California Weather Expected To Affect Local Celery Price

Business Cold Bakes Vegetable-Producing Regions On Pacific Coast
Lower Mercury Seen For Tonight
Frigid Waves Kill Nearly 600 People In New York

Friable on celery in Seminole County were expected to rise in the future, according to communications from the California celery producing areas where a severe frost struck this morning.

From dispatches from the Pacific Coast indicated that temperatures ranging from 16 to 20 degrees were prevalent over certain areas in Central California, described by local celery growers as the delta region.

Weather activities in the Los Angeles area, gave intimations that the delta area may be forced to stop shipping the vegetable for the year.

Other communications arriving here today reported that three other celery sections of the coast were hard hit by the unexpected cold weather, and that a lower thermometer was predicted for tonight.

Local growers in touch with the California situation said they had been unable to determine the exact extent of damage, since the killing cold had not given growers long enough to give accurate estimates.

Several Seminole County celery growers were inclined to believe that if any produce were left in the delta section, it would be of poor quality, since they pointed

40 Applications Are Filed Here For County Jobs

Attorney Only Major Office Already Filled By Board

Nearly 40 applications for County jobs had been filed today in the office of O. F. Herndon, clerk of the Seminole County Board of Commissioners.

Despite rumors of a "house-cleaning" by the new Board which took office Tuesday, employees who served under the last Commission are still retained and will be, according to a resolution of Commissioners, "until further notice."

Clerk Herndon's files show the following offices which are appointed by the Board:

County assessor (already appointed), E. H. Housholder at \$45 per month.

Physician at \$100 per month, now filled by Dr. Sam Puleston; assistant physician, \$50, now filled by Dr. W. The Langley.

Superintendent at County home, \$65, now filled by E. L. Danni; matron at home, \$30, now filled by Mrs. R. L. Dunn.

County convict captain, \$120 per month, now filled by Paul Biggers.

Charter Granted To County Fair; Displays Sought

Exposition To Offer Return Of Money In Prizes, Awards

A charter for the Seminole County Fair and Celery Display has been granted and is recorded, removing the final obstruction in the path of the exposition slated here for Jan. 25-30 inclusive, Jack A. Purcell, fair manager, announced today.

Produced under the sponsorship of the Sanford Elks' Lodge, the show will include a complete celery exhibit, agriculture shows, a pony and poultry show and an automobile show.

According to the program drafted by Mr. Purcell, the exposition will be "the greatest educational and entertaining exhibit in the history of Seminole County."

The fair will pay back to localities considerable money in prizes and awards, the manager announced.

He said the best attractions obtainable will provide entertainment on the midway, adding that many innovations are being introduced this year.

Mr. Purcell also said: "It is the duty of every public spirited citizen of the County to rally to the support of this year's fair, because it is not given for financial profit to any one person, but to the people of the County."

"I earnestly seek the support on behalf of the Elk fraternity and the Fair Association, Inc., of everyone to display one or more articles at the exposition.

"The success of any fair is not due to the any one person or a personal group, but to the fine, whole-hearted support accorded the fair in all sections of the County."

New Efforts To Localize War Is Made

German Moroccan Incursion Is Said To Threaten Gibraltar And French Colony

By The Associated Press
Spurred more than ever by authoritative reports of a German Moroccan incursion threatening both the future of Gibraltar and the French colonial border, Great Britain and France made new efforts today to localize Spain's civil war.

They called for direct action to keep foreign arms and men from reaching combatants.

French officials announced emphatically they could never permit Germany to gain a foothold in Spanish Morocco where thousands of Germans were reported to have conducted a virtual military and commercial invasion.

France and Britain heard that German-supervised fortifications are going up at Ceuta to rival those of Gibraltar, 16 miles across the straits.

In Madrid, Fascist invaders drove Government troops farther back through the outskirts in a new drive to capture the capital. The battle was described by both sides as one of the bloodiest of the civil war.

President Asks New Money Of Congress; Child Labor Law Sped

One Against 403!

WASHINGTON, Jan. 8.—(AP)—President Roosevelt, unheeding a dispute over curbing the Supreme Court, made a second brisk move today to achieve NRA goals by seeking to speed ratification of a child labor amendment.

