The Anchor Club of Seminole High School is sponsoring a "Get Out the Vote" campaign Saturday. The girls will be in the downtown area wearing "sandwich signs" urging every registered voter to go to the polls on Nov. 3. In addition each girl will telephone 20 people reminding them of the election and offering aid as babysitters.

There's Halloween fun going on all over the place this weekend. Southside School is having a carnival Friday night and Saturday night there will be school carnivals at Osteen, Oviedo and at Wilson School. In Longwood the fire department is sponsoring a Halloween fete for Longwood youngsters in the city park.

Despite all that is going on—final campaigning, Halloween parties, football game—you'll be sorry if you don't find some time somewhere to slip over to the Civic Center and spend a little time going through the exhibits there. You'll be amazed!

You can tell the political race is coming down to the wire—in one county race, partisan spectators have come to the boating and beheading stage.

Saturday is kids' day at the Conservation Exhibit at the Civic Center—take them—they'll be fascinated and so will you. Besides the static displays there'll be Walt Disney movies.

Mrs. Cami Bruce, Seminole County's supervisor of registration, will discuss voting procedures from 11 until 11:30 a.m. Monday during a special program on WTRR.

We didn't mean to confuse you good Geneva people by the precinct listing in Thursday's Herald wasn't right. Precinct 6 is in Geneva Community Hall, not Oviedo as reported.

They were squeezing oranges in the county courtroom the other day. The task was to demonstrate the use of a device in measuring the solids in the juice. Circuit Judge Thomas A. Beasley watched the proceedings for a few minutes, then reached forward, grabbed a paper cup and commented that he'd probably enjoy a taste. Didn't get it.

The episode is one of several instituted by the DuFurak Springs Jurist here to conduct a Circuit Court trial and shows how he lives up to even the most rigid of courts. He's a stickler for efficiency and seeks constantly to expedite proceedings in a judicious manner but still retains the ability to ease tensions with an appropriate word.

Things we didn't know till now. West First Street becomes Gertrude Street and finally Highway 46 as you travel west.

Did you ever wonder what you'd do if you stepped on a snake? Ask Mrs. Helen McGill of Geneva. Wednesday night she stepped off the front porch and onto a 20-inch coral snake. She was wearing sandals. The snake wrapped itself around Mrs. McGill's ankle as she hopped back into the house where her husband, Ray, killed the reptile with a board and a hammer. She wasn't bitten, but it's a wonder!

Highway 1-4 Opened From Sanford To Altamonte

Ralph Alderman Held Not Guilty By Local Jury

Ralph Alderman, Orlando citrus man, went free last night when a six-man jury returned an innocent verdict on a charge of grand larceny.

The jury deliberated slightly more than an hour in reaching its verdict after Circuit Court Judge Thomas Beasley had previously dropped four other counts against Alderman as not being under the jurisdiction of his court—the alleged activities having been held in Orange County.

Alderman was charged with having an "agreement" with A. T. Hall, Orlando, former state agriculture inspector, to alter Hall's inspection records so that the two could split a 10 cent boost in the price per box of oranges.

Alderman was alleged to have taken thousands of dollars from the Hi-Acres concentrate plant in Forest City—the figure was estimated as high as \$200,000.

Judge Beasley told the jury to ignore testimony on the other counts which consisted of bribery, conspiracies to commit bribery and grand larceny.

The grand larceny count was permitted to stand late yesterday morning and the defense counsel, J. Russell Hornsby, began his portion of the case.

He brought in five witnesses who testified as to the character and veracity of Alderman (good) and Hall ("very bad").

Hall testified during the four-day trial that he had entered an "agreement" with Alderman to blik Hi-Acres of the money by changing the inspection records.

He was arrested years ago when the sensational citrus case broke and turned state's evidence in this case and a similar one lodged against C. R. Lowdermilk, of Altamonte Springs.

Another jury convicted Lowdermilk of the same charges which faced Alderman. He is free pending sentencing.

The Florida Agriculture Department has shown considerable interest in the cases which rocked the industry when first exposed.

Serving on the jury this week were Richard S. Costello, Winter Park; Clinton F. Gore, Maitland; James S. Ever, Apopka; Lewis Albert Roberts, Robert N. Klimeck, Casselberry. The alternate was Joseph B. Shaw, Sanford.

The prosecution was handled by State Atty. Arthur L. (Mike) Steed of Orlando and William D. Hopkins of Tallahassee.

Johnson Leads Sen. Goldwater, UPI Poll Tells

WASHINGTON (UPI) — President Johnson is leading in 26 states and the District of Columbia with 433 electoral votes and Sen. Barry M. Goldwater is ahead in 10 states with 71 electoral votes, according to a United Press International survey.

In doubt are four states with 34 electoral votes. These are Indiana, Florida, Vermont and North Dakota.

This outlook for next Tuesday's election is based on statewide polls, interviews with political leaders and the findings of veteran correspondents throughout the nation.

With a Johnson landslide apparently in the offing, the Democrats also seem likely to ride his coattails to slight gains in the U. S. Senate and House of Representatives, and in state governorships.

The UPI survey shows the Democrats now hold 34 governorships to the Republicans' 16.

Road Open For Bypass Of Sanford

By Harry I. Johnson

Another ribbon of interstate highway was set in motion this morning when Interstate 4 was opened from Sanford to Highway 436 at Altamonte Springs.

Highway 436 has just been rebuilt and widened and the interstate opening was delayed until this was completed.

Road officials reported the delay was necessary as without Highway 436 the traffic would have been dumped on a narrow two-lane road near Orlando.

With the opening of the section, Interstate 4 is now open from Daytona Beach to Altamonte Springs and from a point in the southern portion of Orlando through to Tampa-St. Petersburg.

A short section in Orlando is yet to be completed.

District Engineer Richey Green of the State Road Department and Lt. T. H. Aaron of the Florida Highway Patrol headed a list of officials on hand to watch the removal of the barricades.

Green reported the new highway is 10.9 miles long and that traffic travels another 2.8 miles on 436 to reach 17-92. It will then go slightly more than another mile to reach the southern Seminole County line.

Asked when the remaining link of the highway would be opened, Green said "not before February of '65." He called that construction project "a major one" and it involves three contractors.

When it is completed, traffic will whiz from Daytona Beach to the Tampa-St. Petersburg area in a fraction of the time it took on older highways. The effect of traffic through Sanford on 17-92 was noticed almost immediately. Sanford now is bypassed by the opening of I-4.

Auditors said the methodical gunmen looted four of five cash drawers of \$61,010. The vault was locked.

Being held in a Floyd County (Ga.) jail is Walter William Payne, 38. He is charged with unlawful flight to avoid prosecution.

Payne is wanted in Volusia County on a charge of participating in the slaying of Floyd Dodson, 46, at the fishing site. Dodson's brutally beaten body was found floating in the river near a camp he and others had been occupying.

Bryant Orders Altamonte Audit

TALLAHASSEE (UPI) — Gov. Farris Bryant ordered a state audit of the accounts of the town of Altamonte Springs after receiving a petition requesting the audit from half the freeholders.

Mayor E. Lawrence Sanford and other members of the town council asked for the audit after George Bolrow was defeated by Swofford in the primary race for county commissioner.

Bolrow charged Swofford's real estate holdings were assessed lower than the value carried on the tax books. Swofford has sued Bolrow for libel, asking \$200,000.

