BUSIEST PLACE these days is Atlantic Coastline Railroad depot where charter planes also reporting sharp jumps in reservations and bookings. Coastline officials report reservations "hard to get." Meanwhile negotiators for the struck machinists union report both sides are "as far apart as ever." No chance of an early settlement is forecast by officials. (See Associated Press story on page 5.) (Herald Photo)

The softball team of the Church of Jesus Christ of Latter Day Saints will sponsor a carwash at the Sanceo station on Third and Park Avenue from 8 to 5 Saturday and a bake sale at the Lake Mary postoffice. The projects are being held to raise funds to pay expenses to the eastern states championship playoffs in Greenville, S.C.

Cecil Tucker, county agricultural agent, turns television star Saturday when he will appear as a guest on the Channel 9 program "Agri-World." The hour long program begins at 12:15 p.m. Tucker will discuss poisonous plants in Central Florida.

Frank Holmes, past vice president of the Sanford Elks, made District Deputy to the Grand Exalted Ruler of the Elks national convention in Dallas, Texas. Exalted Ruler Milton Tolbert also attended the meet.

Kay Shoemaker's Town 'N' Lake Garden apartments made the front page in a recent issue of Florida Power and Light's trade magazine. Pictured with Kay in front of the apartments is FPL home service representative, Mrs. Margaret Leonard.

Roger Harris and Rupert Strickland have returned from the Kiwanis International convention in Portland, Oregon, but Mayor and Mrs. A. L. Wilson remained in the West to do some sight seeing.

Remarks are being heard in all parts of the county that A. R. (Al) Lormann will be approached and urged to run for the office of Mayor of the city of Longwood this December. Lormann served in the position for three terms from 1959 to 1965.

A new precedent may have been set by Altamonte Springs town attorney, S. J. Davis Jr., at a recent council meeting when he insisted the board members "share the pleasure" of reading lengthy ordinances. He promptly allocated equal reading time until all 14 pages of the ordinance were publicly read.

All is quiet in Altamonte Springs this week! Mayor W. Lawrence Swafford is currently having no trouble with his beer, bears or fish. How about the Young Republicans?

The Port Authority celebrated its first anniversary this month. The legislative bill authorizing creation of the authority was effective as of July 1, 1965, and the board had its first meeting July 14, 1965.

Robert King High county campaign officials tell us the gubernatorial nominee was so impressed with a recent speech given in his behalf by Rep. S. J. Davis Jr., consideration is being given to using it in state wide publicity and in campaign materials.

SJC Gets \$12,000 Grant

By Dottie Austin
A grant of \$12,000 from the U. S. Office of Health, Education and Welfare has been given Seminole Junior College to institute a work-study program for students of the school.

R. A. Schriber, dean of student personnel, said today a check for \$5,184, for the first semester has been received, with additional grants expected to be continued on a year-round basis.

Funds are slated to provide part-time employment for students who need assistance to attend college and it is anticipated the funds will support the work of six or eight students.

Clerical helpers, such as typists, file clerks and office aides, building and ground maintenance helpers and library helpers will constitute the major portion of the student work force. They will be paid the minimum wage scale of \$1.25 per hour.

Schriber said applications for the jobs are available in his office and may be requested by mail. Most work is expected to begin before the opening of school August 29.

At regular school board meeting Thursday, furniture bids for chairs, tables and student desks were opened and awarded to the lowest bidder meeting specifications.

Board members studied the idea of hiring a maintenance director of vocational and adult education on the type of program anticipated at the area technical-vocational center to be built on the Seminole Junior College campus; agreed to continue giving general education development tests to persons 20 years and older seeking a high school equivalency certificate.

Chairman, Mason Wharton announced that he and John Evans will attend a state school board meeting at the Robert Meyer Hotel in Orlando, Monday.

Smooch Spies
BUENOS AIRES (UPI)—Argentina's new military government, in a stand against necking in public, has ordered police to keep close watch on couples in parks, plazas and promenade who "behave without the least feeling of modesty."

COMMUNITY DEVELOPMENT COMMITTEE chairman Lee P. Moore (left) outlines group's aims during organizational meeting this morning at chamber of Commerce. With Moore at table are Clifford McKibbin (center), member of the development group recently named by city commission, and M. L. (Sonny) Raborn, sitting as representative of city.

City's Blight Areas Eyed For Eradication

By Harry Lawes
Members of the broadened Community Development Committee, composed of members of the Sanford zoning and planning board and local business leaders appointed by the city commission Monday night met this morning for an organizational session and discussion of their goals and plan of operation.

Lee Moore, named chairman of the group, outlined its purpose to upgrade and bring to date existing plans and broad new plans for community development through use of federal funds.

Moore said the enlarged committee would not interfere in any way with what is already being done, nor duplicate the work of the planning and zoning board, but would serve to broaden the scope of that group's talents.

As pointed out by Moore, one of the reasons for updating the existing plans is to have Sanford reclassified as the city may qualify for a federal grant for community development.

This city plan must be done by certified and approved planners before its submission to the Urban and Housing Development Agency. Along this line, the city is now preparing a contract with the Urban Programming Corporation of America.

Moore told his committee members they could best gather needed facts for the planners, which would facilitate their operation.

There are three sources for community development funds, the committee was told. First of these is an assessment of merchants, although this would primarily affect only downtown Sanford. The second source, it was said, is a municipal bond issue, and the third is the federal government.

"Not everyone is convinced we have to go to Uncle Sam," Moore said, "but we must be realistic and face up to the fact we are talking about a monumental amount of money." He went on to say that if the gov-

ernment is the only source, "we will have to do it." Moore cautioned those present "we must be more concerned in finding a plan to resolve the blighted areas rather than a money source . . . but, unfortunately, we must have money."

The 21 members of the committee were appointed to three sub-committees. Named on the steering committee were Moore, C. Howard McNulty, Douglas Stenstrom, Clifford McKibbin, Walter Gielow and John Daniels.

Appointed to the priorities sub-committee were William Hemphill, George Touhy, Dr. J. C. Ringling, Glenn McCall, James Hoening and G. Don Bishop. The resources committee is composed of Frank Finch, Robert Karns, Arthur Harris, Philip Logan, Henry McAllister, A. B. Peterson Jr., A. Lee, Mason Wharton and Dr. F. Brooke-Smith.

LONDON (AP)—The British Institute of Sewage Purification announced today it is changing its name to the Institute of Water Pollution Control.

Local Demos Official Back High

By Donna Eates
Robert King High, Democratic gubernatorial nominee, received the unanimous endorsement of the Seminole County Democratic Executive Committee at its regular meeting Thursday evening.

Amendments to the resolution of endorsement were including W. H. Reedy for the state House of Representatives, Group 1, members of the school board and, finally, all nominated Democrats in the state of Florida who are running for office in the November elections.

Twelve new members were elected to the executive committee to bring the total membership to 56. Ten additional members are yet to be named.

Elected Thursday evening were Mr. and Mrs. Gordon Frederick, precinct 2; Kenneth Strong, precinct 8; Mrs. Mary Caponi, precinct 11; Allen Forward, precinct 12; Mrs. LaVette Ward, precinct 13; John Daniels and Mrs. Sally Green, precinct 15; Mrs. Mary Ellen Rowe, precinct 18; Mrs. W. G. White, precinct 19; Albert Pitts, precinct 22; and Charles Kampf, precinct 25.

The chairman, Dr. W. Vincent Roberts, reported the state executive committee had requested a publicity chairman be appointed for the purpose of sending publicity and news to be published in the Florida Herald and Democrat. Mrs. Donna Eates was named to the position.

It was agreed all suggestions for changes in the by-laws are to be submitted in writing to the rules committee chairman, Mrs. Pearl Yarborough, by next Thursday for her committee's study and recommendation at the next regular meeting.

Dr. Roberts appointed chairman of all standing committees to the executive board including: Robert Petree, resolutions; Mrs. Pearl Yarborough, rules; Mrs. Missouri Belle Swafford, credentials; Henry Ward, campaign; Gene Stephenson, legislative; James Hagin, memorials and John McCloskey, auditing. In addition, Dr. Roberts, chairman, Mrs. Jane Adriatico, vice chairman and Mrs. Forward, secretary-treasurer, members of the executive board, will meet for the first time on August 4.

