money would be available and many other items that would enter into the building of a road to Osceola. A committee from the Chamber of Commerce will meet with the County Commissioners at their next meeting to discuss this road. Reports from the various committees took almost one and one half hours and they were good and showed progress along every line. The meeting was full of pep, the luncheon was good and the governors and visitors left the meeting with that satisfied feeling of having accomplished something for their time and trouble.

THE DOINGS OF COMPANY D

Some ten or twelve of the boys of the old company put out some real work yesterday in the putting up of the one thousand inch range on the bulkhead. Work began about 2:30 p. m. and the range was complete, sand bags filled and gun bases laid before 5 o'clock. Firing commenced shortly after. Most of the town was down there it seems, that is all except Ralph Wight, "Millionaire" Jernigan and "Doc" Aldridge who couldn't leave their respective places of business. They all say they are coming to the minstrel though. Well, getting back to the old subject, firing ceased at about 6:30. Casualties: Six catfish, one mud turtle, dead; one eel badly wounded (bullet slipped off his back).

You know everywhere you turn around in this old town some one asks you about the minstrel. When's it coming off? Who's going to be in it? Where's it going to be, etc. All we can report now is that "we have nothing to say." The minstrel is going to be "all to the mustard," and the general public will be shown the light in a much more polished manner than "Fripod" Wimbish was the night he announced at regimental headquarters that Company D was ready to go on riot duty immediately. Yes, Wimbish seemed surprised when he stumbled back and said, "You know, that major told me to get out of there."

AN EXCELLENT PICTURE

Marion Davies' "Buried Treasure" Has Strong Story

The story of reincarnation forms the basis of "Buried Treasure," the new Marion Davies picture which will be shown at the Star Theatre tonight. William Vandermueller, a Wall Street capitalist, wishing to break up his daughter's infatuation for a poor man, Dr. Grant, and to arrange a wedding with a Duke, plans a long yachting cruise with the Duke as the chief guest. Because of Pauline's habit in going into trances, Mrs. Vandermueller insists that a physician accompany them, and, by a ruse, Dr. Grant is brought along. On the yacht Pauline goes into a trance and appears to be in possession of a note from one John Dawson to one Lucia, giving directions to go to the island of Santa Catalina. Her father, believing he will find treasure buried on the island, orders the captain to sail there. A thrilling Spanish story is thus unfolded.

HEAVY WEIGHTS MATCHED.

(By The Associated Press) OMAHA, Neb., Sept. 2.—Earl Cadlock, of Walnut, Ia., former world's heavy weight wrestling champion, has been matched to meet Stanislaus Zhyzsko, the present champion, at De Moines, October 8th.

There are homes in which the floors are always clean, and then there are homes in which the husbands roll their own.

There are two kinds of men: Those who should be permitted to die a natural death, and those who think they know it all.

Organ Recital at Methodist Church Drew Large Crowd

The first recital on the new organ recently constructed by the E. C. Markey Builders, of Basic, Va., and installed in the Methodist church, was given by Mrs. Hazel Coffin Lenfest, of Winter Park, last evening, at 8 o'clock. The program replete with color and variety was received in great appreciation by the large audience.

In addition to the organ numbers, there was under the direction of Chas. Polk, a chorus from the church choir, and a quartette, both were well rendered and much enjoyed.

The organ is two toned manual and included in registration, eleven stops. On the swell are violin, Diapason, stop Diapason, Sallcironal, Aeoline, Flute Harmonic (4 ft.), Piccolo (2 ft.), chimes (18 notes).

The great manual, has great open Diapason, Dulciana, Melodia, *couple (4 ft.).

Pedal stops are sub bass and flute bass. There are eight couples including, Great to Pedal—Swell to Pedal—Great to Great 4 ft., Swell to Great 16 ft., Swell to Great 8 ft., Swell to Swell, 16 ft., Swell to Swell, 4 ft.

In addition to the usual swell pedal the crescendo pedal and sforzando, there are four combination pistons for the swell and four combination pistons for the great.

The fine balance of the instrument and delightful tone qualities revealed itself in the rendition of Mrs. Lenfest's program. The light numbers were particularly pleasing in contrast to the heavier selections and all was mellow harmonious.

The music committee of the Methodist church and Dr. Walker, the pastor, may surely be congratulated in securing so fine an instrument.

