

Ed Levy Becomes Third FSL Pilot To Sign 1953 Pact

Ex-Sanford Skipper To Play For 'Is'; DeLand And Blues Both Await Fate

By KENT CHETLAIN
Slugging Ed Levy, former player-manager of both Sanford and Orlando and once the wartime first baseman of the New York Yankees, became the third Florida State League pilot to sign his contract for the 1953 season when the Daytona Beach Islanders, affiliated with the Cleveland Indians, announced the acquisition of the long ball hitting playing manager last Saturday night.

Levy, who piloted the Orlando Senators for the past two seasons, experienced a mid-season hitting slump last summer while he made a spectacular recovery to hit .334, the popular manager was released at the end of the season by John Gantzel, owner of the Orlando Senators.

Don Ford, well-known FSL receiver, was immediately named to replace Levy last September when the Islanders were announced. Ford hit over .300 last season and was the Sanford catcher in 1948 when Buddy Lake hurled the only 18-inning marathon victory in Deland.

Besides Ford at Orlando and Levy in Daytona Beach, Red Tredegar, ex-war-time New York Giant outfielder, was signed again for the coming year as the Jacksonville Beach skipper last November.

Palatka, Cocon, and Leeshurg have yet to announce their status. Callagers for 1953, however, Bill Steinecke may return to the Azaleas again this summer, if grapevine sources can be relied on. Meanwhile, the fate of DeLand

and Sanford entries hangs in the balance. The Seminole Blues have extended a 20-day purchase option to Webb Jones, which expires at midnight today. Jones, who hit .450 of the reported \$4,000 sale price on Nov. 20 of last year. He requested a 7-day extension because of a critical injury to Ray Shafer, ex-National League player, who is a partner of Jones in the proposed purchase of the Seminole Blues. Jones, who has been granted the extension and at this writing no further word had been received from Jones.

In Deland the future of the club depends on the success of the civic club's all-out drive to sell 300 season tickets. Joe DeHoy, owner of the club, who is planning to build a new stadium to replace the old one in Deland next summer. The City Commissioners have expressed willingness to build a prefabricated steel stadium, if the Deland club promises to play in Deland next summer.

At this evening's meeting of the Deland City Commission the final decision to approve a City-financed stadium for the Deland club is made. Failure to agree to construct the new park would dash any hopes for a Deland diamond entry in the FSL for 1953.

Returning to the FBI matter, serial PI 10-1-57, in brief, Levy's salary was not disclosed, but the lanky initial stake will ultimately be a playing pilot in 1953. Last summer Levy pounded out 13 homers to rank third in 1950, while playing for the Sanford Giants. He is expected to establish the all-time FSL mark.

Should Bob Cook, slugging Islander centerfielder, who hit .344 last year, return in 1953, then Daytona would have the best one-two home run punch in the FSL.

News has placed Levy either in Sanford or in Daytona Beach for next year, but the sudden decision last Saturday night to name Levy as Daytona skipper, ended all the previous speculation.

Chuck Workman Dies
KANSAS CITY (AP)—Charles Workman, who played in the National League through 1946, died Saturday.

Mixed Bowling League
The 1953 and 1954 mixed bowling league season is divided into two sessions. The first session will start on Monday, Jan. 12, and the second session will start on Monday, Feb. 9.

15-Year-Old Jones Leads County Scorers With 18-Point Average

Sanford's Clark Is Top Ranking Free Throw Artist And No. 2 Point Getter

Oviedo, long known as Seminole County's hotbed of basketball, has produced another phenomenon, Johnny Jones, the lanky 5-foot-2 1/2-pound son of Mr. and Mrs. J. H. Jones. All their youngster has done is set the opposition's curbs afire with his deft one-hand push shots and amazing ability for a sophomore of only 15-years of age.

In the first three games the Oviedo Lions have played, Jones has scored 54 points for a robust 18 points per game average to lead all Seminole County prep players. The youthful case sensation established a two-year county precedent by pouring in 28 points for Oviedo against a bewildered Clermont quintet.

Jones also leads the county prep hoopsters with 27 free-throw points in the terms of the fans, buckets. Sanford's only claim to fame at this stage of the infant case was when he scored 27 points in one game, the county's leading free throw artist with 12 and second in total points to Jones with 34.

In the total point department, there is a double Oviedo flavor with three of the top five scorers also all wear Lion uniforms.

THE TOP FIVE
G. F. Ft. Pp. Jones, Ov. 3 23 8 54
Clark, SAN. 3 12 3 34
Meech, Ov. 2 12 6 30
Shaw, Lym. 2 10 8 28
Foye, Ov. 2 10 2 22

Bill Meek of Oviedo is third with 20 points while Lyman's lone leader, Charlie Shaw is fourth with 20 points in only two games. The Sanford Herald's compilation of county players with a tremendous 18.0 average. Shaw of Lyman is second with a 11.0 mark while his teammate Hobby Driskill is third with 12 points in only one game. Sanford's pride and joy, Clark, is fourth with a 11.3 total for his three games.

Walter Duda of the Lions has an even 11.0 average for just one game before he was injured. Meek is the No. 3 scorer in the county, he is sixth in the total of average per contest with 10.0 points per game, Jimmy Newman of Lyman is seventh with 9.0 points per game. He is closely trailed by Norman Foye, 7.5 and Oviedo's Freshman flash Jim Wheaton, 6.7.

St. James Noses Out Lyman, 32-31
Shaw Hits For 18
ORLANDO (Special)—Despite an 11-point surge in the closing period, the St. James Panthers edged past the Lyman Greyhounds, 32-31, on a night of charity losses by Bob Taylor within 30 seconds of the final buzzer, here last Saturday night in the Armory.

It was sweet revenge for the Panthers who were badly beaten only last month by Jim Payne's Greyhound hoopsters who scored a decisive 42-32 triumph over the Panthers.

The longwinded five scored missed their high scoring forward Bobby Driskill, who was unable to play. Charlie Shaw provided the Greyhounds with their thrilling climax, scoring six of his 18 points in the game in the last period.

Shaw's prodigious swishing effort was the best for both teams and gave him the distinction of scoring the highest individual point total for a single game by a Lyman player this year.

Agganis Has Few Regrets As He Departs For Career In Baseball

By HENRIK CHANDLER
MOBILE, Ala. (AP)—A terrific farewell football performance in the Senior Bowl left Harry Agganis, Boston University's one-man game, with few regrets today about choosing baseball for a career.

The Golden Greek said he had brushed out the football ex-habit but chose with himself last November before he signed a contract with the Boston Red Sox. "I've always had a love for the football and I appreciate all the nice things everyone said about my playing," he said after he had led his North team to a 20-13 win over the South here Saturday.

"But I realized I couldn't do both. I made my choice when I decided to play baseball with the Red Sox, and I'm going to concentrate on trying to make good with Boston."

The 22-year old Agganis said, however, that if he found he couldn't make a success of baseball he'd turn to pro football. One man who no doubt would like to see Agganis go into pro football is Paul Brown of the Cleveland Browns who coached the North team. The Browns would have first crack at Agganis if he turned to the pigskin sport for a living, since he has been drafted by that team.

A hard hitting first baseman, Agganis gets his first chance to make good in baseball in March when he reports to the Red Sox camp at Sarasota, Fla. for a try-out. Boston University's aggressive quarterback came into the Senior Bowl with a buildup as one of the few quadruple threats in college football—he punts, passes, runs and plays on defense—and lived up to his reputation.

He passed for two touchdowns, ran, punted, intercepted two passes and batted two conversions, in one of the greatest one-man performances in any all-star game. Agganis' feats kept Chuck McManly, who was drafted by the New York Yankees, also playing the second straight all-star game.

Even the nation's No. 1 team in the weekly Associated Press poll, Kansas State, has been beaten. Michigan State turning the trick at 14-10. The team's No. 1 player in the weekly Associated Press poll, Kansas State, has been beaten. Michigan State turning the trick at 14-10. The team's No. 1 player in the weekly Associated Press poll, Kansas State, has been beaten.

Gordon Clark Sparks Seminole Quintet With 34 Total Points

By KENT CHETLAIN
That lanky senior cage refugee from the Blue Grass State of Kentucky, Gordon Clark, is still the nearest thing Seminole High School has to resemble a scoring threat as the anemic Sanford basketball records revealed today.

Clark, who began the season with the Feds in an unobtrusive manner getting eight markers against the highly touted Big Ten Edgewater Eagles in Orlando.

The unassuming transfer student, who might have added even more talies to his spree, if Coach John Scott hadn't called him out of the game early in the fourth period of a well deserved rest, actually tied last year's individual single game mark for a Seminole hoopsster with the 21 points against Edgewater.

Clark's effort tied a similar feat produced by Gerald Covington against New Smyrna in last year's FFC post season tourney. (Editor's note: The East Florida Conference has now disbanded the post season tourney.)

Clark's fame was short lived as the Fed's next encounter brought them to Daytona Beach where the Mainland Mainlins are the enemy. Clark and the Mainlins found that the "winless" Celery Feds could be completely mesmerized.