Jr. College Plans Receive Study

A proposed junior college for Seminole County moved another step ahead last night when school board members and the County Chamber of Commerce's long range planning committee met at the administration offices.

School and committee officials began preparation of a brief for the proposed junior college in the county and discussed survey data to be used in connection with the application.

The long range committee is headed by Byron Kimball and C. Vernon Mize as co-chairmen. Committee members met with School Supt. R. T. Milwee and School Board member Jim Birkenmeyer.

Additional sessions will be held as the two groups, along with other interested factions in the county continue to push plans for the long sought junior college.

Now Is The Time

Alfred Hitchcock is a man who likes to eat good food in large amounts. It is said that he once attended a dinner where the food was served in such small portions that he was still far from being satisfied when the dinner was over. Coffee was being brought in and his host said,

Kiddies To Hold UNICEF Canvas

The boys and girls of the Casselberry Community Methodist Church Sunday School will join thousands of other children throughout the nation in collecting coins for food and medicines for the world's needy children on Saturday, Halloween night, from 5-7 p. m.

They will be identified by their orange and black UNICEF tags or coin carriers when they go out in their neighborhoods. Little tots, who need someone to go with them, may come to the church where members of the Senior MYF will stand ready to accompany them.

Mrs. Clara Balmert, secretary of children's work for the WSCS, has announced that a party will be given the children in Weaver Hall at 7:30 and refreshments and games will be enjoyed. The money that has been collected for the United Nations Children's Fund will be counted at this time.

Election Slated At Pentecostal

The Ladies Auxiliary and Men's Brotherhood of First Pentecostal Church of Longwood will hold a joint meeting Monday at 7:30 p. m. at the church on Orange Avenue.

Mrs. M. L. McDaniels, president, will conduct the meeting. Rev. E. Ruth Grant will be hostess.

Election of officers is scheduled and "secret pals" of the members will be revealed.

"I do hope that you will soon dine here again," Hitchcock replied by saying, "By all means, let's start now."

How all of us need to start now in cultivating the more mature spiritual life. How we need to claim the deep blessings that God has put before us until we are satisfied, but it is urgent that we start now.

A missionary tells of the natives, in the land where he labored, fishing all day in rice paddies in one foot of water while they were actually in sound of the rolling breakers of a great ocean filled with an inexhaustible supply of fish. How much this tells us of our spiritual life.

We think of faith and remember that everyone must have faith in something or someone. One of the most common ways of keeping shallow spiritual life is to trust oneself as the ultimate. If we do this, we know that frustration and futility come in such force that life does not seem worthwhile. How different life is if we cast ourselves upon the Lord. Life takes on new meaning and as God's Spirit works through us we find a surge of power that can be used for good which will astonish those about us as well as ourselves.

Our lives will grow deeper and more mature. The important thing is to get started now. How we waste time when there is no need to!

Once I visited a person near a church which I formerly served and found that this person had joined a church in another state many years before. I asked her to let me send for her certificate of church membership and her answer was that she had been considering it but did not know how long she would live in the area. I asked her how long she had been there already. She blushed, dropped her head and said, "almost twenty years." Not many people are so slow as this, but how wonderful if all of us would determine to start now in living wholly for our Lord.

Hymn Festival By Five Choirs Slated Sunday

A very special Hymn Festival will be held on Sunday at First Presbyterian Church at 8 p. m. with the five choirs of the church and the congregation singing nine hymns based on the Book of Psalms. The service is under the direction of Mrs. George Touhy, assisted by Miss Joan Wilke and Mrs. Frank Gore.

The prelude, Chorale Prelude on St. Anne (Noble) will be played by Miss Wilke. Mrs. Touhy will accompany the choral singing.

The various choirs will have solo, part and unison participation in the worship in song, with the congregation joining in several of the hymns.

Together with the Pioneer Girls, Pioneer Boys, Senior High and Junior choirs, the adult or Chancel Choir will help lead the hour of music. It will include Moses, H. E. Bothel, Harry Eichelberger, Gene Estridge, Roy Mann, Edward Miles, Edgar Miller, R. T. Milwee, Nick Pfeiffel, Rudy Sloan, Edgar Smith, Leona Walker, Miss Joan Wilke, Miss Sue Fulford.

Candidate Talks At Lake Mary Church Sunday

Rev. Allee Stevens of Flagler Beach, a candidate for the pulpit of the Community Presbyterian Church of Lake Mary, will be the guest speaker for this Sunday morning worship service at the church at 11 a. m.

A special baritone solo, "The Lord's Prayer," will be sung by James Daughtrey, director of music.

A covered dish dinner will be held in the Educational Building immediately following the morning service to give the congregation an opportunity to meet Rev. Stevens, his wife and family.

Those planning to attend are asked to bring a covered dish and a meat or chicken course.

On Sunday, Nov. 15, a "Congregation Sing" will be held during the regular morning service hour instead of a sermon, to give the audience a chance to let their favorite hymns be known. The public is invited to attend and join in the selection of songs and the sing.

Homecoming Set At Oviedo

One of the highlights of the year and one which all members of the Oviedo Methodist Church look forward to is the annual Homecoming which will be this Sunday.

This affair is always held on the first Sunday in November and this year the sermon will be delivered by Rev. Cyrus Dawsey, pastor of the church.

This homecoming has been an annual get-together of friends and relatives both far and near for many, many years. It is reminiscent of the old fashioned "All Day Singing, and Dinner on the Ground." However, the dinner will be served after the regular services outside the church on picnic tables.

Revival Services Start Sunday At Bear Lake

Rev. Stuart I. McRae, associate minister of First Methodist Church, Orlando, known for his vigorous and dynamic Gospel preaching, will speak at a revival Sunday through Friday at Bear Lake Methodist Church on Bear Lake Road.

Services will begin with the 11 a. m. morning worship Sunday and will continue each evening through Friday at 7 p. m. There will be a special youth emphasis, but all ages and all faiths are welcome.

Walter Menges will be the song leader and Miss Freda Hilton, the accompanist. Both are from Orlando.

There will be other activities for the young people during the week. A nursery will be provided for pre-school children.

Rev. McRae responded to the call of the ministry in 1951 and received his AB degree from LaGrange College in Georgia in 1958. He received his Bachelor of Divinity Degree from Duke University in North Carolina in 1962.

He has served as an associate minister in Bunson Methodist Church, LaGrange; First Methodist Durham, N. C.; minister of the Banks-Grove Hill Methodist Church in Franklin, N. C., and came to First Methodist in May, 1963.

Citizens' Duties To Be Discussed

Rep. Jan Fortune will speak Sunday at 6:30 p. m. to the combined MYF of the Casselberry Community Methodist Church on the duties of a Christian citizen in a democracy.

The talk will climax a series of programs on "Framework of Freedom" and is especially timely just before the election.

He is well qualified to speak on this subject by his experience in the state legislature and his strong personal convictions, which led him to run for office.

All the young people of the church are invited to hear this important program.

Civil Rights Law Seen 'At Stake'

WASHINGTON (UPI)—Leroy Collins, head of the Community Relations Service, said the presidential election would determine the future of America's civil rights movement.

Collins, a former governor of Florida, said a triumph by President Johnson would enhance the movement by putting the nation on record in favor of "equal opportunity and individual dignity."

He said there were indications that a victory by Sen. Barry M. Goldwater would decrease federal backing of the movement.

