

**PASS IT ON**  
by L.M. Boyd

**TUESDAY, AUGUST 11, 1970**  
**LOVE AND WAR**—To legitimize a marriage in Japan, the husband must register the event with the authorities. I said the husband, not the wife. So what happens fairly often is the husband marries the girl, but fails to sign up downtown. It's not likely she'll know immediately whether he has received the union. But she'll find out, eventually, when she tries to enroll the youngsters in school. Because of this, says our Love and War man, there are many six-year-old trial marriages in Japan. Quite a many.

**NO DOUBT** you know Aphrodite was the Greek goddess of love. A 2,000 B.C. sculpture of this paragon of pulchritude shows she stood 5-foot-2-inches tall and weighed 25 lbs. 12.5 oz. SEARCH CONTINUES for that living citizen who personally has viewed the most U.S. Presidents. A subscriber named Harry Ames says he has seen five.

**OUR NAME GAME MAN** claims there are persons heretofore whose birth certificates officially identify them as Peck, Chap, True story, Born Young, Stick Around and Great Job.

**CUSTOMER SERVICE**—Q "When does a cat purr, while exhaling or inhaling?" A Both. Q "I say the word most often used in conversation is 'I' correct?" A That's been proved. Q "Can Matt Dillon outdraw Wyatt Earp?" A In the ratings, he can, young fellow. Q "Aren't racehorses shoes made out of aluminum?" A Or light steel, one.

**NOT SO LONG AGO** an exceedingly wealthy ranch bachelor died, bequeathing his great estate to the woman, who 25 years earlier, had refused to marry him, thus allowing him a quarter century of unmeasured pleasures. This, messieurs et mesdames, this is our fair.

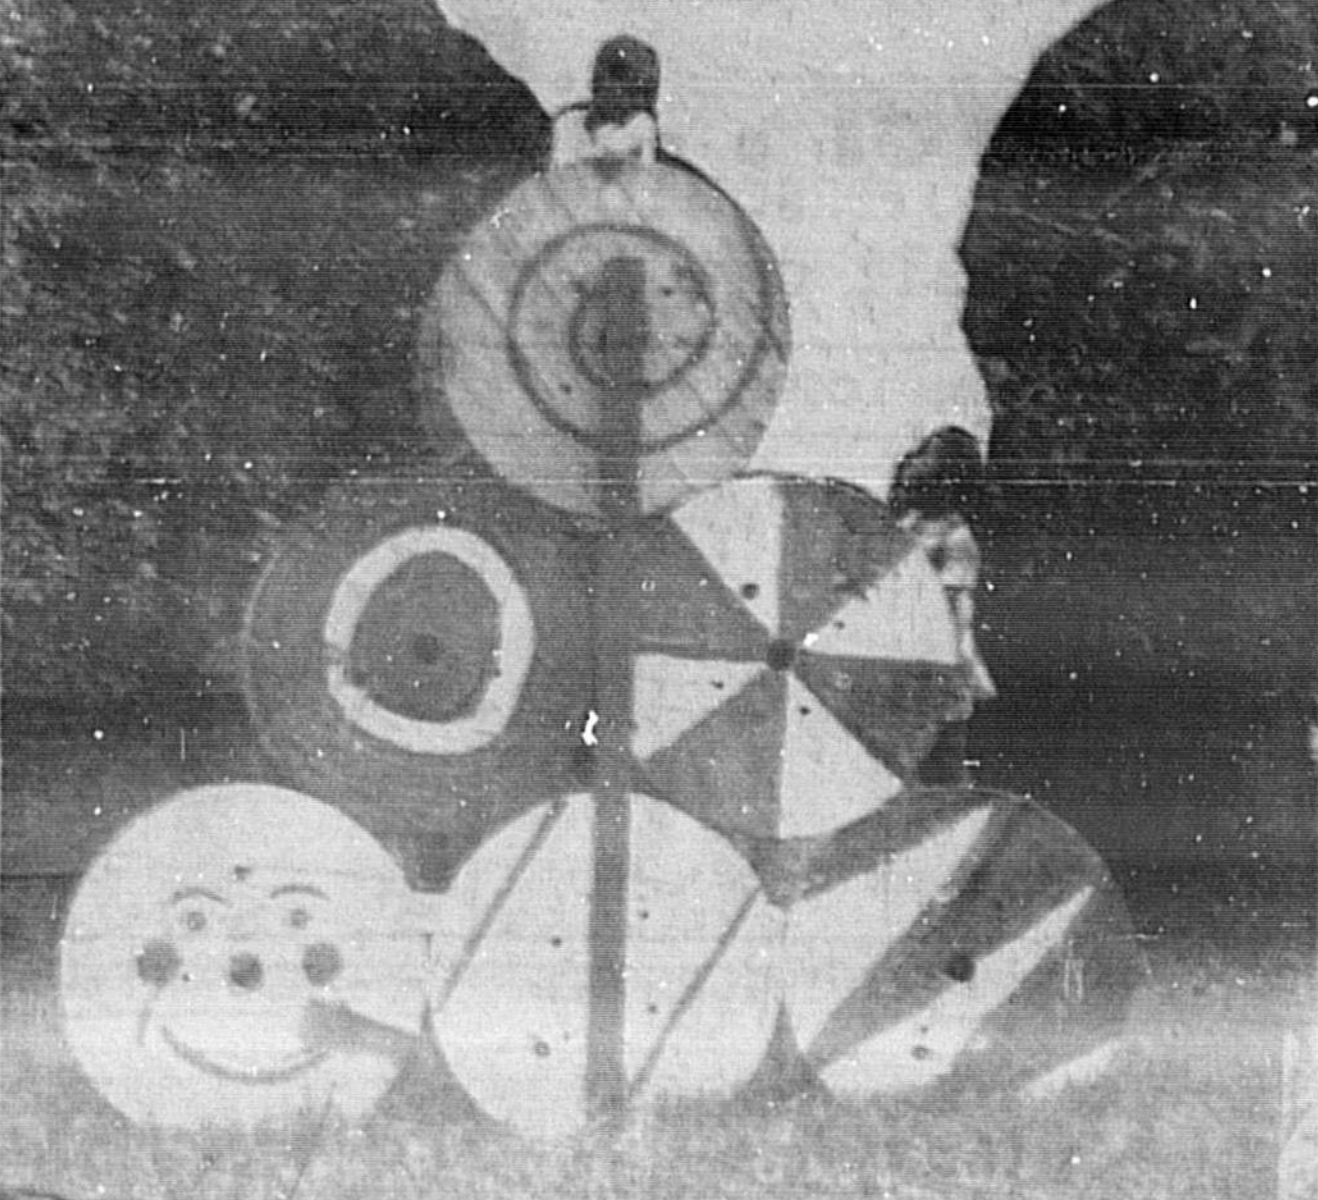

**PERSONAL NOTE**—"Do you own a boat?" inquires a client. No, sir, boats are scary. Not the sailing of same, that's a pleasure. But the ownership urge is. Statistics indicate the average yachtsman nationwide only keeps his craft 18 months. Before swapping it. Generally for a bigger one. Boats are addictive, are they not? Any old boy who likes coffee, cigarettes, whiskey and football games has all the hangups he can handle. I think. No boat for me.

**WAITER WHO** sports a beard should be required by law to wear a hair net on it. Such is the contention of one health inspector. All right, why not a hair net? Statistics indicate the average waiter nationwide only keeps his craft 18 months. Before swapping it. Generally for a bigger one. Boats are addictive, are they not? Any old boy who likes coffee, cigarettes, whiskey and football games has all the hangups he can handle. I think. No boat for me.

**RAPID REPLY**—No, sir, that state wherein men are most apt to wear hats now is Texas.

Your questions and comments are welcomed and will be used in PASS IT ON, wherever possible. Please address your letters to L. M. Boyd, P.O. Box 9008, Seattle, Wash. 98109.

**Success Breeds Happy Wife**  
CHICAGO (AP)—The woman typically happy in her marriage is the woman whose husband is successful. It is not the woman whose husband is a doctor, lawyer, or businessman, but the woman whose husband is successful. It is not the woman whose husband is a doctor, lawyer, or businessman, but the woman whose husband is successful.

LEONARD CLENTON and Margaret Carter are seen above as they play on the "climbing gym." All lumber and part of the work were donated by Allan Trivillion of Winter Park. (Liz Mathieux Photo)

## Head Start Program Progressing

By LIZ MATHIEUX  
The Oviedo Head Start program reports a very successful summer with an average of 20 children present daily. The program is primarily for youngsters from the ages of four to five years. Children must leave the program upon entering the first grade of regular school. The children are taught their alphabet, to write their name, play and get along with other children their age; they are given two full meals a day and a snack in between.

## Adult Classes Planned

The Class Schedule for day classes of the Central Adult High School has been released by the Division of Extended Services. Classes will be held from 9:00-12:00 a.m., Monday through Friday, beginning Aug. 24.

Term I (Aug. 24-Dec. 31) courses meet two days per week: General Biology, English I, II, and III, General Math, Algebra I, American History, and American Government one-half unit courses meet one day per week: Sociology, World Geography, Americanism vs. Communism.

Speech and Developmental Reading.

For complete information on day or evening classes, admission and registration, contact the Director of Extended Services, Seminole Junior College, Sanford, Florida 32771; call 333-1430, ext. 20.

## Men In Service

**D. R. Begin**  
JACKSONVILLE — Navy Lt. Donald R. Begin, husband of the former Miss Cheryl L. Peppy, 5200 Park Avenue, Sanford, Fla., has joined the Naval Air Reserve to drill one weekend each month at Naval Air Reserve Training Unit.

**T. W. Ivey**  
LONG BURN, Vietnam — Thomas W. Ivey, 18, son of Mrs. Ruth Ivey, 1010 West Clemson Drive, Altamonte Springs, Fla., recently was promoted to Army specialist four in Vietnam where he is assigned as a supply clerk in Company F, U.S. Army Depot, Long Binh.

**T. L. Arline**  
VIETNAM — Marine Pfc. Thomas L. Arline Jr., husband of the former Miss Jo Norma of 411 Lakeside Drive, Sanford, Fla., is serving with the First Marine Aircraft Wing in Vietnam.

