

DECISION MADE TODAY TO PRESS DEBT REFUND BILL AND SOLDIER BONUS BILL

Reached Today by Republican Senators in Conference
TO DISCUSS DETAILS

SECOND MEETING CALLED FOR TOMORROW TO DISCUSS DETAILS OF EACH

(By The Associated Press)
WASHINGTON, Jan. 18.—A decision to press the first Allied debt refunding bill and next the soldiers bonus bill was reached today by the Republican senators in their first conference of this session of congress. The second conference is called for tomorrow to discuss details of the two measures. Opposition to the bonus bill developed but it was announced officially motion to place it second on list was carried by a large majority.

ROTARY CLUB LADIES NIGHT, ONE BIG TIME

ROTARIANS AND ROTARI-ANNS HAD MOST PLEASANT EVENING AT VALDEZ HOTEL

The Rotary Club chalked up another good time in the history of the club last night when the club had "ladies night" at an evening meeting and luncheon in the Palm Room at the Valdez Hotel.

The entertainment committee arranged a good program and President H. R. Stevens calling the meeting to order paid the ladies a fine compliment and said he hoped to have them present at least once a year at the meetings of the Rotary Club. He then turned the meeting over to R. J. Holly as toastmaster and song leader and there was something doing every minute for over one hour. The members and guests hardly had time to enjoy the excellent menu served by the popular Valdez Hotel in their usual capable style. The Rotarians and Rotari-Anns joined heartily in the songs and every member of the club was called upon to say something or do something. The toastmaster picked on Randall Chase as one of the new baby Rotes to take a degree and he was made to stand on a chair with a napkin tied round his neck and a baby rattle in his hand while he took a solemn obligation to do various and sundry things which will be impossible for him to carry out but Randall was game and promised to do his best. Miss Alyce Satterfield, the attractive guest of Mr. and Mrs. Deane Turner, was present and again captivated all present by her clever rendition of some good catchy songs accompanying herself on the ukelele and she was called upon again and again during the luncheon to give them another song. Miss Satterfield was one of the Y. M. C. A. girls sent to France during the war to keep up the spirits of the boys and the "Y" sent a good one when they chose Miss Satterfield. Carl Jacobson, a Rotarian of Newark, N. J., who is in the city with his wife the guests of Col. and Mrs. Geo. W. Knight, was called upon for a few remarks and expressed himself as being carried away with Sanford and Sanford people where he had experienced that "good old Southern hospitality" of which he had heard so much but never experienced before coming to Sanford.

The singing of "America" and the "Little Sanford Flower" finished the evening's enjoyment and the entire party adjourned to the dining room where Peter Schaaf and Al Witherington played that dance music that refuses to allow your feet to stand still and for another hour the Rotarians and their guests enjoyed the dance and then departed for their homes with the feeling that Rotary and Rotary banquets were just about the best in the whole world.

AMERICA TODAY PAID TRIBUTE TO ITALIAN SOLDIER

UNKNOWN SOLDIER BURIED AT ROME RECEIVES CONGRESSIONAL MEDAL

(By The Associated Press)
ROME, Jan. 18.—America today paid tribute to the Italian unknown soldier. The American soldiers from occupied territory in Germany participated in the ceremonies incident to the bestowal of a congressional medal of honor upon the Italian warrior. Richard Washburn Child, United States ambassador to Italy, delivered the oration at the tomb.

READY FOR SOUTH
FLORIDA FAIR

(By The Associated Press)
TAMPA, Jan. 18.—Everything is in readiness at Plant Field for the opening of the South Florida fair here next month and if exhibitors were to choose to do so they could place their exhibits in the building today.

A considerable portion of the Canadian exhibit has arrived, and the manager of the Canadian exhibit crew of men are due here in the next few days to begin placing the showing of the Dominion, which will have some six or eight times as much space as it had in the 1921 fair. E. L. White, the Canadian exhibition manager, writes that Canada's exhibit here will be second only to the showing that country made at Chicago and San Francisco, and will be of greater magnitude than any other showing made by the Dominion on the continent of North America.

DELOUSING MACHINERY
WORKING IN JAILS

JACKSONVILLE, Jan. 18.—The last legislature failed to voice a denou to Florida doughboys but the state board of health has inaugurated a plan which will make the "huddies" of this and other states feel somewhat at home—if they should happen to land in a Florida jail. The board has ordered that every county jail be equipped with a "delousing" outfit.

Several jails in the state already have been equipped, the board announces, and officials believe that the plan will go a long way toward preventing illness among prisoners, stating that jails offer unusually prolific breeding places for vermin-carried disease.

