

Seedsman Meeting

(Continued from Page One) his "magic" at the Wednesday evening banquet at the Inn. Mayor H. J. Gut has been invited to welcome the group, and Frank L. Holland of the Florida Agricultural Research Institute of Winter Haven will serve as master of ceremonies. The convention, following in vocation by Dr. W. P. Brooks, Jr., will start its active program Thursday morning with a talk by Don M. Hastings, of Atlanta, Ga., president of the Southern Seedsmen's Association who will tell of the work of the Association as related to state seed associations. Among the other important speakers are H. W. Schneek of Plant City, president of the Florida Seedsmen's Association; Dr. W. C. Barnes of the South Carolina Experiment Station at Charleston who with colored slides will illustrate his talk on breeding vegetables in the South and Dr. F. S. Jamison of the Florida Experiment Station, who will tell what is new in vegetable varieties in Florida. LaMonte Graw of Orlando and head of the Florida Vegetable Experiment Station, will talk on "What Florida Vegetable Growers Want From Seedsmen". Dr. Allen Trotter of Robstown, Texas will explain seed problems in the South. Albert J. Biggie, Jr. of Dallas, Texas will expound problems of seed retailing. Many other experts on seed problems will relate their findings. Following election of officers, a trip will be made at 4:30 P. M. Thursday through the Central Florida Experiment Station, with Dr. R. W. Rupprecht as host. This is expected to give them appetite for the barbecue at 6:00 P. M. at the Inn Club. Special entertainment is also planned for wives of delegates, including a tea Wednesday afternoon at the home of Mr. and Mrs. Rocco at 201 West Sixteenth Street and with Mrs. Rocco as hostess. Thursday afternoon the ladies will enjoy a boat ride on the St. Johns River. Friday morning the delegates

Indonesia Makes New Offers To Holland

BATAVIA, Java, May 23 (AP)—Dutch Premier J. M. Beel and overseas minister J. A. Jonkman flew toward Holland today with an offer, Indonesian Premier Sjahrir said, of further political concessions in an effort to reach an accord. Sjahrir said in an interview his offer was predicated on a demand that the Netherlands reduce military forces in the East Indies to a point at which they could not be considered a potential offensive striking force.

Romney Sentence

(Continued from Page One) was dealing leniently because the shortage occurred a great many years ago and two other people who apparently has some part in it are beyond the law. Holtzoff referred to former Rep. John H. Smithwick (D-Fla.) 72, who now resides in Georgia. He said the evidence indicated some checks that Romney had cashed for Smithwick had never been paid, and they apparently represented a good portion of the shortage. But Holtzoff said the statute of limitations prevents Smithwick from being prosecuted. Holtzoff said Romney apparently was the "tool" of Smithwick in so far as a part of the shortage is concerned. Holtzoff also mentioned that the statute of limitations prevents the filing of any charges against Frank J. Mahoney, former employee of the House of Representatives who now is in Honolulu. Holtzoff said complete justice would require that both Smithwick and Mahoney should "stand with this defendant." He will join a motorcade to Gainesville for inspection of vegetable and field crop trials at the Florida Agriculture Experiment Station. En route they will visit Silver Springs, an Island Grove celery packing house, and the site of Marjorie Kinnan Rawling's place where "Cross Creek" was written.

U.S.-British Families Evacuate Manchuria

NANKING, May 23, (AP)—An American Army plane evacuated the families of the United States and British consuls-general from Changchun today as Chinese dispatches reported Communist shells falling in the northern suburbs of the besieged Manchurian capital. The wife and daughter of the American consul-general and the wife and two daughters of the British consul-general left for Peking, the U. S. embassy announced here, together with several members of the UNRRA staff. The embassy said the opportunity was offered consular dependents to withdraw temporarily "in view of disrupted transportation facilities between Changchun and Mukden and the unsettled conditions in the Changchun area."

ASPAR Approved To Take Part In Races

INDIANAPOLIS, May 23 (AP)—All members of the American Society of Professional Automobile Racers have been notified they may participate in the Memorial Day 500-mile race at the Indianapolis Motor Speedway. Ralph Hepburn, president of ASPAR, told the Indianapolis News by telephone today from Chicago. The News quoted Hepburn as saying that about ten cars of ASPAR members would be at the Speedway to make qualification runs over the weekend.

YANKES FINED

NEW YORK, May 23, (AP)—President Larry MacPhail of the New York Yankees denied today that he had issued a "fly or else" ultimatum to his players, but confirmed the fact that he had fined six players for failure to cooperate in promotion and non-baseball activities. Because they failed to leave batting practice to have their pictures taken with soldiers and WACs modeling proposed new style army uniforms, Joe DiMaggio was fined \$100, the first fine of his career as a Yankee, and Charley Keller and Aaron Robinson were docked lesser amounts.

BROADWAY

By JACK O'BRIAN

NEW YORK—We have a resident of this little community called Broadway who is equally celebrated for his millions of dollars and for a penuriousness which outdistances that of the most miserly misers extant. There's a sturdy rumor that this seedy tycoon cuts his own hair, shaves himself, cadges cigars from anyone and everyone and in general acts like the boys Damon Runyon used to say were "doing the best they can, a profession which always is overcrowded." Among this nondescript nabob's many effectively financial interests is a theater for which he recently employed a new manager. The latter agreed on terms after lengthy haggling over items of penny and nickel amounts, and his last question before accepting

Atomic Power

(Continued from Page One) tages in marine and naval power plants even before it comes into use on land," he said. "A ship could easily carry enough fuel to go several times around the world at full speed." "As offshoots, there will probably be made revolutionary developments in the chemical and metallurgical fields, because it may make possible many new materials. Its value in the medical field may become high." Johnson also explained that a 600,000 horsepower unit had been developed to propel the German V-2 rocket. "At top speed," he reported, "it travels about 5,500 feet per second and produces a thrust of about 30,000 pounds. This would be of no use in a central station because the power is on for only 60 seconds, by which time the fuel is exhausted. Fuels used are alcohol and liquid oxygen."

Eagle Badge Given To Dying Boy Scout

SAGINAW, Mich., May 23, (AP)—A dying 15-year-old boy, his fevered eyes aglow, today received the Eagle badge in a bedside ceremony that climaxed his long, heart-breaking struggle to reach the peak as a boy scout. In his husky, antiseptic sick room at Saginaw General Hospital, Ronald Phillips, blond and husky, smiled wanly as Willard J. Nash of Valley Trails Boy Scout Council, pinned the coveted badge on his pajama jacket. His pride shows in his eyes but he said nothing. He lost his speech a short time ago. Ronald's parents said doctors told them he has "three days to a week to live." He is an only child.

TEEN TALK

Dear Judy,

Everybody has had a touch of the wintery to thwart the small-pox epidemic, and the theme song in the East seems to be "an itch, itch here, and a scratch, scratch there." Most of the potted pigeons got their vaccinations on their legs and thighs so they wouldn't spoil their beautiful arms for evening clothes. Speaking of itch, a famous movie star treats malarial, mosquito bites and poison ivy this way: She draws a tepid bath and sprinkles corn starch into it. When it is dissolved, she takes a long, refreshing rest in the tub. She doesn't dry with a bath towel. She lets the air dry her body so that a thin film of starch stays on her skin. So soothing, she says! School yarn... Thirty-two boys from Polytechnic Prep Country Day School in Brooklyn visited the U. N. at Lake Success recently. They were surprised to find earphones by each seat in the conference room and discovered the earphones are attached to a dial with which the individual can have the speech he is listening to translated into French, English, Spanish, Chinese, Russian by the turn of a switch. Here's a yoke, chums... Sammy Kaye's new Swing and Sway to the new "Egg and I" waxing. News from Hollywood is that the new crop of starlets have more sense these days. They don't try

Atomic Power

(Continued from Page One)

It would, the engineers said, sound over the air as if an atom bomb had fallen somewhere in the vicinity. Further, at not too infrequent intervals, four subways passed below at the same time, making things sound indeed as if the demolition at Bikini were being duplicated. SHIP INTERCEPTED JERUSALEM, May 23 (AP)—A reliable source said today the British had intercepted the ship Mordel Haghettaoth (Ghetto fighters) with 1,500 uncertified Jewish immigrants to Palestine aboard and were escorting her to Haifa. There was no official confirmation. Mount Etna, a 10,800-foot Sicilian volcano, is always fuming and is violent frequently.

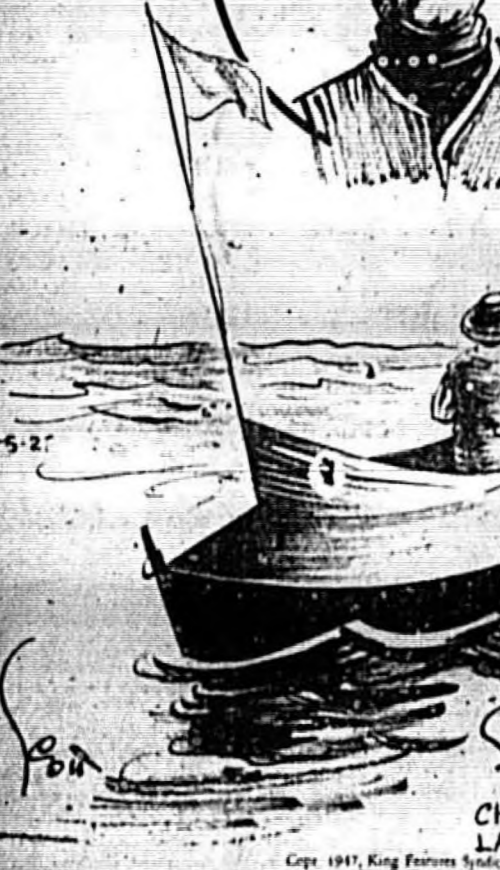

to grow up too fast. Lois Butler, who is just 15, wears bobby sox around the lot, chews bubble gum and munches licorice drops. Indianapolis-born Lois has a clause in her contract which says she'll be suspended from the contract if her school grades fall below her present B-plus average. The clause was the idea of her mother, who says "any dumbbell can be an actress." Cheerio Chum, Vivian Heredity is believed to be the chief factor in longevity and vitality.

THE U. S. TREASURY AND AMERICA'S BANKS ANNOUNCE THE BOND-A-MONTH PLAN

An easy, automatic way to buy U. S. Savings Bonds for Americans who cannot take advantage of the Payroll Savings Plan. FOR MILLIONS of Americans, the Payroll Savings Plan has proved the perfect way to save. Its ability to make saving a regular, continuous, automatic procedure has enabled those millions of people to accumulate billions of dollars in U. S. Savings Bonds—money which, for the most part, they would not otherwise have saved. Now, through the co-operation of America's banks, all the advantages of the Payroll Plan are being made available to people NOT on payrolls—through the new Bond-a-Month Plan for buying U. S. Savings Bonds. If you have a checking account—here is your plan! The mechanics of the new Plan are simple. You go to the bank in which you keep a checking account. You authorize the bank to buy for you, at monthly intervals, a U. S. Savings Bond. From then on, the bank buys the Bond regularly, sends it to you, and debits your account for the purchase price. Suppose you want to buy a \$100 E Bond every month. You simply sign a card authorizing your bank to deduct \$75 each month from your account. After that, the Bond is bought, registered in your name, and sent to you—automatically. Can you match these investments—anywhere? As your banker will tell you, no other security of comparable safety will give you as good a return on your money as U. S. Savings Bonds. In addition, these Bonds can be quickly turned into cash—without loss—in case of emergency. Any man who has any savings ought to have at least a substantial part of them in U. S. Savings Bonds. The new Bond-a-Month Plan makes accumulating money easy, safe, and above all, sure. The Plan makes it easy for you to arrange a steady income for yourself in any amount you choose, starting 10 years from today. \$75 a month put into Bonds now will give you \$100 a month, beginning in 1957. For a financially sound future, for both your country and yourself, see your bank and start buying U. S. Savings Bonds through the Bond-a-Month Plan—soon.