Bolivia Charges Czechs In Riots; 32 Persons Die

LA PAZ, Bolivia (UPI)—Rebellious mobs stormed and burned the Health Ministry here and battled troops and police in two other cities Thursday, increasing the toll of a week of bloodshed to at least 32 dead.

The Bolivian government charged that the riots were whipped up by the embassy of Communist Czechoslovakia. It announced that it is breaking diplomatic relations with Czechoslovakia.

Bolivia's embattled cities were uneasily quiet through the night, with sporadic gunfire crackling through the streets. New violence appeared likely today.

UF Benefit Slated

Roller skating goes into high speed on Tuesday Nov. 10 with the Melodee Skating Rink playing host to United Fund of Seminole County affairs. Boy Scouts will feature the former and the USO the latter. This does not mean that others are not welcome. Quite the contrary. And by doing so the participants will be getting a bargain in rates with the knowledge that 10 cents of the admission will go to the United Fund.

Jacob S. Best, rink proprietor, is supplying the facilities at this less-than-cost rate as his contribution to the United Fund and in keeping with his established practice of helping such worthy causes.

The Girl Scouts—another United Fund approved agency—had their time at the rink on Oct. 26 and 27. Now they are pitching in to publicize these last two dates. Girl Scouts are preparing posters and will—as far as possible

Sighting-In Days Scheduled By Junior Rifle Club

South Seminole Junior Rifle Club, located off 17-92 across from Dynatronics, will hold sighting-in days for all hunters of the area on Saturday, Sunday Nov. 7-8.

The club range will be open from 9 a.m. to 5 p.m. and members of the club will be on hand all day to help hunters properly sight-in their rifles.

The club is offering this opportunity as a public service to area hunters as part of a nationwide program being conducted by the National Rifle Association. Hundreds of NRA affiliated clubs throughout the country are taking part.

"A correctly sighted-in rifle is an important step to safety and increasing the percentage of clean kills," says N. P. Hamilton, instructor of the South Seminole Rifle Club.

"Familiarization firing and knowledge of the point of impact of the gun being used add to the enjoyment and safety of the fine sport of hunting," he added.

Detailed information on sighting-in techniques and firing points for serging is available at the range. Hunters are requested to have all firearms unloaded and action open when entering the range area. To help defray range expenses, a small fee will be charged.

Precisioneering Work Outlined At Coffee

Highlight of the Chamber of Commerce Coffee Club meeting Thursday at the Chamber Building was the presentation of Earl Provencher, president, and Jules Miller, vice president, of Precisioneering, Inc., who explained their new operations in the ACL Building on North Myrtle Avenue.

"We know that you have been wondering about the pipes and supports you have seen projecting from the building," said Provencher. He explained that the contract with the Navy which the firm now holds calls for catapult seal strips 300 feet long.

2 Youth Groups Are Organized

Two new youth groups have been organized recently at the Bear Lake Elementary School. The Tri-Gray-Y Girls will meet on the school grounds Saturday at 8:30 a.m. to go to the home of their leader, Miss Nan Comstock, in Apopka for a Halloween party.

The group meets every Wednesday after school and every Saturday morning.

A Gray-Y group has been formed for the boys. The third and fourth grade boys meet Tuesday and Friday after school and the fifth and sixth grade boys meet Wednesday after school and on Saturday at the Maitland School. They are undefeated and unscathed upon in the three football games which they have played.

Don L. Hasley is leader of both boys' groups.

Bake Sale

Church of Nativity Catholic Women's Club will sponsor a monthly bake sale in the social hall of the church following Sunday's masses. Mrs. John Kennedy, vice president, is in charge of the sale and urges all the good cooks of the parish to contribute.

"We really needed a building that was 600 feet long and three feet wide," Provencher said in jest.

He noted that there would be no noise or dirt involved in the operation, and all machining would be done inside the building, with the long steel strips dragged through the building for grinding and then transferred to the other track for testing.

"We are now running one shift of 12 men, but may have to run two shifts later," Provencher said. He praised the efficiency and capability of the Seminole County machinists who have been hired here, some of them former Navy men, saying "They get things done and make things work."

Provencher invited members of the Coffee Club to visit the plant at any time. Miller also took over the microphone and explained some of the operations. Besides the Precisioneering executives, other newcomers introduced at the coffee included Fred Ellinger of the Volkswagen agency; John Bishop of Eckerd's; James Woodward of Publix; Bob Alexander and Earl Moore of the Sanford Herald's advertising department; John Mercer of the United State Bank of Seminole; Ray Daniel of Florida State Bank and Orville Smith of Super-X.

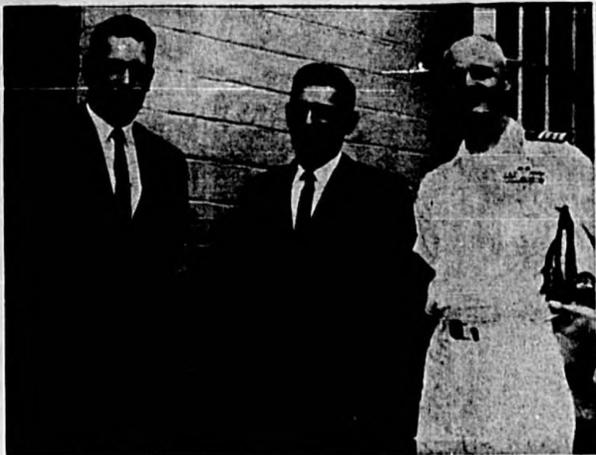

Halloween Fete

There will be a Halloween Party Saturday at 7:30 p. m. for members of the Training Union of Forest City Baptist Church. Costumes will be judged and refreshments served.

Revival To End

The revival held at First Pentecostal Church of Longwood during the past two weeks will conclude with this Sunday evening's service.

Homework requires about 12 to 15 hours a week for the average American student in junior high school.

NAVY CONTRACT for catapult equipment has caused expansion of the Precisioneering, Inc., plant. Firm recently leased ACL building on Myrtle Avenue and installed special equipment. Work was explained at Coffee Club meeting by company officials, Earl Provencher, (left), and Jules Miller (center). At right is Capt. Chandler W. Swanson, NAS commanding officer. (Herald Photo)

Sanford Comes From Behind To Win 7-6 Over Bishop Moore

One Point Hits Again

By Julian Stenstrom
Herald Sports Writer
COLONIAL FIELD, ORLANDO — For the third straight season a single point spelled out the difference between victory and defeat for Seminole High and Bishop Moore's football eleven.

In 1962, the Hornets racked up a 21-to-20 victory over the Seminoles. Last season — on a bitterly cold night at Memorial Stadium in Sanford — the Seminoles came from behind to down Bishop Moore 21 to 20.

Last night the score changed but the margin was the same. Seminole grabbed its fourth win of the season by taking the Hornets 7 to 6 on Billy Kaykendall's point-after-touchdown kick in the second period.

The Seminoles now have a record of four wins, two ties and one loss for the season. They have victories over Colonial, Evans, Winter Park and Bishop Moore — all Metro Conference teams — and one loss to the Metro's Edgewater Eagles. The two ties came from the hands of non-conference Titusville and the Metro's Boone Braves.

Sanford had to come from behind last night to get the decision. Bishop Moore got things rolling in the initial stanza with Tom Ryanoff, Art Wroble and Merv Croy alternating in carrying the pigskin to Seminole's three-yard line. From there Ryanoff bucked over to put the Hornets on the scoreboard. Rick Corbett attempted to boot the extra point but it failed to get through the uprights.