Every prisoner entering jail would be given a bath, then would undergo a process designed to destroy vermin of all kinds. Clothing would be sterilized and when the prisoner entered into the instructional activities he would be minus whatever forms of insect life he might have been afflicted with previously.

QUEBEC LIQUOR BUSINESS PAYS ALL PUBLIC DEBTS AND EDUCATION EXPENSES

Made Government Monopoly Last May and Less Drunkenness Than in New York

(By The Associated Press)
QUEBEC, Jan. 18.—Profits from liquor sales in the Province of Quebec will pay off the public debt in twenty years, maintain roads and provide funds for education, according to report prepared by Premier Taschereau for submission to the legislature. The liquor business became government monopoly last May. The premier's report says Quebec liquor laws have proven successful from a moral standpoint. "No doubt some drunken men are to be found. They will always be found and there are more of them in prohibition communities, New York, for example," the Premier says.

AMERICA HAS NEW PLAN SETTLE CHINESE PUZZLE ---PROHIBIT MONOPOLY

STRENGTH OF "FARM BLOC" IS REVEALED

VOTE IS 63 TO 9 WITH ONLY TWO DEMOCRATS IN OPPOSITION

WASHINGTON, Jan. 18.—The first step to bring about farmer representation on the federal reserve board was taken by the senate late yesterday in the passage of the Kellogg-Smith compromise bill increasing the board's appointive membership from five to six and providing that the agricultural interests shall have a spokesman among them.

By the bill which constitutes an amendment to the federal reserve act, the limited designation of the present law is wiped out and instead of the specific provision for the naming of two bankers to the board, the statute, if agreed to by the house, will direct the president, in making appointments to the board to have "due regard to a fair representation of the financial, agricultural, industrial and commercial interests and geographical divisions of the country." The measure also provides that hereafter no federal reserve bank may enter into a contract for banking homes if their cost is to exceed \$250,000 unless the consent of congress is first given.

The vote by which the bill passed was 63 to 9. Seven of those who opposed the proposition were Republicans and two Democrats. They were: Pomorene, Ohio, and Williams, Mississippi, Democrats, and Brandegee, Connecticut; Calder, New York; Edge, New Jersey; McLean, Connecticut; Moses, New Hampshire, and Wadsworth, New York, Republicans.

NINE CENTERS TRAINING CAMPS RECOMMENDED

BY PERSHING AT HEARING BEFORE THE HOUSE COMMITTEE ON MILITARY

(By The Associated Press)
WASHINGTON, Jan. 18.—Retention by the War Department of nine main training centers, one in each corps area, and of number of other special camps, was recommended today General Pershing, chief of staff, at hearing before the House Military Committee. Pershing recommended the retention as military training centers, McClellan, Ala.; Knox, Kentucky; Travis, Texas; as supplementary camps for training national guard, reserve units and special detachments, he urged the retention of Lee, Virginia; Jackson, South Carolina. The War Department program, Pershing said, calls for consolidation at Camp Bragg, N. C., of all field artillery schools east of the Mississippi river. Great artillery center at Camp Knox, he said, should be moved to Camp Bragg, next summer.

Far East Questions Take New Phase in Discussions
DEFINE POSITIONS

ESPECIALIY ON THE OPEN DOOR POLICY AND CREATE INTERNATIONAL BOARD

(By The Associated Press)
WASHINGTON, Jan. 18.—An American proposal to redefine the open door policy in China and create an international board to examine both existing and future concessions which appear to conflict with it was debated without decision yesterday by the Far Eastern committee of the Washington conference.

The British and Italians accepted the plan in principle, but the French withheld assent to some of its provisions and the Japanese reserved judgment pending communication with Tokio. The subject will be taken up again today, with all signs pointing to a long and interesting discussion.

In brief, the American resolution would bind the United States, Great Britain, Japan, France, Italy, Belgium, Portugal and The Netherlands not to seek special spheres of influence in China nor secure concessions or monopolies which would abridge the principle of equal economic and commercial opportunity.

China on her part, would agree to co-operate in maintaining that equality, and the nine powers collectively would authorize establishment of a Board of Reference to review present and future concessions to determine whether they conflict with the open door thus defined.

Except for another inconclusive session of the Shantung negotiations and informal exchanges among the naval "big five" regarding the Pacific fortifications agreement, the meeting of the Far Eastern committee instituted the total of conference activities during the day. At the Shantung conversations the question of mines was discussed with apparent progress, and the fortifications problem remained unsolved last night despite receipt by the Japanese of partial instructions from Tokio.

