Spotlight On Hollywood

HOLLYWOOD (A)—Can you imagine spending 24 hours a day with your mate, week in and week out?

Probably not. It seems impossible for any two human beings to get along together without being apart some of the time.

Yet Albert Hackett and Frances Goodrich do it. They not only get along, but have won a Pulitzer Prize for playwriting and have a fabulous string of screen play successes.

The Hacketts are the authors of "Diary of Anne Frank," which won the Pulitzer nod for 1955 and is still playing in packed houses in New York. Their film credits stretch from here to Catalina, including such nifties as "Naughty Marietta," "The Thin Man series," "Ab, Wilderness," "Easter Parade," "It's a Wonderful Life," "Father of the Bride," etc., etc.

They just returned from France, where they researched their next script, the film version of Francoise Sagan's book, "A Certain Smile."

The Hacketts live in a roomy house in fashionable BelAir, a tribute to their financial accomplishments. They greeted me at the door, Hackett, an earnest man with a grey crewcut, and his wife, equally earnest and with a handsome head of red hair.

I asked them how they managed to get along so well. "I don't suppose we would be able to do it unless we worked together," she remarked. "We love our work and are stimulated by it. Besides, I have a great respect for the talents of Mr. Hackett."

Her husband picked up the cue. "And I have a great respect for the talents of Mrs. Hack—I mean Miss Goodrich," he said.

This collaboration has been going on since the early '30s. Both acted on the New York stage with some success. They decided to try writing plays together but didn't click until the third try, "Up Pops The Devil" in 1931.

"We got married after it proved a hit," said Hackett. "After all, we had to see if the collaboration was going to take."

It did. From then on they were the thoroughbreds of the MGM writing stable, leaving "about every 10 years" to do a play. One occasion for an absence was when they had nervous breakdowns. They do everything, together.

News Of Men In Service

MOREHEAD, CITY, N. C. (FH TNC)—Pvt. Jack D. Petty, son of Mr. and Mrs. Alvin J. Petty of Route 1, Box 138; Pvt. John E. Smith, son of Mrs. Susie Smith of Route 1, Box 138; and Pvt. Willie D. Petty Jr., son of Mr. and Mrs. Willie D. Petty of 608 W. 8th St., all of Sanford departed Morehead City, N. C., Aug. 21 with the Third Battalion, Second Marine Division, for a good-will tour of the Mediterranean.

The battalion will join the Sixth Fleet in relief of the Second Battalion, Eighth Marines, which has been in the Mediterranean since March.

The battalion will participate in amphibious exercises in several of the NATO countries and make goodwill visits to numerous European countries.

Church Observes 31st Anniversary

OFFICERS OF THE FIRST CHRISTIAN church taken at the 31st anniversary celebration last Sunday. Left to right, they are: George W. Morgan, Mrs. O. T. Pearson, Bert E. Parvis, B. H. Williams, W. H. Young, the Rev. Perry L. Stone, and O. D. Landress. Officers not present when picture was made included Earl Evans, Mrs. Eunice Horton, Clyde Feathers, and Lester Tharpe. (Staff Photo)

Local Church Has 31st Anniversary, Homecoming

Last Sunday the First Christian Church (Disciples of Christ) held its 31st anniversary and homecoming. The church in Sanford was organized Sept. 20, 1925 and the present building dedicated on Mother's Day, 1929. The building fund mortgage on the church was burned on Mother's Day, 1943.

The Rev. Perry L. Stone, minister conducted the morning worship service, using the subject, "Christ's Church." Mrs. Ruby Wilt conducted the choir in singing "God's House." The sanctuary was filled to capacity. Dinner was then spread on tables erected on the church lawn, featuring fried chicken and all the good with it.

After the bounteous luncheon the afternoon session was called with Mrs. N. V. Farmer again at the organ. Congregational singing was featured followed by the choir singing "The Lord is in This Place" again led by Mrs. Deitz. Several long time leaders in the church were asked to make remarks which were recorded for the church archives. The congregation was honored to have the Rev. Lawrence Ashley of Ocala, Executive Secretary of the Florida Christian Missionary Society, to give the afternoon address taking as his subject "Hearing the Word of God." An offering was taken for the Building Fund of the Educational Building.

