## Social Security Tax Hurts Low Incomes

WASHINGTON (AP) — A Brookings Institution study says the Social Security tax not only is rising faster than other federal taxes but also is increasingly unfair to lower income workers.

In an analysis by economist John A. Brittain published by Brookings Thursday, the institution said Social Security, or payroll taxes, urgently need to be reformed so that workers would pay on their ability to contribute.

The 285-page report says the working poor, those earning less than \$4,200 a year, currently are paying a Social Security tax of about 13 per cent, even though their earnings are so low they are exempted from paying income tax. Middle income families also are hard hit, the report says. A married couple with an income of \$10,800 next year may pay a higher rate of income tax and Social Security tax combined than a family earning \$23,000, it said.

The maximum combined Social Security tax on employers and employees rose from a total of \$60 in 1949 to \$811 in 1971 and will jump to \$1,324 in 1974. The report said rises in the tax rate have been virtually unchallenged because many taxpayers believe "that their payments are vested in their own names, or at least that the prospective benefits are worth the cost."

"Then, too, the rates seem low in comparison with those of the federal income tax. Most wage earners don't realize how much they are actually paying," Brittain proposed the payroll tax be restructured through exemptions and deductions, such as income tax, or through the gradual replacement of the payroll tax by the income tax.

## Food Store Robbed, Sanford Men Held

Three Sanford men and a 16-year-old Midway juvenile were charged with armed robbery by Patrolman Jim Pleicomes of the Longwood Police Department last night.

Timothy Joseph Bradley, 18, of Rt. 2 Box 302, Robert Lee Addison, 23, of 69 Castle Brewer Court, and Norris Chisolm, 22, of Rt. 2 Box 283, were jailed under \$10,000 bond each. The fourth suspect was turned over to juvenile authorities.

The four men were charged in the armed robbery of the Little Dixie Food Store at the corner of Church Street and East Lake Avenue in Longwood. The Longwood Police Department received a call on the robbery at 8:01 p. m. last night.

Longwood officers were alerted to be on the lookout for a tan colored 1962 Chevrolet. Pleicomes spotted the vehicle and had the suspects in custody only seven minutes after the robbery took place.

Pleicomes, joined by other Longwood officers, searched the car and recovered over \$600 taken in the robbery. A "small caliber handgun," used by one of the suspects, was also recovered from the car, according to Longwood Chief Wesley Dowell.

Our congratulations to Orlando Criminal Court Judge Rogers Turner, who only yesterday sentenced a convicted rapist and confessed armed robber to prison terms of 12 years and 101 years.

Is reasoning? "Nowadays life is seven years, the minimum term before parole can be considered."

Obviously we also extend similar recognition to our own Circuit Court Judge Dominic Salfi... one who has had the foresight to continue his determined stand against law breakers, especially in the narcotics field.

Did you know that the majority of those connected in this nefarious trade have acknowledged the fact that they'd rather "try it somewhere else, cause if they get you in Seminole...buddy, you've had it!"

A happy, happy to my favorite girl friend... "Jodie babe! Since I'm 28 (and holding), that makes her 26 today, right honey? Good thing I'm not in New York City today, too... cause I just know I'd have taken Tiffany & Co. up on their once-in-a-lifetime offer.

One-day only sale... its celebrated Canary Yellow Diamond, a gem it really doesn't want to sell. The price tag is a cool \$5 million. (Ah, what the heck... I'll share my can of "suds" with you instead, O.K.?

# Lake Minnie Site Selected New Condominium Planned

By BILL SCOTT  
A multi-million dollar condominium complex to be located on 41 acres on the south side of Lake Minnie, on the east side of Highway 17-92, across from the entrance to Sunland Estates, was disclosed at Thursday night's Sanford Planning and Zoning Board by an attorney for the developers. Known as Northridge Inc., the complex will ultimately consist of 480 total, one and two-story condominiums according to the plan drawings presented to the zoning board for consideration prior to bringing the property up for a public hearing to annex.

After being pinned in car 45 minutes. Ambulance attendants and investigating trooper Dan Lawrence of the Florida Highway Patrol, check the injuries of Lucille Anderson, 55, before she was transported to Florida Hospital by Herndon Ambulance helicopter.

## Greenbelt Approved On Zoning, Services

By ANN SIECZKOWSKI  
The hearing, which was sparsely attended. Wilco's development, called Greenbelt, is located in the south east section of the Lake Mary Boulevard-I-4 intersection. Population by 1981 is estimated to be 17,285, 728 of which total will be school age children in secondary levels.

PERON FLIES Home; Navy Mutines  
BUENOS AIRES (AP) — About 100 petty officers of the Argentine navy mutinied at their training school in Buenos Aires early today as Juan D. Peron flew home from 17 years of exile.

HER POWERFUL ENGINES STILLED BY FLOODING, the battered Coast Guard cutter Jarvis is safe in a sheltered Aleutian chain inlet today as divers probe hull damage.

THE U.S. DRIVE to get its U.N. assessment cut produces a Soviet-American confrontation in the old cold war style.

THE FLORIDA STATE CHAMBER OF COMMERCE has requested the Legislature to relax the current state moratorium on sewer hookups, especially for those cities attempting to meet new pollution control requirements.

## 'Song Of Christmas'

Theme for this year's Christmas Parade in Downtown Sanford will be "Song of Christmas." The entry submitted by seven-year-old Ellen Marie Wilkie, daughter of Bernard A. Wilkie of 1601 Sanford Ave., was chosen by the Sanford Seminole Jaycees.

## PUD Is Mobile Homes

By BILL SCOTT  
Carriage Cove, a planned unit development (PUD) on the 220 acre tract commonly known as the Williams property, located south of Airport Boulevard, east of I-4 and north of the Old Orlando Highway, went before the Sanford Zoning and Planning board Thursday night for consideration of approving an 87 acre parcel for use as a mobile home center.

Martin Newby and Edward Redington, appearing for Dreyfus Interstate Development Corporation, developers of the PUD, showed the site plan for the complex, but were told by Art Harris, zoning board chairman, that new regulations state the plans must be submitted 10 days ahead of time for study before the board could take action.

Harris also advised the developers to bring in the engineering plans for perusal before final action could be taken Dec. 7 on approval.

# Sanford City Commission Wins Laurels!

This is the day on which we make a deep bow to the Sanford City Commission both for deeds done and the promise of even greater accomplishments in the near future. Taking the immediate hard fact of tax relief as the first point on which we believe the commissioners have won plaudits we quote from a statement by Warren E. (Pete) Knowles, City Manager: "The city of Sanford is unique among Florida communities during the past two decades. Within this time of higher costs, higher taxes, inflation, labor costs, population growth, expansion of municipal facilities and demands for more services, the city of Sanford has continuously LOWERED its tax rate. "From a tax rate of \$21.00 a thousand in 1950 the Sanford tax rate has dropped to the present low of \$8.50 per thousand."

