

Mary Jean Eisenhower Becoming Red Haired

By K. WILSON, Staff Writer
The young Eisenhower family is becoming red haired. The fourth grandchild of the president and Mrs. Dwight D. Eisenhower comes by this naturally. The granddaddy Thompson has red hair and so had her great-grandfather Eisenhower, family tradition says.

Mary Jean was born Dec. 21 at Walter Reed Hospital to Barbara Jean, wife of the Eisenhowers' only son, Maj. John Sheldon Eisenhower, now stationed at this Army post as an infantry lieutenant.

The young Eisenhowers—she is 23 and he is 22—are trying to raise a child in an normal home. The spotlight will probably shine on young Mary Jean as she grows up. Her father, Col. Thompson, is retired, was stationed, they have lived at five posts.

The young Eisenhowers and the Thompsons now have roots here. They can call their own—thanks to their wives. It was Mamie Eisenhower who really picked out the farm at Gettysburg and while Col. Thompson was overseas in World War II his wife bought their home in Gainesville, Fla. The colonel, incidentally, is now attending law school at the University of Florida there.

Barbara is a tall, slim young woman with brown hair and hazel eyes. In manner she is natural and friendly. She has a quick smile and a sense of humor that comes in handy. Her husband is serious, dignified, and wants to make his way on his own.

There is one outright extrovert in the family—David, who is taking everything in stride including a grandfather in the White House. He has a crew cut, rough brown eyes, a mobile face and an infectious smile.

David and his sister Barbara Anne, are driven about 10 miles from Ft. Belvoir to St. Annes Episcopal School in Alexandria, Va. Susan now is in kindergarten on the post. All three go to Sunday school on the post.

The junior Eisenhowers, touched by the glamor of the White House, are prime targets for invitations in this party giving town. But they prefer to keep their life as it would be if Eisenhower was not president.

They are raising their children in the old fashioned way. Grace is said at meals and the youngsters are taught to be polite and to obey. But Barbara in issuing orders is likely to say "Now, let's do this—". She likes order but doesn't get too upset if things get at sixes-and-sevens.

When the youngsters visit the Eisenhowers at the White House or at Gettysburg they are sent to go back home a little spoiled— happens to most children who visit their grand parents. It takes a few days, but Barbara gets them back into their routine.

Barbara and John met in Vienna, Austria, when a young Army couple visited Barbara, whose father was stationed there, to dinner and the husband brought home a fellow officer, Capt. John Eisenhower.

He and Barbara became engaged a few months later, in February 1947. It was in February 1946 that Mrs. Dwight D. Eisenhower became engaged to a second lieutenant now long out of West Point. Barbara and John were married in June 1947.

Barbara Jean, like her mother, Mrs. Percy Thompson, and her mother-in-law, Mrs. Eisenhower, both of whom married Army officers, knows what it is to move from post to post.

Mrs. Barbara and John were married in 1947 at Ft. Monroe, Va., where her father, Col. Thompson, was retired, was stationed, they have lived at five posts.

The young Eisenhowers and the Thompsons now have roots here. They can call their own—thanks to their wives. It was Mamie Eisenhower who really picked out the farm at Gettysburg and while Col. Thompson was overseas in World War II his wife bought their home in Gainesville, Fla. The colonel, incidentally, is now attending law school at the University of Florida there.

Church Reveals Series Of Sermons

A new series of sermons on "The Disciples of Christ" will begin Sunday night at the First Christian Church, Pastor Willis L. Stone announced today.

The series will be given, Mr. Stone said, because of requests for information concerning the religious body of which the local congregation is a part. The topics are listed as follows: March 25, "The Disciples and Conversion"; April 1, "The Disciples and Baptism"; April 8, "The Disciples and the Lord's Supper"; April 15, "The Disciples and the Bible"; April 22, "The Disciples and the Church"; and April 29, "The Disciples and Christian Unity."

At the first of the series of sermons Byron Smith and Clyde E. Feathers will act as sponsors. The pastor will read the Scripture and offer prayer. Special music is scheduled with Mrs. Ira C. Metzger as pianist. The evening offering will be taken by Ivan Elliott and Wayne Evans.

At the morning hour Palm Sunday will be observed, with music, Scripture, prayer and message fitting in with that theme. W. H. Young is to assist in the service. In the absence of the regular organist Mrs. N. V. Farmer who was called to Kentucky by family illness, Mrs. M. C. Stone will be at the console.

From Monday through Friday of Holy Week the pastor will broadcast devotions over the local station. On Maunday Thursday night, Feb. 29, he will preside at a candlelight communion service. In the union Good Friday service to be held at the First Presbyterian Church he will present a meditation on the fourth word of Christ from the Cross.

Monday the Christian Women's Fellowship selected Mrs. L. Yow as secretary to fill the unexpired term of Mrs. James L. Anderson who moved to Canal Point.

Mrs. V. H. Grantham, president, has appointed a committee composed of Mrs. O. D. Landress, Mrs. W. H. Young and Mrs. R. W. Cassube to nominate new officers for the missionary year beginning July 1.

At Sunday school on Easter the annual offering for institutional missions, ministerial aid, and four other causes will be received. At the 11 o'clock Easter service the special "30 pieces of silver" for the Education Building will be brought to the chancel in plastic bags and duplicated. It is hoped that the latter offering will result in doubling the amount in the fund, George W. Morgan, chairman of the Building Committee, said.

Senator Stenstrom Speaks To Lions; New Officers Told

CASSELBERRY—State Senator Douglas Stenstrom of Sanford, spoke at the Lions Club meeting Thursday night, giving an outline of procedure concerning bills coming up before the legislature. Senator Stenstrom discussed some of the most important laws enacted during the last session and answered many questions concerning their effect locally, as well as those of state-wide interest.

A slate of officers for the coming year was submitted by a nominating committee and approved. The slate is composed of Paul McClure, president; Ben Evans, first vice-president; Julius J. Allen, second vice-president; Robert Scharpf, third vice-president; Allen Vickers, secretary; Paul Allen, treasurer; C. K. (Bud) Fisher, Lion Tamer and Henry Stump, Talli-wister.

Candidates for the three vacancies occurring on the board of directors are Joseph H. Weimer, Carl Jack and John Snyder. Vickers, retiring president, becomes board chairman.

'Rosy' Ryan Will Speak At Kiwanis
W. D. 'Rosy' Ryan, General Manager of the Minneapolis Millers will address the Sanford Kiwanis Club at their noon luncheon meeting tomorrow at the Yacht Club.

Ryan will be guest of Frank Mebane Jr., manager of the Mayfair Inn and program chairman for the Kiwanis Club meeting tomorrow.

At the first of the series of sermons Byron Smith and Clyde E. Feathers will act as sponsors. The pastor will read the Scripture and offer prayer. Special music is scheduled with Mrs. Ira C. Metzger as pianist. The evening offering will be taken by Ivan Elliott and Wayne Evans.

Don't Attempt To Cure Foot Ills Yourself

By HERMAN H. SANDERSON, M.D.
DON'T cut your own corns. Surgical incision is the only safe method of curing corns, but let your doctor do it for you. He not only knows how, but he has the instruments to perform a clean, neat job.

Relieving Pressure
Actually, merely relieving pressure or friction might clear up some corns. The soft corns which occur between the toes are softened by the macerating action of sweat.

They occur where there is either pressure or friction. Removal of these sources may mean rapid and complete disappearance of the corns.

Hard corns are another matter. These occur on the external surface of the toes. The surface is shiny and polished.

Upper Layers
Shaving off the upper layers will remove a corn. It's this core which causes the dull, boring or sharp pain when it presses on underlying sensory nerves.

First thing to do, of course, is to get a pair of shoes which will not put pressure on your toes. Tight shoes generally are the cause of most corns.

But this alone probably won't cure hard corns. Your doctor will have to pare the surface and remove the central core after first having you soak your feet in hot water. Then he will paint the base of the corn with a 10 per cent silver nitrate solution.

To Protect Area
Applying a ring of soft felt wadding about the area should relieve all friction and pressure.

Some doctors treat corns with dichloroacetic acid and salicylic acid, but these treatments must be used very carefully.

Sometimes X-ray therapy is successful. However, you can't depend on it.

QUESTION AND ANSWER
Mrs. H. N. S.: What is pancreatitis?
Answer: Pancreatitis is inflammation of the pancreas, a large gland beneath the first part of the small bowel.

VIENNA, Austria (AP)—Radio Budapest said today seven dams had burst on the flooding Danube River in southern Hungary, sending water over 10,000 acres of land.

GRETA GARBO BEQUEATHED MONEY
KALMAR, Sweden (AP)—Greta Garbo inherited 4,000 kronor (\$72) today from an uncle who worked a farm near this south Swedish city.

CHICAGO, Illinois—Several weeks ago, Pat Lee, 21, walked hopefully into an airline office looking for a job as airline hostess. "Sorry," said the personnel officer, "you weigh too much."
Pat weighed 185 pounds! A recent graduate of Northwestern U., she had planned for years on a hostess career. But Pat was not discouraged.

Although all her reducing diets had failed, she found a new one that contains all the vitamins—but expands in the stomach and satisfies hunger without adding calories. In about 12 weeks, she was down to 128 pounds, and her curves—mm-mm-mm.

YOU'RE TELLING ME!

A SCIENTIST suggests we train a group of intellectuals to concentrate on reading the minds of Premier Bulganin and other Kremlin bigwigs. Well, it's a thought, anyway.

Someone slipped all the turf from the fourth green of an English golf course. It'll take a truck to replace that divot!

Rocks and daggers were used in a riot in Morocco. That, says the man at the next desk, is strictly cave man stuff.

Because a special train was so late they were prevented from betting on a \$175.00 daily double, an eastern railroad is being sued by two Massachusetts men. A case, suggests Betch Dollar Denzin, of losing money ON the tracks instead of AT one.

Square-shaped flying saucers are reported sighted by pilots of Afghanistan. These aren't saucers—they're flying dormmats!

A pneumonia-stricken California cat has recovered after two weeks in an oxygen tent. Story didn't say how many of its nine lives it left behind.

Sports events at a Quebec, Canada winter carnival had to be postponed because of very mild temperatures. There's a switch-games called off because of good weather!

Livestock Is Subject Of Talk

Easter Seals Are Sent To Seminole County Residents

Easter seals have been mailed to 7,500 homes and business houses in Seminole County, Mrs. Harold Appleby, chairman of the Easter Seal Campaign here said today. The seals were folded and stuffed into the envelopes with accompanying return envelopes by the Sanford Pilot Club, said Mrs. Appleby, who praised the local Pilot organization for their excellent work in preparing the envelopes for mailing.

Also, sponsored by the Sanford Pilot Club, said Mrs. Appleby, will be the annual Lily Parade which will be held this year on Saturday before Easter. With the cost of operating the Great Park School for Special Education continually growing, Mrs. Appleby said today, those who receive the seals are urged to make their contributions generous.

Funds derived from the sale of the seals go to the Forrest Park School which was recently dedicated, and to the Eccleston-Cullahan Hospital for colored children, she said.

The seals, this year, are printed in a beautiful combination of blue, red and white and are accompanied by a personal appeal from the local chairman of the Easter Seal Campaign pointing out the need for funds to support the programs for handicapped children. Special equipment, therapy, special summer camping, vocational training and schooling are among the benefits derived from funds from the Easter Seal sale.

Every dollar that is received from the purchase of the Easter Seals fills a much-needed service to youngsters who want to walk, talk, play and work just as other youngsters everywhere. Mrs. Appleby states in her letter which accompanies the seals.

Rocket Will Carry Man-Made Moon Into Outer Space

BALTIMORE (AP)—A rocket carrying a huge rifle cartridge—72 feet long and only 45 inches in diameter at its widest point—will carry the earth's first man-made moon 300 miles into outer space in about 10 minutes. The first public description of the 22,600 pound Vanguard rocket was given Tuesday in a joint Navy-Glenn L. Martin Co. announcement.

Martin is building the three-stage rocket, which is scheduled for launching from the Air Force missile test center at Cocoa, Fla., as part of this country's participation in the International Geophysical Year, 1957-58. Martin said the Vanguard will be the first liquid fuel rocket designed to be controlled without the use of fins, an innovation termed "a scientific break-through by rocket engineers."

The rocket will be guided by a gyroscope installed on a semi-pivot, making possible directional changes in the stream of power from the rocket's tail. This plan will guide the rocket.

The first stage will boost the rocket practically straight up about 38 miles above the earth. The second stage, which fits just above the first, will ignite immediately upon separation and proceed on a progressively more inclined trajectory to an altitude of about 440 miles. At a predetermined point in its flight, the second stage rocket will jettison its streamlined nose enclosing the third-stage rocket, leaving it and the satellite unpowered.

After it burns out, at about 140 miles altitude, the second- and third-stage combination will coast upward until it reaches the satellite's orbit 300 miles above the earth and about 700 miles horizontally from the launching point.

Stage 3 will be given a spinning motion to insure stability on its orbit before the second-stage rocket drops off.

Stage 2 has the task of increasing speed up to 11,000 miles an hour, a velocity high enough to counteract the earth's gravitational pull.

"Where there is plenty of livestock there is bound to be more successful agriculture going on," Robert Lamont, prominent Seminole County cattleman and a member of the Seminole County Cattleman's Association, told the Seminole County Farm Bureau at their monthly meeting last night.

Lamont and Robert Cox, field representative of the Farm Bureau, were speakers at the Seminole County Farm Bureau meeting held in the Future Farmers Building. In his informative talk last night he pointed out to the Farm Bureau members "if Seminole County had more cattle, there would be a greater benefit to the people. The price of beef is not as high as most people imagine when it is compared with labor's wages today," said Lamont. Lamont pointed out that today the by-products of the cattle industry are not used because of the general use of synthetics. Even tallow and leather are not the main by-products as they once were, he said.

"When the livestock industry is affected," Lamont told the Farm Bureau audience, "the nation is also affected."

The field representative of the Farm Bureau, Robert Cox, in his brief talk before the Seminole County Farm Bureau meeting, urged farmers to apply for their tax refund on gasoline used in farm equipment. Also announced at last night's meeting was the availability of applications for the Winn-Dixie Farm Bureau Scholarship. High school seniors can apply for the \$1,000 scholarship by submitting the seven requirements which include an essay of not more than 500 words on "Why I Want to Go to College."

W. W. Lins, president of the Seminole County Farm Bureau, presided at last night's meeting.

Ochab To Succeed Bierut As Head Of Poland's Party

VIENNA (AP)—Edward Ochab, who purged Polish farm trade union and army ranks, has been named to succeed Boleslaw Bierut as boss of Poland's Communist party.

Warsaw radio today announced the election of Ochab as first secretary of the Communist United Workers' party. Bierut died in Moscow March 12.

Ochab, now 50 and a long-time Red, rose through the ranks to such key posts as boss of the peasant cooperative, head of the trade unions, political chief of the army and Politburo member.

