Clara Phillips, the hammer-
murderer, saw her way out of jail and
escaped to Mexico. Sort of a "saw
and hammer" carpenter as the saying
goes.

Five men were killed yesterday
in the interest of science, we suppose,
since they were killed on the aviation
field. Airplanes lack a lot of being
safe yet.

Freedom of the Dardanelles is
what the Turks ask for now. Why do
the allies dally with those lobbyists
any longer? Is the Christian world
afraid of the Turk?

An organization was perfected at
Daytona yesterday to fight the mos-
quitoes. And this work should be tak-
en seriously by every city in Florida.
There is no joke about the damage of
the mosquito. There were enough
people incapacitated for two weeks
this summer with dengue to have
more than paid for mosquito era-
dication for the next ten years.

The Country club and golf links are
becoming finer and more beautiful
every day and every man and woman
in the county should join this organi-
zation and help to make it the best
club in the state. It is a joy just to
go out there and sit on the porches
and look at the fine grounds and sur-
rounding country. The Sanford Coun-
try Club is Sanford's greatest asset.

Secretary Mellen in his annual re-
port yesterday said the people should
not be subjected to any more taxa-
tion regardless of the fact that there
was a big deficit. And Secretary Mel-
lon is right. Troubles have been caused
by high taxes before and they will
be caused again by the same kind of
extortion. We are paying all the tax
we can stand and we will not pay any
more until the government shows
some signs of sanity.

There are men talking about rural
credits and farm loans again and ev-
ery time they talk about this at
Washington, the farmers of this sec-
tion kill themselves laughing. This
rural credits is ten times as funny
as any funny paper in the world.
They actually wanted to loan Sanford
farmers as much as ten dollars an
acre on the irrigated vegetable lands
that are worth \$1,000 an acre in the
open market any day in the year.
'And what could a Sanford farmer do
with \$10 an acre?

Congratulations to the Ft. Pierce
Tribune upon their big twelve page
new daily that came out Monday and
we hope they keep it in all the year
round daily paper. And congratulations
to the people of Ft. Pierce that
they have such fine newspaper men
and men with nerve enough to start
a daily paper and give the people of
that section something good in the
daily newspaper line. The public does
not know and never will know how
much nerve and money it takes to give
the people a good daily paper.

The Kiwanis Club went on record
yesterday as being in favor of the
Fourth street park as a site for the
library. The Chamber of Commerce
went on record as favoring the lake
front property. The Rotary club some
time ago went on record as being in
favor of the Ninth street park and
then found out they could not go on
record as taking part in any public
controversy.

But all of this shows which way the
wind blows and shows that the people
want the library located in some cen-
tral position and in some place that
will not add an extra cost to the li-
brary. The sum set aside for the build-
ing is small enough and a big price
for a lot would preclude the building
of a suitable structure. If the library
could be built in the center of one
of the parks it would be the ideal lo-
cation, it would be closer to the cen-
ter of the future population of San-
ford, it would be in a quiet zone such
as a library should have, it would add

instead of detract from the appear-
ance of the parks and should not
cause any loss to any property owner
fronting on the parks since a fine
library building in the center of the
park is more to be desired than a
band stand and no one ever kicked
about the band stand being placed
in the parks. There is only one ob-
stacle in the way of the library be-
ing placed in the parks and that is
the legal phase. If in the opinion of
the lawyers the library can be placed
in the park it will probably suit the
greatest number of people contiguous
to the library. It is something for
the citizens to investigate and get to
some solution of it in time for the
City Commissioners to make their se-
lection and start the building. It is
a family affair and should be discus-
sed calmly and dispassionately as nei-
ghbors who are trying to get the best
results for the city of Sanford now
and in the future. We are not build-
ing a city for today but for the years
to come and a city that will be en-
joyed by our children.

MELLON PAINTS ROSY PICTURE OF FUTURE IN BUSINESS WORLD

Secretary Mellon in his report to
congress has a rosy view of the busi-
ness outlook and is of the opinion
that conditions are rapidly growing
better.

He says:
"Prices of commodities have risen
materially; inventories generally are
low; the volume of business has been
mounting to higher levels; labor is
again fully employed.

"The year is closing with bounti-
ful crops. Severe depression in agri-
culture has been relieved. Banking
conditions are sound, money rates are
reasonable and there is sufficient credit
to meet all reasonable demands. Even
abroad there are signs of re-con-
struction."

