

# AP HOW THIN SHOULD SPAGHETTI BE?

That depends upon the variety. But the thickness of any given variety must be consistent. Otherwise it won't cook evenly. Would it bother you if your spaghetti varied more than six one-thousandths of an inch in thickness? Probably not. But it would upset the folks who make our Ann Page Spaghetti. They're such perfectionists. They keep a micrometer eye on the 32 varieties of pasta products we make. Perfection and care like this go into the making of all Ann Page Foods. They're as good if not better than the famous nationally known brands...we guarantee it. Are Ann Page Foods a good reason for shopping A&P? They're one of many.

**AROUND THE CLOCK**  
 Harry Robson of Robson's Sporting Goods has provided a new motor for the city police boat for the past ten years and is now replacing the present one and also providing a new hull. In addition he is providing a boat and motor for city use for lakefront development work. Incorporation of V.I.P., plus recreational use of city employees. No cost to the city. Thank you, Harry.

Harold Slama of Marina Harbort Corporation, who will build the dry storage and marina facilities on the marina landfill, has decided to increase size of his storage building to accommodate 300, instead of 200 boats. Good evidence of faith in the project. He has also requested certain minor changes in design of the bulkheading in his area, which will be on the east side of the marina "T".

City beautification committee has requested that the city look into the possibility of purchasing the land in the triangle intersection of French Avenue and Seminole Boulevard at the lake front with an eye toward having a tower or fountain landmark constructed there. City Manager Pete Knowles reported to the commission that the owner wants \$25,000 for the parcel. Needless to say, the city is not buying.

Joshua C. Chase, son of Mr. and Mrs. Randall Chase, was graduated from Phillips Exeter Academy this week. He was in the same class with David Eisenhower, grandson of the former President, who was the commencement speaker. The Sanford youth plans to attend Cornell University.

S. M. Richard Jr., who runs the city's water and sewer treatment plants, passed his state test for water plant operators with an "A". He plans to go for an "A.E." in plant operation next year. Very few men in the state hold such a high initiative and study earned him a pay raise from the city.

Recent incidents at a city recreation department sponsored Little League ball game involving harassment of the referee by a parent, which almost turned into a fist fight after the game, has caused concern among city officials. It was indicated if parents can't mind their manners and their mouths and remember that the game is for the kids, something will have to be done. The fiercely emotional attitudes of some parents has long been an unpleasant situation at Little League games and is causing raising to the kids and to everyone else concerned.

Anyone interested, (including students and adults), in attending Seminole Junior College is invited to attend a special admission conference Monday at 8 p.m. at the Seminole High School auditorium. This includes persons interested in night classes. Students contemplating attending the college are urged to get their applications in as soon as possible. The roll is increasing daily.

Mrs. Barbara E. Demmon, Seminole County mental health worker, will attend the East Central Florida School of Alcohol Studies June 19-21 at Orlando.

Eleanor Mathers, of Sanford, was among students named to the Dean's List for the spring semester at Lake City Junior College.

Democratic county committee members will organize at 8 p.m. Thursday at the courthouse. A chairman, vice chairman and secretary-treasurer will be elected.

## 'Twister' Hits Loch Arbor Homes

**Owner Sees Funnel From Navy Base**

Tornado winds slashed down out of a thunderhead about 3:10 p. m. Wednesday, matched the roof off a porch at the home of Lewis Beach, 801 Lakewood Drive in Loch Arbor, and hurled it into the front yard of Dr. E. L. Lindsey, next door. Portions of the roof were blown across a bed separating Dr. Lindsey's home from that of County Commissioner John Fitzpatrick, next door. Also scattered over the yards were curtains of the porch and limbs of pine trees.

A large pine tree in the yard of the Lindsey home prevented a portion of the metal roof from falling into the house. Strips of metal were wrapped around the tree trunk.

Beach, a Douglas Aircraft representative stationed at the Sanford Naval Air Station, said he saw the funnel-shaped cloud, "with two tails," from the base and his intuition told him it was over his house.

"It was right," Beach said wryly. "A few moments later my wife called to say the roof was gone." The twister, apparently skimming over the top of trees from a location near the intersection of Lake Boulevard and Crystal Lake Drive, scattering limbs, branches, leaves and pine needles over dozens of homes and littering streets with debris, then swooped low over the beach house.

Caught up in the fierce winds was a duck which makes its home in the Little Venice canal, which was discovered to have a broken leg. That was the only reported injury.

A portable metal canopy at the home of Barton Pilcher, 423 Crystal Lake Drive, was tipped upside down and water was blown into the house, through the roof flashings.

Other homeowners in the area reported soaked carpets, walls and furniture as the wind drove the water through window frames, under doors and eaves. Beach estimated replacement damages to his home at approximately \$2,100. Furniture on the sun porch was soaked and screen walls were buckled.

Various "guesstimates" said the screaming winds lasted from "one" to "three" minutes, followed by a rain shower. George Penold, 208 Forrest Drive, reported today that half the roof of his house and the entire roof of his garage were lifted off and "scattered all over the neighborhood."

Penold said he did not realize the roof was gone until a neighbor called to tell him about it. Most of it landed about a block away. He estimated damages at less than \$200.

INSPECTING TORNADO damage in Loch Arbor Wednesday afternoon were neighborhood youngsters (top photo) Christopher Pilcher, James Fitzpatrick, Jan Pilcher and Mark Simons standing on a portable canopy which was flipped over in the Pilcher yard. In bottom photo, Lewis Beach examines portion of his roof which was lifted off and blown into yard of neighbor, Dr. E. L. Lindsey.

