South Pinecrest — Sunland Estates

SOUTH PINECREST second addition is located in one of Sanford's nicest locations. Luxury homes at moderate prices, city water, city sewers, paved streets, intelligent zoning and complete new Florida styling. 3 bedroom 1½ and 2 bath homes, \$1,000 down including closing cost \$85 to \$100 per month. Homes in South Pinecrest sell from \$15,000 to \$17,000.

SUNLAND ESTATES — 3 bedroom 1 and 2 bath homes for \$900 down including closing cost \$66 to \$81 per month. Sunland Estates homes are \$12,500 to \$14,000. These are luxury homes at moderate price, community water, city sewers, paved streets. Beautiful lake with a playground area and dedicated park.

Our AIM is to build for you the buyer the very best home we can at a price you can afford.

OUR POLICY is to guarantee the workmanship and material used in the homes we build for a one year period. You must be satisfied or we will return your money.

First!

In Our Office

we maintain records of every home sold.

1. Ask the person who owns an Odham and Tudor home.
2. Visit our office where we maintain complete records signed by each owner that each complaint is fixed to their satisfaction.

FEATURING

- Custom built cabinets in every home
- Terazzo floors
- Refrigerator
- Stove
- Tile Bath
- Hot Water Heater
- Venetian Blinds

- We have homes in South Pinecrest and Sunland Estates Ready for immediate occupancy —

LOWER DOWN PAYMENTS

• Now we have F.H.A. in service loans available on all homes in South Pinecrest and Sunland Estates. This type loan enables a man in service to make a lower down payment and save ½ of 1% on monthly F.H.A. mortgage insurance. Enabling service personnel to save \$3 to \$4 per month.

LOWER MONTHLY PAYMENTS

We now have 30 year terms on home mortgages and monthly payments are \$7 to \$10 less.

LOWER CLOSING COST

• Closing cost on \$15,000 homes have been costing \$425 to \$450 per home. The costs include items such as title insurance, legal fees, mortgage brokers fee, recording stamps, etc.

A recent change

In F.H.A. rules permit a builder or seller to absorb all or part of these costs. We want to meet you ½ way. You pay only ½ of these fees . . . now.

Capt. Arthur: Eternal Vigilance Price Of Peace

THIS IS THE WAY IT'S DONE, Bill Campbell, representative of the Quaker Oats Company, tells Ralph Wight (left) Elk's Club chairman of the gigantic Community Pancake Jamboree to be held here Saturday, Apr. 12. (Photo by Bergstrom)

The "new Navy" is making use of atomic power and ballistic missiles in building "mobile power for peace". Capt. Lionel Arthur, Commanding Officer of the Naval Air Station at Sanford, told members of the Scabbard and Blade and their guests at a Military Week Dinner Friday night in the Stetson Union.

Elderly Man Hit, Killed By Car

An elderly man, tentatively identified as John T. Lawrence, was killed instantly early this morning on Highway 17-92 when he apparently ran in front of an automobile.

Seven SHS Students To Display Projects At Science Fair Mar. 22

Seven students from Seminole High School will display projects at the second annual Science Fair to be held on the campus of Stetson University next Saturday.

Elks To Stage Pancake Jamboree

Thousands of Sanford and Seminole County folks will be eating pancakes for breakfast, lunch, and dinner on Saturday April 12 when the Elk's Club stages its gigantic "Community Pancake Jamboree".

Park Ave. Home Damaged By Fire

A fire of unknown origin did considerable damage to a second floor room of a frame dwelling at 907 Park Ave. Saturday night shortly before 10 o'clock.

Navy Puts New Baby Moon Into Orbit Today

ALL IN A DAYS WORK! But this is mighty happy work as the Seminole High School Physical Education Court got underway Saturday. Laying out the "latter boards" are (left to right) Tommy Hittel, Phil Westgate, Jeff Willmon, and Claude Hittel. The project is sponsored by the Seminole High School P-T-A. (Photo by Bergstrom)

Seminole County's Future Optimistic

"Business is booming in Sanford!" That headline has already appeared a few days ago in this paper. Home building is going on in an unprecedented rate—the figure is actually climbing weekly!

Building Permits Near \$1/2 Million Mark Last Week

Building permits in Sanford and Seminole County hit near the half-million mark during the five-day issuing period last week. A steady rise in the building permits issued by the office of Sanford's Building Inspector was indicated when it was reported that for the week ending Friday, March 14, a total of 14 permits were issued at an estimated valuation of construction set at \$68,155.

CAPE CANAVERAL (UP) — The Navy triumphantly hurled a new American satellite into space today in the nose of a Vanguard rocket which overcame past failures in the hurrying flame of a spectacular launching.

County Jail Has Heavy Weekend

"We had a heavy weekend at the Seminole County Jail," Sheriff J. L. Hobbs said this morning.

Hoag Appointed County Engineer

The Seminole County Board of Commissioners changed its Road Department supervision today. W. M. "Bill" Hoag of Sanford, an employee of the State Road Department for 25 years, was placed in charge of the entire operation today.

Tom Tom Talk

All our spies keep talking about Max Finch's mystery girl, but nobody wants to tell us who she is. Wait! It's all the deep secrets!

This morning as we write this March 17 baby girl arrived to Miss Fat Harrington Butler. We've been told that she was hoping for a boy, but are just as happy with the darling daughter. (That, you know, is our immoderate past-editor in Journalism Club's Congratulations, you three! Nobby Dunn is on the steady. It's now. We're told that his girl is the living end! Nothing but the best for Nobby!

If you see a new addition to those dreamy-eyed couples in the halls, it might be those two very nice people who had their first kiss for the Junior-Senior Prom. Shouldn't you boys get a date by now?

We'll tell you that Sandy Lee already has her date accounted for, and we can't be too sure if he wants his name published. Reason: Last we heard, he's still supposedly going steady with another girl.

John Ott, too, has a date for his big affair. She's also in hand, and we're just dying to know how that combination is going to turn out. Last time we published her name, she blew her top; so, as the saying goes, once burnt, twice shy.

Another current combination is Robert Evans and Darrel Sharrack. Well, before long, you'll be hearing about what they get cooked up. Good luck!

It seems that everybody's been in a tizzled mood these past two weeks. Best performance at the dance was all revealed, the little excursion to Daytona for the district conference, or whatever you want to call it. Let's get it out of our system. Friday night was a real treat. We enjoyed the dancing, enjoyed the food, and enjoyed the company. It's a pity that all the school's efforts to collect will be taking

their college entrance tests on Saturday.

Senior dramatics class is utterly elated. Not only are they starting on the senior play, but also they've handed down the Student Club radio program to the Junior dramatics class. Jane Williams has the program for tonight; so you'll be sure to listen.

Another item that came to us from the underground channels of Seminole High: last Friday Mr. Hickson was quite absorbed with pen and paper trying to calculate how gravity caused the chairs in his room to lean back about 15 degrees from the perpendicular. How unusual it all seems, eh?

Darlene Bennett has been going steady with Bill Densen for the past three months, and now we finally found out: Best of luck, anyway.

Oh yes, you peanut gamblers, we add, this time in reference to those juniors that we gave with Mr. Bracken in that you should at least let the seniors get to the door before standing to leave. That is, unless you care to stand at attention while all the seniors parade out.

What does it for another week of Tom Tom Talk, but don't forget to read it next week when it will be the editor's hope that all the little gossip-shouters of his staff are stealthily gathering up our little notices. I, Angelo Campain, take full responsibility of this week's Tom Tom Talk, but refuse to do it again.

And talking about gamblers, we add, this time in reference to those juniors that we gave with Mr. Bracken in that you should at least let the seniors get to the door before standing to leave. That is, unless you care to stand at attention while all the seniors parade out.

I, Angelo Campain, take full responsibility of this week's Tom Tom Talk, but refuse to do it again.

Locker Clean-Up Held in SHS Halls

Friday during fourth period we had a locker clean-up at Seminole High School. The purpose of this was to find books which had been misplaced and to get most of the mess out of our lockers. Numerous misplaced items were recovered, and all in all, it was a big success.

Day To Remember

By Seminole High School's Drama Critic

On Tuesday, March 4, all of the students of SHS went into the auditorium for our usual chapel program. Gary Baker introduced Richard Phagan, who was in charge of the program.

We were honored by having some of our famous singers to sing their own songs and some of the popular hits of the day. Those who lured our ears with song were Al Collins, Teddy Walker, Pat Donahoe, Richard Phagan, and Wally Phillips. Background jungle beat was supplied by Greg Walker's bonzo drums.

After the singing, we were treated with a pantomime of a real shoot-'em-up Western skit. There were Sheriff Matt Dillon, Chester, Chief Wood-Pussy, a cowboy, his horse, a donkey, and a rattlesnake.

Following this bit of fun came a unique form of entertainment. Richard called Coach Pigott and Coach Layer up to the stage. After they had agreed with Richard that the teachers and students should work together, they were given the leading roles in a dramatic plot.

Coach Pigott was given the part of a dashing, handsome young prince, but Coach Layer was given the part of a mean, wicked king who had a terrible temper. The part of the king was well-acted; for Coach Layer fits into it perfectly. His lines and actions were becoming to his personality. Coach Pigott played the role of the prince with all of the vim and vigor of a young movie actor.

The king had three daughters: a fat, sloppy one portrayed by the senior girls, a toothpick-thin one acted out by the freshman girls, and the very beautiful daughter played by the sophomore girls.

In conclusion, all of the students would like to have more skits with teachers portraying the parts.

Couple Of Week

Mary Jane Flynt and Eddie Barbour, the couple of the week at SHS.

By Joyce Lynn Benton

Our couple this week is Mary Jane Flynt and Eddie Barbour. They have been going together for almost two years and I'm sure every one will agree they are one of the best couples in Seminole High.

Eddie has brown hair, blue eyes, and is 3'8". His favorite song is "Tequila". Mary Jane has been a cheerleader since her freshman year. She is also on the Student Council and in the Tri-Hi-Y.

Mary Jane has light brown hair, blue eyes, and is 5'8". Her favorite song is also "Tequila". Mary Jane has been a cheerleader since her freshman year. She is also on the Student Council and in the Tri-Hi-Y.

I interviewed Mary Jane and Eddie and here are the results:

Question: What are your plans after school?

Eddie: College

Mary Jane: No definite plans.

Question: What do you enjoy doing together most of all?

Eddie: Drinking coffee

Mary Jane: Watching "Have Gun, Will Travel"

Question: What do you like most about each other?

Eddie: Her personality

Mary Jane: Just Eddie.

We wish the very best of luck to you two!

Kiddie Korner

By John Miller

Short column tonight, friends. Six-week algebra test tomorrow, and I have to study, along with about nine tenths of the rest of the class. Besides, Playhouse Ninety comes on tonight. You ought to watch it, Cindy. It's about lawyers.

We were all very sorry to hear about the basketball team's defeat in the tournament the other week. Of course, everyone was rooting for them, and they did very well, if you ask me.

It was announced the other day in the bulletin that all 3-cent frozen novelties would go up to six cents because of a change in the wholesale price. I guess that means everyone had better start carrying around pennies. Oh, this inflation! Terry Griffin, just what ARE these rumours we're hearing about you and a certain member of the freshman class? This paper prints nothing but the truth, you know, and how are we going to print the truth unless we know it? I guess I just don't understand the way the wheels go around in a soph's head.

Cindy May has a mystery friend in Gainesville, or so she says. He wouldn't by any chance be going to school up there, would he, Cindy, huh?

By the time this is published (Headlines, heh-heh!) the Glee Club will be back from Daytona where the first part of the contest is being held. We, along with everyone else, hope fervently that they will be going to Tampa, too. Wasn't last week's chapel program wonderful. I tell you, when it comes to singing, to use an old cliché, those boys can't be beat. (I have a vague feeling that that's not good English. I'll probably get skinned alive tomorrow by Mrs. Bateman.) And of course, the skits were hilarious, especially the one with Coaches Layer and Pigott making the dramatics. I also thought the "cosboy" deal was awfully funny. I remember one time at camp, when we did practically the same thing. I was the deputy. (Yes, Angelo and Dolores, I can hear you now. "Why weren't you the rattlesnake?" I see you next week, if, after all these tests, I'm still a gun.

Problem Corner

Dear Readers,

Tell me please, have people just stopped having problems? Wonderful for you, but it's sure hard on my column. Come on, kids, give me a break, and let me in on your troubles. Remember to put all problems in the orange box in the upstairs hall. Let's get on the ball, people! Thank you, Miss Cry-Shoulder

"CHILDREN UNDER 12 ADMITTED FREE"

By Joyce Lynn Benton

What do you dislike most about the opposite sex?

Diana Fleischer—For a boy to be late for a date.

Gary Baker—Their big mouths (Gary)

Evie Kratzer—Sarcastic.

Mike Tanny—I couldn't list all the things.

Janice Luxon—Some act too immature.

Teddy Walker—They spit on you!

Jacque Hern—NOTHING.

Dave Stanley—The way they act—period.

Helen Price—I don't dislike anything.

Ronnie Russi—Too much make-up and acting too silly.

Edith Hanson—Their favorite subject is themselves.

Richard Phagan—Their ability to get the males to do what they want them to.

Marcia Loebelt—They are never on time and keep you waiting.

Al Collins—They try to ruin you.

Barbara Mitchell—Not much of anything.

Gerald Jones—They can't reason.

Kaye Ivey—They get embarrassed when you call them "muscles".

Pete Nash—I can't put it on paper.

Marion Routh—Ask Rick.

Sandra Lee—When they don't pay any attention to what you tell them.

Betty Johnson—Being slow in answering letters.

Janie Brown—Jim, nothing; other boys, everything.

Audrey Holger—STUBBORN.

George Faris—They talk too much and say the wrong things at the wrong time.

Faces Seen At Fair

By Pam St. John

As I write this column the fair is pretty old news, and it will be definitely older when it finally reaches print, but I thought you'd like to know who was at the fair in Orlando two weeks ago.

I went twice, Friday night and Saturday until about 5:00 in the afternoon, and I saw a lot of kids from our old Alma Mater. Friday night, as I strolled around, I saw Fred and Ann Beltrous, two people I know for sure the juniors and seniors remember, and maybe some bright-eyed optimists will remember them, too. They seemed to be having fun together.

On the "Round-Up", that terrifying yellow cage that whirrs you around and around, I saw Lynda Veackle, Teddy Walker, Sue Waters, and Pat Donahoe. Their faces had not turned green yet, but hands looked rather scared.

After that I went on a few death-defying rides myself and I saw Al Collins and Janet Glenn walking around hand in hand. I was about kicked down by JoAnn Hood, who was carrying a big, pink teddy bear in her arms. Take it from me, she was very excited.

The only members of the freshman class I saw there were Sandra McKinnis and Barbara Wimberly. Barbara was with Bill Stinson, a graduate of the '37 class of S. H. S.

While I was having my neck broken on the "Twister", I saw Mrs. Rodgers and her family. I don't know who was having more fun. Mrs. Rodgers or her small daughter. Both seemed to be having quite some ball.

Some of the other teachers I saw there were Mr. and Mrs. Cowley and Mrs. Sloane. Mrs. Sloane was with Susan Smith, and they were loaded down with stuffed animals and cotton candy when I saw them.

I wound up my Friday night "people-seeing" with Claudia Warrmack and Jimmy Blythe. Claudia was wearing a gold heart around her neck, with "Jimmy and Claudia" on it. They looked as if they had had a ball just as everyone else that went to the fair did. Last but not least, I saw Linda Threat and Richard Powell. I really couldn't miss them, though, because I double-dated with them. We really had a time trying to combat the talks of boats and motors that went on between our dates, but Linda and I succeeded when we started to talk of Sack Dresses.

The Optimist

By The Optimist

Seated in front of a typewriter, staring at paper and ball, watching grandfather's pendulum wag like a spaniel's tail; Out through the transparent window. Midnight is seen in the sky. On past their zenith the hands move.

My how the time flutters by. Here I've been sitting since dinner. Here I have found no ideas. Nevertheless, I don't quit. Themes are all due in tomorrow. I shudder to think of my fate. Why didn't I finish it Wednesday? Why did I go on a date? Seated in front of a typewriter, staring at paper and ball, Tonight I'll be dreaming up your lies. Tomorrow I'll probably fail!

Basketball Team Achieves Best Record Of History

This year Seminole High School's basketball team achieved the best record in the history of the school. They won sixteen games and lost only eleven. They won one out of three tournaments and advanced to the semi-finals in the district and Orange Belt Conference.

This year's club was an extremely improved ball club, as the year's record (16-11) compares with the preceding year (11-19) shows. The team was composed of primarily the same members this year as it was last year, but the year's maturity and experience between seasons was the deciding factor between the records.

Sanford's squad was exceptionally well-balanced with three players scoring over 200 points and one other just short by twelve points of the 200.

Possibly this year's success will pave the way for future clubs because of the interest aroused by the Seminoles. Certainly they will have winning teams as long as the excellent coaching staff remains at Seminole High.

NO MOON TRIP

Bigger Dividends Are Realized From Faith In Our Investment

This is the time of year when citizens all over America are reading the annual reports of many companies, large and small.

Investors go over colorful reports in pictures, words and figures the successful year (and years before that) experienced.

The smallest stockholder, possibly one who owns a single share or maybe two, receives a copy of the report carefully printed, well written, and ably presented.

Most amazing, however, from these hundreds of reports is that fact that each one contains the faith of American citizens in the future of the United States of America. Each investor has deposited his or her life savings, in many instances, for sheets of paper bearing the inscriptions of the number of shares purchased.

In return, of course, the investor is looking for dividends. But had he lacked the faith in this or that particular company or organization he would have never purchased these securities.

Citizens in a community also have stock in their city or county or state. They have an investment, so to speak, as taxes are paid, homes are purchased, business establishments are opened, or even to the fact that a job is accepted.

All that we do results from the faith we have in our community—and our happiness comes from the benefits we reap.

Here in Sanford and Seminole County industrialists, business people, professional people, and just "plain ordinary citizens" are all investing in one of the fastest grow-

ing, one of the most successful, one of the friendliest communities in the world. And our dividends come from the amount we have invested.

Maybe the investment is civic pride, maybe it is philanthropy, perhaps it is hard work in anything that might promote growth and goodwill. In some instances the investor is interested in just "being lazy" and watching others take part or volunteer—he or she is willing to pay a little more in cash for the privilege of doing "just what I want to do" and nothing else.

If we have but a dollar, it takes faith to invest that "all;" the same faith that it would take to invest a thousand or several thousand, or even more.

Once in a while we should sit back and analyze our community, the same as we would one of the annual reports that come to us in the mail each year.

In so doing, we could determine where our services could be used to the best advantage, or our investments could be channeled to serve both our community and ourselves.

All of us play an important part in the daily progress, happiness, success, and good looks of the community. None should step back and shirk his obligations.

Let's summarize and find out for ourselves what makes the community "tick" away for a week, or month, or year—and then do our part to make the progress of Sanford and Seminole County one of big dimension—something to be proud of and from which we would reap the bigger dividend.

Yes Or No? Should He Drive?

Recently the busy news wires brought news of a sewing machine salesman who rented a car so he could drive to a town a couple of hundred miles away and sew up a big deal. The appointment he had made gave him too little time to reach the town. He tried to make up for it by driving 100 miles an hour.

The police naturally objected to this. They stopped him, gave him a ticket, and sent him on his way. He zoomed up to 100 miles an hour again, soon acquired another ticket. This time police seized his license. The salesman tried again, got up to 100 once more, was captured—and spent the night in jail.

The story may not really be enough out of the ordinary to merit comment. However, one facet of the matter is interesting. It seems there was some question as to whether the eager salesman should lose his li-

cence to drive. The surprising thing is that there should be any question at all about this. Here is a man who three times, in defiance of law and reason, endangered not only his own life but the lives and property of hundreds of persons who shared the road with him on that occasion.

Such a man has no right to drive. It is as simple as that.

Frankly, in Florida, it is hardly probable that such a driver would get another chance to drive his car—not after screaming up to 100 miles an hour. The first offense would have been enough and in all probability he would have landed up at the jail the first time.

It remains, however, that a person intent upon driving his automobile in a way that endangers the lives and property of others should not be allowed to drive.

Income Tax Tips

The Florida Accountants Association—an affiliate of National Society of Public Accountants—has debts are deductible.

You can deduct your bad debts if:

1. A valid debt was made in 1957 or earlier at Jan. 1, 1951. To be deductible in 1957 the debt must have become worthless in 1957. That is, some event must have occurred in 1957 which led you to believe that the debt was uncollectible—such as bankruptcy, disappearance of the debtor, etc.

2. The bad debt must have been included in your income, or been a part of your capital. You cannot have a bad debt deduction for uncollectible wages, fees, rents, etc. If you are a merchant and have a bad debt arising from sales of services, you cannot deduct the bad debt unless you included the sales in income.

3. You cannot forgive a debtor his debt and take a deduction for it. You must have made every reasonable effort to collect the debt in 1957. You cannot get a bad debt deduction simply because you do not choose to force collection.

Personal loans to members of your family can be charged off as bad debts, but there must be clear cut evidence that it was a loan. It cannot be in any way a gift. There must also be clear cut evidence that you have made every reasonable effort to collect. Deductions for bad debts arising out of loans to

relatives are always given very close scrutiny.

In claiming a bad debt deduction you should attach to your tax return a statement showing the name and address, if known, of the debtor; the date the debt was incurred; the date the debt became due; what the debt was for; what efforts you have made to collect the debt; and why you believe the debt to be worthless.

If you are in business or practicing your profession for your own account, then your business bad debts are deducted together with your other business costs, on separate Schedule C of the tax return.

If your bad debt is a personal debt, you deduct it on separate Schedule D by entering the bad debt as a short-term capital loss. This deduction, taken with any other capital gains and losses you may have had in 1957, is limited to \$1,000 per year.

If your bad debt and other capital losses are in excess of \$1,000 and you are married, then you should consider filing separate returns. Both you and your wife can take \$1,000. Any excess can be carried over into the next succeeding five years.

You can deduct up to \$1,000 per year for next five years, if your loss amounts to that much. You can take it all in any year that you can deduct it from your capital gains.

TODAY'S THOUGHT

"When thin ice is out, the body also is full of death."

Lighter Side Of The News

By FRANK ELKAZER
United Press Staff Correspondent
WASHINGTON (UP)—The lighter side of Congress:

It's true, postage stamps soon will cost more. Also, alas, a tax cut is still not in sight. And Congressional architects, any day now, will let contracts to spend 10 million dollars remodeling the front of what many people had always considered a mighty impressive Capitol Building.

But don't get the idea from all this that your lawmakers have forgotten your interests. On the contrary, they think about you regularly.

Only the other day the House Ways and Means Committee, though still undecided about tax, struck a blow for reduced living costs. A whole series of blows, at a matter of fact. And the lighter side is privileged to bring you highlights of this hitherto little-publicized action.

Been hiding back on your part.

chases of muzzle-loading revolvers? Wise course! They'll be imported duty-free soon if the Ways & Means group has its way. That should show up in a nice reduction in price.

Maybe you're more the musical type. Then there is this happy note for you. The committee recommended sharply curtailed tariffs on imports of both harpichords and clavichords, and every-body knows how the rock-'n'-roll set goes for those.

The really big sock in the committee's action was on exorbitant pigeons. Up to now the import levy has been 10 cents a pound. Hereafter, if the Ways & Means recommendations are followed, the duty on this cost-of-living item will be cut exactly in half—to only five cents per pound.

Remodeling the Capitol's East front won't be a dead loss, either, no matter what the critics say. Remember how crowded it was in the Capitol corridors the

Foreign News Commentary

By CHARLES M. McCANN
United Press Staff Correspondent
Both the allies and the Communists seem to be straining to get excited over the Southeast Asia Treaty Organization meeting in Manila.

Secretary of State John Foster Dulles warned in his opening speech that the Communists may be preparing "new aggressive plans" for the area.

Soviet Russia and Communist China allege that the allies are planning aggressive moves. They also are warning Southeast Asia countries against permitting the setting up of nuclear missile bases on their territory.

Actually, there is no indication that anybody plans to start anything in Southeast of East Asia. Emphasizes Aid

Asian members of the SEATO alliance are putting their main emphasis on the necessity for increased American economic aid to them.

Indonesia is the one big danger point at present. If the rebellion of army officers in Sumatra against the Indonesian government developed into civil war, anything could happen.

Chaos in Indonesia could only help communism. The Indonesian Communist Party always has exerted considerable influence with the government, and its strength is growing.

There seems nothing that the Southeast Asia Treaty countries can do in that situation but hope for the best, while Russia and Red China hope for the worst. The Indonesian government has

warned that it will tolerate no outside interference.

SEATO Members Listed

Members of SEATO are the United States, Great Britain, France, Pakistan, Thailand, Philippines, Australia and New Zealand, Japan and Nationalist China. Two countries of first-rate importance in the East Asian set-up, never have been brought into it.

SEATO and the Middle-Eastern Treaty Organization are both important because they have combined free nations against the threat of communism.

From the military viewpoint, both pacts are largely paper ones. They have served largely to provide for periodical discussion on means of combatting Communist subversion and economic and diplomatic penetration.

Inside Washington

BY HENRY CATHCART
Central Press Washington Writer
WASHINGTON—Many politicians believe that Senate Majority Leader Lyndon Johnson is the

best bet for the 1960 Democratic presidential nomination. Polls show Senator John F. Kennedy of Massachusetts as the front-runner but the consensus of experts is that the Bay State legislator couldn't command the nationwide support a really formidable aspirant for the White House must have.

Johnson has given every indication that he wants to be President. He is leaving no stone unturned as he proceeds systematically in the path that may lead to that prize.

In the Senate, Johnson took charge of the Space Age issue, and when his position in that field was solidified, he tackled the business recession by proposing his own "back to prosperity" program.

The Texan's friends also argue that Johnson would be in the best position to challenge the probable Republican nominee, Vice President Richard M. Nixon, because of his Senate leadership.

AFL-CIO RETIREMENT—Some staff members of the AFL-CIO have recently wondered what the future holds for the united labor movement.

The reason is that the big labor federation has undergone quite a retrenchment program. AFL-CIO President George Meany has given two reasons for this: The loss of about \$1 million a year as a result of the expansion of the Teamsters, Bakery Worker and Laundry Workers on corruption charges and the fact that the merger left them overstaffed.

In any case, the AFL-CIO has released or retired about 100 persons, many of them organizers, others in its publications department.

The question for the future is whether additional unions are to be expelled. If so, it may mean a further retrenchment program with a loss of additional jobs.

MALARIA CONTROL—Malaria—the scourge of the builders of the Panama Canal—has joined complacent officials in the Canal Zone once more.

Officials, who felt that they had the deadly anopheles mosquito under control, began relaxing control measures. Drainage systems were allowed to deteriorate.

The result has been an alarming comeback of the disease and Canal Zone officials have rushed to Congress for more funds to revive their control program.

The seriousness of the situation is indicated by the fact that in March, 1956, the Canal Zone had no cases of malaria for the first time in its history, but in the last eight months of 1957, there were 397 cases.

HOFFA PEEVED—Teamsters President James R. Hoffa became indignant when reporters in Miami Beach recently wrote that he had heart trouble. However, there is evidence that at least he had received a warning from his physician.

When the reports were published, Hoffa ridiculed them and even offered to run a 100-yard dash with the newsmen to prove that he was in the "pink" of condition.

45 Million People Make Foolish Bet

By LOUIS CASSELL
United Press Staff Correspondent
WASHINGTON (UP)—There are 46 million people in America who are making what Surgeon General Leroy E. Burney regards as a very foolish bet.

They are betting that they won't catch polio.

Burney admits that the mathematical odds are in their favor. Paralytic polio has been reduced by almost 85 per cent during the past two years, thanks to Salk vaccine.

But polio has not been eliminated as an menace to health. "In 1957, almost 2,000 children and young adults were crippled," Burney said. "Many of them will never walk again."

Have Not Started
"No one can predict what the 1958 polio toll will be. But we do know that about 46 million susceptible persons have not started their course of three injections of vaccine."

"These people are needlessly risking disability and even death."

The Public Health Service, which Burney heads, regards anyone under the age of 40 as a

"susceptible person" who needs vaccine protection against polio. Of the 111 million Americans in the age group, 35 million have been fully vaccinated, and 30 million others have started the three-shot series.

