

EXPRESS CAUGHT FIRE IN NEW YORK SUBWAY MANY ARE OVERCOME

By Smoke and Rescue Work Started By Officials

UNDERGROUND

BLEW HOX FUSE AND FLASH OF FIRE AND SMOKE SWEEPED THRU CROWDED TRAIN

(By The Associated Press) NEW YORK, July 6.—About 150 persons were overcome by smoke today when the express in the east side subway caught fire near Lexington avenue and Sixty-first street, dozens of ambulances were summoned and Mayor Hylan arrived to direct the rescue work. The accident occurred about seventy-five feet under ground. Fire started in motorman's box after fuse blew out. Flash of fire and smoke swept through crowded train. When the train stopped guards threw open the doors and the passengers made a mad scramble for escape. Those unable to walk were carried from the cars to Fifty-ninth street station. Fire ladders also were dropped through the iron gratings at Sixty-first street and six women lifted out. Injured were stretched out on sidewalks for several blocks. Temporary hospitals organized and fourteen pullmotors put to work. Spectators soon became so dense police reserves had to be called out. Three persons were so badly attacked by smoke it was feared they will die. About fifty were sent to hospitals. It was two hours before traffic was resumed and the subway was jammed for many miles with stalled trains.

500 Men Searching Woods for the Negro Who Shot Deputy

GAINESVILLE, July 6.—Feeling as high as a body of armed men, estimated to number 500, scoured the roads and bypaths of the section around Hawthorne, near here last night, in search of Will Jones, who yesterday afternoon shot and seriously wounded Deputy Sheriff J. F. Dunning of Gainesville, as the officer attempted to arrest him for possessing liquor and firing a firearm on the highway. The shooting occurred at Hawthorne. The negro opened fire without warning when Dunning approached in company of Constable C. L. Dyees. Four shots found their way into the officers' body, the first piercing his pistol arm and rendering him incapable of defense. Constable Dyees said he emptied his revolver at the negro without success and then, left without protection, he sought cover. The negro escaped. Deputy Dunning was brought here and placed in a hospital late yesterday afternoon. An investigation disclosed his wounds to be serious.

The manhunt had gotten under way shortly after the shooting. Late yesterday afternoon, two negro women were brought to the city by members of the posse and placed in jail. They were believed to have known something of the shooting. One of the negro women said a young negro boy had been wounded during the shooting supposedly by a stray bullet from Constable Dyees' pistol.

VIRGINIA CONVICTS ESCAPE

(By The Associated Press) RICHMOND, Va., July 6.—Three negroes and one white man escaped from the state convict camp No. 26, at Jetersville, Va., yesterday, stole two automobiles, one at Jetersville and another at Blackstone, and broke into the postoffice at Burkville, Va., and stole \$500 in war savings stamps according to a dispatch received here today. According to the dispatch the men broke down at Addison, Va. When the fugitives applied for food at a woman's home she notified the police of Petersburg, who hurried to the scene. One of the automobiles was recovered and one of the negroes captured. The other fugitives are still at large, according to the dispatch.

SEVENTY-FIVE INJURED IN RAILWAY CRASH AT PORTER, IND., LAST NIGHT

Pere Marquette Train Crashed Into the New York Central

(By The Associated Press) CHICAGO, July 6.—Seventy-five persons were injured, only one seriously, when the Chicago bound Pere Marquette passenger train crashed into the New York Central engine on the siding near Porter, Indiana, late last night. The train proceeded to Chicago this morning after the injured received first aid. Early today responsibility for the crash had not been fixed. The collision occurred near the scene of the smash up of the New York Central and Michigan Central trains last year when thirty-seven persons were killed. The New York Central engine was standing on the siding when the passenger train plunged into it through presumably an open or defective switch.

WILL CROSS CONTINENT JAX TO SAN DIEGO IN ONE DAY IN AIRPLANE

Lieutenants James and Doolittle of Kelly Field Will Try It

(By The Associated Press) JACKSONVILLE, July 6.—Crossing the American continent from Jacksonville to San Diego in one day by airplane will be attempted by Lieutenants James H. Doolittle and L. S. Andrews, of Kellyfield, Texas, soon, according to word received here from Texas. Doolittle and Andrews arrived at Camp Johnston Monday from Kellyfield after one stop flight from Kellyfield, having alighted at Pensacola for fuel. They left here Tuesday morning for Washington via Langley field, Virginia, presumably to obtain authority from the chief of the army air service to make the one day flight.

WILL SETTLE THE STRIKE IN A FEW DAYS IS HOPE —LOOKS LIKE THE END

Chairman Labor Board and Leader of Shopcraft May Get Together

(By The Associated Press) CHICAGO, July 6.—Hope for the speedy settlement of the country wide strike of the railway shopmen was seen last night in statements issued by Ben W. Hooper, chairman of the United States Railroad Labor Board and H. M. Jewell, leader of the shopcrafts, who ordered the walkout. In a reply to a letter from Mr. Hooper, which was regarded as conciliatory, Mr. Jewell declared that the strikers were willing to "consider any negotiations with any one in authority for settlement of the strike." "We are willing to confer with anybody authorized by the railroads to bring peace proposals to us," said Mr. Jewell. "I include or exclude nobody, but if the labor board, for instance, came to us with a definite proposition we would not hesitate to consider it." The tabulation showed only 94.7 per cent of the men had voted to strike on the question of wages, the heaviest vote for a strike being on the question of outside contract labor, which polled 97.1 per cent of the vote cast. The ballot on rules came second with 96.2 for strike. Union leaders said that the vote displayed the relative importance attached to the three points as issued by their membership. Mr. Jewell made public the exact figures on the strike vote taken by the 400,000 members of the six shopcrafts. The vote was divided into three separate ballots, the first one accepting a \$50,000,000 reduction in wages ordered by the Labor Board, the restoration of seven working rules altered by the board, and the third, the abolishment of outside contracting by the roads. In railroad circles it was declared that the way already had been cleared for a full settlement on the gravest issue—that of contract work—by the agreement of twelve roads to abolish outside contracting, at the labor board meeting last Friday, when Mr. Jewell ignored an order to appear and explain his strike order. The first explanation of the incident was made by Mr. Jewell last night when he said that to have appeared before the labor board Friday "would have resulted in a mob-like suspension of work by the shopmen and possible bloodshed." He said that the strike order already having gone out and a suspension of work Saturday morning at 10 a. m., having been sanctioned by locals in all parts of the country, to have made an eleventh hour attempt to avert a walkout would result only in chaos.

CUSTOMS RECEIPTS REFLECT PROSPERITY

(By The Associated Press) WASHINGTON, July 6.—Generally improved business conditions in the country are reflected in increased customs receipts, the highest during the past fiscal year for 133 years, according to a statement issued tonight by Assistant Secretary of the Treasury Elmer Dover, in charge of customs. "The United States custom receipts for the fiscal year just ended," he said, "amounted to \$356,443,387, which is an increase of \$48,418,285 over last year. The highest previous year in the history of the customs, covering 133 years, was 1910, when receipts amounted to \$333,683,445, so that the receipts for this year are nearly \$23,000,000 in excess of the largest previous year."

GENDARMES MEETING IN VATICAN TODAY WERE DISARMED

(By The Associated Press) LONDON, July 6.—A Central News dispatch from Rome says that gendarmes, serving in an honorary capacity in policing the vatican, mutinied this morning, crying out "Long live the pope, death to the commandant." They were immediately disarmed and the barracks occupied by the Swiss guards.

IRISH PROVISIONAL STATE CALLING MEN TO ARMS ---IN PROCLAMATION FORM

PRESENTATION OF TARIFF GAG RULE BEGINS BIG FIGHT

SUCCESS OF REPUBLICAN MOVE TO SHUT OFF DEBATE ON TARIFF IS DOUBTFUL

(By The Associated Press) WASHINGTON, July 6.—Republican petition for cloture to shut off debate on the administration tariff bill was presented late yesterday in the senate. It immediately provoked a bitter fight, which promised to consume much of the session today. Under the rules, the issue must come to a vote at noon on Friday.

There were 52 signatures to the petition, or twelve less than the two-thirds majority necessary to invoke the existing cloture rule, which would limit debate on the bill to one hour for each senator and preclude the offering of any additional amendment even by the finance committee majority.

Although a number of senators are absent from Washington, which would cut down the number necessary for a two-thirds majority, some of those behind the cloture movement doubted that it would succeed. Senator Lodge of Massachusetts, Republican leader, told the senate that if it did not, it then would be for the Republicans to decide whether they would lay aside the tariff and fight for a majority cloture rule, or force the senate to resume night sessions as a means of speeding up a final vote on the tariff.

All except eight of the sixty Republicans in the senate signed the petition. Immediately the petition was presented by Chairman McCumber of the finance committee, it brought a protest from Senator Underwood, of Alabama, the Democratic leader, who said the Democrats had "courteously" consented to the committee's request that its amendments be considered first and that it was not fair for the majority to come in now and propose to take away from the minority their right to propose amendments.

The Democratic leader said that every item in the bill was of interest to some business concern of the country; that practically all of them were of interest to the consumer, and that the majority should propose some rule which would meet the situation and not merely a gag rule.

"The idea of discussing 1,000 amendments in 60 minutes!" he exclaimed.

"Gentlemen on the other side had better suggest that we have no further debate."

After some sharp controversies, the senate approved duties on a number of products, including a rate of 16 cents a pound on shelled almonds. Other duties as approved by the senate included: Raisins, 2 1/2 cents a pound; limes, in natural state or in brine, and oranges, 1 cent a pound; grapefruit, one-half of one cent a pound. Walnuts of all kinds, unshelled, 4 cents a pound; shelled, 12 cents a pound.

HOW CAN THEY TELL?

(By The Associated Press) TALLAHASSEE, July 6.—Jurors sitting in liquor in Florida in future are expected to sidestep invitations to taste the liquid in evidence in order to determine that it is liquor, for the state supreme court opines that such a practice may be a violation of the Volstead act.

25,000 MEN ARE NOW ON STRIKE IN N. Y.

(By The Associated Press) NEW YORK, July 6.—John J. Dowd and David Williams, chairman and vice-chairman of the New York "strike conduct" committee of the six railroad shopcraft unions today returned from a tour of the metropolitan area with reports that 25,000 men had walked out, including nearly 3,000 "sympathy" strikers.

Opens Way for Citizens to Join Free State Army

REFUSE LAST WEEK

BECAUSE CONFIDENCE OF ABILITY TO MEET AND DEFEAT ANY ATTACK

(By The Associated Press) DUBLIN, July 6.—Casualties in yesterday's fighting was one killed and sixteen wounded. For eight days of fighting in Dublin, casualties were given as sixty-one dead, 259 wounded.

DUBLIN, July 6.—The call to arms issued today by the provisional free state government in the form of a proclamation opening the way for enlistment of those citizens who last week were "declined by the government because it was confident of the ability of the army single handed to meet and defeat any attack made upon it."

LONDON, July 6.—DeValera in a message addressed to the people of America declares the past between the Irish parties torn up, civil war broken out. Dan Eireann not permitted to meet and that the provisional government assumed military dictatorship supported by the British big guns.

DUBLIN, July 6.—The siege of the strongholds of the insurgent Irish forces was virtually ended last night with the surrender of small groups of the men who had been fighting for the past week behind the barricades, and the capture of one of the principal leaders, Cathal Brugha, former minister of defense. But the success of the national cause has been purchased at the cost of blazing buildings and terrible destruction in O'Connell, to say nothing of the loss of life and the many seriously wounded.

There is still no information as to the whereabouts of Eamon De Valera, who has apparently escaped from the free state's net.

In the afternoon, when ten buildings including three hotels, were aflame, the remainder of the irregulars, driven into the Granville hotel with fire on all sides, still maintained a desperate resistance with automatics, and rifles, but it was already seen that they could not long delay the inevitable end. The final attack by the free state troops commenced at mid-day after a lull during which the firing slackened greatly. The regulars then began a desperate plan of bombing the insurgents. A bomb was hurled into Hamman hotel and soon faint wisps of smoke crept through the shattered windows and suddenly a burst of flame in front, followed by dense volumes of smoke. The flames spread swiftly, and the fire brigade hurried to the scene. But a fusillade from the irregulars in the Granville hotel compelled them to retreat. The fire attacked the shops adjoining the Hamman and in less than two hours the roofs had collapsed. Three buildings were completely destroyed, their ruin being hastened through the flames reaching stores of bombs and ammunition, causing numerous explosions and throwing up great clouds of smoke.

