## Drug bust **Deputies** confiscate even the kitchen sink

ALTAMONTE SPRINGS One Sanford man and three from Altamonte Springs were arrested Wednesday, charged with manufacturing crack cocaine.

According to Seminole County Sheriff's spokesman Lt. Jack Cash, agents of the City/County Investigative Bureau (CCIB) served a search warrant Wednesday at a house at 124 Jackson Street in an unincorporated area near Altamonte Springs. During the search, Cash said approximately 8 1/2 sunces of powder cocaine and 2 1/2 ounces of crack cocaine were seized in addition to two 9 mm handguns.

Agents believe that the location was being used to manufacture crack cocaine due to finding items used for that purpose in the residence. Cash said inside the kitchen officers located a cabinet containing numerous beakers. Although their intended purpose is scientific use such as chemistry, beakers have become a favorite tool for violature to use to

"cook" crack cocaine. Other implements for possible manufacturing were seized, including kitchen pots and pans, a microwave oven and a kitchen counter INC BELLED HEIMS reportedly contained cocaine residue and will be used as evidence to show that the house was a production site for crack cocaine. Persons arrested include Demetrolus Lomax, 24 of 1915 Third Drive, Sanford. Altamonte Springs residents were identified as Chad Wilson, 21, Larry Cuyler, 21 and Quentin Wilson, 20. Each has been charged with trafficking in a controlled substance, manufacturing controlled substances and possession of drug paraphernalia. Cash said due to the quantity of controlled substances present, the presence of the handguns, the fact that crack was being manufactured not just in possession, and the lengthy criminal histories of some of the defendants, the federal government has been asked to review the investigation to see if it would meet their criteria for prosecution. All four of the men were taken to the John E. Polk **Correctional Facility.**

Commissioner Van Der Weide pitted against Clerk of Courts Morse

### By RUSS WHITE Herald Staff Writer

SANFORD - Seminole County Commissioner Dick Van Der Weide and Clerk of the Court Maryanne Morse appear headed to court.

Judith Van Der Weide filed a law suit for her husband against Morse at the County Courthouse when it opened at 8 a.m. today.

Case No. 98-261-CA-16-K, to be heard by Circuit Judge Thomas G. Freeman, would pit a pair of elected county officials who have been feuding over Van Der Welde's

expenses on an economic development trip ney Michael Jones, he filed a lawsuit toto the Netherlands and London last August.

Morse, dissatisfied that Van Der Weide produced no meal receipts and that a fourday trip to London was unauthorized by county commission, has taken the \$1.081.00 out of his last two paychecks.

Van Der Weide had a zero paycheck on Jan. 29, and had \$218.70 taken out of his Feb. 5 paycheck.

He made a written protest to Deputy County Manager Cindy Coto on Tuesday calling Morse's actions improper and illegal. Represented by Winter Springs attorday.

The suit read in part that Richard Van Der Weide requests this Court:

a. To take subject matter jurisdiction of this action.

b. Find that the acts and conduct of the Clerk of the Court are without legal basis and are arbitrary and capricious.

c. Award damage to Van Der Welde for violation of his rights as this Court may deem appropriate.

SANFORD - The Big CAT may be traveling throughout Seminole County in a month or so. Sheriff Don Ealinger and Investigator Dwayne Johnson of the Auto Theft Unit would like the Board of County Commissioners to pass an ordinance to authorize a CAT decal program.

The Historical Society has informed the city that it is in full support of the clean up and maintenance proposal.

Sanford Museum Coordinator Alicia Clarke has suggested the city apply for a grant of \$5,000 to \$7,000 available by the Historic Preservation office in Taliahassee which would be available late this year.

Estimates for the total refurbishing project have been obtained from a landscape architect. Work would include defining the actual boundaries, removing approximately 100 dead and fallen trees, remove possibly 150 small trees, clearing out undestrable vegetative growth, removal of wire fencing, and debria, filling in soil of sunken grave sites and overseeding the site.

Several city departments would be involved in the project.

The proposal is scheduled for discussion Monday afternoon during the work session of the Sanford City Commission, scheduled to begin at 3:30 p.m. in the city manager's conference room at Sanford City Hall.

Sprint announced that it will give a free \$20 prepaid Sprint long distance calling card to every customer in Altamonte Springs/Winter Park who signs up for Sprint's automatic bank withdrawal program before April 3. This automatic bank draft program allows customers the convenience of having their phone charges withdrawn directly from their bank account each month.