Hospital Requests Budget Hike

Two small millage increases, 1.20 to 1.50 mills. New wage laws and increases in salaries of nurses and hospital workers at hospitals all over the state will necessitate sharp increases in wages here, Robert Boesener, hospital administrator said.

Commissioner Lawrence Swafford said he had had many complaints about raising millage and asked, "why can't this hospital be run more efficiently?"

"As long as prices of food, labor, materials and wages continue to rise all over the nation, our costs cannot help but be increased," Boesener replied.

Lake Mary Fire Control District asked for an increase from \$2,775 to \$5,550 for purchase of additional hose, oxygen masks and tanks, smoke ejector and water hydrants. Proposed increase would raise millage in the district from .15 to .20 mills.

Celia No Longer Tropical Storm

MIAMI (AP) — Tropical Storm Celia degenerated today and lost her tropical storm status. But she bent enough punch to threaten Monday's launch of Gemini 10 at Cape Kennedy.

Highest winds fell off to 25 to 30 miles an hour in squalls as the storm churned at 12 to 16 miles an hour westward north of Hispaniola, the island that contains Haiti and the Dominican Republic.

Pastor's Corner Bible Facts

By Bert Brown Church of Christ The Bible is the greatest book in the world. It is the best book in the world. The Bible continues to be the best seller, consistently, in the world. It is the only book that reveals the original mission and destiny of man. It is a textbook on salvation. The Bible is the most translated book in the world. It has been translated into more than 2,000 languages and dialects and is more widely read than any other book. There is no conflict between the Bible and the facts of science. There may be many conflicts between the Bible and the theories of so-called scientists, and between the Bible and the facts of science and the theories of so-called "Bible scholars." The Bible was divided into chapters by Cardinal Hugo in the year of 1205 A.D. The New Testament was divided into verses by St. Robert Stephens in 1520-1535 A.D. The whole Bible, divided into chapters and verses, first appeared in 1500 A.D. in what is known as the "Geneva Bible." It was so called because it was prepared by the Reformers in Geneva. It is also called the "Brethren Bible." It is a translation of the Bible, Genesis 1:1 is translated: "They sawed gold leaves together and made themselves breeches."

Above 40 men were engaged by the Holy Spirit in writing the Bible during a period of about 1600 years—that is, from 1500 B.C. to 100 A.D. All of these men wrote in words divinely taught. (1 Cor. 2:13) The Bible contains 66 books; 39 in the Old Testament and 27 in the New Testament. There are 118,000 chapters, with 31,102 (depending on the translation and division made) verses, 773,746 words. In point of length, the average word of the Bible contains fewer than five letters! What a lesson for the minister with a mouth for his words! There are five books of only one chapter each, one in the Old Testament and four in the New Testament. The longest word in the Bible is a man's name—Mahershalalhashbaz—and is found in Isaiah 37:36. The longest book is Psalms

JUNIOR GIRLS' Sunday School class of Lake Mary Church of the Nazarenes enjoyed a slumber party at the home of their teacher, Mrs. Eugene Jaques Friday evening. Talking part in the all-night party were (top photo, left to right) Debbie Keith, Barbara Crumley, Debbie Lester, Diane Green, and Candy Keith, and (bottom photo) Gail Lester, Bernice Groce, Nancy Wentworth and Jackie Maroney. (Herald Photo)

Installation Service Installation Service for Rev. Virgil L. Bryant Jr., new minister of First Presbyterian Church of Sanford, will be at 7:30 p.m. Sunday. Participating will be Rev. B. Harrison Taylor, of First Presbyterian Church, Orlando; Rev. Philip W. Dunford, of Leeburg First Presbyterian Church; Rev. James Vandyle, of Winter Park Presbyterian Church; Rev. Thomas H. Main, of Presbyterian Church of the Covenant, Sanford, and Elders George A.

Baptist Training Union Returns In Record Time

"Sanford is scheduled to break a long record when the pretty town serves as host city to the 51st Annual Session of the Progressive Baptist State Sunday School and Baptist State Convention of Florida, Tuesday through Sunday of next week."

Churches To Aid Famine Victims In India Plans to secure an unprecedented 98,287,000 pounds of food for distribution to famine victims in India during the next 15 months are being made by Church World Service in response to requests from its representative in India, according to the Rev. Frank L. Hutchinson, CWS director for South and Southeast Asia.

Christ Episcopal Conducts 2-Week Church School A new program category in India and one expected to increase in importance is village improvement food for work projects, which will aid more than 10,000 members of families. Food will be provided for 22,800 refugees, and for 12,476 persons who are ill.

MYF Beach Trip The Casselberry Community Methodist Church Youth Fellowship attended a beach party Saturday at Daytona Beach with other churches of Christ The King Sub-District. Benefits For Veterans - 7 Insurance Privileges

By Ray Crowley Newspaper Enterprise Assn. WASHINGTON (NEA) - If you saw duty any time on or after Sept. 20, 1965, you automatically received \$100,000 in insurance. This Servicemen's Group Life Insurance costs \$2 a month, which is automatically deducted from your pay during your active duty. The coverage continues during your active duty unless you, in writing, ask that it be reduced to \$5,000 (\$1 a month) or cancelled. This policy remains in effect for 100 days after you return to civilian life. During that four-month period you can obtain a commercial life insurance policy in the same amount as your Servicemen's Group Life Insurance policy without having to show evidence of good health. You may secure information on after-service policies by writing to Post Office Box 1200, Newark, N. J. 07101. These permanent policies are written by private companies. You have this same conversion privilege even if you have a service-connected disability when you end your active duty. A man separated from active duty with a service-connected ailment rated at 10 percent or more will be also eligible for an additional \$10,000 Veterans' Administration Service - Disabled. Veterans insurance policy. But to be eligible, the veteran must be in good health except for his service-connected disability. In summary, this means that disabled veterans may be entitled to two \$100,000 policies. This disabled veterans' insurance is open to veterans separated from service on or after April 29, 1961, and who left the service under honorable conditions. Application must be made within one year from the date the VA finds that the disability was service-connected, unless the veteran was mentally incompetent during any of that period. Disabled veterans may apply either for five-year level premium term insurance or for any of the permanent plans to which their health may entitle them. Totally disabled veterans are not eligible for an endowment plan. If a veteran becomes mentally incompetent as the result of a service-connected disability and remains incompetent until he dies his widow, child or parent may be eligible for the death payments of a \$10,000 Service-Disabled Veterans Insurance Policy even though the veteran had never applied for the insurance. Applications must be made within two years after the veteran's death. Servicemen, including reserv-

Cold Front Coming To Parched Nation

By The Associated Press

A slow-moving cold front offered a glimmer of hope today to areas blistering under a lengthy heat wave, especially in the parched Midwest and South.

In St. Louis and surrounding areas, where 124 heat-related deaths have been recorded since last Friday, the Weather Bureau has predicted the seventh straight day of temperatures of 100 degrees or more.

There was a slight change, however, that a mass of cool air about 150 miles north of St. Louis might drop down to the area.

New England slipped out of the grip of a two-day heat wave Thursday, with the temperature dropping into the 80s and 70s. The forecast is for continued relatively cool weather.

In Denver, a high of 84 snapped a 122-day string of 90-plus readings, just one day shy of the 187 record of 18 straight days over 90. The highest reading in the 12 days was 98.

Baltimore has had nine successive days in the 80s.

New York's acting governor, Malcolm Wilson, has asked the U.S. Army to send a detachment of engineers to the Mid-Atlantic Coast westward to the Rockies. Heavy rain fell in some areas.

Of the 124 deaths in the St. Louis area, 88 were in the city alone. Tolon L. Taylor, city coroner, said "most victims were elderly and highly susceptible to prolonged periods of heat."

More than 90 per cent of all transactions are paid by check in the United States and the British Commonwealth, according to the Encyclopedia Britannica.

Airline Settlement No Closer

WASHINGTON (AP) — Negotiators for the machinists union and five struck airlines try again today to settle the eight-day-old airline strike, but both sides agree they are as far apart as ever.

The talks at the Labor Department began last Saturday, a day after more than 35,000 members of the AFL-CIO International Association of Machinists walked off their jobs at Eastern, National, Northwest, Trans World and United airlines.