In the second period Seminole took over on its own 27-yard line and 11 plays later hit paydirt. Fullback Leo Sparkman took turns with halfbacks Buddy Burton and Chuck Scott in carrying to the one-yard marker.

In the drive, quarterback Ron Hinson made connections with Mike Gray on a 10-yard pass play. From the one, Sparkman plowed through Bishop Moore's forward wall for the score.

It was then Kaykendall centered his PAT kick through the uprights and the margin of victory was on the boards.

The second half was one thrill after another but neither club could carry their drives far enough. Sanford moved to the Hornets' 14-yard line on one occasion before a fumble halted the effort.

Late in the contest, Hornet quarterback Bill Dunn almost put Bishop Moore in front when he registered a 58-yard gallop which carried to Seminole's 28. From there Bishop Moore moved to the Tribe's 12-yard line and on a fourth and eight situation the clock ran out as Dunn passed out of bounds on a fake field goal try.

The Hornets picked up 10 first downs while holding the Seminoles to nine. Bishop Moore gathered in 197 yards on the ground plus 11 in the air for a total of 208 while Seminole got 111 on the ground and 51 in the air on four completions out of nine tries. The Hornets completed one aerial in seven losses.

Burton was Seminole's top ground man with 33 yards. Sparkman has 30, Hinson 25, Frank Whigham 13, Chuck Scott nine and Sonny Messer one. For the Hornets, Dunn's 70 was tops followed by Hynon's 63. Wroble had 39 and Croy 25.

Next Friday night the Seminoles travel to Lyman for a non-conference affair with the Grayhounds.

Hurricanes Host Tampa '11' Here Saturday Night

By Jim Beeches
Herald Sports Writer
The South Seminole Junior High Hurricanes will go after their third victory of the season Saturday night at Lyman High's field in Leesburg when they host the Mary Help of Christian School for Boys from Tampa.

The Hurricanes, in four tilts thus far this season, have registered victories over Sanford Junior High and Oviedo's JV's, have lost to St. Cloud High's JV's and have tied the Braves of Sanford.

The South Seminole eleven has racked up 40 points to 13 for its opposition but 26 of those offensive points came when the Hurricanes whipped Oviedo.

"The boys have looked pretty good in workouts all week," said assistant coach Dave Miller. "However," he added, "we will be without the services of Larry Garner who will be out with a knee injury."

Miller said that Garner would be replaced by Mickey Hawker at the center position. Miller said Head Coach Jim Clark also planned to start guards Danny Peterson and Bob Mobley, tackles Richard Rubright and Greg Danne, ends Bruce Stuart and Allen Richey and Bill Sharr and Dennis Garret at the halfback slots with Johnny McDermott also seeing action. Ron Shoen is slated to start at fullback but he will be spelled by Dave Drumming, Mike Hargis and Jim Lucas will share the quarterbacking duties.

The varsity contest between the Hurricanes and the Donas is slated for 7:30 p.m. At 8:30 a junior varsity affair will get under way.

The Hurricane JayVees, in their last outing, stopped the Oviedo Junior High JayVees 33 to 0.

Copeland said his boys are getting experience, they're playing a tougher brand of football, playing harder and better.

Copeland said he expects to see some of his best seasons in some years as the Panthers of Oviedo High go to the current campaign.

The Panthers will host the Trojans of Leesburg's Carver Heights High in a homecoming affair at Sanford's Municipal Stadium in a gala affair slated to get underway at 8 p.m.

The high flying Panthers grabbed their opener against Ocala, dropped a tilt in Gainesville, and clawed their way back to victories over Euclid, DeLand, Hungerford of Winter Park, Central of Palatka and last week Matthew Gilbert of Jacksonville.

They will be out to bag their sixth win tonight but they realize they face some tough competition from the Trojans. Carver does not possess an impressive record but, according to Head Coach Willie Holt, the Leesburg eleven is always up for their contests with Crooms.

The Trojans came up with effective defensive tactics during the past two seasons to offset Crooms and tonight's contest is no exception.

Offensively, the Trojans haven't been able to accomplish much but during the past two games with Crooms they've been able to put together enough points with an effective defense to stop the Panthers.

The Panthers are fired up for tonight's encounter. Robert Walton, Lewis Witherpoon, John Knight, Ed Brown, Ernest Neal Ernest Payne and Robert Jackson will be ready to see action.

Tonight's affair will not be a Florida Big Nine North Conference game.

Dean Ready
SAN FRANCISCO (UPI) — Floyd Dean, who recently recovered from a knee operation, will be ready to fill a line-backer berth for the San Francisco Forty Niners when they take on the Baltimore Colts in a National Football League game Sunday.

Grubbs Suffers
DALLAS (UPI) — Howard Grubbs, executive secretary of the Southwest Athletic Conference, was admitted to Methodist Hospital Thursday after he suffered a heart attack.

SEMINOLE HIGH'S CHUCK SCOTT, a halfback, picks up yardage at Orlando's Colonial Field Thursday night during a second half touchdown drive which gave the Tribe a 7 to 6 victory over the Bishop Moore Hornets. Scott (20) was brought down by Bishop Moore's Paul Taylor (82). The win was Seminole's fourth in Metro Conference play against one tie and one defeat.

'Hounds Seek Upset

By Jim Beeches
Herald Sports Writer
The Lyman Grayhounds go back into Orange Belt Conference action tonight and are geared, according to Head Coach Dick Copeland, to make an effort to register an upset.

And, an upset it would be if Copeland's crew could dump the strong Leesburg High Yellow Jackets in an affair to be played at Leesburg tonight.

The first ray of "hope" to come from the Lyman coach this season was brought out when Copeland commented, "We've looked good in spots this year and the clubs seem to be jelling. Maybe if we look good in all departments at the same time we could pull this one out of the fire."

Copeland said his boys are getting experience, they're playing a tougher brand of football, playing harder and better.

Copeland said he expects to see some of his best seasons in some years as the Panthers of Oviedo High go to the current campaign.

The Panthers will host the Trojans of Leesburg's Carver Heights High in a homecoming affair at Sanford's Municipal Stadium in a gala affair slated to get underway at 8 p.m.

Bowling Green Top Runners
NEW YORK (UPI) — Bowling Green, a school that has come on with a rush, has supplanted Nebraska as the nation's top rushing team and triple-threat Tulsa continues to lead three offensive categories, according to the official major college football statistics released today.

Bowling Green, undefeated in six games, bounded to the top in long leaps. The Falcons were 10th three weeks ago, then seventh, and second last week before assuming the lead with an average of 27.2 yards per game.

Braves Tackle Palatka In Peanut Bowl

By David Higginbotham
Herald Sports Writer
The Sanford Junior High Braves will play Palatka Junior High in the annual Peanut Bowl game Saturday night.

Activities are scheduled to get underway about 6:30 and the tilt at 7:30 p.m.

The Braves played the Palatka eleven last week and won by a score of 19 to 12.

The tilt this week will complete the Braves' season. At present they have three wins, one loss and one tie.

The Peanut Bowl will be the Sanford Junior High's last chance to raise money to finance football next season at the school.

Head Coach Dan Pelham and aides Ed Buckner, Owen McCarron and Ron Hunt have been working the squad hard on the mistakes made last week and in the previous tilts.

Pelham said, "We know Palatka has a good ball club with some big boys who are fast. Palatka has suffered more from lack of games than anything else. Our boys are keyed up this week and since we have never lost a Peanut Bowl game the squad has this record to uphold Saturday night. We put in some new offense plays and the squad has learned them and we're ready to go. We are in better shape this week with some boys back who were previously hurt."