EDITOR BELL DISPOSES OF THE TAVARES HERALD

After a long service as editor and
owner of the Tavares Herald, J. W.
Bell has disposed of the plant and
good will of that newspaper to Dr. A.
P. Vaughn, city clerk of Fort Myers,
possession to be given about January
1. Mr. Bell recently installed a Lin-
otype machine and was making pre-
parations to enlarge his newspaper,
when he suffered a slight stroke of
paralysis, which forced him to re-
linquish his newspaper work. Friends
of Editor Bell will regret to know that
his health has necessitated his retire-
ment from active duties. Mr. Vaughn
will be given a hearty welcome to the
newspaper field in Lake county and
will be cordially received by the en-
tire populace of the county.—Eustis

FLORIDA'S HARVEST TIME.

In more respects than one, Florida
is different from any one of the other
states. In the matter of climate
it is springlike in wintertime when
most other parts of the country are
shivering with cold, or even covered
by a blanket of snow. The tourist,
leaving the chilling blast of New Eng-
land, travels southward two days and
a night to Florida, where he finds
bright sunshine and a pleasant out-
door temperature.
That fact explains why, in winter
time, the Florida farmer is busy gath-
ering his crops of strawberries, to-
matos, string beans, lettuce, egg-
plant, celery, cucumbers and other
vegetables which are produced in other
states during the summer season.
These Florida farmer grows on an
extensive scale—plantings of as
much as three hundred acres of to-
matos alone by one man not being
unusual. From the present time until
about the first of next June he will
be sending his crops of one kind or
another to the great cities of the
north and west, and where he receives
top prices for them. For his toma-
tos and beans he receives a net profit
of about \$350 per acre, and a still
greater profit from eggplant. From
his lettuce and celery he will net any-
where from \$800 to \$1,000 per acre,
provided, always that he is not afraid
of fertilizer bills and knows how to
grow and market these things.
But, after all, the whys and where-
fore of truck farming in Florida are
among the simplest of all lines of en-
deavor. It carries with it the mini-
mum of heavy care and worry, to-
gether with the easiest life attainable.
It is a simple matter for an intelli-
gent man to select the right kind of
soil, and if he then has a thousand or
two thousand dollars for his first
planting of a few acres, his financial
problem will be settled if he has a
turn for farming. It is true that
there is danger of an occasional frost
which may damage his crops, but even
in that event he will have time to re-
plant and still get into market ahead
of other producing sections.
Its truck farming industry, its cit-
rus fruit crops, its lumber and phos-
phate production, its fisheries and its
abundant general field crops of corn,
sugar cane, potatoes, etc., are among
the things which are enriching the
state and making the people prosper-
ous.
There is no state in the union where

THE POWER OF ADVERTISING

It is only the ignorant any more who defies the influence of
advertising.

Advertising has made the Victrola Dog famous.
Advertising has made the signature of Thomas A. Edison an
image stamped on nearly every mind.

Advertising has run automobiles over the streets of practi-
cally every navigable city in the world.

Advertising has started with one restaurant in one city and
made a chain of them in scores of cities. Ask Mr. Thompson or
Mr. Childs.

It has made the Cash Register a big brother to retail mer-
chants throughout the world.
It has introduced to the world a substitute for Sole Leather.
It is displacing the Truck Horse with Forty-Horsepower Auto
Trucks.

It has made the Hand-Written Letter an oddity in business.
It has helped you to an appreciation of Stetson Hats, Walk-
over, Douglas and Emerson Shoes.

It has put Manhattan Shirts on your backs, B. V. D.'s next to
your skin and Sloan's Lotion on it.

It has put Murine in your eyes, gold you Cuticura for Pim-
ples, Pear's for the Bath and Ivory for the Wash Tub.
It has put Arrow Collars around your neck and Ingersolls
around your wrist.

It has filled you full of Shredded and Flaked Foods, Canned
Vegetables, Fruits and Meats, then sold you Bayer's to rid you of
headaches.

It has jammed your feet in Holeyproof Sox, put Paris Garters
on your legs and Tiffany Rings on your fingers.

Advertising has placed Cigars between your teeth, worn out
your jaws on Wrigley's and Beeman's and posted you on what to
buy to cure Corns, Warts and Bunions.

What advertising has done for these large enterprises it will
do in proportion for your business, regardless of how modest its
beginning.

in springlike Florida.—St. Petersburg

Fordson Often Does More In a Day Than Six Horses

The Fordson substitutes motors for muscles.
The Fordson substitutes tractor wheels for the
legs of man and horse.
The Fordson takes the burden off flesh and
blood and puts it on steel.
It allows the farmer's energy to be devoted to
management, and not merely to operation. It
gives him time. It cuts his producing costs.