Sources in Vienna have predicted that the new secretary will share a "collective leadership" of Communist Poland along with Premier Josef Cyrankiewicz and President Alexander Zawadzki, with Moscow exercising even closer supervision than in the past.

Ochab has been a frequent party critic and whip. At the party's second Congress in 1954, he criticized it for bad political organization and policy and called for a fight to "purify" the ranks.

A native of Krakow, in southern Poland, he joined the old Polish Communist party in 1929. He was jailed frequently during the next 10 years for his party activities in Warsaw, the textile center of Lodz and mining areas of Lower Silesia.

FFA Sets Father, Son Banquet Friday

The Future Farmers of America, Seminole County Chapter, will hold their annual parent and son banquet Friday night at 7:30 in the Seminole High School Auditorium.

Robert Cox, a representative of the Farm Bureau will be the principal speaker. Also on the program will be an address by Rayburn T. Milwee, Superintendent of Public Instruction for Seminole County.

Annual awards will be presented during the program. The banquet will be prepared and served by the Home Economics Class of Seminole High School under the direction of Miss Barbara Ruprecht.

Approximately 80 people are expected for the annual event.

PROJECT UNDER WAY
WASHINGTON (AP)—One project in the Fish and Wildlife Service's \$668,000 construction program under way this year is improvement of the water supply at Welaka, Fla., at a cost of \$30,000.

BROWNIE SCOUTS OF TROOP No. 4 are conducted through The Sanford Herald by Charlie Morrison. They are shown looking at the big press on one of their stops through the plant. (Staff Photo)

Girls Of Brownie Troop Go On Tour Of Sanford Herald

Fifteen prospective journalists received their first impression of printer's ink (no pun intended) when they made a tour through the entire plant of The Sanford Herald yesterday afternoon.

Twelve members of Brownie Troop number four under the leadership of Miss Frances Cobb, assisted by three girl scouts of Troop number One were personally conducted through the business office and mechanical department of the paper, say the linotype machines in operation, forms poured, proofs pulled, type set in the ad alley and, as they left the premises, each received a type slip with her name in 10 point type.

Making the tour were the following Brownies: Sarah Smith, Cassie Louise Pinkerton, Linda Hall, Candy Southward, Ann Bowman, Darlyn Adams, Patricia Stenstrom, Judy Miss, Sharon Hucker, Jonelle Lee, Carl Wheatland and Linda Stapler. The three members of Girl Scout troop One were Sue Kink, Jean Houston and Diann Drew. The group was chaperoned by Mrs. R. A. Cobb in the absence of her daughter, Frances.

Dr. R. W. Runvrecht, president of the Soil and Crop Science Society of Florida and vice director in charge of the Central Florida Experiment Station here has announced the completion of plans for the spring (Interim) meeting of the society at Hastings and Sanford 29 and 30.

The purpose of the meeting is to review the research program under way at the Experiment Station's Field Laboratory at Hastings and at the Central Florida Experiment Station here at Sanford.

Members will first assemble at the Potato Laboratory at Hastings March 29 at 9:30 a. m., where a discussion of the soil problems and related work will be held, a tour of potato farms conducted, and luncheon served. The group will leave for Sanford at approximately 2 p. m.

A dinner will be served at 7:30 p. m. at the Mayfair Inn, following the dinner Dr. Runvrecht will review, informally, and in a general way, the history of agricultural development in the Sanford area, with particular reference, perhaps, to the peculiar characteristics of the soils in this section.

Randall Chase will address the dinner meeting on the development of agriculture of this area from its earliest conception.

Assembly of the members on March 30 will be on the grounds of the Central Florida Experiment Station at 9:30 to discuss local problems and projects under way. Members of the station's staff, following a luncheon tour of the Experiment Station's plots will be conducted as well as a tour of farms in the area.

According to the announcement, the Hastings and Sanford sections represent some of the oldest agricultural developments in Florida.

Shrine Club Building To Be Dedicated Soon

The Sanford Shrine Club Building, on Lee Street across from the Mayfair Inn, will be dedicated Friday evening April 6, at 7 p. m. The dream of Shriners here for several years which has finally been realized will be officially opened with a ladies night dinner attended by the Potentias of Bahia Temple and his Divan.

Judge Ernest Housholder is slated to make the dedication address according to Col. H. G. Harriman who is in charge of arranging the program.

The new building was conceived by a small group of Shriners a few short years ago and completion of the building has come about through the concerted effort of the entire club.

Attended by Sanford Shrine Club Nobles and their ladies, the dinner served at 7 o'clock will be followed by the dedication ceremony and concluded with an entertainment program.

Mayor F. D. Scott, Col. Harriman said today, has also been invited to take part in the dedication of the new building.

Tables, chairs, and table service have been provided for 120 people, Col. Harriman explained as he announced the dedication of the completed Shrine Club Building. The building can be used for a great many purposes, he said, including service club luncheons, meetings and banquets and it is contemplated that it will be used for these purposes. Col. Harriman explained that the Executive House Committee "has the plan under consideration."

"The building is complete with a kitchen, stove, and all necessary equipment for preparing meals," he said.

Officers of the Sanford Shrine Club are Harold Kastner, president; A. L. Wilson, first vice president; Milford Leonard, second vice president; R. W. Deane, treasurer; and Dick Alken, secretary.

Florida Federation Of Garden Clubs Opens Convention

The Florida Federation of Garden Clubs opened its annual convention in Tallahassee yesterday. The delegates, who represent 811 clubs and circles having a membership of 24,316 will hear reports during the three-day session on the garden club role in overall development of the state.

From the Sanford Garden Club Mrs. George McCall, president, representing the club, and Mrs. L. E. Spencer, district Director representing the district are attending along with approximately 10 others from the circle.

J. Saxton Lloyd of Daytona Beach, chairman of the Florida Development Commission, forecast Florida development over the next 20 years in a speech last night.

Governor Collins will speak at a banquet tonight after which delegates will be guests of Governor and Mrs. Collins at the Grove, the executive residence.

Stenstrom, Miller To Address Jaycees

Senator Douglas Stenstrom of Sanford and Paul Miller of Melbourne, candidates for the 37th Senatorial District seat in the Florida Legislature will speak tomorrow at the noon luncheon meeting of the Seminole County Junior Chamber of Commerce.

Officials of the local Jaycee organization say that the addresses by the two candidates will be broadcast over WTRR beginning at approximately 12:30.

MAYNARD JOHN CALVERT

Seminole County Set For One Of Hottest Campaigns In History

Wiener Roast Will Be Held Saturday At Safety Meeting

A wiener roast will be featured Saturday as the first event of the Bicycle Safety Club following the third inspection and registration for new members.

The event, sponsored by the Sanford Police Department, will get underway at 11 o'clock, when the registration and inspection will take place. The wiener roast will be held at 12 o'clock, followed by the bicycle safety group, which will be held at 12 o'clock and continue until 2 o'clock. This time, said Mrs. Murray, no one will be left out. Children without bicycles can take the safety test and register by using a borrowed bicycle. "We will see that anyone without a bicycle will have an opportunity to join the Bicycle Safety Club so that everybody can have fun together and will be ready when they do get bicycles," she said.

The registration, inspection, and tests will be given at the same location on Seminole Boulevard immediately behind the Chamber of Commerce Building in Fort Mellon Park.

Announcement of the third membership and registration, day was announced yesterday following visits to Sanford Grammar, Westside and Southside Schools by Mrs. Anne Mitchell, safety chairman for the P-T-A; Captain Arnold Williams, Patrolman in Charge of the Sanford Police Department; and Mrs. Frances Murray, organizer of the Bicycle Safety Club.

The group of safety enthusiasts spoke to school children on bicycle safety, pointing out the danger of riding double and instructing them on hand signals and the proper way to ride a bicycle.

Friday the group will visit Pinecrest and Sanford Junior High Schools in an effort to interest boys and girls in bicycle safety.

The Bicycle Safety Club has been organized as a part of an overall countywide and citywide recreation program. Mrs. Murray, explaining the future plans of the group, said that wiener roasts, bicycle hikes, exploring trips and other events would take place from time to time and continue throughout the summer.

Ike Is Favorite Of N. C. Delegates

RALEIGH, N. C. (AP)—President Eisenhower, in the overwhelming favorite of North Carolina's 20 delegates who will help choose the Republican ticket at the party's national convention at San Francisco this August.

Of 24 delegates contacted in an Associated Press poll of their preferences for the national ticket, eight came out solidly for Richard Nixon as vice presidential nominee.

The other 16 hedged the question. Most picked "Nixon, if he wants him," and about three of these indicated they might prefer someone else. Several wouldn't comment.

Sen. William Knowland of California was mentioned three times by those who indicated a secondary choice for the presidential nomination if Eisenhower is not available. Gov. Christian Herter of Massachusetts was named twice, and Gov. Theodore McKelvin of Maryland and Milton Eisenhower, the President's brother, once each.

Herter got six mentions for the vice presidential spot as a secondary choice; Knowland got four.

Only one man of the 24 did not name Eisenhower as his choice for the top spot on the ticket. Charles D. Owen Jr. of Asheville, a delegate-at-large, declined any comment until he is officially notified of his election as a delegate.

Herter got six mentions for the vice presidential spot as a secondary choice; Knowland got four.

Citizens Left In Quandry

Sparked by a seven-way Governor's race, the political stage has been set in Seminole County for one of the hottest campaigns in the area's history.

Last minute qualifiers yesterday, shortly before noon, left the citizens pretty much in a quandry as to which way the tide will turn.

Ten of the incumbents who have qualified for their respective offices are unopposed making their election a "sure thing" for both the Democratic Primary on May 8 and the General Election of Nov. 6.

Heated campaigns are in store for the voters of the county in six of the races for public office.

Four candidates have qualified and have started their political maneuvering for the office of Clerk of Circuit Court, O. P. Herndon, the incumbent, Robert A. Cobb, A. O. Roberts, and Pitt Varner are all vying for the coveted Seminole County Court House post.

With the retirement of Sanford Doudney, County Assessor of Taxes, five candidates have placed themselves in the limelight and are competing for the office.

Mary E. Earle, presently employed in the County Tax Assessor's office; Raleigh King, business manager; County Commissioner John W. Meisch; railroad man Rudy L. Sloan, and Groceryman Jack E. Stempfer are presently campaigning for the office which will be vacant on Doudney's retirement.

J. Luther Hobby and Portie H. Lansing tossed a bombshell into the political ring for the office of Sheriff of Seminole County. J. D. Cordell, appointed last December to fill the remaining opening due to the suspension of Hobby; C. W. "Charlie" Beck, cattleman and former deputy sheriff; O. G. Owens, chief deputy for Hobby and railroad man were all qualified for the Sheriff's race until shortly before noon yesterday.

Hobby qualified, preceded by Porter H. Lansing, sportsman and garage operator, qualified to make the campaign a five way fight.

Four candidates have declared themselves qualified for the office of County Commissioner in District No. 1. Robert H. Bennett.

Truett Benton, 47, Dies Last Night

Truett Eugene Benton, 47, Sanford furniture dealer, died last night in an Orlando hospital following an illness of two years.

He was born in Newton, Ala., and came to Sanford to make his home 35 years ago. He lived at 311 Celery Ave.

Mr. Benton was associated with his brother in the furniture business in Sanford.

He is survived by his parents, Mr. and Mrs. Colin E. Benton Sr.; five brothers, Herbert G. Benton, Jack Morris Benton, Julian L. Benton, and Colin E. Benton Jr.; of Sanford, and M. Sgt. Kenneth E. Baker, U. S. Army, Air Force; four nieces, Beverly and Joyce Benton of Sanford; Sue Lynn of Sanford; and Mrs. Louise Elliott of Springdale, Tenn.; and one nephew, Donnie Lynn of Sanford.

Funeral services will be held at 3 p. m. tomorrow afternoon at Brison Funeral Home with the Rev. W. P. Brooks Jr., officiating.

Six Teams Are Set In FSL This Season

Six teams are set in the Florida State League this season and major league help is being sought for two others.

After a special meeting yesterday in Tampa, President John Krider reported Daytona Beach, Cocoa, West Palm Beach, St. Petersburg, Orlando and Gainesville are ready.

He said major league clubs are being asked if they can help Leesburg and Deland. He did not say what clubs are being approached but said he hoped to know the results within 6 or 7 days.

Famed Movie Star Will Address SHS Students Friday

John Calvert, famed movie star whose most recent picture "Dark Venture" will be shown in Sanford next Friday and Saturday, will be in Sanford to address the students at Seminole High School Friday morning at 10:30, according to Ezra Kimbrell, manager of the Ritz Theatre here.

Calvert will also be heard over Radio Station WTRR Friday morning at 9:30 in a half-hour interview, he said.

Although John Calvert has circled the globe many times over, he is in fact, as well known in England, Australia, Africa, Central Europe and points around the world as he is in New York and key cities across the nation. Born in New Trenton, Indiana, and educated in the States of Ohio, Kentucky and Florida.

Early in his youth there was the urge to become a man of magic and he pursued the art even while attending a college of theology and it was while he was attending Asbury College in Kentucky that he put on an on-stage magic show. There was a New York theatrical agent in the audience and before long young Calvert found himself on the vaudeville circuit — performing in magic but with an eye for long-in-the-check comedy. This was that added something that took him up to the top as a performer breaking all existing records at Loew's State Theater on Broadway way, in New York City. Hollywood had their collective eyes on this remarkable man with the perfect limber and wooed him into playing suave villains in RKO Pictures and then came the "Taboo" starring roles at Columbia to a total of 14 striking, pounding characterizations. Following this up with roles of a more stately aspect in "Charlatan" and "Gold Fever" and now he steps into his full stature as an actor with a strut and style that will catapult him into the permanent firmament of the great stars—a foot 2 inch John Calvert has matured into mature roles and those who've viewed his latest picture "Dark Venture" qualified to release screenings have made the claim that this is the actor that will bring the ladies back into the matinee idol drama of heroes that somehow make life more interesting to all of us.

Commissioners Will Consider Request At Special Session

The Board of Seminole County Commissioners will meet in special session Saturday morning at 10 o'clock for the purpose of considering the request of Rayburn T. Milwee, Superintendent of Public Instruction, and the Board of Public Instruction, that the county appropriate \$50,000 out of the race track funds to the School Board for the purpose of supplementing the salaries of teachers, superintendent and supervisors.

According to the announcement this morning, if the appropriation is made by the Board of County Commissioners, the School Board will match the funds to provide a substantial adjustment of salaries throughout the school system's staff of teachers, supervisors, and superintendent.

Swiss Says He's 'Pushing Type'

CHICAGO (AP)—"I'm the pushing type," says Hans Dittsheim.

The 54-year-old Swiss immigrant, now a naturalized American citizen, bubbles enthusiastically, talks aggressively and laughs heartily as he describes a career combining "push" and "deals."

Dittsheim, who has been in control of Butler Bros. since, among other things, has 2,375 Ben Franklin franchise stores in every state of the Union as well as Alaska and Hawaii. Dittsheim will become chairman April 20.

