

Understanding Is Reached On Aims Of London Parley

President and Ramsay MacDonald Agree On 7-Point World Recovery Program

WASHINGTON, Apr. 26. (A.P.)—The United States and Great Britain linked up today for a seven-point world economic recovery program embracing tariff reductions and higher silver prices.

President Roosevelt and Prime Minister MacDonald agreed on a number of points of understanding on the world economic conference. It was said today that American and French economic experts attacked the program.

The program and MacDonald declared an increase in the general level of commodity prices; re-creation of commercial policies; reduction of tariffs, quotas and exchange restrictions; world expansion of credit; capital expenditures by governments to stimulate business; re-establishment of international monetary standards and improvement of the status of silver.

In summarizing their study of the debt problem, Mr. Roosevelt said:

"During the day the prime minister and the President have discussed the problems of the debt of the British government to the United States."

Both have felt the realization and the obligation and both believe that a real treaty is laid the basis of a clearer understanding of the situation affecting the two nations.

It would be wholly misleading to state that the plan or the agreement is better. It is the simple truth that thus far only preliminary explorations of many different roads have been conducted. The point to be emphasized is that with the most friendly spirit progress is being made. After the prime minister's departure these conversations can well continue in London and Washington."

Fleischer Charged With Recklessness Following Wreck

Irvin Fleischer, Sanford agent for the Fleischer Bros., and Danziger produce firm of New York City, is at liberty under a \$50 bond after being charged with reckless driving following a wreck near Orlando, Fla., yesterday morning.

Fleischer, a resident of the West Orange, Fla., and W. J. Connelley, of Orlando, who were victims of the wreck, today were still recovering from the cuts, abrasions and lacerations they received when the Fleischer car struck Connelley's Ford and turned it over on the Orlando road near the Little Theater home. The Ford was damaged while Mr. Fleischer's Plymouth coupe was only slightly damaged.

Fleischer is a young invalid who had been taken to a hospital in charge with his wife and sent to a hospital where he received treatment that enabled him to use his limbs again as at the Florida-Lauson Memorial Hospital, this morning. His physician said that he must remain there for "two or three" more days, and that he suffered a small broken bone in his leg and leg several months ago.

Mr. Connelley is a Time-Titan driver who suffered cuts and lacerations on his head, and a slight injury to his shoulder. He was driving a Ford toward Sanford with his wife and two children, and was struck by the Fleischer car on the road near the Little Theater home.

According to Deputy Sheriff O. K. Davidson, Mr. Connelley claims that he had his hand before the wreck, while Mr. Fleischer said that he did not see his hand at the time. It is said that Mr. Connelley's hand was severed from the steering wheel at the time of the wreck.

PUBLISHERS OF NATION NOTICE UPWARD TREND

See Marked Improvement in Public Confidence and General Business Conditions

NEW YORK, Apr. 26. (A.P.)—A marked improvement in public confidence and in general business conditions was noted yesterday by newspaper publishers from widespread industrial and agricultural areas.

In the South, Clark Howell, of the Atlanta Constitution, said the reaction to the pending legislation already has been extremely favorable as shown in an increase of cotton prices of approximately 1 1/2 cents a pound.

Mr. Howell said he felt "This is due more to reaction to the farm program than to reaction to the farm relief program."

"So long as kept under control, as it can be under pending legislation, I think the effect of inflation will be to increase commodity prices. That is the keystone of returning prosperity."

Col. Frank Knox, of the Chicago Daily News, said the action of the stock market in the last week "is a perfect example of what happens in a rising market. This is more fundamentally illustrated in the commodity market. There has already been a healthy increase in the price of many commodities, wholly by the expectation of inflation. When inflation actually comes, providing it is controlled, farm prices will go still higher and for most of the remedies proposed in the pending farm measure."

The President intends to name Nellie Taylor Ross, former governor of Wyoming, as director of the mint. Charles Adams, Arizona, who has been slated for the position of the civil service commission, probably will be shifted to some other post.

President Roosevelt's inflation project was the subject of stormy debate in the Senate yesterday with Republicans denouncing it as unconstitutional and as an "unavoidable shock to confidence" and Democrats defending it as a "conservative measure with no wild inflation."

Several compromises were reported in the making—efforts to strike out authorization of new coinage or purchase of new gold.

New administration leaders predicted its passage.

