

Lookouts Blank Second-Place Islanders By 5-0 Score

Jeter Hurls Leading Locals To 11th Consecutive Victory

Sanford Nine Clinches Fray In Seventh Inning By Adding Three Runs To Two Scored Earlier In Local Contest

Blanking the Daytona Beach team 5-0 the top-notch Lookouts chalked up victory No. 22 since the opening of the season, their 11th consecutive win since the start of the current winning streak on May 3 against the team which the Lookouts beat 7-6 in a 13-inning session last night.

Cleo Jeter, on the mound for the Lookouts, gave the 8th scattered blows, West getting three of them in five to the plate, as did Nelson, who pitched.

The Lookouts picked up their 11th run in the last of the second inning, Langston singled over the fence, went to second on an error then came in on Marion's drive through the box. Alexander hit into right and then galloped across when Marion connected for a triple into right.

In the last of the seventh the Lookouts drove Walker from the mound. He was replaced by Zawolocki, but not before the damage had been done to the extent of three runs off singles by Marion, West and Bouter, plus an error.

Jeter made a big push that failed to materialize in the seventh when Wozniak's single into right, followed by two singles issued to Walker and Babe Bouter, failed to do much.

Again in the first half of the eighth the bases were loaded with two away following Babe's single, walk to Leonard, and then a single to Wozniak but Nelson flew out to Bouter to retire the side.

G-Men Nose Out Locals Will Seek

DeLand Nine By 12th Consecutive Score Of 5 To 4 Win From G-Men

The Gainesville G-Men nosed out the DeLand Reds 5 to 4 in a hard-fought Florida State League battle in the university city last night, while the Orlando Senators crushed the lowly Palatka Azaleas 15-0 and the St. Augustine Saints took an early lead to defeat the Leesburg Anglers 9 to 1.

Both the G-Men and the Reds collected a total of five safeties and each team also contributed three errors. The Red Hats began the scoring in the first inning and continued in the second by pushing across two runs on a homer by Clark, a double, a fielder's choice and a passed ball to take a 3-1 lead.

The G-Men, however, retaliated by scoring three runs in the third inning and a single tally in the fourth to take a lead that was never headed.

In the game at Leesburg, Lyle Judy paced the Saints at bat getting five hits, two of them triples, in six appearances at the plate.

Score by innings: DeLand 120 000 100-4 5 3; Gainesville 130 100 000-5 5 3; Leesburg 15 10 000-0 3 1; Orlando 050 010 300-15 10 4.

Lancaster, Mundy, Gaddy and Robin; Weigle and A. Smith. St. Augustine 060 100 020-9 14 0; Leesburg 000 000 100-1 5 5; Lake and Dillon; Glover, Runnick, Kaiser and Adz.

SCHOOL DEDICATED
NEW LONDON, Tex., May 14. (AP)—Pat M. Noff, president of Baylor University and former Texas governor, dedicated yesterday the 400,000 New London high school, built over the spot where 294 teachers and children died in an explosion Mar. 18, 1937. The disaster was not mentioned in the ceremonies.

Chill, as most Americans know and eat it, is not obtainable very far below the Rio Grande. It is strictly an American dish.

LEFT, CLEO JETER, moundman, who last night allowed the Islanders only eight scattered hits, also whiffing nine of the Islanders. Right, Red Marion, third sacker, who connected for three for four, one of them a triple, to lead the local line up.

BANDITS GET \$15,000
NEW YORK, May 14. (AP)—Five men, three of them armed with two revolvers each, held up the Consolidated Edison Company's Harlem branch office yesterday and escaped with between \$10,000 and \$15,000 while 100 customers and employees looked on. The men methodically ransacked the 12 cashiers' cages, stuffing the loot in shopping bags from which they drew their weapons.

The boundary line separating Canada and the United States is about 3,000 miles long.

Continuing Of Milk Control Board Debated

Spirited Discussion Follows Proposal To Make Agency Part Of State Government

Senate Amends Pension Measure

\$30 Monthly Old Age Assistance Grants Proposed In House

TALLAHASSEE, May 17.—(AP)—The Senate started a spirited debate today over recreating the Florida Milk Control Board as a permanent branch of the State government.

At the outset, the Senate killed an amendment which would have taken from the Governor the power to appoint a director of the board.

The Senate, having killed the state Townsend bill last night, amended the present Florida welfare act to liberalize the granting of old age assistance.

A new House bill proposed a three percent transaction tax to pay \$50 monthly pensions to needy persons past 65 and to the infirm under that age.

Legislative action was completed on a bill designed to prevent such suits as the recent Higgins case in which the distribution of race truck was attacked.

The attorney general's office filed a suit at Sarasota to obtain an accounting of the assets of the John Ringling estate in which the State is the chief beneficiary.

A bill introduced today in the House calls for an audit of the State's affairs.

The House beat the Florida Townsend bill 23 to 8 yesterday after its 10-day run in the chamber for more than four hours before a gallery filled with Townsends.

Florida's aged \$800 a month pension.

Most members were on the hot-seat spots of their political careers, but Holland, Sator, and Gillis, DeFuntak Springs, showed them a way out with word from Dr. Townsend himself that he didn't want his national plan enacted into state law.

The final roll call only the start of the Townsend supporters stood by the bill that would put a two percent transaction tax on every sale of all merchandise and services, including real estate and securities.

These were: Black, Gainesville; Conner, Brandon; Hodges, Tallahassee; John, Starke; Mapeles, Clearwater; McKee, Panama; Walker, Wakulla and Whitaker, Tampa.