## State Upholds Tax Rolls In Seminole

After carrying on a verbal effort to obtain the 100 per cent ratification from the State Comptroller's office and the Railroad Assessment Board, the Seminole County assessment rolls have been given a 100 per cent valuation rating. Mrs. Mary Earle Walker, county tax assessor, announced today. Mrs. Walker, who has contended the county has been undervalued since her return to office in 1960, has carried on the correspondence since the order from the comptroller's office last summer that 100 per cent valuation must be used in her effort to obtain the 100 per cent rating from the Railroad Assessment Board is that taxes can now be levied against the railroad at 100 per cent valuation, bringing an estimated increase in revenue of \$18,000, Mrs. Walker revealed.

## New Canal Alignment OK'd

A new, northern alignment for the proposed St. Johns-River Canal was tentatively approved today by the district board of directors. The alignment, worked out with the assistance of the U.S. Wildlife Service and State Game and Fresh Water Fish Commission, will go approximately one-half mile north of the original alignment.

Harold Scott, engineer for the canal district, said the alignment will miss most of the St. Johns River, marshes and lakes and will not disturb shad fishing in the river. Estimated additional cost of the new alignment grew out of a meeting with the wildlife and fish groups in Vero Beach in April. It has been submitted to the groups for approval.

Scott said hydraulic computations show that the flow of water in the river will not be diverted enough to damage bait fishing. He said proposed changes will be made to the original alignment.

## Woman, Girl Held Here On Morals Charge

A 23-year-old woman and her 16-year-old sister have been arrested by Sanford police and charged with prostitution and indecency after keeping a date with a police informer.

Lodged in city jail in lieu of \$15 bond is Clara Kemp charged with prostitution and indecency. Her sister, just days past her 16th birthday, is held in juvenile detention in Seminole County jail charged with indecency.

The girls had been residing at the Arvon Apartments, 118 East 10th highway, and the police began keeping a watch on them following complaints men had been visiting the girls at all hours of the day and night.

Finally, according to Police Chief Arnold S. Williams, an informer was engaged by the police to make a date with the girls. This was done, with the understanding the girls would meet the informer, pose for nude pictures, and engage in sexual acts.

The triple-barreled rocket, night-vision in America's military inventory, began its flight with perfection at 10 a. m. (EDT). It thundered into the party cloudy sky on a massive column of fire and smoke.

It was headed toward two preliminary orbits and then a final circular one to kick its switchboard satellites into slightly different paths about 20,000 miles above the equator.

At that spot, each will be able to relay coded commands between stations more than 10,000 miles apart.

The trajectory looks real good," a project officer reported as the 700-gallon machine climbed over the Atlantic from the fiery blast-off of two 1.2 million pound thrust solid fuel booster rockets.

Two minutes after blastoff, the spent solids were jettisoned and the first of the Titan's three liquid-fueled stages took over and raced toward orbit.

## Space Relay Stations To Span Globe

The eight-in-one shot was the first of three designed to straggle 25 of the 100-pound space relay stations around the globe to give the Pentagon a swift, jam-resistant radio link with forces in Vietnam and elsewhere in times of crisis.

Star performer of the mission was the Titan's third stage—called a switch engine rocket because of its ability to slip from one orbital track to another. Today it had to fly into three different orbits, and twist the angle of its path so that it parallels the equator.

The orbital stage ran into trouble on its last two outings, in December and October, and failed to reach its final orbit on both occasions. One failure was caused by a frozen valve and the second by a valve jammed by an unknown foreign object.

As a result, Col. David V. Miller, Titan 3 program director, said technicians gave today's rocket a real scrub-down" with engineers following with extra cautious testing procedures used for the Titan 2's that launched manned Gemini capsules.

At the planned 20,000 mile altitude, the orbital speed of each satellite is only slightly faster than earth's rotation and it takes a month or about 12 days to circle the globe, drifting 2-3 miles from the earth's midsection a day.

From that lofty perch, the communications satellites were expected to be able to receive radio broadcasts from one ground station and relay the signals to another output more than 10,000 miles away.

Col. Marion B. Gibson, an Air Force project officer, said before launch that with the successful orbiting of the seven communications satellites, "the possibility that the Atlantic from the fiery blast-off of two 1.2 million pound thrust solid fuel booster rockets."

Two minutes after blastoff, the spent solids were jettisoned and the first of the Titan's three liquid-fueled stages took over and raced toward orbit.

The eight-in-one launch feat was achieved one before, in March 1965 by a Thor-Agena launched from Vandenberg Air Force Base, California. The best Russia has done is to orbit five satellites with one rocket.

# 40 Marines Repel Attack By 400 Commie Troops

SAIGON (UPI) — About 40 U.S. Marines on a barren hill top best of repeated attacks by a Communist force 10 times their number today and had only eight bullets left when reinforcements whirled in by helicopter at dawn.

Only two Marines in the surrounded communication platoon escaped the onslaught of the leatherns turned back the swarming hordes with bayonets, their hands raised by hovering rocks in the bitter battle near Chu Lai, 200 miles north of Saigon.

Making every shot count, the Marines killed 80 guerrillas from a battalion and held their ground. The Communists chased the others through the jungle, storming a machine gun nest and killing three soldiers set to blow up the hill with a 100-millimeter mortar.

U.S. pilots hit supply routes and destroyed 10 trucks. The Communists were forced to retreat. The Marines were then relieved by the 1st Marine Division.

The Chu Lai battle erupted at midnight after the Marines pushed the Communists off the hill to guard a key observation post. The Communists wanted the same ground and they moved a battalion in to surround the position.

First they slammed machine guns and rifle fire into the ring of leatherns and then launched assault from the north, east, west and south.

A Marine sergeant in charge of the defense, Sgt. James D. Hays, was killed. The Marines held their ground until reinforcements arrived.

Helicopters brought reinforcements and supplies. The Marines fought for 36 hours, repelling 400 Communist troops.