In gloomy assessments after Thursday's joint session, both Joseph W. Ramsey, chief union negotiator, and William J. Curtin, chief airlines negotiator, made clear that the talks were stalemated.

"We're 50 miles apart, pole to pole," Ramsey, an IAM vice president, told newsmen. "If the airlines have any new offer I haven't seen it."

Asked how the talks were going, Curtin said they were not going at all. "We're as far apart as ever," he said.

Curtin said he agreed with Ramsey's use of the term "far apart" and said: "Don't look for early settlement of this dispute." He said the strike could continue into next week.

Asst. Labor Secretary James E. Reynolds, who is presiding over the talks, emphasized that there are no new issues blocking negotiations beyond those that prompted the union to walk out.

The strike is costing the airlines and union about \$8 million daily. Its effects—particularly to the massive summer tourist business—are also very costly.

The airlines agreed to bargain jointly with the union last August. Braniff, Continental and Northeast airlines, with employees represented by the Machinists, did not enter into an agreement and have not been struck.

Other nonstruck airlines such as American have contracts with mechanics represented by the AFL-CIO Transport Workers Union.

The machinists are seeking substantially higher wages, company paid pensions, hospitalization that covers dependents as well as employees, longer paid vacation, increased overtime and an eighth paid holiday.

The union is seeking wage increases of about 53 cents hourly over 36 months. The company has indicated it is willing to offer slightly more than the 44-cent cents recommended by a presidential panel over the same period.

Pay levels now range from \$2.50 hourly for janitors to \$2.52 hourly for top-rated mechanics.

REV. JAMES BARNETT, (right) now of Winter Haven, former minister of First Christian Church in Sanford spoke to members of the Sanford Kiwanis Club of which he was once a member. Welcoming Rev. Barnett (from left), are his brother, Richard Barnett, assistant principal of Seminole High School and Mayor Hartwig, Kiwanis president. Rev. Barnett served as president of the Sanford Ministerial Association and was extremely active in local civic affairs. (Herald Photo)

National Guard Ordered To Control Chicago Riots

CHICAGO (AP) — The Illinois National Guard was called out today as three nights of rioting drew on Chicago's West Side as 300 policemen were arrested with sniping, looting and exchange of gunfire between police and lawbreakers.

In the third night of rioting, two Negroes were shot and killed, six policemen injured and more than 300 persons arrested. Numerous civilians also were wounded.

Gov. Otto Kerner ordered 3,000 guardsmen from 15 Chicago units of the Illinois National Guard to the scene at the request of Mayor Richard J. Daley of Chicago.

They will back up some 900 policemen who have been assigned to the area.

The Chicago Transit Authority shut down bus and elevated train service in the area and police blocked off most main thoroughfares in an effort to stem the looting and sniping.

In one of the most violent incidents Thursday night, more than 100 policemen exchanged shots in the four-hour encounter with snipers in two high rise apartment buildings. Police finally moved in and cleared out both buildings.

Police filed charges today of conspiracy to commit treason against 13 of 20 persons arrested in the basement of one building raked by race rioting.

'Butcher' Hunt Is On

CHICAGO (AP) — A petite Filipino girl whose dark, wide-set eyes first beheld the horror of eight butchered girl friends — a sweat-soaked man's under shirt and a blood-splashed, clothing strewn house full of fingerprints.

Corazon Amuran, 23, an exchange student lying heavily sedated in a hospital bed, is the "Q" who got a substantial only witness and survivor of the early morning slaughter of eight student nurses Thursday in a town house that served as a dormitory. Police hoped to question her today.

The undershirt, the finger prints, these were among what police considered pitifully few clues to the identity of the nurses' killer.

The nurses were slain one by one — by strangling, stabbing or both. One girl's windpipe, carotid artery and jugular vein were cut. Tests to find if the girls were sexually molested were incomplete, although one girl was naked and five others in various stages of undress.

"Q's" got a substantial only witness and survivor of the early morning slaughter of eight student nurses Thursday in a town house that served as a dormitory. Police hoped to question her today.

U. S. Jets Destroy Major Bridge As Air Strikes In North Continue

SAIGON, South Viet Nam (AP) — U.S. jets brought the 17-month air war against North Viet Nam to a new high Thursday with a record 14 missions. Communist MIGs clashed with the American raiders four times.

During the day of furious action, U.S. Air Force and Navy jets also dodged surface-to-air missiles and reported knocking out a major bridge on the rail-road line connecting Hanoi with Red China.

"It was a big day in the North," a U.S. spokesman said today.

In two encounters with MIGs near Hanoi, U.S. Air Force fighters shot down two late-model MIG21s. These kills were announced within a few hours of the action, but the Navy disclosed today that three F8 Crusaders of the 7th Fleet aircraft carrier Oriskany were attacked by two MIG21s 28 miles southeast of Hanoi.

One MIG and one Crusader were damaged but neither plane went down, a spokesman said.

In a fourth encounter, two MIG17s made a firing pass at a flight of F105 Air Force Thunderchiefs and then fled without scoring hits, a U.S. spokesman said.

The Thunderchiefs were attacking a missile site about 40 miles north of Hanoi.

The U.S. spokesman said a flight of F4 Phantom jets from the carrier Ranger was fired upon by two ground-to-air missiles and reported knocking out a major bridge on the rail-road line connecting Hanoi with Red China.

"It was a big day in the North," a U.S. spokesman said today.

In two encounters with MIGs near Hanoi, U.S. Air Force fighters shot down two late-model MIG21s. Faculty Morale Plan Approved

GAINESVILLE (AP) — A faculty development program — described as a step toward boosting the morale of professors and strengthening the university system — was approved Thursday by the State Board of Regents.

The program, which is expected to cost \$20,244 during the first two years, would provide half pay for eligible professors for "scholarly activities, research and intellectual treatment and updating."

Dr. Louis Murray of Orlando, chairman of the board's curriculum committee, said the program was extremely desirable.

"This is upgrading our own people," said Regents chairman Chester Ferguson of Tampa. "This is something the system needs."

At each of the universities, the number of professors allowed to participate would be limited to three per cent of the full-time faculty. The program also would be limited to instructors of assistant professor rank or higher who have been with the institution for at least six years.

Plans for building an accelerated on-campus program without confining the specialized science directly to an existing university also were discussed by the board.

Area Residents Warned Watch Out For Snakes!

By Dottie Austin

Recent rains and wet ground are bringing poisonous snakes out in residential areas and neighborhoods, especially those with children, are warned by the Florida Department of Health.

Mrs. Charles H. Lee, 118 Fairway Drive in The N Green Estates, west of Sanford near the Mayfair Country Club, reported today that she had killed an 18 inch coral snake and her son had killed an 18 inch ground rattler or pygmy rattler, both in her front yard. The boy ran over the snake with his bicycle.

The coral snake can be distinguished from the colorful ring snake by its black nose. The nose of the harmless king snake is red. The coral snake is deadly poisonous.

The ground rattler seldom gets over 18 inches long but has a fiery disposition, is easily angered and quick to strike. Its rattle can only be heard a few yards away.

The body is grayish with rows of round dark spots and a reddish-brown streak down the center of the back. They are usually found in palmetto flatwoods.

TOO CLOSE for comfort was the comment of Mrs. Charles H. Lee when she brought to The Sanford Herald office this 18 inch ground rattler which her son killed in the driveway of their home at The N Green Estates. (Herald Photo)

Homer Hooks Talks To Rotarians Monday

Homer Hooks, executive director of the Florida Phosphate Council will talk to Rotarians Monday on how "Florida Phosphate Faces the Future."

Hooks, a former Tampa Tribune staff writer served as general manager of the Florida Citrus Commission from 1957 to 1965 when he resigned to take the position with the FPC.

Hooks has also served as president of the University of Florida Alumni Association, director of the Florida Citrus Showcase, director of the Florida Council for Economic Education and the North-Central Florida Regional Export Expansion Council.

The director of the FPC has an impressive record of service in World War II and the Korean conflict and was awarded two Bronze Stars and a Purple Heart.

A cum laude graduate of the University of Florida, Hooks was a Phi Beta Kappa member at Florida Blue Key, Hall of Fame, Who's Who in American Colleges and Universities and editor of the Florida Alligator, student newspaper. He married his wife in Lakeland.

