TODAY'S BIBLE VERSE

We should think things through,
When being fully convinced,
Line of conduct we should admit
Our ways utterly to that program.
Let every man be fully persuaded
In his own mind.—Rom. 14:6.

General Ridgway will be an able
successor to General Eisenhower in
Europe. The former, like the latter,
has had considerable experience in
administrative work and in the
delicate field of handling diplomats.

Secretary Finletter says Russia
has a bigger air fleet than the
United States. The trouble with us
is that we have been thinking of
air fleets in terms of dollars instead
of planes. We appropriate 17
billion dollars for Army armaments
and then we think they can fly them.

Senator Russell was not the only
one attracting attention at the Navy
Center Sunday afternoon. Many
of the young ladies present were
admiring the handsome Senator
Smathers and the smoothness in
which he circulated around. Some-
one remarked he had been called
"The hottest thing in television
since Faye Emerson."

Don't get sore if a highway
patrolman stops you on a highway
some time during the coming month
to inspect your car. It's all for the
good of the public and in the in-
terest of accident prevention. It is
expected that about 200,000 cars
and trucks will be checked for bad
brakes, faulty headlights, poor
tires, and other equipment flaws
which are often the cause of serious
accidents.

It costs money to run for office
in Florida, especially a hot state-
wide office like that of governor.
Latest reports filed by the candi-
dates reveal that Dan McCarty has
spent \$108,333.28; Adams has
spent \$108,499.46; and Odham has
spent \$52,606.38. Odham is
running on an economy platform
and a reduced budget for himself
as well as for the state, and is
turning down contributions in big
figures, but even in his case it is
costing \$52,606.38, and that ain't
hay if you have to go out and dig
up that much money, youse!

The latest report of the political
poll conducted by Joe Abram shows
Dan McCarty winning the first
primary with 53 percent of the
vote, or about 416,000. Alto Adams
is second with 27 percent, or 200,
000 votes, and Brasiley Odham third
with 23 percent, or 184,000 votes.
On the basis of these figures it
wouldn't take much of an error in
the polls for Odham to be in second
place instead of Adams, but the
thing that mystifies us is that 52
percent for McCarty. It really is
asking a lot of any candidate to
win in the first primary.

"The success of Estes Kefauver
in picking up loose votes in pri-
maries where no one or almost no
one is running," says Raymond
Mokey in the Times-Union, "should
be a matter of grave concern to
conservative or even middle-of-the-
road Democrats. Unless they bestir
themselves, they may find the Dem-
ocratic senator coming to the con-
vention with enough support to be
a very serious threat. For he is a
younger, more energetic, and
probably more radical human—or
at least he put it another way, he is a
radical but not a radical Wallace."

Raymond Babson says to think
there will not be a real slump in
business this year is a statement of
foolishness. The Republicans are al-
most certain to nominate either
Eisenhower or Eisenhower, and
the Democrats, now that Truman
is out of the race, must nominate
someone who can make the party
hold the South in line. "It is
absolutely necessary," he says, "that
the convention nominate a man
who will be conservative enough to
win the support from the South
and liberal enough to win the
support from the North."

Democratic Prospects

The Republican party's headaches will not end with a victory next November. Even assuming that the Republican nominee is elected the Democrats will probably retain control of the Senate. The Democratic majority may even be increased beyond the present 50-46 line-up in the Senate.

This is attributable to the fact that 19 Republican senators and only 13 Democratic senators face elections this year. Eight of the Democratic senators are from states which traditionally vote Democratic. Of the 19 GOP senators who face elections, only nine are from so-called safe Republican states. Moreover, the political analysts concede only five states in which the Republicans have a good chance of winning.

A Democratic senator, and claim that in ten states the Democrats have a chance to unseat the Republican incumbent. To win control of the Senate the Republicans must hold all 19 of their seats and acquire another three.

According to past voting patterns, the Democratic senatorial candidates from Florida, Virginia, New Mexico, Texas, Arizona, Tennessee, Rhode Island and Mississippi will probably be elected. The Republicans have a chance to defeat the Democratic incumbents in Connecticut, West Virginia, Michigan, Wyoming and Maryland. The Republican senatorial candidates in Maine, Nebraska, Indiana, California, North Dakota, Vermont, Pennsylvania, Minnesota and Delaware appear certain of success. But Republican candidates cannot take victory for granted in Ohio, Washington, Montana, New York, Missouri, Massachusetts, Wisconsin, Nevada, New Jersey and Utah.

A Republican president might be able to count on Southern Democratic support for part of his program. Yet if the Senate remains Democratic its committee chairmanships will remain Democratic. These prospects emphasize the need for a Republican candidate with a special talent for leadership and conciliation. They also emphasize the need for a bipartisan approach to the nation's problems.

Test At Yuca Flat

Millions of Americans watched the recent atomic bomb test on television in the safety of their homes. At the same time soldiers protected only by bunkers viewed the blast from about six miles from the point of explosion. This was as close as any human beings have come to the blast without special protection except for the unfortunate people of Hiroshima and Nagasaki. Some time later, after tests had proved it to be safe, the soldiers manuevered through the area.

The recent tests proved that atomic warfare can be fought in collaboration with ground fighting. The earliest reports of atomic explosion were clouded with amazement and terror and there were many who believed that an area struck by an atomic bomb could not be occupied safely for a great period of time. That idea has been dispelled.

Perhaps the viewing of the terrible explosion by the television audience may produce a good effect. Actually watching the awful force of the explosion may help to convince some who have been recalcitrant about civil defense duties that safety measures are in order. The heightened awareness of the danger of an atomic war may encourage those who saw it to work even more diligently to make the country strong enough to maintain peace.

Congressman Herlong Reports

Congressman Herlong's Easter visit home to which he had looked forward with much anticipation was cut considerably short by developments in the situation with regard to ceiling prices on Florida potatoes, a matter on which he has been working almost constantly since last December, and which he felt required him to return to Washington, leaving his family in Florida. He has been busy all this week on this and other important matters, but was able to get away today to fly home in order to drive his family back to Washington this week end.

Spring is the time of year which brings to the Nation's Capital visitors from all over the country, and each year we look forward to welcoming those groups and individuals from Florida who come here. Earlier we mentioned the visit of the Ketterlinus High School and Bunnell High School senior classes; and early in May we will see a group of School Safety Patrol members from the 17 Florida West Coast counties who will be here for two or three days.

