## City Commission

(Continued From Page One)  
 property was bought in a C-2 district for his garage and body shop for which he had purchased a substantial amount of tools and equipment for the venture.

The Board of Commissioners also heard a report from the State Road Department concerning the survey of French Ave. and intersections with First St., Third, Ninth, Thirteenth, Twentieth and 25th Streets.

The report stated that only two of the intersections, from the survey, warrant traffic signal installations. The intersection of French Ave. and First St. However, the State Road Department, in its report from M. A. Connor, Engineer of the Traffic and Planning Division, requested that a three-face traffic light (red, amber and green) be placed at the 13th St. intersection. He tied in with the railroad flashing signal so that when the flashers signal is on, the traffic signal will automatically indicate red toward approaching traffic in all directions.

The Sanford City Commissioners, however, will request that a manually operated (by adults only) light be installed at the intersection of French Ave. and Third St. for use during the morning pre-school period, at the school dismissal period and at the school close period.

## Records Produced To Answer Charges Made By Candidate

The Board of Sanford City Commissioners, last night, revealed from the minutes of the commission meetings that Robert M. Angus and Associates, were employed by the City of Sanford Feb. 4, 1952.

The motion for the employment of the engineering firm was made by City Commissioner Randall Chase, seconded by Commissioner John Kader with affirmative votes by Chase, Kader, and William H. Stemper who was then Mayor.

Negative votes were cast by Commissioners John Ivey and Andrew Cartaway.

According to the records of the City, Commissioner John Kader took office Jan. 8, 1954, nearly two years after the firm of engineers was employed.

The records were produced to answer charges by a candidate for the Board of County Commissioners that Kader was on the Board of Commissioners when the firm was employed to complete plans for the Sanford sewage system.

Kader, according to the City Commissioner made a motion, during the height of the sewer program, to fire the firm of engineers. However, the motion died because there was no second to the move.

It is estimated that Central America will double its population in the next 30 years.

## Mrs. T. Gallagher Is Welcome Wagon Hostess In Area

Mrs. Thomas J. Gallagher of Jacksonville, where she completed a course of training preparing her for the position of Welcome Wagon Hostess, she now holds in this community.

Mrs. Gallagher resides at Rt. 1, Box 190 and is one of Welcome Wagon's more than 5,000 hostesses who are making approximately a million calls annually on families in the United States, including Hawaii and in the Provinces of Canada, embracing more than 1500 cities.

These calls on behalf of Welcome Wagon's more than 50,000 sponsors are made on such important, family occasions as the birth of a baby, sixteenth birthdays, engagement announcements; also when families move locally in a community and when they arrive in a community as new residents. Calls are also made on special occasions such as golden wedding anniversaries and other special family events.

Thomas W. Briggs, formerly of Memphis, Tenn., is founder and president of Welcome Wagon, which is "in the business of building friendships". Welcome Wagon's basic policy includes cooperation with people of all faiths, with worthwhile civic and welfare groups; also participation in these activities which keep communities good places in which to live. It is significant that a Welcome Wagon has been cited for its volunteer service and achievement in community and nation by such organizations as the American National Red Cross, National Foundation for Infantile Paralysis, American Heart Association, American Heritage Foundation, United States Treasury Department and many other such groups.

Welcome Wagon service is one not only of public relations but, more important, it meets a present-day need in the field of human relations.

Mrs. Gallagher, on behalf of her sponsors here in Sanford, will bring Church and Civic information to the families on whom she calls. With her basket of gifts, Mrs. Gallagher will extend to those sponsors to the people of this community the old-fashioned hospitality for which Welcome Wagon is so well known.

Mrs. Gallagher knows this community. She is interested in its welfare and in its progress, including the well-being of its citizens.

## U OF F DEAN NAMED "MAN OF YEAR"

**GAINESVILLE, Fla.**—The University of Florida "Alligator" student newspaper, today said Dean Joseph Wolf, 50, of the College of Engineering was named "man of the year" for 1956.

Editor Al Quental said the dean was selected for "his leadership and direction of the college of engineering under which it has grown in reputation and excellence and now rates as one of the outstanding engineering schools in the nation."

## A GOOD SIGN—The Sanford Naval Auxiliary Air Station sets another safety precedent with the installation of "Yield Right of Way" signs at intersections where it is not considered necessary to come to a complete stop in every instance.

The new placards replace the old standard Stop signs. Preparing to "mount" the new signs are Dan G. Spivey (second from left) and T. J. Michels, both civilian employees under the U.S. Navy. Civilian safety engineer W. E. Giles (left) and M. R. Nilton, EMC, USN security chief, look on.

## Charity Drive Report Given

Captain Robert W. Jackson, Commanding Officer at the Sanford Naval Auxiliary Air Station, revealed yesterday that a total of \$8,246.55 has been raised in the current Charity Drive being conducted station-wide at the local Navy Base.

The quota set for the drive was \$10,000. However, Captain Jackson said that the drive is just about over but additional funds are yet to come in that may bring the fund up to the goal set during March.

Captain Jackson said that "one particular item of interest is the fact that the civilian personnel overmet their goal by about \$250."

The Charity Drive, conducted annually at the Sanford Naval Auxiliary Air Station, will replace the many drives that are usually held for various charitable causes.

## THIS STRIKING night photo shows the Empire State Building which now boasts the world's brightest light in the tower 1,022 feet above the sidewalks of New York City.

The Empire State Building beacon is stretching a finger of light against the sky. The light is rated at two billion candlepower. The new beacons, installed at a cost of \$250,000, are supposed to be seen for 80 miles.

## Travel Is A Problem When Baby's Along

**By MERIAM M. BUNDISEN, M.B.**

It won't be long before the vacation season is here. For you new parents, especially, a vacation away from home will be a welcome relief from everyday monotony.

But traveling with babies presents certain problems, as many of you who have tried it will know. So it might be a good idea to begin a few preparations now or at least a week or so before you leave.

**Baby Food**  
 Probably the most important thing to consider when traveling is food for your youngster. Commercial baby food makes things a lot easier for you than they were for your parents.

But frequent milk is a problem. There probably will be times when you aren't sure of the freshness of the milk available. To prevent any illnesses, it might be a good idea to take along some evaporated or dried milk.

It's a fairly simple matter to carry sterile nipples, bottles and caps along with special nursery or baby water in your car. Then you can mix the milk as it's needed.

It might be advisable to give your lot an evaporated or dried milk mixture for a week or two before your departure so he will become used to it.

It's also a good plan to get your youngster accustomed to sleeping under different conditions long before you take him away from home and the comfort of his regular bed.

Most of the time, of course, he should sleep in his crib. But once in a while let him spend a night in his carriage or in some other safe, comfortable place. If you do, he'll be less apt to keep you awake the first few evenings you spend in some strange motel, hotel or cottage.

Disposable diapers, of course, are ideal for the traveling infant. And since he'll be wearing waterproof pants, you should change him frequently to help prevent diaper rash.

**QUESTION AND ANSWER**  
 P. F.: Is there any cure for dandruff and is it contagious?  
 Answer: Dandruff is not contagious. A new shampoo, known as selenium sulfide, is very effective in clearing up a number of cases of dandruff.

## Lawnscape Makes 1st Formal Florida Showing In Sanford

The first formal Florida showing of an amazing invention for lawn care was in Sanford when the Lawnscape was put on display.

The machine, power driven, re-seeds, fertilizes, kills weeds and crabgrass, controls grubs, mosquitoes and insects, mows, mulches, aerates and rolls.

The operator accomplishes all of the tasks in one operation and coverage of a lawn with the amazing new invention.

The machine will be available, in Sanford, through the Seminole Lawnscape Service headed by Mrs. Forrest Breckenridge.

The Lawnscape does everything as far as lawn maintenance is concerned.

The Seminole Lawnscape Service is a nationally promoted franchise service that offers care for lawns on a seasonal basis with the all-in-one lawn care tool.

Ten different lawn operations are accomplished with the one coverage by the Lawnscape which is transported from one site to another by means of a low trailer.