Burney said it is particularly important that all youngsters of pre-school age be inoculated as soon as possible.

Under Five Most Susceptible
Analysis of 1957 cases shows that polio attacks children under five with much greater frequency than any other age group.

The highest "attack rate"—5.8 cases per 100,000 population—was found among one-year-olds. The next highest rate, 5.5, was among two-year-olds.

For all children under five, the attack rate averaged 4.4 cases per 100,000—more than three times the 1.4 rate for youth five through 19.

After 30, the attack rate gradually decreases with age. At 35, you have roughly four chances in a million of being paralyzed by polio if you fall to take shots. Above 40, your chances are about one in a million.

To anyone who is tempted to play these percentages, Burney suggests a trip to the nearest hospital ward where polio victims are treated.

KEEPSAKES GONE

SYRACUSE, N. Y.—A very thorough or just plain greedy burglar took \$2,600 from the safe in Frank Ellis' restaurant and then grabbed \$7 in keepsake bills that Ellis had framed on a wall behind the bar.

GOODBYE PEACOCK
BOSTON.—Miss Kerin O'Brien's neighbors complained so violently about the shrieks of a peacock she won a bonus prize on a television program that she finally decided to give the bird to a zoo.

NO ROOM
MASSENA, N. Y.—Arthur Ferranti and Louis Teicher had to cancel plans to hold a piano rental at the Civic Music Assn. hall when their twin grand pianos couldn't be maneuvered through the doors of the building.

MY ACHING BACK!!!
Back injuries due to improper lifting cause average \$15,000 per year.
Each injury averages:
Days lost by workers 22
Man-days of production lost by employer 28
Millions of man-days of vital production are lost annually due to back injuries.
Many back injuries can be prevented by proper methods of lifting heavy weights.
To lift properly and prevent injury, place the weight directly between the knees, bend the knees and not the back, keep the back as perpendicular as possible. If this method is employed in lifting, it will prevent many back injuries.
If you've had a recent back injury it will save you time, money, and misery by consulting your family chiropractor.

PLANNING A PARTY are Molly Seaman (left), and Kay Osborn of Molly-Kay Enterprises, a new service. They will present a fashion show in Sanford during the month of May.

Molly-Kay Enterprises To Arrange Fashion Show Here

Babbling over with enthusiasm for their new business are Molly Seaman and Kay Osborn of Winter Park, Molly-Kay Enterprises offers a complete party service, something very new in Central Florida.

Molly and Kay will plan a wedding from the engagement party to the honeymoon arrangements, including coordinated showers, purchase of a trousseau, invitations or announcements, and thousands of other details.

The girls became acquainted when they were both charter members of the Altruza Club in Winter Park, Molly was the club's first president and Kay the corresponding secretary.

Churches Support Mainly Medical, Speaker Claims

CASSELLBERRY—The Women's Society of Christian Service of the Community Methodist Church met Wednesday afternoon in a combined business and social hour.

Mrs. Warren Stevenson, secretary of student work, the principal speaker, chose as her subject "The March of Missions in Healing."

Relief Society 116 Years Old

The Relief Society of the Church of Jesus Christ of Latter Day Saints met Tuesday evening at the home of Mrs. Oena Dunn.

THEME OF THE LATIN CLUB banquet was the "eve of Sibel" Thursday night at the Seminole High School. Entertainment and food were plentifully served by numerous "slaves." Left to right, Skip Palmer (Apolonia), Kay Ivey (Sibyl), Janet Glenn (Proserpina), president of the Latin Club, Sanding, John Mann, Jimmie Shattard (Elysia).

Woman's Page

Enrollment Large In Southside P. T. A.

The Parent-Teacher Association of the Southside Primary School is one of the largest and most active P. T. A. groups in Seminole County. There are more than 400 members enrolled for this school of a little over 400 pupils.

In addition to these programs there is a county-wide meeting of all P. T. A.'s held in observance of Founder's Day in February. The final meeting at Southside is held in May for the purpose of reviewing and evaluating the year's work and the installation of new officers for the succeeding year.

The activity of the Southside P. T. A. is not confined to the general meetings. Parents are encouraged to arrange personal conferences with the teachers to discuss the problems and progress of their children.

Conning The News

This is usually a "social" column—sometimes referred to as gossip, and frequently as just wandering words to fill up space.

Church Calendar

MONDAY The Dependable Class of the First Methodist Church will meet at the home of Mrs. V. L. Smith, 425 West 18 St. March 17 at 8:00 p. m.

Garden Circles

HEMEROCALLIS CIRCLE

Members of the HemeroCallis Circle met at the Chamber of Commerce building in Lake Mary Thursday evening. Hostesses were Mrs. J. C. Sikes, Mrs. Olan Boutwell, and Mrs. Carl Moss.

Additional strips were presented on Cypress Gardens, Sarasota, Miami and Parrot's Paradise, in Orlando Beach.

Mrs. Sikes related personal experiences in national state parks. Her family annually visits many of the famous beauty spots in the country during vacation time.

MINNISCIA CIRCLE

Mr. John Boltman was the guest speaker at the meeting of the Minniscia Circle, which was held at the home of Mrs. Alice Robinson, in DeLary, Miss Kay Henninger was co-hostess.

Seminole High P. T. A. Has Varied Projects

By Mrs. John Schirard Jr. Following an informative "School of Instruction" conducted by prominent P. T. A. state officials, the Seminole High School P. T. A. began its 57-58 program with a large attendance at its Oct. "get acquainted" dinner meeting.

The proposed project of the year, a Physical Education Court for the High School was described and explained by the Principal, Mr. Bracken. This court, a 100 x 100 concrete court would also be used for recreation and to relieve crowded conditions in the lunchroom by the addition of tables and chairs.

On Oct. 16 the "Roaring 20's" half-time show at the DeLary-Sanford game was really quite a production. Alumni of 20, 30, 40, 50, 60, 70, 80, 90, and 100 years in the twenties played in the band, rode in antique cars, led cheers, danced the Charleston, and dressed accordingly for the half-time ceremonies. A gala reunion of men and women about town re-enacting their former roles into a hilarious show, top-cord, diamond and good food also helped promote a successful beginning for raising funds for the year's project.

The School Bond Issue became the highlight of the Nov. meeting. Sample ballots were distributed with lists of names of free-holders to be contacted by P. T. A. workers. Free transportation and baby-sitting was to be provided. Mr. Bracken stressed the seriousness of the issue, explaining double sessions would result if the bond issue should fail.

In a tribute to Book Week, parents visited the library for an interesting book display, one lucky parent won as a door prize, a beautiful cake donated by a teacher. Mr. Bracken informed the parents on the new report cards issued a special invitation to attend this program. All members of the Sanford Woman's Club are invited and may bring guests.

Mrs. Nina Dean To Speak Before Woman's Club Tomorrow Night

Mrs. Nina Dean, associate professor of English at Rollins College, will speak Tuesday night at the Sanford Woman's Club, at 8:00 p. m. Mrs. Dean has chosen as her topic, "Joel Chandler Harris, Folklorist."

Calenciar

MONDAY The Past Masters Club of the Seminole Chapter No. 2 O.E.S. will meet with Mrs. H. W. Turner, 215 Park Ave. at 7:30 p. m.

BIRTHS

Mr. and Mrs. Eugene Smith of Winter Haven, announce the birth of a son March 13 in Lakeland Memorial Hospital. The baby weighed 9 lbs., 2 1/2 oz. and has been named Michael Boyd.

Mrs. Phillips Elected Head Of Debarry Club

Mrs. Everett Phillips was elected president of the Debarry Vintner Auxiliary Thursday afternoon when the state of officers presented by the nominating committee was unanimously accepted.

Other officers who will serve during the next year are Mrs. William Cole vice-pres., Mrs. William Gray, rec. sec., Mrs. Carl Gallis, cor. sec., Mrs. Jules Vuigt, treas., Mrs. Ben Gilbert was elected a director to serve for three years.

The members donate many hours preparing articles and working on the Winter Festival which is held on the Club grounds each year. This year Mrs. E. Witte collected stamps and coupons and was able to secure several lovely gifts to be used at the Festival.

Several social get-togethers are held during the year. An annual card party is sponsored which is open to the public.

The Club is directed by the Pastor, Rev. Richard J. Lyons and all Catholic Women of the Parish are invited to join and help in the worthwhile projects. The meetings are held on the first Monday of the month at the Yacht Club.

CLYDE LINDSEY HAYES, son of Mr. and Mrs. Charles D. Hayes, 320 Pine St., poses wearing his Sunday school pin. Clyde has not missed a Sunday since he was three weeks old. He will be four on July 6. Clyde attends the Central Baptist Church.

The Sanford Herald SPORTS

Today's Sports Parade

By Oscar Fraley
United Press Sports Writer
NEW YORK — The admiral, complete with the usual quota of gold braid, was talking defensively about football at the U. S. Merchant Marine Academy. The academy, at Kings Point N. Y., has not been anything faintly resembling a juggernaut since instituting the sport with great expectations in 1945. In 13 seasons it has won only 37 of 109 games, hasn't scored a win since the second game of 1956 and that means 22 games in a row minus triumph.

SHS Team Wins Track Meet With Eustis

The Seminole High School track squad took advantage of the weather conditions last week and won away with a meet with Eustis. The meet was run in a driving rain but Seminole High track men topped the Eustis High School by 48-54.

Johnny Alfred took the 120 yard high hurdles in 19.9 seconds with Harper of Eustis in second place and Dan McCoy taking third. Seminole High won the 800 yard relay in 8:47 minutes. The team included Collins, Stanley, Walker and Rountree. The mile run was won by Gilmore of Eustis in 5 minutes 26 seconds. Chester Fawley broke the 660 Seminole High record held by Dickie Rountree (5:58) Fawley ran it in 5 minutes 23 seconds.

Bobbie Barber of Seminole High finished third. In the 440 yard race, Rich of Eustis came in first in 27.3 seconds, with Ray Lundquist taking second, and third place was taken by John Mann of Sanford. Merry of Eustis topped his opponents in the 800 yard dash with a 3 minute 30 second run with Don McCoy and Truman Troutner of Seminole second and third. Dickie Rountree took the 220 yard dash in 28.8 seconds followed by Green of Eustis and Collins of Seminole High in third place.

The one mile relay was won by the Eustis team of Gilmore, Merry, Smith and Rich in 4 minutes 28 seconds. Green of Eustis ran away with the Shot Put contest with a toss of 440 feet 8 inches. Second place was taken by Claude Hittell of Seminole High with Freshman Charles Fox in third place. Seminole High School made a clean sweep of the day by taking the Pole Vault event in one, two, three order. Richard Fowell took the event with an 8 foot 3 inch jump with Richard Phagan second and Cliff McKibbin third. Several events were not staged because of wet weather and track. Those were the 150 yard low hurdles, the sprint medley relay, the discus throw, the broad and high jump. Dickie Rountree was the high point man of the event with 11 points. The Seminole High School track team is trained by Coach Jim Pigott.

Southeastern Girls Champion To Wrestle Here

Jeanette Collins, the new South eastern girls champion, will wrestle here at the National Guard Armory, Thursday night, it was announced today. Miss Collins will take part in a five girl battle royal. The two finalists in the battle royal will select their partners for the other girl bout on the card — a four girl tag team match.

The National Guard, which sponsors and promotes the wrestling shows here, also announced that the Great Bolo, a masked man, will meet Doran O'Hara in the male bout on the card. As an added attraction the National Guard is bringing Little Moss, the "human lodestone" here. Little Moss is only 4 feet, 11 inches tall and weighs about 100 pounds. Yet he defies any man — or even as many as four men — to pick him up.

Tex Winter Is College Basketball Coach Of Year

NEW YORK — Tex Winter of Kansas State, "boy wonder" of the Big Eight Conference has been voted the 1957-58 college basketball coach of the year in the annual United Press Poll. Winter, 36, who earned his coaching spurs under Sam Berry and Jack Gardner and has won two conference championships in his five seasons at Kansas State, was the choice of 74 of the 236 sports writers and broadcasters who voted for the United Press All-America team.

Fred Schaus of West Virginia received 42 votes for second place, while Phil Woolpert of San Francisco, was third with 19 votes. Rounding out the top five were Harry Litwack of Temple and George Smith of Cincinnati. At Lawrence, Kan., where his Wildcats were preparing for their meeting tonight with Cincinnati in the NCAA Midwest regional play-offs, Winter said he was surprised at being named coach of the year. "It's quite a thrill and an honor," he said. "I'm flattered and surprised because I didn't even think I was being considered." This year's squad was the best of five winning teams at Kansas State for Winter, who credits "balance" for the Wildcats' success. "By that," he explained, "I mean an equal emphasis on scoring, rebounding, shooting percentages and all the other phases of the game."

Masters Golf Tourney To Be Held April 3-6

AUGUSTA, Ga. (UP) — Clifford Roberts, chairman of the Masters golf tournament, has announced that Mike Souchak, Gene Littler and Don Cherry have won invitations to the April 3-6 event. Roberts also announced that two United States players, George Hayer and Nick Weslock, have been invited to play in this year's masters because they won Canadian tournaments last season. Hayer won the 1957 Canadian Open and Weslock won the 1957 Canadian Amateur championship.

Preisser To Seek Trampoline Title

TALLAHASSEE (Special) — Florida State gymnast, Don Preisser seeks to follow in the footsteps of two successful predecessors when he goes after the national trampoline title in the NCAA and NAU meets this spring. Preisser will attempt to equal the records established by Dick Gutting, who won the NCAA in 1952 and the NAU in 1953, and Bob Elliot, a two-time NAU champion. Undeclared in his specialty this year, he recently won the Southern Intercollegiate trampoline crown for the second time in three years, as the Seminole gymnast won their eighth straight team crown in that feat.

Last year, he was fourth in trampoline competition at the National AAU meet, probably his greatest single achievement to date. Preisser won letters in football, wrestling, swimming, and gymnastics in high school at Denver, Colo., and was named to all-state teams in gymnastics his junior and senior years. As a senior he placed third in the Colorado state diving finals. He originally planned to go to Denver on a four-year diving scholarship, but a combination of an ear infection and watching Florida State win the 1953 NCAA title in Boulder, Colo., turned his attention here.

As a sophomore, he was number two trampolinist behind Elliot, but last year took over the number one spot and has been winning consistently ever since. Preisser praises State coach Hartley Price for having "given me my chance to compete in the NCAA and National AAUs," and says that Gutting "taught me most of the tricks I use." "Don has matured to the point where he realizes that he has to stick with a set routine which he has done this year," says Price. "The results are evident. He hasn't lost this year."

A physical education major, Preisser carries an exceptional 3.4 average in the classroom, and has also participated in several other campus activities. He is a member of Sigma Alpha Epsilon fraternity, Gymnastics, Arnold Air Society (military honorary), and secretary of Phi Epsilon Kappa, physical education honorary.

KERR NAMED TO CONY
NEW YORK — William Kerr, former varsity baseball and freshman basketball coach at Furman, has been named freshman baseball coach at the City College of New York.

TROJANS, PANTHERS MEET
LOS ANGELES — The University of Southern California and the University of Pittsburgh will meet in football Nov. 18, 1961 in Pittsburgh.

Each year the players who have won the Masters nominate a professional or amateur not otherwise eligible to compete in the event. This year Souchak was named. Littler, Cherry, Paul Harney, Bo Winger, Don Fairfield, E. J. (Dutch) Harrison and Bill Goodhue Jr. also received votes. Players who have won the U. S. Open have the right to nominate a professional each year for the Masters and they named Littler this time. Little edged Harrison, Harney, Winger, Pete Cooper, Ed Oliver and Bob Toski in a close contest.

Men who have won the U. S. Amateur nominate an amateur not eligible for the Masters and this year they chose Cherry. The Professional Golfers Assn. will nominate two players for the Masters March 30 a few hours after the end of the Azalea Open at Wilmington, N. C. Showings on the winter tour will determine these berths.

'Small America' Basketball Team Picked By U. P.

NEW YORK — The United Press has picked Don Hennon of Pittsburgh, Gen. Duffy of Notre Dame, Gerald Myers of Texas Tech, Gary Hale of Utah and Al Dunbar of San Francisco for its annual "Small America" basketball team. The team is limited to players no taller than five feet, 10 inches. Myers and Dunbar are the "big men" at 5-10. Hennon and Hale stand 5-9 and Duffy is the little fellow of this 10th annual team at 5-7.

Hennon also made the annual United Press All-America team along with such skyscrapers as seven-foot Wilt Chamberlain of Kansas. The "Small America" second team included Pepper Dooley 5-0 of St. Peter's, Don Andersen 5-8 of Wheaton, Gary Reimers 5-9 1/2 of Nebraska, Jimmy French 5-7 of Vanderbilt and John Lee Butcher 5-10 of Pikeville Ky. College. Honorable mention went to Monte Gonzalez 5-10 of Southern California, Danny Balko 5-10 of Montana and Jerry Barnett 5-6 of Arkansas State.

MATCHES SET IN DETROIT
DETROIT — Heavyweights Johnny Summerlin of Detroit and Artie Miller of New York will meet in a 10-round bout at the Motor City Arena March 22. Middleweights Henry Hank of Detroit and Willie Russell of Toledo, Ohio, will meet in an eight-round semifinal on the same card.

Even the admiral chuckled. But the situation is no joke to Harry Wright, the man who made the laugh-provoking rejoinder. Because Wright, quarterback of Notre Dame's unbeaten 1941 team and more recently an assistant to Wally Butts at Georgia, I Kings Point's new gridiron tutor. Wright isn't accustomed to losing and the handsome man who was headed for Texas A&M as Frank Leahy's assistant before his former coach had to withdraw from the job is determined to field a winning team.

"I don't have a direct line to our Lord and only He knows the future," Wright says. "But I'll promise you one thing. Our boys will be in shape and they'll know how to block and tackle." Training, after seven years at a co-ed school, doesn't present any training problems at all-male Kings Point. "It's nice to know a guard stands at the gate all night," Harry grins. "I've been at co-ed schools where even if you nailed the windows shut at night in the athletic dormitory the boys would still manage to get out."

Hegan Ambitiously Kings Point began its gridiron career ambitiously, booking such titans as Maryland, Harvard, Boston College, William and Mary, Villanova, Yale and Colgate. But the Mariners had to spend their sophomore years at sea and the roof fell in. As of now the academy can boast of an unbeaten wrestling team and a sailing team which "is often undefeated." Wright knows it is a grim challenge. But the Mariners now take sea duty in the summer and he has hopes of attracting better players by selling the idea that graduates can step into \$10,000-a-year jobs as third mates or third engineers. It's an attractive pitch.

"I don't figure I'm on a large white horse leading a charge which isn't to be stopped," Wright explains. "But we want to play better football and bigger teams. I think we can do it." He just might, too. Harry is a determined sort. He proved that when he hitch-hiked to Notre Dame, starred as the freshman beat the varsity and won a varsity scholarship. One thing seems certain, Kings Point can't go any farther backwards after 13 aching seasons in which it has been outscored by 692 points.

RAMS SIGN TWO
LOS ANGELES — Halfbacks Tony Kolodziej of Michigan State and Bobby Marks of Texas A&M have been signed by the Los Angeles Rams of the National Football League. Poison Ivy's clusters of waxy white fruit, resembling bayberry, provide food for more than 50 species of birds.

Governor Honorary Starter For Race

SEBRING, Fla.—Gov. LeRoy Collins has accepted appointment as honorary starter for the Florida International grand prix of endurance, the 12-hour sports car race Saturday, March 22. The Governor received a certificate commemorating the appointment and a set of racing flags from Alec Uimann, director of the Sebring race and President of the Automobile Racing Club of Florida, accompanied by R. H. Burritt, district manager of the American Oil Co.

Inter-City Match Race Scheduled At SOKC Tuesday

Go Suzie, the Sanford-Orlando Kennel Club's leading winner, is heavily favored to notch her 13th win of the campaign in the featured ninth race tonight. Despite the fast 10-event card tonight, however, Central Florida racing fans are looking forward to action tomorrow night when the first Inter-City Match Race in two years is scheduled. Pat's Shadow, Ed's Deacon Jones and Run Happy — three brilliant Sanford-Orlando stars — will take on a trio of champions from Sarasota in a special three-eighths mile test. The surprise affair, arranged Saturday afternoon, is slated as the 10th race Tuesday night. In tomorrow's main event, Go Suzie will break from the eighth box which should be to her liking. Bob Bennett's star was virtually unbeatable during the middle of the season, but she has been in a slight slump recently. Her record of 11 wins, two seconds and four thirds in 22 starts indicates her ability and Go Suzie is almost certain to be an odds-on choice at post time.

The winner of the big International classic receives the Amoco trophy, plus a major share of the \$19,000 in cash prizes. Governor Collins has proclaimed the Sebring race and 22 as International Sports Car Race Week in Florida, in recognition of the "great sportsmanship... fostering of good relations among the countries of the world... (and) the worldwide recognition because" the Sebring race is the only one of its kind on the North American continent, counting toward the world sports car championship.

WHEREAS, great sportsmanship is demonstrated among the various drivers participating in competition, thereby fostering good relations among the countries of the world, and WHEREAS, the great State of Florida enjoys worldwide recognition because of the only sports car race of its kind in the North American Continent being held at Sebring each year as the Florida International 12-hour Grand Prix of Endurance;

NOW, THEREFORE, I, LeRoy Collins, by virtue of the authority vested in me as Governor of the State of Florida, do hereby proclaim March 17-22, 1958 as INTERNATIONAL SPORTS CAR RACE WEEK in Florida.

In the Court of the County Judge, SEMINOLE County, Florida, In Probate.
Re the Estate of ALFRED D. BOWEN, SR., Deceased.
Notice is hereby given that the undersigned will, on the 3rd day of April, A. D. 1958, present to the Honorable County Judge of Seminole County, Florida, my final report, account and vouchers, as Executor of the Estate of Alfred D. Bowen, Sr., deceased, and at said time, then and there, make application to the said Judge for a final settlement of my administration of said estate, and for an order charging me as such Executor.
Dated this 10th day of Feb., 1958.
Alfred D. Bowen, Jr.,
John E. Estorino, P. O. Box 1179, Sanford, Florida, Attorneys for Estate of Alfred D. Bowen, Sr.

R. W. Ware, Attorney, Deceased.
Woodruff-Parkins Bldg., Sanford, Florida.

IN THE CIRCUIT COURT, NINTH JUDICIAL CIRCUIT, AND FOR SEMINOLE COUNTY, FLORIDA.
In Chancery No. 312.
PAUL W. FRENCH and HETTY M. FRENCH, his wife, Plaintiffs,
vs.
STANTLEY P. LOVELL and L. LOVELL, his wife, Defendants.

NOTICE TO DEFEND
TO: STANTLEY P. LOVELL, and L. LOVELL, his wife, Defendants.
If they are living, and if they are dead, their unknown heirs, devisees, legatees, grantees, successors, creditors, agents, and assigns, and all persons having, or claiming, or interested in and to the property hereinafter described, and said heirs, devisees, legatees, grantees, successors, creditors, agents, and assigns, being in Seminole County, Florida, to-wit:
Let it be known that the undersigned, Clerk of the Circuit Court of Seminole County, Florida, according to the Plat thereof, as recorded in Plat Book 2, page 47, of the Public Records of Seminole County, Florida, has caused a suit against you in the Circuit Court of the Ninth Judicial Circuit in and for Seminole County, Florida, to quiet their title to the above described property, situated, lying and being in Seminole County, Florida, as hereinafter more particularly set out. You are hereby notified to appear in your Answer with the Clerk of the Circuit Court of Seminole County, Florida, at Winter Park, Florida, Attorney for the Plaintiff in the above described suit, before the 14th day of April, A. D. 1958, else a Decree Pro Confesso will be entered against you.
IT IS ORDERED that this be published in the SANFORD HERALD, a newspaper published in Seminole County, Florida, once each week for four consecutive weeks.
WITNESS the hand of the Clerk of the Circuit Court of Seminole County, Florida, this 5th day of March, A. D. 1958.
O. P. Herndon
Clerk of the Circuit Court Seminole County, Florida.

W. E. Winderwald, Attorney at Law, 211 Park Avenue, South, Winter Park, Florida.

Science Today

Science 30-2 bold INS Mary
By DELOS SMITH
United Press Service Editor
NEW YORK — A veteran nasal scientist has downgraded the virus and up-graded the nose in answering the question of what causes the common cold. As for what to do about a cold, he recommends deep-breathing.

The way Dr. Emanuel M. Josephson now views the nose, after decades of study and thought, is that it's an air conditioner of tremendous efficiency. But people breathe in shallow fashion habitually and constantly. The result is they clog up and have colds.

In his view, a virus or viruses had nothing to do with "the great majority" of colds. When the so-called "common cold virus" which has never been identified is involved, the viral-infection is secondary to a break-down in the air-conditioner.

Made Year's Study
As an air conditioner, the nose warms and moistens the incoming air if the air is too cold and dry, or cools and dries it if it's too hot and moist. This, Dr. Josephson said, is his conclusion after a year's study of the relation of the nose to the whole physiology of breathing.

It is all done by the mucous membrane of the nose and sinuses which is richly supplied with blood vessels. Incoming air passes over the network of blood vessels which either cool or heat the air to their own temperature, and, by processes involving evaporation, humidify it or dehumidify it.

The chest working as a bellows, as it does in breathing, provides the fan action which most air conditioners have. When we breathe in the chest expands. This creates "negative pressure" which sucks the passage of blood through the "vas crenata" in the nose. When we breathe shallow the negative pressure is small and congestion follows.

Gives Conclusions
This causes a breakdown in nasal thermostat control of temperature, and according to Dr. Josephson, this is the cause of the majority of colds. He thought it: chilling or becoming overheated could trigger it.

His cure for the common cold is deep-breathing exercises which, he said, could be effective in a matter of "minutes to hours." These exercises should be slow, with "pauses at the end of inhaled and exhaled." Nostrils closed by congestion can be opened this way, although it takes time and persistence. He recommended that the exerciser lie on his side so gravity would help clogged sinuses to drain.

And the way to keep from having colds is to breathe deeply all the time, as a matter of habit.

THE BOARD OF COUNTY COMMISSIONERS OF SEMINOLE COUNTY, FLORIDA, will receive sealed proposals at the Clerk's Office in the Court House, at Sanford, up to 10:00 o'clock, April 7, 1958, for the following equipment:
Two Motor trailers with closed ends.
Minimum weight 21,000 lbs. 12 foot moldboard. (Specify Extension).
Blade shift type manual or automatic operation.
Transmission with 4 or more forward speeds and 2 or more reverse speeds.
If both V-type scarifier, Leaning front wheels.
4 or 6 cylinder diesel engine with electric starter. 115 horsepower.
Tires 180 x 24 front and 8 ply rating or more rear.
Alternator.
Torque Converter and Automatic Transmission.
Proposals to be opened at 10:00 o'clock, April 7, 1958, at the County Clerk's Office, Court House, Sanford, Florida.

PUBLIC NOTICE:
To Whom It May Concern:
The undersigned is no longer a partner in the business operated under the name of "The Trivet Antique Shop" as of March 1, 1958. He is no longer concerned with any and all debts of that company.

Something In Your Eye?

Here's First-Aid Plan
By NERMAN M. MANNING, M.D.
WHENEVER you are injured, or become ill, nature automatically looks after you. Your body at once launches a defense against the invader, which threatens your welfare. A timely example of this defense mechanism, during this windy month of March, is the manner in which your eyes react when a bit of dust or some other foreign matter is blown into them. Immediately, your body tries to wash out the disturbing element with a flood of tears.

Not Enough
Often, however, your body alone just is not up to the job, and the natural stream of tears may not be enough to dislodge the piece of dirt. So you have to take some defensive measures yourself.

First thing to do in such a case is to keep your eye closed tightly for a few moments. This helps the tears accumulate and gives them a better chance to wash out the foreign body when you open your eye.

If this does not clear your eye, try pulling the upper lid over the lower lid a couple of times to brush out the dirt.

Get Help
That's about all you can and should do by yourself. If the dirt remains in your eye after you've tried the above measures, then get someone to help you.

If your spouse or a friend feels up to the job, have him stand directly behind you while you sit on a chair in a good light. He should then draw the upper eyelid of your eye down and out while you look down.

The lid must then be rolled gently back over a wooden match stick placed on the middle line of the lid.