1500 Reward Offered By Dog Owner

Sidney Whiten, Sr., owner of a Walker fox hound which was shot last Sunday, apparently by an Osteen resident, has offered a \$500 reward for information leading to the arrest and conviction of the dog killer.

Whiten told The Sanford Herald "the hounds were turned loose at least three miles from the area where the dog was killed."

"Fox hunting is completely harmless so far as damaging property is concerned. Fox hunters know that hounds running near a home can cause a few moments of unrest for some people. From the information I have gathered, most people take the noise made by the hounds with an understanding or enjoyment," he declared.

"I do not think this situation should be a one-sided affair whereby a person is allowed to kill a hound seen or heard, or near their property. I think law enforcement officials should cooperate with the fox hunter as well as the people who are disturbed and at least give the hunter a chance to catch up to the hounds and move to another area," Whiten declared.

"I think if people who seem to feel they have the right to shoot a man's dog would check to find out if it is a felony to kill a dog as my dog was killed," he stated.

Whiten took issue with a statement by Osteen Constable Irving Neino, Jr., in the July 12 issue of The Sanford Herald warning fox hunters they "stand the risk of losing their dogs if they hunt where dogs are likely to run into residential areas."

"The dog owner said the hound was 'very valuable.'"

Lake Mary Man Recovering From Rattler's Bite

By Frances Wester

Full recovery is now in sight for Don L. Jenkins, 52, of Lake Mary, who was bitten by a large diamond back rattlesnake July 1 at Merritt Island where he is employed by Trans World Airlines.

The accident occurred when Jenkins reached under his truck to remove a branch and the snake struck him on the thumb.

Only then did he see the snake, which was 6 1/2 to 6 feet long, but it got away.

Jenkins was taken to the NASA dispensary and given immediate first aid, and then rushed by ambulance to the Jesse Parrish Memorial Hospital in Titusville. When admitted he was in extreme shock and his condition was critical.

He did not respond to treatment at Titusville and was transferred to Orange Memorial Hospital in Orlando as a patient of Dr. Robert C. Field, orthopedic surgeon. Jenkins received ten vials of anti-venom, had surgery on his hand and arm, and was placed in the "intensive care unit" of the hospital for 24 hours.

At this time he is much improved but probably will remain hospitalized for another two to three weeks. He will have to have plastic surgery for skin grafting to repair the hole damage on his hand, but he is beginning to get the feeling back in his fingers. All feel he is fortunate to be alive and able to keep his arm.

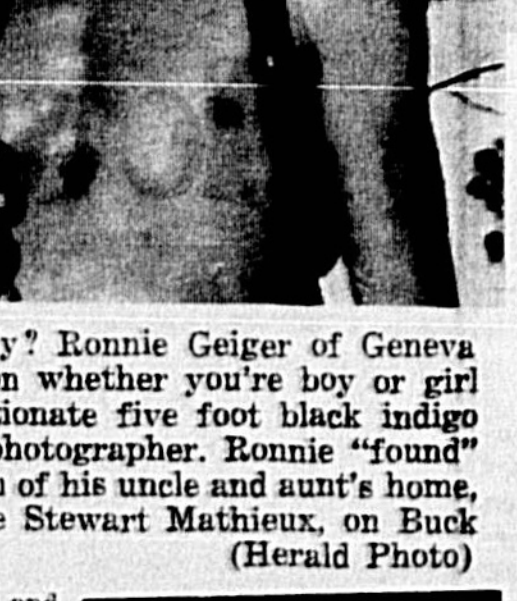

Jenkins and his wife, Grace, and their three children, Connie, Mary, and David, just recently moved to Lake Mary from the state of Pennsylvania. They reside on Lake Mary Boulevard.

The family joined the Community Presbyterian Church just a week before the accident. Mrs. Jenkins helped in the Vacation Bible School in June and Jenkins took part in the closing night service.

Rev. Alvin F. Stevens has been at Jenkins' bedside part of every day since the tragedy occurred and reports on the great courage and fine faith of Jenkins and his family.

Jenkins says he will be grateful forever for the excellent care and confidence given him by Dr. Field and the hospital staff.

Mrs. Jenkins also expressed her feelings. "The community of Lake Mary has been so kind in every way that I worry because I have made smaller by the kindness received."

BRAVE, or foolhardy? Ronnie Geiger of Geneva says it all depends on whether you're boy or girl as he and his affectionate five-foot black Indigo snake pose for the photographer. Ronnie "found" the snake on the lawn of his uncle and aunt's home, Lake Mary. (Herald Photo)

Ethical Questions Raised In HHH Flight

WASHINGTON (AP)—Vice President Hubert H. Humphrey and the head of the Justice Department's antitrust division flew to St. Louis this week in a plane furnished by the Anheuser-Busch Co. less than a month after the government dropped an antitrust action against the firm.

A spokesman for Humphrey said the vice president knew nothing about any antitrust action against the Big St. Louis brewing company when he made the trip to attend the All-Star baseball game and take part in luncheon speeches for Democratic party contributors.

The Justice Department official, Asst. Atty. Gen. Donald F. Turner, said Humphrey's office invited him several weeks ago to accompany the vice president on the trip. Turner described the trip as a "social occasion."

Disclosure of the trip came one day after it was ascertained that Anheuser-Busch executives and their wives covered a total of \$14,000 to the President's Club, composed of persons who contribute at least \$1,000 to the Democratic party.

The contributions were recorded May 24. Less than a month later—on June 17—the Justice Department dismissed an antitrust suit which had brought against the brewing firm in 1962 to drop acquisition of a mailing plant.

In a House speech Thursday, Rep. Charles E. Goodall, R-N.Y., said "serious ethical questions" were raised by the department's dismissal of the case. He said the questions should be "speedily and fully answered" by the company and the Democratic National Committee.

Alfred Fleischman, the brewery's public relations consultant, said the company's plane was offered to transport the president and his party to St. Louis after a strike grounded five major airlines.

Area Deaths

M. M. MILLWOOD, 62, died Wednesday at his home on W. First Street, Sanford. A seasonal resident here for the past 15 years from Hendersonville, N. C., he was farm manager for W. L. Justice Produce Company. He was a Baptist.

Survivors are his wife, Mrs. Grace Millwood; a son, Roy Millwood, and a daughter, Rachel Cherris, both of Hendersonville; two sisters, Mrs. Ella Spencer and Mrs. Ellen Cooper; and a brother, John Millwood, all of Gaffney, S. C.

Funeral and burial services were to be in Hendersonville. Gramkow Funeral Home is in charge of local arrangements.

Christ Methodist To Give Supper

Christ Methodist Church, Sanford, will sponsor a smoked and baked supper from 8 to 11 p.m. Saturday.

Plates are priced for adults and children and all proceeds will be used to help make a mortgage payment on the church.

Christ Methodist, the former Ebenezer Methodist, is located in Sunland Estates on R. D. 200, St. Louis after a strike grounded five major airlines.

2 Less Murders LONDON (AP)—British last year had two less murders than the year before despite the abolition of capital punishment, Home Secretary Roy Jenkins announced Thursday night.

Miss Sandra Allen, Gerald L. Trospier Exchange Vows In Church Ceremony

Miss Sandra Jean Allen, daughter of Mrs. Frances A. Allen and Mr. Gerald L. Trospier, son of Mr. and Mrs. Clyde L. Trospier, of Sanford, were married June 11, 1966, at 12 noon at All Souls Catholic Church, Sanford.

Father William Keane officiated at the nuptial mass.

Given in marriage by her grandfather, Stanley C. Lantz, the bride wore a floor-length gown of white organza over white satin, featuring a scooped neckline, hand made cabbage roses at the waistline, long sleeves and a chapel train.

Her elbow length veil of silk illusion was attached to a headpiece of net flowers and petals. She carried a cascade bouquet of yellow roses with a removable center corsage.

Mail of honor was Miss Susan Herb of Orlando, and bridesmaids and matrons were

Miss Glenda Albert and Mrs. Terry Trospier, of Sanford, and Mrs. Howard Law of Orlando. Mrs. Trospier is a sister-in-law of the groom.