All in all the latest official records give Clark a complete if not altogether commanding individual scoring lead. The ex-Kentuckian has tallied 31 points on 11 buckets and 12 free throws, both high in the Sanford column. This total gives Clark the second place point total in the entire county.

Trailing behind Clark is the injured beleaguered Junior Motts with only 15 markers. Motts has

Sports Roundup
By GAYLE TALBOT
MELOUBOURNE, Australia (AP)—In appearance, John Landy, the young fellow who ran a 4:22 mile Sunday, is anything but the typical conception of an Australian, most of whom are pictured as being blond and raw-boned.

John is olive-complexioned and his mop of curly coal-black hair goes back from a high forehead. He is absolutely confident Landy can run the fabled four-minute mile the first day conditions are right.

He thinks his only problem is finding some means of making John extend himself to the limit. Obviously there's no other miler around who can do it. Another of Cerutti's pupils named Les Perry ran himself into exhaustion merely setting a fast pace in Saturday's race.

You could do worse than bet Landy will be the first athlete in history to run the four-minute mile. Any fan feeling skeptical we might have had about his phenomenal times—ran the mile in 4:02.12 Dec. 15—when we watched him in his latest effort.

It is more than probable that if the 22-year-old Melbourn University student had not been forced to back a stiff breeze on the final 150-yard straightaway, the "miracle" would be on its way to the record books now.

Landy himself isn't especially surprised or excited over having run the third fastest mile in his tory.

Vandy To Tackle Mighty LSU Five In Big SEC Game
Tennessee Clashes With Mississippi Quintet Tomorrow
By The Associated Press
Vanderbilt takes a shot at Louisiana State tonight and could bolster its prestige considerably with a victory over the Sugar Bowl basketball champions.

Bob Pettit and his LSU teammates have still are the favorites to replace suspended Kentucky as the SEC basketball champions. Pettit & Co. have won seven games with the lowering center averaging more than 27 points a game.

Vandy dropped a conference game to Tulane 78-53, but the Commodores were handicapped by the absence of their top scorer, Dan Finch.

Other scheduled games tonight have Alabama at Florida, winner of the Gator Bowl tournament, and Tennessee at Mississippi State.

Through last week, only three official SEC games—those which count in the standings—had been played, with LSU, Florida and Tulane beaten Auburn in an SEC battle, LSU at Mississippi State and Tulane at Mississippi State.

Most of last week's games were nonconference games Birmingham Southern meets Auburn, Friday night. Georgia plays host to one-bitten Auburn in an SEC battle, Tennessee entertains Davidson Saturday night, but the rest of the week's window affairs—Tulane at Georgia, LSU at Mississippi State and Tulane at Mississippi State—will be the most important.

Hoover Of FBI To Be Offered Post Of IBC President
NEW YORK (AP)—J. Edgar Hoover, director of the Federal Bureau of Investigation, will be offered a 10-year contract at about \$100,000 a year, as executive director of the International Boxing Club.

Nerry Markson, managing director of the IBC who made the announcement last night, said Jim Norris, head of the IBC, will make the offer to Hoover. The IBC controls boxing in most big cities in the country.

In Washington, the FBI said Hoover would have no comment on the offer.

"I don't know if Jim has contacted Hoover yet," said Markson, "but if he hasn't he will as soon as possible."

Markson said the matter had been discussed among himself, Norris and Truman Gibson, head of the Chicago branch of the IBC. Under the plan, Hoover would take over much of the work done by Norris.

Hal Boyle's Column By HAL BOYLE

NEW YORK (U.S.)—What this country needs is a good, cheap, two-bathroom home.

The two-car garage has become popular even with families with only one automobile, because, as a husband explained:

"It saves repair bills. My wife now has a 50-50 chance of hacking our bus out without losing either a fender or a garage door."

The two-bathroom home also has saved many marriages. It gives a man a 50-50 chance he can take a shower without having to back his way through a forest of his wife's personal laundry—stockings, slips and brassieres—all dangling damply from the bathroom fixtures.

The two-bathroom house and the two-car garage have made for safer, more peaceful living. The crying need now is for the two-bathroom home.

The reason is obvious. Just as wives used to (and still do) clutter up the single bathroom, husbands are now cluttering up the single kitchen.

A man's home has always been his castle, but until recent years his wife had the kitchen as a throne room wherein she reigned as absolute queen. No one was allowed to enter only on invitation—to help dry the dishes.

Then came a wave of men interested in cooking. At first they only toyed with salads or broiled steaks. But you know how men with hobbies are—they like to get to each other. Soon they were baking pies and stewing up fancy exotic recipes that would sicken a hungry goat.

Today some wives never really liked to cook still let the amateur chef be married to do the stove work. They eat his burnt offerings dutifully, and go on hoping for better times.

But a lot of housewives enjoy their kitchen chores, and would like to get their husbands back into the living room where they belong. Rebellion is growing among these ladies. At a recent gathering of the girls I overheard the following:

"Why does a man never really like to cook still let the amateur chef be married to do the stove work? They eat his burnt offerings dutifully, and go on hoping for better times."

"You should be married to my husband. He brought home enough stuff in last 30 years. He even wants to put it in the baby's formula—says it builds red blood."

"My husband tries to pour chlorophyll in the mashed potatoes. He thinks a colorful dish is more appetizing."

And a fourth wife said grimly:

"I finally put my foot down and told my husband I'd be wild either have to stay out of my kitchen or give me a divorce. And do you know what the stinker did? He asked me to give him a few days to decide."

But the male invasion of the kitchen has gone too far to be repelled by feminine force. In the future, it is easier to break a man of his habit than to cure him of the heavy taste of his own cooking.

No, the only answer is the two-kitchen home—one kitchen for mama to fry a pork chop in, the other where the man of the house can dream up his latest oriental delicacy, steamed gazelle, drowned in wine sauce, and served on a green trap leaf swimming in his own jelly. (Garlic added to the individual taste.)

The only problem in the future two-kitchen home will be how to divide up the new culinary equipment. But any husband worth his culinary salt ought to be generous enough to say:

"Okay, Mama, you can have a fur coat, but remember—I get the first electric dish washer for my kitchen."

Frank Knight, Jr. Is Home On Furlough

Sanford visitors over the holidays included Frank Knight, Jr., son of Mr. and Mrs. Frank Knight Sr. who live on Blackstone Avenue. Frank, who is taking his basic infantry training at Camp Rucker, Ala. has been in the Army only five weeks, and according to his wife, he is enjoying his training there.

"We have to walk a lot and when a man falls he is just picked up and thrown on a truck for transportation back to camp. We have to scrub our barracks every morning in addition to sweeping them out," reports Frank about his training at Camp Rucker.

The former Crooms Academy student and native born Sanford man spent several weeks at Fort Jackson, S. C. prior to his being stationed at Camp Rucker. He was employed by the W. D. B. Postle Co. when he was inducted into the army.

Declared to have been active in the Communist Party, Witkovich will be given a hearing by the Justice Department. If found guilty, he could be deported to Yugoslavia. (International Soundphoto)

Man And Bear Are Right Of Press To Be Believed To Have Report Municipal Fought Fatal Draw Meetings Argued

ANCHORAGE, Alaska—The story of what appeared to be a fight to the death between an Alaska trapper and a mauling black bear at a remote mountain cabin was slowly pieced together today.

A coroner's jury still has not ruled officially on what caused the death of Rudolph H. Gaiser, 39, the trapper, but new clues turned up at his wilderness cabin strengthened the theory of a man vs. bear battle that ended in a fatal draw.

Gaiser, whose mother and brother live at Chippewa Falls, Wis., was found dead in his blood-soaked bed late last month.

A bush pilot, Max Shellabarger of Skwentna, discovered Gaiser's body on a flight with supplies for the hermit trapper. He brought the body here.

Later, returning to board up the cabin 100 miles northwest of Anchorage, Shellabarger probed in the deep snow outside the door and uncovered the body of a bullet-riddled black bear.

U. S. Deputy Marshal T. A. Langford, who made an on-the-spot investigation yesterday, said he believed Gaiser was asleep in his cabin when the bear broke in.

The trapper then apparently threw a lantern at the intruder and jumped out of a window, fired a number of shots through the door and finally peeked in to see if the animal was dead.

The bear, in its death throes, is thought to have attacked Gaiser, killing him "fatally before it dropped. The trapper presumably crawled to his bed, where he died of wounds and exposure.

Olsen Is Injured In Auto-Truck Collision

GREENVILLE, Ill.—John S. Olsen, 69, member of the famous comedy team of Olsen and Johnson was injured in an auto-truck collision near Greenville late yesterday.

Olsen suffered a wrenched shoulder and leg and a cut on his head, but plans to open with his partners in their skating Vanities show at St. Louis tonight.

Illinois state police said Olsen's car, driven by a chauffeur, crashed into a milk transport truck after skidding about 100 feet.

SARASOTA

The City Commission has no right to bar reporters from its meetings and to do so violates provisions of the charter, attorney Paul Soder told commissioners Monday night.