It was around the proposal for an inquiry into concessions now established in China, as well as those proposed in the future, that most of the debate in the Far Eastern committee centered. By some of the delegates it was understood that such an inquiry might open up the whole question of Japanese holdings in Manchuria, while in other quarters it was suggested that the resolution might, by indirection, lead to a review by the board of famous "twenty-one demands" controversy.

CHANGE IN CITY GOVERNMENT

(By The Associated Press)
DAYTONA, Jan. 18.—Successful candidates for the office of city commissioner in today's primary fact the possibility of not taking office at all merely holding the positions a few weeks because of the fact that Daytona citizens will one week hence vote on the proposal to establish a city manager-commission form of city government. Should this proposition be carried at the polls a manager and seven commissioners will take over the municipal affair the later to serve without pay.

Four commissioners are to be named today under the present form of government. Despite the apparent popularity of the proposed new scheme of administration, the commissioner's race has been a warm one. Eight candidates are seeking the four offices.

BOND ISSUES FOR BROWARD

(By The Associated Press)
FORT LAUDERDALE, Jan. 18.—Resolutions have been prepared by the county attorney and presented to the board of county commissioners preliminary to the calling of an election on a bond issue of \$700,000, of which \$100,000 would be used for construction of an inlet at the mouth of New River here and the balance for new highways. It is expected the board will select a date for the election.

"Her Sturdy Oak" Another Harris Hit

Another sparkling comedy-drama from the pen of Elmer Harris is "Her Sturdy Oak" in which Wanda Hawley is to be seen tomorrow (Wednesday) at the Star Theatre. Mr. Harris has contributed numerous original scripts and adaptations to screenland's fun, among the latest of his plays being "Realtor's Release," "Ducks and Drakes" and "The March Hare."

"Her Sturdy Oak" is in the customary Harris vein, and was especially written with Miss Hawley and other available players in mind, so that their roles fit them all to a "T." Walter Heirs is cast as leading man, and Sylvia Ashton, Maym Kolso, Leo White, Frederick Stanton and two sets of twins complete the supporting cast.

The perplexities of a poor young married pair who find the debts so overwhelming that they are evicted from their apartment and take refuge in a poor little run-down cottage in the country are realistically shown. Fortune favors the brave, however, and the finding of great stores of wild honey in the chimney of the long deserted cottage sets them on their feet financially.

THREE MEN MISSING WITH PLANE, FOUND

Hydroplane Drifted for Hours at Sea—Finally Landed On Reef

(By The Associated Press) MIAMI, Fla., Jan. 17.—The return this afternoon of the three passengers of the flying boat New York, missing since Friday afternoon, when it left Miami for Bimini, ended one of the greatest air and sea searches ever instigated off the south Atlantic coast. The three men were: H. C. Crenshaw and M. F. Kahn, of Montgomery, Ala., and Clifton Leopold of Nazerath, Fla.

The men were found Sunday night on Great Isaac's reef, 18 miles north of Bimini, where they had managed to put in after tossing on the waves for seven hours.

Five planes and two speed boats that conducted a two day search covered in all approximately 3,000 miles. The three men were shriners who came to Miami for a ceremonial held here Friday and Saturday, which was attended by about 3,000 other shriners and anxiety for them spread over the whole gathering.

BRADY WILL SING EVERY WEDNESDAY AT THE STAR

Charles Brady will sing every Wednesday night at the Star Theatre in conjunction with the pictures shown. The Star has a fine program for every week of this month and with the excellent music and Charles Brady to sing the pictures will be greatly enjoyed. LITTLE L. P. McCULLER BADLY INJURED YESTERDAY COLLIDED WITH AUTOMOBILE

L. P. McCuller, Jr., the little son of Mr. and Mrs. L. P. McCuller was seriously injured last evening near his home on Ninth street when he stepped in front of a passing car and was struck down before the driver could get away from him. The little fellow was with his nurse but broke away from her to run across the street and avoiding one car that was passing stopped in front of the one that struck him apparently never seeing the approaching car. He sustained a slight fracture of the skull. The car that hit him immediately picked him up and rushed him to the hospital where it was found that while his injuries were serious and very painful they were not necessarily fatal and the many friends of the bright little chap breathed a sigh of relief and sympathy for the parents.

It seems from all accounts of the accident that it was no fault of the driver of the car as the little chap did not see the car and stopped directly in its path running all the time and coming from behind the other car.

These accidents will happen and only go to show that the utmost care should be exercised by people driving cars all the time, by those walking and especially those who are crossing streets.

BIRTH OF A NATION THIS WEEK

D. W. Griffith's mighty spectacle "The Birth of a Nation" will be seen at the Star theatre exactly as given recently in New York and several other cities where it had record-breaking runs.