The bride attendants were attired in identical floor length gowns, fashioned along Empire lines with a Dior bow in the front and a modified train in the back. Their headpieces were short circular nose veils attached to bows of draped organza. They wore white mitt gloves and aqua linen shoes.

Best man was Gary Bishop, Sanford, and usher-groomsman were Terry Trospier, brother of

the groom, Billy Coleman and Charlie Oravetz, all of Sanford. The bride's mother wore a street length dress of aqua crepe with a scooped neckline and matching lace jacket and hat. Her elbow length gloves and shoes were white and her corsage was a white orchid.

The groom's mother wore a white dress with a white orchid corsage.

Following the wedding, a reception was held in the Social Hall of the Church. The refreshment table was covered with a

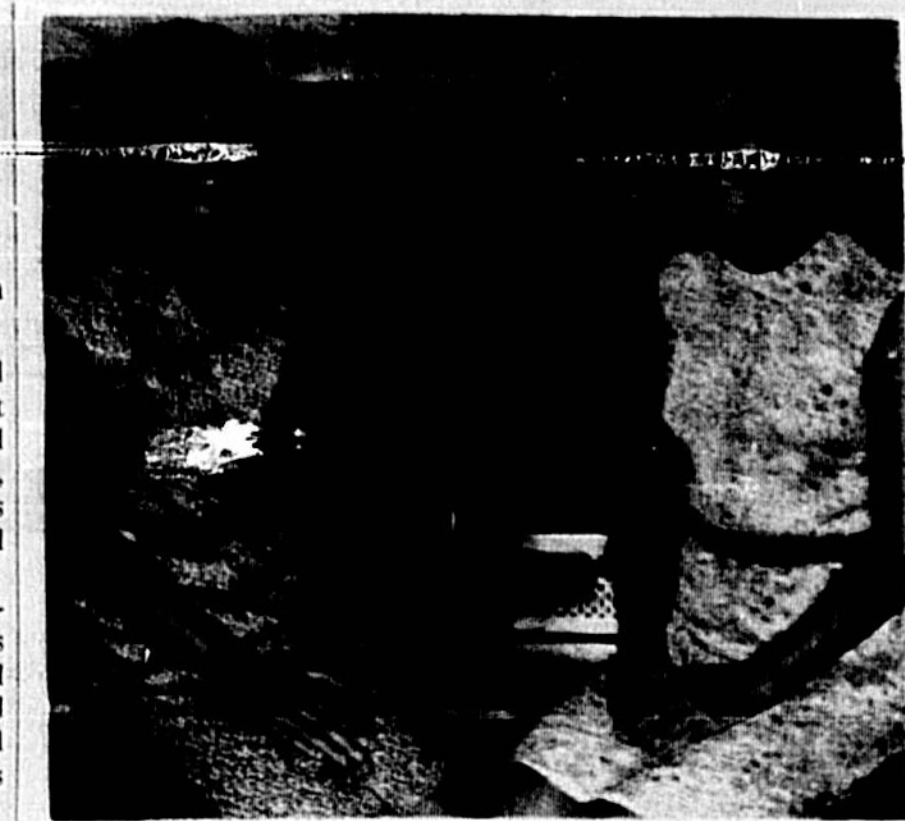

white linen cloth adorned with silver bells.

Mrs. Lloyd Freeman and Mrs. Tom Albert presided at the two punch bowls, which had yellow roses in blocks of ice, floating on top. The punch was served in white cups, adorned with silver bells.

Pat Maguire cut the four-tiered wedding cake, which was decorated in white and topped with a miniature bride and groom. Little Miss Mildred Deo of Orlando kept the bride's book.

For traveling Mrs. Trospier chose a two-piece lace suit, with white accessories and the corsage from her bridal bouquet.

The couple left for a short honeymoon at the Butler Chain of Lakes, near Kissimmee, and are now residing at 427 1/2 South Mills Street in Orlando.

DEBBIE YATES, left, daughter of Mr. and Mrs. John Yates of Burnell Road, Forest City, was hostess to a teen Coke party in honor of Cheryl Miller, right, visiting from Tallahassee. Guests enjoying the party were Patty Allen, Patricia Crummer, Gail Westine, Patsy Blankenship, Jamie Die, Linda Wurga, Terri Prescott, Kay Hicks, Diane Wilson, Ronnie Lloyd, Ricky Cox, Pete Hall, Tommy Murray, Gary Gallentine, Bubba Miller, Larry Walker, Johnny Robinson, David Bass, Gary Walker, Larry Westmoreland, David Messer. Former area residents. (Photo by Maryann Mills)

Area Vacationers Return From Tour Of Southeast

By Donna Estes

Mrs. Merle Harris of the Old Dixie Highway, Longwood, and her daughter, Mrs. Lloyd Horton and grandchildren, Merle Lloyd and Lara Lynde, along with Mrs. Harris' sister-in-law, Longwood, have returned to the city following a trip to Maine and other points of interest on the east coast.

While in Maine, they participated in the celebration of the 25th wedding anniversary of Mrs. Harris' sister-in-law and brother-in-law, Mr. and Mrs. Rodney Dewes of York Beach, and the 25th wedding anniversary of another sister-in-law and brother-in-law, Mr. and Mrs. Fred Turner of Winthrop.

During the vacation time, Master Merle Lloyd celebrated his fifth birthday.

Mrs. Harris, Mrs. Horton and the children traveled through 14 states during the trip. In addition to Maine, they toured Pennsylvania, Georgia, South Carolina, Virginia, Delaware, Maryland, New Jersey, Connecticut, Rhode Island, Massachusetts and New Hampshire.

MR. AND MRS. GERALD L. TROSPIER (Photo by Mr. Frank)

Trial And Error Used When Granny Was A Bride

When grandmother was a bride, she probably learned to cook by the trial and error method. Most of her recipes were vague descriptions—calling for pinches of this or that.

Today's homemaker enjoys the advantages of tested, precise recipes based on accurate measurements.

One of the newer aids to successful cooking is the meat thermometer. This device takes the guesswork out of roasting meat, according to Miss Wilson, Semole County Extension Home Economics Agent. It enables the cook to know exactly when a roast is done, and to what degree—rare, medium, or well done.

Miss Wilson offers these tips on using a meat thermometer. Insert the thermometer into the thickest part of the roast. Take care that the bulb does not rest in fat, or on the bone. Then, consult the temperature guide for the type of meat and the degree of doneness desired. For more cooking hints, check with your County Extension Home Economics Agent.

SORE FEET

caused by CORNS AND CALLOUSES

Severe pain and soreness are caused by pressure of hard corns and calluses against soft and tender skin. This problem often makes life miserable. Treat this condition the modern way with "Zet for the Feet". Zet takes the soreness out overnight and within a few days hard skin peels off. Your feet will feel like new. Get a bottle today on a money-back guarantee at your drugist, A. Sha, Steven and Michael, from St. Louis, Mo. This was the first time Bob had been home in four years. They have now returned to their home in St. Louis.

Spanish Interior Design Enhances Any Type Decor

Americans have adopted the Spanish aesthetic in interior design because it has a magic way of adding beauty to a home without conflicting with what is already there.

Our ideas of what Spanish design consists of have been conditioned, naturally enough, by what we have seen in the way of reproductions of the original. Decorators refer to the truly Spanish design and not to imitations that have been derived from Mexico and South America. Many of the reproductions that have been used in the past are of a poor quality and do not do justice to the original.

The real home on the Iberian Peninsula possesses elegance and is restrained, dignified and restful. It is never ostentatious, interior designers note. Much of what is known as Spanish has been influenced by the Moors who occupied Spain from 711 A.D. until 1492, the same year Columbus discovered America.

Always bearing in mind that tastes vary from province to province in Spain, a typical home has walls of rough white plaster, sometimes combined with tile. Ceilings are flat. They may be made of carved wood, while some are beamed.

The floors are delightfully enticing and add color and design to the room. In ancient Spain they were made in white, beige, red, brown and gold. Today this classic elegance has been handicrafted in solid vinyl tile. Its name is Moda Mexicana which means Moorish style. Its attractive embossed surface makes it easy to keep floors clean. Its random look harmonizes with casual as well as formal rooms.

Spanish furniture is usually walnut, often inlaid. Oak is frequently combined with wrought iron in stretchers and bases. Dark finishes are favored. One piece of furniture that is popular is the chest, often covered with leather or velvet. Another is a table cupboard. Brightly colored tapestries and more somber paintings decorate the walls.

