

SIX HUNDRED MILLION AT STAKE IN STRIKE RAILWAY EMPLOYEES WANT

Reductions Made by Executives Exceed Half Billion

BIG CUT WAS MADE

EMPLOYEES WANT 1920 SCALE TO REMAIN IF FREIGHT REDUCTIONS ARE NOT MADE

WASHINGTON, Oct. 21.—Six hundred million dollars in annual wages is the stake for which railway workers have declared to strike October 30, for the re-establishment of wage schedules in effect during the last half of 1920 and the first six months of 1921.

More than \$300,000,000, or over half this sum, already has been ordered stricken from the rail workers payroll. This was by the decision of the Railway Labor Board, effective July 1, 1921, cutting wage schedules of railworkers an average of about 12 per cent.

The remainder, aggregating about \$250,000,000 is the further reduction the railway executives have announced their intention of asking, even in the face of the strike vote.

In simple terms, the strikers are demanding the maintenance of wage schedules established by the rail board in 1920, while the railroad executives are seeking the return of rail pay to the basis established by the United States Railroad Administration.

There exists a general feeling that the strike call is rather for the purpose of frustrating the executive plans for a further reduction than in the hope of gaining reconsideration for the reductions already ordered.

How the wages of the various classes of railway labor are affected by the recent reductions, against which the strike was called, is shown by the following average figures on rail pay.

How the wages of the various classes of railway labor are affected by the recent reductions, against which the strike was called, is shown by the following average figures on rail pay.

Passenger engineers under the scales which the brotherhoods seek to have retained average \$288 a month. The new scale would cut their pay 48 cents a day, or \$14.40 monthly, leaving an average of \$278. The monthly rate under the railroad administration average \$263, while the average prior to government operation in 1917, was \$186.

Freight engineers, who under the award of July, 1920, averaged \$275 monthly, draw only an average of \$256 under the July, 1921, scale. Under government operation these men average \$239, while in 1917 their average was \$175. The reduction against which they strike is 64 cents a day.

The average fireman's pay, on a through run, was \$210 on passenger trains, and \$202 on freights, under the maximum scale. The reduction ordered is of 48 cents a day for passenger firemen and 64 cents for freight, which would bring their monthly pay down to about \$205 and \$193 respectively. Under the government operation these men drew an average of \$184 and \$166, while prior to government control they averaged \$112 and \$100 respectively.

HAD NO BATH TUB WANTED FACT HIDDEN FROM THE PUBLIC.

ST. PETERSBURG, Fla., Oct. 20.—Some resident of St. Petersburg has been journeying through life without a bath tub in her home but only P. J. McDavitt, city building inspector and the plumber and carpenters who will build and equip a both room for her know her identity. The resident applied Monday for a permit to have the bath room constructed and requested Mr. McDavitt NOT to give her name to the newspapers who the day's building permits issued were made public. Mr. McDavitt agreed to withhold the name. The request was the first of its kind ever made of Mr. McDavitt but he did not regard it as extraordinary inasmuch as the water in Tampa Bay is warm enough for bathing every month in the year.

ADMIRAL BEATTY ARRIVES IN AMERICA GUEST OF LEGION.

(By The Associated Press) NEW YORK, Oct. 21.—Escorted by a squadron of American destroyers which picked up the liner Aquatania before dawn off Ambrose lightship, Admiral Earl Beatty of the British navy, arrived here today as the guest of the American Legion. Batteries on the forts saluted.

MRS. BURCH ARRAIGNED BEFORE PINELLAS JURY SHOT MRS. HARRIS.

(By The Associated Press) BRADENTON, Fla., Oct. 21.—Mrs. Flora Burch, indicted by a grand jury on the charge of assault with intent to kill Mrs. Albert Harris, wife of Bradenton's first chief, was arraigned before Judge McMullen this morning and pleaded not guilty. The criminal docket will be sounded tomorrow and the trial will probably be set for early next week. Mrs. Burch is charged with shooting Mrs. Harris on the night of July 16. Mrs. Harris declared she recognized her assailant, although dressed in boy's clothes.

HARDING PROBES RATES.

WASHINGTON, D. C., Oct. 21.—Decisions of the Interstate Commerce Commission on rate changes on hay, grain and feed were understood to be imminent today after a conference on the railroad situation in which President Harding, Chairman McChord, of the commission and acting Attorney General Goff participated. Whether the decision would involve a reduction in freights on the commodities involved, thereby translating the railroad employees' wage reduction of last July into the rate fabric, was not indicated.

COMMUNISTS WOULD TAKE BIG REVENGE

PARIS, France, Oct. 21.—A plot by French communists to take retaliatory measures against all American officials in France in the event of the execution of Sacco and Vanzetti, the two men convicted in a United States court for murder, was revealed last night when it became known that threats had been made to blow up the offices of the American reparations commissioner and the passport bureau.

Threatening letters, warning of reprisals in the event of the death of the two men, were also received today by the American consul general, Alexander M. Thackara, and the American consuls at Marseilles, Bordeaux and Lyons. In consequence of this strong force of police are guarding the new building near the Place de l'Estole, occupied by the reparations and passport offices and also the consulate in the Rue Des Italiens. The police in Bordeaux, Lyons and Marseilles, are guarding the consulates there.

CONSULATES THREATENED.

PARIS, France, Oct. 21.—Retaliatory measures in event of the execution of the two Italians, Sacco and Vanzetti, convicted of murder in Massachusetts, is threatened against the American consulates in Paris, Bordeaux, Lyons and Marseilles, in letters received at those consulates Thursday, signed by communist organizations.

SHIPPING CONSPIRACY CHARGED

WASHINGTON, D. C., Oct. 21.—"Sinister influences have been at work in America for more than 100 years to keep American ships from the seas," Senator Underwood, democrat, Alabama, declared Thursday during debate on a resolution by Senator Poindexter, republican, Washington, calling for a complete accounting from the shipping board and the emergency fleet corporation. The resolution was adopted without a dissenting vote.

Soviet Memorial to John Reed

A general view of the ceremonies attending the unveiling of the John Reed memorial at the foot of the Kremlin wall in Moscow. The memorial, erected by the Russian soviet government, is for the American writer and radical who died of typhus in Moscow last year.

LLOYD GEORGE ARRANGED DATE FOR SAILING

WILL COME TO U. S. TO ATTEND THE ARMAMENT CONFERENCE

(By The Associated Press) LONDON, Oct. 21.—Premier Lloyd George has decided definitely to sail for the United States November five, arriving in time for the opening session of the armament conference in Washington, November 11.

COST OF LIVING DOWN 18 PER CENT IN PAST YEAR AND A QUARTER.

WASHINGTON, D. C., Oct. 21.—Based on statistics for 32 cities the cost of living in the United States decreased 1.7 from last May to September and 18.1 per cent from June, 1920, to September, according to figures announced by the bureau of labor statistics. The decrease from May to September ranged from 0.1 per cent for Portland, Me., to 3.8 per cent for Jacksonville, Fla., with New York showing a decrease of 1.1 per cent; Boston, 0.9 per cent; Cincinnati, 2.8 per cent; Denver, 0.6 per cent; Houston, 0.6 per cent; Memphis, 1.3 per cent; San Francisco, 1.3 per cent, and Seattle, 2.6 per cent. The figures showed the cost of living in the country September 7 to be 77.3 per cent higher than the average for the year, 1913. The increases were itemized as follows: Food, 53.1 per cent; clothing, 92.1 per cent; housing, .0 per cent; fuel and light, 80.7 per cent; furniture, 124.7 per cent, and miscellaneous, 107.8 per cent.

TOD GILLETT BURIED WITH HONORS.

WASHINGTON, D. C., Oct. 21.—Tod Ford Gillett, of Tampa, killed in France June 19, 1918, while serving as volunteer ambulance driver rescuing wounded comrades, was buried with military honors in Arlington national cemetery.

Members of the Florida delegation in congress and many distinguished officials who are personal friends of the Gillett family, attended the funeral.

The party included M. E. Gillett, former mayor of Tampa, and Mrs. Gillett, parents of the young hero, and his brother, D. Collins Gillett. The grave was covered with floral tributes from business, civic and social organizations and personal friends.

TO SELECT AMBASSADOR.