This force in the art of stage entertainment is perhaps the most widely discussed production ever made in America. It is above all else the greatest thing that has been achieved by one producer. Imagine condensing the living details of the most strenuous periods of American history into an evening's entertainment of less than three hours. You are not told about it nor is your imagination tested by rhetorical descriptions of what took place. Instead you see it by lightning flashes. It is history revived and shown in its making. Some of the greatest names that are written large upon the scroll of our country's fame appear upon the program. The players who enact the roles have studied the minute descriptions of these men both from photographs and intimate life studies and with this frame work they make these wonderful characters live again.

They pass before your vision in a panorama of achievement. The accomplishment is startling. The entire action ranges over three centuries. It begins with the importation of the African slave and it ends with the settlement of that question in the freedom of the enslaved. But before this end is reached the mightiest nation in the world passed through the throes of internecine strife and the high lights of those struggles are vividly brought out. Great battles are fought before your eye. Cities are destroyed by fire. Thousands of horsemen dash in wild rides across blood-strained plains. The human note weaves in and through the entire thread and lends itself to the mightiest story ever unfolded.

MEMBER THE ASSOCIATED PRESS

We miss the sun when it does not shine.

However, the sun is good to Florida and shines some 362 days in the year.

The prospects were never brighter for a big spring season in Sanford. From all accounts the celery and the spring crops will bring good money.

And the Sanford people are going ahead with the many big improvements that this city needs and must have. If we can get those five story buildings started our city will be a city sure enough.

Good news! W. T. Donnelly and family will arrive here tomorrow in their yachts to make a stay of a month or more. This is the man that has done and is doing so much for Sanford. Give them the glad hand.

Sanford just now occupies the position of a business man who has a good business and hates to enlarge it on account of the extra expense. We are in the same boat. We have the world at our feet but so many of us are well satisfied with things just as they are and hate to take on more business, float bonds for needed improvements, make a bigger town, get out and hustle, work harder, work faster, lose sleep on committee meetings of the Chamber of Commerce, don't want any clubs, don't want golf links, don't want to do anything that might disturb our peaceful slumbers or that will take more money. It is up to Sanford to make these improvements, bond the city, pay more money, do more work, assist nature in the wonderful developments in and around Sanford and we can then sit back in about ten years from now and let the younger generation do their share in paying for the bonds and keeping the city going and it will be a city of TWENTY-FIVE THOUSAND PEOPLE.

WHY THE WAILING?

The Orlando Reporter-Star seems to be dead against the city of Orlando owning their municipal plants. It says in part:

"It is doubtful if the people of Orlando realize the serious situation of the water and light question. It must be clear to every person who mingles with people from all walks of life and from all parts of the city, that the proposition to take over the property by the city, will be voted down. There seems to be an antipathy against voting the amount of bonds that will be required. In fact it looks like there will be a determined 'No' registered at the polls.

"The Reporter-Star has been neutral on this question, and still is. But when one takes his pencil and goes to the tax records and figures for a short time, he is appalled by what the forecast must be if the necessary millage is added for taking care of what would be necessary in case the city takes over the property. Under ordinary circumstances this paper would favor municipal ownership and operation by a non-partisan board of trustees. But the present tax situation makes this almost an unthinkable proposition."

We would like to have the Reporter-Star tell us if the question of taxes

enters into the discussion at all in relation to the purchase of the utilities. Is it not a fact that the bond issue for utilities takes care of itself and the bonds issued are issued against the plants and the money from the operation of the plants is spent to retire the utility bonds and pay the interest on same. Does this plan not eliminate the question of the bonds and the money and all else as far as the tax payers are concerned. In other words Sanford expects to vote bonds for improvements soon. These bonds will be separate and distinct from the bonds for public ownership even though they are all voted in together. The bonds for public utilities come under a different head and are really not levied against the city but against the property itself and the municipal plants all over the state are making money and will soon pay off their bonds and the plants will be clear of debt. This is no argument against voting bonds for public utilities but might be used against the bonds for public improvements. We cannot see how and never will see why any sensible citizen would vote against the ownership of the public utilities when the facts and figures are so plain before him.

WOMEN WANT FLORIDA REFORMED

Florida is one of the states the Woman's National Party has its eye on. An investigation of all the laws, state by state, is being made and the Florida investigation was one of the first to be completed. The report looks a great deal worse for the dears than the actual conditions seem to warrant, for in cold type it looks like the poor women haven't a leg to stand on in Florida when anybody can go out and in fifteen minutes with half an eye he can see it isn't true.