Which of these U. S. Savings Bonds best fits your requirements? SERIES E—10-Year Appreciation Bonds. The interest yield on E Bonds, if held to maturity, is the highest offered by the Treasury—2.9% compounded, or \$4 for \$3, \$400 for \$300, after 10 years. E Bonds are issued only to individuals. LIMIT—\$3,750 purchase price (\$5,000 maturity value) per calendar year, but each member of your family may hold this amount. Redeemable 60 days from issue. SERIES F—12-Year Appreciation Bonds. Mature in 12 years, yielding 2.53% compound interest. Recommended for clubs, churches, farm groups, and individuals. Redeemable six months from issue. Any individual or group may purchase up to \$100,000 face value in one calendar year. SERIES G—12-Year Income Bonds. Automatic current income bonds, with 2.5% interest a year paid to holder by United States Treasury check, every six months. Mature in 12 years, and are redeemable after six months from issue. Same \$100,000 limit as Series F.

Save the easy, automatic way—with U. S. Savings Bonds. The Florida State Bank of Sanford. Member F. D. I. C. Deposits Insured up to \$5,000.

In Unity There Is Strength—  
To Protect the Peace of the World;  
To Promote the Progress of America;  
To Produce Prosperity for Sanford.

## Truman Asks For Military Pact In West Hemisphere

### Plan Calls For Armament Standardization, Transfer Of U. S. Equipment

WASHINGTON, May 26, (AP)—President Truman asked Congress today to approve a broad program of military cooperation with all Western Hemisphere nations, including the arming, training, and organization of the armed forces of Latin America and Canada.

Declaring that world developments in the past year give "still greater importance" to close hemisphere collaboration than a year ago, when similar legislation was proposed, Mr. Truman asked prompt congressional action.

A key segment of the program is the standardization of armaments throughout the hemisphere, and the transfer of U. S. military and naval equipment to the sister governments by "sale or other methods." "This government will not, I am sure, in any way approve of, nor will it participate in, the indiscriminate or unrestricted distribution of armaments," Mr. Truman said.

The White House forwarded the message to Congress for Mr. Truman who is in Missouri where his mother is ill.

"It is my intention that any operations under this bill, which the Congress may authorize, shall be in every way consistent (Continued on Page Six)

## Farm Federation Hits Agriculture Department Cut

WASHINGTON, May 26 (AP)—President Edward A. O'Neal of the American Farm Bureau Federation said today that a "deeply shocked" by several reductions in the Agriculture Department budget recommended by the House Appropriations committee.

In a telegram sent all members of the House, O'Neal said his organization and farmers generally are opposed to proposed cuts in the soil conservation program.

Farmers are especially indignant, he said, "over the cut in the \$447,000,000 AAA conservation program, especially approved by Congress last year, to \$165,000,000, thereby breaking faith with millions of farmers, and also complete elimination of the program in 1948."

O'Neal said reduction in AAA expense will make it impossible for state and county offices to carry out their program effectively. He said farmers "in every section are alarmed" over a proposal to discontinue making part of tariff receipts available for disposal of farm surpluses and "over failure of the committee to make more money available for marketing research."

"Our organization offered sincere aggressive support for real constructive economy by eliminating unnecessary personnel, excessive expenditures and duplication of services," O'Neal told the congressmen, "but we asked the committee not to cut the heart out of the farm program."

## Services Held This A.M. For Mrs. Bishop

Funeral services were held this morning at 10:00 o'clock in the Erickson Funeral Home for Mrs. Marguerite May Bishop who died Friday in a local hospital following a short illness.

Mrs. Bishop had lived in Sanford for the past six months, residing at 217 East Third Street. She was born in Inwood, Long Island, N. Y.

Survived by the husband, Lewis W. Bishop of Sanford; one sister, Mrs. Dorothy Deane of Long Island; two brothers, Edward and Orr Olsen of Long Island, N. Y.

Services were conducted at the Erickson Funeral Home at 1:30 P. M. Sunday for LeRoy Coleman who died in Jacksonville Friday from a heart attack. The Rev. V. H. Grantham officiated. Burial was made in Evergreen Cemetery.

A former resident of Sanford, Mr. Coleman had lived in Jacksonville for a year. He was born Feb. 22, 1904.

Mr. Coleman is survived by the widow and one son, Stanley, both of Jacksonville; his parents, Mr. and Mrs. Neal Coleman of Sanford; two brothers, W. C. Coleman and J. C. of Jacksonville.

## Former Sanford Man Dies In Jacksonville

Funeral services were conducted at the Erickson Funeral Home at 1:30 P. M. Sunday for LeRoy Coleman who died in Jacksonville Friday from a heart attack. The Rev. V. H. Grantham officiated. Burial was made in Evergreen Cemetery.

## House Passes 74-12 Public Utility Bill

### Compulsory Arbitration Of Labor Disputes In Utilities May Be Required

TALLAHASSEE, May 26, (AP)—With little discussion, the House today passed, 74-12 a measure requiring compulsory arbitration on labor disputes in public utilities.

The bill provides for appointment of a conciliator by the Governor in the event of a labor dispute in privately-owned public utilities and further appointment of a board of arbitration if the conciliator is unable to reach a settlement between labor and management.

Both labor and management would be allowed to nominate one member each for the board of arbitration, and the third would be named by the Governor to represent the public.

The findings of the arbitration board would be binding on both labor and management, and any attempt at a lock-out by management or a strike by labor during the arbitration period, would be subject to a \$10,000 a day fine.

Meanwhile, Governor Caldwell held up all pay raises from the general revenue fund "until the Legislature adjourns and we see how much money we have."

"I'm not approving any increased salaries until we see what the financial picture is after the Legislature adjourns," Caldwell said.

The House also approved 73-1 a measure limiting the size of the (Continued on Page Two)

## Legion Officials Are Impressed By Lakefront Site

### State Convention To Vote On Property Offered By City

Much favorable comment was heard Saturday among state Legion officials in regard to locating the proposed American Legion memorial and headquarters building on the lakefront site offered by the City of Sanford for this purpose, it was reported today by Reid Mann, state adjutant, following the meeting here Saturday and Sunday of nearly 100 Legion district commanders and chairmen of standing committees.

"Many Legion officials were very much impressed by the site, which is now occupied by the municipal softball diamond, and where 135 persons attended the Saturday evening by Campbell-Lossing Post 53," said Adjutant Mann. Ned Smith had charge of the arrangements committee, and W. E. Hathaway superintended the barbecuing.

Approval for the site will be made at the next state Legion Convention at Panama City next May, said Mr. Mann. A large sign was placed in left field by Mr. Smith which pointed out that this was the site for the future headquarters.

Eight of 10 district commanders were present and brought up questions regarding the dilapidated St. Johns River wharf structure. They were told, said Adjutant Mann, that this will be removed.

Much time at the convention was occupied in setting up and clarifying rules and regulations of the growing 11th district of negro Legionnaires, he revealed. The Charles Young Post 207 of Sanford of which Walter Holly is commander is in the 11th district and the post has 136 members.

Among those present at the meeting were Frank Caton, department commander of Florida; Dan Kelley, vice-commander; E. Meade Wilson, national executive; J. R. Williams, judge advocate; and Adjutant Mann. The luncheon given the visitors at the Valdez Hotel, was very cooperative in placing 46 rooms at the disposal of the visitors who were very pleased with the accommodations," said Adjutant Mann. The luncheon given the visitors at the Valdez Hotel, was very cooperative in placing 46 rooms at the disposal of the visitors who were very pleased with the accommodations," said Adjutant Mann. ## Funds Assured For Experiment Station Operation

### Senate Restores Original Amount Plus \$5,000 To Measure

Funds in excess of \$104,000 for the operation of the Central Florida Experiment Station during the next two years are now practically assured, it was reported today by M. L. Cullum, president of the Seminole County Farm Bureau, who quoted State Senator L. E. Doyle as stating that the Senate had restored the original amount plus an additional \$5,000 to be used for equipment.

Funds are expected to the amount of \$54,592 for operation of the station next year, said Mr. Cullum. Of this amount, \$31,992 is for salaries; \$18,000 for general expenses and for equipment; \$5,000 The amount for the following year will be \$49,592.

Operating for the past two years on very limited funds, the station has, nevertheless, done a creditable job, said Mr. Cullum. Now with ample funds, it will be possible to extend its work to all sections and to include all types of Florida-grown vegetables.

Dr. R. W. Ruprecht, in charge (Continued on Page Two)

## U. S. Proposes World Meet On Food Regulation

### By Ovid A. Martin

WASHINGTON, May 26, (AP)—The United States today proposed a world conference to promote better food management at the head of the International Emergency Food Council appealed to this country for more grain to avert disorders in hungry areas.

The "American proposal was made by Secretary of Agriculture Anderson in a letter to the council. That group met to survey the world food situation and heard from its secretary-general, D. A. Fitzgerald, that stocks in many storage areas are even lower now than a year ago when the United States took emergency measures to speed supplies to them.

Anderson, saying that shortages in many needy areas may be more serious a year from now than at present, said importing nations should be shown how to collect a larger proportion of their own production from their farmers and make it last longer.

## Gov. Caldwell Lets Fish Bill Be Law

TALLAHASSEE, May 26 (AP)—Governor Caldwell today let the bill eliminating penalties for violating Game and Fish Commission rules on Lake Okechobee and the St. Johns River become law without his signature although he said "it is not in the interest of conservation."

"The passage may, and I hope will, arouse the responsible citizenry of Florida to genuine concern in the matter," he declared in a mimeographed letter he prepared to send to several hundred sports fishermen who asked that he veto the measure.

"Majorities of both the House and Senate, direct representatives of the people from every section of the state and reflecting varying points of view, have approved this bill," the Governor said. "The bill is not in the interest of conservation and its constitutionality may be questioned but its passage may, and I hope will, arouse the responsible citizenry of Florida to genuine concern in the matter."

## Communists Attack Chinese Rail Center

NANKING, May 26, (AP)—Warplanes were reported in action today in support of government forces trying to beat off Chinese Communist attacks on Esongking, vital rail hub 70 miles southwest of Changchun, besieged capital of Manchuria.

Field dispatches said Nationalists had repulsed a Communist attempt to seize an airfield on the western outskirts of Esongking, but acknowledged that the Reds were less than two miles from the city on the North.

## Odham Expresses Thanks To Friends

Representative J. Bralley Odham, who was in Sanford for the weekend, declared that he greatly appreciated the many letters and telegrams sent to him in support of his action in the Legislature in regard to bridge changes.

He said that he hoped that he could continue to merit the confidence expressed in him by so many of the people of Seminole County.

## ROTARIANS ENJOY ANNUAL BARBECUE

Members of the Rotary Club are shown at Lemon Bluff where they held their corn and steak barbecue following a boat trip up the St. Johns River last Wednesday. They are left to right, Walter Haynes, Clarence Redding and George A. Speer, Jr., officers of the club, Ed Higgins, Chamber of Commerce Manager, Dr. Harry Silsby and H. H. Coleman.

## Foremen Of Power Units At Ford Plant Ordered To Withdraw

DETROIT, May 26 (AP)—The Foremen's Association of American (F.A.A.) today ordered withdrawal of supervisory employees from the power units of three Ford Motor Co. plants where a strike has been in progress for six days.