WASHINGTON, D. C., Oct. 21.—President Harding's choice for American ambassador to Germany, a post expected to be filled soon after exchange of ratifications of the peace treaty of Berlin, was understood Thursday to have narrowed down virtually to David Jayne Hill, former ambassador to that country, and Alanson B. Houghton, of Corning, N. Y. Those in touch with the situation expressed the belief that the post would go to the latter and would be only important diplomatic appointment of the present administration accorded to the Empire State.

The city of Tampa has offered the waterworks firm of that city \$900,000 for the plant.

PACKING HOUSES OF ORLANDO ARE CLOSED

PRESIDENT SLIGH SAYS WOULD BE FOOLISH TO START SHIPPING IN FACE OF STRIKE

(By The Associated Press) ORLANDO, Oct. 21.—S. J. Slight, president of the Orlando Perishable League announced today that most of the citrus fruit packing houses would be closed here tomorrow. He said it would be folly to start cars of fruit north with railroad strike pending as fruit would be spoiled by standing in cars on sidings if trains are tied up.

ORLANDO MAY NOT HAVE BALL TEAM.

ORLANDO, Fla., Oct. 21.—Orlando's prospects for a Florida State League baseball team next year, still rock along in a sea of uncertainty, and meanwhile, patriots of the sport are sparing no efforts to liquidate an indebtedness of several thousand dollars in order to put things in shape for an even start next year.

At a meeting called recently, President F. G. Baxter, of the pennant winning club, declared he is liable for notes in the sum of \$4,300 while the club owes him personally \$2,500. Only a hand full of fans attended the meeting, called in an effort to work out some means of paying off the indebtedness. The men who shouldered the burden last season were pretty much disappointed, and one, Clarence G. Brown, declared the city should go without a team for a couple of years until it learns how to appreciate the game.

SHRINERS TO SPEND TEN MILLIONS FOR CRIPPLED CHILDREN.

PITTSBURG, Pa., Oct. 21.—Ernest A. Cutts, of Savannah, Ga., imperial potentate of the Ancient Arabic Order, Nobles of the Mystic Shrine, upon an official visit to Pittsburgh, told Shriners of this city that the Shrine organization had pledged itself to the expenditure of \$10,000,000 for the care and cure of crippled children regardless of color, creed or sex. Mr. Cutts said as far as statistics have been available there are 400,000 crippled children within the jurisdiction of the Shrine and that it is the program of the organization to establish hospitals in various sections of the country to care for them.

Already one has been established at St. Louis, he said, and this is to be the center of the six institutions under the present program. It is proposed, Mr. Cutts said, to establish hospitals at Shreveport, La.; Montreal, St. Paul, Minn.; San Francisco, Portland, Ore., and one in Pennsylvania, the location to be determined.

TEACHERS TO MEET.

ORLANDO, Fla., Oct. 21.—The Florida State Teachers' Association will meet in Orlando the last week of December, W. S. Cawthorn, state high school inspector and J. H. Brinson, in charge of colored educational work, are now in Orlando making preparations for the annual convention.

RAILROAD LABOR BOARD ADMITS ABSOLUTE FAILURE IN PREVENTING BIG STRIKE

LOOKS LIKE STORM BREWING IN CARRIBBEAN COMING THIS WAY.

(By The Associated Press) WASHINGTON, D. C., Oct. 21.—The weather bureau announced today a disturbance is appeared to be forming over the western Caribbean sea, southwest of Jamaica. The movement of the storm is described as uncertain, but probably northward.

EXECUTION OF HARRIS MAKES GOVERNOR ILL REPORTED BETTER.

(By The Associated Press) RALEIGH, N. C., Oct. 21.—Governor Morrison, who is ill as a result of worry over the case of Harris, who was electrocuted here yesterday, for the murder of F. W. Monniah, is reported today as much improved. The governor is confined to his room under the care of a physician.

WIFE OF BUFFALO BILL DIED TODAY AT ODY SEVENTY EIGHT YEARS OLD.

(By The Associated Press) CODY, Wyoming, Oct. 21.—Mrs. Louisa Frederick Cody, widow of Buffalo Bill, died at her home here last night at the age of seventy-eight. Heart trouble is said to be the cause.

WILL NOT HOLD CHILD WHO SLEW PLAYMATE.

PROVIDENCE, R. I., Oct. 21.—Chief of Police Flynn today said no action would be taken against Johnny Bucko, 8, who killed his playmate, Mary Sapla, the same age, by tying a cord around her neck, attaching it to the shaft of a grindstone and turning the handle until the child died.

The tragedy occurred in the yard of the girl's home in Valley Falls. Johnny said the reason for his act was that Mary had said, "I don't like you any more."

Permanent Exhibit of Florida Resources in Jacksonville

PERMANENT EXHIBIT 14 After the State Fair Exhibits Will Be Kept at Jacksonville

JACKSONVILLE, Oct. 21.—A permanent agricultural exhibit will be established at the Florida State Fair grounds in Jacksonville following the annual fair—November 12 to 19.

Plans for the exhibit are being made by William D. Flynn, director of exhibits, who has already secured the co-operation of both the federal and state governments in making this department of the fair a success. Mr. Flynn is urging all counties, which will exhibit at the fair this year, to take advantage of this splendid opportunity to advertise their resources throughout the entire year. Already many have signified their intention of coming in, and the indications are that the exhibit will immediately take rank with the best of such displays, which are maintained by the state of California as an advertising medium.

Such exhibits have been powerful factors in developing California, and the success achieved in the Pacific coast state can be duplicated in Florida, provided the entire state gets behind the enterprise. Jacksonville is the logical place for such an exhibit of its resources and products. It is the gateway to Florida, and visitor and prospective settlers will certainly make it a point to visit such exhibit, and those behind the movement state it will not fail to exercise a powerful influence in future development of the state.

Mr. Flynn states that the value of the exhibit will not be limited to visitors, but it will be of immense educational value to Floridians, as one of the big needs of the state is to sell Florida to its own people that they may be boosters for Florida when visiting other sections of the country.

According to the three fair judges of the male beauty contest conducted by the South Florida Press Association at Lakeland, there are other "beauties" in the association besides Thorn, Triplet, Rube and Lee.

Railroad Union Chiefs Push Plans for Walkout

BOTH SIDES PLAN

FOR ONE OF THE MOST GIGANTIC STRIKES THAT HAS EVER BEEN CALLED IN AMERICA

(By The Associated Press) CHICAGO, Oct. 21.—The United States Railroad Labor Board having admittedly failed in its attempt to prevent the strike, the railroad union chiefs today are pushing plans for a general walkout beginning October 30th and officials of carriers are moving at double time in their preparations to combat the proposed strike. On the carriers part, the heads of the western roads met in Chicago today in conference announced for the purpose of forming plans to combat strike while similar meeting of Southwestern roads is being held in St. Louis. Members of the railroad labor board said they now understood labor's views and while not having any definite plans as yet were of the opinion that something might yet be done by the board. To that end they held an executive meeting today at which the situation was gone over thoroughly.

WASHINGTON, Oct. 21.—Speculation here early today on the strike situation was directed chiefly upon the question of whether the Railroad Labor Board would be called upon to make efforts toward compromise or whether Harding would initiate some other plan, as yet unagitated.

CLEVELAND, Oct. 21.—Upon his return here from Chicago today, W. G. Lee, president of the Trainmen's Brotherhood, who attended the meeting with the Labor Board yesterday said the strike situation was unchanged. A proposal by the board to postpone the strike action was emphatically declined, by the brotherhood chiefs, Lee said.

SAN ANTONIO, Tex., Oct. 21.—Approximately 600 members of the Brotherhood of Trainmen on International and Great Northern railroad today completed final arrangement for the strike scheduled to begin at noon tomorrow, one week in advance of date set for general walkout. Officials said the cause of the strike was the same as those which resulted in the general walkout orders.

BIG CREAMERY FOR OCALA.

OCALA, Fla., Oct. 21.—A charter has been issued the Marion County Creamery Co., and a permanent board of directors has been elected. W. F. Wild, of Charlottesville, Va., a dairy and creamery expert of many years experience, has been selected as manager and he will be a substantial stockholder in the company. Machinery has been ordered and it is expected arrangements for a building to house the plant will have been completed within the next few days.