In letters to governors and governors-elect of 19 states where legislatures meet this winter and spring, he asked favorable action on the proposal pending since 1924. Only 12 more states need to act to make it the 22nd amendment. Twenty-four states have ratified it.

"It is clearly indicated that child labor, especially in low-paid unskilled types of work, is increasing," the President wrote. "I am convinced that nation-wide, minimum standards are necessary and that a way should be found promptly to speed the ratification of the child labor amendment."

WASHINGTON, Jan. 8.—(AP)—A bulky message asking billions of new appropriations and putting a balanced Federal budget squarely up to private re-employment efforts went to the 75th Congress today from President Roosevelt.

In his words read to senators and representatives by clerk, Roosevelt said unless business cooperates in giving jobs to those now on relief the "question of a balanced budget for 1938 must of necessity remain an open one for the very good reason that this government does not propose next year, any more than during the past four years, to allow American families to starve."

Included in the near billion-dollar national defense fund was money for starting two new battleships.

Simultaneously with planning new battleships, the message asked toward the White House legislation to tighten the neutrality law by forbidding munition shipments to Spain and the President promptly signed it into law.

Pelican Goes Amphibious; Enjoys Automobile Ride

D. K. McNab Captures Fowl On Magnolia Avenue—Practicing Landings—Takeoffs—Believes Lost From Zoo

By PAT PATTERSON
D. K. McNab searched the town today—unsuccessfully—to find someone who had lost a pelican.

The fowl, obviously accustomed to confinement and quite tame, was captured after becoming amphibious. He was nabbed in the process of making practice landings and takeoffs from the pavement on Magnolia Avenue.

Mr. McNab said the bird had hardly acclimated himself to the strange surface of the street since landing operations usually ended in minor spills through which wings and fuselage survived without serious damage.

It was apparent that the pelican had lost his bearings and seemed to be making efforts to return to water. The trees near by evidently disturbed his sense of navigation.

Mr. McNab watched the bird with amusement for some minutes before approaching for the capture. The pelican cocked his head but failed to make an effort to escape until he was seized. Then the attempts were feeble.

Placed on the front seat of the McNab automobile, Mr. Pelican declined to show any trace of fear at the rumbling of the motor. On the contrary, he indicated perfect satisfaction with that "I-feel-at-home" stance pelicans use while perched on some dock pile waiting for fish to swim by.

A rush of air past the bird's head, when the car went into motion, apparently gave him a greater sense of security, since

Homestead Forms Are Called For By Tax Assessor

TALLAHASSEE, Jan. 8.—(AP)—Governor Cone said today he would ask the Florida Legislature in April to ratify the child labor amendment to the Constitution as requested by President Roosevelt.

W. E. Brown, noted bird authority and wild life photographer, will visit Sanford early next week to fill an engagement as principal speaker before the Girl Scouts annual meeting Monday night.

Mr. Brown's address will be augmented by the exhibition of motion pictures which he has "shot" of hundreds of birds.

One of the most remarkable moving pictures recorded by the bird authority is that of a crane, "caught" in the act of doing a dance.

Many of Mr. Brown's photographs were taken at Camp Manywings, a game and bird preserve near Grandin, in Putnam county.

Exhibit Committee To Lay Base For Orlando Program

The Exhibit Committee of the Seminole County Chamber of Commerce, to direct local activities in the Central Florida Exposition at Orlando in February, will meet tonight at 8 o'clock in the Chamber building for discussions on proposed exhibits.

Ralph Bagwell, secretary, said the body probably will lay out a basic program from which will come the Seminole County displays to be shown at the exposition.

Comprising the committee are the following:

George E. Balmes, Miss Josephine Boynton, Randall Chas., Mrs. Endor Curlett, C. R. Dawson, J. E. Fox, Fred Forward, J. T. Jacobs, Alex R. Johnson, Mrs. Harry Papworth, Gus Schmah, Peter Thurston, A. G. Wagner and J. W. Wilson.