The recital program covered:
Third Sonata in C Minor Gullmunt
Prelude
Adagio Molte
Chorus, "Thia Radiant Morn".....
Woodward
Church Choir
Autumn Sketch..... Brewer
Donna Nobis..... Mozart
A Sea Song..... MacDowell
Andantino..... Lemare
Minuet in G..... Beethoven
Quartette..... Selected
Pope, Herndon, Newberry,
Shinholser
Cantilene Nuptiale..... DuBois
Grand Chorus..... DuBois

TAMPA TIMES IS SPENDING MONEY

In newspaper circles there is much comment on the way that The Tampa Daily Times spends money for news and features. It is the only Florida daily that prints the famous David Lawrence letters. In addition to the full day and night reports of the Associated Press, the Times is building up a highly expensive special news and feature service, in its effort to publish a newspaper that will be interesting to every member of the family in homes all over Florida.

Besides The Times membership in the Newspaper Enterprise Association, which is known as one of the most complete news and feature syndicates in the country, it gives its readers the best comics obtainable—including "Mutt and Jeff," "Bringing Up Father," and "Doings of the Duffs."

Two special features of the Times are its sporting page and woman's page. These features alone cost them an enormous sum.

In all Florida homes where an interesting and complete newspaper is appreciated, the Tampa Daily Times should have a place.

The price of a three months' subscription is \$1.75.

Orders should be sent direct to the Times, Tampa, Fla.—Adv.

Veru will soon have three big packing houses. The third is now under construction.

Notice of Application for Tax Deed Under Section 575, General Statutes, Laws of Florida

Notice is hereby given that L. A. Mickey, purchaser of Tax Certificate No. 48, dated the 2nd day of June, A. D. 1919, has filed said certificate in my office, and has made application for tax deed to issue in accordance with law. Said certificate embraces the following described property situated in Seminole county, Florida, to-wit: S 130 ft of E 1/4 of Lot 7 and E 120 ft of Lot 7 (less S 130 ft) Block X, Sanford. The said land being assessed at the date of the issuance of such certificate in the name of Jennie E. Couvillier. Unless said certificate shall be redeemed according to law tax deed will issue thereon on the 2nd day of September, A. D. 1921.

Witness my official signature and seal this the 29th day of July, A. D. 1921.

JIM BARNES HAS STRIVEN HARD FOR HONORS FINALLY ATTAINED

Hall "Long Jim" Barnes! Ten years ago, when a westerner brought word East that they had a future-great out on the Pacific coast, little attention was paid to the matter. It was regarded as a westerner's natural enthusiasm for things western. But a few days ago, at the Columbian Country club, the westerner's prediction came true—the future-great arrived.

Gained Prominence at Sunset Hills. It was Jim Barnes who was referred to by the western golf enthusiast; Barnes, then a mere youth, just over from Cornwall, who was serving in the capacity of professional at one of the western clubs. Later he came to Sunset hills, and it was while there that he attained national prominence as one of the stars of the golf world. Since 1912, when he played in his first open championship at Buffalo, Barnes has striven for the honor that finally came to him, says a writer in the New York Times. For several years he failed, blushing far behind the leaders, but during the last few years he had come to be more and more feared by the other professionals.

Always Fell Short. One of the greatest of the great, Barnes while being able to win other

honor, always fell short in the national opening. But this year, beginning at the tournaments in the South he seemed to have struck his stride. Then came misfortune—misfortune that perhaps cost him the British open title, for he was in a tie for the lead in that event when the third round ended. Exhaustion from the weak ending effects of his illness told of him in the final round, and he dropped back.

Smoothed Course Record. Upon his return to American shores however, Barnes looked like a new man, and when the tournament started at Washington he gave an indication of what might be expected by breaking the competitive record for the course in the opening round. The lead that he gained over the remainder of the field stood him in good stead, for, playing in the manner that he was, there was no chance of his being overtaken. His honors, long delayed, were gloriously won and hand somely deserved. "Long Jim" is the type of golfer that may be depended upon to carry his honors with modesty. His victory was well earned for he played the most consistent and brilliant golf of any of the big field that was entered in the tournament.

IN THE CIRCUIT COURT, SEVENTH JUDICIAL CIRCUIT, SEMINOLE COUNTY, FLORIDA.—IN CHANCERY

Meritt F. Robinson, Complainant, vs. F. W. Schwind and Emma M. Schwind, his wife, and the unknown heirs, devisees, grantees or other claimants under F. W. Schwind and Emma M. Schwind, Defendants.