ROBT. H. SISSONS INDICTED ON EMBEZZLEMENT CHARGE

(By The Associated Press) MACON, Ga., July 6.—Robert H. Sissons, vice-president of the Willingham Warehouse before its failure in 1920, was indicted by the Bibb county grand jury yesterday on a charge of embezzling \$32,517.64 from the concern.

S. S. AMERICA CONTINUES ON JOURNEY TO BREMEN

(By The Associated Press) ROTTERDAM, July 6.—The steamship America, which landed 400 passengers from the United States here because of a port strike at Bremen, proceeded to that port today with all its passengers when it was learned that the strike had ended.

Weber Ordway, of Fort Pierce, was the guest of Howen and Joe Perritt for the Fourth.

EFFORT TO REDUCE RATES IN NEW TARIFF BILL MADE BY DEMOCRATS

Looks Like Well Organized Scheme to Hook the Consumer

(By The Associated Press)
WASHINGTON, June 28.—The agricultural schedule in the administration tariff bill was attacked yesterday in the senate by Senator Walsh, of Massachusetts, a democratic member of the finance committee, and defended by Chairman McCumber of the committee, and Senator Gooding, republican, Idaho, chairman of the republican agricultural-tariff bloc. The debate continued for several hours with a result that none of the committee amendments in the schedule were voted.

The paragraph dealing with duties on cattle and fresh beef and veal finally came under consideration, and without a record vote amendments by Senator Walsh, of Massachusetts, to reduce the committee rates, were rejected.

Asserting that he bill was "an attempt to make a raid on the consumers of the country such as never before has been dreamed of," Senator Walsh declared, the duties proposed on meats, cereals, potatoes and apples alone would increase the cost to the consumers by \$1,310,000,000 annually, or about \$80 for the average family of six. This did not take into account, he said, the increased costs that would follow from the duties on butter, eggs, poultry, fruit, fish and the many other foods in the schedule.

Discussing what he denominated as the influence of the republican-agricultural-tariff bloc on the senate finance committee majority in the framing of the bill, Senator Walsh said that this "influence and pressure" was successful as shown by the fact that the committee increased from 20 to 350 per cent, the duties on commodities in which the bloc was interested and reduced the house rates on all other products in the agricultural schedule. He asserted also that the rates were lowered on agricultural products of the democratic states of the South and said it was "that a political party would carry partisanship to such an extent."

Replying for the committee, Senator McCumber declared he was willing to take his share of the responsibility for the increases over the house rate, adding that they would have to be made, bloc or no bloc. He said he was glad of the assistance that the bloc had rendered in "doing justice to the farmer."

The North Dakota senator argued that the farm laborers were as much entitled to a living wage as the workers in the city, whose wages and standard of living, he said, had advanced to a high plane, under a protective tariff system. He asked that a comparison of living standards in the cities and rural districts be made, and declared it was the duty of congress to increase the standard in the country to that obtaining in the city so as to give everyone a fair deal.

Senator McCumber expressed the opinion that not all of the proposed increases in tariffs on farm products would be passed on to the consumer, but asserted that even if they were the city man with a wage ranging "from \$5 to \$10 a day" should be willing to pay out a "few cents extra" each day for foodstuffs so as to "enable the farmer to earn a living."

TO BREAK FILIBUSTER.

WASHINGTON, June 27.—Answering the summons to their leaders, Republican members of the house flocked back to Washington yesterday to help break the filibuster by Representative Voight, Republican, Wisconsin, which played havoc with plans of the leaders Friday and Saturday. On the first demand for a quorum by the Wisconsin representative a roll call showed 284 members present, as compared with 251, the top number voting Saturday. A shift in the tentative program for the day put the brakes temporarily on filibustering methods, for instead of calling up the conference report on the naval bill, the house took up the Capper-Tincher future trading bill. Consideration of the latter measure was in committee of the whole, 100 being a quorum in committee instead of 200 in the house proper. Rep. Voight announced he would stay on the job and keep on demanding roll calls unless the leadership could persuade members to remain in the chamber.

MOTORCYCLE COP PICKS THEM OFF DOWN IN MIAMI

(By The Associated Press)
MIAMI, June 28.—Motorcycle Patrolman L. P. Bradley literally picks up the speeders when he gets after

them. He chased two men in a fleeing automobile for three miles and arrested them when their car crashed into a stump, the car turning over and pinning one of its occupants underneath.

Charges grew out of this episode as follows: L. R. Brown, drunk and disorderly conduct; Forrest L. Legion, exceeding the speed limit and reckless driving.

Bradley was resting on his handle bars, so to speak, when the two men dashed by him at a speed, according to the officer, of 45 miles an hour. He mounted his motorcycle and gave chase. Whether or not he was gaining on them, holding his own or losing, was not developed, but the fact remained that he overtook them in time to assist in pulling Brown from beneath the overturned car. Officer Bradley charged that Brown was driving the car but Legion insisted that he was at the wheel. Brown received only minor hurts, but was otherwise incapacitated.

The officer placed his limp form across the handlebars and ordered Legion to ride behind. Legion is said to not have enjoyed his ride on the motorcycle for he pleaded with the officer to slow down.

EVERY FARMER SHOULD KNOW CORN PERCENTAGE

GAINESVILLE, June 28.—Every farmer should know the percentage of an ear of corn when he turns to matters of further propagation, according to the experts of the college of agriculture, University of Florida. The pedigree of the ear of corn is just as essential as that of animals, the experts aver, and in the case of corn the ancestry should be known before the corn is planted.

Seed for the next planting should be chosen from the growing stalk, the experts say. In this manner, the farmer can get the "low down" on the seed which he expects to fruit for his next crop. The farmer who selects his seed from the corn in the crib is guided largely by the size and apparent condition of the corn. These are sometimes misleading as the forthcoming corn stalk may not enjoy the same growing conditions that favored its predecessor. Frequently in cases of this kind, the offspring, lacking the advantages of its parent stalk, will be much inferior.

In selecting the seed for the growing corn, the experts pass out a few pointers:

No ear grown upon a stalk that enjoys the advantages of rich soil, plenty of room, and moisture, should be selected. Its offspring will not enjoy these advantages. A big ear does not indicate much, but a big ear produced on a stalk in competition with other stalks is a good ear for seed.

Attention should be paid to the location of the stalk, condition of the leaves, position of the ear upon the stalk, size of ear, the shuck, and length of shank. Ears that are selected should be marked so that further selection can be made when they have matured.

SAGE TEA TURNS GRAY HAIR DARK

IT'S GRANDMOTHER'S RECIPE TO BRING BACK COLOR AND LUSTRE TO HAIR

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.—Adv.

"(1) To continue the payment of the wages at present in force,"
"(2) To restore operation under rules 6, 10, 12, 14, 15, 46 and 177, as they existed prior to the amendments thereof proposed in decision 223; and"
"(3) To discontinue the contracting out of work and shops pending negotiations between the Association of Railway Executives and Railway Employees Department looking toward adjustment of the existing disputes upon these questions, a sanction of withdrawal from employment on July 1, 1923, will be unavoidable."

"PEACOCK ALLEY" IS GORGEOUS PRODUCTION

Shows Mae Murray as Parisian Dancer and Misunderstood Wife

It is not often that motion picture fans are given the opportunity to see the latest and most stylish costumes presented by one of the most attractive artists of the screen in a story vibrant with romance and adventure, but that is what Mae Murray's latest picture, "Peacock Alley" is. It will be shown Friday and Saturday at the Princess Theatre.

In this Metro release for Tiffany Productions, Inc., presented by Robert Z. Leonard, Miss Murray portrays the part of a Parisian dancer, who, as the darling of the famous city of pleasure, is feted and adored for her daring and artistic creations. She falls in love with a youthful American, a small town boy, and goes back to his home only to find that the people of the little village are scandalized at his French wife. The rude awakening among the bright lights of Broadway gives this story a turn which makes it one of the most dramatic offerings of the screen.

"Peacock Alley" is typically a Mae Murray picture. Its gorgeous settings and the costly costumes of the star are outstanding features in an offering which at its special showing in New York won the unstinted praise of the critics as being the most beautiful and gorgeous production of the screen. The cast supporting Miss Murray is a most notable one and includes Monte Blue in the leading male role, Edmund Lowe, W. J. Ferguson, Anders Randolph, William Tooker, Howard Lang, William Frederick, M. Durant and Jeffry Lewis. "Peacock Alley" is by Edmund Goulding, based on a story by Ouida Borgore. It was directed by Robert Z. Leonard and photographed by Oliver T. Marsh.

Try a Herald Want Ad today.

Sanford Herald spells it Jeff "Slight" but the extra "t" makes Uncle Jeff all the more prominent. But Bob Holly can never spell his name Holy.—Orlando Sentinel.

We corrected that error twelve times but it seems that the boys believe in giving Jeff more "t" when everyone knows he never drinks anything but coffee. However, he is there with the big mitt and Sanford is for Jeff Slight every day in the week regardless of how we spell his name.

We are glad to see the Sanford Elks coming back strong after many years of inactivity. The B. P. O. E. are doing a lot of good everywhere in the many great works they have undertaken and Sanford has missed them greatly in the past few years. Now that they have purchased the fine home of the Rod & Gun Club and taken a new start they will prove an active factor in the life of the city.

SULPHUR IS BEST TO CLEAR UP UGLY, BROKEN OUT SKIN

Any breaking out or skin irritation on face, neck or body is overcome quickest by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take

the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation. Mentho-Sulphur heals eczema right up, leaving the skin clear and smooth.

It seldom fails to relieve the torment or disfigurement. A little jar of Rowles Mentho-Sulphur may be obtained at any drug store. It is used like cold cream.—Adv.

SOCIETY FOR THE WEEK

(From Monday's Daily)
Miss Agnes Berner left today for Bradentown, where she will visit friends.

Mr. and Mrs. H. C. DuBose left today for Daytona Beach where they have taken a cottage for the summer.

Mr. and Mrs. Chris Matthews leave Monday for Montana, where they will visit relatives of the former for a month.

Mr. and Mrs. H. C. DuBose and children and Frank Waller motored to Daytona Beach Thursday where they spent the day.

Mrs. Mary Schaal and son, will leave today for St. Paul, Minn., where they will spend a month visiting relatives and friends.

Pierce Griffin and Bill Moye, who are attending the summer session at Gainesville, are spending the week end here with their parents.

Mrs. Hugh Carter Pollard, who has been spending the past three weeks here with her parents, Capt. and Mrs. John Wimbish, leaves today for her home in Winston-Salem, N. C.

Mrs. A. P. Connelly, Albert Connelly and Mrs. E. D. Mobley leave tomorrow by boat for Jacksonville, going from there to Highlands, N. C., where they will spend the summer.

Mr. and Mrs. M. Minarik and children leave tomorrow for Hendersonville, N. C., where they will spend several weeks, going from there to Cleveland, Ohio, where they will visit relatives.

Miss Katherine Teague and Miss Mildred Simmonds leave today for their homes in Mountville, S. C., after spending the winter here with their aunt, Mrs. W. T. Langley. Miss Simmonds will return to Sanford in two months.

Mrs. W. S. Jordan, who has been the guest of her niece, Mrs. J. G. Sharon at her home on Tenth street, leaves today for her home in Jacksonville, where she will spend a few days before going to the mountains for the remainder of the summer.

Georgia Mobley and Margaret Wight left yesterday to join the party of young girls from Orlando, chaperoned by Mrs. T. A. Neal, who are going to Camp Junaluska, N. C. At Jacksonville they will leave on the special train together with the large number of girls from all over the state.

Mr. and Mrs. H. C. DuBose and family left today for Daytona Beach where they will have a cottage for several weeks stay.

Mrs. E. D. Mobley, Mrs. A. P. Connelly and Albert Connelly left yesterday on the boat for Jacksonville, going from there to Highlands, N. C., where they will spend the summer at "The Martin."

Mrs. Howard P. Smith returned home Saturday afternoon from Columbia, Tenn., where she spent a month with her parents, Mr. and Mrs. J. M. Burns. She also visited friends and relatives at Macon, Tifton and Atlanta while away.

Mrs. A. E. Hill and daughter, Mrs. R. A. Newman and children are at Daytona Beach. This week Miss Olive leaves with friends to spend the summer in the mountains of North Carolina.

Miss Eula Shepard, of Lakeland, who has been the guest of her aunt, Mrs. W. Morton Thigpen, has gone to Laurel Falls Camp, at Clayton, Ga. She will be joined next month by Miss

Mr. Sheldon, of New Smyrna, is visiting his uncle, Wm. Aylott Fitts of Union avenue.

Maurice Helston left today for his home in Canada where he will spend the summer.