Bond Refundings Boost Prices Of City Certificates

Rise Shows Increase In Tax Collection, Confidence In Land

Bond refunding programs, such as Sanford is contemplating today, have resulted in an average price advance of 40.05 points on municipal securities throughout the State, according to information received here today from Eli T. Watson and Company, bond dealers.

While the gain reflects more confidence in the future of real estate, it also mirrors a general improvement in tax collections throughout the State, it was pointed out.

"The better collections," according to the Watson firm, "are of course a direct result of improved business conditions; better prices received for farm products in the agricultural regions, expanding production in the industrial regions of the entire south, and, in the exceptional case of Florida, increased winter resort business."

Nine southern states showed a gain in municipal bond prices. They were Alabama, Arkansas, Florida, Louisiana, Mississippi, North Carolina, Tennessee, Texas and Virginia.

Waters Is Speaker Before Town Club Here Tonight

Dr. H. Waters of Orlando, scheduled as principal speaker before the Townsend Club when it assembles tonight for the first time in two weeks in new quarters, No. 5 Railroad Avenue, will use as his subject, "Inspiration, Prepiration and Shoe-leather."

A covered dish supper is to be served at 6 P. M.

Entertainment will be provided by the Purcell Quartet from Orlando. A duet by Earl Whiten and his sister, Miss Whiten, is also on schedule.

The public is invited to attend the affair.

December Reveals 40 Percent Gain In Express Business

A gain of 40 percent over December, 1935, was recorded in local express business during the past month. It was reported today by J. Schirard, Sanford agent for the Railway Express Company.

The figure, Mr. Schirard pointed out, reaffirmed predictions based on a pre-Christmas survey made by the thousands of employees of the company last year when a record-breaking Yuletide season was foreseen.

No figures for January business are available at this time, the agent said, although he asserted that express business is considerably ahead of the same period last year.

Haynes Sells Part In Printing Firm To Pennsylvanian

L. R. Lasher, formerly of Pennsylvania, today had purchased the interest of Walter Haynes in the Celery City Printing Company on Park Avenue.

He announced that no changes would be made in the present policies of the company.

Mr. Lasher, on his first trip to Florida, is stopping at the Valdes Hotel.

Andubon Society Committee Meets Here Tomorrow

Thirteen members of the Florida Andubon Society Executive Committee will assemble at 9:30 A. M. tomorrow in the Mayfair Hotel to discuss plans for the Society's annual meeting in Winter Park here this year.

C. Russell Mason president of the organization said the body also will consider certain proposed legislation, affecting the protection of birds, which is scheduled to be introduced in the Florida Legislature this year.

Other business will include the acceptance of warrants over two Florida bird reservations.

Other than Mr. Mason, the Committee is composed of the following:

Edward R. Sove and Jack Russell, both of Sanford; Mrs. William F. Blackman, A. J. Hanna and Mrs. Hiram Arnold of Winter Park; Mrs. L. A. Dryden of St. Johns Island, N. Y.; Mrs. E. Stedberg, Jr., of Greenwich, Conn.; Miss Lillian M. Arnold of Gainesville; W. L. E. Barner of St. Cloud; Dr. M. R. Mills of Tampa; E. A. Grimes of Jacksonville; and F. M. Weston of Pensacola.

Newsboys Contest To Close 1st Week; Radio Prize Offered

Tomorrow will mark the end of the first week of The Herald's subscription contest in which carrier boys are participating in an endeavor to win a new, 1937 radio.

The carriers are being awarded points for every new subscription turned in to The Herald circulation manager and also are rewarded with a bonus for every cash subscription reported.

Carriers entered are William Stempert, John McMahon, James Ter, Clyde Perry, Manning Clark, James Hall, Jr., William Wieboldt, Manuel Browne, C. L. Wynn, Sydney Richard, Dunt Perry, A. M. Berner and James River.

The contest will continue for six more weeks, closing Saturday, Feb. 20.

Legionette Drum Corps Will Start Official Practice

The first official rehearsal of the Sanford Sons of the Legion drum and bugle corps is slated for tonight when the unit assembles at 7:30 o'clock in Legion Hut on Lakeshore Boulevard.