Soder, representing the Sarasota Herald-Tribune and Sarasota Journal, said it was the duty of all newspapers to keep the public informed about acts and proceedings of their city officials in maintenance of "the public's right to know" what their government is doing.

The commission recently held "unpublished" meetings in which the press was barred and recently it scheduled a meeting to conduct a secret inquiry later this month into affairs of the police department.

Soder said the city charter provides that "all meetings of the city commission, and the committees thereof, shall be open to the public and the records thereof available to the public at all reasonable times."

David J. Lindsay Jr., editor of the two newspapers, also appeared and said the public has a right to attend meetings of the commission.

The matter was taken under advisement. The press and public was not barred from Monday night's meeting.

Homestead Slaving To Be Probed By FBI

MIAMI—Investigation of the Christmas slaying of a Negro by a Homestead policeman has been authorized by the Justice Department in Washington.

Robert W. Wall Jr., special agent in charge of the Miami FBI office, said the investigation was to determine whether civil rights statutes were violated when Officer Paul Minnick, 37, shot Emmett Jefferson, 36, after the Negro fled to escape arrest on a speeding charge.

A warrant signed by Peace Justice Vernon Turner charged Minnick with murder but a grand jury did not indict him and he was released.

It is estimated there are now 21 million bicyclists in the United States.

Rural Common Sense

By SPUDS JOHNSON
By SPUDS JOHNSON

More efficiency in farming operations will be the watchword of those Florida farmers who want to continue to make profits on their operations in 1953. The prices of things farmers buy have continued to go up, while income from things farmers sell has been leveling off or dropping slightly during the past few months. This squeeze is expected to continue into 1953.

Being more efficient is more easily said than done, too. Farmers already have increased their efficiency tremendously during the past few years. They have adopted labor-saving devices, they have planted better varieties of crops, and they have obtained better animals for their livestock herds. Combined with better fertilization and management practices, these things have boosted yields and incomes, while cutting down on expenses.

But now it seems that still further efforts at improving efficiency are required. Perhaps they will not be an impossibility for those who give the matter serious thought. Research is still helping farmers in their struggles, and widespread and rapid progress is being made in agricultural research.

Department of Agriculture officials say that milk production in the United States is now a record low, on a per-capita basis. They point out that average yield per cow in this country is 5,226 pounds a year. Yet there are more than a million cows in dairy herds and meat associations now producing an average of 9,000 pounds of milk a year. The fact that this large number of cows can produce higher yields hardly research is still helping farmers in their struggles, and widespread and rapid progress is being made in agricultural research.

Bolivia Announces Revolt Attempt Is Suppressed Today

LA PAZ, Bolivia—The Bolivian government announced today it had suppressed an attempt by military and right wing civilian forces to launch a revolution at dawn in this tin-rich country.

Bolivia's president is Victor Paz Estenssoro, who returned from exile last April to head the government after revolution toppled a military regime that had ruled for almost a year.

The government-operated radio station said the plotters had seized Nufio Chavez, minister of rural affairs, and Col. Miguel Ayllon, chief of the Army general staff. The radio said the underground group had also tried to seize Col. Armando Furtun, undersecretary of defense.

The radio said the plot was directed by these men:

- Col. Milton Delfin Cataldi of the Army general staff, Col. Claudio Lopez, Maj. Jose Carlos, Capt. Humberto Semperigui, Capt. Amado Prudencio, former cabinet minister.

Historic Ship Drops Nearer Final Doom

YARMOUTH, N. S.—The once-proud schooner City of New York yesterday toppled into 30 feet of white-capped water from the jagged ledge that claimed her last week.

Only the tops of her three masts poked above the spitting seas near this western Nova Scotia port.

The 251-ton schooner sailed to fame as the flagship of Admiral Richard E. Byrd during his Antarctic explorations.

Launched in Norway 68 years ago, her 40-inch bottom and 34-inch topsides made her the strongest wooden sailing vessel ever built.

Hugo Roberts and Luis Penaloza, head of the rightist wing of the National Revolutionary Movement (MNR).

The MNR is the president's own party.

Roberts was minister of propaganda in the first cabinet formed by the MNR after the April revolution which installed Paz Estenssoro as president. Last October the government nationalized the chief source of revenue for Bolivia—her tin mines.

PERSONALS

Mrs. Harry Hreem has returned to her home in Sanford from Daytona Beach where she spent the holidays as the guest of friends.

Mrs. E. S. Rocky and Miss Avis Stenstrom of Winter Haven were called to Zellwood last week because of the death of their brother I. W. Stenstrom.

Friends will be sorry to learn that Miss Jan Buegett is confined to the Fernand Laughton Memorial Hospital where she underwent an appendectomy.

Charles C. Clauser left Monday for the University of North Carolina after spending the past three weeks with his parents, Mr. and Mrs. W. C. Clauser.

Mr. and Mrs. A. S. Graundling and daughter Kathy have returned to their home in Columbus, S. C. after visiting Mrs. Graundling's aunt and uncle, Mr. and Mrs. W. C. Clauser.

Mr. and Mrs. James Chestnut Jr. visited in Sanford during the holidays with their parents. Mr. Chestnut's leave was extended due to the death of his wife's father, Mr. E. S. Chestnut. The Chestnuts and Mrs. Elsenhower left Friday for Sunbury, Pa. to spend some time before returning to Virginia Beach on Thursday.

Mr. and Mrs. Ernest Gatchell, Jr. and Mrs. Stewart Gatchell and children, Mr. and Mrs. David Gatchell and Mrs. Minnie Gatchell, recently visited Mr. and Mrs. Van Horn Campbell in Whitecourt on Sunday. Mrs. Campbell will be remembered as the former Ethel Stewart, first taught for several years in the Sanford primary school.

New Officers of First OES Meeting

New officers of Seminole Chapter No. 2, O. E. S. presided at the first meeting of the new year held on New Year's night at the Masonic hall. The meeting was conducted by Mrs. W. E. Raines, worthy patron, and J. H. Jones, worthy patron.

All officers including Mrs. J. P. Holtzclaw, associate patron, and J. P. Holtzclaw, associate patron, were at their respective stations with the exception of Mrs. E. C. Williams as chaplain, Mrs. Helen Leinhardt, organist and Gordon Linnhart, sentinel. Mrs. R. W. Turner, Mrs. C. C. Welch and Robert Williams substituted for their stations.

Mrs. A. K. Shoemaker, secretary and Mrs. I. F. Sheppard, treasurer, gave the financial report for the past year. Committees for the coming year were announced as follows: registration, Mrs. Lydia M. Linn, Mrs. R. W. Turner and Mrs. E. F. Crossland; visiting, Sanford, Mrs. J. P. Holtzclaw, Mrs. M. L. Tyre and Mrs. Effie Heuser; Ovisio, Mrs. Helen Leinhardt; Governor, Mrs. Augusta Billoway; Flowers, Mrs. Raines and Mrs. Linn; auditing, Mrs. W. E. Varn; Mrs. S. P. Dutton and Mrs. W. L. Sog; social center, Mrs. Joe Corley; OES magazine, Mrs. Edson Galt and Mrs. Virginia Rowley; program, Mrs. E. J. Roth and Mrs. C. C. Welch; publicity, Mrs. J. H. Jones and Mrs. Shoemaker; resolution, Mrs. Williams; Mrs. Murray J. Jay and Mrs. Maybelle Maxwell; Red Cross, Mrs. W. W. Warner.

Elected to the advisory board of the Rainbow girls were Mrs. Raines, Mrs. Tyre, Mrs. Van Horn Campbell, Mrs. P. H. Wyatt, Mrs. William Moyer, Gordon Linnhart and J. H. Jones.

An announcement was made that the next meeting on Jan. 12 would be obligation night and that J. H. Jones would be in charge of the refreshments and decorating committee. The committee will consist of Mrs. Robert Williams, Mr. and Mrs. Hasky Wright, Frank Linnhart, Mrs. Nettie J. Adlin, Mrs. Louise Rowley, Mrs. Gladys Malcolm and Mrs. Jones. During the meeting Mrs. Helen Leinhardt was installed as organist for the year.

Woman's Club Will Hear Mrs. T. J. Smart

The district director for District No. 7 of the Woman's Club, Mrs. T. J. Smart of Vermont, will be the guest speaker for the January general business meeting of the local group. The meeting is scheduled for tomorrow at 12:30 o'clock to begin with a luncheon. Mrs. O. P. Henson will sponsor the program and hostesses are Mrs. J. D. Fulton, chairman, Mrs. J. F. Corbett, Mrs. Clay Williams, Mrs. Alfred Staley, Mrs. Thomas Meese, Mrs. W. B. Nicholson, Mrs. Raymond H. Smith and Mrs. Eugene Williams.

GRAMMAR SCHOOL PTA

The meeting of the Grammar School Parent Teacher Association which had been scheduled for Jan. 5 has been postponed until Jan. 15. Mrs. D. B. Watkins, publicity chairman, announced today. Because of the death of Mrs. Gertrude Page, a 6th grade teacher.