"We've found out that we can throw the ball now. This lack of passing slowed up our offense at the first of the season. Our passing game worked very well for us last week," said Pelham, "and we set up some touchdowns this way. This ball game should be a wide open one with more passing than we have had in earlier games."

Peanut Bowl game activities will include parents of players accompanying them on to the field when they are introduced. A queen will be crowned at the ball.

Women Bowlers Planning Dance
The Sanford Women's Bowling Association is planning a dance at the Melrose Skating rink Nov. 19, according to President Eleanor Anderson.

Mrs. Anderson announced that the dance will be open to the public not limited to those who are currently bowling in leagues.

Proceeds will go to assist the SWBA in a number of projects for the coming bowling year.

One of the primary reasons for this event will be to send delegates to the state and national women's bowling conventions.

In addition, on the night of the Harvest Ball one of the league queen candidates will be crowned — Miss Bowling '61-'65.

Presently each league has nominated a candidate to vie for the title.

Mrs. Betty Johnston, chairman in charge, has advised that the Harvest Ball will be held on an annual basis.

Dependables Put Skids To Powells
The underdogs came through in the Mixed league at Jet Lanes when the Dependables won three from Powell's Office Supply, the Goof Offs won three from the Eight Balls and the last place Tortoises swept four from the Lead Pins.

Thanks to heavy bombing by Eleanor and Vergil Anderson, the Dependables put the skids to first place Powell's. Eleanor notched a 190/343 and Vergil a 222/375. The Betts family stole the show for Powell's as Ralph hit 198, Ellen rolled a 178 and Carolyn came through with 160.

The Goof Offs sunk the Eight Balls in three to move into a tie for second place with the Dependables. Fran Morton shot 187 and Verna Bolton came through with 180/302 series. Bob Workman rolled 188/321, all for the Goof Offs. Teena Armas and Phil Zeull rolled 161 and 191, respectively, for the Eight Balls.

The Tortoises won four from the Lead Pins to climb out of the cellar as Waleis Domyng rolled a 207/327 and Pete Dugan rolled a 191/330. Sue Jackson rolled a steady 174/476 for the Lead Pins.

About Sports Thinking Out Loud

BY JULIAN STENSTROM
Unless the New York Mets come up with \$4,000 Sanford Memorial Stadium will remain a football field this summer.

That's the word from Pete Knowles, Sanford's city manager.

Here's the story. According to Pete, it takes about \$200 of those single denomination greenbacks to convert the stadium from football to baseball and back to football again.

The City has a contract with the Seminole County Board of Public Instruction which calls for the school system to cough up \$2,500 to use the stadium's facilities for 17 events during the year.

These events include the home grid games played by the SHS Seminoles, the SHS Baby Seminoles, the Crooms High Panthers, and the Sanford Junior High Braves.

If the City permits the Met Farm System to use the Stadium this fall the city would have to remove a portion of the gridiron, put in a clay infield, and then replace the gridiron five to six weeks before the football season begins again in September.

Now, if you're wondering what the City Recreation Department is going to do this summer for baseball facilities — as we wondered — here's that angle.

Pete says the City is building a new baseball facility between 22nd and 24th streets just west of French Avenue. The layout will have a baseball field lighted for night play, barbecue pits, tennis courts, picnic shelters — a complete summertime setup.

Construction, we understand, has already begun.

This means the Junior Boys League and — apparently — the American Legion's junior baseball nine — will play at this park.

Somebody called the other day and wanted to know if we were sure that National League umpire Ken Burkhardt — who worked the recent world series classic — was a resident of Altamonte Springs.

Yes, sir, he is. He lives on Faith Street — just south of SR 436, inside the town limits of Altamonte.

It isn't often that a football team gains in stature when it loses a game. But that's what happened last Saturday when the Florida Gators lost to Alabama. Everybody knew the game was going to be a humdinger but nobody dared figure that it would be as close as it was.

You'll recall that time ran out on the Gators on Alabama's six yard line and on the deficit side of a three-point margin.

at last ditch drive that carried Florida from their own 20 to 'Bama's six before the final gun took the sting out of the loss. But it did more than that. It gave birth to a spirit of confidence which will be hard for this Florida squad to shake.

Florida fans — and others, too — know this is a great Florida team. But — even though Florida didn't score on that drive — that last second effort made believers out of fans and players alike. This should still be a great Florida football year.

Talking with Bob Thomas, our Crooms High writer, he leads us to believe that Head Coach Willie Holt and his boys are also on the way to a great season.

Going into tonight's affair with Carver Heights of Leesburg the Panthers have five victories in six tries. But that's not the reason why a strong finish this season is being predicted locally.

It was that ball game the Panthers played last week in Jacksonville. Thomas, himself a Crooms veteran and later a lineman for Jake Gaither's Florida A & M squads a few seasons back, says the Panthers looked like a different ball club in Jacksonville.

"I've never seen a Panther club look like this one did in Jacksonville. It was really a new look," he said.

Thomas declared he'd never seen such pursuit, timing, alertness and gang tackling as the Panthers accomplished in beating Jax Gilbert. "Why," he said, "those linebackers blitzed Gilbert's backfield like you see it done in the pro games." While Thomas gives credit to a group of fine football players he's quick to say that the Panther coaching staff of Willie Holt, Dick Evans, Ernest Bradley and Joe Fair deserve a whopping amount of applause.

Burl Ives At Ritz

Burl Ives, star of Walt Disney's songful feature picture, "So Dear to My Heart," and which opened Thursday at the Ritz Theatre, is famed as a balladist. Carl Sandburg said he is the mightiest ballad singer of this or any century.

The plaintive movie, filled with music, laughter and heart warming drama, continues through Wednesday.

The versatile Mr. Ives is even more than a balladist. He is also one of the best character actors around, a writer of books, an experienced deep-sea sailor and a flier.

An inveterate traveler, he has set records wherever he has appeared, on concert stage and in supper club. His tours have taken him to England, Scotland, Italy, Sweden, Australia, Tasmania, New Zealand and Hawaii.

Ives has taken his folk songs to some of the highest strongholds of great music, including Constitution Hall in Washington, D.C., Symphony Hall in Boston, Town Hall in New York, the San Francisco Opera House, the Los Angeles Philharmonic Auditorium, and

London's famed Royal Festival Music Hall.

He has appeared in a good many other important motion pictures. He has half a dozen albums out or in the process, and hundreds of records, including that long-standing favorite, "Blue Tail Fly."

In a series of schooners, the latest a 45-footer, he has almost literally sailed the seven seas.

A MOMENT TO REMEMBER—An American youngster, Bobby Driscoll, meets an American legend, the great race horse Dan Patch, in Walt Disney's "So Dear To My Heart." The Technicolor feature also stars Burl Ives, Beulah Bondi and Luana Patten. A Buena Vista release.

'Fall' At Cinema

SOPHIA LOREN AND STEPHEN BOYD are shown during a romantic interlude in Samuel Bronston's production for Paramount, "The Fall of the Roman Empire," which is now showing at Casselberry's Seminole Plaza Cinema.