CITATION

To F. W. Schwind and Emma M. Schwind, residence unknown; the unknown heirs, devisees, legatees, grantees or other claimants under F. W. Schwind and Emma M. Schwind, and to any other person or persons claiming any interest in and to the following described lands situated in Seminole County, Florida, to-wit: Lots 1 and 2 of Block "A" of Mitchell's Survey of the Levy Grant.

It appearing from the sworn bill of complaint filed in this cause against you, that you have or claim some interest in, and to the lands hereinabove described, therefore, you, the said F. W. Schwind and Emma M. Schwind, are hereby ordered and required to be and appear before our said Circuit Court, at the Court House in Sanford, Florida, on the 20th day of October, A. D. 1921, and then and there make answer to the bill of complaint exhibited against you, otherwise a decree pro confesso will be entered against you.

And all other persons claiming any right, title or interest in and to the property hereinabove described under, by or through F. W. Schwind and Emma M. Schwind, or otherwise, are hereby ordered and required to be and appear before our said Circuit Court, at the Court House in Sanford, Florida, on the 7th day of November, A. D. 1921, and then and there make answer to the bill of complaint exhibited against said unknown parties, otherwise a decree pro confesso will be entered against said unknown parties.

It is ordered that this notice be published in the Sanford Herald, a newspaper published in Seminole County, Florida, once a week for eight consecutive weeks as to the known parties defendant, and once a week for twelve consecutive weeks as to the unknown parties defendant.

Witness my hand and the seal of said Circuit Court on this 21st day of July, A. D. 1921.

(SEAL) E. A. DOUGLASS, Clerk of the Circuit Court, Seminole County, Florida. By: A. M. WEEKS, D. C. GEORGE G. HERRING, Solicitor and Counsel for Complainant.

UPSALA AND GRAPEVILLE

Rev. Clark will preach at Lake Mary at 11 a. m., and at Upsala at 7 p. m., on the 4th of September. We understand that Rev. Clark has lately come here to reside from California and we trust the folks will give him a hearty welcome among us. Rev. Edwards has asked him to come and is hoping that Lake Mary, Upsala and Paola may all again be under one pastor, as of yore.

J. C. Coller, of Sanford, has purchased one half acre of land of Geo. T. Ballinger, and will at once erect on it a small cottage for his nephew, Charles Crauer, and wife, and their little family who like country life best.

Mr. and Mrs. Fred Krell and little daughter, Dorothy, will remove the latter part of the week to Bradenton, where Fred has relatives. We are sorry to have them go, but wish them well in their new home.

Porter Perry, who is employed at the express office in Palatka, visited for a few days at the home of his sister, Mrs. Stanton Ambrose, and on Sunday, Mr. and Mrs. Ambrose took him to Orlando to visit Mrs. Barker, another sister.

Mr. and Mrs. Fred Krell and daughter, with Florence and Elinore Tyner, went down on Saturday to Windermere and the rest of Mr. T. O. Tyner's family, accompanied by Miss Beula Brown, of Sanford, motored down on Sunday to the home of Mr. and Mrs. Noah Fry, to celebrate the 83rd birthday of the grandmother, Mrs. Christine Bengston, and also the birthday of Fred Krell. There was a feast of roast chicken with four big cakes and all the good things that go in between.

SON OF PROMINENT TRUCK GROWER HELD IN AUTO THEFT CASE.

LAKELAND, Sept. 2.—Hal Davis, son of a prominent truck grower of Polk county, was arrested and placed in the county jail at Bartow Wednesday in connection with an alleged automobile theft gang in this state.

Davis was charged specifically with the theft of a touring car of popular make from W. O. Pierce, and his bond placed at \$5,000 which he had not furnished late last night. Six other men are facing charges growing out of the wholesale thefts of automobiles.

It is only a question of time until some writer will give us a song entitled: "O, where is my wandering wife tonight."

NEW WEAPON OF WARFARE WILL BE GIVEN TEST.

WASHINGTON, Sept. 2.—New weapons of aerial warfare will be given an initial test when the army air service conducts its next bombing operations—a night attack on the old battleship Alabama. The present plan is to stage the attack about September 15, probably at the scene of the recent tests upon the former German craft, off the Virginia capes.

