Odd Names

Hobbies may be both enjoyable and educational. In these senses they become an interesting past-time for an individual.

In selecting a hobby, I wanted one that would be interesting, enjoyable, and educational. I found such a hobby—collecting odd names of famous people. This hobby as it has developed the last three years has afforded me knowledge that I would probably have overlooked had I not had concern created by my hobby. A portion of my collection of 400 names is given in the following paragraphs.

JUAN DEMOSTHENES AROSEMENA was once president of Panama. An Italian general is **ANNIBALE BERGONZOLI**, now a prisoner of the British army in North Africa. **FRIEDRICH von BODELSCHWINGH** was a German psychiatrist, while **FRANTISEK CHVALKOVSKY** served as Czechoslovakia's foreign minister under that nation's third president, **EMIL HACHA**. During the term of **DRAGISHA CVETKOVITCH** as Yugoslav premier, **ALKSANDER CINCAR-MARKOVITCH** was foreign minister. The Vichy-France ambassador to the United States is dapper **GASTON HENRY-HAYE**, former mayor of Versailles. Premier of Bulgaria for a number of years was **GEORGES KIOSEVANOFF**, who was succeeded by **BOGDAN PHILOFF**. **HUGHIE KNATCHBULL-HUGES-ECHE** served as British envoy to China for several years.

Believe it or not! United States congressmen are **LEO KOCKALOWSKI**, **O. HALE BOGGS**, **A. N. MACIEWSKI**, **KARL E. MUNDT**, **VITO MARCANTONIO**, **ADOLPH J. SABATH**, **RUDOLPH G. TENEROWICZ**, and **RICHARD B. WIGGLESWORTH**. American football players include **ALEXANDER WOJCIECHOWICZ** (formerly at Fordham), **JOE ANDREJCO** (Fordham), **STEVE PILPOWICZ** (Fordham), **JOHN WYHONIC** (Alabama), **RALPH HEIKKENEN** (formerly at Michigan), **FOREST EVASHEVSKI** (formerly at Fordham), and **FRANK KINKADE** (Georgia). Other citizens of the U. S. are **DANA XENOPHON RIBLE**, head coach at the University of Texas; **MARION A. ZIONCHECK**, late congressman from Washington; **NICHOLAS STRINCEVITCH** and **SEBASTIAN SISTI**, both big league baseball players; **MURRAY SEASONGOOD**, former mayor of Cincinnati; **LEWIS B. SCHWELLENBACH**, former United States senator from Washington; **MARIE OUSPENSKAYA**, veteran movie actress; and **JOHN C. B. EHRRINGHAUS**, ex-Governor of North Carolina.

The premier of Norway when that country fell to the Nazis was **JOHAN NYGAARDSVOLD**. **ARTHUR VONSEYBZ-INQUART** was a leading Nazi in Austria in 1938 when that country was annexed by Adolf Hitler's Germany. Austria's premier in 1938 was **KURT VON SCHUSCHNIGG**. Finland's first president was **PEHR EVIND VINHUFVUD**; her second president was **KLOSSI KALLIO**; her present leader is **RISTO RYTI**. Russia's three leading generals in the campaign against Nazi Germany are **SEMYON TIMOSHENKO**, **KLEMENTI VOZNEHILOV**, and **SEMEON BUDYENNY**. The Dutch East Indies commander is **HEIN TER POORTEN**.

A great variety of different classes of famous people are included in this collection. Included in this article are some of the recent additions to my collection. We learn, through this discussion, about some personalities whom we have never heard of before.

—By Edward Marshall

S.H.S. SASSIETY

By **PATTY HODGE**

After two weeks of glorious holidays, we're back to the old grind with happy memories of Christmas dances, parties, and other holiday fun.

The Celery Fed dance was just sparkling with new clothes! Dating for the dance was **MOT WIGHT** in a gold satin evening dress and **ORFEN FARRELL** in his new earth-brown suit. **LEROY HODGE** acquired **CONNIE McCALL** who looked prettier in teal blue and rose taffeta topped with an old-fashioned collar of camellias, rosebuds and tuberoses.

HELEN HUTCHISON and **BETTY KING** wore dresses of blue chiffon with bands of silver brocade around the midriff and outlining the square neckline. **LUCY WARD** appeared in aqua taffeta with a corsage of pink roses.