Mrs. W. D. Holden and son, Wm. H. Holden will be at Holy Cross Rectory for the summer months to greet their friends.

J. R. Hayden left today for Baltimore and Washington and points in Virginia where he will spend the summer months, returning to Sanford some time in October.

Mrs. F. J. Gonzalez, of Miami, who has been visiting her sister, Mrs. E. LaRue Blais, of Orlando, becomes the guest this week of Mrs. Deane Turner of Myrtle avenue.

E. E. Wadbrook left Sunday going by steamer for a two weeks' visit to New York City and Boston, visiting relatives. He will then return to take charge of the Sanford Golf and Country Club.

On Friday Mrs. S. O. Chase delightfully entertained in honor of Deaconess Harriet R. Parkhill, the house guest of Mrs. B. F. Whitner. Among those invited were Mrs. N. de V. Howard, Mrs. J. N. Whitner, Miss Caldwell, Mrs. B. F. Whitner, jr., Mrs. B. F. Whitner, Sr., Mrs. L. G. Stringfellow, Mrs. A. D. Key, Mrs. Jonathan Peck, Mrs. Wm. D. Holden and Mrs. Rice.

Dr. T. A. Neal, of Orlando, was in the city Saturday attending to business and calling on old friends.

Mrs. M. S. Wiggins and children left yesterday for Georgia where they will join Mr. Wiggins.

The many friends of Miss Perrie Lee Bell, who was operated upon for appendicitis will be glad to learn that she is improving.

Mrs. B. J. Starling has returned home from Jacksonville where she has been the guest of her sister, Mrs. Robert W. Simms.

Mr. and Mrs. T. A. Parker, who have been the guests of Mr. and Mrs. L. Y. Bryan left Friday for their grove at Gotha, Fla.

Frank W. Chase left Sunday for camp in the New Hampshire mountains.

Miss Carry Dorsey has returned from a most pleasant trip to Waycross, Georgia.

C. H. Leffler left today for Miami where he will spend several weeks with his son, Charles Leffler and family.

Dr. and Mrs. J. N. Tolar and Mr. and Mrs. Robert Hines returned home yesterday from Daytona Beach where they spent several days.

C. H. Starling, of Atlanta, is spending a few days here with his brother and wife, Mr. and Mrs. B. J. Starling at their home on Magnolia avenue.

Miss Zeta Davidson left Sunday by boat for Jacksonville, from whence she will go to Tennessee, where she will do missionary work in the mountains.

Mr. and Mrs. A. R. Key and baby, Mrs. A. D. Key and Mrs. George Rice motored to Daytona Beach where Mrs. Key and Mrs. Rice will spend several months. Mr. Key and mother returned home last evening.

A. R. Key and family, Mrs. A. D. Key and Mrs. Rice left Sunday for Daytona Beach where they have a cottage for the season. A. R. Key and Mrs. A. D. Key return after the 4th to Sanford.

Mrs. E. D. Mobley, Mrs. A. P. Connelly and Albert Connelly left yesterday on the boat for Jacksonville, going from there to Highlands, N. C., where they will spend the summer at "The Martin."

Mrs. Howard P. Smith returned home Saturday afternoon from Columbia, Tenn., where she spent a month with her parents, Mr. and Mrs. J. M. Burns. She also visited friends and relatives at Macon, Tifton and Atlanta while away.

Mrs. A. E. Hill and daughter, Mrs. R. A. Newman and children are at Daytona Beach. This week Miss Olive leaves with friends to spend the summer in the mountains of North Carolina.

Miss Eula Shepard, of Lakeland, who has been the guest of her aunt, Mrs. W. Morton Thigpen, has gone to Laurel Falls Camp, at Clayton, Ga. She will be joined next month by Miss

Mr. Sheldon, of New Smyrna, is visiting his uncle, Wm. Aylott Fitts of Union avenue.

Maurice Helston left today for his home in Canada where he will spend the summer.

Mrs. W. D. Holden and son, Wm. H. Holden will be at Holy Cross Rectory for the summer months to greet their friends.

J. R. Hayden left today for Baltimore and Washington and points in Virginia where he will spend the summer months, returning to Sanford some time in October.

Mrs. F. J. Gonzalez, of Miami, who has been visiting her sister, Mrs. E. LaRue Blais, of Orlando, becomes the guest this week of Mrs. Deane Turner of Myrtle avenue.

E. E. Wadbrook left Sunday going by steamer for a two weeks' visit to New York City and Boston, visiting relatives. He will then return to take charge of the Sanford Golf and Country Club.

On Friday Mrs. S. O. Chase delightfully entertained in honor of Deaconess Harriet R. Parkhill, the house guest of Mrs. B. F. Whitner. Among those invited were Mrs. N. de V. Howard, Mrs. J. N. Whitner, Miss Caldwell, Mrs. B. F. Whitner, jr., Mrs. B. F. Whitner, Sr., Mrs. L. G. Stringfellow, Mrs. A. D. Key, Mrs. Jonathan Peck, Mrs. Wm. D. Holden and Mrs. Rice.

Dr. T. A. Neal, of Orlando, was in the city Saturday attending to business and calling on old friends.

Mrs. M. S. Wiggins and children left yesterday for Georgia where they will join Mr. Wiggins.

CATES CRATE CO
THE BIG NEW FEED STORE
NOW IN OUR NEW BUILDING

It Takes Real Horse Power

It often takes "real horse power" to pull the heavy mud stuck automobile out of a hole. But horses that have been fed right will have the extra power needed for such work.

If you want your horses and mules in the "pink" of condition for any kind of heavy hauling you must feed them right. Then they'll have glossy coats, bright eyes and they'll stand erect and firm. You'll get a full day's work, no lost working time.

Scores of horse and mule owners have found that Purina O-Molene feed produces healthier horses and mules and more work.

It costs no more to feed. Purina O-Molene is made of choice grains specially prepared, and balanced to get more work from work animals. We'll be glad to tell you more about it. Phone or call.

ALL PRICES EFFECTIVE AT ONCE FOR CASH

Purina O-Molene 100-lbs., per sack	\$2.52

LABOR BOARD CUTS \$135,000,000 FROM RAILWAY MEN'S SALARIES

Million Workers Feel Effects of Wage Reduction Order

(By The Associated Press)

CHICAGO, July 6.—Wage slashes employees: Car cleaners. Reduced four cents an hour.—Maintenance of way department: Mechanics (exclusive of shop mechanics). Clerical forces: Clerks with experience of less than two years, janitors, freight handlers, elevator operators, messengers, office boys, office, station and warehouse watchmen; station attendants (common laborers around stations), bill sorters, perforating machine operators, addressers, mail gatherers and distributors, miscellaneous office employees.

Reduced three cents an hour.—Maintenance of way department—Section, track and maintenance foremen; assistant section, track and maintenance foremen. Clerical forces: Storekeepers and assistants, chief clerks; foremen, sub-foremen and supervisory forces, clerks with two or more years' experience, train and engine crew callers, assistant station masters, baggage and parcel-room employees, train announcers and gatemen.

Reduced two cents an hour.—stationary engineers, stationary firemen and engine-room oilers, boiler-room water tenders and coal passers.

Reduced one cent an hour.—Maintenance of way department: Mechanics' helpers (exclusive of those in the shops).

	1918	1922
Yardmaster and assistants	7,000	5,650
Train dispatchers	5,500	5,250
Engineers, firemen	136,950	120,150
Conductors and trainmen	189,000	170,400
Maintenance of way employees	585,500	383,000
Clerks	218,500	211,250
Other station forces	127,500	85,350
Shop mechanics	314,500	220,250
Mechanics helpers	141,250	129,450
Telegraphers	77,500	75,000
Signal department employees	15,006	12,000
Stationary engineers and firemen	8,000	8,000
Marine employees	850	800

Total 1,827,950 1,426,450

Of these groups, the yardmasters and assistants, train dispatchers, engineers and firemen, conductors and trainmen and telegraphers are not touched by the reductions which went into effect Saturday.

The maintenance of way men, who formerly received from 28 to 40 cents an hour, were cut five cents, making the new range from 23 to 35 cents, the rates varying in different parts of the country according to local labor conditions.

The clerks were cut three cents an hour in the case of those who have had two years' or more experience, and four cents for others, with a minimum starting salary of \$60 a month for beginners. After six months' service, a minimum of \$70 was set, and after a year, rates are set according to ability, position and seniority.

Shop mechanics receive, under the board's new order, a minimum of seventy cents an hour, a reduction of seven cents. Due to higher ratings and seniority, many employees receive a slightly higher rate. Helpers will receive a new minimum rate of fifty-four cents, being reduced seven cents also, but freight carmen get the biggest cut of any class—nine cents—cutting their hourly rate to sixty-three cents.

Signalmen, who received a cut of five cents, will hereafter receive sixty-four cents an hour, and stationary engineers and firemen, who were reduced two cents an hour, will get a rate of forty-nine cents.

According to hourly reductions the groups follow:

Reduced nine cents an hour—Shop employees: freight carmen.

Reduced seven cents an hour—Shop employees: machinists, boiler-makers, sheet-metal workers, regular and helper apprentices, helpers, electric workers, blacksmith, carmen (except freight carmen), moulders, cupola tenders and coremakers.

Reduced six cents an hour—Signal department: Signalmen's helpers.

Reduced five cents an hour—Maintenance of way department: Bridge, building, painter, construction, mason and concrete, water-supply, plumber, coal-wharf, coal-chute and fence-gang foremen and assistant foremen; pile-drivers, ditching and hoisting engineers; bridge inspectors, track and common laborers, drawbridge tenders and assistants; pile driver, ditching and hoisting firemen; pumper engineers and pumpers, crossing watchmen or flagmen, lamp lighters and tenders, engine watchmen and wipers, fire builders, ash-pit men, flu borers, coal passers. Signal department: Leading maintainers, gang foreman and leading signalmen; signalmen, assistant signalmen, signal maintainers and assistant signal maintainers. Shop

AMERICAN AUTOMOBILE ASSOCIATION

ORGANIZE FINE CLUB IN SANFORD WITH FIFTY CHARTER MEMBERS

That any business proposition that is fundamentally sound and is backed by the right kind of people will be readily received by the people of Sanford has been clearly demonstrated here this week when the business men of this community after a most careful investigation decided to go ahead quickly and energetically and get for this county a direct branch of the American Automobile Association to be known as the Seminole County Motor Club.

Fifty prominent business men signed up a charter membership and paid their annual dues and at a well attended meeting elected the officers and directors and department heads for the club as follows:

President—Edward Higgins, also director for one year.

Vice-President—S. O. Chase, also director for one year.

Treasurer—B. F. Whitner, also director for one year.

Secretary—R. W. Pearman, jr., also director for one year.

Directors for two years are: Dr. C. J. Marshall, also chairman of Roads, Streets and Bridge Department.

Forest Lake, also chairman Legislative Department.

Geo. A. DeCottes, also chairman of Legal Aid Department.

R. W. Wight, also chairman of the Mechanical Service Department.

R. J. Holly, also chairman of the Publicity Department.

Mrs. E. F. Housholder, also chairman of the Accident Prevention and Street and Highway Beautification Department.

H. P. Smith, also chairman of the Finance and Membership Department.

T. W. Lawton, also chairman Touring and Contest Department.

R. W. Pearman was also appointed as managing secretary and the headquarters of the club is to be with the Chamber of Commerce.

The first action of the club was to instruct the Publicity Committee to prepare a 1,000 word illustrated story on Seminole county which is to be published through the A. A. A. in national magazines monthly.

The Accident Prevention and Street and Highway Beautification Department, was also instructed to see to it that all unsightly and impractical signs are removed from the street and highway right of way on the west entrance road to the city from the DeLand intersection and also to see to it that the weeds and underbrush is removed.

The Legislative Committee is to investigate a new license system for motor vehicles and report their findings in the near future.

Membership cards have been printed and stationary and all necessary supplies for immediate action and car emblems are being ordered.

This is a big plan stated the A. A. A. field secretary and it will require constant and active work but every man, woman and child in the county will receive a direct benefit and every car owner and tax payer in the county should do their part by not only becoming members but in taking an active part.

It is now planned to install another A. A. A. branch at DeLand so that the people of Seminole, Volusia, Putnam, Clay and Duval counties may act together in one big push for the early completion of State Road No. 3 which means so much to the people in this community.

In order that this club may achieve the maximum of success the Daytona Motor Club has agreed to loan this club the assistance of their manager any time in helping to build up the membership and carry on the departmental work. All persons desiring to become members should get in touch with either President Higgins, Treasurer Whitner or Manager Pearman at once.