Percy Mero, Legionnaire director of the organization, plans to announce the eight drummers and eight buglers who will comprise a 16-unit competitive group.

Mr. Mero said he is planning for the Legionette rifle team to resume target drills sometime this month, pointing out that the ballroom of the National Guard probably will be used as a rifle range.

Distribution of buttons signifying membership in the National Junior Riflemen's Association was slated for tonight but is to be postponed, since the emblems failed to arrive.

Sanford Shuffleboard Club Formed; Visitors, Tourists Asked To Join

The Sanford Shuffleboard Club was organized here yesterday afternoon with approximately 30 charter members who named E. Z. Haines as president. Other officers are P. D. Cobb, vice-president, and W. H. Francis, secretary and treasurer.

Competition for the organization is tentatively slated to begin Jan. 16 in a match with dis-pushing experts from DeLand. Another tentative afternoon of play is booked with Orlando on Feb. 4.

Efforts are being made to schedule games with Winter Park, Mt. Dora and other cities nearby boasting similar clubs.

A fee of 50 cents is charged each member, it was announced.

Telephone Books Billed To Arrive In Sanford Monday

Sanford's new telephone directories are scheduled to arrive here Monday and will be ready for distribution Wednesday, it was announced today from the local Bell office.

According to the latest list of subscribers, nearly 1,600 Sanfordites will receive new books.

The last directory, issued while Howard Overlin was manager here, bore the date of Dec. 7, 1935. The new book is to be issued with the name of E. V. Turner as group manager since he assumed the position following the transfer of Mr. Overlin to Key West.

Books are slated to be distributed through the mail, which will require about three or four days, it was indicated.

Sanfordites Attend Ocala Installation

Five representatives from Sanford last night attended joint installation ceremonies of the Ocala Woodmen of the World and Woodmen Circle.

They were C. C. Collins, J. O. Andes and Clarence, representing the Woodmen, and Mrs. Collins and Mrs. Andes delegates of the Circle. Miss Mildred Wheeler, State president of the Circle, accompanied the group.

Housholder Pushes Probe Of Nuisance

E. F. Housholder, County attorney, was pushing an investigation today into complaints that grapefruit hulls, dropped on the highway in the Golden Lake section, were creating a purported nuisance.

The attorney was instructed at the last County Commission session to probe the matter and seek steps by which the action may be remedied.

STRIKE SPREADS

DETROIT, Jan. 8.—(AP)—The automotive strike against General Motors Corporation spread to the Cadillac plants today throwing several thousand more men out of work. Governor Murphy resumed conferences with General Motors and the United Automobile Workers Union officials in an effort to halt the strike which threatens to embroil the entire motor industry.

More Health Blanks To Be Distributed In County Monday

Seminole County school children who did not receive eight-point health program blanks yesterday or today will be supplied Monday, Mrs. Dorothy Lamb, school nurse, said today.

Blanks in the Sanford primary grammar and junior high schools were given blanks to their children in Lake Mary, Lake Monroe and Lyman schools, and the school nurse is judging pupils, giving blanks when certain stipulations are met under the health program. A total of 200 can be given and 150 more be secured in the county.

Dr. Garzenhouse To Address Baptists

The Rev. Jacob Garzenhouse, a Christian Jew, will speak at the First Baptist Church at 11 A. M. Sunday, the Rev. W. P. Brooks, Jr., pastor, announced today.

Dr. Garzenhouse has been connected with the Home Mission Board of the Southern Baptist Convention since 1921, the Rev. Brooks said.

The public is invited to hear the address.

'After The Thin Man' Another Hit Mystery - Comedy
 "After The Thin Man," starring William Powell and Myrna Loy, opened at the Ritz Theater Saturday, a sensational sequel to "The Thin Man," produced by Metro-Goldwyn-Mayer in response to remarkable public demand for another mystery by Dashiell Hammett.
 Powell and Miss Loy excel their stellar performance in the original and the story is even more intriguing. A first rate supporting cast includes James Stewart, Elissa Landi, Joseph Calleia, Jessie Ralph and Asta, the smart little wire-haired terrier that played such a clever role in "The Thin Man."
 "After The Thin Man" presents a sparkling comedy-mystery, placed in San Francisco. Powell, as the detective, Nick Charles, arrives home after a New York venture determined to abandon the profession of sleuthing. But he encounters immediate mystery, murder and intrigue in an affair that extends from the aristocratic heights of old Nob Hill to the shadowed alleys of Chinatown.