The Marines were then relieved by the 1st Marine Division. The battle was a tactical success for the Marines.

**30-Day Forecast Shows Cool, Wet**

WASHINGTON (UPI) — Low-pressure temperatures are in prospect for the next 30 days, according to the weather bureau's monthly forecast.

The extended forecast also shows normal temperatures would prevail for the area west of the Rockies, except for the northern border states and the California coast, where normal temperatures are predicted.

Above normal rainfall is expected for the Gulf Coast states, the Atlantic Coast states and the Great Lakes region.

How normal rainfall is indicated for the western half of the nation, except for normal amounts over the Pacific Northwest.

Moore, North Orlando; Roy Masey, North Orlando; Roy Masey, North Orlando; Roy Masey, North Orlando.

**Area Deaths**

PAUL M. SIMPSON, 55, a former of Sanford, died Tuesday afternoon in Daytona. A native of North Carolina, he came to Sanford at an early age, later moving to Daytona where he lived most of his life. He was a member of the Methodist Church, a musician, and an entertainer, later entering the field of physical therapy in which he was employed at the health spa at Palm Beach for the past three years.

Survivors are his wife, Mrs. Dena Simpson, Daytona; sister, Mrs. Roscoe H. Taylor, of Sanford, and Mrs. J. B. Crocker, of Jacksonville, and a brother, E. C. Simpson, of Leesburg.

Funeral services were conducted at 10 a. m. today in Daytona.

**Doctor Expires While Operating**

WEHAWKIN, N. J. (UPI) — A doctor suffered a fatal heart attack while performing an operation at North Hudson Hospital. The operation was successfully completed by another physician.

Dr. Herman B. Kaplan, 62, a specialist in obstetrics and gynecology, was struck while delivering a baby by Caesarean section.

The physician who completed the operation reported the mother and child in good condition. Neither he nor the woman was identified.

**Big Ticket**

NEW YORK (UPI) — A diligent policeman tagged a \$10 parking ticket on a 100-foot-long, 34-wheel heavy-duty truck because the rig stopped in a "no parking" zone to unload an 8-ton grider at a construction site.

**DeBary WSCS Has Luncheon**

By Mrs. John Leone

New members of the Women's Society of Christian Service of DeBary Community Methodist Church, who have joined during the past year, were honored at a luncheon in the social hall.

Those in the group were introduced by Mrs. Sidney Swallow.

The solo, "Eternal Life," was sung by Miss Jannette Ogg, soprano, who is home on vacation from the University of North Carolina, with Miss Adelaide Costa as piano accompanist.

A resume of the WSCS Conference held recently in Sarasota was presented by Mrs. William Gray, who related the aims and work of women of the organization as accomplished.

LOOK MOM—NO CAVITIES

UNITED NATIONS, N. Y. (UPI)—The U.S. Public Health Service has granted \$2,000 to the Australian Institute of Dental Research to determine why a group of natives have no tooth decay.

Dental officials found the decay-free conditions in a survey of the Sepik district of the New Guinea highlands, according to the United Nations Educational, Scientific and Cultural Organization. Scientists hope the project will throw new light on the prevention of tooth decay.

# Miss Sharon Lovell Bride Of Leonard Witte

By Jane Conners  
Miss Sharon Edith Lovell, daughter of Mr. and Mrs. Leonard E. Lovell, of 514 South Street, Fern Park, was married to Leonard A. Witte, at 3 p.m., Sunday, June 16, 1968, at Temple Obow Shalom in Orlando with Rabbi H. J. Adler officiating at the double ring ceremony.

The groom is the son of Mr. and Mrs. Aaron Witte of Orlando. Mr. Lovell gave his daughter in marriage. The ceremony took place under an arched canopy of greenery.

**Big Men for the Wedding**  
Time on your hands. What could be more obvious and more fun than the huge wrist-watches. The simplicité resembles big men on the wrist and the bands are gay stripes in a variety of combinations and wide enough to almost look like a out-drawn version of the regimental stripe belt the Brooks boys wear.

**Give You Needed Support**  
Here you noticed (eventually) how trim some girls look in their ski pants and jump suits. It could be because they are wearing the long, long-leg (down to the ankle) panty girls in a derelict. They are as comfortable as lights and yet give you the support and control you need.

very and white christening. Miss Valerie Ross, soloist sang "O Promise Me" and "I Love You Truly" accompanied by Al Priore at the piano. The petite bride chose for her wedding a formal gown of with pearls and diamonds. The wedding was followed by a reception at the home of the bride's parents. The bride wore a long and elegant gown. Her cascade bouquet of white sweethearts roses included a removable corsage. Miss Joyce Lovell was her sister's maid of honor and her attendants were Miss Gilda Pettinati, bridesmaid; Mrs. Selma Roberts, sister of the groom, bride's matron, and Shelly Roberts, sister of the groom, junior bridesmaid. They were matching gowns of sea mist green crepe chiton skirts and lace bodices. The short matching veils were attached to dainty crowns centered with a sea green rose. They carried cascading bouquets of yellow roses with yellow ribbon streamers.

MR. AND MRS. LEONARD WITTE

## Top Designer Pooh-Poohs High Rise In Hemlines

HOLLYWOOD (UPI) — The high rise in hemlines is getting a definite turn-down from California's French-born couturier Jean Louis.

He admits one should keep up with the times in fashion, but thinks this season Paris is going a bit too far and in the wrong direction at that! "All the Hollywood types stuff we have looked for all for years is now what Paris calls fashion," said Jean Louis, one of the world's top costume designers and an American fashion pioneer.

"I think they have stolen all their ideas from old movie stars... perhaps from our leftover late, late shows," said Louis, whose wardrobe designs for Vivien Leigh in "Gone With the Wind" brought him to Hollywood to design costumes.