They voted after the time for adjournment had been extended three times, after the packed chamber listened to sentimental, impartial speeches about the matter and the aged, after Gillis and Holland had lambasted Townsend proposals and accepted them of misleading the aged.

It was the longest debate of the session, and the most fire-eating in a body stacked with Townsend promoters. But once the opposition turned their scornful gazes on the plan, the support melted.

So quick was the turnover that opponents themselves did not recognize victory while their group gave up in confusion at 10:45 only after Whitaker had spoken in support yesterday and a session long enough to take a final vote.

John of Starke, sponsor of the bill, confessed it at the beginning of the session he expected to succeed in his mission of the original three percent bill but had been driven to a substitute measure to reflect present conditions from the bill he had proposed.

STOCKHOLM BOUND

Determined to demonstrate that a small plane properly equipped can make a trans-Atlantic crossing, Carl Backman took off from Newfoundland airport on a 2,300 mile trip. Pictured above, left, with the same type plane are Franklin Knapp, center, and Clara Bunch, right, president of an aircraft corporation.

Prompt Filing Of Applications For Tax Sales Urged

Urging property owners to file applications for auction of delinquent tax certificates under the provisions of the Murphy Act as early as possible, County Clerk O. P. Herndon said today that delay may mean the applications cannot be prepared before the deadline.

There are only a few days remaining before the deadline for receiving the applications," Mr. Herndon said, adding that his office has hundreds of applications on hand which are being prepared in the order submitted.

There are many incident details which must be handled in preparation of the applications, Mr. Herndon said, warning that property owners risk losing their property if there are outstanding tax certificates and applications are not made at once for their sale.

The Murphy Act, in addition to providing for the auctioning of tax certificates for 1933 and prior years, provides that all property, against which there are delinquent certificates for these years that are not auctioned, will pass to the State and the property must then be purchased from the Internal Improvement Board.

There is still a large number of parcels of land in Seminole County which has not been auctioned, Mr. Herndon said, including about 100 homesteads, title to which will be vested in the State if the provisions of the Murphy Act are not invoked and the delinquent certificates auctioned.

7 Kentucky Coal Operators Sign Contracts

Additional Guardsmen Sent To Harlan County To Protect Non-Union Workers

HARLAN, Ky., May 17.—(AP)—Harlan county coal operators, employing approximately 7,000 men, today signed a union shop contract with the United Mine Workers as 100 additional National Guard troops were ordered in readiness to move into this strife-torn area.

The announcement of the contract was made by J. K. Johnson, member of the Harlan operators group and Sam Cuddy, president of the Harlan dist. U. M. W.

The agreement covers 40 mines operated by 27 companies producing about 7,000,000 tons annually. Cuddy said he was waiting for orders for miners to "start work immediately."

Signing the agreement, the same as 15 other operating groups approved in New York last Saturday, left the only Harlan operators in Kentucky, disavowing from the union shop contract.

National guard "protection" of miners returning to the pits was extended into an adjoining southeastern Kentucky county yesterday, operators along the Kentucky-West Virginia line signed a union contract affecting 15,000 men.

William Turnblazer, president of the Harlan county United Mine workers' union, in a telegram to President Roosevelt asked him to take steps "to relieve the situation in Harlan county and thus protect the coal miners and their families."

GUARDSMEN KEEP PEACE

Harlan, Ky., miners and children mill around under the watchful gaze of Kentucky national guardsmen who are there to "keep the peace" in the soft coal dispute.

Rollins Outlines Value Of Safety To Kiwanis Club

H.H. Coleman Reviews Five Year Mark Set By Phoenix Workers

"I count safety, next to the Christian religion and my soul's salvation, as the most important thing in my life," George E. Rollins today told the Kiwanis Club at its regular weekly luncheon.

Appearing as one of two speakers whose work views have made unusual safety records, Rollins represented the Atlantic Coast Line Railroad. The other speaker was H. H. Coleman, Phoenix Tower and Light Company manager, who told of the 100 year, no-accident, no lost time record made by the approximately 40 workmen employed at Lake Monroe.

At this plant these men have worked better than 500,000 hours without one accident which has necessitated the loss of any time by any of these men, Mr. Coleman said.

If one man were to work this length of time, Mr. Coleman stated, working eight hours a day for 365 days a year, it would take him approximately 100 years to equal this amount of time.

Mr. Rollins told of the change of attitude toward safety by the Atlantic Coast Line and other railroads, in that last few years, during which time, the A. C. L. has cut its casualty rate 85 percent.

This saving of life is declared by Rollins to be the greatest thing that has been done safely before.

He stated the same principle applies to highways, or any other human activity. "Prevent an accident before it happens—once accident, is one too many."

At the meeting presided over by Dr. Ben Caswell, John H. Jamison, chairman of the Safety Committee, introduced the speakers, following committee reports by Karl Nordgren on the progress of work at the Silver Lake Boy Scout camp.

De Wolski Outlines Similarity Between Naziism, Communism

Both the Communists and the Nazis are attempting to convert the world to their philosophies of government by education or by force, if the former method is unsuccessful and if the two groups ever combine, "look out," Capt. Constantine de Wolski told a group of listeners in the second of a series of timely discussions on the European situation at the Holy Cross Episcopal Church last night.

Speaking on the "Similarity Between Naziism and Communism," Capt. De Wolski declared Hitler is friendly toward the Soviet Union.

Hitler is friendly toward the Soviet Union, he declared, because he sees in the Soviet Union a powerful ally against the United States. He declared that with the unbridled material resources of the great Soviet Union, Hitler could model an almost impenetrable empire.