The permanent directors named are: H. L. Shearer, Cottage Hill, W. R. Dedman, McIntosh; Miss Catherine Pyles, Ocala; E. C. Beuchler, Anthony; F. W. Ditto, Ocala. The officers selected by the directors are: Mr. Beuchler, president; Mr. Ditto, vice-president; Mr. Shearer, secretary. An executive committee was chosen, consisting of Messrs. Dedman, Shearer, Miss Pyles.

The new concern resulted from a movement launched in this county by Mr. K. C. Moore, county agricultural agent, who worked unceasingly on the project after he took up his duties here as agent.

The super-refined Boston papers are insisting that the word "limbs" should be used when legs are meant. We are waiting to hear them talk of "boot limbs."

BAPTIST STUDENTS AT FLORIDA UNIVERSITY WILL HAVE FREE HOME.

GAINESVILLE, Fla., Oct. 20.—Plans for a \$50,000 home for Baptist students at the University of Florida were outlined at a meeting of the Baptist Boys Club here this week by Dr. Rogers, secretary of the State Mission Board. A site for the home was purchased several years ago but at that time there were comparatively few Baptist students at the University. The number now has grown to more than two hundred and Dr. Rogers declared the time was at hand to launch the movement for erection of the building.

Dr. Rogers said he would present the plans to the State Baptist Convention at Miami in December, give the name of every Baptist young man at the University and urge the need for such a religious recreation center. He hopes to have construction begin next spring.

The home would be provided with a swimming pool, library and cafeteria, and the grounds would include tennis and volley ball courts. There would be an instructor to teach the Bible and arrangements would be made for the University to give college credit for this work.

The Baptist Club was reorganized for the year with the election of J. B. Walker, of Baker, as president. Other officers selected were H. C. Johnson, of Holt, vice president; E. F. McLain, of Greensboro, secretary-treasurer, and C. E. Abbott, of Fort Green, sergeant-at-arms, Tom Sales, of Tallahassee, and C. W. Parsons, were elected reporters.

L. M. Miller will in the near future erect a new hotel at St. Petersburg. It is planned to have it ready for the tourist season.

DEMOCRATS MUST PRESENT UNITED FRONT.

RED SPRINGS, N. C., Oct. 20.—Standing under the American flag with the British union jack to his right and the flag of Canada to his left, Sir Auckland Geddes, British ambassador to the United States, of America, in session here, made a plea for better understanding of international problems by the people styled as "the real rulers in democratic countries."

The price of peace between great nations today, whose ideas of democracy are similar, is eternal vigilance over the policies adopted by these nations, the ambassador declared. Eternal vigilance can only be maintained by educating the people to the understanding of these policies, he continued. The ambassador said no nation can stand alone, because the welfare of the one is the welfare of the other. The United States and Great Britain are bound by ties of trade, by ties of blood and by ties of thought, he added, and these governments cannot get away from international relations.

The ambassador spoke optimistically of the coming armament conference in Washington and expressed the belief that much good would come of this gathering of nations.

Speaking directly to the students of Flora McDonald College for Women, where the ambassador addressed the Scottish Society, Sir Auckland referred to the traditions which had come down to them from Scotland and characterized the colleges of the land as the guardians of civilization and the makers of world peace.

The bond trustees of Lake Apopka have advertised for sale \$50,000 of city bonds. The funds will be used for street improvement.

COMPROMISE IN THE STRIKE OF RAILROADS

AUTHORITIES ON SITUATION SAY BOTH SIDES ARE AFRAID

WASHINGTON, Oct. 20.—Prevailing opinion yesterday among members of the cabinet and others in touch with the railroad situation is that there will be no strike.

This is based mostly on a knowledge that the labor leaders themselves are not eager for a test of strength and that the railroad executives cannot afford to take an arbitrary attitude toward any compromise that may be proposed.

Many a compromise is being considered. The chances are that the calling of the strike as a protest against a second wage cut will lose its main justification when a proposal is made that the Interstate Commerce Commission and railroad labor board be given an opportunity to work out a program whereby reductions in wages shall be passed on to the consumer through cheaper freight rates.

As it is now, the labor leaders declare that the first cut in wages of last July wasn't passed on. The railroads claim the wage cut wasn't big enough to warrant a drop in rates. The strike has been called mostly to prevent a second cut in wages, it is suspected, is largely the strategy of the railroad executives in wishing to make sure the acceptance of the first cut.

PARTICIPATION WORLD AFFAIRS IS INEVITABLE

PRESIDENT HARDING TELLS THE WORLD ABOUT IT TODAY

WILLIAMSBURG, Va., Oct. 20.—President Harding was given the honorary degree of doctor of laws by the college of William and Mary yesterday at exercises of installation for Dr. J. A. C. Chandler as president of the institution. In cap and gown Mr. Harding in an address appealed for increased patriotic attention to the national educational system and praised the part played in American history by the institution, which is the second oldest college of the country and among whose graduates are numbered three presidents of the United States.

Before coming here the president delivered an address from the spot in Yorktown where Lord Cornwallis surrendered the British forces of the revolution to General Washington in 1781 and announced to the world a policy of Anglo-American friendship for all future time.

The United States and Great Britain, the president asserted, had consecrated a long time friendship by association in the common sacrifice of the world war and found themselves "arrayed together" in a trusteeship for the preservation of civilization. He spoke also a word of gratitude for the aid given by France in the revolution and declared the time had come for world wide co-operation and amity among nations.

That part of the Yorktown speech devoted to British-American relations was in the form of a brief declaration of policy on which the president did not elaborate.

MIAMI POLICE CANNOT ACCEPT ANY GIFT.

MIAMI, Fla., Oct. 20.—The local police department has an inflexible rule against any of its members accepting a gratuity from any individual or firm except when given in appreciation of an "ultra-heroic" deed, according to Chief of Police Quigg, who recently returned to a St. Louis homicide manufacturing concern presents valued at \$44.

The department had ordered a 60-gallon drum of insecticide from the firm at a cost of \$120 per drum. The firm made the chief a present of two pairs of handcuffs and a set of silverware, and although it was suggested the gratuities be turned into the policemen's fund, it was decided best to return them. Rather than have the policemen's fund suffer because of the action, a city official donated his personal check for \$44, the value of the handcuffs and silverware.

The board of directors of the Daytona golf and country club have let the contract for the erection of the \$40,000 club house at Daytona. Work is to start very soon.

SPORT WORLD

ROLLINS TARS ARE IN MIDST OF HARD WORK FOR STETSON GAME.

WINTER PARK, Fla., Oct. 20.—The Rollins Tars are rounding out their final week of practice in preparation for the annual Rollins-Stetson classic to be played in DeLand. It will be the initial game for the Hatters, and as it is by far the most important gridiron contest of the year for this part of the state, much speculation is being made on the probable outcome.

Since making the final showing against the heavy University of Florida team, October 8, the Blue and Gold wearers of Rollins have been practicing steadily for the first game of the season with the Green and White and expect to be in good shape. This will be the first clash of the year between these schools—rivals of many years' standing. For more than thirty years Rollins and Stetson have fought for supremacy in intercollegiate athletics, and in view of this fact, it is certain that both institutions will be well represented at the battle to be staged in DeLand next Saturday.

PALM BEACH SHERIFF HAS PAIR BLOOD HOUNDS THAT HE WILL TRAIN.

WEST PALM BEACH, Fla., Oct. 20.—Sheriff R. C. Baker, of Palm Beach county, has received from a kennel in Alabama a full blooded blood hound and her two three months old puppies and is planning to train them to trail criminals. The sheriff declares that because of the climate the full blooded hound does not thrive well and that the proper dog is a cross between the blood hound and the red bond hound. He expects to use the blood hounds principally for breeding purposes in the hope that he can develop a dog that is able to withstand black-tongue, a disease which attacks the full blooded hound in this climate. "A regular cracker dog," is what Baker plans to produce.

