A BUNCH OF INTERESTING ITEMS FROM CORRESPONDENTS—EVENTS OF SEMINOLE COUNTY—EFFICIENT REPORTERS COVER TERRITORY FOR HERALD

GENEVA ITEMS

Mr. W. A. Whitcomb returned to his home last week but expects to return to Geneva shortly.

Mrs. Skinner, Mrs. Roushe and Miss Stevick, guests of Mrs. M. E. Doolley for ten days returned to their home in Bloomington, Ill., last week.

Friends of Mr. H. Baker and Mr. D. D. Doane are glad to know they are much improved after several weeks' struggle with the grippe.

Mrs. T. D. Peters, accompanied by her little granddaughter, Ruby is spending some time with her daughter, Mrs. Oscar Nicholson in Daytona Beach.

Mr. and Mrs. J. H. McLane of New Jersey, who have been spending several months camping on Lake Harney left last Thursday for Jacksonville where they will take the boat home. This is Mr. McLane's fifth winter in our sunny clime and says he hopes to spend many more among us. These good people made many friends while here, all of whom will be glad to welcome them back.

Mr. and Mrs. Brokaw returned to their home in Illinois last week, after a pleasant visit to their daughter, Mrs. Bradley in her new home in Geneva.

Mrs. Mathis and children of Eau-Gallie are visiting Mrs. Jennie Prevatt.

Mr. and Mrs. Geo. Geiger are entertaining a new baby boy at their house.

Mr. Ed. Fletcher is visiting his relatives, Mr. and Mrs. J. H. Huddleston.

Mrs. Ira Starlin of New Smyrna visited her parents, Mr. and Mrs. Frank Jones last week.

Mr. T. W. Geiger made a business trip to Titusville last Monday.

Mr. and Mrs. Charlie Adams and young daughter of New York, who are spending some time at Enterprise were guests of the Geneva House recently; also visiting their brother and sister, Mr. and Mrs. D. W. Adams on Buck Lake.

Rev. Stones of Oviedo filled his regular appointment, at the Baptist church Sunday, remaining as a guest of friends until Tuesday.

Dr. Puleston was called to see Mrs. Williams who was taken suddenly and seriously ill at the home of her daughter, Mrs. Charlie Harrison last week. Mrs. Williams is improving now.

Edwin Raulerson went as a delegate from this camp to the state convention of the W. O. W. at Lakeland this week.

Mr. Eldrick of New York, who has been a guest of the Geneva House for several months returned home last Thursday.

On last Sunday morning at the home of the bride Miss Pearl Kilbee and Mr. Yarbro of New Smyrna were united in marriage by Rev.

Wm. Stones of Oviedo. Mrs. Yarbro is the eldest daughter of Mr. Ed. Kilbee of Geneva, and by her bright, happy disposition made friends with every acquaintance, all of whom wish her much joy and happiness in her new life and home. The bridegroom is a young man of pleasing appearance and is engaged in the turpentine business. The happy pair left for Jacksonville where they will visit, going later to New Smyrna, where they will in future reside and where the good wishes of many friends will follow them.

Last Sunday was the day for the annual election of all officers of the Baptist church. The church under the pastorate of Rev. Wm. Stones of Oviedo is sailing so pleasantly and smoothly that few changes were made and these for other reasons than dissatisfaction. Mr. W. D. Ballard was added to the board of deacons, making three deacons instead of two; Mrs. Claud Patterson will have charge of the entertaining of the pastor instead of Mrs. Vicks, a change of organist also, Mrs. C. A. Raulerson, by her own request, was not re-elected. Miss Thusa Tarbel was unanimously elected to fill the vacancy. So much does the church appreciate Mrs. Raulerson's services that a committee was appointed to draft these resolutions:

"Whereas, Mrs. C. A. Raulerson, by her own request was not re-elected organist of the Baptist church be it resolved; 1st, That the church regrets the necessity of her retiring; 2nd, That we extend to her our heartfelt thanks and gratitude for her faithful services for the past two years. 3rd, That a copy of these resolutions be put upon our minutes and a copy be handed Mrs. Raulerson.

Mrs. Claud Patterson, Mrs. C. W. Culpepper, Mrs. David Speer, Committee.

On Monday evening the Baptists visited the Raulerson home. "Zulu," giving them a surprise party which proved an evening of enjoyment for everyone present.