Sprint's prepaid calling card give-away is designed to encourage customers to use the automatic bank draft program as a convenient alternative to paying their phone bill at the company's walk-in offices at 850 E. Altamonte Springs Drive and 151 N. New York Avenue in Winter Park. Those offices will close on April 3 as part of Sprint's plan to prepare the company to become more efficient and competitive. The Federal Telecommunications Act of 1996 opened the local telephone service industry to competition.

"The local telephone industry is in the middle of a revolution." said Michele Pinnau, Sprint Corporate Communications. "To be competitive we must find the most cost effective means to deliver what our customers deserve-exceptional customer service. Payment offices are costly to operate. By redirecting those resources to other areas of our business, we can significantly enhance our service to our customers.

Sprint is hiring 250 new customer service representatives at selected call centers, Pinnau said. The 13 employees affected by the payment office closings will be encouraged to seek these positions. Sprint will retrain these employees and relocation assistance may be available.

Pinnau Indicated that, In addition to the Sprint employees in the payment offices, there are more than 2,000

Sprint employees who live and /or work in the area. These employees, from service technicians to customer service and call center representatives, will continue to serve Orange and Seminole County's over 300,000 customers with the speed, courtesy and quallly our customers deserve." said Pinnau.

Customers who wish to sign

up for the automatic bank draft program and receive a free \$20 prepaid long distance calling card may do so at the payment office anytime before April 3. In addition to the bank draft program, customers may pay their bills by check, money order or credit card.

## The new head honchos

## Ron Rose recently took the helm as executive director of the Greater Sanford Chamber of Commerce, with Doug Sills elected as the new president. In the business world, Sills is presi-dent/chief executive officer of Columbia Medical Center-Sanford. Perhaps it's an omen of the times with the hope that a new director and a president who is a hospital man can bring a healthier life to the Chamber.

Not to say that the Chamber has been lagging during the previous administrations, but with the hiring of a new director and the installation of a new president, we think the Chamber will once again band together, work together, and expand its aims, goals, and therefore, its accomplishments.

On a number of occasions, committee meetings or special presentations have drawn only a handful of members. It certainly doesn't bring about interest among active members when they find others don't seem to care what's going on.

Decades ago, whenever a resident or newcomer wanted information, the standard ap-proach was "call the Chamber of Commerce." The same held true when people wanted to check on a business, find locations for possibly new businesses or learn more about the atmosphere in the downtown area.

The respectability of the Chamber of Commerce must be maintained. Can this be obtained because it has a new president, director or new board of directors? Partly, but not entirely. It will be the responsibility of the total membership of the chamber, and the people who rely on the chamber for assistance to make the Sanford chamber as important in the local community as it is in others across the nation.

Some people have the wrong impression . Why support the chamber, it never accomplishes anything," they may say. But there is a great difference between what it may seem to be and what it actually is.

The chamber is not a government body. It does not have the power to enact laws or issue orders to anyone in the community. It can't bring about any immediate changes or issue prohibitions or bans.

It can however, discuss issues, meet with experts, study situations, compile information and publish results or offer them to people who do have the property authority. The chamber can act as an advisory group. As newly elected President Silis says.

There's a lot going on, and from what we are seeing, the Sanford chamber will be a strong voice in the community once again."

We urge all members of the Greater Sanford Chamber of Commerce and its officers, the general public and local government leaders to work together in all undertakings.

Let's use this year of 1998 to see a better city and area, and when it's over, let's have reason

## Tucker put a face on death row

BOSTON-Death came to Huntsville, Texas, as a spectacle.

Somewhere in the gothic prison structure they call The Wall, the warden took off his glasses as a signal to let the execution begin and a lethal cocktail flowed into Karla Faye Tucker as she lay strapped to a gumey.

Outside, a crowd of a thousand greeted her death with gospel songs or football cheers, holding placards that read "Die Like a Man" or "Jesus was a Victim of the Death Penalty.

The European camera crews who had come to the execution capital of America, home to seven prisons and 11,800 inmates, beamed home the pat image of the wild West. They broadcast the image of a backward Lone Star state where America's highest crime rate is unabated by its highest execution rate.