DRESNER'S FALL SHOWING BRINGS MANY SHOPPERS TO SANFORD THIS WEEK

(Continued from Page One)

acting and demanding the best and the very latest are quick to discover the store that has this line of goods and they purchase without any paltering knowing that Dresner's has the best at the very lowest prices. As you go into the store the two windows attract your attention, one trimmed in black and ivory and one in beaver and gold and in each one just a few of the very latest styles in wearing apparel with a touch of the American Beauty color evening wrap to lend the proper verve to the sombre hues. Inside the store is a show case of all black hats, farther on one of red hats and all the latest blending shades and several show cases lighted up for the occasion that contain the black and gold hats of Parisienne creations and the best from the American artists. Another show case contains furs and though the weather is too warm to enthrone over furs this line of mink and fox, beaver, stone marten and real fox and squirrel pieces are none the less interesting, being in vogue in all the fashion centers and of the very latest designs in fur pieces. And then as a whole the store is simply a bewildering array of evening dresses, afternoon dresses and dinner dresses, the black and fuchsias vieing with the many shades of the rainbow in the "Fairyland" that has been arranged here by the hands of a true artist. Fur coats and heavier wraps are shown in comparison with the dainty lingerie that includes all grades of silk underwear and beautiful boudoir gowns, etc. And then one realizes that with the richer and more expensive dresses are a most complete line of dresses and coats and suits, those that are very inexpensive causing the beholder to wonder just how Dresners can sell them so reasonable and those who came here from a distance were greatly surprised at the wonderful bargains in this up-to-date place in comparison to other cities. Among the winter goods is an unusually elegant line of ladies sweaters that will be worn so much later in the season.

The store has been so tastefully and so beautifully arranged and decorated for the fall opening that Mrs. Dresner and her corps of able assistants are to be congratulated upon the success of the fall showing for upon the dressing of the windows and the store and the arrangements of the different lights and shadows and the perfect blending of colors depend the greater part of the success of any store. This and the fact that the goods are up-to-date and have the right price and in all of these requisites Dresners are 100% and so pronounced by the ladies who are the judges.

BOMB EXPLODED IN HERRICK HOME AMERICAN AMBASSADOR.

PARIS, France, Oct. 20.—A bomb exploded Wednesday in the house of Myron T. Herrick, American ambassador, seriously injured the valet who opened the package containing it. The room in which the explosion occurred was wrecked. Ambassador Herrick arrived at the chateau two minutes after the bomb exploded.

The bomb was contained in a carefully made package, addressed personally to the ambassador, who, it appears, might well have opened it himself, as it seemed to be a gift designed for him. The ambassador's valet, however, happened to see the package and opened it to save Mr. Herrick the trouble.

Threats to tear down the American flag over the American embassy here are contained in many letters which have been received at the embassy the last few days, protesting against the conviction in the United States of two Italians for the murder of Frederick A. Parmentar, paymaster of a shoemaking establishment at Braintree, Mass. In all between 300 and 40 letters of protest have been received at the rate of 100 a day.

MEMPHIS WOMAN LEADS.

ATLANTA, Ga., Oct. 20.—A stiff breeze confronted the contestants in the second round of the Southern Women's Golf Association championship played here Wednesday and made scoring rather uncertain. Mrs. David Gaut, Memphis, title holder, won her match with Mrs. George C. Harrington, Atlanta, 8 and 6. Miss Mayer, Atlanta, defeated Mrs. Tom Payne, Atlanta, 1 up.

FEW FOLKS HAVE GRAY HAIR NOW

DRUGGIST SAYS LADIES ARE USING RECIPE OF SAGE TEA AND SULPHUR

Hair that loses its color and lustre or when it fades, turns gray, dull and lifeless is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

Work has been resumed on the Seminole Sands' 100-room hotel according to a recent announcement. Work will be rushed to completion so that it will be in shape to open in time for the coming tourist season.

Monday—Westminster Club will meet at the home of Mrs. Robert Walthour, corner Seventh and Elm, at 8:30 p. m.

The Woman's Club of the Congregational church had a large attendance at their meeting last night to make final arrangements for their motion pictures to be given October 27th.

Mrs. Paul Biggers and little son, Paul, returned yesterday from an extended visit at Lewistown, Mont.

Dr. and Mrs. C. J. Marshall were visitors in Orlando Tuesday where the doctor attended the meeting of the Orange County Medical Association, Tuesday evening.

Miss Florence McKay, who broke her collar bone, Tuesday evening when a swing in which she was sitting fell, is reported to be resting comfortably.

Mr. and Mrs. William Bailey left yesterday in their car for Eustis, going from there to Americus, Ga., where they will attend the wedding of the former's sister, on October 26. Mr. Bailey will return in about two weeks, while Mrs. Bailey and baby will visit relatives for a month or six weeks.

LEGION ENTERTAINMENT

The members of the Legion and friends were most delightfully entertained last evening at the Woman's Club house, by the members of the "Woman's Auxillary."

The club rooms had been artistically decorated by Mrs. Kenneth Murrall and her committee, Mrs. Frank Akers and Miss Roper. Red roses and fern, with large flags were used.

As the guests arrived they were met by Frank Roper, Legion commander, Mrs. Roper, secretary and treasurer of the Auxillary; Mrs. A. J. Lossing, president of the Auxillary and Mrs. S.

HOF-MAC BATTERY CO.

We have been in business one month and we have done fine. We thank you for your part in it.

"Foot of First St."

M. Lloyd, vice-president of the Auxillary.

A splendid program was rendered as follows: America, sung by all. This was followed by an enthusiastic talk by Mr. Roper. A short talk was also made by Mayor H. R. Stevens. Miss May Holly rendered a piano solo, and little Miss Martha Fitts delighted all by her dainty dancing. Several vocal selections were given by Miss Lillie Ruth Spencer accompanied by Mrs. C. P. Herndon and Miss Mildred Holly accompanied by Miss May Holly. Star Spangled Banner was sung by all.

Refreshments of ice cream and cake were served by Mrs. H. R. Stevens, Mrs. R. J. Holly and Mrs. W. T. Langley, after which the guests enjoyed dancing until a late hour. Mrs. Claude Herndon furnished the music for the dancers.

There were about a hundred guests who enjoyed this delightful evening and all voted the Auxillary as wonderful hostesses.

GREENE-MATTHEWS NUPTIALS.

Beautiful in its simplicity was the marriage, yesterday afternoon, of Miss Gladys Greene and Mr. Ernest Matthews, of Leesburg, which was solemnized at five o'clock, at the Presbyterian church, in the presence of a large number of friends and relatives. Rev. E. D. Brownlee, officiating.

The church was tastefully decorated with palms, ferns and golden rod. The chancel being banked with greens, and baskets and brass jardiniere filled with golden rod, carrying out the chosen color scheme of green and gold.

Preceding the ceremony, a beautiful program of nuptial music, in charge of Dr. H. H. McCaslin, organist, assisted by Miss Mable Bowler, voice, was rendered. Miss Bowler sang exquisitely "At Dawning" (Cadmans). Mendelssohn's "Wedding March" was used as processional, and "The Bridal Chorus" from Lohengrin, as recessional.

The bride entered with her brother, Mr. Arthur Greene, coming down the left aisle, the groom and his best man, Mr. Earl Hester, of Leesburg, coming down the right, meeting at the chancel steps where the solemn words were spoken.

The bride was lovely in a handsome coat suit of blue tricotine with hat and other accessories to match. Her flowers were white roses.

Following the ceremony, an informal reception was held at the home of the bride's parents, on the West Side.

Mrs. Matthews is the daughter of Mr. and Mrs. F. L. Greene. She is a graduate of Florida State College at Tallahassee, and her charming personality has made her popular with a wide circle of friends.

The groom is one of Leesburg's rising young business men, and is highly esteemed.

Mr. and Mrs. Matthews will make Leesburg their home, and a new built and furnished home awaits them.

The numerous friends of Mr. and Mrs. Matthews are wishing them every future happiness.

MEETINGS

FRIDAY
7:30 p. m., Seminole County Federation of Baptist Young People at the Baptist Temple.

Sir Harry Lauder claims the credit—or acknowledges the responsibility—for inaugurating the rolled stocking fad.

SEMINOLE COUNTY BAPTIST YOUNG PEOPLE'S FEDERATION.

Indications are that a large attendance will be at the Baptist Temple tonight at the meeting of the federation. Report shows that delegations will be as follows:

Oviedo.....	18
Geneva.....	20
Chuluota.....	20
Longwood.....	3
Lake Monroe.....	10
Sanford.....	70
Total.....	146

A program will be rendered. The organization of the federation will take place.