Earning Power and Saving Power

Of course, a man's earning power counts, but what is of prime importance is his saving power.
It is not the amount with which you open an interest-bearing account that means most in the end, but the regularity with which you add to it.
The Peoples Bank, of Sanford will help you to keep your earning power and saving power well balanced.

LOVETT WILL AGAIN HEAD STATE LABOR

TAMPA, Dec. 7.—R. B. Lovett was re-elected president of the State Federation of Labor by acclamation at its session Wednesday afternoon.

During the afternoon approval was made of a resolution favoring a maximum eight-hour law and one day of rest in seven with a minimum of \$12 per week for women in industries.

Silent tribute was paid for several moments, the representatives standing with bowed heads, to the memory of John C. Prevatt, former labor official of the state.

Another resolution accepted favored free text books by legislation. The executive committee was authorized to co-operate with any other bodies favoring such a resolution.

An address by Van C. Swearingen, former attorney general of Florida, and labor candidate for the office of governor, was heard Wednesday morning by delegates attending the 21st annual session of the Florida State Federation of Labor.

Mr. Swearingen devoted his address largely to a discussion of the needed legislation, urging that laws should be such as would be of general benefit to the citizenship of the state.

The greater part of the morning session was devoted to the receipt of reports, acting on resolutions, and during the afternoon further business of this will be taken up, the annual election of officers being scheduled for the final portion of the session, which is expected to adjourn at 4 o'clock.

A resolution favoring relief of the railway crafts workers in the state, was received and approved, during the morning. As it is against the rulings of the Federation to levy assessments the resolution was so worded as to instruct the executive committee to arrange ways and means for the immediate relief of the needy families.

It is understood that this relief will be secured by asking the various locals to take up voluntary contributions for the support of the men who have been on strike since early in July.

Another resolution approved called for action to devise legislation to prohibit counties from leasing convicts. It was pointed out that the state is now prohibited from leasing its convicts but that some of the counties still practice this method of disposing of surplus labor from convicts.

The defeat of amendments to the

state plumbing law was approved, and a resolution urging continued action to safeguard the plumbing legislation was adopted.

"Don't ever get the idea that the rail strike is settled," said Chas. T. Nicholson, member of the executive board of the International Association of Machinists, Tuesday afternoon. "The strike is still on for many roads, and we're going to continue the fight to the bitter end."

"The boll weevil of Harding's cabinet," is the way the speaker paid his respects to Harry M. Daugherty, attorney general of the United States, and of President Harding himself, he said, "We have this to be thankful for to Mr. Harding and his friends—they have shown us that the United States can be run without a president."

"The Republican party in preparing its national platform for the 1920 campaign, promised labor nothing," said Mr. Nicholson. "If I give them credit for being honest," said he. "They promised labor nothing and they have given labor nothing."

Appelling for a recognition of the effectiveness of the ballot in righting unsatisfactory conditions, the speaker declared:

"Labor does not want to overthrow our government. There's nothing wrong with our government, there's nothing wrong with our constitution, there's nothing wrong with our flag—they're just in bad hands, that's all."

THE AUTO DOCTOR HAS A HARD LIFE SAYS PERCY MERO

"The auto doctor has a hard life," says Percy Mero. We watched the genial Percy work on a car last Sunday and we agreed with him. The car had a gas tank leak and had to be fixed right now and not having a man handy Percy had to climb in and do the job himself. He ran the risk of an explosion, he had no dinner until after two o'clock and he ruined a suit of clothes in the bargain, and he will have to wait at least thirty days for the money and no overtime at that as the "boss" is not supposed to have extra pay. But the only sweetening in Percy's life is the satisfaction of knowing that when all others fail him he can always jump in and do the work himself if it is necessary for Percy Mero is some chick when it comes to looking after the ills of buzz wagons.

LEGION REVEALS ATTACK ON CLEMENCEAU

INDIANAPOLIS, Ind., Dec. 7.—An anonymous letter calling Georges Clemenceau, former premier of France a "fakir and charlatan" and saying that "he ought to be chased from our shores," has been received by the Americanism Commission of the American Legion in Indianapolis, from St. Louis, the source of some other letters protesting against Clemenceau's visit to this country.

The letter, which is signed "Overseas Front Men" asserts that the writer favors the Legion's stand against the visit of Captain Helmuth von Muecke, former German naval officer, to this country and adds that the "Legion should take the same stand against Clemenceau."

It is believed that the letter was written by a person with pro-German sentiments, and Legion officials are of the opinion that the letter was not written by a former service man.

The letter mentions Clemenceau's proposed visit to St. Louis, December 5, and protests vigorously against the Tiger's speeches in this country. The letter may be sent to the police of St. Louis, who are reported to be investigating the source of a letter supposedly written by a crank and received by the mayor of St. Louis. That letter said: "The bullets are ready" for the visit to that city of Clemenceau.