LAKE MARY ITEMS

Mr. Herbert Seely of Geneva, N. Y., was guest of Miss Jennie Morey Tuesday.

Mr. Richard Carter made Sanford a call Tuesday.

Miss Helen Iserman, accompanied by Camila Durant made a business call to Sanford Saturday. Mr. and Mrs. String returned Saturday from a pleasant trip to St. Petersburg and other places.

Mr. Hudis Harvey left Wednesday morning for his home in Columbia, Ky. Mr. Harvey came here four months ago in poor health, hoping that a few months here would improve his condition and he

was not disappointed, for he has gained steadily since coming here. He has nothing but good to say of Florida's climate and hospitable people.

The latest happening here is a parcel post package, sent out here by Dr. Robeson to Mr. and Mrs. J. G. Martin, and to their surprise it happened to be an eight pound Sonny, and he is highly helped up with his new boarding house.

The church services here last Sunday will be long remembered by the people here. Rev. R. W. Edwards came down from Jacksonville Saturday to assist Dr. Moroy in the organization of a Presbyterian church. Twenty-four members were received.

PAOLA POINTS

"Echo Lodge" was the scene of one of the most successful entertainments of the season, when Mr. and Mrs. Cleveland gave a "tucky" party on the evening of March 4th.

Everybody with all their friends and relatives were there, and the costumes worn were both clever and laughable. The "Hans" and "Gretchen" of Mr. and Mrs. Cleveland would be hard to beat, especially the added avoidance of Hans and Gretchen's freckles.

SEEDS

We carry all the leading varieties of Farm, Field and Garden Seed that have been tested and known to be adapted to this soil and climate. We can fill your order immediately for new crop of all varieties of SEED BEANS, SEED POTATOES, ENGLISH PEAS, CUCUMBER, TOMATO, PEPPER SEED, ETC.

picnic party spent the day at the Buchanan place. We hear of still another picnic on Wednesday. Place and people not known, however.

It has been a little cool for a day or two this week, but the weather is fine anyway and everybody is rejoicing over the sunshine and the evidences of spring to be seen on every side.

MOORE'S STATION

Rev. Mickey, accompanied by his wife and daughters were here Sunday. Mr. Mickey preached an interesting sermon.

Rev. A. S. Peck from town will fill his appointment here the 14th, it is expected. All are welcome.

Moore's Station Sunday school pupils are preparing an Easter Sunday song service. Miss Mildred Chorpensing has the work under her care.

Rev. and Mrs. Birch and Mrs. Sparline, who have been spending the winter at Cameron City are leaving soon for Illinois City, Ill.

Mr. and Mrs. J. B. Taylor of Kansas City, Mo., are spending some time in Sanford. This is Mr. Taylor's second visit here this season. He is associated with O. E. Walker in farming out here.

Miss Nellie Long, the thirteen year old Beck Hammock girl who won the first prize of \$15.00 at the spelling contest at the Orlando Fair, competing against some forty odd spellers is a pupil of the Sanford Grammar School.

Mrs. D. L. Long entertained at dinner on Wednesday for her daughter, Miss Mary's birthday.

Light frosts were reported the first three mornings this week. No damage done, however.

There have been a great many home seekers and tourists investigating the celery delta recently and rumors of considerable land being sold. Mr. and Mrs. Briden of Chicago have bought through B. A. Howard the 10 acres formerly owned by Guy Ellsworth in Cameron City. Five acres is improved and five cleared. Groory Satoris, a newcomer from the north has bought the five acres of improved land on Miller avenue, formerly owned by D. R. Moss. J. F. McCalland made the sale. H. R. Stevens and A. Moses have bought ten acres of improved land on Beardall avenue, formerly owned by Messrs. Beale & Benjamin and have it planted to a fine crop of lima beans.

Joe Cameron was in the southern part of the state on business recently.

Daniel Long of Richmond avenue has been having great luck fishing recently. A guest of Mr. and Mrs. Edgar Brown from Indiana was fishing in company with Mr. Long recently and captured a 28 pound channel catfish. One catch of fish with hook and line weighed over one hundred pounds.

Mrs. Blanche Maudie, Miss Elizabeth Hunter of South Sanford avenue and Mrs. Thomas Dunlap from town were all day guests of Mrs. Howard's.

WEST SIDE ITEMS

Lee Weaver, Jr. arrived home March 2nd, after having spent four and a half months in Jacksonville in St. Luke's Hospital where his arm was operated on for osteitis. He is expected to be in health through the spring.