Awards were presented following the Lawnscape display at the Foodmart last weekend with the first award of five-thousand square feet of lawn care going to Lewis Dinkins, 2354 S. Palmetto Ave.; the second award of two-thousand square feet of lawn care to D. F. Davis, 106 Shannon Dr.; and the third award of one-thousand square feet of lawn care went to Elmer L. Dunn, Rt. 1, Box 120, West First St. Sav-ador coupon awards went to J. J. Judd, 1407 Park Ave. and H. T. Rollins, 1705 E. 4th St.

## Vote Buying Charged In Oviedo

W. A. ADAMS, NEWLY APPOINTED custodian of Seminole County's Voting Machines is shown with Mrs. Camilla Bruce, Seminole County Supervisor of Registration and Samuel E. Shoup of the Shoup Voting Machine Company, as the first machine is set up for voting in the May 8 Primary. (Staff Photo)

### 23 Shoup Voting Machines Arrive

Twenty-three Shoup Voting Machines have arrived in Sanford to be used in the forthcoming elections. Samuel E. Shoup was in Sanford yesterday preparing the machines for use and inserting the strips denoting the candidates and the levers to be used for each. W. A. Adams, custodian of the machines, appointed by the Board of Seminole County Commissioners, is in charge of setting the machines in order for the coming elections. Mrs. Camilla Bruce, Seminole County Supervisor of Registration, assisted in assigning the machines to the precincts in which they will be used. Fifteen of the machines will be used in the three Sanford precincts, she said. Four of them going to Precinct One; five to Precinct Three; and six to Precinct 15. Two machines will be assigned to Precincts five, nine, 11 and 14, Mrs. Bruce said. A training school for all of the clerks and inspectors assigned to the 16 Seminole County precincts. Charles Ripple, a representative of the Shoup Voting Machine Company, will be the instructor at the school. Samuel E. Shoup, whose father was the inventor of the machine and founder of the Shoup Voting Machine Company, and whose brother is the co-inventor, pointed out the simplicity of the operation of each machine. He said, "There is no reason for anyone to stay away from the polls in this election because of how to operate them. There will be someone on hand to show them." He also pointed to the fact that the machines are fool-proof as far as keeping a complete record, under any circumstances, of the vote even be operated by hand. "There is no case of power failure during the course of an election," Shoup demonstrated the use of a handle, attached to the machine at the time of power failure, for registering the votes cast by each person certified to use the machine. Every vote will be counted, Shoup said, and there will be no mutilated ballots. Every person votes when he enters the booth or the machine will not open, and no person can vote for more than one candidate for any one office. Shoup explained that levers beside each candidate's name are shown an "X" beside the name of the person chosen by the voter. "We would like to impress that one fact upon the voters," Shoup said. "A machine is on display on the bottom floor of the Court House," Shoup pointed out, "and there is always someone who will be happy to show you how to use those not acquainted with the machine to see it and actually use it. "Once a person sees and uses this machine," Shoup said, "they will not want to vote any other way." "Another important factor in this," Shoup pointed out, "the totals are available in three minutes."

### Presbyterian Group Enjoys Rev. Edris' Talk, Ladies' Night

Nearly 100 men and women thoroughly enjoyed the first ladies' night of the year in the educational building of the First Presbyterian Church last night. A fine fried chicken supper with all the fixings, prepared by several members of the Men's Club under whose sponsorship the meeting was held, was followed by a discourse on "Darn Fool Poetry" by the Rev. Paul Edris, pastor of the Presbyterian Church of Daytona Beach who told his audience that many classics might be classified as "foolish". To prove his point, Mr. Edris recited poem after poem, limerick after limerick and concluded with Kipling's "Recessional", the one serious offering from his apparently vast repertoire. The Rev. A. G. McInnis, pastor of the local church, offered the invocation, introduced several 4-time visitors and pronounced the benediction. George A. Long, long time friend of the church, introduced the speaker. C. L. Redding, president of the Men's Club of the Church, presided while Charlie Morrison and Arthur Greer led the group in the singing of some hymns.

### VFW Is Sponsoring Countywide Marble Tournament Again

The Veterans of Foreign Wars is sponsoring a countywide marble tournament again this year. The tournament has become an annual affair and is creating competition among the young marble players of the various Seminole County Schools. So far, winners at two schools have been announced. Winners at the Lake Monroe school are: Harry Sparks, champion with Glen Spivey the runner-up. "At Wilson School in Paola, the champion is Harry Johns who came up from third place last year and Robert Fairweather the runner-up."

### Stensstrom Comes Back At Opponent On Charge At Rally

Senator Douglas Stensstrom came back at candidate Paul Miller last night at the Oviedo Democratic rally when Miller charged, "the incumbent hasn't proposed any legislation to give Seminole and Brevard Counties a Senator of their own." Stensstrom told the more than 200 people gathered in the Oviedo High School auditorium "There are 33 senatorial districts in our State and each ten years the legislature is charged with the repositioning of the State as nearly as possible according to population. In order to give Seminole and Brevard Counties a separate Senator one Senator would have to be voted out by the Legislature," Senator Stensstrom said. "If the reapportionment problem is reached by the forthcoming legislative session, I believe the majority of the Senators favor the extra Senator coming to the 37th District." Stensstrom added to his comments "Since I have been your Senator, I have tried to cooperate with your Governor, whoever he may be. Regardless of who is elected Governor of our State," Stensstrom explained, "Douglas Stensstrom will work with him, for that is the only way we can get roads and other help for Seminole and Brevard Counties."

### Contestants Will Leave Tomorrow For Spelling Bee

Winners of the Seminole County Spelling Bee will leave tomorrow morning for Miami where they will compete in the Florida Spelling Bee in which 23 county winners will take part. The South Florida Spelling Bee will be held in Dade County Auditorium Friday evening at 8 o'clock. The Seminole County winners going to Miami are: Fred Richter of Pinecrest School, the champion speller and Stephen Powell of All Souls Parochial School the runner-up. Both students are eighth graders. Mothers of the two boys will accompany them on their trip to Miami. B. C. Steele, County Director of the Spelling Bee will also go to Miami with the two Seminole County winners. This is the ninth year in which Seminole County has participated in the spelling contest and 14th the first year that two boys came out as top winners. The party will travel by train, leaving Titusville tomorrow morning. Phyllis Picklesimer, Penny Pulver, Brenda Haney, Frank Roumillat, Frank Scott, Mac Selvidge, Lucita Thompson, Susan Tilley, Mary and Judy Van Winkle.

**Weather**  
Thursday partly cloudy and somewhat warmer; low tonight 58-64.

### Pilot Club President Installed

Mrs. Sue S. Stevenson was installed as president of the Sanford Pilot Club in appropriate ceremonies at the Yacht Club last night with Mrs. V. C. Messenger acting as installing officer. Formerly of Anderson, S. C., Mrs. Stevenson has been a member of the local club for the past eight years and served as first and second vice president and also as a director. Mrs. Stevenson owns and operates her own sandwich business in which she is assisted by her sister, Mrs. Roy Wilson with whom she makes her home at 808 French Ave. She is an active member of the First Baptist Church and the Elsie Knight Circle.

Other officers who will serve with Mrs. Stevenson include Mrs. D. K. McNab, first vice president; Mrs. Walter L. Carter, second vice president; Mrs. V. C. Messenger, recording secretary; Mrs. J. P. Hall, corresponding secretary; Mrs. Joel S. Field, treasurer; Mrs. H. A. Swanson, Mrs. Esther Ridge, Mrs. M. L. Raborn Sr., Mrs. George A. Stine, Mrs. Nancy Brock and Miss Elsie Farley, directors.

During the service Mrs. Swanson, retiring president, pinned the president's pin on Mrs. Stevenson and Mrs. Stevenson in turn pinned the past president's pin on Mrs. Swanson. The Code of Ethics was read by Mrs. M. L. Raborn. For the installation service a miniature wrought iron bridge, painted gold and mounted with green candles, the Pilot colors, was placed upon a green velvet covered table. As each officer's name was called she lighted one of the candles. Visitors at the meeting were Mrs. Jessie Winger, Mrs. Mary Hamlin, Mrs. Roy Wilson. Following the dinner an exchange of gifts was made by secret pairs whose names were revealed at this time. It was decided to have secret pairs during next year and new names were drawn. Mrs. Stevenson was elected as official delegate to the international convention which will be held in Miami in July. Mrs. Swanson will serve as alternate.