But the conditions found in the Florida statutes made and provided are such that they are put first in the list of "horrible examples" and we think it is due us that all of us know the worst. So here it is complete:

"In Florida women are under the dominion of the old English common law to a greater extent than perhaps any other state in the Union. According to the common law a man and his wife are one person and that person is the husband. A married woman could make no contract of any kind." This is true in Florida today with a few exceptions.

"Even the wife's separate property in Florida is controlled by her husband; she may not sue him to secure an accounting of what he has done with her own money.

"A married woman cannot become a responsible public merchant unless the court gives her permission. The promissory note of a married woman is void; she is not able to enter into legal partnership. A court decision has ruled that a married woman does not have the right to hire domestic servants.

"A married woman working in a business distinct from her husband may control her own earnings, but if she works in her husband's business or at home, for instance, keeping boarders, her earnings are her husband's.

"The father controls his children, the mother is the sole guardian of her illegitimate child. He may appoint guardians for his children born or unborn, by deed or will, taking them entirely away from the mother. A careful review of all important decisions in suits between parents shows only four cases where the custody of a child was awarded to its mother. The father alone can collect damages for the death of a minor child; he can event collect for the mental pain and suffering of the mother in such cases.

"The married woman's domicile is that of her husband.

"Women may be excluded from public office in cases where bonds are required since married women are not authorized to give bonds.

"Women are not eligible to jury service.

"Women are not admitted to the State University."—Leesburg Commercial.

PROSPECTS ARE BRIGHTENING

From all manner of sources the information is now coming to tell of brighter times ahead for business in every form. The federal reserve board is showing ways for believing that the stringency and hesitation noticed in the money market for the last few months of 1921 will gradually pass into history and a new era of prosperity, with a general revival of activities will be ushered in during the first of 1922. The news is worth a great deal because it comes with cheerfulness, optimism and enterprise are most needed, and will strengthen the tone set and lead into a chorus of good times.

The Chicago Journal of Commerce, admittedly conservative, comes into the new year with the declaration that we should say, not "carry on" but "let's go." The former slogan, according to the Journal of Com-

merce, was indicative of desperation, a rallying of the reserves to combat an impending evil. Describing the situation when "carry on" was the watch word and rallying cry, the newspaper says:

A word of difference, as you see, between the conditions that inspire the one admonition and the conditions that inspire the other. There is nothing of desperation, nothing of hopelessness or forlorn hope, in either the business or social situation as they exist at this moment. We have carried on until the harassed foes of credit stringency, price deflation, labor unrest and international misgivings are about to drop. Decreasing unemployment causing improvement of buying power has reinforced the position of retailer, manufacturer, farmer, banker, and so on. This is all the result of carrying on. This carrying on that we have been doing has not ended the battle—it would be rash to argue that it has even gone so far as to turn its tide. Not even the pretest bear, or pessimist, however, can deny that it has checked it, bringing about a state of affairs which everywhere today justifies the cry of "Let's Go" to each other.

Financial and commercial publications of the country have within the past ten days reviewed the situation in the United States and unanimously report conditions excellent and improving. The trend of activities is in the right direction, the view is opening for investigations for manufacturers, for research and discovery. The country is on its feet again and going forward.

Of all the nations of the world the United States stands forth as solvent, progressive, enterprising and capable. Prosperous people, united in every proper cause and retaining individuality of thought and action in the pursuit of happiness, the American has nothing to deter him from gaining his desires and every incentive to combine for the advancement of his country. Good times appear ahead and the track is clear.—Times Union.

THE SILENT TREATMENT FOR FLORIDA CRITICS

The St. Petersburg Times calls upon the state press to give the "knockers" the silent treatment when Florida is the issue, pointing out that "Florida is a success—if it were not the 'knockers' would let it alone."

There is merit in The Times suggestion, for the inclination to answer every Tom, Dick and Harry who criticizes Florida is strong among the people of the state as well as in the press, which is not strange, however, when the facts are considered. These defenses are prompted by a sense of devotion, themselves having such unlimited faith in Florida the people and the press stand ready at all times to brand a false colored statement. It is difficult indeed to remain silent when something that is very dear is being attacked.

But silence sometimes is the best policy of loyalty. Also, often it is best cure for "knockers." The contempt of silence—and this is the most effective form of contempt—is not relished by them. They like notoriety, their names in the papers, repudiations—and the great majority of them do not reserve passing consideration, as The Times says.

Florida is bigger than all the critics. The state is established, a wonder state, a thriving institution, and results speak for themselves. Anyway, no "knocker" was ever converted in an argument. The satisfaction of having been recognized merely serves to stimulate their bitterness.