Assailing a trio of Republican opponents late yesterday and directing a stream of sarcasm chiefly at Senator Reed, Republican, Pennsylvania, leader of the opposition, Senator Pat Harrison, of Mississippi charged Andrew W. Mason was in a "conspiracy" with Ogden L. Mills and Reed to defeat the legislation.

He praised President Roosevelt for his "vision, courage and broad statesmanship" in seeking the power to stabilize currencies and assets.

Senator Reed denied he had been.

Gold Retrieved From Sunken British Ship

NEW YORK, Apr. 26. (A.P.)—A treasure in gold that has lain at the bottom of the sea since the British Cruiser Hampshire sank with Earl Kitchener during the World War is being salvaged, reports received here today.

The salvage ship, the West Orkney Island, has brought to the surface 15,000 pounds sterling in gold—the first of the treasure in the Hampshire's strongboxes. Details of the salvage operations were lacking.

Preparations Are Made For 2-Day Little Theater Tournament Here

Following weeks of careful preparation and planning, members of the Sanford Little Theater are ready to enter themselves today in a tournament to be held at the Sanford Woman's Club at 12:00 o'clock Friday morning. This meeting will be attended by all state officers of the Association, and by two representatives from each of the 18 organizations affiliated with the Association. The public may attend both the meeting and the tournament, which follows at the Montecarlo Hotel at 4:00 o'clock.

Four one-act plays will be presented at the Women's Club building on Thursday night and four on Friday night, starting at 8:00 o'clock. Teams will be selected and an attempt to announce the winning play will be made at the 11:00 o'clock meeting, the same after the fourth play, shortly after the fourth play, on Friday night.

The first play to be presented is "The Little Theater of Sanford," which is entitled "Shield, Iron."

German Students Launch Drive To "Cleanse" Their Universities, Libraries

BERLIN, Apr. 26. (A.P.)—Students of Berlin University, the Communist party, and the German League of Nations have launched a drive to "cleanse" their universities and libraries of books and materials that are "un-German" or "un-Nazi."

A committee has been entrusted with the task of "cleaning" the libraries. It has prepared a list of books which will be collected and burned ceremoniously as a "symbolic act."

The Deutsche Zeitung said it seemed that students throughout the Reich would erect pillars to the Reich's honor.

On them the black-listed books will be nailed before their destruction.

Students in Kiel University alone collected 2000 objectionable books.

CHILD OPERATED FOR REMOVAL OF TUMOR ON EYE

NEW YORK, Apr. 26. (A.P.)—Two-year-old Helen Vasco underwent the operation yesterday that two courts ordered, after doctors said it was necessary to save her life, and that her parents for weeks had opposed because it meant the loss of her left eye.

The surgery took just 15 minutes. It was performed by Dr. John H. Dunnington, assistant to Dr. John M. Wheeler, who removed a sarcoma from the eye of the King of Siam in 1931.

The little girl's condition afterward was described at the Presbyterian hospital as "satisfactory."

But physicians said her chances would have been better if the growth on her eye had been removed when it first was discovered.

Lozs Of Optic Necessary But Life May Be Saved By Action

NEW YORK, Apr. 26. (A.P.)—While an operation offers Lozs of optic necessary but life may be saved by action.

Dr. Goldstein was the academy's observer at the operation, as he was at the operation on the Siam king.

Two Men Are Hurt As Car Over-Turns After Hitting Pole

Claude Shoemaker and Leon Elliott, local men, received painful injury, and Mr. Shoemaker's Plymouth coupe was virtually demolished when at about 11:30 o'clock last night, the car side-wiped a telephone pole while rounding a curve near Loch Arbor subdivision on the Country Club road, and turned over several times throwing the men from the car.

Linton E. Allen, president of the Sanford-Atlantic National Bank, who arrived on the scene while motoring to his home just a few minutes after the accident, took Mr. Shoemaker to the Florida-Lauson Memorial Hospital where his wounds were treated and he was allowed to go to his home.

Mr. Elliott was brought to the City by Sheriff J. F. McClelland who was called to the scene just before midnight. Mr. Elliott was in a dazed condition and was severely cut and bruised. He spent the night in the County Jail, according to Sheriff McClelland but was allowed to go to his home today.