Mrs. William Jennings Nominated Today for The Vice-Presidency

(By The Associated Press)

CHAUTAUQUA, N. Y., June 27.—Mrs. Thomas C. Winter of Minneapolis, was nominated for re-election as president of the General Federation of Women's Clubs at the convention here today. Mrs. William S. Jennings, of Jacksonville, Florida, was nominated for first vice-president. Neither has opposition.

HILLSBOROUGH TO VOTE ON ANOTHER BOND ISSUE IMMEDIATELY

(By The Associated Press)

TAMPA, June 27.—The advantage of holding two elections the same day occurred to the county commissioners yesterday after they set July 28th for repeating the three million dollar highway bond election declared invalid by the county attorney and they moved up the date to August first when the voters also will pass on the proposal to extend the city limits of Tampa.

SAN FRANCISCO CHOSEN FOR MEEING PLACE OF REPUB CONVENTION

(By The Associated Press)

SAN FRANCISCO, July 5.—A strong sentiment has been created among the chiefs of the republican party in favor of San Francisco as the scene of the 1924 national convention, according to ward received here from the east.

We suppose that Orlando episode will give some of the republican newspapers in the North the opportunity to say that Editor Wendler was mobbed because he was running a republican newspaper. This is not the case. National politics had nothing to do with the mobbing of Wendler. The Florida Post advocated white supremacy and a white republican party.

Big headlines in some of the dailies say the railroads are not affected by the shopmen's strike. This is a foolish assertion. If the strike lasts a month there will be no trains moving on schedule time anywhere and there will be trouble and confusion everywhere. There was never a strike called yet that did not inconvenience the public—hence our aversion to strikes of any kind. It is the public that suffers.

We do not believe that the railroad men are striking for the question of pay altogether. We believe that other things enter into the argument and they will probably come out during the controversy. There are many points in the working conditions that are not right and that ought to be adjusted on the part of the railroads and on the part of the employees. We also believe that the conditions before the war were all right and if the country can ever get back to normal times all other questions will be settled amicably.

Orlando will have a motion picture studio and the papers down there say they will soon have the greatest moving picture location in the south. We suppose they will call it Hollywood.

PUBLIC FORUM

MEAT PRICES ARE HIGH.

Sanford, Fla., June 24, 1922.

Editor Sanford Herald,

Sanford, Fla.

Dear Sir:

One feels like weeping when he picks up an Orlando newspaper and reads the advertisements of the butchers over there; beef stew, 3 pounds for 25c; pure pork sausage, 20c lb.; guaranteed strictly fresh yard eggs, 30c per dozen; hamburger steak, 2 lbs. for 25c, etc.

Three pounds of beef stew in Sanford costs you 60c; hamburger steak sells for 25c per lb.; eggs, 40c per dozen; pure pork sausage, 35c and 40c per lb.

No wonder the Sanford markets do not advertise in the newspaper. They don't have to, but there is a reason up the woodpile somewhere. Some one should get behind the department of justice at Jacksonville and see why prices are so high here, and so low in Orlando, Jacksonville and other Florida cities (yet we have cheaper freight rates here). Surely there must be a combine, or a combination existing, which is in restraint of trade.

Everyone knows that the price of dressed meats fluctuate; go up, or down, as it were. Yet here in the beautiful little city of Sanford the prices at the meat markets remain the same, day in and day out. Your pork chops will cost you the same today, that you will pay next week at the same time. I have been in Sanford since December and I can truthfully say that pork chops (western) have remained at 35c per pound during that time. Never lower; never higher. Why?

I do not mean to knock our beautiful little city, but it is a disgrace and makes one feel humiliated to know that every time he hands a butcher 35c for a pound of pork chops in Sanford, that 30c would be enough to buy the same amount in Orlando or Jacksonville.

(And yet, there are some who will tell you that the price of living is simply awful in Orlando.)

There certainly must be a "gentlemen's agreement", or a written one between some of the butchers here, or there would be competition of some sort, and the butchers would advertise and give some one a chance to "KNOW WHAT'S WHAT."

Verily, I say unto you, find the "HEAD OF THE CORNER" and cut the serpents head off.

Yours very truly,

INDIGNANT CITIZEN.

Milane Amusement Co., Working on Plans for New Theatre

The Milane Amusement Co., is working on plans for the new theatre that will be built on the lot recently occupied by the Star Theatre. The new company is composed of Sanford people and they intend selling to Sanford people and already a large amount of the stock in the new theatre has been sold to Sanford folks. There will be some 200 stockholders and no one that will have more than one share of the stock if possible as the directors want the theatre to be owned by home people.

Some of the plans for the new theatre are fine and will give Sanford one of the finest theatres in the state. As soon as the plan is decided upon the one chosen will be published in the Herald in order that the public can see what kind of theatre the Milane Amusement Co., purposes to erect. But very little of the stock is now left as everyone approached is willing and anxious to invest in a share or two of theatre stock that means a local theatre owned and controlled by local people.

GUN CLUB AT Ocala.

The Sanford Rod & Gun Club was well represented at Ocala on the 4th at the state shoot, nine members of

DR. KING'S SERMON SUNDAY NIGHT

Using the subject "Fiancee and the Fiance" Dr. King delivered a very forceful sermon at the Baptist church to a large congregation Sunday night. This was the third of a series of sermons that the doctor is delivering, which have to deal with the problems of the young people.

Dr. King is a preacher gifted with the ability to hold his audience, in a very attentive way throughout his discourse.

dealt with the young man and young woman at that critical period of the lives of young people—when they are thinking of and getting married. He said that a young woman should be very careful about the kind of young man she allowed to keep her company—that she should always check up on the young fellow that called on her to see that he was of noble character and a gentleman in all that the name implied, and in turn he advised that the young man should use the same to say that no young man or young

women should ever consider forming a home without knowing that each had accepted Christ and had the love plan in selecting his company among the young women. Dr. King went on of God in their hearts; that while more mortar and bricks could form a house it took more than that to build a home—that homes could only be builded on the firm foundation of love both for one another and of Jesus Christ; that the love of God should always be the center of the home.

During the sermon Dr. King took occasion to pass favorable comment on the article appearing in the Herald last Monday a week 'Where Was Your Little Girl Last Night?' and asked how many there had read the article. Nearly every one in the house had and the doctor advised those who had not read the article to get a paper and read it at their earliest opportunity.

The last of the series of sermons will be delivered by Dr. King at the Baptist church next Sunday night. The subject being, "At the Marriage Altar."

The local club being present, the largest representation of any club in the state outside of Ocala.

Not only was the Sanford Club well represented, but went big in the scores. Six of the local boys shot in every event a total of 160 shots each and made scores as follows: Hand 143, Wight 140, Hutchinson 142, Coleman 137, Whitner 135, Purdon 118. Knight and Stevens arrived late and participated in only 60 shots, Knight breaking 51 and Stevens 49. The Sanford aggregation brought home more money in prizes than their expenses amounted to.

The rain was a handicap to the shoot and the full contest of 200 was not finished. In all the boys report a fine trip and aside from the long ride to the shoot, were in fine shape.

The next registered shoot will probably be held in Sanford about Labor Day and fully 100 of the best marksmen of the state will be present. Full arrangements have not been made but will be made at once and details published. The regular annual state shoot will be held in Sanford next May.

American Export Company's Secretary-Treasurer, J. F. Verigan, Praises Ferraline

Was In Run-Down Condition—Had No Appetite—Could Not Sleep—Joints Ached With Rheumatism—After Taking Two Bottles Ferraline, Eats Anything, Sleeps Soundly and Has No Touch of Rheumatism—Gains Seven Pounds.

J. F. Verigan, the Secretary-Treasurer of the American Motors Export Company and a prominent southern business man has written the Ferraline Medicine Co. as follows:

"It gives me great pleasure to say a few words in praise of 'Ferraline'. I was in a run-down condition, had been working for several months all day and part of the night and did not have any appetite at all and could not sleep and all my joints ached with rheumatism, and when I did eat, hard lumps would come in my stomach, but fortunately I met a friend who told me about Ferraline."

"After taking two (2) bottles of 'Ferraline' I can eat anything, sleep soundly and have no touch of rheumatism. I feel like a new person and have gained seven (7) pounds since taking the two bottles."

"I wish it was possible for me to tell all the stock about 'Ferraline'."

If you are troubled with rheumatism, indigestion, or acid stomach; if you suffer from disordered kidneys, biliousness, headache or nervousness; if you feel in a run-down condition, get a bottle of Ferraline from your druggist today! If your druggist cannot supply you, send \$1.00 direct to the Ferraline Distributing Co., Tampa, Fla.—Adv.

THE SANFORD HERALD

H. J. HOLLY, President and Editor
W. J. LILLARD, Secretary-Treasurer
M. A. HULL, General Manager

Published Every Friday by
THE HERALD PRINTING COMPANY
(Incorporated)

SUBSCRIPTION PRICE IN ADVANCE:
One Year \$3.00
Six Months \$1.80
Three Months \$1.00

Entered as Second Class Matter
August 22, 1922, at the Post Office at
Sanford, Florida, Under Act of March
3, 1879.

The Sanford Daily Herald is published
every afternoon (except Sunday) and
thoroughly covers the trading section.
Advertising rates reasonable and made
known on application. \$5.00 per year,
or 15c per week.

All is quiet along the St. Johns to-
day.

A real "sob sister" wrote the story
of the accident at Monroe for the Re-
porter-Star.

Young nurse in Knoxville has tried
suicide three times and failed and
now wants to live. We say give her a
chance.

Next year we want Sanford to put
on a Fourth of July celebration. It
will keep a lot of good money at home
where it belongs.

Great Fourth yesterday. Only one
accident recorded. The Fourth is not
what it used to be. No excitement,
no deaths, no accidents.

Fourth of July was quiet in San-
ford and few accidents reported but
there was the usual number all over
the United States. Safe and sane
Fourth.

Johnny Gordon and Gordon Glin
went begging at one dollar a quart in
New York City yesterday. There
must be an awful bunch of liquor in
the country.

Looks like Germany is going back
to the rule of the kaiser. Friends
of the monarchical government are get-
ting busy. Another instance of the
people unable to rule themselves.

The Irish insurgent forces have
surrendered in Ireland and DeValera
is in flight. They ought to deport
him to America and make him a New
York policeman where he could have
all the fighting he wanted.

Russin has flouted a big peace loan
successfully the dispatches say. It
ought to be a peace loan in every
sense of the word and unless those
scavengers over there behave them-
selves the loan should never be made.

Sam Gompers says the railroad
board is going too far in asserting
that the striking railway employees
are "outlaws." Nonsense, Sam. The
railroad board can do no wrong and
make no mistakes and, when you come
to think of it, they have gone too far
to back up.

The Washington plan for disarm-
ment will be accepted by the commis-
sion of the League of Nations is the
latest report. And thus Woodrow
Wilson is having his ideas put over
by a republican administration under
another name. Much time wasted
and much money lost by the delay
that meant nothing except changing
the name of the peace pact.

Disabled soldier, member of the
Rainbow Division, with wife and
child in Jacksonville, wants help be-
cause the government has been un-
tying red tape on his case for two
years without giving him any assis-
tance. He must have an operation
and it will be up to the people of
Jacksonville to see that he gets it.
This is what the patriots of the coun-
try get for their war service.

The school trustees of Orlando
have been ousted by the simple pro-
cess of the county school board
meeting and declaring the offices of
city trustees vacant—just like that.
It seems that there has been more or
less friction between the boards and
contractors and others in Orlando over
the question of building a new
school house. We suppose the local
school board will now go on a strike
awaiting further developments.

A PLEA FOR ATHLETICS IN THE
HIGH SCHOOL.

Ardent supporters of the local
county senior high school are start-
ing a movement, which, if carried
through to the anticipated goal, will
mean much to the athletic life of the
institution. They are making an
earnest effort to bring the school back
to the lofty pedestal it once enjoyed
in state prep school athletics after
three or four years of a most de-
spairing slump.

Those who have taken it upon
themselves to try and diagnose the
case have arrived at the conclusion
that it is as much a lack of support
on the part of the townspeople that
has led to the downfall of the var-
ious athletic teams as anything else.

They contend that honor is the only
thing the boys have to work for and
that where there is little interest
shown by the supporters, much of the
desire to make a good showing is lost.
It was with this in mind that some
of the alumni of the school have set
out to organize the Hillsborough High
School Athletic association. They are
making an especial effort to enroll
at least 1,000 members among the
business and professional men and
townfolk in general. They believe it
is the better way to stimulate inter-
est in the athletic affairs of the
school and thereby increase the at-
tendance at sporting events.