This should expose the dirt so it can gently be wiped away with the corner of a handkerchief. The lid is returned to its normal position by pulling the lashes forward gently.

Anyone Can Help
Of course, it is best to have such first-aid measures performed by a physician whenever possible. But anyone with a steady hand should be able to do the job in an emergency.

See Your Doctor
However, if these measures fail to dislodge the annoying particle, get to your doctor as soon as you can. Even a tiny speck of dirt in your eye can be very troublesome, and at times even dangerous, so much so, in fact, that it could mean the loss of the eye.

Your doctor can anesthetize the eye and then remove the foreign body with a boric acid solution or an anesthetic. In extremely difficult cases, he might have to resort to instruments or even an electro magnet.

QUESTION AND ANSWER
H. M.: What causes fever blisters?
Answer: Fever blisters are caused by a germ too small to be seen with the ordinary microscope. They often occur following infection or injury.

Lake Mary

BY ETTIE JANE KEUGH
Lake Mary—A Red Cross First Aid Class under the direction of Mr. DeFalco will be held at the Lake Mary School on the following dates from 7:30-9:30 April 2, 9, 16, 23, and 30.

If you find it impossible to attend all the classes you are welcome to attend as many or as few as you desire. The course has been condensed and each session is packed with informative and useful items.

For further information contact Mrs. Leon (Mildred) Taylor. We extend our well wishes to Mrs. C. C. Holly who has been confined to the Seminole Memorial Hospital since Friday.

The Rev. and Mrs. L. W. Scott former Lake Mary residents were calling on friends Friday enroute to their home in Winter Park from a business trip to Crescent City.

The Florida State Bank of Sanford presented the school children of the Lake Mary school with savings banks last week. Each child was so pleased with the gift and much talk about savings was heard for a few minutes.

Mrs. Georgia Lamb of New York City spent Friday with Mr. and Mrs. H. M. Thompson.

I hear some glowing reports on the newly formed Girl Scout troop but so far I haven't received any direct information.

Circle No. 1 of the PWO met Tuesday at the home of Mrs. Ed Zimmerman. The group continued the study of the study book "Mead Dr. Luke."

Mrs. Zimmerman served coffee and cake to Mrs. J. M. Thompson, Mrs. Donald Kirkner, Mrs. Thelma Emerson, Mrs. Frank Lee, Mrs. Ethel Ayers, Mrs. Carol Lewis, Mrs. William Laffler, Dale Alexander, Mrs. Alexander Linn, Mrs. Benner, and Mrs. Bill Cook.

Thursday evening Mrs. Bob Rougenstein was hostess at a plastic ware party at her home on Crystal Lake. Mrs. Jane Mason from Oviedo, former Lake Mary resident, was the demonstrator.

Following the demonstration the business served refreshments with a St. Patrick Day theme to the eighteen guests present.

Mr. and Mrs. Freeman have purchased a new home on Lake Mary Ave. We welcome them and their children to Lake Mary.

Circle No. 2 of the PWO will meet Tuesday at the home of Mrs. Richard Keogh at 8 p. m. Mrs. P. D. Anderson, program chairman will review two chapters in the study book "Mead Dr. Luke."

The March meeting of the Lake Mary School P-TA will be held Thursday at 8 p. m. at the school. There was no local meeting in Feb. so this one is important.

Fireline Plowing Helps To Prevent Many Forest Fires

The plowing of "firelines" around timbered property is one good way to protect it from forest fires, the Florida Forest Service says. The Service admits that lines aren't foolproof and that a fire burning in heavy fuel on a windy day can go just about where it takes a notion, firelines or not. But the lines will keep most fires out.

Firelines are usually constructed with equipment found right on the farm, like tractors and disc harrows or cultivators. But the Forest Service will do the job for the landowners in counties which have forest protection units. They charge only what it costs to do the job.

Landowners wanting fire lines sometimes have to be a little patient especially this time of year, because this is not only the time when most people want lines plowed, but also the time when the crews are busiest fighting fires.

News Of Men In Service

PUERTO RICO (PHOTO)—Marines M. Sgt. Joseph A. Rike, son of Mr. and Mrs. C. H. Rike of 309 Orange Ave., Sanford, and husband of the former Miss Martha J. White of Washington, D. C., and Pfc. John E. Smith, son of Mr. and Mrs. S. H. Norris of 214 Summerlin Ave., Sanford, are taking part in a six-week amphibious operation with an Atlantic Fleet Marine Force Training Group in Puerto Rico.

The training forces, made up of ground, aviation and support units, opened the exercise with an assault on the beach at Vieques, P. R.

The operation will end in mid-March when the Marines will re-embark aboard ships and return to their East Coast bases.

Arkansas ranked second in the nation in the production of rice in 1952—11,019,000 hundred pound bags.

STUDENTS PLAN MODEL CITY—Students at the Cornell College of Architecture, Ithaca, N. Y., have designed a complete, modern city as a model of what they think the new capital that Brazil is constructing in its hinterlands should look like. Top, left, capsules serve as storage tanks, while wire staples represent warehouses. Top, right, Government Ministries of Defense, Public Works and Treasury would be housed in these three structures being checked by Richard A. Grylls. Bottom, left, students who helped conceive the city go over the model. Reading clockwise from top to bottom are: Olga Duntuch, Sao Paulo, Brazil; Michael A. Bubenstein, New York City; Walter R. Almond, Batavia, N. Y.; Kevin Cross, graduate assistant, Ottawa, Canada; Stephanie Gail Woods, Grand Island, N. Y.; and Clifford E. Brew Jr., Ithaca, N. Y. Bottom, right, Stephens and Olga were on details of a lagoon fronting on a modern building. (Central Press)

Trek To Washington

To halt the annual "trek to Washington" on the part of city and state officials seeking federal funds for local projects, the Realtors of the nation are being urged by Eugene P. Conser, executive vice-president of the National Association of Real Estate Boards, to confer with these officials and develop local means for meeting the real needs of communities.

"This is the time of year when mayors and governors start their periodic trips to Washington, D. C., to see to it that the federal budget is not cut insofar as funds for numerous state and local projects are concerned," Mr. Conser writes in an editorial in the current Feb. 17 issue of NAREB's weekly news letter, REALTOR'S HEADLINES, that goes to the 62,000 members of the Association.

"With these treks to Washington the mayors and governors lose much of their independence of action as elected chief executives and become supplicants at the table of centralized government. They weaken the principle of states' rights. They undermine the independence of local government. They use their influence to press for centralization of authority and the totalitarian state. These are not their intentions. But they are the results."

Maintaining that the opposition to the realization of local improvements financed by local resources "only too frequently" stems from inequitable property assessments, tax tax collections, and poor appraisal methods with the result that the community turns to the federal treasury, Mr. Conser asks Realtors to work with local officials on remedial steps which would forestall appeals for federal financing.

The full text of Mr. Conser's editorial is as follows:
THE TREK TO WASHINGTON
This is the time of the year when mayors and governors start their periodic trips to Washington, D. C., to see to it that the federal budget is not cut insofar as funds for numerous state and local projects are concerned.

With these treks to Washington the mayors and governors lose much of their independence of action as elected chief executives and become supplicants at the table of centralized government. They weaken the principles of

methods. The politician takes advantage of local inequities he has created to lead us into finding solutions elsewhere.
Let us as Realtors sit down with our officials at home, develop with them the real needs of the community and the probable costs. Then let us determine upon a means of financing from local sources. It will be a service to our country if we can dissuade these local officials from continuing to be unwitting accessories to attempts to change our basic form of government.

FASHION: U.S.A.

MORE TIME TO PLAY, more time to be with the children when Dacron-Cotton clothes dominate the family wardrobe. Truly a miracle blend when the Dacron content is 65% or more, you can snuggle in, romp, drape, and wear, with little or no ironing. It is available in everything that you and your family wear this season, but its one true charm is perhaps most appreciated in such constant visitors to the tub as men's and boys' shirts, family night-wear, leisure blouse, children's dresses. And because the burgeoning months of spring are the time for a wardrobe to bloom, too, it's time to know that a dress in a pretty color will be just as practical as a dark one when you choose Dacron-Cotton. Select a dress in two parts, like the one shown in our picture. It has the unmistakable 1953 hallmark in standaway collar and rumpled hand with a splash of color against the pretty pastel of blouse and skirt. Dacron-Cotton too, and is perfectly willing to play for her picture when she looks so pretty!

Your Faith HAS MADE US GROW

Soon it will be four years since we opened Oaklawn Memorial Park to the public. On that occasion, January 1, 1949, we expressed our faith in you. We showed our confidence in the people's desire for a cemetery as beautiful as to seem a bit above this world... a lovely memorial park to hint a little of the peace and tranquility that awaits us in the world beyond.

OUR FAITH IN YOU HAS ENGENDERED EVEN GREATER FAITH IN US. Oaklawn Memorial Park has grown both in size and beauty in the past four years. Approximately 50 percent of the lots in the original two gardens, the Garden of the Cross and the Garden of Devotion are already sold. Soon we plan to open two more—the Garden of Faith and the Masonic Garden.

Florida Achieves Best Forest Fire Record Last Year

Florida achieved its best forest fire record ever last year. Obviously, the weather had a lot to do with that record, and one might be led to believe that weather calls for sinking of forest fire prevention work.

When it's real dry, as in 1955 and 1956, we have lots of fires and plenty of big ones. Our fire prevention problems are of a special emergency nature and they demand emergency action. But when it's wet, like now, we don't have any such thing. The weather itself helps control the fire problem.

Trouble is, the weather is a fickle fire fighter. It always dries up again. When it does, the weather-dampened fire problem springs to life all over again. We weather, then, is completely useless in our drive to our long range goal—permanent reduction of forest fire occurrence far below what it is now. That goal calls for fire prevention work that goes on all the time—progressive work that looks neither at the calendar nor the rainfall charts.

HESSIAN FLY CONTROL

DES MOINES, IOWA—Successful Farming magazine reports that effective control of the Hessian fly in wheat by a single application of chemical insecticide mixed with the fertilizer at seeding time may soon replace the current practice of delayed seeding. For this type of control, a systematic insecticide is applied to the seed-bed so that its toxicity of killing effect on the fly may be grown into the plant tissue of the sprouting wheat.

400,000 Cars Expected To Be Sold

By ROBERT SHORTAL
United Press Staff Correspondent
NEW YORK—The current business recession is hurting sales of domestic automobiles but it hasn't dampened the optimism of foreign car importers.

They sold a record 200,000 cars in the United States last year and expect to sell "at least" 400,000 in 1953.

A spot check with foreign car importers evoked comments such as "We're meeting our sales goals" to "We can't keep up with the demand."

One importer told United Press that "It appears now we will not do as well as we expected late last year."

Unique Claim
However, he emphasized, "We still are selling more cars than last year. There's only one American car maker that can make that statement American Motors and it is selling a small car, the Rambler."

Economy is the big factor behind the foreign car boom. Importers say foreign cars are cheaper to buy, drive and maintain than their bigger American counterparts.

American Motors also is riding the crest of the small car popularity. It sold some 103,000 Ramblers last year and volume so far

in the 1953 model year is running 66 per cent ahead of 1952.

Lumping sales of foreign cars and Ramblers together, the small car will account for about 10 per cent of the auto market in 1953—a record high.

The lowest-priced cars put out by the major auto firms in this country range in price from approximately \$2,000 to \$3,000, depending on chrome and accessories. A Volkswagen, the biggest-selling foreign car, retails for around \$1,600 here.

American Legion Against Proposed Cut In Strength

WASHINGTON—The American Legion says it is "unalterably opposed" to a proposed cut of 10 per cent in the strength of the National Guard and reserves.

William Doyle, chairman of the Legion's military affairs committee, told a House Armed Services Subcommittee the plan is "most unwise."

The Army plans to cut the guard to 360,000 men and the reserves 270,000 by July 1, 1953. Their authorized strength now are 440,000 and 300,000 respectively.

"After spending millions in training, what kind of economy is it that allows this trained potential to be dissipated?" Doyle asked. "This is not economy, it is waste."

Doyle said that it has been estimated that the cuts would seriously weaken at least 1,100 companies, batteries and detachments.

The courthouse at Eastville, on Virginia's Eastern Shore, contains some of the oldest continuous county court records in the United States. The documents date from 1632.

95-FOOT GLOBE FOR BRUSSELS FAIR—The world's largest map is exhibited at Midway International Airport, New York, before being shipped to the World's Fair in Brussels, Belgium. It is 95 feet in diameter, holds 180,000 cubic feet of air when inflated, and is designed to seat 160 people inside. Painted on the surface of the Fair American World Airways' globe ("the greatest earth on earth") are cities served by the airline.

IN CAMERA DORIS—Movie actress Ann Blyth introduces her third child to the camera in Hollywood, Calif. The infant, Kathleen Mary, was born last December 2. She has an older brother and sister. The actress is wife of Dr. James McNulty.

Young Couples Now Sure Of Long Life Together

By HERMAN H. DUBOIS, M.D.

HERE'S a tip for young bridegrooms: better start looking for that present you're going to give your wife on your golden wedding anniversary.

You know how long it takes to buy a gift like that, and statistics say both of you probably will be around to enjoy your 50th anniversary together.

In fact, the likelihood that a typical young couple getting married now will celebrate their golden anniversary is more than twice what it was half a century ago.

Chances Are Better

For a 31-year-old man who marries a girl four years younger, the chances are 419 in 1,000—better than two out of five—that both will survive through the next 30 years.

Back in 1900, the chances were only 102 in 1,000.

The older the couple at marriage, the less chance both have of celebrating their 50th anniversary. But the odds still are much better all down the line than they used to be.

Turn of the Century

For the groom of 25 with a bride of 21, the chances of reaching the golden anniversary together are 396 per 1,000. A. A. I have had a constant compared with 123 at the turn of the century.

If the bride and groom are both 17 when they marry, the chances are one in two that the bladder be removed?

Answer: It would be advisable to remove your gallbladder. are 25 at marriage, the odds drop to one in four. At the age 75 is the only cure for them.

New York Flower Show Features "Garden On Mars"

By DON QUINN
United Press Staff Correspondent

NEW YORK—The "Garden On Mars" exhibit, which is just fine and all that, but aren't we moving the cart ahead of the horse—or, if you like, the tail fins ahead of the nose cone—a bit too often?

One of the fine old institutions hereabouts is the annual International Flower Show. In its 41st edition this week, it covers four acres of the New York coliseum with a mad fracas of daffodils, lilacs, orchids, roses, azaleas, tulips, and other blooming delights in the thousands amid littering brooks and dogwood lanes.

And smack in the middle of the smelly extravaganza, between a display of non-lily orchid and a spread of thyme, lavender, and garden sage, is a big black panel with a big white sign: "Would you like to garden on Mars?"

Reads Sign

Another sign, lower down on the panel, says: "These are the things you should know." Between the two signs are mounted three-dimensional models of Mars and the earth.

Mars is done in a rusty red, with a green webwork of "canals," and white polar caps.

According to the information below the panel, it gets down to zero and below quite regularly on Mars. The atmosphere at ground level is about as thin as the earth's is at an altitude of 11 miles.

Visits Next Panel

A visit to the next panel brings you face-to-ungus with some of the scariest looking gardening material ever seen. Most of the stuff seems to be creeping, or maybe oozing, across rocks or dead wood.

The exhibit, arranged by the American Museum-Hayden Planetarium, a garden which had not been entered in the show in previous years, makes no claims for its hardy specimens. It merely asks, "could these earth plants grow on Mars?" Among the deathly pale brown, gray, and green plants shown are "lichen," "physcia," "mosses," "hepatites," and "degenerate cladonia."

While most Americans expect to live to nearly 70, the average American Indian dies at 39. Approximately 33 per cent of Indians die before they reach the age of five, whereas in the general population the rate is now about 3 per cent.

★ ★ FASHION: U.S.A. ★ ★

by Mary Lewis

DOTS ARE EVERYWHERE this season, adding dash to the Spring and Summer scene. The infinite ways in which the traditional dots adorn the fabric of fashion is little short of miraculous! There are Big Dots and Little Dots, and COMBINATIONS of Sizes that resemble the stars in the path of the Milky Way. There are White Dots on dark grounds, and Bright Dots on white grounds. There are dots in a charming HARMONY of COLOR. A DOTTED SHIRT, or JERSEY, or COTTON DRESS is high on the list of "musts" with Mrs. and Miss America. And this year even Mr. America is insisting on a POLKA DOT SILK NECKTIE! And dots are not limited to the major items of apparel. No indeed! It's smart to wear a POLKA DOT HAT and carry a POLKA DOT BAG with your solid color dress or coat or suit. And last year's dark dress will look like this year's if you add a LITTLE WHITE CARE-LINERY POLKA DOT and sporting a polka dot bow at the throat. Spring showers will splash their raindrops on other dots, sprinkling the NEWEST UMBRELLAS. And the hands that grasp those same umbrellas will be wearing nifty LITTLE WHITE GLOVES. DOTTING DOTS in red or navy or black! How to be well-dressed in Spring and Summer 1958—FOLLOW THE DOTTED LINE!

THINK THIS OVER
Building and labor cost are at the highest period in the history of the country. For that reason home buyers are continually finding their best values rather than new ones. When you buy an older home you receive the benefit of landscaping and so many other costly home improvements which amount to a lot of money. In most cases your interest rates on these mortgages are 4 to 4 1/2% where the rate on a new home is 5 1/2 to 6% rate, which saves you many dollars yearly and you will have no closing cost with a resale home. Be sure and see our full page ad on the back page of the home section of today's Sanford Herald Mailway.

Capt.

(Continued from Page 1)
The SMAS Commanding Officer spoke to the young officers on the "Mobile Power For Peace." He answered such frequently asked questions as "Why does the United States need a stronger Navy today than ever before?" Why is the Navy's mobility and flexibility essential to global strategy? "What steps are being taken by the Navy to maintain the peace?" and "How does the Navy exploit atomic power and ballistic missiles?" Captain Arthur emphasized the fact that "with control of the seas, we would have access to 90 percent of the surface of the earth—access to our forces and allies overseas—and to the sources of essential supplies of raw materials which we lack. Without control of the seas, our overseas investments will go down the drain—our defense will shrink to a last ditch stand behind our own lines, and if we ever lose command of the seas, we lose the war—whether that war be big or little-hot or cold."

He brought out the fact that "only the Navy can move from one area to another without asking any nation's consent without stepping on foreign soil or even invading the territorial waters of any nation. This means that the Navy has a new responsibility. That responsibility is the role as a powerful and mobile supplement to our forces based overseas."

Only with the Navy "on-the-spot" can action be taken quickly enough to prevent a crisis from developing into war—do contain hostilities once shooting starts," he added.

In closing, Captain Arthur stated that "even though I did not shake your loyalty to your present service, I hope that I have given you young men beginning your careers in the service of your choice a better understanding of the Navy."

Bob Shaffer Is Selected For Hall Of Fame At Uoff

OVIEDO—Bob Shaffer, son of Mr. and Mrs. Charles G. Shaffer, was one of 25 selected for the Seminole Hall of Fame at the University of Florida, where he is a senior.

A student chosen for this honor must be outstanding in several fields: leadership, service, variety of extracurricular activities, publications, student government or fine arts.

In addition to maintaining a high academic record, he has served as counselor in one of the freshman dormitories for three years, acted as secretary treasurer of student government and as Honor Court Justice.

Longwood Resident Succumbs Friday

Mrs. Dora Edith Cottingham, 68, wife of Mr. Jess Cottingham, of Longwood, died at the Winter Park Memorial Hospital at 4:30 p. m. Friday following a short illness.

Mrs. Cottingham was born Nov. 8, 1890 in Eaton, O. She came to Longwood with her husband 20 years ago.

Mrs. Cottingham, with her husband, had celebrated their 50th Wedding Anniversary on Dec. 8, 1937.

Survivors include: her husband, Mr. Jess Cottingham, Longwood; four daughters, Miss Margaret Cottingham, Longwood, Mrs. John McElhany, Mrs. Norman Willis, Mrs. LeRoy Uhrig, all of Miamisburg, O.; one son, Fred Cottingham, Lake Wales; two grandchildren; three great grandchildren; and one sister, Miss Clara Hoops, Eaton, O.

Funeral services were held at 2:30 Sunday afternoon at Brisson Funeral Home.

The casket will be shipped to Eaton, O. for funeral services and interment in Mount Hill Cemetery.

Ruby Carlton, 13, Spelling Champion At Junior High

Champion spellers of Sanford Junior High School were announced recently when the annual school spelling bee was completed.

Two girls and one boy make up the top spellers of the school with a 12-year-old girl taking top place in the match.

Ruby Carlton, an eighth grade student, daughter of Mr. and Mrs. Cecil Carlton, was named the champion speller.

Second place was taken by Carolyn Turner of the 7th grade, 12-year-old daughter of Mr. and Mrs. E. H. Turner.

In third place was Michael Hatch, 14-year-old son of Mr. and Mrs. George Hatch Jr.

These three students will participate in the countywide matches to be held during the first week in April.

Eleven Seminole County schools will participate in the spelling bee to determine a county champion and runner-up. The two top spellers will go to Miami, Florida to participate in the South Florida Spelling Bee where 20 counties will be represented.

The South Florida Champion Speller will go to Washington, D. C. June 9-14 to participate in the National Spelling Bee.

Winner of the countywide spelling contest will receive a trophy and \$10 in cash. The runner-up will receive a \$5 cash prize.

B. C. Steele, county chairman of the spelling bee, said that he anticipates other prizes to be awarded winners.

Schools taking part in the local county contest are: Sanford Junior High, Fincrest School, Sanford Grammar School, All Souls Catholic School, Lake Monroe, Wilson School, Lake Mary, Lyman School, Oviedo, Geneva, and St. Luke's Christian Day School of Slavia.

Catholic Woman's Club St. Patrick's Day Benefit Tonite

The Catholic Woman's Club will have a St. Patrick's Day benefit card party tonight at 8 in the Mayfair Ballroom. Awards will be given for bridge, canasta, pinballs and samba.

Entertainment will include songs by Dick Alken and Polly Shields; novelty numbers by the Populaires; and "The Countess," a high school rock and roll quartette. Refreshments will be served.

Roofing Safety Program Slated

The Florida Industrial Commission, Department of Industrial Safety, will hold a special safety program at the city hall Friday at 7:30 p. m.

This program to be held for the roofing industry, will be conducted by D. W. Collier safety representative of the commission.

The meeting will be for L. W. Steinmeyer Roofing and Sheet Metal, Evans Roofing and Sheet Metal and all others engaged in this type of work.

Retired Minister Dies Early Today

Dr. S. W. Walker, a retired Methodist Minister in St. Petersburg, died this morning in a hospital here.

He was 83 years old and a former pastor of the First Methodist Church of Sanford which he served in 1919-22.

Dr. Walker is survived by a daughter in Sanford, Mrs. Ruby Laing.

Funeral services will be held Wednesday afternoon.

The last herd of buffalo seen on the open range in Oklahoma was 1877 near Woodward.

My New York

BY MEL HENNER
NEW YORK—Offhand it is difficult to search a man with a harder nut to see than Norman Levine, a local taxi driver who recently launched a campaign to be allowed to keep a \$100 bill given to him in error by a fare a year ago.

Levine turned the C-note over to the Police Department property clerk, as he is compelled by law. He'd have been an ace not to occasionally back inspectors make such "errors" to test a cabbie's honesty—but after brooding awhile, he decided the dough was rightfully his and he went after it.

Lake Mary Scout Troop Sets Camping Trip March 28

LAKE MARY—Each Monday evening at 7 o'clock, the newly formed Boy Scout Troop 244, sponsored by the Lake Mary Chamber of Commerce, meets in the educational building of the Community Presbyterian Church. Scoutmaster Donald Coleman is assisted by S. Spidell, L. E. Fay and R. C. Martin.

The five boys, all Lake Mary residents, who transferred from Troop 244 are: Don Coleman, Eagle Scout; Tommy Fay, Life Scout; Jimmy Fay, Second Class; Richard Starr and Richard Scott, Second Class.

The following members of the troop passed the Tenderfoot requirements: Ronnie Vineyard, Robert Norwood, Earl Roberts, Robert Martin, Raymond Norwood, Robert Lankford, Ronnie Lankford, Bobby Osburn, Joey Muse, David Willis, Steve Willis, Dale Alexander, Ricky South, Bill Shook and Gary Chester.

Troop leaders are: Don Coleman, Senior Patrol Leader; Tommy Fay, Wolf Patrol Leader; Bobby Lankford, Flaming Arrow Patrol Leader; Richard Scott, Hound Dog Patrol Leader; Richard Keifer, Bat Patrol Leader; and Jimmy Fay Troop Scribe.

Plans are being made for an overnight camping trip March 28. Big plans are also in the making for the Kickapoo to be held March 18 from 7-9 p. m. at the Lake Monroe Ball Field. This event is the annual competitive affair in which all troops of the St. Johns District take part. Making plans to attend summer camp are 13 Lake Mary Scouts with one going to Philmont in New Mexico.

For several years Lake Mary has been without an active Boy Scout troop and the Lake Mary Chamber of Commerce along with interested citizens are receiving the congratulations of the community for the step forward they have taken.

Last week a candlelight investiture service was held with parents and friends of the boys attending the impressive event.

I would say Levine's back problem is this: he is a New York taxi driver . . . and then, he has no one on his side. No one. Someone in this concrete wilderness there may be a man or woman who likes cabbies but I have yet to meet him or her.

For instance—like many short-minded souls here, I have in the past given, say, a \$5 dollar bill to a hokie instead of a one . . . and, five blocks away, have realized I never got my change. He took ahead me for five blocks, with his driver holding out the missing four cents.

The worst part about it was that, in the time-honored fashion of New York cabbies, the hokie never even said thanks for the tip.

IF SEEMS TRUE that they are pariahs in the community. Only, of course, because of the sine which they have brought down upon their own head. The New York taxi driver is generally, but not afraid to do so—surely, selfish, completely without charm and contemptuous of his passengers. When it rains, he sits in a one-armed diner and swills coffee. When it snows, he stays home and reports sick.

There is a theoretical rule in this town that a 10 per cent tip is adequate for services rendered (don't get me started on why should people have to tip, anyway), and I even have gotten away with it with waiters occasionally. However, I tried it once with a cabbie and he almost reported me to the police.

Seldom have I seen a man so apologetic. And without shame. I've always felt that a man who has to depend on the largesse of customers for his pay must be a man a little ashamed of his way of life. Not Manhattan cabbies. They regard tips as their just dues.

Levine's crusade to get his \$100 brought out the fact that many other cabbies here seem to be mad at the fact that unclaimed money which they turn in goes to the police welfare and pension funds. That money runs some years to \$100,000—and I suppose it is wrong that the cops collect it, especially when some of them get so much odd and accosted. If, however, I'll be hanged I can see why it should go to the taxi drivers.

THE CAB DRIVER has delirium to blame for the lower regard in which he is held here. He could go in for all his cheap and cheating tactics; he could try to swindle the rider out of his eye teeth—and still not be blamed too much, if only he exercised a little.

New Yorkers are used to being cheated by debonair charlatans. Customarily, they shake their heads in chagrin and laugh about it. They have admiration for a man who can make a sucker out of you and yet force you to like it.

As a vague, preoccupied soul, I have left a dozen items—umbrellas, books, parcels, old copies of the Evening Form—on taxi seats over the years. When I discovered my loss, I immediately follow protocol and call the police lost-and-found department. I haven't recovered one item yet. Mind you, I'm not claiming the cabbies took them, but—well, matter of fact, I am claiming that.

I gloss over the stark fact—proven by statistics and surveys—that the New York hokie is the worst driver in the city and figurative more than a quarter of the auto accidents here.

I do not mention the fact that the most hazardous part of any airplane trip to Manhattan is the cab ride into town later. I merely state sadly that the cabbie here has no charm, and if you must know, nobody loves him.

Cars To Be Washed Saturday

The Seminole High School DCT will hold a car wash Saturday, Mar. 26 at Harry Adair's Gulf Service on First and French.

The group will wash cars from 9-5 and proceeds will go for the DCT's civic project.

A spokesman for the club said that those unable to bring their cars may call FA 2-6022 and have it picked up.

Missile Age Replaces Jet

WARREN, Mich.—Good-bye Jet Age. Hello Rocket Age. At this sprawling 22-acre government-owned, Chrysler Corporation plant just eight miles from Detroit, they're showing the jet age out the back door to make way for the missile age.