Samuel Bronston's mammoth spectacle, "The Fall of the Roman Empire," in Ultra Panavision and Technicolor, now playing at the Seminole Plaza Cinema in Casselberry. With a star-studded cast headed by Sophia Loren, Stephen Boyd, Alec Guinness, James Mason, Christopher Plummer, Anthony Quayle, John Ireland, Mel Ferrer and Omar Sharif, "The Fall of the Roman Empire" is the story of Rome's historic descent from the height of civilization to the depths of despair.

One hundred and eighty years after the birth of Christ, the Roman Empire was at the height of its power under Emperor Marcus Aurelius (Alec Guinness). However, the Emperor, with his health failing and aware that his time is short, summons all the rulers of the land, and in a stirring speech urges their support for a united empire

whereby all member nations will live under the same law as equals.

Present at this historic gathering is the Emperor's son, Commodus (Christopher Plummer); his daughter, Lucilla (Sophia Loren); as well as Livius (Stephen Boyd), one of his top generals.

That night, two things occur which ignite the empire's sudden downfall; the Emperor tells his daughter that for the sake of the empire she must marry King Sohamus (Omar Sharif) of Armenia; also, he remarks to Livius that Commodus, his son, is not worthy to become his successor, and instead, he wants Livius to become emperor.

Aurelius suddenly dies, and without proof that he wanted Livius as his successor, there is no choice but to name Commodus as the new Caesar. Commodus finally does take over, and with his ascent to the throne, the Roman Empire starts tumbling downward.

The feature film will be shown daily at 2:15, 5:20 and 8:37 p.m.

Tech Representatives Wives Club Named At Business Luncheon Meet

The private dining room of Jim Spencer's Restaurant was the site recently of a business luncheon meeting of the newly organized club of the wives of the tech representatives to the Navy from North American Aviation, Inc., Link Division, General Precision, Inc., Perkin-Elmer, Westinghouse and Airborne Instrument Laboratories.

Mrs. Cindy (Jim) Parsons, president, conducted the business meeting with the main item on the agenda being the selection of a name for the new organization. All of the members submitted entries and the judges were tech representatives Chuck Fadden, Len Loftis and Fred Iech, who attended the meeting and selected the name "W.A.S.P.S.," initials for Wives of Aircraft and Support Personnel at Sanford. Mrs. Pam (John) Garcia was awarded the prize for submitting the winning entry.

The members and their guests enjoyed a delightful social luncheon course preceded by cocktails in a Halloween filled atmosphere. Centering the main table was a clever jack-o-lantern containing a colorful arrangement of maize glaze, wheat, cattails and bronze pom poms, accented on either side by ebony candles

glowing soft orange light. Mrs. Rita (Maurice) Murphy was winner of the attractive centerpiece.

Another door prize in Halloween motif was won by Mrs. Kathy (Jim) Jenkins.

At the November meeting, which will be held at the Copri Restaurant, fashions from Mary Kether's will be featured in the latest of fall and winter fashions in an exclusive showing. Hostesses for the

meeting will be Mrs. Katie (Eddie) Kent and Mrs. Mary (Drs) Hughes.

Hostesses for this meeting were Mrs. Louise (Chuck) Fadden and Mrs. Mary Jo (Len) Loftis.

The Sanford Story League Tells Old Halloween Tales

Ghosts, black cats, witches and other Halloween spirits decorated the Caucus Room of the First Federal Savings and Loan Building recently as the Sanford Story League met for an evening filled with ghost

tales. The president, Mrs. Betty Snyder, presided over the business meeting and announced that the "Short Story Index" had arrived at the public library. The reference is being presented to the Sanford Public Library because of its central location and availability to all of Seminole County school students. The league also voted to present subscriptions for the use of county school librarians.

Mrs. Snyder announced that the league will resume giving the traditional Christmas Children's Party, and this year the party will be held at the Civic Center on Dec. 12.

After the business meeting, the lights were dimmed and Mrs. C. R. Jones, program chairman for the evening, told a thrilling and chilling old Alabama ghost tale with a surprise ending.

Mrs. R. F. Moule delighted the members and guests by sharing a children's story, "The Little Lost Cat and the Very Small Witch."

Mrs. Mildred Wagner of Orlando, and a former member of the Detroit Story League, and Mrs. O. E. White, a former member of the Sanford League, were welcomed as guests for the evening.

With Halloween in mind, Mrs. R. W. Tench, Mrs. R. C. Long and Mrs. W. L. Roche, hostesses, served appropriate and delicious refreshments of decorated cup cakes, apple cider, candy and nuts.

Sanfordites Making Concert Series Preparations

Pencils are poised in many a Sanford home to jot in the dates of the Mutual Concert Series as the winter social season quickens and social calendars are becoming all too full.

This season promises, to be an exciting one with special appeal, not only to adults, but to the younger set as well. The Burke Family Singers, who are scheduled to appear on television on Christmas Eve, will provide an enchanting evening in March for all age groups. But many mothers and fathers are taking the opportunity to go as a family unit and have bought family memberships.

Such a family are the Garland Spencer Hardens who plan to attend this year as they have done several seasons in the past. Peggie Harden's mother, Mrs. R. R. Pip-pin who teaches piano and of course loves music, has been attending the concerts ever since they were inaugurated a number of years ago.

Several families, who want their children to know and experience "live music," include Dr. and Mrs. O. L. Barks, Mr. and Mrs. James E. Birex, Mr. and Mrs. Sylvan

CAROL HARDEN, center, interrupts her grandmother, Mrs. R. R. Pip-pin left, and her mother, Mrs. Garland Spencer Harden, right, during a coffee break to solicit their advice on the frock she has chosen to wear to the opening of the Sanford Mutual Concert. These three generations have been enthusiastically enjoying the Concert Series for years.

Joe Davis, Lt. and Mrs. C. G. Fitzpatrick, Mr. and Mrs. Walter Gielow, Mr. and Mrs. Bill Hemphill, Lt. and Mrs. Kermit Jamison, Mr. and Mrs. W. E. McLaughlin, and Mr. and Mrs. Frank Mebane, Jr.—just to name a few.

Too, wise hostesses who are always searching for fresh and interesting ways to entertain, are already planning small dinner parties before or after one of the dramatic or musical evenings. After all, one doesn't have to be in San Francisco or New York to attend the theater and enjoy good food and exciting conversation, for Sanford abounds in lovely hostesses who can provide a perfect setting for both.

Pretty party dresses are being put aside in closets by patrons as the series with its Comedy and Conflict, Stetson Concert Choir and Burke Family Singers will afford a wonderful background and a complement to their wearers' owners.

As the drive goes into its final week some of the patrons who have already bought their memberships include: Mrs. Guy Allen, Mrs. S. Terhorst, Mrs. Camilla D. Bruce, Mr. and Mrs. John Burton, Miss Sarah Burns, Mr. and Mrs. E. L. Burns, Mrs. Jack Burney, Loring Burgess, Mrs. Kerfott Bry-

The Andrew Penningtons Newcomers To N. Orlando

Andrew J. and Lucille Pennington, formerly of Crestview, in northwest Florida, have come to North Orlando and are now owners of 201 North Edgemon Ave. Pennington is with the Florida State Division of Correction and was recently transferred to the Orlando Road Prison.

With Pennington is stepson, Tommy Jenkins, 21; their daughter-in-law, Patricia Davis, and grandchild Cynthia Ann, three. Cindy's daddy is a storekeeper, third class, and is now in school in San Diego, but is expecting to ship out in the near future. That's why Pat and Cindy came back to stay with the folks.