The attendant success thus far has
in no wise been of an encouraging
nature. Those who are soliciting
members say they have met with no
opposition, but there has not been the
general response and enthusiasm ex-
pected. They say many of the busi-
ness men are only lukewarm, and
that in some instances there is a ten-
dency toward indifference to the ac-
tivities of the school.

Since the school is a part of the
city—and a large part of that—it is
surprising to find conditions so. Al-
most 1,000 students will be enrolled
at Hillsborough in the fall, providing
there is room to care for that many,
and, basing the assertion on the com-
mon average of members to the fam-
ily, there should be five times that
many persons directly interested in
the affairs of the school.

Athletics are the physical part of
any school. That physical develop-
ment is absolutely essential to the
proper functioning of the mental
power is a point that needs no ad-
vancement. It has been proved over
and over again that a strong mind
without the support of a strong phy-
sique is lost to its efficiency.

Therefore, mental development
comes first, with physical develop-
ment running a close second. It is
thus in practically every school in the
country. Of course, there are a few
exceptions of learning that do not
participate in interscholastic athlet-
ics, but there is not one to be found
that neglects the physical angle of
the education process.

The main stronghold in arguing
for competitive athletics is the point
that they develop ability to fight to
the last ditch to achieve the ultimate
goal; that they instill a spirit of fair
play if properly taught; they develop
co-ordination of the mind and mus-
cles, all of which are applicable to the
business affairs of the athlete after
he has finished his studies and takes
his place in the commercial world.

It is the duty of every business and
professional man of Tampa to lay
aside the affairs of his private busi-
ness long enough to give considera-
tion to a civic obligation of the im-
portance that this movement is. There
should be no necessity for urging the
busy man to give a little assistance.
He should receive the opportunity
open arms.—Tampa Times.

GRATIFYING SIGNS OF PROG-
RESS.

From all over Florida comes news
of the planting of trees, the cutting
of weeds, the beautifying of cities
and towns by the elimination of waste
places, and the fighting of flies and
mosquitoes by scientific methods. And
the most gratifying feature of this
well nigh universal "cleaning up" is
that it is not done as a preparation
for the advent of the "tourist," but
for the gratification and pleasure and
enhancement of pride in their own
home town of the residents them-
selves. It registers a distinct advance
in civic pride and satisfaction. The
old slipshod, down-at-the-heel town
of past years is becoming a rarity in
Florida. It was always a reproach
to the state, with its disreputable,
unpainted buildings, its rambling raz-
orback hogs and wandering wild cat-
tle making themselves at home in the
streets, terrorizing women and child-
ren, and defeating every attempt at
beautifying the place with lawns and
gardens. We have to thank past
legislatures for granting corporations
of a certain size the power to im-
pound the wandering stock within
their limits, and make the beautify-
ing of little cities possible, even
though it was done against the vigor-
ous protest of the cattle barons, who
believed the whole boundless state
belonged to them, and had been ac-
customed to have their mandates
treated with great respect by the
legislature.

The people of the smaller cities
and towns are showing their grati-
tude by beautifying their homes, and
making them attractive places to live
in, instead of giving them up as pas-
tures for half wild stock. It shows
that the sentiment for improvement
was prevalent, although the possibi-
lity was absent under the former
primitive conditions. The sentiment
will go on increasing until every
cattle owner in the state shall be
made responsible for the damage
done by his stock. That sentiment
will prevail, because it is right and
fair to all, cattleman and settler. The
time of special privilege to any class
has gone by, and many of the cattl-

men are recognizing the fact and
moving their cattle out of the set-
tled farming districts. Next will
come fenced pastures, tick eradica-
tion and improvement of stock and a
wonderful development of the farm-
ing industry, all of which will react
favorably upon the development of
the state and the welfare of the cat-
tleman themselves. The present sys-
tem is a lingering relic of primitive
times, and out of harmony with the
present status and aspirations to
make Florida the most attractive re-
sidence state in the union.—Tampa
Times.

BUSINESS REVIVAL

"Behind on orders" sounds natural.
Several automobile companies are now
from thirty to ninety days behind on
orders. During January the automob-
ile factories of the United States
produced a little less than 100,000
automobiles. In May they turned out
252,000, and the June production, it is
said, will reach 350,000. There has
been a corresponding increase in
trucks, though tractors have not
shown such a large gain.

Manufacturers of farm implements
are swamped with orders. In the win-
ter they looked forward to another
dull year. Perhaps the farmers were
a little uncertain too, for they were
slow in placing orders for their sum-
mer needs. They showed little in-
terest in new equipment. But with the
opening of spring they began buying
and the demand has constantly in-
creased until now, in many lines, the
Apropos comes the report that Hen-
ry Ford will make another cut on the
price of the Lincoln car that will like-
ly force a cut on other cars of a simi-
lar class. The outlook now is for
1922 to be top-notch in automobile
production. Price reduction always
stimulates buying.

The agricultural interests of the
country are now measured by four
staple crops peculiar to their local-
ities. Wheat and corn in the north and
west, and cotton and oranges in the
south. Prosperity in these localities
depends largely upon these crops and
reports are followed closely all over
the country as an indicator of busi-
ness.

Curious enough, a dry June in the
north is making corn, and a wet June
in Florida is making oranges. Cotton
has suffered in some localities by
surplus moisture early in the season,
but now shows a splendid bloom. A
good wheat crop is being harvested.

In proportion as the agricultural
and horticultural interests are prosper-
ous will manufacturing and mer-
chandizing be prosperous. America is
a nation whose people have ever fixed
their faith in the soil. This has ever
been a storehouse for the provision-
ing of the world. Consequently, crop
reports are business barometers of
American business. Millions are
wrapped up in wheat and corn of the
west. Even our pork and beef sup-
ply are incidental to these. Millions
are involved in the cotton and orange
crops of the south. The mills of the
east will only run as the cotton fields
of the south supply the raw cotton;
the whole eastern half of the United
States and much of the northwest is
now depending upon those great sta-
ple fruits known to every household
and hotel table, oranges and grape-
fruit. So it is not strange that these
industries are always chartered when
forecasting business.—Reporter-Star.

MUZZLING THE PRESS

There are various ways to muzzle
the press. Florida has tried all of
them and should know. The libel
laws of this state, framed by poli-
ticians, are so strict that no editor
who has any property can call his
soul his own without a libel suit be-
ing tacked on him. The editor can
then engage a lawyer, pay out sever-
al hundred dollars, waste time and
money on the suit, and maybe come
out all right. It has come to the
point where there is no free press
and few newspapers care to take up
the burden of libel suits and their at-
tendant discomforts and expense.
Another way to muzzle the press is
to make it so hot for the editor that
he will either lose business and be
forced to quit or they can mob him
and make it so unpleasant for him
that he will leave the community.
All of these little inconveniences are
practiced on the newspapers of the
state at times until the majority of
the newspaper men of Florida say
but little about the shortcomings of
the people. They would rather fol-
low the line of least resistance and
say nothing; and their work for the
"dear public" is never appreciated
by the said public when the crisis
comes and the public has never been
known to back up the newspaper
when it gets in straightened circum-
stances. So that the dear public,
when it wants sauce served up with
its regular bill of fare in the news-
paper, will have to dig up a hundred
thousand dollars or more to tide the
paper over the "dry spell" that fol-
lows any exposures or statements or
investigations. Consequently the

3 per ct. MONEY Pay off that 8% mortgage; build on that lot; churches, lodges, etc., can do all this with 3% money. Drop a line to the 3 per ct. MONEY
Continental Finance Corporation
Clayton Building MIAMI, FLORIDA

public will be left to make its own
investigations. The editor of The
Herald does not make any personal
fight on any individual because we
are charitably inclined—The Herald
is the only paper in the community
and must, necessarily, be broad, and
mud-slinging never helps any com-
munity. We would rather build up
than tear down and we have found
out long ago that it pays to be chari-
table to all and it is not what you
print that makes your town but
what you leave out. However, we
would like to say in passing that if
a newspaper man ever jumped on us
we would make it a personal matter
and not a "mob matter."

Sanford is still hammering away
on its project of deepening the St.
Johns river channel to 20 feet, and
making the celery city a virtual sea-
port, with subsidiary waterways con-
necting it with the East Coast. Such
a scheme, if successfully worked out
—and Bob Holly is sanguine that it
can be—would be of immense value
to all of South Florida, in the way
of reducing freight rates. Success
to him and his co-workers.—Tampa
Times.

Tomorrow is "play day" and if the
stores close up and the business men
want to play they should be allowed
to have one day now and then to go
out and have a good time and help
the band while they are taking a
little rest and recreation. Let's go.

SOUR STOMACH
INDIGESTION
Thedford's Black-Draught Highly
Recommended by a Tennessee
Grocer for Troubles Re-
sulting from Torpid
Liver.

East Nashville, Tenn.—The effo-
lency of Thedford's Black-Draught, the
genuine, herb, liver medicine, is
vouched for by Mr. W. N. Parsons, a
grocer of this city. "It is without
doubt the best liver medicine, and I
don't believe I could get along without
it. I take it for sour stomach, head-
ache, bad liver, indigestion, and all
other troubles that are the result of
a torpid liver.

"I have known and used it for years,
and can and do highly recommend it
to every one. I won't go to bed with-
out it in the house. It will do all it
claims to do. I can't say enough for
it."

Many other men and women through-
out the country have found Black-
Draught just as Mr. Parsons describes
—valuable in regulating the liver to
its normal functions, and in cleansing
the bowels of impurities.

Thedford's Black-Draught liver medi-
cine is the original and only genuine.
Accept no imitations or substitutes.
Always ask for Thedford's.

Tested
THE QUALITY of vitrified paving brick always is certain, tangible, determinable before the brick are laid on the road. Their durability can be measured with exactness before the taxpayers' money has been spent. First, they are individually inspected four times during the process of manufacture. Finally, they are officially tested in the "rattler"—a revolving steel barrel wherein iron balls are placed with the brick in an endeavor to grind down, chip or smash them. Further, there never is any question about the thickness of a brick wearing-surface after it is down. The 3 or 3½ inch brick are there to be measured before they are laid. These are a few of the reasons for public confidence in
VITRIFIED
Brick
PAVEMENTS
Weaknesses of substitute and less durable wearing surfaces can not be measured until after the pavement is down and the taxpayers' money has been spent. This is because such wearing surfaces are not and can not be tested in advance in the same manner and with the same definite assurance of foretelling behavior under traffic as can brick surfaces. Paving brick are not prepared along the roadway. They are carefully manufactured in scientifically conducted plants, repeatedly inspected and rigidly tested in advance of laying. Care in manufacture and this system of advance testing are only two of the reasons why brick pavements last so long and cost so little for yearly repair and maintenance.

EAST SANFORD

A son was born to Mr. and Mrs. Ed. J. Cameron on the 28th of June at Bostwick Park where they have been spending the summer.

Mr. and Mrs. Bryan H. Squire and three little children have moved back from Jacksonville. Mr. Squires will have charge of the H. R. Stevens farm at Moore's Station.

Mr. and Mrs. W. L. Henley and Mrs. Kamp have moved into their lovely new home just completed on Celery avenue, one of the very prettiest and most attractive homes any where about Sanford.

Mrs. C. A. Palmer was here from Jacksonville last week arriving Monday with Mr. and Mrs. Proudfoot who will occupy the Palmer place in Cameron City.

Mr. and Mrs. Willey Wilson and children have moved over to Osceola (Bridge End) where Mr. Wilson will work at the saw mill.

Mr. Parmelee, of the West Side, has bought the J. E. Singletary farm and residence in Cameron City.

Mr. and Mrs. L. I. Frazier, of Celery avenue are having a fine trip in their Essex car. When last heard from they were in Philadelphia and headed toward New York City.

Mr. and Mrs. W. A. Raynor, of Celery avenue, are in Good Ground, L. I., spending the summer as usual.

Mr. and Mrs. W. E. Provatt and son Buster, have taken apartments at Coronado Beach and are enjoying life for a time.

John A. Cameron is the new mail man on Route No. 1 while Mr. Green has his vacation.

Miss Mamie Steele is camping with a party at Palm Springs this week.

Mr. and Mrs. J. E. Singletary and children have gone to Marianna to visit Mrs. Singletary's family.

Mr. and Mrs. Leon Purvis have been entertaining Mr. and Mrs. Dewey Warren, of Fort Meade. Mrs. Warren will be remembered as Miss Eusta Burgess who formerly lived here.