Why You Should GIVE BLOOD NOW

Aside from the situation in Korea, the country faces additional blood needs. We have thousands of wounded in our military hospitals still waiting for a chance to live. Other thousands in our civilian hospitals need blood. In addition to these needs, there must be blood always available as an insurance against a national emergency.

So give blood—now! Remember, there is no substitute for this priceless, priceless gift.

Both onions and carrots are delicious when cooked and glazed. Serve cooked cabbage in a cream sauce that has been seasoned with Worcestershire.

by medication, to remove his fresh cold symptoms while still around the factory or office, is just up setting his own and his employer's appetite. Wait until you get home, I say, if you must absorb anti-inflammatories.

Later phases of colds seem custom-tailored for easing the conscience, too. There is the phlegm, the sneeze, the watery eyes, the nasal discharge and the disagreeable coughing, blowing and sneezing noises. At this point in the cold, the subject awakes in the morning, usually wondering anxiously if he is going to live through the day. The symptoms begin to mitigate a round mid-morning, but by that time the subject, his wife or his mother has already called the mill. It is my personal opinion that the subject to make the call himself, so that the boss can hear the frog voice and the boss coughs. This makes the employer happier, but he knows darned well no one is ever so sick with one that it is impossible to stagger to the telephone.

The common cold has other advantages. It usually seems when the subject is tired and needs a break to mend the traveled sleeve of carrying a living. It usually clears up enough in a couple of days to permit the subject to go back to work just when his boss gets bored or when his harassed family is on the verge of nervous collapse. And there are so many old wives' tales surrounding the treatment of the ailment, that he can indulge his family in food and drink to the hilt. Some take their sick leave administering to the cold liberally from the bottle; others get along with the cold in a cold and shake a fever' routine. Others just loiter and savor and receive lots of sympathetic attention. Still others shut themselves off in their room and enjoy some solitude, reading or music, if that's what they want.

So, I'm for the common cold. And I, like all other working stiff, in their right mind, will run the day when the research lab comes up with the wonder drug to banish it, forever.

Today's Women

Associated Press Fashion Editor

If you have difficulty visualizing yourself in the styles habitually pictured in fashion magazines, you may be one of the six-foot-one-inch, one-foot, don't despair.

There's a growing awareness in the garment industry that the majority of American women do not conform to the measurements of the "long-armed American beauty" as set forth by leading fashion models. Most of them, in fact, are strictly short-statured, yet decidedly wider across the beam than the conventional stang-bean mannikin.

All this is realized by designer Alan Phillips, who plans to produce a line of clothes that fit in an average department store. Mr. Phillips was moved by compassion, and also by a canny business sense to produce fashions correctly proportioned for this majority.

What is the sense, he asks himself, in manufacturing clothes for the minority, when the majority have to spend practically nothing for the majority?

His diminutive fashions, available throughout the country, are especially designed for the small woman, youthful in styling, right in proportions, they avoid excessive trimming, frills, frayed ornaments and lines which tend to cut her down.

Suits never have exaggerated collars or extra-full skirts. Collars and lapels are small and discreetly cut. Buttons are carefully chosen and are small.

Childhood Hints

By DAVID TAYLOR MARKE
AP Education Reporter

Nothing can be more reassuring to a youngster than the prospect of his first visit to a dentist. There is no doubt but that the parents need help to get over this first hurdle. And the one person who can give him that help is his parent.

A six-page pamphlet on this subject just has been published by New York University's College of Dentistry. It was prepared by the Parent Education Committee of the Rhode Island Society of Dentistry for Children in collaboration with Dr. Mary J. Therp, Dean of Barnard Elementary School, and child psychologist of Providence, R. I.

It advises parents in simple and plain language that Junior should be told what he can expect to happen to him while in the dentist's chair, the pamphlet says. At the same time, he should be told what will be expected of him.

In pointing these things out to him, Mother should stress that the dentist is a friend; speak of his kindness to her, and take the child with her to meet the dentist on her next visit. In this way he will become acquainted with the dentist before his treatment is begun.

Mother should point out, says the pamphlet, that dentist is not only a friend, kind and gentle, but that he is careful, helpful and often funny. These expressions help the proper mood for the visit: "Am I glad I went to the dentist today? My toothache is all gone!" "I felt a little something, but my dentist is careful and knows when to stop!" "The cavity is filled! Now I can enjoy eating!" "My dentist is certainly my good friend!"

By no means should mother suggest that the dentist can cut, burn, drill, knife or needle. She should avoid such expressions as: "I have an appointment with the dentist today, and how I dread it!" "Am I miserable? The bone had to be cut away?" "If you don't brush your teeth, they'll have to be filled, and that hurts!" "Oh, no, the dentist doesn't hurt!" says the pamphlet.

Once a date for Junior has been set, continues the pamphlet, keep it. Expect your child to cooperate. Do not offer bribes. Do not let your nervousness show. Have faith in both the child and the dentist.

And when the appointment is over, by all means praise Junior for his cooperation and reward him then for his good behavior. And when you speak of the visit to the dentist don't neglect to praise Junior for it. It will then be easier to return for treatment when your dentist recommends and to follow his advice when given.

These Women

By CYNTHIA LOWRY
AP Newfeatures Writer

It is frequently stated, with considerable emphasis, that medicine for all its recent advances has been unable to crack the common cold. And the doctor who views the common cold in a number of lights, the common cold is the working man's best friend, and if we didn't have it, we'd have to invent something else.

First and most important, there is no disguising a cold when it is ailing to run its course. The subject, if he is a man, will tell you he has a cold. If he is a woman, she will tell you she has a cold. If he is a man, she will tell you she has a cold. If he is a woman, she will tell you she has a cold.

At this point of the illness, the subject is presumed to be in a highly infectious condition. In any case, he certainly seems to be—and there is every economic, moral and social reason for him to live the premises of his employment. What makes the common cold particularly adaptable is that the subject feels wretched enough to leave work, and — he can do it with a free conscience, secure in the knowledge that his employer can be under no delusions that he is soliciting or faking.

With a plaster cast or an impressive bandage comparing with a fresh cold as a valid, comfortable excuse to take sick leave. There are many things more uncomfortable than a cold — sinus, acute indigestion and a sick headache, for example — but they don't show up so nicely.

All sorts of statistics have been gathered to show the number of sick-days lost annually by the common cold, but any sensible employer would rather accept cheerfully a couple of days' absence from one employee than allow the log to run rampant through a whole department. Therefore, I say, any employee who attempts,

Sanford Play To Be Given In Longwood

LONGWOOD (Special) Night of January 16, a thrilling suspense play produced by the newly formed Sanford Theater Guild, will be presented under the auspices of the Longwood Civic League Friday at 8:15 p. m. at Lyman School auditorium.

The presentation will be a benefit performance for the Civic League and the Public Library of Longwood, according to Mrs. Herbert Hunter, chairman for the League.

Many new alterations to the library building have been made throughout the summer. Mrs. Hunter explained, and it is "absolutely necessary to raise funds for the depleted treasury of this important unit."

The Public Library carries the public free of charge and there are about 1,500 volumes available. Mrs. Hunter said.

The Civic League of Longwood has been holding home demonstration meetings and many other groups to assist the building of the building.

Tickets are 75 cents for adult and 50 cents for students. Reservations may be made by calling Mr. Hunter at Winter Park 36-55.

The committee in charge is composed of Mrs. Hunter, chairman; Mrs. H. T. Mowbray, Mrs. John Raines and Mrs. LeRoy Thomas.

Tampa Beats Loyola In Overtime, 77-70

TAMPA (AP)—Chuck Jarczynski's one-hand pivot shot netted Tampa a 77-70 win over Loyola University of the South at the end of regulation play Monday night, and the Tampa team poured it on in overtime for a 77-70 basketball victory.

The New Orleans crowd had led 40-33 at halftime and 52-48 after three quarters.

George Montz' free throw and Don Harrod's driving layup set Tampa ahead in the overtime period and Loyola never could catch up. Montz finished in 24 points.

The appearance of the Syracuse football team in the Orange Bowl will mark the first post-season bowl contest for any Syracuse grid squad.

Cunkle Scores For 'Bama But U-F Wins

GAINESVILLE, Fla. (AP)—Florida's Curt Cunkle and Roy Roberts made a field goal for Alabama Monday night but the contribution wasn't enough to stave off Alabama's 99-84 defeat.

Cunkle also scored enough points for Florida-19 to make himself high point man for the night. Roberts made 11 for his own side.

Alabama got the unexpected assistance early in the basketball game when Cunkle and Roberts, trying to grab a rebound of a foul shot, collided beneath the foe's goal. The ball bounced off them and through the hoop.

Florida held a narrow lead over Alabama for the distance, accurate free throwing by Cunkle and Sonny Powell clinching the issue in the last two minutes.

Jerry Harper paced Alabama with 17 points.