Dittsheim pushed his way up from an apprentice in a small Swiss bank, through the involved field of international finance and into several American corporations before landing at Butler.

His first deal came in 1931 when Germany froze all foreign credit balances. It was a three-way deal. Russia owed Germany money. American banks and corporations couldn't get their money out of Germany. Dittsheim, partner in the Swiss Bank of Luescher & Co., went to work on this situation.

It was all very involved. But Germany, Dittsheim, partner in the Russia owed her. Russia got out of debt with a smaller payment that stipulated, the Americans got some of their money out of German banks and Dittsheim got several million dollars in commissions.

The next big deal came in 1947 although "between them I did a few smaller deals—don't worry", Dittsheim says, laughing.

This involved China which was being attacked by Japan. Chinese representatives went to Dittsheim, asking for money. Dittsheim rounded up a group of Swiss and Dutch banks which loaned China money on collateral consisting of Chinese silver dollars held in Hong Kong.

To get the silver dollars out of China, Dittsheim chartered two boats, loading them down with nothing but silver dollars. The boats went to London where the dollars were melted and made into silver bars.

The bars were sent to America.

If you get a reward for catching a criminal, however, you would probably have to pay a tax on it, because such rewards are publicized, and it would be pretty hard to convince the revenue service you were not after the award.

If you find some money or property, is that taxable income? Yes, found money or property is "treasure trove" and taxable income.

Virtually every radio-TV or other type of giveaway is definitely taxable. The big money giveaways can increase the tax of a man with average income and family fantastically, because the whole prize must be counted as income in the year in which it is won.

Silver prices spiked and Dittsheim sold the silver—at a profit—to the Federal Reserve Board.

Butler's headquarters are in Chicago, but Dittsheim and his wife live in Tarrytown, N.Y.

The Dittsheims have a six room Swiss chalet on a big chunk of land which includes two private lakes. About 200 ducks and swans swim on the lakes.

Tarrytown is on the Hudson River and during the summer Dittsheim goes to his office in midtown Manhattan by driving his speedboat down the river. In the winter he drives his car.

The son of a doctor, Dittsheim took two years at a commercial college in Switzerland specializing in economics and language. He speaks German, French, Italian, Spanish, English and Latin.

After college Dittsheim became an apprentice in Luescher and Co., then a small Swiss bank. Two years later he was an employe, earning \$100 a month. Later he became a partner and operated his international deals from the bank.

Dittsheim came to the United States permanently in 1940. He says he volunteered for the Army, the

Air Force Ferry Command and for a military government post but got turned down on all three.

"I made a list of 500 companies on the New York stock Exchange whose stocks were selling below the net current asset value. Then I narrowed that list down to 12 companies," Dittsheim says. He wanted to run one of those 12 companies.

The first of the 12 Dittsheim went after was White Motor Corp. He and associates bought stock at \$16 to \$21.50. White's president called Dittsheim "too dynamic" and opposed him. The effort at control failed but Dittsheim sold his stock at \$23 to \$28.

Next came American Woolen Corp. Dittsheim bought stock at \$21 to \$23 but a change in company presidents foiled Dittsheim's hopes. Dittsheim sold his stock at \$10 to \$12 when the Korean War came.

Then came United Board and Carton Corp. He and associates bought stock for \$1.50 to \$13. Dittsheim was successful here. He became chairman of the executive committee. Later, when he went after Butler, Dittsheim sold out UBC at \$22.

FORMER foreign aid chief Harold Stassen, now President Eisenhower's adviser on disarmament, testifies before the Senate Permanent Investigations subcommittee in Washington on East-West trade. Stassen insisted that the 1954 agreements for Allied shipments of strategic goods to the Soviet bloc "were to the net advantage" of the United States and the free world.

Did You Win Prize, Receive Gift In '55?

By FRANK O'BRIEN

WASHINGTON (AP)—Did you win a prize in 1955 or get a gift from someone?

If so you may have something special to consider in making out your income tax return, a task which must be completed by April 10.

If you got a gift from anyone but your employer you probably do not have to pay taxes on it.

If you received a gift from your employer, however, here's a tip: There's one thing that's almost impossible in the whole field of taxation, it's trying to convince the revenue service that you got a real gift from your employer.

A gift, to be nontaxable, must be money or property with absolutely no strings attached and completely unconnected with any service rendered by you.

Remember that a gift in the form of property can be taxable. For example, if you helped a friend buy a summer cottage and he gave you a robebat out of gratitude, you should report the market value of the robebat and pay tax on the amount.

The tax law makes nearly all prizes taxable. As with gifts, prizes in the form of merchandise or property are taxable at their fair market value.

Prizes and awards are taxable unless you are selected to receive them without any action on your part to enter a contest or a drawing.

If you received the prize without any action on your part, you give "insurance services" as a result.

If a prize or award is made in recognition of reliable, scientific, educational, literary or civic achievement, it is taxable.

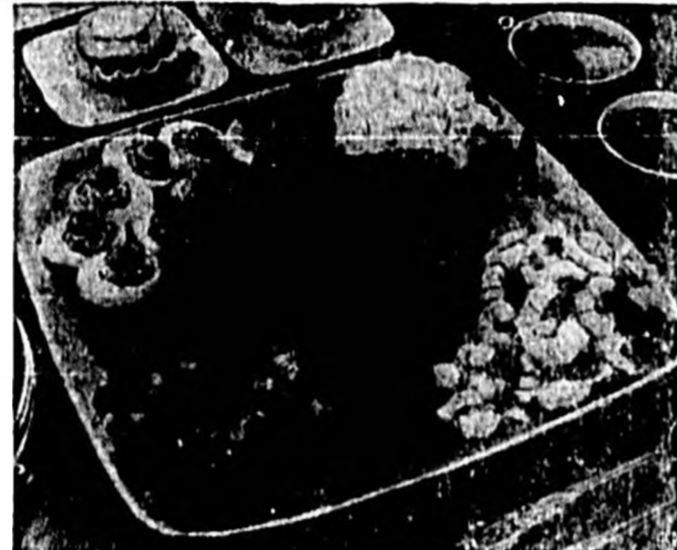

Prizes and Pulitzer prizes, for example, are tax exempt. They were made tax exempt by Congress as income of the very kind of prizes on which you need not pay a tax. They are given in recognition of outstanding work in your field.

Prizes given by employers for professional services are taxable since you make an effort to get the prize and tender a service.

What if you leap into a stream and rescue someone about to drown, and the Carnegie Foundation gives you one of its lifesaving awards? Very likely it is not taxable, because your object was to save a life, not to get a reward.

SECRETARY of the Interior Douglas McKay (above) announced in Portland, Ore., that he has filed as a Republican candidate for the U. S. Senate seat now held by Sen. Wayne Morse, Oregon's senior Senator. The White House said that McKay will resign the Cabinet post before he begins his campaign for the Senate. President Eisenhower expressed delight over McKay's decision but said he will be greatly missed in the Cabinet.

Tomato aspic by its sexy flavor and color is the feature attraction for a luncheon or supper menu. Served on a platter with cottage cheese, deviled eggs, shrimp and mixed vegetables, each diner helps himself to a main course. Onion soup is the ideal starter with peach tarts as dessert.

Because tomato aspic enhances other foods, are easy to make, and exhilarate the appetite by their flavor and bright color, they have become a classic of get-togethers. This aspic is a simple blend of tomato and lemon juice with unflavored gelatin.

The tomato aspic buffet is ideal for calorie-watchers and would be a suitable Lenten menu.

- Tomato Aspic Platter**
- 2 envelopes unflavored gelatin
 - 1 cup cold tomato juice
 - 2 1/2 cups hot tomato juice
 - 1 1/2 teaspoon salt
 - 1 teaspoon onion juice
 - 2 tablespoon lemon juice
 - 3/4 teaspoon Tabasco
 - 8 deviled egg halves
 - 1 cup cottage cheese
 - 2 cups mixed vegetable salad
 - 1 1/2 cups shrimp salad
- Sprinkle gelatin on cold tomato juice to soften. Add hot tomato juice and stir until gelatin is dissolved. Stir in salt, onion juice, lemon juice and Tabasco. Pour into 1-quart jar or other mold and chill until firm. Unmold on platter and garnish with deviled eggs, cottage cheese flavored with onion juice, mixed canned vegetables marinated in French dressing, and shrimp salad.
- YIELD: 8 servings.

Let's Make Sanford's Shopping District Grow With Community

This could be the "tale of two cities." Sanford today — and the Sanford of tomorrow.

Without a doubt the growth of both the City of Sanford and Seminole County can be seen — not envisioned.

Along with growth has come the expansion of business facilities to take care of the needs of the increasing population. Moving with the expansion, trading centers have relocated themselves to be within the convenience, path, sight, and desires of homeowners who have been attracted to the beauty and livability of subdivisions, developments and sprawling homes in adjacent areas lying along the edges of the City.

Confronted with the choice between crowded streets, angle parking, unattractive portions of fast-dearing sections and the wide open spaces of ample parking room, attractively lighted and planned centers, as well as convenience, shoppers are making their way to the places of least resistance.

Sanford has a long and brilliant history behind it.

During the eras of that history the centers of population have shifted due to hurricanes, fires, disaster of two sorts and the modernization of travel by land, sea and air.

The time has come when planning must replace complacency. The time is here when attractiveness, convenience, and attentiveness creates new customers that literally come from nowhere.

A diamond set with a background of blue velvet looks twice as valuable, has double the brilliance and is looked at more often than the same diamond set in dull shades that have no reflective ability at all.

We believe that the time has come when heads must get together to plan a downtown section of Sanford that will draw customers from every section of the City and from the trade areas for miles around.

Certainly, customers are going to places where escalators guide them to top floors of a shopping center. To be sure, customers are going where parking is something that is easy as falling off a log. Where modernization takes place, the customers are going to flock even though it is but to sightsee — and later to return to shop.

We speak of surveys, engineers, experts, and folks with knowhow — and such instances have been numerous in the recent past. Here is where those folks who know what to do can be called in to offer assistance that is well worth their pay.

Merchants who have long and important parts in Sanford's history will find themselves in the midst of watching the traffic pass by headed for the outskirts to areas planned by just such experts that should be called in to revamp our downtown shopping center.

What do we need? Well, we're no experts on the problems of a growing City. That's why engineers, surveyors, and experts should be called in. We do know that growing pains are prevalent today and only with the proper medicine can the pains be relieved.

We want to see the merchants and businessmen that have supported Sanford all these long years benefit from the increased earning capacity of a double, triple, and even a quadrupled population.

As was pointed out in these same columns yesterday, other communities have approached the problem with the idea of overcoming some of the beckonings of modernized shopping centers. So why not Sanford?

There is the danger of waiting until the shift has been made. The time for action is today while modernization can be made at a minimum cost.

Soon the avenues of travel will be opened still wider, giving neighbors an opportunity to come to us for shopping. But they'll not be attracted by outmoded shopping areas, parking problems and anti-dated methods of merchandising.

This is a communitywide problem that can be spearheaded by forward-looking groups that are aware of what lies ahead unless some changes are made in the not too distant future.

Too Late To Classify

BY RUSSELL KAY

Every so often somebody comes up with the suggestion that Florida ought to adopt Daylight Saving Time. We tried it a few years ago and it didn't work. In early spring and late fall mothers objected to their children going to school in the dark in order to get the children off to school and the menfolk off to work. Mother had to get up before daylight and she just didn't like it.

South Florida does not have the great variation in the lengths of day and night that they do up North. Being closer to the equator, our days and nights stay more nearly equal throughout the year. We don't have long twilight, and when night falls here it falls with a bang and that's that.

Personally, I never did go for this screwy daylight saving time deal. It has never made any sense to me and all it has done as far as my experience is concerned is to cause a lot of confusion. When you have to figure what time it is at the City Hall and what time it is at the Union Station in your own town, you are in a bad fix and that's what happens with daylight saving. Some businesses operate on one

State Department In Trouble Again

By JAMES MARLOW
WASHINGTON — The State Department has run — in — mouth trouble again, an ailment which afflicts it just as readily when Under Secretary Hoover is in as when Secretary of State Dulles is here.

It has just tried to please both the Greeks and British in their dispute over the island of Cyprus, a British colony whose inhabitants, mostly of Greek descent, want self-government and union with Greece. The Greek government backs them.

The State Department made two tries and wound up making the British and Greeks both mad and glad, but not at the same time.

Dulles, who sometimes seems carried away with the possibilities of the English language, has made statements which caused him to spend a lot of time afterwards trying to explain, or explain away.

Examples: his promise President Eisenhower would cause "quiet" revolutions in the Russian satellites and that the "captive" people "can count on us"; his

warnings of "massive retaliation"; his "brink of war" colloquy in an interview with Life magazine. But repeatedly, with Dulles either out of town or out of the country, the State Department under Hoover has managed to embarrass itself.

Last spring, when Dulles was on vacation, Hoover quickly rejected a Red Chinese call for U.S. and Red China talks to ease Far East tensions. This got a sour world reaction. Dulles quickly reversed it when he returned.

A few weeks ago, with Dulles vacationing in the Bahamas, the government without any public announcement was shipping tanks to Saudi Arabia although turning a deaf ear to the plea of Israel for arms as defense against the Arabs.

The story became public, and in headlines. At once Hoover ordered the shipment halted. He had Eisenhower's approval for this. Forty-eight hours later he let the tanks go.

Now Dulles is touring Southern Asia. Last week, after months of and when you arrive you will find that she has been waiting an hour and is madder than a three-alarm hornet.

Florida has been doing all right on Standard commensurate time for one would like to keep it that way. I never had much use for time anyhow and when folks start messing it up I like it even less. Mother Nature is going to go right on ahead making daylight and dark as she sees fit, and we can try all the tricks in the bag but there still will be just 24 hours a day and we'll have to live with them.

Some are for it and some against. If we don't watch out we will find it is six o'clock in Hialeah and five o'clock in Miami Springs. Mama will tell you to meet her at the International Airport at such and such a time

LETTERS TO THE EDITOR

Mr. Fred Perkins, Editor Sanford Herald Sanford, Florida

Dear Fred: Now that the completion of the French Avenue project has been recorded in the progressive pages of Seminole County's history, I want to sincerely thank you and your staff for the splendid manner in which you helped on this program. The Committee on Arrangements appointed by the Seminole County Chamber of Commerce and composed of Karllye Householder, Doug. Stromstrom, Mack Cleveland and Volle Williams will forever be grateful for your kind and gracious help and assistance. With best wishes, Very truly yours, James A. Wright

Try and Stop Me

By BENNETT CARR
A NEW IOWA FARM BOY got his very first look at the Atlantic Ocean when he was drafted and assigned to a New Jersey camp. He barely had gotten into uniform when he found himself in a sandy on the beach, instructed to hold his ground. The Officer of the Day found him there some hours later, up to his hips in the swirling waters of the incoming tide. "Idiot!" barked the O.D. "Are you trying to get drowned?" "No, sir," spluttered the soaked recruit. "I'm holding my ground like you told me. But this here creek's done dried up."

