PERTH AMBOY, N. J., Dec. 20.—A mysterious parasite, the "pinworm," so small that an army of them could pass through the eye of a needle, is responsible for appendicitis. America's most eminent major operation

This revolutionary theory, supported by practical observations and research work over a period of 25 years was revealed

International News Service
by Dr. Frank C. Henry, eminent surgeon, and authority on appendicitis.

Not only is appendicitis caused at this black prince of bacteria as the cause of appendicitis but he believes that the affliction can be prevented, if the proper educational campaign is waged.

"Not only is appendicitis caused
chiefly by pinworms, according
to my experience," said Dr. Henry,
but it is quite likely that the disease is spread by them, through

living or through contact between patient and relatives of

the disease in the early stages of the

further support of his theory
Henry pointed out that in tropical countries and warm climates

influenza campaigns were under way
and traces of the pinworms, or

as, they are medically known
in the early stages of the disease

and, as they are destroyed, or

they cannot be discovered without a special microscope, and not even then, sometimes, said Dr. Henry. "But they are present in every early case of appendicitis. I believe that the reason surgeons do not find pinworms more frequently is that they do not penetrate in the primary attack or at least not until suppuration has taken place and the pinworm, or squirm, are destroyed."

Surety Bonds For County Heads Are Approved By Board

At a special meeting Tuesday afternoon, the County Commissioners approved surety bonds furnished by the several county officials. J. F. McClelland, sheriff-elect, presented a surety of \$3,500 and Vance E. Douglass, Clerk of Court, one for \$3,000. Tax assessor Alexander Vaughan's bond was for \$1,000 as was that of County Judge James G. Sharon.

County Commissioners John
Melsch, Boston Steele, Frank Evans and B. F. Wheeler and S. F. Long, commissioner-elect, furnished \$2,000 bonds each. The \$6,000 surety of John D. Jenkins, tax collector, was approved at a previous meeting. Others whose bonds were approved and the amount of each were as follows:

H. C. DuBois, supervisor of registration, \$500; T. W. Lawton, superintendent of public instruction; Fred T. Williams, E. T. Haines and C. W. Culpepper, members of School board, \$2,000 each; J. A. Logan, Theodore Aull and O. P. Harland, justices of peace, \$500 each; G. C. LeFils, E. A. Farnell and R. C. Wilcox, constables, \$500.

NO MURDER

RALEIGH, N. C., Dec. 20—(INS)—A potential murder mystery was exploded today by Coroner L. M. Waring after an autopsy had been made upon the viscera of Mrs. J. A. Lowry for pieces of poison. The body of the woman, who died five weeks ago, was exhumed and examined by friends and relatives listed at first play. "There were absolutely no grounds for the rumor that Mrs. Lowry was poisoned," said the Coroner.

PLAIDS NOT GUILTY

MEMPHIS, Tenn., Dec. 20—(INS)—A plaid was what congressional leaders predicted today would be the supporters of the Swing-Along Cootie Bill. They favored the bill providing for a \$100,000 acre-foot dam and a 10,000 horsepower plant on the Mississippi River before it would be signed.

Adairs Are Freed Of Mail Charges

GAINESVILLE, Ga., Dec. 20—(INS)—Four former officials of the defunct Atlanta Ready & Trust Company, of Atlanta, stood acquitted in federal court today of charges of using the mail to defraud the men in question were Ernest Adair, Jr., Frank A. and Frank E. Adair. They were tried in three indictments alleging mail presentation in connection with the sale of a group of southern hotels.

GARNER FLAYS TREASURY FOR FIXING FIGURES

Representative Says Mellon Always Juggles Estimates To Affect Legislation

Tax Refund Bill May Be Held Over

Big Money Bills Are Killed By Presidential Economy Order

WASHINGTON, Dec. 20—Rep. Garner demanded yesterday that the Treasury has always given Treasury estimates to aid legislation, and said that the count estimates may be juggled down appropriations. If the estimates already given to us are correct, according to Democratic members, the only way in which a deficit can be avoided is to pass the \$500,000 tax cut bill over to the House at construction.