Illumination is provided by chandeliers of hoops hung from the ceiling. Lovely crystal chandeliers, wrought iron and bright pottery objects are freely used.

Spanish decorations blend so well with other motifs that home owners can use as much or as little as they please.

Altamonte Personals

Mr. and Mrs. Frank Gore and children, Michael and Susan, of Hill Top Place returned from a pleasant trip to Miami Hill, N. C., where they were guests of their parents, Mr. and Mrs. Ralph Anderson. They toured the Atlantic and viewed Stone Mountain in Georgia and the children were fascinated by the Indians in Cherokee, N. C.

Mr. and Mrs. Dan Paul and children, Timmy, Tommy and Marty, of Evansville, Ind., are currently visiting her mother, Mrs. Martha Steck, at her Dol Ray Manor home.

Mrs. J.A. Calhoun Hostess To Ladies Society Luncheon

The lovely Melville Avenue home of Mrs. J. A. Calhoun was the scene of a delightful luncheon and business meeting of the Ladies Society of the B.F.P.E. The meeting was called to order Thursday morning at 11 a.m. by the president, Mrs. Robert Eisenhoff. Quarterly reports were given by Mrs. Horace Turner and Mrs. Harold Keeling.

Mrs. Charles Goethe read the minutes and communications.

Mrs. LaVerne Wells was welcomed back from Miami where she has lived the past two years.

The annual picnic was discussed and will be held sometime during the week of Aug. 20, plans to be announced later.

The meeting adjourned with members going to the dining room for a wonderful luncheon prepared by Mrs. Calhoun which was served buffet style from the dining table covered in white linen with shasta dishes in a crystal container as the centerpiece.

The menu consisted of squash casserole, chicken and rice, beef, orange congealed salad, rolls, butter, iced tea and the best fresh coconut cake ever tasted.

Members enjoying the affair were Mrs. Harold Keeling, Mrs. Horace Turner, Mrs. Robert Eisenhoff, Mrs. Charles Goethe, Mrs. Alfred Greene, Mrs. Joe Wells, Mrs. Walter Cook, Mrs. George Haris, Mrs. Lowell Jeffords, Mrs. Horace Fortner, Mrs. Paul Scried and Mrs. Calhoun.

OPEN NIGHTS! 'TIL 9 P.M. MONDAY through SATURDAY

Marjorie Shepard To Head New Merle Norman Studio

Latest addition to the business community of Sanford is the new Merle Norman Cosmetic Studio at 2472 South Park Avenue, next to Food Fair, which will hold its grand opening Saturday from 9:30 a.m. until 5:30 p.m.

Mrs. Marjorie (John) Shepard, owner and manager, will serve as official hostess.

Annual aspect of this grand opening, according to Mrs. Shepard, is the offer of a free hour of beauty and a complimentary make-up to all girls and women who drop in or call for an appointment.

The new studio, a charming feminine boutique carrying a full line of Merle Norman Cosmetics, will function on a try-before-you-buy premise based on the basic "three steps to beauty" philosophy of this 23-year-old California firm.

Mrs. Shepard has completed an intensive training course at the St. Petersburg training center, where she gained practical knowledge in cosmetics, complexion care and the art of make-up, along with fashion trends and color predictions for the seasons ahead.

The studio will be open from 9:30 a.m. until 5:30 p.m., Monday through Saturday.

come help us celebrate the

GRAND OPENING

from 9:30 A. M. to 5:30 P. M., Saturday, July 16th of our beautiful new MERLE NORMAN COSMETIC STUDIO

FREE Hour of Beauty... a demonstration of complexion care featuring our famous 3 Steps to Beauty, followed by a marvelous complimentary make up!

FREE Favors... exciting thank-you-for-giving gifts which will introduce you to our fabulous selection of cosmetics and grooming aids!

Come on in and see us... admire our fresh new decor, browse among our fascinating array of beauty and grooming aids (real princess stuff at Cinderella prices). Get your free favors. Let's get acquainted.

SHOWDOWN between Karl Malden and Steve McQueen is just one of many tense scenes in "Nevada Smith," opening Sunday at Ritz Theatre. Companion film will be "Red Line 7000."

'Nevada Smith' At Ritz Sunday

Joseph E. Levine's "Nevada Smith," a Solar Production Int. Paramount Pictures release opening Sunday at the Ritz Theatre, is described as a taut, action-packed western drama directed by the masterful Henry Hathaway and starring a glittering all-star cast, and of "High Noon" stature. The outstanding actors recruited for their roles include Steve McQueen, in the title role, Karl Malden, Brian Keith, Arthur Kennedy and Suzanne Pleshette. Co-starring are Raf Vallone, Janet Margolin, Pat Hingle, Howard Da Silva and Martin Landau. Co-feature is "Red Line 7000." Based on the memorable character created by Harold Robbins in "The Carpetbaggers," a best-selling novel and smash-hit film, also a Levine-Paramount offering, "Nevada Smith" is a prodigy in the earlier motion picture. It deals with the early years of the fascinating character played by the late Alan Ladd in the previous film.

GREGORY PECK and Sophia Loren star in "Arabesque," suspense comedy being held over for second exciting week at Park East Theatre. Peck is an American exchange professor of ancient languages at Oxford University who becomes embroiled in a Middle Eastern intrigue in which Miss Loren, as an Arabian spy, is focal point.

Busy Oldster
MEXICO, Mo. (UPI) — Mrs. Fannie Ricketts, 100 years old June 14, made herself a new dress last year. She said she cut it out herself and sewed it by hand. Mrs. Ricketts, oldest living graduate of the former Hardin College here, recently went on a shopping tour in Mexico to buy two dresses.

Costly Tooting Of Horn

Among the many instruments which Oregon's Democratic Sen. Wayne Morse has employed to criticize the administration's Viet Nam policy, perhaps the most important has been the Congressional Record, the official diary of Congress.

So far this year, Morse has filled 194 pages in the Record with letters and telegrams from people across the nation praising him for his stand. Some samples:

"My heartfelt appreciation for your courageous stand."

"I hope God spares you until the light of truth breaks over the American people."

"History will record that at least one brave man was heard in Congress at a time when the United States made a terrible mistake."

The Congressional Record is printed at government expense. At a printing cost of \$104 a page, Morse's display of self-praise has thus far cost taxpayers \$20,176.

In a military effort which currently is using up some \$1.5 million a day, \$20,000 perhaps cannot even be considered "small change." But to the more peaceful aspects of U.S. involvement in Viet Nam, it's a princely sum.

Bit Hard On Pvt. Weber

Pvt. Adam R. Weber Jr. of the U.S. Army has been sentenced to a year's imprisonment at hard labor for his refusal to fight in the infantry in Viet Nam.

Serves him right? Well—

He offered at his trial to serve in the front lines as a medical corpsman. He just didn't want to kill the soil.

And almost a year ago he wrote: "I want very much to serve my country. I do now and will continue to serve my country by trying to make it a better place to live and to love. I have hopes of service in the Army in some function of nurturing or preserving life."

Have you heard of similar offers or expressions from our draft-card burners or Viet Cong flag fliers?

Or have you heard of similar punishment for any of them?

Thought For Today

Then the princes of Israel and the king of the humblers, the Lord is righteous. —II Chron. 12:6.

It is no great thing to be humble when you are brought low; but to be humble when you are praised is a great and rare attainment. —Saint Bernard, French ecclesiastic.

Bit Hard On Pvt. Weber

Editor, Herald:

On behalf of the Sanford Lions Club, I wish to thank you for your participation in our July 4th Fun Fair.

Your contribution helped make our program a tremendous success.

We wish to express our appreciation to the Herald and to Judy Wells, your fine County Editor, for the excellent coverage given our Women of the Church.

Good publicity is vital to the life and growth of any organization. The articles appearing in the Herald have done much to inform others of the activities of our group.

Our sincere thanks to a d July Wells, for the fine coverage given our Women of the Church.

In response to our phone conversation of this date (July 13) in the Herald have done much to inform others of the activities of our group.

Our sincere thanks to a d July Wells, for the fine coverage given our Women of the Church.