Some of our visitors are here on business, of course, and some are seeing Washington just for fun; some have been here many times and come back simply because they like to visit the Capital, and some we have the pleasure of seeing visit it for the first time.

Among those who have called at our office this month have been Mr. Euzabeth Nutting and Mr. Ralph Borsoodi, of Melbourne; Mr. J. Carlisle Rogers, Vice President of the First National Bank of Leesburg, accompanied by his son Jimmy; Mrs. Frank H. Liedman, also of Leesburg, with her sister, Mrs. Grace Kehoe of Miami; and Mr. and Mrs. Paul M. Burns, also of the Congressman's home town; Mr. A. A. Dunn of Mims; Mr. Francis Brown of Ocala; Mr. and Mrs. Julian C. Calloun of Palatka; Mr. J. S. Norris of Kissimmee; and Mr. Benjamin Halper.

Whatever the occasion which brings them to Washington, the visitors to the Congressman's of-

City Commission

(Continued from page one)
group about five to seven acres of lakefront land, and who had expressed opposition to any lease that would permit the mortgaging or pledging of the property other than that portion conveyed by outright sale, did not present his proposal at the meeting. He, however, expressed agreement with Mr. Kader's proposals.

Mr. Pitts and Mr. Spencer and members of the Terminal Committee stated that they were ready to meet with the City Commission for their cooperation.

T. E. Tucker, committee member, declared this morning, "I am very pleased with the outcome of the meeting. This is very definitely the go-ahead signal on the project. I feel that the Terminal Group should get under way immediately to develop the project."

At the start of the discussion Mr. Pitts pointed out the need by the Terminal Group of knowing how the City stood on the matter of what land might be leased or reserved.

Mayor Stemper suggested that the Commission get right down to business in discussing the lease outline. This was defined by Mr. Shinhouser and Mr. Spencer, Muri Herron, fruit stand operator, and Frank Miller, complained of loss of business to the extent of a stop light at the intersection of the street at the north end of the cut off bordering the traffic island at Twenty-fifth Street and Park Avenue. Failure of either a stop light or a stop sign, said Mr. Miller, often prevented other drivers from stopping at the fruit stand.

Mr. Herron termed the cut off a traffic hazard and suggested that either a stop light be installed or that the street should be blocked off. The Commission decided to refer the matter to the State Road Department for advice.

G. W. Spencer, attorney for Roy Howell, Jr., who is seeking \$75,000 in damages in a suit against the City, due to traffic injuries resulting from a collision with a City truck, advised that the City waive a 30 day requirement of notice of suit, and to withdraw its motion to dismiss the suit. Mr. Shinhouser advised the Commission to investigate the matter with the insurance company handling the liability.

The new Tourist Recreation Building, erected in Fort Mellon Park by W. W. Dawson Construction Co., was ordered turned over to the Chamber of Commerce for immediate use by the Tourist Club.

A request by a representative of the Sanford Giant Negro baseball team for use of the old Municipal Baseball Park on Sundays for the balance of the season, was referred to the Baseball Committee for decision. The committee includes Roy Haller, Denver Cordell, Vernon Garrott, W. A. Morrison and G. W. Spencer.

The Commission also asked the Baseball Committee what to do about the old stands, whether to remove or repair them.

John Gray of Pensacola NAS was granted a 90 day option on the north end of the Softball Park, to be applied on a purchase price of \$3,000 provided he builds a 36 unit apartment project there. A letter from Mr. Gray informed the Commission that he was about to finance such a project.

The application of Thomas Stringer to again head a summer recreation program for youth was approved and \$1,000 set aside for the project. Mr. Stringer was City recreation director last year.

Florida are like a breath of Florida to him and to his staff. Floridians all; the "welcome mat" is always out for them.

Too Late To Classify

By RUSSELL KAY

With the deadline drawing near, candidates have been galloping around like crazy trying to reach every possible voter. The three leading contenders in the gubernatorial free-for-all have been hitting a terrific pace and all will welcome a breathing spell.

Wonderboy of the campaign has been Brasiley Odham, the 32-year-old political maverick who introduced a change to join in the fun.

In spite of his opponents' efforts to discount his talkations, any observer who has followed Odham's trail and checked results will tell you that they are cutting in a big way.

While I still consider Dan McCarty high man and would have given him a win in the first primary three weeks ago, it is my guess that Brasiley is a close second today and it would not surprise me in the least to see him in the run-off.

Although Adams' supporters will tell you Odham is taking votes from McCarty and McCarty folks will insist that he is cutting in heavily on Adams, it remains a fact that the young man from Sanford has been switching votes from both of them and is getting to the people more effectively than either of them.

His "Dollars for Decey" slogan caught on from the start is still pulling dollars out of the pockets of the voters. Heretofore, only the big boys put up the campaign money in more or less substantial amounts.

Now a little guy can get in on the act with a single buck and he likes it. What's more when a fellow puts even one dollar on a man he puts his heart and interest in that candidate along with it. He will get out and work and do his best to get friends and neighbors to do likewise.

If the governor's race goes into a second primary, and my guess is it will, you will see the doggoned political mole this state has witnessed in many a day. For the most part, up to now, McCarty and Adams have discounted the Cracker Boy from Sanford and have been firing point blank at each other.

With McCarty and Odham in a run-off the fur will fly and no foulies. Adams' votes will in all probability swing to McCarty, and with this advantage and a heavy first primary vote to start with Odham would have to put on a miraculous second primary campaign to win, but considering what he has done so far I'm notamintion for the position.

discounting him for just about anything can happen.

In the Supreme Court melee it looks like Judge B. K. Roberts all the way to me. He should win easily in the first primary. The Judge has every qualification for the post and a record of ability and public service that cannot be discounted.

Reports coming in from all sections of the state indicate that it is really giving Richar Mack a run for his money in the race of Florida Railroad and Public Utilities Commissioner. While Mack has the advantage that always attends the man in office, Ferguson has been putting on an energetic campaign and has built up support throughout the state that cannot be laughed off. I look for a run-off in this race between Mack and Ferguson.

Mrs. Louise Alford, National Democratic Committeewoman, has a tough opponent in Polly Rose Bailer. Polly knows her way around politically and she has been campaigning with a vim.