Tax Levy Set With No Increase in Millage

The more than one million dollar "overall" budget for the city of Sanford became official last night supported by a resolution and the adoption of an ordinance. An ordinance was immediately adopted, following the official approval of the budget, which set the tax levy for the fiscal year 1957-58.

The ordinance fixed the tax levy at 13.6 mills and stipulated in the ordinance as a "sum necessary for the operation of the City of Sanford."

Commissioners pointed out that the budget needs were met without increasing the tax millage even though the demands on the city were greater. 7.5 mills of the tax will be allocated to the General Operating expense of the city and six mills for Debt Service.

City Manager Warren E. Knowles, reporting to the commissioners on the importance of a pay schedule, said that "over 58 percent of the City of Sanford's annual expenditures are for the payment of salaries."

Knowles explained that the main base for the salary comparisons was the pay schedule of the City of Daytona Beach which was adopted by that city on Feb. 20, 1956. However, the City Manager pointed out, that the survey was based on salaries paid in Coral Gables, Ft. Lauderdale, Gainesville, Key West, Lakeland, Miami Beach, Orlando, Pensacola, St. Petersburg, and West Palm Beach.

Wilson's Condition Said Satisfactory

WASHINGTON (AP)—Secretary of Defense Wilson was described as being in satisfactory condition at Walter Reed Army Hospital today after undergoing surgery.

Boat Explodes, Catches Fire; 2 Men Escape

A 39-foot boat blew up and caught fire in Lake George late yesterday afternoon, according to its owner Ollis Owens of Sanford. Owens said this morning that he and his brother, Blanton Owens of Longwood, were fishing in Lake George right at the mouth of Jupiter Run in the south portion of the lake when the explosion and fire occurred.

The inboard cabin cruiser carried 65 gallons of gasoline which Owens said he had just put in the tank which held 80 gallons. "I had to crawl through the cabin and out of the hatch," Owens said, "but my brother was on the deck."

Owens stated this morning that his knee was injured as he came through the hatch. "We didn't have time to get anything off the boat," he said. "I tried to get the fire extinguisher operating but the fire was so hot we had to get away from it."

Owens said that he and his brother stayed at the scene of the fire in a small boat they were towing and from which they had been fishing, and the boat was still burning when they left.

When the tank exploded, Owens said, it went up into the air just like an atomic bomb, mushrooming and settling on the water. "We left the scene of the fire and went to Silver Glenn. But it took us about three hours to paddle through hyacinths with our hands," Owens said.

"The loss," he said, "is covered by insurance."