This extraordinarily good record is being made public at a time when the city commission is moving wisely in the direction of annexing those near areas where the need for and the desire for competent municipal services exist. For more years, it is believed the odd shape of the city of Sanford has caught the eye of professional planners who could see in the islands which exist and the growth from outlying districts a condition which common sense and time would bring to a crisis. Evidently that time has arrived. On Nov. 27th the commission will hold a hearing to deal with the area just south of Sanford which runs on both sides of U.S. 17-92 and could quite possibly embrace the Seminole Junco Coliseum.

Annexation has been a real thorny problem for many of Seminole's cities. Yet it has been forced on them by the mushrooming of developments whose residents find that what is needed is the kind of fine municipal services which exist in Sanford. Guided by the counsel of Mayor Lee P. Moore, the approach to annexation in this new open proposal, there is being done a very necessary gathering of facts to let those who want annexation be armed with its benefits. Thus the residents of Loch Arbor, an island in the city's boundaries which looks as though—on the map—it should be corrected, are to be given an option. And this is not to be just a bare recital of statistics, Mayor Moore wants to have a timetable prepared which will let those people in areas which could be annexed know just what municipal services will be available and when they will be available. This is the voice of reason. It is also the

# Why Hanoi Seeks Viet Truce: Food

Several Vietnamese contacts—all originally from the North—believe that of a major food shortage is what drove Hanoi to seek a truce. They see no signs North Vietnam is running short of arms or military supplies. It is necessary for continuing the war, or that severe weapons shortages are likely in the foreseeable future. These men hold the blockade responsible for Hanoi's food problems. By contrast, despite the mining of Hanoi's rivers and harbors and the persistent bombing of the North's transportation systems, arms, petroleum and other war supplies can still be made made in the South, brought in by pipeline, plane, train and truck in amounts adequate to sustain the invasion of the South.

Food supply is a different matter. These Vietnamese contacts estimate that North Vietnam must bring in one million tons of grain foods in the next 12 months to survive at reasonable levels and keep discontent below unmanageable limits. Russia, taking advantage of its new subsidized grain arrangements with the United States, will have no trouble bringing in this amount by ship if there is no blockade. The problem is insurmountable. "We do not feel we are as vulnerable as California or Texas," said an Education Department spokesman. Courts in those two states, Minnesota and New Jersey have ruled financing schools from property taxes unconstitutionally discriminates against children in im-

poor school districts. That generally is the basis of the suit by Duval, Pinellas, Hillsborough and Duval County Classroom Teachers Association seeking to have the \$1 billion Florida school-financing system declared unconstitutional and to have a court order up on the teachers would consider fair. The Florida Supreme Court said Thursday it would consider the suit after it is returned to Leon County Circuit Judge W. May Walker to make his dismissal order final and to further explain his ruling.

Walker dismissed the suit last April on grounds it was insufficiently stated. The teachers have had to look for other ways to get the money. They appealed to the Supreme Court prior to the end of the term. They are now here to study the difference between the \$89 per pupil ceiling on school property taxes and the \$1.25 per pupil ceiling on the \$2.81 Gadsden county can provide. The state has placed a 10-mill ceiling on school property taxes in Gadsden County. "Differentials in dollars per child school ... inequality in educational opportunities, particularly in the poorer areas, are related to the fact that the state has placed a 10-mill ceiling on school property taxes in Gadsden County."

World War II began the undoing of Armistice Day. Until that conflict broke out, it was possible to believe that the last war had been fought, the last big one, any way. That American and British officials' Atlantic beliefs but so far officials say tourism and sport fishing have not been affected. "It's the first time a confirmed outbreak of Red Tide has been reported along the Florida Atlantic coast," said a Florida Department of Natural Resources biologist. "It is a very, very significant to us."

But he said there was not much that could be done to stop the bloom of the algae-like organism. "It is the first time a confirmed outbreak of Red Tide has been reported along the Florida Atlantic coast," said a Florida Department of Natural Resources biologist. "It is a very, very significant to us."

# Group Aids Drinkers Families

Al-Anon, an organization for families of problem drinkers, is meeting at 11 p.m. at the Seminole County Health Center at 103 Robin Road, Altamonte Springs. Those with problem drinkers in their families should join this fellowship by meeting others who share the same problem, learning about alcoholism as an illness, and replacing despair with hope.

# Appealing Approach To Christmas

Christians are people unconsciously trying to punish rather than reward each other. So, whoever you are, if you're decided to send me something for Christmas, don't make it a portrait of Adolf Hitler in his military uniform, or Santa Claus sketching or a framed crayon drawing made by your grandchild, the one who is flunking in kindergarten. And even if you've decided to be big about it and send me a new sports car, or a white t-shirt or you'll get it back by return freight. Call me cherish if you will, but I don't want to get any more things I don't want.

# One Man's Opinion 'Armistice Day' Could Come True

World War II began the undoing of Armistice Day. Until that conflict broke out, it was possible to believe that the last war had been fought, the last big one, any way. That American and British officials' Atlantic beliefs but so far officials say tourism and sport fishing have not been affected. "It's the first time a confirmed outbreak of Red Tide has been reported along the Florida Atlantic coast," said a Florida Department of Natural Resources biologist. "It is a very, very significant to us."

# State Chamber Asks Relaxed Moratorium To Play A Deltana

By FANNETTE EDWARDS  
DELTONA—Sanford Naval Academy Midshipmen, will take part in two events at the 10th Anniversary Birthday Celebration of Del

# Dear Abby

**Should son visit dad in prison?**  
By Abigail Van Buren  
(© 1972 by Chicago Tribune, N.Y. News Synd., Inc.)

DEAR ABBY: I'm a 40-year-old woman, but there are times when I feel like 16, and then again I feel like 100. My ex-husband has been in prison for four years. We have a son, 12 years old, and they love one another even though they have been separated since the boy was eight. My family (parents, sisters, and brothers) think I am wrong to take our son to visit his father in prison. They say when the boy sees how easy the law is on criminals, he might decide it's not such a bad life after all. All I know is, prison life doesn't look easy to me. Besides, it does so much for my ex-husband's morale when he sees the boy, I hate to discourage those visits. My son looks forward to seeing his father, too. I'll leave it up to you, Abby. Should I listen to my family or not? My present husband says I should take the boy to visit his dad and to tell my family to mind their own business. UNDECIDED.

DEAR UNDECIDED: I like your husband's attitude. That's exactly what I would have advised you to do.

DEAR ABBY: I am not writing this just for myself. I am writing it for all the fat girls in the world, because I am writing it for all the fat girls in the world, because I am writing it for all the fat girls in the world, because I am writing it for all the fat girls in the world...