### Traveling Squad Will Sing On TV Tomorrow Evening

The Traveling Squad of the Sanford Grammar School (Miss Clark, under the direction of Miss Gene Nunnelly, and Miss Allison Lee as accompanist, will appear on the television show "Fashions in Music" on WDBO-TV. The show will be seen and heard tomorrow night at 7 o'clock. Children taking part in the television appearance of the Sanford Grammar School singers will be taken to Orlando tomorrow by a Seminole County School bus.

### Contestants Will Leave Tomorrow For Spelling Bee

Winners of the Seminole County Spelling Bee will leave tomorrow morning for Miami where they will compete in the Florida Spelling Bee in which 23 county winners will take part. The South Florida Spelling Bee will be held in Dade County Auditorium Friday evening at 8 o'clock. The Seminole County winners going to Miami are: Fred Richter of Pinecrest School, the champion speller and Stephen Powell of All Souls Parochial School the runner-up. Both students are eighth graders. Mothers of the two boys will accompany them on their trip to Miami. B. C. Steele, County Director of the Spelling Bee will also go to Miami with the two Seminole County winners. This is the ninth year in which Seminole County has participated in the spelling contest and 14th the first year that two boys came out as top winners. The party will travel by train, leaving Titusville tomorrow morning. Phyllis Picklesimer, Penny Pulver, Brenda Haney, Frank Roumillat, Frank Scott, Mac Selvidge, Lucita Thompson, Susan Tilley, Mary and Judy Van Winkle.

## Bennett Says Not Bonded To Any Party, Newspaper

### Sid Summerfield Will Conduct Tennis Clinic

The Tennis Clinic and Caravan, to be conducted by Sid Summerfield, internationally known tennis coach and former champion of the Eastern Lawn Tennis Club Committee, will be held in Sanford Friday afternoon and Saturday morning.

The Clinic and Caravan is being brought to Sanford to promote interest in tennis among the young people of Seminole County, said Bob Crumley, chairman of the Seminole County Junior Chamber of Commerce Tennis Tournament Committee, who is co-operating in the project.

The Clinic and Caravan is financed jointly by the City of Sanford's Recreation Department and the Florida State Bank. The City Recreation Department is under the direction this year of John Angel.

Young people from 10 to 18 years of age will take part in the clinic. At the junior sessions, rackets will be provided for those who do not have one. Those who are planning to take part in the clinic and Caravan are asked to bring their racket, tennis or basketball shoes or sneakers. Balls will be provided at all sessions.

The first session will be held Friday afternoon beginning at 4:30 and again on Saturday morning from 9:30 to 12 noon for young people 10 to 18 years of age. Special sessions for advanced players and adults will be held Saturday afternoon from 2:30 to 4:30 and Saturday from 7:30 to 9:00 p. m.

Registrations will be taken at 3:30 Friday afternoon. Frank Deame, Mayfair Inn Tennis Pro is contributing his time as a director for the Clinic and Caravan as well as the tournament which is to be held the following weekend. In case of rain, the clinic and Caravan will be held at the Seminole High School gymnasium.

### Social Security Representative Will Be Here In May

A representative of the Social Security Administration District Office in Orlando will be at the Chamber of Commerce Building in Sanford Friday, May 4, Friday, May 11 and Friday, May 18, between the hours of 9:30 a. m. and noon. This service is made available to those who wish to apply for Old-Age and Survivors Insurance benefits, social security account numbers, or obtain information about the Social Security program.

MR. AND MRS. "TENNIS" will be in Sanford this week and with their Tennis Caravan to conduct a Tennis Clinic at the Mayfair Inn Tennis Courts. Mr. and Mrs. Sid Summerfield are internationally known in the tennis world.

With only two rallies remaining to the schedule of the Seminole County Democratic Executive Committee's 11 political talk tests, issues remained buried amid the candidates' usual platform talks that have been used throughout the county.

Faced with opposition for the first time in 12 years, George Kelsey, a candidate for re-election as constable told the approximately 200 spectators in the Oviedo High School auditorium "I made you one promise — to make you as good a constable as possible. I have faithfully and honestly tried to be a good officer."

Paul Priest, Kelsey's next door neighbor and opponent charged vote-buying was in evidence in the area. "I'm not asking for money," Priest said, "I am just asking for your vote."

The political rally was preceded by a ham supper served by the Women's Society of Christian Service of the Methodist Church in Oviedo with proceeds from the dinner benefiting the building fund of the church.

Robert Bennett, first speaker in the group of candidates for Seminole County Commissioner, District One, again blasted, as he spoke at a Democratic Rally that he was not attached to any political party. He said, "Some would lead you to believe that the person qualified for this job is the person who has spent large sums of other peoples' money."

Bennett qualified his statement with, "I am not bonded or attached to any municipality, group, political party, or newspaper." However, he did not explain his statement regarding the newspaper affiliation of any other candidate.

For the first time, a candidate for the Board of County Commissioners revealed his stand on the segregation issue when Robert S. Billhimer led off his statements with "I was raised in Virginia. I think that while I have no doubt in your mind as to how I stand on segregation, I am in favor of a four-year road construction program and keeping the millage as low as possible," Billhimer said.

John Krider, a proponent of the causeway project spanning Lake Monroe, said last night, as he spoke on his platform and candidacy for the office of Commissioner, "I now visualize another causeway — one over Lake Jeppu. I believe that can be done."

Speaking against the present county district road program Krider told the Oviedo Rally audience "Each district has approximately \$36,000 for roads. This is a political plum. I believe that the road program should be consolidated under a full time engineer and superintendent to build roads where they are most needed."

W. Brown Miller, in his usual appeal, said "I have done my best to make you a good commissioner and will work harder next time if elected."

Porter Lansing, speaking for his candidacy as Sheriff said "I want you to check my record thoroughly. I'm not making any promises I can't fulfill." Lansing charged that "the Sheriff's job is to enforce all of the State's laws which hasn't been done."

Ollis G. Owens, former chief deputy, in concluding his five-minute talk last night said "I covet your prayers. I ask you to pray about this matter—the selection of candidates — and ask God to guide you to choose the right people for public office."

Charlie Beck, appearing nervous at the public address system microphone, finally said "I am a candidate for Sheriff of Seminole County and will appreciate your vote on May 8."

J. L. Hobby based his brief talk on what had been accomplished when serving as sheriff. "I gave you radio communications," he said, "the first county patrol Seminole County ever had. I've worked hard to give you good law enforcement."

ment. I started to clean up moonshine and had political opposition. If you send me back as Sheriff, I guarantee that there won't be a better sheriff in Florida."

Homier Little and Gus Schmah, both candidates for County Commissioner, District five, spoke briefly on their platforms.

Also opposing one another for the County Commission seat in District three are Otis Fouracre and Lawrence Swofford. Fouracre said "I have tried to make you a fair and impartial commissioner." And Swofford countered with "If elected, I will try to make you the best commissioner that has ever served you from District 3."

In the race for Clerk of Circuit Court, Robert A. Cobb spoke out against the incumbent when he said "He doesn't think retirement enters into the picture — but I disagree with him. I am not asking you to vote on the basis of sympathy or friendship."

O. P. Herndon, immediately following commented "I am proud of the record which I have made. Several other counties have visited here and made copies of our methods."

A. O. Roberts stated "Because of the progress here, I think progressive minded young men are needed in the public offices of the county."

Phil Varnes declared "My program is simply improving the service of the office. That's no criticism — it's a program of service for the people."

In the race for the office of Seminole County Assessor of Taxes, Rudy Sloan continued to hammer away at his "streamlined system of homebased exemption returns by a cash method."

Jack Stemper said "Taxes is no problem. I have a plan to bring before the people of the county." Mary E. Earle contended that her 22 years experience in the office of Tax Assessor qualified her for the position. "If elected," she said, "I intend to run the office to the best interest of the people of the county."