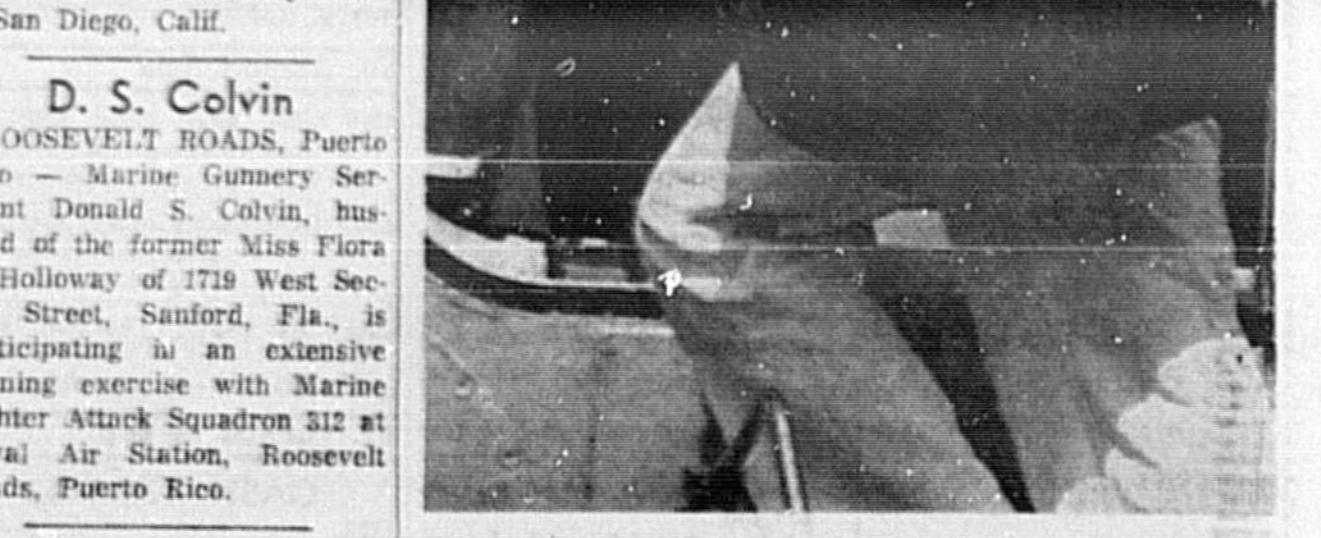

**R. F. Toonk**  
USS KITTY HAWK — Navy Petty Officer First Class Randall F. Toonk, son of Mr. and Mrs. Randall Toonk, of 801 Cold Water Drive, Casselberry, Fla., is serving aboard the attack aircraft carrier USS Kitty Hawk in San Diego, Calif.

**D. S. Colvin**  
ROOSEVELT ROADS, Puerto Rico — Marine Gunnery Sergeant Donald S. Colvin, husband of the former Miss Flora F. Holloway of 1718 West Second Street, Sanford, Fla., is participating in an extensive training exercise with Marine Fighter Attack Squadron 312 at Naval Air Station, Roosevelt Roads, Puerto Rico.

**B. B. Ryan Jr.**  
FT. RUCKER, Ala. — Billy B. Ryan Jr., 21, whose parents live on Route 1, Sanford, Fla., recently received the silver wings of an Army aviator and was appointed a warrant officer upon completion of the officer rotary wing aviator course at the Army Aviation School here. He is a 1967 graduate of Seminole High School.

**William Austin**  
(BS4018) (PFC) PATUXENT RIVER, Md. — Navy Petty Officer First Class William J. Austin, husband of the former Miss Marge E. Fonn of 2428 Elm Ave., Sanford, Fla., is now serving at Naval Air Station, Patuxent River, Md.

**Allen Capps**  
CAMP LEJEUNE, N.C. — Marine Private Kenneth Capps, son of Mr. and Mrs. Allen Capps of Route 2, Sanford, Fla., has reported for six months active duty with the First Infantry Training Regiment, Marine Corps Base, Camp Lejeune, N.C.

SAM MUSGROVE

**PETTY OFFICER** Second Class Sam Musgrove of Altamonte Springs, is shown boarding a Naval Reserve C-118 carrying his mail pouch enroute to Vietnam. Musgrove is carrying gift packages from his letter route customers to their relatives who are serving in Vietnam. He drills one weekend a month and spends two weeks active duty a year with the squadron which is part of the Naval Air Reserve Training Unit based aboard the Jacksonville Naval Air Station and is commanded by Captain Berton R. Otto.

**Cigar Smokers**  
NEW YORK (UPI)—At least 200,000 women in the United States smoke cigars, says the Cigar Institute of America. In Scandinavian countries, there are more women than men cigar smokers.

## Dope Conviction Returned At Trial

A six man jury Tuesday found Georges Henri Proulx, of Quebec, Canada, guilty in a case of possession of marijuana. The felony of which he was convicted, attempted possession of narcotics, carries a maximum sentence of two and a half years in the state penitentiary.

Circuit Court Judge William G. Akridge remanded the defendant to custody pending a pre-sentence investigation. The judge set appeal bond at \$2,500. It is discretionary with the court whether to set an appeal bond at all.

Proulx was arrested on March 28 in a wooded area near the Longwood interchange of 14. He was found sleeping in a tent near his parked car. The marijuana was found on the front seat of the car. The "Winter's End" Rock festival in Bithlo in Orange County was in session at the time.

Attorneys in the case were assistant state attorney Fred Leone and Gene Stephenson.

In another trial this week Eugene Greenleaf was acquitted of the robbery of an elderly couple. The victims were unable to give sufficient identification of the defendant to convince the jury.

In other action Albert E. Capps and Jesse Mitchell pled guilty to possession of narcotics, as charged. Thus a trial was not necessary. The penalty is a maximum of five years in the state penitentiary.

Other cases originally scheduled for trial pled guilty to felonies prior to trial.

## WEDNESDAY Headlines Inside THE HERALD

**World News**  
South Vietnamese forces battle the North Vietnamese at Fire Base O'Reilly for the fourth day while other Saigon forces report 96 of the enemy killed in the Parrot's Beak and the Mekong Delta. (Page 1B)

**Around The Nation**  
House Democrats react quickly to President Nixon's veto of education and government agency money bills and spearhead a drive to reverse the chief executive's action. (Page 1B)

**Sports World Thrillers**  
Doug Dickey by Lyman Luncheon tomorrow to raise money for new stadium. (Page 6A)

**Statewide Developments**  
With lawyers seeking to halt shipment of 418 nerve gas caskets on the docks of North Carolina, Gov. Claude Kirk says going ahead with plans to dispose of the gas in the ocean could lose a deadly blob of gas along the Eastern seaboard. (Page 5A)

**WEATHER**—Yesterday's high 87 low 71 with 77 inch of rain. Mostly cloudy through Thursday with afternoon thundershowers likely. Highs 88-95 and low tonight in the mid 70s.

Locally heavy thundershowers hit parts of New England today. Thundershowers dotted the humid Gulf of Mexico Coast and parts of the Northern Plains and Western Mountains.

**State Senate President** Jack Mathews, running for the Democratic gubernatorial nomination, calls for immediate unified action of public officials in support of appeals by county school boards which protest desegregation busing orders. (Page 5A)

**WEATHER**—Yesterday's high 87 low 71 with 77 inch of rain. Mostly cloudy through Thursday with afternoon thundershowers likely. Highs 88-95 and low tonight in the mid 70s.

## Tax Increase To Fund Court House

**Jail Addition Put Off**  
County Commissioners by a 3-2 vote yesterday increased the millage in the building fund by one mill to fund the half-million dollar shortage needed for completion of the new Court House. Revenue was stated as \$3.8 million, with expenses at \$4.8 million, which left a deficit of \$1 million.

Commissioners voted to delete the addition of the jail complex until a later date, giving a reduction of a half mill. Estimated construction time of the edifice was cited as 18 months, with anticipated awarding of the contract on Dec. 1, 1970. Construction would begin in January, 1971, with completion date in July, 1972.

The millage would be levied over a two year period and the one mill would generate an income of \$314,000. Current millage is 6.33. Increase will be from 9 to 1.9.

It was pointed out by Clerk of the Court Arthur Beckwith that the millage increase was for advertising in the tentative budget for public hearing on Aug. 25, and that the commission could study other avenues, since the action was not final. Final determination rests in public approval of the budget.

Voting against the millage were commissioners Sid Vihlen and Greg Drummond. Vihlen said that he did not feel that enough time had been given to the commission to make a decision of such magnitude, to which chairman John Alexander retorted that every avenue had been researched for 5 years, that there was no other alternative.

Drummond felt that the increase would scuttle the mental incompetent and juvenile detention facility to be placed on the ballot in November. Alexander answered this contention saying that the public, he was confident, would vote for the issues upon their own merits.

Commissioner Robert Parker (although the commission felt that the millage increase was tantamount to political suicide) voted for the increase with the contention that the commission "must go with the Court House or forget it." He said, "I will have to go with the one mill increase."

Commissioner Edward Yarbrough said, "We've been going with this for 5 years. . . delay is costing the taxpayers money. . . the board has pushed this Court House. . . the commission didn't get the county in this position (litigation did). Alexander explained that the elapse of time in the litigation had increased the construction costs, and that the millage which had been contemplated was not sufficient. He cited the fact that construction costs were steadily rising, that delay would cost more money, since construction costs were spiraling at a rate of one per cent a month and in one year the costs of construction would amount to a \$42,000 increase. Alexander contended that the alternative were raise the millage or take no action, which would skyrocket the construction cost.

For the records . . . one of the fastest growing and sociable clubs in this area is the Sanford Loyal Order of the Moose. According to Governor George Kenis, membership is now up to 309 . . . largest in its history.

Sorry to hear about good friend Dr. James Foley, and of his recent hospital return due to a heart attack. . . a speedy recovery from all of his many hunting buddies. His practice will be attended by Orlando "Doc" Dr. George Long, who has a story worthy of a special feature in itself.

You wanna get involved? Let's all start plugging for good ole Seminole County. . . the next time you receive a map of a shipment moving through different locations throughout the state, and it doesn't make reference to either the airport or the Port of Sanford, why don't you mail it back to its source and remind them that we have two excellent facilities here!

Only by such and every one of us doing our part will we be able to make the favorable impression we're looking for in this area.

**FRIENDLY SEASON** was evident this morning at Holiday Isle when Sanford and Seminole County political hopefuls of both major parties joined in welcoming State Attorney General Earl Faircloth, Democratic gubernatorial candidate to the city, Sanford Industrial Commissioner John Fitzpatrick, a candidate for county commission. Is shown welcoming Faircloth (center) while Charles Kampf, right, Faircloth's county campaign manager, reflects on the upcoming Sept. 8 primary. (Staff Photo)

## County Commissioners SEMINOLE COUNTY

EUGENE COOPER, President of Sea Coast Construction yesterday addressed the Seminole County Board of Commissioners about the problems his company will face if the proposed residential zoning laws are passed. Board members (left to right) Ed Yarbrough, Greg Drummond, John Alexander, Robert Parker and Sid Vihlen. (Related story on Page 2A) (Clay Hartsoe Photo)

## Our Presentation 'Best' Faircloth Tours Airport Facilities

By BILL SCOTT  
Democratic gubernatorial candidate and State Attorney General Earl Faircloth is in Sanford today to visit the Sanford Airport and view Building 310 for a prospective state police academy, subject to the approval of the State Cabinet, of which Faircloth is also a member.