**POLLY'S POINTERS**  
Preventive Action Is Water Down The Drain  
By POLLY CRAMER

**BIRTHDAY PARTY** for Mrs. Edith Griffiths (standing right) Lake Drive, Casselberry, was given by Mrs. Mary Miller (standing left) and Mrs. Lee Hunt at the home of the latter overlooking Lake Tony. Also in the picture are Mrs. Hazel DeSalza and daughter Teresa, and Wendy, daughter of Mrs. Hunt. (Ann Riley Photo)

**Program About Thanksgiving Given For Daughter's Class**  
Daughters of Wesley Sunday School Class of First United Methodist Church met in Fellowship Hall for the monthly business and social meeting with Mrs. D. M. Paul, Mrs. A. Stevens, Mrs. W. P. Chapman, Mrs. Robert Futrell and Mrs. J. M. Gillon serving as hostesses.

**Weekend Events**  
COSMOPOLITAN ASSOCIATES  
SINGLES WELCOME  
DELTONA — The Singles Friendship Club of Deltona will meet Sunday, at 3 p.m. in the Fellowship Hall of Deltona United Methodist Church.

**The Unsafe Way, but Lucky**  
By Oswald & James Jacoby  
Hard Luck Joe looked over the dummy with what was supposed to be intelligent appraisal. He remarked, "I'm sure glad I didn't bid seven."

**WIN AT BRIDGE**  
NORTH (D) 17

EAST 18  
SOUTH 21

**DEAR POLLY**—I had been having trouble with a clogged-up bathtub drain which was caused by bath oil. Our solution to this problem is to wipe out the tub with paper towels after the water drains out before it is washed. The oil clings to the sides of the tub and is easily absorbed by the paper towels.—MRS. H. DEV.

**DEAR POLLY**—I scoured a stainless steel pan while making jelly and now everything I cook in that pan burns. Is there an easy way to remove burned food or must one always just scrub with cleanser for hours before it comes off? Is there a way to prevent food from sticking onto the scorch marks are off? I would certainly appreciate any suggestions.—BARBARA

**DEAR POLLY**—My pet Peeve is with the person who drives in on the exit driveway of a supermarket or any other public place and goes out the entrance. Don't they know the right-hand to them is the entrance and the other the exit? This results in lots of traffic snarls.—DOROTHY

**DEAR POLLY**—Kathy D. who received a muskrat coat as a gift should send it to a furrier to be cleaned to remove the musky odor and the grease spot on the front. I received such a gift and sent mine to a furrier, who charged me \$15 for the cleaning. It came back looking beautiful. Where can she get a lovely coat for this amount of money or whatever the cost may be in her particular locality.—MRS. W. M.

## With Proper Planning

# Parties For Kids Can Be Child's Play

By ALLEEN SNOODY  
The secret, according to professional partygivers, is to keep small children busy, use unbreakable, throwaway paper dishes and accessories, keep the party time short (1½ to 2 hours maximum), and see that every child wins a prize. Also, when mothers are present, elabrate or ego-smashing.

Games are a focal point for children's parties. For full participation select games that have a short play time like puff basketball, left, or puff board, right, which all children can enjoy. Note low table which allows small guests to sit on the floor to eat refreshments and reply relax.

## Garden Circles

**MAGNOLIA CIRCLE**  
Eleven members of Magnolia Circle of the Sanford Garden Club answered roll call at the November meeting held at the home of Mrs. Carl G. Tilla. Mrs. Fred Harris Sr., circle president, opened the meeting with the Lord's Prayer followed by a prayer read by the guest speaker, Mrs. Joseph M. Fahy. Mrs. Roy Ramsey resigned as treasurer and Mrs. V. M. Smith volunteered to complete her term in office. Reports were given by the standing committees. Mrs. Smith requested that more members find beauty spots which now has been extended county-wide.

**ROSE CIRCLE**  
Rose Circle of the Sanford Garden Club met on Friday, Nov. 10, at the Garden Center. The president, Mrs. Mildred Balcock, presided. There were twelve members present. It was voted to support the Nature Camp of the Florida Federation of Garden Clubs at the Wekiva Park. Most of the discussion was about preparations for the annual table show to be held on Friday, Saturday and Sunday, Dec. 1, 2 and 3. After a bag luncheon a workshop was conducted by Mrs. Elizabeth Wolke, making pomanders from fruit and cloves.

**DELTONA** — The Singles Friendship Club of Deltona will meet Sunday, at 3 p.m. in the Fellowship Hall of Deltona United Methodist Church. Any single or unattached male or female, living in Deltona is welcome according to Publicity Director Grace Firney of 2327 Wanda Lane. They meet every third Sunday of the month.

## Highlights

FRIDAY, NOV. 17, 1972

8-8:30 NBC, Sanford and Son, "Shootout." Fred accidentally triggers an antique gun and thinks he's killed his neighbor, Herman Goldstein (played by Leo Fuchs). What makes it more damning is that Fred and Leo just had an argument, and so it now looks as if Fred deliberately shot him. The gun had been brought home by Lamon.

8-8:30 ABC, The Brady Bunch, "Career Fever." One of those misunderstandings that cause a father to exclude false pride in his son. Greg prepares

a paper for his English class and, when Mike reads it, he's misled into thinking Greg wants to follow in the old man's footsteps and become an architect. Try as he will, Greg has a tough time convincing his father that it's not the case at all.

8:30-10 NBC, Hallmark Hall of Fame, "The Hands of Cormac Joyce." Stephen Boyd and Colleen Dewhurst are costarred in a gripping drama about an Irish fishing family who defy a killer storm to stay on their island off the Western Coast of Ireland. Stephen Boyd is the Cormac Joyce, Miss Dewhurst his wife, and a 36-year-old English actor, Dominic Guard, plays their son.

9-11 CBS, The CBS Friday night movies, "McLintock." John Wayne and Maureen O'Hara are costarred in this very entertaining, rousing and zany Western. Wayne plays McIntock, rough, tough and snorting laughing brawn, Miss O'Hara is his ultrasophisticated wife who wants a divorce, and Stefanie Powers is their 17-year-old daughter.

9:30-10 ABC, The Odd Couple, "Oscar's Birthday." Oscar hates parties, especially those for him. That doesn't diminish Felix's enthusiasm. He not only arranges a birthday party for him, but enlists it with "This Is Your Life" skit involving Oscar's friends, some of whom Oscar really didn't care to see again. Felix discovers this too late.

10-11 NBC, Banyon, "Think of Me Kindly." Banyon turns over a drowning case to another private eye, who is murdered during his investigation. Now Banyon takes over. The original victim, it turns out, was a hotel room clerk who apparently was murdered, and among the suspects are the room clerk's widow and the manager of the hotel's swimming pool.