Here is where they build the 200-mile range Jupiter rockets like the one which steamed America's first satellite toward its orbit.

Here is where they will soon be producing the intermediate range 1,500 mile ballistic missile, which looks like a "annon cracker" alongside the "peppy cracker" Red-Stone.

You don't have to go past the front door to find out that jets are becoming just second-rate, earthbound transportation. The handwriting is on the wall.

"Chrysler jet engine plant, Naval Industrial Reserve Aircraft plant," reads the old, permanent-type sign over the door.

"U. S. Army Missile plant, Detroit Ordnance District, Chrysler Corp.," reads the newer, temporary-type sign over the door.

Install New Tools

As if the Navy hasn't suffered enough humiliation in the satellite race, inside the plant they are showing aside machines for making Navy J47 jet engines and putting in new tools for making Army missiles.

It isn't necessary to hear from Army Col. Edward D. Mohlers, ordnance district commander, or from Chrysler Missile division chief C. A. Brady to know this is just the beginning.

You can see that it's an instant industry from the painstaking, cautious way they build giant rockets. The men on the line, the foremen, the engineers, all feel they are pioneering a new industry.

There are about 2,500 employees working on the Chrysler Red-Stone-Jupiter program, with 500 of these at the Army Ballistic Missile Center at Huntsville, Ala. under Chrysler, there are 250 subcontractors on the Jupiter program and 1,675 subcontractors in the Red-Stone program. The total subcontractor employees are not known.

On Why Up

"This thing is definitely on the way up," Col. Mohlers says.

Chrysler last month, after getting contracts totaling \$2 million dollars for Red-Stone-Jupiter production, elevated the missile operation to the status of a corporation "division."

Chrysler expects to boost its missile payroll to about 9,000 by the year's end, up 4,000 from the start of the year.

With tens of thousands being laid off daily in the auto plants of Michigan, missile plant employees feel they are lucky.

"I certainly feel I'm a lot better off here than I would have been if I'd stayed with Pontiac," says Frank Chambers, 63, a general foreman supervising the work of 60 others in building the front section of the Red-Stone.

PROGRESSIVE SANFORD

.... looks to new horizons

Civic Clubs Are Very Active In Community

Visitors, tourists, or prospective residents of Sanford and the Seminole County area will find themselves "belonging" to the community in a very few minutes.

Civic Clubs play an important part in the life of the community. Each day of the week provides an opportunity for a person to find himself participating in the activities of various organizations.

The Sanford Rotary Club meets each Monday at the Yacht Club for luncheon. Headed by Club

President Myron Reck, the organization has made rapid strides during the past year. Outstanding speakers are pre-arranged for each luncheon get-together, interspersed with entertaining patter of musicians, quizzmasters and other group leaders.

The Sanford Lions Club meets at the Yacht Club each Tuesday afternoon for lunch. Club President W. Hugh Duncan, during 1957 and the present year, has provided not only speakers but entertainers to add spice, education, and enjoyment to the weekly gatherings.

The Lions Club in Sanford also has a long and fruitful history with its main projects slanted toward aiding those whose sight might be reclaimed or renewed. Light bulb sales and chewing gum campaigns provide the greatest funds for achieving the club's projects.

On Wednesday at noon, the Sanford Kiwanis Club meets at the Yacht Club for luncheon. Headed by David Gatchel as club president for 1958, the civic organization has planned its most outstanding year yet.

1957 was a year of accomplishment for the group, as it participated in many worthwhile projects. Main interest, however, is directed toward youth. An active Underprivileged Children's Committee is back up by club funds raised through two annual money-making events.

In 1958, the club is sponsoring an exchange student from Germany who will live with one of its members and his family while attending school here.

The Sanford-Seminole County Junior Chamber of Commerce gives an opportunity for a young businessman to do his part in civic responsibility. In the past year some of the community's outstanding projects were carried out by the Jaycees to a successful conclusion.

Before another year rolls around, a new civic club will find its place in Sanford. In the process of becoming a full-fledged local organization is the Civitan Club. Meeting times and day have not yet been set.

In addition to civic clubs for men, there are two women's civic groups which play an important part in the daily life of the community. Both the Pilet Club and the Business and Professional Women's Club accept a full share of their civic responsibility.

Adding to the pleasures of a "liveable" city are the fraternal organizations. In Sanford a visitor or resident will find the Masonic Organization of his choice; Elk's Lodge, Woodmen of the World, Loyal Order of Moose, Oddfellows, and Eastern Star.

In these organizations in Sanford and Seminole County, one will find friendliness and fellowship. Each person may "belong" and play his part in various civic projects which are undertaken throughout the year.

of forest waterfront and spring from Jack Russell in 1954.

Capt. Friend has approximately three more years in the U. S. Navy Medical Corps and is presently attached to the Sanford Naval Air Station Hospital in Jacksonville.

"We love every inch of the place," Capt. Friend said, "just as it is and we spend every minute we can in our home here by the spring."

The Lake Monroe shore along the Green Springs site makes an ideal launching site for small craft.

The Navy Captain said, "I am happy to have so much beauty surrounding us and future plans are to keep the location in its natural state."

Local CofC Takes On 'New Look' During '57

The Seminole County Chamber of Commerce took on a "new look" during 1957 with one of the most progressive programs ever carried out in this area.

Faced with the possibilities of the Sanford Naval Air Station being moved, the Chamber of Commerce, under the leadership of Clifford McKibbin as its president, John Krider as its manager, and an effective Armed Services committee, tackled the problem of keeping the Navy here.

Going directly to the people of Sanford affected by the possibility of the Navy leaving, the Chamber of Commerce raised a "Keep

the Navy here" fund to combat the situation.

Through close work with local Navy officials, the Florida delegation in Washington, and the Navy Department, the Navy was retained for Sanford and Seminole County.

Effective leadership was provided for the all-out program of letter writing, the dissemination of local information, an appreciation program to show the need for the Navy here, and a technical assistance program.

At no time in the history of the community was there closer cooperation in making the Seminole County Chamber of Commerce the

organization for which its services are dedicated.

Another goal reached in the 1957 administration of the Seminole County Chamber of Commerce was its membership drive. The Membership Drive Committee headed by Chairman Bailey Odham, set a \$10,000 membership fee goal and went over the top.

As a result of the organization's successful membership drive, an unmatched budget was reached with the \$10,000 from membership fees, \$10,000 from the City of Sanford and an additional \$10,000 from Seminole County.

An effective advertising campaign was organized to carry the county's message into every industrial and commercial area of the nation, in an effort to draw more industry and more commerce to Sanford and Seminole County.

Another of the local Chamber of Commerce's accomplishments was the effectiveness of the organization's Long Range Planning Committee. As a direct result of the committee's efforts in regular meetings, Highway 17-92 will soon be completely four-laned from Sanford to the Orange County line. In addition, problems existing in the Interstate Highway program through the county were solved. Building and construction will begin immediately.

Other road and highway problems were solved as Long Range Highway Planning Committee subcommittees delved into the details and brought them out for solution. The close harmony of committee members provided an all-out campaign for better roads in the area.

An industrial committee has proven efficient with the already "in effect" industries operating in the county.

Industries brought to Sanford and Seminole County were Harcar Aluminum Products Company, Allen of Orlando, Allied Chemical and Dye Co., Brookfield Mills, Inc., York Manufacturing Company, and Johnson Electronics, Inc.

The need for additional industry in Sanford and Seminole County has been the foremost project of the Industrial Committee of the Chamber of Commerce.

Present plans of the Chamber of Commerce call for an effective program with quarterly meetings of its board of directors and more frequent meetings of active committees.

John Krider, manager, was responsible for the creation of a Florida Waterways Committee, a statewide organization with the sanction of the Governor, which will promote the use and expansion of the state's most valuable asset, its inland waterways.

Throughout the past year, the Seminole County Chamber of Commerce, and its Waterways Committee, has supported the immediate construction of the Sanford Titusville Canal. A hearing was held here, at the Mayfair Inn, by the U. S. Corps of Engineers to hear testimony on the huge waterway project. At the present time it is cooperating in the effective presentation of facts at a hearing before the Rivers and Harbors

A FOUR LANED THROUGHWAY on Highway 17-92 as it comes through the center of Sanford. This is French Ave., named after a Sanford doctor. The throughway goes directly to Lake Monroe and then left along the lake traveling north. (Photo by Bergstrom)

ACL Plays Big Part In County's Progress

The tremendous importance of the Atlantic Coast Line Railroad to Sanford and Seminole County is emphasized by the fact that during the 1957 season thousands of carloads of produce were grown in this area.

Seminole County is one of the state's leaders in rail shipments of vegetables and citrus and the 1957 season "has been no exception."

Sanford has an important part in Florida's ACL as the headquarters for the Jacksonville division. Its importance was emphasized all the more when an entirely new \$800,000 railroad station, completely modernized and the state's only air-conditioned one, was placed in use here.

L. A. Anderson, the district superintendent for ACL, has his home here.

Tom Rice, president of the Atlantic Coast Line Railroad will be in Sanford on April 23 to address the annual banquet of the Seminole County Chamber of Commerce. It is the first visit of the new ACL president to Sanford.

In order to further facilitate the large movement of freight cars in the Sanford area, the ACL in 1951 built a six-mile short cut freight route from Rand's Sliding on the West side, to a point south of Sanford and about three miles north of Lake Mary.

Since 1920 the Coast Line has acquired hundreds of units of Diesel motive power of all types, lightweight passenger train cars and thousands of freight cars.

The program of rehabilitating and modernizing roadway and track structure began in late 1953, when 131-pound rail was adopted as standard for principal main line tracks.

The Atlantic Coast Line Railroad comprises some 5,300 miles of railroad tracks, extending from Richmond throughout Jacksonville into the Florida peninsula, where a network of branches is operated. It represents the unification of more than 100 small separate railroads.

The oldest constituent railroad in the ACL as now formed is the Petersburg Railroad, chartered by act of the General Assembly of Virginia on Feb. 10, 1830, and by special act of the North Carolina legislature on Jan. 1, 1831. It was opened in 1833, and extended from Petersburg to Blakely, N. C. along the north bank of the Roanoke River.

In Florida, the ACL acquired the Plant System in 1902. This railroad was built by the late Henry B. Plant, pioneer developer of Florida.

Champion McDavis, former president of the Atlantic Coast Line Railroad Co. in a recent pamphlet devoted to fragments of history of the line, stated, "In 1870 and 1880, Mr. Plant acquired the Charleston and Savannah and the Atlantic and Gulf Railroad, and thereafter began building a transportation system which, at the time of its acquisition by the Coast Line in 1902, operated a network of railroads and also operated steamship lines."

At Sanford the first railroad begun was the South Florida Railroad, a narrow gauge road of the early 80's which was later replaced by the Atlantic Coast Line.

President U. S. Grant turned the first spadeful of earth for the building of this railroad, according to the writings of Frederick H. Rand, who at that time was president of the First National Bank here and who had extensive land holdings between Sanford and Orlando.

Mr. Rand was in Longwood when the first train from Sanford arrived here in June, 1880. In October of that year the first train reached Orlando from Sanford. Daily operation of trains began on Nov. 15, 1880. According to the late W. R. O'Neal of Orlando the population of Orange County which then included Sanford and was later to be Seminole County was 6,818.

In his "Memoirs of a Pioneer," Mr. O'Neal wrote, "The men who had the vision of the state which was to be, built the South Florida, the Florida Midland, Jacksonville, Tampa and Key West and the Orange Belt, all now a part of the Atlantic Coast Line Railroad. They not only had the faith but they contributed their time, money and talents to the developing of the state. Most of them were in middle life when they began this work."

The men who had dreams of "no days that were to be" were right in every respect, for the ACL has grown in the State of Florida and will continue to grow as long as men have the initiative and the will that made the first railroad track stretch to 5,300 miles.

Men's Golf Assn. To Host Florida Amateur Tourney

The Mayfair Men's Golf Association is one of Sanford and Seminole County's most active organizations.

Reorganized during the winter of 1957, many tournaments have already been played, both on the Mayfair Country Club course and courses in nearby cities.

The local Men's Golf Association will be hosts for the 41st Florida Golf Association's Amateur Golf Tournament April 16-20.

Plans have been completed for the many events that will take place during the week of the tournament. The annual meeting of the Florida State Golf Association will be held on the morning of April 17 at the Mayfair Country Club.

Another of the Men's Golf Association's important tournaments of the year is the G. W. Spencer Memorial Tournament which will get underway on April 26 with four days set aside in which to qualify. Matches will be played beginning May 1 with the finals played on Sunday May 11.

More than 100 members of the local golf group will take part in the tournament.

Monthly meetings are called by the president of the association, John Ivey, to plan the various events which are scheduled for the members.

One of the local tournaments, probably played on one of the nearby courses visited by the golf group, will be on March 23. Membership in the Men's Golf Association is based on members of the Mayfair Country Club.

Green Springs Historical Site

Green Springs is one of the historical spots around Enterprise. Many people, even back in the early history of the community, have learned to swim in the crystal-green waters of the attractive spot.

Summer and winter have found visitors to Green Springs who carry with them fond memories of the wonderful pool which took its name from the color of the water which changes from a light milky green to a dark opaque green depending mostly on atmospheric conditions.

Green Springs, set like an emerald in a beautiful surrounding of Florida's famous oaks, offers shade when the sun beams down. It is an ideal picnic spot.

The spring has been accepted as a 100 foot deep pool in its center and water which maintains a temperature of 72 degrees the year round.

Capt. and Mrs. L. F. Friend and daughter Lani purchased this section of approximately 30 acres

United Fund Campaign 'Once-A-Year' Drive

Sanford and Seminole County for the first time, began an overall campaign for funds to support charitable organizations.

With seven participating agencies, directors of the United Fund expect other organizations will join the concerted effort "once-a-year" campaign to provide funds for organizations that each year stage a separate campaign.

United Fund will, each year, stage its campaign for funds on the basis of "no many campaigns for funds wrapped up in one overall effort," on an annual basis.

The Budget Committee of the United Fund with approval of the Directors has made an allotment of funds from the recent campaign and the seven participating agencies will get approximately 25 per cent more for their 1958 operation than they received from their own individual drives, according to Pres. George Touhy.

The exception to this is the Mental Health Assn. whose budget request was not 20 percent higher than the 1957 collections, and they are being allocated the sum for which they asked, it was said.

The figures for the various agencies are: Girl Scouts—\$2,040; Salvation Army—\$4,000; Boy Scouts—\$2,780; Children's Home Society—\$1,800; Mental Health Assn.—\$1,750; Red Cross—\$6,720; U. S. O.—\$1,920.

Chm. Harold Kaminar and his fund-raising committee turned over to Roy Mann, treasurer, \$23,291.36 in money and \$1,782.43 in pledges and it was from these figures that the allocations to the agencies were made. Adding the amounts subscribed to the individual campaigns last year, the budget committee learned that the 1958 donations had exceeded them by 20 percent, and it was on this basis that the division was made.

A statement of current condition submitted by Treas. Roy Mann shows that all the cam-

aigners donated their services and the only expenses incurred were for printing and supplies used. They came to \$280.84 which according to the Fund president for most professional fund raisers speaks well for the drive workers.

They feel that five percent is a reasonable cost of any fund drive. As pledges are paid and other subscriptions are given to the United Fund, they will be included in future allocations or made a part of the 1959 fund, Touhy said.

Valuable Books Placed In General Sanford Library

The General Henry Shelton Sanford Memorial Library has become more than just a memorial to the founder of the City of Sanford—it is the focal point for research. Books of inestimable value, gathered from all over the world, and used by one of the world's most learned men are now a part of the library due to the generosity of Mrs. Carola Dow, daughter of the city's founder.

The library was dedicated with Mrs. Dow present for the ceremonies and in the quiet hush of reverence, as citizens bowed their heads in memory, Mrs. Dow paid tribute to her illustrious father and to the great community which bears his name.

Books of many languages dot the shelves of the library built especially to hold them. Each of the books has been catalogued by an experienced librarian so that those who are looking into the past for words of brilliant and beloved statesmen and their decisions can do so with ease.

Original paintings of General Sanford, his wife, and children, his mother and others also hang from the library walls as if guarding the treasures within the huge library.

Credit for creating interest and maintaining it, in the building of the General Henry Shelton Sanford Memorial Library goes to the association formed by interested citizens. The General Henry Shelton Sanford Memorial Library and Museum Association led the proposal for the construction of the building and secured the assistance of both the City of Sanford and Seminole County to finance the project. Books, artifacts, and paintings were sent to the association here from Derby, Conn., General Sanford's homeplace.

The General Henry Shelton Sanford Memorial Library, now open on a regular schedule for those who make use of the valuable library and records, is a monument to the founder of what is now one of Central Florida's most important small cities and communities.

Oviedo Well Known For Celery, Citrus Vegetable Industry

By Marian E. Jones
OVIDEO—As most of you know, Oviedo is located near Sanford and Orlando. It is prominently known for celery, citrus and vegetables. Lake Charm Fruit Company, Nelson and Company and A. Duda and Sons are the three main business establishments in these fields of industry.

B. F. Wheeler Jr. is president of Nelson and Company; Harold Ward, of Lake Charm Fruit Company; and A. Duda Jr., of A. Duda and Sons; John Evans and W. H. Martin, brothers-in-law of Wheeler, are also associated with the business; as well as Ernest Ward and his brother at Lake Charm; and John and Ferdinand at A. Duda and Sons.

SHAH ACCEPTS INVITATION
TEHRAN, Iran—Shah Mohammed Riza Pahlavi has accepted an invitation from President Eisenhower to visit the United States, the government announced Sunday. No date was set for the visit.

Band Very Active

The Seminole High School Band is among the most active and colorful organizations on the campus. During the regular academic year the band participates in a wide range of musical activities. Those who are in this group treasure their membership very highly and consider their association with the members in it as one of the most pleasant and valuable high school experiences.

It is true that this group probably requires more time from students than most other campus activities. It is likewise true that few, if any, student activities are more richly rewarding in terms of fellowship, healthful recreation, the personal gratification which comes from the performance of good music before appreciative audiences and the frequent opportunities to serve the school and the community.

In spite of the time required, it has been found that students do have time to enjoy a wide variety of other extraordinary interests and that they are able to maintain their academic work with high standing.

The members of the group are proud of their organization. There is gratifying evidence on many occasions that the student body, the faculty, the administration, and the people of the City of Sanford are equally proud of the Seminole High Band. It is in this spirit that new members are welcomed to their ranks.

In order to maintain the high standards of excellence established by the band, it is necessary that all students coming into the band acquaint themselves with the Constitution of the Band which includes the regulations, procedures, and traditions of the band. The Constitution which was adopted in the school year of 1951-52 remains to be the last word in the operation of the band. It sets forth the many duties and responsibilities of the members and officers of the band. The experience gained through this leadership is carried over to many phases of the student's later life. The philosophy of the band as stated in the constitution reads: "LIFE is the acceptance of responsibilities or their evasion; it is a business of meeting obligations or avoiding them. To every man the choice is continually being offered, and by the manner of his choosing one may fairly measure him."

The officers for this year's band include: Captain Wally Pope, 1st Lt. Head girl officer Irma Corley; 1st Lt. Operations Dickie Rountree; 1st Lt. Drum Major Berry St. John; 2nd Lt. Secretary Pauline Huns; 2nd Lt. Head Majorette June Jennings; 2nd Lt. Librarian Amoret Spelr; 1st Sgt. Ass't Operations Harrison Smith, 1st Sgt. Ass't Librarian Margaret Benham; 3rd Sgt. 2nd Ass't Operations Leo Turner; 3rd Sgt. Publicity and Historian Dottie Williams; Sigs and Section Heads: Pauline Rana, Wally Pope, David Wilson, Tommy Williams, Ted Jackson, and Dickie Korgan; Drillmasters Wally Pope, Berry St. John, and Tommy Williams; Corporal-Outstanding Freshman—Sue Ann Toney.

PAT'S SHADOW, one of the top stars of the Sanford-Orlando Kennel Club's 1958 season, is shown with Lance Ledoux. The fast-finishing speedster runs for the Circus City Ranch. (Photo by Bergstrom)

Sanford Manufacturing Company Expands To New Building

Sanford Manufacturing Company originally came to Sanford in 1951. In the few years since, business has increased at such a tremendous pace, that only last year a new building was constructed to replace the Sanford Ave. location formally occupied by the plant.

Today, the garment manufacturing firm is in a modern, air-conditioned, well lighted plant encountering every convenience such a plant would demand.

Payrolls at the comparatively new Sanford industrial plant, have increased every year since establishing their Florida firm here. At the present time their payroll will average nearly \$200,000 annually. However, Marvin Meltzer, vice president of the concern who is in charge of the Sanford plant, said that since moving into the new building an average of 20 to 25 people have been added to their production payroll.

Sales have doubled, said Meltzer, an indication that Sanford Manufacturing Company is meeting quality standards demanded by purchasers all over the United States.

We manufacture men's shirts and pajamas, Meltzer said, and with the present outlook 1958 will mean that our business will be extremely good.

Sanford Manufacturing Company is "really going to town," the company's vice president said as he described the company's operation. Officials of the Sanford Manufacturing Company firm include Hyman Meltzer, president; Marvin Meltzer, vice president in charge of the local plant; Milton Ratner, treasurer; and Anna Meltzer, secretary.

"We are looking forward to expanding our operation here," Meltzer said of the overall plans for the local plant situated in Sanford on West First Street.

New machines have been added to the present plant, Meltzer said, and to take care of increasing demands for our merchandise it looks as if additional machines will have to be installed. "We are using every inch of available space in our present plant," he said. The present new building was opened for inspection and began operation on May 1, 1957. "We haven't been in our new building a full year yet," the vice president said.

Anyone interested in membership should contact one of the officers which include President Miss Betty Hillbimer, Vice-President E. W. Christensen, Secretary-Treasurer Lewis Hughey, Program Chairman George Dabbs and Publicity Chairman Ernest Cowley.

Kennel Club Reports 'Splendid' Season

The Sanford-Orlando Kennel Club, firmly established as Central Florida's leading sports and entertainment attraction, is nearing the close of its greatest season in history.

March 31st is the closing date for the banner campaign. It has been a splendid season in every respect, despite an unusually poor Florida winter weather-wise, with attendance and mutual play running about 25 per cent ahead of last year, previously the track's best.

And while thousands of racing fans will regret to see the current campaign pass into history on March 31, they can look forward to another big 30-day season starting in mid-December next year.

Crews of skilled men will be busy during the off-season months preparing the beautiful, modern plant for the 1959 meet which

should be another record-breaker. Though the annual Central Florida Derby and other major attractions are yet to come during the remaining days of the present season, highlights of the year have already taken focus.

The spectacular running of such greyhounds as Pat's Shadow, Go Suzzie, Knockor, who won the Inaugural, Aubrey Phillips, King Ivy, Diveo and many others has caught the fancy of Seminole County racing fans as well as greyhound experts throughout the country who have followed the Sanford-Orlando season with interest.

The lineup of greyhounds at the track this season is the best ever, featuring outstanding kennels from all parts of the nation including Colorado, Oregon, Texas, Oklahoma, Kansas, Arkansas, Massachusetts and Arizona.

Among the leading kennels is the story of the Sanford-Orlando track would not be complete without a few words about Jerry Collins, operator of the 5:30 racing plant. Collins took over the SOKK three seasons ago and has built it rapidly to prominence in the racing world. The track has increased close to 100 per cent in mutual handle and attendance during these three seasons, thanks to hundreds of thousands of dollars spent by Collins in new facilities and improvements and to the many new features introduced by him.

Mutuel handle this year will approach 80 million. What's more, the Sanford-Orlando track has become a tremendous economic asset to the entire area. Thousands of racing enthusiasts apparently agree that the Sanford-Orlando Kennel Club is a class by itself as a sporting attraction.

COSTLY FORTUNE TELLING
NEWPORT, England—A 22-year-old Harold Allcock's palm and it cost him five pounds (\$14). Allcock, 54, a bookmaker's runner, was fined that amount on a charge of illegally passing betting slips in public. Police testified Monday that the illicit slips were actually notes about customer's bets that he had jotted on the palm of his hand.

You Are Invited To Live At

Greater Fantabulous

CHULUOTA

In the heart of Central Florida, the fairest, most fruitful and pleasantest land in the world. CHULUOTA needs no exaggeration of promoters or visionary superlatives of dreamers. It is just endowed by nature with a wealth of natural assets as Immutable as the Sun and Stars.

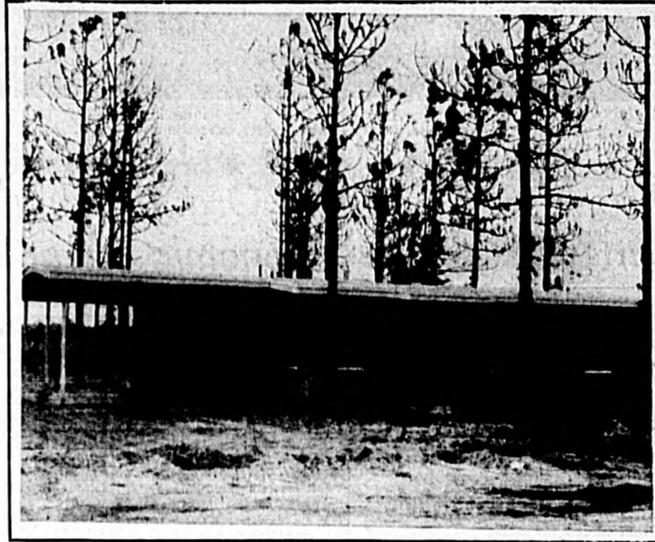

TRULY a Town Site planned for low priced home-living in a Country Club Community. A Multi-Million dollar residential area which will contain more than 7,000 acres and covers an area of approximately 11 square miles. Surrounding 20 beautiful lakes where nature has done its best in landscaping of gorgeous pines, monstrous spreading oaks and expansive palms, along the Econlockhatchee River which winds its way into the St. John's, which will permit you to drift or speed on to the Atlantic Ocean.

It is located 19 miles west of U.S. 1—16 miles southeast of Sanford—14 miles east of Winter Park—16 miles east of Orlando—1 mile east of Oviedo—1 mile from Route 50, Florida's most traveled East to West Coast Highway—19 miles from East Coast U.S. 1—Average yearly temperature 71 degrees—wind velocity 8 miles per hour—Average yearly rainfall 43 inches, mostly in the summer months.

Chuluota - - -

is not a land sale or speculative offering, it is truly Fabulous as it compares to the beauty of its neighbor city Winter Park. The homes being offered and to be built are at prices which are exclaimed to be fantastic. THIS IS WHY WE USE THE TRUE WORD EXPRESSION—FANTABULOUS!

We now have in CHULUOTA more than 15 miles of paved streets with water lines from deep wells to supply you with health-giving water.

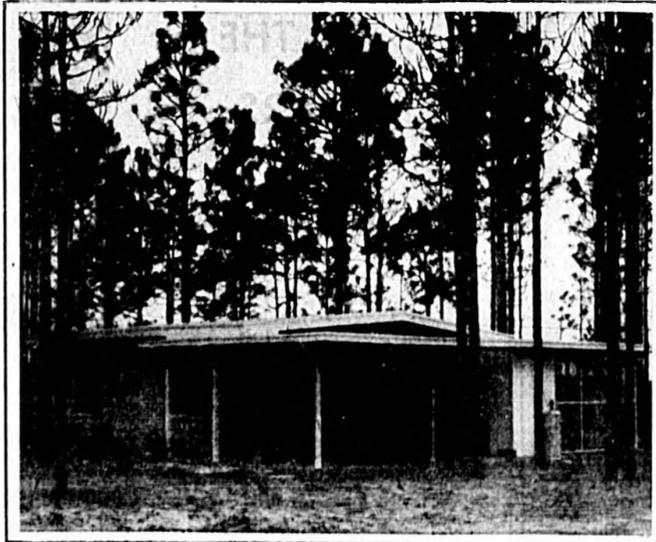

A Fireside Masonry Home FEATURING - - -

1. Fire-resistant masonry construction
2. Walls furred and plastered
3. 15-year guaranteed gabled roof
4. 10'x20' carport, large utility room
5. Glass Jalousie windows and doors
6. Factory made kitchen cabinets
7. Roomy clothes closets and linen closets
8. Rubber tile or terrazzo floors
9. Tiled window sills
10. Gas or electric hot water heaters
11. Outlets installed
12. Gas radiation heating unit installed
13. Ample electric outlets
14. Steel re-inforced foundations
15. Both interior and exterior fully painted in your choice of colors

San Francisco Giants Organization Is Big Part Of City's Economic Structure

Boat, Ski Club Membership Open To All Interested

The Sanford Boat and Ski Club serves the interest of outboard boat owners, and stimulates a greater interest in boating among all the citizens in the area served by the club. Membership is open to all individuals within Sanford and adjacent territory.