Before World War II, he had established himself as a designer for many of the nation's "best-dressed" as the chief designer for Hatfield Carnegie, in New York. The late Harry Cohn of Columbia Pictures brought him to Hollywood to design costumes.

marked by conservative, but feminine grace wondered what most women's legs would look like with the hemline raised two and three inches above the knee as Paris is showing.

"You might say that it has gotten to the point where it is not the clothes that make the woman, but the leg," "I doubt that even Marlene Dietrich, who has the most beautiful legs, would consider Paris' current hemline heights flattering," he said.

"Now, some of the clothes I did years ago look up to date," Jean Louis mused. "It leads one to believe that there is nothing new in fashion."

"In fact, when you think about what Paris is offering, there is no fashion anymore. There is no definite trend in anything. Imperceptibly garbed in a soft beige tweed suit, the man whose designs for women are

DON'T OVERDO EYE MAKE-UP Eye make-up does wonders for facial expression. Too much, though, can make a woman look bizarre. When in doubt, it is always better to use too little eye make-up rather than too much. Daytime requires less eye make-up than evening.

salt and pepper  
2 soft bread crumbs  
Combine white sauce and parsley. Place alternate layers of potatoes, cheese and eggs in a greased baking dish, sprinkling each layer lightly with salt and pepper. Add white sauce. Top with bread crumbs. Bake at 375 degrees for 15-20 minutes.

**FLORIDA PANCAKES**  
1 egg yolk  
1/2 tsp. salt  
1/2 tsp. baking powder  
1/2 cup orange sections, chopped fine  
1 cup sifted flour  
2 cups hot water  
2 eggs  
1/2 cup brown sugar, packed  
1/2 cup grated orange peel  
1/2 cup beaten  
1/2 cup sifted flour  
1/2 tsp. soda  
1/2 tsp. salt  
Combine undrained pineapple, oats and sour cream; let stand 15 minutes. Cream shortening, sugar and orange peel together thoroughly; beat in egg. Beat flour with baking powder, soda and salt. Add creamed mixture alternately with oatmeal mixture. Spoon into well-greased muffin tins. Bake in hot (400-degree oven) about 25 minutes.

**ORANGE JELLY OMELET**  
1 1/2 cup orange marmalade preheated in double boiler  
1/2 cup orange juice  
2 eggs  
1/2 cup brown sugar, packed  
1/2 cup grated orange peel  
1/2 cup beaten  
1/2 cup sifted flour  
1/2 tsp. soda  
1/2 tsp. salt  
Combine undrained pineapple, oats and sour cream; let stand 15 minutes. Cream shortening, sugar and orange peel together thoroughly; beat in egg. Beat flour with baking powder, soda and salt. Add creamed mixture alternately with oatmeal mixture. Spoon into well-greased muffin tins. Bake in hot (400-degree oven) about 25 minutes.

**CUCUMBER PUNCH**  
1 large can frozen orange juice  
1 large can frozen lemonade  
1 large can pineapple juice  
1 cup sugar  
1/2 cup lemon juice  
1/2 cup lime juice  
1/2 cup ginger ale  
1/2 cup mint jelly  
1/2 cup orange juice  
1/2 cup lemon juice  
1/2 cup lime juice  
1/2 cup ginger ale  
1/2 cup mint jelly

**CHERRY PLAZA ROAST DUCK**  
4 lb. duck  
2 cups orange stuffing  
1/2 cup butter  
1/2 cup pepper  
1/2 cup orange stuffing  
1/2 cup butter  
1/2 cup pepper  
1/2 cup orange stuffing  
1/2 cup butter  
1/2 cup pepper

**MOTHER HUBBARD'S BROWN BREAD**  
1 egg beaten light  
2 cups sugar  
2 eggs  
1/2 cup milk  
3/4 cup flour  
3 tsp. baking powder  
1 tsp. salt  
2 tsp. cinnamon  
1 tsp. allspice  
1 tsp. vanilla  
1/2 cup seedless raisins, chopped  
2 1/2 cups All-Bran  
Cream the shortening and sugar. Beat in egg. Add sifted dry ingredients (except All-Bran) to the first mixture. Add the remaining ingredients and mix well. Roll and store in refrigerator. When needed, slice this and bake on cookie sheet in 400-degree oven for 12 minutes. Makes 8 dozen 2 1/2 inch cookies.

**GREEN PUNCH**  
2 pgs. lime jelly  
2 cups hot water  
2 cups cold water  
1 large can frozen orange juice  
1 large can frozen lemonade  
1 large can pineapple juice  
1 cup sugar  
1/2 cup lemon juice  
1/2 cup lime juice  
1/2 cup ginger ale  
1/2 cup mint jelly  
1/2 cup orange juice  
1/2 cup lemon juice  
1/2 cup lime juice  
1/2 cup ginger ale  
1/2 cup mint jelly

**MOTHER HUBBARD'S BROWN BREAD**  
1 egg beaten light  
2 cups sugar  
2 eggs  
1/2 cup milk  
3/4 cup flour  
3 tsp. baking powder  
1 tsp. salt  
2 tsp. cinnamon  
1 tsp. allspice  
1 tsp. vanilla  
1/2 cup seedless raisins, chopped  
2 1/2 cups All-Bran  
Cream the shortening and sugar. Beat in egg. Add sifted dry ingredients (except All-Bran) to the first mixture. Add the remaining ingredients and mix well. Roll and store in refrigerator. When needed, slice this and bake on cookie sheet in 400-degree oven for 12 minutes. Makes 8 dozen 2 1/2 inch cookies.