Andy, himself, put in 20 years with Uncle Sam's Navy serving aboard the USS Iowa and the USS Lexington. He was in Guided Missile School in San Francisco when he was retired, but, prior to that, he made a tour of duty here at Sanford Naval Air Station from 1956 to 1958.

Both Mrs. Pennington and Pat are employed by Sanford Manufacturers, Inc., on West First Street.

The Penningtons like it in North Orlando and intend to make it their permanent home. They are glad the Fred Salters introduced them to the area.

Dear Abby: By Abigail Van Buren

DEAR ABBY: Do you think it is fair for a school to give a girl an "F" if she refuses to take a shower in the nude with eight other girls and the gym teacher standing there watching? I raised my daughter to be modest, and I don't think the school has any right to try to change her upbringing in this respect. Our schools have money for everything else. They didn't ask the taxpayers if they wanted long hair for the teachers, they just went ahead and built them. I think a few showers with curtains or doors should be provided for the child who has been taught at home to keep her body covered. I would like some comment on this from you and other parents, please.

ONE MOTHER'S VOICE DEAR VOICE: This complaint has been voiced in my column before by parents and students themselves. I agree with you. I realize that my opinion will win me few friends on school boards, but it seems to me that some arrangements could be made for those children who desire privacy. Petition your local school mothers, and more power to you!

DEAR ABBY: I am 29, single and (I'm told) attractive. I have a little problem with my milkman.

He has often left me more milk than I have asked for and he doesn't charge for it. The other day he knocked on my door. When I answered he asked me if I was alone. I asked him why he wanted to know and he said he gets lonesome when he delivers in this area because it is a rural route, and he wanted to know if he could get his lunch with me on my porch. I have seen him eating his lunch in his truck while I cut mine in the kitchen. He can see me through the window. Would it be wrong for me to invite him to eat his lunch with me. He seems such a nice man. DOUBTFUL IN FETALUMA

DEAR DOUBTFUL: So far, all you know about him is that he is generous, lonesome and interested in you. Is he married? If so, don't let him get any chummy. If not, you couldn't order a better set-up.

DEAR ABBY: I have two problems. One, when I take my wife to work in the morning (she teaches school) she doesn't let me kiss her for fear someone she works with might see her. I say to heck with them. She is my wife and it is only a peck on the cheek. Second, we've been married almost a year and

she still refuses to use my name. She goes by "Miss" as though she were single. I was born in New York and have lived here all my life. Many immigrant Puerto Ricans have the same name and I think that is what bothers her. She is putting me through graduate school, so naturally I don't want to upset anything by making any demands right now. Can you advise me? WITHHOLD MY NAME

DEAR WITHHOLD: You are saying that since your wife is putting you through college, you are in no position to make any demands right now. Your complaint is justified but your restraint is wise. Perhaps you can call the signals some day—but don't count on it.

CONFIDENTIAL TO SISSEL IN THACA: It has been said that before one can train a dog, one must know more than the dog.

Highlights TV Time Previews

TV Time critics preview coming television shows by attending rehearsals, watching screenings, studying scripts in New York and Hollywood. Here are their previews for today: TV Time Show of the Night: 8:00-9:00 p.m. CBS. The Entertainers. Tonight's hour is spiced by some lively production numbers which include guest star Imogene Coca, who's confined to a swivel chair. The big number is "Let Me Entertain You" in which everyone participates, but you'll probably get more enjoyment out of the spot which has Tootie O'Hara teaching the cast how to play a paper bag game. Big-voiced John Davidson is spotlighted in a big number to "The Survey with the Fringe on Top" and also sings "Long Way Home." Catherine Dallas and Don Chrichton dress as nuns and do "Rag Mop." The comedy spots include Bob Newhart's submarine commander routine, a psychiatrist sketch by Don De Luce and Bill McCutcheon and Art Buchwald's thoughts on diabetes.

'Tom Sawyer' Seeks Adventure

BOSTON (UPI)—It's an admirable quality for a young lad to strike out Tom Sawyer style to seek adventure.

But Mr. and Mrs. Nicholas Reyes conceded today their son Mark may have been a bit premature. They reported him missing but police assured them the two-year-old boy had been found wandering along Tremont Street dressed in a pink gown, diapers and rubber pants.

Cat Interference

DERBY, England (UPI)—Interference officer Frederick Ward, of Britain's General Post Office, said television reception in weak signal areas could be disturbed by static electricity generated by neighbors stroking their cats.

'None Dare Call It Treason'

'Documentation' Melts Away Under Close Examination

Editor's Note: Since many contributors of Letters to the Editor are using quotations from the book "None Dare Call It Treason," The Herald today is publishing the following summarization of remarks by the Hon. Chas. A. Vanik of Ohio, in the House of Representatives on Sept. 10, 1964 and published in the Congressional Record.

"None Dare Call It Treason" seems to be the only publication of Liberty Bell Press, Florissant, Mo., listed as the address of Liberty Bell Press, is a suburb of St. Louis, Mo. There is no telephone listed to Liberty Bell Press in Florissant and none in the Greater St. Louis area.

Since this book contains 818 references supposedly substantiating the material contained therein, it gives the appearance of being the well-documented study which it claims to be. Nothing could be further from the truth.

The reader has a right to expect that references set forth by Stormer as documentation will at least say what Stormer claims for it. In case after case, the author has subverted those references to give a totally erroneous impression and even to say precisely the opposite of what his own reference claims.

Some examples: Stormer, pages 169 and 170: "This became sharply clear in an article by Arthur Schlesinger, Jr., assistant to President Kennedy, which set forth the plan for achieving socialism in America" (Congressional Record, Feb. 6, 1962, p. A881). Schlesinger outlines no such plan; in fact, Schlesinger's remarks, inserted in the Record by Representative Charles E. Goodell, of New York, Feb. 6, 1962, pages A881-A884, said precisely the opposite:

Page A881: "The socialist state is thus worse than the capitalist state because it is more inclusive in its coverage and more unlimited in its power. Organization corrupts; total organization corrupts totally. The socialist state justifies itself on the ground that the concentration of power is necessary to do good; but it has never solved the problem of how you insure that power bestowed to do good will not be employed to do harm, especially when you remove all obstacles to its exercise."

Stormer, page 29, paragraph 4: "In actual conduct of the war, military decisions were made, not according to the tactical needs of the day, but for the long range political advantage of the Communist conspiracy (Roosevelt and Hopkins, Sher-

wood, p. 590)." Page 590 of Sherwood's book contains nothing whatever to support this charge, nor is any mention made of such a happening. Page 591 says the following:

"It has often been said that Churchill's advocacy of the 'soft underbelly' approach to Europe demonstrated his farsightedness — that he was motivated by the long range purpose of keeping the Red Army out of the Danube Valley and the Balkans. In the opinion of some of the American authorities who were involved in the strategic discussions, this claim gave Churchill credit for too much prescience. He may have had such thoughts in mind in 1944, but certainly not in 1942; and one may ask, in this connection: if Anglo-American strength had been concentrated in southern and southeastern Europe, what would have stopped the Russians from marching into the Ruhr and Saar and even into Normandy?"

Stormer, page 32, paragraph 6: "Gen. James Van Fleet, another Korean commander told Congress: 'My own conviction is that there must have been information to the enemy from high diplomatic authorities that we would not attack his home bases across the Pahi.'" (Ref. 30, ch. 3: Hearings interlocking subversion in Government departments, SSS, 1964, pp. 1653-1708; 1711-1733; 2010-2046.)