Don't miss this sale on girl's dresses choose from organdy trimmed with lace & dainty embroidery, cotton print jumper with organdy blouse, nylon jumper with matching taffeta petticoat.

Dotted swiss trimmed with little lace collar, soft cotton solid or two tone, plisse & organdy combination.

These cute frocks are trimmed with your choice of bows, flowers or embroidery. Jumper style, pinafore and many other styles. Colors of: yellow, pink, green, white, blue, rose.

The Sanford Story League will hold a regular monthly meeting at the Yacht Club at 8 p.m. There will be an interesting program. A White Elephant Sale will also be held.

Dick Powell, June Allyson Are Named Fund Co-Chairmen

Actor Dick Powell and his actress-wife, June Allyson have been named National Co-Chairmen of the Susan Ball Memorial Fund, it was announced today.

The fund is operated under the auspices of the Sanford City of Hope Medical Center and was formed in honor of courageous young Susan Ball, motion picture personality who was fatally stricken with cancer last year.

Powell and Miss Allyson head a list of show business and civic luminaries who are sponsoring the fund. Others include: Jeff Chandler, Tony Curtis and Janet Leigh, Sammy Davis Jr., Rock Hudson, Governor William Stratton, Art Linkletter, Dinah Shore, Governor G. Mennen Williams, Jane Powell, Louella O. Parsons and Scott Brady.

The fund will be dedicated to increasing facilities for a cancer center and alleviating the plight of cancer victims.

A national drive for funds will be announced in the near future. The goal for fund raising has been set at \$1 million dollars for 1956. The fund will be a permanent organization.

Originally consisting of two tents in the desert at the foothills of the Sierra Madre Mountains in California, the City of Hope was conceived to aid unfortunate tuberculosis victims over 40 years ago (1913).

Nonsectarian and nationwide at inception, the Medical Center now expands over 75 acres of land in Duarte, California, and gives aid to thousands of victims of catastrophic diseases yearly—regardless of race, creed or national origin. The Medical Center offers its facilities to those stricken with these diseases before, during, and after hospitalization—without charge.

Aside from the actual hospital establishment, the City of Hope also conducts extensive research programs in cancer, leukemia, Hodgkin's disease, tuberculosis and heart ailments. Another phase of activity is the City of Hope's post graduate medical education program, in which doctors from various parts of the country are given the opportunity to study the care and treatment and research of these diseases.

Among its national sponsors are: Mrs. Eleanor Roosevelt, Thomas E. Dewey, Honorable Harry E. Truman, Jack L. Warner, Harold E. Stassen, Louis B. Mayer, Walter Reuther, and Hugo Ernst.

The City of Hope has developed through the years as a result of public support. People throughout the nation are responsible for the expansion of this Medical Center to its present proportions via their voluntary contributions.

It's correct to place butter pats on bread-and-butter plates before guests sit down. A roll may also be placed on the plate.

On The BOOKSHELF

By S. DRIGGERS

Reviews on new books ready for circulation: (and some good ones, too) "October Fox" by Clark McMeekin, is a romantic tale of old old Kentucky told against a pleasant backdrop of rural family life. The big Judge dominates the lot of handsome sons and beautiful daughters. The October Fox is a ghost, a fabulous fox, Disaster strikes the family every time the fox appears. He becomes the symbol of independence for the sons for whom the Judge tries to plan the lives of to the last detail.

"Sunken Garden" by Douglass Walton, a story of love and marriage in a successful suburbia showing Tom Forrester contentedly settled with Janice his wife, and Polly, their 11-year-old daughter—until Tom discovers a new passion with Louise Gorman, and Janice's threat of divorce puts him back on the side of saving the home.

"Big Squeeze" by Budd Arthur, a detective story about a New York City policeman who searches a small town for the murderer of his brother.

"Outwaded Banner" by Gerald Roark, in which loyalty and friendship come into violent conflict in a sea battle during the Civil War when two close friends find themselves pitted against each other.

"That Uncertain Feeling" by Kingsley Amis about a librarian's capers among the upper crust which involve him in local feuds and an extracurricular romance that nearly wrecks his marriage.

"Stronghold" by Michael Blankfort, a novel of love and religion, telling of a young orthodox rabbi's love for a beautiful, successful woman who is also Jewish but whose frame of reference is devoid of racial or religious consciousness, and of the impediment which, under Jewish marriage law, held them apart.

"Warhorse" by John Cunningham: a story of the West in the 1880's, telling of tough, wily, incorrigible old Buford Allen and his desperate attempts to recoup a fortune and possess a ranch where a beloved part of his past lives buried.

"Voodoo Queen" by Robert Talant; a fictionalized excursion into the life and times of Marie Laveau, the last American witch. The author creates a vivid, haunting atmosphere, which (like Marie's arts) hold the reader in a spell. Daughter of the quadroon mistress of a well-known planter, Marie became the leader of the fantastic black world of voodoo, until the day came when her power was challenged, and her own daughter began to take her place.

"Rings Around Us" by Ernestine Gilbreth Carey, the co-author of "Cheaper by the Dozen" writes about her courtship and marriage.

"Dr. Kate, Angel on Snowshoes": the story of a woman doctor practicing in the backwoods area of Wisconsin who was able to build a hospital when TV viewers of "This is Your Life" took up a collection for her. Also, the new "Good Housekeeping Cook Book" and some mysteries and love stories.

Book of the month for April is a double selection: Biographies of Hiscanini and Helen Keller. Just received a beautiful book on "Living Mammals of the World" illustrated with color photos.

Remember books are your best friends; they'll help you, entertain you and make you feel good; and the nicest part about a book is that they are always there when you want them!

Use a small napkin and a plate when you crumb the dining table after a meal.

Michigan

Michigan is a member of the "stop" family of games, so called because the play stops, temporarily or finally, when a card specified to be played next is not available. Simple and fast-moving, it is an ideal "icebreaker" for a social gathering as it accommodates any number of players from three to eight and can be played after the briefest explanation.

There is no pencil and paper scoring; all players are supplied with layout and every other player must place one on each. One card at a time is dealt beginning with an extra hand or widow to the immediate left of the dealer.

After dealer has inspected his hand, he may discard it face down and pick up the widow in its place. If he keeps the original hand, he offers the widow for sale at auction to the highest bidder.

Player at dealer's left opens play. He may select any suit but must lead his lowest card of that suit. Cards rank A (high), K, Q, J, etc. Following the lead, the player having the card next higher in sequence in the same suit must play it. Play continues, not in turn, but according to who holds the card next in sequence with the previous card played.

An Ace is a natural "stop"—that is, when played, the sequence is halted and a new sequence begins. Player of the Ace is entitled to make a new lead, if he can make it in a different suit from the previous lead. If not, the right to play passes to the player at his left. Cards as played are not put together in tricks. Each player exposes his played cards in front of himself in one pile.

When a player is able to play the Ace of Hearts, King of Clubs, Queen of Diamonds, or Jack of Spades, he collects all the tokens on the layout—responding "boodle" card of the layout. If the tokens on a boodle card are not taken, they remain, increased by following aces, until won.

Objects of play are to collect from the boodle cards and to get rid of one's entire hand. When any player goes out, play ceases, and every other player must pay him one token for every card remaining in his hand.

If you'd like the complete rules for playing this favorite American family game, plus tips on play, send a postcard or letter to Playing Cards, 420 Lexington Avenue, New York 17.

CONFETTI PLAID WOOL COAT

in "night life" colors of dark blue, purple and red flecked with light blue. The waistline is slotted in low-belted effect for the fringed scarf. A Monte-Sano and Prusan design.

"Voodoo Queen" by Robert Talant; a fictionalized excursion into the life and times of Marie Laveau, the last American witch. The author creates a vivid, haunting atmosphere, which (like Marie's arts) hold the reader in a spell. Daughter of the quadroon mistress of a well-known planter, Marie became the leader of the fantastic black world of voodoo, until the day came when her power was challenged, and her own daughter began to take her place.

"Rings Around Us" by Ernestine Gilbreth Carey, the co-author of "Cheaper by the Dozen" writes about her courtship and marriage.

Ritual Of Jewels Ceremony Held For Beta Sigma Phi Group

The home of Mrs. Joe Corley on Cameron Avenue was the scene Monday night of the very lovely Ritual of Jewels of Beta Sigma Phi Sorority, during which the pledges of the Sorority became regular members.

Those receiving the formal initiation to membership included Mrs. Dan Batten, Mrs. Robert Berg, Mrs. Ralph Betts, Miss Anna Corley, Mrs. Robert Cushing, Mrs. Burbon Ferrell, Mrs. Gordon Frederick, Mrs. Malcolm Lodge, Mrs. A. A. McLanahan, Mrs. Alfred Popielch, Mrs. Ozzie Roberts, Mrs. Wallace Tyre, and Miss Joni Saunders. Miss Dial Boyle, also a pledge, was unable to be present, and will be given her Ritual of Jewels at a later date.

The pledges, the Sponsor, Mrs. W. H. Fleming, and the Director, Mrs. Joe Corley, and 15 members enjoyed a covered dish supper, prior to the Ritual and business meeting.

During the meeting, final plans were discussed for the annual Beta Sigma Phi Banquet to be held April 6, at the Turf Club, formerly The Seminole Raceway. This is the formal dinner given for the pledges and all husbands and dates, by the members.

Mrs. Francis Stenstrom is chairman of the Banquet Committee for this year.

During the social hour, a "Easter Parade" was had, during which the members modeled some "very original" Easter Bonnets. First place winner was Mrs. Alfred Popielch for her creation of an Easter Bunny on a nest, complete with dangling eggs of all colors. Second and third place winners were Mrs. Ralph Betts and Mrs. Dan Batten, respectively.

The group was pleased to have as a visitor for the evening, Mrs. Earl Swanner of Orlando, who will be remembered as Miss Barbara Saunders, a former member of the local chapter.

Because of the Cancer Drive to be held on April 16 in which the sorority will participate as a group, the meeting to be held that evening has been postponed until April 23.

The next regular meeting will be April 2. Hostesses will be Mrs. Dan Batten and Mrs. Wallace Tyre. Mrs. Francis Stenstrom and Mrs. H. E. Stenstrom will have the program.

"THOROUGHbred" Christian Dior calls his beige and white striped silk-and-worsted suit from his New York collection for spring, 1956. A big chignon scarf is tucked into the neckline. All accessories by Dior.

Remember books are your best friends; they'll help you, entertain you and make you feel good; and the nicest part about a book is that they are always there when you want them!

Use a small napkin and a plate when you crumb the dining table after a meal.

Bridge Enthusiasts Cordially Invited To Attend Games

Bridge enthusiasts had the opportunity to display their skill in playing many unusual hands at the regular meeting of the Sanford Duplicate Bridge Club last Thursday night at the Yacht Club.

Five and one-half tables participated, with first place going to Mrs. William Clifton and Cecil Rines, while second place honors resulted in a tie between Mrs. Price Heard and Mrs. Ross Adams and Steve Rockwell and Clyde Ramsey.

Duplicate games are held each Thursday with play beginning promptly at 8 p.m. These are open games and the public is cordially invited to attend.

Anyone wishing further information or desiring to arrange for a partner is asked to call 1348.

Mrs. J. Leonard, Mrs. H. Appleby Honor Bride-Elect

Mrs. J. M. Leonard and Mrs. Harold Appleby honored popular bride-elect, Miss Carol Skinner, with a tea yesterday afternoon from 3:30 p.m. to 5:45 p.m. in the Appleby home on West First Street.

In the receiving line to welcome 150 guests who attended were Mrs. Appleby, Mrs. Leonard, Mrs. A. L. Skinner and the honoree.

Lovely spring flowers in a pink and white theme were used throughout the rooms of the lovely home. White tapers burned in three branched silver candelabra on the book case and also on the serving table which was overlaid with a white linen network cloth.

Silver appointments were used on the dining table which was centered with a large bouquet of white flowers interspersed with natural greenery in a silver bowl. Petite forks along with individual cakes in the shape of a heart and colored pink and white were served to the guests. Tea and coffee were also served.

Assisting were Mrs. L. B. Steele, Mrs. W. B. Kirby, Mrs. Milton Wyatt, Mrs. John Galloway, Mrs. Raymond Ball, Mrs. W. E. Kirchhoff, Mrs. H. B. McCall, Mrs. Joe Corley, Mrs. W. A. Ludwig, Mrs. John Schirard, Mrs. R. W. Herron and Mrs. Grady Herman.

Miss Skinner, who wore a blue brocade sheath dress with white accessories, was presented a hostess gift to commemorate the occasion.

Mrs. John Senkarik Leads Discussion At Ladies Aid Meet

The Ladies Aid Society of the Lutheran Missionary League met jointly with the Women's Lutheran Missionary League Thursday evening at Mrs. M. G. Hodges on Paola Rd.

The topic for the evening's discussion was "Reaching out to Latin America." Mrs. John Senkarik lead the discussion and called on several present to read passages from the Bible.

Mrs. Henry Thurston presided over the business meeting. Committee reports were given. It was announced that the Sunday School would have an Easter egg hunt at Fort Mellon Park, Saturday, March 31.

Pastor Phillip Schessmann gave the report of the furnishing committee and he listed the basic needs of the new Parish House Chapel now under construction.

Refreshments were served by Mrs. Hodges to the following: Mrs. Joe Meisch, Mrs. P. L. Skates, Mrs. J. S. Eckert, Mrs.

Footnotes to fashion

By SANDRA

The latest glamour girls take their fashions seriously these days. They want high style touches just like mama's, they pride in their crisp, flaring skirts and dainty ruffled petticoats. And, in the eternal feminine tradition they know when they look pretty, and preen themselves accordingly.

Toppers from tois to teens are tapered and slim, this year and are short enough to wear with full skirts.

Translucent plastics also are used for glamorous party attire for the kindergarten set and their big sisters. These clothes are reasonably priced and should bring joy to the hearts of mothers and daughters alike.

Brother and sister outfits achieve a grown-up look in smart new styles, rich fabrics and a greater variety of colors. Why not try a silk blend in a slubbed weave making a new fabric for tux' spring suits. Colors such as champagne and aqua are used in single-breasted styles for little boys and girls.

Washable linen-like rayon is used in checks and solids with crisp white piping and collars.

The age of chemistry makes life more fun for the modern small fry and easier for their moms. Time was when party dresses were reserved for only the most special occasions, since their dainty ruffles and lace frills took hours to wash and iron after each wearing. But nylon and other miracle fibers have changed all that.

Nowadays little girls can wear party dresses every day if they like—as sheer and frilly as the most particular glamour girl could desire. Yet you just swish them through suds in the washbowl at night and rinse then hang them up, and they are all ready to wear again the next morning. (Some trick huh?)