A jolly party composed of Mr. and Mrs. C. E. Chorpening, Helen, Carl and Alys, Mr. and Mrs. B. H. Squire, Margaret Elwin and Wilma, Mr. A. Corpany, Mr. and Mrs. J. C. Ellsworth, together with Mr. and Mrs. D. C. Howard and Walker Howard from town picnicked and bathed at Coronado Beach. On Sunday incidentally Carl Chorpening had a birthday that day.

Herbert Squire has gone to Cutchoque, L. I., to join his mother for the summer.

UPSALA AND GRAPEVILLE

Mr. and Mrs. Raymond Butler of Miami, who have been visiting at the home of her brother, Volle Williams, with their little son, Raymond, Jr., left on Monday for home in their car; their father, C. M. Williams, going home with them for a visit.

Mr. and Mrs. Andrew Bertleson took home his sister, Mrs. Adam Karr, and her daughters, Gladys and Mildred, of DeLand, who spent the week here with them and at the home of her sisters, Mrs. John Borell and Mrs. Alfred Ericson. They called to see Grapeville friends Thursday evening.

Next Sunday, the second in the month, is the time set for Rev. C. F. Wahlberg of Groveland to preach at the Swedish Lutheran church at 11 a. m. and in English at 8 p. m.

A well filled church greeted the little ones on our children's day and all seemed pleased with the exercises. For the short time to prepare, all did well. The flower decked little tots

were sure sweet, and the little girls in the "Praise the Lord" song, sang sweetly, while the soldier boys with their color bearer with the conquest flag, were good. Our band boys rendered "America" so well our superintendent led us in singing it until the house rang. Much credit is due Miss Myrtle West, who played so nicely for us. Our secretary, Mrs. Borell, sent in \$8 to help other schools to start. Rev. J. S. Clark was with us, giving us a short talk, emphasizing consecration, concentration and continuation in our christian life. He will be with us again on the third Sunday at 4 o'clock, while Sunday school meets at 3 o'clock for the summer.

Mr. and Mrs. Dunn brought a number from Lake Mary and Mr. and Mrs. Hicks came from Paola.

The Fourth of July was observed by some of us in our own homes, and a number went to Palm Springs, among whom were Mr. and Mrs. E. W. Lundquist and son, Miss Ruth Bergquist and Clarence, Mr. and Mrs. Barney Beck and children.

Mrs. Bingson came up to spend the Fourth with her daughter, Mrs. T. O. Tyner, while Mr. and Mrs. Fry and friends went on to Ocala.

Mrs. Volle Williams and two little sons left on Wednesday to spend the summer in Virginia and Kentucky, where she will visit her father's people. A young friend accompanied her.

A note from Mrs. DeForest at Derby, Conn., says they also are having lots of rain and would be glad of a sunny day, but that all nature is responding with beautiful flowers and luxuriant foliage. Dorothy Perkins roses are a mass of pink and the N. Y. & N. H. right of way.

There are seven men in our section who are now out on the strike order. We are all sorry this had to come but hope the men will win out in their demand, not for higher wages, as we understand, but for extra pay for holiday and Sunday work.

Mr. and Mrs. E. F. Lundquist and children, Mr. and Mrs. J. E. Lundquist, Emil Magnuson, Mr. and Mrs. August Swanson and Archie made up a pleasant party going over to Daytona Beach.

Mr. West's family, Charles Cramer and Grapeville friends spent a pleasant afternoon at Mr. and Mrs. Collier's country place

LONGWOOD

Mr. and Mrs. C. W. Entzminger were visitors in Sanford Friday.

J. S. Dinkel was transacting business in DeLand Wednesday.

Mr. and Mrs. Crafter spent the week end with their daughter, Mrs. Tico, in Orlando.

H. F. Phipps and John Anderson of Tampa spent the Fourth with J. E. Phipps, on Crank Hill.

Bill Satcher and Laurie Ford were visitors to Orlando Saturday.

Friends of little B. J. Overstreet will be pleased to hear that his bicycle, which was stolen two weeks ago, was found in Winter Park.

Among those from Longwood attending the B. Y. P. U. Federation at Chuluota were Mr. and Mrs. Fuller, Misses Lella and Francis Fuller and Laurie Ford.

Misses Ellen and Emma Fuller returned home from Orlando Saturday after spending the week with Mrs. Frank Toplift.

A number of friends were invited to the home of Mr. and Mrs. Roy Sour Monday evening to celebrate Mr. Sour's birthday, the event being a surprise to the honoree. Those invited were Mr. and Mrs. L. R. Payne, Mr. and Mrs. B. J. Overstreet and children, Mr. and Mrs. C. B. Searcy, Mr. and Mrs. Long, Misses Mildred Long and Olive Dinkel.

Louis Entzminger of Clearwater, is spending a few days with his parents, Mr. and Mrs. C. W. Entzminger.

Miss Lillian Wait of Dunedin is the guest of Mrs. Bill Satcher.

Mr. and Mrs. Frain entertained with a dance Monday evening at their new home.

T. P. Lewis and J. K. Fuller were visitors in Sanford Monday.

Mr. and Mrs. F. J. Nelmyer motored to Coronada Beach Monday.

Mr. and Mrs. R. J. Roiter and children left by auto for their old home in Pennsylvania to spend the summer.

Tanlac has been publicly endorsed by more well-known men and women than any medicine on earth.—Union Pharmacy.—Adv.

THE STREET PARADE IS ROUNDING INTO SHAPE

An interview this morning with the committee in charge of the big Elks parade that takes place July 18th, brought to light that this is going to be the feature of the day. There will be at least 500 men take part in this parade, along with many surprises that will keep the crowd in an uproar all the time.

The list of candidates has passed the hundred mark, and word has been received from Daytona stating that they are all in readiness to make this hundred candidates glad that they chose this day to join the Elks.

Another feature of the day will be the band concert that takes place in the City park that evening. The Daytona Elks band will render this concert and only those who have heard this band can appreciate what this means. The Sanford band will also take part in the parade along with the Elks band and then render a short concert on the grounds of the Elks Club immediately after the parade.

Keep it in mind and make no dates for that afternoon, as to miss this parade and concert means you miss one of the best stunts ever pulled off in Sanford. Make your plans to stay at home that day.

S. C. Harris, of Boston, was a caller at the Herald office today enroute to his old home in Eustis. Steve is an old friend of the editor of the Herald and is now in the stocks and bond business in Boston. He is also a great Florida booster and will get the Daily Herald on his desk hereafter to show his many friends and customers what a great city Sanford is getting to be.

"It Looked Like a Battlefield in Europe," Says Mr. C. Dunster

"Was staying at a hotel in a small Pennsylvania town. Early one morning I went to the stable to hire a rig and was shown a pile of dead rats killed with RAT-SNAP the night before. Looked like a battlefield in Europe." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Ball Hardware Co.—Adv.

A teaspoonful of Herblene will produce a copious and purifying bowel movement, improve appetite, restore mental activity and a fine feeling of vigor and cheerfulness. Price, 60c. Sold by Union Pharmacy.—Adv.

Swelling caused by insect bites can be reduced by using Ballard's Snow Liniment. It counteracts the poison and relieves the irritation. Three sizes, 30c, 60c and \$1.20 per bottle. Sold by Union Pharmacy.—Adv.

Notice of Application for Tax Deed Under Section 575 of the General Statutes of the State of Florida

Notice is hereby given that George E. LaVigne, purchaser of Tax Certificate No. 207, dated the 7th day of June, A. D. 1920, has filed said certificate in my office, and has made application for Tax Deed to issue in accordance with law. Said certificate embraces the following described property situated in Seminole County, Florida, to-wit: Lots 8 and 9 (less that part covered by Giles, Overstreet & Drews Sub-Div.) Block D, D. B. Mitchell's Survey of the Levy Grant.

FLORIDA WILL VOTE ON CONSTITUTIONAL AMENDMENTS AT THE NOVEMBER ELECTION

Four of Them and Most Important is the One for Re-apportionment

(By The Associated Press) TALLAHASSEE, June 27.—Florida citizens in the general election next November will vote on four constitutional amendments, submitted as a result of action by the legislature last year.

One of the amendments provides for the creation of special school tax districts, authorizing a tax levy up to ten mills for school purposes in such districts.

The second is a proposed amendment to Article V of the constitution authorizing the legislature to provide for the appointment of additional circuit judges, where such appointments are necessary to the speedy operation of the courts.

The third amendment is to Section 8, Article XVI providing for the payment of salaries to state officials monthly instead of quarterly.

The fourth amendment is to Section 8, Article VII, and relates to reapportionment. The proposed amendment follows:

"The legislature that shall meet A. D. 1923 and those that shall meet every ten years thereafter shall apportion the representation in the senate,

the whole number of senators not to exceed 38 members; and at the same time shall also apportion the representation in the house of representatives.

"The counties having one hundred thousand or more population shall have four representatives each; The counties having 30,000 and not more than 100,000 population shall have three representatives each; counties having 10,500 and not more than 30,000 population shall have two representatives each. All counties having less than 10,500 population shall have one representative each. The basis of apportionment as provided for in this amendment shall be the federal census next preceding the apportionment made by the legislature."

A further provision is that the governor shall by special message to each house at the appropriate session of the legislature, direct attention to this amendment, and if the legislature should refuse or fail to apportion the representation, it shall be the duty of the governor to convene the legislature in special session for the purpose of making such apportionment.

FORMAL DEMAND WILL BE MADE FOR PATENTS OWNED BY ALIENS NOT CONTROLLED BY FOUNDATION

Owned by Aliens Not Controlled by Foundation

(By The Associated Press) WASHINGTON, July 5.—Formal demand will be made by Allen Property Custodian Miller this week on Chemical Foundation for the return to the custodian of all formerly alien owned patents not controlled by the foundation, Miller announced. Miller said in event of refusal to turn over patents as has been indicated by Francis P. Garvan, head of the foundation, suit in equity will be filed in the supreme court, District of Columbia, in conformity with Harding's instructions.

"The counties having one hundred thousand or more population shall have four representatives each; The counties having 30,000 and not more than 100,000 population shall have three representatives each; counties having 10,500 and not more than 30,000 population shall have two representatives each. All counties having less than 10,500 population shall have one representative each. The basis of apportionment as provided for in this amendment shall be the federal census next preceding the apportionment made by the legislature."

A further provision is that the governor shall by special message to each house at the appropriate session of the legislature, direct attention to this amendment, and if the legislature should refuse or fail to apportion the representation, it shall be the duty of the governor to convene the legislature in special session for the purpose of making such apportionment.

"The legislature that shall meet A. D. 1923 and those that shall meet every ten years thereafter shall apportion the representation in the senate,

the whole number of senators not to exceed 38 members; and at the same time shall also apportion the representation in the house of representatives.

"The counties having one hundred thousand or more population shall have four representatives each; The counties having 30,000 and not more than 100,000 population shall have three representatives each; counties having 10,500 and not more than 30,000 population shall have two representatives each. All counties having less than 10,500 population shall have one representative each. The basis of apportionment as provided for in this amendment shall be the federal census next preceding the apportionment made by the legislature."

A further provision is that the governor shall by special message to each house at the appropriate session of the legislature, direct attention to this amendment, and if the legislature should refuse or fail to apportion the representation, it shall be the duty of the governor to convene the legislature in special session for the purpose of making such apportionment.

"The legislature that shall meet A. D. 1923 and those that shall meet every ten years thereafter shall apportion the representation in the senate,

the whole number of senators not to exceed 38 members; and at the same time shall also apportion the representation in the house of representatives.

"The counties having one hundred thousand or more population shall have four representatives each; The counties having 30,000 and not more than 100,000 population shall have three representatives each; counties having 10,500 and not more than 30,000 population shall have two representatives each. All counties having less than 10,500 population shall have one representative each. The basis of apportionment as provided for in this amendment shall be the federal census next preceding the apportionment made by the legislature."

A further provision is that the governor shall by special message to each house at the appropriate session of the legislature, direct attention to this amendment, and if the legislature should refuse or fail to apportion the representation, it shall be the duty of the governor to convene the legislature in special session for the purpose of making such apportionment.

"The legislature that shall meet A. D. 1923 and those that shall meet every ten years thereafter shall apportion the representation in the senate,

the whole number of senators not to exceed 38 members; and at the same time shall also apportion the representation in the house of representatives.

"The counties having one hundred thousand or more population shall have four representatives each; The counties having 30,000 and not more than 100,000 population shall have three representatives each; counties having 10,500 and not more than 30,000 population shall have two representatives each. All counties having less than 10,500 population shall have one representative each. The basis of apportionment as provided for in this amendment shall be the federal census next preceding the apportionment made by the legislature."

A further provision is that the governor shall by special message to each house at the appropriate session of the legislature, direct attention to this amendment, and if the legislature should refuse or fail to apportion the representation, it shall be the duty of the governor to convene the legislature in special session for the purpose of making such apportionment.