The death of this woman was preceded by an unrivaled celebrity star-turn. She appeared on "The 700 Club" and every network show that knew a good guest when they saw a frecklefaced killer or heard a born-again ax-murderer. After her life was over, survivors rushed back from her death gurney to "Larry King Live." Few in the vast audience who came to know

Karla Faye Tucker's face and even the contents of her last supper--the banana, the peach, the tossed salad--had ever heard of Michael Lockhart, the man who beat her to state-inflicted death in December. Nor did they know that he had also worn a cross, toted a Bible, recited verses by memory.

But somewhere between the moment when the 23-year-old Tucker left a pickax in the chest of a victim and when the 38-year-old Tucker was declared dead at the hands of the

state of Texas, a remarkable thing happened. Karia Faye made allies of Pat Robertson and Bianca Jagger, of Pope John Paul and the ACLU.

For at least one moment, in one case, some religious conservatives and some civil libertarians ended up on the same side. Just as surely and just as unexpectedly as the victim's brother and husband ended up on opposite sides.

This was a time when closed minds reopened, however narrowly. A time when opinions cast in black and white--pro or con death penalty, tough or soft on crime-were suddenly shaded with Tucker gray.

A Christian Broadcasting Network reporter explained why her pro-death penalty view became pro-Tucker: "She didn't fit what we thought people on death row were like." An evangelical commentator supported this bornagain murderer as a "miraculoualy sweet-spirited little soldier in the war against criminal wickedness." The watchword shifted from vengeance to redemption, from justice to mercy.

Like many, I found myself uncomfortable with these sudden friends of mercy. I don't doubt for a minute that her whiteness, her femaleness, her photogenic Christian-ness made her the exception.

Those who "fit" the image of people on death row are, after all, disproportionally black and almost entirely male. As the Rev. Jim Wallis, the editor of the Christian magazine Sojoumers says, the test is "to apply that same compassion to a young black man who's had a conversion to lalam." Or for that matter to someone who's had no religious conversion.

As for being a woman, we have been told repeatedly that Tucker was the first woman executed in Texas since the Civil War. But as long as I have wrestled over the issue of capital punishment, it isn't the criminal's gender but the legal system's fallibility that has given me greatest pause.

In 1863, Tucker's female predecessor, an innkeeper named Chipita Rodriguez was hung for the murder of a customer found floating in the Arkansas River. In 1985, the Texas state legislature passed a bill clearing her name. Better to have passed a bill allowing life without parole than to need a post-mortem pardon.

But however uncomfortable I am with the idea that we need an attractive white female believer--media--friendly and married to a See Goodman, Page SA

SANFORD - Although Rejected Stone Full Mission Christian Non-Denomination Church only has about 82 members. Pastor Benjamin Adams Jr. has helped the group grow from only seven. With a previous name change and numerous choirs now under his direction. Adams has a vision for the future that exceeds all that has been accomplished in the past.

Adams told of how the church began meeting at its present location. "I have actually been a member of the church for 20 years," he said. "Ive been the minister for five years. In 20 years 1 have seen the church move from 11th Street. That was 12 years ago. We paid \$30 a month and were able to meet at that location for a Sunday and a half each month. The former minister, Pastor Fields, said we needed a place where the people can meet every Sunday. We moved to a location on Country club. We were only there a short time and we were told the Greenway was coming through there and we must move. Pastor Fields died some time later and many members wanted to disband. The Lord told he to take this small group and I would be blessed. It was very hard for me because I had been offered a position at another church that paid much more money and had a house included. I had to obey the Lord though so I stayed with them. It was a struggle because many times I preached to only three people. The most we had might have been 12

Continuing Adams cited that he went to a doctor's appointment for a problem with high blood pressure. At the time he was working as the pastor and laboring at other employment full-time. His doctor made suggestions about lowering his blood pressure and a discussion took place about Adams dilemma regarding a new church location. The physician mentioned a building that he had available for sale and that the church that was presently meeting there was only renting and was not interested in purchasing the site. The doctor suggested that Adams mention this to his congregation and remain in

prayer and follow-up with him at a later date.

The members were excited when I mentioned it to them," he said. I told them to pray about it. We finally decided and the down payment came and the docfor held the note. We've been able to make the payments every month since."