Degrees Are Given To Woodmen Candidates

Before a group of about 35 members of the local Woodmen of the World camp, I. E. Keller, H. O. Johnson, G. W. Bell, Charles Dorton, and W. H. Harrington, all local men, were given the lodge's protection degree by Master W. H. Hawkins and Captain John Lane.

G. C. Collins, consul commander of the lodge, presided over the meeting and led in the discussions which resulted in completion of plans for a representative attendance of local Woodmen at Trenton on May 7 when a monument to deceased Woodmen will be dedicated.

During the meeting, a committee that has the responsibility of arranging for a "float" party next Tuesday night at the club house, reported that the affair will be one of the most interesting staged in recent months.

CITY LAUNCHES ACTION TO CUT TOWN'S LIMITS

Almost Five Square Miles Of Property Will Be Excluded If Legislature Okeys

Nearly five square miles of farm and residential property with a 1932 assessed valuation of over \$30,000, most of it land that was taken into the City of Sanford during the "boom" period, will be voted out of the City by the State Legislature today if the City Commissioners at an adjourned meeting in the City Hall last night.

Meeting for the purpose of drafting a regulatory beer ordinance, and attending to the city limit question later in the evening, the group decided to reverse their scheduled procedure. After the adjournment of the city limit matter, three of the Commissioners remained to discuss the beer ordinance before declining to adjourn until Thursday night at 7:50 o'clock.

The bill defines the new City limits as follows: On the West, the line will start at a point in Lake Monroe to run directly south along the center of trapville Avenue to a point between 13th and 15th streets. Here the boundary line turns eastward for about four blocks to Jerry Street. The line then turns southward through a portion of the Lochart subdivision to Hughley Street, thence eastward along Hughley Street to a section line just east of Olive Avenue in Pinehurst. The line then turns southward five blocks to 2nd Street, and eastward five blocks to Mohawk Avenue. From Mohawk Avenue, the line runs north to the extension of Woodward Street to the west side of Mallonville Avenue. Thence northward to Geneva Avenue, eastward in the old City limit line which runs along the eastern boundary of Bell-Air and Buena Vista subdivisions. The line runs northward to Eighth Street where it logs westward about 60 feet to run northward through Fort Mellon and Marvonia subdivisions just east of Sumner Avenue.

Among the properties that will be excluded are sections of Marvonia, all of Woodruff's subdivision, Fort Reed, parts of Dreamworld, most of Lochart's subdivision, and several farm tracts including the Peter Thurston, Roy Snydes, and the Packard properties, as well as practically all of Ribault Forest.

The bill includes a provision preserving the tax liens and special assessments on all property to be excluded. According to figures prepared by City Clerk F. S. Lamson, the 1932 real estate valuation that will be excluded is approximately \$250,000. The bill.

Rotarians Discuss Gold Standard And Inflation At Weekly Meeting

Sanford Rotarians turned to the gold standard and inflation as subjects of discussion when they met at the Cotery Club in weekly luncheon yesterday.

In lieu of a program that was to include a talk by Linton E. Allen, president of the Sanford-Atlantic National Bank who was unable to attend the luncheon, the Rotarians staged a round-table discussion in which Randall Chase, E. O. Shinkholder, B. L. Maltbie and H. B. Pope took speaking parts.

Rotarian Chase read a letter from a friend in Boston who expressed his view of the recent developments surrounding America's going off the gold standard.

Rotarian Shinkholder confined his remarks to an editorial in a leading business magazine in which the steps leading up to America's decision to go off the gold standard.

Rotarian Maltbie, who qualified his few remarks by stating that "I am not an inflationist, for I do not believe in fiat money nor in a dollar being worth less than 81 cents in gold," also said that "While it was amusing, surprised and shocked by the government's ac-

Legislature Okeys Beer Bill But Tax Question Delays It

Cabinet Shake-Up Foreseen In Berlin

BERLIN, Apr. 26. (A.P.)—A cabinet shake-up in the course of which both Dr. Hugenberg, minister of economics and agriculture, and Baron von Neurath foreign minister, would fade from the political scene seemed today only a question of time.

This was indicated by numerous reports in government and political circles and by what was reflected in the press. Von Neurath is regarded as not vigorous enough to conduct the new foreign policy while apparently the Nazis feel that Hugenberg must be given up on the ground that he is too capitalistic and too reactionary.