Mrs. D. Brandt expects to leave in a few weeks for Long Island.

Charley Rabun paid the home folks a pleasant visit Sunday, returning to Fort Reed Sunday afternoon.

S. I. Canada from New Smyrna was a pleasant visitor at the home of Mrs. J. L. Walker Tuesday.

Mrs. Rabun is up but not well after having the gripe and dengue fever for several weeks.

AMONG THE CHURCHES

A RESUME GIVEN EACH WEEK OF THE SUNDAY SERMONS

BY ELMER E. ROGERS

The unerring theme of Dr. Pratt was: "The Mission of the Christian Church in Modern Society." Text, Eph. 4: 11-15.

In these graphic words Paul tells us what, in his judgment is the mission of the CHURCH. It is, he informs us, to make perfect men and women, and to make these men and women perfect according to a peculiar pattern, i. e., the life of Jesus Christ. Anything else, he assures us, the CHURCH can do, will avail nothing as AN AGENCY in the Kingdom of God, if it fails in this one inclusive work.

In pursuing our CHURCH duties in this busy world in which we are living, and especially in the midst of these peculiar and perplexing problems of our modern society, we are constantly facing the danger of putting first things in secondary place, and those things which result belong to secondary place in the forefront of our plan of living. The first duty as workers in our Christian churches is not NECESSARILY in solving social and economic problems or engaging in CHARITABLE and PHILANTHROPIC enterprises, but in making men and women PERFECT according to the PATTERN of LIFE revealed in Christ Jesus. This and this alone, as His church workers, is the one mission to which we are called.

That this is so is seen clearly when we consider that the test of usefulness of every organization is in its effect upon the character of the individual, for the organization, though a cooperative institution, exists for the individual and not the individual for the organization. For instance, in America we believe in Democracy, because we believe that Democracy makes for a higher class. Democracy makes for a higher citizenship. In Democracy we claim that these favors and rights which were once supposed to belong to a few men of divine right belong to all the people. If however, the time should come when it would be observed that another form of government based upon another system economically, was better adapted to the making of a finer citizenship, then in spite of all our national history, our present form of Democracy would go down and another and better government, based upon a better economic system would necessarily take its place, for the test of all government, in the last analysis is the elements in and of it making for citizenship. This is also the test of the CHURCH. In vain we re-write our ritual creed, engage in philanthropic or mission enterprises if the church fails in the work of making a PERFECT MAN and WOMEN according to the PATTERN revealed in Christ Jesus, then the CHURCH fails utterly, for though the CHURCH is a collective body of Christians it exists for the individual and not the individual for the church.

Conversely also it is true that we cannot have a good organization, a good society or a good state unless we first have good men and women. Now the one organization which in all its work in the Sunday school and other agencies of activity is engaged in making perfect men and women in accordance with the PATTERN, Jesus Christ and the life of Jesus is the Christian Church. Upon the success of the Church's work rests the final solution of all social, industrial and ethical questions which confront and perplex us in this modern world. It is therefore a great work. This is what the Sunday school and the organizations of the Church are for, that through these agencies Christian men and women may give themselves to the work of making boys and girls, young men and maidens, old men and women perfect according to the PATTERN of life revealed in the inner life and spirit of Jesus Christ.

This is what the Bible is for; this is what the story of the life of Jesus, in the gospels is for; this is why the Acts of the Apostles to which we as Christian men and women are called.

This is also what the Sabbath is for. It is that we as Christian men and women may have sufficient time and opportunity for this great work. This is also what the church service is for. It is that we may come directly under the influence of the presence of God in His sanctuary of worship, that the work of His grace may be renewed in us, that we may become more like Christ.

Of course this work which perchance begins in the Church and its agencies is by no means confined there. Christian merchants, lawyers, physicians and artisans, Christian women, mothers and teachers are to continue and to put into practice this work in all oneness of vocational life and home. This work is also to be taken up into the life of the altruist, the philanthropist and carried on to its completion.

Ultimately this work will succeed in establishing God's Kingdom on this earth. A Kingdom of PERFECT men and women according to the PATTERN of life in Christ Jesus.