The church is located at 300 Mellonville Ave. Members meet for services on Sunday mornings for bible School at 9:45 a.m. and praise and worship at 11 a.m. Sunday evening services are scheduled on a special activity basis but not weekly. A prograin lasting several hours brings young and old together on Wednesday evening beginning at 7 p.m. for what Adams calls Soul Food Night."

As he said. We come together for about 30 minutes of prayer and praise. We then have a time of spiritual Bible study. We try to help the single mothers and single parents. Then we have a time of physical outreach. This includes a dinner prepared by Mother Fields. It's a time to socialize. Right now Mother Fields prepares the whole meal. She is a great cook but we feel bad that she has to do the whole thing We are trying to get the auxiliaries to take over like the Usher Board, the Choir or the Men and Women's group."

Even before the 7 p.m. service gets started Pastor Adams' wife. Tont, is busy lutoring those children in need of extra help with schoolwork. "She was Teacher of the Year at Woodlands Elementary," he shared. "She tries to tutor the children about one hours before the Soul Food Night gets started."

Adams spoke enthusiastically about the recent Winter Camp meeting. "We invited all denominations and the law enforcement to the meeting," he said. "There were black, white, Indian and Puerto RIcan people there. There were all nationalities present. That is important to us to bring together everyone because being a Christian is greater than any denomination can be. We say we are Christians so we need to start showing it more. God is trying to call all denominations together."

The youth ministry has a good youth department and choir according to Adams. They have a Praise Team, Youth Choir and Youth Usher Board.

Three choirs are also active within the congregation. A youth choir is called Children of Thunder, a women's choir is called Women of Thunder and a men's choir is called Men of Thunder. A contemporary choir also performs.

Future outreach is planned with utilizing the additional facilities that the church owns. 'We want to take our outreach to a higher level," he said. "We want to make our prison ministry larger. We want to feed the hungry. Our present outreach ministry, with Mother Fields, reaches widows, divorcees and others and meets weekly to talk about their struggles and problems.

The mission statement, according to Adams, is "the church where love is felt and we tell people that Jesus loves them and so do we. That's part of the reason that we changed the name of the church from Missionary Baptist to the name we have now. The Lord spoke to me and said he didn't want the church to be Missionary Baptist anymore. I took it to the folks in the church, we prayed about it for one week and we conducted a ballot vote. We wanted to be open to all with no denomination. We want to be more active in the community and helping others."

These services began in 1991. At the time, the Rev. Floyd Blake was the pastor of First Baptist. Rev. Blake and Rev. Merthie began discussing how to bring all Christians in the community closer in the kind of love God calls for in the Bible. Southern Baptist Churches emphasize race relations in the month of February and the leadership discussed ways to improve these contacts. Since this also coincides with a focus on Dr. Martin Luther King the churches felt February would be a great time to coordinate an event such as this.

First Baptist hosted services in 1991 and 1992 but in 1993 New Life acted as host. Since that time services have been alternated between the two. It has been the custom that the visiting pastor preaches the sermon.

The public is invited to this special service. For more information call First Baptist at 322-6041 or New Life Word Center at 324-0226.

## Feb. 6: Lake Howell at Seminole, boys basketball, 7:30 p.m.

At the start of the season anyone who thought about it would have named Oviedo, Lake Howell, maybe Lake Mary, as the favorite to win the Seminole Athletic Conference.

Seminole threw everyone a surprise and clinched at least a tie with its win over Oviedo Tuesday and its comeback over Lyman Wednesday.

Arrow Force VI hasn't just played well, they've come together as a team and are a threat to go to states despite a third seed in the Class 5A-5 tournament which begins at Seminole next week.

Every night a different person has stood out for Seminole. One night, it's Cornelius Blue, then Daryl Redding takes over, followed by Mequal "Magic" Bush.

Lately it's been Terri Patrick who had a career-high 25 points in a huge win over last scason's state finalist Oviedo.

Arrow Force VI jumped out to a 23-0 lead on Oviedo, then showed veteran poise in holding in for the win.

Lake Howell could be the toughest home challenge for Seminole yet. The 'Noles haven't lost a conference game at home all season, but Lake Howell is coming off a big win over Oviedo and didn't suffer a hangover as it knocked off Winter Springs Wednesday. Reggie Kohn had one of his biggest nights of the season in the Oviedo win and Ryan Smith against Daryl Redding for rebounding supremacy should be a battle.