ENTZMINGER AND HOLLY SOUND OUT PUBLIC OPINION

Desire Sentiment Of Debt Refunding Measure

Representatives R. J. Holly and C. W. Entzinger today appealed to the Herald to find out "the sentiment of the taxpayers" in regard to House Bill No. 150, known as the Debt Refunding Bill which provides for the supervision and fiscal control of certain Florida subdivisions and tax units by the Governor, the Comptroller and the State Treasurer, as constituting the Board of Administration.

"We have about come to the conclusion of supporting the bill," the representatives stated in a letter to the Herald today. Further, they state that "We expect to support any and all measures in which we discover a semblance of relief for the taxpayers."

Their letter is as follows:

"We have heard considerable approval and disapproval of House Bill No. 150, which provides for the supervision and fiscal control of certain subdivisions and tax units by the Governor, the Comptroller and the State Treasurer, as constituting the Board of Administration.

"We know very little about this bill, but judging from the opposition of the bondholders, the bankers, and also the city commissioners of the state we are led to believe that the tax-paying public must have some semblance of protection. Consequently, we have about come to the conclusion of supporting this bill. We are."

(Continued On Page Four)

Governor Won't Sign Until Regulatory Taxation Measures Are Finally O.K.'d

TALLAHASSEE, Apr. 26. (A.P.)—The Legislature today completed final action on three measures to legalize the manufacture and sale of beer and wine and sent them to the Governor for signature.

A fourth bill passed by the Senate and setting up a regulatory and taxing system for beverages was still under consideration by the House subcommittee.

Governor Sholtz, who recommended passage of the beer and wine bills said "I will be forced to withhold my signature from these three legalizing bills until the tax and regulatory bill is passed and given to me. I cannot sign the first three bills until I know what is in the fourth and how the manufacture and sale of the beverage will be controlled."

The Governor's pronouncement made it plain that beer and wine cannot legally be made or sold in the state until after the Legislature emerges from its deadlock on the tax and regulatory bill.

Legislators predicted the tax and regulatory bill will finally be approved and all four measures will become law by the end of the week.

The legalized flow of 3.3 percent beer and wine into Florida by the week-end appeared probable last night as House members made an agreement with the Senate on beverage legislation.

Three bills, passed in rapid order yesterday by the Senate and legislating beer and wine of not more than 3.3 percent alcoholic content, received equally rapid attention in the House prohibition committee yesterday afternoon.

By instruction of the committee, they were made special and continuing order of business in the House this morning.

Beer and wine advocates expressed confidence last night that the measures will be returned to the Senate before noon today for concurrence in minor amendments made by the House, and that shortly afterward they will be on their way to the office of Gov. Sholtz for his signature.

The Senate's bill for taxing and regulating the sale of legalized beverages struck a snag in the House finance and taxation committee last night.

The amendments to the beer legislation bills, which also were substituted by the Senate for a House approved bill, called for inclusion of fruit juices of 3.3 percent alcoholic content as legal for the bills to become effective as soon as they were passed by the Senate.

Social Workers To Hold Meeting Here May Third To Six

Millard Davidson, president of the Florida State Conference of Social Work will preside at the annual meeting of that body when it convenes here May 3. Mr. Davidson is superintendent of the Florida Industrial School for Boys located in Maclelland.

The conference officers are: Millard Davidson, president; Mrs. Raymond D. Knight, Jr., first vice president; the Rev. Randolph F. Blackford, second vice president; Jack A. Davis, secretary; J. C. Lanier, treasurer; Mrs. Emath Tuttle Cochran, Mrs. R. M. Shearer and Mrs. Howard Selby.

Conference committee chairmen are: The Rev. Randolph F. Blackford, of Leesburg, exhibitor; J. O. Lanier, of Jacksonville, financial secretary; Mrs. W. L. Morgan, of Sanford, hospitality; Karl Lehmann, of Sanford, arrangements; Mrs. Ruth Atkinson, of Tampa, membership; Judge D. A. Cheney, of Orlando, nominations; Mrs. William Smith, of Lakeland, publicity; Sherwood H. Smith, of Jacksonville, press agent; Mrs. W. R. Criswell, of Jacksonville, resolutions; Mrs. G. L. Jackson, of Tampa, time-keeper; and A. W. Eppel, of Tampa, secretary.