A "light barrage" composed of giant aerial flares, each of more than 200,000 candlepower, will be one feature of the attack. Army engineers have submitted such enthusiastic reports on this weapon that larger flares, estimated to be equal to 1,000,000 candles have been placed under construction.

Giving a greenish-white light, literally "brighter than day," the flares to be used in the Alabama test will illuminate an area of five square miles and expert flyers say should enable the aviators to obtain greater accuracy than in daytime. The flares are attached to a parachute of white silk which reflects intensity, it is believed, to blind the officers and gunners on the ship under attack so as to demoralize any plan for defense, while keeping the upper air reaches shrouded in gloom.

It will not be the object of the army pilots to see how quickly they can sink the Alabama, officials said today, but rather to try out special gas and non-extinguishable phosphorus bombs on her, as well as to ascertain the effects of small demolition bombs. Bombs up to 4,000 lbs. each may be used.

WOMANS COLLEGE FILING UP—NO ROOMS LEFT.

TALLAHASSEE, Sept. 2.—Preparations for opening the 1921-22 session at the Florida State College for Women here, are going forward rapidly according to J. G. Kellum, business manager of the institution, with work being rushed to completion from every angle to accommodate a greatly increased enrollment. Every inch of dormitory space has been assigned, Mr. Kellum declared Thursday, and arrangements completed to provide accommodations for about sixty in private homes throughout the city.

Enrollment for the approaching term was completed July 1, according to college officials, and all efforts since that time have leaned toward the task of putting the institution in shape for the opening. Construction work on Broward Hall, one of the dormitory, the infirmary and kitchen is almost complete and will be in readiness by the opening day, Wednesday, September 14.

More than one half of the cotton spindles in the United States are in New England.

The big 18- to 18-page Weekly Herald entirely covers Seminole County and is published every Friday. Advertising rates made known on application. Democratic in politics. \$2.50 per year, always in advance.

Member of The Associated Press

Business is picking up. The wise merchant will see it. He will begin his campaign of advertising now. He will get the cream of the business.

How a Georgia editor views the situation: We are taxed for making money, for having money, for inheriting money, for matrimony, forimony and parsimony. It is only the an who steals money that gets off without the tax.

Dull months are dull because everyone thinks they are dull and is governed accordingly. There should be no such thing as a dull month. Of course the heat takes some of the pep out of one after going through a summer but there is always more pep to be obtained.

Now that dog days are over would it not be a good idea for those folks who have been grouching around to get right and look the world in the face with a smile? Just get together, men. You will find that you have no differences and much in common.

If anyone thinks that publishing this rag of freedom in the fog end of summer is a gladsome job let him get on the gridiron and try it. This cubby hole where we evolve these wondrous perorations is only a shade hotter than Flagstaff, Arizona, which is some heat, you will remember. It is not hard work but so darned regular, like working in the army and navy and other light work.

There are a lot of old rookeries in this city that should be torn down. We are waiting for this process of elimination to take place before we start in and tell the owners what we think of them. They are holding the property for higher prices and while adding it for higher prices are holding back the town. If they are unable to build they should sell and make their 150 per cent that way. You know who we mean.

TO THE JOKESTERS

This is the season for the jokesters to have fun with the editor and hardly a day passes that some "Phunny Phellow" does not write us a letter signed with all sorts of cubanistic letters and telling what the dark and mysterious clan of snake eaters intend doing on a dark and fearsome night. It all helps. It helps the jokers to forget the heat and helps the editor to forget his troubles and if they get as much fun out of it all as the editor, keep it up. Only—confine yourself to letter writing—that's all. We happen to know that all of the stuff is bally rot and the real thing is always there ready to take a part—so watch your steps—don't go any farther than letter writing.

RESPECT FOR THE LAW.

The following press dispatch regarding the proper respect for the law is interesting, coming from Attorney General Daugherty before the American Bar Association:

Theories of political philosophy now advanced by those who either violate law, or sympathize with law violator in industrial conflicts, agitation to upstart American form of government and gainst enforcement of prohibition statutes are the greatest forces at

work in the United States to undermining respect for law.

Arguing equally against sentiment that regards a convicted I. W. W. as a hero of conscience and political prisoner, that holds a boot-logger as an exponent of personal liberties and sets up the slogan of "human rights, against property right," in employment disputes, Mr. Daugherty asserted, fallacy and danger lay in all.