A committee with Mr. Busico Steate as chairman, has the refreshments in charge.

The social committee, has some novel plan to get acquainted. Any who are interested in the welfare of the Baptist young people of the county are invited. Seven thirty tonight.

THE NECESSITY OF SEX EDUCATION

During the last ten or fifteen years society has been learning that many tragedies in marriage and much suffering among innocent women and children have been caused by sex disease. It is believed that the spread of these diseases has been due largely to ignorance and false ideas regarding sex. Formerly the subject of sex was associated with secret and vicious practices; to discuss it was indecent. Now men and women are coming to understand that the sex function is intimately connected with the physical, mental and moral development of the individual and with the welfare of the entire race. People are learning that its right use is the surest basis of health, happiness and usefulness. It is believed that sex-education will remedy, in large measure, these evils.

It has been discovered, moreover, that many of the disasters mentioned are due to false ideas acquired in childhood.

When a mother evades the question of her child regarding the facts of birth or answers them untruthfully, its questions thereafter are generally directed toward other sources of information. The results are often most unfortunate.

Free lectures visualized by moving pictures, will be given by Capt. W. H. Gillette, of the U. S. Public Health Service and the State Board of Health at the Princess Theatre this afternoon at 3:30 for women only, and 7:30 tonight for men only. Boys and girls under 14 years of age not admitted.

Every man and woman in Sanford should take advantage of these lectures and see the pictures setting forth the ravages of these diseases and showing the necessity of sex education.

DANCE TONIGHT.

American Legion will have a dance at the Valdez hotel tonight. Music by the University Five, of Stetson. Everybody is cordially invited. From nine to twelve.

LAST WEEK OF PEGGY PAIGE SPECIALS AT BAUMEL'S SHOP.

This is the last days of the Peggy Paige week and today and tomorrow special reductions will be made on everything at Baumel's Specialty Shop. Read the advertisement in this issue and take advantage of the special prices tomorrow.

ARMISTICE DAY PARADE

WHICH WILL BE STAGED BY THE LOCAL POST OF THE AMERICAN LEGION.

The following business concerns, fraternities and clubs, of Sanford have liberally subscribed their names in agreement to enter a decorated float or automobile to represent their respective lines of business. Names will be added from time to time and from the floats already listed it will be a parade of magnitude never before witnessed in the city:

- American Legion.
 - Sanford Paint & Wall Paper Co.
 - Woman's Club, Welfare Dept.
 - D. C. Marlowe.
 - Hopkins Shoe Shop.
 - A. J. Lossing, (0).
 - C. A. Matthews.
 - Ball Hardware Company.
 - Lloyd Shoe Store.
 - West Side Grocery.
 - Bryan-Wheeler Motor Co.
 - Wright Tire Co.
 - B. & O. Motor Co. (2 floats).
 - Sanford Cycle Co.
 - Haynes & Ratliff.
 - City of Sanford.
 - Mobley's Drug Store.
 - Routh Bros., Bakery.
 - Cates' Crate Co.
 - Coca-Cola Co.
 - Woodruff & Watson.
 - Haight & Weiland.
 - Cates Grocery Co.
 - Deane Turner.
 - Newberry's Drug Store.
 - Carter Lumber Co.
 - T. J. Miller & Son.
 - Union Pharmacy.
 - Sanford Shoe & Clothing Co.
 - Hanson's Shoe Repair Shop.
 - Roberts Grocery Co.
 - Baumel's Specialty Shop.
 - Raifeld-Holig Co.
 - F. P. Rines.
 - A. Kanner.
 - F. Schwartz.
 - Chero-Cola Co.
 - Brown's Market.
 - Caldwell Furniture Co., Inc.
 - L. C. Leonard Meat Market.
 - Water's Candy Kitchen.
 - Surprise Shoe Store.
 - Bandel's Emporium.
 - Seminole Market.
 - Rivers' Bros. (2 floats).
 - Pure Food Market.
 - Kent Vulcanizing Co.
 - Miller's Bakery (4 floats).
 - Star Theatre.
 - Cle-Trac Tractor.
 - Gillon & Fry.
 - John T. Brady.
 - Perkins & Britt (2 floats).
 - R. C. Maxwell.
 - Ed. Higgins, Inc.
 - Hof-Mac Battery Co. (2 floats).
 - Sanford Steam Laundry.
 - Wright Grocery Co.
 - Woman's Club.
 - Mrs. J. M. Dresner.
 - Knights of Columbus.
 - Sanford Farmers' Exchange.
 - L. P. McCuller.
 - The Yowell Co.
 - American Fruit Growers.
 - Sanford Furniture Co.
 - Hill Hardware Co.
 - C. W. Stokes.
 - Blackshear Mfg. Co.
 - The Herald Printing Co.
 - Popular Market, two floats.
 - Frank Akers Tire Co.
 - Sanford Truck Co.
 - Sanford Mattress Factory.
 - The Auxiliary of the Saille Harrison Chapter N. S., D. A. U. (Children of the American Revolution).
- Any one welcome to enter a float or decorated car. Suitable cash prizes will be awarded by the First National Bank, Seminole County Bank and Peoples Bank of Sanford.
- Anyone wishing to enter call Lloyd's Shoe Store. 168-1f.

Keeping Bees Great Industry In Florida

Florida Bee Keepers Had Interesting Meeting at Gainesville

The Gainesville Daily Sun gives a very interesting account of the recent meeting of the Florida Beekeepers' Association. This report indicates that the outlook for the honey business in the state is very encouraging. The resources for honey are practically without limit, and since they are free for everybody to exploit, without let or hindrance, it would seem as though the number of beekeepers should be very greatly increased.

Honey bees are entitled to go anywhere in the state where there is a chance for them to gather the nectar, and no one can put in a claim for trespass. Below we give the report as published in the paper named:

The Florida bee industry is less beset by disease than that of any other state in the union according to J. C. Goodwin, who yesterday afternoon addressed the 1921 beekeepers' meeting at the University of Florida. The climate and the fact that Florida has water on three sides of it were given as the principal causes of the healthy condition.

Increase of 20 per cent in the number of bee colonies in the state in 1919 and 1920 was claimed by the speaker who referred to the report of State Apiary Inspector Bartholomew, made following appropriation by the legislature of \$5,000 a year for bee disease eradication. In 1910 the state inspector found 308 apiaries with a total of 18,000 colonies.

The queen breeders produced in Florida are just as good as the best in the United States, C. M. Biorseth told the beemen, and due to transportation facilities are in a position to compete with the product of Texas, which has a strong bee industry. The main difficulty, however, is the securing of reliable breeders, Mr. Biorseth said.

"Produce your own queen," was the admonition of Dr. Wilmon Newell, head of the plant board, who warned that the queen sold by the average dealer is inferior and that beemen should re-queen their breed with only the best they can secure, which should range in price from \$3 to \$5. "Produce your own queen," said Dr. Newell, "and it will be of higher quality than the average priced breeds."

The most imperative consideration in the selection of a queen mother, according to Dr. Newell, are color, disposition, and ability to gather or store honey, and the summer of late summer is the time most advantageous to lay her in.

President Barney of the State Association of Beekeepers urged a movement to make Florida headquarters for early-in-the-season queen bees, saying there is a demand for early-in-the-season queens and package bees that has never been fully met. He proposed the organization of an association which every beekeeper will be eligible to join and through which, with its endorsement he will be able to sell his queens. A committee was named to look into the matter and submit recommendations.

Publication of a beekeepers' bulletin carrying the latest apinary news, bee market reports and other items of interest to the beemen, to be sent only to members of the association, was proposed by Frank Stirling believing it will serve to increase the membership to 2,000. He said there are at present 60 vocational students at the university studying apinary and some recent graduates of the school who are anxious for several months of practical experience in the bee-raising industry.

The morning session was opened with an invocation by Rev. N. B. O'Kelly following which President Barney discussed the work of the organization and urged the necessity of larger membership. There are only 1,500 beekeepers in the state, he said, where there should be 4,000 and he pointed out that it is only through organization that the bee industry can be put on its feet.