A new idea is using sheer nylons and plastic in children's wear. Cobwebby pastel organdies and dotted Swiss fabrics, all in nylon are used for some of the daintiest

Marion Marman, Mrs. John Senkarik, Mrs. Vollie Wilson, Mrs. Ebba Lee, Mrs. J. C. Jorgensen, Mrs. Bill Southward, Mrs. Henry Thurston, Mrs. Beatie Wacker, Mrs. J. S. Alaman, Mrs. Jerry Senkarik, Mrs. Walter H. Knauer, Mrs. Esther Trued and Mrs. Hannah Peterson.

HERE'S A LITTLE HELP, CHUM

Interisland Shipping In Bahamas Is Risky

OSMA, Fla., (AP) — Crashing a ship into the beach to get the cargo off may sound like an impressive way to operate a freighter line, but two young Florida businessmen have learned to do it profitably.

When unorthodox ships owned by Henry and Dan Dubbin regularly ram through the surf of the Bahamas Islands and unload without the aid of docks, cranes and other port facilities.

Interisland shipping in the shallow, coral studded Bahamas waters is a risky business, even with completely outfitted terminals for unloading. Squalls and storms may dent a ship against a reef. Waters within the charts show to be safe sometimes hide rocks moved in by the waves.

The U. S. Air Force has established six isolated stations for tracking guided missiles fired from the long range proving ground near here and the Dubbin brothers contracted to supply them.

Henry of Miami Beach, and Dan of Jacksonville, had been ramming the beaches of Brazil with LSTs to remove mahogany logs. There was the only offer submitted when the federal government asked for bids on supplying the tracking stations. They got the contract in 1949 and tried to bring in heavy equipment such as trucks, bulldozers and fuel oil with the LSTs.

They speedily lost three ships, not because of pileups on coral reefs but because squalls shifted the cargo and capsized the LSTs. They bought three LSMs which

Nature Waves Wand Over N. Y.

NEW YORK (AP)—Mother Nature has waved a magic wand over New York, and turned the big city into a village.

As you saw in the papers, we have been getting snow here, a fantastic amount for this corner of the country. Some of the old-timers—sitting around in Manhattan equivalents of the general store and the pot-bellied iron stove—are comparing this storm with a real wing-ding blizzard of the past.

It has choked the streets, buried parked automobiles, and most wonderful of all, made the traffic simply vanish in thin air.

It delights children, opens theater doors (because so many people with tickets can't get downtown), makes strangers feel like talking to each other, and gives everybody a chance to tell you "how I got to the office" Or vice versa.

It has been magic, pure white magic.

You think of New York as the epitome of the machine age, in fact, as a great roaring machine itself. But when the storm engulfed it, the city was as helpless as any cross-roads community. Snow plows and trucks, and steam conduits beneath the streets, cleared some places. Mostly, though, it was done with muscle and shovels.

Before they started, however, people going to work simply walked down the middle of the streets.

It gave you an eerie feeling to see the avenues deserted except for an occasional bus or truck. And walking along the tracks they had made came pedestrians. Imagine walking down the middle of Fifth Avenue at 9 o'clock in the morning—and living!

Together, the wind and snow fashioned shapes of incredible beauty.

Great billowing curtains of white came swirling down from the skyscrapers. Sometimes, it looked like columns of thick smoke pouring from a rooftop. Snowy whirlpools, like pale ghosts floated slowly down Park Avenue.

The kids of course had a field day. Two boys, struggling with undersized shovels, to clear a patch of sidewalk, stopped for breath as I passed. "Well, anyway," said one, "this is a lot better than going to school."

I also had a brief conversation with an elderly staidale who was taking his master for a walk. Unlike most dogs, this old fellow did not like the snow or any part of it. He put his old foot down gingerly, took one step and stopped. Then he would take another step and stop. Then he growled and the growl turned to a complaining whine.

What he said about this blizzard

Air Force Planning Bailout Of Humans

WASHINGTON (AP) — The Air Force plans to parachute human beings from balloons riding 17 or more miles above the earth.

The unprecedented bailout would take place over the New Mexico desert late next fall. The men would jump from heights as much as two times any heretofore attempted.

Plans for Project Explorer were disclosed at a news conference last night by three Air Force officers associated with high-altitude, high-speed bailout experiments.

The officers reported that Lt. Henry P. Nielsen, 31, coholder of the unofficial record for high-altitude parachute jumps, will lead the new attempts. Nielsen and one other airman would make the jumps, using recently developed automatic operating parachutes and other experimental equipment.

Taking part in the news conference were Nielsen; Col. Arthur Henderson, assistant chief of the Aero Medical Laboratory, Dayton, Ohio; and Capt. Edward G. Sperry of the Air Research and Development Command, Baltimore.

Henderson said the purpose of the planned jumps is to develop safe equipment and procedures for hauling out of fast planes at altitudes up to 80,000 feet.

SEMINOLES WIN TOURNEY

AL. JASSEE (AP) — M. V. Shelton dropped an 18-foot birdie putt on the final hole here yesterday to give Florida State a 14 to 12½ golf triumph over Georgia.

The win was the Seminoles fourth straight this season.

Manager Birdie Tabbetts of the Cincinnati Redlegs believes his pitcher Hershel Freeman is the outstanding relief hurler in the National League.

PRESIDENT EISENHOWER, who is a pretty good orator himself, listens appreciatively in the White House as Nellie McClure, of Cleveland, Tenn., National 4-H winner, makes her speech of presentation in delivering the club's annual report to the nation. Nellie and William C. Thieshausen (center), of Muskego, Wis., were winners of the 4-H Club Citizenship Award. (International Soundphoto)

Dunkel, Ridgwood, N. J., chemical importer-exporter, upset medicalist Frank Ross of Hartford, Conn., in the opening round yesterday of the American Seniors Golf Assn. Tournament.

The 6th went 21 holes after Dunkel, pulled square by winning 10, 12.

Dartmouth's inventor of athletic Red Rolfe and hockey coach Ed Jeremiah were teammates on the Dartmouth baseball squad in 1929 and 1930. Rolfe later became a star third baseman for the Yankees.

Tasty Aids to Gaining Weight

Overweight mothers of underweight youngsters, invalids with children of the proverbial humming bird and others to whom lack of proper weight is a continuing problem will find a pathway to extra pounds in a new product, Mocal, which is easily adaptable to a variety of delicious recipes.

It may be used for breakfast and snacks with fruit or berries and milk and cream, can be sprinkled on ice cream as a dessert, or may be used in baking, sauces and gravies.

The following recipe for Mocal, developed by Schenley Laboratories' home economy consultant and carefully laboratory-tested, substantially increases the calorie content by the use of this new high-calorie food supplement, available at all drug stores.

THE QUICKSEVER POOL

CHAPTER SEVENTEEN
"WHAT IS IT?" Jimmy asked, "What does she want?"

Love took the note into some place and came back with a note that said "Mrs. Channing wants to see you at her home for a little while this afternoon."

Jimmy's eyes took on a look of conspiracy. "I won't tell. Let me see the note," he said, handing a slip of paper to Love.

"Thank you, Jimmy," she said quickly, "but of course you mustn't tell her. I'd be very sorry if you told her to come on out of town. There's nothing wrong about going up to see Mrs. Channing if I choose to do so."

"Just the same, I won't tell," he promised her.

There was no convincing him that Mrs. Channing was not a woman of mystery. Jimmy, however, and though she could not admit it to her, she would be glad to see Mrs. Channing until she had time to discover what Morgan Channing wanted.

For the last two weeks a summons had come daily to the house of Mother Tyler's independence to what went on, Wade had seen to the matter. As a consequence, Love's new wardrobe had begun to blossom and she could now put on a suit of yellow wool dress and a new bonnet, most stylishly made. She felt quite another person in it, though she smiled at herself for gaining confidence from the mere donning of a new frock. At last she was not a woman in a blue dress with a white collar and a white necktie, as she would seem dowdy and out-of-date beside the impressive Mrs. Channing.

Mrs. Channing came in so early behind her that Love was unaware of her presence until she spoke, "How nice of you to come, Love. I may call you Love, may I not?"

"A formality between friends," she were black again today, would only a pearl brooch and earrings to relieve its somber hue. Yet she was not in mourning for her husband, since she had been in gray white and turquoise the night of the party. Black suited her, Love decided. It heightened her dramatic quality, whitened her hair and made her dark eyes all the more brilliant.

© 1958, by Phyllis A. Whitney. Reprinted by permission of the publisher, APPLETON-CENTURY-CROFTS, INC. Distributed by King Features Syndicate.

Morgan had not entered the back of Love's head had been giving the hidden picture, she would certainly have found the perfect drop-

"I've been away, you know," Morgan said. "To Albany."

Love had not known in the night that word of the Tyler household, concerned more than ever with its own problems, little none of the outside world had penetrated for the last two weeks.

"I attended Governor Seymour's inauguration on New Year's day," Morgan went on. "Mr. Norwood is very close to the governor, as well as being an old friend of my husband. Nicholas was always interested in the political scene and he would never let me from home without being with him. I like to be near the seats of the mighty."

She laughed at Love's puffed-up expression. "I can see that you don't approve of a woman who interests herself in politics," she went on. "That I cannot see myself sitting here and alone in this great house. I want activity and life about me. Important activity."

"It isn't that," Love confessed. "It's just that—well, the other day you seemed to speak very sincerely about wishing that you would stop the war. And now—"

"I am sincere," Morgan broke in. "This is why I've asked you to come here to see me today. From something you said the other day I gathered that you would like my help if you could lead in the direction of halting this dreadful bloodshed."

"But how can the draft be stopped? If the government—"

"Ah, but you don't know the power we have on our side. We have a magnificent leader out in Ohio—Clement Vallandigham. And Governor Seymour himself is opposed to the draft. We have only to organize and stand fast."

Love sighed. "I'm afraid I am ignorant of all this. In any case—what do you want me to do?"

(To Be Continued)

"Vaguely," Love said. "I've heard some things about the draft."

"Many people don't understand their work and purpose," Morgan said. "The draft is opposed to the maintenance of the war. Its members want a peaceful settlement with the south and they are by now many thousands strong in the middle west. Murray Norwood is one of those who are to start new centers in the east."

"Clinton?" Love asked.

Morgan smiled. "Between you and me, Love, I will acknowledge that there's a good deal of the small boy in many men. They like to dress up, use passwords and exchange secret handshakes. They love the mystery of the secret society and all the trappings that go with it. If I go to the east, I shall be in the night. Tomorrow, I shall be in the night. But let them have their ritual if it will stop the war."

She had set her tea and cakes upon the table beside her and was leaning back in her chair. Love, there was no doubting her sincerity now, or her driving intensity.

"But what can they do?" Love asked.

"You've heard of the coming draft, have you not?"

"I don't know much about it, I'm afraid."

"What an ignorant little thing you are! Don't you realize that the Union can't possibly win this war unless it has more men? But men of the north are no longer flocking like sheep to throw their lives away. If President Lincoln cannot raise his quota, the war will stop because it will be impossible to fight on. Stop the draft in New York state, as they are going to do in other states, and we stop the war bloodlessly."

"But how can the draft be stopped? If the government—"

"Ah, but you don't know the power we have on our side. We have a magnificent leader out in Ohio—Clement Vallandigham. And Governor Seymour himself is opposed to the draft. We have only to organize and stand fast."

Love sighed. "I'm afraid I am ignorant of all this. In any case—what do you want me to do?"

(To Be Continued)

Dons Confident Of Win

EVANSTON, Ill. (AP)—San Francisco is a prohibitive favorite to reach its goal of two straight NCAA basketball titles Friday night but the three other contestants also have axes to grind.

While the Dons are confident they'll become the third team in history to win two successive titles, Southern Methodist, Temple and Iowa also have their sights set on winning.

There's no reason the Dons shouldn't be confident that they'll join Oklahoma A&M (1945-46) and Kentucky (1946-46) as two-straight winners. They've won 53 straight, including 27 games this season.

Southern Methodist's Mustangs (25-3) go into the semifinals against San Francisco with a 10-game winning streak. They're hoping to become the first title winner from the Southwest Conference.

Tomorrow's opening game pits Iowa and Temple.

Temple boasts a fast break led by Hal Lear and Guy Rodgers. It will have the services of Hal Reinold, a steady backcourt man who helped Temple compile a 26-3 record. He suffered a wrenched back in the Canisius game Saturday night but reportedly will be in shape to play against Iowa.

Iowa, the representative from the powerful Big Ten, also has a "mission." The Hawkeyes will field the same team which finished fourth last year after losing to La Salle and falling apart before Colorado in the battle for third place. They're determined to make amends.

MONEY PITCHER By Alan Maves

ROBIN ROBERTS OF THE PHILLIES WILL AGAIN LEAD THE NATIONAL LEAGUE PITCHERS IN THAT MOST IMPORTANT STATISTIC, SALARY. HE'LL GET OVER 50 THOUSAND.

THOUGH TO HAVE TO TURN CATCHER.

ROBERTS, TOO OFTEN FORGOTTEN MAN IN MOST VALUABLE PLAYER VOTING, MAY GET A BREAK NOW THAT BASEBALL WILL GIVE A SEPARATE AWARD FOR PITCHERS.

ROBIN USUALLY LEADS IN THE MORE PLEBEIAN STATISTICS, TOO. SUCH AS MOST VICTORIES FOR THE PAST 4 SEASONS, MOST INNINGS PITCHED FOR THE PAST 5.

Distributed by King Features Syndicate.

SOKC Inter-City Match Race Tonight

LONGWOOD—The Sanford-Orlando Kennel Club's finest greyhounds will take on four brilliant speedsters from the Sarasota track tonight at the SOKC in a special intercity match race.

The race stacks up as one of the best in track history and a big crowd is expected to be on hand to see if Sanford-Orlando Kennel Club greyhounds are superior to the Sarasota stars. Local speedsters are spelling for revenge after being defeated by Jacksonville dogs here two weeks ago.

This promises to be an uphill battle, for the Sarasota stars are rated over the Jacksonville invaders by many experts.

Direct, the SOKC's leading greyhound with nine big victories to his credit, Boop Rock, Hot Honey and fast-breaking Dixie's Van-ty will represent the Sanford-Orlando track in the match race with Sarasota.

Easy Keeper, a big winner at both Tampa and Sarasota, Bowtie Roll, Voter's Choice and Brilliant Young Tommy A. will carry the ball for the invaders.

The big race will be run off over the five-sixteenths mile course in the 10th week Wednesday night. The regular Wednesday matinee will precede the night card at 2 p. m.

FSU WINS
 TALLAHASSEE (AP)—A big fifth inning gave Florida State a 10-5 baseball victory over Georgia Teachers yesterday.

The Seminoles capitalized on four hits, four walks and a Teacher error to score six runs after being held to a 1-1 tie in the first four innings.

It was FSU's second win in two days over the Teachers and their fourth this season.

Rookie outfielder Bolly Drake of the Chicago Cubs is a graduate of Philander Smith College.

Miami Beach Open Starts Today

MIAMI BEACH, Fla. (AP)—The 23rd Miami Beach Open Golf Tournament was assembling today for the start of the 72-hole, 18,000 member Miami Beach Open Golf Tournament.