With the Bible as our guide and with the LIFE of JESUS as our PATTERN we, Sunday school teachers, church officers, and Christian workers are in our places, in the church for this purpose of making

boys and girls, men and women perfect, able to meet temptation as Christ met temptation in the wilderness, to brave the angry crowd as He did in Nazareth, to FACE WRONG IN HIGH PLACES as He did in the temple in Jerusalem, to help, to bless, to forgive, and to DIE, if necessary, ending our life in APPARENT FAILURE for the sake of justice, the sake of righteousness and the establishment of God's Kingdom here on earth as it is in heaven.

It is the kind of a revival that we need here in Florida, not a revival of singing for the mere sake of singing, praying for the mere sake of praying, listening to our own effusion of words, or spends itself in an emotion for the sake of a new experience but a genuine revival of TRUE Christian religion which will enable us as mere Christian men and women to SEE and FEEL Christ in ALL the FULLNESS of His life, and to realize through a true understanding the mission of the CHURCH in the world. Yet this revival will not come until our hearts are filled with the very love of God revealed to us in the PASSION the all consuming PURPOSE and DEATH of Christ.

Scared the Scare. Through a moving day accident little Tim had been left all day in a locked and lonely house. "Weren't you scared?" he was asked, when his absence from the reunited family had been discovered and his rescue effected. "Didn't it frighten you to stay there so long all alone?" "I was awfully scared at first" was Tim's naive confession, "but this afternoon I was just sort of sleepy. I guess I got so scared this morning that it scared the scare right out of my bones!"

Sanford has again adopted the once abandoned dollar mark as the initial letter of \$bery.—Orlando Citizen.

The Palm Beach Post cries out in agony, "Would Senator Fletcher bride the press?" to which we reply that he certainly would if possible.

Pulling that so-called gambling place in Palm Beach was probably instigated by some sore head who wanted to get even with some other fellow in his home town.

President Bob Holly promises "Business before pleasure" at the state editorial meet at Miami.

Mi-a-mee, Robert, don't you know they'll lay for us?—Orlando Citizen.

The Sanford Herald last Friday told of an ordinance that had just been advanced in the city council which proposes to pave Magnolia avenue with vitrified brick.

Seminole county may issue more good roads bonds and add considerably to her mileage of brick paved roadways.

Perhaps no convention of the state could be of as much value to Miami, speaking merely from the standpoint of advertising, as the Florida State Press Association.

Senator Fletcher failed to get the ship purchase and the rural credit bills through, but he made a game fight for both.—Orlando Reporter-Star.

There is a notable increase in Florida in the number of county fairs that are being held and will be held this year.

The most important point in favor of Mr. Goldstein's bill is that it provides home rule for cities. The legislature has no more right to say how

There is an inspiration in this for St. Johns county. A well managed fair, properly planned for ahead and thrown open to the public in a dignified manner commensurate with the importance of St. Johns county will be of inestimable value.

Commenting upon the anti-newspaper speech of Senator Fletcher, the Sanford Herald—and by the way the Sanford Herald was one of Mr. Fletcher's ardent supporters says: "Senator Fletcher is also ranting about the newspapers and wanting them muzzled and also men in public life from time to time are trying to curtail the power of the press.

The firm of D. A. Caldwell & Sons of this city sent out circulars this week announcing to the trade that after the tenth the business would be placed upon a cash basis.

Talk of commission form of government for Sanford is again agitating the people and it is almost certain that at the session of the legislature the bill will be passed granting the city of Sanford the right to have the commission form.

At the next session of the Florida legislature Representative Goldstein, of Nassau county will introduce a bill providing that cities may chance their charters at any time, without appeal to the legislature.

Every time the legislature meets there are scores of applications from small towns for charters, and nearly every other town in the state wants its charter amended.

the government of cities should be conducted than any other one hundred men selected from the various counties of the state.

There can be no doubt that it would be to the best interests of cities to have the power to change their charters at any time the people desire a change, without waiting two years for the legislature to meet.

Representative Goldstein introduced his "home rule" bill at the 1911 session of the legislature but it was not passed.

Good Money in Strawberries
But the Lure of the Celery is Too Strong for the Growers of Sanford

There is no crop that can be raised in Florida that will not do well on the sub-irrigated lands of the Sanford section.

Some growers here have tried berries for the markets and have made good on them, only to gradually drift back to celery and lettuce crops that promise such big returns as to dazzle the eyes of the growers to the exclusion of everything else in the vegetable and fruit line.

The years come and go and each winter and spring the newspapers from less favored localities boast of big things done in strawberries while Lucky Sanford, content with her achievements neglects this most inviting business.