Swing Music End Is Seen By Dance Body

HOUSTON, Texas, Jan. 8.—(AP)—The popularity of "swing" music likely will wane within a few months, Mrs. Monte Beach, president of the Dancing Masters of America, says, but the tricky tunes may have a lasting influence upon ballroom dancing.
 "It seems that swing dance music, an apparent novelty which probably will begin losing popularity within a few months, may have some influence on the manner of dancing the waltz and fox trots," she says.
 Mrs. Beach, first woman president of the dancing masters and only person ever elected to that office four consecutive terms, said laymen, music, college youth and motion pictures had originated most of the dancing steps in recent years.
 "Most steps originate with laymen and are perfected by the masters," she says.

Frigid Weather Is Harmful To Many Sections Of U. S.

Transportation Units Feel Severe Blow Of Snow-Clogged Highways, Rails

Air And Ocean Services Hurt

California Orange Growers Fearful Of Losing Crops

CHICAGO, Jan. 9.—(AP)—Virtually all forms of transportation felt the pinch of adverse weather conditions today in most parts of the nation.

Blizzards and fog disrupted air travel in the northern states. Thick weather slowed North Atlantic shipping.

At least 11 deaths were attributed to the weather. Four were in Texas, one in Nebraska and two each in Arizona, Utah and Oklahoma.

Two Northern California deaths previously were attributed to the extreme cold.

Two Southern California orchards burned amid gale as a result of a multimillion dollar frost crop from the low temperatures.

Water pipes froze in San Francisco for the first time in years. Atop the Golden Gate Bridge the temperature dropped to 11 degrees.

Requests For Tax Exempt Residences Taken By Doudney

A small trickle of applications for 1937 homestead exemptions dribbled into the office of Tax Assessor Sanford Doudney today after he made an appeal Friday to file requests for the elimination of residential property from new tax lists.

Pointing out that nearly 2,000 blanks are to be received through his office, the assessor urged early action on the part of homeowners to avoid inconvenience on their part.

Other returns which are to be filed with Tax Assessor Doudney are tangible and intangible tax returns, widows' exemptions and veterans' exemptions.

Mr. Doudney pointed out that persons applying for exemptions must file every year before Apr. 1, or the right of benefits is automatically waived.

The assessor has offered his assistance to anyone unfamiliar with filing any of the applications or returns.

Dr. John Palmer Gavit To Address Rotarians

Dr. John Palmer Gavit, of New York City and Winter Park, will be the principal speaker at the Rotary Club luncheon at the Mayfair Hotel at 12:15 o'clock Monday.

H. B. Pope, president of the club, announced today, in urging a full attendance.

Dr. Gavit, Mr. Pope stated, is a noted author and editor who has been highly honored in the world of literature and who has had the privilege of interviewing many of the leading statesmen of the world.

In 1933 Dr. Gavit was awarded the honorary degree of Doctor of Human Letters at Dartmouth College as a result of many years devoted to social settlement work.

Reply Is Issued To Cone's Stand On State Canal

Water Conservation League Asks Data Be Made Public

The Florida Water Conservation League today had replied to a statement from Gov. Fred Cone in which he favored the completion of the cross-state canal, J. C. Chase, vice-president of the League, said today.

Following is the resolution in which the reply is made: Whereas, the Governor of Florida at Tallahassee on Jan. 5, declared himself outrightly in favor of the construction of the Florida cross-state canal, and

Whereas, such public announcement creates a presumption of the Governor's possession of information to the effect that the construction of the canal will not have serious adverse effects upon the lake levels and water supplies of that section of the State lying southward of the proposed canal, and

Whereas such information as otherwise has been available to date (including public expression of the State Engineer, Mr. Henry S. Shaffer, of the Geological Department of Columbia University; Dr. F. H. H. Calhoun, dean of the School of Geology of Clemson Agricultural College, and Dr. J. Edward Spurr, an eminent national geological authority and the individual recommendations of two of the water experts making recent investigations for the U. S. Engineers) has been to the effect that very grave danger to

Amateur Airmen To Make Parachute Jump Here Sunday

Two rank amateurs, names not revealed, will make parachute jumps over Municipal Airport tomorrow if a program mapped out today is carried to completion.