Raleigh King spoke out "There are five of us who aspire to the office of Tax Assessor. I admire my opponents for their progressive ideas but only one of us can win — I believe I am the best fitted for the job."

John Mutsch commented "I am running on my own and not running against anybody. I am a candidate for County Tax Assessor. My program," he said, "is a fair and just equalization of taxes of the county. If you want your schools to prosper I think you will realize equalization of taxes is the fair and proper thing."

Candidates for the House of Representatives spoke, primarily, on issues confronting the State. "There are four men running for the Legislature — none of them has served before so you are going to have to look at the individual. Qualities needed in your representative are: knowledge; understanding; leadership and humbleness," he said. And then added, "I believe the road I have traveled has endowed me with these qualities essential for a representative."

Don Hales said "We should be represented in Tallahassee by men from all walks of life and professions. I am for increased appropriations for education — roads and highways — and equal facilities for white and colored."

Thomas Stringer contended "I will work for a sound educational system, second to none. You don't have to be a lawyer to know the needs of the people and work hard in the interest of our system of government."

### UDA Schedules Florida Cucumber Hearing May 28

The U. S. Department of Agriculture has issued notice of a hearing to be held in the Lee County Courthouse, Fort Myers, beginning at 10 a. m., May 28, to consider proposed marketing agreement for cucumbers grown in Florida south or east of the Suwannee River, according to information received here by Minard F. Miller, Field Representative.

The hearing was requested by the Florida Fruits and Vegetable Association at the direction of independent cucumber growers and shippers. Terms and provisions of the proposed agreement and order were worked out by cucumber growers and shippers during a series of meetings held throughout the state.

The proposed agreement would be administered by a committee to be known as the Florida Cucumber Marketing Committee consisting of eight producers and four handler members. Committee members would be selected on the basis of four districts within the production area, with two growers and one handler representative for each district. The committee would be authorized to recommend grade and size regulations as conditions precedent.

The purpose of the May 28 hearing is to receive evidence on each phase and part of the proposal. If sufficient evidence is presented at the public hearing to provide a basis for a program, said if the Secretary of Agriculture approves, the proposed order will be submitted to a referendum vote among cucumber growers.

The UDA has Federal marketing order programs in effect for Florida tomatoes, citrus fruits, and sweet peas. Each program follows a similar pattern with a local administrative agency, made up of growers or growers and handlers, which determines whether or not there shall be regulations, and which recommends what the regulations shall be within the framework of authority established in each order. Marketing agreements and orders are authorized by the Agricultural Marketing Agreement Act of 1937.

### Ford Motor Co. Reports First Quarter Profits

DETROIT (AP)—The Ford Motor Co. made a net profit of \$73,700,000 in the first three months of 1956.

Henry Ford II, company president, said it was the second best first quarter in the company's history, being topped only by \$102,000,000 in the first three months of 1955.

Ford stock was placed on public sale for the first time this year. The president said first-quarter earnings amounted to \$1.37 a share, based on the average number of shares outstanding during the first three months of 1956.

CONDEMNATION SUIT TO ACQUIRE right-of-ways for 17-92 was filed Monday. O. P. Herndon, Clerk of Court, is seen at the left processing the instruments. Filing to suit are: Mack N. Cleveland Jr., County Attorney and Bryon Henry, Attorney, Legal Department of the State Road Board. Others looking on are: County Commissioners John Malach, Fred Divon and Otis Fouraker. At the far right is John E. Fox, County right-of-way agent. (Staff Photo)

### Health Service Adopts Less Stringent Policy

WASHINGTON (AP)—The Public Health Service said Monday it has adopted a less stringent policy on loyalty questions in the granting of government funds for unclassified medical research.

Officials said government agencies which make grants for scientific research and training are now engaged in informal conferences aimed at possibly recommending to the White House a general policy statement on the matter.

The Public Health Service position is in line with the recent recommendations of a study commission set up last year, at President Eisenhower's request by Dr. Detlev W. Bronk, president of the National Academy of Science.

Surgeon General Leonard A. Schele said in a letter to the American Assn. for the Advancement of Science on March 31, before public announcement of the special committee, that the Public Health Service was following a practice similar to that of the National Science Foundation.

The presidential committee said, for example, that a research finding leading to a cancer cure, "would be no less beneficial to all humanity for having been made by a Communist."

The current position contrasts with the loyalty policy spelled out for it in 1954 by Special Secretary of Welfare Oveta Culp Hobby.

Ford blamed the drop in profits in this year's first quarter to a decline in sales in the auto industry as a whole. Ford's sales totaled \$1,203,100,000 but were 14.7 percent below the first quarter of 1955.

### Puffing On Cigar Is Adult Version Of Thumb Sucking

OKLAHOMA CITY (AP)—The man who enjoys puffing on that big fat cigar merely is indulging in an adult version of thumb sucking.

And the same goes for the cigarette smoker and the gum chewer, said Dr. Maury Massler, head of the children's department at the University of Illinois' College of Dentistry.

Massler, speaking at the annual Oklahoma State Dental Assn. convention, urged parents to use more understanding in dealing with problems of thumb sucking and nail biting in children.

He said every person needs some habit to relieve tension and give relaxation. "It is a method of relieving the inner tensions that build up," Massler said.

"Kids who bite nails, although it is not socially acceptable, are releasing the tension they live under," the Illinois dentist said. He emphasized that it is perfectly normal.

"The man who puffs contentedly on a cigar 'is sucking his thumb' and the man who chews vigorously on his stogie 'is a nail biter,'" Massler said.

Massler claimed it was no accident that people chew gum or smoke, citing research which he said shows that gum chewing started when the typewriter was invented. The need to use both

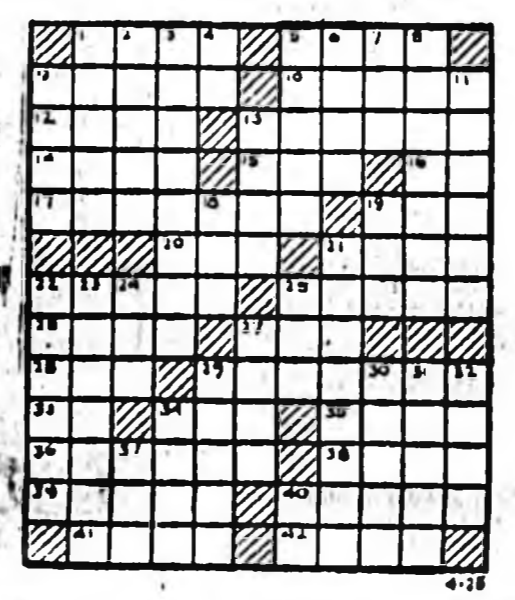

Mrs. Hobby said that when "information of a substantial nature reflecting on the loyalty of an individual is brought to our attention" it was "the practice of the department to deny support."

Under the new policy there must be a formal finding of disloyalty.

Some scientists now doubt that intelligence declines after age 30.

## Ask yourself these 6 questions before buying a low-price car—and you'll switch to Plymouth!

(There's a 118% increase in the number of people who are switching to Plymouth from other makes!)

 <p><b>1</b> How does performance compare? Plymouth holds official NASCAR records for speed in its class (124 mph); acceleration, all stock cars (82 mph).</p>	 <p><b>2</b> Which low-price car is biggest? Plymouth wins again, inside and outside. Roomier, longer, heavier. More trunk space. More everything.</p>	 <p><b>3</b> Which is easiest to drive? Plymouth's the only low-price car with positive, mechanical Push-Button Driving. Touch a button. Off you go.</p>
 <p><b>4</b> And how about styling? No contest here either. Plymouth's really new, while other low-price cars look about the same as last year.</p>	 <p><b>5</b> Which leads in safety features? More than ever—Plymouth. New seat belts, door latches, headlights. Plus many exclusive, like Safety-Rim wheels.</p>	 <p><b>6</b> What about my present car? Add up the cost of keeping your car in top condition. Then price a Plymouth. Trading now may save you money!</p>

Names of the 788 winners in Plymouth's \$180,000 Lucky Money Number Sweepstakes are on display now at your Plymouth dealer's.