The general chairman of the dance, **HERMAN**, escorted a girl who wore a stop-light red dress and a gold lavatera on a velvet ribbon around her neck. Her name? **GLADYS PIPPIN**. Lending an angelic touch was **KINKY WIGGIN** in a gown with a white brocade bodice and a bouffant skirt of white net. **SHIRLEY CAMERON** looked glamorous in a lady-blue chiffon with gold beading around the neckline.

At a coco-cola party preceding the dance, we noticed that attractive brunette, **JANE THIGPEN**, in a luscious red chiffon with large puffed sleeves and also **ANN WIGGINS** in dainty baby blue trimmed with matching lace.

Giving the dance that certain dignified air was **EARI JETER**, **HILL BRANAN**, **MACK CLEVELAND**, **LAND MILLER WILLIAMS**, **KENNY ECHOLS**, **GLEN O'BRIEN**, and **MCKAY TRULUCK** all wearing tuxedos.

Next in the line of dances was a tea dance at which **SHIRLEY ECHOLS** was stunning in a wide striped dress of brown, beige, and wood-rose. **GENE CASWELL** over from Orlando wore white wool and silver costume jewelry. **BETTY WILKINSON** looked pretty in a blue tailored frock and **EARI JETER** was jokin' around her all this year.

Much to the disappointment of our Sanford friends, the new dancing post-graduate is **SYLVIA MEISCH**'s most, (ditto big sister, **ANGELIA**).

Wanted: Information leading to names of girls whom **BIKEWOOD JACOBSON** has been receiving letters from.

Miss Edna and Miss Laura Chittenden spent most of the holidays with their brothers in Arlington, Va. While there they visited the United Art Gallery. Their aunt included a Mr. Mountville, S. C., where they enjoyed a peregrination of Washington, D. C.

Miss Fort enjoyed a present holiday season with relatives in Spartanburg, Ga.

Miss Dunlap dropped in on her family circle for the Yuletide festivities in other towns.

Miss Harrison and family spent a cozy Christmas at home pending the arrival of old St. Nick.

Mr. King went ahead of the times by attending a meeting at Tallahassee of the Program Committee of the Social Relations Section of the Florida Education Association.

Miss Buhman was captivated by the snow at Urbana, Ill., and Indianapolis, Ind., where she visited with relatives.

Mr. Durden journeyed to Chattanooga, Tenn., where the smiling relatives in greeting.

Miss Takach visited friends in Jacksonville the last week of the holidays. She also delighted in showing her skill at "ratcheting" fish.

Miss Karle spent her free time catching up on her eating, sleeping and reading.

Miss Lawton passed the holidays caught in the whirlwind of social activities in Oviedo.

New Game Is To Be Introduced Soon

At last! The great moment has arrived—You students can, in the near future, witness the great game between the two outstanding couples for the championship in tennis doubles. The girls have just finished the round-robin that they have been playing off for the last few months. Not only that, Miss Takach will be watching for the best players to stand to Gainesville or Jacksonville, whichever is decided upon, for the State championship. The number to be sent will be determined at the next Athletic Association meeting.

Yes girls—great things are afoot for the remainder of the year. Basketball the next six weeks, outside soccer for a few gym days (this is to be held at the school), and then tennis for another hockey. Girls who are interested in tennis should contact **SCOTTER-HOCKEY** either than Southern College, S. H. S. is the only school to have it. We were lucky that the scouts arrived a few weeks ago—they have rubber tires.

After we have scouted around a month we'll send our last month of school taking a "course" in rhythm. See ya' truckin' gals. —Marguerite Keys

S. H. S. Ramblings

By **HUJUNTY**

The rambling wrecks who used to be S. H. S. and confidentially they need another two weeks to recuperate from the zany festivities of the holidays.

It is stated that **WILLIAM BRANAN** for **MARTHA WIGHT** but our latest column tells us that she says definitely it's **ORFEN FARRELL**.

We know a certain young man about school who is slowly dying to meet **MARTHA PAGE**. He has had a crush on her all this year. Much to the disappointment of our Sanford friends, the new dancing post-graduate is **SYLVIA MEISCH**'s most, (ditto big sister, **ANGELIA**).

Wanted: Information leading to names of girls whom **BIKEWOOD JACOBSON** has been receiving letters from.

Civil Service Positions Are Offered Students

By **JACK HERRING**

Are you one of the many fortunate graduating seniors who must enter the world to make a living for him- or herself immediately following commencement? If so, have you taken a course in typewriting or shorthand? If you have, you are a lucky person. One is prone to think of the war and National Defense in terms of soldiers and sailors but there is much slack to be taken up elsewhere.