10-11 ABC, Love, American Style, "George Kirby plays a mystic enlisted by Louis Gossett to help him get rid of an unwanted girl friend in 'Love and the Mystic.'" And in "Love and the Tycoon," Susan Toksy plays a secretary who falls in love with the "phantom" boss of her company. Nobody has ever seen him, not even Howard Hughes. Henry Gibson, Ann Miller and John McGiver also are featured into tonight's vignettes.

## Tablehopping Food And Fun For Diners

HOUSE OF STEAK at Sanford's plush HOLIDAY INN fills the bill for year-round services. Open seven days a week (including the adjoining lounge), the inviting facility serves breakfast, luncheon and dinner and is the ideal spot for the private meeting, banquet or party.

BILL & BETTY'S RESTAURANT continues to pack 'em in Monday through Friday, from 11 a.m. to 8 p.m. Here you will be served quality foods at the most moderate prices around. A daily special is served with other entrees featured also. Service is prompt during all hours.

BAHAMA JOE'S SEA-FOOD HOUSE continues to pack 'em in for the most choice morsels from Neptune's kingdom. Open seven days a week, the popular spot has popular prices and efficient service in a refined atmosphere. Highballs and cocktails are priced right and children's plates are greatly reduced.

COUNTRY FARE RESTAURANT, located in Bram Towers, is the answer to a variety of home-cooked foods for fastidious diners. The price is budget, but the food quality is upmost. The sparkling dining room is open Monday through Saturday, from 9 a.m. to 3 p.m., and 5-8 p.m.

FREDDIE'S, Central Florida's oldest and finest steak house, adds a cosmopolitan touch to the local scene. The fact that the popular spot captured the coveted golden spoon award tells the story. Complete dinners are served until 1:30 a.m. and nightly entertainment is featured in the plush Lamplighter Lounge and dining rooms.

The "in" spot for all golfers is MARY FAIR COUNTRY CLUB, which everybody

ter for the Study of Television and Politics, which wants to put this year's array of filmed and videotaped campaign oratory in some kind of order.

The center is asking Democratic, Republican and minor party officials for the goods so that scholars may take an unhurried look at who promised what, denounced whom, when and why.

For fun 'n' festivity, head for the FIESTA, where THE DUNN BROTHERS bow out with country and western music on Tuesday Friday and Saturday nights. The cocktail hour is between 5-7 p.m. daily and luncheon is served Monday through Friday, from 11 a.m. to 2 p.m.

LAKE MONROE INN needs no introduction. Here superb charcoal steaks and seafood are served daily, from 4-11 p.m. Modern country music by BRUCE, LESS and TONY fills the bill Tuesday through Saturday, from 8:30 p.m. until 2 a.m. Action is the word!

A BOY DOING A MAN'S JOB in a village north of Saigon, and like tens of thousands of other South Vietnamese children, he knows nothing of the calm of peace.

## Louisiana Students Seek Negotiations

By CHARLES LAYTON Associated Press Writer  
BATON ROUGE, La. (AP) — Louisiana Gov. Edwin Edwards says he will not negotiate with students at Southern University, where two young blacks died in a confrontation with police, until they renounce violence and return peacefully to classes.

Several hundred students occupied the administration building at the nation's largest predominantly black university Thursday and refused to leave at the request of sheriff's deputies and state police. Officials said the clash was not racially motivated.

A smoke bomb was thrown from a crowd of students at the front of the building at the advancing line of officers. The officers answered with tear gas grenades.

After the students had scattered, two young men lay dead on the sidewalk in a pool of blood. It was not known whether the two were Southern students.

Parish Coroner Hypolite Landry, who first said he could not tell whether the two were killed by buckshot or shrapnel, later said they were killed by shotgun fire.

Officers said they never fired a gun shot, only tear gas, but witnesses said they heard shots popping through the smoke and confusion.

Chief Deputy Gene Rives of East Baton Rouge Parish said early today his men were using hand-thrown tear gas grenades and tear gas projectiles fired from special grenade launchers.

He said his men were also armed with shotguns and carried live shotgun ammunition, but "no sheriff's deputy fired a weapon."

Rives said he had looked at television films of the confrontation five times and at no time could he discern a weapon being fired.

State Police spokesman were not available for comment.

## Not Because Of Talks Air Raids Decrease

By GEORGE ESPER SAIGON (AP) — U.S. fighter-bombers flew only 140 strikes against the North Vietnamese panhandle Thursday, half the average of the two previous days. But military sources said the reduction was not due to the rumored resumption of secret peace negotiations in Paris.

The Hanoi-Haiphong region and all other Vietnamese territory above the 20th parallel remained off limits to American aircraft. Bombing was suspended there on Oct. 22 to improve prospects for a cease-fire agreement.

North Vietnam claimed that it shot down one A1 fighter-bomber and three F4 Phantoms on Monday, Tuesday and Wednesday but said nothing about the pilots. The U.S. Command said it had no plane losses to report.

South of the demilitarized zone, U.S. fighter-bombers flew 158 strikes in the northernmost provinces of South Vietnam during the 24 hour ending at 4 a.m. today, the U.S. Command said. Sources said the attack planes were supporting South Vietnamese marines and porters attempting to push out from Quang Tri City to expand the government's territorial control prior to a cease-fire. More ground fighting was reported north of Saigon. Field reports said 16 North Vietnamese and Viet Cong were killed in small clashes 15 to 25 miles north of the capital. South Vietnamese losses were put at five killed and seven wounded. The Cambodian military command said its troops have reentered the highway from Phnom Penh to Cambodia's rice bowl in the northwest and have also driven off Communist forces who cut Highway Four, the road to Kompong Som, the country's only deep water port. Lt. Gen. John W. Vogt, second in command of U.S. forces in South Vietnam, visited Phnom Penh today for talks with Cambodian generals. A Cambodian source said the visit was related to the increased deliveries of military equipment to the Cambodian government.

## Viet Cong Are 'Confused'

By FRED S. HOFFMAN AP Military Writer  
WASHINGTON (AP) — A Vietnam ceasefire agreement appears to have caused confusion among North Vietnamese field commanders and forced them to make changes in their short-range battle plans, U.S. intelligence sources say.

Interrogation of prisoners taken since last October and analysis of enemy documents have convinced intelligence specialists that the North Vietnamese and Viet Cong were preparing to launch a major military thrust shortly after the agreement was announced.

Purpose of the attack, the specialists say, would be to gain as much South Vietnamese territory as possible before the ceasefire actually went into effect—perhaps 24 hours after its announcement.

The North Vietnamese say the ceasefire agreement was not signed at the end of October. Since it was not, American analysts believe enemy commanders have been forced to change tactics to avoid large scale contact with South Vietnamese troops and to conserve artillery and small arms ammunition.

The analysts believe this was the North Vietnamese view of the situation. They said the ceasefire agreement was not signed at the end of October. Since it was not, American analysts believe enemy commanders have been forced to change tactics to avoid large scale contact with South Vietnamese troops and to conserve artillery and small arms ammunition.