Think of it, a strawberry season six months long. The late Thomas M. Emerson, president of the A. C. L. R. B., told the writer that with these conditions Sanford ought to ship more carloads of strawberries than of celery and lettuce combined.

"VELE" THAT CAUSES DEATH
Mysterious Instrument Used by the Superstitious Natives of Solomon Islands.

One of the most extraordinary practices among the natives of Guadalcanar, in the Solomon Islands, says Joseph Heighinton in the Wide World, is the use of what is known as the "vele," which is supposed to have the power of causing death to the person against whom it is employed.

FOOTBALLERS ADVISED TO EAT LOTS OF SUGAR

SAYS HE IS HIS BROTHER

Tacoma, Wash.—Discharged Monday from the Pierce County hospital, where for months he had been unable to remember his own name, Edward C. Cooper went to Seattle with his wife, who had just discovered his presence in Tacoma. The next day he disappeared again. When he next came to official notice he was at the Tacoma city jail, representing himself as the Rev. Ernest A. Cooper, who had come from Africa to help find his missing brother, Edward. Instead of the dingy brown suit he had worn as the "man of mystery," he had donned a long frock coat with silk lapels, black rimmed spectacles, fancy vest and broad clerical hat. He had the police bring out the picture taken of the strange wanderer arrested on Tacoma avenue last March. He declared this unkempt, whiskered person was his brother Edward. He seemed much disappointed when informed the unknown had left the county hospital, but declared he would keep up the search. The unknown was in a daze when found by the police last March wandering aimlessly on Tacoma streets. He was sent to the county hospital. It was Cooper's wife in Seattle who revealed his plural identity or insanity. She said he is now obsessed with the idea that he is his own brother, treats his wife as a sister-in-law and talks religion to her as if he were actually a preacher.

Promoting Prosperity

In various parts of the country "build now" and other movements have been started to boom business. It is of course difficult to persuade people to alter individual plans to help on a general movement; but still there are many cases where people could promote their own interests as well as set money in circulation in this way.

Contractors would build a house today cheaper, in all probability than they would a year from now. Repair jobs would in some cases be cheaper, and in any event vexatious delays could be saved by anticipating one's wants.

Most people let buildings go too long without necessary renovation. Money saved by economizing in house paint may not really be saved by any means. The impression gets abroad that a house is run down, and if one wants to sell he finds that it has acquired a poor reputation. Paint preserves building material.

Farmers in particular are often very slack. They let their building grow unnecessarily weather beaten, actually increasing future repair bills besides giving a general impression that they are unprogressive. Storekeepers do not realize keenly enough the advantage of an attractive interior. They need to do over walls and ceilings frequently; they give an impression of untidiness that hurts trade. No man can prosper in business without keeping up the appearance of his location.

If every householder, every merchant and every farmer would look over his buildings critically, and spend at once the money that ought to be laid out, and which he could afford, for the good of the property and his business, a big step would be taken before restoring full prosperity.—Gainesville Sun.

grounds. Along this line the ladies of the city are very active and flowers and shrubs and trees are being planted in every part of the city. Now is the time of the year to plant the beautiful shrubs that are an advertisement for the state in the winter months. Other cities are active with their streets and parks and the following from the Tampa Times is worth noting:

This is the time of year to cut back poinsettias and hibiscus shrubs and the cuttings should be saved and given to others so that the distribution of these handsome shrubs may be as wide as possible throughout the city. Poinsettias especially should be cut back annually and if the cuttings are properly distributed there will be thousands more plants in the city next winter than there were this winter, a consummation that is greatly to be desired.

Expert poinsettia culturalists advise that the pruning be close so that there may be thousands of cuttings available for distribution—enough, in fact to put every vacant lot, flower garden or yard in the city under poinsettias.

Pruning is advised because it strengthens the stock and enables it to bear more thrifty, vigorous growth, which consequently is greener and brings a redder flower. Because the poinsettia bloom just at the season of the year when flowers are most desirable in the city the plant is highly prized here. After being in bloom all winter, the mature wood should be taken out to make room for the growth of the summer, that will in turn be the adornment of the city in the season of next winter.

These prunings will grow by merely sticking them in the ground and keeping them moist.

To Remove Paint.

Equal parts of ammonia and turpentine will take paint out of clothing, no matter how hard or dry it is. Saturate spots two or three times, then wash in warm soap suds.