Dr. Crane's Worry Clinic

CASE 7-171: Bill X, aged 19, is a star baseball player.

"But I have had to bench him several times," his college coach informed me.

"Dr. Crane, Bill is a grandstander."

"He plays to the galleries. In fact, he doesn't much care whether we win or lose a ball game, as long as he makes a home run or rate newspaper mention in the college paper."

Many star athletes are somewhat like Bill.

If they get a minor bruise, they exaggerate their symptoms and try to carry favor with the crowds because of their "injury."

But a team player tries to stay in the game, even with a sprained ankle or torn ligaments.

For the team player is for the team and the crowd. He is trying to defeat the rival aggressor.

But a grandstander has his attention on himself!

And so it is in business or industry nowadays.

Many workers are not team players at all!

Yet business is a keenly competitive affair. If your factory or store can't make a profit, it will fold up via bankruptcy.

That means you will be out of a job and the men and women who invested their life savings in the stock of your firm will be stranded.

"Oh, I don't care," many a thoughtless grandstander will say.

"For I can go on unemployment compensation for six months and draw my pay while I am fishing or loafing around the house."

But the stockholders don't care.

The crowd of angry, unruly, noisy residents reported earlier on the front page of The Herald were the organized opposition representing the 65 percent of the village that had been betrayed by their own council. When the tax increase passed it is a fact these people were noisy and, yes, even unruly. It is hoped that they remain noisy and out of control until after election day for councilmen North Orlando.

Here's Where I Save Money!

YOU'LL PAY LESS at the check-out counter too, if you carefully plan each shopping trip with the aid of the food pages and grocery ads in your newspaper. By making a list of specials and timely bargains, and clipping the best-cutting coupons, you'll easily save dollars each week, as well as time and energy.

SUCH SAVINGS are welcome dividends from your regular investment in this newspaper. The small sum you pay the carrier each collection day! And they are definite proof that your newspaper does more to help you shop and save, than does any other medium that comes into your home.

YET THIS is only one of many ways your newspaper serves you best. Even more important, perhaps, are its unmatched news-and-picture coverage, its entertaining features, its helpful articles and special services. Isn't it just about the best-paying small investment in your household budget?

SHOPPING SAVINGS—Pay the Cost of Your Newspaper Many Times Over

Dear Abby: By Abigail Van Buren

DEAR ABBY: I am 24 and have been going with a girl my age for three years. I feel her a line only to keep her interested and I am sorry because she thinks I am in love with her and will eventually marry her. She doesn't date anyone but me and she gets jealous if I look at another girl or want to spend an evening with my buddies.

I enjoy her company, but I am not in love with her and never could be. How can I get out of her clutches without losing her completely? The answer is in a rainy Sunday afternoon.

DEAR ABBY: I am a professional soldier now serving in Vietnam. I have a wonderful wife and four children. I am due for a rotation back to the States next month. I recently received my assignment which is one every soldier dreams about but very few get.

I was thrilled and wrote my wife about the lucky break. She wrote back saying if I wanted to move I could go without her and the children as she wasn't moving there. I don't think this is fair to me. Should I try to get my assignment changed, or go there without her? I think I deserve more than an empty home to come home to.

Beauty after Forty by Edyth Thornton McLeod

Q. Do you like the look of those completely flat, open sandals on well-dressed women? Do you advocate women wearing them?—Reader.

No, I do not advise the wearing of completely flat sandals. I suggest the new style sandals—cut out, open, but with either a lowered heel or a platform. Flat sandals make women "wide" and are certainly unattractive. They destroy poise. Also, they do not contribute anything to the appearance of a well-dressed, well-groomed woman.

Q. Do you like the high, teased hair-do on mature women?—S.H.

No, they are on the way out. Long hair is in, but the mature woman must not wear her hair in a hanging fashion; it's the swept line is the flattering one for her.

Q. Do you like a grey dress on grey-haired women after 40?—Sara.

Yes, if the woman is style-conscious and selects the proper accessories for her age, and more important, if she selects the proper makeup. If she is pale, the face powder should be a bit deeper than that worn with black or other dark tones. Her

touch of rouge and lipstick must never have a pallid cast. Q. Do you like wigs or false hair pieces on grey-haired women?—S.H.

Yes, wigs are like hats and "fit" the face. Hairpieces are fun and fashionable. Worn straight and wound as a turban with attractive pins, they are extremely good. A hairpiece of soft puffs worn atop upturned hair is ideal for the after-40 woman.

Q. Do you like brown on grey-haired women? Can they wear it successfully?—Fam.

Yes, here again makeup is important to wear with brown. And the grey-haired woman with brown eyes is the best subject for brown. I like grey and brown worn together; it's a smart combination.

Q. Do you advise women after 40 to wear pastels?—Florida reader.

I do. Pastels (except yellow) are charming on mature women, especially if they live in a warm climate. And I like in a warm climate. And I like in a warm climate. And I like in a warm climate.

Q. Do you like a grey dress on grey-haired women after 40?—Sara.

Yes, if the woman is style-conscious and selects the proper accessories for her age, and more important, if she selects the proper makeup. If she is pale, the face powder should be a bit deeper than that worn with black or other dark tones. Her

Yes, wigs are like hats and "fit" the face. Hairpieces are fun and fashionable. Worn straight and wound as a turban with attractive pins, they are extremely good. A hairpiece of soft puffs worn atop upturned hair is ideal for the after-40 woman.

Should Profs Use Graders

DEAR MRS. LIGHT: We're wondering what you think about "graders" in college. Indirectly, at least, they've kept our ears from making the dean's list twice.

For example, last semester I took a history class (few essay questions) that counted one-third of his semester grade. His professor graded three of the answers and the "grader" the remainder. He received A on the answers he prof graded—and C and D on the other two.

Q. Do you like brown on grey-haired women? Can they wear it successfully?—Fam.

Yes, here again makeup is important to wear with brown. And the grey-haired woman with brown eyes is the best subject for brown. I like grey and brown worn together; it's a smart combination.

Q. Do you advise women after 40 to wear pastels?—Florida reader.

I do. Pastels (except yellow) are charming on mature women, especially if they live in a warm climate. And I like in a warm climate. And I like in a warm climate.

Q. Do you like a grey dress on grey-haired women after 40?—Sara.

Your Dental Health Anesthetic Depends On Patient

By William Lawrence, D.D.S., Newspaper Editor, D.D.S. I want to go to sleep when I have my teeth taken out. I've been told it should be administered by persons who are competent by training, knowledge and experience to give anesthesia, and to perform any procedure necessary to save a patient's life if the necessity arises.

Q. Do you like brown on grey-haired women? Can they wear it successfully?—Fam.

Yes, here again makeup is important to wear with brown. And the grey-haired woman with brown eyes is the best subject for brown. I like grey and brown worn together; it's a smart combination.

Entertainment for Everyone in the Sanford Area

By Dottie Austin AN IDEAL PLACE for Sunday dining is the DELTONA INN, located just off the I-4 interchange at Deltona. Their cocktail lounge opens on Sunday at noon for your convenience and the dining room is open from 7 a.m. to 10 p.m. Special for this weekend is a roast prime rib of beef and filet mignon - heavy fare prepared just the way you like it. Enjoy it with your favorite cocktails and fine wines.

IT'S FRIDAY AGAIN and time for some of that famous fried fish prepared for you by Maxine and Bob Hancock, owners of PINCREST INN. It's an all-you-can-eat Sunday luncheon for shoppers and business men and women at 11:30 a.m. and 2:30 p.m. Special for this weekend is a roast prime rib of beef and filet mignon - heavy fare prepared just the way you like it. Enjoy it with your favorite cocktails and fine wines.

PLANNING A party, a banquet or festive feast? Check with the LOOKOUT INN in Fern Park for arrangements in their excellent facilities for large or small groups. You'll be pleased with the fine food, efficient service and luxurious atmosphere that will make even the most high-toned party an occasion to remember. Entertainment nightly in the lounge to help you enjoy your favorite beverages.