Dr. Murphree and Dean Trusler, of the law college also addressed the meeting, Dr. Murphree pointing out that while "Florida First" was the motto of the beemen, it was also the slogan of every other industry and enterprise in the state. Dean Trusler's address dealt with the "Law of Bees" in which he explained the laws governing the ownership of bees. He showed under what conditions the bees could be regarded as a nuisance and the recourse of parties alleging annoyance by bees. He pointed out that under the decision bees are regarded under some circumstances as domestic animals but when in the woods or in a wild state, as wild beasts.

The food and drug officials of the country will hold their annual convention at Miami November 8-11.

111 FIFTH AVE.

EAST SANFORD

Francis McDougal Swanson is a graduate from Saint Joseph's training school of Hot Springs, Ark., the exercises took place Wednesday, October 19. Mrs. Swanson graduated with honors and will remain for five months longer to take some special training. Her many friends here congratulate her on her progress in her chosen profession.

Clair Cameron is at the Orlando General Hospital doing office work.

The social last Friday evening at Moore's Station church, was as usual, a pleasant success. Mrs. R. L. Grier had charge of all the arrangements. Much to the regret of the neighbors Mr and Mrs. Vance Douglas are preparing to build a home on Magnolia avenue, instead of at Lake Golden, where their home burned a few weeks ago.

Mr. and Mrs. J. C. Ellsworth were dinner guests Sunday, of Mrs. Margaret Marshall in Cameron City.

Mrs. Robert Wright, of Cleveland, Ohio, and Winter Park, were visitors at the Ellsworth home on Beardall avenue, recently.

Mr. and Mrs. John Shanku and six children, arrived here recently from Sharon, Pa., to make their home. They resided here for several years, going back north five years ago. At present they are guests of Christ Buechel.

Mr. and Mrs. T. W. Brydon, of Cameron City, road, have as their guests for the winter, Mr. Bryden's brother, wife and baby, from the north.

Mr. and Mrs. Kennedy were recent guests at the McDougal home on Celery avenue. Mr. Kennedy has charge of the baggage rooms at the Grand Central Station in Jacksonville, and at one time was a Celery avenue celery grower, and former owner of the Hawkins farm.

Mr. and Mrs. English and Mr. and Mrs. Dear, of Tampa, were visitors last week at the McDougal and Weeks' homes.

Miss Susie Fay was at home for the week-end from Palatka, where she has a position with the Southern Utilities Co.

R. C. Long, of Richmond avenue, has joined a party of friends on a several day's fishing trip over to the east coast.

As "old timers" say, the back bone of the drouth appears to be broken. So the growers haven't dry weather to complain of now, but troubles, however, "come single," it is said. Every fall as soon as seed beds are full of plants, and fields set to crops, the range cattle come powing in here at nights, after every one is asleep, and wander up and down the fences looking for a good place to hop over or break through, then they trample and eat and destroy more than their tick bitten bodies are worth. Many times over every night the season through, the farmers generally have enough to contend with at the best without this thing to worry them. Wonder when the law will be fixed as it should be, so those who want cattle will have to provide for them.

MOVING PICTURES OF HUNTING AND FISHING SCENE.

The Men's Club of the Congregational church have arranged with the publishers of the Field and Stream to exhibit their splendid hunting and fishing motion pictures on the night of October 27th, at the Princess theatre. Watch for the big ad. and program soon to be published.

Post cards—local views—1c each at Herald—by the pound—15c.

Yesterday Good Day For Trap Shooting, Fine Scores Made

Yesterday proved a good day for the trap marksmen who were at the Rod & Gun Club trap. Practically every man improved his score yesterday over that of previous days.

The attendance yesterday was lighter than usual on account of the fact that the business houses no longer close on Thursday afternoons and also due to the fact that many men are very busy at this season of the year.

In the future the shooting will start at 4 o'clock each Thursday afternoon as it has been found that it is much more satisfactory to shoot in the late afternoon.

Yesterday's score together with the season percentage of those participating in the last two day's shooting are as follows:

Name	Yest. Score	Season Pct.
Gibbs, L. H.738
Knight, G. W.735
Allen, Raymond L.	25-16	.720
Thigpen, W. J.680
Stringfellow, W. A.	60-32	.672
Kennedy, K.	25-12	.648
Stevens, R. E.	75-46	.646
Herndon, O. P.642
Woodruff, J. D.	25-16	.640
May, L. U.640
Brumley, John638
Brumley, John638
Hardin, Roy	100-65	.635
Whitner, Chas.635
Puleston, S.	60-32	.622
Newman, R. A.	75-42	.620
Hend, Walter S.	25-10	.595
Howard, C. C.	25-17	.586

LAKE MONROE

The public is cordially invited to attend the Halloween entertainment and cooked food sale to be given at the Lake Monroe school Friday evening, October 23th, at 7:30 p. m. Guests are also invited to come masked and represent different characters, if they so desire. Every one is welcome to join the wondrous festivities and help give up the jolly occasion. The cooked food sale will be given for the benefit of the school but the entertainment and carnival will be free.

A worn flange upon the wheel of a car of the local freight wrecked the train Saturday evening at the Lake Monroe draw bridge, derailed three sand cars and tore up the track from the middle of the bridge to the end of the trestle. The local freight was made up of a long train of cars Saturday and the weak truck was about the center of the train. The engine came uncoupled and sped onwards while the loaded trucks crawled up on top of each other, ran off the bridge, plunged to the right and fell from the trestle, a distance of about ten feet. No one was injured but one of the train hands fell into the St. Johns river. He was promptly rescued. Traffic was held up over night but the wreck was cleared away and the track repaired in time for No. 84 to pass through Sunday at noon.

The Meisch Realty Co. has purchased a large tract of land in the Monroe district and will subdivide into farms and make all the necessary improvements. Agents of the Florida East Coast railway from Tavares were in this section Saturday advertising lots in that locality. Several sales of lots were made.

Mr. and Mrs. Theodore Aulin, Mrs. M. E. Jacobs visited Mr. and Mrs. J. T. Jacobs Sunday.

T. E. Wainwright was called to his old home at Folkston, Ga., by the illness of his father. He returned home Sunday night and reported his father as improving.

Mr. and Mrs. Guy Stafford of Knoxville, Tenn., are visiting relatives here.

William Hightower and family have moved to Beck Hammock.

K. B. Osteen came over Sunday and took Rev. E. L. Smith back with him to Osteen where he dined with Mr. Osteen and family. In the afternoon Brother Smith conducted services at the Baptist church at that place.

Mr. and Mrs. B. F. Green, of Tavares, spent Sunday with their daughter, Mrs. L. C. Byrd.

The B. Y. P. U. of this section will meet the Sanford branch of the B. Y. P. U. Friday evening in the general society of the Seminole association.

NOTICE

In view of the numerous inquiries in reference to the qualification of voters in the Municipal Election, I wish to state that the law prescribes that a person shall have resided in the state one year and in the City of Sanford six months before being entitled to registration; must be 21 years of age and have paid his poll tax for the preceding year.

It is not necessary to re-register if you have already registered in the City Books.

It is not necessary for the ladies to pay poll tax as a pre-requisite for voting in the 1921 election, but if they did not register in 1920 it will be necessary for them to register in 1921.

The City books are now open and will remain open until fifteen days before the Primary; which primary, if it is necessary to hold one, will be held on the 8th day of November, 1921.

The City books will again open thirty days before the general election and will remain open for fifteen days. The place to register is with the City Clerk whose office is in the City Building over the Fire Department on Palmetto avenue.

GEO. G. HERRING, City Attorney.

ASK FOR YOUR RECEIPT.

Subscribers to the Daily Herald should ask for a receipt when the carrier boys collect from you. It is the only protection you have in case the carrier changes or there happens to be a mistake in the account. Each carrier boy is supplied with receipt books, and is commanded to give a receipt by the Herald. See that you get your receipt at the end of each week if you are paying that way. 168-3tp.

Cold weather. Advertise now.

Sixty days before Christmas. Advertise now.

Strike will occur the first of November. Advertise now.

Washington reported an earthquake shock a million miles away. Advertise.

We wish those people who are always harping on what the Chamber of Commerce does not do, would put their twenty-five dollars in and do their kicking, then. It would get a much better hearing.

Sanford is all right if the people would just think so. This idea of kicking about every little thing, when you are doing nothing to help your town, will never get you anywhere.