For a City Beautiful

Sanford is gradually waking up to the possibilities of the city as a resort and the residents are taking more interest in their yards and

Woodmen's State Convention Lakeland, March 12.—Two sessions of the Woodmen of the World were devoted to the election of officers for the ensuing two years, the following having been elected: J. S. Blitch, Monthbrook, head counsel. Y. N. Watson, Quincy, head adviser. Chas. K. Sage, Ocala, head banker. J. A. Quinness, Lake City, head clerk. W. S. Irvin, Lakeland, head escort. C. W. Johns, Jennings, head watchman. A. V. Castello, Ybor City, head sentry. Head managers: C. N. Horn, Grand Ridge, chairman; H. R. Beers, St. Petersburg; W. J. Roebuck, Lake City; J. W. Prince, Jacksonville; J. B. Brooks.

Delegates to sovereign camp at St. Paul, Minn.: J. F. Dorman, Tallahassee; Hal W. Adams, Mayo; P. L. Kollo, Altapates; L. B. Sparkman, Tampa; B. J. Hamrick, George F. Cook, Miami. Live Oak was selected as the next place of meeting. The following committees have been named to serve for the coming year: Credentials, C. M. Horns, P. S. Anderson, C. K. Sage. Mileage and per diem: W. J. Rode Mileage and per diem: W. J. Roebuck, L. M. Rhode, J. W. Simmons. Resolutions: J. F. Forman, W. W. Anderson, George F. Cook. Memorials: H. R. Beers, E. E. Cline, O. C. VanBrunt. Fraternal Greetings: J. W. Prentiss, J. W. Burns, W. H. M. Boehning. Press: P. V. Leavengood, Dr. R. A. Lowry, G. P. Lamb. Beginning at 7 o'clock Wednesday night the session was first devoted to drill work by the Circle teams of Jacksonville, Tampa and Lakeland, the captains of each being Mrs. Pearl Fielding, Jacksonville; Mrs. Mary E. Henry, Tampa, and Mrs. Mrs. Lillian Pamplin, Lakeland. One of the pleasant features of this great convention is the presence of so many splendid women, representing the Circles of Florida, and they added a charm to the sessions which nothing else could equal. They are intelligent, dolly of women and are as good woodchoppers as any of the men.

Brotherhood Meeting The Brotherhood class of the Presbyterian church had a fine meeting in the Manse on Tuesday night and it was definitely decided to have a chicken pillau and general good time on Tuesday night, March 23rd. The Brotherhood is most enthusiastic over the starting of the new church and having pledged \$1000 to the project are taking up a collection at each meeting the first of every month to start the fund. Entertainments will also be given and various ways and means devised to help the building fund. The money is available as soon as it is needed to apply on the new church. The big time promised for the 23rd will bring a large crowd together and the class is anticipating a fine meeting at which friends of the movement will be invited to participate and many new members will be enrolled.

The Brotherhood class of the Presbyterian church of this city has gained a state wide reputation for the large membership and the good work accomplished and new members are being added every week. Anyone wishing to join will be made welcome and the monthly meetings and the Bible lectures each Sunday morning by the teacher, Hon. D. L. Thrasher are most interesting and serve to keep up the interest in the class. Strangers in the city are especially invited to attend class every Sunday morning at the Imperial Theatre.

Dr. J. D. Sibert Coming

Dr. J. D. Sibert of Miami, the presiding elder of the Methodist church in this district of Florida will make his first official visit to Sanford this week and will preach at the Star Theatre next Sabbath at both morning and evening services. Dr. Sibert is accredited as being a preacher of great ability. The members and friends of the local Methodist church and their friends are cordially invited to meet Dr. Sibert next Sunday at 11 and at 7:30 o'clock. The Brotherhood class are expected to attend in a body. This class now numbers 86. Meet with them on Sunday morning and catch some of their spirit which has made the class what it is.

Certain-teed ROOFING GUARANTEED Why should you take less than 15 years service when you buy roofing, when you know you can get 15 years guaranteed service when you buy

Certain-teed Roofing Quality Cert-ified Durability Guaran-teeed It means the best protection for your buildings. You can test roofing until the cows come home—by every known means—twist it, pull it, tear it, bite it—and when you get through you'll know just as much about how long it will wear as when you started. Even a roofing expert can't tell by any test how long roofing will last. The only true test is on the roof. When a manufacturer has the faith in his product to stand behind it with a 15-year guarantee, backed by the responsibility of his three big roofing mills—there's the kind of dependable product we are looking for to sell to our customers. When in need of Building Materials, Lumber of all kinds, Stock Mouldings, Mill-work, etc., remember that we handle quality goods and our prices are right. HILL HARDWARE & LUMBER COMPANY

ARE QUICK TO HEAL

MODERN BULLETS MORE HUMANE THAN THOSE OF THE PAST.