## Feb. 9: Lake Howell at Lake Mary, girls soccer, 7:30 p.m.

This one is a rematch between the two

## Three wins and a tie Local soccer, wrestling teams have good evenings

## From Staff Reports

SANFORD \_ After dominating the first half only to be held to a 0-0 tie, C.C. Guillan finally scored for Seminole with two minutes left in the game to tie Mainland 1-1 in a Class 5A-District 5 girls' soccer game Thursday night.

We tried to win, but we are happy with the tie," said Seminole head coach Tony Arena. "Mainland has one of the top soccer programs in the state, so this was a big game for us."

in addition to Guillan, Evic Cepuran, Laura Sasso and Courtney Newman also has excep-tional games for the Fighting Seminoles.

Last night's tie came on the heals of an imressive 5-0 victory for the Tribe over Pine Ridge in another district contest on Wednesday. Cepuran led the way with two goals and an assist, while Newman, Abbie Kennedy and Paula Guillan added one goal each. C.C. Guillan contributed two assists and Sasso had one.

Seminole is now 11-8-2 on the season and will play at Deltona in a 5A-5 game starting at 7 p.m. on Tuesday and host 5A-5 foe Spruce

Creek on Wednesday at 7:30 p.m. PATRIOTS EDGE SANDCRABS

ALTAMONTE SPRINGS \_ Kevin Friedman, James Russ and Alan Tucker scored one unassisted goal cach as Lake Brantley edged Seabreeze, 3-2, in a boys' soccer game.

The two teams battled to a 2-2 tie at halftime, before the Patriots pulled the victory. Phil Kopman saved to shots in goal to preserve the win. Lake Brantley won the JV game 7-0.

The Patriots improved to 9-6 and will be at Lake Mary for a 7:30 p.m. match on Tuesday.

The Bears are now 6-4 on the season and will take part in the Seminole Athletic Conference Tournament at Oviedo starting at 10 a.m. on Saturday.

OVIEDO \_ From South Dakota to Chicago to Oviedo to college is quite a trip in one year, but for two Oviedo High baseball players, that's the journey they will take as their seniors sessons come to an end.

Scott Ferrell and Jeremy Frost. each members of the Sanford Post 53 Legion baseball team that captured the national championship in South Dakota last summer, two of seven Oviedo athletes that signed. Frost signed to play at the University of Central Florida, Ferrell signed with Polk Community College, pitcher Paul Werner aigned with Concordia College, pitcher Ben Knapp signed to play at the University of Florida. Non-baseball players included

ORLANDO \_ Penny Har-daway for the NBA Sixth Man Award?

Why not?

Hardaway may be starting in the NBA All-Star Game this weekend but, since his return from a knee injury four games ago, he has come off the bench and is starting to get back to they game that the Magic has come to appreciate. He had his best game since his return as the Magic won its second straight and third in the past four, 93-83 over a beaten up Washington Wizards team.

hadn't lost a conference or district game all season but was dismantled by top-ranked Lake Mary.

Now, the teams meet again in a make-up game and both sides have a lot to prove.

For Lake Howell, it's a statement game. The Lady Hawks were riding high before Lake Mary and featured one of the best player sin the state, sophomore Nandi Pryce. They start four freshmen, but there are on the Olympic Development team and can play with anyone.

Until they met Lake Mary.

The Lady Rams have Ally Benitez, tied with Pryce and Seminole's C.C. Guillen for the scoring lead in Seminole County, freshman Ashley Kellgren who has been on fire lately, and goaltender Jordan Kellgren who recently signed to play at the University of Florida next season.

Pryce versus Benitez for the county goal championship should be interesting.

## Feb. 11-17: Class 6A-District 3 playoffs at Lake Mary High School, TBA.

Is District 3, dominated by Seminole County, the top basketball district in the state?

That may be answered this week as Lake Howell, Lyman, Lake Brantley, Lake Mary, Oviedo and Deland from Volusia County get together to see which two teams head for the states.

There's a lot of talent to choose from. Top to bottom, Oviedo is the deepest, Lake Howell is the most talented, Lake Brantley is the dangerous sleeper, and Lake Mary can beat any of them with a healthy Paul Betk.

Plus, the Rams have home court advantage and a team that can battle Lake Howell across the front.

Oviedo's Seth Fowler and Scott Moore, Smith and Kohn from Lake Howell, Ben Kersenbrock of Lake Mary, Drew Morgan of Lake Brantley and Lance Vaz of Lyman are just some of the Seminole County stars who will be looking to take a trip to Lakeland with a first of second in the districts.