President Robert H. Keys of the FFA said he had notified the company that an estimated 18 foremen will be called out of the power plants at 10 A. M. Tuesday. He added that maintenance of normal production would be increasingly difficult with the power houses unmanned by foremen. The company offered no immediate comment.

The power house foremen had remained at their jobs with union permission since the strike began May 21.

Meanwhile, Henry Ford II, president of the company, appealed to the 3,800 striking foremen for "better understanding" in a letter telling "what I think about" the situation "in which we now find ourselves."

## Relief Families Are Moved From Hotel

NEW YORK, May 26, (AP)—All but one of 37 relief families that had been housed in hotels at monthly costs running up to more than \$600 each had been moved to other quarters today as the state opened an investigation of the city's Welfare Department.

Welfare Commission Edward F. Blodgett, who blames a shortage of housing, money and investigators for the city's relief problem, said the family of 11 left in hotel quarters had four children ill of chicken pox and mumps.

The state provides 80 per cent of the cost of direct relief. The state Board of Social Welfare appointed a three-man committee to make the inquiry.

## Alken Accepted For New York Broadcast

Diek Alken, Sanford tenor and Presbyterian choir soloist, who on May 21 won first place and a free trip to the Arthur Godfrey radio program in New York in connection with a talent contest held at Orlando Municipal Auditorium and sponsored by Radio Station WDBO, has been notified that his application for a New York broadcast appearance has been accepted by Mr. Godfrey.

Mr. Alken revealed that he will go on the air in New York sometime in July, at a date to be announced later.

## Odham Expresses Thanks To Friends

Representative J. Bralley Odham, who was in Sanford for the weekend, declared that he greatly appreciated the many letters and telegrams sent to him in support of his action in the Legislature in regard to bridge changes.

He said that he hoped that he could continue to merit the confidence expressed in him by so many of the people of Seminole County.

## Lilienthal Seeks More Public Understanding Of Atomic Issues

CHICAGO, May 26, (AP)—David Lilienthal called today for greater public understanding of the issues involved in atomic energy decisions.

Terming them among "the most important decisions in our history as a nation," the chairman of the Atomic Energy Commission said they should be made on the basis of "reason and judgment" rather than "under the compulsions of hysteria and fear."

"These decisions will affect our most cherished institutions," Lilienthal added in an address prepared for the Inland Press Association. "These are not scientific or industrial decisions. They are human decisions, decisions about human organization, about our way of life, about the relations of science to our well being, about the issues of peace, or of war, war of a destructiveness beyond our imagination."

Lilienthal said the American press can play a key role in increasing public understanding "Responsibility for the presentation and interpretation of the facts about atomic energy should not be vested in any federal government agency," the chairman asserted, "and it should not be the function of the Atomic Energy Commission, except for the safeguarding of America's secret technical knowledge. It is rather a task for the educational institutions of the country of which the press is a key institution."

Lilienthal said that to keep people informed of "the potential uses and realities of this discovery that we call atomic energy" does not mean disclosure of secret information.

But he asserted that the public must become general in this: "That the scientific basis of nuclear energy release is not an American monopoly; that this scientific knowledge about atomic energy is part of a world-wide, and that other nations, including Russia, will inevitably in time have learned on their own what we know today."

"There are still those who think that what we have is the last of scientific secrets that can be put in an envelope and locked away in a vault and thereby kept as our sole possession for all time. It is not that kind of a secret."

Lilienthal placed high on the list of matters requiring wide public understanding the effects of international control of atomic energy as embodied in the Baruch plan.

Declaring that there are scientific and technical facts that make anything less than those controls and safeguards no protection to us at all," he added: "The alternatives to an international atomic agreement are grim indeed."

## Dr. W. P. Brooks Talks To Rotary On Art Of Living

President G. A. Speer announced that the Rotary Club will sponsor Bobby Park, son of Dr. and Mrs. C. L. Park, at Boys State at Tallahassee this year. President Speer also expressed his appreciation to George Sime and the baseball committee for their successful work with junior baseball, and to Earle Turner and his committee which put on the last trip and picnic last week.

Mrs. Edward Kucher announced that two mobile X-ray units will be in Sanford and Seminole County the week of June 3 and urged Rotarians to take the lead in encouraging everyone to have his chest X-rayed. It takes less than a minute to have the X-ray made, she said, and may be the means of discovering tuberculosis where it is least suspected.

The club voted to accept an invitation from Gerald Emerson to attend an inter-city meeting in (Continued on Page Six)

## Charles S. Henderson Dies In San Antonio

Charles Samuel Henderson, 78 years old, died Saturday in the Woodmen of the World Hospital in San Antonio, Tex. following an illness of more than a year.

Born Dec. 25, 1868 in Paola, Mr. Henderson had lived most of his life in Lake Monticello where he was engaged in farming.

In addition to his widow, Mrs. Virginia Henderson of Lake Monticello, Mr. Henderson is survived by a stepdaughter, Mrs. Heiberger G. Behrens, also of Lake Monticello; one sister, Mrs. Annie Kennedy, Sanford; one brother, Calvin Henderson of Ft. Lauderdale.

Funeral services will be held Wednesday at 4:30 P. M. at the Erickson Funeral Home with the Rev. W. P. Brooks, Jr. officiating, and interment will be made in Evergreen Cemetery. The W.O.W. will have charge of the grave-digging services.

## Mrs. A. F. McAlister Succumbed Friday

Mrs. Agnes Fyfe McAlister, resident of Sanford for 21 years, died in a local hospital Friday following a long illness.

Mrs. McAlister resided at 2542 Sanford Avenue. Born Sept. 7, 1877 in Johnston, Scotland, Mrs. McAlister was a member of the Assembly of God Church of Sanford.

Survivors include her husband, E. G. McAlister of Sanford, four daughters, Mrs. E. A. Preston of South Royalton, Vt.; Mrs. B. B. Woodham of Donaldsonville, Ga.; Miss Marjorie McAlister of Jacksonville; and Mrs. Ralph D. Smith of Sanford; one son, George D. McAlister of Franklinton, N. C.; two sisters, Mrs. Thomas Fitzgerald, Utica, N. Y., and Miss Maggie Burnes of Scotland; two brothers, John and George Burnes, of Johnston, Scotland; 16 grandchildren and one great grandchild.

Funeral services were conducted at the Erickson Funeral Home Sunday at 2:30 P. M. with the Rev. K. I. Wright officiating. Interment was made in Lake View Cemetery.

## 1,500 Attend Opening Of Daytona Pool

DAYTONA BEACH, May 26 (AP)—An estimated crowd of 1,500 persons attended the opening day ceremonies of the Welch Hospital swimming pool which has been taken over by the city for public use.

The 100 foot diameter circular pool was originally built by the Army as a hydro-therapy pool for the treatment of returned veterans. Feature of the afternoon's performance was Duncan Richardson, four-year-old swimming star of the movie.

## New Angle Studied In Atlanta Slaying

ATLANTA, May 26, (AP)—Police Chief Neal Ellis said today that the latest clue in the Peggy Rebole murder case, a bloodstained length of cloth, had added little to the investigation, but that detectives were still studying the new angle.

Ellis, and his experts working on the case, went into seclusion yesterday less than 12 hours after the intricately knotted rope was found lashed to a tree near where the 31-year-old socialite's body was found 11 days ago.

"We're right back here where we started from," Ellis acknowledged this morning. He said yesterday's questioning of witnesses failed to produce any new evidence.

## Delay On Tax Bill Backed By Barkley

### Close Vote Expected This Afternoon On Postponement Of Action On Measure

WASHINGTON, May 26 (AP)—The Senate voted 48 to 44 today to go ahead immediately with a bill to slash individual income taxes July 1.

## Close Vote Expected This Afternoon On Postponement Of Action On Measure

WASHINGTON, May 26, (AP)—Senator Barkley (D-Ky.), supporting a motion to defer action on tax cutting until June 10, declared today that "no tax reduction can be sound that is based upon political expediency."

With a close vote due at 3:00 P. M., on the postponement move by Senator George (D-Ga.), Democratic Leader Barkley told his colleagues that "no one believes Congress will cut President Truman's \$37,500,000,000 budget for 1948 by even the \$4,500,000,000 pledged by the Senate, much less the \$6,000,000,000 voted by the House."

"Certainly," Barkley asserted in a prepared address, "we do not now have anything approaching a clear indication of the total appropriations which will be enacted by this session of Congress and to that extent we will be talking up a blind alley."

Barkley said the Democrats do not seek postponement of the bill because of "sentimental objection to tax reduction." "We recognize the necessity," he added, "of appropriate, well considered, tax reductions at an appropriate time. We (Continued on Page Six)

## Amazing Vitality Is Displayed By Truman's Mother

GRANDVIEW, Mo., May 26 (AP)—President Truman's mother held proudly to life today, amazing him by her determined show of vitality.

While no one knew how long Mrs. Martha E. Truman could hold out, the President spent his tenth successive day at her bedside since he flew here at Wash-DC a relief plane May 17 interrupted her recovery from a hip fracture.

Mr. Truman, meeting reporters during a pre-breakfast walk, told them there was "no change" and that she was "just about the same" as last night when he reported for him a little weaker. "Amazing vitality," he said. An hour later he was enroute back here to work on official papers in a living room adjoining the sickroom of the 94-year-old patient.

"Whenever she wakes up he wants to talk to me," he said simply. "I want to be there. She's set up with me many times when I needed her. I want to reciprocate when she needs me."

Mrs. Truman sleeps most of the time now. Her heart is very tired and weak. Her body is worn by the wear of nearly a century. The President's physician, Brig. Gen. Wallace H. Graham, considering the executive's presence the principal stimulus keeping her alive, feels it would be dangerous for her to leave. Warm House operations are going on under the supervision of presidential secretaries Charles C. Ross and Matthew J. Connelly in a suite in the Hotel Muehlebach at Kansas City.

## Dr. W. P. Brooks Talks To Rotary On Art Of Living

President G. A. Speer announced that the Rotary Club will sponsor Bobby Park, son of Dr. and Mrs. C. L. Park, at Boys State at Tallahassee this year. **BIBLE VERSE FOR TODAY**

**A COMMON FAITH, A COMMON LOVE BINDS MEN INTO A COMMON PURPOSE. IT BANISHES QUARRELS AND QUIBBLING. ALL MEN NEED A GREAT FAITH, A GREAT LOVE.**  
 And the multitude of them that believed were of one heart and soul.—Acts 3:12

The Florida Supreme Court has reversed the Marjorie Kinnan Rawlings "invasion of privacy" suit. Henceforth, authors and writers in general will be more careful how they write about the private lives of other folks... until the Supreme Court of the United States reverses this ruling.

Kenneth Romney, who probably got the lion's share of \$143,000 stolen from the House bank in Washington, got off pretty light when the judge sentenced him. Under the law he might have been given 30 years and a \$30,000 fine. Actually he got one to three years. If he had stolen a banana off a fruit stand, he would have been sent up for life.

Mothers who are too busy to take care of their own children, nurses who are too irresponsible to do well the job of taking care of other people's children even though that is what they get paid for, were blamed in Boston the other day for the "inexcusable" deaths of scores of infants. Those who are striving to create a better civilization in which to live should not overlook the responsibility of a mother to her child, or the duty of a nurse to her employer.

The Orlando Sentinel joins us in the suggestion that there might be a job for Brailey Odham to do in Washington. "His forthright denunciation of legislative shenanigans has earned the admiration of all Florida," says the Sentinel. "He is a man to watch in the forthcoming fight to succeed Cong. Joe Hendricks, should he decide to enter the race." We don't know where Mr. Odham's ambitions lie, but if he cares to play them he is holding some mighty good cards.