The Government has now approximately 85,000 stenographers, typists and secretaries of those payroll, but thousands more are needed to take the dictation of the thousands of executives and scientists who officers and transcribe it into typewritten documents. Some of this material is of lasting importance and some of it will set into motion Government events of historical consequence.

The positions pay \$1,440 a year to start, with a good chance for advancement to position of greater responsibility, such as secretary positions, in the case of those who have the ability.

The examination announced by the Civil Service Commission for stenographers is open until further notice. The examination consists of a dictation test at 96 words a minute and transcription of notes. All students of Seminole High School who are able to qualify for these positions have been urged in a special bulletin from the Civil Service Commission to apply immediately.

The proper application form may be obtained from the Secretary of the Board of U. S. Civil Service Examiners at any first or second class post office from the U. S. Civil Service Commission at Washington, D. C.

This is an excellent opportunity for young men and women of their country and serve themselves at the same time.

P. T. A. Meeting At Seminole High School Tuesday

The P. T. A. at its meeting Tuesday, Jan. 6, voted to give their approval for Coco-Cola to be sold to the students in the classrooms at Seminole High School. It was also unanimously agreed to give a contribution to the American Red Cross.

The P. T. A. voted to recommend to all young people's social organizations that no dances be held on school nights and that those held on Friday night ended at twelve o'clock. There was a larger percentage of senior mothers present than in any other class.

J. L. Ingley, general chairman of the National Defense Council in Seminole County, gave a report of the activities of the many national defense committees in this County. Mr. Hart Peterson, executive secretary of the National Defense Council, was also present.

Changes In S. H. S. Faculty Are Made

Mr. Fort, teacher of Science at the high school, has taken over the home economics classes of Mrs. Mary Stone, who has been forced to retire on account of ill health. Mrs. Stone is substituting in the chemistry and biology classes until regular teacher can be appointed.

Mr. McKay reports that many applications have been received and it is assured that a competent teacher will be selected.

Dr. Hamilton Holt Speaks To Seminole High Student Body

Information Is Given On F. B. I. Positions

By **BILLY FIKLER**

How many of you seniors would like to become a member of the FBI? If you want to take up fingerprinting and you have a high school education and are eighteen years old you have a chance to obtain appointment in the fingerprinting section of the FBI. The following letter was received by Mr. McKay:

Dear Sir:

Inasmuch as you are vitally interested in assisting the graduation of your school in obtaining employment, I thought that you would like to have some information with respect to the positions available for high school graduates in the Federal Bureau of Investigation.

Applications are presently being received in connection with the expansion program of the Federal Bureau of Investigation. Young men and women between the ages of eighteen and thirty-five who are eligible for these positions. Primarily, the work to be performed will be in the fingerprinting section of the Bureau and the young men who are successful in obtaining an appointment will receive training in the science of fingerprinting. Young women will be assisted to such duties as filing and if, in addition, they have the ability to pass a typing test, they can be considered for work in the typing sections of the Bureau. These positions pay a salary of \$1,440 per annum to start.

Appointment to a position in the Federal Bureau of Investigation is based primarily upon the individual merits and accomplishments of each person. The opportunity for advancement is greater at the present time than it has been at any time in the past. The increased personnel necessary to carry on the work assigned to the Federal Bureau of Investigation and the National Defense program has very naturally increased the number of supervisory positions which, of course, means that employees who are qualified to handle such positions have a much better chance of obtaining these positions at present than in the past.

Those individuals who fulfill the above requirements may obtain application blanks by writing direct to Mr. Edgar Hoover, Director, Federal Bureau of Investigation, Washington, D. C., or by communicating either by letter or in person with this office.

I would like to suggest that the above information be made available to Mr. McKay, and application received will be given very careful consideration.

Sincerely Yours,
 Special Agent in Charge.

Dr. Hamilton Holt of Rollins College was the speaker of the morning at the regular chapel program at Seminole High School last Thursday, Jan. 8.

Preceding Dr. Holt's address were two pupils of the Rollins College School of Music, Naomh Ferguson, contralto and Milton Schrenfeld, pianist. Miss Ferguson illustrated her exceptional ability when she sang "Lead Me to Languish" by Handel and "Joy" by Krueger. Miss Schrenfeld showed her mastery over a piano when he played a modern classic as well as a Chopin Etude in F Minor.

Mr. Holt began his address by stating that when he came to Rollins 16 years ago, he planned to make it a reconnoitering station of learning. This was accomplished by limiting the student body to 500 pupils; by securing teachers with good qualifications; by securing good students; and by moving the school to a beautiful campus.