Officers for the 1957-58 season are Dr. A. W. Woodall, commodore; Jeff Davis, vice commodore; Leon Taylor, secretary-treasurer; Robert Gonzalez, cruise master; Board of Directors are Joe Nicholas, Don Smith, Dr. H. MacGillis and Johnny Padgett.

Main project for the 1957-58 season was the Second Annual Sanford Outboard Regatta sponsored by the American Power Boat Association, which includes hydroplanes and 2 classes of outboards. A ski show was put on for the Rotary Club, and was also open to the public.

The floats designed and built by the club were much enjoyed at two recent parades in Sanford.

The club keeps active with numerous cruises to Silver Springs, Cypress Gardens, Ponce de Leon and many other points of interest. Monthly moonlight cruises and cookouts are also enjoyed by the whole families.

Indoor activities for the year are planned. These include a Halloween Costume party, and Christmas dancer.

The club gathers twice monthly for a combination business and social meeting. Films are shown on water safety, skiing, boating and many other subjects of interest to boaters. Refreshments are served at each meeting.

A three day campout over Labor Day was a good chance for members and friends to relax and get better acquainted by sitting around the campfire. A hearty meal was cooked under the stars and palm trees, after a busy day

The San Francisco Giants have a real "tie-in" in Sanford. Their operations encompass baseball, golf, and winter visitors. An industry within itself is the Giant's Mayfair Inn Hotel and Motel, the Mayfair Inn Country Club, and the San Francisco Giants Minor League Training Base.

Many Advances Made in Oviedo In Last Six Years

By Marian R. Jones
OVIEDO—Mayor Lee Gary won a landslide victory as mayor again this past year over his opponent, J. E. Priest. The Mayor and his city council have been busy with many projects during the time he has served. W. H. Martin was added to the council this year to serve with J. Y. Harris, Karl Doss and Joe Beasley Jr.

T. L. Lingo, town clerk, lists some of the accomplishments in the last six years under Mr. Gary as follows:
The City Hall Memorial Building, \$30,000; Canning kitchen, \$5,000; jail, \$6,000; Medical Clinic \$30,000 and they are paid for.

Other improvements: downtown Citizens Bank Building, \$50,000; Oviedo Drug Store, \$29,000; New Methodist Church, \$150,000; Annex, Sunday School Room \$50,000; New Baptist S. S. Rooms and annex \$50,000.

of swimming, skiing and lounging under the Florida Sun.

Non-skiers are taught by already accomplished skiers in the club. The Ski Club is fortunate in having members who ski on many types of skis, such as shoe skis (12" long), slalom, saucers (a 3 foot wooden disc), and some who do barefoot skiing.

There is no age limit on water skiers, as one can tell while watching Junior and Grandfather ski side by side down the river, having fun together.

Open during the winter season, the Mayfair Inn hotel is the center of activities for both local citizens and hundreds of winter visitors who take advantage of Florida's sun in the center of the state.

Located in an eastern section of the city, the Mayfair Inn borders on Lake Monroe. The Inn has its own boat docks and swimming pool, tennis courts, shuffleboard courts. A sprawling lawn is bordered with flowers and lush shrubbery.

Just across a paved roadway is the newest addition to the famous Inn, the Mayfair Inn Motel. Open the year 'round it is filled to capacity. Popular because of its convenience to Lake Monroe, its easy accessibility, sun deck and modern structure, the Mayfair Inn Motel is in demand both by visitors and businessmen who look for the best in accommodations.

The Mayfair Inn's winter opening begins the season's social whirl with an annual cocktail party, dinner and dance. It is in the spacious ballroom that a number of the community's big affairs take place: the Annual Policeman's Ball, the Inter Fraternity Ball, the New Year's Eve Ball, and many others.

Card parties, style shows, and many gala affairs—even touched off before-season by the annual Sanford Garden Club's flower show—are all a part of the season at the Mayfair Inn.

The third annual \$15,000 PGA Mayfair Inn Open is held during the early weeks of the Mayfair Inn's opening. Thousands of golfing fans are drawn from all over the nation. Famous professional and amateur golfers come to

Sanford to take part in the annual event. Play is on the Mayfair Inn's popular golf course located just outside the city. Winding fairways are lined with giant moss-filled oaks. This is one of the nation's finest golf courses.

This year the Florida State Men's Golf Association will hold its annual tournament at the Mayfair Inn Country Club after the Women's State Golf meet. Both are expected to draw thousands of Florida golfers to Sanford.

Not far from the Mayfair Inn, the San Francisco Giants Minor League Training Base is located. In their own building, surrounded by a host of baseball diamonds for practice and training, the entire minor league system reports for spring training. Headed by Carl Hubbell, the camp is operated from the first of March through June 15.

Already in camp are the Phoenix Giants of Phoenix, Ariz., and the Corpus Christi Giants of Corpus, Tex. Other teams are reporting in for tryout and training. Some of the greatest names in baseball come to Sanford to form the training staff of the San Francisco Giants minor league system.

Adjacent to the Giants' dormitory, a huge building capable of housing more than 300 baseball players, is the Sanford Memorial Baseball Stadium. The stadium, all concrete and steel, holds the hundreds who come to Sanford to see exhibition games and tryouts.

The San Francisco Giants organization forms a real part of Sanford's economic structure. As Frank Mebane Jr., general manager of the Mayfair Inn puts it: "We're really a part of Sanford, and its tremendous growth."

Seminole Memorial Hospital Receives Seal Of Full Accreditation This Year

Fishing Is Fun Here

"Fishing is fun in Sanford and Seminole County," and for proof of the statement all you have to do is ask Mrs. J. C. Jenkins.

Just the other day, using a "cracker pole" and a 15-pound test line with a small hook on it, she landed a 10-pound bass that measured 27 inches in length.

"It sure was fun," said Mrs. Jenkins who had her sister along as a witness to the big catch.

The fish was caught from Banana Lake located on the West Side.

Fishing is one of the sports that's a "natural" in the Sanford, Seminole County area. There are lakes all over the place and many enthusiasts make it daily recreation to hitch their boats to the back of the car and take off for their favorite fishing spot.

Lake Monroe, with the St. Johns River running north through it, provides a huge expanse for fishing a little while, all day, or every day, "if the heart desires."

Fishing camps are located in every direction from Sanford—as a matter of fact, there's a fishing camp at pretty near every entrance to the county and from any direction.

Fishermen make use of the facilities, too. Automobiles may be seen from nearly every section of the state and the country parked near the camps.

Just about "regular equipment" for a home, are the boat and trailer backed up besides hundreds of car portes in the city and throughout the area.

If daily recreation isn't possible for the family, Saturdays and Sundays provide wonderful opportunities for a family outing "on the water" with picnic lunches or portable grills for barbecuing along the shoreline at mealtime.

In Sanford, and in just about every section of the county, you can buy supplies for fishing from the biggest to smallest boat right on down to the smallest fish hook that might be needed. Outboard motors, fishing rods, and every type of equipment are available.

However, for the visiting fishermen, the fishing camps make available boats and motors for

On February 1, 1958, the Seminole Memorial Hospital observed the second anniversary of its opening. In commemoration of this event, Mr. Harry M. Wier, Administrator, was asked to review the progress and achievements of the hospital for the past two years. He stated that, "when the hospital was opened, hospital officials were certain of only one goal... and that was the achievement of the ultimate in facilities to render the most efficient medical and hospital care for the patient."

The results of this goal were evidenced when the hospital received the seal of Full Accreditation from the Joint Commission on Accreditation. This approval was reached eleven months after the hospital was opened.

The Hospital Women's Auxiliary was created prior to the opening of the hospital and has increased from an initial membership of 100 to the present membership of approximately 200. The "Pink Ladies", as they are affectionately known, have contributed over 30,000 hours of volunteer services within the hospital. They operate the information desk, maintain the Medical Library, arrange flowers for patients, operate the hospital shop and aid the hospital in many other ways.

An annual benefit, the "High Fever Follies", has been quite successful for the past two years in raising funds to secure additional equipment for the hospital. This past year the "Follies" earned over \$5,000. With this money, the hospital has purchased a new blood bank refrigerator, rocking isolate, and an air compressor.

In July of 1957, the Seminole Memorial Hospital was accorded National and International recognition when it was featured in "Hospitals" magazine, a publication of the American Hospital Association. It has also been featured on the cover of a publication of the Florida Development Commission.

During the past year, a Memorial Fund was established, making it possible for monetary gifts to be made to the hospital in memory of some loved ones. A rental as well as all the equipment that is needed for a successful day of fishing. And, if you're the type that wants a guide, they're here too, to take you to their famous favorite fishing holes that will produce "the big ones."

maintained record of these gifts is maintained in a beautiful leather bound "Book of Remembrance" located in the Family Room.

When the hospital opened the total number of employees was 90. Two years later, this number had increased to 120 full-time persons and the annual payroll has increased from \$200,000 to well over \$300,000. Total annual expenses for the operation including payroll has increased from \$400,000 to \$550,000. Although the expense of operation have moved upward, the cost to the patient has remained fairly stable. The reason for this has been due to the increased utilization of the hospital by the community.

After two full years of operation, Mr. Wier stated that the trustees were delighted to be able to report that the hospital was operating on a sound financial basis and it was their hope and ambition that it would continue to so operate.

The present Board of Trustees is composed of the following: A. B. Peterson, Chairman; John Evans, Secretary-Treasurer; Andrew Carraway, Robert Bradford, and John Schirard. Gordon Frederick is attorney for the hospital. The officers of the Medical Staff are: Dr. Vincent Roberts, Chief of Staff; Dr. T. F. McDaniel, Vice-Chief; and Dr. C. F. B. Smith, Secretary.

The USS Essex rounded the Cape of Good Hope March 28, 1800, becoming the first U. S. warship ever to do so.

Seminole County Receives Law Enforcement, Fire Protection From Three Effective Organizations

Law enforcement and fire protection is handled in Sanford and Seminole County by three of the most effective organizations in the State of Florida.

The Sanford Police Department is under the direction of Chief Roy G. Williams. Under him is an efficient and well trained staff of officers with assignments to traffic, and other categories of crime prevention and detection.

A complete record of fines, charges and arrests along with a

fingerprint file of prisoners brought in for suspicion or detention, is maintained by the Sanford Police Department. The department is also equipped with a fingerprint lab, photographic lab, and drunkometer lab.

Regular training sessions are held with marksmanship and proficiency with firearms a top requirement. Crime detection is taught by FBI representatives. The department also boasts of a rescue boat.

The Seminole County Sheriff's office is headed by elected Sheriff J. L. Hobby and a staff of deputies who have been trained in law enforcement.

Sheriff Hobby maintains the Seminole County jail where a civil defense high frequency communications center is established. Communication is also maintained with the Statewide Sheriff's network and the Florida Highway Patrol.

A system of checking in every point in Seminole County was originated by Sheriff Hobby. Cards notifying property owners of the time and date a check was made of either residence or business premises have been established.

The sheriff also provides a school bus escort through the county in order to enforce the law that all motorists must stop for a school bus regardless of the direction the private vehicle is traveling.

A rescue boat is maintained by the Seminole County Sheriff's Department. A large boat has been equipped with motor, life preservers, rescue line, and other equipment. To patrol heavily used water areas, Sheriff Hobby has equipped his boat with red flashing light, siren, radio receiver and sender, as well as grappling hooks and other rescue paraphernalia.

Sanford's Fire Department is headed by Fire Chief Mack N. Cleveland Sr. An efficient department is maintained through regular training both in classroom

HERE'S A HAPPY BOATING PARTY! Three boats and all the folks spent several days on the water as they traversed Florida. Boating is one of Florida's principle sporting pastimes. (Photo by Bergstrom)

FISHING IS FUN! says Mrs. J. C. Jenkins (and you can certainly tell it by that great big smile). This one is a 10-pound bass, 27 inches long, caught on a cracker pole with 16-pound test line and a small hook. Why! She had that big one already dressed for cooking before the photographer could get her for a picture. (Photo by Bergstrom)

YEP! IT'S BASEBALL. One of the major sports of the country with plenty of it played in Sanford while the San Francisco Giants Minor League Farm System teams are training here. (Photo by Bergstrom)

SHS Band Is One Of Finest

The Seminole High School Band stems from a long line of bands in Sanford, the first known community band being directed by A. H. Crippen in 1886. Since then several bands have helped to create the public pride of Sanford.

The present Seminole High School Band was reorganized by Bernard E. Black in 1947 when the membership consisted of 15 pupils that quickly grew to 80 members.

Uniforms and instruments were acquired during Black's leadership and the band entered its first contest in 1948 making a first division rating at the District IV contest held in Cocoa. In 1949 the band went to its first state contest which was held in Miami.

Ernest Cowley, the present director, came to Seminole High School in August of 1951. He immediately organized the Seminole High School Band Association, a booster club consisting of band parents and persons interested in the welfare of the band.

Much credit for the splendid spirit and success of the band is due to this very active organization.

When the present director came the students wrote up a governing staff giving the leaders a tremendous amount of responsibility in the band's operation.

The big year for the Seminole High School band came during the school year 1953-54 when the pride of Sanford traveled to New Orleans, La. to march in the internationally famous Tux Parade of Mardi Gras. Upon returning the band was asked to give a special marching exposition while leading the Festival of States Parade in St. Petersburg.

The Mardi Gras Parade televised the Seminole High School Band over a national hook-up in every state in the union as it marched through a throng of one million people in New Orleans.

This parade alone has given the Seminole High School Band a name as one of Florida's finest high school bands.

Other highlights in the history of the band since the present director has been with them include the Governor's Inaugural Parade in Tallahassee, three Gasparilla Parades in Tampa, five Watermelon Festival Parades in Leesburg, Christmas Parades in Cocoa, Orlando and DeLand, District and State contests, annual concerts in the million dollar bandshell at Daytona Beach and the full half-time performance at the Brahma Bowl Football Classic in Orlando this school year.

Realizing that the Seminole High School Band is a part of the community as an organization they are always ready and willing to perform for civic occasions that do not interfere with classroom time.

Since 1951 this band has played at the dedication of the Sanford State Farmers Market, the Sanford Tourist Club building, the American Legion Fair Exhibit building, the Memorial Stadium,

USO Doors Always Open To Servicemen

The newly renovated U.S.O. is housed in the U.S.O. building at the corner of East First St. and Sanford Ave. in Fort Mellon Park. For the past five years it has been a "home away from home" for the enlisted men of all branches of service.

The club is open every night. Mrs. E. C. Kuhn, staff aid, or senior and junior hostesses are always on duty. Church and civic clubs furnish hostesses one evening of each month.

The auditorium is furnished with lounge chairs, card tables, juke box and hi-fi. A popular corner houses the ping pong table, which is rarely idle. An excellent library contains books, magazines and a large variety of games.

A modern kitchen with buffet table and breakfast bar is used for the serving of refreshments. In addition to the TV room, writing tables have been provided for service men to keep in touch with those back home.

Wednesday evening at the U.S.O. is dance night. An excellent orchestra provides music for listening or dancing once a month.

Activities are enjoyed on Sunday night, after the servicemen have attended the church of their choice. Among the activities provided are movies, song fests, supper parties and entertainers.

During warm weather the patio is a popular spot, where young people may enjoy barbecued suppers, prepared by hostesses or the boys themselves.

Since Sunday is often the hardest day to be away from home, the servicemen are kept busy with parties, picnics and sightseeing trips to points of interest in Florida.

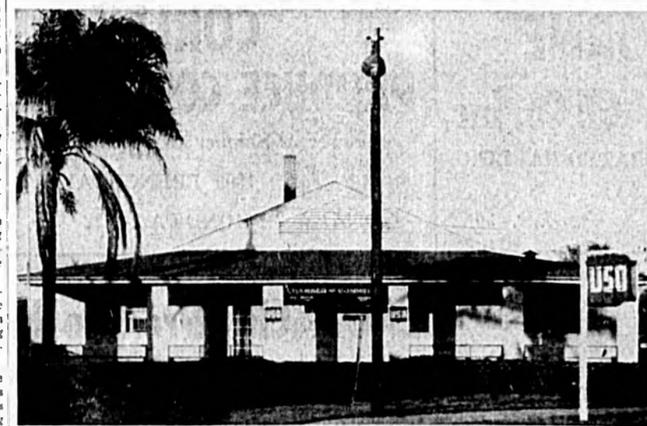

On an average, 2600 boys take advantage of the club privileges each month. Here they will always find an eager listener, a helping hand or companionship.

The U.S.O. is supported by a very active committee. Officers are Mrs. Melvin Smith, chairman;

Mrs. W. H. LaPetra, secretary; Joseph Danyluk, program chairman; Mrs. C. J. Milliken, senior hostess chairman; Mrs. R. W. Tench, junior hostess chairman, and Miss Mary Lou Bowen, junior hostess president.

The welcome mat is always open to enlisted personnel of the services. Sanford citizens are welcome to drop in and familiarize themselves with the operation and achievements of the club.

Ancient Byzantium, called Constantinople by the Roman and Istanbul by the moderns, sits astride two continents, a bridge between East and West. It was the center of the Roman Empire of the East from A.D. 330, until 1453, when the Turks seized control.

THE "HOME AWAY FROM HOME" for servicemen in the Sanford area. The United Service Organization's headquarters here are in this building also occupied by the Seminole County Chamber of Commerce. (Photo by Bergstrom)

the opening of the Atlantic Coast Line Railroad building, the cornerstone laying of the Fish Memorial Hospital, the opening of French Avenue, and the Shrine Club Building, and the dedication of the General Sanford Memorial Library building.

Emphasizing citizenship, the bandmembers chose the following adage as their philosophy: "Life

is the acceptance of responsibilities or their evasion; it is a business of meeting obligations or avoiding them; to every man the choice is continually being offered and by the manner of his choosing one may fairly measure him."

This philosophy is the mainstay of all the activities of the band as they spend numerous hours in practice, performance and service.

1957 Is Progressive Year For County Commissioners

The Board of Seminole County Commissioners has adopted an "air of progress" as, during this past year, and into 1958, the most accomplishments of recent history have been recorded.

A massive countywide roadbuilding program has reached from one end of the county to the other and from top to bottom. In its final stages of completion, Highway 17-92 will become a ribbon of four lane paving to form an outlet for overcrowded shopping areas and home expansion.

Expected to get underway this year will be the four lane and widening of West First Street as the first leg of the Interstate Highway system off the mammoth bridge to Cross Lake Monroe just east of Sanford at Monroe Corner.

One of the top achievements of the County Commissioners was the appointing of an eleven-man Advisory Committee to study the problems of the county and submit recommendations. The eleven men, all leading citizens of the county, represent the five districts in which there is an elected County Commissioner.

The setting up of a Seminole County Zoning Commission, empowered to issue construction permits and conduct inspections, was another of the progressive steps taken by the present board of five elected officials.

Already recorded in 1958 is an estimated \$2 million in building permits which represents the tremendous home building program underway in every section of the county.

Under consideration now is a proposed new township south of Sanford in which 3,600 acres of undeveloped land will be subdivided and platted for approximately 15,000 homes. Present plans call for the first section to include 400 homes. Streets and roads are already under construction.

The Board of Commissioners has eliminated undesirable features of Big Tree Park and has begun construction of facilities surrounding the Big Tree, one of the few free attractions remaining in Florida.

A bond issue for \$1 million has been approved by the Board of Commissioners with which to purchase rights of ways for primary road plans and to repair, repave and rebuild some of the badly needed county highways leading to important sections of the community.

Seminole County is governed by an elected board of five men, one from each of the five districts.

Commissioners of the county are: John Krider, chairman of the board, Fred Dyson, Lawrence Swofford, Homer Little, and B. C. Dodd.

The county's attorney is Mack N. Cleveland Jr. with O. P. Herndon serving as Clerk of the Board.

A proposal before the Board of Commissioners at present is plans for a new County Court House and County Jail estimated to cost more than \$1 million. Recommendations submitted by Architect John Burton IV suggest that the new facilities be constructed in the center of property adjacent to the present court house.

County Commission Chairman John Krider

Commissioner Lawrence Swofford

Commissioner Homer Little

Commissioner Fred Dyson

County Commission Clerk O. P. Herndon

Commissioner B. C. Dodd

2 Civic Leaders Named To State Audubon Group

Two Seminole County civic leaders were named to the Advisory Committee of the Florida Audubon Society at its 58th Annual Meeting held recently in Winter Park.

Randall Chase of Sanford and Mrs. Pennington Seflon, Altamonte Springs were named to the Ad-

visory Committee of 22 members. With several hundred members attending the various events of the program at the Hotel Langford, the entire slate of officers was reelected.

Named president of the group was John H. Storer of Winter Park.

Also selected to head the state-wide organizations were four other officers and 17 members of the Board of Directors.

THE TOURIST INFORMATION BOOTH now under construction by the Sanford-Seminole County Junior Chamber of Commerce. Completion date for the project has not been set. Plans for the proposed project

were prepared by John A. Burton IV for the local Jaycees. It will be located on French Ave. between 4th and 5th Sts.

Jaycees Constructing New Tourist Information Booth

The Sanford-Seminole County Junior Chamber of Commerce, an organization of young men under 35-years of age, affiliated with the Florida Junior Chamber of Commerce and the National organization, had numerous projects accomplished during the past year.

The young businessmen have, each year, staged the Annual Christmas Parade for the youngsters of Seminole County. In successive years they have bettered their parade staging technique and in 1957 drew a crowd of at least 15,000 to watch the "several miles long" parade move through the downtown section.

The organization's annual Easter Egg Hunt for the children of the community has been a huge success with hundreds turning

out on Easter Sunday afternoon at Fort Mellon Park to participate in all of their Easter finery and Easter Parade outfits.

Another of the Jaycee projects which is looked forward to each year is the annual Fishing Rodeo for children providing an afternoon of fishing for youngsters just before they return to school in the fall.

The Fishing Rodeo has been growing in interest and enthusiasm every year. Prizes are awarded for the longest fish caught, the first fish, the smallest fish, the heaviest fish and for other categories.

Possibly the all-time "most successful project" staged in Sanford was last year's "Navy Appreciation Day" sponsored by

the Jaycees. Comments from every side praised the Jaycees for the completeness and effectiveness in a public demonstration of Sanford and Seminole County's appreciation for the Navy in Sanford and for the personnel in the community attached to the Navy.

A gigantic fish fry and entertainment program for more than five thousand people was staged along with the welcoming of high naval officers and members of the Washington delegation from Florida. Written appreciation came from far and wide as officials and parents of navy men stationed here expressed their sincere thanks for the unprecedented program.

One of the daily tasks of the

Jaycees is the maintaining of a Tourist Information Booth at the corner of Park Ave. and Seminole Boulevard where a full time secretary greets visitors who seek information and direction as they travel through this area. Complete data is recorded on the number of calls each day handled by the booth.

At the present time, the Jaycees are beginning the construction of a new Tourist Information Booth which will be located on property dedicated as a park and situated on French Ave. between 4th and 5th Streets.

The new booth will be located on a main travel artery and available to most travelers through the Central Florida area. Construction of the Tourist In-

formation Booth in the park area was approved by the City of Sanford. Jaycees will improve the park property which will be used for parking, a picnic area, and other services required in the program of assisting the tourist and visitor.

The Jaycees seldom turn down a project when people of the area are served better through the effects of the services rendered.

The young businessmen's organization has joined in on the "Spread Our Sunshine" promotion and during the past year has participated in many programs of civic interest. "Courtsey Week" was another of the recent promotions successfully carried out by the Jaycees.

Capital Improvement Program City's Biggest Development During 1957

Mayor Merle Warner

Commissioner A. L. Wilson

Commissioner David Gatchel

Commissioner Robert S. Brown

Commissioner Earl Higginbotham

City Manager Warren E. Knowles

It was a momentous year for the City of Sanford in 1957—and 1958 is slated to be even more prosperous.

The biggest development of the year was the city's approval of a capital improvement program. This included a Sanford Civic Center, a new Fire Station, and a swimming pool for Negro youths and citizens.

Other phases of the program included brand new fire trucks and equipment; new equipment for the street department; air conditioning of the City Hall and Police Station; a modern street lighting system for downtown Sanford and French Avenue; and a huge neon sign directing traffic to downtown Sanford.

The capital improvement program will be climaxed with the completion of the Sanford Civic Center within the next 30 days.

City Commissioners during 1957, also started progressive steps toward realizing a Docks and Terminals Project. The proposed docks and terminals plan was placed in the hands of an engineering firm for feasibility reports.

A city wide street improvement program was adopted by the Board of Sanford City Commissioners; the most aggressive program of its type yet attacked by the city's governing board.

An outdated police radio system was ordered replaced by a new high frequency civil defense communications system. Its engineer is authorized to begin negotiations to acquire the equipment.

It was during 1957 that the attitude of city government was turned from quiet apseasement to co-operativeness with a consequential gain of "more for the tax payer's dollar" in projects undertaken and in the city's operations.

A cutback of fire services to out-of-city areas was ordered. The Sanford Fire Department now an-

swers alarms outside of the city limits only on instances where property owners carried insurance coverage which reimbursed the city for the fire call and protection.

The city of Sanford experienced during the past year a sharp increase in home building. Nearly every available lot has been used for subdivision development. Individual lots in scattered places are now in great demand for additional in-city expansion and home building.

Downtown parking areas were changed from angle parking to parallel parking. A new municipal parking lot was completed to take care of shoppers and business people without the use of parking meter installations.

A boat loading and unloading ramp was completed and a protected yacht basin started. The seawall enclosing the yacht basin area has been pushed to the point that completion is within sight.

The city manager form of government is used in the City of Sanford. Five commissioners are elected, and from this body a Mayor is named within the group. The city manager is responsible to the Board of City Commissioners.

Already, the Board of Sanford City Commissioners is looking forward to 1958's accomplishments.

A full time recreation director has been employed to take over the direction of the city's year-round program operating from the Youth Wing of the Sanford Civic Center.

Details are being completed from which an application for advance planning of the Docks and Terminals Project can be financed.

The 1957-58 street improvement program is expected to get underway.

At midyear, fire protection to all parts of the city limits will be discontinued, with special emphasis on creating for the City a lower fire insurance rate through higher ratings of its departments.

It has been predicted that an annexation program will get underway before the end of the fiscal year. A portion of the fringe area will be absorbed into the city's boundaries. A recent meeting included the hearing of an extensive report on the city's annexation program, and its progress and problems.

With "business booming" sign out in Sanford and immediate area, the city is looking forward to its most progressive and aggressive year in its long history.

Heading the city in 1957 was Mayor David Gatchel and commissioners F. D. Scott, A. L. Wilson, Earl Higginbotham, and Merle Warner.

City Manager is Warren E. Knowles.

Major Merle Warner heads the commission for 1958. Commissioners are Earl Higginbotham, A. L. Wilson, Robert S. Brown, and David Gatchel.

The Police Department Chief is Roy G. Williams and the Sanford Fire Department Chief is Mack N. Cleveland Sr.

Local Zoo Started As Personal Hobby Of Police Chief Williams

The Sanford Zoo got its start as a personal hobby of Police Chief Roy Williams in 1925.

"We kept the animals at the police station," said Chief Williams, "which was then located on Palmis Avenue."

Chief Williams said that cages were built by the desk sergeant, Sam Smart "and he did a mighty good job of it, too."

He recalled buying out a carnival. The animals were taken to start a collection of wild animals.

Even the Fire Department had a hand in helping with the zoo, said Chief Williams. He recalled that a monkey was furnished by them for the collection.

"However," explained Chief Williams, "our zoo became so big that it was a terrific chore to care for it. In 1928 the City of Sanford took over."

clude the expansion of the zoo so animals in other categories might be added.

Chief Williams said that he had been trying to locate a cheetah to replace one that "we had in the zoo years ago." That cheetah was just as tame as it could be," said the Police Chief.