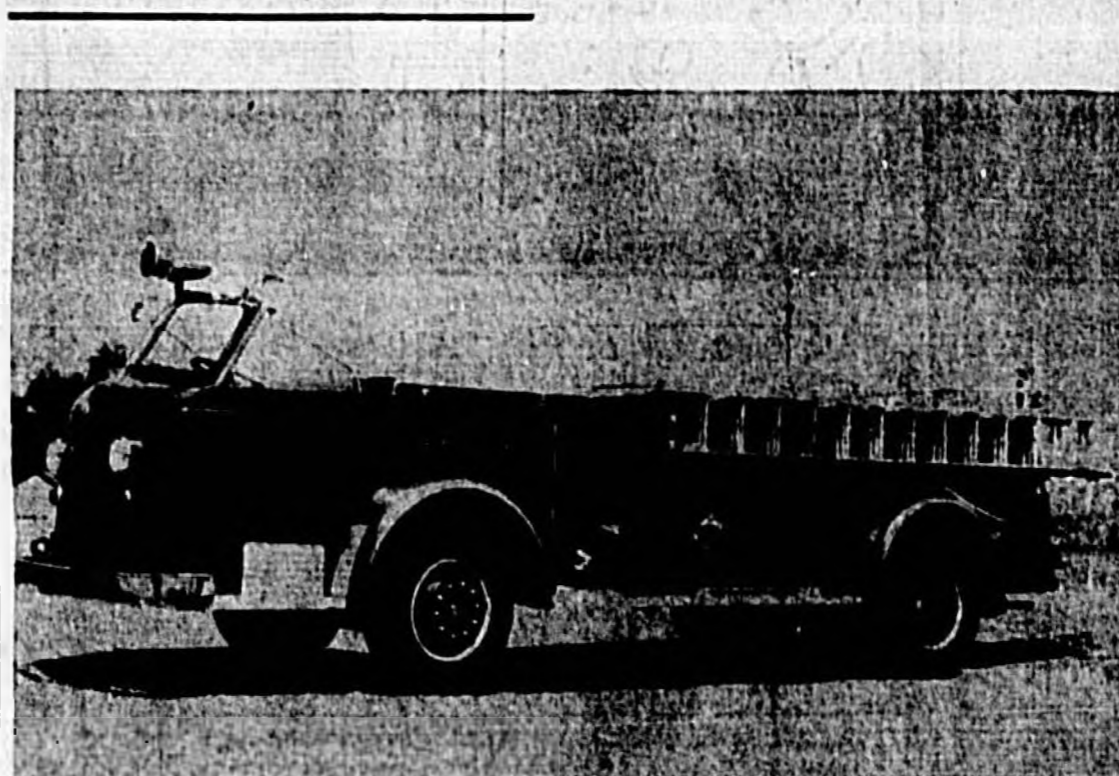

Owens said that he and his brother stayed at the scene of the fire in a small boat they were towing and from which they had been fishing, and the boat was still burning when they left.

When the tank exploded, Owens said, it went up into the air just like an atomic bomb, mushrooming and settling on the water. "We left the scene of the fire and went to Silver Glenn. But it took us about three hours to paddle through hyacinths with our hands," Owens said.

"The loss," he said, "is covered by insurance."

Commission Okays Overall Capital Improvement Program

New Fire Trucks For Sanford

THE BOARD OF CITY COMMISSIONERS last night approved the purchase of two fire trucks shown above. Both trucks will be American LaFrance Pumps of 750 gallon capacity and will be fully equipped.

\$400,000 Financing Necessary

The Board of Sanford City Commissioners, in a lengthy session last night, put their stamp of approval on the overall "Capital Improvement Program" contingent upon a commitment for \$400,000 necessary to complete the city-wide improvements which have been in the planning stage for many weeks.

It was pointed out that the funds for the construction of a new Municipal Civic Center, Fire Station, Colored Swimming Pool, street lighting, new fire Department pumps, and other improvements will not come from taxpayers pockets but will come from the Florida Power and Light Co. franchise monies.

The Mayor, F. D. Scott, City Attorney William C. Hutchison, City Clerk H. N. Sayer, and City Manager Warren E. Knowles were appointed to a committee to secure a commitment for funds of \$400,000.

City Manager Warren E. Knowles pointed out that the overall program will actually require \$633,000. However, funds from the commitment will be spent as needed for the program and unused funds would revert back to the agency from which the funds are secured.

The total value of the projects comes to \$478,000, said the City Manager, but the trade-in of used equipment and the cash on hand reduces the amount of cash needed to the \$328,000.

Architect John Burton IV, present at last night's meeting, displayed plans for a modern Fire Station proposed on a French Ave. location, which met immediate approval of the Board of City Commissioners. "This is the first of this type of Fire Station I have ever seen," said Burton as he described the open area for the parking of fire trucks. The new Fire Station No. 3 will cost the city, in its Capital Improvement Program, slightly in excess of \$1,000.

Also approved last night at the city hall session was the purchase of two American LaFrance pumps of 750 gallon capacity. The trucks will be fully equipped with hose and fire fighting equipment. Architect John Burton IV, pointed out to the Board of Commissioners last night that the new Colored Swimming Pool will not exceed an estimated \$200,000. Burton was instructed to begin immediately construction plans and specifications for the three building programs. Completion of the plans however will be dependent upon the commitment for funds.

The scale model of the proposed Sanford Civic Center was on display at the Board of Commissioners meeting. Actual cost of construction will come to an estimated \$164,000. In addition, however, there is a \$18,000 cost for equipment, with the balance of the estimate cost in architects fees. Approval of the Capital Improvement program last night brings to Sanford one of the first overall programs for Sanford in many years.

City Manager Knowles reported to the Board of Commissioners, at last night's session, that "I have had nothing but good reports from those who have seen the scale model of the Sanford Civic Center."