Mrs. Alford has been handicapped through the serious illness of her husband who had a heart attack and who is still in the hospital, but she also has an advantage in being the first on the ballot and that really does count in the minor office race. Anything can happen in this race and as there are only two contenders there won't be any second primary. One or the other of these candidates will win and that will be that.

One thing I do hope is that all qualified voters will go to the polls on Tuesday May 6 and cast their ballot for the candidates of their choice. A record-breaking vote would give Florida a good name throughout the nation as a state where the citizens appreciate their blessings and the advantages that American citizenship affords and are willing to assume their civic duty and have their voice in government. Be sure YOU vote and urge your friends and neighbors to do so. Let's put Florida on record as a real American commonwealth.

STATE JOB
TALLAHASSEE () — Among 35 applicants for a newly created \$6,600 a year State Industrial Commission position is Charlie L. Clark, Gov. Fuller Warren's administrative assistant.

Merit System Director Angus Laird said 25 to 30 of the applicants fulfill qualifications and would be eligible to take the examination for the position.

The United States paid all its public debt in 1835, but a new national debt was soon created by war and depression.

In 1890, every large European country, including Spain and Turkey, had a larger population than the United States.

Hutchison Is Honor Guest At Luncheon

Civic Clubs Present General With Silver Platter Upon His Retirement

General Joseph C. Hutchison, hero of World War I and World War II, was today honored with a surprise luncheon at the Episcopal Parish House, attended by more than 200 citizens representing the Senior and Junior Chambers of Commerce, American Legion, the National Guard and all civic organizations. J. Martin Stinecchia, Kiwanis president, was master of ceremonies.

The speaker for the occasion was R. L. Dean, editor of The Herald, who was introduced by County Judge Douglas Stinson. In behalf of the chambers of commerce, American Legion and civic clubs, Andrew Carraway presented General and Mrs. Hutchison a silver platter.

General Hutchison expressed appreciation for the tribute and gift and declared that Sanford is the finest place in which to live. He added that although he had been compelled to leave here at times he was always in a hurry to get back.

"I have the finest friends in Sanford I will ever have, and certainly wish to thank you," he concluded.

Prior to the presentation of the gift, Lt. Col. Stewart Galtch of the National Guard outlined General Hutchison's military career, from his induction here on Sept. 7, 1917 for World War I duty to the time of his retirement after 30 years of service in the Florida National Guard and active Federal service. He told of General Hutchison, on Sept. 8, 1945 accepting from Lt. Gen. General MacArthur, commanding general of the 5th Imperial Japanese Army, the formal surrender of the Japanese forces on Mindanao.

Mr. Dean described General Hutchison as having led the ideal American Way of life. "There is no man," he said, "who marries, has and plays the best game he can. There is the youth using the opportunities to the fullest extent to develop his talents and abilities. There is the man who loves himself a devoted husband, a loving father, a good neighbor, and a hard worker for his business and his community; one who found spiritual comfort in his church and in the home, who, when his country called, laid down his chores at home, bade his family goodbye, and followed the flag to the far corners of the earth."

"Such a man we are met to honor here today," Mr. Dean continued. "He attended the public schools of his community and graduated from Wofford College in 1915. He then came to Sanford where he taught mathematics and served as athletic director at Semole High School. With the outbreak of the first World War he enlisted as a private in the United States Army, but within a year was commissioned a second lieutenant and sent overseas to France where he became a first lieutenant in the Florida National Guard and was called into federal service."

General Hutchison was born in Cross Hill, South Carolina, in 1891. Mr. Dean continued, "He attended the public schools of his community and graduated from Wofford College in 1915. He then came to Sanford where he taught mathematics and served as athletic director at Semole High School. With the outbreak of the first World War he enlisted as a private in the United States Army, but within a year was commissioned a second lieutenant and sent overseas to France where he became a first lieutenant in the Florida National Guard and was called into federal service."

Candidates For Constable

The three candidates for constable in District No. 4, left to right, Robert E. Browning, James Quigg, and Ralph H. Geiger, will address the voters tonight, along with other candidates for county and state offices at the American Legion Building, Fern Park, following a supper. Friday night they will appear again at the Semole County Court House for the final wind-up.

Youth Program Is Presented By High School PTA

Talks relative to problems of youth by Mrs. Charles E. Ironside and Marlon Harman, a musical program, and installation of new officers, made up the program of the Semole High School Parent-Teachers Association in a night at the high school.

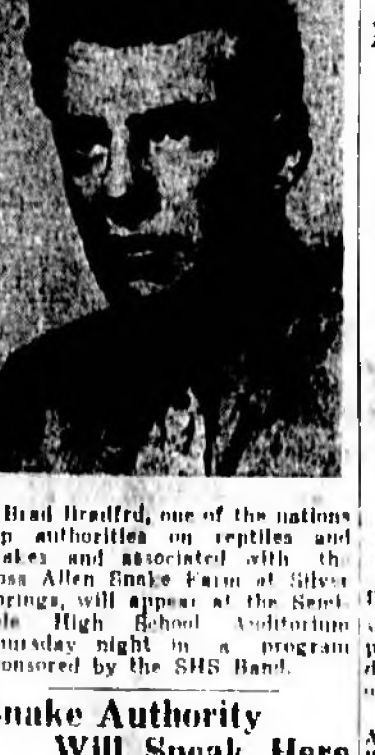

Principal Herman E. Morris created the group which included parents of Junior High School pupils who will enter the high school next fall. Mrs. H. W. Decker, installed the new officers, and Mrs. A. L. Whitley presided.

Installed in office were Mrs. Whitley, president; Mrs. W. A. Morrison, secretary; Mrs. R. W. Casselle, treasurer; Mrs. Edna Chittenden, historian; Mrs. J. M. Stinecchia, program chairman; Mrs. C. E. Park, chairman of home room mothers; Homer Ostrom, budget and finance chairman; Mrs. Theo. Pate, publicity.

Other children installed were Mrs. Henry McCall, hospital; Mrs. Charles Wilkie, parliamentarian; Mrs. Mrs. Ferg, membership; Mrs. W. W. Tyre, course; Mrs. Herman Jacobson, publications; and Mrs. R. D. Hutchison, devotional.

A feature of the evening was the playing of bagpipes, and recitation of poems by Robert Burns, in Scottish dialect by Charles Ironside of Rollins College. Clad in kilts, he strode back and forth on the stage while the strains of the bagpipes filled the auditorium. Enthusiastically the old Scotch clans.