Mr. Holt continued by explaining that the number of students was regulated so that the school would not grow too large. A small school adequately supplied is much better than a large one where a professor may teach a class of 60.

"The one who gets his inspiration from books, and the one who gets his inspiration from life," Mr. Holt said, "are the combination of the two. They are the kind that were secured by Rollins."

The speaker stated that many colleges require entrance examinations while others accept a certificate from your high school principal. Mr. Holt explained that a recommendation from the principal and a high scholastic standing were essential for entrance to Rollins.

The speaker concluded by inviting everyone to go over to Rollins to see the "Walk of Fame," which is composed of stones of the homes of many important Americans; the famous chapel and the shell room, which contains many unique specimens.

The students of Seminole High School enjoyed this program very much and they will look forward to the return of Mr. Holt.

Welcome new students! Flora Lee Miller from Texas and Mary Louise Dix from Georgia. We hope you will enjoy the remainder of the school year.

OVIEDO

Oviedo Future Farmers making final plans for their annual Father and Son Banquet to be held January 18. Out of town guests have been invited. Claude Jones, state president of F. F. A., will be guest speaker. Miss Balkcom and the home economic girls are in charge of the food and table arrangements.

The local P. T. A. meeting was held in the home economics buildings on Jan. 8. Judge Ware of Sanford, guest speaker, spoke on "Building Today for Tomorrow" and also on the buying of defense stamps and bonds.

GOING PLACES

S. H. S. is sorry to learn that Mrs. Mary Stone will not be able to return to school this semester because of illness.

APPEAL REJECTED

WASHINGTON, Jan. 10—(AP)—By 45 to 3 vote, the senate Friday rejected a personal appeal of President Roosevelt and gave the Secretary of Agriculture, Henry Wallace, power over wartime price ceilings on farm prices.

BLUE NETWORK

NEW YORK, Jan. 10—(AP)—Formation of the Blue Network Company, Inc., to take over and operate radio stations owned by the Blue Network division of the National Broadcasting Company was announced Friday by David Sarnoff, president of Radio Corporation of America.

Vocational School

We begin the new year with new people enrolling. The new pupils are: Betty Lou Fish, Bruce Bolt, Dorothy Pearson, Mrs. Jack Standifer, Mrs. Hollyhead, Mrs. Graham, Helen McGill, Tony Fakes, Betty Hawkins, Mrs. McCall.

The pupils who hired out over the holidays are: Rebecca Leach and Company, Betty Colbert, Duke and Roy of Orlino, Geraldine Patra, Mrs. Spencer, and Carol Jean Nix and Del Rungy are working on a defense program for Mr. Leary.

Everyone reports that winter was very good to them and brought them the things they wished for most. Miss Holch especially enjoyed her holiday as she got a trip to Miami. Mrs. Maxwell was very happy to have her car, who is stationed at Hialeah, return home for several days.

You may still enroll in the beginning classes in Typing, Bookkeeping, Office Management, Bookkeeping, and Civil Service.

We are very proud of Miss Wiggins, a former student of the Vocational School, who has been named to the Civil Service Commission.

Regulation Of Flow Of Tourists Obscure

JACKSONVILLE, Jan. 10—(Special)—No official effort will be made by the federal government to restrict the flow of tourists to the state to meet postwar expectations, Harold Cates, vice president of the Florida State Chamber of Commerce, was reported in a telegram received today from the office of Price Administration Loan Henderson in Washington.

An executive had been requested to determine the state that the federal government planned to place restrictions on foreign travel. Cates said that if there was any such restriction, it would be made for each state. The only restriction today placed on tourists is the requirement that they must have a passport.

Cattlemen In State Have Fine 1941 Year

TALLAHASSEE, Jan. 10—(Special)—The year 1941 gave Florida cattlemen the best year they have had in many years, Nathan Mayo, Commissioner of Agriculture, announced today.

Mr. Mayo said sales made at the State Livestock Market last year had been \$11,000,000, a record for the state.

Number Of Students Increase At F.S.C.W

TALLAHASSEE, Jan. 10—(Special)—In a year marked by a slight enrollment decline in American universities and colleges due largely to the Selective Service Act and the attraction of defense jobs, Florida State College for women established its highest Fall registration history with approximately 1,000 students enrolled.

Florida State College also continued to rank as third best state women's college in America.