HOME AGAIN after years abroad, reputed crime boss Meyer Lansky is seen with a group of men in a courtroom.

## Nixon, Kissinger Conference Held

By LEWIS GULICK Associated Press Writer  
WASHINGTON (AP) — Adviser Henry A. Kissinger was called to President Nixon's Camp David, Md., retreat today to confer on Vietnam peace negotiations before his expected imminent departure for Paris and talks with the North Vietnamese.

With Hanoi negotiator Le Duc Tho slated to arrive in the French capital today, administration sources left open the prospect that Kissinger will also go to Paris this weekend for another session in the secret talks which have produced a proposed 9-point peace pact.

President Nixon's Secretary of State, Henry Kissinger, said today he would not go to Paris directly from Nixon's mountain hideaway. He declined to give further specifics.

In advance of the anticipated climactic round between the two negotiators, the communist side issued a chorus of calls demanding the United States sign the peace pact quickly and without major change.

"We resolutely reject all the preconditions that the United States and Saigon to demand modification of the substance of the agreement," North Vietnamese spokesman said.

## Tiffany Makes Offer; Canary For \$5 Million

By DEE WEIDEMEYER NEW YORK (AP) — To make a point, Tiffany & Co. put one day for sale sign today on its celebrated Canary Yellow Diamond, a gem it really doesn't want to sell.

"We'll be handing out handkerchiefs if anyone buys it," Walter Hoving, Tiffany's 74-year-old chairman said of the 128-carat stone, the largest of its kind in the world. Tiffany has owned the diamond since its discovery in South Africa in 1877.

Hoving said the firm was putting the diamond on sale for one day only to warn buyers about so-called limited edition collectors' items being advertised in record numbers this year. Many companies offering the collectors' items put a time deadline on sales in order to encourage purchases, he said in an interview Thursday.

"We hope they won't buy it," he said of the Canary Yellow Diamond. "It's really a limited edition and a limited time ... Our objective is we hope to influence the public to be more careful and discriminating when they buy, to buy things really worth making a collection of."

"Some companies use this limited edition thing to get a better price. I don't say they're all do. But there are too many using this thing that way."

Tiffany advertised the sale of the diamond in today's newspapers. The ads said, "This season seems to be replete with offers of so-called collectors' items issued in Limited Editions, often represented as Great Art, but too often of questionable artistic merit."

"Some of them are buckstered with sophisticated 20th century versions of the snakeoil techniques of the 19th century calculated to appeal to the greed of the customer with implied promises of increased future value, as well as with attempts to sear the customer into a quick purchase or else this priceless golden opportunity will be gone forever."

Hoving said he preferred not to name specific objects being offered as limited edition collectors' items but he noted that he saw one silver-plated platter for sale for \$60 in editions of 5,000. "It didn't look to me that it was worth \$15 and \$5,000 is hardly a limited edition," he said.

The Tiffany chairman said he would not be accepted if postmarked after Nov. 17.

## Whatever Happened To Political Ads?

By JAY SHARBUTT AP Television Writer  
NEW YORK (AP) — Ever wonder what happens to television's paid political ads after an election? We may be able to stop wondering soon. The New School for Social Research here wants to give them a home.

The home would be the school's newly established Center for the Study of Television and Politics, which wants to put this year's array of filmed and videotaped campaign oratory in some kind of order.

The center is asking Democratic, Republican and minor party officials for the goods so that scholars may take an unhurried look at who promised what, denounced whom, when and why.

## Ship Is Safe Jarvis Repairs Begin

By STEVE WEINER Associated Press Writer  
JUNEAU, Alaska (AP) — Her powerful engines stilled by flooding, the battered Coast Guard cutter Jarvis is safe in a sheltered Aleutian chain inlet today as divers probe hull damage.

The 378-foot, high-endurance cutter and the Japanese fishing trawler that towed her to quiet waters after a nine-hour battle against mountains North Pacific seas were joined late Thursday by two other Coast Guard cutters carrying repair supplies and needed fresh water.

All four ships were anchored near Sedanka Island, a wind-blown rock speck 20 miles from Jarvis' home port of Kodiak, Alaska.

Spokesmen said Navy and Coast Guard divers would help determine what repairs are necessary before the Jarvis can be taken to a repair facility.

The Coast Guard said Jarvis, commissioned only last August as one of the service's newest and largest class of cutters, was showing a crack in her hull, possibly to her propeller shaft.

No decision has been made on where the stricken ship would be taken for repairs.

## Pepsi-Cola Expanding To Russia

PURCHASE, N.Y. (AP) — The Pepsi generation will find a Soviet branch in its family tree next year when Pepsi-Cola becomes the first American consumer product manufactured and sold in the Soviet Union.

Donald Kendall, chairman and chief executive officer of PepsiCo Inc., announced Thursday that an agreement had been signed with Soviet trade officials to place the soft drink on their domestic market.

As part of the pact, a Pepsi subsidiary that already is the exclusive U.S. importer of Russian vodka will also become the sole American distributor of Soviet champagne, wine and brandy.

## Request Turned Down

WASHINGTON (AP) — American Motors Corp. officials said a Republican campaign official asked for a contribution of \$100,000 from its executives, but the firm refused. The Washington Post reported today.

William M. Trevarrow, the auto maker's representative in Washington, said Robert P. Odell Jr. asked for the contribution, in late March, the Post said.

The Post identified Odell as executive director of the Republican National Finance Committee and also associated with the Finance Committee to Re-elect the President.

Trevarrow said he refused the request, and was supported by other American Motors executives, the newspaper said.

It reported Trevarrow said Odell later asked for \$50,000 from American Motors officials, but Trevarrow again refused, and was backed up by corporation officials.

## Area Deaths

MRS. LAURA MILLER Mrs. Laura B. Miller, 83, of Miller's Motel, 5-17-92 Longwood, died Thursday night.

She was owner and operator of Miller's Motel for the past 20 years and former owner of Sansonia Inn and General Store at Wellboro, Pa.

Survivors include a daughter Greuben Conant, Longwood, one granddaughter and two great-grandchildren.

Brisson Funeral Home in charge.

# Greyhounds Can Upset 'Applecart'

By HERKY CUSH Assistant Sports Editor

Dick Copeland's Lyman's Greyhounds are in a position to upset the "Applecart" in District 3-AAAA. They can do so by knocking off the current leader, Winter Park when the Metro elevens clash tonight at Showalter Field in Winter Park. Game time is set for 8 p.m.

Just what must the Hounds do if they are to accomplish this Herculean feat? Well, first of all we must stop Clarence Lattimer," said coach Copeland. "And secondly we must get penetration through their tough front wall." They sort of go hand in hand, for if the Hounds penetrate they should be in an excellent position to halt Lattimer.