**REFRIGERATOR SPICE COOKIES**  
1 cup shortening  
2 cups sugar  
2 eggs  
1/2 cup milk  
3/4 cup flour  
3 tsp. baking powder  
1 tsp. salt  
2 tsp. cinnamon  
1 tsp. allspice  
1 tsp. vanilla  
1/2 cup seedless raisins, chopped  
2 1/2 cups All-Bran  
Cream the shortening and sugar. Beat in egg. Add sifted dry ingredients (except All-Bran) to the first mixture. Add the remaining ingredients and mix well. Roll and store in refrigerator. When needed, slice this and bake on cookie sheet in 400-degree oven for 12 minutes. Makes 8 dozen 2 1/2 inch cookies.

## Miss Jean Lopp Honored At Shower

By Mrs. J. E. Mathews

Miss Jean Lopp, bride-elect, was honored at a recent bridal shower given by Mrs. D. M. Ladd at her home. The honoree, who was attended by a lovely aqua-blue sheet, was presented a corsage of pink sweethearts roses and gerberas.

MISS JEAN LOPP, bride-elect, was guest of honor at a recent bridal shower at the home of Mrs. D. M. Ladd. Pictured around the beautiful refreshment table are, from left, Mrs. Blanche Lopp, grandmother of the bride-elect; Miss Lopp, honor guest; Mrs. T. J. Chalfant, Sr., mother of the groom-elect; and Mrs. LaRue Taylor, aunt and guardian of the bride to be.

Attending were the honoree's aunt and guardian, Mrs. LaRue Taylor; her grandmother, Mrs. Blanche Lopp; Mrs. Chalfant, the groom-elect's mother; and Mrs. Winifred Braddy and daughter, Julia, Mrs. Harold J. Cline, Mrs. Donald Norton, Mrs. Joseph E. Mathews, and Mrs. Joseph E. Mathews, and Mrs. Robble Baker, of Orlando.

Attending were the honoree's aunt and guardian, Mrs. LaRue Taylor; her grandmother, Mrs. Blanche Lopp; Mrs. Chalfant, the groom-elect's mother; and Mrs. Winifred Braddy and daughter, Julia, Mrs. Harold J. Cline, Mrs. Donald Norton, Mrs. Joseph E. Mathews, and Mrs. Joseph E. Mathews, and Mrs. Robble Baker, of Orlando.

## Know Fabric Construction To Use It Successfully

In order to use fabric successfully, you must understand its construction and its qualities. Some fabrics are light and delicate, some heavy and bulky, some frail or loosely woven and likely to ravel, others firm and strong.

**FABRIC GRAIN.** A loom is threaded for weaving with the warp or lengthwise threads. The weft or crosswise threads in the majority of fabrics are carried by the shuttle back and forth over and under the warp threads.

This back and forth weaving provides the fabric with strength. The weft or crosswise threads in the majority of fabrics are carried by the shuttle back and forth over and under the warp threads.

**TO CUT OR TEAR FABRIC.** First clip the selvage. Some fabrics tear readily like batiste or percale. It is wise to tear when you can. After clipping the selvage, hold firmly at each side of the clipped place and tear quickly. This will break the warp threads without straining them. Do not attempt to tear a corded fabric.

To cut a true line, pull out a crosswise (weft) thread and cut on this thread line. To do this, clip the selvage, then with a pin pick up one crosswise thread. Hold it with your thumb and forefinger, pull it gently while you use the fabric along with the other hand. The thread may break several times in the process of pulling it out, but pick it up again with the pin and continue pulling until you complete the line. Then cut on this line, proceeding

**STRAIGHTENING FABRIC.** Though fabric is woven straight the processes through which it goes to be printed, finished and rolled often pull it out of line. In such a case, straighten your fabric before cutting. To do this take the piece you have torn pin out on a thread, strap the object at opposite sides and stretch the fabric diagonally, pulling back and forth. Do this along the entire length of the piece. If it is still not straight, bring the two crosswise ends together, salvage together and press, working toward the part that is out of line. This a little time, but it pays dividends in the long run. Fabric that is not straight when cut will not make satisfactory garments, however good the sewing.

### Mrs. Waggoner Is Hostess To WSCS Circle

Mrs. Dora Waggoner was hostess to the Women's Society of Christian Service of Christ Methodist Church, Sanford, Tuesday in her home, 717 Baywood Drive.

Mrs. Clifford Johnson gave the invocation, scriptures, and call to worship, in the absence of the spiritual life secretary.

"The Fellowship—A Call For Commitment" was title of the program which set forth the purpose of redemption to the year ahead and to the exploration of the Christian imperative as it applies to each community.

Members offered suggestions on how the local WSCS could work in rural areas and local levels pertaining to responsibilities for expressing individual commitment.

Plans for the summer were placed upon the promise of Jesus: "He that believeth on Me, the works that I do shall he do also; and greater works than these shall he do, because I am into My Father."

Closing prayer was offered by Mrs. Johnson.

Mrs. James Hummel, president, presided over which refreshments were served by the hostess.

Attendees, other than those mentioned, were Mrs. Ann Miller, Mrs. Helen Nelson, Mrs. Edith Bradbury, Mrs. Carl Bradbury, and Mrs. W. L. Hiers.

EACH BOY OF Bear Lake Scout Troop 230 contributed \$10 to purchase a seat on bus made available through the county school system. Lined up are Supt. R. T. Milwe present title to B. Anderson, senior patrol leader, are (from left) Krist Salmi, David Broadway, Terry Carter, Frank Crout, David Scott, Ricky Osterander, Roger Bunnell, Tim Cantow, Chuck McPherson Jr., Kevin Foist, Gerald Aldrich II, Bobby Anderson, and Anthony Smith. Adult leaders shown with Milwe are (bottom) Leo Salmi, W. Anderson, Howard Foist with son, Mark, Bruce Nelson, Scoutmaster Rosa Goodenough, Robert Bunnell, Gerald Aldrich, Assistant Scoutmaster C. McPherson Sr., Archie Bunnell, and William Smith. (Herald Photos)

### Wesleyan Guild Has Meeting

Mrs. Hazel Fryt was hostess at the recent regular monthly meeting of the Wesleyan Service Guild of First Methodist Church at her home, 307 W. 11th Street, Sanford.