Motion Pictures Of State Towns Taken

DELAND, Jan. 10—(Special)—Many communities in Florida are taking motion pictures this winter of their scenery, points of interest, fertile fields that are helping industries to be shown in the Sunshine Theatre of the Florida State Exhibit on Atlantic City's Ocean Boulevard next summer.

Tampa, St. Petersburg, Palm Beach, Miami Beach, Lake County, Orlando, Lake Wales, Ocala National Forest, Deering Hot Springs, Marianna, Marianna, Seaside Springs and Ruston are among the communities and organizations using this effective form of advertising with splendid results.

"This service is offered free to all Florida communities and other organizations serving the public," stated Earl Brown, exhibits manager.

Cattlemen In State Have Fine 1941 Year

TALLAHASSEE, Jan. 10—(Special)—The year 1941 gave Florida cattlemen the best year they have had in many years, Nathan Mayo, Commissioner of Agriculture, announced today.

Mr. Mayo said sales made at the State Livestock Market last year had been \$11,000,000, a record for the state.

German Propaganda

If there is anything which the people of the democracies should have learned from the Nazis during the past few years, it is that under no circumstances can they be trusted. So when reports, emanating from German propaganda sources, indicate that Germany is about washed up, we should realize that this is just a trick and that the German high command is preparing some new thrust with which it hopes to catch us off our guard.

Undoubtedly there have been serious German reverses on the Russian front and the failure to take Moscow and Leningrad before winter set in has forced the Germans to withdraw to some previously prepared defense line. In any such withdrawal there are bound to be heavy casualties and perhaps even the appearance of a general rout, but whatever the facts of the situation, it would serve the Russian purpose, and the German as well, to exaggerate the losses.

It is quite likely that there has been some dissension between Hitler and his generals, particularly since the failure to end the Russian war in one season, and it is customary under such circumstances for the commanding general to be removed from office. And, as the war goes into its third winter, and the shortages in Germany become more acute, the German people themselves are doubtless becoming more and more restless.

It would be a mistake to assume, however, no matter how wide the rift between Hitler and his generals, that the prosecution of the war will not be continued as effectively as in the past. A dozen generals could be fired from office and it would make no difference in the outcome of the war, any more than if the same thing happened in Britain or America. Hitler himself could be thrown into jail or shot, and the war would go right on until Germany is thoroughly beaten.

It is worthwhile remembering that last Spring while Germany and Russia were still enjoying their treaty of perpetual peace, the flight of Rudolf Hess to Britain raised hopes in the hearts of most of us that Germany was on the verge of an internal collapse. It was inconceivable that this Number Three Nazi could be compelled to flee from Germany unless there was a considerable number of discontented followers in Germany.

And yet within a few weeks of his flight, Germany not only did not suffer a revolution, but actually launched a new and violent attack against Russia which all but took her completely by surprise and perhaps would have succeeded if the leaders of the Democratic world had been sufficiently glib to have allowed the propaganda which Rudolf Hess had brought with him from Berlin to London.

And so it may well be that Germany today is laying the foundation for some new attack. The world is being lulled into a calm and restful sleep by reports of terrific German losses, of rebellion in the Army ranks and of trouble among the people and between various official factions. And just when the rest of the world is convinced that Germany is about to fall from an internal combustion, all hell will break loose on a brand new front.

What You Should Eat

The government's campaign to get us to eat our way to victory—to eat the right kinds of food in order that we will all be stronger and better able to resist hard times—should be a thing we should naturally want to do anyway.

The men who go in the army will suffer less and those of us who stay at home will be happier, if we see to it right now that we do everything possible to make ourselves physically strong.

Many government workers are busy planning diets for us which will accomplish this end. As a result of detailed study of the problem of correct eating, they have listed seven foods that should be eaten daily to keep us in the best possible state of health. Those foods are:

1. Milk—at least a pint for everyone. More for children—or cheese, or evaporated milk.
2. Oranges, tomatoes, grapefruit or raw cabbage—at least one of these.
3. Vegetables—green, leafy and yellow — one big helping—some raw, some cooked.
4. Potatoes and apples — and other vegetables and fruit.
5. Lean meat, poultry or fish—or sometimes dried beans or peas.
6. Eggs—at least 3 or 4 a week, cooked any way you choose.
7. Bread and cereal—whole grain products or enriched bread and flour.—Suwannee Democrat.

YOUR FEDERAL INCOME TAX

NO. 5 FORMS FOR MAKING RETURNS

Forms for filing returns of income for 1941 have been sent to persons who filed returns last year. Failure to receive a form, however, does not relieve a taxpayer of his obligation to file his return and pay the tax on time—on or before March 15 if the return is made on the calendar-year basis, as is the case with most individuals.