It may be too late, however, for the two powers to come to agreement, Capt. De Wolski said, for when Hitler comes into power he begins a powerful anti-Communist propaganda campaign and framed anti-Communist alliances with several nations which Russians will not forget.

Commenting on Hitler's inspection of fortifications along the French frontier, the speaker, discussing current developments, said that this was merely a ploy by the Fuehrer to further attract the jittery nerves of the anti-aggression front. He interpreted Mussolini's recent speech, in which he said there are no European issues which cannot be settled without war, as meaning that despite military treaties with the Nazi state, Hitler would refuse to back up his axis if war results from demands on Poland.

To an outsider, there appears to be little similarity between the Nazi and Communist philosophies, the speaker said, but actually there is a great likeness.

In neither country is a disarming war against the government or its agencies permitted. The penalty in Germany is the firing squad or a concentration camp while in Russia it is a firing squad or deportation to the mines of Siberia.

In Germany, he said, business is not outwardly owned by the individual but buying and selling is controlled by the government while in Russia the state openly assumes ownership of business.

Both attempt to perpetuate doctrines by costly propaganda programs and both have secret police, responsible to no one, who (Continued on Page Two)

Senate Rejects Ship Canal Bill

WASHINGTON, May 17.—(AP)—The Senate rejected today legislation to authorize the completion of the proposed \$200,000,000 Florida ship canal. The vote was reported as 46 to 36. The 195 mile sea-level waterway was started in 1905 by \$5,000,000 refund funds allotted by the President. Work was suspended in 1909 when Congress refused to appropriate additional money. Mr. Roosevelt has consistently urged the completion of the project as important to national defense. The Army and the Navy had recommended its completion.

Throngs Greet King, Queen At Canadian City

Reigning British Monarch Welcomed On First Trip To America By Mackenzie

London Studies New Soviet Offer

Colonial Solidarity Becomes New Phase Of Policy For Axis

Canada welcomed King George and Queen Elizabeth on their historic tour of the Dominion and the United States today while in London the British government was concerned with two issues—Palestine and British-French front.

Arriving two days after the first trip a reigning monarch ever had made American continent, King and the Queen were greeted enthusiastically. Quebec Stringent precautions were taken to prevent any mishap during the line of service.

The British rulers were welcomed by Prime Minister Chamberlain at a meeting of the British cabinet in London. The plan was for a Russian-British alliance under which Russia would promise aid for her smaller neighbors and Britain would help Russia in fulfilling these pledges.

Britain's plan for the settlement of the Jewish-Arab conflict was set for announcement today and Jewish resentment to the proposal was manifest in the Holy Land.

The Axis powers—Germany and Italy—introduced "colonial solidarity" as a new phase of their policy. The Germans were promised the full cooperation of Italy in attempts to regain their lost colonies.

Soviet Russia acted yesterday to increase the effectiveness of her navy while the future of British-Russian negotiations for an alliance remained obscure.

The president of the supreme court issued a decree raising the term of service on warships to five years and in the coastal defense service to four years. Hitherto the terms have been four and three years.

The decree also cancelled special privileges of persons of military and higher education with regard to reduction of term of military service.

Publication of the decree coincided with newspaper accounts of maneuvers of the Pacific and Italy's fleet, emphasizing Russia's readiness at sea.

The course of further British-Russian negotiations was veiled in uncertainty. Moscow awaited British news which would be settled without war, as meaning that despite military treaties with the Nazi state, Hitler would refuse to back up his axis if war results from demands on Poland.

To an outsider, there appears to be little similarity between the Nazi and Communist philosophies, the speaker said, but actually there is a great likeness.

In neither country is a disarming war against the government or its agencies permitted. The penalty in Germany is the firing squad or a concentration camp while in Russia it is a firing squad or deportation to the mines of Siberia.

Social Calendar

WEDNESDAY
The Garden Club will sponsor a plant sale beginning at 8:00 A. M. in the vacant store opposite the Post Office.

THURSDAY
The Dirt Gardeners Circle of the Garden Club will meet at 10:00 A. M. at Palm Springs for a meeting and picnic. All members are requested to be on time.

The regular meeting of the Townsend Club will be held at the Court House. All are invited to attend.
Semnole Chapter No. 2, Order of Eastern Star, will meet at the Masonic Hall at 7:30 P. M. The Central Circle of the Garden Club will hold a picnic supper at Beck Springs. They will leave Sanford at 8:00 o'clock. Husbands of the members are invited to attend.

FRIDAY
The annual meeting of the Seminole County Federation of Women's Clubs will meet at the Sanford Woman's Club house from 9:00 to 11:00 o'clock. Luncheon will be served at noon. For luncheon reservations telephone No. 79-J.
Rose Circle of the Garden Club will meet at the home of Mrs. R. A. Newman, Rose Court, at 9:30 A. M.
An old-fashioned box supper and a play, "Harnesville Choir Spruce Up," will be held at the Methodist Church at 7:00 o'clock.

SATURDAY
The Pilgrim's Fellowship League of the Congregational Church will hold a cooked food sale in front of Spoor's store.
The Friendship Group of the Girl Scouts will hold a tea in honor of their mothers from 4:00 until 6:00 o'clock at the home of Margaret D. Gledhill, 315 Oak Court. Hostesses will be: Mable Chapman, chairman, Betty Moore, and Miss Dingfield.

