

FLORIDA GETS JUDGESHIP SENATE PASSES BILL AFTER MUCH DISCUSSION

Bill Provides for Score or More of Federal Judges

FOR ENFORCEMENT

OF THE LAW AND ESPECIALLY OF THE PROHIBITION LAWS BILL IS DESIGNED

(By The Associated Press)
WASHINGTON, April 8.—The differences in the senate and house bills providing for additional federal judges including one Southern Florida district remained to be adjusted today. The senate provides for 24 more while the house previously had provided for 22.

WASHINGTON, April 8.—The bill to provide a score more of federal judges, advocated as a measure to relieve congestion in federal courts, and opposed as a political patronage "pork barrel," was passed late yesterday by the senate and sent to conference with the house.

Twenty-three more federal district judges distributed throughout the country and one more judge for the fourth circuit are provided by the senate bill as against twenty-two district judges under the original bill passed by the House last December.

The senate vote on final passage was 44 to 21, with party lines broken. Eight Democrats, Senators Ashurst of Arizona, Fletcher of Florida, Hitchcock of Nebraska, Myers of Montana, Pomerene of Ohio, Trammell of Florida, Wash of Massachusetts, and Walsh of Montana, voted with thirty-six Republicans for the bill. The opposition included eight Republicans and thirteen Democrats, the Republicans being Senators Borah of Idaho, Capper of Kansas, France of Maryland, Ladd of North Dakota, LaFollette of Wisconsin, McNary of Oregon, Norris of Nebraska and Townsend of Michigan.

The Democratic opponents were Senators Broussard of Louisiana, Caraway of Arkansas, Dial of South Carolina, Harris of Georgia, Harrison of Mississippi, Kendrick of Wyoming, King of Utah, Overman of North Carolina, Sheppard of Texas, Shields of Tennessee, Stanley of Kentucky, Underwood of Alabama and Williams of Mississippi.

The "pork barrel" and "log rolling" charges made openly on the floor by Democratic opponents of the bill and denied as vehemently by its supporters, were followed by some open maneuvers and kaleidoscope vote changing during the dozen roll calls on amendments yesterday. The bill finally contained provisions for four more district judges than recommended by the senate judiciary committee. These include one each for New Jersey, New Mexico, the western Missouri district and the southern Florida district.

As passed by the senate, the distribution of the twenty-three additional district judges would be as follows:

Two each for Massachusetts and the southern district of New York and one each for the eastern New York district, Eastern Pennsylvania, Western Pennsylvania, Northern Texas, Eastern Michigan, Northern Ohio, Northern Illinois, Minnesota, Eastern

UNIONS AND COAL OPERATORS HAVE BEEN IN SESSION TO NEGOTIATE NEW WAGE SCALE

Suspended Action Today to Resume on Tuesday For Final Settlement

(By The Associated Press)
NEW YORK, April 8.—Union representatives and delegates from the Anthracite Coal Operators who have been in session as Wages Negotiations Committee, suspended conferences today and returned to their respective districts. They announced they would resume sessions Tuesday, when efforts will be made to bring about settlement of the strike will be resumed. The basis upon which the operators will conduct the fight for wage reductions was outlined today by S. D. Warriner, president of the Lehigh Coal Navigation Company. He asserted, however, it had not yet been decided what percentage they will seek to incorporate in the new anthracite contract.

ST. JOHN'S RIVER IS ONLY SALVATION OF FREIGHT RATES

NEW RULING FOR RAILROADS SOUNDS DEATH KNEEL TO SANFORD'S HOPES OF BEING A PORT

The following from the Palatka News is something that every citizen of Sanford should read for it only bears out what the Chamber of Commerce has been telling you here for the past six months and doing all it could by organizing the Central Florida Traffic League and trying to fight for our very existence. If the business men of Sanford lay down on this job any longer they can kiss goodbye to all their hopes of Sanford ever being any large than it now is. Read the following:

"It was the consensus of opinion at the meeting of the Southern Tariff Association, which was in session at Atlanta Monday and Tuesday, that there is no escape from the ultimate enforcement of the fourth section order of the interstate commerce commission abolishing preferential freight rates accorded seaports and institution of the straight mileage basis, according to Secretary J. W. Hart, of the Palatka Chamber of Commerce, on his return here this morning. Mr. Hart attended both sessions of the league in the Piedmont hotel in Atlanta, and was made chairman of the Florida division to arouse interest and raise funds with which to do everything possible to secure a favorable basis for computing the tariffs.

"The enforcement of the fourth section principle, which is already law, means that Palatka will have no preferential rate over any other city in Florida. It will pay its rail freight at so much per mile, just as every other Florida city will pay it. Basing points that now exist, such as the Ohio river, the Potomac river, Mississippi, etc., will be abolished. If Palatka gets a ton of freight from Cleveland it will pay the same rate per mile that Gainesville, Lake City or Live Oak will pay. It will mean the establishment of wholesale grocery and grain houses in all of these towns and the elimination of the number that now exist here by reason of the preferential rate.

"In other words, it will mean that Palatka will no longer be a jobbing center and distribution point—unless Palatka provides against the emergency by arranging for water transportation. This would mean the ultimate deepening of the channel of the St. Johns river between here and Jacksonville and possibly the establishment of an independent transportation company for chartering schooners, or for the operation of one

or more steam vessels to northern points. It would also be necessary, if this is to remain a distribution point for grains, to arrange for schedules to connect with Tampa boats that will bring grain from the west thru the port of New Orleans.