Lake Brantley will go against Lyman at 6 p.m. and Lake Mary will take on Deland at 7:30 p.m. in the opening round Wednesday.

Kenny Kayne who chose Jacksonville University where the Dolphins will play their inaugural football season next year, and soccer player Karyn Hall who is headed for Gainesville at the University of Florida.

The baseball team hasn't even taken the field so far, but it's unusual to have four players already committed to colleges. They attributed their early signing to Oviedo coach Kenne Brown.

"He's the best coach as far as getting us recruited," Frost said of the fourth-year coach of the Lions. Most of the colleges wait but coach has them out there every day watching us."

"If it wasn't for him," Ferrell added, "I wouldn't be going to Polk."

Ferrell and Frost were part of that team that won the national titie. Post 53 trailed 8-2 heading into the late innings but some cheap hits and a Chris Louwama

Concordia may be a long way from Oviedo, but Werner is a native New Yorker who said he enjoyed his meetings with the coach and the chance to be near family members.

He can't bring it at 95 miles per hour, but Werner is a control pitcher with a nasty breaking ball.

Knapp was a big story last fall when he announced he would forego basketball for baseball. He was a key member of the Lions' team that went to the state finals last season, but he chose baseball year-round.

"I like to play basketball but it got kind of boring." Knapp said. "It was fun last year but I played so much that I missed too much baseball and that's what I wanted to concentrate on."

As for the other sports, Kayne is looking forward to being a key player at Jacksonville which started which will play Division I-AA football next season for the first time. Kayne was a key member of the Lions; defensive backNick Anderson had per-haps his best game of the year, leading the Magic with 128 points. Bo Outlaw added 15, Mark Price had 16, and Hardaway had 13, including a three-for-three night from

three-point range. I like coming off the bench," Hardaway said. "I'm beginning to like my role and we're winning this way."

Hardaway will start in the All-Star game Sunday but said he only expects to play limited minutes. His knee still isn't 100 percent but it's

getting better each day. "It feels pretty good," Har-daway said after the game. Tonight brought back some nice memories of knocking shots down. Hopefully, this will give me momentum going into next season."

For the Magic, it wouldn't be too bad if Anderson gets some of that momentum as well. He's playing his best basketball of the season and had a season-high in rebounds (12) and assists (7) last night.

"He's starting to become.

the real Nick Anderson," Magic coach Chuck Daly said. "He's no longer playing like a shadow of his former self."

The Magic was helped by some injuries to the Wizards. Chris Webber didn't make the trip, suffering from a strained right aboulder and Juwan Howard went down with a sprained ankle five minutes

into the game last night. That gave the Magic the chance to work the ball inside and Orlando was never really threatened after leading by one at the end of the first quarter.

Orlando is playing some of its best basketball of the year but still sits buried in 11th place overall in the Eastern Conference, 3 games behind New York for the eighth playoff spot and the right to get trounced by Indiana or Chi-cago in the first round. Milwaukee and Washington also stand between the Magic and New York, but Darrell Armstrong said it isn't over yet.

"Everybody's counting us out of it," Armstrong said. "We just know we have to win every night."

The Rost of the Story: Horace Grant scored seve points last night and his first put him over the 10,000 point mark for his NBA career...For the second straight game, Ger-ald Wilkins didn't play. B. R. HOLDINGS, INC. OR IN INTEREST TO WESTERN OPERATIONS CORP AND WESTERN OPERATIONS CORPORATION.

## How to deal with post holiday debts

Now that the holiday giftgiving season is over, millions of Americans are faced with paying the bills for presents and other seasonal expenses. For many, overzealous holiday spending may have pushed them into serious and troublesome financial situations, or aggravated existing indebtedness.

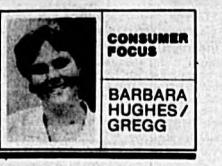

densite and a second state of the

Early sign of dangerous personal financial trends include:

- Not paying bills on . time, or juggling which to pay.
- Paying only the minimum on large credit card bills.
- Frequent overdrafts on checking accounts. Spending all income
- with no money going to savings. Being denied credit because of

a bad credit report.