Snake Expert

Brad Bradford, one of the nation's top authorities on reptiles and snakes and associated with the Florida Snake Farm at Silver Springs, will appear at the Semole High School Auditorium Thursday night in a program sponsored by the SPS.

Brad Bradford, one of the world's leading authorities on reptiles and associated with Ross Allen at his Silver Springs Snake Farm, will appear Thursday night at 8:00 o'clock at the Semole High School Auditorium in a program sponsored by the school board.

Senator Russell Claims Sectional Issue Poppycock

Russell in Pensacola While Kefauver Invades Tallahassee

PENSACOLA (AP)—Sen. Richard B. Russell, claiming the issue of sectionalism is "chaptap and poppycock," campaigned for President today in the Old South post office of Northwest Florida.

He came in this area along the Alabama border after a night flight from Miami and the coast area of the Lower East coast, where he promised a balanced budget and reduced taxes by 1953 if he is elected President.

And he repeated his conviction that he can be elected President if Florida will give him its vote in the presidential preference primary against Sen. Estes Kefauver next Tuesday, then follow up with a Democratic convention delegation that will stand firm with other Southerners.

He called the civil rights program of President Truman a program of "states' wrongs," and said "I am unalterably opposed to a compulsory jail sentence FEPC."

Hollywood knows him as an ingenious creator of the lifelike dinosaur and prehistoric monsters that have appeared in popular motion pictures. He has also doubled for popular stars in actual danger encounters with man killers of the jungle.

Ike Wins Again With Majority In Mass. Vote

General Also Gains 26 Delegates To Put Him Almost Even With Senator Taft

By The Associated Press

Gen. Dwight Eisenhower's overwhelming victory in the Massachusetts primary puts him today almost even with Sen. Robert Taft of Ohio in the number of Republican presidential nominating delegates.

The vote, from 1,377 of 1,739 precincts, showed: Republican—Eisenhower, 268,770; Taft, 89,783; Gen. Douglas MacArthur, 1,813.

Democrats—Sen. Estes Kefauver of Tennessee, 25,100; Eisenhower of 13,680; President Truman 6,188.

Eisenhower picked up 27 delegates in Massachusetts and Taft got one. The state will have 33 delegates to the Chicago GOP convention, but 30 of those were chosen previously by the state Republican organization.

The general now has 266 delegates, compared with 268 for Taft, according to pledges and statements from those delegates will vote to support a preferential Taft disputes the Associated Press to 300, claiming he has more than 300 delegates in line.

A total of 694 votes is needed for nomination. Eisenhower referred to his Massachusetts showing as "an overworking sort of thing."

Sen. James Duff of Pennsylvania, one of Eisenhower's principal backers, put out a statement calling the primary a "head-on clash."

Sen. Henry Cabot Lodge Jr. of Massachusetts, said the primary "clinches the case for the nomination of Eisenhower."

Steel Industry Is Hit By Strike Shutdown; New Legislation Seen

Bill Introduced Providing For Receivers To Avoid Shutdowns In Industry

WASHINGTON (AP)—Legislation aimed to assure continued operation of defense vital industries was introduced today by Rep. Smith (D-Va.).

Smith's proposal was one of several moves touched off in Congress by the steel strike and a federal judge's decision that President Truman had no lawful power to seize the steel mills.

Another was out to make the judge's ruling "absolutely airtight" by a much broader "seal" as Sen. Maybank (D-S.C.) phrased it.

The bill provides for operation of the plant during the strike by a receiver appointed by the government to ensure threatened strikes, which would create a national emergency by obtaining injunctions that can last a maximum of 90 days.

It makes no provision for operations beyond that period. Smith's proposal provides that if a labor dispute has not been settled when the injunction expires, the receiver shall appoint receivers for both the company and the union involved and enjoin both sides from interfering with the continued operation of the industry.

Federal Judge Signs Paper Ordering Truman To Return Industry To Owners

WASHINGTON (AP)—Federal Judge David A. Pine formally ordered the government today to give the nation's steel mills back to their owners as a wartime strike closed the billion-dollar industry.

Government lawyers immediately moved to appeal Pine's action and seek a higher court reversal of the judge's ruling that President Truman's April 8 seizure of the steel industry to head off a walk-out was illegal.

Across the nation, virtually all the 424,000 members of the CIO United Steelworkers of America were leaving their jobs in history's quickest shutdown of the vital industry.

Pine's formal order restraining the government from retaining the seizure and possession of the steel plants came less than 24 hours after he ruled the president's seizure action unconstitutional and to be lifted.

Assistant Attorney General Holmes Baldrige, representing the government as today's order was issued, told the judge his action would cause "incalculable" damage.

Baldrige asked Pine a Democratic appointee of the late Franklin D. Roosevelt, to postpone the effective date of his give-back the mills under Pine refused to do so.

With Pine's ruling, the final step at the level of his court was setting of the order of Secretary of Commerce Sawyer, custodian of the mills for the government.

Treasury Alters Its Entire Bond Savings Program

Interest Rates To Be Increased Slightly All Along The Line

WASHINGTON (AP)—The Treasury today revamped its entire multi-billion dollar savings bond program, raising interest rates all along the line.

Sale of two of the current series of savings bonds—F and G bonds—will be discontinued effective Thursday. But three new types of bonds will be offered.

The familiar Series "H" defense bonds—the type held by most individuals—will be continued.

But interest rates for the full period of the bond will be raised from 3.5 per cent to 4 per cent. And buyers will get a much larger increase in interest rates over the first few years they hold the bond.

The changes will not affect "H" bonds already sold unless the bondholder wants to keep his bond after its maturity. In that case, he will get the new interest rate of 4 per cent.

Secretary of the Treasury Snyder said the many changes are designed to improve the bond program "in keeping with the times"—apparently a reference to increased commercial interest rates.

Snyder said a sampling of opinion has indicated the changes "will be very popular."

The biggest innovation will be issuance of an "H" bond, only to individuals.

The "H" bond is bought at a fixed price, amounting to three-fourths of its face value. A \$25 bond, for instance, costs \$18.75 and matures 10 years later at \$25 value.

The "H" bond, however, will pay interest in checks to be delivered to the bondholder twice a year. It will be sold at par—and will mature at par—and the smallest denomination will be a \$500 bond.