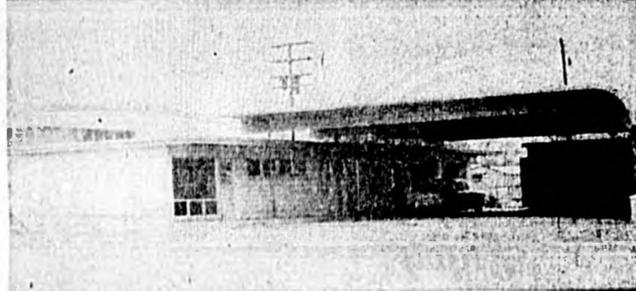

Today, thousands of children and visitors are regular guests at the Sanford Zoo. School children

from nearby communities come regularly to see the collection of animals and watch them cavort in their cages.

The two most popular spots in the zoo are Monkey Island and the Alligator Pen. Most anytime a visitor will find children feeding peanuts to the monkeys or clambering on top of the moat that surrounds the alligators.

TWO NEW BABY CUBS only recently donated to the Sanford Municipal Zoo. Crowds are watching the young cubs grow up at one of Florida's free attractions maintained by the City of Sanford for the enjoyment of children and visitors.

Valdez Hotel Has New Manager

Located right in the center of the shopping area of Sanford is the Valdez. It is convenient to every area of the community serving the traveling public, both visitor and businessman.

The Valdez Hotel is managed by Fred L. Herrmann who took over active management of the hotel on Oct. 1, 1957. Mr. and Mrs. Herrmann make their home in the hotel.

The Valdez Hotel is part of the six-hotel chain of R. C. Boyce in Greensboro, N. C.

The hotels are supervised by Harry S. O'Neal, general manager, of Palm Beach.

Herrmann has been associated with O'Neal in capacities of hotel and property management for the past 30 years.

The exterior of the Valdez Hotel was repainted recently. It is now a pure white structure that can be seen nearly the length and breadth of the city. The downstairs, lobby, Caribbe Bar and Lounge have all been redecorated.

Work has now begun on the redecorating and refurbishing of the upper floors. Corridors throughout the hotel will be done first and then the rooms through out.

Episcopal Church Membership Increases

During the past year, Holy Cross Episcopal Church has shown an increasing improvement in its physical plant, and a growth in membership and attendance at services.

Primary in the focus of additions to the building was the erection of the top of the Church Tower with its illuminated Copper Cross, 8 feet high. This can be seen for blocks around. With the addition of the 12 foot tower, the large bell, Raphael, was named, dedicated and hung. Its deep tones ring out before every service. A tolling clapper has been added so that at funerals and on Good Friday the solemn ringing of the bell may cause everyone to ponder the end of human life on this earth. As John Donne of ancient times has said, "Do not go to see for whom the bell tolls, for it tolls for thee", reminding all of the death of anyone affects all of us.

The tremendous growth of the Church School has made necessary the building of moveable partitions to make temporary classrooms. These large but light-weight partitions were constructed by the men of the church at a "work-party" in the Parish House. They were painted by the women at another "work-party". These moveable partitions are set up each Sunday in the large Parish House and make 6 classrooms. They are taken down during the week.

Attendance at the Family Service has continued to swell, as in the past. Well over 200 people come each Sunday to this one service alone. Special events such as the baptism of children, the installation of parish organization officers, and recognition of community people are generally held at this time.

Just recently the Sanford Fire Department was honored. All off-duty firemen attended the service in a body. Honored in the future will be law-enforcement people, the medical profession, and teachers. It is our feeling that the Church should be the focal point for the community in its problems and in its joys.

Hosting the Diocesan Convention of South Florida is a major step in the life of Holy Cross Episcopal Church. To be host to 1000 delegates and several hundred visitors is a task which will stretch every nerve. The entire congregation will share in the plans. This will be Sanford's first large Convention since the new

Civic Center has been built. The parish will benefit by having the Convention, and the large amount of money which a Convention brings to any town will benefit the economy of Sanford. Estimates place this amount at around \$40,000.

Future plans call for air-conditioning the interior of the Church, painting the exterior of all buildings, and the erection of additional permanent classrooms to take care of our present load.

Also in the planning stage, is the building of an out-door shrine beside the church. This will be a place of quiet and meditation where anyone in town may sit and meditate. An artist is working on sketches for a statue of St. Helena, finder of the True Cross.

The policy of praying for Navy crews whenever a plane flies over the Church and disrupts a service has become S. O. P. (standard operating procedure). As a congregation Holy Cross is glad the Navy is in Sanford. We know that prayer has power, and whenever a plane disturbs our worship, we all stop in the service, bow our heads, and everyone prays a silent prayer for the pilot and crew that they may be safely brought back to the ground. We have publically invited pilots to fly over the Episcopal Church, and we will pray for each one.

The Parish Office has come under the increased program. The Parish secretary now works full-time every day, and handles an increasing load of work. Several new office machines including a folding machine have added to the efficiency of operation.

The music department suffered a loss when the organist and choirmaster left last fall to take larger duties elsewhere. The Church was most fortunate in procuring an Assistant Professor of Organ at Stetson, Mr. Paul Jenkins, to take the post. Under his direction an Advent Cantata with orchestra was presented in the church. Future plans call for similar events and perhaps a religious drama in the church proper.

During this time of growth the spiritual needs of the congregation have not been forgotten. A series of Sunday sermons by the rector in Advent on "last things" created much comment. During Lent there have been visiting preachers from neighboring parishes. A study group for women each Monday afternoon has been well attended, as each seeks to better understand the Christian Faith and the Holy Bible. Clergymen of different faiths have spoken to the Auxiliary and the Men's Club has even considered outer-space and rocket travel. Instruction classes for young and old have resulted in the confirmation of 23 children and adults by the Bishop.

As Christians cannot keep their faith to themselves, or within their parish walls, the congregation takes an active part in the life of Sanford.

The future looks full of hard work and good prospects, while the past has had much accomplishment. Our prayer is that all together we may help build the kingdom of God here on earth.

Interior Of Sanford Public Library Gets Face-Lifting; New Books Added

The Sanford Public Library on Fifth St. and Oak Ave. got a face-lifting this year throughout the interior of the building.

All the floors were sanded and aqua bulbs placed in all the rooms. Even the work room was done over.

The atmosphere in the children's room is enhanced by mobiles hanging from the ceiling depicting many interesting and available stories for the younger set. Tablets are placed in this room so that the children may read in the library. Everything from fairy tales to children's magazines is available.

Something new recently added is the teenage room which contains books on science fiction, young romance, adventure stories, magazines on hot rods, scholastic news and other teenage interests.

A new music set, International library of music for home and studio, has been purchased along with some new adult magazines.

The rooms of the library hold row upon row of books, magazines, newspapers and maps. All the best sellers in both fiction and non-fiction are available to Seminole County readers. Visitors in the area can obtain temporary resident cards so that they may also enjoy this service.

The library, says Mrs. Sara King, librarian, is used by many for reference work. Students from all the county schools as well as pupils from Stetson University in neighboring DeLand come to Sanford to use the "excellent" reference material.

The librarian invites everyone to come in and take advantage of the reading matter available.

Mrs. King is aided by the assistant librarian, Mrs. L. E. Walker and a part-time assistant M.S. Curtis Hughes.

A PORTION OF THE ELK'S CLUB PLAYGROUND maintained for the children of the community. This picture was taken from atop the municipal swimming pool overlooking the playground and Fort Mellon Park. In addition to the playground, there are tennis courts, ball diamonds, Shuffleboard courts, the Sanford Civic Center, USO Club, and Chamber of Commerce, all located within the park area. (Photo by Bergstrom)

Lutheran Church To Observe 5th Year On May 10

The Lutheran Church of The Redeemer has made great strides during its past year.

During the church's second year in its newly constructed building, a choir was formed under the direction of Mrs. Pina Harrison. With fifteen voices, six male and nine female, the choir takes part in each Sunday's services and during special seasons of the year at other services.

The choir is completely robed and has acquired an excellent library of anthems.

"Prayer For The Day," a telephone prayer service furnished by the Lutheran Church of The Redeemer has provided prayers daily for many months. An unusual response has been experienced as many wish to pray for guidance during tense moments. With the privacy of the telephone comfort is given and fears allayed. The service is furnished as a public service and does not include

the church's name when the number is dialed.

Serving as Missionary Pastor at Large with both the Sanford congregation and Eustis congregation, is Rev. Phillip Schlessmann.

Church and Sunday School membership has steadily grown during the past year.

A young people's group has been organized to take care of the growing need for teenage leadership.

The Ladies Aid and Men's Club are both active in the church program for its adult members.

A building program is being expanded with additional buildings for the growing Lutheran congregation.

Also plans are underway and nearing completion for a kindergarten class to begin early in September. Kindergarten Committee members are soon to announce final details of the new program for pre-school age children.

The Lutheran Church of The Redeemer will celebrate its fifth year on May 10 of this year.

Women's Activities in Seminole County

Women in Seminole County have grown in importance just as the county itself has grown in size. Powerful clubs, civic and social, have established a respected reputation for the way in which they set and accomplish their goals.

No matter what her interests, any woman in Seminole County may find her niche. Even if she has never worked with an organized group before she may find herself involved with several in a short time here. The offerings are varied.

Whether she be interested in children, homemaking, business, civic or social affairs, there is a place for any willing worker. Seminole County women enjoy sports, such as water skiing, golf, bowling or tennis. There are many bridge clubs, frequent dances, teas and luncheons for those with more frivolous tastes.

The friendliness for which Seminole County is renowned emanates from its women. Newcomers will find themselves an important part in the community almost before they have become settled. It is our endeavor in this section to impress the reader with the spirit, fellowship and importance to the community of the women in Seminole County.

Mrs. Andrew Bracken and Laura

Bergstrom

Women's Editor

Garden Club Of Sanford Promotes Love Of Gardening And Flower Arrangement

For over thirty-two years the Garden Club of Sanford has been active in promoting the knowledge of flowers, shrubs and trees, and the love of gardening. Between three and four hundred women are organized into thirteen Circles which have monthly meetings from October through May. Just as the Navy personnel have played an active role in all civic affairs in Sanford, Navy wives contribute generously of their time and talents to the Garden Club through their group which is called, very appropriately, the Driftwood Circle.

The Garden Club of Sanford belongs to the Florida Federation of Garden Clubs which is divided into Districts which have annual meetings. This brings about the co-ordination of Florida gardeners, and provides channels of communication for the exchange of ideas and information. This year the Club has been under the able direction of the following officers: Mrs. Fred R. Ganas, president; Mrs. Henry Simpson of Geneva, vice-president; Mrs. Irving Pryor, corresponding secretary; Mrs. Karlyle Householder, recording secretary; Mrs. L. E. Spencer of Longwood, treasurer. The business affairs and general direction of the Club policies are carried on through monthly meetings of a Board of Managers which includes not only the officers and chairmen of the Garden Club standing committees, but also the Circle Chairmen.

Three general business meetings a year give the opportunity to conduct the business affairs of the Club, and to feature speakers. In addition, there is the District Meeting which includes the garden clubs from neighboring counties, and enables the local clubs to meet and hear from officers of the Florida State Federation of Garden Clubs. This year Sanford was privileged to be host to District 7.

The meeting was attended by two hundred enthusiastic women representing nineteen clubs from surrounding counties.

As an organization interested in civic beautification, the Garden Club has stimulated interest through many types of activities. Junior Garden Club work is carried on in various grades in the local schools, culminating in participation of children in the Annual Flower Show with attractive displays of miniature diabs and button gardens, as well as unusual ornaments created from native materials.

Articles under the caption "Garden Gate" appears twice a month in the local newspapers and are written by members of the various Circles. They usually include one general article on garden chores for the month and one on a special topic of particular interest to the writer or featuring plants or shrubs in season. The newspaper has also cooperated in featuring a "Garden of the Month" selected by an impartial committee from the Club with representation from local nurseries. The Sanford resident who receives the award proudly displays a sign on his lawn which proclaims his "The Garden of the Month."

Overwhelming support was given to a Landscape and Gardening School which was sponsored by the Sanford Garden Club and the Seminole County Agricultural

For a new flavor in mashed potatoes, use cultured sour cream or meat stock as the liquid.

To keep dirt from sticking to a dustpan wax the pan with a nub rub liquid wax.

and Home Demonstration Agents. Meetings were held every Tuesday night for eight weeks in cooperation with the Florida Agricultural Extension Service, which provided authoritative speakers.

Approximately two hundred men and women attended the weekly lectures which covered the principles of landscaping; the development of a landscaping plan; lawn grasses; maintenance of lawn and garden; propagation of flowers and ornamental plants; insect pest control and the diseases and nematode of ornamental plants.

Club members usually consider the Annual Flower Show featuring horticulture and flower arrangements, as one of the highlights of the year. A Coffee and Fashion Show was combined with the Flower Show this December, and was well attended by residents of Sanford and near-by communities. The proceeds from the Flower Show are to be used for the beautification of the grounds

of the new Civic Center now in process of erection on the shores of Lake Monroe.

While the Club presents the opportunity for members to undertake projects in the interests of the general community, the Circles, having about thirty members each, enjoy more informal monthly meetings to discuss the many topics pertinent to gardens and gardening techniques. As a means of learning by doing, workshops are frequently set up to learn how to decorate for special occasions, to create corsages from lovely flowers, and to make arrangements of flowers or dried material, featuring driftwood and native plants. Typical monthly meetings have included programs on conservation, native plants and shrubs, wild flowers, flowering trees, palms and many bulbous plants, just to mention a few. Occasionally a Circle may sponsor a large meeting open to the other Circles in order to share a special speaker. Gardeners love to share their

gardens in a very real sense, and there are frequent plant exchanges between members and with their neighbors. This love of sharing the gifts of nature extends to the responsibility which individual Circles take in placing attractive flower arrangements or plants each month in the local hospital, and special small arrangements for the trays of hospital patients to commemorate holidays during the year.

It would be difficult to mention all the pleasures and benefits derived from Garden Club membership, as the interests of the gardeners are so many and varied. Credit for another successful year must be given to the leadership of the officers and to the devoted work of the membership.

Incoming officers to serve next year include the following: president, Mrs. Volle Williams Jr., vice-president, Mrs. Helen Winquist, recording secretary, Mrs. D. H. Mathers, corresponding secretary, Mrs. James Truitt, treasurer, Mrs. Ray Peck.

WORKSHOPS FOR THOSE who are learning the basic principles of flower arrangement are conducted by more experienced members of the Sanford Garden Club. Here Mrs. George Harden Sr., flower show winner, instructs two members of the Driftwood Circle. Left to right, Mrs. J. W. Hill, Mrs. Harden, Mrs. Carl Tegfeldt. (Photo by Bergstrom)

THE ANNA MILLER CIRCLE is the active counterpart of the Elk's Club. Pictured here are the officers and past presidents. Left to right, Mrs. Garfield Walker, Mrs. W. E. Pratt, Mrs. Irene Kent, Mrs. Martin Dyer, Mrs. A. P. Bowersox, Mrs. Lowell Ozler, Mrs. Christine Blankenship. (Photo by Bergstrom)

Crippled Children's Home Main Project

BY PEGGY HARDIN

The Anna Miller Circle of Sanford was organized in October 1947 by Past Exalted Ruler J. E. Rowland. At the first meeting, the nine charter members were: Mrs. J. H. Truluck, Mrs. J. E. Rowland Jr., Mrs. Harry Kudell, Mrs. Gene Walter, Mrs. Leo Butner, Mrs. Jesse Lodge, Mrs. J. D. McNeill, Mrs. Phillip Goodspeed and Mrs. Thelma Butner.

The purpose of the Anna Miller Circle is to promote the Home, which is owned and operated by the Florida State Elks Assn. The Circle is named for Mrs. Anna Miller, who with her husband donated the land and buildings in Umatilla where the Home is now located.

The Sanford Anna Miller Circle was the first organized in Central Florida and the members have helped to organize many other circles in this area. Their installation service has been used for a model by many other circles.

Every year, the Circle gives the Harry-Anna children each a Christmas gift and the Home itself is given equipment which it needs. In 1952, the Circle bought a mixer and an electric exerciser at the cost of \$300. In 1953, the Circle spent \$840 on 14 sets of flame-proof curtains for the Elks' Club building and cubicles, and also purchased a \$500 Trust Fund Bond for the Home. These are just two exam-

ples of the Circle's contributions to the Home.

The Circle has wide-spread interest in the youth of our community and for many years sponsored a girl to Girl's State. They have also sponsored a Brownie Troop, been Senior hostesses at the U. S. O. and assisted the Elks with their annual Christmas party for underprivileged children.

The women of the Circle have taken an active part in community projects and have donated their time and money for such activities as Red Cross, Cancer Drive, Mental Health Assn., Dental Clinic, Mothers March of Dimes, T. B. Assn., and other agencies as well as contributions to fire victims and needy people who need supplies to go to the hospital. They have also sponsored floats in the parades on Christmas and Armed Forces Day.

In order to finance all the activities of the Circle, many money-making projects are carried on during the entire year. Some of these projects have included: dinners, dances, box socials, barbeques, floor shows, bazaars, and many others.

The Anna Miller Circle has helped the Elks in their improvement and beautification of the Elks' Club building and grounds by buying new furniture, draperies, and mirrors for the ladies lounge and by rede-

corating the foyer of the club.

The Circle was responsible for landscaping and placing the shrubbery around the building. They have also assisted the Elks in the beautification of the Elks playground adjacent to the City swimming pool.

The foyer has been named the Mickey Boyce foyer in memory of Mrs. J. Clifford Boyce. A mounted plaque is a reminder to all Elks and Circle members of her years of service and loyalty. It was largely through her efforts that the redecoration was made possible.

One of the purely social activities of the Circle is the Annual Christmas dinner for the Circle. Between 200 and 300 attend this affair each year and gifts are exchanged during the evening. One other social event was the Past Presidents' dinner at which time the honorees were presented necklaces with the past-presidents' crest.

The Circle tries to visit the Harry-Anna Home as many times as possible during the year. The new members are encouraged to visit the Home as the welfare of the children there is the primary concern of the Circle.

BETA SIGMA PHI members chat together during a recent tea given for rushees of the sorority. They are members of the Gamma Lambda Chapter. Left to right, Miss Sonja Monforton, Mrs. Herbert Stenstrom, Mrs. Ralph Cowan Jr., Mrs. Robert Cushing. (Photo by Bergstrom)

Beta Sigma Phi Chapter Combines Fun And Charity

By Evelyn Cushing
Gamma Lambda Chapter of Beta Sigma Phi Sorority has over 35 local active members. It is one of 60 chapters in Florida and 3,600 chapters throughout the world, made up of every nationality. The comparatively young sorority was founded in 1921 in Abilene, Kan., by Walter W. Ross. It is a non-academic sorority created for young women in search of cultural and social activities, and a wider view of the finer things in life. Under the sponsorship of Walter W. Ross and Company, Inc., which acts as business representative, guarantees its international financial obligations, and directs the founding of new chapters, the organization has grown into the great international sorority it is today.

One of the most outstanding projects of the organization is the International Endowment Fund, established in 1947, which has since that time, supported the work of Dr. Margaret Kelsall and Dr. Edward Crabb, two outstanding scientists in the field of cancer research at the University of Colorado. In 1951, the International Loan Fund was established for the benefit of the members of the Sorority. The Torch of Beta Sigma Phi, the official magazine of the sorority, was first published in 1932 as a

Rebekah Lodge Has Educational Fund For Children

Seminola Rebekah Lodge No. 43 was organized April 16, 1916 with twenty charter members. Of the original group, Mr. and Mrs. Byron Squires are still active. The meetings are held the second and fourth Thursday of every month at 8:00 p. m. in the I.O.O.F. Hall.

Rebekahs from other states are always welcome and are frequent visitors.

The Rebekahs and Odd Fellows maintain a home for the aged in Gainesville. They also support an educational fund from which children of Oddfellows and Rebekahs may borrow.

An officers club, the F.L.T. Club, was organized in March, 1952. They meet the third Tuesday evening of every month. There is also a Past Noble Grand Club which meets every fourth Tuesday. It was organized in 1948.

Present officers of the lodge are: Eileen Hector, noble grand; Emily Jameson, e-grand; Mrs. Mildred Squires, recording secretary; Mrs. Evelyn Hoohehan, financial secretary; Mrs. May Rubow, treasurer; Mrs. Henrietta Raines, past noble grand; Mrs. Edna Landress, warden; Mrs. Mae Myers, conductor; Mrs. Louise Long, Chaplain; Mrs. Bertha Snyder, musician; Mrs. Eva Beckham, color bearer; Mrs. Minnie Ewan, R. S. N. G.; Mrs. Ethel Williams, R. S. N. G.; Mrs. Mary Jameson, R. S. N. G.; Mrs. Nellie Fuzell, L. S. V. G.; Mrs. Leona McLain, inside guard; Mrs. Vivienne Anders, outside guard; Mrs. Norma Kyle, Mrs. Eva Williams, Mrs. Teer Boyette, Mrs. Annie Thomas, altar bearers.

Gamma Omega Chapter Forms

A local chapter of the International Sorority of Epsilon Sigma Alpha received its charter here last fall and has been named Gamma Omega.

The meaning of Epsilon Sigma Alpha, as translated from the Greek, is "pursuit of learning." It was founded May 1, 1929, and was incorporated in Missouri.

ESA, which has its international headquarters in Loveland, Col., has as its slogan "All for one, one for all!"

The sorority colors are blue and gold, the blue signifying fidelity to purpose and loyalty to ideals and the gold is symbolic of achievement reflecting the everlasting. The flower is the yellow Forsythia and the name of the official magazine published monthly is "The Joquill of ESA."

The object of the Gamma Omega chapter is to unite congenial young women to the community for purposes of friendship and educational development and for participation in the International Sorority of Epsilon Sigma Alpha and to encourage friendship and fellowship through sorority affiliation.

To promote cultural and intellectual development through constructive reading and membership association. To participate in local and international philanthropic projects. To accept and carry out the educational program as outlined and adopted by the International Executive Council and to do generally any and all such things as may be necessary in the fulfillment of the purposes of the International Sorority of ESA.

Playground of ESA is a summer camp at a Colorado ranch for members and guests only. For a nominal fee covering room and board an ESA girl may spend her vacation for as long as her reservation requests.

RAINBOW GIRLS observe their ceremonies in formal gowns. Each applicant must be a member of the Eastern Star or Masons. Left to right, Carol McNeil, Worthy Associate Advisor, Peggy Lundquist, Worthy Advisor, Jane Williams, Charity, Shirlene Shepard, Faith, Carol Lee Ellison, Hope. (Photo by Bergstrom)

Order Of Rainbows Explained

By Kathleen Reynolds
"She's a Rainbow Girl." What does this mean? It signifies much in the 42 states and 14 territories and countless overseas in which the Order of the Rainbow for Girls is organized.

It means that this particular teenager belongs to an organization of 30,000 active and 80,000 majority or alumnae members. All of them are pledged to strive for the high ideals of love and service taught in the Bible.

Rainbow is sponsored by members of the Masons and Eastern Star. It is no long-faced order attempting to make teenagers act like adults. Rainbow is full of life, color, and youthful gaiety. While it has its serious, ritualistic side, there are also parties, dances, picnics and other social gatherings.

In ceremonies, Rainbow offers much to the 12 to 20 age group eligible to belong.

Daughters of Masons or Eastern Star members may join the Rainbow Girls. The doors of the order are open to, friends of members, even though they have no Masonic relations.

Each applicant must be recommended by a Mason or Eastern Star. The Rainbow ritual was written by the Rev. W. Mark Saxon. On April 6, 1922, the first Rainbow Assembly was organized in McAlester, Okl. Sanford Assembly No. 23 was organized in 1947 with

60 charter members. In 1948 the Assembly received its permanent charter. At present there are 79 members.

Ideals embodied in the Rainbow ritual are belief in the existence of a supreme being; acceptance of the truths of the Holy Bible; a striving to achieve dignity of character, an appreciation of the higher things of life; effective leadership; church membership; patriotism; cooperation with others; love of home, and above all, service to humanity.

On her twentieth birthday, a Rainbow member becomes a majority member. Many then join the Eastern Star, if they have the proper Masonic affiliations. As an Eastern Star member they may continue to serve in Rainbow as Mother Advisor or Advisory Board members, if elected to these offices.

What do these older girls think of the value of Rainbow? They say it has given them the ability to speak in public without embarrassment. They have learned the rules of order and know how to preside over meetings. Ideals have been instilled in them which they bring to their careers as homemakers; loyalty to family, consideration of others, and a sense of civic responsibility.

Above all, these former Rainbows say that the order has given them a religious training that they value highly. They have also made life long friends among the girls and adults who help them with their activities. In short, they love Rainbow.

NEWLY FORMED Gamma Omega Chapter of ESA meets to discuss plans for future activities. Left to right, front row, Mrs. W. R. Jennings, Miss Lois Barineau, back row, Mrs. Ann Stevens, Mrs. Eugene Estridge, Miss Patty Walker, Mrs. Ernest Cowley, Mrs. Jack Schirard, Miss Barbara Flynt. (Photo by Bergstrom)

Home Demonstration Agent Stimulates Interest In Clubs

Home Demonstration Clubs Are Important In Seminole County

SANFORD HOME DEMONSTRATION CLUB

Soon after Miss Josephine Boydston came to Seminole County as the first Home Demonstration Agent, she organized Home Demonstration Clubs. The first group to be organized was the Sanford Home Demonstration Club. The ladies met with Miss Boydston at the Forest Lake Hotel — now Mayfair Inn — and organized a club with Mrs. E. D. Rinehart as president, and Mrs. Tony Pichford as Vice president. Twenty of thirty women were present.

The first project was home canning under the direction of Mrs. H. A. Howard, in a house located on West First Street. In the Fall, Arts and Crafts was the project. The first money making effort was a supper featuring all home grown products, with Mrs. Clifford Proctor chairman of the supper and Mrs. W. B. Brinson chairman of decorations. Colary was the main item used in the decorations, which proved to be attractive and different.

Among the charter members were Mrs. E. D. Rinehart; Mrs. Tony Pichford; Mrs. Roy Tillis; Mrs. S. C. Dickerson; Mrs. Clifford Proctor, her mother Mrs. Eunis; Mrs. Rex Packard; Mrs. Alice Harvey; Mrs. Bob Peurifoy; Mrs. Francis Bois; Mrs. Sadie Galt; Mrs. Herbert and Mrs. W. H. Harrison.

The Sanford Club has remained active through the years, with its est. always centered around home-making. At the present time Mrs. C. M. Flowers is serving as president; Mrs. John Callahan, Vice president; Mrs. J. L. Clark, Secretary; and Mrs. H. J. Finch, Treasurer. Colary was the main item used in the decorations, which proved to be attractive and different.

The officers are: president, Mrs. Richard B. Forbes; Vice president, Mrs. Howard Green; Secretary, Mrs. E. A. Myers and treasurer, Mrs. Malvin Dekle.

The club is happy to welcome new members. Meetings are held the fourth Thursday each month at the Community Center, 401 E. 25th Street, Sanford.

The charter members are: Mrs. Mary Cook, Mrs. N. R. Dekle, Mrs. Terry Fay, Mrs. R. B. Forbes, Mrs. John Griffin, Mrs. Howard Green, Mrs. Richard Gamble, Mrs. William Henaley, Mrs. Dora Lee Har-

per, Mrs. Joseph Krug, Mrs. John Kennedy, Mrs. Olan Lay, Mrs. Mary Lumpkin, Mrs. R. W. Lippincott, Mrs. Joe Muse, Mrs. E. A. Myers, Mrs. Pat Myers, Mrs. Mary Mahany, Mrs. Allison Rollins, Mrs. Gloria Wigton.

OVIEDO HOME DEMONSTRATION CLUB

The Oviedo Home Demonstration Club was organized in May 1937 at the home of Mrs. Elbert C. Cross under the name of Lake Hayes Home Demonstration Club. There were seven ladies present, six of whom are charter members.

The six charter members are: Mrs. W. P. Carter, Mrs. Elbert C. Cross, Mrs. William W. Dietrick, Mrs. Robert E. Lee, Mrs. W. V. Swenson and Mrs. W. G. Weirmon.

At the present time there are thirteen members in the club. They meet on the second Monday of the month at members' homes. The name was changed to Oviedo Home Demonstration Club to avoid confusion as to its location.