Several other letters protesting against the visit of the French Tiger to this country have been received at national headquarters, but Legion officials say that the protests against the proposed tour of Captain von Muecke far outnumber those received against the Frenchman and that the protests came from all parts of the country. There has been only one letter received attacking the Legion for its stand on the German's visit.

LAKELAND STILL CLAIMS THE SOUTH FLORIDA CHAMPIONSHIP

Says Sanford Has Only Fair Team and Miami Not Entitled to Any Honors Over Lakeland

While all the rest of the state keeps saying who is who, Sanford descends content with the knowledge that we had some real classy little team, took care of all opposition, and made a wonderful record. A Lakeland writer, writing for the Tampa Times, states that Miami didn't show up so well in that and intimated that the best team Miami played was Sanford, and that Sanford was "only a fair team." Maybe so, but if we were only fair, then there were some mighty cloudy ones. The Tampa Times says:

Lakeland, Dec. 6.—Followers of football in Lakeland are rather surprised at the statements appearing in several of the newspapers relative to the game between Plant City and Miami high schools, and the assertion accompanying the statement that this game will have a bearing on the state championship.

Not detracting from the splendid team developed by Hoyt Carleton at Plant City, it is rather difficult to figure how the Planters are in the running. Having been decisively defeated by Gainesville by a 35-0 score, playing a 6-0 tie with Summerlin, and barely noting out Hillsborough high is not a record upon which to build any aspirations.

Lakeland high school had the logical and real south Florida championship eleven. Until the outcome of the Gainesville and Duval game on Saturday there will be no possible chance of a real comparison between all the teams in the state. However, on the games as played to date, Lakeland stands way ahead of any of the teams in the state except Duval and Gainesville. Gainesville barely defeated Lakeland 7-0 in a game which will always bring up some doubt. Lakeland won all the remaining contests and handed Summerlin a 20-6 defeat.

As far as Miami is concerned, they have not played a real team. Sanford has only a fair team, but is not in the class with Plant City, Hillsborough, St. Petersburg, Lakeland or Summerlin. If Miami defeats the Planters there may be some ground for their contention as claimants, but looking at it seriously there is no team in south Florida that has shown the sustained class that the Lakeland eleven has, and the Polk County aggregation would have been the logical opponents for the Miami eleven. If the Planters defeat Miami, it simply clinches Lakeland's claim for the premier eleven of south Florida.

CHASE BOWLS THEIR BEST GAME OF SEASON BUT LOSE TO ROTES

Rotary Bowls an Even 2,000 Pins Enough to Win by Margin of 152—Merchants vs. Mens Tonight

The Rotary Club, with outstretched hand for the cellar key were denied that pleasure last night on the bowling alleys and once again the Orange Packers let slip a good chance to pull out.

The game was, perhaps, one of the most interesting games played on the alleys this season, although no high scores were rolled. These two teams, the Merchants, are all in about the same class insofar as the average show, and the cellar position being at stake, resulted in a close contest. The Rotes won the first game by 42 pins, Chase won the second by 1 pin, and then the Rotes strengthened up considerably in the last go round and ended the game 152 pins ahead.

The Merchants and Mens' Club hold the cards for tonight and although the big odds are on the Mens' Club there are some of those counter-jumpers that expect to put enough strikers across to net them a victory. Should the Merchants lose tonight the Mens' Club and Farmers will be tied for second place and the Merchants and Rotes tied for second place on the other end.

Last night's score follows:

GIRLS' BASKETBALL GAME ON GRAMMER SCHOOL COURT FRIDAY AND SATURDAY NIGHTS

Winter Park Tomorrow Night and Ocala Saturday Night

The next two games on the Sanford High School girls basket ball schedule will be played on the Grammar School Court Friday and Saturday nights of this week. The Winter Park High School girls will be here Friday night and the Ocala High School girls will be here Saturday night.

Both of these games promise to be real lively and interesting, and Miss Tills has her girls all in good shape to put up some real fight and she expects to win them both. The girls are working hard to make a good basketball team and it behooves every one of the Sanford fans to turn out to these games and give the support, both financially and otherwise, that is needed to make these affairs a success.

The Herald will publish the line-up in tomorrow's paper, and the girls want all the fans to remember that these two games will be two of their hardest and full moneys worth will be given the spectators. The games start at eight o'clock. Remember the date and time and place.

FOR THE MOVIE FAN

"The Bat" is not a moving picture. It is one of the best road shows ever landing in Sanford.