"They are real powerful," says Copeland. "And they've got tremendous size. They outweigh us 30 pounds a man from end to end. We average 170 while they average 207 per man."

Copeland felt his team would have stood a much better chance against the Wildcats if Larry Gierley had the Wildcat line for the week in their game last week with Daytona Mainland. "They had not been playing up to their potential the past few weeks," said Copeland. "We had hoped they would keep winning and come to us unburdened with the same attitude. They're better before they meet Mainland."

"Now it's all different," says Copeland. "They need this game tonight to assure themselves a spot in the playoffs. That factor alone will hurt us a great deal."

Even with the Wildcats playing a lackadaisical brand of ball it would have been tough for the Greyhounds to completely stop the "Gals" fine running back, Lattimer. The speedy senior could be the best ball carrier in the state, has scored a dozen touchdowns including two last week in the 14-14 tie with Mainland. He averages over 30 yards per game and that despite the fact he "used" the entire game.

In the meeting last year the Hounds were able to contain Lattimer somewhat in the early going but the Wildcat halfback broke loose for some long gains in the second half.

An interesting duel just might be in the making tonight concerning Lattimer and his younger brother who is a sophomore at Lyman. The younger Lattimer, Al, is expected to get the call at the wingback position for the Greyhounds. Several injuries to key members of the backfield has forced coach Copeland to bring up a few members of the reserve team.

Among those offensive backs who are hurting are freshman fullback Mike Massey, senior halfback Steve Clark and sophomore back Al Cleveland. Massey, the leading ground gainer for the Hounds bruised his shoulder in last week's game with Oak Ridge. In that game Massey rushed for 134 yards. Clark injured his back and it's very doubtful if he'll see any action. Al Cleveland sprained his ankle against the Pioneers last week and while he may see some action it won't be too much.

Starting in the place of Massey will be senior Greg Ahnstrak who himself only returned to action after sitting out six games with a wrist injury. Ahnstrak had been a standout linebacker before his injury. He's a strong 6-0, 160 pounder who should fill in quite nicely.

Also in the backfield will be John Mitchell, a 5-10, 145 pound senior converted to the offense five weeks ago. Mitchell has been a steady performer averaging around 40 yards per game while carrying the ball only eight or nine times a night. With all the other injured Mitchell could be the key performer for the Hounds tonight.

And rounding out the backfield is quarterback Bob Constantine, the smooth 6-1, 172 pound junior who possesses an excellent arm. Constantine has sprained his ankle against a very good defense in tonight's game as well.

While several backs have been scratched due to injuries Copeland received good word on a few others. In addition to Ahnstrak returning there's another backer Doug Dane, a strong 6-2, 222 pounder who goes both ways. And also expected back in action is senior center Ralph Elliott.

All told there will be 16 seniors playing their final game for the Greyhounds tonight. The list includes all-state candidate Greg Wallack, Tom Bachus, Mitchell, Clark, Rich, Sikes, Bob Papp, Ahnstrak, Elliott, Jeff Walters, Shane Miller, John Giovannetti, Mike Hawkins, Dane, Phil Fader and Don Craft and Mike Tennesson. All but three will be starting on either offense or defense tonight.

Several other underclassmen will be entering key roles in the game tonight and one of the main ones is junior flanker Tom Gooch, the leading pass receiver in the Central Florida area and Constantine's favorite target. Juniors Glen Hill and Mike White are two vital cogs in the Lyman defense and end late Hill has been carrying the load only once in the past week while White with Dane back in action.

Should the Hounds continue to play with the confidence they have in the last month there may be several thousand pleading fans at Showalter Field tonight.

# Play At DeLand Tonight Seminoles End Horrible Season

By GARY TAYLOR Herald Sports Editor

A long, sluggish prep football season comes to an end for the Fighting Seminoles of Seminole High tonight as they visit the DeLand Bulldogs. Kickoff is 8 p.m.

The Tribe will get one last shot at strapping a losing streak that has now extended to eight games. The Seminoles carry a 1-8 mark into the contest, winning only the opening game of the season when they defeated Oviedo.

It will also be the Seminoles' last chance at a Big Eight Conference football victory, in the conference's first year of existence. The Tribe currently stands 1-4 in loop play.

The Seminoles dropped a 12-6 decision to the Seabreeze Sandcrabs in their last outing. Sanford played a fine defensive game, but couldn't seem to get the offensive squad to come alive and move the pigskin.

Sanford's only score came when Dickie Deas rushed the Seabreeze punter and got a hand on the ball to block it. Jim Clements scooped up the loose play and carried it all the way to the end zone for a touchdown.

Deas and Clements both played extremely well for the Seminoles, and have been the defensive standouts for the team all year long.

The Seminoles will also be looking to give Bill Young, an exceptional year at DeLand but it marks vast improvement over the Bulldogs' record of last year when the DeLand crew failed to win a game in ten outings.

A victory in tonight's game would give Goldsmith's Bulldogs a 2-0 mark on the season at 5-5. They bring a 4-5

# Lions Close Campaign At New Smyrna Beach

By GREG SINDAD Herald Sports Staff

Tonight the Oviedo Lions travel to New Smyrna to face the Barracudas in their final game of the season. And it will be a matchup of two teams whose seasons could not have been more opposite.

For Oviedo, the Lions were looking forward to a good year with a team that had a lot of individual talent on it. But the Lions played on their own in their first game of the year and they continued that look for most of the year.

And now the Lions have won only one and have averaged less than six points per game. The reason for the offense's ineptness is not truly clear.

So, head coach Ralph Stumph in an attempt to find a team that could score some points, went through three quarterbacks in the last half a dozen running backs, and made numerous other changes that by evidence of the record made no difference.

And now the Lions are down to one last shot to prove that they can be a good team. And being the last game, anything could happen.

As for New Smyrna it has been a season that could not have been any better. The "Cudas" are 9-0 after not having won a game in their last two seasons.

They are a strong team who will beat you many ways and if their trend continues it could be a long night for the Lions.

If they can beat the Lions tonight they would have won the Orange Belt Conference title and would probably remain in the state's top 20 for AAAA-AA schools. So even though this game, as it stands, appears to be an easy pushover for Smyrna, the Cudas should not be too overconfident.

# Record In The Game After A Tremendous Victory Over Metro

By GARY TAYLOR Herald Sports Editor

record into the game after a tremendous victory over Metro last game by 21-6 against one of the more powerful offensive machines in the Metro loop.

And included in their losses are some games against several of the top teams in the state. The Bulldogs lost to Gainesville, 37-7 and the Canes are unbeaten in eight games.

DeLand's victories have come over Jacksonville Wolfson by 7-0, over Cocoa 14-0, Duval's Seabreeze 21-20 and Colonial.