DOG TRACK GAINS

MIAMI (AP)—Biscayne Kennel Club Monday night closed the first half of its 90-day meeting with heavy gains in both attendance and wagering. The second half begins April 10.

Attendance for the first 15 nights was 269,583, a gain of 29,978 over 239,605 for the corresponding period last year.

Betting was \$9,087,281, a gain of \$8,473 over the \$7,204,802 for the first 15 nights last season.

Edelman Climbs Up Middleweight Ladder

NEW YORK (AP)—Marvin Edelman, crack Philadelphia middleweight, was ready to continue his flight up the fistic ladder today.

Edelman rallied in the last three rounds last night to receive a unanimous 10-round decision over Charley (Red) Williams of Newark in a televised bout at Eastern Parkway Arena. It was his 20th victory in a row.

Following the bout, Matchmaker Teddy Bremer said he would attempt to pair Edelman with John J. Sullivan, England's up-and-coming 169-pounder, for an early February scrap at the Eastern Parkway.

The 22-year-old Philadelphia had to overcome an early lead built up by Williams, a veteran of 111 ring battles, to receive the nod of the officials. Referee Jack Watson and Judge Jim Crowley scored it 6-4 for Edelman while Judge Artie Schwartz had it 5-4-1.

DIXIE NETTERS BEGIN

TAMPA (AP)—Favorites in the 26th annual Dixie Tennis Tournament continue to meet local hopefuls today after easy victories in first round play Monday.

Gardner Mulloy, Miami, seeded No. 1, had a first round bye and won't open his campaign for his fifth Dixie title until Wednesday.

Don Sullivan, St. Petersburg, defeated Bill Benedict, Tampa, 6-1, 6-0.

Seeded players besides Mulloy getting first round byes were Calhoun Dickson, Tampa; and Alfredo Millet, Rollins College.

LAKE MARY
 By VIRGINIA P. ANDERSON

Mr. and Mrs. J. J. Matthews of Waycross, Ga., visited his mother, Mrs. D. C. Matthews and his brother-in-law and sister, Mr. and Mrs. L. C. Tillis over the week end.

POWER that Pur-r-s
 when the going gets tough!

NEW FORD TRACTOR

The reserve of power you want when the going suddenly gets tougher is here in this new Ford Tractor. Just take a look at its new Ford "Red Tiger" engine and you'll see why.

You'll see a new overhead valve engine, with big bore and short stroke that cuts the travel of each piston approximately 5 miles in a working day, reducing friction and helping to make possible greater power with new economy of gas and oil. You'll see an engine with big rotating exhaust valves, now lightning-fast governor and dozens of other examples of advanced engineering. Ignition is completely weatherproofed. All oil is normally filtered every time around. The whole engine is extra strong, extra rigid as well as extra powerful.

The more you know about tractor engines, the bigger kick you'll get out of looking over the one in the new Ford Tractor. The more you know about tractors, the better you'll realize that here is the most modern tractor on today's market. Come in today... look it over!

WEDNESDAY JAN. 7, 1953
TODAY'S BIBLE VERSE
God still has marvels undisclosed
as yet. The greatest is the trans-
formation of bad men into good
men. We can have a part in that
miracle. Before, all they were
will do marvels, such things have
not been done in all the earth, nor
in any nation. — Ex. 34:10.

A "preping Tom" was arrested
in Elkart, Ind. the other night. The
cad! "I just wanted to watch the
television," he told the police.

Florida's big banks have from
two to three times as much money
on deposit today as they had dur-
ing the height of the boom in 1925.

Florida has more old people in
proportion to youngsters than any
other state in the union, should
therefore be the most interested in
gerontology. Says you!

As almost the last official act of
his administration Mayor Stemp
issues an appeal for the March of
Dimes. As mayor he is expected to
issue appeals for all worthy causes,
preside at all dedicatory exercises,
officially welcome all visiting dig-
nitaries, by all ceremonies, and
generally place himself in the line
of fire when the brickbats and dead
cats start flying. He is generally
credited with all the responsibility
for running the City but he has no
more authority than any other com-
missioner. It is a tough job. And
so as he steps down after a year in
office we congratulate Mayor Stemp
on a job well done, and extend
to the new mayor, Randall Chase,
our best wishes for a successful ad-
ministration and our sympathetic
understanding for all the problems
involved.

It is too bad we cannot tell the
whole story in the headline, for the
benefit of those newspaper readers
who read only the headlines. If
that were possible more people
would feel the significance of Gen-
eral Ridgway's remarks on the in-
adequacy of NATO combat troops
in Europe. "As a general rule," he
said, "the casualty rate will vary
with the training level in inverse
ratio: the higher the level of train-
ing the lower the casualty rate. It
is always the least trained troops
which are the first lost in battle."
That is worth thinking about by
those who are against preparedness.

American women may soon be
smoking pipes, and not the corncob
variety either. The Tariff Commis-
sion reports that despite tariff walls
running up to 76 percent of the
value and designed to conserve the
American pipe market for Ameri-
can producers of pipe, foreign
pipes are being sold in this country
at prices American producers can-
not afford to meet. The only way
to save the skins of the American
manufacturers is to raise the tariffs
even higher, or else increase the
demand for pipes. This is where
American women come in. If every
American woman would become a
pipe smoker, there would actually
be a scarcity of pipes and a big
boom would result in the pipe in-
dustry. What a great opportunity
for women! And this is no pipe
dream either.

There will be no more graft,
shakedown or extortion in the
State Beverage Department, says
the State Beverage Director, Sam
Davis, as if graft, shakedown and
extortion were an established in-
stitution in that department. There
is a growing conviction indeed,
that it has been. The feeling exists
that laws are not made to be en-
forced but rather to provide special
privileges for those who know the
right people, and are willing to pay
the certain exemptions. Democratic
reformers cannot long survive on
the basis. Either there must be re-
form by law and order, or lawless-
ness will increase until the rule of
the strongest law must take its
course. It should be the obligation
of all public officials, but of
all Americans to see that re-
form by law is required.

The March Of Dimes

Despite the tremendous progress which has been made
by medical science in combatting almost every disease known
to mankind, 1952 was the worst polio year on record. Some
55,000 persons, most of them children, were stricken by this
dread disease which so often leaves its victims crippled,
even when they survive.

And yet, even in the case of polio, last year's experi-
ence was not all gloom. The disclosure that gamma globin,
a blood fraction, is effective in providing temporary immu-
nity in some cases is certainly encouraging and may yet
prove the ray of hope which the entire medical profession
has been seeking.

Not only was this work financed by the March of Dimes
which is held in January of each year, but future tests al-
ready being planned and further experiments in this direc-
tion can only be continued if the March of Dimes this month
is supported generously by the public. More than 50,000
children in epidemic areas participated in last summer's
tests with tremendously satisfactory results.

And more than \$28,000,000 was spent by the National
Foundation for Infantile Paralysis for the victims of polio
last year. Over two thousand iron lungs were shipped to
various stricken areas all over the country. Hundreds of hot-
pack machines, rocking beds, braces, crutches, wheel chairs,
and other paraphernalia needed in this most expensive of
diseases were provided.

Altogether aid was provided for 50,000 persons, 46,000
of whom were carry-over cases from previous years. Almost
no one can afford to bear the full expense of infantile para-
lysis alone and unaided. Wherever polio strikes, the costs
of its treatment and cure become almost immediately unen-
durable. The only hope lies with the Infantile Paralysis
Foundation.

The March of Dimes will be made this month. The con-
tribution boxes will be found in public places everywhere.
Do not wait to be solicited. Make your contribution today.

Chance For The GOP

The 83d Congress, with a Republican majority in both
houses, has convened. On Jan. 20 when Dwight D. Eisen-
hower is inaugurated the country will have its first Republi-
can administration since that of Herbert Hoover.

The Republicans in power face an especially difficult
task. As the majority party the responsibility for all the
important decisions will rest with them. In its long years out
of office the Republican Party pointed to what it called ex-
travagance and inefficiency in the administrations of Presi-
dents Roosevelt and Truman. It promised that when it came
to power corrections would be made, spending reduced and
taxes lowered.

Intelligent voters know that the most sincere effort to
make changes in the way the country is administered will
take time. They also know that to some extent world condi-
tions will dictate the amount of money that must be spent
and the amount of taxes which must be collected, regardless
of the attempts of leaders to bring about economies.

In 1932 when the Democrats came to power they, too,
faced grave problems. The manner in which they met the
crisis was open to criticism and there are many who object
to what was done. But through five presidential elections
the people gave their approval. This approval was registered
not so much because everything that was done was wise or
perfect but because the Democratic program promised ac-
tion. The Republicans now have the same opportunity. Un-
der the leadership of an extremely popular and able man
there is much reason to hope for a period of continuing im-
provement.

Ban The Bible?

It was bound to come. The growing attempts at censor-
ship have encouraged the spread of the idea. The latest and
most startling example is that of the Michigan state senator
who wishes to ban the sale of the new translation of the
Bible. He dislikes the changes it has made in the text, and
believes them "devil-inspired," perhaps also Communist-in-
spired.