The actual quote, as it appears in the record is, "My own conviction is that there must have been information to the enemy that we would not attack his home bases." Under questioning, the general affirms that this is a supposition and that he has no evidence to support it. The significance of this example is that Stormer added words to an item which he purported to be quoting.

Stormer, page 205, paragraph 4: "If U.S. proposals for arms control and disarmament are accepted, U.S. military forces will be transferred to the U.N. peace force, which is directed by the Undersecretary for Political and Security Council Affairs, who has always been a Communist." (No documentation.)

Stormer does not document this statement, although he certainly could have. Dozens of rightwing organizations have circulated this myth, and, by quoting each other, have compiled an extensive file of meaningless documentation. In the congressional Record of May 2, 1963,

The National Committee For Civic Responsibility has taken a close look at the latest right-wing best-seller, "None Dare Call It Treason," and calls it either an incredibly poor research job or a fraud. Here are excerpts from the committee's reports, as published in the Congressional Record of Sept. 10, 1964.

Senator Thomas Kuchel, Republican, of California said: "There is no Russian colonel, or general, or military or civilian individual who is 'Secretary of the United Nations' or 'Secretary of the U.N. Security Council.' Let the record be clear that there are 19 Undersecretaries of the Security Council, of which 13 are filled by Americans or representatives of our allies and of which two are Soviet bloc nations. None of them has anything to do with the command of any joint U.N. military operations. There is no world police force in the U.N. And, of course, no Soviet national ever gave Gen. Douglas MacArthur any orders."

Documentation: In 32 instances, Stormer uses as his authority "Human Events." This publication is an admittedly biased rightwing publication which the An-

ti-Defamation League has referred to as "an extremely rightist Washington newsletter."

In 12 instances, Stormer cites as his authority books which comprise the John Birch Society packet "One Dozen Candles."

In at least 35 other instances Stormer has used as his authority such documentation as the "Dan Smoot Report," the "National Education Program," the bulletin of the John Birch Society, "America's Future," and other biased rightwing publications.

Such publications can, in no sense, be considered "authoritative." They cannot do much more than attest to the fact that someone else in rightwing circles shares Stormer's views.

In 66 instances, Stormer gives as his authority "hearings" before congressional committees, and in most

instances gives no indication as to who is testifying. This is no documentation at all since many persons testify with opposing viewpoints and, in fact, this is the purpose of hearings. To cite testimony given at hearings as being somehow "authoritative" or "official" is unjustified.

In 65 instances Stormer cites the Congressional Record as his authority. Stormer often fails to identify the person inserting these things into the Record. The Congressional Record contains all views and opinions of all Congressmen and much other material as well. The only thing official about the Congressional Record is that it is a record of everything that goes on in the Congress and whatever other material Congressmen choose to insert.

The items contained in this report by no means constitute an exhaustive study or research into the statements or documentation of Stormer's "None Dare Call It Treason." Since

the National Committee for Civic Responsibility is prohibited from taking any position on issues and must restrict itself only to those areas which advocate violence or engage in calumny, only 43 items have been checked by this committee. The discrepancies outlined in this report reflect only those items which were uncovered in the process of checking those 43 documentary references.

To the average reader, his documentation seems impressive and few will take the time to discover for themselves that it cannot withstand even the most cursory examination.

In summary, the subject book is, at best, an incredibly poor job of research and documentation, and, at worst, a deliberate hoax and a fraud. This conclusion has been reached without giving any consideration whatsoever to those things which Stormer presents as a matter of his own opinion or that of others. Matters of that kind must properly be left to partisan debate.

"We Challenge Johnson to Debate Us"

Dr. Crane's

Worry Clinic

CASE U-417: Jerry B., aged 17, is a high school senior. "Dr. Crane," his younger sister began, "Jerry has atrocious tastes in ties and shirts. He puts together things that look ghastly. If he'd take a course in art, he'd learn how to harmonize colors. But he sneers at art, so can't you tell him how to blend colors?"

In psychology courses we use a rotary color motor and demonstrate how to mix colors scientifically. But even in your own home, you can quickly learn how to find the proper tie to match a colored shirt. Or the girl's hat that will match her dress. Take a bit of the cloth or lay the tie on a gray background. Now stare at it intently for about one full minute. Then remove the bit of cloth or the tie, but continue staring at a point in the middle of the gray background. Within a few seconds, the complementary color will suddenly appear! And complementary colors

look richer when used side by side. For example, if you look at a small square of yellow, then it will be superseded by a similar square of blue, for blue and yellow are complementary colors. Red will be followed by green, and vice versa. Orange will conjure up a blue-green. Black will also generate a white after-image and vice versa. The "brightness" of a color is dependent on the amount of white light mingled with the hue (color). Thus, a dark yellow tie will bring up an after-image that is light blue. A bright yellow tie will produce a dark blue and vice versa. Another interesting experiment which you can perform right there in your home is to take a sheet of red paper or red cloth. Cover up half of the page with a gray card and then stare at the exposed red area. You will not realize it, but the red immediately starts growing grayer all the time. After a minute or so, then remove the gray card that has covered half the entire page of red. Now continue to stare and notice the difference. For the half page that was visible all the time, will now be desaturated or partially gray, while the area just uncovered will be a much brighter red. If, however, you are color-blind, you will not obtain these color effects, but still can obtain the white-black contrast. One reason that "Stop and Go" signs on street corners often have the words outlined within the green or red, is to help color blind folks know when to start or stop. Since they can't distinguish the colors, they must depend upon the white light shining through the letters "G-O" of the green sign. Nowadays, too, the "Go" signal light is often a blue-green, not a pure green, for the most common type of color-blindness involves green, but such a person can still see the blue in such a "Go" signal.

Letters

To The Editor

Editor, Herald: This is in reference to an article that appeared in the Sanford Herald last week regarding a local physician's speech to the Seminole Jaycees. I feel that this physician's views clearly reflect the old adage of "biting the hand that feeds one," for a personal and selfish gain. Dr. Leonard Munson, in the twilight of his medical career now decides that after years of financial gain from the private practice of medicine that this type of practice and the Medical Associations are all wrong and now feels that federal controlled medicine should be the medical way of life. This is interesting because this physician is part owner of a local nursing home which would profit from Medicare. Dr. Munson, not being a member of the Florida Medical Association, is therefore

not a member of the Florida Medical Association or of your local Seminole County Medical Association both of which are chartered by the AMA. Although he does not belong to these associations for the past years Dr. Munson nevertheless has enjoyed the professional progress and social prestige which these associations have established. If the business of the American Medical Association and its affiliated associations be political, then it is strictly politics that is bringing better medical care to all the people of these United States. It is our endeavor as members of the medical profession and of the AMA to see that medicine remains so the patient is still an individual with a problem to be solved rather than one of a long line of nameless faces with a punch card and a number. Robert J. Smith, M.D.

HOW DOES LIFE GET SO TANGLED?

Interesting thing about a rope—it rarely becomes tangled when it's serving some useful purpose. It stretches firm and taut... reaching... holding. But lay the rope aside... waiting without a purpose... and it becomes so tangled you can't even find the ends. Life is like that! For some folks it seems an impossible tangle of conflicts, worries and disappointments. They haven't discovered how to devote their strand of years to a vital, constant purpose. But for others life stretches firm and taut from birth to Eternity. The tangles disappear as men reach across time to hold certain truths by which God would have us live. Life without tangles... life with purpose... discover it in Church next Sunday!