The recent game with Seabreeze may be a good indication of how tonight's game may go. Both the Bulldogs and Seminoles are vastly similar in their style of play. Neither has been able to much in the way of scoring. And only late has the Bulldogs machine been able to generate much offense.

They have scored three touchdowns in their last two games but prior to that had only five in six games. And both teams have been blanked on three occasions.

DeLand's victories have come over Jacksonville Wolfson by 7-0, over Cocoa 14-0, Duval's Seabreeze 21-20 and Colonial.

# Benefit Tourney Opener

By GARY TAYLOR Herald Sports Editor

The Glen Horton, Jr. Benefit Women's Invitational Slow Pitch Softball Tournament gets underway tonight with one of the largest tournaments in the state and an exhibition contest.

Horton was paralyzed from the neck down in a swimming accident. Since July he has been confined to Mercy Hospital.

In addition to the softball tournament, the local Elks Club and Elks Ladies Auxiliary is putting on a chicken barbecue to aid in raising money for the fund. Serving will start at 2:30 p.m. and continue until 7:30 p.m. and the meals may be eaten on the grounds or take out service is available.

Fred W. Kelley, Jr., noted Sanford Karate expert, will put on a demonstration of karate and women's self defense at 4 p.m. at the Elks Club.

The Friday night action pits a pair of DeLand teams, Rotorator and Cola Homes going at 9 p.m. The lead-off game will see Melberts Tires, local host for the eight-team tournament, meeting Daytona in an exhibition game.

Action gets underway at 10 a.m. Saturday with Melberts doing battle with Normans of English Estates. The Saturday night game will see the Farm of Starke in the first of eight games scheduled for that day.

All least five games will be played Sunday starting at 1 P.M.

All proceeds from admissions and concessions will go into the Glen Horton, Jr. fund to help defray the astronomical hospital bills incurred in the unfortunate accident.

At the conclusion of the tournament, team trophies will be awarded to the top three teams and third place trophies. Trophies Sportsmanship, and for Most Valuable Player.

# Raiders Host North Florida Raiders

By GARY TAYLOR Herald Sports Editor

The Seminoles Junior College Raiders put a 48-game losing streak to rest when they play host to the North Florida Junior College Sentinels of Madison, Fla. It will be the home opener for coach Joe Sterling's Raiders. Game time is 8 p.m. at the Seminole High gym.

The Raiders opened the season in Tampa Tuesday night, as they defeated Florida College, 95-77. But tonight's opponent is expected to be a little tougher. The Sentinels opened the season by winning a tournament in Tifton, Georgia. They scored over 100 points in both their games and soundly defeated both Florida College and Chipola North Florida College in the nation's leading score last year with a 100.3 average.

Freshman Bennie Shaw and sophomore Willie Paulk paced the Raiders in the scoring department against Florida College. Shaw hit 10 of 19 attempts from the floor for 32 percent, and added five free throws for 25 points.

Paulk, one of three sophomores on the team, hit eight of 17 shots from the field for 47 percent and added six foul shots for 22 points for the night.

Three other Raiders were in double-figures for the night. Gerald Owens hit for a dozen points, while Bob Hurst, another sophomore, has 111 and Jerry Wright finished with 10. In scoring his 12 points, Owens hit 56 percent from the floor, connecting on five of nine free throw attempts.

In addition to leading the Raiders on the scoring department, Shaw was also the top rebounder. He pulled down 16 rebounds, eight each off the offensive and defensive boards.

Robert McCullum was next with nine rebounds and Owens and Hurst had eight a piece.

Shaw, a freshman from Orlando, also was credited with five assists, and forced one held ball while on defense.

# Wahoo No More Plentiful In North Florida Waters

By GARY TAYLOR Herald Sports Editor

Wahoo are no more plentiful in North Florida waters than L. E. Andersen of Sanford found one while fishing for the "Bugs Bunny" off the coast near St. Augustine. The salt water speedster measured 54 inches and weighed 27 pounds.

One of the fastest fish in the ocean, the Wahoo is considered as a trophy catch.

# District Grid Struggles May 'End' Tonight

By HERKY CUSH Assistant Sports Editor

For many prep grid teams in the state tonight's final games will be of little value, but for those that are still in contention for the state title, it will be a very important night.

One of the key district battles is right here in Central Florida where the unbeaten but once tied Winter Park Wildcats are seeking to clinch their second straight tourney appearance.

The Wildcats all but had the district title wrapped up a week ago when they met a buzzaw at Daytona Mainland High School. The Wildcats managed to come out with a tie but now need a victory to assure a spot in this year's playoff of AAAA teams.

Other leaders in the AAAA races are: Haines City in District 6 with a 9-0 mark; Hollywood Chamaine (7-1) and Lauder Lakes-Anderson (6-1) in District 8; Belle Glade (8-1) in District 7; Milton leads District 1 with 7-1 marks; Gainesville Eastside (5-1) leads District 2; Tarpon Springs (7-1) leads District 3; and North Fort Myers (7-1) leads District 4.

At present the Wildcats are in with 49 points and the Hurricanes have 62 points.

Another battle is looming on the East coast where unbeaten and top ranked Merritt Island leads the District 5 AAAA race along with undefeated Eau Gallie. Both are 8-0 with 62 points.

Action gets underway at 10 a.m. Saturday with Melberts doing battle with Normans of English Estates. The Saturday night game will see the Farm of Starke in the first of eight games scheduled for that day.

All least five games will be played Sunday starting at 1 P.M.

# ...THE HOPE OF OUR COMMUNITY, OUR NATION!

**PUMPKIN EATERS**

Bringing in the harvest is hard work! Just the thought of lagging this big pumpkin around is enough to make Carol and Sue tired and sleepy.

But what will Mommy do? She will make pies for Thanksgiving dinner. Then the house will smell sweet and spicy from the baking, and there will be a big table with the huge, browned turkey, and grandfather will say "Give thanks, then, in the church of your choice."

65th Year, No. 67 Price 20 Cents

# Editorial Page Editor Stafford Derby Dies

Veteran journalist and Herald Editorial Page Editor R. Stafford Derby, 75, died Friday night at his residence in Town and Lake Apartments. Born in Mapewood, N. J., he attended Bowdoin College, Brunswick, Me. He was a veteran of WWI serving in the U.S. Army and was a member of First Church of Christ, Scientist, Boston, he was first reader of the Sanford Church of Christ, Scientist.

He was city editor of the Christian Science Monitor, Boston, before he was made chief of the New York news bureau of the Monitor, a position he held for 13 years until his retirement. When in New York he lived at Syosset, Long Island.

He and Mrs. Derby moved to Sanford shortly after his retirement in 1952. He was asked by New York Governor Nelson Rockefeller to come out of retirement as a speech writer in his bid for reelection.

He joined the Sanford Herald as Editorial Page Editor in 1967.