Firman Church, operator of the flying field, said the two youths, both men, had expressed a desire to learn "chute jumping and were 'taken up' on their wish.

Bob O'Neil, 1936 national parachute jumping champion, will instruct the couple, neither of whom has ever jumped before.

Other tentative features of the Sunday afternoon show will be stunt flying by Church and O'Neil, and a possible delayed chute drop by the latter.

The public is invited to see the event which may be witnessed from parked automobiles on the edge of the airport.

Local Ice Dealers Attend Tax Session

W. M. Carter of Sanford, vice-president of the Florida Ice Manufacturers' Association, and F. E. Stein of this City, a member of the Executive Committee, this week attended a session of the organization in Jacksonville called to lay plans for the education of the public regarding health value of ice.

Recommendations and plans were made for the year including the necessary advertising assistance and material to be used in tying in the Florida market with the national program planned by the National Ice Association.

Funds Are Received For Teachers' Pay

An allocation of approximately \$17,000 had been received by the Seminole County school system from Tallahassee for January salaries to teachers and transportation units, Superintendent T. W. Lawton reported.

Drafts for the money will be written and distributed late this month or early in February, he said.

100,000 Idle As Strikers Refuse Work

12 General Motors Plants Closed By Idle Workers As Walk-Out Spreads

A tabulation today showed nearly 100,000 workers are idle because of strikes in the plants of General Motors Corporation and its effect upon related industries.

Strikes closed 12 plants and left 29,111 idle. Williams S. Knudsen, executive vice-president of General Motors, predicted 135,000 employees would be out of work tonight.

The strikes also brought a payless week-end to seamen, lumberjacks, glass workers, knitters and other workers throughout the nation.

The strike scene extended from the Canadian border to Gulf Ports and from the Atlantic to the Pacific coasts.

Total number of workers involved in all kinds of walk-outs passed the 150,000 mark and was mounting.

New City Fathers To Hold 1st Meet

First routine meeting of the new City Commission is called for 7:30 P. M. Monday, City Clerk Frank Lamson said today.

While no particular topic has been set down for discussion, it is probable that the body will touch on tentative plans for improvement to the local water works.

Two Alarms Answered By Sanford Firemen

Two alarms within ten minutes of each other yesterday afternoon carried the Fire Department on runs of about 15 minutes each.

Both were grass fires, one at Grandview Avenue and Twenty-fourth Street, while the other was on the border of the City limits at the east end of Twenty-

Mrs. John Sauls Dies In Crash Another Is Hurt

Massachusetts Visitor Said To Be Improved In Hospital

Mrs. John Sauls of Boston Springs was killed and Miss Hester A. Taylor of Westfield, Mass., critically injured late yesterday afternoon when their automobile was rammed by a vehicle driven by Frank Knight, Jr., at the intersection of Bear Hill Street and Geneva Avenue.

Miss Taylor was rushed to Fernald Lighthouse Memorial Hospital where she attaches today said she "appeared to be recovering."

Mrs. Sauls, driving a new sedan, was moving north on Bear Hill while Knight was driving east on Geneva.

Deputy Sheriff Marion Gordon, who investigated the accident and Coroner Roberts pronounced the cause "unavoidable" since there were no witnesses in the vicinity which prevented motorists from obtaining important facts.

Deputy Sheriff Gordon stated Knight's vehicle slammed Mrs. Sauls' automobile against the curb and sent it on further, crushing a motorist's telephone.

Some Motorists To Be 'Left In Cold,' Says Tax Collector

Approximately 500 vehicles in Sanford are being held in cold storage because of unpaid taxes, Tax Collector J. R. Jenkins said today.

He pointed out that only 500 automobiles have been distributed from his office, adding that there are about 5,000 automobiles in the County that must be licensed.