MONDAY
The annual piano recital in memoriam of the late Mrs. S. B. Munson will be presented by pupils of the Fannie S. Munson Piano School in the Seminole High School auditorium at 8:15 o'clock. The public is cordially invited.

TUESDAY
The Junior Folies of 1939 will be presented at the South Side School at 8:00 P. M. for the benefit of school welfare luncheons. The public is invited to attend.

NOTICE

The organ committee of the Methodist Church is sponsoring an old-time box supper Friday evening at 7:00 o'clock in the annex of the church. Ladies are requested to bring baskets with supper for two. Also, they are asked to place in the baskets a card bearing the owner's name. These suppers will be sold to the gentlemen. At 8:00 o'clock a play, "The Harnesville Choir Spruce Up," will be presented. The public is invited.

LABORATORY MONIES

LAKELAND, May 17 — Citrus leaders are watching closely the situation which has developed in Washington on the agricultural appropriation bill, hoping for increased funds given the Orange and Winter Haven laboratories will not be caught in the complex tangle of the senate's action in raising the whole bill by more than \$75,000,000. The amount given the Florida laboratories is infinitesimal compared with the total amount involved in the Washington battle, but it was feared it might easily be cut in the vortex of the fight and lost. The Senate added \$6,000 to the House amount for the Winter Haven citrus by-products laboratory, making a total of \$10,000 additional. It also voted an additional \$10,000 for the Orlando laboratory, for a total of \$20,000.

Animal Life Causes

LA JOLLA, Calif., May 17 — For years the commercial animal code of the City of Cal. has been known as the "Vermilion Sea" because of the color in which it was written. Now Dr. H. W. Johnson of the University of California has explained the color in which it was written on sealions. Their concentration at times is so intense, he says, that the water takes the tomato tinge.

POPE SEEKS PEACE

VATICAN CITY, May 17 — Pope Pius XII, continuing his efforts for European peace, conferred yesterday with Archbishop Francesco Borgonini Duca, papal nuncio to Italy. The archbishop has been in close contact with the Italian government on the Vatican's peace moves.

Mrs. J. L. Ingley and Mrs. Martin Bram Give Bridge Party

A lovely event of yesterday afternoon was the party given by Mrs. J. L. Ingley and Mrs. Martin Bram at the Woman's Club house, entertaining guests at fourteen tables of bridge.

The club was attractive, being decorated with a profusion of Spring flowers, the pink and blue predominating. The color motif was further emphasized in the tallies and other party appointments.

High score prize for the games, a pastel handbag, was won by Mrs. Floyd Palmer, while second high was awarded Mrs. George Witmer, who received hose. A traveling kit was won by Mrs. Roy Holler, traveling prize winner. Consolation scores, bathballs, was presented Mrs. R. J. Holly, while cosmetic kits were won as screen prizes by Mrs. M. Minarik and Mrs. Charles Steenworth.

Assisting Mrs. Bram and Mrs. Ingley in entertaining the guests and serving a delightful salad course were: Mrs. R. A. Newman, Mrs. B. L. Perkins, Mrs. Elton Mountrich, Mrs. W. G. Fleming, and Mrs. W. H. Arnold.

Mr. and Mrs. William Moye have returned to Sanford to make their home after residing in Hartow for the past year.

Mr. and Mrs. Frank A. Everhart returned to their home in Dayton, Ohio this morning after having spent the past few months in this city.

Mr. and Mrs. Robert Axt and family, and Miss Marjorie DuBoise left this morning for Bloomfield, N. J., where they plan to spend several months.

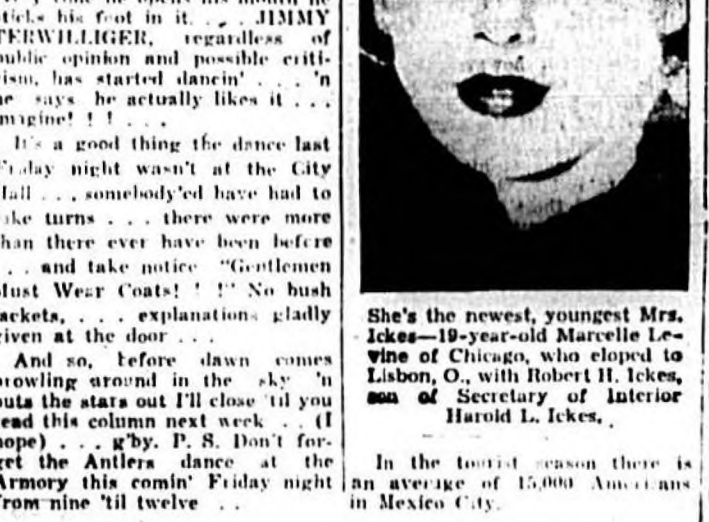

Mrs. A. C. Cleveland and daughter, Jeanette, have returned from a visit with Mrs. Cleveland's sister, Mrs. O. W. Douglas, in Savannah, Ga.

Commencement At Rollins College To Be Held June 5

WINTER PARK, May 17. — Dr. Henry Goccard Leach, editor of The Forum magazine and honorary alumnus of Rollins College, will deliver the Commencement address at Rollins on June 5. President Hamilton Holt announced today.

The Baccalaureate sermon on Sunday, June 4, will be preached by the Rev. Ansley C. Moore, pastor of the Peace Memorial Presbyterian Church in Clearwater.

According to figures released by the Registrar today, the graduating class will number around eighty.

