Surprising GOP Support Shown For Tax Cut

WASHINGTON (AP) - With support from a surprising number of Republicans, congressional Democrats show no sign of backing down in their battle with President Ford over how a tax cut should be written.

The tax-cut issue, in which virtually every American taxpayer has a stake, will come to a head late next week when Congress attempts to override Ford's expected veto of a bill extending the temporary tax cuts voted earlier

There are growing indications that the House and Senate will be able to muster the twothirds majority needed to override the veto. The alternative would be higher taxes in an election year.

Committee Takes Tax Steps

Committee, embarrassed by its approval of the so-called Perot amendment, is taking steps to assure that members of the tax-writing panel are aware of who would benefit

from any special tax legislation. The panel's staff specialists are being directed to advise committee members whether any special tax legislation before the committee would be retroactive and whether it would benefit any particular taxpayer.

Officials made clear the directive was imposed as a amendment that retroactively would have conferred \$165 million in special tax refunds to high-income investors, including a reported \$15 million for Texas businessman H.

Seminole County has asenous problem.

Why?

There are literally hundreds of little children in Seminole County who must fend for themselves while their parents try to eke out a living on low-paying jobs. Many of these youngsters are left alone all day, either locked up in rooms or worse yet, left to roam about streets and alieys while their mothers are away at work.

It's true that in the Biblical use, the word "suffer" meant to allow. But today in Seminole County, for hundreds of little pre-school children, the word "suffer" tells it like it is. Many suffer from lack of proper food, proper supervision, and the type of loving care and guidance their parents would like to provide - but can't afford. The cost of care in professionally administered day care centers is more than most low annual incomes can cover.

despondency that come from being wholly dependent on welfare types of income

A better way!

What can we do about it? We can provide a place for these children during the daytime by helping defray some of the cost of day care centers.

How?

The Community Coordinated Child Care (4C) Program wants to help provide professional care for these children in Seminole County. We need to raise \$50,000 in Seminole County in a very short time, and these funds will be matched on a 7 to 1 basis by State and Federal governments. This money will be used to provide professional day care for the children of low-income families.

Your part

Over 340 mothers have been approved for this care and 4C is ready to place these children if we raise the needed amount locally. At this time of the year we all have much to do with our money, but little that could do more than a few dollars for 4C.

Woman's Club **Endorses Artist** For Art Week

Federation of Women's Clubs (FFWC) has designated Dec. 15-21 as FFWC Art Week. Federated Women's Clubs throughout the state will participate in this event. During this observance, the Arts Department of Sanford Woman's Club is endorsing Mrs. John (Ginger) Bennett's one-man art exhibit on display throughout the entire month at Senkarik Glass and Paint Company, Inc., 210 S. Magnolia Ave.

Open to the public, there is no admission charge. Hours are 9 a.m. to 5 p.m. Monday through Friday, and 9 a.m. until noon on Saturday. Mrs. Bennett, who lives on a small farm in Lake Mary,

began painting seriously about five years ago. Her favorite subjects are children and animals. She said, "I have always enjoyed nature and have had a great love of animals all my life. I like to try to capture moods and communication on canvas."

A member of Sanford-Seminole Art Association. Florida Federation of Art, and Artists League of Orange County, Mrs. Bennett said she prefers working with oils due to the flexibility and movability of them. She said it was a challenge attempting many different subjects, including everything from rustic scenes to puppies and

Adopted Grandparents

'A Wonderful Couple'

CHARLOTTE, N.C. (AP) — The Roland Davis family, which last month advertised for "adopted grandparents," has "adopted" Mr. and Mrs. Herbert Alexander of

"I think it's wonderful," said Mrs. Alexander. "I love those little kids to death."

The Davises advertised in a local newspaper three weeks ago for an older couple interested in acting as grandparents for their three children, aged 5, 9 and 12. The children's only living grandparent, Mrs. Davis mother, lives in San Antonio, Tex.

"The response was amazing," Mrs. Davis said. "We got calls day and night for five days and dozens of letters from all over the country."

Raiders Trounce Valencia

By RICK PANTRIDGE Herald Staff Writer

Was Joe Sterling pleased b Wednesday night's 87-51 Seminole Community College basketball victory over Valencia at Jones High School in Orlando?

Well, if it means anything at all, he said he was going to conduct just a "short" practice today, so chances are he was pretty well satisfied. And he had reason to be. His Raiders led all the way and buried the Matadors in the

Sterling singled out the allaround play of Chip Noe as a big factor in the easy win, the Raiders' eighth in 10 games. Noe scored 12 points, grabbed seven rebounds, had nine assists and shot perfectly from the field and from the foul line. "Chip also played well on defense," Sterling said. "So did Bob Jacobs," he added. "Bob played both boards well and blocked a lot of shots." Randy Faber was Seminole's

Veeck disclosed that he had to sell much of the interest he would have received for putting the purchase package together, in order to raise the additional \$1.2 million required for league approval.

The colorful Veeck actually winds up as president of the White Sox at a reported \$65,000 a year salary. 'Over The Hill Gang' Paces Boston To Win By THE ASSOCIATED PRESS

The Boston Celtics' version of the "Over the Hill Gang" showed the youngsters from Milwaukee a thing or two about playing basketball. Don Nelson, a 13-year National Basketball Association veteran, broke out of a prolonged slump by scoring 10 points in a blistering fourth period which boosted Boston to a 111-98 victory over the Milwaukee Bucks Wednesday

In other NBA games Wednesday, Phoenix defeated Houston 105-91, Kansas City downed Atlanta 100-94 and Seattle toppled Chicago 99-79.

By THE ASSOCIATED PRESS Like every other member of the team, goalie Wayne Thomas reported for the Montreal Canadiens' games at the Forum last year. Wednesday night he finally played in one ... as a member of the Toronto Maple Leafs. And although Jacques Lemaire and Guy Lapointe nicked him for third-period goals, Thomas stopped 35 shots as the Maple Leafs and Canadiens battled to a 3-3

National Hockey League deadlock. Elsewhere in the NHL, the Buffalo Sabres and New York Rangers skated to a 2-2 tie, the Chicago Black Hawks routed the Washington Capitals 7-2, the Detroit Red Wings nipped the Pittsburgh Penguins 3-2, the California Seals held the Philadelphia Flyers to a 1-1 tie and the Los Angeles Kings trimmed the St. Louis Blues 5-

Sheehy, Ullman Star

By THE ASSOCIATED PRESS Young Tim Sheehy scored Edmonton's first four goals but the Oilers needed the 499th and 500th of veteran Norm Ullman's pro career to defeat the Quebec Nordiques in a World Hockey Association game Wednesday night. Ullman's first goal came on a third-period power-plajust 59 seconds after Quebec's Rejean Houle and Chris Bordeleau scored 18 seconds apart to trim Edmonton's lead to 4-3. Ullman tallied again less than four minutes

Elsewhere, the Winnipeg Jets edged the Toronto Toros 6-5. The Indianapolis Racers nipped the Phoenix Roadrunners 2-1 and the New England Whalers shaded the Minnesota Fighting Saints 3-2.

If an elderly person has disease that closes part of the arteries to the brain and then has pressure applied to an artery from a neck deformity from arthritis, the combination can induce a stroke.