The officers of the club are: President, Mrs. Elbert Cross; Secretary, Mrs. Lynn Mosler; Delegate, Mrs. W. P. Carter.

LAKE MONROE HOME DEMONSTRATION CLUB

The Lake Monroe Home Demonstration club was organized in 1931 under the supervision of Miss Josephine Boydston, Home Demonstration Agent. Mrs. J. C. Walters was our first president. We held our first meeting in the auditorium of the Lake Monroe school. Later we began to have our meetings in the home of the members — this we still do.

Our charter members were: Mrs. S. E. Norwood; Mrs. C. H. Giles; Mrs. H. A. Goodspeed; Mrs. J. C. Walters; Mrs. H. D. Bass; Mrs. H. C. Swagerty; Miss Clara Swagerty; Mrs. Emil Kaeferman; Mrs. Guy Stafford; Mrs. H. E. Hamilton; Mrs. E. H. Doyle; Mrs. J. P. Greer; Mrs. J. J. Hogan; Mrs. W. W. Stannard; Mrs. Gusie Walters; Mrs. Ed Oblesky and Mrs. J. H. Tindel. Other members, now deceased were Mrs. Mary P. Brant and Mrs. L. B. Mann.

At present we have a membership of eighteen, and one of our latest projects has been to furnish games and some equipment for the young people of the Lake Monroe Baptist church.

Mrs. Annie McArthur is our president for this year. Mrs. J. H. Tindel, one of the charter members, was 4-H Girls' Club leader for the first six years after its organization.

LAKE MARY HOME DEMONSTRATION CLUB

Lake Mary Home Demonstration club was organized in 1949 with the ladies meeting in the Chamber of Commerce building. This building is still being used for the monthly meetings. Regular meeting data was the fourth Thursday each month. The meeting date was recently changed to the second Tuesday each month.

The club members meet in the morning and have a covered dish luncheon. After lunch the business meeting is held, and a demonstration on some selected project is given by the club chairman. We usually invite at least one special guest who brings interesting highlights to the meeting.

We participate in health education and in all county activities on health programs. "Weight Control"; "Good Grooming"; the importance of making a will; home improvement—interior and exterior; "furniture selection" and "Good Bye Mr. Itch."

Workshops have been held on shell craft; pictures, using dried material; sandwich tier trays; Christmas decorations; Cakes decorations; Jelly making and Sealod Cookery. A workshop on "Outdoor Cookery" was recently held.

The officers of the club are: President, Mrs. Olan Boutwell, 1st Vice president, Mrs. Charles Kinser; Secretary, Mrs. Leon Taylor; Treasurer, Mrs. J. H. McLaughlin; Delegate, Mrs. W. M. Heinicke; Alternate Delegate, Mrs. Carl Moss.

GENEVA HOME DEMONSTRATION CLUB

The Geneva Home Demonstration club was organized in September 1934 with Mrs. Endor Curlett (now Mrs. Charles H. Cole) as its first president.

In fact, charter members insist that the history of the Seminole County club began in the thoughts of Mrs. Cole for it was through her efforts that an appropriation was secured and an agent appointed for the county. Serving also as the first county president, she acted as mentor and guiding spirit during those black depression days when money was

a scarce item; when the conservation of food was of vital importance and when do-it-yourself projects were a necessity rather than a hobby.

Other charter members who acted as leaders in this challenging and intensive club work include Mrs. W. V. Wainson, Mrs. Grover Lofble, Mrs. J. W. Yarbrough, Mrs. J. C. Bills, Mrs. T. W. Prevat, Mrs. A. M. Moran, Mrs. Tommy McLean, Mrs. Calvin Oldham and Mrs. Hazel Flynn.

Reflecting the tenor of the times (Oblimers recall) projects included meat and produce canning, up-holstering, wool carding and dress-making usually from feed bags, which incidentally could be bought for 10¢ a bag.

The 4-H committee too, under the leadership of Mrs. and Mrs. W. L. Sieg in Geneva are very active in those days and native daughters distinguishing themselves as winners in various fields included Irma Alderman, Virginia Yarbrough and Frances LeFils who won the national award for dress-making at the Chicago convention.

ELDER SPRINGS HOME DEMONSTRATION CLUB

Elder Springs Home Demonstration Club was organized in September 1936, at the home of Mrs. O. P. Wade, under the leadership of Mrs. Ouida Wilson, who was Home Demonstration Agent at that time in the county.

Mrs. O. P. Wade was the first Secretary; Mrs. W. C. Bule, Jr., Secretary and Mrs. P. J. Weber, Treasurer; Mrs. J. P. LaRoche; Mrs. W. C. Bule, Jr.; Mrs. A. E. Dodson; Mrs. C. C. Hanna and Mrs. S. E. Norwood.

Our charter members were: Mrs. O. P. Wade; Mrs. P. J. Weber. At present there is a membership of twenty and the club is active in gardening, canning, clothing, interior decoration of the homes, etc.

Mrs. S. E. Norwood is president this year. Mrs. Carl Bradbury is secretary and Mrs. Robert Bradbury is treasurer.

The regular monthly meetings are held in the homes of the members.

Miss Myrtie Wilson Works With Council

Miss Myrtie Wilson was appointed Home Demonstration Agent of Seminole County in March 1964. She came to the county from Alabama and now really has "Florida Sand in her shoes."

She is busy bringing up-to-date information on Foods, Clothing, Home Improvement—interior and exterior, and other subjects to the many club members.

The past year has been a very active one. The Council meets four times each year; the third Thursday of January, April, June and October, with an extra meeting in May for the County Dress Revue.

At this meeting the dresses judged to be the most suitable in material and pattern—nicely made—in the two groups (experienced sewers and beginners) represent the county at the State Dress Revue in the summer at Gainesville. These ladies are sent by the County Council as their representatives to the State Dress Revue.

The Senior Council is composed of all the Home Demonstration clubs in the County—Chuluota, Elder Springs, Geneva, Lake Mary, Lake Monroe, Longwood, Oviedo.

LONGWOOD HOME DEMONSTRATION CLUB

The scrapbook of the Longwood Home Demonstration Club dates back to 1938. Even before this Longwood women were active in Home Demonstration in this area. Three of the charter members were presented with 25 year certificates in May 1957. They were Mrs. B. R. Gray, Mrs. Hallie Lavigne and Mrs. Mary Duncan.

Through the years the club has met at the Longwood Library. Many interesting projects have been undertaken, always with the homemaker in mind. A few of these are handicraft, sewing, cooking, canning and gardening.

Several ladies who have held offices in the Longwood club have been elected to County Council offices. Mrs. George Otto served as president of the Florida State Council for two years.

SANFORD AND SEMINOLE EVENING CLUB

The Council officers are elected from the officers of the different clubs. While all the club members are members of the Council, only the club officers are voting members. The officers of the clubs are: President, 1st vice president, 2nd vice president, secretary, treasurer, delegate, alternate delegate, achievement day chairman.

The Executive Board meets the first Friday each month. Each club has a representative on the Board. At these meetings plans are made by the Board for the next Council meeting and any other activity participated in by the Council.

In addition to sending one Dress Revue winner to Short Course, the Council sends the Council president and delegate to this meeting. They also send the winners in the 4-H Girls' Club Dress Revue in the Girls' Short Course in Tallahassee in June; contribute to 4-H Camp Improvement Fund and 4-H Scholarship Fund.

The Council is a member of the Federated Clubs of the County. At each of the 4-H Girls' Council meetings the Home Demonstration Council serves refreshments, as the Council sponsors the Girls' 4-H Clubs.

At each Council meeting an interesting program is given—after the covered dish luncheon. Among the subjects this year are: "Weight

Control"; "Safety and Health"; Interior Decorating. At the October meeting short reports are given by the members who attended Short Course in the summer, on the different topics studied.

This year the Council is sponsoring a Joint Dress Revue for Home Demonstration Club members and 4-H Girls. This will be an open meeting and will be held in the evening, April 26 at the Community Center.

One of the highlights of the Council activities this year was the Fashion Show and card party held at the Women's Club September 18, 1957. Proceeds from this project were used to buy curtains for the Community Center.

Auxiliary Saves Hospital \$40,000

By Mrs. R. N. Blackwelder
The Women's Auxiliary of the Seminole Memorial Hospital was organized June 7, 1956 at a public meeting of many interested persons in this type of organization. The purpose of this civic organization is to promote and advance the welfare of the hospital with the approval of the governing board on the two phases: Service and Fund Raising. The membership is open to anyone interested. The two types of membership are "Active" and "Associate" Member. Active membership requires a service of a minimum of sixty hours per year. Associate membership is an interested member in the purpose of the Auxiliary, but does not participate actively unless she wishes to do so without the minimum required hours. At this date the Auxiliary membership is around two hundred.

Persons entering the front doors of the Seminole Memorial Hospital are cheerfully greeted by Auxiliary members working at the Information Desk in the lobby. This phase of work started functioning on the opening of the hospital February 1, 1956 with less than twenty members scheduled and building up to ninety-six. Two members work scheduled hours together: 9:00 AM to 1:00 PM, 1:00 PM to 5:00 PM, and 5:00 PM to 9:00 PM, seven day schedule throughout the year. One is responsible for the desk work, such as giving out to the public condition of patients, keeping an up-to-date file on patients, giving out the newspaper listings on births, admittances and discharges and directing visitors. The other member performs many errands, delivers flowers, messages, answers emergency room bell, collects new admittances to their assigned rooms, delivers hospital printed forms to designated place and in general is a help in many courteous ways.

The Hospitality Shop is for the convenience of the public and hospital staff. A stock of various items are for sale, giving the Auxiliary an income. The Hospitality Shop is open from 9:00 AM to 9:00 PM each day. The Sunshine Committee is a help to patients in any way possible. They deliver the mail, water and re-arrange flowers, help in feeding patients, and assist the nurse when requested. The pediatric patients are their love and inspiration. Each child is presented a "Pinky" puppet. A Sunshine Cart is rolled around the patient's floors once a day with many small items for sale. Books and magazines are distributed for reading. Most of the work of the Sewing Committee is done at home, making and making items that cannot be bought or perhaps cost less in price.

An Emergency Committee is on call in event of a disaster notify the hospital staff and Auxiliary members. A record-keeping system of all books was put into effect. Magazines are distributed weekly in the solarium and waiting rooms. A Scrap Book is kept up-to-date of newspaper pictures and articles of Auxiliary activities. Members of the Auxiliary record their hours of volunteer service, estimated for the past two years at 20,000 hours and an approximate saving in dollars for the hospital of \$40,000.00.

A newsletter is published each month, circulation covering the Auxiliary, Hospital and Medical staff, in order that all may be informed of special events of all components of the Hospital. Fund Raising Projects, a major function of the Auxiliary, have been most beneficial. Recently the second production of Hi Fever Follies was given with a net profit of \$5,232.00. Former projects have been a Harbinger, Cake Mix Sale, Pan Cake Day and a dance. Funds derived from these projects are used for maintenance of present facilities and the purchasing of much needed new equipment. The Family Room was furnished from these funds, a room for persons feeling the need of privacy. Also an Orthopedic Operating Table, Formula Refrigerator, Bottle Washer, Isolette, Compressor, Isolette Rucker, Blood Bank Refrigerator and a HiFi Record Player.

THE HOSPITALITY SHOP at the Seminole Memorial Hospital is manned by members of the Woman's Auxiliary. Snacks, magazines and other sundries are available here for patients and visitors. Patient comforts are supplied by the Sunshine committee. Pictured here are Mrs. Robert Bauman, hospital shop worker, and Mrs. W. E. Gray, chairman of the Sunshine committee. (Photo by Bergstrom)

Episcopal Women Combine Work, Study And Pleasure

The Woman's Auxiliary of Holy Cross Episcopal Church is composed of six chapters which meet in the homes of members. The chapters meet at different times of the day and in the evening to assure a convenient time for all members. They observe devotionals and interesting programs, as well as individual projects. Members are active as Sunday School teachers, in the Altar Guild and the choir. They help maintain the vestments for the junior choir, and assist in reading the children for the morning services. Selling fruit cakes at Christmas time is the main fund raising project for the Auxiliary. Other activities include the chapter study groups, Lenten study groups and the sponsoring of a Korean war orphan. An annual event is the Shrove Tuesday Tea, which this year carried an oriental theme. Members dressed as orientals were interviewed by Rev. John Thomas, and revealed many interesting facts about the eastern way of life. The tea is open to all women in Sanford, and attracts many friends from other churches. During the year the Auxiliary joins with other Sanford women to observe World Community Day and the World Day of Prayer, sponsored by the United Church Women. The program this year has been a fascinating one. At each general meeting members have studied "Comparative Religion" speakers have included the Rev. Joe Courton of the Episcopal Church, Rabbi Maurice Dell, Lt. William Fuller, Navy Chaplain, Father LeRoy Lawson, De Land, and Father John Thomas of Holy Cross.

comfort and hope to all who are in distress of mind or body. Guide us so that we may use the privilege given us to help the aged, the ill and the very young, with gentleness, with discretion, and with earnestness. Give us strength to labor diligently, the courage to think and to speak with clarity and conviction, but without prejudice or pride. Grant us we beseech Thee both wisdom and humility in directing our united efforts to do for others only as Thou would have us do. Amen"

The Hospital Auxiliary prayer expresses the feeling and meaning of this organization. "Almighty God and Heavenly Father of Mankind, bless we pray. These, our endeavors in those hospitals in which we strive to bring

INFORMATION DESK WORKERS at the Seminole Memorial Hospital greet visitors with a cheery smile. Workers are members of the Woman's Auxiliary. Giving information is only one of their many duties. Here Mrs. William Kirchhoff and Mrs. T. F. McDaniel file the condition of each patient. (Photo by Bergstrom)

THE SHROVE TUESDAY TEA went Oriental this year, when members of the Woman's Auxiliary of Holy Cross Episcopal Church used the theme of an Oriental Garden. Left to right, unidentified guest, Mrs. Hugh O'Hara, hostess, Miss Carol Stone, president, Mrs. John Thomas, wife of the rector. (Photo by Bergstrom)

Sanford Story League Serves Community

BY ROSALIE HOLLOMON BECK
The story behind the Sanford Story League is the result of a dream of two marvelous Sanford women, namely, Mrs. E. D. Brownlee and Mrs. E. C. Williams. They had heard of the National Story League and were inspired with the thought of having such an organization in this city. The dream came true. On October 23, 1957, a group of about thirty women celebrated the 10th anniversary of the organization. It was on the campus of a college in Knoxville, Tenn., in 1893 that the first Story League was organized and at the present time it is a National organization. Dr. Richard Thomas Wycle was the instigator of the movement, and was the first President. The Sanford Story League was organized on Saturday, Oct. 25, 1947 at the Mayfair Hotel with Mrs. E. C. Williams as the first President. Past presidents are Vera Williams, Everarae Hubb, Lotie Nix, Virginia Welsh, Hazel Tench, Virginia Roche, re-elected to a second term, Maybelle Maxwell, and Ethel Moore, who was re-elected for a second term. The aim of the League is "To Study the Art of Story Interpretation and to Serve the Community thru the Use of Stories. The religious side of the League uses as its motto a Prayer by Francis Assisi which concludes with this verse, "O, Divine Master, grant that I may not so much seek to be consoled as to console; to be understood as to understand; to be loved as to love; for it is in giving that we receive, it is in pardoning that we are pardoned and it is in being that we are born to eternal life." Junior Leagues were organized in 1955 and lovely Year Books are compiled. The local League meets each 4th Monday evening at 8 P. M. in the Episcopal Parish House at 400 Magnolia Avenue.

GUIDING THE SUCCESS of the High Fever Follies, sponsored by the Woman's Auxiliary of the Seminole Memorial Hospital are these three. Left to right, Mrs. R. N. Blackwelder, president, Mrs. Don Brubaker, general chairman of the show, and Mrs. Chris Carter, director of the Follies. (Photo by Bergstrom)

GIFTS WERE COLLECTED at Christmas time for the mental patients in Florida hospitals by the Xi Beta Eta Chapter of Beta Sigma Phi. Chairman of the drive was Mrs. Vernon Hardin, who is seen here as she places a box in Cowan's Store, with the help of Ralph Cowan Jr. (Photo by Bergstrom)

Xi Beta Eta Chapter Stresses Mental Health In First Year

The Exemplar Chapter of Beta Sigma Phi Sorority was organized in August of 1957. This group is known as the Xi Beta Eta Chapter. To be eligible for this chapter, a girl must have been an active member of Beta Sigma Phi for at least four years and have completed four program books.

The group meets the second and fourth Monday of each month, September through May, in member's homes.

A cultural program is presented at each meeting after the business session. Each member is responsible for a program; she may either prepare her program from the outline in the program book, or secure a guest speaker.

Two of the most interesting programs during the year have been

Mental Health Aid Grows In County

Sanford has heard many things about mental health in the past two years. The Seminole County Mental Health Association was organized in the fall of 1955 by a group of civic minded individuals. This membership can look back on a job well done and a future of projects that can only benefit Seminole County.

Under the leadership of Mr. George Touhy, the first president of the group, the task of educating and emphasizing the need of understanding mental illness was undertaken. The success of this project is presently in evidence throughout Seminole County.

Citizens interested in knowing more about the problems which make mental illness our No. 1 health problem can do so. There is a special Mental Health shelf at the Public Library. The association plans to augment this shelf with the most up to date material available.

In Seminole High School, Mrs. Sidney Ives 111, a member of the association, is active in counseling. She has rendered to the Seminole County Mental Health Association, the service of screening inquiries. Mrs. Ives has an excellent background in this field and a warm and understanding personality, so necessary in this type of work.

Information sheets of interest to the school system are made available to the County Council, or on request to anyone of authority. There is an outlet of material at the Dependents Clinic at the Naval Air Station, covering problems from babyhood to those of teens and grownups. The booklets may be borrowed or ordered. The High School has also cooperated in supplying movie equipment and the students to operate it, whenever an educational film is available to interested citizens.

A long time has passed since the steps of the first campaign for funds. Members of the association can hardly forget the puzzled looks on many citizens as they endeavored to explain the purpose and need for this new civic organization. Now a proud member of the United Fund, this group united with others to save steps and the citizens of Sanford from a "fever of campaigns."

Even a short biography of the association cannot be written without mentioning the four organizations prominent in their support of Mental Health. The Pilot Club, known nationwide and local, the parts of its members, the Mental Health program, has supported the club since its establishment. After tireless efforts on the part of its members, the group once again voted Mental Health as its project for this year.

The Sanford Woman's Club is another public spirited group with a program of office sup-

porting the endeavors of the association. A meeting does not terminate without some mention, education or an announcement, of Mental Health projects.

The Seminole County Association Auxiliary has added in the way of individual efforts on the part of the membership, another feather in the "cap of Mental Health Education."

Recently, the Xi-Beta-Eta Sorority, unit of the Beta Sigma Phi Sorority successfully launched and completed the Christmas Gift Box Campaign for the patients of the Florida State Hospital.

In an endeavor to help those needing aid or psychiatric guidance, a committee of four members of the association set up a Referral System through the County Health Unit, giving the citizens of Sanford a service long needed.

The present slate of officers includes Mrs. H. E. Chapman, President; Sidney Ives, Vice President; R. P. Cooper, 2nd Vice President; Mrs. Stanley Piskorski, Secretary; Mrs. Gustava Bamberger, Assistant Secretary; Mrs. V. C. Messenger, Treasurer.

Mrs. Chapman has already started the year with a slate of proposed activities. She has announced the possibility of a Mental Health worker in Sanford in April. Civic and social organizations have been informed of the progress made by the association in its first project - Education.

The association will also make an endeavor to promote the need of facilities for the mentally ill and ask that they be incorporated in the plans for the new county jail.

Each Beta Sigma Phi Chapter throughout the country nominates a girl for the Valentine Queen Contest. The winners picture appears on the cover of the national magazine, "The Torch". Entry for Xi Beta Eta was Mrs. Vernon Hardin.

The year was started with nine members. During the year two new members and two new transfers have been welcomed bringing the membership to thirteen. The chapter is awaiting the charter from national headquarters in Kansas City, Mo.

Serving as officers are; president, Mrs. Roy Saxon, vice-president, Mrs. J. L. Horton Jr., secretary, Mrs. G. Andrew Speer, treasurer, Mrs. Donald Hales.

30 years in SANFORD... serving Thrifty shoppers

MR. J. C. PENNEY founded our great company back in 1902 and was founded upon a basis of simple, thrifty and easy to live with policies.

As early as 1928 the Penney Company, moved into Sanford not a large spacious store at that time, but bringing the good policies and a store of **FIRST QUALITY MERCHANDISE.**

Since that time PENNEY'S has more than doubled its floor space and has a completely modern and up-to-date Store. Through the years to come, we will continue striving to give the customer his full dollar's value of "first quality merchandise."

This is an inside view of our large-spacious department store where hundreds and hundreds of smart people shop. The interior is a soft pleasing to the eye shade of a green that makes shopping in Penney's a pleasure. You'll immediately like the friendly-sales people, that are ready and willing to help you with your shopping needs.

The Ladies' and Children's ready to wear department is chocked full of bargain ready to wear merchandise.

When in Sanford and Seminole County it will pay you to **SHOP AND SAVE THE PENNEY WAY!** Where Thrifty shoppers everywhere **SHOP.**

Salute To Women Who Have Respect Of Industry

It would be impossible to catalogue here the many occupations of women in Seminole County. They have become increasingly important to the business economy in this area.

We have selected a few of these to show a cross section of professional occupations filled by women in Sanford. Thousands more perform duties vital to the operation of factories, hotels, restaurants, stores and offices, farms and services.

There are several unusual aspects to the working women in Seminole County. Most of them are homemakers, with a husband and children to care for. Many of them are partners, working with or for their husbands.

There are few of the "idle rich" here, as many of the well-to-do have enlisted their wives in their business. Our society pages are full of activities of professional women.

Women own many of the successful businesses in Seminole County. "Never Under Estimate the Power Of A Woman" is the byword here. We salute them for their industry and efficiency. Without "woman power" Seminole County could never have achieved its constant growth and established economy.

(Photo by Bergstrom)

Chief's Wives Plan Social Year

The Members of the Chief's Wives Club at the Naval Air Station are ready to launch another year of interesting and entertaining social events.

Just recently this organization held a most successful "Installation Dance". Newly elected officers are looking forward to a busy six month term. The Club was organized in 1954. An unusual part of club history is that the first club president, Mrs. Russell Spencer, is now a resident of Sanford.

Navy wives rarely are able to enjoy watching a club grow from its beginning into this much maturity.

The Chief's Wives are primarily concerned with undertaking social activities, however, they are active individually in supporting many local civic organizations.

A club dinner is always notable in that it is held at a restaurant known for its excellent cuisine. The cooking abilities of the mem-

bers are not neglected, as they are usually in evidence at buffet dinners held at the Chief's Club.

Future plans are being formulated by Mrs. Wm. Johnson, president and her fellow officers, Mrs. Lou Brinn, vice president; Mrs. Roland DeJong, secretary; and Mrs. Wally Petsch, treasurer.

Membership is open to all Chief's Wives in the area and inquiries from anyone interested in joining are always welcome.

Enlisted Wives' Club Invites Newcomers

The U. S. O. building on most evenings during the month is entertaining the service personnel from the Sanford Naval Air Station. Twice monthly however, only the laughter and voices of young women can be heard. This is the first and third Monday of each month, when the Enlisted Wives Club is in session.

Membership is open to all enlisted wives in the area from Seaman to First Class Petty Officer and many newcomers to the station have found their first note of friendliness when they are contacted by the Reception Committee of this group. The committee invites the newcomer to participate in the club and often supplies helpful information about the City of Sanford.

Navy and civilian citizens of Sanford will remember the cook book compiled by the club, which includes some of the favorite recipes of Sanfordites and Navy wives. The cookbook bears the title "Favorite Recipes of Sanford" which certainly is a compliment to the city and shows how the Navy feels about its citizenry. Another project in many homes is a "Club Calendar." The Calendar lists the interesting community organizations and their meeting times. Local Charities are not forgotten in the agenda of the Enlisted Wives Club. Its members are always available to help a drive to success.

Some of the highlights of past seasons have been the annual membership dinners supplied by the club. Prospective members are tempted into joining the club by a choice of steak or shrimp dinner. Attending a club meeting might serve the same purpose but it certainly is a compliment to the new member and shows how interested the group is in making friends. A Pot Luck Dinner is always well attended and thoroughly enjoyed by the members and their husbands. Very successful board assumed office in January.

VFW AUXILIARY OFFICERS meet to discuss plans for their activities. Left to right, seated, Mrs. A. P. Bowersox, sec. and treas., Mrs. Betty Smith, Pres. Standing, left to right, Mrs. George Burger, historian, Mrs. Margaret Dillard, chaplain, Mrs. H. C. Disbrow Sr. vice-pres., Mrs. Eva Wynne guard, Mrs. Ruth Smith, trustee. (Photo by Bergstrom)

V. F. W. Auxiliary Provides Aid

The V. F. W. Auxiliary of Post 1352 was organized in 1954. It now has 39 members. Elizabeth Smith is President, Evelyn Disbrow, Jr. Vice President, Virginia Bowersox, Sec. and Treas., with Margaret Dillard as Chaplain, and

Eva Wynn as Guard.

The purpose of the Auxiliary is to help Veterans in V. A. hospitals with things the V. A. does not provide, such as gifts and favors on holidays; also lap robes, dirty bags, scuffs, which are made by the women in the Auxiliary — and

to help needy veterans of the community. At the present time they are making baby clothes for the Welfare Agency — have been active in the T. B. Association, the U. S. O. and help needy persons through the Salvation Army.

O. W. C. Aids Local Charities And Plans Social Activities

The Officers' Wives Club of N.A.S., Sanford offers the opportunity, through varied social activities, for wives of commissioned

officers to become acquainted. Activities are held monthly and are varied according to the desires of the organization. Under the leadership of the president, Mrs. I. M. Rowell Jr., the club has planned the following activities for the coming six month term: a membership coffee in February to welcome new and old members; a fashion show and luncheon on March 24; a benefit card party in April with proceeds going to the Primrose School; a dinner dance in May and an outdoor barbecue in June.

This club contributes money each month to the support of the Primrose School for retarded children in Orlando. It aids local charities insofar as funds are available and helps the Navy Relief when necessary. Last year the club, with the cooperation of Chaplain Fuller, helped area Navy wives form a

Fleet Reserve Auxiliary Brand New

The Ladies Auxiliary of the Fleet Reserve, Unit 147, sparkles with newness. A visit from National Fleet Reserve dignitaries at the installing and installation ceremony held recently, is still bright in the minds of its members.

As a part of a national organization, many of the standards embraced by each unit are set up by the "Mother" organization. The National Ladies Auxiliary of the Fleet Reserve is known every where for its great work in aiding, promoting, and assisting in all matters pertaining to welfare, social and patriotic work.

Membership in any Unit of the Ladies Auxiliary is limited to the wives, mothers, sisters and daughters, not more than 66 years of age, of the members of the Fleet Reserve Association and widows of Fleet Reservists, Fleet Marine Corps Reservists and retired enlisted men of the United States Navy and Marine Corps.

The club year ends in April. The present slate of officers includes: Mrs. Harold Sundvall, President; Mrs. William Johnson, Vice President; Mrs. Jack Hippi, Secretary; and Mrs. John Carey, Treasurer. These ladies will have established a solid foundation for those following in their footsteps.

Future plans for the club include a program of charitable work, social events, and participation in patriotic work. Many of the social functions will be a joint endeavor with the Fleet Reserve Association, Unit 147.

Prospective members, who are eligible, would find it enjoyable to attend a meeting and consider joining this newest service center. An adroit incentive to prospective members might be the knowledge that many projects are forwarded to the National Organization for national recognition.