The soft-spoken politician at a morning coffee at Holiday Isle told The Herald he was giving the airport site "serious consideration" as a possible academy location.

Faircloth yesterday sent an aide to the airport for investigative purposes of the former Navy barracks type structure. Today the aide is looking at another potential site at Gainesville, as the attorney-general is looking into all areas before the state cabinet makes a decision — expected in three weeks.

Commenting on the presentation by a Seminole County contingent before the cabinet at Tallahassee a week ago, Faircloth said the Sanford proposal was very good and all cabinet members were impressed with the professional showing of slides and booklets, which illustrated the airport site in great detail. Faircloth said "it was clearly the best of all presentations made by other interested delegations seeking the academy."

Sanford and Seminole County officials are actively working toward securing the academy for Sanford and have received some assistance from other Central Florida municipalities who believe a location at Sanford would absorb any organic matter.

Conklin told the commission that the final report was a few weeks off, but that he would let the commission know a week in advance, following its receipt, so that interested parties could attend the meeting when it is presented.

In a side note to the Osceola issue, Thomas Tuck placed a petition in the Herald on Aug. 3 addressed to "Seminole County Citizens Who Were Opposed" (Continued on Page 1B, Col. 1)

## Report Outlines 'Suitability'

By MARION BETHEA  
A letter was read to the County Commission yesterday from Paul Porter, engineer with Clark, Dietz and Associates outlining a preliminary report of the suitability of Osceola Air Field as the county's sanitary landfill.

Engineer B. C. Conklin told the board that the final report was not ready, since the matter was referred to the "most knowledgeable people," who were in the firm's office in Illinois. Conklin mentioned the time element involved, but said the report would be completed shortly.

Porter, in his report, said that the landfill operation would be in eight phases, with one year or 15 months designated in each phase, with a 10 year completion. He said that all water would be contained internally on the property, and that there could be no direct discharge, since a diking system was planned for the infield area. Ditches would be eight feet deep, and a 10 foot buffer space in which would absorb any organic matter.

## Several Contractors Against New Regulation

By CLAY HARTZOG  
 "Everybody seems to be worried about the cost involved in enlarging minimum lot sizes. The main purpose of these changes is not cost-wise."

David Parr, the new County Planner, made this statement in reply to a barrage of accusations which were made by several of the large local contractors. "That the new proposed residential zoning regulations would add greatly to the cost of a home purchased by the consumer."

"The contractors were against the new regulations that were put before the Board of County Commissioners, at the Seminole County Court House, yesterday."

Parr went on to say that one of the main problems with smaller lots is possible pollution. Parr stated that at the present time most of Seminole County's sewage is handled by septic tanks and it will be a while before the county is equipped with an adequate sewer system.

"Another big problem is fire. When the homes are close together, there is more chance of a fire spreading from house-to-house. Most of the county does not have fire department coverage, therefore, it is in the home owner's best interest to try and prevent spreading."

The first of the contractors to attack the proposed changes was Jim Russell, President of Home Builders of Florida. Russell stated that he felt changes were needed, but the proposed

MOST COURTEOUS sales person award for this month went to Mrs. Margaret Wehre of Land of Fabrics. Presenting the award is John Krieger — director of Greater Sanford Chamber of Commerce and John Thompson — advertising director of The Sanford Herald.

## Saleswoman Receives First Award

Mirror, mirror on the wall, who's the most courteous sales person of them all?  
 The mirror wasn't much on giving answers in this case so the citizens of the Sanford area had the question put to them: Who is the most courteous salesperson in the Sanford area?  
 Mrs. Margaret Wehre, a saleswoman for the Land of Fabrics on Sanford's First

Street, was the "Snow White" of this query.  
 And for her outstanding courtesy, given without reward, the Sanford Herald, this month's inaugural sponsor of the Courtesy Award, will present Mrs. Wehre with a \$25 honorarium.

"She gave me outstanding advice and assistance in choosing material and patterns," said the anonymous nominator. "I forgot to get the required trim for the dress I planned to make. Mrs. Wehre called me at home and offered to bring me the trim on her way home. I was so impressed with her — as a person and as a clerk."

Courteous. Helpful. Those seem to be the guidelines Mrs. Wehre hearkens to.  
 She takes that extra step "above and beyond the call of duty" to help another. She'll suggest a certain shade of lipstick to compliment the color of the material you have chosen. Or she'll spend precious moments with a little boy who comes in to buy 45 feet of drapery tape. Does he really need that much, has he measured accurately?

**Credit Dismay**  
 WASHINGTON (UPI) — Beverly Shirley Jr. has filed a \$9,000 damage suit against an automobile dealer who allegedly repossessed his car because he failed to pay \$3.67 in "late charges" at the end of three years of car payment.  
 The suit said Shirley was not notified that the car was about to be seized when it disappeared three weeks after he made what he thought was his final payment. The suit seeks damages for "invasion of privacy and harassment."

## Trucks For NASA Over-Hauled Here

A Cesco Inc. official at Sanford Airport has confirmed a report from National Aeronautics and Space Administration (NASA) that the Remington-based firm has been awarded a possible million dollar contract to refurbish gas semi-trailers used in the NASA space program and will do the work at Sanford.  
 Harold Dugan, general manager of the Sanford office, said Cesco, with four offices at Lake Charles, La., was low bidder in the trailer renovation work and would completely overhaul 64 trailers. Isobell trailers over a three-year period at the airport facility.  
 Dugan said the first year contract called for total \$145,000 to work to be done at Sanford with an increased employment to 10 persons from the present eight.  
 The contract will include renewing for two additional years or add into a million dollars, Dugan added.  
 He said the trucks which must be cleaned and refurbished at regular intervals would be brought to Sanford for the work.  
 The manager estimated it would require all of August to complete the first trailer and from there, the amount of work would increase to renovating four trailers in a single month.

## Lengthy Agenda Tonight Zoning Changes Asked

By MARION BETHA  
 Seminole County Planning and Zoning Commission faces a lengthy agenda at a meeting to be held Aug. 12 at 7:30 p.m. The meeting will take place at the County Commission chambers at the Court House.  
 A request for recommendation approving a proposed change of zoning from A-1 to C-2 by R. L. Pardue on property located at the intersection of SR 436 and Montgomery Road will be considered in public hearing. A public hearing will also be held to consider the adoption of a new district, that of R-1AAA residential district.  
 A preliminary review for a change of zoning districts will be heard from: David Meadows — request for review from A-1, R-1A and R-1AA to R-2 on property on the south side of Spartan Road, Fern Park.  
 Greater Construction Company — from A-1 to R-1AA on property on Longwood-Markham Road at the overpass of I-4.  
 Dynamic Development Inc. — from R-2 to R-3 on property north of the county Road Department property and west of U.S. 17-92.  
 J. W. Hickman — from C-3 to M-1 on property lying east of 14 at St. Joseph's parcel.  
 David Martin — from R-1 to

C-3 at section 9-205-30E. —Cushman Enterprises Inc. — Longwood-Markham Road. —J. R. Fitzhugh — Paradise Bay-east of Lake Harney Road and west of Lake Harney. —Cushman Enterprises Inc. — east of Longwood-Markham Road, one-half mile south of Lake Boulevard.

## By RICHARD C. GROSS

By RICHARD C. GROSS  
 "The growth of pornography in the United States is the No. 1 pollution problem," according to Senate minority leader Mike Mansfield. "The people want something done to curb it."

Apparently not all the people judge it by pornography's growth and acceptance in some major cities. These days, almost everything goes, especially on the East and West Coasts.  
 There is no clear evidence that organized crime has a hand in the distribution and sale of pornography, but at least one investigating commission expresses a "strong suspicion" of such a relation. Playboy Magazine to include hitherto forbidden details in photographs of two models in its August issue.

Onstage, the trend has moved from "Hair" and "Oh! Calcutta!" to sex emporia such as the "Miss Cine" where as many as 40 men at one time, most of them middle-aged and somewhat well-dressed and carrying a few books, sit or stand on rough wooden benches to crane at pretended copulation on a floor level. It costs a \$5 a head, with a smug comic book thrown in.

In Los Angeles, the "Mini Theater" shows stag films to an average of 10 customers an hour, 16 hours a day.  
 "I wouldn't be too surprised to see a sex circus in the Cotton Bowl" with the way things are going now, said District Attorney Henry Wade in Dallas, Tex.  
 According to Capt. E. G. Cederlof, the vice squad chief of the President's Commission on Obscenity and Pornography, Johnson and given \$2 million by which was appointed in 1968 by Congress.

Passionless Deceptions  
 Critics have charged pornography erodes character, destroys normal sexual development in the young and may even destroy societies. They argue it damages an individual's image of sex because what is depicted, for the most part, is loveless and passionless.  
 Rev. Martin A. Hill S.J., has been crusading for eight years through his organization, Morality in Media, Inc. to wipe out pornography. He is a member

## Stromberg-Carlson Locates Near Sanford

Sam L. Ackerman, vice president and manager of General Dynamics' Dynatronics operation in Orlando, announced today that Stromberg-Carlson, a General Dynamics subsidiary, will occupy space in the Dynatronics facility at Lake Mary for the purpose of manufacturing commercial telephone switchboard equipment.  
 The announcement to Stromberg-Carlson employees in Rochester, New York, stated in part: "In order to satisfy our increasing need for manufacturing space, Stromberg-Carlson will begin partial occupancy in September of this year of the 100,000 sq. ft. General Dynamics facility near Sanford. The facility is located near Sanford, Fla. and will continue operation in the Sanford area.  
 "The growth of the CROSS-REED switching business has made it necessary for Stromberg-Carlson to acquire this kind of suitable additional manufacturing space to accommodate the expected continued growth of these products."  
 It is expected that Stromberg will employ approximately one hundred persons locally by year end.

## "The Educator" Is A Computer

CHICAGO (AP) — Computerized educational control in planning school programs will be able administrators to make decisions based on information from many sources, an educator here says.  
 Dr. Benjamin C. Willis, former Chicago superintendent of schools, said a new low-cost computer system, "The Educator," is specially designed for educational institutions. The system, produced by Computers Educational Services, Inc., computes the file of information for the logistical operation of school facilities, fiscal planning and cost projections and designs courses.

Editorial Comment

First 'State Of The Judiciary Address' - Brilliant!

Chief Justice Warren E. Burger has delivered the first "State of the Judiciary" speech to a nation which is beset by problems and issues which have roots deep and dangerous in the failure of the present judicial system...