Mrs. M. B. Smith was in charge of an interesting program on the purpose and duties of the Guild. At close of the program each member was asked to sign a pledge for support during the coming year.

Refreshments were served by Mrs. Fryt to Mrs. Smith, Mrs. L. Wilson Carver, Mrs. Burke Stebbins, Mrs. Ezzar Neider, Mrs. Mary F. Rawlins, Mrs. Jessie Shoemaker, Mrs. Nancy Brock, Mrs. Esther Lansing, Mrs. L. M. Swain, Mrs. Marian Rutwell, Mrs. Faye Galas, Mrs. G. G. Myers, Mrs. O. K. Goff, Mrs. Sarah Griffin, Mrs. Louise Lee, and Miss Isabel Chapman.

Merriville, Pa., placed becoming the nation's capital, five votes in the national Congress.

### Lutheran Church In America Sets Annual Meeting

At least 2,000 members of the Lutheran Church in America are expected to attend an eight-day convention scheduled June 21-29 in Kansas City, Mo.

Included on the agenda are elections of a president and treasurer. Action also will be taken approving participating with the Lutheran Church, Missouri Synod, and the American Lutheran Church in a new Lutheran Council to provide channels for cooperative work among the three major groups of Lutherans in America.

Four "position" statements will be acted upon: church state issues, capital punishment and harassment of religious minorities.

Mrs. Jack Bauman served as hostess for the meeting. Other attendees were the Meses, Richard Bremer, Robert Bennett, Herbert Osburn, James McNulty, Gary Painter and Malcolm Lodge.

The next regular meeting of the circle will be July 14th.

### New Officers Of Joy Circle Begin Terms Of Office

Mrs. William Repp began her second term as chairman of the Joy Circle of the Grace Methodist Church Women's Society of Christian Service at the June meeting held at the church.

New officers to assist her are Mrs. Lamar Williams, co-chairman; Mrs. Alvera Kelly, secretary; Mrs. James McNulty, treasurer; Mrs. Robert Osburn, chairman; and Mrs. Robert Bennett, telephone chairman.

Mrs. Otis Taylor gave the devotions, and there was a short group discussion.

Mrs. Jack Bauman served as hostess for the meeting. Other attendees were the Meses, Richard Bremer, Robert Bennett, Herbert Osburn, James McNulty, Gary Painter and Malcolm Lodge.

The next regular meeting of the circle will be July 14th.

### State Accredits Florida Academy

Accreditation has again been awarded to Florida Central Academy by the Department of Education of the State of Florida, according to L. E. Allen, president of the academy, who received the notification this week.

The non-military, college preparatory school for boys, grades 7-12, which is located at Sorrento, Fla., is also accredited by the Southern Association of Colleges and Schools.

The academy is now accepting a limited number of day students from the area for the fall term, beginning September 11. Interested persons should contact the admissions director at once for an interview appointment.

FRANCAIS GET AND CARACAS, Venezuela (UPI) — Since Venezuela's agrarian reform program was launched by former President Romulo Betancourt five years ago, the government has distributed 2.4 million hectares of land to 100,000 formerly landless peasants.

About 40 per cent of this land was public domain. The remainder — 1,200,000 hectares — was purchased from private owners for approximately \$100 million.

This is JAGUAR from Yardley. The most used, chosen as strongest, steps on longer. Power! For the most power and torque combined—\$4,500.

### Think all wagons are too big or too small? Meet the Mind-Changer. (Rambler Classic)

Betty and Phil Mason knew what they wanted: a station wagon with size and style and ease. They hadn't considered a Rambler until Betty met the Mind-Changer, a Rambler Classic 770 Wagon. It's bigger, bolder—with plenty of room for people and paraphernalia. (More total head room—leg room—hip room than the average intermediate wagon!)

Betty thought the interior was surprisingly good-looking. She tried out the coil-spring reclining bucket seats ("Very comfortable.") and poked around in the lockable hidden compartment. Phil took a test drive, went for the Mind-Changing difference: our big 327-cubic-inch V-8 makes. He was surprised that many extra features like Double-Safety brakes and that gleaming roof rack are standard, at no extra cost. Betty and Phil had decided on the Ideal-size Classic Wagon even before they heard that prices are now at their model-year lowest.

Why don't you test-drive a Mind-Changer today? See your American Motors/Rambler dealer.

American Motors... where quality is built in, not added on. Built with your safety in mind. Every American Motors car now includes a Double-Door Safety System plus superior single-lift body construction and safety features like: padded dash and views, outside mirror, seat belts, backup lights, windshield wipers, higher-strength woodhull, and variable-speed wipers. Mind-Changing deals now at your American Motors/Rambler dealer.

LAKESIDE RAMBLER, INC. 500 East Second Street, Sanford, Fla.

### Leaders To Attend Water Meet

Harold Johnson and William Bush, Seminole County attorney and engineer, respectively, and John Krider, chairman of the St. Johns-Indian River Control District, will attend a "water resources and control conference" Wednesday at Orlando.

Representatives of federal, state and local governmental organizations in Orange, Osceola and Seminole counties having cognizance of any aspect of water resources and control will participate in the conference.