"Ten states were represented at the Atlanta meeting, and there was a unanimity of feeling that the league should fight to the last ditch to maintain depressed rates for waterway ports. Interior cities recognized that short hauls from ports would be a cheaper method of securing freight than all-rail hauls based on any possible new tariff that will be promulgated. Just how the Traffic League will fight could not be determined, as it is not yet known what attitude the railroads will assume when they meet with the shippers and representatives of the interstate commerce commission in Atlanta on May 22 to submit their schedules of rates. Just what basis these tariffs will be on is not known and until this is known no steps to oppose them can be taken.

"In Florida the fight to oppose rates that will ruin the wholesale business in some of the established centers now, will have to be waged by the smaller ports, such as Palatka, Sanford, DeLand and Pensacola. Jacksonville and Tampa do not care what rates the railroads put into effect, for they are protected by established water routes and Tampa is planning to increase its water transportation. Jacksonville was not even represented at the meeting of the Traffic League. Manager Hoskins, of the traffic bureau of the Tampa Chamber of Commerce, was present and said that Tampa did not care what the league did, that Tampa had already made its plans for this emergency, and advised Mr. Hart that he need not ask Tampa for a cent in this fight, for you will not get it." In marked contrast to the attitude of Tampa was that of Savannah, representatives from that city declaring that they were with the organization in the fight to save, if possible, the small ports, and they would take over a portion of the assessment made against Florida and attempt to raise it in Georgia.

"Just when the order, which is already a law, a part of the transportation act, goes into effect depends on when the schedules filed by the railroads are submitted and finally approved.

BUREAU OF ENGRAVING CLOSED FOR INVENTORY FOR INDEFINITE PERIOD

Twenty-Eight Chiefs Were Removed Recently by President Harding

(By The Associated Press)
WASHINGTON, April 8.—Divisions of Bureau of Engraving, and printing, engaged in production of bank notes, bonds, postage stamps, etc., will be closed tonight for an indefinite period for the purpose of taking inventory of the plant from which James Wilmet and twenty-eight chiefs, superintendents and foreman were removed by presidential order a week ago.

MANY KILLED AND INJURED WHEN CYCLONE HITS TEXAS AND OKLAHOMA

OKLAHOMA CITY, April 8.—(By The Associated Press).—Four persons were killed and a number injured in a tornado at Lawton. Wires between here and Lawton are down and direct communication is impossible. Reports here said a number of buildings were levelled.

FORT WORTH, Tex., April 8.—A tornado struck Cisco, near here and wrecked the depot and tore down a number of residences and barns.

WICHITA FALLS, Tex., April 8.—One was killed and several injured in a tornado which struck Electra near here. Twenty-five houses were destroyed.

BALLINGER, Tex., April 8.—Six persons were killed and seven injured when six homes were destroyed six miles northwest of Rowena in a tornado.

GASOLINE TAX INVALID STATE WILL LOSE MONEY THAT WENT FOR ROADS

AMERICANS BUTCHERED BY GEN. SEMENOFF, WILL BE DEPORTED

WASHINGTON, April 8.—(By The Associated Press)
—Declaring that he received charges that American woman and children had been butchered in Siberia by General Semenov, Chairman Borah of the Senate Labor committee announced he would endeavor to bring about the deportation of all anti-Bolshevik leaders now under bail in New York after their arrest in connection with a civil suit.

Tallahassee Chosen Next Meeting Place Florida Press Ass'n.

Was Selected Over Several Other Places in Contest

(By The Associated Press)
DAYTONA, April 8.—Tallahassee was selected by the Florida Press Association as the next meeting place over Polk county, Gainesville, and Ft. Myers. The date of the next meeting and the election of officers will be the main business for this afternoon.

GOOD ROADS ADVOCATES MEETING AT DAYTONA DISCUSSING VARIOUS ROADS

(By The Associated Press)
DAYTONA, April 8.—Good roads advocates from several counties met here today on order of the recent 23. Augustine meeting. Discussion of projects for state roads numbers 2 and 4 were advanced. Several East Coast boosters, including Colonel Stoneman of the Miami Herald, were in attendance.

OFFICERS HAD DIFFICULTY IN GETTING THE EVIDENCE

(By The Associated Press)
KEY WEST, April 8.—Chief of Police Gardner and other officers made a liquor raid here several nights ago and obtained evidence only after a bit of unusual work. The place raided was operated by Eugene Gabal. When Gabal sighted the officers, Gardner said, he made a rush for the house, shutting the door behind him. Gardner, however, was able to push the door open before Gabal could latch it. The chief said as soon as he entered the house Gabal picked up a bucket of liquor and swished the contents on the floor, the chief receiving a portion of the liquor on his shoes and trousers where it splashed. Not to be outwitted Gardner took his handkerchief and began mopping up the whiskey as evidence. Gabal, realizing the chief was working rapidly threw a bucket of water on the floor. He was too late, however, for Gardner had mopped up about two ounces of liquor before the water struck it and had squeezed the "evidence" into a bottle.

The great task of the movie director is not to hitch his wagon to a star, but to hitch his star to the water wagon.

And Road Funds Will Suffer a Large Loss

ANNUAL REVENUE

THAT MEANT \$600,000 A YEAR FOR THE ROAD FUND—NO REFUND TO BE MADE

(By The Associated Press)
TALLAHASSEE, April 8.—The gasoline tax law declared invalid by the supreme court yesterday will again be tested in the courts, according to Attorney General Buford. He pointed out that yesterday's court decision merely affirmed the circuit court decision which overruled a demurrer to S. J. Gunn's contention filed by Buford. He and Assistant Gaines are now preparing to answer Gunn's complaint which will result in the matter again going before the circuit court for hearing.

Tallahassee, April 7.—Florida's gasoline tax law which, after 10 months' operation, indicated an annual yield of approximately \$600,000 for road building and maintenance, was declared invalid in a ruling handed down by the supreme court yesterday. The court divided, three to two, Justices West and Whitfield dissenting.