We are glad to see someone else bringing the hazards of future atomic warfare back to the realms of reality. So many women have been so scared over the imminence and frightfulness of atomic warfare that they are apt to rear a whole generation of neuroathetics. But says the engineering manager of General Electric, "The predictions for the future of nuclear, or atomic, power have been so fantastic and exaggerated that the reality will undoubtedly seem pretty unpectacular." Like the "poison gas predictions" after the first World War which visualized whole cities completely depopulated. And yet when the war finally came, poison gas was used almost none at all.

It was a horrible miscarriage of justice that acquitted 28 white men the other day in Greenville, S. C. But there have been horrible miscarriages of justice in every part of the country, and equally horrible crimes. Lawlessness and the tendency to wink at lawlessness is not a characteristic peculiar to the South as northern critics of the South would have us believe. Nor would it help any to try the case in federal court instead of circuit court. National precedents proved that federal courts are just as subject to favoritism as any other courts. The answer to this troubling problem lies in better home training and in education, and that takes time. But that progress is being made is shown by the lynching statistics of the past 30 years.

**Bother About Eclipses**

The United States Army Air Forces in cooperation with the National Geographic Society invaded a remote cattle farm in Brazil to watch an eclipse of the sun a few days ago. It was the biggest scientific expedition ever to devote itself to chronicling such a spectacle.

The spot selected for the camp was a poor grazing acreage owned by a native who must have been bewildered completely by the invasion into his primitive ranch. He asked what an eclipse was, but gave up listening before the explanation was half finished. He was hospitable, shared his food, let his wife and some of his many children work for the scientists, marveling at the riches he was amassing in the modest wages they paid.

When the last airplane zooms off the observation hill, and his cattle again can roam at will over the camp site, the farmer will think back over the strange ways of men from the north. Probably he will sink back gratefully to his old-time absorption with getting enough food for his numerous brood, keeping the rain out of his mud house, and the pleasure of a bit of relaxation at the end of a hard day's work. Maybe the Brazilian has the right answer. Why all this fuss and hard work over an eclipse anyway?

But there is another answer. Through man's curiosity about nature and about himself mankind grows and develops. If he must at intervals throw away his development on fighting other men, at least some men have acquired the know-how to start all over again without too much loss of centuries.

**Big Four Of World War I**

The return to public life of Premier Vittorio Orlando of Italy at the age of 87, in an effort to form a cabinet to govern that war-racked nation in a stable and forward going manner, recalls that he is the last living of the Big Four of World War I. The other three, Clemenceau of France, Lloyd George of Great Britain and Wilson of the United States, have all gone on. It is a reminder, too, that most of the men who would now be the competent statesmen of Europe, men in their early fifties, the full tide of their powers, were killed in that first devastating conflict.

The young men of 1914-1918 were killed, cracked up, exhausted in one way or another. Hundreds, thousands of them, were wiped out in that war. The men of experience are old. The strong young men, who look ahead, have had no experience in handling the old governments.

So, in Italy, they fell back on the old Orlando. But the rest of the world should ponder this lesson of war: It kills the best. It destroys the best of everything, steel, food, men.

**Unpredictable Fame**

Every now and then a startling "natural" cuts like a meteor across the realm of art. Anna Mary Moses, 86, who until a few years ago lived in obscurity on an upstate New York farm, is one of those to whom fame has come suddenly, almost too late. About seven years ago, with no art training and indeed scarcely any formal schooling at all, the old lady started to paint. Her productions were mostly landscapes, memory pictures of childhood scenes.

She exhibited them at state fairs, along with her jellies and her biggest pumpkins. They sold for fifty cents or a dollar. But then she was "discovered." A book was written about her and her work. It sold for \$6, and is now being reissued. A New York gallery is putting on a "one woman" show of her work, each canvas of which now brings \$1,000, easily, from a public that likes new "primitives."

Such accidental smiles from fate must be discouraging to the country's army of good, hard-working, well-taught artists. They may think back with regret over the pains they have taken to follow recognized techniques, and wish ruefully that they, too, had tried crude primitives. Who knows but what there may even be an epidemic of such pictures, inspired by the acclaim and money now coming to Grandma Moses?

**Experiment Station**

(Continued from Page One)  
 The Station, declared that the new appropriation, including that for new equipment, will enable them to do much needed work at Oviedo and Zellwood on the mucklands, and will extend the experiments to all of the five counties covered by the bill. The Seminole County Farm Bureau, said Mr. Cullum, had worked on the subject with Director Mowery of the Florida Agricultural Experiment Station, and had requested a minimum appropriation for the Central Florida Experiment Station. Prior to restoration of the original amount, the Budget Commission, he declared, had cut 40 percent off of this amount, and local vegetable men were of the opinion that the station would not be much better off than heretofore. The House, he added, reduced the amount to that of the Control Board's recommendation, but the Senate appropriation Committee which had set up the difference in a contingent appropriation. Senator Shands, a chairman of the Senate Committee, advised Senator Boyle that he had been successful in knocking-out this contingency appropriation and in restoring the entire appropriation as originally amended by Senator Boyle.

**Experiment Station**

"While we certainly do not intend to overlook the good work of Representatives Odham and Smith in getting this measure through the House, we are especially aware of the fact that the final success depended upon Senator Boyle, and he came through for us with brilliant work."

**Utility Bill Passed**

(Continued from Page One)  
 Florida Highway Patrol to 190 members and setting up a new salary and rank schedule for patrolmen. The measure would provide for a salary increase of \$75 a month of which \$70 a month is now being paid in subsistence allowances. The House adopted an amendment by Rep. Bryant of Marion which would limit additional subsistence allowances, while members of the patrol are on special assignment, to 45 days within any calendar year.

The House Finance and Taxation Committee got down to serious work this afternoon when it held a public hearing on a proposed 20 per cent soft drinks tax. The proposal would levy a one cent tax on every five cent soft drink and would raise an estimated \$6,000,000 a year for the State.

Both the House and Senate Finance groups have been more or less marking time while the Legislature went about approving the expenditure of millions. Now, however, the Legislature is faced with the grim task of providing about \$18,500,000 annually if it is to meet its own appropriations.

The Legislature has already approved, or is in the process of approving about \$172,000,000 in expenditures for the next biennium, or about \$37,000,000 above that which all State financial officers say will be available. In addition, the Governor advocates a \$10,000,000 reserve to take care of any declining revenue.

In the 14th century, fifty-million people died of the plague.

**Guerrilla Fighting Continues In Greece**

ATHENS, May 26 (AP)—Athens newspapers reported today violent fighting over the weekend between Greek commando rangers and guerrillas on 7,000-foot Mount Vernon southwest of Naoussa.

Military forces said the guerrillas attacked army units on Mount Paikon along the Yugoslav border two days ago. These sources added that the attackers were driven across the border and that the Greek forces were fired upon from Yugoslav territory. Three Greek soldiers were reported wounded in this action.

**The X Quantity In Heart Disease**

By W. V. BITTING

When your doctor examines you and finds an irregularity in your heart function he has the knowledge to locate all the contributing factors but one—the emotional factor. Perhaps you are not conscious of any particular worry or fear, or any mental habits that could affect your heart condition. But let the doctor decide that by answering frankly any questions he may find it necessary to ask. Your doctor can be trusted to do what is best for your health. Just as a competent pharmacist can be trusted to carry out the doctor's prescription. This is the 150th of a series of Editorial Advertisements appearing in this paper each Monday. Copyright

— TELE. NO. 148

## Social Calendar

**MONDAY**  
All ladies of the Holy Cross Episcopal Church are invited to attend the annual luncheon to be held at 12:30 o'clock at the Parish House.  
Post 3282 of the Veterans of Foreign Wars will hold a joint meeting with the Legion Auxiliary at the Legion Hut at 8:00 P. M. Members are requested to bring their wives, sister, mothers and daughters.  
The Beardall Circle will meet at the Beardall Chapel at 3:00 P. M.

**TUESDAY**  
The regular business meeting of the Pilot Club will be held in the Tourist Center at 8:00 P. M. The board will meet at 7:30 P. M.  
The annual recital of the piano pupils of Miss Margaret Davis will be given at the Woman's Club at 8:15 P. M. The public is invited to attend.

**WEDNESDAY**  
The Dependable Class of the First Methodist Church will hold a swimming party at the home of Mrs. R. W. Harris on the Country Club road. The group will meet at 4:30 P. M. Following the swimming a pot-luck supper will be enjoyed and everyone is requested to bring a covered dish.

## Mrs. McLeod Honors Miss Caroline Lee

Mrs. L. B. McLeod, Jr., of Orlando entertained on Saturday honoring Miss Caroline Lee, a member of the Seminole High School graduating class, at her home at Turkey Lake Ranch in Orlando.

Mrs. McLeod's home was decorated with Spring flowers for the occasion and she was assisted in entertaining by her young daughter, Lucia and her niece, Cynthia Rountell, of Sanford. Refreshments were served buffet style in the dining room. The table was covered with a lace cloth and centered with an arrangement of rambler roses flanked with three branched silver candelabra holding white taper. Favors were miniature graduates in white with red cap tassels, carrying out the class colors of red and white.

Those present with Miss Lee were the Misses Lillian Boyle, Kitty Odham, Louise Clark, Dolores Lee, Jean Sayer, Joyce Goodspeed, Nancy Williams, Gloria Dampier, Helen Slaughter, Mrs. A. W. Lee, Mrs. F. E. Rountell and Cynthia and Lucia.

Miss Caroline Lee, who will graduate from Seminole High School in June, was the honoree on Sunday evening when Mrs. and Mrs. F. E. Rountell entertained aboard their yacht "Sky-lark."

## Caroline Lee Given Boat Party Sunday

Miss Caroline Lee, who will graduate from Seminole High School in June, was the honoree on Sunday evening when Mrs. and Mrs. F. E. Rountell entertained aboard their yacht "Sky-lark."

A picnic supper was served by the hosts assisted by Mr. and Mrs. A. W. Lee and Mr. and Mrs. Edmond Meisch.

Those invited to be with Miss Lee were the Misses Nancy Williams, Louise Clark, Jean Sayer, Dolores Lee, Gloria Dampier, Kitty Odham, Lillian Boyle, Joyce Goodspeed.

Also Paul Pezold, Jr., John Skinner, Clyde Hutt, Bill Ludwig, Jack Moyer, Carl Williams, George Chapman, John Brumley, Spencer Harden, Clarence Graftman, Simon Dingfelder, Huston Babcock, Clark Moore, Earl Lee, Howard Wheelchel and Larry Fontaine of Panama.

## Good Crowd Reported At Country Club

Activities at the Seminole Country Club over the past weekend included open-house held on Saturday night, a blind bogey tournament on Sunday afternoon and the regular supper, held on Sunday night. Charles Potter, manager, announced that good crowds were present for all the events and that the party will be held on Wednesday night as usual at 8:00 o'clock.

Among those seen at the club over the weekend were Mr. and Mrs. Harold Kastner, Mr. and Mrs. E. H. Smith, Mr. and Mrs. David Smith, Mr. and Mrs. Walter High, Mr. and Mrs. Earl Higgenbotham, Mr. and Mrs. Andrew Caraway, Mr. and Mrs. Clyde Verwey, Mr. and Mrs. Roy Symes, Mr. and Mrs. W. G. Fleming and Mrs. J. A. Ponder, Mr. and Mrs. John Ivey and F. D. Scott and his mother.