Here was a man who reached the pinnacle of his profession who could point out to the lawyers and judges, the members of the American Bar Association, that the judiciary was still trying to do business with a "sucker-barrel corner store method" in the supermarket age...

Such overhauling would have a main objective in establishing better administrative machinery and should result in making it possible to "... try criminal cases within 60 days of indictment."

That such reforms will cost money. In another nice choice of words he noted that "when we want to dance we must pay the musicians."

Landmark Event

Phoenix, Arizona, is shortly to be the scene of an international gathering that will make this desert city a close rival of the United Nations from the standpoint of sheer numbers of countries represented.

In bringing the international championship meet to the U.S., the NRA is shouldering one of the greatest responsibilities in its 89-year history. It is bringing together approximately 1,500 competitors from more than 100 countries.

It is carrying out a complex program that involves not only staging the matches but getting the shooters and their guns in and out of the U.S., housing and feeding contestants, giving worldwide publicity to their feats, and keeping everyone reasonably happy.

"I'm Sure It's Just a Coincidence, Mr. President!"

Washington Window:

Approaching September Softly

By EUGENE V. RISHOR. The Nixon administration takes pride in its ability to anticipate crises and prepare for them. It now is laying the groundwork for September.

President said, "Our policy is one of cooperation, rather than coercion and we believe that is the best way to handle this very difficult problem in the southern states."

"We are not assuming in advance that these areas are going to act in a spirit of non-cooperation."

Don Oakley Says:

Warning To Man

By DON OAKLEY. Two years ago Cornell biologist Lamont C. Cole warned a meeting of the American Association for the Advancement of Science that mankind was in grave danger of running out of the very breath of life.

After 50 years of prosperity based on cattle and sheep, Uruguay, smallest country in South America, had advanced the farthest along the road of welfare-statism.

Political Notebook:

Dull Congress Loses Public

By BRUCE BLOSSAT. NEA Washington Correspondent.

WASHINGTON (NEA) - Sen. J. William Fulbright's newest observations about the relative access to the public by the President as compared with the Congress is just another of his frequent descents into almost unbelievable folly.

His complaint is intended to be general. But it obviously struck with particular force that President Nixon hit the television tube some 40 times while at San Clemente or making his way to and from that spot.

The idea has a surface plausibility and the ring of fairness. But realistically it is the purest nonsense. It requires no genius to guess that the audience such congressional programs would command likely would be minimal.

It should be said, parenthetically, that the imbalance between presidential and congressional access to the public is as bad as Fulbright makes out. Every Sunday there are three major network panel shows, and top members of Congress make that take evening news shows.

That is not the whole of it. Congress with each passing year has become a more and more antiquated institution.

Global Comment:

Uruguay's Tupamaros Erupt

By PHIL NEWSON. UPI Foreign News Analyst.

It was a surprise to many here that Uruguay could take pride in its reputation for law and order.

After 50 years of prosperity based on cattle and sheep, Uruguay, smallest country in South America, had advanced the farthest along the road of welfare-statism.

Then, with nearly half of Uruguay's population of around three million living in the cities, there came the time when an economy based on cattle and agriculture no longer could support the social security system and the expensive tastes of the city dwellers.

Collecting and testing samples of air on land and sea over three years between 50 degrees north and 60 degrees south latitude, or from the area of Newfoundland to the tip of South America, the scientists came up with an average oxygen content in the atmosphere of between 20.9458 and 20.946 per cent.

They compared this with previous measurements, the best of which made back in 1925, found an oxygen content of 20.946 per cent.

Projecting their findings into the future, the scientists conclude that even if all the known recoverable reserves of fossil fuels were burned, the concentration of atmospheric oxygen would be about 20.9 per cent, or too small a reduction to have any effect on human breathing.

TWINS from Sanford, Jim and Joe Grogan, have been awarded the Selby Foundation Science Scholarship at Stetson University. They will each receive \$500 each year during their academic career as long as they maintain a high scholastic average.

5 Demo Candidates Hit Nixon Policy

By THE ASSOCIATED PRESS. Five Democratic candidates for the U.S. Senate took turns at a Miami political luncheon Tuesday and all spoke in opposition to the Nixon administration's foreign and domestic policies.

Four of the candidates also pledged a united front against the Republican nominee in the November general elections, and all told the Tiger Bay Club they were in favor of a speedier withdrawal from the war in Vietnam.

The candidates who spoke, but did not debate, were House Speaker Fred Schultze of Jacksonville, Alex Hastings, Fort Lauderdale attorney; State Sen. Lawton Childs of Lakeland; former State Rep. Joel Daves of West Palm Beach; and former Gov. Farris Bryant of Jacksonville.

Daves was the only one who failed to comment on whether he would support the party nominee against the winner of the Rep. William C. Cramer - G. Harold Carwell - George B. Moore Republican primary.

Schultze charged the United States is operating its foreign policy as an "outdated" carry-over of Secretary of State John Foster Dulles' policies dating back to the Eisenhower Administration.

He called for an expansion of the Guam Doctrine under which the army had preferred bloodless operations aimed at embarrassing the government.

An added pressure is the natural demand for foreign government that their officials in Uruguay be protected.

Although the government insists upon regarding the Tupamaros as common criminals, the success of their planning places them well above the ordinary common criminal level.

Then, with nearly half of Uruguay's population of around three million living in the cities, there came the time when an economy based on cattle and agriculture no longer could support the social security system and the expensive tastes of the city dwellers.

They compared this with previous measurements, the best of which made back in 1925, found an oxygen content of 20.946 per cent.

Projecting their findings into the future, the scientists conclude that even if all the known recoverable reserves of fossil fuels were burned, the concentration of atmospheric oxygen would be about 20.9 per cent, or too small a reduction to have any effect on human breathing.

"People Are Sick And Tired..."

Mathews Calls For Unified Action

By THE ASSOCIATED PRESS. State Senate President Jack Mathews, running for the Democratic gubernatorial nomination, Tuesday called for immediate unified action of public officials in support of appeals by county school boards which protest desegregation busing orders.

Mathews said "the governor and the attorney general have the responsibility to sit down to gether now and work with legislative leaders, superintendents of schools and school boards."

Mathews said "the governor and the attorney general have the responsibility to sit down to gether now and work with legislative leaders, superintendents of schools and school boards."

Mathews said "the governor and the attorney general have the responsibility to sit down to gether now and work with legislative leaders, superintendents of schools and school boards."

'Still Fighting Gas Train'

By THE ASSOCIATED PRESS. TALLAHASSEE, Fla. (AP) - With lawyers seeking today to halt shipment of 418 nerve gas canisters on the docks of North Carolina, Gov. Claude Kirk said going ahead with plans to dispose of the gas in the ocean could lose a deadly blood of gas along the Eastern seaboard.

Mathews said "the governor and the attorney general have the responsibility to sit down to gether now and work with legislative leaders, superintendents of schools and school boards."

Mathews said "the governor and the attorney general have the responsibility to sit down to gether now and work with legislative leaders, superintendents of schools and school boards."

# Strikes And Spare

BY JOHN A. SPOLSKI

I know... I know... it's so hard at times to remember a date. But, this is an easy reminder — NEXT WEEK.

That's right, next week is the time set aside for almost all of the leagues to hold their reorganization meetings for the coming Fall League Schedules. I say almost all leagues, give to the fact that some of them will be finishing their Summer Leagues a little later, requiring that they hold their meeting the last week in August.

In any event, plan on your league meeting next week, and if you're in doubt, put a call in to the league for confirmation.

**BOWLING POT POURRI** — Let's take a league from a different night and peek at their scoring results... Monday evening — Florida State Bank Mixed League had Bill Kinney with individual honors at 163.68, followed by Jack Hunt 174.33, Wayne Keeling 184, Sonny Kindred 170, Louise Hestford 135/433 and Lindon Hester 172. Which reminds us that more than a few weeks ago, we omitted Hester's high 300 game (probably on the same night that had some other league flirtings with a high 400 or 700 series; delayed congratulations, nonetheless).

**Dot's Doin' the Digg'n**

Has it ever occurred to you why some leagues are so much larger than others?

A number of ingredients enter the picture... perhaps it's a lack of availability of lanes on a particular night which forces the league to remain at a fixed number, or the night just doesn't appeal to the majority of the bowlers. Any number of reasons could apply on why a league stays small.

**THE DARK ANGEL** — Leon Elly lays a punch to the body of Tony Brown during a sparring session preparing for fights August 20 at the Sanford Armory. Russell Hudson is another newcomer to the Sanford team who will be in action. For ticket information contact R. G. Kondracki at Kondracki's Sunoco.

**BOWLER'S TIP OF THE WEEK** — If you're having trouble putting the ball where you want it to be on the lanes, it's just possible that you're over-rotating the ball on your present bowling ball. Or, maybe, you're using a few pounds — making your fingers too tight in the ball hole.

**FROM THE SEMINOLE PRINTERS LEAGUE** — Good natured Elva Hitchcock "exploded" with a 177, Evelyn Wagner almost made it into the "charmed circle" with a 190 — 20 pins shy of that prestige figure, Phil Varner 190, Ole Yelink 174.

**All Hail Jimmy Jones**

Each Saturday evening we have the Bowler of the Week competition... this includes all of the league bowlers who during the prior week took 80 pins or higher over their current average. This entitled them to compete for the weekly competition which offers a variety of prizes to the winner, who is determined under identical conditions — he, she who bowls most pins over his or her average is the winner.

# Doug Dickey At Lyman Tomorrow

By GARY TAYLOR  
Herald Sports Editor

The Lyman Boosters will be going all out to raise a needed \$20,000-\$25,000 tomorrow at the Lyman High school gymnasium.

Coach Doug Dickey, head football coach of the University of Florida will be the featured speaker at the luncheon. Master of ceremonies will be "Red" Mithum, a noted speaker from Ocala.

The main purpose of this luncheon is to raise money for the new Lyman football stadium. The county has already allotted money for the construction of the bleachers. The county put the lights up for \$100,000. Since then the boosters club has fenced the field.

In order to comply with state regulation, the rest rooms and concession stand must be built before the first game may be played there.

The boosters club is working desperately for the season opener, just over a month away. They estimate that they will need \$20,000.

The luncheon is by invitation and is free. Anyone who didn't receive an invitation should call "Red" Mithum at 831-3600. Only the first 500 persons accepting invitations will be allowed to attend. The school number is 831-3600.

After the luncheon, the Lyman boosters will sell honorary deeds to the football field. These deeds have been the major money-raising project of the boosters. Lyman boosters club president Dallas Baker commented, "I expect everyone present to buy a deed for at least one square foot."