"The legislature that shall meet A. D. 1923 and those that shall meet every ten years thereafter shall apportion the representation in the senate,

the whole number of senators not to exceed 38 members; and at the same time shall also apportion the representation in the house of representatives.

"The counties having one hundred thousand or more population shall have four representatives each; The counties having 30,000 and not more than 100,000 population shall have three representatives each; counties having 10,500 and not more than 30,000 population shall have two representatives each. All counties having less than 10,500 population shall have one representative each. The basis of apportionment as provided for in this amendment shall be the federal census next preceding the apportionment made by the legislature."

A further provision is that the governor shall by special message to each house at the appropriate session of the legislature, direct attention to this amendment, and if the legislature should refuse or fail to apportion the representation, it shall be the duty of the governor to convene the legislature in special session for the purpose of making such apportionment.

"The legislature that shall meet A. D. 1923 and those that shall meet every ten years thereafter shall apportion the representation in the senate,

the whole number of senators not to exceed 38 members; and at the same time shall also apportion the representation in the house of representatives.

"The counties having one hundred thousand or more population shall have four representatives each; The counties having 30,000 and not more than 100,000 population shall have three representatives each; counties having 10,500 and not more than 30,000 population shall have two representatives each. All counties having less than 10,500 population shall have one representative each. The basis of apportionment as provided for in this amendment shall be the federal census next preceding the apportionment made by the legislature."

A further provision is that the governor shall by special message to each house at the appropriate session of the legislature, direct attention to this amendment, and if the legislature should refuse or fail to apportion the representation, it shall be the duty of the governor to convene the legislature in special session for the purpose of making such apportionment.

"The legislature that shall meet A. D. 1923 and those that shall meet every ten years thereafter shall apportion the representation in the senate,

the whole number of senators not to exceed 38 members; and at the same time shall also apportion the representation in the house of representatives.

"The counties having one hundred thousand or more population shall have four representatives each; The counties having 30,000 and not more than 100,000 population shall have three representatives each; counties having 10,500 and not more than 30,000 population shall have two representatives each. All counties having less than 10,500 population shall have one representative each. The basis of apportionment as provided for in this amendment shall be the federal census next preceding the apportionment made by the legislature."

A further provision is that the governor shall by special message to each house at the appropriate session of the legislature, direct attention to this amendment, and if the legislature should refuse or fail to apportion the representation, it shall be the duty of the governor to convene the legislature in special session for the purpose of making such apportionment.

"The legislature that shall meet A. D. 1923 and those that shall meet every ten years thereafter shall apportion the representation in the senate,

the whole number of senators not to exceed 38 members; and at the same time shall also apportion the representation in the house of representatives.

"The counties having one hundred thousand or more population shall have four representatives each; The counties having 30,000 and not more than 100,000 population shall have three representatives each; counties having 10,500 and not more than 30,000 population shall have two representatives each. All counties having less than 10,500 population shall have one representative each. The basis of apportionment as provided for in this amendment shall be the federal census next preceding the apportionment made by the legislature."

NOTICE TO BRIDGE CONTRACTORS

Sealed bids will be received by the Board of County Commissioners of the County of Seminole, Florida, at the Court House in Sanford, Florida, on the 11th day of July, 1922, for the construction of a Draw Bridge across the St. Johns River on the road between Sanford and Osteen, at 12:00 a. m. July 11th, 1922.

Each bid must be accompanied by a certified check in the sum of \$1,000.00, made payable to E. A. Douglass, Clerk of Seminole County, Florida, as evidence of good faith.

The County Commissioners reserve the right to reject any or all bids, or to accept any bid they may deem to be for the best interest of the County.

NOTICE TO PAYING CONTRACTORS

Sealed proposals, subject to the sale of bonds, will be received by the County Commissioners of the County of Seminole, State of Florida, at the Court House in Sanford, Florida, on the 15th day of July, A. D. 1922, for the road work of approximately 18,000 sq. yds. surfacing macadam roads, 45,450 sq. yds. brick roads and constructing approximately 13,700 sq. yds. rock or other hard surfaced shoulders.

Each proposal shall be accompanied by a certified check issued upon a State or National Bank, and made payable to the order of the Clerk of the Circuit Court of the County of Seminole in the sum of five per cent of the amount of the bid.

The successful bidder will be required to give bond equal to fifty per cent of the amount of his or their bid, such bond to be secured by a Surety Company licensed to do business in the State of Florida, and the bidder shall produce a certificate from the Treasurer of the State of Florida showing the amount of the deposit and the class of bonds said deposit covers.

Copies of the plans and specifications may be seen at the office of the Clerk of the Circuit Court in Sanford, or at the office of Fred T. Williams, Sanford, Florida.

The County Commissioners reserve the right to reject any and all bids or accept any bid they may deem to be for the best interest of the County.

Attest: E. A. DOUGLASS, Clerk of the Circuit Court. FRED T. WILLIAMS, Engineer. 44-5tc

RAILWAY UNION OFFICIALS CONTINUE THE CONFERENCE ON THE RAILROAD STRIKE

Informal Statements Show Strong Sentiment for Walkout

CHICAGO, June 27.—Railway union officials continued their conferences today on the threatened railroad strike. With informal statements by union leaders indicating referendum of shopmen, maintenance of way employes and clerks throughout the United States discloses a strong sentiment for a strike as a protest against wage reductions. J. C. Smock, assistant to president of maintenance of way men predicted a walkout would be called July 15th. Others said conferences with railroad officials probably would delay call until August first.

FLORIDA MEN ARE OUT WALKOUT IS GENERAL, ALL BUT WRECK CREWS

Every Railroad Shop in Florida is Affected by the Nation-wide Strike

JACKSONVILLE, July 1.—The walkout of shopmen in Florida apparently was general from reports received here. Following losses so far: Atlantic Coast Line, Jacksonville 400, High Springs 250, Sanford 150, Lakeland between 50 and 200; Seaboard Air Line, Jacksonville, 875; Florida East Coast, South Jacksonville, 100; New Smyrna, 126, Buena Vista (Miami) 200, Key West 125; St. Johns River Terminal Company, Jacksonville 100. At South Jacksonville fifteen laborers not effected by the strike order are out in sympathy with the shopmen. Union officials here announced union craftsmen assigned to wrecking trains would report for duty at a moment's notice should wreckers be called out. No disorders reported anywhere in Florida.

JACKSONVILLE, July 1.—The following roads lost. East Coast, Fort Pierce, 70; Coast Line, Port Tampa 135; Seaboard, at Tampa, 200.

BARRACUDA IS CAPTURED ON THE MONTREAL BEACH CAUSES CONSTERNATION

Same Species of Fish That Attacked St. Petersburg Girl

(By The Associated Press) MONTREAL, July 5.—Consternation spread through bathing circles here by the capture of a barracuda near Montreal, one of which ferocious fish recently caused the death of Dorothy McClatchie, of Montreal, at St. Petersburg, Florida, recently. Fishing in the Lachine Rapids, two men caught the barracuda. They killed it when it attacked them. Bathing activities virtually ceased as a result of their catch.

PRESIDENT PLAIN CITIZEN IN HIS HOME TOWN TODAY, CHINNING WITH FRIENDS

Will Review Historical Parade Staged in Marion's Celebration

(By The Associated Press) MARION, Ohio, July 5.—President Harding is just a plain citizen today in his own home town. Relieved from the burdens of his high office he spent the day chinning with members of his family, intimate friends, and the boys at the Marion Star office. He addressed a large crowd at the fair grounds yesterday but today's only scheduled appearance in public was to review the historical parade staged in Marion's centennial celebration. It is the president's first visit home since he left March 2nd a year ago for the White House.

NEXT REUNION SPANISH WAR VETS HERE

Roosevelt Camp Contingent Gets Veterans to Come Here

Roosevelt Camp, Spanish War Veterans in meeting at the state reunion at St. Augustine under Commander Terheun nailed the next convention for Sanford according to the following wire from Capt. J. T. Brady: "Have secured the next reunion of Spanish-American war Veterans."

CONVICT EX-JUDGE OF MURDER OF WIFE

SALT LAKE CITY, Utah, July 5.—Omer R. Woods, a former probate judge in Idaho, was convicted by a jury yesterday of the murder of his wife, Mary Emma Woods, who was burned to death in bed January 8th.

The prosecution contended that Woods killed his wife to collect \$16,000 life insurance and he said she was slain by burglars.

The jury's verdict was murder in the first degree, which calls for only one penalty in Utah, that of death.

Woods, on July 11, will be asked to state by which method he shall die—hanging or shooting.

Seven Bandits Disarmed Policeman, Robbed Messenger

Was on St. Louis Street Car When the Hold-up Occurred

(By The Associated Press) ST. LOUIS, July 5.—Seven bandits today boarded the Tower Grove street car, disarmed a policeman accompanying Joseph Mossop, messenger for the Tower Grove Bank and escaped with a satchel containing \$28,000 which the messenger was taking to a downtown bank.

TROLLEY CAR CRASH NEAR ALBANY, N. Y. CA

ONE MINER KILLED AND ANOTHER IS WOUNDED AT OHIO COAL MINE

Strip Mines Seem to Be Cause of Most of the Trouble

(By The Associated Press)

BRIDGEPORT, Ohio, June 27.—One miner was killed and another wounded this morning when they were fired upon from the hills while enroute to work at the strip mine of the Catherine Coal Company at Uniontown, near here. Victims were in an automobile when the shooting began. Six men were in the car but four escaped without injury. The assailants escaped. Three strip mines of the Catherine Company in this region have been operating since the strike was called April 1.

WASHINGTON, June 27.—Two sides to the Herrin, Ill., mine killings were presented yesterday in the house during debate in which Representative Goodykoontz, of West Virginia, and Representative Denison, of Illinois, both Republicans, participated.

Mr. Goodykoontz called upon officers of the United Mine Workers of America to assist in prosecution of those responsible for the disorders even though found among the union membership. Otherwise, he said, the United Mine Workers organization will never be able to rise from the low level to which its members have caused it to fall. He added that the people "are crying out against the enormity of the crime, and strong men in the union should take note of the injury crime is doing their cause."

Mr. Denison, in whose district the disorders occurred, replying to the West Virginia member, set forth in detail the conditions, which led to the

killings, declaring that the "most unfortunate affair" was due to the employment of non-union men "armed with rifles and machine guns" to mine coal in violation of an agreement entered into with the union miners.

The Illinois representative contended that newspaper reports of the disorders in many cases were "very inaccurate," and said that according to the local papers of Marion, his home "not one-fifth of the press reports to the metropolitan newspapers were true." He said he regretted the "repulsive and horrifying details" contained in the accounts and added:

"I know that many of the revolting, gruesome details are not reliable and not true in many instances. If the people of the country were better informed about the circumstances which led up to the tragedy they would take a different view of it."

While not excusing a resort to force by the union miners, Representative Denison said it was well known that whenever non-union miners were taken into southern Illinois to mine coal, there had been a "tragedy."

Representative Goodykoontz asserted that the "coroner's jury verdict indicated that they (the union miners) have even control of the processes of the law there. He recited conditions in Logan county, West Virginia, and declared that property there would have been destroyed and the law ignored, as he insisted it had been in Illinois, had not the authorities of the county and state taken prompt action.

for in his rough career of many victories on Benny Leonard has ever before sent him to the floor and Leonard failed to do that today, although there seemed little doubt that one more right cross would have put Rocky flat on his back for a long count.

Leonard, surrounded by the hundreds who rushed to his corner, smiled incessantly about the bout and declared himself well satisfied with the result.

"They thought because Kansas went the limit in three other bouts with me that I couldn't put him out. They said when Britton beat me I was through. I guess I showed today that I am still a champion, that I still have the punch, and that I can still move fast."

"If there are any fighters who doubt, I want them to know that I still have plenty of what I gave Kansas today."

POSTAL SERVICE IS RELAY RACE UP TO RUNNERS

WASHINGTON, July 5.—The postal service "is like a gigantic relay race and calls for the utmost co-operation between the runners," Postmaster General Work last night told the North Carolina postoffice clerks and carriers in convention at Asheville in a radio address delivered here.

"My hope is that each one of you will be encouraged to extend your knowledge of the postal service generally so that you may better understand the true purpose of its existence," the postmaster general continued, pointing out that the work of the individual employe affects materially the results of his co-workers' efforts.