If one or more of the warning signs applies, consumers might consider the following

guidelines for getting back on track:

- Determine exactly where the money is going. Draw up a budget and stick with It.
- When having problems making payments, contact creditors immediately about alternative, more manageable payment plans. Do not wait until the matter

has been turned over to a collection agency, which might not be willing to negotiate.

Check out companies offering debt consolidation loans carefully. Exorbitant fees, high interest rates and inflated promises can aggravate debt and credit problems rather than case them.

Beware of firms or individuals who offer to "clear up" negative data reported to credit bureaus. If the negative information is accurate, credit bureaus may report it for at least seven years. Bankruptcles may be reported for 10 years. Avoid using credit cards. Pay off balances each month. If debt has accumulated pay more than the minimum due each month, if possible.

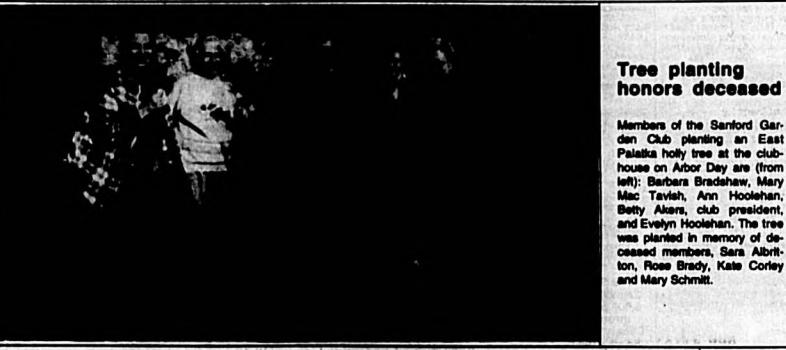

Consumers who fall behind in paying creditors may be contacted by debt collectors. The Federal Fair Debt Collection Practices Act prohibits debt

collectors from using harassing, oppressive or abusive tactics when attempting to collect owed money. They cannot use false statement or engage in unfair practices in the performance of their work. Consumers who believe they are victims of unfair debt collection practices should contact the Florida Department of Agriculture and Consumer Serv-ices at 1-800-HELPFLA (1-800-435-7352) to file a complaint.

A POPULA

Those who feel they need more help in solving their debt and credit problems might consider contacting the nearest office of the Consumer Credit Counseling Service (CCCS). CCCSs are local, non-profit organizations, providing education and counseling on personal budgeting and the wise use of credit. Services are free or for a reasonable fee. The nearest CCCS Office in Seminole County is 339-6111. In Orlando It is 423-

or suicidal people on the phone. Unfortunately, this doctor told you the truth. The best way to handle these people (and there are many) is to tell them to call the suicide hotline and make a follow-up appointment with their doctor.

Managed care, which is what the majority of doctors work under, means a lot of managing and very little care. In fact, we doctors aren't even doctors anymore; we are providers." I have worked as a "provider" for 10 years in four dif-ferent jobs and locations. All of them were crummy. At my current job, I see a patient every 15 minutes with a "double-book" occasionally thrown in.

Most providers routinely eat a 10-minute lunch and avoid consuming much liquid so they won't have to take too many two-minute potty breaks. I don't even dare ask patients how they are anymore, for fear they will really tell me. Under managed care, I'm given no time to

listen to their answer, anyway. I doubt you heard from many doctors on this issue because most are too busy trying to keep their miserable lives afloat. I pity those carrying big mortgages and sup-porting kids in college, because they probably can't afford to leave these "factory jobs" behind. I, myself, plan to eventually change careers. DEAR DOCTOR: I am sware that with the arrival of man-

His assistants were tremendous. They told me to come in right then! My doctor saw me immediately, listened with compas-sion, assured me that we'd get through this, and thanked me for calling him. He phoned a therapist in a mearby building and set up immediate therapy for me. He asked if I could walk over there asked if I could walk over there alone, or if I wanted his nurse to take me. ## Cancer therapy is never easy

## By Peter H. Gott, M.D.

DEAR DR. GOTT: My 47-year-old daughter, who is intelligent and admired by her friends and colleagues, recently had her fourth cycle of chemotherapy for breast cancer. The treatment damaged her mind and body. She's lost 50 pounds and requires feeding through a gastric tube. Surely there must be someone who can come to her rescue.

**DEAR READER:** One of the most difficult challenges for any family is to deal realistically with the probability of death for one of its members.