Dr. Leach has had a distinguished career as an author and editor, and is recognized as a leading authority on Scandinavian history. He is a native of Pennsylvania and a graduate of Princeton with a B. S. degree and of Harvard with a M. A. and Ph.D. degrees. Following his graduation from Harvard, he returned to the university as instructor in English and curator of Scandinavian history and literature. He is president of the American-Scandinavian Foundation, president of the Poetry Society of America, trustee of the Carnegie Church Peace Union, and was instrumental in securing economic support for exchange of forty students annually between the United States and Scandinavian countries. Decorations have been bestowed upon him by Sweden, Denmark, Norway and Iceland, in recognition of his notable influence in the interpretation of Scandinavian history and literature. He received an honorary L.L.D. degree from Rollins College in 1924.

Commencement Week will begin Wednesday, May 31, with a Faculty-Senior picnic at Sataland Springs. The Rollins Student Players will produce "The Torch-bearers" on Thursday and Friday evenings, and the annual Honors Day exercises will be held in the Annie Russell Theatre Friday morning.

The Baccalaureate Service will be held in Knowles Memorial Chapel on Sunday, June 1, at 10:30 A. M., and the Commencement Exercises will begin Monday morning at ten o'clock.

Lookouts Defeat G-Men 6-5 For 12th Straight Win

Alexander's Single With Full Bases Cinches Tilt For Locals

Centerfielder Skeen Pounds Out Three Singles And Double To Lead Hitting Attack For Sanford Nine

In a game marked by no scoring of extra-base hits, there being four triples and two doubles, the Lookouts dished up a 6-5 win over the Gameville G-Men when the local contingent journeyed there last night for the 12th straight victory of the season.

Vincent, Lookout's starting pitcher, was nipped for six hits and three runs in three and two-thirds innings. He was replaced by Joe Pinder when the G-Men investigated in the top of the fifth in five and one-third innings.

The Lookout sluggers battered a succession of G-Men hurlers for a total of nine hits. Starting off the evening with Clark, followed by the hit by Willis, who was in turn replaced by Childers. The local club grabbed their lead early in the first, to which the G-Men replied with a brace of rallies in the last of the same inning. In the first of the second the Lookouts again took over the lead when they scored across two runs.

In the last of the third the G-Men collected one run, and then added two more to take the lead in the last of the fifth. But, in the first of the sixth, with the bases loaded, Manager Dale Alexander changed things by blasting out a single driving in two runs, to put the game in the Lookout's hands.

Skeen, centerfielder, banged out four hits in five official trips to the plate, one of them a double, to lead hitting honors. In the last of the seventh, Manager Don Hoffman was chased from the field for complaining when McShane with the tying run, was out of the plate on an attempted double steal.

McShane, centerfielder, banged out four hits in five official trips to the plate, one of them a double, to lead hitting honors. In the last of the seventh, Manager Don Hoffman was chased from the field for complaining when McShane with the tying run, was out of the plate on an attempted double steal.

2nd-Place Islets Defeat Anglers By 13 To 7 Score

DeLand Loses To Palatka White Saints Defeat Senators

Singing a six run rally in the eighth during the Daytona League game, the Islets club lost their fourth straight game to the local Palatka Angels when the cellar nine showed across a single tally in the 11th inning to break a 7-7 deadlock.

In the other loop game at Tinker Field in Orlando, the St. Augustine Saints came from behind a 3-0 lead piled up in the early innings by the Senators to win by a score of 7 to 4.

The Saints rallied in the sixth inning and again in the ninth to score five runs and overbalance the early inning Orlando lead. Both teams collected 11 hits off opposing hurlers but the Senators were unable to combine their safeties with men on base for tallies. Four Orlando errors also contributed to the success of the Saints.

At Leesburg, the Islanders rumped on the offerings of four Angler hurlers for a total of 15 hits which were combined with four Leeburg errors for the 13 tallies. The Angler hurlers got to Shroba for 11 safeties but the Islander loser, who went the full nine inning route, kept them well scattered.

Tommy West, manager of the Islanders, led the batting attack for the second place team with five for six tries. Jerry Geigert led the Angler batters with three for five including two doubles.

The DeLand nine took an early lead over the Angels scoring three runs in the first frame and adding two more in the fourth while Palatka scored a single tally in the third. The cellar nine, retaliated, however, in the fourth by pushing across six runs, for a 7 to 5 lead which the Angels held until the sixth when the Reds tied the score by scoring twice. The Reds outbit the Angels 13 to 6 but were unable to make use of their safeties.

Trammell scored the winning tally for the Angels in the 11th on an error, a sacrifice, a walk and an overthrow of first in an attempted double play.

CHALLEDON, runner-up in the Kentucky Derby last week is shown winning the Preakness May 15, with Gilded Knight coming in second.

No. 3 Team Takes 12-7 Victory In Junior Loop Fray

Winners Pile Up Early Lead Behind Ken's 4-Hit Hurling

George Kenis, Team No. 3 hurler in the Kiwanis Junior circuit, Monday afternoon set the No. 6 club down with four hits over the seven-inning route in a game at the lake shore diamond ball field, to hand them a 12-7 trouncing.

Griffin and Truluck, on the mound for the No. 6 outfit were nipped for only five hits between them over the same route.

A large first inning which netted them 10 runs gave the No. 3 club a handy winning margin.

Billy Zachry To Be Mainstay On Gator Net Squad Next Year

GAINESVILLE, May 17.—Billy Zachry, former Seminole High School athlete, is slated to be one of the main stays of 1940 net squad for the University of Florida. A squad which will include three other vets of the 1939 team, Babe Bartlett, Orlando, Bunny Lund, Pensacola, and Lucius Merritt, Pensacola.