And when you see this play you must keep it a secret just as the many thousands have already done.

"The Bat" comes to Sanford next Monday night, and the seat sale is open to the public now. You can get your choice of seats if you get busy now.

And while you are waiting for this fine show to come to Sanford don't forget to take in the Oliver Curwood picture, "I Am the Law" that comes to the Princess Friday and Saturday nights. This picture is one of the best of its kind and you can't go wrong in giving it the once over.

Tonight Charles Ray will hold forth at the Princess in "R. S. V. P." which is one of his best and that's going some as he has never starred in a bad one.

NOTICE OF INCORPORATION
Notice is hereby given that the undersigned intend to apply to the Honorable Cary A. Herndon, Governor of the State of Florida at Tallahassee, Florida, on the 15th day of December, A. D. 1922, for Letters Patent, Incorporating the MCKINNON-MARKWOOD COMPANY, under the following proposed charter, the original of which is now on file in the office of the Secretary of the State of Florida, at Tallahassee, Florida:

W. M. MCKINNON
FRANK E. MARKWOOD
EDWARD RUMPH

PROPOSED ARTICLES OF INCORPORATION OF MCKINNON-MARKWOOD COMPANY
We the undersigned, have agreed to associate ourselves and do hereby become associated for the purpose of forming a body politic and corporate under and by virtue of the laws of the State of Florida, and do hereby adopt the following articles of incorporation.

Article I.
The name of this corporation shall be MCKINNON-MARKWOOD COMPANY, and its principal place of business shall be at Sanford, Florida, but it may have and establish such other places of business as the Board of Directors may from time to time determine.

Article II.
The general nature of the business to be transacted and conducted by said corporation shall be as follows: To wit: to engage in and carry on a general merchandise business; to engage in and carry on every branch of dealing in dry goods, clothing, men's furnishings, haberdashery, notions, shoes and all other kinds of goods, wares and merchandise; to generally engage in, conduct and carry on the business of a dealer in all kinds of goods, wares and merchandise of every class and description; to acquire, own, lease, let, rent, sell and otherwise deal in real estate; to borrow money and to secure the same by mortgages, deeds of trust, bonds or other obligations; to receive, hold, own, lease, let, sell and otherwise deal in real estate, and to have, exercise and enjoy all the rights, powers and privileges incidental to corporations organized and existing under the laws of the State of Florida.

Article III.
The amount of the capital stock of this corporation shall be Twenty Five Thousand (\$25,000.00) Dollars, to be divided into Two Hundred and Fifty Shares of One Hundred (\$100.00) Dollars each.

Article IV.
This corporation shall continue and have full power to exercise its corporate rights and franchises for a period of ninety-nine years, from and after the commencement of its corporate existence.

Article V.
The business of this corporation shall be conducted by the following officers: A President, a Vice-President, a Secretary and a Treasurer, who may be one and the same person, and a Board of Directors, of not less than three nor more than five persons, who must be stockholders.

Article VI.
Until the first meeting of the stockholders, hereinafter provided for, the officers of this corporation shall be: W. M. McKinnon, President; Frank E. Markwood, Vice-President; and Edward Rumph, Secretary and Treasurer.

Article VII.
The first or organization meeting of the stockholders shall be held in the city of Sanford, Florida, on the 20th day of February, 1922, for the purpose of adopting the by-laws and completing the organization of this corporation, and also for the purpose of electing such officers of the corporation as are herein provided for, and thereafter the annual meeting of the stockholders shall be held on the first Tuesday after the first Monday in January of each year.

Article VIII.
The highest amount of indebtedness or liability to which this corporation shall be subject shall be an amount not to exceed the amount of the capital stock of this corporation.

Article IX.
The names and addresses of the subscribing incorporators and the amount of the capital stock subscribed by each are as follows: To-wit: W. M. MCKINNON, Sanford, Florida, 12 Shares; Frank E. Markwood, Sanford, Florida, 12 Shares; Edward Rumph, Sanford, Florida, 11 Shares.

IN WITNESS WHEREOF, the subscribing incorporators have hereunto set their hands on this 6th day of December, A. D. 1922.

W. M. MCKINNON
FRANK E. MARKWOOD
EDWARD RUMPH

County of Seminole, State of Florida.

I HEREBY CERTIFY that on this day before me personally appeared W. M. McKinnon, Frank E. Markwood and Edward Rumph, to me well known to be the persons named in and who subscribed their names to the foregoing articles of incorporation, who severally acknowledged before me that they executed the same for the purposes therein expressed.

WITNESS my hand and official seal at Sanford, County of Seminole and State of Florida, on this 6th day of December, A. D. 1922.