The court's ruling upheld a decision by the circuit court of Leon county in a case contesting the legality of the measure brought by S. J. Gunn, of Levy county, and a representative in the house.

The opinion, delivered by Chief Justice Brown holds the measure to be invalid because of its having been signed by the speaker of the house and the president of the senate after the legislature had adjourned its last sine die. It developed sometime after the measure had been misplaced in the last, minute shuffle incident to adjournment. The lack of the legislative chiefs' signature was promptly called to Governor Hardee's attention when it was discovered and the chief executive summoned Speaker Jennings and President MacWilliams back to Tallahassee. They came back the day after adjournment and affixed their signatures. The procedure was held by the court to be illegal, setting forth that the presiding officers have no authority to sign a measure after the legislature had adjourned.

By a peculiar co-incident the last payment under the law was made to Comptroller Amos yesterday morning.

The effect the opinion will have on the state road building program is problematical, but there appeared little disposition in any quarter to minimize its effect. Immediately the court's decision became known rumors were rife about the government departments that an extra session might be called, but a painstaking search could find nothing that assumed more than the calibre of a rumor. Inquiry disclosed that the governor himself, had been confined to his home by a slight illness all day, and there was no one willing to attempt to give his attitude.

Chairman W. B. Phillips, of the state road department, authorized the statement, that all contracts for road

WILL PLEAD UNWRITTEN LAW FOR KILLING ARMY OFFICER INVADED SANCTITY OF HOME

Oklahoma Oil Man and Wife Will Tell Their Story Before Coroner's Jury Today

(By The Associated Press)
OKLAHOMA CITY, April 8.—Pleading the stern code of Oklahoma, the "unwritten law," Jean P. Day prepared to go before the coroner's jury here today to seek to be judicially absolved of the killing of Lieutenant-Colonel Paul Ward Beck on the ground that he shot him in self defense while attempting to keep inviolate the sanctity of his home. Six men sitting as a jury will hear this afternoon from the wealthy oil man and his wife their sworn stories of the slaying. Upon their testimony and other evidence brought out will be assigned the responsibility in the tragedy. There will be apparently no witnesses for Beck, as no others were present when he was slain.

PERSONALS

Go to the Chauvaugua tonight "Friendly Enemies" will make you laugh and weep. Great weather for all kinds of farming and fishing, n'everything. Ed. Lane and Bud Allison attended the local talent minstrel show at Deland last night.

The Press Gang is meeting at Daytona today and tomorrow. Wish we could go over there. An advertisement in this issue of the Herald tells you about the bond like you, and it is one that every citizen should read.

George Huff has accepted a position with the Williams Garage as bookkeeper and will have charge of the necessary department. Moved into the Matthews home on Palmtoe Avenue where they will be at home to their friends.

Two of the center boys on the Herald are at Gainesville and it you do not get your Daily Herald promptly, in order that the Herald may be delivered to you, it was decided upon, it was decided upon, it was decided upon.

Frank W. Graham left yesterday for Wilmington, N. C., where he goes to consult with Dr. Stinson, general surgeon for the A. C. L. Mrs. Edward Lane is expected home this afternoon from Jacksonville where she has been visiting friends and relatives for several days.

Harry Brown of the Lakeland Telegram and Bill Harris of the Government Gazette were here today on route to Daytona to attend the press meet. Tuesday's concert will be the last one unless a concerted effort is made to keep the Municipal Band intact all summer. It means much to your town and to you.

Mrs. E. A. Douglas, accompanied by her daughter, Mrs. B. J. Sturman, and her handsome little son, left this morning for Dunell where they will visit her mother, Martin, for a few days.

You get the world news twelve hours earlier in the Daily Herald than from any other paper that is printed. Watch the news service and get it fresh in the Daily Herald. Take your home paper. 10-11p

Frank Kay Anderson of Tampa, with the Thomas Advertising Co. and tonight at the Chauvaugua tent. Unless we are badly misinformed, the Chauvaugua tent is taken you will say it is the best play you have ever seen on the stage. This town with Sec. Walter Haggnes to attend the press meeting.

Frank Dixon, who lectured here last night for the Chauvaugua on the "Indispensable Tool of Democracy," was a caller at the Herald office this morning. His lecture was greatly enjoyed by all present and part of it is given in this issue of The Herald on the editorial page.

Attend the meeting on the streets Saturday night if you want to know anything about the bond issue. It is nothing concealed about the election and it is for your good and the good of your posterity that the bond are being voted. Attend the meeting.

Prominent speakers will address the voters on the bond election that will be held next Tuesday on the route of the county and building a bridge at the corner of First and Park avenues. Watch for future announcements. 614-W21

EXTENSIVE CAMPAIGN

McWilliams to Wage EXTENSIVE CAMPAIGN Senator McWilliams, candidate for congress in the fourth district, was in Orlando recently greeting friends and discussing the June primary. The senator will remain in Orlando a short time.

Senator MacWilliams said that he intended to conduct his campaign for the DeForest Building, with a full line of up-to-date Ladies' Ready to Wear. Mr. Kronen is now in New York buying the very best and latest merchandise.

Ed. Lane and Bud Allison attended the local talent minstrel show at Deland last night. The Daily Herald hopes to have the address of Mr. Brooks Fletcher made at the Kiwanis Club yesterday in full for the Herald in order that all who did not hear the talk will be able to read it and digest it in full. It was called "Why Your Home Town Looks like You," and it is one that every citizen should read.

LAY CORNERSTONE OF CAPITOL APRIL 26 AT TALLAHASSEE TALLAHASSEE, Fla., April 7.—The board of commissioners of public institutions set April 26, Memorial Day, as the date for the laying of the corner stone for the capitol extension.