The attorney general, in his address, which was the first since assuming office, suggested a method of informing public opinion by semi-governmental means to obviate industrial conflicts but advocated complete disregard for the theories advanced in the other two fields. He declared the demand for personal liberty in prohibition enforcement had been advanced in the past by every champion of lawlessness who has sought excuse for unlawful conduct.

"Supremacy of the law is not undermined by the ordinary criminal who commits murder, robbery or larceny," Mr. Daugherty said. "To the contrary, every occurrence of crime of this sort tends to impress upon society the profound importance of law and its vigorous enforcement. The supremacy of the law is, and has been, challenged mainly in that class of legislation where there exists a difference of opinion as to governmental policy in enacting the legislation in question. At the present time among the forces undermining respect for law are the doctrine or so-called political offenses, erroneous conceptions of personal liberty and false doctrines as to the rights of industrials and minorities."

Resentment of large corporations of "persons and capital" against interference of laws regulating them, Mr. Daugherty said, involved a mistaken attitude, for law and order is the shield of business and its security.

EVERY SECOND MAN CONVICTED GOES FREE.

The Orlando Morning Sentinel of August 30 tells of the escape from the state prison camp on Aug. 19, of life convict John R. Bryant, self-confessed murderer of his father on March 19, last. Another white life prisoner walked out at the same time. Neither has been caught.

An analysis of the "sixteenth biennial report of the prison division of the department of agriculture of the state of Florida," transmitted to Governor Hardee under date of Jan. 12, 1921, shows that for the four years of -817, 1818, 1919, 1920, every other man committed to the state prison farm during those years escaped, or was pardoned in a short time.

The following are the figures for those years taken from the report of Commissioner of Agriculture W. A. McRae:

| Year. | Com. | Escap. | Recap. |
|-------|------|--------|--------|
| 1917 | 501 | 78 | 47 |
| 1918 | 300 | 103 | 42 |
| 1919 | 427 | 92 | 48 |
| 1920 | 459 | 95 | 53 |

Total.....1,687 468 190
From these records, set down by the commissioner himself, we find that the percentage of escape to commitments, for the four years, 21.8.10 per cent, or more than one man in five.

And from the same records we find that half of the men who escaped were not recaptured; the exact percentage of "recaptures" to the "escapes," being 50.53.100 per cent. The "escapes for good," of the total commitments for the four years is 10.6.10 per cent, or more than one man in every ten sent up by the courts.

In view of the horrible wave of murder, and other serious crimes, which has swept Florida in the recent months and year, it is well to look further into the prison system of this state to see whether there may be a contributing cause chargeable to us. So, taking the same report as that from which the above figures are collected we find an interesting item in the matter of pardons and paroles:

| Year. | Com. | Pard. | Parol. |
|-------|------|-------|--------|
| 1917 | 501 | 120 | — |
| 1918 | 300 | 91 | 6 |
| 1919 | 427 | 108 | 31 |
| 1920 | 459 | 131 | 29 |

Total.....1,687 350 66
This table shows us that every fourth man committed is either pardoned or paroled before he has served four years of any sentence, even including a life term. The exact percentage of pardons and paroles to the commitments for the four years shown is 24.8 per cent. This means 24.8 men out of every 100 committed is set free before his term is served.

Now, taking the 21.8 per cent shown by the first table to go free by escaping within four years and adding it to be 24.8 per cent pardoned or paroled before serving four years, we have a total of 46.6 per cent getting free every year through escapes, pardons or paroles. This means that for every 100 convicted for crime in Florida in the past four years more than forty-six have walked out before serving four years, free men.

So, a criminal in Florida knows that

he has practically a fifty-fifty chance of going scott free: from punishment in a short time if he can only get sent to the state prison farm.

Is it any wonder Florida is over run with crime of the most horrible sort when the work of the prosecuting officers and the courts is being made null and void as to every second man convicted and sent to the state prison farm? Is not the state itself, through its weak prison system, contributing largely to the prevalence of crime in Florida?—Tampa Tribune.