Soldiers Are Not Long Absent From the Front, Even When They Would Be Considered Quite Seriously Injured.

The bullet covered with hard nickel now in use makes the surgeon's task very simple as a rule. Formerly when large bullets of soft lead were used, the soldier's lot was not a very happy one.

The result was slow-healing, festering wounds which kept the soldier ill for a long time. The modern long, slender bullet generally passes through the body without doing any vital injury.

When he is tired and half starving, however, the shock is very great, and he may become utterly helpless from a slight wound. A curious fact, difficult to explain, is that a bullet fired at a range of 300 to 600 yards has more penetrating power than one fired at a range under or over that distance.

hip, it gives a blow like that of a crowbar.

We are hearing a great deal about dum-dum bullets in this, as in all wars, both parties making charges against one another. The probability is that neither side is using them.

The Pled Piper. Recently occurred the anniversary of the visit to "Hamelin Town in Brunswick," in 1876 of him "who, for the fantastical coat which he wore being wrought with sundry colors, was called the Pled Piper."

Armenia. May we call the region in which the Russians are attacking the Turks Armenia? For convenience, certainly; but, as Sir Charles Elliot points out, strictly speaking, "Armenia does not exist."

may unofficially call portions of Asia Minor Kurdistan or Armenia, according to one's sympathies. The Armenians themselves do not use the name given them by friendly foreigners.

Convenient Rule. The editor of a newspaper published in central Pennsylvania tells of articles that he frequently receives from a certain citizen. They are always pertinent and worthy of publication.

Meeting his correspondent one evening at a friend's house, the editor said, "That was an excellent letter I got from you this morning, and I am going to print it Saturday. But tell me, what rule do you follow for punctuation?"

"Why," said the gentleman, "the same rule that I learned when I was a boy. I put a semicolon every twelve words, and two commas between each pair of semicolons."

His Hobby. "I can say this much for Dobson—you never see him wasting his time in a foolish argument."

"That's because Dobson takes no interest in the subjects most men argue about. Just wait until somebody comes along and tackles him on the subject of Egyptology. Then you'll hear an argument that will make politics, religion and the war in Europe pale into utter insignificance."

But She Didn't Mean It That Way. "Madam, I am visiting the rural districts in the interests of diversification. Have you a hog on the place?" "You'll find my husband out in the barn."

AN EGYPTIAN SOLDIER

Type of the native Egyptian soldier in the British infantry service.

The Brain's Control. It has long been a common physiological knowledge that the left half of the brain has full command over the right side of the body, while the right half of the brain exercises a like command over the left side of the body.

Destroying Nature's Barriers. There are four kinds of barriers or divisions set up by nature upon the face of the earth—mountains, forests, deserts, rivers. The first, the mountains, man cannot remove, but he can and does go through them to save the trouble and difficulty of going over them. The second, the forests, he has largely cleared away altogether. The third, the deserts, he is beginning to treat like the forests. The fourth, the rivers, he is beginning to shift when it suits his purpose and to regulate their flow at will.

What Being Nervous is. The mental state of a person suffering from "nerves" is very much like that of a man who is wanted by the police, or who has just heard a rumor that the ship on which his wife and children have sailed has been sunk in a collision, or who has cried "fire" in a theater and been thrown out, and knows his name has been obtained by the reporters. Very often, says a writer in the Metropolitan Magazine, it is a combination of all three, with perhaps the added sensation of a man in doubt if he closed the safe before leaving the office.

Help Wanted. We have a splendid answer for a first-class conundrum, but somehow can't fit them, which is: One looks after the marriage altar and the other alters the marriage. We suspect a minister and a lawyer are involved.—Philadelphia Ledger.

COUNTY COMMISSIONERS HAVE PURCHASED A HOME

SEMINOLE COUNTY IS TO HAVE AN INFIRMARY SECOND TO NONE IN THE STATE

Seminole county has a home and it is probably one of the finest homes in the entire state. This does not mean a court house but a home for the indigent who through old age or sickness or misfortune have been deprived of a good home and in their old age turn to the county authorities for assistance.