Whatever books might have been expected to be threat-
ened by censorship, no one, however imaginative, would have
looked to find the number. It merely goes to prove that attacks on the freedom of expressing unpopu-
lar ideas soon become attacks on any and all differences of
opinion or expression.

Farmers Market

(Continued From Page One)
shel baskets, \$20.57.37.
Increases in the price of cab-
bage, according to Mr. Anderson,
were noted as follows: December,
1951, \$3.70 average per 50-pound
bag and \$4.05 per 50-pound crate,
and in December, 1952, \$1.02 aver-
age per bag and \$1.25 average per
crate.
Peppers were averaging \$13.50
per bushel basket, in 1951 and
\$4.41 last month; cucumbers, \$9.00
in 1951 and \$4.16 last month, and
tomatoes, \$7.11 in 1951 and \$6.50
last month. A rise from \$2.68 to
\$4.47 per bushel hamper was noted
in beans and \$2.55 to \$2.61 in or-
anges.
Mr. Anderson said the demand
was plentiful but that the prices
were lower and disclosed there has
been a 500-acre increase in cab-
bage production in Florida alone.

Minister And Wife Killed In Collision

DE FUNIAK SPRINGS (AP) — A
Dade City, Fla., minister and his
wife were killed today in the colli-
sion of their car and a large oil
transport truck near here.
The victims were the Rev. and
Mrs. Leroy Franklin Edwards.
Their two children, whose names
were not learned immediately,
were injured and were taken to a
De Funiak Springs hospital.
Investigating officers said the
transport had turned off Highway
90 in an apparent effort to turn
around, and the automobile driven
by the Rev. Edwards rammed into
the rear end. The top of the Ed-
wards' car was sheared off.
An inquest was being held this
morning.

THE WORLD TODAY

By JAMES MARLOW

WASHINGTON (AP) — The fight
of the 19 Democratic and Republi-
can senators to make it easier
to smash Southern Democrats' fil-
lusters against civil rights bills
was pretty well foredoomed.

They want the Senate, here at
the start of its 1953 business, to
adopt all the old rules under which
it has been operating except one:
The one which makes it practically
impossible to stop a filibuster.

Only an optimist could have be-
lieved they'd win. About the most
they can achieve, it seems, is to
call the country's attention once
more to the fact that under the
present Senate rule filibusters are
just about unbreakable.

An examination of the rule which
is causing all the argument will
show that if the effort of the 19
senators fails, there's not much
reason to expect a change in the
rule during this Congress.

Under the rule, any time a sen-
ator makes a motion to bring up
a bill which the Southerners don't
like, they can filibuster against it.
All other Senate business stops
during a filibuster.

In this way the Southerners can
tie the Senate in knots indefinitely
since the rule says a filibuster
can't be stopped except by a vote
of 67 — a constitutional two-thirds
of all 96 senators. There's not much
chance of getting such a vote.

Therefore the rule makes the
Senators' ability to block civil
rights legislation almost iron clad.
But couldn't the Senate, which
adopted this rule in the first place,
change it at any time?

Changing the rule would be even
harder than getting those 67 votes
necessary to break a filibuster and
— this was also the work of the
senators — a constitutional two-thirds
of all 96 of the 96 senators could
stop a filibuster against a motion
to bring up a bill, there's no ma-
chineery at all in the rules for
breaking a filibuster which the
Southerners would start any time
they tried to change the rule.

Budget Slashes

WASHINGTON (AP) — The
budget for which federal match-
money can be obtained. He said
it would save \$100,000 a year.

He recommended that his staff
of four assistant engineers be cut
in half with John H. Slade and
William A. Kraizer to be retired.
Both are eligible for retirement.

Scott Reynolds, now assistant in-
charge of plans, would relieve John
Daniels as engineer in charge of
plans. Daniels would be released
because of "poor physical condi-
tion."

Assistant Engineer J. A. Mc
Callum would be re-employed and
take over the work done by both
Kraizer and Slade. Administra-
tive Assistant Wilbur Overstreet
would take over Reynolds' plan-
ning duties in addition to his own.
Richey Green, now engineer in
charge of urban projects at Jack-
sonville, would replace Wesley A.
Sweet as division engineer at De
Land. Sweet would become Green's
assistant.

The Board appointed Stephen C.
O'Connell, Ft. Lauderdale, its at-
torney at the outset of its first
meeting.

AWOL Figures Given For Southeast Area Polio Goal Set For Dimes March

ATLANTA (AP) — Only about 2.5 per-
cent of the soldiers in the seven-
state Southeastern area were re-
ported AWOL last year, and fewer
than 1.5 per cent of Army per-
sonnel in Georgia made AWOL lists
from July through November, 1952.

Third Army headquarters here
released the figures yesterday after
the Louisville (Ky.) Times printed
a story saying the AWOL and
desertion rate had reached "alarm-
ing" numbers.

Third Army headquarters said
5,505 names went into the record
book in its area last year as Army
deserters. Figures on AWOLs from
Army installations in Georgia
showed a rate of 14.9 per 1,000
men for the five-month period, and
for the entire Third Army area
the rate was 21.54 per thousand
in 1952.

Col. Glenn E. Fant, Third
Army public information officer,
said he did not have available at
this time a breakdown on the num-
ber of deserters on record in each
state. Alabama, Florida, Georgia,
Mississippi, Tennessee, North Caro-
lina and South Carolina are in the
Third Army area.

Fant said: "Actually, the AWOL
figures for the Third Army are
relatively good."

City Commission

(Continued From Page One)
requested one day's parking meter
receipts from the City. City At-
torney A. E. Shihobler ruled that
such action would be illegal.

However, the Commission au-
thorized the placing of a sticker
on each meter requesting contribu-
tions, and allowed that all dimes
in parking meters would go for
the campaign. Dimes do not regis-
ter four on parking meters, but
will drop into the coin boxes.

Installation of eight one-hour
parking meters was authorized on
Dand Avenue, upon the recom-
mendation of City Manager Tom
Lemon and Police Chief Roy Wil-
liams. The proposal to install
even two-hour parking meters on
Commercial Avenue, between Park
and Hood Avenues, was referred
to the Traffic Committee for rec-
ommendation.

The Commission, in other ac-
tions,
Authorized payment of fees for
special garbage collection outside
the city on a quarter basis, in ad-
vance.
Delegated the Florida State
Bank and the Sanford Atlantic
National Bank as depositories for
the City.

During the forepart of the meet-
ing, letters of commendation were
read from the State Board of
Health, concerning action taken by
the City in procuring improved
water and sewerage systems, and
from the Tourist Club, referring
to the Tourist Festival.

If you aren't using a whole park-
age of dried fruit, put the remain-
der in a tightly covered container
in your refrigerator.

Truman

(Continued From Page One)

The President submitted no leg-
islative recommendations, saying
he would not infringe upon Eisen-
hower's right to chart the country's
course after his inauguration Jan.
20. He reviewed the progress of his
"Fair Deal" and said it has served
the nation well.

Truman spoke confidently of the
future. While the nation has its
resources, its industry, its skills,
its vigor and its democratic faith,
he said, "the ultimate advantage"
in the struggle with the Soviet
"lies with us, not with the Com-
munist."

"But there are some things that
could shift the advantage to their
side," he said. "One of the things
that could defeat us is fear—fear
of the task we face, fear of adjust-
ing to it, fear that breeds more
fear, sapping our faith, corroding
our liberties, turning citizen against
citizen, ally against ally."

He did not name any names as
he continued:
"Already the danger signals have
gone up. Already the corrosive
process has begun. And every
diminution of our tolerance, each
new act of enforced conformity,
each time someone is denied the
freedom of expression, each demon-
stration of hysteria — each new
restrictive law — is one more sign
that we can lose the battle against
them."

"We must renew our confidence
in one another, our tolerance, our
sense of being neighbors, fellow
citizens. We must take our stand
on the Bill of Rights. The Inquisi-
tion, the star chamber, have no
place in a free society."

Reamed by radio throughout the
world, Truman's message to all
mankind that this country — be-
cause of Russia's refusal to agree
to a formula guaranteeing the end
of atomic weapons — is
being hurled forward in atomic
discoveries toward "yet unforesee-
able peaks of destructive power."

"We have developed atomic
weapons with many times the ex-
plosive force of the early models,"
he said, "and we have produced
them in substantial quantities."

He continued:
"The war of the future would be
one in which man could ex-
tinguish millions of lives at one
blow, demolish the great cities of
the world, wipe out the cultural
achievements of the past — and
destroy the very structure of a
civilization that has been slowly
and painfully built up through
hundreds of generations."

"Such a war is not a possible
policy for rational men. We know
this, but we dare not assume that
others would not yield to the tempta-
tion of a quick gain. The tempta-
tion of a quick gain is now placing
its hands on us."