Harry Brown of the Lakeland Telegram and Bill Harris of the Government Gazette were here today on route to Daytona to attend the press meet. Tuesday's concert will be the last one unless a concerted effort is made to keep the Municipal Band intact all summer. It means much to your town and to you.

parties stalling around to keep from doing something that might add credit to one of the two parties.

PREFERENTIAL FREIGHT RATES

Read the articles in today's Herald from the Tallahassee News about the preferential freight rates that will go into effect soon and that mean the freight rates enjoyed by Sanford for many years will now be taken away and the fact that Sanford has water transportation will mean nothing in our young lives unless we put on our own line of steamers. This move may mean one of two things—it may mean that our people will lay down on the job and let the railroad suck our life blood and take away all that we have enjoyed for years and expected to enjoy in the future in the way of preferential rates or it may mean that our people will at last awake to the importance of our river transportation and put on their own line of boats to Jacksonville and if necessary from Sanford to New York. For many years the old Board of Trade labored with the Sanford people trying to awaken them to the importance of improving the St. Johns river and taking advantage of the biggest asset of the city but they were apathetic and just like they today they waited for "George to do it" and paid no attention to the efforts of those men who could look ahead and see the impending disaster of allowing the railroads a free swing in the matter of rates. Now the matter is up to you again and it is up to you good and proper. You need expect no help from anybody anywhere. It is strictly up to Sanford as to whether they back the Chamber of Commerce in this matter or lay down and let the railroads walk over you. Sanford should take advantage of the river and every business man in Sanford should join the Chamber of Commerce and with a concerted effort build that which is vital to our very existence. If you don't believe it read the article on the front page today.

UNCLE HANK

Blessed is the home in which the man and wife don't want to read the comic section at the same time.

of the necessarily small delegation which the expense entailed.

South Florida is no longer asking; it is demanding it as a right. The chairman of the department pronounced it. Now he announces that after the Tallahassee meeting is held in Tallahassee, with an "adjourned meeting" or something informal like that, here, later. The chairman and the rest of the department know well enough that after the Tallahassee meeting is held there will be nothing left for the rest of the state. Official appropriation of the funds available will have been made, and this section will get the nothing it is usual to give it. Therefore it demands the official regular meeting there, and an opportunity to show what it has a right to have.

The southern part of the state is noted for having contributed to the state department nearly 70 per cent of the money it has had to spend from state sources, and for having relieved back 5 per cent on its road projects. The road from Jacksonville to Pensacola, alone, has had the entire rest of the state has been able to get.

South Florida demands that the state highway department come to Tampa with its maps and blue prints, its records and its recommendations, in shape to show why it is necessary for south Florida to be ignored. It demands that the state highway department come to Tampa with a complete itemized statement showing the source of receipts for the money it has had, and an itemized statement showing the distribution of that money; and south Florida wants disbursements by counties. It will not take exceeding four or five days for the department to get this up—it should not—and the demand of the southern part of the state for the meeting, and accounting, is both reasonable and warranted.

The Tribune recalls that when the recent reorganization of the department was approached, and the demand of office by the chairman was in evident precautionary of his promise of a square honest deal for all the state, the press and the people of southern Florida came, almost in a body, to his support, demanding his retention as chairman, threw itself into the breach, and prevented what was an evident intent to ditch him for another. The people of south Florida have not forgotten this, nor the pledge made publicly by him that he would see honest justice and fairness done to the entire state.

One of the first means of proving that he meant what he said will be his prompt statement that the Tampa meeting will be held, before the Tallahassee meeting and if necessary, the "adjourned meeting" be from Tampa to Tallahassee, instead of the reverse now proposed.—Tampa Tribune.

The Eustis Building & Loan Association, after four months' operation, has exceeded from every viewpoint the most sanguine expectations of its promoters. More than \$100,000 of stock has been subscribed immediately following the organization of the building and loan association, every dollar of which has been paid in on monthly installments and is loaned out and is yielding dividends to the stockholders. Eight per cent profit has been earned during the four months and the money loaned has gone into new homes in Eustis, thus building up the city by making possible the erection of residences by those whose means were insufficient to finance such buildings on a cash basis. The building and loan association is in its infancy, with every prospect of becoming a full-grown business institution. Demands for money with which to erect homes in Eustis far exceeds the cash supply of the association at this time. Thousands of dollars, if available, could be placed during the next sixty days, and dozens of residences would be erected during the summer months if means to supply the demands are provided. The sale of the remaining

stock of the association will greatly relieve the present situation, will prove a safe and sure investment for the purchasers and will be the means of promoting the growth of the city. Booklets have been issued containing the by-laws and constitution and other information concerning the association and may be procured on application to this office or the secretary, Geo. A. Pierce—Eustis Lake Region.

LET'S MAKE THE \$100,000 COUNTY BOND ISSUE UNANIMOUS.

6-4228-4230-4232-4234-4236-4238-4240-4242-4244-4246-4248-4250-4252-4254-4256-4258-4260-4262-4264-4266-4268-4270-4272-4274-4276-4278-4280-4282-4284-4286-4288-4290-4292-4294-4296-4298-4300-4302-4304-4306-4308-4310-4312-4314-4316-4318-4320-4322-4324-4326-4328-4330-4332-4334-4336-4338-4340-4342-4344-4346-4348-4350-4352-4354-4356-4358-4360-4362-4364-4366-4368-4370-4372-4374-4376-4378-4380-4382-4384-4386-4388-4390-4392-4394-4396-4398-4400-44

QUIRE EDGE GATE—Surely This Record of Trespass Won't Be Held Against Mr. Jinks!