Several proposed bills involving large expenditures have already been abandoned because of the presidential demand for economy. Rep. Dempsey (D) of New York chairman of the Rivers and Harbors Committee, said that in his opinion there was no possibility of passage of the pending \$100,000 Rivers and Harbors Bill.

Instead of being inaccurate, as some charged, the Treasury estimates as to tax refunds were "remarkably accurate," Mellon declared. He said that dealing with such large amounts and with so many uncertain factors entering upon calculations, it was impossible to make dollar-to-dollar estimates.

To the charge that the Treasury deliberately held back the tax refund figures, not including them in the budget, Under Secretary Mills replied today that the tax refund estimates reached the Treasury late to be included in the budget, it was admitted, however, that the refunds for the first four months of the year were much heavier than the Treasury had expected.

Mills declared that Garner's suggestion of holding back refunds until later was impractical. He pointed out that the Treasury would have to pay 6 percent interest on all refunds from the time of collection until the refund actually made. Total refunds this year will amount to more than \$200,000,000, which would create a heavy interest charge should Garner's suggestion be carried out, Mills said.

Mills said he did not believe there would be a treasury deficit next year. The budget bureau estimated a surplus of about \$33,000,000, but when the treasury was forced to add \$5,000,000 to its tax refund estimate it appeared that might be a deficit.

The Treasury estimate of a surplus of only \$30,000,000 appears from Mills' statement today, however, to have been extremely conservative. It probably will be much higher than that, and this, together with present business conditions, are accepted as being able to overcome the revised tax refund estimate.

Yule Tree Boosts Interest In Benefit Show For Orphans

With the placing of a large Christmas tree in front of the Milane Theater, preparations were going forward today for the children's matinee, which will be given Saturday morning at 10 o'clock for the benefit of children of the Methodist Orphanage at Benson Springs, and needy families of Sanford.

The show, an annual affair, will be staged under the auspices of the Kiwanis Club and through the courtesy of J. L. Marquette, manager of the theater. The only admission charge will be two gifts for the orphans. Kiwanians request the children to bring a gift, nut or fruit as one gift and some useful article, clothing if possible, as the other gift.

As each youngster enters the theater, he will be asked to leave his gifts in the foyer. The presents will be collected and presented to the orphans at a special show to be given on Dec. 20. Kiwanians in charge of the affair today emphasized the fact that citrus fruits will not be accepted.

Youngster Asks Santa To Bring Case Of Condensed Milk As Yuletide Present

I Lacked Just A Little Making 90 In Deportment The First Month And 86 Last Month," Writes Little Miss Gaynell Hawkins

Something new in the way of a self-improvement course has been started in a letter received yesterday addressed to Santa Nick. Alice of Englewood, Fla., along with some changes and a new attitude, is writing to Santa, telling her what Wilson's corner

Englewood is like. Little Miss Alice, who goes by the name of Alice, is a 10-year-old girl from Englewood, Fla., who is making 86 in deportment this month and 90 last month. This girl is not such a bad girl.

For being a good boy all the year, Robert Lee Hunter wants only a wagon and a pair of skates. Don't forget I am going to Grandma's home. White, fearful Santa Claus leaves his things at the wrong place. The letters are full of.

HOOVER PLANS TO TUTTLE HOPES TO PASS CHRISTMAS FIND KEY MAN IN ON BOARD UTAH DOPE CASE SOON

Good Will Party Proposes To Reach Key West By January 6

**By Lawrence Sullivan

ABERDEEN, S. D., UTAH, (via ARINGTON RADIO STATION)

Dec. 20—Because of a President Hoover's desire to reach the United States as soon as possible, it was believed certain today that the Latin-American "good will" party would spend Christmas on board

United States Attorney Charles Tuttle expected this prince of dope smugglers would arrive about Jan. 1.

Mr. Hoover is anxious to reach Key West on Jan. 1 and, at the latest, he is faced with the mountainous task of familiarizing himself with hundreds of administrative details and wishes to have as much time as possible for that purpose before he takes over the executive helm.