Dickey, in his first year at Florida, is combining his time and expenses to Lyman because he feels it is a worthwhile cause. Dickey, until this season, was the head coach at Tennessee. This year he is replacing Ray Graves, who remains as the Athletic Director at Florida.

The boosters have received \$1,000 donations from the Federal Savings and Loan in Sanford and from the Sanford-Kennel Club. They also received a \$500 gift from the Seminole Turf Club.

The South Seminole-Maitland Boosters Club has worked hard and long on this luncheon. Last season Lyman was forced to play every game, including homecoming on the road. Only the pleasure of watching the first home game will reward these hardworking people.

# Bethune-Cookman 'Cats Reach Two Milestones

The Bethune-Cookman College Wildcats Football Team will reach two milestones during the 1970 season, the twenty-fifth anniversary of conference football and Jack McClaire will enter his tenth year as Athletic Director and Head Coach.

The former Pittsburgh Steeler all-pro split-end would like nothing better than a championship team to celebrate the anniversary season. "We'll be out there trying to win each game. It'll be hard because we will have to replace 21 players lost during graduation and other reasons."

Jack's "back" will consist of twenty-six returning lettersmen and the best selection of about seventy-five rookies.

B-C, long respected for its powerful defensive units will field eleven veteran players who are expected to maintain this image. Among the defensive standouts are all-conference end Benjamin Simmons, a 6-2, 220-pound sophomore from Sarasota; all-state middle guard Winston Mack, 6-2, 220-pound senior from Marietta, Georgia; all-conference tackle Matty Wynn, 6-7, 265-pound senior from Brooksville; tackle Johnny Orr, 6-2, 275-pound senior, Miami; guard Alfonso Cain, 6-4, 290-pound junior, Marietta, Georgia; guard James Brooks, 6-4, 270-pound senior, Homestead.

The veteran receivers are tight ends Charles Clark, Gilbert High, Jacksonville; Emory Blake, Crooms High, Sanford; ends Ricardo Flagler, Jones High, Orlando; Edger Scott, Spencer High, Columbia, Ga.; Leonard Walker, Lakeshore High, Belle Glade; flankers Gregory Dobson, Carter's High, Jacksonville; and safety George Gordon, 5-10, 170-pound sophomore from Sanford.

McClaire coached white athletes for the first time last season. Two will return and two will be added to the squad. William Harless, a 235-pound senior from Marietta, Georgia, and Joe Warner, 210-pound defensive end returning from Jacksonville, retired last week. He has some harsh things to say about Namath. Atkinson, however, is not hard to find. "I'll just talk to Broadway Joe, but he'll tell me Namath to do the job."

Atkinson said, "I know where I am. I'm not hard to find. I'll just talk to Broadway Joe, but he'll tell me Namath to do the job."

**Where Are You Joe?**

**Namath To Be Found Nowhere**

By BEN THOMAS

Associated Press Sports Writer

Al Atkinson says he'd like to see Joe Namath, but he'll still be one of my closest friends.

But he added: "It's just that over the last few years I have found it harder and harder to find him."

"Joe knows where I am. I'm not hard to find. I'll just talk to Broadway Joe, but he'll tell me Namath to do the job."

Atkinson said, "I know where I am. I'm not hard to find. I'll just talk to Broadway Joe, but he'll tell me Namath to do the job."

**Petty Takes Another Win**

ONa, W.Va. (AP) — Richard Petty, piloted his 1970 Plymouth to victory in the West Virginia 200, finishing eight laps ahead of his nearest competitor Tuesday night.

The race over the 7.16 mile asphalt oval ran at an average speed of 78.58 miles per hour. The race ended without injury or mishap, despite a total power failure as the field was running on the 45th lap at close to 80 miles an hour.

James Hylton was second in a 1959 Ford. He was eight laps behind Petty.

The points standings in the NASCAR Grand National Circuit remained the same after the 30-lap race. Hylton now leads with 2,538 points. Bobby Isaac is still second in the rankings at 2,507 and Petty remains in 3th place at 2,150.

**First U. S. Win**

PITTSBURGH, Pa. (AP) — Relief pitcher Orlando Pena of the Pittsburgh Pirates recalls the first game he won in the United States.

"It was the year I won 21 games for Daytona Beach in the Florida State League," says Pena. "Johnny Van der Meer, who pitched those two no-hit games in succession for Cincinnati, was our manager and he pinch hit for me. He got a blower hit and I won my first game. That was 1966 cc Pinto engine."

**Racing Panel Of Experts Predict Michigan Winner**

CAMBRIDGE JUNCTION, Mich. — Richard Petty, Ron Flocke, N. C. and Cale Yarborough of Tennessee, E. C. (7 votes), Bobby Isaac (5), Bobby Allison (4), Fredy Lorenzen (3) and Charles Glotzbach (3).

Next race for the Union 76 Racing Panel of Experts is the Talladega 500 scheduled for Sunday, Aug. 25, 1970.

**Lyman Tryouts Friday**

Anyone who will be attending Lyman High School during the afternoon session next season and would like to try out for some sports will have a chance to do so this Friday.

Anyone who plans to compete on the swimming team should be at the Land of Lakes Country Club pool Friday morning at 8:30 a.m.

**THE MISERIES** are catching, or common, it seems as Lee Mays of the Washington Senators collapses in pain (above) after smashing his foot with a foul tip. Yankee catcher Thurman Munson looks on. Kneeling in dejection, not prayer, Phil's pitcher Dick Selig (above right) watches Masty Alon head for the dugout after a winning Pirates' run. Atlanta's Sonny Jackson (right) yelps in pain after spiking by San Francisco's Dick Dietz. Note trouser tear above knee.

**First U. S. Win**

PITTSBURGH, Pa. (AP) — Relief pitcher Orlando Pena of the Pittsburgh Pirates recalls the first game he won in the United States.

"It was the year I won 21 games for Daytona Beach in the Florida State League," says Pena. "Johnny Van der Meer, who pitched those two no-hit games in succession for Cincinnati, was our manager and he pinch hit for me. He got a blower hit and I won my first game. That was 1966 cc Pinto engine."

**Racing Panel Of Experts Predict Michigan Winner**

CAMBRIDGE JUNCTION, Mich. — Richard Petty, Ron Flocke, N. C. and Cale Yarborough of Tennessee, E. C. (7 votes), Bobby Isaac (5), Bobby Allison (4), Fredy Lorenzen (3) and Charles Glotzbach (3).

Next race for the Union 76 Racing Panel of Experts is the Talladega 500 scheduled for Sunday, Aug. 25, 1970.

**Lyman Tryouts Friday**

Anyone who will be attending Lyman High School during the afternoon session next season and would like to try out for some sports will have a chance to do so this Friday.

Anyone who plans to compete on the swimming team should be at the Land of Lakes Country Club pool Friday morning at 8:30 a.m.

# Pension Plan Set Up At Montreal Meeting

MONTREAL (AP) — The boxing world will begin to take care of its own with a retirement annuity plan for professional fighters launched by the World Boxing Association.

The WBA established a committee Tuesday at the second day of its annual meeting to make the necessary studies and put the scheme into effect.

Described as "revolutionary" by Charles Loeb of Cleveland, Ohio, a committee member, the annuity fund will likely give participating boxers a guaranteed monthly income or a lump sum of equal value on their retirement.

It will be financed either by annual dues paid by the boxers and managers or by voluntary cuts from fight purses.

Malcolm Forrester, a banker from Yorkville, Tenn., was appointed head of the committee in charge of overseeing the plan.

Donald "Bill" Brennan, executive secretary of the Virginia Athletic Commission, who was elected WBA president Tuesday, said the scheme "is the finest thing we could do for the sport."

Brennan, who succeeds 68-year-old Emile Bruneau of New Orleans, said he "determined to make boxing more honest and more acceptable" in the world of sport.

Boxing, with the adoption of the plan originally proposed by Jerry Shears, president of the Canadian Amateur Boxing Association received full WBA support in a resolution for his demands of "improvements in head gear and other safety requirements in amateur boxing."

Judge Robert M. Sammiti, chairman of the Tennessee Athletic Commission in Chattanooga, said the resolution was one of the most constructive moves taken at the meetings.

Meanwhile, the WBA reiterates its demand for a whopping \$125 million from the Minnesota Vikings. He's been offered \$100,000 a year for three years.

"I'm not interested in him," Ewbank said. "I can answer that question quick. No player's worth that much."

Defensive back Mike Weger came in terms with the Detroit Lions and started working out Tuesday. The Lions also have cornerback Lem Barney without a contract, but Barney's been drilling while deciphering for more dough.

Ray Parson, the Lions' No. 2 draft choice from Minnesota, underwent knee ligament surgery after being injured in the exhibition loss to the Kansas City Chiefs last Saturday. Parson, an offensive tackle, will be sidelined 10-11 weeks.

And there were these other tidbits Tuesday from the pro football training camps:

—Veteran Blanton Collier, Cleveland Browns' coach, says he's quite impressed by rookie Jerry Shears, a defensive tackle from Oklahoma State. Shek, according to Collier, has been paying attention to tips from the coaching staff and the rookie was able to get to the opposing quarterback in the Browns' exhibition game with Los Angeles.

The Browns also reported defensive end Jeff Steinberger, injured in the Ram game, would be lost for the season. Steinberger had knee ligament surgery Tuesday.

**33 MONTHS GUARANTEE WITH 10 MONTHS 100% ALLOWANCE**

Farrest Protection Guarantee

Your Farrest tire protection guarantee covers all Farrest passenger tires (except air chutes) from the date of purchase up to 33 months (3 years) or 50,000 miles (whichever comes first). If your tire fails during the guarantee period, return it to us and we will, at our option, repair your tire, or make an allowance based on the original purchase price of the tire (including applicable Federal Excise Tax, toward the purchase of a new tire). This guarantee is not transferable. It is only for private passenger cars or passenger station wagons.

Here's how your guarantee works:

Entire guarantee period	33 months
100% allowance period	10-20 months
50% allowance period	11-20 months
25% allowance period	21-33 months

Tread Life Prediction

The built-in wear Farrest tire safe traction indicators. They signal when your tire should be replaced. At your tire wear out (except for accrued allowance) we will make an allowance based on the original purchase price, including applicable Federal Excise Tax, toward the purchase of a new tire. We will allow it during the first half or 3/4 during the second half of the stated month of guarantee.

This guarantee is not transferable. It is only for private passenger cars or passenger station wagons.

## Haute Couture Look For Fall Is Long, Lean, Full, Dramatic

By AP NEWSFEATURES  
NEW YORK (AP) — Long and lean, long and full, long and dramatic ... the trend is long

in haute couture ready-to-wear clothes. Pants are on the wane, except as a sometime partner to costume combos. The accent is on the midi (mid-calf) length.