The Republicans had so many cure-alls for the railroad strike when the Democrats were in that we thought sure they would have the railroad strike settled this week.

There is nothing in the world that appeals to a stranger quite as much as the local paper filled with advertising.

It will soon be the hunting season and it is also the time when the people who would violate the game laws, usually get busy, so it behooves the real sports who hunt for pleasure to see that the game hogs are not allowed to hunt before the season opens or kill more than their share of game after it does open.

Let the strike come. It is better to have a show down now than later in the year when we get ready to ship our products.

Winter is coming, and Sanford ought to have the best season of her career, and this will be the best season if every red blooded man and woman will boost and advertise, and get them coming here and keep them here after you get them.

People coming here to fish and take river trips cannot find boats or guides so the story goes. There are boats and guides here but they have never let the Chamber of Commerce know that they were here and they have never let anyone else know it, conse-

WELCH'S GRAPELADE. Besides the Grapelade the following are delicious Welch products: FRUITLADE, CHERRI LADE, PEACH LADE, STRAWBERRI LADE. Deane Turner, WELAKA BLOCK, Phone 487-484

quently, there is no way of connecting the tourists with the guides. A little publicity always helps, but if the man looking for business keeps his light under a bushel, how will the public know anything about him?

Several hundred waterway boosters journeyed from Sanford and way stations and from Lake county into Leesburg, had a feed and boosted water transportation one night this week. Most of them then went back home and ordered goods shipped by rail.

You are wrong, old sport. The Clyde Line has two boats on now, and start a regular schedule next week with daily boats on the St. Johns. There was so much freight piled up in Jacksonville, that they had to put on two boats. So if you will boost, instead of knock, and "ship by water," we will soon have six boats and several boat lines.

MEETING AT LUNCHEON.

Every Friday at noon, the board of governors and any of the members of the Chamber of Commerce, who wish, can meet at luncheon at the Valdez hotel, or any hotel that may be named. It is obligatory upon the board of governors to meet each week and transact the big volume of business that comes before them.

In good faith and without knocking those who in the past few weeks have been talking Kiwanis the following suggestion is made with the hope that discussion pro and con will result and action will follow:

That such organizations as Rotary, Kiwanis and Civitan are an asset to a city is a proven fact. The main objection at the present time for the organizing of any of the three above clubs in DeLand is the fear that the DeLand Commercial Club would be weakened and the realization that DeLand's Commercial club has among its members practically all of the business and professional citizens as well as many of the residents of the city.

On the other hand, the merits of such an organization are apparent to all. From thirty to forty leading men of the community meet once a week for a luncheon. Attendance is compulsory or the member is dropped, and another of the same classification of business or profession is chosen.

The organization immediately of a club to be known, as has been suggested, as the Athenian Club. The first requisite for membership in this would be a paid-up membership in the DeLand Commercial Club.

The board of governors of the Commercial Club, or a committee appointed to work singularly or in conjunction with them, select from thirty to forty leading business and professional men of the city and accept two of each classification of the various ways and means of making a livelihood in a civilized city such as DeLand. That these men be given an opportunity to know of the new club and signifying their intention of joining or not joining. If the latter is the case, then another in the same business can be approached. That an initiation fee of \$10 be charged same to pay for dishes and equipment that will be necessary to prepare the luncheons. That the Woman's Auxiliary of the St. Lukes-Memorial Hospital be given the opportunity to prepare and serve the luncheons, same being paid for quarterly in advance at the rate of 80 cents for each meal. That the luncheons be held once each week at a suitable hour most convenient to all, that they be served in the Commercial Club building, that the committee or board of governors of

the DeLand Commercial Club be guided by a man's faith and ability in his own home city in choosing him for membership, and not by friendly or political sympathy, that a suitable jeweled emblem be designed and furnished member to distinguish him as a member of the Club, and that when the by-laws are drawn up it is expressly emphasized that this Club is the right hand of the DeLand Commercial Club in all its aims and undertakings.

The News calls for action. There is no time like the present. If this suggestion meets with your approval, tell us about it. If you are against it, tell us about it. The need for such an organization is apparent, there has been plenty of talk and now, it would seem, action is necessary or the thing should be dropped once and for all.

WHAT WILL THE HARVEST BE.

The nearer we approach the opening of the Disarmament Conference the more anxious the people are getting regarding the probable outcome of that unique gathering of really great men from many different nations.

The Review and Herald, published at Washington, D. C., has this to say regarding the subject:

It is not at all improbable that as a result of the conference called by President Harding there will be a limitation of armaments. This is demanded by the principles of ordinary humanity. Poor, suffering, distraught humanity is reaping the bitter results of the wars of past years.

As expressed by one writer, just as long as we need in our cities our cordons of police to protect the residents against crime and violence, just as long as we need our State militias and our national guard to suppress disorder, so long shall we need navies and standing armies to protect us against the encroachments of other nations.

We heartily sympathize with the aims of President Harding in the call of his international conference. We are in favor of any and every movement which will abolish war or limit the rapidly increasing taxation for the support of arms and armaments.

This is a terrible delusion. Christ's kingdom will never enter this world through the gateway of politics. His benign rule in his world will never begin during the history of the nations of men. His kingdom will be established only after sin and sinners have been destroyed from the earth.

MONEY AND EFFORT ARE BEING WASTED.

Pleading for state-wide co-operation and a uniform policy in the effort to attract tourists and investors to the State, the Florida Real Estate Journal, in a recent number presented an argument which should have the earnest consideration of property owners, boards of trade, real estate agents, business men and public spirited citizens in general.

The Journal makes the complaint that efforts in the direction indicated are too "scattered." It cites that nearly every community in the State has a commercial organization and that most of them issue annually a booklet costing from \$1,000 to \$5,000. "And then each community mails out the booklet telling the 'prospect' all about its superior qualities. The booklet is a one-time affair, and as a general proposition does not sell any more than does the advertising of a merchant who advertises only once a year. This is the weak link in all of our publicity."

That is a logical statement, and not susceptible of question. Sporadic advertising rarely brings results. Every experienced and successful advertiser will agree with the Journal in this position. But the greatest weakness in our plan, the Journal claims, is the lack of co-operation by the railroad and

MICKIE SAYS. DO YOU REMEMBER TH' OLE-FASHIONED MERCHANT WHO REFUSED 'D ADVERTISE AN' THEN GOT MADDER 'N A HOODY OWL BECUX TH' EDITOR SOLD TH' SPACE TO A LIVE 'N NEIGHBORING TOWN MERCHANT? No 'Dem in the 'Manger' Guff? Goes Here

steamship lines. Its argument on this point is reproduced:

In order to get the people from the entire north and as far west as the Rocky Mountains, we must impress upon the railroads and steamship companies the necessity of becoming interested in Florida and get them to make an honest-to-goodness effort to direct travel to Florida.

Publicity and railroad co-operation built California into one of the wonder States of the Union. It is no use denying California's splendor. It is a great State with wonderful resources, but it was not a great State until the railroads and printer's ink carried people there by the thousands.

The Southern Pacific Railroad Co., co-operated with the eastern railroads. To induce people to "come to California" they gave extremely low excursion, or tourists' sight-seeing rates; they conducted home-seekers' excursions; they spent thousands of dollars publishing a great magazine called "Sunset," which was filled every month with wonderful pictures from all sections of the State.

That is the meat in the coconut. Our battle cry should be "Come to Florida." Every intelligent salesman knows that in order to sell a man you must first of all get his attention.

Reports from New York alcoholic wards indicate that Wall street isn't the only place where things are tight.

In and About The City

Little Happenings Mentioned in Brief Personal Items of Interest

Summary of the Floating Small Talks Succinctly Arranged for Herald Readers

THE WEATHER

For Florida: Partly cloudy tonight and Saturday; probably local rains in extreme South portion.

T. E. Whitley represented the "City Beautiful" here yesterday.

"Mice and Men" on Monday evening at the High School at 8 o'clock. Admission 25c and 35c. 179-8tc

P. E. Law, of Atlanta, was in the city yesterday transacting business.

No matter what the other fellow does, we do better. Hof-Mac Battery Co., "Foot of First Street." 179-6tp

W. J. Horner, of Chicago, is spending some time here at the Montezuma.

Have your watches and jewelry repaired at McLaulin's. Two first class watch makers. Prompt service. 140-tfc

R. R. Allyn, of Tampa, spent the day here yesterday attending to business and mingling with friends.

An evening of clean, wholesome entertainment for all the family Monday evening at the High School. 179-8tc

The continuous strategic retreat of the Turks seems to bear out the story that they were trained by German officers.