ONE OF THE MOST ideal spots for the whole family to dine on, morning, noon or night is the TRADE WINDS CAFE. Right in the heart of Seminole County at the Seminole Shopping Plaza. Such a wide variety of taste-tantalizing meats, salads, vegetables, desserts and breads are available here. You'll have fun choosing your own combination of courses to suit your taste, while other members of your family can enjoy their own specialties at PHELPS'S RESTAURANT, across from Sanford Shopping Plaza on South Hwy. 17-92. PHELPS'S specializes in French-style cuisine, prepared with unusual flair and just the right touch of whimsy and spiciness to make something different and delicious. Don't forget that this convenient spot features daily luncheon for shoppers and business men and women at very reasonable prices.

IF IT'S STEAK you are banking for, you can't beat FREDDIE'S STEAK HOUSE, located in Fern Park, conveniently in the heart of Seminole County and Central Florida. A very popular place for those with tastes of the gourmet, Freddie's has an exceptionally good service, fine foods of all kinds and an intimate, romantic atmosphere that makes for genuine relaxation and enjoyment.

SKIP'S RESTAURANT will reopen for business Monday, after having been closed for a couple of weeks to give everyone a vacation all at the same time. They'll be back with fresh food market located in the park where you can select from a wide choice of fresh delicacies to take home with you.

THEN there's the TROPHY LOUNGE, located at Jet Lakes on Orono Road the place where the action is. Your favorite mixed drinks and cocktails, served up by experienced, knowledgeable bartenders who know how to fix yours just the way you like. Luncheon served daily, regular style and also jet-fast service for those in a hurry. They have a ten ounce filet mignon that is delightfully delicious and all kinds of other choice and tasty foods.

"Dr. Zhivago" Is Coming

"Doctor Zhivago," acclaimed throughout the world when it appeared as the literary achievement of this century, now comes to the screen as one of the most important enterprises ever undertaken by any film company. A road show engagement begins July 20 at the Seminole Cinema Theatre in Casselberry.

Like the great novel from which it has been adapted, "Doctor Zhivago" attempts with awe and compassion to recreate modern-day's most titanic effort to bring forth a new world from a deliberately created chaos.

Under the brilliant direction of David Lean, "Doctor Zhivago" holds promise of becoming one of the great motion picture achievements of all time. The destiny of each character is entwined with that of the others.

Under the brilliant direction of David Lean, "Doctor Zhivago" holds promise of becoming one of the great motion picture achievements of all time. The destiny of each character is entwined with that of the others.

Jacoby On Bridge

The convention devised by Bobby Wolff provides a way for a player to respond with a very weak hand and get off the hook if the opener's rebid is a jump to two no-trump.

When South rebid at three clubs she was using the Wolff convention. North's rebid to three diamonds was the requirement call and South had continued to three spades North would have passed.

However, South rebid to three-trump. This bid conveyed the message that South had not have gone directly to three no-trump over two. Thus, North realized that South's club bid was in the nature of a slam try. North looked over his hand and saw that he held three aces and a king. South's rebid to four clubs as

Polly's Pointers

DEAR POLLY—And Edna—I have been shortchanged for many years so have shorted many knitted skirts. If it is a two-piece suit, there is a waistband and you can take up at the waist. Cut off the elastic enclosure and make a new one. If the knitting is heavy I have substituted a cloth casing for the elastic instead of making a new knitted one. Patterns in the knitted often make it necessary to do the shortening from the top.

When shortening at the bottom I measure the correct length just as I would for a cloth skirt. Using the tight zigzag stitch on my machine I go over the line where the cutting is to be so the knitting will not "run." After cutting off the surplus I go around the edge with the zigzag stitch to make a "binding" and then hem by hand. Be cautious not to hand sew too tightly when putting in the hem or you will make a visible ridge.—MRS. W. W. H.

DEAR GIRLS—Thank you for your innumerable suggestions many of which were the very same or very similar to that I have heard with each other. I do want to caution you to always sew, on the sewing machine, around any knitting bag or dress before you suggest putting in the final hem with a hand cross stitch. I prefer shortening at the bottom so as to prevent extra tuckiness at the waist. And, girls, did you know that wearing a tuckless slip under a knitted skirt or dress helps it keep its shape?—POLLY

DEAR POLLY—Do any of you know how to remove burn marks over the back of a chair which is a bit wider than the skirt and let it stay there for a few hours. When removed, it fits nicely and there is no need of blocking.—MRS. J.S.

Anyone submitting a Polly's Pointer, a solution to a problem, or a favorite homemaker idea will receive a dollar if Polly uses the item in Polly's Pointers.

We The Women

Before marriage a couple in love may be quick to assure each other that money isn't important.

One. Have a joint checking account. (A wife who is put on an allowance like a child is as irresponsible as a child in money matters — and she may be resentful, too.)

Two. If both husband and wife work the wife's pay check should either be set aside for something both husband and wife agree is important, such as the down payment on a home, or it should be put into their joint checking account. (The important thing is that it not be HER money—to do with as she pleases.)

Jacoby and SON

When South went to five clubs North knew that South held a heart bid. His heart bid was a mild effort to get to a grand slam but South was good to first for six.

The slam contract was a good one. South won the heart opening, drew trumps and went after spades. When the spade suit broke South was able to discard one heart and two diamonds from dummy. Then he took the diamond finesse. Had it worked, he would have made seven.

The slam would probably have been easier to bid with South's hand. As we pointed out yesterday, the Wolff convention is certainly meant for use by strong partnerships.

Stamps In News

By Syd Kronish AP Newspaper Editor. The 5-cent Johnny Appleseed commemorative postage stamp, first in the "American Folklore Series," will be issued Sept. 24 at Leominster, Mass. The site is the birthplace of John Chapman (1774 - 1946), who spread the growing new American in its formative years and planted apple trees wherever he visited.

The Johnny Appleseed stamp is dominated by a red apple, in black and white, and blue and green. A common design on all stamps is a red apple in the hand. At the top in green is "Johnny Appleseed." The stem of the apple and a leaf are also green.

It is interesting to note that Chapman, kindly referred to as Johnny Appleseed, was considered an eccentric in his day for traveling the western areas and planting apple trees. He went barefoot, even in winter. Sometimes he wore an iron kettle for a hat. But he was a friend of everyone, including the Indians. Collectors desiring first-day cancellations may send addressed envelopes together with remittance to cover the cost of the stamps to the Postmaster, Leominster, Mass. 01453. The envelope to the postmaster should be enclosed.

Camera Angles

By Irving Desfer AP Newsfeatures. BOB ZWERSZ, global explorer, picture - taking professional, sportsman, editor and lecturer, sums up his photo-journalistic experiences with this advice for amateur photographers: "Simplicity and know your equipment."

These basic rules for action photography can result in a story-telling picture record of outdoor vacation activities like a hunting or fishing trip, a sports tournament, a field day, picnic or hike and boating activities.

"It doesn't require special photographic talent or unusual camera tricks to capture action as it happens," Bob pointed out. "Just remember to use the camera as the action takes place and let the pictures tell the story."

"A photo-journalist covering a sporting event hasn't time to be an artist with a camera. He's too busy shooting pictures. The amateur, on the other hand, is likely to be watching the action and taking pictures hanging from his shoulder or in his lap. By the time he sees a picture-worthy instant and gets the camera to his eye, the peak of the action is past.

"So for pro results, do as the pros do — follow the action through the lens, not over it. A camera becomes part of his face. When he's on assignment, the only time the camera leaves his eye is when he's reloading film or switching from one camera to another."

Do It Yourself: Flashlights Best Bet

By Mr. Fix Newspaper Enterprise Assn. An emergency light supply is something every home should have. In case of a power failure it will mean safety in moving about when being a morale booster.

Candles are inexpensive and easy to store. Kerosene lanterns are suddenly in style again so you can cope with an emergency and be cheerful at the same time.

Come to Church Every Week

All this glory from one they need! The sunflower towers taller than a man, its huge golden head filled with thousands of seeds... and every seed contains the mystery of life and growth that science cannot explain.

We are surrounded by miracles that man did not create. Who created them? Who created us? By the reasoning powers of our own marvelous minds we can be guided to see that God the Creator has made all things according to His plan, and that we can only achieve our highest development by living in harmony with Him.

How can we know God's will for us? We need only a small seed of faith, for He will lead us in His way if we ask Him... and that seed will grow and flourish under His loving care.

THE CHURCH FOR ALL... ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is the storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. Where are our four social systems every person should attend services regularly and read your Bible daily.