The "knocker" is an appendix to creation. He thinks in destructive terms, barks when not even on a cold trail, because it is his habit to bark, and the harm he can do is never con-

HOSPITALS WILL BE PROVIDED FOR FORMER SOLDIERS

WASHINGTON, Jan. 18.—Federal hospital capacity for a minimum of 32,000 patients with provisions for 172 employes for each 200 patients, is planned by the Government in its hospitalization program for former service men, Brig. General Sawyer, president of the hospitalization board, declared today in his opening address to the conference of officers in charge of Government hospitalization serving veterans of the world war.

The conference, which is to continue through the week, was called by General Sawyer to discuss coordinate plans for the operation of federal medical institutions to provide the best of care for all patients in whatever department they are being treated.

"Today," General Sawyer said, "there are being hospitalized under the Government's control, in federal hospitals, 22,440 world war veterans." There are now under construction, 7,592 new beds and 2,500 more are contemplated under the new Langley hospitalization bill; while there are at present 107 federal hospitals engaged in the service of the war veterans.

In order to standardize the operation of Government hospitals it has been decided, General Sawyer declared, that there should be one doctor for every 20 patients, one nurse for every 10 patients, one occupational therapist for every 50, one social worker for every 50 to 11 vocational trainers and assistant for every hospital of 200 patients, and 130 additional employes for each such hospital.

BREAD PRICES REDUCED IN CHICAGO

CHICAGO, Jan. 17.—Bread prices will be reduced one cent here today, according to an announcement by Russell J. Poole, secretary of the city council committee on living costs. Chicago cuts 1,250,000 loaves of bread a day, according to Poole, and the public will therefore save \$12,500 daily.

SANFORD HIGH WINS FROM FAST STETSON "Y"

Stetson Y. M. C. A. went down in defeat last night to one of the best teams ever put out by Sanford by the close score of 31-28.

Sanford was out to avenge the defeat handed to them by the Stetson "Y" early in the season, and with a do or die spirit started out to wade through the College boys. At the end of the first half the score was 16-12 in Sanford's favor. In the last half the Stetson team showed a complete reversal of form, and by some pretty shooting by Drew succeeded in tying the score, only to have Sanford regain the lead with McLucas and Christensen shooting from all angles of the floor.

Sanford's superior passing swept the "Y" team completely off their feet, and with McLucas, McLaulin and Christensen shooting from all over the floor there was nothing for Stetson to do but to go down in defeat to a better team. McLaulin at center was the outstanding star in the first half, casing five field goals, and putting up a great defensive game.

McLucas at right forward set the crowd wild with his great hair raising shots, his side-stepping and ducking was unbeatable. Christensen at left forward played a fine game making some of the prettiest shots ever seen here. Cowan and Smith, the two guards, played a wonderful game, and by their spectacular guarding kept the "Y" boys in trouble all the time. Drew at right forward played a great game for the losers, caging 18 of his team's 28 points. McLucas was the leading scorer of the home boys with 10 points to his credit. Much credit for the success of the Sanford team is due to the able coaching of Mr. Wilkenson, who is putting the boys through a stiff practice every day.

TWO HUNDRED BILLION SPENT BY GOVERNMENT SINCE ENTERING WAR

WASHINGTON, Jan. 17.—Government financial operations since the country's entrance into the World war involved more than two hundred billion dollars according to figures compiled today by the treasury on the basis of daily statements from April 6, 1917 to Dec. 31, 1921.

This stupendous sum consisted of receipts, both ordinary and public debt, of more than \$99,000,000,000 balanced against disbursements of both classes, of a like total. Starting on the eve of the war April 6, 1917, with the net balance in the general fund of \$92,000,000 receipts exclusive of principal of public debt, from April 6, 1917, to Dec. 31, 1921 totalled \$24,018,000,000, while public debt receipts during the same period amounted to \$75,043,000,000.

Disbursements, exclusive of public debt, for the period aggregated \$45,785,000,000 while public debt disbursements totalled \$53,481,000,000 and on Dec. 31, 1921 the net balance in the general fund was \$488,000,000.

For the war period, the excess of disbursements, exclusive of principal of the public debt, over receipts of the same class was \$24,000,000,000. Over the same period the gross public debt increased by \$22,000,000,000 from \$1,000,000,000 on April 6, 1917 to \$23,000,000,000 on Dec. 31, 1921. Exclusive of foreign loans of \$9,597,000,000 ordinary disbursements of the government from April 6, 1917 to the end of the past year aggregated \$36,187,000,000, these expenditures amounting to \$330,000,000 from April 6, 1917 to June 30, 1917; \$7,958,000,000 for the fiscal year of 1918; \$15,035,000,000 for the fiscal year of 1919; \$5,982,000,000, for the fiscal year of 1920; \$5,042,000,000 for the fiscal year 1921 and \$1,837,000,000, from July 1, 1921 to Dec. 31, 1921.