The Treasury said "H" bonds of lesser amount would not be practical because of the expense of handling semi-annual interest payments.

The "H" bond's interest rate will be 3 per cent over a 10-year period but the initial checks will not reflect that large a rate.

A table showed that a \$1,000 "H" bond would bring a \$4 interest check after six months, a \$12.50 interest check for each of the next seven 6-month periods, and then a \$17 check every half-year for the remaining six years.

The increased interest rate for new Series "K" bonds will be put in effect through a change in maturity dates.

The present bonds pay no interest for the first year, less than one cent for the second year, and only 1.75 per cent after five years.

In discontinuing Series "F" and "G" bonds—sold mostly to institutions and heavy investors—the Treasury created two new bonds which will pay somewhat similar but will pay higher interest rates.

The new bonds, designated "I" and "J," will pay 3.75 per cent interest if held one year. The "I" will have paid 3.5 and 3.3 per cent respectively.

De Bary Doings

By KAY HENNINGER

Last Thursday was "Welcome to DeBary Day" in Sanford, and everybody and everything seemed to contribute to the success of the day. We think that is the secret of its appeal to all. It wasn't a one-man show. Every person we met was doing his own bit to make us welcome and happy and, incidentally, seemed to be enjoying the day along with us.

We don't know how to say "Thank you!" except to say it and then follow it up by feeling more at home than ever before in Sanford. We were strangers and they welcomed us and we will not forget. Most of us are here to stay and desire to become good citizens of Florida. A day like last Thursday makes the transition easier and causes us to look forward to many pleasant years among our new friends.

Those of you in DeBary and in Sanford who, for some reason, could not be at the festivities, know from the papers what the program was. What you don't know is the manner in which that program was carried out, so we decided to give you a picture of the day by telling you some of the high-lights and by repeating some of the things we heard folks say.

The merchants had welcome smiles for all whether they were buying or just visiting and they were just as cordial at the close of the day as they were in the morning when they were fresh.

They handed out the tickets for the procession earlier and causes us to look up on the history of the band and its members.

"Did you know that there was so much of historical interest before you visited the Woman's Club? I'm certainly going to read up on the history of my new home and its environs."

"Do you know, I have met more DeBaryites today than I have since I'm down here."

"I think that High School Band is wonderful."

"When people gather in informal groups on the streets and sing while the band plays, you just know they are having a good time."

"My face aches from smiling."

"Since hearing Brad Bradford, I feel entirely different about snakes."

"The snake talk was educational. I wish I had heard it before I killed that harmless fellow in my yard."

"I feel better than I did about snakes but I'll still let Bradford handle them."

"I had no idea the St. Johns trip was so pretty. I'm glad I didn't miss it."

"Wherever you go, there's Mr. Lane. He must have a magic carpet to get around so fast."

"Lots of folks can make good plans, but to plan so well and then carry out the plans so perfectly, that's an art."

"Look at this man coming down the street with his four daughters all dressed alike. Isn't that a picture?" (comment: There are really five.)

Boy Scouts

(Continued From Page One)

The following scouts: Harry Burns, Carpenter; Hugh Julian, Athlete; First Aid, Home Repair, Public Speaking, Swimming; Wayne McCoy, Music; Jackie Miller, Home Repair; Robert H. Reel, Clives, Cooking, Surveying, Swimming, Weather, Wood Work; Maurice Phillips, Public Speaking; Bill Tyre, chairman of advancements, presented certificates to the Scoutmasters who inspired the Scoutmaster training course.

Sidney Vehn, Dr. A. W. Epps Jr., A. B. McRaney, Bob Reely, Bob Karis and James B. Gut Jr. "Troop 44 won the attendance award, and advancement award. Troop 445 won the Uniform Inspection Cup."

Finally a film on Conservation was shown of Wild Life in Florida. Game Birds were shown in native haunts, hunting and Fishing scenes, and Conservation Laws explained.

The Court was closed with the Scoutmaster Benediction.

Comdr. Madden

(Continued From Page One)

opportunity of relieving such a worthy predecessor.

Comdr. Gay is originally from Virginia, and is also the father of two children, Mrs. Gay and the children named Virginia and John here in Sanford in the very near future.

Upon graduation from the Naval Academy in 1937, Comdr. Gay served aboard several different ships, before receiving his flight training at Pensacola.

As commander of Patrol Squadron 105, he participated in the Battle of the Bay of Biscay. The years through 1943 found him performing duties in the office of the Chief of Naval Operations.

From here he went aboard the USS Franklin D. Roosevelt, as commander of Flight Squadron 41, and in 1946, he served as navigator aboard the FDR.

Recently completing a tour of duty on the staff at the Naval War College in Newport, R. I., Comdr. Gay was welcomed into the Air Group by the "CAG" as Comdr. Madden is so often referred to.

In concluding the ceremonies, Comdr. Gay led the Air Group in three rousing cheers for their "ex-CAG," as members of Attack Squadron Fifty-five flew over the Air Station in tight formation of three "V" salute to Comdr. Walter F. Madden.

CITRUS CRISIS

LAKELAND (AP)—A record crop, disorganized distribution and a gross lack of salesmanship have caused the current citrus crop to sell at prices "almost ruinous to the grower," Florida Citrus Mutual said Monday.

Mutual said a larger crop than ever was being marketed and that distribution was disorganized both in time and place. The group said lack of marketing ability in Florida was demonstrated by many grower-owned co-operatives as well as independent groups who find a place in the national market only by substituting price-cutting for merchandising ability.

PLANE OVERDUE

BUENOS AIRES (AP)—A Pan American biplane carrying 20 persons was overdue today on a flight from Rio de Janeiro to Trinidad en route to New York.

Pan American's office here at one time this afternoon said the plane had landed safely at Belem, Brazil. Later Panamerica said this report apparently was untrue.

sure lucky to have such musicians among their number.

Rain Mars Voting In Massachusetts

By The Associated Press

Massachusetts voters, propelled by a brisk campaign, ran between chill raindrops today to write in their preference for President and elect delegates to help nominate candidates for the job.

The weather forecast—temperatures in the 40's with occasional drizzle—was not expected to keep people away from the polls. About 124,000 were looked for.