## PTA Entertains For Junior High Students

The Parents Teachers Association was sponsoring on Thursday night the "Cupid's Blue" party for the students of the Junior High School. The party was given on the grounds of the Tourist Center where a picnic was served. The menu consisted of potato salad, weenies, rolls, potato chips, olives, coleslaw and bread.

Later in the evening a Sadie Hawkins race was held with Shirley Middleton winning by catching Harold Stemper. A bubble gum contest was won by Mr. and Mrs. R. E. True and costumes displayed.

The Coghurn School of Dancing presented a brief program with Mrs. Henry Witte, Jr. acting as mistress of ceremonies. The program was as follows: "Roses," Sandra Dunn, Joni Sanders, Betty Ann Stiles and Beverly Gray; "Zip-De-Do-Do-Dee" by Kay Bottigan; "St. Louis Blues" Ann Whitaker and Jackie McDonald; and the "Gypsy Dance" by Phyllis Sizemore.

Mrs. S. C. Graham was in charge of the entire affair which about 170 pupils attended.

## Grammar School Has Chapel Spelling Bee

Team A defeated team B in a spelling bee held at the Sanford Grammar School in a special chapel program on Wednesday. Stanley Katz captained the winners and Ann Kambottom led team B. The roster of the winning team was Captain Katz, Joel Moss, Nolley Nancy, Eugene Estridge, Jr., Martha Owen, Lynn Raulerson, Betty Ann Stiles, Carolyn Hukeba, Gordon Toll, Vera Swain, Billy Park, Grace Marie Stineciper, Jeanne Lane Miller, Betty Jean Earnest, Kay Phagan and Jewell Cohen.

In the individual elimination contest the winners were Joan Cromer, \$2.50; Grace Marie Stineciper, \$1.50; Vera Swain, \$1.00; Joyce Jones, \$1.00; Jean Carpenter, \$1.00. Team A was awarded a free pass to the Ritz Theater by the school and the individual prizes were offered by the Grammar school P. T. A. Patty Walker and Lynn Raulerson received honorable mention in the individual elimination contest.

**REBEKAH LODGE MEETS**  
Mrs. H. L. Moore Vice Grand, presided over the business session of Seminola Rebekah Lodge No. 43 which was held on Thursday evening in the I. O. O. F. hall. Plans were discussed for entertaining Mrs. Noreen Maassen, president of the Rebekah Assembly of Florida, when she makes her official visit in Sanford on June 26.

Mrs. Fred Myers, president of district 10, announced that her first district meeting will be held in Orlando on June 5 and asked all officers to attend.

Friends will be interested to learn that Daniel Senkarik appeared on May 21 in a quintette which sang at the Winter General Hospital on May 20. The ensemble was part of a concert given by the University Modern choir. Mr. Senkarik is junior in the school of Engineering and Architecture at the University of Kansas.

president, Mrs. A. R. Key, last Wednesday, Miss Endisley Meisch, junior president, presided over the business session which opened with the pledge to the flag led by Murray Nancy and the reading of the C. A. R. creed by Robert Pullin.

The following officers were elected for next year: junior president, Miss Meisch; vice president, Mary Ann Galloway; secretary, Marjanna Springer; treasurer, Murray Nancy; scrapbook, Patricia Tooke; color bearer, Henry Tooke; registrar, Robert Pullin.

At the conclusion of the business meeting a buffet supper was served after which the group enjoyed an evening at the Ritz Theater.

Archie Young McMillan, tenor, of the John B. Stetson University School of Music, who will be heard as guest artist when the piano pupils of Miss Margaret Davis present their annual recital at the Woman's Club. The recital will be given on May 27 at 8:15 o'clock. He is a native of Tallahassee and during the war served for 37 months in the Navy. He will receive his degree of Bachelor of Music from the college on June 2. Included on his program will be "When Ere You Walk," "Thou Art So Like a Flower," "Who is Sylvia," "Do Not Go, My Love," and "Song of Songs." Mr. McMillan has been soloist for "The Mercantile" for the past 10 years and serves as soloist in numerous churches in Central Florida.

## Baptist Adult Choir Has Supper Friday

Members of the adult choir of the First Baptist Church enjoyed a covered dish supper on Friday night at the home of Mr. and Mrs. Evans McCoy on Palmist to Avenue. Quilts, ducts and group singing were enjoyed and a delicious buffet supper was served.

Those present were Rev. and

## Queen Mary Honored On 80th Birthday

LONDON, May 26. (AP) Dowager Queen Mary, celebrating her 80th birthday anniversary, was toasted by 31 members of the Royal Family today at a luncheon in Buckingham Palace. However, her eldest son, the Duke of Windsor, and his American-born wife were absent. The Duke visited Queen Mary during the morning. The Dowager, however, never has received the woman for whom her son abandoned the throne.

King George VI, Queen Elizabeth and the Princesses Elizabeth and Margaret Rose were among those honoring the state's old queen. She was cheered by crowds as she left Marlborough House, her official residence, for the palace. Her other son, the Duke of Gloucester, and his Duchess, and the widow of Queen Mary's youngest son, the Duchess of Kent, were at the luncheon. Her daughter, Princess Mary, was absent because she was mourning the death last Saturday of her husband, the Earl of Harewood.

Queen Mary had requested no general observance for the day. Congratulatory telegrams, letters, telephone calls and masses of flowers poured into Marlborough Hall throughout the day. Queen Mary insisted on reading all the wires and mail herself. Among the earliest callers who signed the visitors' book were ambassadors and ministers to Great Britain.

## Miss Williams And Mrs. Odham Entertain

Mrs. Alvin Odham and Miss Sallie Williams entertained on Friday afternoon with a Coca Cola party at the home of their mother, Mrs. J. B. Williams, at 302 Oak Avenue. Snapdragons, carnations and greenery were used in decorating throughout the Williams home.

Guests called at 5:00 o'clock. Coca Colas, tiny sandwiches, cake, olives and pickles were served.

Those invited to attend were the Misses Lillian Boyle, Gloria Dampier, Joyce Goodspeed, Kitty Odham, Caroline Lee, Nancy Williams, Louise Clark, Dolores Lee, Jean Sayer, Rebekah Stevens and Mrs. Williams.

# Pirates Trim Locals In 11 To 5 Contest

## Garrett Is Victim Of Eight Run First Frame; Feds Hand Release To Green

By ARTHUR BECKWITH, JR.  
Herald Sports Editor

The Sanford Celery Feds hit rough territory over the weekend as they were trounced twice and were victorious in one contest. The locals dropped a battle to the Daytona Beach laets in Daytona Beach Friday night by a 11 to 2 margin. Daytona invaded the local Park on Saturday night and were defeated by the Feds in a ten inning fracas by a 6 to 5 margin.

Yesterday the locals were downed in a costly 11 to 5 tilt by the Leesburg Pirates.

Glenn Garrett, elongated right-hander, opened on the hill for the locals against the pirates and was the victim of an eight run attack in the opening frame to place the contest on ice for the visitors.

To open the battle Ridgeway and Stebbins drew free tickets. Good singled scoring Ridgeway, and on the play Buddy Lake allowed the ball to slip past him allowing Stebbins to cross the plate with Good pulling up at second.

Johnson worked Garrett for a walk. Campbell went down swinging. Salter was hit by a pitched ball to jam the pathways, and Gornish rapped a base cleaning triple into right center field. Krysko grounded out and the Pirate pitcher Amerello singled Krysko home.

Ridgeway singled in his second appearance of the inning followed by a single by Stebbins to score Amerello. Ridgeway advanced to third on Stebbins' blow. The Pirates executed a perfect double steal with Ridgeway making a clean theft of home and Stebbins taking the keystone sack. Good popped out to end the hectic frame.

The visitors tallied additional runs in the fourth, sixth and ninth innings. Third baseman Earl Campbell bell clouted one of Garrett's slants over the left field wall in the fourth inning.

Sanford scored three in the second on hits by Lake, Langston, a double by Lee and a single by Bryant. Another market was chalked up by the locals in the third on 2 hits and a wild pitch. Sanford scored their final run in the eighth on a second two base blow by Lee, a single by Zuba and a fly ball by Ricketson who entered the game as a pinch hitter for Garrett. Garrett was replaced on the hill by Bill Stanton.

The official figures for the Florida State League, including the games played Thursday show that Sanford was in next to last place in club hitting, but of the 47 players that are hitting over .250 the Feds rate seven spots with Lake, Bride, Silverman, Langston, Zuba, Ricketson and Bryant crashing the select circle.

Lake with a batting percentage of .347 now tops the league in the

number of triples hit. Ricketson is tied with three other basemen for second spot in that classification with six.

Johnny McManus has the unique distinction of holding first place in sacrifices, 12, and is tied for second in stolen bases having pilfered 12 sacks.

With a big 45 Dave Bride ranks first in number of runs.

Manager Lake is very conscious of the low batting average of the team and is working to get the lads swinging a little more accurately. Dave Bride made the most progress in the past week having moved from .270 to .301.

The Lakemen have been handicapped recently by having Spence Edwards out with a lame arm and Martin Zuba limping on a badly sprained ankle. Don Ricketson has been filling in behind the plate and doing a creditable job, but lacks the experience of the regular receiver. Jerry Silverman has stayed in the game although a tight leg muscle slows him down considerably.

The pitchers were led in the averages by Bill Stanton with six wins and one loss and Charlie Bisson with four victories and one defeat.

George Green, right hand chucker for the Celeryfeds was given his release, Sunday night by Mgr. Buddy Lake, club officials announced this morning.

Green just hasn't been able to get his hurling to working for him and with the player limit making it necessary to have every man producing his best, Lake was forced to let the pitcher go.

During the week a new pitcher was added to the roster when John Tomat reported in from Augusta from whom his contract was bought. He has been on a five day trial and even though the game he started against the Daytona Beach club was lost last Friday, Lake feels that the little left-hander will produce wins for the team when the others of the club are clicking behind him.

## BACK IN THE SWING

## Tennis Lessons Given Free At Mayfair

Although only five teen-agers turned out for the tennis clinic Saturday morning at the Mayfair courts, they were given a fine workout after a short discussion of tennis fundamentals, such as forehand, backhand, service, tennis strategy, anticipation, "keeping your eye on the ball," proper wrist and sportsmanship, by Charles Morrison.

Those participating were Miss Frances Cobb, Bill Kilpatrick, Richard McNabb, Gene Smith and Edwin Varner, most of whom have had some previous playing experience, but who after a fine back-board workout on the handball courts at the former Naval Air Station, expressed themselves as having received much benefit from their first lesson.

There will be another clinic next Saturday morning at 10:00 o'clock and it is hoped that more teen-agers will avail themselves of the opportunity of getting started properly and to use the Tennis Club which are being offered to the youngsters at this time through the courtesy of Lind Weber, general manager of the Mayfair Inn.

TRY NEW ANGLE

EAST LANSING, Mich. (AP)—Three Michigan State College football letter winners, each a quarterback last season, are developing a new perspective for the game. Russ Gilpin, Detroit junior, and Bob Otting, Leeper, Mich. junior, now are playing guard while Carl Cappellet, Clare, Mich., sophomore, is a converted tackle.

**Large Field Assured For Friday's Classic**

INDIANAPOLIS, May 26, (AP)—There seemed little doubt today that a full field of 32 cars would start in the annual 500-mile race Friday at the Indianapolis Motor Speedway, but only 12 of the 42 cars at the track had passed qualification trials.

With qualifications slowed by bad weather and the tardy settlement of the Speedway's prison-money dispute with the American Society of Professional Automobile Racers, the management added a special four-hour qualification period today.

Trials for starting positions also will be held Wednesday.