For this reason it is possible that the three day visit originally planned for Rio de Janeiro will be adhered to. The Utah's reach the British capital tomorrow and leave Monday morning or afternoon. While the Utah plowed northward through rolling seas everyone aboard from Mr. Tuttle to the enlisted seaman making his first long voyage, was preparing for a shipboard Christmas Eve today.

The crew is eager to make the event the greatest celebration of its kind in the history of the United States Navy. More than 1,000 pounds of frozen turkey are awaiting in the ice-boxes. Large quantities of the choicest vegetables and fruits were taken aboard during the ship's seven-day stop at Montevideo.

New Year's Eve will also be spent aboard. Plans for that celebration were also being laid. A light blow which came up at midnight increased in intensity this morning, causing some comfort on deck. Mr. Hoover remained in his office preparing his Rio de Janeiro speech.

BETTY FALLS

St. PETERSBURG, Fla., Dec. 20—(INS)—Betty, year-old daughter of Mr. and Mrs. B. L. Turner, was at play again today, unmindful of experiencing a fall from a two-story building. Betty took her plunge Wednesday, falling from the window on the second floor of her home when she manipulated the latch.

DIES IN JACKSONVILLE

A. Wolfe, 62, 215 Sanford Avenue, died in a Jacksonville hospital Dec. 4 following a short illness, according to word received here. Mr. Wolfe went to Jacksonville more than two months ago and had been a patient in the hospital for four days at the time of his death. Interment took place in Miami. The deceased is survived by his widow, three daughters and two sons.

DOING DISHES

Little dishes, doing dishes,
Is it so gleaming white, so green,
Child, remember it has seen
Meadows, and has run between
The roots of trees;
It has ministered to those
Bleeding, at your work,
Be proud!

The out-chop holds a cloud,
A downy snowbank from a mountaintop!

Turn a faucet,
You're a fountain!
You have rivers, you have oceans
Come to serve your whines, your whines,

And your fingers, dear, are fishes—
Fee them dart among the dishes
There are flowers in the sun,
Young, fresh, risqué buds.

What more could a man ask
Of a task?

Little daughter, doing dishes,
Think of me, I'm a fish!

A good way to raise money for Christmas is to sell old jugs in the attic by putting a little class ad in the paper.

Georgia is said to have a law like the famous Baumer Law of New York, nearly one hundred years old. Prohibitive, Georgia.

There should be no empty Christmas stockings in Sanford. Read the Santa Claus letters in the Herald, and see if you cannot find some way to make some little boy or girl happy.

Tampa ministers criticize city officials for permitting punchboards ready to do more harm than horse races. More people play punchboards who can't afford to lose.

Another gruesome execution story came over the wires yesterday. A man had been electrocuted in a boxcar, bound with a hatchet. Many people will wonder why newspapers print such stuff, but many more will kick because they didn't print it all.

The House has passed a bill making the death sentence mandatory for the犯人 who kill anyone who makes mail to another city. The act should greatly reduce robberies of this sort; at least it should reduce the number of robbers.

"Oh, God, it is more than I deserve. For I loved my wife more than any woman in the world," cried Charlie Taylor, a condemned slave of the city. Perhaps he did, but we doubt if she appreciated his method of demonstrating his affection.

A Washington man who, since his leg was broken, had been unable to drive a car, discovered last month that an amputee had developed stereotyphus. The act should greatly reduce the number of falls through doors, snarly a million dollars in cold cash in the nation. That is municipal, as well as economic, efficiency.

"Smashing broken" found on French Hear Ranchman on the road turned out to be a good idea. The man, who used to be in the country, was making the deepest, most confidential confession ever made to a newspaper reporter. He was telling the whole story of his life, and that he had been collecting for the past two years, and had about \$10,000 in his pockets, when he was returning home, snarly a million dollars in cold cash in the nation. That is municipal, as well as economic, efficiency.