It was another duel for the publican presidential delegates and popular support between Sen. Hubert Taft of Ohio and Gen. Dwight Eisenhower.

Senate Reduces Foreign Aid Bill

WASHINGTON (AP)—A Senate committee has whacked an even billion dollars off the \$7,900,000,000 foreign-aid bill and a Republican leader predicted today a strong floor move would be made almost a double this cut.

The Foreign Relations group voted 9-3 late Monday to reduce the bill to \$6,900,000,000—a 12.5 per cent slash to be distributed evenly among all items in the measure.

Sen. Bridges (R-N. H.), the minority leader, told a reporter a floor effort would be made to trim the bill to six billion dollars. He said the move would win wide support but he did not predict certain victory.

The bill authorizes extension of the mutual security program for fiscal 1953 starting July 1. It carries allotments for American allies all over the world.

Some fish have teeth on their tongues.

HERNDON'S ANSWERS TO UNSUPPORTED CHARGES

1) My opponent blames me for not calling the grand jury into session.

ANS. I have no authority to call the grand jury into session and would not attempt to usurp the authority of the circuit judge.

2) My opponent blames me by innuendo for the anonymous letters and telephone calls he has been receiving.

ANS. I am not responsible for his unpopularity or the animosity which he is creating for himself by his mud-slinging tactics. And what I have to say to him I will tell him to his face.

3) My opponent blames me for being clerk of the County Commission and for the \$6,000 salary which they pay me.

ANS. The Constitution requires me to serve as clerk of the County Commission. The law also limits my combined salary as Clerk of the Court and clerk of the Commission to \$7,500 a year.

4) My opponent accuses me of being a dictator, of ordering roads paved in certain parts of the county, and telling the County Commission what to do.

ANS. I have no authority over paving roads and those of you who know the men on the County Commission like J. F. McClelland, H. B. Pope, O. E. Fourakre, W. G. Kilbee and B. C. Dodd, know I have no authority over them.

5) He insinuates there was something underhanded about my appointment 17 years ago.

ANS. I was working in St. Petersburg at the time when Governor Sholtz called me on the telephone and offered me the position of clerk. I was quoted in The Herald at that time as saying "I want to assure the people that this honor has come to me unsolicited and as complete a surprise to me as to anyone. Throughout the period which I occupy this office I pledge the people of my county that I will render them at all times the most courteous and efficient service of which I am capable".

Russian Jets Fire On Passenger Plane

By TOM REEDY

BERLIN (AP)—Two Russian jet fighters attacked an Air France commercial airliner with cannon and machine gun fire in the Allied air corridor over the Soviet one today. Two German passengers were wounded and two crew members killed by bullets.

The airliner, en route to Berlin with 11 passengers and six crew members, was shot down after one fighter made four passes. It reached Berlin's Tempelhof Airbase safely half an hour after the attack.

The fuselage was riddled, but fortunately none of the shots hit a vital part of the plane. None of the passengers or crewmen was American.

Sen. Russell

(Continued From Page One)

Russell got mixed up over the United World Federalist resolution and the Atlantic Union.

Sen. Kefauver commented in his speech that he had read in the Chicago Tribune that Russell said Kefauver "was a one-worshiper trying to sell the nation down the river."

Kefauver said the "United World Federalist resolution brings together the whole world—that's the one-world resolution which Sen. Russell got mixed up on."

"It includes the Communists and non-Communists. I am against the one-world resolution because you can't mix oil with water. Sen. Smathers in times past has been one of the leading advocates of the one-world resolution but he later withdrew."

Kefauver went on to say that the Atlantic Union resolution provides that he President call a meeting of the sponsors of NATO to "see what steps can be taken in union. Maybe nothing can be done. What harm can you do seeing how you can paddle your canoe in the same direction?"

He added "I'm surprised that anyone would want to come here and demagogue on the Atlantic Union."

Korean War

(Continued From Page One)

chance that after further tough bargaining an armistice will be agreed to on lines close to the new U. N. offer.

There was no official comment from U. N. truce negotiators. The Communists have insisted that all prisoners be returned. The Allies have said they would return only those who wanted to go back. The U. N. holds a total of 108,000 prisoners of war and civilian internees.

The Communists broke off secrecy surrounding staff officer negotiations on prisoners Friday after the U. N. reported only 70,000 wanted to go home.

At that time Col. George Hickman expressed belief the Reds would have settled for return of 116,000. That is the current Allied POW list. Originally it was 120,000, but 16,000 were classified as former South Korean troops whom the Reds captured and impressed into the North Korean army.

SEoul, Korea (AP)—Bad weather grounded United Nations warplanes for the second straight day Tuesday. By mid-afternoon only weather reconnaissance planes got aloft.

There was little action along the 155-mile battle line. Two Red probes on the central front were thrown back early Tuesday. One involved 12 Reds, the other three squads. U. N. troops repulsed the second group after a hand grenade fight.

B-29 Superforts used electronic techniques in dropping 10 tons of bombs on rail bridges at Sonchon in Extreme Northeast Korea Monday night. Two other Superforts hit Communist front lines. B-36 light bombers attacked buildings and highway traffic.

Navy planes and warships pounded both coasts of North Korea Monday. The battleship Iowa, flagship of the U. S. Seventh Fleet, moved in close to the east coast and bombarded Red positions 17 miles inland.

MISSING PLANE

LANGLEY AIR FORCE BASE, Va. (AP)—Air Force officials said today a P-47 jet fighter en route here from Coos, Fla., is missing.

The plane contacted his base Monday night and has not been heard from since.

A spokesman for Langley said only one man was reported aboard the missing ship.

POOR SPELLING

LOS ANGELES (AP)—The Board of Education is making a very grave problem indeed: Whether to authorize use of 155,000 report cards on which a word is misspelled.

Seems that although the proofs were okayed, the batch came back from the printer with the "g" and the "a" in the word "language" transposed. It'll cost \$1,200.00 to have the cards reprinted.

Elementary-minded School Superintendent Alexander Stoddard says the spelling bill "is a mistake."

But Maurice Blair, head of the curriculum division, recommends scrapping them "because of the possible effect on the students."

The board decided Monday to inspect the cards before making a decision.

GLADIOLI GROWERS

JACKSONVILLE (AP)—If Florida gladioli growers are forced to comply with an Interstate Commerce Commission ruling that their bulbs are not agricultural commodities they will have to go out of business, an attorney for the Florida Gladioli Growers Association said Monday.