**HAUTE COUTURE** offers ready to wear fall fashions. Dior (1) shows a rust midi coat of pure wool jersey, double-breasted with hip slit pockets. Underneath, a wool shirt in rust and greige houndstooth checking is combined with rust-colored wool jersey gauchon pants. Matching are a beret, boots and bag by Dior.

Saint Laurent (2) shows a dashing Royal Air Force blue Woolmark circular cape with a stand-up collar. Underneath, a shirt and midi length kilt skirt are fashioned of printed wool challis.

Lavin (3) creates a full skirted midi coat of beige and brown pure wool tweed. The wide-sleeved, close-fitting bodice has a high, stand-up collar, wide flaring skirt and two stitched patch pockets.

Cardin (4) makes an above ankle coat of pure wool chocolate gabardine with a stand-up collar and empire waist detailed in piping. Underneath, a matching wool dress with a piping inset of vivid orange.

Laroché (5) fashions a long skirt in wrap-around wool challis in a folklore print of violet, red and orange on a cream-colored background. Here as a belt, the matching shawl has a violet fringing.

and some tubular with front zips. Almost everyone is making capes ... Full, long and (midi) they lend drama to the garment worn beneath. From Saint Laurent they are high collared and full backed. From Lavin they feature a soft pleated yoke all around, are fastened at the neck and open down the front.

Dresses are almost always midi in length. Cardin makes one mini dress in wool jersey ... and a maxi evening dress with a cut-out front.

The classic suit is back. Dior, Lavin, Givenchy, Venet and others show us that the mid-skirt can be killed, flared, pleated or full. Jackets are mostly short and loaded with detail. Pantsuits, too, are in and often match the coats.

Accessories are the key to the "look". Scarves, hats, dog collars, earrings, fantasy belts galore complete the costume. Coats are cozy and big. They are often cinched at the waist and designed to be worn with matching dresses, pants or skirts.

Styling with large patch pockets, belted are popular with Ungaro, Dior and Vent. Full-skirted and bias cut coats tailor in pure wool tweeds, from Lavin, Givenchy and Laroché. Maxi coats from Cardin are empire

## Jacalyn Angel, Dennis Crawford Exchange Vows

Miss Jacalyn Angel became the bride of Dennis R. (Dusty) Crawford, July 25, at the First United Methodist Church with Rev. Julius C. Byers officiating at the candlelight, double ring ceremony.

Miss Angel is the daughter of Mrs. Doris Angel, 1815 Paloma Ave., Sanford and the groom is the son of Mr. and Mrs. John L. Crawford, 1117 East Second St., Sanford. The church was decorated

with a profusion of potted palms, two brass baskets with arrangements of white gladioli, white Fuji mums and solid foliage, two pair of nine-branch brass candelabra and one arch brass candelabra with white Cathedral lapers. Family pews were marked with white satin ribbons and magnolia leaves.

Warren Keen, organist, presented a program of appropriate bridal selections including the traditional wedding marches. The bride, given in marriage by her brother, John Gordon Angel, Jr., wore a formal gown of white silk organza in an Empire silhouette. The bodice was elegantly designed of Venice lace with beautiful Camellia sleeves held by a hand of lace at the wrists.

The round chapel train was lavishly applied with matching lace embroidered with soutache braid. Her four tiered bouffant elbow length silk illusion veil was held by a Camellia cap of matching lace. She carried a cascading bouquet of white Tiara roses and tuberoses with natural foliage on a white Prayer Book.

The bride stopped on her way to the altar to give her mother a red rose and a kiss. Matron of honor, Mrs. John Angel, Jr., sister-in-law of the bride, wore a pink organza gown with an Empire waist featuring pink ribbon inserts, and long Camellia sleeves. Her pink silk illusion head dress was secured by a pink bow and she carried a hand bouquet of pink radiance roses with boys' foil.

Others assisting as floating hostesses were Mrs. Jack Morrison, Mrs. Mason Wharton, Jr., Miss Candi Wharton, Miss Denisa Jarrell and Mrs. Cyndee Jarrell.

For her going-away outfit, Mrs. Crawford chose a yellow double-breasted linen dress with white accessories and a white gladiolus corsage. The couple left for a wedding trip on the West Coast and their new residence is 2614 Troquels Ave., Sanford.

The groom is employed by Chase and Co. and the bride by Southern Loan and Finance Co., Inc.

MRS. DENNIS B. CRAWFORD (Rahija Photo)

A FACULTY REUNION from the Grand Avenue Elementary School, Orlando, was held at the home of Miss Pauline Hall, Forest City. A few of the teachers shown with their hostess, looking over some pictures from the last some 30 years are Mrs. Annie Lord, who served as school principal for 32 years, Mrs. Kitty Mullinix, Miss Hall, Mrs. Sue Reeves Plummer, Mrs. Hazel Jacobs and Mrs. Rebecca Park. Co-hostesses included Mrs. Mildred Wheelless and Mrs. Gladys Homan. (Maryann Miles Photo)

## Fashion Forecast

The tan through khaki was designed to help the sun tan the entire body. The suit is made of a combination of polyester and cotton and is a sheer material. The sun's rays penetrate the fabric.

New jewelry at Cartier features rings cut out of gold cubes and gleaming discs of gold perched atop narrow gold bands. Jean Dinh Van, French-Vietnamese jewelry designer at Cartier, believes jewelry should be a simple line, well done. His bracelets neatly encircle the wrists with geometric circles and square cut-outs and chunky cubes and hoops of gold.

Among museum-like pieces from the Pauling Trigue collection of costume jewelry is a group of Aztec rings, brooches, and necklaces. Many have the look of old gold and are studded with tiny jewel-like stones and mini pearls.

Mr. and Mrs. O. L. Woody, 2824 South Park Avenue, Sanford, are announcing the engagement and approaching marriage of their daughter, Miss Marie Woody, to Hiram Lyle Hamlin, son of Mrs. Della Hamlin, 108 Club Road, also of this city. The bride-elect was born in

# Tasty Green Pea Salad

By CECILY BROWNSTONE

Associated Press Food Editor  
When a friend of ours told us that she had concocted a green pea salad that her three children and her husband thoroughly approved, we begged for the recipe.

Here it is, an interesting combination of cooked frozen green peas and other good things. After you give the vegetables a mint-flavored oil-and-vinegar dressing, you add yogurt, sour cream or mayonnaise—depending on what you wish to use or have on hand.

In our friend's family two teen-agers (a boy and a girl) voted for the yogurt version; the father of the family—a devoted fan of mayonnaise—liked the mayonnaise version best; the cook herself enjoyed the salad most when sour cream was added. And the pre-teen in the family took several helpings of all three versions!

When we tested the salad on adult guests, they liked the yogurt and sour-cream combinations equally. You may want to try all three variations and decide which you favor.

## GREEN PEA SALAD

- 2 packages (each 10 oz.) frozen green peas
- 1 cup boiling water
- 1/2 teaspoon salt
- 1/4 teaspoon pepper
- 1/3 cup salad oil
- 2 tablespoons red wine vinegar
- 1 tablespoon lemon juice
- 2 teaspoons crumbled dry mint
- 1/2 cup plain yogurt, commercial
- 1/2 cup sour cream or mayonnaise
- 1/2 cup finely diced celery
- 1/2 cup plain yogurt, commercial
- 1/2 cup sour cream or mayonnaise
- 1/2 cup finely diced celery
- 1/2 cup plain yogurt, commercial
- 1/2 cup sour cream or mayonnaise

Turn the peas into a saucepan large enough to hold both packages; add the boiling water and 1/2 teaspoon of the salt, cook according to the method given on the package directions. Drain, reserving 2 tablespoons liquid from the peas and putting it into a medium mixing bowl.

To the 2 tablespoons pea liquid add the remaining 1/2 teaspoon salt, the pepper, oil, vinegar, lemon juice, mint and onion. Add the hot peas; cover and chill.

Before serving, mix in celery and yogurt, sour cream or mayonnaise.

Serve on lettuce and garnish with tomatoes.

Makes 4 cups salad or 6 servings, each 2/3 cup.

# Summer Supper Special

By CECILY BROWNSTONE

AP Food Editor

## SUMMER SUPPER

This vegetable combination makes a delightful relish.

Cold Pouched Salmon with Homemade Mayonnaise

Phyll's Cucumbers with Sweet Onion

Sliced Tomatoes French Bread Cantaloupe Wedges Beverage

PHYLL'S CUCUMBERS WITH SWEET ONION

1 teaspoon salt

2 tablespoons sugar

2 tablespoons white vinegar

1 teaspoon cold water

1 medium cucumber, pared and thinly sliced (1 1/4 cups)

1 cup thin strips sweet Spanish or Bermuda-type onion

In a shallow bowl, with a fork, beat together the salt, sugar, vinegar and water. Mix in the cucumber and onion; cover and chill for 30 to 40 minutes. Serve with a slotted spoon or drain before serving, saving liquid in which to refrigerate any cucumber and onion left over. This dish may be prepared further ahead but vegetables will not be so crisp as they are when assembled shortly before serving. Makes 6 servings.

Coming Home

HONG KONG (UPI)—George West, a British engineer released from Communist China last Sunday, left a hospital today enroute home to his wife and two children in England. He denied spying against China.

West had served 229 months in prison as a convicted spy. He was arrested while working on a chemical plant under construction as a support base for China's nuclear and missile industry at Lashow.

# From A French Kitchen

By CECILY BROWNSTONE

AP Food Editor

This version of a famous salad comes from a former resident of Nice, France.

GOOD LUNCH

Justine Gauthier's Salade Niçoise

Crusty French Bread

Sweet Butter Beverage

JANINE GAUCHEROT'S

1 head Boston Lettuce, washed and dried

1/2 cup thin strips sweet onion

2 ribs celery, thinly sliced

2 green peppers, seeded and cut in thin strips

12 radishes, thinly sliced

2 medium tomatoes, peeled and sliced

3 cucumbers (pared), seeds scooped out and thinly sliced

2 cans (each 7oz.) tuna in olive oil

4 hard-cooked eggs

1 scallion (green onion) top

1 can (8 oz.) ripe olives

can (2 oz.) flat anchovies in olive oil

Dressing, see below

Into a large salad bowl, with a kitchen scissors, slice lettuce fairly fine. In this order (in layers) add the onion, celery, 1/2 of the green pepper, the radishes, cucumber and undrained tuna.

Add the remaining tomato slices and green pepper. Quarter 3 of the eggs. Halve the remaining egg and remove one of the yolk halves; halve the remaining 1/2 egg. With the 1/2 egg yolk, add the anchovies, arrange some of the egg quarters around it in petal fashion to make a flower; add the scallion top as the stem. Arrange remaining egg quarters and olives around edge of salad bowl; garnish with undrained anchovies.