Two freshmen, Buddy Knight, St. Petersburg, and Clyde Higginbotham, Jacksonville, are expected to further bolster these vets when the 1940 net season gets under way here.

With a season record of 12 wins, no defeats, and one tie added to the already successful four year record of Gator net squads, the University of Florida tennis squad looked forward to team will again represent the university.

While the two members of the team who will graduate, Capt. Jim Pollard, Miami, and Ben Bridges, Tallahassee, were the most consistent winners on the squad this season, followers anticipate another successful year in 1940.

By going through the current season undefeated, the present team brought the five year Florida record to 42 wins, four losses, and one tie, with two of the defeats taking place in the first year of this streak, 1935. Of the four defeats, three have been administered by the same team, Georgia Tech.

However, this year Florida took Tech into camp by a 6-2 score. Other victories were recorded over Stetson twice, Wofford, Emory, Furman, South Carolina, Clemson, Mercer, Mississippi, United States Naval Air Station, and Auburn, a tie with Presbyterian completing the record.

After recording five successive wins in 1935, the team journeyed to Atlanta in close the season and dropped two matches by 6-3 scores, one to Emory and the other to Georgia Tech.

With eight consecutive wins chalked up the following year, the Gators again had their record marred by the Engineers, but they got past what was rapidly becoming their major "jinx" in 1937 when they defeated Tech 7-2 and finished the season with seven wins and no losses on the ledger.

Sanford Will Seek 13th Victory In Game On Local Field Tonight

Hudson To Take Hill When G-Men Repay Visit Of Lookouts

Sid Hudson, top hurler in the Florida State League, tonight goes after his seventh straight win when the Don McShane-managed G-Men come to the Municipal Athletic Field for the second game of the current series.

With a record of 12 straight victories behind them, the Lookouts, tonight will try after their 13th win in attempting to repeat their victory of last night over the protesting slugs from the university city.

Three of Hudson's six victories to date have been made via the shut out route. His latest win was the 13th win in attempting to repeat their victory of last night over the protesting slugs from the university city.

House Continues Spending Despite Governor's Order

For 3rd Time Group Overrides Veto Of Cone On Special Appropriation Act
\$75,000 Approved For Ad Campaign
Senate Passes Measure To Safeguard Race Track Monies

TALLAHASSEE, May 18. (AP)—The Florida House kept right on voting special appropriations today despite Gov. Cone's order to Comproller Lee halting all payments until the Legislature shows where the money is to be found.

For the third time during the session the House overrode the Governor's veto of a special appropriation act. Then it passed a series of minor bills and relief bills with brief explanation from their sponsors and few dissenting votes.

A bill authorizing the use of \$75,000 surplus from the State Hotel Commission for advertising passed 65 to 24 after a heated debate. The Senate passed, with minor amendments, three House-approved bills designed to safeguard the approximately \$27,000 annually each county received from the race track taxes and suits attacking its distribution.

The Governor's veto was overridden on a bill appropriating \$412 to pay M. F. Decker for the hospital costs incurred when his son was vaccinated in a public school.

Friends of the Milk Control Board won Senate approval yesterday on a bill creating it as a permanent agency with power to fix prices.

Those who opposed the present board, led by a dairyman, Senator Graham, tried to get the measure rejected in a House attempt to take from the Governor power to appoint the milk board director. He would have given this appointment to a five-member board named by the Governor with consent of the Senate.

Senator Whitaker of Tampa and Dyck of Bradenton said the bill, as amended, would be vetoed. Governor Cone would veto the amendment but he left the board composed of seven members, appointed by the Governor, including private citizens.

The State now appropriates \$800 for each teacher and 30 pupils—about \$150,000 this year.

Wagner Health Bill Opposed By Doctors

ST. LOUIS, May 18. (AP)—The House today approved a health bill that would force all Americans to be vaccinated against smallpox. The bill was opposed by 115 doctors, who said the bill would force them to give shots to children who had never had them before. The bill would also force them to give shots to children who had had them before. The bill would also force them to give shots to children who had had them before.

Sanford Growers Elated At Result Of Vote On Canal

Chase Says Project Has No Merit Or It Would Have Passed

Those connected with the fruit and vegetable industry in Seminole County were generally elated today at the outcome of the Senate vote yesterday on a bill which would have authorized completion of the Florida ship canal. The measure was defeated by a 45 to 38 vote.

Local growers and shippers have voiced opposition to the proposed waterway since it was first started with relief funds in 1935. Randall Chase, a leader in the fight against the canal, declared today that the "vote of the Senate shows the project has no merit."

"If it had, with all the hundreds of thousands of dollars spent for lobbying and the Administration's support, it would have certainly been approved," he said.

The farmers of Seminole County are very much elated over the canal vote, said Gus Schmah, president of the Seminole County Agriculture Association. He said the State's water supply be affected by digging the proposed canal, experts have agreed that the Sanford section would have been the first to suffer damage and we are glad this threat has been removed," Mr. Schmah said.

Mr. Schmah declared that in his opinion the canal issue is dead. "If the project could not be approved with all the support it has this time it doesn't have a chance," Mr. Schmah said.

"Our position had some merit or we would never have succeeded," Mr. Chase added. "I don't believe that opponents in north Florida understood the possible effects of the canal on the farm producing area."

Mr. Chase was recently given the honorary title of "Uncle Sam Anti-Canal" by Jacksonville opponents when he told them that H. H. Buckman, consulting engineer for canal authority, had advised the project would cost the State's best dairymen. "The two are milking the sections in favor of the project for thousands of dollars annually to continue the project," Mr. Chase said.