One of the nation's top professionals played in the Seminole National-Amateur tournament which ended yesterday at Palm Beach. Walter Burkema of Frank, Mich., won the 36-hole event with a score of 68-70-138. That was two strokes better than that of the second place man, Ted Kroll of Fort Lauderdale, Fla.

Ed Furgol of St. Louis and Jack Fleck of Davenport, Iowa, tied for third place with 143.

Burkema's share of the purse of \$1,000 was \$1,000, but Kroll, who was also the professional half of a pro-am team that won that division of play, took \$1,000 for each performance.

A 23-year-old Miami Beach amateur, Doug Sanders, was the qualifying round for the Miami Beach Open with a six-under-par 69, setting a Bayshore Club record for amateurs playing in competition.

Although most of the Seminole tournament players have entered the open tournament here, Ben Hogan said he was returning to the States to play in the State-Tenniss series at 1-1. The tournament yesterday.

The game opened the Ohio State-Rollins series at 111. The teams play again today. Other squads will not enter the tournament until tomorrow.

Dayton's Flyers Still Alive In NIT

By ED WILKS
 NEW YORK (AP)—Dayton's top-seeded Flyers are still alive in the National Invitation Basketball Tournament only, says Coach Tom Blackburn, "because of an act of God."

"By the grace of God—and that lousy foul shooting of Xavier's in the first half. That's the only reason we'll be around for the semifinals tomorrow night."

There wasn't much else that would explain how the Flyers managed to outlast the Musketeers from Cincinnati 72-68 in last night's quarter-final game.

Third-seeded St. Joseph's of Philadelphia made it more easily into the semifinals. With a second half spurt, they beat Seton Hall 74-68 in the first game of the Madison Square Garden twin bill.

Dayton, a three-time runner-up and never a champ in four previous NIT attempts, now faces St. Francis of Brooklyn, the Cinderella team. St. Joseph's opposes second-seeded Louisville in Thursday night's semifinals.

The championship game will be Saturday.

Xavier, which twice lost to Dayton during the regular season, wasn't given much chance against the Flyers, particularly after leading scorer Dave Piontek was chucked off the squad for missing a 3:45 a.m. bed check Sunday. But the Musketeers, looking like midgets beside Dayton's starting five who average around 6-4, were fired sky high.

With 6-6 Frank Tartaron and Hank Schmidt as the "big" men, Xavier led by 8 after 10 minutes and was ahead 32-20 at the intermission. What's more, they outbounded the Daytonians—topped by seven-foot Bill Uhl—32-31 in the first half and were only three short of the Flyers' 37 for the game.

"Maybe that's evidence of what beat us," said Xavier Coach Ned Wolk. "Maybe we were up too high for the game. You can let off the pressure under the boards—but it gets you at the foul line."

St. Joseph's, a club that prays before and after each game, found itself with 4 minutes gone in the second half and took the lead for good with a 16-2 tear that made it 55-44. Seton Hall went five minutes without a basket in that Hawk rally.

Nellie Fox of the Chicago White Sox struck out only 18 times in 124 games in 1955.

Oldtimers Are Trying To Win Jobs In Majors

By BEN OLAM
 The Associated Press

In the spring a young man's thoughts turn to many things. Some of the older guys are concentrating their efforts on winning jobs in major league baseball.

Ellis Kinder, 41, is trying to find a new life with the St. Louis Cardinals. Sal Maglie, 38, is out to show Cleveland he still has something left in his right arm. Howie Pollet, 35, is being given a tryout with the Chicago White Sox after being released by the Cubs. And Wally Westlake, 34, is bidding for an outfield spot with the Philadelphia Phillies after getting the pink slip from Baltimore.

Now comes Max Lanier. Forty years old last August 18, the youthful pitcher is being given the once-over by the Phillies. Out of baseball last year, Lanier made his appearance of the spring yesterday, pitching two innings as the Phils trounced Washington 7-1.

Christian Science TV Films Released

Nation-wide demand for religious television "so far exceeded our expectations, we decided to produce additional programs almost immediately," said Will B. Davis, Manager of Christian Science Committee on Publication, in announcing release of a second group of Christian Science TV films.

Over 160 television stations have broadcast the initial 13 programs in the series "How Christian Science Heals" since they were first released last September.

Heavy response from viewers throughout the United States, Canada, Alaska and Hawaii gives evidence, he said, "of an increasing thirst in this atomic age for religious values."

"Today's unprecedented interest in religion is bringing more people than ever before an appreciation of the role of living faith in the Bible," he declared. "We are convinced that religion holds greater resources for mankind than is generally realized. Our TV programs are designed to show how practical religion can be in meeting problems of modern living."

Documented examples of the solution of character, business, health, and other problems are described in the 15-minute programs by men and women who actually had the experiences. A moderator gives brief comments of inspirational nature, designed to show how everyone can rely on God's help effectively.

No actors were used in the programs which were produced with professional direction under the supervision of the TV staff.

MERIWETHER ADJUDGED INSANE

KEY WEST — Coakly Walls Meriwether, former minor league baseball player accused of killing his wife's parents with a hatchet, has been adjudged insane and is in the Florida State Hospital at Chattahoochee.

He was accused of killing Mrs. Ellen Mills, 49, and inflicting fatal injuries to Charles Mills, 23, the daughter took place Nov. 20.

Legal Notice

LEGAL NOTICE
The Board of Trustees of the Seminole County Public Hospital will receive bids in the office of the Administrator at the Seminole Memorial Hospital, Sanford, Florida, up to 5 o'clock P. M., May 1, 1958 on the following equipment: Prices bid shall be held until the date of the opening. The Board reserves the right to accept the lowest and best bid and to reject any and all bids.
1. One (1) 1958 Model 6-cylinder 4-door station wagon, 4 or 5 cylinder.
Detailed specifications can be secured from Administrator's office in the Seminole Memorial Hospital, Sanford, Florida.
NOTICE OF RESOLUTION CLOSING AND ABANDONING A ROAD TO WHOM IT MAY CONCERN:
Notice is hereby given that the County Commission of Seminole County at its regular meeting held on March 18, 1958, at the County Court House in Sanford, Florida pursuant to petition and notice heretofore given, passed and adopted a resolution closing, vacating, abandoning and disclaiming any and all right of Seminole County and the public in and to the following streets and roads as delineated upon the following plat and plat recorded in Seminole County, Florida, and more particularly describing the same:
That certain street known as West Street, running between the west line of Section 17, Town 21 South, Range 10 East, and the west line of Block "A" and "B", running north and south, and also that certain street known as LAKE DRIVE, between Block "A" and "B", and running east from West Street to the Lake of the Woods, all of same as appear in the Plat of Cornwall Road, as recorded in Plat Book 4, Page 33 of the public records of Seminole County, Florida.
By the Board of County Commissioners of Seminole County, this 18th day of March, A. D. 1958.
BOARD OF COUNTY COMMISSIONERS
(Seal) By O. P. Herndon
Clerk

A FOUR-YEAR DREAM of Rumanian-born Clarissa Kovacs (rear), 37, to make a home in the United States under the U.S. Refugee Relief program. Standing with her are her brothers: Eugene, 20; Peter, 14; and Lester, 17. Seated are Eugene Kovacs' family: Harold, 8; Mrs. Kovacs holding Anita, 18 months; the parents, Mr. and Mrs. Eugene Kovacs, and their twin girls, Ann and Marie, 11. Peter's twin, Annie, is in front.

Ike Passes Ball To Congress

WASHINGTON — President Eisenhower could, if he wanted to, create a commission to examine the racial tensions in the South or he could call a White House conference of Southern white and Negro leaders to seek a solution.

Instead, he has passed the ball to Congress, suggesting the lawmakers set up a commission. When he proposed it Jan. 5, he said he hoped it would be done "promptly."

It hasn't been done. There's no sign it will be in a Congress where 101 Southern senators and representatives have just signed a "manifesto" seeking to reverse the Supreme Court ruling against public school segregation.

As of now, judging from what Eisenhower told his news conference this week, he has no intention of taking the ball by the horns and appointing a commission himself or calling a White House conference.

Why does he want Congress to do the job? He told his news conference a commission created by Congress would have power to issue subpoenas for witnesses and compel them to appear and testify.

He explained further: "Now, if I merely appoint call in a party, and let everybody air their views, that would be one thing to do." He seemed to have in mind here not the appointment of a commission but the calling of a conference of whites and Negroes.

And he added: "But it is not the thing I want done... I would like to have that body organized, bipartisan, and with every point of view represented on it, and as quickly as possible."

His insistence on letting Congress do the job, when apparently Congress has no intention of doing anything of the kind, seems to mean that nothing will be done except for some conversation from time to time.

Nevertheless Eisenhower, as president, has authority to create a commission to examine the civil rights problem in the South and search for some answer to the heat building up there over school segregation and integration.

By his executive authority President Truman created a number of commissions to study special problems. One of them was a committee on civil rights. And Eisenhower has appointed a number of commissions to study other national problems.

COOL, PATIENT ROBBERS
MIAMI — Two cool, patient robbers broke into a druggist's home here yesterday, held him prisoner for two hours while waiting for his wife to get home with the day's receipts from the drug store and then robbed the couple of \$1,041 when she arrived.

They walked away the two hours by watching television, R. W. James told police. He and Mrs. James were bound to chairs with strips of adhesive tape but James managed to slide his chair to the telephone and summon help.

CITY TO OPERATE COMPANY
PANAMA CITY — The Panama City Transit Co. will be operated by the city starting tonight at midnight, and Mayor Frank Nelson says, "we intend to make the system pay."

The firm's holdings were bought by the city last week for \$150,000 after Steadham Hobbs, transit firm president, notified the commission the company would stop operations March 21 because of continuing financial losses.

SHOULDER
SARASOTA — The Sarasota County Republican Executive Committee has turned a cold shoulder to the GOP candidate for governor of Florida, himself a Sarasota County man.

Seminole County

(Continued From Page One)
Robert S. Billhimer, John Krider, and the incumbent W. B. Miller will be campaigning for a hotly contested seat on the county commission.

Another race of particular interest, which became contested with a last minute candidate qualifying for the post, is the Justice of the Peace for District No. 1. W. Hugh Duncan was unopposed for the JP's position until Lewis A. Tate, railroadman, qualified shortly before noon yesterday.

In District No. 5 two candidates are asking for votes to a seat on the five man board of commissioners. Homer Little and Gus Schmah are competing for the office.

The constables race in the Oviedo area, District No. 3 will be decided from a two man race for the office. George Kelsey and Paul Priest, neighbors in Oviedo are contending for that office.

Races for the Board of County Commissioners will be decided on a countywide basis declared Clerk of Circuit Court O. P. Herndon this morning. This was formerly a District election.

However, Justice of the Peace, and Constables will be elected on a Districtwide basis, said Herndon.

Representative Mack N. Cleveland Jr.'s seat in the State Legislature is unopposed. However, in Group No. 2, a three-way contest is being waged to represent Seminole County in the Legislature for both the regular term and the unexpired term of Volie A. Williams Jr. who resigned to accept the position as Assistant State's Attorney. Candidates, for this office are Don Hales, Sanford automobile dealer; Gordon Frellick, Sanford attorney; and Wilson Alexander, Fern Park attorney.

Senator Douglas Stenstrom is opposed in his race for the Senate seat representing Seminole and Brevard Counties by Paul Miller of Titusville.

Yesterday, the Board of Seminole County Commissioners authorized O. P. Herndon, Clerk of Circuit Court, to prepare ballots for the election and in addition, to prepare sample ballots for distribution.

Herndon said this morning that

Real Story In Deep South State Of Mind

BERMINGHAM, Ala. (AP) — The real story in the Deep South today is a state of mind.

The stories of Autherine J. Lucy, white Citizens' council, the Montgomery bus boycott and millions of other only manifestations of a story more felt than said.

Lucy, born and reared in the South, in fact, right here. For 24 years Birmingham was home to her.

Lucy, most Southern kids of middle class background I had a Negro friend, a strong-willed and wonderful woman named Annie Watkins.

Annie was a sort of second mother. She put me to bed, fed me, spanked me when she thought it necessary and, occasionally, she would sneak me off to her home on alley "G" for a plate of turnip greens, buttermilk and corn bread.

I have always thought that, as long as anyone, I understood the Negro, white and Negro.

When I came back to Birmingham I am not a stranger though I admit that former friends sometimes view me with suspicion for one who now lives outside the region and who has been exposed to "nigger" ideas.

Since I have been back I have had to suppers where people sit around and calmly discuss the possibility of secession. They are not bubble rousers. They are well-educated, middle class folk who are the backbone of any community.

I have heard old friends, warmed by a bourbon or two, say angrily that there aren't enough federal troops in the nation to make the law swallow the May 17, 1954, decision by the U.S. Supreme Court that school segregation is unconstitutional.

In other moments I have heard friends profess a total lack of faith in federal court justice if the case involves race.

Here I feel strongly pressures mounting for people to choose sides in what they apparently are certain is the coming battle. If you are not for segregation, you are against it. There is no middle ground.

Further, there is little likelihood that the pressures for or against segregation will be removed.

The citizens councils, dedicated to the preservation of segregation, continue to grow. In North Alabama alone they claim 32 councils with a membership of about 75,000. The council movement originated

in Mississippi and now has spread across the entire South. It is not a moderate movement.

Among council members I have heard talk of boycotts. Asa E. (Ace) Carter, executive secretary of the North Alabama White Citizens Councils, mentions a sort of tacit boycott of Ford automobiles.

Carter believes that the money provided by the Ford Foundation's Fund for the Republic is undermining the "Southern way of life." I have yet to find a Ford dealer, however, who admits that any fall off in sales is attributed to a boycott.

Right now the Montgomery bus boycott and the case of Autherine Lucy are frequent subjects of conversation here.

My chief impression here is that the ground is being cut from under those who, while opposed to integration, believe the Supreme Court must be obeyed.

These are the gradualists—those people who believe that given 20 to 30 years integration can be accomplished. They are to be found in all age groups.

There is one great drawback to gradualism. It has no leadership and despite its acceptance by some as a solution, it has not been practiced.

A New York reporter asked after the Lucy hearing, "Well where does the South go from here?"

I don't know. I can only guess that unless the leaders in each community seize the initiative from the extremists there will be more Lucy cases, more riots and more boycotts.