Forms may be obtained upon request, written or personal, from the office of collection and from deputy collectors of internal revenue in the larger cities and towns.

A person should file his return on Form 1040, unless his gross income for 1941 does not exceed \$2,000 and consists wholly of salary, wages, or other compensation for personal services, or 3 1/2 percent interest, annuities, or royalties, in which event he may elect to file on Form 1040A, a simplified form on which the tax may be readily ascertained by reference to a table contained in the form.

The return must be filed with the collector of internal revenue for the district in which the taxpayer has his legal residence or principal place of business, or, if he is a resident of a foreign country, in the district in which he has a permanent abode.

vides a simplified method of computing income tax in the case of individuals whose gross income is derived wholly from salary, wages, or other compensation for personal services, dividends, interest, rent, annuities, or royalties, and does not exceed \$2,000. A new Form 1040A has been provided for taxpayers who are entitled to and elect to use such method. A table on the reverse side of the form shows the amount of tax on increasing amounts of gross income after the proper allowance of \$400 for each dependent, if any.

The tax under the simplified method is the same for each \$25 block of gross income and the taxpayer need only ascertain in which block his gross income (less allowance for dependents) falls to determine his tax. A flat reduction of 10 percent has been made in arriving at the amount of tax shown in the table for deductions such as charitable contributions and taxes paid, so that the taxpayer who uses this method does not lose the benefit of such deductions.

Under the simplified method the amount of a person's tax for the year is determined on the last day of the taxable year in the governing form in the instructions for the simplified method.

"SHADOW OF THE THIN MAN"

YOU'RE TELLING ME!

By WILLIAM HITT
 Central Press Writer

IN THE YEARS to come it will be easy to discover if a person is a Jap. If he doesn't blush with shame at the words "Pearl Harbor" and "Manila," he ain't.

Since it's sheer suicide for a Japanese ship to encounter a Dutchman, Zedok Dumbkopf thinks the Japs should rename all their merchant vessels S. S. Harikari.

The man at the next desk wonders if Professor Albert Einstein has as tough a time as we do figuring out why the furnace fire won't go going these January mornings.

A puzzle to which no one

probably will ever discover the answer is just what is the Japanese interpretation of what constitutes international law.

A leopard does not change his spots and neither, sadly comments Grandpappy Jenkins, does a Christmas tie.

The other day we read of an Indian so old he could recall "way back when every Indian male wasn't a chief and every squaw a princess."

It may be a common cold to the rest of the folks, but the fellow who's got one is certain that it is extra special and that there never was one like it before.

Buy, Eat, Drink Citrus

If we Floridians considered our prime, leading, immediate revenue source one-tenth of 1 percent as seriously as we view the world war, our financial problem would be eased.

It is not only golden in color but golden in actuality. The "waller" gold in oranges, grapefruit and tangerines await only our concerted buying, consuming efforts to become a veritable Fort Knox.

A circulating dollar is the one that has value — not the one that is hoarded. The golden citrus yields gold only as it turns, spins, and is transformed into health, and health, too, means wealth.

Jaycees would move fruit locally, that is, within the State, not exceed \$2,000, or they may file a single joint return on that form if their combined income is from the grossed source and does not exceed \$2,000. If they file a separate return the tax liability of each under the simplified method is the tax imposed upon a single person. If husband and wife file separate returns and only one elects to make a return on Form 1040A, the tax liability of the one so electing is the tax imposed upon a single person. If they file a single joint return, or if only one spouse makes a return because the other spouse has no gross income, the tax liability is the tax imposed upon a married person.

Governor Holland has named January and February as Citrus Months . . . for greater citrus consumption in Florida.

In Florida 2,500,000 persons, local and transient, do not have to pay 25 cents for one-half grapefruit as prevails in many Washington, D. C., restaurants, for instance. Five cents for half a grapefruit here is a whole of a good profit for the growers, shippers, industry.

So get busy folks. Help the Jaycees, help the growers and shippers and packers and industry.

Help yourself — that's the point. Eat, drink, consume citrus until you're "bursting" for the next two months, and at the same time help improve your economic, financial standing.

DRIVE SAFELY and—

Change Your Oil Often!

Black, grimy oil is a danger sign in your car! When you drive in today for gas, let us check your oil, too. Maybe you've forgotten to change it for a long while. A check-up will make certain and costs nothing.