Concluding three days of heated debate, the Senate yesterday killed legislation authorizing resumption of work on the \$200,000,000 Florida ship canal and the project does not have a chance to be passed. Mr. Chase said the vote was 45 to 38.

The legislation would have required all of the New Deal's most frequently criticized projects, started in 1933, to be completed within the next year. President Roosevelt urged only in the present session that Congress had approved the bill. He said it would not be approved in the next session.

LONDON, May 18. (AP)—The resignation of Admiral Sir Roger Keyes as chief of the British naval staff because of a "serious breakdown in health" was announced by the Admiralty today. He will be succeeded by Admiral Sir A. Dudley Pound, who is 60 years old and has been away from the Admiralty more than two months.

ROYALTY ACCORDED GALA WELCOME

King George and Queen Elizabeth are shown in the special motorcade to the Quebec legislative building where a state welcome was accorded them yesterday.

Gunfire Adds To Labor Tension In Mines At Harlan

Pickets Fire On Miners Returning To Work In Kentucky

HARLAN, Ky., May 18. (AP)—Two outbreaks of gunfire, one between state troops and an ambushed group, with no casualties marked the increasing tension today in the Harlan county soft coal field labor strife.

C. V. Bennett, operator of the Harlan Central Coal Company at Toot reported "snipers" fired about ten shots at miners returning to work.

Troops on duty did not answer the fusillade. Another group was reported to have been fired upon as they went to work in a mine 20 miles from their. Four troopers on guard answered fire and rushed to the spot from which the shots came, but found only a few empty shotgun shells.

Cleveland Invites Public To Visit Repainted Station

The Fire Station received its first renovation since 1923, when William Eckhart and Fred Temperon this week applied a coat of cream colored cold water paint on the walls and ceiling, and slate, grey oil paint on the wood work and floor.

Some holes were repaired in the plaster of the building, as well as repainting both the upstairs living quarters of the men and the downstairs equipment room.

The new paint job has lightened the interior of the building, and made the place much more livable, according to officials of the department.

ALBANIAN HEIR

Unheeding victim of the Italian conquest of tiny Albania, the infant son of King Zog and Queen Germlinde of Albania, born just before he fled his parents to flight, is shown in the arms of a nurse at Istanbul, Turkey.

King And Queen Receive 21-Gun Salute As They Disembark For First Visit

QUEBEC, May 18. (AP)—The King and Queen dined on five courses of snobs and other delicacies last night and retired to narrow single beds in Quebec's fortified citadel, tired but happy at the tumultuous welcome their Canadian subjects gave their history-making visit to the New World.

The first official duty performed by the King on the tour which will last a month, and which has been termed "cruelty to royalty", was signature of a submission conveying his formal consent to the appointment of Daniel C. Roper as envoy extraordinary and minister plenipotentiary of the United States of America to Canada.

The tall, 42-year-old sovereign and his smiling, 39-year-old consort stood well the first day of the 11,564-mile tour of Canada and the United States, the most arduous journey ever attempted by any King and Queen. King George, grave and nervous by turns, displayed to a marked degree the same regal dignity for which his father, George V, was known. Queen Elizabeth, whose animation and smiles charmed the Canadians, made a great personal hit.

HARBORS PROJECTS OKAYED

WASHINGTON, May 18. (AP)—The House passed and sent to the Senate today a bill authorizing a \$22,700,000 program of harbors projects over the nation. They would cost \$23,728,100. The House refused to put back into the legislation authority for the construction of the \$22,700,000 Umatilla navigation dam on the Columbia River and for a \$64,000,000 waterway connecting the Tennessee and Tombigbee Rivers.

CITY NEWS BRIEFS

A. F. Davis and Frances McIntyre of Winter Park were in court today for a marriage license in the office of Judge R. W. Ware yesterday.

Body In Lake Is Identified As Joseph Broxton

The white man whose body was taken from Lake Monroe last Tuesday by Sheriff C. M. Hand and his deputies was identified last night as Joseph D. Broxton, 36-year-old commercial fisherman, by his mother, Mrs. Claudia Oliver of Deland, Sheriff Hand said today.

Learning that her son was missing, Mrs. Oliver called at the Erickson Funeral Home and identified the clothing after she had read a description of the dead man in The Sanford Herald which said that he had the figure of a woman tattooed on his arm, Sheriff Hand said.

How Broxton's body got into Lake Monroe still remains a mystery to the Sheriff's office. Sheriff Hand said he was told that the man had been drinking Saturday night and had been taken to his camp about nine miles down the river from where he was found.

Had the man fallen into the river at or near his camp it would have been impossible for the body to float upstream, Sheriff Hand said, adding that he believed Broxton had fallen into the water on the Volusia county side of the lake at a point just east of where the body was found. "But how he got there no one knows," he said.

The Sheriff said he knew the boy but was unable to identify him because of the condition of the body when it was found. Broxton was born in Sanford on Feb. 11, 1909 and has lived in this vicinity for the greater portion of his life. Besides his mother, he is survived by his sister, Mrs. Edith Oliver of Deland.

Revels Begin Life Sentences At Prison

TAVARES, May 18.—J. W. and Gordon Revels were taken to the State prison at Hafford Wednesday to begin life sentences which they were given for being accessories in the murder of 17-year-old Charlie Shepherd, part-time Clermont grocery clerk. The Revels boys (J. W. is 24 and his brother is 22) were convicted in Circuit Court last Thursday of being members of the bandit trio which robbed the Clermont A. & P. Store, and fatally wounded Shepherd. The jury recommended mercy, making life imprisonment, rather than electrocution, mandatory. The third bandit was killed by S. V. Burroughs, store manager, the night of the hold-up.