"It will be a physical impossibility to sell them today," Mr. Jenkins declared. "Somebody is going to be left out in the cold. I have received no information that there will be an extension of the deadline date for final purchase, Jan. 15."

New County Board Goes Into Session Behind Locked Door

County Commissioners were behind locked doors this afternoon in an executive session which showed possibilities of emerging into a regular opening meeting and the discussion of probable County job appointments.

No 41 County employees had been fired at 2:30 P. M., and no new ones employed, since State officers require any action taken by a board of county commissioners to be done in an open session.

The Board convened at 1:30 o'clock and went into a discussion of generalities, it was learned. No mention had been made of

Alleged Faker Appearance Brings Chamber Warning

Simpson Advises Sanfordites 'Investigate Before Buying' Civic Organization Offers Service Free

Reports that seasonal "snow birds" promoting fake schemes, were circulating in Sanford today brought a warning in "the card before buying" from T. E. Simpson, president of the Chamber of Commerce.

"Businessmen have bought advertising space from smooch and fast-talkers on toothbrush and nail-washing charts, in logos and directories and dozens of other practically worthless mediums," the civic leader said.

"Ask such salesmen for their letter from the Chamber of Commerce. 'No letter, no sale,' is a safe rule to follow. The Chamber office has the time and experience to give each proposition a fair and thorough investigation. It is not infrequent that the merchant will be making a bad investment if he buys a proposition that has not been investigated. The service costs nothing and is available to all business men."

President Simpson said there are others victimized besides those engaged in business. He declared the non-commercial class of people help to finance all types of schemes that are "supported" to bring in large dividends.

"The fake charity racket," Mr. Simpson continued, "is one of the most popular. How many times have you given small sum to charity appeals without making an investigation?"

"Recently several Sanford residents received a package of unlabelled handkerchiefs from a certain 'Old Folks Home' with the request to remit 25 cents for these penniless old people who

are in need of help. The package was returned to the sender. The package was returned to the sender. The package was returned to the sender.

County Agent R. H. Dawson is that to assemble an exhibit of garden products and vegetables, while Miss Josephine Boydston, home demonstration agent, is scheduled to arrange an exhibit of home-canned preserved fruits, crystallized fruits and candies.

Indications were that other exhibits would be added to the number as soon as arrangements are made for their preparation.

This year's exhibit will be housed in one of the new buildings being erected on the exposition grounds. In 1936 the Municipal Auditorium was used.

Committee members attending last night's meeting were Mrs. Patworth, Mrs. Wright, Miss Boydston, T. E. Simpson, Mr. Dawson, G. G. Wagner, Ed Forward, J. F. Fox and Ralph Raywell.

Postoffice Offers Army, Navy Memorials

Two commemorative stamps, issued to honor two American generals and two American admirals, are on sale today at the Sanford postoffice and are popular with philatelic interests, Postmaster R. J. Holly said.

The navy stamp bears the picture of Admiral Jones and the picture of Admiral Smith and the picture of General Washington.

Pictures of Generals Washington and Grant appear on the army memorial, flanking a broadsword of Mr. Vernon, Washington's sword.

Both issues are of one-cent denominations and are green and white.

Market Committee Plans Monday Meet

A regular meeting of the Sanford Market Committee for the Sanford State Farmers' Wholesale Market is scheduled for Monday night at 7:30 o'clock in the Market building, Secretary J. G. Michael announced today.

In the group are John Meisch, chairman; C. R. Dawson, Charles Dunn, Charles Lee, W. A. L. Her, Harry Nickel, H. M. Papworth, G. G. Schmah and Roy Symes.

Mr. Michael has requested that all members make a special of-

Audubon Society Will Take Over 2 Reservations

Gainesville, Tarpon Springs Regions To Be Protected

Wardship and stewardship over two new bird reservations in Florida will be assumed by the Florida Audubon Society, the organization's Executive Committee voted today in an annual session at the Mayfair Hotel.

One of the areas over which proposed bird protection is to be given is near Gainesville and contains the glossy ibis, one of the other species is located near Tarpon Springs and is the home of many water fowl.