"The purpose of this conference is to determine the extent and limitations of the present over-all system for control of water conservation, drainage and pollution, to provide a basis for expatriation of ways and means, including legislative action, to establish an effective system of insuring our future water supply to meet projected population growth. The public is invited to hear the conference discussion."

More than 87 per cent of all foreign visitors to Mexico are U.S. travelers.

Because of its unique position in the Caribbean, Haiti is known as "Garden of the Windward Passage."

### Rule Changed Helped NL Too

When Commissioner Eckert made the rule change earlier in the week that players could vote for any three outfielders, no matter if they played left, right, or center, he did both leagues a favor.

It really saved the American League a problem, not leaving them to decide between Frank Robinson and Tony Oliva, the two top center fielders.

It also made things nice for the National League players who can now pick Aaron of Atlanta and Roberto Clements (two right fielders) in the same lineup — that is if the National League players feel these two deserve it.

The talent is so good in the National League outfield that there's going to be some mighty good hitters left off, even after Manager Walt Alton fills out the roster.

Of the top 10 hitters in the National League, all above .300 (mind you), six of them are outfielders and this doesn't include Aaron and Willie Mays.

This pair will almost certainly be picked. They're both hitting near .300, setting the pace in home runs and batting in and of course considered as two of the greatest hitters, not only of our time, but all-time.

This leaves the NL players to decide from this long list of outfielders: Clements (.329); Rich Allen, Philadelphia (.321); Curt Flood, St. Louis (.323); Manny Mota, Pittsburgh (.321); Melky Alon, Pittsburgh (.309); Rico Carty, Atlanta (.301).

These are the six that are among the top ten in the league, and yet there are still others who are lingering around the .300 mark that will get a lot of votes. They are: Felipe Alou, Atlanta; Tommy Davis, Los Angeles; Jim Nicholson, Houston; and Lou Johnson, Los Angeles.

### Mays, Aaron And Clemente

It looks like Mays, Aaron and Clemente (three line National League best champions) will be the favorites to start in the July 15 All-Star game at St. Louis because they've got all those great years behind them and a solid year going for them at the present. The others will probably have to hope Rico Alton looks their way when he fills up his bench.

If players went on batting averages alone, Willie Starcel would be the National League All-Star first baseman because of his league leading .335 mark. However getting plenty of support will be Willie McCovey of San Francisco (.301) and Orlando Cepeda of St. Louis (.316).

Other than the outfield, second base looks like the only National League spot where the voting is likely to be one-sided. Fero Joe Morgan of those amazing Houston Astros should win big. Morgan is hitting .320 and he's been among the top NL hitters all season long. Pete Rose, the Cincinnati second sacker is having trouble staying around the .250 mark, but never Morgan only competing with Ron Hunt of the Mets and Cookie Rojas at the Phillies. He's slugging with .306, but Morgan seems solid at this point.

Will It Be Willis Or Cardenas?

A real battle is brewing at both short stop and third base. Base stealing Marty Williams of Los Angeles and talented Leo Cardenas of Cincinnati are both worthy of the starting berth. Cardenas is hitting about 20 points better (.300 to .280 in some figures), but Willis is so great on the basepaths that average doesn't mean much as long as he reaches first by hook, crook or error.

Third base has four contenders, all of whom deserve the nod. All are hitting between .280 and .310. Stan Pestello's Jim Hark is just a shade better in statistics with his .288 batting average, 16 home runs and 38 RBI, all among the leading figures. But Son Santo of Chicago, Ken Boyer of the Mets and Tommy Helms of Cincinnati are having that good year also.

Another problem position in the NL is catching and another quartet is in contention here. Joe Torre of Atlanta may have the edge, but John Beteman of Houston and Tim Lincecum of St. Louis may pull some votes. Cincy's Don Pavletich may have an outside shot here. All four are struggling to stay above the .270 mark, so none really deserve the slot more than the other.

So there you have it. If this corner had a vote, here would be the starting lineups in the All-Star game.

National League: 1B—Cepeda, 2B—Morgan, SS—Cardenas, 3B—Hart, OF—Aaron, Mays, Clemente, C—Torre.

American League: 1B—Cash, 2B—Richardson, SS—McAuliffe, 3B—B. Robinson, OF—F. Robinson, Oliva, Kaline, C—Batesy.

### Cincy Deals Joey Jay To Atlanta

The laundry can be sent out today. The major league trading deadline was passed mid night Wednesday with the Atlanta Braves the most active club in a rather inactive market.

The Braves, wearing an uphill fight to climb out of eighth place, shook up their pitching staff by dealing Hank Fischer to Cincinnati for Joey Jay and obtained Don Schwall from Pittsburgh for relief pitcher Billy O'Dell.

The only other uniform changes involved the New York Mets. The Mets picked up four National League pitcher from the New York Yankees and asked waivers on slugger Dick Stuart for the purpose of giving him his unconditional release.

This afternoon, Sanford Post 83 will visit Titusville in a non-district contest. The game is slated for 5 p.m. at the Titusville High School field.

Saturday night at McCracken Field next to Orlando's Tinker Field, Sanford and Casseberry will renew their county rivalry. So far this season the Sanford side has a 5-1 record, while Casseberry had only played one game and that ended in a tie.

## Burns To Meet High Monday

## Governor Sidesteps The Big ?

TALLAHASSEE (UPI) — Gov. Haydon Burns said today he will meet with Democratic gubernatorial nominee Robert King High in the Capitol on Monday. Burns said High called Bill White, the Governor's secretary, earlier this week and asked for an appointment at 10 a. m. Monday. "Such appointment has been scheduled," he said. The governor again sidestepped answering the question of whether he would give his support and backing to High in the November general elections if High asked him for it. That would be "jumping the gun," he said. Burns was a closemouthed about the meeting. "Mr. High was asked for this conference and I've shown him the courtesy of setting it," the governor said. Earlier Burns said he had not talked to High personally about a meeting and didn't know if High was coming. He said he would be glad to talk to White on Wednesday or Thursday to schedule the meeting. The Mayor's office said High planned to be in Frostproof all day Friday. Burns returned from a two day trip to the nation's capital and was in his office to talk to White on Wednesday. The Mayor's office said High planned to be in Frostproof all day Friday. Burns returned from a two day trip to the nation's capital and was in his office to talk to White on Wednesday.