The chief suggests that any real man who sees a "masher" at work, might give him a wallop between the eyes.

BIG SHOW AT THE STAR FRIDAY AND SATURDAY ONLY

D. W. Griffith's superb spectacle, "The Birth of a Nation" is to be presented at the Star Theatre for a special engagement of two days commencing Friday of this week, exactly as when last seen here.

The return engagement follows in the wake of its recent triumphs at the famous Capitol Theatre, New York City, where it set a record for motion picture attendance that has never been equalled. The tour was arranged under Mr. Griffith's personal direction and everything to keep up the stirring interest of this wonderful production will be in evidence.

Its story unfolds those marvelous pictures of the old South before the war, the gathering clouds of the impending struggle, the political maneuvering at Washington to avert the catastrophe, the call to arms and the breaking of romances begun under fairer skies between the northern beaux and Southern belles and gallant colonels and Union's fairest advocates, the patient Lincoln with firm hands upon the helm of the ship of state, the jealousies of his rivals, and then the great war, with Sherman's march to the sea, the wonderful battlefield scenes as Grant and Lee lock forces in the struggles before Richmond, the end of war as declared at Appomattox and the tragedy of it all culminating in the assassination of President Lincoln. The second half reverts to the South and the efforts of the little colonel to retrieve the shattered fortunes of the Cameron family and make the old plantation what it was before war's devastation laid it in waste, the death of the pet sister, the longing of lovers separated by the common misunderstanding and the hatred thus engendered, and then the flame of revulsion from the tyranny of an invading throng of carpet baggers and scoundrels and the rise of the invisible forces of an outraged people to save their homes and rights and put the South upon its feet again after years of suffering.

Little wonder that such dramatic material was welded into a thrilling story which holds the interest every moment of its action. It is all portrayed in that sweeping powerful manner which stamps the work of D. W. Griffith and is made like-like and real by the following cast of screen favorites: Henry B. Walthall, Mae Marsh, Lillian Gish, Miriam Cooper, Mary Alden, Josephine Crowell, Spotswoods Alken, Ralph Lewis, Joseph Henabery, Raoul Walsh, Donald Crisp, Howard Gaye, George Slegman, Walter Long and Elmer Clifton.

"BIRTH OF A NATION" FRIDAY AND SATURDAY

WILL BE SHOWN AT THE STAR THEATRE—HAS OWN ORCHESTRA ACCOMPANIMENT

D. W. Griffith's wonderful production "The Birth of a Nation" will be shown in Sanford Friday and Saturday of this week at the Star Theatre. This mighty spectacle has turned the theatre records of America topsy-turvy. It holds the long distance runs in New York, Boston, Chicago, Los Angeles and San Francisco to date and is making a triumphant tour which is causing more comment than anything ever undertaken in drama of this country heretofore. It is a story of American history showing the rise and fall of slavery in this country and the terrible suffering that was endured before a solution of this problem was reached. It is not so much history as it is drama and romance in a new form of expression with an operatic accompaniment in the way of a symphonic score which shows the power of blending the two in this unique production. Nothing like it was ever seen before.

FOOT COMFORT DEMONSTRATION COMING TO SANFORD

There will be a free lecture at Lloyd's Shoe Store Thursday and Friday afternoon at 3 o'clock on Foot Comfort. The demonstrator will work with the Lloyd force of salesmen and the people of Sanford will have the opportunity of seeing what kind of shoes, the sizes, the styles, etc., that they should wear if they want real foot comfort. It is of vital importance to everyone to learn this and the knowledge is given to you free of charge at Lloyd's Shoe Store. See the advertisement in the Herald.

SANFORD'S TEMPERATURE

London weather today but the weather man can safely assert that better brands are in the offing, you know. Better brands of weather, of course, is meant and no reference to Bimini. Have you a little bottle of hair tonic in your home?

THE WEATHER

For Florida: Partly cloudy tonight and Thursday; probably occasional rains in the extreme north portion.

Every grower should bring in a crate of something good in the vegetable or fruit line for the Demonstration Fair on the lake front Friday night. This will be Seminole's fair.

High school boys and girls play at Leesburg tomorrow night and also give the high school play. Some busy boys and girls, we say.

Band plays tomorrow night. Lee's birthday. Banks close. Holly's birthday. Big day. Big night. Come out and see it.

We have ordered out the sun for tomorrow.

SCENE FROM "THE BIRTH OF A NATION" AT THE STAR THEATRE FRIDAY AND SATURDAY, JAN. 20 and 21

PERSONALS

A little touch of winter.