THE CHAMBER OF COMMERCE

The Lakeland Advertiser says the Chamber of Commerce, working as it should, is the biggest business of the town, that it should be officered and run by the wisest men of the community, that the secretary was the most important link in the chain, and as such should receive a salary which will put him on an equality with the best business men. It is his business to furnish the inspiration to make every business head of the town work with every other business head for the upbuilding of the town. Then the Advertiser tells what the new secretary of the Lakeland Chamber of Commerce said at a luncheon a few days ago, as follows:

Secretary Appleyard made it plain to members of the Lakeland Chamber that the first thing necessary was to "sell" the Chamber of Commerce to the members, then to the citizens of the town—then that the people of the community must be "sold" on their own town. That when this was accomplished the people would take care of "selling" it to outside parties.

He made it clear that the things which the community should undertake as its "program" must be those things which the people themselves overwhelmingly suggested and proved by their earnestness that they were willing to help "put across." He made it plain that a "program" of this kind can be made to go because it will be backed by the entire community. And that what the entire community wants it can have if properly led to go after it.
Every man at Tuesday's luncheon was "sold" on a civic body such as is proposed for the Lakeland Chamber of Commerce, because the plans are so logical and carry the conviction of efficiency with them.—Melbourne Times.

HOOVER SAYS WE HAVE PASSED THE VALLEY

Herbert Hoover believes that goods can be sold right now by consistent, persistent effort. He also believes that business is recovering from the slump.

The Sell Now league, which was started as the result of a Cosmopolitan editorial, has been carrying on a campaign to encourage salesmen, merchants and manufacturers to sell their products more intensively to that part of the consuming public which is in a position to buy now.

Mr. Hoover, who has been interested in the progress of this movement, recently sent the following letter to J. Mitchell Thorsen, chairman of the Sell Now League. He is optimistic and his remarks will be inspiring to business men generally:

"There is never a very long period in peace times when goods cannot be sold by consistent, persistent, effort—simply because the human animal goes on consuming. He slows up at times but over a long term both his production and consumption is always increasing.

"We have had fourteen depressions since the civil war and fourteen periods of prosperity, each of the latter greater than the one before. We have passed the valley in this slump—the worst and most rapid we have ever fallen into—but we are coming out of it steadily through the intelligence and capacity of our business men."

THE RENTED BATHING SUIT

With the increase of swimming pools and public bathing places the renting of bathing suits has become a considerable business. Strange to say, the manufacturers of bathing apparel are not very keen for this. They would rather sell a new suit to every bather. Who can blame them? They make one charge in this connection, however, which will bear investigation. A trade journal reports that manufacturers of knit goods claim that the sterilizing process through which rented suits are supposed to go after each wearing is often a mere travesty. They assert that in many bath houses suits said to be sterilized are merely soaked in warm water.

The suggestion is too serious to be laughed aside. Disease and epidemic could be spread by suits in common use but improperly sterilized. The individual who must wear a rented suit would do well to be sure what he is about before he dons it. Wherever there is cause to suspect that negligence obtains, the public health authorities should be warned and prompt investigation should follow.—Gainesville Sun.

WATCH THAT GOOSE.

While the business men are taking under advisement the question of a Tourist Camp, it might be well for them to take up the subject of rents for houses, rooms and apartments, also.

We get ten times as much from those who come to Orlando and desire to live under a roof than from those who want to camp out, yet there is rarely anything said about the exorbitant prices charged for accommodation by those who have rooms and apartments to rent. The harm from overcharging in such cases is greater than a dozen camps or no camps. Visitors generally come to Florida with a fixed amount which they have to spend. If they are forced to pay a hundred or a hundred and fifty dollars a month for an apartment or house worth but fifty or seventy-five, their visit is naturally cut short and they leave feeling they have been taken advantage of. Hundreds of visitors returned to their homes last season after spending a few days in Florida trying to get suitable quarters at a reasonable price. Orlando is not the only city where such practices were in force. Not one city in the state escaped, the towns, however, that were the most patronized, suffered the greatest. Somehow it is human nature to take advantage of an adverse situation and when a city is crowded the prices asked are the highest. A stranger must pay for his lack of judgment in helping to swell the crowd it would seem. From prices we have heard, it appears they will be higher this year than they were last, notwithstanding the downward trend of things, those who cry loudest against the profiteers are generally the ones who practice it the most when their opportunity comes.—Reporter-Star.

The man who tells you prohibition can't be enforced usually adds in the next breath that he'd give five dollars for a decent drink.

A good credit is like a pistol; it's a handy thing to have in time of trouble, but it will get you into trouble when you don't need it.