## PLYMOUTH costs less

From the day you buy it...through all the years you own it...you'll spend less on a Plymouth. That's one reason more Plymouths are used as taxis than all other cars combined.

# Docks, Wharves Are Assurance of Great Industrial Expansion

It is contended that Sanford and Seminole County stand on the verge of greatness through the accomplishing of a docks and wharves along the St. Johns River on Lake Wales.

Three factors which will determine the growth of Sanford and Seminole County are: adequate hospital facilities—a sewage system capable of serving the community—docks and wharves.

Two of these factors have been realized. As a reminder of what might be accomplished—low-cost inland waterway transportation serves all American cities of more than 435,000 population.

Thirty-nine of the 50 cities of more than 100,000 population are on inland waterways. The barge and towing vessel industry serves 78 of the 106 cities of more than 100,000 population.

The 22 leading market areas in the United States enjoy the benefits of water-borne commerce.

Cities, towns and farms on the navigation channels have the economic advantage of 320,000,000 tons or 87.5 billion ton-miles of freighting.

The 30 cities of more than 100,000 population not on the navigable rivers and canals have a total population of only 5,920,000.

Such figures reveal the growth possible ahead of Sanford. It is proof that an unparalleled growth can be gained as barges and towing vessels reach their destination here.

### TODAY'S BIBLE VERSE

The memory of the just is blessed. Proverbs 10:7.—Memory is all we will take into the next life. We will have a very long time indeed to remember the deeds done on earth.

We would like to see Central Florida's great industrial expansion assured of its ultimate success with the addition of a docks and wharves at the hub of its growth. There's no doubt of its complete use as well as its complete success.

### Electrical Fixtures Dangerous

This story is an old one: Someone bathing reaches from the tub to touch an electrical fixture—say a lamp or a radio. There is a moment of terrible shock, then death.

Obviously, such accidents could be prevented by removing all electrical fixtures from bathrooms. Just as obviously, that is an impractical solution. But there are at least preventive steps that will help.

In the first place, bathroom lights and other electrical equipment should be kept in apple pie order so that there will be no need to bring in fixtures from other rooms. Secondly, children can be firmly instructed in the dangers of that lethal combination, electricity and water. And thirdly, adults can profitably remind themselves of the same dangers. That will not eliminate accidents, but it will cut down their number.

### Brand-New Look In Paper

If you hear some joker step in a store and say "gimme a paper bag full of orange juice", don't fall for it—just by 'ch and look at one of the phenomenal advances of the century!

For a long time, asking for the paper bag full of orange juice was a good joke, something like the old custom of sending green young apprentices for a bucket of steam.

But paper has a brand-new look, and now that bag of orange juice is not only possible, but practical, too.

The newness in paper's new look is due to a petroleum-based polyethylene resin "Alathon", already familiar to you as the film in which fresh vegetables are wrapped.

It's tough, flexible, resistant to grease and moisture, odorless and tasteless. When paper is coated with a thin film of this resin, it can be made into leakproof containers for all sorts of wet foods—syrups, juice concentrates, brine-packed fish, olives, and pickles.

So, when you go shopping nowadays, it won't be amiss to ask for that paper bag full of orange juice!

Times change, don't they?

## Biggest Businesses Still Growing

By SAM DAWSON

**NEW YORK**—The biggest businesses continue to grow. Today there are two more American corporations than a year ago that report their total assets as in excess of one billion dollars.

With only three exceptions the lengthening list shows assets value higher today than a year ago.

In all, 34 industrial, railroad and utility companies report themselves in the bigger than one billion dollar class. There are 17 banks in the country whose resources top the billion-dollar mark. Thirteen insurance companies and three finance companies are also in the list.

Of the 34 nonfinancial corporations, 23 report their 1955 sales volume topped a billion. In addition, 10 companies whose assets are below the billion-dollar line report their total sales as topping one billion. They are in the food distribution, meat packing, retailing, rubber and tobacco fields.

Looking only at the 34 industrial, transportation and utility giants and ignoring the financial institutions, whose resources are of a different kind, you'll find the Bell Telephone System leading the list as usual with its total assets carried in the annual report 14 1/2 billion dollars. An older method of accounting, used by most corporations, would put AT&T as-

sets at more than 18 billion.

Next on the list is Jersey Standard Oil with seven billions and General Motors with more than six billions.

Three carry their assets at more than three billion — U. S. Steel, Pennsylvania Railroad and Du Pont.

In the more than two but less than three billion class, in order of size, are: New York Central, Ford, Socony Mobil Oil, Indiana Standard Oil, Pacific Gas & Electric, Gulf Oil, The Texas Co., and Southern Pacific.

Seven companies lie between 1 1/2 and 2 billion: Bethlehem Steel, Consolidated Edison of New York, General Electric, California Standard Oil, Commonwealth Edison of Chicago, Sears Roebuck and the Santa Fe Railway.

From there on, in descending order, the billion-dollar list includes: Union Pacific, Union Carbide, Chrysler, Humble Oil & American Gas & Electric, Westinghouse Electric, Baltimore & Ohio, Sinclair Oil, Shell Oil, Phillips Petroleum, Cities Service, International Harvester and Aluminum Co. of America.

International Harvester is rejoining the group after a temporary absence. Alcoa is a newcomer.

The three companies showing a slight drop in total assets in their latest reports are Pennsylvania Railroad, Westinghouse and E. O.

One pound of uranium can produce the heat equivalent of 2 1/2 million pounds of coal.

### Association Urges Strict Enforcement Of Sanitary Laws

**ORLANDO**—The Florida Restaurant Assn. has called for strict enforcement of sanitary laws in fringe food serving operations.

"Everybody in the world is going into the food serving business," Jack Jones of Jacksonville told the association's board of control.

He said the Florida Hotel and Restaurant Commission should enforce the laws now on the books and treat "all persons in the food service business equally."

Richard Edgerton of Mount Dora, a commission member, told the group the commission will do its best to see that any food serving not in compliance with the law is stopped.

"But," he added, "it is not so simple as you state."

He said it was a debatable point exactly what does constitute food service and "there are ample loopholes in the law for smart attorneys." He explained it has

## Dulles Suggesting NATO Expansion

By JAMES MARLOW

**WASHINGTON**—Secretary of State Dulles, in the manner of a man dipping his toe into water to see if he gets chilled or overheated, seems to be suggesting the North Atlantic Treaty Organization might be expanded.

The idea isn't new with him. At the moment he does not commit himself to it. Rather, he is frankly throwing out a hint to see what reaction he gets.

An expansion would mean the 15 allies of NATO, which was created in 1949 as defense against Russia, would move from a purely military alliance into a wider field—perhaps economic—of cooperation among the Western partners.

Pressure has been building up among this country's NATO allies to stop using it for military purposes only. Dulles mentioned this possibility in a speech yesterday to the Associated Press luncheon in New York.

He said NATO "already serves as an indispensable and vital instrument of the Atlantic community. But the time has come, I believe, to consider whether its organization does not need to be further developed, if it is adequate to serve the needs of this and coming generations." He added:

"If that be the common desire of the NATO member nations, the United States will join eagerly in exploring the possibilities which now beckon forward."

Last Dec. 16 the NATO foreign ministers, including Dulles, endorsed a proposal by Italy's Gaetano Martino for greater cooperation among the NATO members in nonmilitary ways, such as economic, social and cultural fields.

Canada's foreign minister Lester Pearson, has been plugging this idea and on April 23 Italy's President Giovanni Gronchi made a big pitch for it in an address to Congress.

The next day, March 1, President Eisenhower and Gronchi issued a joint statement saying they agreed on the necessity of "further deepening the solidarity among the members of the North Atlantic

community through increased cooperation in all fields."

That U. S. allies are so completely happy with the military emphasis this country has placed on NATO up to now was disclosed in other ways, ways which must have given Dulles some concern, since he knows Russia wants to wreck NATO.

This month French Premier Guy Mollet said the United States thinks too much of "security in military terms." And on March 3 France's Foreign Minister Christian Pineau cautioned against an "Iron Curtain mentality" in the years old get some form of Social West—particularly the United States payments.

States—put too much emphasis on military strength.