Hoover Says U. S. Communist Party Planning Crusade

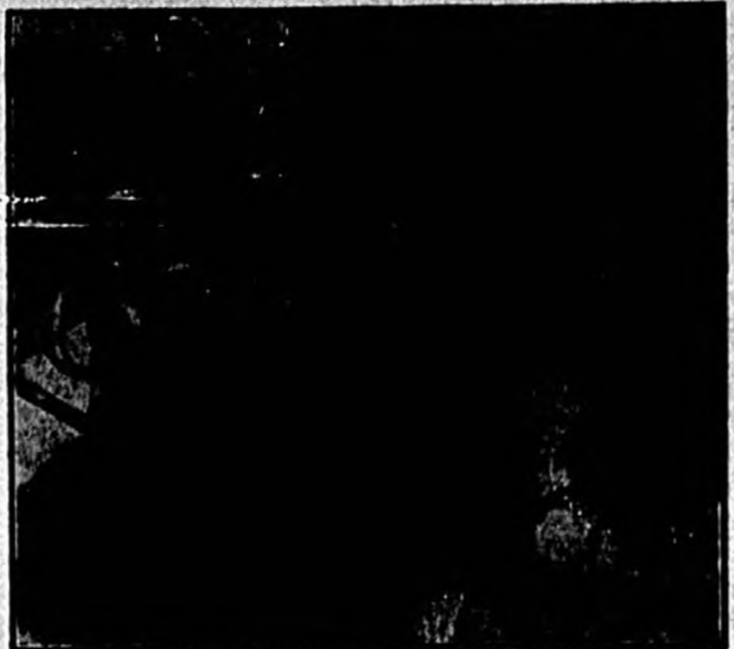

WASHINGTON (AP)—FBI Director J. Edgar Hoover says the U.S. Communist party is planning "an intensive crusade which will last four to six months" with the aim of undermining anti-Red legislation.

Hoover said party plans contemplate "a more open activity" and various legal maneuvers including employment of "eminent counsel" to defend the party and its leaders. He said the Communists are counting on a more favorable political atmosphere growing out of last July's summit conference.

In budget testimony before a House Appropriations subcommittee, made public last night, Hoover said:

"Their tactics will be concealed and will emerge through Communist front organizations and through so-called liberal groups which they are able to infiltrate and interest in their behalf."

Chowders . . . "Easy Come, Easy Go"

"Easy come, Easy go" . . . When you stir up a kettle of chowder, you see how fittingly this carative old slogan fits the savory eating that comes forth. And how timely for this Lenten season, March winds send appetites soaring like kites. And your hungry board calls in for supper, ready to eat everything in sight.

As early New Englanders found, best butter to March winds is a steaming kettle; with seafood and vegetable drift in a tantalizing broth.

Coastal History includes chowders. Many a historic feast has centered around a peppery chowder. Who hasn't read Melville's and hungers for a white-sauce bowl of the fish chowder which perfumed the air of Nantucket inns! Descriptions of French and Italian coastal villages often tell glowingly of seafood soups—like those we can enjoy from Florida to California, to Atlantic and Pacific shores.

Chowder 1956 style
Coast to coast, all across the U. S., families scurry to the kitchen when chowder sends out savory signals. In true 1956 style, they often find Mom busily brewing . . . mixing cans of prepared soups to make magnificent chowders. This is the kind of beautiful broth she can render up . . . without setting foot near ocean or stream.

Crab-Vegetable Soup
1 can (1 1/2 cups) condensed cream of mushroom soup
1/2 can (1 1/2 cups) milk
1 can (1 1/2 cups) condensed vegetable vegetable soup
1 cup flaked cooked crab (small can)

Blend mushroom soup with milk; stir in vegetable soup and crab; heat. Garnish with grated lemon rind, if desired. 6 servings.

Freezer-Find Chowder
3 cups chopped celery
2 tablespoons butter
1 can (1 1/2 cups) frozen condensed cream of mushroom soup
1 can (1 1/2 cups) frozen condensed cream of shrimp soup
1 1/2 cups whole kernel corn
1 cup cooked whole kernel corn

Cook celery in butter until tender. Add soups, water and corn. Stir and heat until blended and hot. Season with a bit of salt if desired. Enough for 4 servings.

Collins Launches Campaign Friday

By THE ASSOCIATED PRESS
Gov. Collins formally launches his campaign for reelection Friday in talks over 13 television stations throughout the state.

The announcement by Collins' headquarters in Tallahassee coincided with one by Farris Bryant that he would be campaigning in the Lower East Coast area Friday and Saturday.

This means that three of the major gubernatorial candidates—Collins, Bryant and Fuller Warren—may cross paths in bids for votes in the populous area.

Warren is concentrating this entire week on Dade County with stump speeches and handshaking. Collins will appear in person over two television stations in West Palm Beach Friday night. He'll be in Dade County Thursday and in Broward and Palm Beach counties Friday.

Collins' speech will be on film on stations at Jacksonville, Tampa, Miami, Fort Myers, Orlando, Tallahassee, Pensacola and Panama City at various times ranging from Friday.

Bryant's tentative schedule puts him in West Palm Beach Friday and in Miami Saturday. He is down for a television talk at Panama City Tuesday night and plans to move into Jacksonville Wednesday and into Tampa Thursday.

In a television talk last night at Pensacola Bryant declared that "political contributions from gamblers, liquor interests and political investors" had been a controlling factor in elections in Florida, but he wanted no part of them.

He said he had rejected offers of financial assistance to his governorship campaign from Miami

bookies and Jacksonville liquor interests.

The offers were relayed to his friends he said, were approached last week when his campaign was suspended due to a shortage of funds.

Way Of Freeing Chemically-Stored Sunlight Is Found

BALTIMORE (AP)—The Air Research and Development Command reports its scientists have found a way of freeing "chemically stored sunlight" in the earth's atmosphere.

Eventually, the announcement said, the experiments may lead to a means of extracting this stored energy for such uses as the propulsion of rocket ships high in the atmosphere.

Turning the discovery a "major breakthrough," ARDC headquarters here said it took place at the Holloman Air Development Center in New Mexico.

Under direction of Dr. Murray Zelkoff, scientists found in the laboratory that energy locked in atomic oxygen could be released by adding nitric oxide, a gas, the announcement said.

Nitric oxide, it said, has the property of bringing two oxygen atoms together to form an oxygen molecule and release light. The light is actually sunlight which has been stored chemically in oxygen atoms.

To test the laboratory discovery the ARDC said, a rocket was sent 80 miles aloft from Holloman. It released nitric oxide gas under high pressure into the atmosphere. A flood of light resulted. In less

Story of Easter Eggs

THE CUSTOM OF COLORING EGGS IS AT LEAST 6000 YEARS OLD. THE ANCIENT PERSIANS AT THEIR FESTIVE CELEBRATIONS OF THE RETURN OF SPRING (HELD APPROXIMATELY AT THE SAME TIME AS EASTER) GAVE COLORED EGGS TO ONE ANOTHER AS TOKENS OF GOOD WILL.

WHEN TEACHING THE CHRISTIAN FAITH, THE EARLY APOSTLES SAW NO HARM IN ADAPTING THE POPULAR PAGAN CUSTOM OF COLORING EGGS TO THE CHRISTIAN CELEBRATION OF EASTER. THEY THOUGHT THE EGG, WHICH HAD BEEN A SYMBOL OF THE RENEWAL OF LIFE IN SPRING, NOW REPRESENTED THE RESURRECTION.

THE DUTCH SETTLERS OF PENNSYLVANIA AND NEW YORK WERE THE FIRST TO BRING THE CUSTOM OF COLORING EGGS TO AMERICA. EASTER (OR PAAS DAY AS THEY CALLED IT) WAS A TIME FOR GREAT CELEBRATION AND THEY COLORED LARGE QUANTITIES OF PAAS EGGS TO USE IN THEIR FESTIVITIES.

than 10 minutes, the announcement said, the light had grown in size so that it seemed from the earth to be about four times the diameter of the moon.

The spot of light spread to about three miles in width before the nitric oxide gas thinned out and the brightness dimmed, the ARDC said.

HER STUDIO'S wedding gift to Grace Kelly will be a beau of everything she wears in her latest film "High Society." Among the fashions in the dress of champagne colored tulle, sashed in orange chiffon. (International Exclusive)

YOU'RE TELLING ME!

By WILLIAM RITT
Central Press Writer

A WISCONSIN congressman protests that Capitol adding machines don't add up far enough, since they total only up to millions. What we probably need in these days of high finance is a computer that starts with a billion.

Eggs filled with paint were tossed onto a Denver porch. It's a bit too early to suspect the Easter rabbit.

A Canadian legislator complains the rum in a bottle he purchased was frozen solid. Ice cubes with a built-in punch!

New York City, we read, plans to experiment with trash receptacles in bright colors instead of the old, drab, gray ones. While they are at it, why not paint 'em as targets—to improve the aim of citizens with empty cigaret packs and gum wrappers?

Rome's great athletic arena, the Coliseum, was cooled by fountains of perfumed water—Factographs. That's a far cry from today's bleachers.

A senator urges we observe the fourth Sunday in September as "Senior Citizens Day." Fine idea—but shouldn't the elders get a weekday off from work?

A rock quarrying company offered New York state a mountain as a gift, and the state turned the deal down. That, says the man at the next desk, is really big news!

Nehru Plans Visit To U. S. In July

WASHINGTON (AP)—Prime Minister Nehru of India plans to visit the United States in July for talks with President Eisenhower and other officials, the White House announced today.

An invitation was extended by Nehru by Secretary of State Dulles during their meeting in New Delhi earlier this month.

The White House announcement said the visit will be "an informal one" and the talks "will cover matters of mutual interest between the two countries."

Nehru will arrive here July 8 or 7, coming directly from the commonwealth prime ministers conference in London.

CAMPAIGN UNDER WAY

WASHINGTON (AP)—A campaign is under way to send six Americans to Moscow next July to ball out of airplanes in the name of sport. The six-man civilian team would compete against 13 other national groups in the International Parachuting Championships July 15-30.

THIS PIGEON has a soft and furry perch on the back of his friend, a cat, which usually is thought to be a deadly enemy of birds. The fur-and-feather pals were found together on a busy Lisbon street and given a "home" in the office of a newspaper, where they are now content to spend all their time. (International)

U. S. Pledges Solid Support To France

PARIS (AP)—The United States today pledged its solid support to France in the search for a "liberal and equitable solution" to the nationalist uprising in Algeria.

U. S. Ambassador C. Douglas Dillon condemned the rebel campaign of violence in the strategic North African territory. He declared:

"The United States stands solidly behind France in the search for a liberal and equitable solution of the problems in Algeria."

In an address prepared for delivery to the French Diplomatic Press Assn., the American envoy strongly rejected any idea of a rift between the United States and France over North African policy.

Boys Drag Racing Hit 2 Small Girls

MIAMI (AP)—Two 7-year-old girls were hospitalized today with injuries received when struck down by two teen-age motorists "drag racing" on a busy street in suburban Hialeah.

Police Chief Herbert U. Warner said Robert Lewis, driver of the car that struck the girls, and Eugene Boyd, 19, Air Force enlisted man home on leave, were held for investigation pending the outcome of the girls' injuries. No charges had been filed.

Warner said Cold was driving the car that struck Judy Thomas and Jane Hammond who were riding bicycles home from Palm Springs Elementary School when injured yesterday.

Witnesses told Warner the youths were driving about 75 miles an hour side by side when the girls were hit.

Drag racing, in which motorists take off from a standing start and battle each other for position, has plagued police here for months.

of France hinges on her following a liberal policy toward the nationalist sentiments of the North Africans.

FLORIDA'S CITRUS CROP THREATENED

MIAMI, Fla. (AP)—Continued dry weather in south and central Florida seriously threatens the citrus crop and such spring crops as sweet corn and beans, county agriculturalists report.

Hundreds of small lakes used for irrigating citrus groves are reported low. Rainfall in Miami since Jan. 1 has totaled only 1.9 inches compared with a normal fall of 3.17 inches.

American Baseball Assn. Meeting Is Scheduled In Sanford Next Week

Un-Opposed Judge Ernest Housholder Says Good Feeling

When asked how it felt to not be required to make a campaign for continuance in office of County Judge for the term of four years to begin Jan. 1, 1957 Judge Ernest Housholder had this to say this morning. "It is the best feeling I have ever had as a public official."

"You know," he said, "during my life I have offered for public office 11 different times besides the present time and in all of those campaigns I had opposition."

"So, you know, it makes me happy and is such a relief, mentally, physically and financially," he said. "Many of my older friends have said they are sorry they won't get to vote for me as they had never failed throughout all of my other campaigns."

"However, I say to all of my people of Seminole County, let's transpose that word 'vote' for 'support' and let me ask for your support, loyalty and indulgence of your courts and of me as your judge throughout all of my future years of my service," he said.

"During this season for candidates I want to meet personally just as many of my employes can do as possible for his employe can do a better job for his employe if he knows her or him," Housholder commented.

Judge Housholder pointed out that he is more than pleased to have the privilege of continuing his work with girls and boys through Juvenile Court and "I shall continue to go beyond my line of duty as your judge and carry my program of love and understanding to all of our people as the outstanding method of prevention of youthful mistakes and wrong deeds," he said.

"This is a long range program and I hope to get the united interest of every man, woman and child in the future years," said the judge.

"As your judge I shall always respect each of you," Housholder said as he commented on the citizen's place in the county, "by attempting to apply Christian principles in my personal life, and adopting such as my guide in judicial duties."

National Easter Seal Star Invited To Visit Sanford

A Florida girl, Clara Jo Proudfoot, of Miami, who opened the Easter Seal campaign nationally with President Eisenhower has been invited to visit Sanford.

The 44-year-old selected to represent all crippled children in all of the 48 states during the annual Easter Seal and Easter Lily appeal, was born with spinal bifida - flaccid paralysis of both legs, but is now independent with crutches and braces.

The pert young miss boasts of a delightful personality, and a mental ability above actual chronological age.

Governor LeRoy Collins has, meanwhile, proclaimed Saturday, March 24 as "Crippled Children's Day."

Next Saturday has been selected as an appropriate day on which to buy Easter Seals. In this proclamation, setting aside next Saturday as the one day to manifest greater interest and effort in the rehabilitation of crippled children and adults he said, "I urge Florida citizens to lend their support in helping those who are unable to help themselves."

Mrs. Harold Appleby, chairman of the Easter Seal campaign for Seminole County, said yesterday that 7,500 envelopes containing Easter Seals, folded and prepared by the Sanford Pilot Club, have been mailed to Seminole County citizens.

The funds derived from the sale of these seals, Mrs. Appleby said, will benefit Parents' Training School for Special Education, which is our own school where our own children may receive the treatment, therapy, special education and equipment necessary to help them prepare for a fuller life," she said.

The Lily Parade, an annual event here, sponsored by the Sanford Pilot Club, will be held Saturday before Easter, March 31.

Wilson To Speak

Fred R. Wilson will speak on the history of Florida at the regular monthly meeting of the Norman de Vere Howard Chapter, United Daughters of the Confederacy tomorrow afternoon at 7 o'clock at the home of Mrs. W. C. Hill on Magnolia Ave.

Mrs. Hill and Mrs. E. H. Laney are co-hostesses.

W. D. "ROSY" RYAN TALKED baseball at the Sanford Kiwanis Club yesterday. Mayor Inn Manager Frank Mebane Jr., on the left, introduced Ryan, General Manager of the Minneapolis Millers. (Staff Photo)

Lark Expeditions' Of Youth Discussed

The much publicized "Lark expeditions" of youth were diagnosed as symptoms of an illness tearing at the heart of civilization in a talk given yesterday afternoon by Hugh Anslver, one of the Stinson upper-classmen from Seminole County. Addressing the Seminole County Committee of the Florida State Children's Commission at its regular March meeting, Anslver pointed out phases of the unwholesome climate which is conducive to juvenile delinquency: complacent acceptance of a trend toward moral and ethical laxness; the sloughing off of responsibilities by educational and civic agencies; and prevalence of a type of confused thinking which is low in amount of logic and high in emotion.