Breast cancer is a serious condition. Although some patients with it respond to hormone treatment and/or chemotherapy, a few seem to have an inexorably malignant process that progresses irrespective of therapy. Moreover, the treatment for breast cancer (surgery, radiation or drugs) often causes its victims to be sicker than they would be from the cancer

I urge you to be patient. Once the acute effects of chemotherapy have abated, your daughter may feel much

Nonetheless, you must consider the possibility that her cancer will not be controlled with treatment. Rather than searching for a magical cure or assuming that SOMEONE SOME-WHERE can help her, you need to focus on the moment. While the chemotherapy is working, be patient and supportive; she needs to know that you are there. If the therapy is ineffective, other steps should be considered. But of paramount importance is your recognition that fighting breast cancer is an uphill battle. There are no guarantees for success, and at some point, you and your fami-ly may have to accept the inevitable: All that can be done has been done.

Until that time, you and your daugh-ter can fight tooth and nail to overcome her disease. But question the doctors repeatedly and try to learn when to say, "Enough." When that decision arrives, you can then let her go with dignity and compassion.

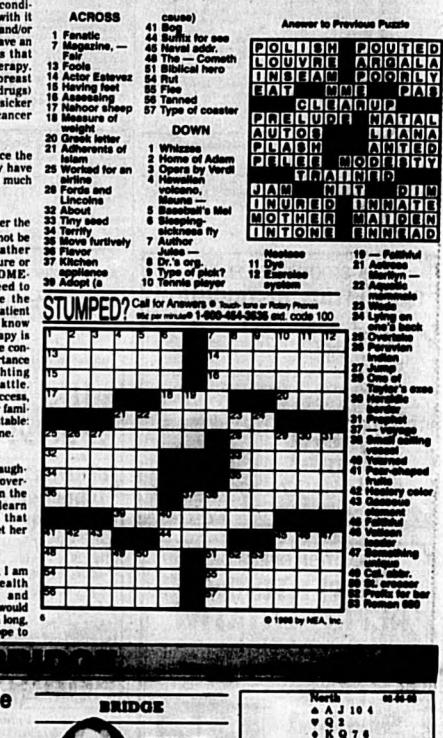

To give you more information, I am sending you a copy of my Health Report "Breast Cancer and Disorders." Other readers who would like a copy should send \$2 plus a long. self-addressed, stamped envelope to

P.O. Box 2017, Murray Hill Station, New York, NY 10156. Be sure to men-

tion the title.

DEAR DR. GOTT: Is it harmful to eat the blue stuff on cheese?

DEAR READER: The white or blue discolorations on cheese are simply yeasts and, as such, are harmless when eaten. In general, the "riper" the cheese, the more yeast it contains. For example, recall the color and tex-ture of blue cheese and Limburger.

Many people (myself included) pre-fer to remove the fungus coating on cheese that has been sitting in the refrigerator, but many folks don't. I had a great-grandfather who liked to wait until the cheese could practically walk across the plate before he would eat it. He lived a long time.

O 1998 NEWSPAPER ENTERPRISE ASSN.

. . . niner concluded that it was silly to double an opposing slam contract just because you thought it would fail. If it did go down, you already had a great result. And unless the opponents were unreliable, one down was probably the best

So, Lightner recommended do to ask for an unusual lead. The trus suit and any suit bid by the defenders are out. Often, the doubler has a sidesuit void, which he hopes partner will find. If partner is in doubt, dummy's

first-bid suit is usually the choice. However, Ely Culbertson, the major-domo of bridge in those days, rejected. it. Why? Because the first time it occurred when they were partners, Lightner doubled when on lead himself! To make matters worse, the opponents redoubled. Eventually, though, its efficacy became apparent - as in

North's jump to five spades asked South to bid six unless he had two

heart losers. And when South did raise, East made a Lightner double. Unaided, surely West would have led the heart jack. Declarer would careful-ly cover with dummy's queen and get home. Yet after the double, it wasn't hard for West to select a diamond, his ionsest will. East rulled and cashed longest suit. East ruffed and cashed longest suit. East ruffed and cashed the heart ace to defeat the siam. One warning: It helps to feel confi-dent that you can beat any other siam the opponents might run to, after they have been tipped off that their present choice is in jeopardy. If you think they can make, say, six no-trump, it might be expedient to pass and hope partner is enjoying one of his more inspired