MC CASLIN GRADUATES  
DELAND, May 25 (Special)—Joseph W. McCaslin, son of Mr. and Mrs. E. H. McCaslin of Sanford, will receive his B. S. degree in business administration from Stetson University in exercises to be held on June 2.

**Olympic Prospects For 1948 Bright In Track And Field**

MODESTO, Calif., May 26, (AP)—Performances turned in at the Sixth Annual California Relays here Saturday moved one expert today to predict an abundance of outstanding olympic team track and field material for the United States next year.

Heading a list of shining performances was the world record-breaking time of 9.4 seconds in the 100-yard dash by Mel Patton of the University of Southern California. Patton was pressed to the finish by Bill Martinson of Baylor University.

The absence of a favoring wind prompted relays referee Charles F. Hunter to express the opinion the mark would be accepted by the International Track and Field Federation.

Hunter, who coached San Francisco Olympic Club teams for 20 years, enthused over United States Olympic prospects for 1948.

Aside from Patton's swift running, the meet here produced the highest pole vault in the country this year. Glenn Smith of the Olympic Club went over at 14 feet 7 3/8 inches, a leap believed to have been the fifth highest ever made.

More bath towels of dusty rose are sold than of any other color or shade.

In the symbolism of beauty, argent—white or silver—is the color of faith and purity.

# 1ST SHIPMENT OF WATERMELONS IN STATE REPORTED

JACKSONVILLE, May 26—Tomatoes, peppers and cucumbers continued to feature the Florida production picture for spring during the last week, with a splash of color added by the shipment of 81 crates of watermelons from Plant City, in the first reported 1947 shipment of this commodity.

Jacksonville offices of Florida State Markets received a week-end report from the Plant City Market manager noting this initial forwarding of melons, four to the crate, at prices ranging from \$7 to \$8 for each unit.

Director William L. Wilson of the State Markets system, recently returned from Washington where he was elected president of the new National Association of Market Managers, took a forward look at the State and National scene today noting the need for cutting the cost of moving crops from the farm to the consumer and forecasting early, definite progress toward that goal.

"All over this country," said the Florida official "we have talked for years about this bugaboo of distribution. We have gone ahead increasing efficiency in production, but we haven't accomplished so much in efficient distribution. Today the United States Department of Agriculture is implementing with legislation providing for a very definite program of marketing research. This is to be a permanent day to day, year to year study and should bring continuing improvement in methods of distribution."

The new National Market Managers' Association proposes to work right along with Federal and State agencies and officials. We feel that such a national body as ours, composed of people who are engaged in the practical work of selling and moving farm products of all sorts, data should be easily available to the Federal and State officials who are engaged in the varied Governmental studies and activities bearing upon the entire agricultural economy.

"We should be able to provide practical data, based on current experience, to check with the theories and studies of those who are a bit further removed from the actual growing of crops and selling or moving of products. I feel we may definitely hope to give some of the present excessive exchanges of ownership of commodities between producer and consumer — each of which changes adds its weight to the final price — and that we must work toward a more direct farm-to-kitchen handling of food crops."

## CIO Begins Drive To Form Phone Union

WASHINGTON, May 26 (AP)—The CIO today set up a committee to open a full fledged drive to enroll telephone workers and establish a new industrial union in the telephone industry.

CIO president Philip Murray directed Allan B. Haywood, chairman of the committee, to call a two-day conference May 31 to set up machinery for the proposed new organization. He added in statement that "opportunity to affiliation" will be offered to other telephone workers who do not take part in the meeting.

The 20,000 members of the American Union of Telephone Workers are voting in referendum this week on a unanimous decision of their executive board to bolt the National Federation of Telephone Workers and join with the CIO. The NFW, an independent strike directed the recent telephone strike.

MCKELLAR IMPROVES WASHINGTON, May 26 (AP)—Senator McKellar (D-Tenn.) was reported in "pretty good" condition today at Bethesda Naval Hospital where he was taken after he fainted in his office Saturday. The hospital report said the 78-year-old Senate dean rested well last night.

### Conscription In Britain Favored By Labor Party

#### Meeting Rebuffs Communism, Retracts Criticism Of Bevin

MARGATE, Eng., May 26. (AP)—The Labor Party voted by a ratio of 2,332 to 571 today in favor of peacetime conscription to back up the nation's foreign policy.

The vote underlined an apparently waning opposition within the party to Secretary Ernest Bevin's stands. It repulsed "rebel" elements who have argued this policy was too closely aligned with that of the United States and too antagonistic to Russia.

Britain's ruling labor party rebuffed Communism and scaled down criticism of Foreign Secretary Ernest Bevin's close-to-the-United States foreign policy at the opening of its annual policy-making conference today.

With Prime Minister Clement Attlee and nearly all of his cabinet attending, the party conference defeated by a show of hands a motion to permit Laborites to join the British-Soviet Society. Opponents of the resolution said the society was dominated by Communists.

The conference also eliminated 19 resolutions, 15 of them critical of Bevin, and substituted on the

### Allies To Draw Lots For Japanese Navy

TOKYO, May 26. (AP)—Four wartime allies soon will draw lots for what is left of the former Japanese navy.

The United States, United Kingdom, Soviet Russia and China will take the vessels in accordance with an allied agreement covering Japanese combat ships of destroyer tonnage or less. Ships of larger tonnage are being destroyed.

Involved in the first drawing, for which General MacArthur will set the date, are four groups of ships. The vessels will be delivered by Japanese crews to Far Eastern ports to be named by the claiming nation.

agenda two composite motions, the most critical of which condemned British policy in Greece and denounced the "Truman Doctrine" of aid to Greece and Turkey. The two substituted motions will be discussed and voted upon later.

The conference withdrew from the agenda resolutions sharply critical of British policy in Palestine. Instead, a composite resolution was submitted reaffirming the Labor view that Jews must have a "national home" and constitute a majority of the population in the Holy Land.

Opponents of the House of Lords submitted a resolution calling for the creation of an elected upper House to replace the House of Lords as now constituted. The peers would be permitted to retain their hereditary titles, but no new hereditary titles would be created.

The resolution sought to prevent the predominantly conservative Lords from stalling or blocking Socialist legislation.

Proponents of this measure urged that the government ensure through existing parliamentary devices that legislation setting up the proposed new upper House would not be defeated by King George VI, who has rarely exercised his power to delay legislation. British Air Minister Philip Noel Baker, party chairman, keynoted the conference with a call to the Labor government to establish a "new world-wide intercontinental system of economic cooperation." Noel Baker said that Britain's troublesome domestic problems were "a small issue compared to the major issue that confronts the world: the major task of building peace on sure foundations."

### JAPAN EACRS CABINET

TOKYO, May 16. (AP)—Tetsu Katayama, 60-year-old Socialist leader, literally became a one-man government today. Katayama formally assumed the premiership, but in the absence of a four-party agreement he lacked a cabinet. Technically he holds all portfolios since outgoing conservative Premier Shigeru Yoshida and his ministers left office this afternoon.

### U Of F Baccalaureate To Be Given By Dean Of Harvard School

GAINESVILLE, May 26. (Special)—Dr. Willard L. Sperry, dean of the Harvard Divinity School, will preach the baccalaureate sermon and President John J. Tigert will deliver the commencement address at graduation exercises June 8 and 9 at the University of Florida, it was announced today.

The baccalaureate will be held Sunday afternoon in the University Auditorium at 4 P. M., and will be immediately followed by the annual Vesper Tea in Bryan Lounge, Florida Union.

Traditional commencement convocation will be held at Florida

DR. W. L. SPERRY

Field Monday evening at 8 o'clock, when 285 graduates will receive degrees.

Dr. Sperry, dean of the Divinity School of Harvard University since 1922, has lectured widely in this country and in England and is author of some 13 books, including "Rebuilding Our World" published in 1943.

A former dean of the National Council on Religion in Higher Education, Dr. Sperry is a fellow of the American Academy of Arts and Sciences and a trustee of Vassar. As a Rhodes Scholar he received a BA degree at Oxford University, later taking his MA and DD at Yale and a D. Litt at Boston University.

The annual Vesper Tea following the baccalaureate will be given by the University of Women's Club in honor of Dr. and Mrs. Tigert, Dr. Sperry, seniors and their guests.

Dr. Tigert, who will retire as president of the University in September, after 19 years as its head, will deliver the commencement address and confer degrees on Florida's largest postwar graduating class, including 223 veterans of World War II. Due to the large class, the commencement convocation will be held in Florida Field Stadium. Other events listed on the com-

### Tax Cut Bill

(Continued from Page One) emphatically assume the position that existing wartime taxes can not be continued permanently, or for a very long period in the future. But he believes that no tax reduction can be sound that is based upon political expediency.

He said millions of holders of government bonds are entitled to feel a supreme confidence in the solvency of their government and if they ever lose faith, there will be a "real depression" with a "disastrous repercussion around the world."

"Let us, therefore," he continued, "approach this vital and important subject with caution and in the light of the facts. Let us see a little further into the future before we commit ourselves to a policy which we may not be able to reverse, even though a necessity for a reversal should arrive."

Barkley said he would not only support the deferment motion but a substitute by Senator Lucas (D-Ill.) to make tax cuts effective next Jan. 1 instead of this July 1 as provided in the Senate committee bill. The government's fiscal year begins July 1.

The Kentucky Senator contended that tax reduction now would "contribute further to the maintenance of inflationary prices" and thus "increase the severity of any recession in business which might occur in the coming fiscal year." He said the best contribution that could be made to economic stability now "is to balance the budget and to obtain a sufficiently large surplus to permit a proper payment on the national debt."

### Military Pact

(Continued from Page One) with the wording and spirit of the United Nations Charter.

The United States, Mr. Truman said, will confine its military support to "reasonable and limited" purposes. A more lavish distribution of weapons would "only contribute to a useless and burdensome armaments race," he said. The President said the United States did not desire to "unnecessarily" the size of armaments in the Western Hemisphere. Rather, he made clear, the aim is one of standardization of arms so that the Western Hemisphere nations can more easily cooperate with each other. Mr. Truman said that would implement the responsibility set forth in the Act of Chapultepec.

Under that agreement, the United States and the Latin American

### Rotary Meeting

(Continued from Page One) DeLand on June 6 and to dispense with the regular meeting on June 2. President Speer announced that there will be a meeting of the Sportsmen's Association at the Tourist Center on June 6.

Dr. Brooks, who was introduced by Andrew Carraway, said that everyone, rich and poor, old and young, educated and ignorant, needs to know more about how to live, and he pointed out that many a successful man dies before he learns anything about the art of living.

Declaring that work is the first essential of proper living, he said that few people work themselves today but that many worried themselves to death. Too much leisure times gets more people into

lean republics agreed that they would resist jointly any aggression against any of the signatory nations.

Mr. Truman sent the Congress a draft of suggested legislation. A year ago, Mr. Truman requested a virtually identical act. His message emphasized that it will be the policy of this government to encourage sound economic conditions in the other American republics as a "prerequisite to international peace and security."

"Operations under the proposed legislation will be conducted with full and constant awareness that no encouragement should be given to the imposition upon other people of any useless burden of armaments which would handicap the economic improvement which all countries so strongly desire, he said.

In executing the program, Mr. Truman emphasized also, the government will guard against placing weapons "in the hands of any groups who may seek to subvert the peaceful and democratic principles to which the United States and other American nations have so often subscribed."

### HARBONE'S MEDITATIONS

By Alley  
I WOULDN' SAY YOU KIN ALLUZ 'PEN' ON YO' CONSCIOUS, CA'SE AIN' EVYBODY'S CONSCIOUS WU'KS DE SAME WAY!!