"The pattern," he continued, "shows five definite steps in a child's break-down into juvenile delinquency—1. Falling in school, 2. Self-concept of being 'stupid' and worthless, 3. Parents' thinking of him as 'lazy', 4. Break between child and leading member of the family, and 5. Deep Patriotism toward 'The Gang'."

Anslver then listed for the group, three types of "cures"—that of "Forced Authority"; that of "visualization on the adult level of the health of Family Spirit"; and the Re-Education of the Youth.

Karl Henninger he said "Teaches that although Hate is innate in the human organism, Love is always a learned thing."

"Our young people need to be taught to love," pleaded the young Stinson student. "They need the services of truly dedicated Recreation Directors. They need to know that their lives have purpose and meaning, and that they can grow in understanding. This will be the salvation of a generation!"

Business transacted during the meeting included three reports and plans for a county-wide survey of nurseries and kindergartens as requested by the State Children's Commission.

The Rev. H. Lytle, son Zimmerman, committee vice-chairman presided at the meeting. Fifteen members, official, commissioned and representative were in attendance.

City Commission Resignation Given By 'Jack' Ratigan

Road Situation Is Studied At De Bary ColC Dinner Meet

DEBARY—Eighty-eight members of the DeBary Chamber of Commerce were entertained by an audio-visual film on Fishing in Alaska, shown by J. Raymond Higgins at the dinner meeting last night in Stetson cafeteria in DeLand.

At the business meeting a report on house numbering was given by Col. Harry R. Fritts, speaking for the chairman Thomas V. Barry. His committee of Charles C. Bertach, John M. Byrn, Col. Ben H. Robinson, Albert Salisbury and Arthur J. Wait presented a master plan of numbering which would start from High Banks road, North and South; then from route 17-92, East and West.

Harry G. Hunter and his committee of Arthur G. H. Power, Dwight Baker, Carl O. Lind and Samuel M. Dampster distributed comprehensive reports on the road situation in DeBary, which embraces three proposed methods, one of which might be studied and found applicable for adoption in the near future. These alternatives are:

1. Establishment of a special Improvement Service District under part of the General Mill No. 499, Act of the 1955 legislature.
2. Creation of a special DeBary Road District by special act of the legislature.
3. Incorporate as a municipality. Any of these methods would require the consent of a majority of registered freeholders, either by petition, special election or both.

Since there exists in many streets of DeBary a vital road problem, this brochure given each member was to be taken home for further personal and possible action at the April meeting.

President A. L. Lincoln advised members that for the present the Chamber has been granted room for an office through the courtesy of the Caruso organization.

Exact date and place of the May meeting which is traditionally ladies' night, is to be announced shortly.

Board To Fill Vacancy

The Board of Sanford City Commissioners are faced with the problem of naming a City Commissioner to fill the vacancy of John H. Ratigan who is resigning to accept a position in another part of the State.

Ratigan's resignation was received this morning at the Sanford City Hall.

His resignation read as follows: "The Honorable Board of Commissioners, City of Sanford, Florida, Gentlemen:

I regretfully submit herewith my resignation as a Commissioner of the City of Sanford.

Business requires that I move from Sanford to another part of the State.

I wish to express my pleasure at having been privileged to have been a member of the Commission, and to thank all of you for the help and cooperation you gave me.

Sincerely,
John H. Ratigan."

Ratigan was elected to the Board of City Commissioners for a three year term Nov. 8, 1954. He took office Jan. 1, 1955 and leaves an unexpired term of one year and nine months.

It is understood that City Commissioner Ratigan has accepted a position in Panama City and will report there to take over his duties Monday morning, March 26.

The vacancy caused by City Commissioner Ratigan's resignation must be filled, in accordance with Section 18 of the City Charter, within 30 days by a vote of the remaining members of the Commission until the next regular November election at which time the unexpired term shall be filled by an election.

The next formal meeting of the Board of Sanford City Commissioners will be held next Monday night at which time the question of filling the vacancy will, in all probability, be a part of the agenda.

City Of Sanford Featured In March Issue Of Magazine

The City of Sanford is widely publicized in the March, 1956 issue of the Florida Municipal Record with a complete two-page story, accompanied by pictures, of the problems and blessings of rapid expansion.

The detailed story features the completed sewer program; brand new Seminole Memorial Hospital; the recently dedicated Francis Ave. project; the new municipal parking lot; telephone call box system recently installed for the Sanford Police Department; land fill project, proposed relocation of the Sanford Fire Department; Memorial Baseball Stadium; recreation facilities which include the Municipal Swimming Pool, Municipal Yacht Basin, Goldsboro, Recreation Area, and the Sanford Zoo.

The complete story of Sanford and its progress is one of the feature articles in the magazine that will receive wide distribution throughout Florida as well as other States.

The story, originated and created by City Manager Warren B. Knowles, is just one of many articles that are circulated widely about the City of Sanford and its continuing progress.

Pictures of the Board of Sanford City Commissioners, the Municipal Pool and the Sanford Zoo accompany the article.

American Legion Award Weeks Set By Governor

The weeks of May 22 through June 4 have been set aside as "American Legion School Award Weeks" according to a proclamation issued by Governor Leroy Collins and received in Sanford today by officers of the Campbell-Lossing Post, American Legion.

Governor Collins in setting aside the two week period for the special event said that its purpose is to "Draw attention to the importance of promoting the fundamentals of good citizenship and Americanism in the coming generation."

The proclamation points out that the established medal award program of the American Legion carried on in the schools emphasizes the seven qualities of Honor, Courage, Scholarship, Leadership, Companionship, and Character, and is for "The express purpose of developing worthy and outstanding citizens."

Governor Starts Drive For Votes

By THE ASSOCIATED PRESS

Gov. Collins today started his drive for the votes he hopes will return him to the governor's office for a full four year term.

He took off from Tallahassee by plane for Miami accompanied by his state campaign manager, Bob Fokes.

A busy day faced him in Dade County. He had a meeting scheduled with campaign workers at Miami Beach at 2:30 p.m., a session with other campaign aides in Miami at 4 p.m., and a rally for Dade County supporters in Bayfront Park Auditorium at 8:15 p.m. A portion of the night was to be broadcast in Miami.

Puller Warren again worked the suburban shopping districts and industrial plants as part of a week-long meet-the-voters tour in Dade County. Warren has made no speeches during the week and plans none. He is concentrating on selling himself to individual voters in the old fashioned hearty handshake and broad smile.

Lowry, who has been stumping in Central Florida, visited Arcadia, then moved over to the West Coast for a stopover in Punta Gorda. He was to appear at Fort Myers tonight.

Farris Bryant moved from Jacksonville to Tampa where he has a television speech scheduled tonight. He spent the day conferring with Hillsborough County campaign aides and making personal contacts with voters.

Thomas Stringer's Name Is Left Out Of Candidate List

It pays to have an up-to-date list of this year's candidates for political office on hand.

For instance, in The Sanford Herald's story yesterday citing the names of candidates for the various contests, one name was inadvertently left off.

This we regret, and we make the correction here for the error.

It is a four-way contest being waged to represent Seminole County in the Legislature for both the regular term and the unexpired term of Volie A. Williams Jr. who resigned to accept the position as Assistant State Attorney. Candidates for this office are Don Bales, Sanford automobile dealer; Gordon Frederick, Sanford attorney; Wilson Alexander, Fern Park attorney; and Thomas Stringer, Sanford real estate and insurance man.

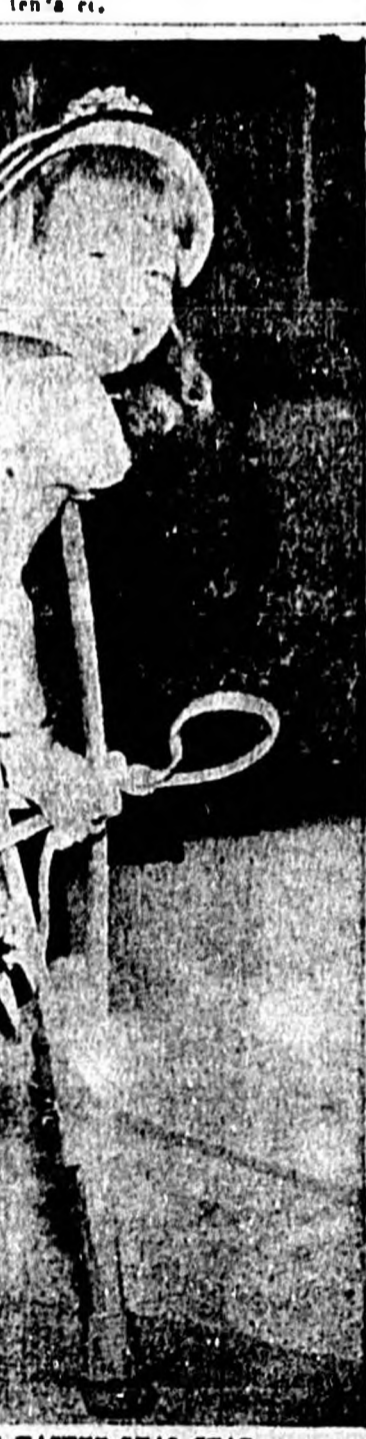

It was the name of Thomas Stringer that we left out of our news item in yesterday's edition.

Heartbroken Child, Pup Now Happy

OMAHA (AP)—In Omaha a little girl cried herself to sleep because her pup had been shot. A hundred and 30 miles away a lost pup shivered on a bed of rags in a filling station.

At the Winterset, Iowa, station Omaha trucker Larry W. Davis and other over-the-road haulers watched the pup and listened to a radio report of the heartbreak of Cathy Katzenberger, 6.

"We decided the little girl needed the pup and the pup needed her. We took a straw vote and he was elected to bring them together. It sure was worth it," said Clark after making the delivery.

CLARA JO PROUDFOOT, EASTER SEAL STAR

Funeral Services Held This Morning For Mrs. Shirey

Mrs. Sarah B. Shirey, 17, was killed in a car-train accident near Winter Haven 5 p.m. Tuesday.

She had lived in Auburndale for the past five years and was a former resident of Geneva. Mrs. Shirey was born in Geneva, Nov. 14, 1938.

She is survived by her husband, Elias W. Shirey, Auburndale; father and mother, Mr. and Mrs. W. J. Bush, formerly of Geneva and now residing in Fargo, Ga.; three brothers, William David Bush, Thomas Ray Bush and John Bush all of Fargo.

Funeral services were held at 10:30 a.m. this morning at Brison Funeral Home with the Rev. Andrews of Auburndale officiating. Burial was in the Geneva Cemetery.

Bicycle Is Struck By Pickup Truck; Rider Not Injured

A bicycle rider was thrown from his bicycle early this morning about one-half mile east of the Sanford City Limits on Celery Ave.

Walter Evans, 61, a Negro farm hand was driving a 1930 model A Ford pickup truck east on Celery Ave. when he struck the bicycle ridden by Dan Wells, 33, also traveling east on Celery Ave.

According to Constable J. Q. "Slim" Galloway, Wells was not injured even though slightly bruised and shaken up.

Neither the truck nor bicycle was damaged.

Galloway said that the truck is owned by Stanley Burney, a farmer on the East Side. No charges will be made against either of the two men Galloway said.

Wells was taken to the local hospital for examination and checkup by Evans.

Peace, Prosperity Is Theme Of GOP 1956 Campaign

GREAT FALLS, Mont. (AP)—"Peace and prosperity is the theme of the Republican campaign this year," Sen. Estes Kefauver (D-Tenn.) said last night, "but the peace is uneasy and so is the prosperity."

The senator, bolstered by his unexpected Minnesota primary victory, moved westward today to start an intensive campaign for California's 68 votes at the Democratic National Convention.

He referred in his Great Falls speech to a Lincoln Day talk by Vice President Nixon who, Kefauver said, "bragged about the Republicans providing the biggest tax cut in history."

"They did it," he told a Democratic dinner, "but let me point out that without the tax cut we could have had a balanced budget every year of the Eisenhower administration. We could have made a substantial reduction in the national debt and we could have had an air force superior to any in the world."

Blind Musician Is Star Witness

LEXINGTON, Ky. (AP)—A blind musician with a Braille watch was a star defense witness yesterday for a Mount Sterling undertaker.

Calvin Reeves, 25, testified he was talking to W. D. Banks at Mount Sterling at the time of a wreck which killed two persons.

Asked to demonstrate his ability to tell time by the Braille watch, Reeves missed by only one minute in agreeing with a courtroom clock.

Banks is accused in damage suits totaling \$382,500 of illegally passing a carload of Warhead College coats, causing their car and another to collide.

Buddies Complete Airman's Dreams Of Fixing Up Home

CHICAGO (AP)—A young National Guard Airman's dreams of remodeling an old house for his wife and baby were shattered by his accidental death 10 days ago.

But some of his airman buddies have started to complete the work he planned.

Edward J. Bartling Jr., 23, an ornamental iron worker, was killed in a traffic accident March 12 as he was returning to his Northwest Side home from a meeting of the 284th Communications Squadron of the Illinois National Guard. He was an airman 1st class.

Mt. Sgt. James Long, the squadron's 1st sergeant, called on Bartling's widow Carol and her 4-year-old daughter to offer condolences. He found the house, which Bartling bought two weeks before he was killed, all torn up.

At a meeting last night, nine of Bartling's companions in arms decided to take over the job of papering, painting and general remodeling of the old frame and brick house.

"It will make it easier for Mrs. Bartling to sell if she wants to do so," Long said.

168 Names Appear On Plea Day Docket

A total of 168 names appeared on the docket yesterday on Plea Day in Seminole County Court before Seminole County Judge Ernest Housholder.

Present and pleading not guilty were 10 persons. Present and pleading guilty were 21. A total of 21 cases was continued for various reasons.

Of the total of 168, 53 had previously plead guilty, one case was not processed, and 59 arrested bonds.

CUBAN PRESIDENT TO BE HONORED

MIAMI (AP)—Cuban government officials begin arriving here today enroute to Daytona Beach to attend activities honoring Cuban President Fulgencio Batista on Saturday.

"THANK YOU, MR. PRESIDENT" DINNER SET

SARASOTA (AP)—National GOP Chairman Leonard W. Hall meets with 7th District Republicans here tonight at a \$50-a-plate "Thank You, Mr. President" dinner.

GARDEN THERAPY WORKSHOP HELD

TALLAHASSEE (AP)—The value of gardening as a therapeutic treatment for mental patients was discussed today by delegates to the 30th annual convention of the Florida Federation of Garden Clubs.

The garden therapy workshop preceded business sessions.