On March 29 the Parliament of Iceland, which is a NATO member and is a strategic island midway between New York and Moscow, called on the United States to get its troops and airmen out of the country.

Basking sharks are relatively Florida had a population gain of 19.1 per cent between April 1, 1950 and July 1, 1954.

A third of Americans over 65 in the years old get some form of Social West—particularly the United States payments.

## More people named Jones own Chevrolets than any other car!

\*Of course we haven't actually counted all the Joneses. But it seems a safe guess. Because this year—as they have year after year—more people are buying Chevrolets. And 2 million more people drive Chevrolets than any other car. Maybe you ought to come in and see why this is so.

(Are you keeping up with the Joneses?)

# A Doctor in the Family

By ELIZABETH SEIFERT

**SYNOPSIS**  
Linda Thornton's most precious memory from her tenth wedding anniversary on occasion for her being made a doctor in the family over her father's opposition as he, the Thornton family, is a well-to-do family in the town of Vernal, Florida. The doctor in the family is Linda's father, Jasper, who is a veterinarian. Linda is a veterinarian's daughter, and her father is a veterinarian. Linda is a veterinarian's daughter, and her father is a veterinarian.

**CHAPTER THREE**  
After lunch, Linda exchanged her sweater for the short jacket of her suit, put on a round felt hat and went down to the stables with her father-in-law to see a new colt. She and the bearded old man were great friends. She had disappointed him by not having children, yet she knew that Jasper liked her. The stables were not quite so old as the big house. They were brick buildings, neat, with little cupolas pointing skyward. On that frosty noon, Jasper and Linda walked through the orchard and toward the stables with their father-in-law to see a new colt. She and the bearded old man were great friends. She had disappointed him by not having children, yet she knew that Jasper liked her.

"You're kidding!" he demanded. "I'm not. But be sure you understand what I mean by it. It's not a name, you know. It's a blood. The kinship of strain can be and I believe should be, stronger than the use of blood. Do you understand what I'm getting at, Linda?"  
"I'm trying."  
"He nodded. 'I had a Norway work for me once. He had a proverb—said it once, I've always remembered it. It went, 'Marry not the maid who is the only good maid in the family.' Do you see what that means, Linda?" He looked over to search her face, his manner loving and intent.  
"She wanted to please him, and she thought she understood. . . .  
"That it is better to marry the black sheep of a good family?"  
"That's it!" he shouted so loudly that the mare snorted, and the colt made a scramble with his long legs. "In a bad line, if you get one good foal—or child—it's just luck. That one germ cell happened to be good. Better chance to that all the others, and their descendants, will be like the original bad line. Same thing goes for a good line—while a fault may show, the chance there is that it'll not be one to persist."  
He touched her arm. "Let's go into the tack room; there's a fire. I'm going to let you name this baby for me."  
There was no higher award Jasper could make her. Linda tingled with pleasure as she followed him into the tack room; there's a fire. I'm going to let you name this baby for me."  
There was no higher award Jasper could make her. Linda tingled with pleasure as she followed him into the tack room; there's a fire. I'm going to let you name this baby for me."

proach, to nicker softly—one squealed shrilly, and the old man chuckled. "He knows the new colt's a threat. Come this way, Linda. Wait till you see that boy!"  
The stable was as clean as a broom and mop and insecticide could make it. It still smelled pleasantly pungent of horses and hay.  
Jasper gave Linda sugar for the mare, who was still a bit restive, inclined to roll an eye and lay back her ears. The colt, all legs and head, was curled into deep, clean straw. "I knew I'd get a good one!" he declared. "The important thing in horse breeding, Linda, is to depend on strain. That goes for folks, too."  
She got a laughing glance upward.  
"You think I'm kidding?" he demanded. "I'm not. But be sure you understand what I mean by it. It's not a name, you know. It's a blood. The kinship of strain can be and I believe should be, stronger than the use of blood. Do you understand what I'm getting at, Linda?"  
"I'm trying."  
"He nodded. 'I had a Norway work for me once. He had a proverb—said it once, I've always remembered it. It went, 'Marry not the maid who is the only good maid in the family.' Do you see what that means, Linda?" He looked over to search her face, his manner loving and intent.  
"She wanted to please him, and she thought she understood. . . .  
"That it is better to marry the black sheep of a good family?"  
"That's it!" he shouted so loudly that the mare snorted, and the colt made a scramble with his long legs. "In a bad line, if you get one good foal—or child—it's just luck. That one germ cell happened to be good. Better chance to that all the others, and their descendants, will be like the original bad line. Same thing goes for a good line—while a fault may show, the chance there is that it'll not be one to persist."  
He touched her arm. "Let's go into the tack room; there's a fire. I'm going to let you name this baby for me."  
There was no higher award Jasper could make her. Linda tingled with pleasure as she followed him into the tack room; there's a fire. I'm going to let you name this baby for me."

"I just don't think I, say anything," quoth the 37-year-old umpire when asked about his cheating. . . .  
"It's as simple as this, Frank needed a slight correction for his left eye. So he asked Harridge (President Will Harridge of the American League) if it would be all right to get glasses. Harridge, Charley Berry, veteran American League man in blow who said he believed it would be the right thing to do.  
"It has nothing to do with Frank's judgment. He could see and umpire without them and do a good job."  
"Why shouldn't he wear glasses as well as anyone else? The players do."  
Manager Lou Boudreau of the Kansas City A's said, "It's no disgrace to wear glasses. If it makes him a better umpire, I'm for it. More power to him."  
Americans ate a record average of 81 pounds of beef each in 1955.

**DO YOU KNOW YOUR CANDIDATE?**  
? **DEMOCRATIC PRIMARY IS MAY 8**  
I am a native Floridian, born in Live Oak, Florida, December 8, 1890. Moved to Sanford at the age of 10 years and attended local public schools and High School. Enlisted in the Navy and served over-seas with the U. S. Marines in World War I.  
**ROBERT A. (BOB) COBB**  
CANDIDATE FOR  
**CLERK OF THE CIRCUIT COURT**  
IN AND FOR SEMINOLE COUNTY  
Your Support Will Be Appreciated  
POLITICAL ADV. PAID FOR BY R. A. COBB

**Umont 1st Umpire To Patrol Base Wearing Glasses**  
KANSAS CITY (AP)—American League umpire Frank Umont patrolled his second base domain yesterday wearing glasses and became the first major league umpire ever to work a game so equipped.  
Before you make any cracks, stop to consider: Umont is a six-footer and weighs 218. He was a tackle on the New York Giants pro football team from 1943 to 1947.

**League-Leading Cubs Sneak By Tigers 2-0**  
Ken McMurray and his league-leading Cubs eked out a win over the Tigers by the skin of their teeth yesterday, 2 to 0. Cecil Dandridge's Bengals had come back snatching in the almost inky darkness of the top of the fifth inning to push two runs across the plate and with two away had mer, on second and third when Commissioner John Pope ordered the game called. The score reverted to the end of the fourth inning and the Cubs, linking their wounds, limped home on the song of the score. They could still feel the Tiger's breathing down their backs.  
The brace of tallies that eventually moved the margin of victory came in the third inning.

**Kramer Interested In Russian Tour**  
LOS ANGELES (AP)—Jack Kramer, whose touring professional tennis troupe will visit a large part of the world this year, is interested in still another trip—behind the Iron Curtain of Russia.  
The idea is still quite indefinite, Kramer said, but he added:  
"Sure, we'd like to go to Russia and show them our tennis. Not so much for the money—rubles, that is—but sort of as a first for tennis."  
Kramer—who disclosed that his present domestic tour starring Pancho Gonzalez and Tony Trabert has already assured him of a profit—said a friend, wealthy Mrs. Roddy Holt of Carmel, Calif., had promised to look into the possibilities of a Russian tour.