RECENT INSTALLATION of officers of the Fleet Reserve Auxiliary took place at the C.P.O. Club. Left to right, seated, Mrs. Clelia Carey, treasurer, Mrs. Margaret Johnson, vice-president, Mrs. Marie Sundvall, president, Mrs. Marie Hippi, secretary. Standing, Jack Hippi, pres. Branch 147, Mrs. R. E. Hopkins, reg. vice-pres., Wilson Sanderfer Jr., past pres., Mrs. Sanderfer, reg. pres. (Staff Photo)

THE EXECUTIVE BOARD of the Officer's Wives Club enjoys coffee after a recent meeting. Each unit on the Sanford Naval Air Station is represented in this club. Left to right, Mrs. William Crawford, Mrs. Rupert Le-

gare, Mrs. Donald Runyan, Mrs. I. M. Rowell Jr., Mrs. H. H. Osborne, Mrs. James Shaffer, Mrs. David Cumming, Mrs. Floyd Harris. (Photo by Bergstrom)

Florida Women's State Golf Tourney To Be Hosted By Sanford Association

Seventy-one members now comprise the Sanford Women's Golf Association. The organization has grown almost double within two years, and has become a powerful voice in community sports.

Any woman golfer who is a member in good standing of the Mayfair Country Club may join. Weekly tournaments have been planned for Wednesday, in which all members may participate. Four classes divide the golfers with prizes awarded each week for the winner in each class, giving even the beginner an opportunity to win.

Several times a year tournaments are held with male golfers of the Country Club. These may be either husband and wife, partners drawn from a list, or paired by a special committee. Handsome prizes are given to the winners at the barbecues and parties which follow at the Club. At the end of the year, a banquet is held. At this time the club championship trophies are presented, as well as those for special tournaments.

The Dot Powell tournament is an annual match, sponsored by one of the most ardent woman golfers in Seminole County. The Kader tournament is sponsored by Kader Jewelry Company. The Navy wives also sponsor a tournament for civilian women.

Throughout the year, ringer tournaments are run for the benefit of those who wish to see how good a score they can possibly get. A traveling monthly prize is awarded to the person who has won it three times. Gift certificates are awarded winners of the ringer before the beginning of the next tournament.

Monthly luncheons are held by

the Association at the Mayfair Country Club. At this time members hear suggestions from the advisory board and reports from officers and chairmen. Prizes are awarded for the weekly tournaments by the trophy chairman. The business meeting is held promptly, so golfers may return to the fairways in minimum time.

This year Sanford will host the Florida State Women's Tournament April 8 to 13. Several hundred women from all over Florida will compete for the championship. With the co-operation of

Frank Mebane, manager of the Mayfair Inn, an appealing social schedule and comfortable accommodations have been arranged for the out-of-town golfers.

Perhaps the most outstanding feat of the year occurred when a member of the Association shot a hole-in-one. Mrs. John Crawford became the first local woman golfer to achieve this honor.

The Sanford Women's Golf Association offers inexpensive membership in an active club. The accent is on fellowship, fun and good golf.

Members point with pride to the way they assist annually in the San Francisco Giants \$15,000 P. G. A. Open tournament. The women man the gates, sell tickets, register the golfers and offer information to not only the contestants, but also the thousands of spectators who flock to Sanford for the famous tournament.

Classes for beginners and refresher courses are offered several times a year, under the instruction of Mario Carfagno, the club professional.

JayCee Wives Form New Club

The Sanford-Seminole County JayCee Wives Club is a newly organized group dedicated to the promotion of civic co-operation and the improvement of the community.

A membership drive is being planned at this time. During the first year, the club will mainly assist the JayCees with their projects, but hope to find at least one of their own to support.

Regular meetings will be held the second Tuesday of each month at the Home Demonstration Center, until the completion of the new civic center. All wives whose husbands are members in good standing of the Sanford-Seminole County Junior Chamber of Commerce are invited to join.

Officers are: president, Mrs. Elva Crittenden, vice-pres., Mrs. Dickie Bratzel, parliamentary, Mrs. Darlene Tye, secretary, Mrs. Mary Lou McDonald, treasurer, Mrs. Jane Keating, historian, Mrs. Virginia James, directors, Mrs. Jane Pruitt and Mrs. Betty McKee.

PLANNING A MEMBERSHIP party are these JayCee Wives, who are of the planning and membership committee of the Sanford-Seminole County JayCee Wives Club. From left to right, Mrs. Sally Wight, Mrs. Peggy Slayton, Mrs. Irene Harris, Mrs. Brumley. (Photo by Bergstrom)

Sandspurs Bowling League Was Formed Here Last September

Organized women's sports in Seminole County are becoming more and more popular. One of the more active of these clubs is the Sandspurs Bowling League which was formed last September.

The Sports Page of the Sanford Herald weekly carries a report on winners, and while many of the bowlers are new to the game, their enthusiasm has resulted in a growing membership. Women bowlers are invited to join the league and participate in the weekly games. Teams are sponsored by local business firms.

The Sandspurs Women's Bowling League is now going into its sixth week of the second half.

Last month, at Spencer's Restaurant, the league held its Luncheon Awards were presented to the winners of the first-half season by Mrs. Pat Foster, president.

The team of EOGHANYVIOLA KENNELS took top place with thirty-eight games won out of a possible sixty. The ladies making up this proud team are — NAOMI JACKSON, LUCILLE HARRIS, JANE PRUDEN, PEGGY RUSSELL and ALBERTA SHAW, who is team captain. The ladies were each presented with a lovely trophy and a chevron declaring them a 1937-38 champion. Sponsor of EOGHANYVIOLA KENNELS is

MRS. HAROLD H. KASTNER, who is also a member of the league.

Second place was copied by Robinson's Sporting Goods with 35 wins, third went to the Hollywood Shop with 31 wins, and Leary's and Wilson's Diner and Rollins' Hobby Shop tied for fourth with 26 wins to their credit. And last, but trying all the way, was Harriet's Beauty Nook with 21 wins.

Individual Trophies were awarded also to the following: LILIAN DONAT, for high average of 148. EVE ROGARA—for high game scratch of 474—SARA SUGGS—for high series handicap of 533.

Now in the second-half after the fifth week, Hollywood Shop and Robinson's Sporting Goods are tied for top spot with 13 wins and 7 losses. Close behind is Rollins Hobby Shop with 12 wins and 8 losses. Another tie is held by Harriet's Beauty Nook and Leary's and Wilson's Diner for third with 8 wins and 12 losses. The Kennels have 7 wins and 13 losses.

The SANDSPURS LEAGUE would like to extend many thanks to the Team Sponsors. We are grateful for your sponsorship and cordially invite you to attend our Bowling Matches, held every Tuesday at 7:30 p. m.

The Sponsors for the teams are: EOGHANYVIOLA KENNELS, ROBINSON'S SPORTING GOODS, HOLLYWOOD SHOP, HARRIET'S BEAUTY NOOK, ROLLINS' HOBBY SHOP and LEARY'S & WILSON'S DINER.

B. P. W. Active In Sanford

The Sanford Business and Professional Woman's Club is dedicated to promoting the interests of business women. A National Federation, the Florida State Club boasts 103 clubs and over 5000 members.

Here in Sanford members of the B. P. W. hold regular meetings. They arrange functions which improve their skills and maintain a dental clinic for children whose parents cannot afford dental care.

Through interesting programs the business and professional women familiarize themselves with the community and the part they can play in its improvement. They are ardent workers in civic projects.

Main objectives are the elevation of standards for women in business and professions, the promotion of interest in those women, and establishment of a co-operative spirit among them. Education is offered in scientific, industrial and vocational activities.

During the annual B. P. W. Week, held in September, local business women were given time (by generous employers), to attend luncheons, take a tour of Pinecastle Air Force Base and join the Orlando Club for a banquet and program.

To draw a pattern, such as a heart, on a soft cake frosting, dip the paper pattern in water and trace the outline with a toothpick dipped in food coloring. The paper will not stick.

AN EXCITING MOMENT is captured when Mrs. Earl Higginbotham (left), president of the Sanford Women's Golf Association, presents a gift to Mrs. John Crawford for her "hole-in-hole" at the Mayfair Country Club. Mrs. Crawford is the first local woman golfer to achieve this distinction. (Photo by Bergstrom)

Mutual Concert Association To Use Civic Center

Of interest to theatre lovers is the selection of professional entertainment brought to Sanford by the Mutual Concert Association.

Three or four programs are annually presented here, this year on the stage of Pinecrest School. Next year the Association will use the spanking new civic center, now almost completed.

On December 3, Gerson Yeselin, concert pianist opened the season with an evening of delightful classics. The Village Players came next, followed by the Little Chorus on January 24. Last week, the Grass Roots Opera Company brought their production of "Rosalinda" to Sanford.

Tickets are purchased through members of the Mutual Concert Association, which is a non-profit organization. In the past year, members were given an opportunity to choose the talent they wished to see from a large selection. President this year is Dick Aiken. Responsibility for selling memberships, and providing ample publicity rests with the Association and its officers. They also make arrangements for housing, ushers and programs. Enthusiastic members are always welcomed.

Newcomers Club Sponsored Here

The first Welcome Wagon Club of Sanford was organized in September 1936, in the Civic Center on East First Street, with twelve prospective members attending. The Club met at 8:30 in the morning, the last Wednesday of each month. Refreshments were served at the end of the meeting and a name was drawn for a door-prize. The first president was Mrs. Thelma Holland; vice-president, Mrs. Priscilla Talley, secretary, Mrs. Rita Bauer; treasurer, Mrs. Edna Parker; entertainment chairman, Mrs. Charlotte Barber and corresponding secretary, Mrs. Jan Wray. A chicken-barbeque was given at the Yacht Club with husbands of the members and sponsors of Welcome Wagon, and their wives, as guests. A needy family of the community, was given gifts of food and clothing by the club members as their civic project.

New officers are installed every six months, so that more of the members may participate in the running of the club, and the second group to serve were, president, Mrs. Kay Gould; vice-president, Mrs. Marlene Donovan; secretary, Mrs. Anna Arnet; treasurer, Mrs. Evelyn Mohler and corresponding secretary, Mrs. Betty McAllister. During the terms of these officers, another needy family was given assistance and a chicken-barbeque was given at the home of Ruth Gallagher, the Welcome Wagon hostess, on Father's Day with husbands and children as guests. Meetings during the summer months were held at night, in the Civic Center, with covered dish suppers and cards with the husbands as guests.

With the September 1937 meeting the club had changed to a luncheon meeting beginning with cards at 10:30 in the morning, with prizes for the winners and a door-prize at the end of the business meeting. This third group of officers serving are: president, Mrs. Marlene Donovan, vice-president, Mrs. Doris Holcomb; secretary, Mrs. Dorothy Bernosky; treasurer, Mrs. Evelyn Mohler; and corresponding secretary, Mrs. Grace Keek. The Christmas holiday party this year, was a dinner party with husbands and the Welcome Wagon Club in DeLand. Plans are being made for trips, later in the spring, to places of interest in Central Florida. The club raises the money for the parties by having White Elephant and bake sales. Any recipient of a Welcome Wagon call, both newcomers and baby calls, may become a member of the Welcome Wagon Club. The object of the club is to help its members meet and make friends in Sanford. Those who do not play cards can bring handwork to the meeting or just visit with the others. At some of the meetings members will roll bandages for the Cancer Supply Room and interesting guest speakers will be invited. We also hope that some special interest groups will be started to meet between the regular club meetings.

The wives of all sponsors of Welcome Wagon are cordially invited to become honorary members of the club.

You will know your Welcome Wagon Hostess, as she carries a decorated basket of gifts she brings from the progressive merchants and business men of Sanford. She has information about your community and is available for any help you might need in becoming adjusted to go the newest member of your family, the new baby.

Mrs. Sara Bonner is the baby caller hostess and Mrs. Ruth Gallagher is the Sanford hostess making calls on newcomers. Welcome

MONTHLY LUNCHEONS are part of the program in the Newcomer's Club. An election was held recently during this luncheon. Left to right, standing Mrs. Ann Sleszkowski, new vice-pres., Mrs. Anna Arnet, new pres., seated, left to right, Mrs. Evelyn Mohler, former treasurer, Mrs. Marlene Donovan, former pres., Mrs. Grace Keek, new corresp. sec., Mrs. Doris Holcomb, former vice-pres., Not in photograph, Mrs. Dorothy Bernosky, former sec., former sec., Mrs. Helen Blich, new cor. secretary.

Casselberry Women Build Clubhouse

By Mrs. Raymond Morris

CASSELBERRY—Homemakers and clubwomen abound here. Constant efforts to beautify their naturally shaded homes with velvety lawns, beautiful flower gardens and a variety of shrubs occupy much of their leisure time.

For greater diversion and, on a community scale in cooperation with many of their townfolk, the women work as an organized group in a Federal Women's Club. Through it the women sponsor civic beautification projects, help establish scholarship funds, assist their menfolk in community projects, provide entertainment programs, and social affairs for the general public.

Not the least among the varied activities is the welcoming of new families when they are constantly arriving. They are made to feel at home in a community composed of citizens representative of our town's great status. New arrivals are invited to social meetings of the club and membership invitations are extended. This offers the women one of the quickest ways of becoming absorbed into community activities.

The families, saying, "never underestimate the power of a woman," is certainly exemplified in one of the most gigantic club projects ever undertaken by a small organization—building and equipping its own clubhouse. This praiseworthy project is of such magnitude that it received recognition in the "Clubwoman", official publication of national federated women's clubs.

The spacious building, designed by one of the South's foremost architects, is of true Colonial style. It occupies a site across a paved street from the country club golf shop. The site, a beautiful lake-view plot overlooking Lake Triplet, was donated by Hubbard Casselberry, founder of the town. The building is thirty by sixty feet, has an acoustical ceiling and is air-cooled. The entire roof is carried on trusses, giving an uninterrupted floor area, unmarred by posts. A modern and fully equipped kitchen,

a ladies powder room and men's lounge are integral components under the same roof.

The women have done a marvellous job in a short time to advance construction and equip a clubhouse that is functional, although not complete in every respect. Many men of the town donated their time and labor.

Much of the skilled work was done by able craftsmen at no cost. Building supply houses and lumber yards made substantial contributions in material and discounts.

The women are not through, but they see the culmination of their dream not too far distant. Their periodic dinners, card parties and other revenue producing activities continue to bring them nearer to their goal—a clubhouse with an evaluation of more than \$22,000.

Several administrations have served the club well since the construction ceremony a little more than five years ago. A co-operative spirit between each administration and the members has been the secret of the success achieved by the club thus far.

That same devotion to work in community betterment brings their goal ever nearer, with a correspondingly lesser burden for the membership which is increasing in numbers by the town's annual growth.

Homemakers and women interested in club work may find here. They can take pride in developing their homes and gardens. New ideas are always forthcoming for club activities, presenting new challenges to women whose cultural aspirations lead them on to greater achievement.

A growing community like this can use the talents of ambitious women. When they meet they can take pride in knowing they have helped build for their organization a clubhouse whose beauty and design blends into the quiet, rolling and lake-dotted landscape, a landmark that will stand as the goal of an ever increasing number of ambitious women, members of the Casselberry Women's Club.

Ladies Aid Has Enthusiastic Year

The Ladies Aid of Redeemer Lutheran Church of Sanford, was organized in August of 1933. At the organizational meeting there were 17 ladies present. The following officers were elected: Mrs. John Senkarik, Sr., president; Mrs. Henry Thurston, vice president; Mrs. Bill Southward, secretary; Mrs. Don Birkemeyer, treasurer. They are still active members of the society. The church has grown and the Aid along with it. Average attendance in the year 1937 increased 15% over the previous year. There is at present an intense membership drive aiming at 100% participation.

The ladies participated in many and various projects throughout the year. 40% of the budget was donated to museum work. They helped purchase extra chairs for the church, and baskets of food were given to those in need. A welcoming committee was formed to greet newcomers and help them to feel at home. Cards and gifts were sent to the sick and many visits made. The ladies had a part in helping to robe the newly organized senior choir. They helped to make the Vacation Bible School successful with their aid in any needed capacity.

Christian fellowship is a large part of the organization and many enjoyable evenings were spent with covered dish suppers. The first public supper was held, a smorgasbord, which was so successful that repeated inquiries of those who patronized the supper have decided the ladies to have another in April of this year. The sale of Christian Christmas cards and lovely candles helped earn funds for the good work done by the society.

Substantial contributions were made to the church building fund, the LWV and mission projects. The ladies take care of the altar and appointments, supplying flowers for each service. One member, Mrs. Mark Mack supplied many of the flowers from her garden. Those responsible for decorating the altar then made a contribution to their favorite fund. Since the beginning the ladies have furnished the kitchen and are continuing to do so. A library of good literature has been begun and is steadily growing.

Keek. The Christmas holiday party this year, was a dinner party with husbands and the Welcome Wagon Club in DeLand. Plans are being made for trips, later in the spring, to places of interest in Central Florida. The club raises the money for the parties by having White Elephant and bake sales. Any recipient of a Welcome Wagon call, both newcomers and baby calls, may become a member of the Welcome Wagon Club. The object of the club is to help its members meet and make friends in Sanford. Those who do not play cards can bring handwork to the meeting or just visit with the others. At some of the meetings members will roll bandages for the Cancer Supply Room and interesting guest speakers will be invited. We also hope that some special interest groups will be started to meet between the regular club meetings.

The wives of all sponsors of Welcome Wagon are cordially invited to become honorary members of the club.

You will know your Welcome Wagon Hostess, as she carries a decorated basket of gifts she brings from the progressive merchants and business men of Sanford. She has information about your community and is available for any help you might need in becoming adjusted to go the newest member of your family, the new baby.

Mrs. Sara Bonner is the baby caller hostess and Mrs. Ruth Gallagher is the Sanford hostess making calls on newcomers. Welcome

Hundreds Of Girls Belong To 4 H Clubs And Girl Scouts

4 H Clubs Growing

4-H work in Seminole County is growing each year. There are 230 girls enrolled in 4-H. They meet in club meetings at least twice a month; however, Paola, Pine Crest and Longwood meet weekly. Clubs are located in Paola, Pine Crest, Sanford Junior High (2 clubs), Oviedo, Slavia, Longwood (2 clubs), Geneva, and Lake Monroe.

Projects available to the girls are clothing, electricity, foods, dairy foods, child development, gardening, safety and health, home management, home furnishing, room improvement, poultry, beautification for home grounds, freezing of foods and canning and preserving of foods.

229 girls completed 348 projects; 23,960 dishes were prepared and 1,090 meals served by girls who enrolled in foods projects. 370 quarts and 166 pounds of food were frozen; 878 garments and 3,166 articles were made; 80 articles were made by girls who enrolled in home furnishing.

They meet three times a year and plan the year's programs, summer camp, the Dress Review, public speaking contest, demonstration day, achievement days and Summer neighborhood meetings.

Summer camp is held each year at Camp McQuarrie. All girls who have completed a 4-H project are eligible for camp. Last year 23 girls went to camp. Again this year our boys and girls with the Volusia County group will camp together. Adult leaders are trained several weeks before camp. The camp is run on a schedule approved by the State Extension Service. One representative from the State Staff works with the girls on camp activities. Last year 17 boys, 33 girls and 4 adult leaders camped at Camp McQuarrie.

March 1 is County Demonstration Day for all 4-H Girls. These girls select a demonstration project pertaining to their chosen subject matter project and give the demonstration. The "Share The Fun" program is a talent project the girls can participate in; this includes songs, dances, piano, vocal, skits, instruments or group activity. The winners in each subject matter (Junior and Senior) are eligible for participating in the District Demonstration Day March 15.

Public Speaking and Lamp Making are other projects in which the girls can participate.

A trip to the State Fair in Tampa is another high light of the 4-Hers. 32 girls and 30 boys attended 4-H club day at the State Fair. To be eligible for the trip the girl had to complete a project, hand in a record book, and write a story on her 4-H project. This year the State is sponsoring a 4-H Leadership Camp which will be held April 18, 19 and 20 at Camp McQuarrie. 4 girls will be eligible to attend the camp. These girls will be selected on their leadership ability and project work. They must have reached their 14th birthday by January 1 this year.

A new project for the girls is "Getting the Most Out of Your Sewing Machine". 15 girls have completed the course and received certificates. Other girls will complete the course this summer.

Achievement Days are held in each club in May or June. All girls exhibit one or more articles on their 4-H project. Ribbons are awarded and 4-H pins given to those who have completed the year's work.

All trips, pins and awards are given by the people of Seminole County. Without their financial aid the 4-Hers could not enjoy the special awards.

Church Sends Boxes To Missionaries

Over four hundred women belong to the active organization uniting the Women of the Presbyterian Church. President of the organization is Mrs. C. L. Redding.

The group has been divided into thirteen circles which meet once a month. The circles hold their meetings in the homes of members, the second week of each month. On the third month, all groups unite for a general meeting at the church.

General project of all circles is visiting the sick and shut-in. Visits are also made to the county home and the county jail.

The women assist the men of the church in their monthly supper and provide flowers for the altar each Sunday.

Some circles have individual projects, but for many years boxes of clothing, writing materials, and other articles have been sent to Korea. The boxes are packed by Mrs. J. E. Nichols, who sends them directly to missionaries with whom she corresponds. Last year 1,047 pounds were shipped.

Other officers in the organization are Mrs. Clifford McWhin, vice-president, Mrs. Harry Woodruff, pres. elect., Mrs. A. L. Lyon, secretary, Mrs. Bernard Wilke, treasurer, Mrs. W. D. Simpson, corresponding secretary, Mrs. H. C. Hestel, historian.

A NEW BROWNIE Troop is invested in the Seminole Association. This one is sponsored by All Souls Catholic Church. Left to right, Mary L. Leffler, Reed Stutzman, Mrs. Lorraine Deame, leader, Shannon Higgins, Mrs. Enis Pochordo, assistant leader. (Photo by Bergstrom)

Mrs. Randall Chase Seminole Neighborhood Chairman

The Citrus Council of Girl Scouts with headquarters in Orlando embraces the four counties of Seminole, Orange, Brevard and Osceola. Its charter was granted in June of 1956. Mrs. Randall Chase was named Neighboring Chairman for all of Seminole County.

When the scouting activities got underway that fall there was a nucleus of ten Girl Scout troops in Sanford and two in Lake Mary consisting of 178 girls and 10 leaders. The growth of the organization in Sanford and neighboring communities since that time has been outstanding and has been due in a large measure to the leadership, enthusiasm and effort of Mrs. Chase and her co-workers.

A Service Team was established whose members were Mrs. Lucian Scott as Troop Organizer in Lake Mary, Mrs. L. B. Libby as Troop Organizer in Sanford, and Mrs. I. M. Millisp, Mrs. Richard Bauer and Mrs. O. B. Gray acting as Troop Consultants. By November of 1956 when the Neighborhood Organization had its first program at the Pinecrest School to celebrate the birthday of founder Juliette Low, there were in existence 17 troops with a membership of 308 Girl Scouts, 16 Leaders and 17 Assistant Leaders.

Today there are 49 Girl Scouts organized into 28 troops with 26 Leaders and 30 Assistant Leaders. Of the 24 troops in Sanford, one is a Senior Scout Troop, 10 are Intermediates and 13 are Brownies.

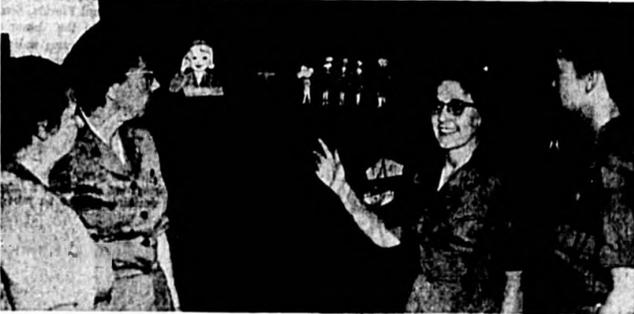

This year for the first time three new Brownie troops have been organized for 7 year old second grade girls. Lake Mary and Oviedo each boast one Brownie and one Intermediate troop.

The adults of the community play an active part in the Girl Scouts Organization also. There are around 85 men and women who serve as Troop Committee Members and aid and support the Troop Leaders and Assistants. Twelve adults serve as Special Chairmen and about the same number act as Troop and Program Consultants in various fields such as music, art, dramatics, cooking, sewing, out-of-doors, etc.

Serving as delegates to the Citrus Council of Girl Scouts are Mr. J. D. Wright Jr., Mrs. M. L. Millisp, Miss Frances Cobb, Mr. Earl Tuney and their alternates Mrs. I. J. Butler, Jr., Mrs. J. W. Buckler, Mrs. Fred Robb and Mrs. P. D. Anderson.

These citizens have not only volunteered their services but a large number have trained for the part which they are taking. Since the fall of 1956, 59 Leaders and Assistants have received certificates for completion of a Basic Leadership Training Course, 4 have completed a basic troop camping course, and a large number of the Troop Organizers and Consultants have taken advantage of the training courses offered.

During the past year the Girl Scouts have been engaged in a number of projects. Last June a day camp was held at the camp

GIRL SCOUTING has become a big thing in Seminole County. Here committee members are taking a training course. Left to right, Mrs. Randall Chase, neighborhood chairman, Mrs. Lee Pearson, leader from Lake Mary, Mrs. John Sinkowitz, secretary of Citrus Council, Mrs. I. M. Millisp, troop consultant. Children Fortunate In Seminole County

By Virginia Coan
While men may claim that this is "a woman's world," and women may say it's a man's world, we all know that it is mainly a children's world.

This is particularly true in Seminole County, where children come first every day of the year. In spite of a lagging school building plan, there are few schools working harder for the good of their pupils than right here. Active Parent-Teacher Associations accomplish the almost impossible through enthusiastic work and co-operation.

Halloween carnivals each year raise funds for several P. T. A. projects. At this time mothers bake, sew, manufacture and purchase articles to sell in booths made by the fathers. Parents serve hot dogs, cakes, and cake on the big night, when most of the children come in costume. They guide the ponies, run the trains, and hang articles on fish hooks, all for the delight of the children and the goals of the P. T. A. The Parochial School has an annual Winter Carnival which includes similar attractions.

All children love animals, and in Sanford any child may enjoy an educational treat known to few small cities—a full-fledged zoo. The zoo is owned by the city and is a free attraction attended by thousands of children every year. Here they may watch with delight the antics of the monkeys or regard with awe the massiveness of the bears.

An old fire engine centers the Elk's playground in Fort Mellon Park—a play ground maintained expressly for the children of Sanford. The fire engine is freshly painted every year and is a valuable piece of equipment to imaginative children. In the playground, picnic tables and benches make a wonderful place to have a birthday party. Swings, seesaws and merry-go-rounds provide outlets for youthful energy.

Fort Mellon Park is familiar to most of the children in Seminole County. It is here at the lake that the JayCees sponsor a fishing rodeo every year, just for the young-

sters. Prizes are given for fish of every size, number and type. Several thousand children annually come to the rodeo, and most of them catch a fish. A few catch many.

Throughout the year civic clubs occasionally "buy-out" the Ritz theatre to give the children a free morning movie, with the added zest of candy and comic books.

During the summer a recreation program is well attended by many students. At this time they learn arts and crafts, swimming and organized sports. School buses collect the children and take them to Fort Mellon Park, where the municipal pool is the main attraction during the entire summer. Nearly every church sponsors a Bible Class program.

A Youth Wing is included in the new Sanford Civic Center. The Youth Wing will provide youngsters with a place for parties, dancing and crafts.

"Why Can't Johnny Read?" This slogan is not heard often in Sanford where the schools place a tremendous emphasis on the children's reading habits. The Sanford library continues this program during the summer with a bookworm club and story hour. No matter what his age, a child here is assisted in finding books which interest him. Mothers devote much of their time to helping school librarians repair, catalogue and collect books for the growing school collections.

Exciting events call for parades and Sanford citizens love them—especially the younger ones. The biggest parade of all, is of course the Christmas parade sponsored by the JayCees. It is hard to tell who enjoys them more, the kids in them, or those watching in Seminole County, clubs for children are numerous and so active that each one wishes to take part in a parade. Often there seem to be as many marching as watching.

4-H Club work for boys and girls abounds here. Future Farmers, nurses, Girl Scouts, Boys Scouts, choir, church groups—there are so many organizations for chil-

ren that it would be impossible to name them all.

In Seminole County, it is indeed a child's world. The beauty of the Florida countryside with natural lakes, trees and space to run and play; the joy of fishing, swimming or learning to water-ski; tennis clinics, the golf course; the health of a child is ensured by his very outdoor existence. His mind is safeguarded by the constant helping hand of parents, teachers and public servants. Here the policeman is a friend, the fireman a buddy. A combination of city and country advantages gives Seminole County children a far better than average opportunity to grow into well-rounded responsible adults. They come first with us!