See "Mice and Men" Monday evening at the High School. Miss Williams, reader; Miss Wimblish, dancer. 179-8tc

Bertrand Shepherd leaves today for Spartanburg, S. C., where he will enter Wofford college.

Batteries at cut prices at Hof-Mac Battery Co., "Foot of First Street." 179-6tp

It's a sure bet the discoverers of Utopia will have to at least pass through Florida, because this state is a next-door neighbor.

Rental batteries for any make of car at Hof-Mac Battery Co., "Foot of First Street." 179-6tp

Mr. and Mrs. E. W. Matthews, of Leesburg, were here yesterday to attend the marriage of Miss Gladys Greene and Mr. Ernest Matthews, which took place yesterday afternoon at the Presbyterian church.

The Ladies of the Episcopal Church will hold their Bazaar and Supper, December 1st and 2nd in the Parish House. 171-tfc

Men who can't get free space to exhibit their sore spots like to call it the "capitalistic press."

The Ladies of the Presbyterian Church will hold their Christmas Bazaar, Dec. 2 and 3, 1921. 187-o.a.w.tfc

CHICKEN DINNER, Sunday noon and evening, Gray Gables, on the beach, Seabreeze, Fla. Phone 491. Free bath houses. 74-Fri-St-6m

SANFORD'S TEMPERATURE

Cold weather, yes. It sure feels like winter today but our weather man will not get this latest dope until tomorrow and then the old bulb will be frozen out altogether. Hooray for cold weather. It will make business.

The conviction that one American can lick three of any other race is surplus war material.

Get your hats cleaned and blocked at the French Hat Shop, 109 Sanford ave. 179-6tp

Thrift is the art of not caring a darn what people think about the way you dress.

BATTERIES—America's first car was regularly equipped with starting and lighting Batteries in 1911, this battery was an "EXIDE", today the master battery of the world. Do not be misled by the so-called just as good.—Ray Brothers, Phone 548. 175-tfc

Historical note: Long, long ago, a girl became very indignant when a male person endeavored to hold her hand.

One case Hats, latest style, \$2.00 each, just received.—Sanford Shoe & Clothing Co. 179-8tc

It is too commonly held a man has made his mark in the world when he is able to make it (\$) in front of four or more figures.

"EXIDE" BATTERIES—Our Pullman cars, airplanes, submarines, telephones and great 7,000 mile wireless stations are equipped with the master "EXIDE" Batteries, the battery is the life of your car, get the best. We recharge and repair all makes.—Ray Brothers, Phone 548. 176-tfc

Have you seen the latest things in stationery at the Herald office? Right from the manufacturers at very low prices.

We have in stock different sizes of Pipeless Round Oak Furnaces, also automatic and instantaneous hot water heaters.—Mahoney-Walker Co. 180-6tc

BIG TOWEL SALE.

Don't miss the big towel sale at Thrasher & Garner's Saturday and Monday, October 22-24. Fifty dozen bleached Turkish towels, sizes 40x20. Wonderful values. If you are going to buy towels, buy them now and save money. Big values at 35c; now 25c. or \$2.90 the dozen. 178-2tc

CANDIDATES WERE OUT BUT NOT "POLITICIAN" HAD ROAD PETITION.

Mayor Stevens and Forest Lake, candidates for City Commission, were out together yesterday with the petition for the road to Osceola and the bridge on the Titusville road, the money for which, will be raised by private subscription, and the two candidates represented the Sanford Chamber of Commerce. They had a lot of fun over it, as they told all the merchants that they were getting up a campaign fund, and intended to split it fifty, fifty, and many of them believed it, until they had read the petition. The two candidates were not candidates when they were engaged in something for the Chamber of Commerce, and something for the benefit of the whole county, and they showed the real Sanford spirit when they dropped all their important business to solicit funds for the roads and bridges. This was one instance the business was placed before politics, and showed that even the busiest of business men are willing to sacrifice their time for the good of the community.

MOTORCYCLE OFFICER HARRISON INJURED

Motorcycle Officer Ned Harrison was badly injured last night on the West First street road when he was following a big car trying to get the exact speed and was run down by a truck coming up, the driver of which was watching the other car and turned into Officer Harrison without any warning. The motorcycle was badly wrecked and Harrison had his shoulder fractured and one of his hands badly torn and some of the fingers knocked out of joint and one of them broken. He will be laid up for some time to come as his hand is badly injured.

ANOTHER BIG FISH.

Big fish abound in the lakes and rivers and creeks of Seminole county, and every day or so some one goes out and catches a fine string of fish. The prize fish of the season weighed ten pounds or more, and received the prize offered by the Ball Hardware Co. But one day this week, John Purdon and W. J. Thigpen went out to the Wekiwa river, and brought one home that weighed even and one-half pounds. It is a sure bet that nowhere else in the world is there such fine fishing or more places where you can fish than right here in Seminole county.

TO THE PUBLIC

I have sold my Laundry Agency and accounts to T. A. Butner and J. L. Wimblish. They will take charge Saturday, October 22, at noon. Leo Butner will continue to have charge of the delivering. I wish to thank the people of Sanford for their liberal patronage and the new owners will continue to give you the good work and service that you have received in the past.—Sanford Branch Lakeland Steam Laundry. Phone 475.—D. D. Weaver, Mgr. 180-1tc

ATTENTION CELEBRITY GROWERS!

We have just received a carload of Yellow Jacket sprayers, price of same cash, 12 per cent below last year's prices.—Mahoney-Walker Co. 180-6tc

THE ROAD BEAUTIFUL.

Mrs. Laura F. Galloway, chairman of the good roads department of the Florida Federation of Women's Clubs, writes the Times-Union endorsing an editorial recently published entitled, Beautifying Florida Roads. She calls attention to the fact that for two years the Florida Federation of Women's Clubs, through its good roads committee, had urged the beautification of the road, a fact of which we were aware. We did not claim to have originated the idea, which was an old one, but we wished to contribute to the extent of our ability to its success.

The writer calls attention to the fact that in counties which have planted trees and shrubs along their roads it has often proven true that where these have not been destroyed by reckless driving and marauding animals they have died from lack of a follow-up system.

We do not think the follow up system is as necessary in the planting of trees and shrubs as in the keeping up of repair work on the roads. In fact we think more can be accomplished without any follow up system than with it in the work of beautifying the roads. It costs less to plant another tree or shrub or a score of other trees and shrubs than to watch over one and keep it growing.

We suggested a day of tree and shrub planting on which the people would plant acorns and shrubs with the knowledge that fine out of ten would never live. The next year the planting could be repeated and a few would live each year. In the course

The Armistice Day Celebration

Has many features in store for you and the nice part of it all is that the American Legion boys are putting this big day on without "passing around the hat." One of the ways they pay for this big day is through the sale of the tickets on the—

Ford Automobile

And you may be the winner. Get one of these tickets from any of the Legion boys. And be it remembered that "the store that is different" is making preparations to take care of the clothing wants of quite a few between now and that day. If you want the best for your money, be sure to see—

Perkins & Britt

THE STORE THAT IS DIFFERENT

Sanford, Fla.

of years the road would be a bower of shade and a bloom of color.

Nature is a very successful forester but it does not take care of what it plants. It just keeps on planting and the result is the forest. It would be very costly to employ men to look after the trees and shrubs along the roads of Florida, but if civic organizations would devote one day in a year to planting them along the roads there would be no known cost. It would be more of a picnic than of work. It would be a pleasant outing and now that so many have automobiles the people could go ten, fifteen or twenty miles from home to do the work and enjoy the day.

If the idea could get a start—not a start simply in suggestion but a start in the actual work—it would go forward and would show results even the first year. The results would be cumulative until in the course of a few years they would amount to all that had been hoped from them.—Times-Union.

You will go wild over the new Christmas cards and other pretty things in place cards and tally cards at the Herald office.

A thirty pound sweet potato in Moore Haven's answer to the assertion that "Ye can't raise nuthin' in Florida."