## Government Says IBC Loaned Money To Top Fighters

NEW YORK (AP)—In order to lock up services of champions and contenders, the International Boxing Club loaned \$451,012 to top fight figures over a four-year period, the federal government charged yesterday.  
The government charge was made in connection with a suit against the IBC and its affiliates which are accused of operating a monopoly in violation of the U. S. anti-trust laws.  
One of the government's announced aims is to break up exclusive contracts between the IBC and leading boxers.  
During the period of the loans, which were made without interest, the government alleged the IBC participated in 35 of the 44 title fights staged in the U. S.  
U. S. Attorney Lawrence G. Hargrave said the New York branch of the IBC lent \$247,828 and the Chicago section \$203,214. He added that most of the loans were made to fighters and managers "faced with emergencies, such as taxes, etc."

## O'Reilly Proves Birmingham Can Win On Pitching

By THE ASSOCIATED PRESS  
Young Jim O'Reilly, a big left-hander pitching for Yankee Stadium, has proved that Birmingham can win on pitching as well as power.  
The 21-year-old with a well-filled bag of pitching tricks gave the Barons their first shutout of the season last night when he stopped Little Rock 4-0 on three singles.  
The Barons, who boast a lineup loaded with left-handed power, hadn't won a game previously with less than seven runs.  
O'Reilly, who came along fast late last season and posted an 8-8 record with Birmingham, had some terrific backing as the Barons took clear title to second place in the Southern Assn. standings.  
His mates pulled four double plays, with shortstop George Prigge participating in all four, and prevented a Little Rock man from reaching second.  
The marauding Memphis Chickens kept four games ahead of Birmingham by beating Atlanta 4-2. Mobile dumped Chattanooga 9-3. Cold weather forced postponement of the New Orleans at Nashville game.

## Touhy Speaks At CofC Coffee Club Today; Voting Machine Shown

H. HUDSON MYERS, DEBARY, will speak tonight at 7:30 on "Publishing A Great Newspaper" at Pilgrim Community Church at Orange City.

President George Touhy of the Seminole County Chamber of Commerce this morning told the Coffee Club, meeting in the USO Building "When we have our membership drive in the fall I hope you will remember what other communities are doing."

You don't buy a membership in the Chamber of Commerce," he said. "You buy cooperation and through our membership we build strength and improve the economic life of the community for progress," Touhy added.

Touhy spoke at the first anniversary of the Coffee Club headed by Don Bales who is chairman of the committee presented the monthly gathering of businessmen and Chamber of Commerce members.

Bales introduced newcomers to the Coffee Club which included: Mayor F. D. Scott, Robert Mahan of the Seminole Loan Co., Harold Kastner, A. F. Ramsey, T. V. Brown, and F. C. Winn.

Candidates for local political offices were guests of the Chamber of Commerce this morning and were introduced according to the office for which they were running.

W. A. Adams, custodian of the voting machines to be used in Seminole County elections, explained the use of the Shoup Voting Machines by using miniature replicas of the machine and later demonstrated the machine itself which was mounted on a truck just outside the Chamber of Commerce building.

Adams warned that the machines are so simple to operate that there was just one thing each voter must be sure of—that an "X" appeared beside the name of each person chosen.

The newly formed Seminole County Fireman's Assn. met in Casselberry for its first official session Wednesday evening.

## Mayfair Golf Club Named Site Of '58 Amateur Tourney

The Florida State Amateur Golf Tournament Association has selected the Mayfair Golf Club as the site of the 1958 tournament.

Jim Spencer and Harry Tooke of Sanford are attending the tourney. Tooke is a member of the Directors of the Florida State Golf Association.

Invitation to play here was extended by the Mayfair Inn Country Club.

Today, top-notch amateurs Don Biplinghoff and Doug Sanders led a field of more than 150 golfers into the qualifying round of the tournament in Tallahassee.

Biplinghoff and Sanders had decided to pass up the state tournament for the North-South Amateur at Pinehurst, N. C., but each registered here immediately after being eliminated from that tourney.

Biplinghoff has won the state amateur title the past three years. Sanders, one of the South's top amateurs, topped the Georgia Washington title here this year as the second straight time.

Eighteen holes will be played each day of the four-day medal play tourney. The low 64 scorers in today's round will qualify for the championship division.

## Fireman's Assn. Holds 1st Meet

The newly formed Seminole County Fireman's Assn. met in Casselberry for its first official session Wednesday evening.

A few weeks ago a group of Volunteer Firemen from Seminole County and Sanford Fire Chief Mack Cleveland Sr. met in Longwood Fire Hall to discuss forming this organization. The main purpose was to form a Mutual-Aid Program. All were in agreement that this should be done due to the fast growing areas in Seminole County.

Among the Fire Departments participating will be, Longwood, Altamonte Springs, Casselberry, Lake Mary, Forest City, Sanford and Oviedo.

During the meeting, future plans were discussed as well as setting up a permanent organization. The next meeting will be held in Altamonte Springs Wednesday, May 23 at 8 p. m. in the Fire Hall. At that time by-laws will be discussed and adopted.

Herman Joyce was in charge of refreshments for this meeting and a delicious fish fry and cold drinks were served to those attending.

Counting their wives, the city expects an invasion of around 2,000 Floridians, many of whom have never seen the state's western most metropolis, and local lions have made elaborate plans to show Pensacola to the visitors.

## Easter Seal Drive Report Is Revealed Today By Chairman

Easter Seals and the Easter Seal Campaign brought in a total of \$2,316.91, Mrs. Harold Appleby reported today.

Mrs. Appleby, chairman of the Easter Seal Campaign in Seminole County, said that the sale of Easter Seals brought in a total of \$1,583.41, the Lily Sale was responsible for \$43.35, and the Easter Seal Banks produced another \$18.68.

This, Mrs. Appleby said, was responsible for a total of \$1,647.44. With postage for the mailing of Easter Seals paid out of this total, a check for \$1,390.18 was mailed to the Central Florida Society for Crippled Children.

However, Mrs. Appleby revealed, as she announced the total amount contributed from Seminole County, there was \$736.50 contributed directly to the Forest Park School.

This total was made up of \$400 contributed by the Board of Seminole County Commissioners; \$101.50 by the Sanford Rotary Club; \$100 by the Sanford Kiwanis Club; \$50 by the Florida State Bank; \$50 by the Sanford Atlantic National Bank; \$25 by Commissioner Olin Fouraker; \$25 by Goodyear Tire and Rubber Company; and \$5 by Bert Chapman.

Combining the contributions direct to the school and the totals from the Easter Seal Campaign, Seminole County's contribution came to \$2,348.94.

## Mar-Lou Is Under New Management

The Mar-Lou Restaurant is under new management, according to an announcement made recently.

Louis Holas announced that he has taken over the active management of the "Mar-Lou" Restaurant which will be open now at 7 a. m. daily.

## Dedication Planned Sunday

The dream has finally become a reality from the passing of The Little Red School formerly housed at W. 13th St. and Lake Ave. to the beautiful Goldsboro Elementary School now located at West 10th St., which will hold its dedication ceremony and open house, Sunday, at 3 p. m.

Miss Fannie B. Reid, principal of the school welcomes parents, and the community to attend the dedication.

The faculty and staff and many other volunteer workers have been busy preparing for the event. To insure everyone having ample opportunity to witness the dedication, a special routed tour has been developed to expedite the flow of traffic. Guides will be stationed along the route to point out various features.

Among those taking part in the ceremony will be R. T. Milwee, Superintendent of Public Instruction; D. E. Williams, General Consultant in Instruction State Department of Education who will give the dedicatory address; members of the County School Board, Trustees Board, Supervisors, principals of schools and greetings coming from Mayor F. D. Scott, R. F. Cooper, chairman of Trustees Board, Mrs. Dorothy Ringling, representative of County Parent-Teachers Association, Dr. G. H. Starker, representing Sanford doctors and John Krider, City Commissioner.

Platform guests will be Judge Ernest Housholder, Juvenile Judge, Roy P. Mann, member of Trustees Board; Roy Howell, member of Trustees Board; J. A. Bistline, vice-chairman, County School Board; J. L. Brumley, chairman, County School Board; W. A. Patrick, member, County School Board; W. F. Harrison, member of County School Board; L. E. Jordan, member of County School Board; W. A. Teague, Administrative Assistant and Transportation Manager; Mrs. Joannah L. Moore, retired principal of Goldsboro Elementary School; J. N. Crooms, retired principal, Crooms High School; Mrs. Jeaneth Towell, president, P-T-A, Goldsboro Elementary School; Senator Douglas Stearns, Representative Mack Cleveland Jr., Asa's State's Attorney Volle A. Williams Jr., and a representative from the Board of County Commissioners.