Present at table, arrange remaining egg quarters and olives around edge of salad bowl; garnish with undrained anchovies.

Present at table, arrange remaining egg quarters and olives around edge of salad bowl; garnish with undrained anchovies.

Dressing: Mix together in the proportions you favor, salt, pepper, Dijon mustard, wine vinegar and olive oil.

Makes 8 servings.

Dressing: Mix together in the proportions you favor, salt, pepper, Dijon mustard, wine vinegar and olive oil.

Makes 8 servings.

Here's a rangeland dish, Fish Rolls with Curried Tomato Sauce, that's quick to make.

If you try it, please serve it with cooked rice and chutney.

The unthickened sauce is on the thin side and needs the rice. And the chutney is a must because its sweet, piquant flavor contrasts well with the fish and sauce.

When we tested this recipe, we used flounder filets and found they were an excellent choice. So use flounder or filets from a similar fish.

To embellish the rice, you can mix it with plumped raisins or currants and toasted blanched almonds.

**FISH ROLLS WITH CURRIED TOMATO SAUCE**

1 tablespoon instant minced onion

1/4 teaspoon instant minced garlic

1 tablespoon water

2 tablespoons salad oil

2 to 3 teaspoons curry powder

1 can (1 pound) tomatoes, well-drained and broken up

1 tablespoon tomato paste

1/4 teaspoon salt

2 thin slices unpeeled lemon, halved

4 skinless fish filets, about 1 pound

In a cup mix together the onion, garlic and water; let stand for about 10 minutes. Drain.

In a 3-quart skillet, over low heat, heat the oil; add the onion mixture; cook until light golden color—about 3 minutes. Add curry powder, cook and stir for a minute or two.

Add tomatoes, tomato paste and salt; cook and stir for about 3 minutes; add the lemon slices.

Not each fish fillet and secure with toothpicks. Add to skillet. Cover and simmer until fish is opaque throughout—about 15 minutes. Occasionally shake the pan gently; do not stir to avoid breaking up the fish. Remove toothpicks.

Serve with cooked rice and chutney.

Makes 4 servings.

# Good, Simple Rum Cake

By CECILY BROWNSTONE

Associated Press Food Editor  
 DEAR CECILY: For a long time I have wanted a recipe for a good but simple rum cake and wonder if you can tell me how to make it.—ISLAND COOK:  
 DEAR ISLAND COOK:  
 Here's one version of rum cake. It uses dessert spongecake shells, widely available in food markets, and each shell is sprinkled with a little rum. If you like, you can add more rum than the recipe calls for. The shells are filled with a homemade custard. As a final gesture two extra cake shells are crumbled and tossed and these along with almonds—go over the custard. A last sprinkle of confectioners' sugar finishes this good deal.—C.B.

**RUM CAKES**  
 1 cup milk  
 1/4 cup sugar  
 1 large egg, separated  
 1 1/2 tablespoons cornstarch  
 1/4 teaspoon salt  
 1 teaspoon vanilla  
 16 individual dessert cake shells  
 4 teaspoons rum  
 1/4 cup toasted slivered blanched almonds  
 Confectioners' sugar  
 In a 1 quart saucepan, stir together 1/2 cup milk and sugar. Over medium heat bring to a boil, stirring occasionally. In a small mixing bowl stir together remaining 1/2 cup milk, egg yolk, cornstarch and salt. Pour mixture into cooking arch mixture, stirring until smooth. Return to saucepan. Cook over low heat, stirring constantly, until thickened enough to mound slightly—6 to 10 minutes. Remove from heat. Beat egg white until straight stiff peaks form when beater is slowly withdrawn. Gradually fold hot custard mixture into beaten egg white. Return to saucepan; cook over low heat stirring constantly and gently for 3 minutes. Stir in vanilla. Cover and chill.  
 Tear 2 of the cake shells into coarse crumbs. Place on cookie sheet and toast in a preheated 350-degree oven until golden brown—4 to 5 minutes. Cool.  
 To assemble rum cakes at serving time, sprinkle 1/2 teaspoon rum over each shell. Fill each shell with about 3 table-spoons custard filling. Mix to-gether crumbs and almonds; sprinkle over top of each cake to cover custard. Sprinkle with confectioners' sugar.  
 Makes 8 rum cakes.

# Easily Prepared Dessert

By CECILY BROWNSTONE

AP Food Editor

COMPANY SUPPER

An elegant dessert that is easy to prepare.  
 Fried Halibut      Potato  
 Green Peas      Salad Bowl  
 Nectarine-Berry Pie Beverage  
 NECTARINE-BERRY PIE

2 packages (each 3 oz) cream cheese  
 1 cup sifted confectioners' sugar  
 1 cup heavy (whipping) cream  
 1 baked 9-inch pastry shell, cooled  
 3 or 4 fresh nectarines  
 1/4 cup granulated sugar  
 1 tablespoon cornstarch  
 2 tablespoons cold water  
 1 tablespoon lemon juice  
 1 cup sliced fresh strawberries  
 Soften cheese; gradually mix in confectioners' sugar; continue to mix, if necessary, until smooth. Whip cream; blend into cheese mixture. Spoon into pas-try shell and spread evenly. Slice enough nectarines to make 2 cups; arrange on cream layer; refrigerate in a small saucepan thoroughly stir to-gether the granulated sugar and cornstarch; add water and lemon juice and stir until smooth. With a fork, crush strawberries; stir into cornstarch mixture. Cook over moderate heat, stir-ving constantly until thickened and clear. Cool slightly; spoon over nectarines in pie shell. Chill. Makes 8 servings.

Quick tartar sauce for fish: mayonnaise mixed with lemon juice, sweet pickle relish and in-stant minced onion. Allow the mixture to stand at least half an hour before using so flavors will blend.

# Japanese Party Item

By AILEEN CLAIRE, NEA Food Editor

All countries have their "home cooking." Growing in interest are several Japanese dishes that are good party items.  
 Tempura is one. It is simple for the hostess because she prepares ingredients for the dish before guests arrive and then it is up to each person to cook his shrimp, cauliflower, mushroom, potato or fruit sections to his liking.  
 There are electrical units designed for home-cooking of tempura or other kabob dishes. However, a shrimp dish with the oil kept at 350 degrees (use a cooking thermometer to maintain control) serves, too. When- ever using cooking oil at such a high temperature, arrange the unit so it cannot be tipped or knocked over.

## TEMPURA

- 2 lbs. raw shrimp, shelled and deveined
- 1 lb. flounder, cut in cubes
- 1 lb. scallops, halved
- 2 green peppers, seeded and cubed
- 1 small head of cauliflower, sectioned
- 4 large mushrooms, sliced
- 2 sweet potatoes, parod and cubed
- 2 white potatoes, pared and cubed
- 1 1/2 cups of water
- 1 1/2 cups all-purpose flour
- 2 tablespoons cornstarch
- 1 teaspoon baking powder
- 1 teaspoon seasoned salt
- 1 teaspoon granulated sugar
- 1/4 teaspoon ground ginger
- 1/2 peanut or salad oil

Arrange prepared seafood and vegetables on a large, flat tray. Cover and refrigerate until serving time. Beat eggs. Add water and dry ingredients. Blend smooth and chill until serving time.  
 If using electric unit, set auto- matic temperature control to 350 degrees and add oil to mark on cooker. When oil reaches proper temperature, skewer food on bamboo sticks, dip into batter and place in hot fat until golden brown, about 4 minutes. Drain on rack that sur- rounds cooker.  
 Serve with bottled duck sauce, soy sauce and lemon wedges. Makes 8 servings.

## FRUIT TEMPURA

- 2 peaches
  - 2 pears
  - 2 bananas
  - 4 apricots
  - 2 nectarines
  - 3 4-oz. bars of crunchy chocolate
  - 1/2 cup heavy cream
  - 2 tablespoons shortening
  - 1/4 cup orange liqueur
- Have peaches, apricots and nectarines; remove pits and slice. Peel pears, halve, core and slice. Peel bananas and slice. Arrange on a flat tray and chill until icy cold.  
 If using electric unit, set auto- matic temperature control to 180 degrees. Melt shortening and chocolate bars, stirring con- stantly. Stir in cream and liqueur. Skewer fruit on bam- boo sticks or fondue forks and dip into mixture. Makes 8 serv- ings.

# Vocational Courses Offered

The schedule of Vocational courses to begin the week of Sept. 14 has been released by Seminole Junior College. Dr. Joseph B. White, Jr., Dean of Instruction, stated that "persons interested in vocational courses should pre-register during the week of Aug. 24. Day and evening registration sessions have been scheduled for the convenience of students." Registration in- formation is available in the Office of Vocational-Technical Edu- cation, Room V-102.

- Courses being offered are: Air Conditioning and Refrigeration; Mechanics; Automotive Mechan- ics; Brick and Blocklaying; Electronics Technology; a and Radio and T.V. Repair; 13 week courses — Basic Clothing Con- struction; 3 week courses — Basic Electronics Assembly.
- For schedules and admission counseling call the Director of Extended Services, Seminole Junior College, 323-1400, ext. 28.

## U. S. Federal Aid Pays For Many Ocean Trips

By JAMES R. POLK  
 WASHINGTON (AP) — The government is paying as much as \$46 per passenger in federal aid to finance luxury cruises aboard ocean liners to such exotic ports as Hong Kong, Tahiti, Jamaica and Bora Bora.

The payments are part of a special subsidy to American passenger ships that has cost the government an estimated \$340 million over the past five years. The aid was begun for national defense reasons before World War II. But now, government records show the only passenger liners benefiting from the payments are 18 cruise ships sailing the South Pacific and the Caribbean.

Cruise ships don't even need to go to a foreign port to get the government support. The U.S. President Wilson plans a three-day New Year's Eve "party cruise" off San Francisco this year, and a company official says it will qualify for aid. The ship sailed to Mexico last New Year's Eve.

Shipping officials say that without this federal aid to pay their higher wage costs, they would be priced out of business and the privately owned American fleet would be certain to vanish from the seas.

The aid law makes keeping American ships sailing on overseas shipping routes a goal along with the national defense reasons.

The defense purpose of the payments department officials agree in an era when a single jump jet can carry twice as many troops across the Atlantic in the same week it would take all cruise ships out of New York to cross the ocean.

"I don't know if it's necessary for national defense," concedes a Maritime Administration official. "But it keeps our flag at sea."

The government aid goes to both cargo vessels and the passenger ships. Because they have much larger crews, the passenger liners require much more aid per ship.

About \$150 million a year is spent in federal aid for around 250 cargo ships sailing for American firms. Although far outnumbered by cargo ships, passenger liners' aid has amounted to nearly one-third the cargo cost.