CONCISE SIGNS BILL

The Governor today signed HB 796 by Representatives Leonard and Lehman fixing the time for holding regular terms of circuit court in Seminole County also HB 799 fixing the time for holding regular terms of county court.

Palestine, Amoy Problems Confront British Diplomacy

Seminole Hospital Site Rejected By House Committee
Martin Favors Avon Park Location In Inspection Report

The 400-acre site offered to the State by Seminole County as a site for the proposed branch of the State insane hospital has been rejected, according to a press dispatch received from the capital, and the committee investigating the sites has recommended the acceptance of the 210-acre location at Avon Park.

The House yesterday adopted the report favoring the Avon Park site made by Martin of Hillsborough, its chairman, of a committee appointed by the 1937 legislature to investigate sites and report back at this session.

A bill is on the House calendar to authorize acceptance of the land.

A sub-committee of the House committee on public institutions has recommended rejection of the Avon Park site and others at Dover and Sanford.

Doctors Agree Palmer Died Of Natural Causes

SARASOTA, May 18.—The definite statement was put into the record yesterday that Potter D'Orsay Palmer died of natural causes and not from blows on the head, and that investigation had failed to develop the slightest blame against any individual.

This apparent end of court proceedings came almost at the time of young Palmer's funeral at the Episcopal Church of the Redeemer of which Mr. and Mrs. Horace Palmer and the widow sat in nearby pews. The widow left first. She did not drive away in the car with the Palmers. The body will be taken today to New York for cremation, accompanied by the family.

The funeral and the announcement as to the cause of death, made at an inquest by Assistant State Attorney Souley was taken by friends to the final chapter, locally in D'Orsay's spectacular life.

The cause of death was given yesterday by Dr. David R. Kennedy, of Sarasota, who attended Palmer in his final illness, as generalized streptococcal infection. He said Dr. A. O. Morton, of Sarasota, who had consulted with him, had agreed that it might have resulted from one of three causes: cerebral hemorrhage, meningitis or streptococcal infection, all of which, he added, give the same symptoms up to a certain point.

It now appeared definite, Dr. Kennedy said, that the latter brought on death and that this would be confirmed after Dr. Herbert R. Mills, pathologist of Tampa, had completed the autopsy findings.

Dr. Mills, in a report last night, said he had studied the organs and tissues and concurred in the opinion of Dr. Kennedy that death was from natural causes and could not be attributed to violence. Dr. Mills added that Palmer's death was due "to an overwhelming streptococcus infection culminating in broncho-pneumonia."

25 Hurt As 175,000 Angry Jews Stage Protest To Propose Arab Control

Japs Turn Down Amoy Protests
Nazi Interest In Aspirations Of Bulgaria Adds Tension

Two chaotic problems confronted British diplomacy today—the Arab-Jewish strife in Palestine and the issue with Japan over foreign rights in China—as German attention to Bulgaria's territorial aspirations sharpened the rivalry of the great powers in the Balkans.

Following a night of disorder in which 25 persons were injured at the all-Jewish city of Tel Aviv, angry Jews, estimated by their leaders at 175,000, demonstrated throughout the Holy Land against the British government's decision to establish an independent Palestine under Arab control.

Police said orders were restored in Tel Aviv after some fighting which police broke up with a baton charge. British reports said Jewish youths set fire to government district offices and then prevented the fire apparatus from going to the scene.

The British plan would make Palestine self-governing in 10 years with Jews in the minority and Jewish immigration left to Arab approval after five years.

British forces joined United States and French troops in patrolling the International Settlement at Amoy, China, as the Japanese movement to control the British colony against the landing of Japanese marines there.

The Japanese, however, were reported withdrawing their marines after a British warning that Britain would keep her forces there as long as Japan did. A wave of anti-humanitarian demonstrations continued throughout Bulgaria following a statement yesterday of the German minister, Baron von Rintelen, that "we are always thinking of Bulgaria's revisionist claims." Rumania won Bulgarian territory in the World War.

British police fired into a crowd of Jewish youths demonstrating at Tel Aviv last night against the newly announced British policy governing Palestine, and wounded several of them.

The crowd of more than 5,000 Jewish youths, after taking an oath to fight for Jewish independence, had marched to the British government district offices. Raising a Zionist flag, they threw stones and broke up the furniture and set fire to desks and tables, police said.

Police fired first into the air, then as the crowd continued, shot into the crowds. The demonstrations at Tel Aviv, which is an all-Jewish city, were continuing as midnight approached.

Earlier, sabotage had delayed the British government's attempt to relay a summary of its white paper, announcing the plan to create in Palestine an Arab-dominated state, over the radio.

Lines between the radio transmitting station at Ramallah and the Jerusalem studio were cut just as it began the broadcast. English and Arabic announcers were rushed to Ramallah, 10 miles from Jerusalem, in an armored car under heavy guard, however, and the broadcast was completed there.

In Jerusalem 300 youths marched through the streets to create in Palestine an Arab-dominated state, over the radio. Lines between the radio transmitting station at Ramallah and the Jerusalem studio were cut just as it began the broadcast. English and Arabic announcers were rushed to Ramallah, 10 miles from Jerusalem, in an armored car under heavy guard, however, and the broadcast was completed there.

LOCAL WEATHER

Partly cloudy tonight and Friday; little change in temperature.