Survivors include his wife, Mrs. Evelyn Pratt Derby; Sanford; two daughters, Mrs. James E. (Dorothy) Bires, Fort Lauderdale; and Mrs. Peter (Helen) Jensen, Lake Mary; four grandchildren; and five great-grandchildren.

Funeral services will be private. Family requests that in lieu of flowers, those who wish may make contributions in his memory to First Church of Christ, Scientist, of Sanford, 200 E. Lake Mary Ave., Sanford, Fla. in charge of arrangements.

# At Prosecutor's Convention Death Ruling Previewed

By BILL SCOTT

The bill to deal with capital punishment and reinstating the death penalty in Florida for certain cases was previewed to state prosecutors at the prosecutors' convention just concluded Friday at Daytona Beach.

Bearing no name, since it has yet to be introduced at the next legislative session, the proposed statute was explained and copies submitted to the prosecutors for their inspection, personal and comments, by Ed Dunn, Gov. Reubin Askew's legal counsel.

Notable in the document was the closeness of the governor's bill with a proposal from 18th Judicial Circuit Judge Dominick Salil, regarding bifurcated trial procedures in cases where the death penalty is given.

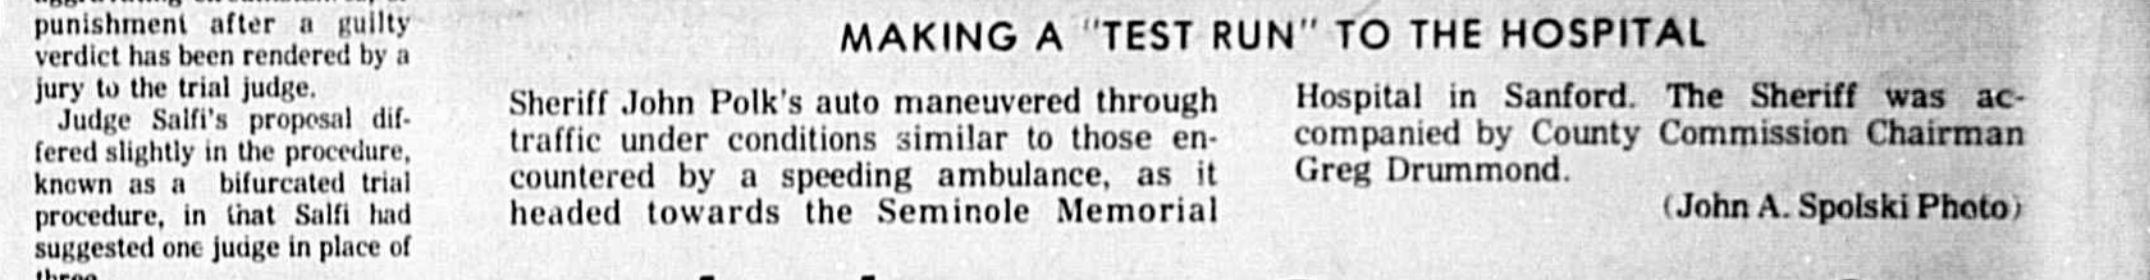

Since only murder is considered a capital offense punishable by death in the new bill (kidnapping for ransom and rape are classified as life felonies) the governor's counsel is proposing two deliberations, one for guilt or innocence and one for deciding the sentence to be imposed.

The dual procedure first proposed by Judge Salil, would have the trial judge assigning two out-of-circuit judges to decide the mitigating and aggravating circumstances, or punishment after a guilty verdict has been rendered by a jury to the trial judge.

Judge Salil's proposal differed slightly in the procedure, known as a bifurcated trial procedure, in that Salil had suggested one judge in place of three.

O. E. Eaton, assistant Seminole-Brevard state attorney, in the office of Abbott Herring, state attorney, said kidnapping and rape, former capital cases with death penalties meted in convictions would, under the new bill, be changed to life felonies meaning a mandatory 30-year prison term before consideration for parole.

In cases of murder where the death penalty is appropriate, the new proposal says death is to be imposed if aggravating circumstances exist and no substantial mitigating circumstances exist.

MAKING A "TEST RUN" TO THE HOSPITAL  
Traffic John Polk's auto maneuvered through traffic under conditions similar to those encountered by a speeding ambulance, as it headed towards the Seminole Memorial Hospital in Sanford. The Sheriff was accompanied by County Commission Chairman Greg Drummond. (John A. Spolski Photo)

# Ambulance Owners Say Speed Not The Answer

By JOHN A. SPOLSKI

The flashing red lights, the screaming sound of the sirens, the sight of a white ambulance hurtling through traffic, that's the image most people have of an ambulance. But what do the doctors say about the subject? And the ambulance service owners—do they advocate this common practice?

In an effort to shed proper insight into the many ramifications of this problem, The Herald investigated all of these areas and offers its views. (Cont. On Pg. 6A, Col. 1)

# 14 Bands To March In Parade

This year's Sanford Christmas Parade promises to be "Greater than ever" according to Parade Marshal Bill Reed, who says that to date 14 bands have indicated they will march. The event is being sponsored jointly by the Sanford-Seminole Jaycees and the Downtown Business Association.

Don Knight, who is in charge of marching units, predicts that this year's parade will be larger than ever. Those wishing to enter may contact him at 322-0204.

Jim Triplett stated there has been a tremendous increase in entering floats from all sections of Central Florida and 16-20 are scheduled to take part. To enter a float call him at 322-1400.

Mike Capko is working with local automobile agencies to provide vehicles for the dignitaries in the parade.

The parade marshal has not received word yet as to how Santa will arrive, perhaps it will depend on the weather. Snow is not expected in sunny Sanford so there is speculation that Santa may have to resort to modern transportation such as a helicopter.

A large turnout is expected to be on hand for the annual event. For further information bands may call Reed at 322-4396.

# Youths Beat, Rape 84 Year Old Widow

PHILADELPHIA (AP)—An 84-year-old widow living on the 16th floor of a north Philadelphia public housing project is recovering from five days of terror during which she was beaten with a broomstick, stripped, raped, tortured, burned and robbed of her savings by four youths, police said.

The widow, who has no known relatives, was so bruised and covered in cuts and welts and frightened that she is still in the hospital. She is recovering from the ordeal.

It began Sunday, police said, when the four youths—aged 10, 11, 12 and 13—knocked on the door of her apartment in the Fairhill Housing Project and asked if they could turn an electric can and matches.

The youths returned Wednesday and Thursday and committed similar attacks. A court worker found the apartment in shambles during a visit Friday morning, police said.

The worker said the woman told her the youths took all her money, about \$220. The woman had no phone and was afraid to leave the apartment because she feared being locked out without her key.

The youths were charged with burglary, robbery, rape, vandalism, indecent assault and aggravated assault and battery.