C. D. Brumley, of Chuluota, was among the visitors to the city today.

D. F. Williams, of New York, was among the visitors to the city today.

D. F. Ryan, of the Brooklyn Mortgage Co., of New York, was in the city on business today.

Bring in your stuff for the Demonstration Fair Friday. It will be great if you will help make it great.

F. A. Taylor, a prominent lumber man of Philadelphia, was in the city today calling on the local trade.

D. G. Ziegler, general manager of the Petrous Manufacturing Co., of Columbia, S. C., was in the city today on business.

Harry Stevens will have charge of the "Hot Dog" stand at the Demonstration Fair commencing Friday night on the lake front.

J. A. Kelly, of Tampa, representing the Mutual Life Insurance Co., was in the city today on business and also visiting his old friend, Hodson Ball.

Charles Britt and Sam Baumel will have charge of the attractions at the Demonstration Fair on the lake front beginning Friday night. They promise something good.

P. J. Feitner, the presiding spirit of the Osceola Lumber Co., of Osceola City, was in Sanford today calling on his many friends. He reports business moving at the big mills and repairs being made to cover the ravages of the recent fire.

LIGHT FINGERED NEGROES WORE PERKINS & BRITT SUITS BUT WILL NOW WEAR STRIPES

Griffin Claire, Richard Claire and John Wesley, negroes who have been working in the pressing club of Clyde Chapman in the rear of Perkins & Britt's store are in jail awaiting the action of the circuit court being bound over in the city court this morning by Judge Marines on the charge of stealing clothing. Perkins & Britt have been missing stuff from the store for some time but suspicion was not directed to the pressing club until a slight clue was followed up this week when many suits of clothes and bath robes and other articles were found at the homes of the negroes in question and it was found that they had been carrying on a system of swiping clothes for some time. The case will not come up until the next term of the circuit court.

MRS. GOODSPEED INJURED

Mrs. Ralph Goodspeed was badly injured last night about nine o'clock being run down by a car as she stepped from the Gibson car in which she has been riding and was about to go into the home of her father, Capt. P. M. Elder on Oak avenue. Mrs. Goodspeed does not remember hearing the car or seeing it until it was upon her. Fortunately the car knocked her down and flat on the ground the car passed completely over her nose of the wheels touching her. The first impact however caused a bad cut in her head and several bruises but aside from that Mrs. Goodspeed is all right today and rapidly recovering from the shock of the accident. The gash in her head required several stitches but her escape was so narrow that Mrs. Goodspeed and her family are not worrying about what did happen but of what might have happened.

State Superintendent Sheats Submits Report on French Restoration Fund Contributed by Public Schools

TALLAHASSEE, Jan. 18.—State Superintendent William N. Sheats has addressed the following letter to Hon. J. J. Tigert, commissioner bureau of education, Washington, Hon. J. J. Tigert, Commissioner, Bureau Education, Washington, D. C.

My Dear Sir:

The following is the report of the French restoration fund contributed by the public schools of Florida, on France day, November 23, 1921, the day designated for the school children to give expression to their friendship for the people of the republic of France.

The report gives the amount contributed by counties—several counties reporting nothing, due either to the shortness of the notice given or to the some counties. Seventeen shrdlu shr indifference of school officials of some counties. Seventeen counties out of sixty-one made contributions, as follows:

	Memorial Shrine Fund	School Fund	Foch Medal
Baker	\$ 3.42	\$	\$
Bradford		5.00	
Calhoun	1.00		
DeSoto	15.35	14.42	
Dade	25.03		25.00
Escambia	69.16		
Gadsden		2.61	2.61
Glades	.23	.17	
Hardee	12.00	12.72	
Jefferson	3.00		
Lafayette		1.10	
Leon	3.68	3.48	
Osceola	14.17	10.30	10.00
Polk	13.98	27.27	
Seminole	28.19		
Volusia	25.27	22.48	
Washington	1.00		
Totals	\$215.78	\$39.75	\$37.61
Grand total			\$53.14

It matters not how this fund was contributed, many were undecided how they desired it divided. Therefore, I authorize you to divide it among the three funds as circumstances may suggest, as you are in possession of the fact enabling you to make the wisest distribution of it.

Enclosed find cashier's check for the amount, \$353.14.

You will please see that this report and the fund are delivered to the proper custodian. We are sorry the amount is so small, due largely to the shortness of the notice requesting the observance of France day.

Yours respectfully,
W. N. SHEATS,
State Supt.

Since forwarding the letter, however there was received in Saturday's mail from Palm Beach county, the sum of \$35.67 to be added to the fund, so that the total from Florida has been increased to \$388.81.