BY LOUIS RICHARD

PUBLIC FORUM

A MICHIGAN TOURIST'S IMPRESSIONS OF SANFORD

Sanford is a hustling, sunny, and home-like little city that offers to the tourist all the essential accommodations and conveniences that the traveler requires.

Nature has been very generous to Sanford, in giving it an ideal location on Lake Monroe and the head of navigation of the beautiful St. Johns river.

Sanford can with all candor, boast of its well paved streets, its wide and foliage lined avenues, well kept lawns and comfortable homes.

Sanford, within its incorporate limits and nearby adjacent country possesses the finest truck farming land in the south, or in fact in any other state in the union.

Celery, Sanford's great specialty, is grown on a gigantic scale, its quality unexcelled, and its market extends from the gulf to the golden gate.

A continuity of crops is not only possible, but the rule, as a matter of fact the fields are at all seasons occupied with growing crops of one kind or another and those conditions ought to be a great inducement to any one contemplating truck farming to locate in a place that gives results.

As to climate, Sanford stands in a class by herself.

The warm days as a rule are followed by cool and restful nights. Her close proximity to the sea affords the cooling breezes that produces a sound and healthful slumber. From a social standpoint Sanford stands pre-eminent in the distribution of the genuine old-fashioned, Southern hospitality, its citizens as a whole try to outdo each other in extending a hearty and warm welcome to its visitors. It makes no difference to the "Sanfordian" whether you come from the aristocracy or the rural districts, all are welcome.

Sanford is well equipped with educational facilities, and ranks high among similar institutions throughout the state, its buildings have been wisely located, and properly distributed to accommodate all the district within its incorporate limits and nearby country that is under its jurisdiction.

The teaching faculty is made up of the best talent that could be obtained and the high grade of scholars that it graduates is sufficient evidence to convince the most skeptical that when it comes to education, Sanford stands in the front ranks as an educational center.

In conclusion I would say that if you are contemplating a respite from the rigorous winters of the north, come to Sanford, and you will find an ideal city to spend your vacation. If you come to Sanford for one winter it is safe for me to predict that your case will be like the proverbial "bad penny" you will always return.

J. W. W., Detroit, Mich.

ACKNOWLEDGE FAULTS

If man to man acknowledged wrong He'd help his fellowman along. There's not a life that's free from stain Your and mis-steps may help to gain A soul, whom Christ died on the cross To save from sin's dread wrecking loss. If by your stumbles others gain, Then 'tis your fall was not in vain. It may be that one word suffice To lend another good advice. Avow to God; confess to man, And on truth's firm foundation stand. —Clair Cameron.

PARTISAN PRESIDENT SHOWN IN ACTIONS DISCHARGING DEMOCRATS

WASHINGTON, April 8.—Any intention by President Harding to impair the operation of the civil service law was specifically disclaimed by White House officials yesterday after the president's recent bureau of engraving dismissals again had been the target of democratic attacks in the senate.

The intention of the chief executive it was said by officials in his confidence, was not in any sense to break down the spirit or the letter of the civil service regulations, but rather to improve the efficiency of governmental machinery under those regulations.

The president was said to take the position that as head of the government he is responsible for efficient governmental administration. If there is anything in the civil service that tends to tie the hands of the executive, it was said, it will be looked into, but without any effort to undermine or attack the civil service system.

It also was asserted that there is no intention at present of changing the method of selecting postmasters under presidential appointment. The system under which the present administration is working, that is, of taking one of the three highest under a competitive examination, is regarded by the White House as giving, on the whole, fairly good satisfaction.

The administration recognizes that there is considerable criticism in some quarters over the present method of selecting postmasters, however, and officials suggested that if there was too much irritation the president might be forced to withdraw some postmasters from under the modified civil service plan.

An alternative had been suggested, it was added, for the president, in case the irritation increased, to withdraw the first, second and third class postmasters from the civil service where they were placed by executive order, and to have persons desiring appointment as postmaster, take a civil service examination upon recommendation of their congressmen so that postmasters could be named from this list.

It was made clear, however, that the administration has no intention of abandoning the present system.

POTATO SEASON IN FULL BLAST

HASTINGS, Fla., April 8.—The potato season is now in full blast and more than 2,000 hands are busy digging, sorting and packing Irish potatoes which are being rolled northward by special trains. The Hastings Labor Bureau sent out a call last week for 5,000 extra hands and the response has been good. Many of the newcomers are camping out in tents as every room in the town whether it is in hotels or private houses, is taken and the demand is still heavy.

Even with the starting up of the season last week over 100 cars were shipped and No. 1's brought \$8.50 per barrel, No. 2's \$5.50 and even No. 3's sold at \$3.50 to \$4. When No. 1's are selling for over \$6 per barrel then there is a chance to get rid of the culls. Dry weather and leaf blight has cut the crop average down to forty bushels per acre.

Commission men from all parts of the United States and Canada are in town, all vying with one another and on the lookout for choice stock. The market closed Saturday with prices advanced \$1 per barrel over that of Friday.

By Saturday the first train load of potatoes is supposed to roll out and the East Coast railroad has established a yard master here, also a switching engine and a full yard crew. The U. S. Department of Agriculture opened its bureau here Monday and is issuing daily bulletins telling of the condition of the crop and of the number of cars rolled.

SANFORD'S TEMPERATURE

That rain has not come as yet and we are needing it. We never miss the cistern till the well runs dry and just now it seems to take an awful lot of water to keep the moon wet. Maybe it is because the Chautauqua is being held in a tent but anyhow we would like to have a nice, gentle rain that would last all night and then some. It sounds so good on the roof Saturday night when you remember that you don't have to work Sunday. Do you know your Sunday School lesson? 5:40 A. M. APRIL 8, 1922 Maximum 88 Minimum 64 Range 65 Barometer 30.16 Calm and cloudy.