"With that in mind, there is
something I would say, in Stalin's
hour. Let us stand firm in the
policy that one stage in the de-
velopment of Communist society
would be war between your world
and ours. But Lenin was a pre-
atomic man, who viewed society
and history with pre-atomic eyes.
Something profound has happened
since he wrote. War has changed
its shape and its dimension. It can-

Weather

Tallahassee	70	50	

not now be a 'stage' in the devel-
opment of anything save ruin for
your regime and your homeland."
Truman said he is returning
"most gladly" his place as a pri-
vate citizen and he spoke of the
"friendly and understanding col-
laboration" he has had from Eisen-
hower and his associates in work-
ing for an orderly changeover of
administrations.

"The President-elect," Truman
declared, "is about to take up the
greatest burdens, the most com-
pelling responsibilities, given to
any man. And I, with you and all
Americans, wish for him all possi-
ble success in undertaking the
tasks that will soon be his."

As for his administration, Tru-
man said:
"At the very least, a total war
has been averted, each day up in
this hour. And at the most we
may already have succeeded in
establishing conditions which can
keep that kind of war from hap-
pening, for as far ahead as man
can see."

Truman said it was the first
Russian atomic explosion of 1949
that sparked the expanded Ameri-
can mobilization program. "We
had to endeavor to keep our lead
in atomic weapons," he said, "strengthen
the armed forces and enlarge produc-
tive capacity, he said.

Blues In The News
By BOB ANTHONY

Friday will mark the end of the holiday leave period aboard the station and thoughts are being given to the approaching Administrative Inspection which will be held at NAAS on Jan. 21. The inspecting party, made up of high ranking officers from the Headquarters, Sixth Naval District in Charleston, S. C. and the Headquarters of the Naval Air Bases in Jacksonville, will arrive here to make the inspection of all NAAS Departments. There have been many changes and many improvements aboard the station since the last Administrative Inspection and each department is already preparing to be in top "ship-shape" condition for the big event two weeks from today.

James A. Durden, Metalsmith third class, checked aboard the station yesterday after completing a tour of sea duty. He has been assigned to the Security Department. Choosing the Navy as his career, Jim recently "shippled over" for another six year hitch. His home town is Dublin, Ga.

Those of you who remember Thomas N. Fleetwood, Parachute Rigging second class, will be happy to know he is back in Sanford again. Tom was stationed here in Sanford as a member of Fighter Squadron 32 but he went to Cecil Field when his squadron was transferred there last October. Now Tom has reported back to Sanford with permanent transfer orders from VF-2 to NAAS. He and his wife Nola are residing at 1702 1/2 Park Ave. He is originally from Seymour, Ind. It's good to have you back with us Tom and Nola.

Now that the holidays are over and everyone is back to living a comparatively normal life, many men are realizing that the Services Wide Competitive Examinations are not far off. The first exam this year will be for advancement to Petty Officer on Feb. 6. Then will come the exams for third class, second class and first class which will be held on Feb. 10, 17, and 24 respectively. If you haven't checked out the books you will need for study purposes you had better do it right away. It's later than you think!

If there is such an award as "The Surprise of the Year" I think George Powell deserves it. George announced recently that he was planning to buy a new car although he had not decided which make or model. After seeing him driving around in his 1947 Packard his friends began wondering which of the big cars he would finally choose. The surprise came when George drove in work in his brand new All-State. It may be smaller than some cars, but George seems mighty proud of it.

Ken Jones, Yeoman third class, is back to duty with the Station Personnel Office after completing a six week course in Public Information at the Armed Forces Information School in Ft. Belvoir, N. Y. He finished the course December 18 and then went to his home in Lancaster, Pa. for leave over Christmas and New Year's before reporting back to Sanford for duty. Ken says he's glad to be back with his friends in Sanford although he did have a wonderful time at school and at home.

Legal Notices

THE STATE OF FLORIDA
HENRIETTA COLLEN PATTERSON, Respondent
vs.
ROBERT L. PATTERSON, Petitioner

A sworn complaint having been filed against you in the Circuit Court in and for Seminole County, Florida, by ROBERT L. PATTERSON, which is captioned "ROBERT L. PATTERSON vs. HENRIETTA COLLEN PATTERSON, Respondent", these presents are to command you to appear and file your written defense here, in or before the 6th day of February, A. D. 1953, or otherwise Decree Pro Confesso will be entered against you.

The Sanford Herald is designated as newspaper of general circulation in which this citation shall be published once each week for four consecutive weeks.

WITNESSES my hand and official seal on the 6th day of January, A. D. 1953.

JOHN L. LEONARD
 Clerk of the Circuit Court
 Seminole County, Florida

(ORAL)
 Mack N. Cleveland, Jr.
 Attorney for Plaintiff
 P. O. Box 220
 Sanford, Florida

CRASH-LANDS PLANE
MIAMI — Master Sgt. C. T. Nickell, 30, crash-landed his burning Marine jet fighter plane after an aerial explosion Tuesday and escaped with first and second degree burns.

Nickell said there was an explosion in the cockpit as he headed in for a landing at Ops-Locks. Unable to get the canopy open, he was almost overcome by smoke as he fought to get the plane down.

KIND BURGLAR

MIAMI — A burglar pointed a gun at James Gatlin and gave him a choice of handing over his money or being shot in the brain. Being down to his last buck, Gatlin decided his brains were the most valuable and handed over the wallet.

"Take it back," said the burglar after peering into the wallet and noting a single bill. "I won't take a working man's dollar."

Legal Notice

STATE OF FLORIDA, vs. **JOHN W. B. BROWN**, Plaintiff vs. **Residence and address unknown**.

You are hereby notified that Ada Brock, has filed suit for divorce against you in the Circuit Court for Seminole County, Florida, and you are hereby required to file personally or by attorney, with the Clerk of said Court your written defense, if any, to the bill of complaint filed in said cause by the 15th day of January, A. D. 1953. Failure to do so or judgment will be rendered against you by default.

Witness my hand and the seal of said Court at Sanford, Seminole County, Florida, this 16th day of December 1953.

JOHN L. LEONARD, Clerk.
Woodruff Perkins, Judge
 Attorney for Plaintiff

Liz Taylor Gives Birth To Daughter

SANTA MONICA, Calif. — Elizabeth Taylor of the movies gave birth to her first child, a boy, last night.

The 7-pound 3-ounce baby was delivered by Caesarian section. The 20-year-old actress and her son were reported "doing fine." Her husband is English actor Michael Wilding, 39.

FARM TAXES

WINTER PARK (Special) — Farmers will pay a record high of \$775 million in farm real estate taxes this year according to the Florida Farm Bureau.

The Bureau says this figure represents a 5.4% boost over last year; and that New Mexico pays the lowest farm tax and Massachusetts the highest.

LONG DISTANCE CALLS
Go Through FASTER

When You CALL BY NUMBER

Give the operator the out-of-town telephone number whenever you can. Then she doesn't have to call "Information" in the distant city, and your call goes through faster.

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY

"I'M THE ROOF DOCTOR!"

If your house has these symptoms...
 — Dripping attic
 — Wet spots on attic floor
 — Stains in ceilings and walls

here's my prescription...
 If a new roof is called for, I'll be prepared to act fast. I'll put my best men on the job. They'll work quickly, neatly, without mess or inconvenience to you. They'll use the finest materials money can buy—famous Barrett's Asphalt Shingles—made by the same 95-year-old company that supplies roofing materials for America's most famous buildings. The cost will be modest. Pay it in small monthly installments, if you prefer.

Only don't wait. The "health" of your house is involved. Call me in today.

YOU'RE TELLING ME!
 By WILLIAM RITT
 Central Press Writer

A CURRENT STORY is that President-elect Eisenhower became so adept at playing poker that he gave up the game. True or not, he still stands as high with millions of Americans.

That of the average actress. Maybe not where it's hot and new, but where it's hot and new, she's just average.

A poet calls the boxing of bats the "the music of the birds." And their favorite tune is "I should Have Sweet Home."

European breeders have produced a turkey which is no larger than a chicken. That's certainly a fowl development.

With 16 changes of government since the war, the average Frenchman must liken the procession of premiers to watching a merry-go-round. They go by so fast you can hardly tell 'em apart!

HETTIE BAILEY

HURRY! THEY'RE COMING TO INSPECT!

I CAN'T GET MY FOOT CLOTTED!

LET'S ALL HELP!

LET'S HELP YOU PEETLE!

LET'S HELP YOU PEETLE!

LET'S HELP YOU PEETLE!

ETTA KETT By Paul Robinson

WELL, DON'T JUST STAND THERE! AREN'T YOU GOING TO STOP THE FIGHT?

NO.

HI, LIZ, YOU MISSED THE FUN!

WHAT HAPPENED?

HA! HA! HA!

WELL, IF YOU'RE LOOKING FOR ETTA— SHE'S GONE— CHARLIE? WHAT HAPPENED?

Handicapped Oviedo Quintet Defeats Boone JVs, 38-35

Limping Duda Paces Lion Attack With 13 Points; McCall, Wheaton Both Ill

By KENT CHITLAIN
ORLANDO (Special)—Oviedo's injury and illness riddled varsity cage team staged a brilliant 15-point comeback in the final period to topple the highly-touted Boone High School junior varsity quintet, 38-35, here last night.