Its inventor has patented a refrigerator so mounted on hinges outside a window that it can be swung to one side to leave the window opening clear.

There Wouldn't Be So Many Classified Ads Printed if They Did Not Mean Anything to You

If you have never given earnest attention to the classified ads it is certain that you have missed some opportunities which were almost made to order for YOU.

Why not determine to learn for yourself what the classifieds mean to you?

There are two ways. One is to advertise in the classified columns for whatever you may need. The other is to read and answer classified ads—to investigate those that seem to offer something to you. You'll be surprised to learn how many of these little ads do talk business to you—how many of them seem to point to opportunities for you.

Some of your friends and acquaintances are using the classified columns regularly. Some of them have found profitable investments in real estate; some have found good positions; some have bought and sold used articles.

YOU'RE LIVING IN A TOWN WHERE PEOPLE ACCOMPLISH THINGS THROUGH THE CLASSIFIED ADS. Why don't you?

THE WEATHER

For Florida: Fair Friday and Saturday except showers in extreme South portion.

Tampa was represented here yesterday by R. Goodson.

Lonnie Hardman, of Scottsville, Ga. was a business visitor yesterday.

Get a repaired tire to use as extra. Ford tires for \$3.00.—S. A. Huston. 118-26lc

E. G. Pearson, of Orlando, representing the Standard Oil Co., was in this city yesterday on business.

Bulck Roadster for sale. New tires and is in first class mechanical condition.—B. & O. Motor Co. 129-tfc

Mr. Henry McLaulin, one of Sanford's most prominent business men, leaves today for points north and east to buy his fall stock of goods for his jewelry store here.

Get a repaired tire to use as extra. Ford tires for \$3.00.—S. A. Huston. 118-26lc

A little ad now and then is relished by the best of men and even the reading public likes to read the different advertisements and they get much enjoyment out of it. Are you an advertiser?

Red Speed Wagon for sale. Slightly used and is a bargain for the price we are asking. If you need a truck, see us at once.—B. & O. Motor Co. 129-tfc

Baumel's Specialty Shop has their regular Friday ad in this issue calling attention of the school girls to the many new things for their wear. Watch for their opening date announcement of the fall fashion show.

Send your old mattress to Bradley factory. Make them like new, for \$3.00. 50 lb. new cotton mattress only \$3.00. Guaranteed. 500 W. South St., Orlando, Fla. 122-26tc

Keep your eye on the Daily Herald for the up to date store news. Our merchants are getting in new fall goods and are talking about it through the columns of the Daily Herald. You can save money by reading the Daily Herald and trading at home.

LEXINGTON, 5 passenger, 1920 model for sale. New tires, looks good and runs good. We are offering this car for \$900.00 less than list price.—B. & O. Motor Co. 120-tfc

R. A. Newman has returned home from a delightful trip to Waynesville, where he went last week to come back home with his daughter, Olive, who has been at the Junaluska camp for girls. Bob enjoyed every minute of his stay in the mountains, and had to sleep under blankets all the time.

CHICKEN DINNER, Sunday noon and evening, Gray Gables, on the beach, Seabreeze, Fla. Phone 491. Free bath houses. 74-Fri-St-6m

SANFORD'S TEMPERATURE

Coming down, coming down, but slowly. However, our old weather man who knows about as little about the weather as the goose bone prognosticator says that September will be cool. All we can say is that if September Morn is any barometer the old weather prophet is badly off his bearings. However one swallow neither makes a summer or a drunkard and one morning in September does not make the entire month and we are hoping. One degree lower a day would eventually get the old bulb down to zero by Christmas. And then we should worry about the weather in Florida:

| | |
|-------------------------|-------|
| 5:40 A. M., SEPTEMBER 2 | |
| Maximum | 95 |
| Minimum | 67 |
| Range | 70 |
| Barometer | 30.16 |
| Calm and clear. | |

Robert Holly has returned home from Laurel Park camp at Hendersonville, N. C., where he spent two months with other Sanford boys, Billy Fitts and Leonard McLucas. The Sanford contingent won many prizes in athletics and Leonard is the talk of Hendersonville in the athletic line and swimming stunts.

We have at present in stock one slightly used Hupmobile that we are offering for sale at a reasonable price. If you want the best for your money, see us at once.—B. & O. Motor Co. 129-tfc

Charley Matthews has returned from a trip to points in Tennessee and North Carolina, where he visited his father and friends, and enjoyed the mountains. Charley said he had to sleep under several blankets and quilts while up there, and it put the old pep into his system and he is ready to sell Sanford in the real estate line.