THE BLAZED TRAIL

Workers in the woods frequently find the trail blazed by the axes of those who have gone before. Guided by these marks, they easily find their way.

Advertisements perform a similar duty for you in the important business of spending your money. They point the way to values of which you would never know if they were not there to guide you.

Do you read them? Wise shoppers do. They are the economical buyers—the ones who keep themselves strictly up-to-date on the best opportunities for saving money, or spending it judiciously?, which is one and the same thing.

Read the advertisements in this paper. Read them to know what's what in the shopping district. Read them because they place before your eyes a moving panorama of business progress. Read them to save money—to save steps—to save disappointments. Read them because they blaze your trail to satisfaction in your every-day buying.

Read them regularly. Follow their guidance. IT PAYS

SOCIETY

Starling yesterday enroute to Jacksonville from St. Petersburg, where they had been attending the Hotel Men's Convention, which was held there this week. Mr. Simms was elected second vice-president of the State Hotel Men's Association.

PERRY JERNIGAN TO WED

Mrs. Don Lochner, of Clermont, gave a little party yesterday afternoon for Miss Clellah Lochner. When the guests arrived they were all given nut shells, inside of which was a piece of paper announcing the engagement of Miss Clellah Lochner to Perry Jernigan. The wedding to take place some time in the early part of May. Delicious refreshments were served. Twenty-five guests were present.

Out-of-town guests were: Miss Glenna Locke of Sistersville, W. Va.; Mrs. Orin Farrel and Mrs. Braxton Baggett, of Sanford.

SANFORD DRAMATIC CLUB

The Sanford Dramatic Club met Thursday evening at the home of Marie and Gladys Stemper. The club rehearsed their comedy play and vaudeville acts. The Sanford Dramatic Club are going to give their play at the Princess Theater April 25, 1922. Don't forget the date. All come.

FLORIDA GETS JUDGESHIP

—SENATE PASSES BILL. AFTER MUCH DISCUSSION (Continued from Page One)

Oklahoma, Montana, Northern California, Southern California, Arizona, New Jersey, Georgia, New Mexico and Southern Florida.

The bill provides for an annual fall conference of senior circuit judges at Washington with the chief justice and attorney general of the United States to make a comprehensive survey of judicial business of the country and make bench assignments. It provides also for assignment by the chief justice of judges to districts where there is congestion or where the public interests generally requires such assignment.

In adding four judges to the bill's total, the Senate voted down numerous amendments for judges and to reduce the number authorized. An amendment by Senator Dial, Democrat, South Carolina, requiring judges to devote their time to the duties of their office and prohibiting their receipt of outside compensation was adopted without a record vote. This was an echo of Senator Dial's criticism of former Federal Judge Landis, after the latter's acceptance of a large salary as commissioner of organized baseball.

The bill's provision for assignment of judges to other than their own districts was attacked particularly by Senator Shields, who said it might result in transferring "dry" judges to "wet" districts. He also charged that paid lobbyists of the National Anti-Saloon League were working among senators in behalf of the bill.

If you love your wife don't roast her. Get your Sunday dinner at the Seminole Cafe and save time and labor and money. We furnish Sunday dinners that are real dinners. 11-1tc

CHAUTAUQUA WILL CLOSE HERE TONIGHT

WITH MARIAMBA BAND AND A LECTURE THIS AFTER-NOON

One of the largest audiences of the season greeted the play, "Friendly Enemies" last night at the Chautauqua tent. The play had been advertised thoroughly and there were many who had either seen it or heard of it and all that they had heard paled into insignificance when they witnessed it. There were tears and laughter and the clever cast brought the story of the world war home to every one and mothers who had sent their sons forth lived again over the trying scenes of the war when the lads went to fight with the thought that many of them would never return. "Friendly Enemies" was worth the price of the entire season ticket and the praise given this one feature alone is sufficient to stir up enthusiasm for the Chautauqua to come back again next season.

Last night over two hundred and fifty pledges were given by those who will take tickets for next season and while two hundred and fifty more are needed it is thought that they will be given in today and tonight thus making it possible for the Chautauqua to be given next year. Those who have taken in the entire course say that there has not been a poor number upon the entire program and that all of them have been top-liners in every respect.

It is up to the people of Sanford as to whether they want the Chautauqua next year or not and their attitude today will be taken as the sentiment upon which the promoters of the Chautauqua can bank.

This afternoon a fine lecture on "What Do You Think When You Think" and Soll's Marimba Band and tonight Marimba's band will round out a week replete with excellent numbers.

SEMANOFF DENIES THEFT.

NEW YORK, April 8.—Gen. Gregorio Semanoff, hataman of the South Russian Cossacks, denied yesterday before Peter B. Olney, referee in bankruptcy, that he was responsible for the theft of goods belonging to the Youreovita Home and Foreign Trading company, a bankrupt New York concern, which caused his arrest here Thursday night. He said if the company ever lost any supplies through Cossack raids he knew nothing of it himself because while he was the commanding officer he could not be held directly responsible for what his men did.

Chicken dinner, turkey dinner, all that goes with it at the Seminole Cafe. The best dinners for the money that you can get anywhere. Ask your friends. 11-1tc

INFECTED WITH LEPROSY.

RICHMOND, April 8.—Wm. M. Skipper, 27, who was brought here from Marion, S. C., for examination, has been found infected with leprosy, according to the city bureau of health yesterday. He has a wife and one child living in East Marion, S. C. Aid of the federal government will be sought to have him removed from this city.

There are no dinners just like those served at the Seminole Cafe. It is the general opinion around here that the Seminole knows just how to touch the spot. 11-1tc

GIRL ATHLETES MEET.