Illustration by The Bull Head (Trade Mark Reg. U. S. Pat. Office) 5-26-47

trouble than overwork, he said, and this is as true in his case of juvenile delinquents as in adult crime.

Recreation is important, too, he continued, but by recreation he said that he meant recreation and not dissipation. "Take your job seriously," he said, "but don't take yourself too seriously, and 'Remember,' he continued, "you can't work all day and look joint all night."

Faith, or some kind of religion, was given as one of the first essentials of successful living. "You face life and all its uncertainties that it involves without some kind of religious faith," he said. "The Supreme egotist is the man who thinks he can get along

### French Red Doubts Labor Will Strike

PARIS, May 26. (AP)—Jacques Duclos, Communist leader, said today that French Labor "will not be so stupid" as to go out on a general strike.

Observers attached great significance to Duclos' statement, since Communists dominate the 6,000,000-member confederation Generale Du Travail (CGT), the French union federation.

Meanwhile, struggles between the government and gas and electrical workers over the pay issue marked time as France observed a holiday for Whit-Monday, which left the capital almost deserted.

in life without any belief in some kind of God." And he added that eminent psychiatrists are charging big fees today for telling their patients exactly the same truths which Jesus Christ preached two thousand years ago.

The fourth point mentioned by Dr. Brooks in successful living was a sense of humor. And he quoted as worth remembering the remarks of one who said that "what this world needs today is a few good belly laughs."

### POISON IVY

A U. S. GOVERNMENT BUREAU REPORT announces the discovery of a new tannic acid treatment for ivy poisoning. The treatment has been found excellent; it is gentle and safe, dries up the blisters in a surprisingly short time—often within 24 hours. These government findings are incorporated in the new product—

### IVY-DRY

At your drugstore, 59c. IVY-DRY is sold by IFT CORP., Manhattan, N. Y. Not identical with any government trademark.

### Execution Of 49 Nazis To Start Tomorrow

MUNICH, Germany, May 26. (AP)—For two days, starting tomorrow, 49 convicted operators of the Mauthausen concentration camps will be taken to the gallows in the largest group executions in the history of the American occupation of Germany.

A United States war crimes court condemned the operatives for the murder of thousands of Mauthausen inmates. A year ago,

## Senate Acts To Advance Tax Cut Date

### House Conferees On Labor Bill Decide To Drop Big Scale Bargaining Ban

WASHINGTON, May 27, (AP)—The Senate tentatively decided today to make the proposed income tax cut effective next July 1, rather than last Jan. 1, as specified by the House.

The action, subject to a later vote, came by unanimous consent during consideration and approval of amendments to the \$4,000,000,000 tax reduction bill as recommended by the finance committee.

The bill remained open for a wide variety of other proposed amendments, many of them dealing with proposals to permit husbands and wives in all the states to split their income for tax purposes. This advantage now is granted only to residents of states with community property laws.

The so-called process of "perfecting the bill" was started after Republicans beat down yesterday a Democratic move to delay action on it.

Meanwhile, Rep. Hartley (R-N.J.) said today that House members of the conference committee on labor disputes legislation have agreed informally to abandon a prohibition against industry-wide

(Continued on Page Two)

## Philippine Delegate To UN Tries To Tone Down Red Statement

LAKE SUCCESS, May 27, (AP)—Salvador Lopez of the Philippines sought today to tone down what he called the "war-like phraseology" in a Russian statement to the United Nations on objectives of the press in the post-war world.

Lopez proposed to the U. N. sub-committee on freedom of information and of the press an amendment to a Russian proposal made yesterday which would take out the Soviet reference to "unmasking fascism" and "war-mongering."

Lopez said he agreed with the basic ideas of the Russian statement, but differed on the sharpness of its tone. He said the purpose of the amendment he introduced was to "tone down the war-like phraseology, which may be appropriate in a fighting slogan or manifesto but is hardly appropriate in the agenda of a conference."

The sub-committee virtually completed the agenda of a proposed world conference on freedom of information to be held some time next year in Europe. A paragraph on the objectives of the press, now under discussion, is the last big hurdle.

## Youth Admits Killing Four Farm Children

TOLEDO, O., May 27, (AP)—Oliver Terpening, Jr., slender 17-year-old high school boy, was arrested near here today and a sheriff's officer said he confessed the slaying Monday night of four 10-day city, Mich., farm children. The four children, bullet wounds in the backs of their heads, were found late Monday near a flower-covered gravel pit. They were Barbara, 10, Gladys, 12, James, 2, and a 14-month-old baby.

Mrs. William Smith, whose farm home is nine miles northeast of here.

The youth, a "boy friend" of one of the girl victims of the shooting, had been the object of a state-wide police search in Michigan after he was reported seen with the children shortly before their bodies were found near a flower-speckled gravel pit.

## Mrs. Fred Russell Retires As Teacher

Mrs. Fred E. Russell, who is retiring at the end of the school term after 22 years of teaching at the South Side Primary School, will be given a special party together with her pupils by Mrs. J. C. Mitchell, principal, in the classroom tomorrow afternoon at 2:00 o'clock, Mrs. Mitchell announced today.

Two weeks ago Mrs. Russell was presented with luggage and other gifts by teachers at the school, and was commended for her services by Supt. T. W. Lawton. Prior to coming to Sanford to teach, Mrs. Russell taught for nine years in the Cleveland, Ohio schools.

## Commerce Department Finds Possible Turn in Business Trend

### Quoted Nicaragua President Said "Incapacitated"

#### State Department Is Informed Of New Provisional Head

WASHINGTON, May 27, (AP)—The Nicaraguan Congress has declared President Leonardo Argüello "incapacitated" and named Benjamin Lescayo Sacasa as provisional president, the State Department was advised today.

The American Embassy at Managua reported by telephone that Argüello, ousted in a coup by the army, has taken refuge in the Mexican Embassy along with his wife. It advised that 11 loyal officers of the national guard are with Argüello.

Some 20 other officers of the guard loyal to Argüello are scattered among other foreign embassies and legations, the department was advised by the chargé d'affaires, Maurice M. Benbaum.

Benbaum reported that the Nicaraguan Congress at a session last night declared Argüello to be "incapacitated" to hold the presidency, because of his failure to preserve public order. Argüello had been in office less than a month.

Sacasa was one of three persons designated by the congress as possible successors to the presidency since there was no vice president. The State Department could not identify him immediately.

It was made clear that he is not the Nicaraguan ambassador to the United States, Dr. Sevilla Sacasa, who left Washington recently for Managua.

## Aide To Confer On German Food Crisis

WASHINGTON, May 27, (AP)—Assistant Secretary of War Howard P. Peterson left by air today for Germany to confer with occupation authorities on food shortages which have stirred up unrest among the German people.

The War Department said Peterson also will take up other problems with the American Commander, Gen. Lucius D. Clay. Later he will go to Austria to talk with the United States Army chief there, Lt. Gen. Geoffrey Keyes.

Peterson also plans to visit the British zone for a discussion of the export-import program with U. S. and British officials.

## Italian Government Will Exclude Reds

ROME, May 27, (AP)—Premier-designate Alcide De Gasperi started out today to form a new government excluding representation of Italy's powerful Communist Party.

Emerging from a conference with provisional President Enrico De Nicola, the Christian Democratic leader said he would try to resolve the two-week-old Italian political crisis in one of two ways: by forming a cabinet of Christian Democrats, with the addition of a few nominally independent technicians or by forming a cabinet of Christian Democrats and representatives of minor Leftist parties.

## 10 Bodies Found In Wreckage of Plane

MANILA, May 27, (AP)—President Roxas was advised officially today that ten unidentified bodies had been found in the wreckage of the presidential plane Lilly Marlene, which crashed May 18 on the slopes of Mount Ransang on central Mindanao.

Army authorities notified Roxas that the information was confirmed by a runner from a ground party. They said the search for seven other persons believed aboard at the time of the crash would be continued tomorrow morning. Heavy clouds and a torrential rain halted aerial search today.

## J. L. Crawford Takes Over Amoco Station

J. L. Crawford has taken over the operation of the Amoco Filling Station at Second Street and Sanford Avenue from D. E. Stafford who has operated it for the past three years.

Mr. Crawford, who has served three years in the Navy, was connected with the station from 1933 when he graduated from high school, until 1939. He lives with his wife and two children at 2101 Magnolia Avenue.

## 1945 Tax On Whiskey Is Re-enacted

### Act Produces About 4 Million A Year But Won't Help To Meet Deficit Seen

TALLAHASSEE, May 27, (AP)—The first major revenue measure of the waning 1947 session cleared the Legislature today but it did nothing toward meeting the \$12,500,000 annual deficit Governor Caldwell has predicted.

As the House and Senate Finance and Taxation Committees continued to keep their new tax talk in most general terms, the Senate passed a House-approved bill re-enacting as a permanent law the extra tax of 72 cents a gallon which was put on whiskey in 1945 as a two-year emergency measure.

It produces about \$4,000,000 a year above the basic tax of \$120 a gallon, but the Governor and other financial officers of the State have anticipated its passage by making up all their estimates of revenue needs.

As it was being sent to the Governor for almost certain approval, the House Committee on Finance and Taxation introduced the bill.

(Continued on Page Two)

WASHINGTON, May 27, (AP)—A possible turn in the economic tide was called by the Commerce Department today with a finding that the long business upswing halted in April.

Meanwhile a Federal Reserve Board analysis declared that even a "moderate" drop in the volume of operations or the level of prices would hit business profits more than it would the wage-earners employed by business.

The Commerce Department noted that business activity still is at a high level, but its declaration that expansion had stopped pointed up contentions from some government and business analysts that a move toward a moderate recession is underway.

The Federal Reserve Bulletin, published by the reserve board, indicated guardedly that even if high or rising prices keep business receipts large, the relatively big share going into profits might have repercussions on the present high level of employment.

"In looking ahead," it said, "it should be recognized that lower taxes, a large volume of operations and rising prices have been the crucial elements in the recent financial situation and in the increase in business profits after taxes. This increase in profits has been relatively greater than that in other income shares."

A recession, even though moderate, in the volume of operations and in prices from present levels would result similarly in a greater relative decline in business than in other income shares.

"If, however, business receipts remain high, the consequence of a continued high or rising level of prices their distribution as between profits and other income shares would have an important bearing upon the maintenance of a high level of employment."

The Bulletin publication continued on page two.

## Film Of Bikini Tests Is Shown At VFW Meeting

A technicolor film, "Operations Crossroads" was shown last evening in technicolor and sound as filmed at both tests of the atomic bomb at Bikini, to the members of Post 3282 "E" at the Legion Hotel by Lieut. Frank West of the Naval Reserve who prior to the showing of the film, explained the effects of radiation resulting from such explosions on human tissue. A number of wives of members attended the meeting.

Mrs. Frances Milligan, of Palatka, state president of the VFW Auxiliary, who was called here to assist in the re-organization of the local VFW, told of projects in progress to help a group for aiding of crippled veterans. She also described the national home of the VFW where children are taken in from the nursery stage into a new \$75,000,000 hospital and where children in handicapped cottages are housed.

It takes \$12,500 to build one of these cottages units and each one accommodates up to 10 children who have a "house-mother." The children are never in uniform and the atmosphere is as homelike as possible. She told of a drive nearly completed in Florida to build such a cottage at Eaton Rapids, Mich., where the national VFW home for children is located.

Mrs. Milligan announced to the women present that a meeting will be held Thursday evening at 8:00 o'clock at the USO Building to make plans for organization of the new local VFW Auxiliary.