The many friends of Harry B. Lewis, Jr., are glad to see him home for a month's vacation, the guest of his parents, Mr. and Mrs. H. B. Lewis. Harry is now identified with one of the largest department stores in Pittsburg, and is making good. His Sanford friends are rejoicing with Harry and his parents over the fact that he is making a mark for himself in big business.

Among the new Sanford citizens are Dr. and Mrs. J. C. Gibbs, of Crown Point, Indiana, who came down to visit their friends, the Lehman family, and fell in love with Sanford. They have purchased the Dodd home on Magnolia avenue, one of the prettiest bungalows in the city and will be down later to make Sanford their home. Dr. Gibbs is one of the prominent physicians in Crown Point, having practiced medicine for the past forty years and is now ready to retire and enjoy Sanford and Florida. We welcome these estimable people in our midst.

Mr. and Mrs. Ender Curlett, of Geneva, were in the city today on business.

W. W. Duke, of Arcadia, district commercial manager of the Western Union Telegraph Co., is in the city today on his regular tour of inspection. Mr. Duke is a genial gentleman who makes friends wherever he goes and the Western Union is fortunate in having such a man for this difficult position which he holds.

Mrs. D. I. Thrasher, Miss May Thrasher, Mr. and Mrs. Frank Woodruff and sons, are expected home today from Hendersonville, N. C., where they have been spending some time and their many friends will be glad to see them back home.

ADVERTISING THE CITY.

Every advertisement in the Daily Herald is an advertisement for the city. They show to the outside world that Sanford merchants are alive and that they believe in advertising and that they have real stores and live wires operating these stores. Among the daily advertisers who go another step forward in advertising the city and incidentally their own business, is S. M. Lloyd, of Lloyd's Shoe Store, who starts a series of advertisements today telling about the many advantages of Sanford. The accessibility of Sanford is the topic in the first advertisement and it opens up a trend of thought hardly touched as yet. It also shows that the Trade Extension trips have taught Mr. Lloyd and many of the other merchants something about our wonderful county and our wonderful city of Sanford.

Tests of electrically welded joints in a steel ship built in Sweden showed a tensile strength almost equal to that of the plates of steel themselves.

WHOLE FAMILY TERRORIZED

After brutally biting three members of a prominent South Florida family and endeavoring to make his escape through a window screen, an anopheles mosquito ran amuck with a barrage of torment and died instantly. The members bitten are all taking the malarial treatment and will likely recover. Torment gases mosquitoes; it strikes them dead the first inhalation of it. They cannot get in the range of its fumes and get away alive. Protect your home against mosquitoes by spraying Torment daily in your bed rooms. Sold by all merchants everywhere.—Adv.

Every hat in the house, balaluks, panamas and straws; all of them, as long as they last

Sanford, Fla.

QUITE CORRECT, BROTHER DOBSON.

The Star Advocate, published at Titusville, puts a whole volume of splendid good common sense into the following words:

In Florida two-paper towns will soon be a rarity, that is, among the smaller towns. DeLand is the latest to join the growing list of one-paper towns, the News and the Record having consolidated. Just as sensible to have two rival telephone lines in a small town as two newspapers.

The fixed policy of the News managers is to so conduct the business of publishing newspapers as to completely meet all reasonable demands for a local paper in DeLand and west Volusia county. The present force of news gatherers and writers is abundantly competent to cover the field in a very complete manner.

We have no enemies to punish, but our best endeavors will be put forth to render a service that will reward all who do anything by way of co-operating with us for the best good of the entire community.

We confidently believe that with reasonable co-operation of our people we can demonstrate to the satisfaction of all that one local paper can accomplish far more for the promotion of the best interests of DeLand and her people and the county that is naturally tributary to DeLand, than could be done by two local papers.—DeLand News.

B. & P. W. CLUB MEETING

The Business and Professional Women's Club will hold their regular monthly meeting on Tuesday evening, September 4th at 8 o'clock at the Woman's Club. The day is changed from Monday to Tuesday on account of Labor Day. All members are urged to be present as an interesting and amusing program has been arranged. Each member in attendance cover expenses. 136-41p

Post cards—local views—1c each at the Herald office.