TALLAHASSEE, April 8.—Girl athletes from high schools in the state met at the state woman's college here yesterday in their first inter-scholastic meet. Like the boys' meeting at Gainesville, they were slated to try their prowess on the cinder track and in field events. Volley games were on yesterday's program, while field and track contests will be run off today and tonight the declamation and essay contests will be staged.

DENTISTS MEET.

LAKELAND, April 8.—The West Coast District Dental society opened a two-day session at the Lakeland Elks' hotel yesterday morning with 34 members present. J. P. Getzen presided as president. Opening addresses and reports were heard this forenoon, including lecture by Dr. E. L. Evelin, of Philadelphia, originator of the Evelin tooth. A clinic in the Naves unit is scheduled for this forenoon and this afternoon will be devoted to recreation and entertainment.

As usual the Seminole Cafe will put up those excellent turkey and chicken dinners tomorrow (Sunday). 11-1tc

ST. JOHNS RIVER IS ONLY SALVATION OF FREIGHT RATES

(Continued from Page One)

proved. These will be submitted in Atlanta, New Orleans and Asheville on May 22, simultaneous hearings being held at each of these cities on that date. The rates will be based per mile on classification and it is on the classification that shippers are most concerned. It developed at the Atlanta meeting that a preponderance of freight coming into the south is based on water competitive points, and that if these are abolished the railroads are facing two conditions—either they will get a higher rate on all the stuff that comes south, or they will force shippers to use water routes, and lose considerably more than they will gain. It will be the purpose of the Traffic League to show, if it can, that the enforcement of the order will cut the throats of the railroads in that it will force a greater volume of traffic by water.

Mr. Hart said that rail representatives evinced uneasiness over the situation, one being outspoken in his belief that it would prove ruinous to the railroads. A representative of one of the big systems entering Jacksonville said he had already advised his traffic chief of the dangers threatening in the fourth section order.

"Palatka wholesale concerns held a meeting recently to discuss the situation which now faces them, but at that time had little information as to the real seriousness of the situation, or what methods might be pursued to offset it. Establishment of water transportation from eastern ports, it was pointed out, would not altogether relieve the situation here, as there is practically no grain or hay coming through eastern ports. It was pointed out, however, that if Jacksonville establishes a water transportation line from New Orleans that Palatka will benefit by it and can maintain present connections with the Jacksonville port. Otherwise Tampa will have the advantage over all the peninsular section of the state in shipments from the west.

PUT AND TAKE

TOOK LADY'S MONEY TO TUNE OF \$50,000

ST. PETERSBURG, Fla., April 8.—Revelation that a wealthy tourist woman had complained to him that she had lost \$50,000 playing "put and take" in a local tea room was made last night by Mayor Frank Pulver.

The mayor said that the woman came to him several days ago and told her story on condition that he would not reveal her name. Mayor Pulver said that the woman owned a handsome residence here and that she was the wife of a millionaire of Boston, Mass.

The woman said that her losses covered a period of several months and that her heaviest loss on any one time was \$3,600. She refused to prosecute or reveal the name of the tea room where she had played.

Mayor Pulver said that the woman blamed only hard luck for her losses and that she did not believe that the toddle tops were crooked.

The mayor said he had ordered an investigation of the woman's charges that gambling was flourishing in St. Petersburg and that as high as \$1,000 was being wagered on the turn of a top.

EXCHANGE your old tires for new ones, get ready for your summer trips. We make liberal allowances for your old tires. We handle Michelin, Perfections and Firestones.—RAY BROTHERS, Phone 548. 10 d&w-tf

ROLLINS DEFEATS STETSON
The Rollins Tars staged a comeback yesterday at Winter Park and walloped the wearers of John B. Stetson colors 7 to 1 in a game filled with circus catches and erroneous ball on the part of Stetson. Starting out in the early stage of the game the Hatters pushed a marker across the plate in the third inning after Bowen had grounded out Black's hit for a single and scored on Hooper's only hit of the game. After this the Hatters found themselves running as far as first base and then returning to the bench. Rodenbaugh pitching his second game in as many days for the Tars had the Stetsonites eating from his hand all during the game. At no time was the Tar iron man in any danger of losing control or efficiency. Several snappy plays behind Rodenbaugh killed all chances of the Hatters to score.

FINAL EVENTS IN STATE TRACK AND FIELD MEET TODAY
GAINESVILLE, April 8. — Duval and Fort Lauderdale emerged practically even from the preliminary events of the Florida state school track and field meet here yesterday, 11 men from each school qualifying for the final today. Hillsborough, Lakeland and Gainesville were next in the number of men winning places in the final events. In the 100-yard dash, Reed, of Duval, exceeded the present state record, when he clipped off the distance in 10 1-5 seconds. He and Marshall, of Fort Lauderdale, bettered the record for the 220-yard dash, and Jones, of Duval, made the 120-yard high hurdles in 17 4-5 seconds, lower than the record. None of the times stand as records, however, because of their having been made in the preliminary trials.
Those who qualified for the finals follow:
100-yard dash—Reed, Duval; Blitch, Tallahassee; Marshall, Ft. Lauderdale; Bishop, Gainesville; Brumley, Gainesville; Monett, Orlando.
120-yard high hurdles—Jones, Duval; W. Johnson, Ft. Lauderdale; Cole, Ft. Myers; Monroe, Hillsborough and Ditchenmuller, Ft. Lauderdale.
220-yard low hurdles—Monroe, Hillsborough; Nolte, Duval; Jones, Duval; Burwell, Fort Lauderdale.
220-yard dash—Hebble, Hillsborough; H. Marshall, Ft. Lauderdale; Reed, Duval; Monnett, Lakeland; Powell, Hillsborough.
Broad jump—(five highest men qualified)—Davis, Miami; Baker, Ft. Lauderdale; Marshall, Ft. Lauderdale; Blitch, Tallahassee; Brumley, Gainesville.
Pole vault—(five highest men qualified)—Baker, Ft. Lauderdale; Matthews, Ft. Lauderdale; Robb, Fort Pierce; Marshall, Tallahassee; Gedge, Orlando.
Discus throw—(five highest men qualified)—Lorenstein, Duval; Gillespe, Lakeland; Reed, Duval; Shirley, Bradentown; West, Hillsborough; McDowell, Gainesville; Porter, Orlando; Stone, Sanford; Lewis, Duval; Lefers, Ft. Myers.
440-yard dash—McRoberts, Hillsborough; Wettstein, Live Oak; Jordan, Gainesville; Vickery, Gainesville; Hall, Ocala; Romberger, Orlando; Burwill, Ft. Lauderdale; Kincaid, Orlando; Houvier, Duval.
Shot putt—Gillispie, Lakeland; Vickery, Gainesville; Brown, Duval; Jones, Duval; Petteway, Dunnellon.