The thrilling cage struggle was climaxed in the final minutes when Oviedo's giant 6-foot-4 Junior forward Harvey Joe Shlayton fouled out only to give way to Bobby Shafer, who made a crucial free throw putting the Lions ahead.

The Walter Duda, returning to the lineup after nearly a month's rest caused by an ankle injury, led the Lion triumph with a big 13-point splurge.

Johnny Jones, Oviedo's highly regarded sophomore forward and leading Seminole County prep cage scorer, was second high for the Lions with 10 points despite a badly scalped arm, which had to be bandaged. Important on the left one-handed shooting outfit.

Playing without the services of two other stars, Freddie Wheaton and Warren "Mac" McCall, ex-Seminole High School star last year, the Lions opened the game slowly, falling three points behind at the end of the initial period and nine points in the rest at the half-time intermission.

Sparked by the rebounding of Shlayton and Duda, Oviedo scored 11 markers in the third stanza while holding the high scoring Boone JVs to seven to narrow the Orlando lead to a 28-23 margin.

Despite the burned arm, Jones began hitting with Duda and Billy Meek before Shafer put the Lions ahead with his timely free throw. McCracken paced the Boone scorers with 15 tallies, high for both teams.

Norman Foye, flashy senior guard for the Lions, played with a heavy cold and was limited to one point.

Local Photo Squad Takes 4-2 Record Into SHS Contest Against Chevron

The VJ-62 Photographic Squad met at the Sanford Naval Auxiliary Air Station to play the highly-touted Chevron quintet of the Boone High School in Key West at the Seminole High School gymnasium tomorrow night in a free-will benefit game for the March of Dimes polo drive at 7:30 p.m.

The VJ-62 has recently leading the Orlando commercial cage loop with a scorching 4-0 record. The photographers play again this evening in Orlando.

The high flying Chevrons of Key West will bring to the SHS encounter an impressive first place record in the service team circuit of South Florida. The Chevrons' leadership is particularly outstanding since it leads the league made of over 30 teams.

VJ-62 has swept through the Orlando league undefeated by scoring triumphs over (from top to bottom): Sanford NAAS, 61-29; and the Winter Park All-Stars, 41-32. The latter victory was scored only last Monday evening.

The two lone defeats for the local photographers have been at the hands of collegial quintets. The mighty Johnson JV heavily nosed out VJ-62 21-17 in the final minutes of the clash in Deland last month.

Playing their first game in the SHS gym, VJ-62 almost upset the strong Tallies variety, 69-67. Only a one-handed switcher on the part of Connie Mark Butler in the final 10 seconds saved the Tars from a tie and possible loss.

This thrilling game is the only contest VJ-62 has played in Sanford. There will be no admission charge to tomorrow evening's game but a free will offering will be taken by the workers of the Seminole County chapter of the National Foundation for Infantile Paralysis.

All money collected will go to the County's March of Dimes drive, to coach Ed Hayes Wood of VJ-62 has extended a cordial welcome to all local fans for this clash.

The other Co-coach, Enis James Olson, predicted a good game for tomorrow night. "Our boys are in good shape and we know this court," he commented. "Chevron has a good team from all the resorts we have, and it really should be an exciting game, just as our clash with Rollins was."

Augusta Club Will Hold Name Contest

AUGUSTA, Ga. (AP)—Here's a chance to help name a baseball team.

President Jack Cannon of Augusta said yesterday the Fall League club here will no longer be called the "Tigers," and that a fan contest, to end Jan. 15, would help select a new moniker.

It's part of a campaign to make a "clean start" at Augusta, following the disastrous 1952 season when the cellar-dwelling club won only 38 games and lost 110 to set a new league record for futility. The Augusta club was known as the Tourists when the South Atlantic league was organized and later changed to Tigers in honor of Ty Cobb, who started his professional baseball career as a member of that team. The more orthodox spelling has been used since 1936.

Warren "Mac" McCall... former star Seminole High School forward now playing with Oviedo, was fouled last night because of a bad cold. McCall, who played regular forward for last year's SHS team, moved to Oviedo this summer and has been working into Lion coach Paul Miller's plans.

EdgewaterSwamps Seabreeze, 78-48; Joyner Scores 29

ORLANDO (Special)—The once mighty Seabreeze High School quintet of Daytona Beach fell for the second straight time to the Edgewater Eagles, 78-48, here last night.

Don Joyner, star Eagle forward who was held to only 13 points by the Seminole last month, went on a scoring spurge spearheading Edgewater with 20 points for the victors, or more than the entire Sand Crab output of 18 tallies.

Hurt was victim by the Celery Field last month for only nine points. Bob Richards was the high point man for Seabreeze with 19. The 500 fans were literally amazed with the red-hot Joyner, who established the credit for 13 points in the final stanza.

Charlie Shaw Paces Lyman High Quintet With 28 Total Points

LONGWOOD (Special)—Lyman High School's basketball championship aspirations in the Central Florida Conference depend on the scoring ability of Charlie Shaw and Bobby Driskill.

Official scoring averages for two of the first three Greyhound drills show Shaw is setting a torrid 11-point game average, second best in Seminole County, with 28 markers in two contests to pace Coach Jim Payne's Lyman eagles.

While having played only one game, Bobby Driskill is the Greyhound's second best performer on the basis of average points per game with 12 points for his lone encounter. Actually, Jimmy Newman is the second high scorer on the Longwood quintet with 15 points, but this total was amassed in the course of two games with St. James.

The Sanford Herald's compilation of Lyman cage records does not include the first game with Apopka which the Greyhounds lost, 45-28.

Payne's Hoopla bounced back after the defeat to Apopka to drub St. James of Orlando by a decisive 42-32 margin. However, after the holidays, St. James took revenge by narrowly edging

out Lyman in the last 30 seconds by a 32-31 count. Both games with St. James were CFC contests, thus given the Paymen an even 1-1 record in conference play.

In the individual scoring categories, Shaw shows the way in both field goals, 10, and free throws, 8, though Newman is a close second at the charity line with seven free tosses.

Mulloy To Play In Dixie Tennis Meet

TAMPA (Special)—Gardner Mulloy, the No. 1 U. S. tennis player, makes his first appearance in the 26th annual Dixie Tournament today but spectators won't see too much.

His opponent, Nelson Mason, a fair Tampa neter, isn't expected to force the Miami veteran to open up at all.

All other seeded players have been in action in the first two days of the meet without being extended.

Tuesday results included: Hal Burrows, Charlotte, Va. topped Jerry Bryant, St. Petersburg, 6-1, 6-2.

Bill Davis, Knoxville, Tenn. defeated Wayne Van Voorbees, Palm Beach, 6-4, 6-1.

Dan Sullivan, St. Petersburg won from Jim Berry, Bradenton, 6-4, 6-2.

Only seeded women who played Tuesday were Thelma Long, Australia, and Laura Lou Kinnen, Clearwater.

DeLand Cagers Fall To Mainland, 64-31

DELAND (Special)—The classy Mainland Mainlanders, who defeated Seminole High School last month by a 57-21 margin, came here last night and administered a brutal 64-31 shellacking to the hometown Deland Bulldogs.

Bill Brown and Bob Davis were the individual scoring guns for the winners scoring 16 and 14 points, respectively. Bob Taylor and Joe Hill paced the feeble Deland attack with just eight markers apiece.

Player	FG	FT	Points
Mainland	25	2	64
DeLand	10	3	31

GAVILAN TO FIGHT

TAMPA (Special)—Welterweight Champion Kid Gavilan will fight Aman Peck, popular Negro, in a 10-round main event here Jan. 13. Promoter Al Garcia says.

Have you tried the first truly balanced car in the low-priced field?

new '53 Plymouth

1 Balanced Vision With 16% more glass area, you get all-around, close-in vision. New one piece windshield is more uniformly curved so you get an undistorted view of the road. Constant-action electric windshield wipers.

2 Balanced Ride New truly balanced suspension controls roll, pitch, and bounce... thus levels the road three ways... and gives you the softest, steadiest, most restful ride you've ever experienced!

3 Balanced Styling Here's a new way of balancing smart exterior styling with more space inside! The new '53 Plymouth is sleeker, yet offers more head room. In sedans there's 8 inches more leg room for rear seat passengers.

4 Balanced Braking Where other low-priced cars have but one hydraulic cylinder in each front brake, Plymouth has two—to give you balanced control, the exact amount of stopping power you want and expect.

5 Balanced Power The stepped-up 100-horsepower Plymouth engine—with new, higher compression ratio of 7.5 to 1—results in balance on cushions of five rubber... to give you smooth, quiet operation and long car life.

6 Balanced Steering Plymouth's shock-proof steering is better than ever because of the new suspension system and true balance of the car. You drive relaxed with your car under perfect control.

7 Balanced Budget, Too Your pocketbook benefits from the greater quality engineered into the Plymouth. You get longer, trouble-free service, day-after-day dependability with lower maintenance cost.