The six passenger vessels sailing to the Caribbean and South America for Presidential-Grace Lines out of New York got \$11 million in aid last year.

WALKING BRIDGE and tree undermined by heavy rains, bridge spans across ditch at the Joe B. McCawley residence on Wekiva River. McCawley reports that after most heavy rains the Wekiva River Road washes out around the culvert that runs under the road and in the process has at least three times undermined his home. The last heavy rains caused damage to his walking bridge. He states he has offered the County 10 feet of his land so they can maintain the deep ditch to stop this undermining to his property. (Liza Baker Photo)

## Congress Receives Problems

By STAN BENJAMIN  
 Associated Press Writer  
 WASHINGTON (AP) — President Nixon today sent Congress a report urging the development of a national land use policy.

The report, prepared by the Council on Environmental Quality, may well be a preview of things to come, although the date for legislative action this year.

It recommends federal encouragement of planned and controlled land development, protecting areas of scenic and recreational value.

Economic incentives emerge throughout the wide-ranging report as one of the major tools to be used by the federal government in attacking environmental problems.

The costs of cleaning up environmental pollution, it emphasizes, must be allocated throughout society in the prices charged for products and services.

The report warns that man's activities are already altering the world's climate in ways that could bring on a catastrophe. So little is known about this, however, that the Council was undecided whether it might emerge as a man-made ice age or—just the opposite effect—melting of the polar ice caps and flooding of large land areas.

In sending the report to the first of its kind—to Capitol Hill, Nixon reminded Congress of the major environmental proposals he has already submitted, which still await Congressional action.

But the Council, only half a year old and in practical operation scarcely four months, also offered some new proposals, giving special attention to the problems of land use.

It said the federal government should: —Use existing project approval authority to encourage cluster zoning and timed development.

—Direct federal sewer and water grants and open space acquisition toward communities or project areas which will use them to control development rather than to those which

## Opry Stage Moved To New Location

By NANCY SHIPLEY  
 Associated Press Writer  
 NASHVILLE, Tenn. (AP) — When Opryland U.S.A. opens, hopefully in the spring of 1972, Grand Ole Opry stars will step onto the same stage they have used throughout the years at Ryman Auditorium.

"I don't know if it's necessary for national defense," concedes a Maritime Administration official. "But it keeps our flag at sea."

"I don't know if it's necessary for national defense," concedes a Maritime Administration official. "But it keeps our flag at sea."

# THE SANFORD HERALD AS I KNEW IT: 1912-1935

By Peter Schaal  
 NOW ON PUBLIC SALE!

A fascinating 145-page history of Sanford during its most exciting era!

Read about the trials and tribulations of a small town during the booms and depressions of yesteryear. See how over 700 persons (many still residing in Sanford) contributed in their unusual ways to the writing of Sanford's history. The author spent many months gleaning facts from headlines and stories from the Sanford Herald as well as his own memories of Sanford: 1912-1935.

Read what readers say about it!

MRS. LEONARD McLUIG: "It is most charming."  
 MRS. F. E. ROUMILLAT SR.: "Your book is fabulous . . . Congratulations on the gigantic undertaking."  
 MR. AND MRS. RAYMOND KEY: "Congratulations . . . upon this great time-consuming but wonderful history of Sanford! What a delightful time we had reading it!"

The Author — Peter Schaal  
 Former Editor — The Sanford Herald

The Sanford Herald Thursday, August 13, 1970 — Sanford, Florida 32771 62nd Year, No. 252 Price 10 Cents

Faircloth Finds Site Impressive

Attorney-General Earl Faircloth, after viewing Sanford Airport Building 310 yesterday afternoon, said the structure was impressive and indicated it put Sanford ahead of other state areas in the location of a state police training academy.

Faircloth, a Democratic candidate for governor, spent most of Wednesday in the Sanford-Seminole area before leaving for Daytona Beach and a continuation of his political trek through Central Florida.

The attorney-general was invited to Sanford by city-county officials, who are attempting to get State Cabinet approval of a former Navy barracks building which could be leased with all needed facilities for \$20,000 a year for use as a police training academy.

Faircloth, as a cabinet member, is instrumental in the selection of the academy site and his nod is needed if the city is able to convince other cabinet members, who have also been invited here, that the airport building is best for state taxpayers and citizens.

William Reed, head of the Florida Bureau of Law Enforcement, has requested that the cabinet put the school under his control at Tallahassee, but this would cost many times the low lease price for the airport structure.

Faircloth, touring the area, visited The Herald and voiced his opinion regarding the operation of the governor's office by incumbent Republican Claude Kirk.

The attorney-general labeled Kirk as the biggest problem in the state today and said "it would be amazing if it was not so tragic." He added, "any Democrat would be better than him."

Faircloth said at least 20 per cent of the state's people don't like Kirk and compared this with figures which he had obtained which lists only six per cent dislike for President Richard Nixon and four per cent for Sen. Spessard Holland.

"The governor's had the opportunity to do a lot for the state, but hasn't," Faircloth continued.

THURSDAY Headlines Inside THE HERALD

- World News: Sharp fighting along a 25-mile front indicates the North Vietnamese may be starting an offensive against the coastal lowlands below the demilitarized zone. (Page 2A)
Around The Nation: Foes of President Nixon's Safeguard antiballistic missile system, claiming they have found the formula for victory in the ashes of two Senate defeats, will mount a final drive next week aimed at curbing expansion of the system. (Page 2A)
Sports World Thrillers: Mike Jones needs help. A special tournament this Saturday to raise money. (Page 8A) Curt Flood faces called strike one in his suit against baseball. (Page 9A)
Statewide Developments: Republican gubernatorial candidate Jack Eckler praises the actions of a Tampa federal judge who accepts a modified Hanes County school desegregation plan and bars Gov. Claude Kirk from intervening in the case. (Page 5A)
Weather: Yesterday's high 85 low 75 with 1.02 inch of rain. Partly cloudy through Friday with afternoon thundershowers likely. High around 90, low tonight in the 70s. Most of the nation lay under a warm, summertime haze today.
Daily Features: Area deaths, Entertainment, Bridge, Horoscope, Calendar, Hospital notes, Classified ads, Pass It On, Comics, Public notices, Crossword puzzle, Society, Dr. Crane, Sports, Dear Abby, TV, Editorial comment, Wall St. Chat.

Problem Tackled Tonight Where Will Budget Be Cut?

By BILL SCOTT Sanford City Commission will meet at 8 p.m. tonight for a second 1971 budget session, and again will find it hard to cut \$400,000 from the city operational document. City Manager W. E. Knowles presented the budget to the commission three weeks ago and a budget review session was held a week later in which an estimated \$20,000 to \$22,000 was tentatively sliced from operational costs, which are projected at \$2,181,970 while anticipated revenue was down to \$1,800,000.

Faced with a \$422,970 deficit, the commissioners quickly axed the figure to \$400,000, but where do we go from here? It would appear that whatever fat there was has thus been eliminated and other out-of-balance expenditures are for essential services such as more police to meet the rising crime rate that has increased steadily for some time. Because of the additional police needs involving drugs and...

KNOWLES ... Axing time

Modifications School Zoning Faced Tonight

Not on the agenda, but it is possible that the Seminole County School Board may discuss zoning and pairings of schools at tonight's 7 p. m. meeting. At a special Tuesday morning session, the educators voted to approve a board modification to the 1970-71 school desegregation approved plan to allow the high school facility for the Oviedo area and Lawson Elementary is now the 15 grades school. This in turn eliminated the black racial identification as required under the federal program. Since the administrative office has not yet received any notification of acceptance in change, it will be difficult for the board to authorize the mailing of student maps and some attendance areas to parents as has been requested many times in the past month. Thus, it may well be that some information relative to the need to advise parents of the schools their child has been assigned may be forthcoming at tonight's board session.

Land Parcels Appraised

Appraisal of land parcels which are being considered for acquisition as county parks has been authorized by the County Commission at a cost of \$2,000. County Planner, David Parr reported to the Board that the Planning and Zoning Board had met as requested, and determined that the locations were compatible with the county's comprehensive land use plan.

Defendant Appeals

Joseph Kenneth Dean, who is accused of rape in Orange and Seminole Counties, has requested a temporary restraining order against trying the cases in state courts. A hearing on the request will be held on Friday at 4 p.m. before Federal Judge George Young.

County Approves Expenditure

Commission Chairman John Alexander said that a former commissioner once suggested that each district commissioner decide the when and where of emergency maintenance, but that he did not concur. Laveland was requested to review the road program relative to more rapid inspection after rains.

Cammack To Speak

Mrs. Margaret Cammack, Geneva real estate broker who has been spearheading a battle to retain Decatur Air Field as an air base and industrial site, will be a speaker at tonight's meeting of the Seminole County Taxpayer's Association. The meeting will be held at the Pinesrest School auditorium at 8 p.m.

\$24 Million In Permits

Almost \$24 million worth of building permits have been issued in Seminole County in the past 10 months. "But I don't expect that we'll surpass the year's total of \$35 million we achieved last year," said Robert S. Brown, the Seminole County Zoning Director. The total as far as this fiscal year (Oct. 1, Sept. 30) is \$23,918,000.

LOOKING OVER THE FACILITIES

RAINDROPS falling on my head (note small puddles on car) might have been on the mind of Florida Attorney General Earl Faircloth as the State Cabinet member and Democratic gubernatorial candidate toured the former Navy barracks building yesterday at Sanford Airport.

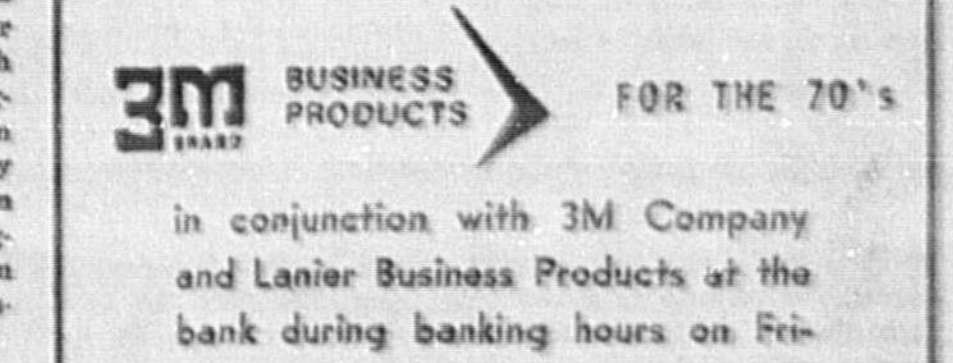

\$150 For Expense

County Commissioners have authorized an expenditure of \$150 from the county publicity account for a professional proposal to be prepared to the state cabinet upon the location of the State Police Academy at the Sanford Airport.