The Sheriff To Throw 1st Ball Opening Little League Play

Seminole County Sheriff Denver Coriell will throw the first ball to open the Little League Ball Club's season April 29 at 5 p. m. in Longwood.

Manager Vester Elgin announced today there will be pre-game ceremonies at 2:30 p. m. with the opener getting under way at 3 p. m.

The Longwood Braves will take on the South Seminole Indians in their opening game. Batteries for the Braves will be Johnny Caruthers, pitcher and Roy Link, catcher. The Indians will have Ronger Hines, pitcher and Jerry Monday, catcher as announced by their Manager Joe Pavelchek.

## Morris Submits Resignation After 30 Years Of Service

HERMAN E. MORRIS

## Principal's Successor Unknown

Herman E. Morris, after 30 years of service in public schools, submitted his resignation as Principal of Seminole High School.

In a letter addressed to the Board of Public Instruction of Seminole County, Morris tendered his resignation to become effective at the end of the 1955-56 school year.

Morris told the Board of Public Instruction "After 30 years service to the Youth of Seminole County I humbly submit my resignation as principal of Seminole High School effective at the end of the school year 1955-56."

He further told the Board of Public Instruction, "My family and I have enjoyed the association with this board, the board of trustees, parents and pupils."

He said, "No principal has had more cooperative teachers or finer pupils to work with."

In explaining his resignation, Morris said "About a year ago I had a heart upset but my doctor tells me that I am completely recovered." And he further explained "This has nothing to do with my decision to resign."

Morris stated in his letter that "Present conditions convince me that the school, and pupils would have better opportunity by a change at this time."

He concluded his letter of resignation with "Thanks for all that you have done in my behalf."

The resignation of Morris as principal of Seminole High School leaves some question as to who will succeed the present official who has headed the faculty and school for many years.

## Cancer Crusade Total Reaches \$3,770.91

The general chairman of the Cancer Crusade for Seminole County, Don Hales, said this morning that the total of the local drive had reached \$3,770.91 as of 9 o'clock this morning.

However, Hales pointed out that the drive will not be complete until April 30, and further contributions are expected to swell the total even higher.

Mrs. Gertrude Dingfelder, chairman of the Seminole County Unit, American Cancer Society said that the local unit is a member of the coveted Quota Toppers Club in Florida.

It was pointed out this morning at a meeting of various chairmen of the Cancer Crusade for Seminole County, that four of the big gifts group and four areas of the county have not yet reported their collections and contributions.

Don Hales, general chairman of the Cancer Crusade here, said this morning "This was the best organized drive ever conducted in Seminole County. The volunteers' response was excellent. I am proud to have had a part in this year's Cancer Crusade."

Irving Pryor, county liaison chairman expressed his thanks to "Longwood, Lake Mary, Eldo Springs and Lake Monroe for the wonderful job that was done during this year's campaign. The co-operation throughout the county was excellent."

Harold Kastner, Big Gifts Chairman, said this morning "The Sanford State Farmers Market was one of the groups that contributed 100 per cent to the Cancer Crusade. We met wonderful response, not only from this group, but also from many other organizations and groups on which volunteers called."

Special mention was made of the related sections under the chairmanship of Katie Rossen and Willie Mae Merthle, a contribution from this group came to the total of \$100.11.

Miss Myrtle Wilson, County Home Demonstration Agent, organized the county areas through the Home Demonstration Club in which each health chairman became the chairman of the Cancer Crusade in her particular area.

## Kiwanians Enjoy Music Program At Noon Luncheon

The Sanford Kiwanis Club, at its noon luncheon meeting yesterday, was entertained by the Double Sextette composed of Junior High School girls of the seventh grade who attend school at the Juno High.

The girls, under the direction of Mrs. W. G. Fleming, included three songs on their part of the program.

The Ensemble, composed of eighth grade girls attending Pinecrest School, presented a program of four songs as their part of the entertainment program.

July Ludwig accompanied the double sextette, Kay Ivey and Marilyn McDaniel accompanied the Ensemble.

Prior to the program, Ed Lane, celebrating his birthday this week, presented John Galloway with a card of 100 pennies for the Sunshine Committee Fund. Lane, backed in white hair and whiskers, limped in to the Yacht Club on a walking cane to depict his age. However, he was extremely profuse in his expression of gratitude for having been a charter member of the local Kiwanis Club and for the organization itself.

## Peer Gynt' To Be Given Tomorrow

Fifth and sixth graders of Pinecrest School will present "Peer Gynt" in the school auditorium at 8 p. m. tomorrow night.

Proceeds will go to the "Save the Children Federation" for the benefit of the girl in Germany who is sponsored by the sixth graders.

"We know everyone will enjoy the play," said director Miss Lucille Campbell. "The boys and girls have worked very hard and have done most of their practicing before and after school. They also painted most of the background during their Easter holidays."

BENJAMIN L. BROCK, M. D.

## Dr. B. L. Brock To Address TB, Health Association

The annual meeting of the Seminole County Tuberculosis and Health Association will be held Tuesday, May 1, at 8 p. m. in the City Commissioners Room at the City Hall.

Reports from all committee chairmen will be heard, according to Mrs. Lorraine Graham, Executive Secretary of the organization. The election of officers will also be held at this meeting, said Mrs. Graham.

Principal speaker for the occasion will be Dr. Benjamin L. Brock, Medical Director of the Central Florida Tuberculosis Hospital.

Dr. Brock received his A. B. Degree from the University of Georgia in 1919, his M. D. Degree from the Harvard University, School of Medicine, in 1923. He did Post Graduate work in Boston, Mass., and at the Trudeau Sanatorium, Saranac Lake, N. Y.

Dr. Brock was Medical Director of the Waverly Hills Sanatorium, Louisville, Ky. for 20 years and was Associate Professor of Medicine at the University of Louisville School of Medicine for 15 years.

He has been Medical Director of the Central Florida Tuberculosis Hospital since July, 1951.

The local Tuberculosis and Health Association is very fortunate in securing Dr. Brock as a speaker for their annual meeting, Mrs. Graham said today, and the officers of the organization expect an unusually large turnout to hear him.

Present officers of the Seminole County Tuberculosis and Health Association are: Mrs. Herman Jacobson, president; George H. Dabbs, vice president; the Rev. Louis L. Day, secretary, and Mrs. Ruth B. Scott, treasurer.

## May 10 Deadline Revealed For Bids

Bids are currently being received by the Sixth Naval District Public Works Office for the following job to be completed at the U. S. Naval Auxiliary Air Station, Sanford.

The job will include two senior officers' quarters, three junior officers' quarters, eight married enlisted men's quarters; painting, electrical, water, and sewage systems.

The buildings are to be three-story, single and duplex unit concrete masonry and wood roof and beam construction.

The buildings will be painted inside and out, also included will be offset parking and storm and water drainage facilities.

All bids must be submitted in duplicate, addressed to the Sixth Naval District Public Works Office, Bldg. 12, U. S. Naval Base, Charleston, S. C., and each set of building at a unit be accompanied by a check for \$250, payable to the Treasurer of the United States as security for the safe return of the bidding data.

All bids must be in by 2:30 p. m., May 10.

## Cardinals Play Eustis Tonight

The Sanford Cardinals, local semi-pro baseball team, will entertain Eustis in a Lake-Orange League game tonight and Tavares Friday night, at the Sanford Memorial Stadium, with game time at 8 p. m.

Manager Lloyd Swain has named Ed Brecklyn as starting pitcher against the Eustis Club which is tied with the local baseball team for third place with a won two and lost three record.

THIS IS THE WAY THEY DID IT! Jaycees Garfield Willetts and M. L. Raborn Jr. literally paint the town recently with their sidewalk "please vote" plea stencil. Raborn is chairman of the Jaycees "Get Out The Vote" Committee. (Photo by Bookhardt)