The association asked an injunction against enforcement of an ICC order which would require gladioli to be shipped by regulated carrier.

heard from since.

Re-elect O. P. HERNDON

Clerk of the Circuit Court
Honest in word, act and deed.

And the Herald of July 27, 1935, said editorially, "There is no man in the county who is more highly respected or generally liked than Mr. Herndon, and it is safe to say that his conduct of the Clerk's office will maintain to the highest degree the best principles of honesty, courtesy, and efficiency. It is a particularly fine tribute to Mr. Herndon's ability and prestige that the Governor has conferred this honor upon him without solicitation or any political campaigning in his behalf. This was in fact a case where the office sought the man. The very unexpectedness of his appointment is a fine testimonial to Mr. Herndon's conduct in the Legislature and to his standing among his fellow representatives and high state officials. It affords adequate indication that Mr. Herndon was attending to business while in Tallahassee."

Hutchison Is Honor Guest At Luncheon

Civic Clubs Present General With Silver Platter Upon His Retirement

General Joseph C. Hutchison, hero of World War I and World War II, was today honored with a surprise luncheon at the Episcopal Parish House, attended by more than 200 citizens representing the Senior and Junior Chambers of Commerce, American Legion, the National Guard and all civic organizations. J. Martin Stinchfield, Kiwanis president, was master of ceremonies.

The speaker for the occasion was R. L. Dean, editor of The Herald, who was introduced by County Judge Douglas Stinson. In behalf of the chambers of commerce, American Legion and civic clubs, Andrew Carraway presented General and Mrs. Hutchison a silver platter.

General Hutchison expressed appreciation for the tribute and gift and declared that Sanford is the finest place in which to live. He added that although he had been compelled to leave here at times he was always in a hurry to get back.

"I have the finest friends in Sanford I will ever have, and certainly wish to thank you," he concluded.

Prior to the presentation of the gift, Lt. Col. Stewart Galtch of the National Guard outlined General Hutchison's military career, from his induction here on Sept. 7, 1917 for World War I duty to the time of his retirement after 30 years of service in the Florida National Guard and active Federal service. He told of General Hutchison, on Sept. 8, 1945 accepting from Lt. Gen. General Murozumi, commanding general of the 10th Imperial Japanese Army, the formal surrender of the Japanese forces on Mindanao.

Mr. Dean described General Hutchison as having led the ideal American Way of life. "There is no man," he said, "who marries, has and plays the best game he can. There is the youth using the opportunities to the fullest extent to develop his talents and become a devoted husband, a loving father, a good neighbor, and a hard worker for his business and his community; one who found spiritual comfort in his church and in the home, who, when his country called, laid down his chores at home, bade his family goodbye, and followed the flag to the far corners of the earth."

"Such a man we are met to honor here today."

General Hutchison was born in Cross Hill, South Carolina, in 1891. Mr. Dean continued, "He attended the public schools of his community and graduated from Wofford College in 1915. He then came to Sanford where he taught mathematics and served as athletic director at Semole High School. With the outbreak of the first World War he enlisted as a private in the United States Army, but within a year was commissioned a second lieutenant and sent overseas to France where he became a first lieutenant in the Florida National Guard and was called into federal service."

Jaycee Election To Be Held Tomorrow

The Junior Chamber of Commerce will conduct its annual election and hear two political speeches at its Yacht Club meeting tomorrow noon, it was announced today by Jaycee President, Tim Crawford.

Presumptive attorney candidates, Karljoh Householder and George A. Spear, Jr., will address the Junior Chamber after the election of officers and board of directors.

Candidates For Constable

The three candidates for constable in District No. 4, left to right, Robert E. Browning, James Quigg, and Ralph H. Geiger, will address the voters tonight, along with other candidates for county and state offices at the American Legion Building, Fern Park, following a supper, Friday night they will appear again at the Semole County Court House for the final wind-up.

Youth Program Is Presented By High School PTA

Mrs. Ironside Speaks And Mrs. Whately Is Installed As Head

Talks relative to problems of youth by Mrs. Charles E. Ironside and Marlon Harman, a musical program, and installation of new officers, made up the program of the Semole High School Parent-Teachers Association in a night at the high school.

Principal Herman E. Morris created the group which included parents of Junior High School pupils who will enter the high school next fall. Mrs. H. W. Ironside, installed the new officers, and Mrs. A. L. Whately presided.

Installed in office were Mrs. Whately, president; Mrs. W. A. Morrison, secretary; Mrs. R. W. Casselle, treasurer; Mrs. Edna Chittenden, historian; Mrs. J. M. Stinchfield, program chairman; Mrs. C. E. Park, chairman of home room mothers; Homer Ostrom, budget and finance chairman; Mrs. Theo. Pate, publicity.

Other children installed were Mrs. Henry McCall, hospital; Mrs. Charles Wilkie, parliamentarian; Mrs. Mrs. Ferg, membership; Mrs. W. W. Tyre, course; Mrs. Herman Jacobson, publications; and Mrs. R. D. Hutchison, devotional.

A feature of the evening was the playing of bagpipes, and recitation of poems by Robert Burns, in Scottish dialect by Mrs. Charles Ironside of Rollins College. Clad in kilts, he strode back and forth on the stage while the strains of the bagpipes filled the auditorium. Enthusiastically the old Scotch clans.

Snake Expert

Brad Bradford, one of the nation's top authorities on reptiles and snakes and associated with the Snake and Snake Farm at Silver Springs, will appear at the Semole High School Auditorium Thursday night in a program sponsored by the SHS Board.

Snake Authority Will Speak Here

Brad Bradford, one of the world's leading authorities on reptiles and associated with Snake and Snake Farm at Silver Springs, will appear at the Semole High School Auditorium in a program sponsored by the school board, it was announced today by Ernest Cowley, director.

Mr. Bradford appeared at the Sanford Zoo last Thursday to entertain visitors from Delray, and brought along with him an interesting collection of snakes. Zon Rogers, R. J. Davis amused himself by draping one of the snakes, a boa constrictor, about his neck.

Hollywood knows him as an ingenious creator of the lifelike dinosaurs and prehistoric monsters that have appeared in popular motion pictures. He has also doubled for popular stars in actual danger encounters with man killers of the jungle.