The People To Blame

The past few weeks have witnessed what is probably the greatest and most far-reaching expose of wholesale crime conditions in the history of the nation. Practically every large city of the East and South, including New York, Chicago, Philadelphia, Detroit, Pittsburgh, Cincinnati and Kansas City, has been the scene of investigations that have disclosed unholy alliances between law enforcement agencies and the underworld. Liquor running, racketeering and all manner of graft on the most daring and brazen scale imaginable have been exposed in a somewhat startling and around citizens. There have been terrible conditions so rotten and unsavory as to be repugnant even to the specially efficient officers in Florida and its neighboring states without equal.

The Rothstein murder in New York has brought startling developments in international narcotics ring which cuts the police commission in the center of the nation. The Herald, Sanford's pioneer newspaper, has been in publication since 1885. It is the superior news organization in the state. It is the only newspaper which requires each of its specially efficient officers in Florida and its neighboring states without equal.

Looked into the future.
See wherein your author
sees the end of the world.
And at the wonders that would

be in store.

Man has not yet learned to see

the end of the long past

in the suggestion of a certain kind

of material.

This generates

the notion

that it is

possible

to bring an

end to

the world.

Sanford Dealer Is Youngster Wants Loud In Praise Of Santa To Bring Case New Pontiac Model Of Condensed Milk

S. A. Rice, Ben Cantrell, N. J. (Continued from page 1) Baker have just returned from the year. Bring me a wagon and Jacksonville where they attended a meeting of 100 Oakland-Pontiac dealers from Florida and South Georgia who assembled on Monday at the Hotel George Washington. I am six years old today. Please tell there, to hear the complete details of the new Pontiac Six which will be seen here shortly.

Based on the enthusiastic acclaim with which the explanation of the new models was received another record breaking year for Oakland-Pontiac is predicted. Mr. Rice says: "The combination of big car features found in the new Pontiacs, within the price range of the small six, will undoubtedly meet with consumer acceptance in Sanford and vicinity. It is an ideal companion car to the recently introduced Oakland All American which is meeting with such favor everywhere."

A new and novel feature of the Jacksonville Meeting was the use of the Fox Movietone or talking motion picture, through which talks by A. R. Glancy, president, and W. R. Tracy, vice president of Oakland Motor Car Company were presented. The new merchandising program and the many new engineering advancements of the Pontiac Six were outlined by W. B. Sawyer, eastern sales manager; W. E. Fellows, advertising manager; R. S. Stewart, service representative and I. W. Walls, manager of the Washington District.

Coming near the close of the most successful year in Oakland-Pontiac history, in which 5000 dealers disposed of more than 260,000 automobiles as against 128,000 in 1927, the dealers present were highly enthusiastic and gave every indication that even this marvelous record will be surpassed in 1929.

Woco-Pep Stars To Make Florida Tour For Next Few Days

An all-star radio program at six leading Florida broadcasting stations will supplement statewide publicity in the press announcing the introduction of Woco-Pep, motor fuel, to Florida motorists through the 752 blue-and-white service stations dispensing Purol Gasoline and Tideline Motor Oil.

The "Woco Red Peppers," a unit of famous radio and phonograph stars, began their swing around the Florida broadcasting circuit last night at WDBO, Orlando, from 8:00 to 9:00 P. M. on the eve of the arrival of Woco-Pep in Florida. Other programs will follow nightly from WQAM, Miami on Wednesday; WDAE, Tampa, Thursday; WFLA, Clearwater, Friday; WMBL, Lakeland, Saturday; and WJA, Jacksonville Sunday.

The personnel of the "Woco Red Peppers" includes Daniel Hornsby, Columbia record "Lion's Den" tenor; yodeler; Catherine Bowell, "The Sunshine Girl"; noted blues singer; Ray Baxter, xylophone vibraphone expert; and John Cloworth, "The Georgia Balladist," director.

AN of these stars are headliners at WBB, Atlanta, and will give Florida listeners a novelty entertainment in heralding the advent of Woco-Pep as a motor fuel popular for more than a decade.

BAD EXPLOSIONS

LONDON, Dec. 20.—(INS)—Two series of violent explosions in the Holborn District of Central London yesterday injured 12 persons seriously. Caused two disastrous fires that imperilled 100 working girls, tied up traffic and threw hundreds into panic. The blasts were attributed by the police to setting gas mains.