Congratulating the North Carolina clerks and carriers upon "anticipating us" in applying the idea of joint conventions to promote good fellowship and better work and to stimulate general understanding, Dr. Work said such gatherings "have suggested to us the plan for assembling workers from all branches of the postal service once each year in a mass meeting for the specific purpose of creating a feeling of association, and enabling each worker to get the benefit of the other fellow's viewpoint."

"We must do the job that lies before us," he declared. "And more than this, if we are to extend our sphere of usefulness, we must learn something about the other fellow's work. To progress, we must exercise our curiosity and discover for ourselves just how our work fits in with the work of others."

DISREGARD FOR LAW IS OUR PROBLEM IN THIS COUNTRY

OCEAN GROVE, N. J., July 5.—"Disregard for the law is the greatest problem that America now faces, constituting a menace which if unchecked, spells anarchy and ruin," declared United States Senator Lenroot, of Wisconsin, in an address made yesterday at Ocean Grove during an Independence Day celebration. Senator Lenroot urged observance of the Volstead act and deplored the tendency of the people to split into groups. Declaring his belief in the rights of labor to organize, he said:

"The shocking occurrences recently in the coal strike region in Illinois should arouse us to action. To quit work is a right but labor must understand that the right to work is just as sacred. Neither tyranny of capital nor tyranny of labor will be tolerated in America."

Senator Frelinghuysen, of New Jersey, presided at the celebration and also made a patriotic speech.

VOTE ON AMENDMENTS TO CHARTER

The citizens of Sanford will vote on the amendments to the city charter on Wednesday, July 12th. You have seen the amendments published in The Herald and are no doubt familiar with them. All of these amendments are needed in the growing city of Sanford. One amendment gives the city the right to bond for the municipal ownership of public utilities. This is something that eighty per cent of the citizens of Sanford have been praying for the past four years and now that they have the opportunity to vote for the right to bond for their own plants there should be such an outpouring of voters at the polls as has never been seen in this city. There is nothing that can be said in favor of private ownership of the utilities and everything that can be said in favor of the municipal ownership. If you want facts and figures you can get them from any city that owns their utility plants and there are many of them in Florida. In fact, in a few years every city in Florida will be the owners of their utility plants. The water furnished to the people here has kept many people from locating here, prevented many factories from locating here and hurt the city in many ways. The water is the purest in the world but has traces of

sulphur gas in it, making the water unpleasant to smell and taste and making it injurious to all kinds of machinery. This could have been remedied by the present owners, but they have never seen fit to do it. Consequently there is just one thing for the people here to do in the matter and that is to put on a new deal and get what they want while they are going after it. Remember that you must vote on the 12th of July if you expect to own your public utility plants in the future. If you do not vote then forever hold your peace.

ELKS COMMITTEES ARE ALL APPOINTED

At a regular meeting of the Elks Lodge Wednesday night final arrangements were made for the big celebration that takes place on July 13th, and the committees were named, and they are all on their toes to show Sanford one of its biggest days. H. B. Lewis is chairman of the entertainment committee. W. E. Walthall and Roy Tillis, barbecue and pillow; Charlie Britt, parade and publicity, and Roy Chittenden, music and dance.

These chairmen, with their committees, have already started to work and the program as mapped out will be carried through to a successful finish.

Fully 100 candidates will inquire into the mystic part of the Elks Lodge on that day and as to whether or not they are to be satisfied is left to the Daytona team, which happens to be the best in the state. A full program, covering the line of march of the big parade, the correct time of the band concert and other features will be made public within a few days.

The Sanford people are again urged to remain in Sanford for that day to witness the biggest parade seen in many a day, and this parade will have so many surprises for you it will never be forgotten.

Keep your eye on The Herald's columns for further particulars.

THE SCRAP IRON CLASS.

One of the seven wonders of Sanford is Dr. Walker's Sunday school class which meets each Sunday morning at the Princess Theatre. If you do not believe this is so, test its truth next Sunday by being on First street in the vicinity of the Princess Theatre around 10 o'clock. The landscape will be so filled with men that you may be pardoned for thinking you have chanced upon a gathering of some mystic klan, whose purpose it is to tag every man in sight.

In this one thing only is the class unorthodox. Its members are not recruited on the Wesleyan plan of free moral agency; so, unless it is your wish to join the class, it is suggested that your observations be made from the opposite side of the street with an open doorway handy; then, if Forest Lake or H. H. Chappell or Frank Miller or any one of several other reputable citizens is seen to approach with a purposeful gleam in his eye, you are advised to duck.

However, unless enrolled elsewhere it will be distinctly worth your while to attend this class. It is a man's class—yours if you chose to make it so. It's spirit is fine. The lesson, as presented by Dr. Walker each Sunday, is a practical guide for daily living.

Yesterday, Dr. Walker spoke by request on the question, "Is the World Growing Better?" He took up successively the following points: politics, business, society and church, presenting only the pessimistic side of the question. Next Sunday he will resume the discussion, present the reverse side, and give his answer to this question.

Are you a member of the Scrap Iron Class? It's influence is being felt in Sanford.

RAILROAD SHOPMEN SAID TO BE GOING BACK TO WORK IN GROUPS UNCERTAIN NUMBERS

Maintenance of Way Men Will Go Out Despite Orders

(By The Associated Press)

CHICAGO, July 5.—Striking railroad shopmen reported to be drifting back to work today in groups of uncertain numbers. B. M. Jewell, head of the Shopmen, reiterated the union's assertions that the strike is 100 per cent effective at all points reporting. The Maintenance of Way men despite decision of their executive council last night to postpone strike action temporarily, are reported to be joining the walkout. Freight handlers, clerks, stationary firemen, oilers joined deserting ranks of shopmen at various points although fully as many shops reported men returning to work.

ST. AUGUSTINE, Fla., July 5.—Vice-President Beckwith of the Florida East Coast, in an ultimatum to the striking shopmen today said all not at work by 7:00 a. m. July 10th will be considered permanently out of service.

NORFOLK, July 5.—The Norfolk Southern Railway today announced the cancellation of three passenger trains because of the shopmen's strike; it being necessary to conserve motive power.

CHICAGO, July 5.—The threatened extension of the strike of railway employes to 400,000 trackmen was averted yesterday through the efforts of members of the United States railroad labor board and officials of the United Maintenance of Way Employes and allroad Shop Laborers.

Postponement of the strike was announced last night by E. F. Grabo, president of the maintenance of way organization, after he and his executive council had conferred throughout the day with Chairman Ben W. Hooper, of the labor board, and W. L. McMenimen, labor member of the board.

Maintenance of way chairmen were instructed to proceed to take up maintenance of way disputes with the individual roads, and in case an agreement is not reached, to refer the matter to the labor board. Those disputes include the wage cut recently authorized by the board for maintenance of way employes, changes in maintenance of way rules and the contracting out of track work.

Members were directed to continue work under the cut wages ordered by

the labor board, effective July 1, but to take any revision in rates retroactive to July 1 and to withhold strike orders pending the carrying out of these matters.

JACKSONVILLE, July 5.—Maintenance of way men employed by the Florida East Coast railroad here have withdrawn from their national organization and formed an organization of their own, according to a statement issued from the office of J. P. Beckwith, president of the road. The men have signed a contract with the road, the statement said, based on the wage scale fixed by the railroad labor board.

The announcement was contained in a brief statement and officials would not elaborate on it. The statement was made in ignorance, it was asserted, that national officers of the maintenance of way organization had ordered a strike call held in obedience under an agreement reached with the railway labor board which provides that the workers' case will eventually come again before the board.

PRAYER MEETING CONTEST.

Dr. J. C. Jenkins, pastor of the First Methodist church, Gainesville, has challenged Sanford, Ocala, Leesburg and Lake City to a contest for the largest attendance at prayer meeting until December 1. The Methodists here have accepted and entered heart and soul into the spirit of the contest, and are working to have a large attendance tonight. Every Methodist and friend in the city is urged to be present tonight. First, it is good to be at prayer meeting then it will be a good thing to get the banner in such a contest. Come.

RYDER-NISBET NUPTIALS.

The following clipping from the Mason Journal will be of interest to the many friends of this popular young couple. The bride has made many friends here during her frequent visits here with her cousins, Mr. and Mrs. W. E. Watson:

"A wedding of much interest to a large circle of friends was that of Miss Victoria Sweet Nisbet, of Mill-edgeville. The beautiful daughter of

Mr. and Mrs. Alfred De Bourg Nisbet, and Mr. Walter Gates Rider, of Chicago, Ill., which was solemnized on Wednesday evening at Sunset, the home of the bride. Rev. T. J. Watts, pastor of the Presbyterian church officiating. The ring ceremony was performed at an altar of ferns and daisies between the stately oaks on the Nisbet lawn. The playground of "Vic" from childhood. The bride and groom marched out unattended from

itching diseases can be controlled and cause removed by applying Ballard's Snow Lintment. The relief is prompt and permanent. Three sizes, 30c, 60c, and \$1.20 per bottle. Sold by Union Pharmacy.—Adv.

666 cures Bilious Fever. 38-20c

Lake Mary Casino Was Crowded Day and Night OVER 3,000 THERE

ATHLETIC EVENTS, MUSIC, FIREWORKS, GUN CLUB, DANCING, BATHING SUIT PARADE

Over three thousand people attended the big musical carnival at the Crystal Lake Casino at Lake Mary yesterday and enjoyed the band concert and athletic events, the bathing suit parade and the dancing. Bands from Eustis, Ovidio and Sanford kept things lively all day and helped to crowd the pavilion. One of the features of the day were the athletic events under the direction of E. F. Lane in which the following were the winners:

- Potato race—Leonard McLucas.
- Sack race—Webb Zinoh.
- Peanut race for small boys—William Ferrit.
- Peanut race for large boys—Leonard McLucas.
- 50-yard dash—Collie Biggers.
- 100-yard swimming race—Johnny Musson.
- Winner of swan dive—Orn Connor.
- Fancy dive—Leonard McLucas.
- Dive for distance—Johnny Musson.
- Edward F. Lane had charge of the athletic events and deserves great credit for handling them in such an able manner.

The following merchants donated prizes for the athletic events: Mobley's Drug Store, Gillon & Fry, Deane Turner, Roumillat & Anderson, the Churchwell Co., Union Pharmacy, Sanford Shoe & Clothing Co; Lloyd Shoe Store, Hill Hardware Co.

The bathing suit parade had been looked forward to with much anticipation as Sanford is noted for her pretty girls and promptly at five o'clock, led by the combined bands and with A. P. Connelly, president of the Chamber of Commerce, and Mayor Henry at their head the bevy of beauties in beautiful bathing costumes paraded around the pavilion and then to the shore where they were judged, by Forest Lake, Mrs. B. R. Cox of Orlando and Mrs. Jensen of Eustis and after much deliberation it was decided that the following were the winners:

Miss Dorothy Stokes for the prettiest suit, Miss Chevalotte Smith of Ocala for the best looking girl and Miss Margaret Cowan for the most unique suit. The following young ladies were in the parade and it was said to be one of the prettiest ever staged in this part of the state: Ruth Gillon, Ann Leo, Allie Gillon, Margaret Cowan, Dorothy Stokes, Chevalotte Smith, Irma Smith, Grace Gillon, Dorothy Mero, Naomi Fellows, Dorothy Ray, Tillie Benjamin, Lizzie Flowers and Joan Maxwell.

In the evening the pavilion was popular with an excellent orchestra making the music and where those who wished to dance found a most excellent floor.

BENNY LEONARD WINS OVER ROCKY KANSAS IN REGULAR STYLE

(By The Associated Press)

MICHIGAN CITY, Ind., July 4.—Benny Leonard, world's champion lightweight fighter, knocked Rocky Kansas all over the ring in the eighth round of their scheduled ten round titular contest today and the Buffalo challenger's seconds threw in the sponge to save their man from what was apparently going to be the first counting out of his career.

The battle will go down in the record books as only a technical knockout for the champion, but it will stick in Nocky Kansas' memory as the most severe beating he ever received.

Blood running from his mouth down his naked chest and tears trickling through the heavy growth on his cheeks, Kansas, held up by his manager, could only moan: "Ho whipped me, he whipped me, and oh, how he can hit."

Following claims by Kansas' friends that the ulna bone in his left arm just above the wrist had been broken in the third round of the fight, and that Kansas had fought gamely on for five more rounds with the member practically useless, the fighter was examined tonight by Dr. C. K. Briggs, of Chicago, and Dr. A. L. Barone, of Buffalo, a member of Kansas' camp. They said the bone was broken.

Dan Rogers, Kansas' manager, asserted the sponge in the ring against Kansas' wishes, in order to save further injury to his arm.

Kansas seemed to be out on his feet, but it was the disgrace of the sponge that seemed to hurt him most,