H. S. NOTES

Play practice is being held almost every night on the Senior play, "The Hoodoo," to be given April 20th and 21st.

Mr. Hall, the advance press agent for the Redpath Chautauquus, surely "told it to us" Monday morning, and his good talking resulted in the sale of over \$112 worth of tickets to S. H. S. students. Rah!

By the way, the Boys' Athletic Association seems to be having a hard time getting a manager for the baseball team—doesn't it?

Eskimo Pie will be much more popular (if such could be the case) since Mr. Fletcher advocated it. He said that the boy who invented it is now worth thousands of dollars on account of the invention.

It will be some time before we forget Thursday's chapel exercises. Thomas Brooks Fletcher, editor of a daily newspaper in Marion, Ohio, and one of the foremost lecturers in the Redpath Chautauquus that has been in Sanford this week, (and, we might add, one of the foremost lecturers of the world) spoke on the subject, "Grasshopper People." Needless to say, he held the entire attention of every one present, so forcefully was the lecture presented. He emphasized the importance of having a gymnasium, playground, school nurse for our city, and said that Boy Scout and Girl Scout movements should be supported by the Chamber of Commerce. "The high school boys of today will be the business men and women of tomorrow," he stated, "and they should have every facility possible for securing an education." We greatly enjoyed his relating the incident of his "sweetheart" teacher, also the "grasshopper" incident. Directly after the one-hour lecture in the auditorium, Mr. Fletcher was the guest of honor at the banquet at the Valdez given by the Chamber of Commerce, Kiwanis and Rotary Clubs, and the Senior class had the privilege of hearing his talk there, after the "cats." In this talk he stressed the importance of "community spirit"—everybody co-operating for the success of the community, and many were the laughable stories told of townspeople that did not pull together. Come again, and welcome, Mr. Fletcher!

The High School track team left high school Thursday noon for the State Track Meet at Gainesville. Here's luck, fellows!

Miss Narmer, the children's "Story Teller" for the Redpath Chautauquus, entertained us Friday morning with several fairy tales. The one about the "Donkey and the Goose" was greatly enjoyed. Although we may think so, we are not too old to enjoy hearing fairy tales when they are told as interestingly as this.

Miss S. Muriel (in Friday's English class)—"Class, sit up straight; you'll have time to rest the whole next two days."

Hyron S.—"Aw, I'll have to sit in church all day Sunday!"

The High school wishes to thank the city manager for the benches he so kindly sent us in response to our request. They have been needed for some time, and we'll certainly use them.

MAYOR PULVER DOES NOT USE HIS SALARY CHECK

(By The Associated Press)
ST. PETERSBURG, April 8. — It has developed that Mayor Frank Pulver, who has just completed his third month as chief executive of this city, has refused to keep his \$100 monthly salary check. The mayor took the check from the director of finance each month but the first month endorsed it and turned it over to the First Baptist church building fund. The second check was divided among the ministers to be used by them for charity and the check for March, the third one, was given to the Associated Charities.

DIVORCE

In Circuit Court, Seventh Judicial Circuit in and for Seminole County, Florida.—In Chancery
D. W. Byrd, Complainant,
vs.
Goldie Byrd, Defendant.
To Goldie Byrd, Winston Salem, North Carolina:
It appearing from the affidavit of D. W. Byrd herein duly filed, that he is the complainant in the above entitled cause, and that it is the belief of the affiant that Goldie Byrd is a non-resident of the State of Florida, and that she is a resident of the State of North Carolina, residing at Winston Salem, in the said state, and that there is no person in the State of Florida, the service of subpoena upon whom would bind the defendant; and that affiant further says that he believes the age of the defendant to be over twenty-one years. You, therefore, Goldie Byrd, are ordered to appear to this bill herein duly

filed in this cause on the 1st day of May, A. D. 1922, the same being a Rule Day of this Court.

A Southern Institution

The business activities of the Standard Oil Company (Kentucky) are confined to the South.

The Company has progressed with the marvelous growth of the South and is today a vital part of the business and economic life of its people.

The following data gives some idea of the operations of the Standard Oil Company (Kentucky) in the State of Florida:

It operates 120 tank stations and service stations.

The Company pays in salaries and commissions to its representatives in the State of Florida over \$600,000.00 per year.

Under the various City, State and County License, Tax and Inspection laws, it pays over \$260,000.00 per year.

The co-operation, loyalty and efficiency of the Company's employes have contributed largely to the building up and maintaining of its State-wide service to the public.

The Company hopes to merit the public's continued patronage based upon the superior quality of its products, its efficient organization and its service and tank station system throughout the State.