Adjutant John Sauls urged that as many delegates as possible attend the State VFW in Sarasota June 17 and 18. Comdr. F. D. Scott presided. Light refreshments were served.

## Release Of Industry Of Former Enemies Urged By Hoover

WASHINGTON, May 27, (AP)—Herbert Hoover said today the industry of former enemy countries must be unshackled and released to help world economic recovery could come "in two or three years" if Russia and France will cooperate.

The former President linked to reporters after he appeared before a House appropriations subcommittee to back up the Administration's request for a \$75,000,000 civilian relief fund for occupied countries. He told news men that he is now engaged in a private study of how great a load this country can bear in world relief and recovery work, with the probability his finding will be ready "in a couple of weeks."

He would not regard a separate peace with Germany and Japan as a violation of an international agreement. "If the other party consistently fails to carry out or violates the terms, I don't think you are under any moral obligation to go on forever under these strains."

## Inquiry Into Shady Steel Deal Delayed

WASHINGTON, May 27, (AP)—A Senate inquiry into a reported \$248,000-ton "grey market" steel transaction was deferred 24 hours today when United States marshals said they were unable to serve a subpoena on a key witness.

Senator Cain (R-Wash.), acting chairman of a small business subcommittee, said, "We have reason to believe" the witness, Herbert M. Karp of New York City, "will be here tomorrow."

Karp's name has been linked by previous witnesses to at least two offers of large quantities of steel at prices above present markets. One witness testified that Karp asked for an \$18,000,000 "kickback" on an offer of 248,000 tons.

## Addition Started To Experiment Station

Work was started this morning on a four-room, \$10,800 addition to the Central Florida Experiment Station, which will house offices and laboratories, it was announced today by Dr. R. W. Roprecht, director.

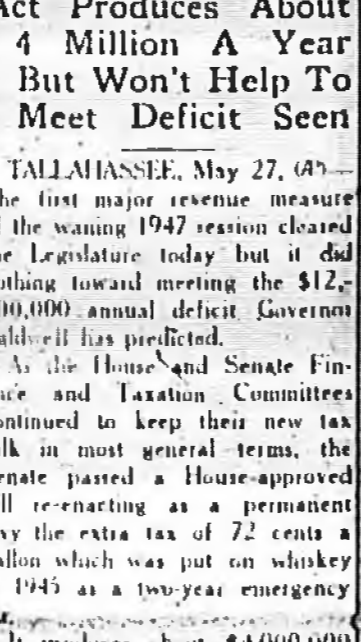

The cost of the construction is defrayed from State building funds appropriated two years ago, said Dr. Roprecht. It is expected that the work will be completed before Aug. 10.

## Building Approved

WASHINGTON, May 27, (AP)—The Office of Housing Expediter approved today the construction of a new \$1,800,000 Supreme Court building at Tallahassee, Fla.

## Education Bill Becomes Law

### Present as Governor Caldwell Signed The New Education Bill Into Law Are From Left To Right, Senator Lefluy, Collins, Senator Ray Carroll, Senator Wallace, Supt. Strang, State School Superintendent Culin English and Rep. Richard Simpson. Governor Caldwell is seated.

Present as Governor Caldwell signed the new education bill into law are from left to right, Senator Lefluy, Collins, Senator Ray Carroll, Senator Wallace, Supt. Strang, State School Superintendent Culin English and Rep. Richard Simpson. Governor Caldwell is seated.

## General Carlson, Hero Of Marines, Dies In Portland

### Pacific War Leader Of "Carlson's Raiders" Has Heart Attack

PORTLAND, Ore., May 27, (AP)—Lieut. Gen. Evans F. Carlson, famed leader of the Marine unit known as Carlson's Raiders in the Pacific war, died in a Portland hospital at 6:30 A. M. today.

The famed warrior had been in the hospital less than a day, suffering from a heart attack.

Last seen with his wife and son, Tony, he retired to a mountain cabin at Brightwood east of here on the slopes of Mount Hood into a quiet life and he spent two months in the Naval Hospital at Astoria, Ore., being released Jan. 15.

He was admitted to Emorywood Hospital at 7:30 P. M. yesterday.

## Mrs. Truman Rallies From Mild Setback Occurring Last Night

GRANDVIEW, Mo., May 27, (AP)—The condition of President Truman's mother, Mrs. Elizabeth Truman, unchanged today as an overnight slump followed a mild rally yesterday.

Reporting through Press Secretary Charles G. Ross from Mrs. Martha E. Truman's sickroom, the report was "holding her own" late today after "a bad night."

The surprising patient made a slight improvement yesterday, and while the Chief Executive said "she didn't have a good night," he was a "bad night," he was able to report later that she came out of the setback during the day in fairly good shape. She was sleeping comfortably, the President said.

The situation, he felt, was about the same as yesterday when a "slight improvement" was noted for the first time in five days.

Ross said the President thought the setback last night might have been in the nature of a chill, and that overall, there was no material change in the patient's condition.

## Chinese Reds Invited To Peace Conference

NANKING, May 27, (AP)—All radio stations of China broadcast a request to Chinese Communist leaders today to send delegates to a Nanking meeting to discuss means of ending the civil war.

The People's Political Council, a government advisory group, decided last night to invite Communist members to attend the council's present session. In addition to the radio message, a telegram was sent to Wu Yung Fu, Communist delegate to the Chinese National Relief and Rehabilitation Administration, only accredited high Red official in Nationalist China.

## Ramadier Appeals To Union Not To Strike

PARIS, May 27, (AP)—Premier Paul Ramadier appealed to French gas and electrical union workers today to call off their proposed 24-hour strike tomorrow. In the public interest, "I speak to you in all friendliness," he said in a broadcast, "don't strike."

Ramadier emphasized that the power of industry is nationalized and that the workers in a broad case, "Your labor does not serve to increase capitalist profits. You are in the direct service of the nation."

## City Ordinance Covering Unsafe Buildings Passed

### An ordinance condemning property and buildings judged by city inspectors as not in sound condition, was passed last evening by the City Commission, which met in regular session.

An ordinance condemning property and buildings judged by city inspectors as not in sound condition, was passed last evening by the City Commission, which met in regular session.

If the owner's refusal to repair or to demolish the buildings as recommended, the City will do this and will assess the owners the cost, said City Clerk Gus Douglas Bradley.

He reported that the Commission had passed a resolution condemning an old warehouse building on West First Street which is owned by the McCormick Lumber Company.

The Commission approved the establishment of an alley back of houses on the north side of Catalina Drive. This was made possible, said Mr. Bradley, by the fact that the City donated 12 feet from City lots on the alley, and R. C. Cowan allowed 12 feet on two of his lots.

Lewis Perides was denied a permit to sell beer and wine at 1011 West Thirtieth Street on the same street, William Lewis was denied a permit to transfer from number 987 to 1009. The reason for the denial, said Mr. Bradley, is that this would result in three such establishments being closed.

A machine for pushing water pipes under the streets was approved for purchase from an Iowa concern.

## County Schools Start Summer Vacation Friday

### Graduation To Take Place At Seminole High On Monday

Schools in Sanford will close for the summer at noon Friday, and in county districts on the same day at regular afternoon closing time, it was announced today by Supt. I. W. Lawton.

Due to the fact that the names of some war veterans who studied to complete their high school education at Sanford Vocational School are being added, the Seminole High School graduating list has not yet been fully compiled to date, but it is reported by Miss Sander Williams, school secretary, that the group will be the largest since 1940.

Graduation exercises will take place at the High School Auditorium Monday evening at 8:15 o'clock; the commencement, Sunday evening at 8:00 o'clock. Thursday morning at 10:30 o'clock.

## Public Is Urged To Take Advantage Of X-ray Mobile Unit

Dr. G. S. Selman, president of the Seminole County Medical Association today urged that every man and woman, boy or girl over 16 years of age in Seminole County, regardless of how well they may feel, take advantage of the free check-up, June 1-12 afforded by the visit of the State Mobile X-ray Unit.

"The strange thing about tuberculosis is that it creeps up on people unawares and even the healthiest of individuals are victimized by the T. B. germ," he declared. "I do most sincerely urge every individual to plan now to be X-rayed."

Troop 5 boys scouts led by Robert Stenstrom have placed a day schedule for the mobile unit in the city district. Six negro boy scouts were sent out with posters and literature to cover the negro area of the county, following a conference between J. A. Foster, field executive for negro scouts and Mrs. Edward Krieger, Tuberculosis Association secretary.

The Seminole County Medical Association recently went on record as commending the local health unit and the State Board of Health for planning the visit of the mobile unit here for a mass survey.

## Profiteering Reported In Newspaper Deal

JACKSONVILLE, May 27, (AP)—Edward Bull, Du Pont estate trustee, today said the Miami Herald state Commerce Commission is calling that the Atlantic Coast Line take over the Florida East Coast railroad would, if effected, result in "grave disservice to the shipping public" and that "every legitimate step" would be taken to reverse it.

At the time of the ruling, Bull said he would have no comment until he had studied the proceedings.

Today he said Du Pont trustees and the St. Joe Paper Company had made large investments in FEC bonds to aid in developing various Florida communities and assure continued operation of the FEC.

## 22 Condemned Nazis Hanged By Soldiers

LANDSBERG, Germany, May 27, (AP)—Twenty-two guards and foremen at the Nazi Mauthausen concentration camp died on black-curtained gallows here today in the yard of the prison where Adolf Hitler once brooded as a prisoner and wrote "Mein Kampf." Twenty-seven more, including an Austrian gauleiter, are to be hanged by American soldiers tomorrow.

The Mauthausen executions, ordered by the alleged slaughter of more than 700,000 victims of many nationalities, are the largest in the history of allied war crimes prosecution.

## Baby Suffers Head Injuries From Crash

The seven- and a half month old baby of Mr. and Mrs. Charles Menamin was treated for head injuries yesterday afternoon at Perinall-Laughton Memorial Hospital following a collision between the 1936 Hudson being driven north on French Avenue and John M. Kemp driving a 1946 Ford Coupe west on Ninth Street. Dr. Samuel Pulston attended to the baby's injuries.

Mrs. Menamin was reported to have received minor injuries to the right knee. Both drivers were ordered by police to appear in City Court, Friday.

## Queer Telegram

JACKSON, Miss., May 27, (AP)—Postal inspectors disclosed today that a man whose death was classified as a suicide apparently had sent a telegram in his wife's name to Tampa, Fla., nine days before his death, saying that he was dead.

## Truman Seeks New Home Loan Agency

### Plan Scraps Present NHA And Creates 3 Units Operating Under Single Head

WASHINGTON, May 27, (AP)—President Truman today proposed to Congress the creation of a completely new housing and home finance agency to handle virtually all government activities in that field. In a special message, Mr. Truman said such an agency "will unquestionably make for greater efficiency and economy."

His plan would scrap the existing National Housing Agency (NHA) which coordinates present housing functions. It was created under the President's wartime powers and will go out of existence six months after the declared end of the war.

His plans call for three agencies operating in and under the housing and home finance agency, as follows:

1. A Home Loan-Bank Board of three members, to administer the federal savings and loan insurance corporation, the home owners loan corporation and the functions of the federal home loan bank board.
2. A Federal Housing Administration, with the same functions now held by that agency. One of FHA's major functions is insurance of mortgages on new homes.
3. A Public Housing Administration, to take over functions of the federal public housing authority and some remaining emergency housing activities.

Top officials of the new housing set-up, Mr. Truman proposed, would be an administrator to head the Housing and Home Finance Agency, the three members of the Home Loan Bank Board, and one commissioner each for the FIA and the Public Housing Administration. All would be appointed by the President but his selections would have to have Senate approval.