City Changes Law To Allow Sale Of Beer

(Continued from Page One)

Mr. Papworth argued that "if it was all right to help a group of taxpayers at one time, it is right and proper to do so at this time."

Mr. Papworth also asked and received permission as custodian of the Municipal Baseball Field to allow a certain group of persons to sell advertising space on the fence inside the ball park. The City is to receive 10 percent of the proceeds, he said.

The Commissioner, granted Dr. C. M. Mitchell permission, subject to approval by Inspector G. P. Paxton, to construct a garage at Sanford Avenue and 11th Street, and instructed City Attorney F. R. Wilson to investigate what steps may be taken by the City to secure a license fee from out-of-town bakers whose trucks operate in the City.

The Commissioners turned down a request from the Seminole Football Association that they be permitted to appoint a man from their group, who will be inspected as an assistant sanitary inspector so that he might aid Mr. Paxton in enforcing the recently passed egg ordinance.

They also turned down a resolution offered by the Sanford Medical Society asking the City to endorse a bill to be sent to the Legislature and requiring that all automobile drivers be licensed and required to carry liability insurance that will at least cover the costs of damage to life or property in case of an accident.

The Commissioners instructed Clerk Lamson to write heads of the Seminole High School Agricultural Department that a water rate bill now more than four months old must be paid within a few days or the water will be cut off. The Commissioners had ordered that the bills be held up for several weeks because the Department's funds were at low ebb. The Commission was asked last week however, and the reply was that the Department's funds still are low.

Officials of the Touchton-Sanford Drug Co., who complained against a high personal property assessment on their stock and fixtures during 1931 and 1932, were ordered advised by letter that an adjustment cannot be made until next year. The drug firm offered sworn statements to the effect that the stock and fixtures were valued at only \$3200 in 1931 while in 1932 the stock and fixtures were valued at about the same figure and the assessment was \$5000. They further stated that the present value of the properties is \$4300.

David Cooper, Sanford youth who plans to construct a boat yard on the lakefront, sought permission to use the city-owned "P. D. S. dock" by leasing it. He was told to prepare a sketch of his proposed enterprise, as well as a definite statement of his proposition, and to bring it to a Commission meeting on May 8.

G. W. Spencer, representing Mrs. J. T. Griffin, operator of a tea room in the city-owned yacht club building, asked for an extension of the lease on this property and was advised that the Commissioners will take the matter under advisement and render a decision at the May meeting.

When the Commissioners met tonight they will not only draw up a regulatory beer ordinance, but will discuss shrinking the City limits by eliminating considerable

Possible Coalition To Combat Gold Clause In Inflation Bill Is Rumored In Senate

(Continued From Page One)

entire inflation program because in his opinion sufficient safeguards had been added by the committee.

"The country needs expansion of the currency and credit," said the veteran Florida Senator. "An amendment in the committee, the amendment safeguards control of expansion."

Facing crowded galleries and a full attendance that dwindled perceptibly as the day wore on, the tall, silver-haired Thomas officially started debate with a declaration that his inflation amendment to the farm bill involved possible transfer of two hundred billions from underserving creditor to deserving debtor classes.

Tydings, asked by questions from the opposition leader, Reed (R., Pa.), then contended America had enjoyed a 36 billion dollars favorable trade against the world in the last 30 years, adding:

"This inflation means a policy of isolation. This is a policy of America living unto herself. We are saying goodbye to the rest of the world in the last 30 years we fact more by 26 billion dollars to the world than it sold to us."

Tydings estimated inflation would cause direct and indirect employment of 22,000,000 people who would have to be supported by the government.

Declaring the "reign of Mellon, Mills, Morgan and Mitchell closed on Mar. 4," Thomas summed up his long argument for inflation by saying:

"Owners of bank deposits will immediately begin to convert cash deposits into commodities, real estate, and property, to secure the benefits of the advance in price and value."

"Owners of collateral will begin immediately to negotiate loans in order to be able to take advantage of the rising prices."

"Merchants will begin to place orders for goods to restock their empty shelves."

"Wholesalers will begin to place orders for additional stocks to supply increasing demands."

"Manufacturers will take chances on opening their factories, thus making demands for raw materials."

"Such activities will make business for the railroads, transportation companies and the banks."

"Labor will be employed and additional demands will arise for the products of the farmers, hence stimulating and raising farm and commodity prices."