C. Russell Mason, president of the State Society, said the two additional regions would bring to four the number of Florida reservations under Audubon Society direction.

In each, Mr. Mason said, was a large number of birds. He said the State Society will be in charge of the reservations and will be in charge of the reservations and will be in charge of the reservations.

President Simpson said there are others victimized besides those engaged in business. He declared the non-commercial class of people help to finance all types of schemes that are "supported" to bring in large dividends.

White Man Risks Life In Attempt At Saving Negro

The glowing end of a live electric wire, spitting a charge of fiery death, yesterday afternoon failed to hinder an attempt by W. H. Groves to save Sam Hawkins, a negro employee, from electrocution.

Hawkins was working by the Paola Road near Cal-Fish Springs, he failed a test that toppled over on the high tension lines of the Florida Power and Light snuffing a wire.

One end of the charged electricity carrier fell on Hawkins' forehead, he snared a shroud of both pain and terror which brought Mr. Groves who was nearby.

The white man disregarded his own safety and seized his own workman, but the efforts were in vain. The current snuffed out Hawkins' life. Mr. Groves was said to have received severe burns on his hands from the attempt.

Livestock Owners Warned Of Further Screw Worm Danger

Seminole County livestock owners were warned today by L. E. Godwin, supervisor of screw worm control, that with continued warm weather, screw worm flies are active in all parts of Florida.

Persons owning cattle were urged to use the same care now and throughout the winter, regardless of the weather, that is practiced during the summer and fall months when the fly was very active.

All screw worm cases should be promptly treated with benzol to kill the maggots and a light application of pine tar oil applied to prevent re-infestation.

Special Trains To Serve Sanfordites For Inauguration

The Atlantic Coast Line Railway is planning the operation of special trains between this city and Washington for the inauguration of President Roosevelt's inauguration, according to information received here today from W. H. Wharton, general passenger agent.

Full fare will be attached to a section of the Minnow leaving at 7:15 P. M. on Jan. 18. Arrival in Washington is slated for 10:40 A. M., Jan. 19.

Wharton said the extra would be parked in the capital for the occupancy of those who desire to use them instead of hotel accom-

England Worried By Erection Of Forts On Gibraltar Edge

BERLIN, Jan. 9.—(AP)—Private German sources today declared Reichsfuehrer Adolf Hitler has told the Spanish insurgent General Francisco Franco to capture Madrid by Jan. 15.

They asserted the Nazi chancery has sent between 15,000 and 25,000 volunteers to the Fascist commander's aid and spent \$100,000,000 to help insurgents.

Hitler hopes to gain three objectives, the informant said, in return for participation in war. These aims are colonies, lost after the World War; mining concessions in Spain or its possessions; and economic aid from the European powers.

German Government officials continued to say they "knew nothing" about Nazi aid for the Spanish rebels.

Britain today called French colonial troops to the alert as great numbers drove French and British fleets to new danger zones of Spain's "little world war."

Quebec orders that dealt with the emergency of casualty lists went out to British naval men (continued on page four)

Delay Selection Of Personnel For Drum, Bugle Corps

Sixteen boys, members of the Sanford Sons of the Legion, comprising the unit's official drum and bugle corps will not be selected until next week, Percy Mero, director, said today.

He explained that it was the desire of Legionnaires, who will select the corps, to allow an additional time for practice by the young men.

The eight Legionnaires turned out last night for the organization's weekly session. Bill Hoffman gave instructions to drummers. Percussion was served at the end of the assembly.

Mr. Mero said the corps now has 11 bugles and 25 pairs of drum sticks.

President's Ball Tickets Go On Sale In City Thursday

Tickets for President Roosevelt's Birthday Ball at the Mayfair Hotel on Jan. 30 will go on sale Thursday, according to an announcement made today by L. E. Glenn, chairman of the General Committee on arrangements.

Wednesday night the body is slated to meet in the Chamber of Commerce building to make final plans for the social event. Tickets will be distributed to contributors for sale.

One dollar per couple will be charged, it was announced. The Tropical orchestra has been engaged to provide music for the affair.

Sanford Filks are sponsoring the benefit ball.