## Freight-Only Roads Seen

ORLANDO—High-speed, restricted highways solely for freight and common (motor) carriers was predicted for the future by Alan S. Boyd, undersecretary of commerce for transportation, in an address Thursday night at the 43rd annual business meeting of the Growers and Shippers League of Florida. Boyd, discussing the present move in Congress to establish a Cabinet level department of transportation, told the growers the "present transportation system can't handle future demands." No one has ever looked at the whole transportation system, he said, and something must be done now to "buck up" the system for the future. Transportation problems are presently under the jurisdiction of the Interstate Commerce Commission, but if the new department is created, Boyd predicts approval of the plan by Labor Day—this time. The new transportation department will not in any way replace the ICC, which will still maintain its regulatory functions. Boyd is a native of Macclenny, Fla. He served on the Florida Public Service Commission, was appointed to the Civil Aeronautics Board and was serving as chairman at the time of his appointment as undersecretary of commerce for transportation in June, 1965. Following the annual election of officers and board members for the 1966-67 season was held. The entire slate of last year's officers and directors was re-named, included in these: Gen. J. C. Hutchinson, chairman of the board of Chase and Company, who will serve as first vice president; Sydney O. Chase Jr., president of Chase and Company, was re-named to his position as treasurer of the Growers and Shippers League. Other officers re-elected include: G. C. Rathbun, Winter Haven, president; John T. Lasky, Tampa, second vice president; John G. Arikio, Orlando, third vice president; Gordon Steinman, Ocala, executive vice president and manager; and Thomas E. Hall, secretary and treasurer. R. D. Kenney, of Winter Garden, was re-named chairman of the board.

## Dr. Roberts Elected By Demo Committee

Dr. W. Vincent Roberts captured the reins of the Seminole County Democratic executive committee at the re-nominating meeting Thursday evening, polling more than twice as many votes as his two opponents combined. Roberts received 23 votes to James Stewart's nine and Mrs. Kathleen Reynolds' seven. In a stirring acceptance speech, Roberts declared his "burning desire to see a real organization function in this county to push the Democratic Party forward." "I have no political ambitions," he said, "and I pledge to have no intentions of running for any elective office within or without the county or to accept any appointive office that will take me out of the county." Roberts, who has been believed to be Roberts' closest opponent for the office, withdrew following his nomination "in the interest of party unity," arguing the committee to "choose from our number those behind whom we can all rally without reservation of any kind and get on with the business of building a vigorous, effective, and respected Seminole County Democratic Party."

## Teachers Strike

AGUAYAVI, Argentina (UPI) — Teachers at the Mariano Moreno Commercial School are on strike today, but there are rumors that the teachers will return to work Thursday, demanding accumulated back pay. They said they had been paid in nearly three years.

## DeBary Driver Faces Charge

Mrs. Donna Cole Walker, of DeBary, was charged with failure to yield right of way Thursday night after her car was destroyed in an auto collision at Elm Avenue and 19th Street. The other car, driven by Miss Vada Stoffer, 416 Editha Circle, was damaged in the amount of \$600. According to police reports, the accident occurred when Mrs. Walker failed to stop for a stop sign at the intersection, and ran into the path of Miss Stoffer's vehicle.

## Sky Radio Operation 'Flawless'

CAPE KENNEDY (UPI) — The Air Force readied another Titan 3C rocket today for launch in about seven weeks to attempt to match the flawless eight-in-one orbital performance of a Titan that set up a military communications satellite system Thursday. The seven radio relay stations and a research monitor orbited in the spectacular shot were slowly drifting apart as planned today in their "creeping" orbits about 21,000 miles above the equator. But eight spacecraft were reported to be working well. The glittering 100-pound communications satellites have already "talked" to Army ground stations in New Jersey, California and Hawaii and were expected to be ready for full tests in about 10 days. The first voice message was relayed Thursday night when a telephone call was beamed from Ft. Belknap, N. J., via one of the spacecraft to Camp Roberts, Calif. "It was a good voice circuit for an initial look-up," said Col. Eugene D. Dares, a satellite operations officer. The comment followed a meeting with Scott Kelly, the Air Force's chief of communications, who said the primary, who went to Tallahassee to back High. Burns said Kelly had been sent by High, quickly deployed and asked for an appointment which the governor could make for Friday if High was interested. The governor was involved in a Cabinet meeting Tuesday, and was in Washington Wednesday and Thursday, leaving Tallahassee the only day available.

## Indications' Point To Increase In Taxation

WASHINGTON (UPI) — T. Connor said Tuesday about the tax outlook. Connor told a news conference that the economy appeared to be slowing down and predicted that the administration would make no tax proposal this year. But after citing that Johnson has already done to prevent inflation, Fowler said: "President Johnson has made it abundantly clear that he will not hesitate to apply or to recommend further fiscal restraints should these become necessary." "Whether such restraints will become necessary remains still much an open question. There are, to be sure, indications that, while the economy is still moving strongly ahead, it is not moving as rapidly as it was earlier this year."

## Giant Fire

SANTA BARBARA, Calif. (UPI) — Firefighters expect to contain by Saturday night a giant brush and lumber fire which has blackened more than 20,000 acres in the rugged Los Padres National Forest.