"Bank credit and bank deposits will be thawed out and banks will become active once again."

"Value will be replaced in all kinds of collateral and securities."

"Credit will be in demand and will begin to expand and revolve."

"The people will be able to secure money with which to pay taxes, interest and debts."

"The amendment, if adopted, will continue the advance now quoted in all lines of public and property on three sides of this City. A short discussion of this matter arose last night but the viewpoints of the Commissioners were so at variance that the matter was tabled until tonight.

MENUS

The Shredded Wheat Company, which started an advertising campaign in our paper on Apr. 21, has prepared and tested two new receipts which it recommends especially for southern housewives.

They are as follows:

SHREDDED WHEAT CREOLE
6 Shredded Wheat Bisuits.
2 cups hot meat stock.
2 tbsps. bacon fat.
2 tbsps. minced green pepper.
2 tbsps. minced onion.
2 eggs; salt and pepper.
2 tbsps. tomato catsup.
Crumble Shredded Wheat biscuit mix with hot fat, meat stock; mix with bacon fat, onion, pepper, beaten egg yolks, seasoning and catsup. Fold in stiffly beaten egg whites. Turn into a buttered baking dish and bake 30 minutes, in a moderate oven (375 degrees F.) serve hot with grilles tomatoes. 6 portions.

SHREDDED WHEAT OMELET
2 cups milk.
3 egg yolks.
Salt and pepper.
1 tbsp. parsley chopped.
1/2 cup Shredded Wheat Crumbs.
3 egg whites.
Mix the first five ingredients and fold in stiffly beaten egg whites. Pour into well buttered frying pan and cover. Let cook over low flame until set. Fold omelet and serve with tomato sauce. 6 portions.

SMOKIE

CAT SHO' WUZ TOUGH 'BOUT MRS. THOM'S!

WOT'S DE TROUBLE?

DIDN'T YO' ALL HEAR DE NEWS?

NO!

WHY—DEY DONE BURIED HER LAS' FRIDAY!

BURIED HER? AM SHE DEAD?

AH SHO' HOPE SHE AM!

SO DIS AM DE SAFE DAT YO' ALL HAS DONE BEEN TELLIN' 'BOUT!

SAY—YO' BETTER HIDE IN IT. AH THINK AH HEARS DE BOSS COMIN'.

S'ALRIGHT, COME ON OUT—IT WUZNT HIM.

AH CANT—YO' DONE HAS GOT TO OPEN IT.

BUT—YO' HAS DE COMBINATION IN YO' POCKET!

AH! I'LL READ IT TO YO'!

BY GAWD, AH ALL CAN SEE IT! DE!

The Biggest Problem of All

One of the most encouraging signs on the business horizon was the announcement in Washington yesterday that President Roosevelt and Prime Minister MacDonald...

When America settled its war debt problems several years ago, the general public breathed a sigh of relief in the belief that the settlement was final. There were, however, many individuals who did not share this belief...

But that is not all. Because the United States with its vast mineral and agricultural resources and its highly industrialized manufacturing centers is the richest country in the world...

So far, the balance in our favor amounts to \$38,000,000,000, or more than three times the present principal of our foreign debts...

Sanford will be the mecca this week of many amateur actors who will participate in the state Little Theater one-act play tournament...

At the conclusion of the tournament, the winners will be announced. It is expected that the winners will be from the Orlando Little Theater...

The holding of this event in Sanford should arouse interest in the Little Theater movement such as nothing else could do. It will be the medium for a better understanding and conception of what the Little Theater has meant to other towns and how far along the road to historic distinction they have traveled...

The Little Theater Tournament is being held in Sanford, Fla., this week. The tournament is a contest of one-act plays...

The Little Theater Tournament is being held in Sanford, Fla., this week. The tournament is a contest of one-act plays...

The War Debts At A Glance

When America settled its war debt problems several years ago, the general public breathed a sigh of relief in the belief that the settlement was final.

Table showing CEXLATORY DATA for various countries including Belgium, France, Great Britain, Italy, Czechoslovakia, and Poland. Columns include months from 1916 to 1932, and various financial figures.

At the close of the meeting, the members of the club were advised to meet again on Monday night next.

At the conclusion of the tournament, the winners will be announced. It is expected that the winners will be from the Orlando Little Theater...