The county commissioners of this county have been contemplating the purchase or the erection of a home ever since the county was formed, for they recognized the need or the economy of having a place where the indigent could be cared for and lodged properly.

The place is on Mellonville avenue, about one mile from the center and is just outside of the city limits. It is known as the Vaughn place and contains about forty acres, about two hundred bearing orange trees, some timber, some excellent farming lands, a good house and out buildings.

The indigent of the various counties of Florida and every other state are one of the problems of the commissioners and the only way out seem to be the purchase of a good place where the indigent could be cared for and lodged properly.

The deal for the Harrod place is a good one and is to be commended.

Mistake in Minutes

The proceedings of the Town Press Association meeting in 14 Myers last year are published by the secretary, T. J. Apperson. The book contains an error that should be corrected and all those who are to serve on committees this year should take notice.

Executive—W. E. Stovall, Tribune, Tampa; Harry L. Brown, Recorder, St. Augustine; Osea T. Conklin, Herald, Miami; Clarence Woods, Lake Region, Eustis; Claude F. Johnson, Journal, Kissimmee; President and secretary ex officio members.

Legislative—W. A. Russell, News, Palatka; T. E. Fitzgerald, News-Gazette, Daytona; R. C. Davies, News, West Palm Beach.

Memorials and Resolutions—J. W. White, Fraternal Record, Jacksonville; W. B. Powell, Sun, Clearwater; C. E. Howard, Citizen, Orlando.

I would respectfully call the attention of the members to this error and ask state papers to copy.

Beachey Is Killed San Francisco, March 14 Lincoln Beachey, the aviator, was killed while making an exhibition flight at the Panama-Pacific Exposition today.

Beachey was completing his second flight of the day when the accident occurred in view of thousands of spectators. Having electrified the crowd with a series of aerial somersaults the aviator sought to add an additional thrill with one of his sensational perpendicular drops.

The fatal line was attributed to the fact that Beachey entrusted his life to day for the first time in several years to a monoplane. The machine was at an altitude of about 3,000 feet when Beachey shut off his power.

Hillary Beachey, a brother of the aviator, witnessed the tragedy from the tower of the United States transport Crook. He said he heard a cracking sound like the breaking of a ship's mast. He cried out as the monoplane began to plunge toward the bay.

The face, said Mr. Stafford was discolored from choking and strangling and that the death was due to drowning. Cuts on the aviator's head showed a terrible injury.

The apparatus had a Rabbit car beginning to run here and the people after watching the merits of other cars compare the merits of the Apperson. Last week there were two Appersons sold here.

SANFORD CAPTURED ENGLAND BLOCKADES BY THE RED MEN AGAINST GERMANY

HOSTS OF RED WARRIORS WILL START BIG POW WOW TODAY

The Thirty-Second Great Sun Session of the Improved Order of Red Men of Florida opened their session here this morning at the Imperial Theatre. The city is filled with the delegates representing every city in the state and they are a fine body of representative men of Florida.

The exercises this morning were public and attracted many to the theatre to witness the opening of the meeting. The first number on the program was an instrumental duet by Mrs. Thrasher and Mrs. Butt.

John T. Dale, G. C. of R., of Orlando responded in his usual happy vein followed by some excellent music by the Mixed Quartette composed of Mrs. Edward Higgins, Mrs. John Thomas and Messrs. D. E. Becker and J. A. Harrod.

The welcome from Opus Tribe of Sanford from John Stempier promised the visitors everything not already promised by Mayor Thrasher, and the response by J. W. White of Lake City was just what one expects from this war horse of oratorics.

R. J. Holly gave the welcome to the delegates from the Commercial club and in his address covered the city and country and if the city in any way improved it will be due to the stempier and Holly.

The rest of the day will be a bus one for the Red Men for they expect to put in their time with some lodge work, business sessions and big meetings at the wigwam.

Following is the program for tomorrow: 8:30 a. m. Business session. 12:00 m. Adjournment till 1:30. 12:45 p. m. Barbecue at French place, Sanford Heights.

Will Build Two Residences N. H. Garner has started the building game again and having purchased the most desirable lots on Magnolia avenue lately will erect two fine residences thereon.

Mass Meeting for Men The mass meeting for men will be held at the Baptist Temple on Wednesday evening at 8 o'clock. An interesting program has been prepared and a luncheon will be served.