WASHINGTON (D. A.) — Former Defense Mobilizer Charles E. Wilson is quoted as saying he favors extension of wage and price controls but thinks they should be better co-ordinated.

Ike Wins Again With Majority In Mass. Vote

General Also Gains 26 Delegates To Put Him Almost Even With Senator Taft

By The Associated Press
Gen Dwight Eisenhower's overwhelming victory in the Massachusetts primary puts him today almost even with Sen. Robert Taft of Ohio in the number of Republican presidential nominating delegates.

The vote, from 1,377 of 1,739 precincts, showed: Eisenhower, 268,770; Taft, 89,783; Gen Douglas MacArthur, 1,813.

Democrats—Sen. Estes Kefauver of Tennessee, 25,100; Eisenhower of 13,680; President Truman 6,188.

Eisenhower picked up 27 delegates in Massachusetts and Taft got one. The state will have 33 delegates to the Chicago GOP convention, but 30 of those were chosen previously by the state Republican organization.

The general now has 266 delegates, compared with 268 for Taft, according to pledges and statements from those delegates will vote to support a preferential Taft disputes the Associated Press to 300, claiming he has more than 300 delegates in line.

A total of 694 votes is needed for nomination. Eisenhower referred to his Massachusetts showing as "an overworking sort of thing."

Sen. James Duff of Pennsylvania, one of Eisenhower's principal backers, put out a statement calling the primary a "head-on clash."

Steel Industry Is Hit By Strike Shutdown; New Legislation Seen

Bill Introduced Providing For Receivers To Avoid Shutdowns In Industry

WASHINGTON (AP)—Legislation aimed at assuring continued operation of defense vital industries was introduced today by Rep. Smith (D-Va.) It provides for appointment of receivers for both companies and unions if necessary to avoid a shutdown due to a labor dispute.

Smith's proposal was one of several moves touched off in Congress by the steel strike and a federal judge's decision that President Truman had no lawful power to seize the steel mills.

Another was out to make the judge's ruling "absolutely airtight" in a much broader scale, as Sen. Maybank (D-S. C.) phrased it.

The bill provides for operation of the plant during the strike by a receiver appointed by the government to ensure threatened strikes, which would create a national emergency by obtaining injunctions that can last a maximum of 90 days.

It makes no provision for operations beyond that period.

Smith's proposal provides that if a labor dispute has not been settled when the injunction expires, the receiver shall appoint receivers for both the company and the union involved and enjoin both sides from interfering with the continued operation of the industry.

The bill provides for operation of the plant during the strike by a receiver appointed by the government to ensure threatened strikes, which would create a national emergency by obtaining injunctions that can last a maximum of 90 days.

Senator Russell Claims Sectional Issue Poppycock

Russell In Pensacola While Kefauver Invades Tallahassee

PENSACOLA (AP)—Sen. Richard B. Russell confidently declared today he would vote into the Democratic National Convention "with more votes than any other candidate."

Speaking informally at a breakfast attended by Northwest Florida supporters, Russell indirectly rebuffed his opponent, Sen. Estes Kefauver, who is in Tallahassee.

"I shall not elaborate," he said, "but I shall present the same views in Maine as I do in Florida, and I will talk the same way in Connecticut as I do in California."

Russell, claiming the issue of sectionalism is "chaptap and poppycock," campaigned for President today in the Old South post office of Northwest Florida.

He came to this area along the Alabama border after a night flight from Miami and the court area of the Lower East coast, where he promised a balanced budget and reduced taxes by 1953 if he is elected President.

And he repeated his conviction that he can be elected President if Florida will give him its vote in the presidential preference primary against Sen. Estes Kefauver next Tuesday, then follow up with a Democratic convention delegation that will stand firm with other Southerners.

He called the civil rights program of President Truman a program of "states' wrongs," and said "I am unalterably opposed to a compulsory jail sentence FEPC."

Odham, Adams Center Attacks On Dan McCarty

Sanfordite Finishes Another 18-Hour Talkathon In Miami

By The Associated Press
A 18-hour talkathon in Miami today for the Odham, Adams Center, a group of anti-communists, attacked Dan McCarty, a member of the White House staff, for alleged involvement in the Rosenberg case.

McCarty, who is a member of the Odham, Adams Center, was the subject of a 18-hour talkathon in Miami today.

Federal Judge Signs Paper Ordering Truman To Return Industry To Owners

By ED CREEGH

WASHINGTON (AP)—Federal Judge David A. Pine formally ordered the government today to give the nation's steel mills back to their owners as a wildfire strike closed the billion-dollar industry down tight.

Government lawyers immediately moved to appeal Pine's action and seek a higher court reversal of the judge's ruling that President Truman's April 8 seizure of the steel industry to head off a walk-out was illegal.

Across the nation, virtually all the 150,000 members of the CIO United Steelworkers of America were leaving their jobs in history's quickest shutdown of the vital industry.

Pine's formal order restraining the government from retaining the seizure and possession of the steel plants came less than 24 hours after he ruled the president's seizure action unconstitutional and to be lifted when he called Mr. Truman's claim of "unlimited and unrestrained power" invalid.

Assistant Attorney General Holmes Baldrige, representing the government as today's order was issued, told the judge his action would cause "incalculable" damage.

Baldrige asked Pine a Democratic appointee of the late Frank B. Rowley, to postpone the effective date of his give-back the mills under Pine refused to do so.

With Pine's ruling, the final step at the level of his court was setting of the order of the Secretary of Commerce Sawyer, custodian of the mills for the government.

TRAFFIC DEATHS
CHICAGO (AP)—Traffic deaths in the U. S. showed a slight increase in the first three months of 1952.

FOREIGN AID BILL
WASHINGTON (AP)—Sen. Taft said today he would go along with a move to cut President Truman's \$7,000,000 foreign-aid bill to save \$2 billion.

WAGE CONTROLS
WASHINGTON (AP)—Former Defense Mobilizer Charles E. Wilson is quoted as saying he favors extension of wage and price controls but thinks they should be better co-ordinated.

EDITORIAL DIES
CHICAGO (AP)—James M. Mulroy, 52, former executive assistant to Gov. Adlai Stevenson, died Tuesday. He was once managing editor of the Chicago News and winner of a Pulitzer Prize for reporting for the Chicago Daily News in connection with the 1934 slaying of Bobby Franks.