Car Dealer Will Attend Special Meet In Atlanta

Arthur Pleva, Seminole County Motors, Dodge-Plymouth dealer at 319 E. First St., will leave for Atlanta this week-end to attend a special meeting of Dodge-Plymouth dealers next Monday at the Naval Air Station here, to review merchandising plans for his coming year.

Highlight of the session, according to Art Pleva will be the first private showing of the new Automobile '57 Dodge-Plymouth line of cars and trucks. Top level factory officials will address the session, at which it is expected many startling changes in design will be disclosed.

Pleva is planning to leave here with other Dodge-Plymouth dealers by car, and will make his headquarters during his visit at the Georgia Hotel.

CofC Coffee Club Meeting Thursday

The regular monthly "Coffee Club" of the Seminole County Chamber of Commerce will be held Thursday morning at 10 o'clock at the Chamber of Commerce Building.

Members get together for "coffee and doughnuts" during the half-hour session where new business people of the city and visitors are introduced.

Raceway Proves Top Training Center

Historic Seminole Raceway training track, which has been the prep school for numerous world trotters and pacers, is continuing to show up as a top training center on basis of recent rolling in from the harness race owners of the nation.

Two of the 150 horses that trained at Seminole last season have shown up exceptionally good in the race summaries, managing to increase their bank savings for owners.

Warpath, a five year old pacer in the Saunders Mills Stable, who went to the races this spring with earnings already totaling \$28,231 from his showing at the track, has continued to boost the bank roll considerably.

Outstanding showing of this mainstay of the Saunders Mills barn was his performance at Sportsman's Park in Chicago where with C. W. Curtis in the sulky he won the \$5,000 speed special event in the time of 3:08.4 on a rain-soaked track. Showing what he had in mind in beating the other speedsters teamed in the race, Warpath paced the last half mile in 59.3—and that on a slow track.

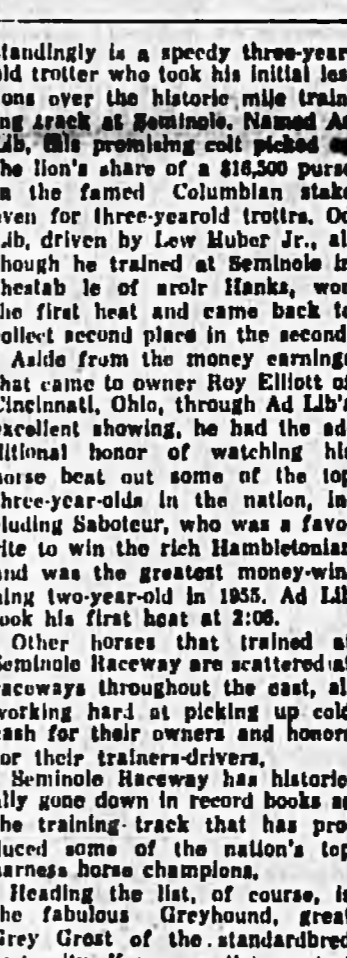

Earlier in the season Warpath had set the track record of 3:01.3 but his best time was later lowered by another speedster who chopped off another two seconds before the season ended at Sportsman's Park.

Another Seminole-trained standardbred who has performed outstandingly is a speedy three-year-old trotter who took his initial lessons over the historic mile training track at Seminole. Named Ad Lib, this promising colt picked up the lion's share of a \$18,500 purse in the famed Columbian stake even for three-year-old trotters. Od 'Jib, driven by Lew Huber Jr., although he trained at Seminole in the stable of actor Hank, won the first heat and came back to collect second place in the second.

Aside from the money earnings that came to owner Roy Elliott of Cincinnati, Ohio, through Ad Lib's excellent showing, he had the additional honor of watching his horse beat out some of the top three-year-olds in the nation, including Saboteur, who was a favorite to win the rich Hambletonian and was the greatest money-winning two-year-old in 1955. Ad Lib took his first heat at 3:08.

Other horses that trained at Seminole Raceway are scattered at racetracks throughout the east, all working hard at picking up cold cash for their owners and honors for their trainers-drivers.

Proposed Fire Station No. 2

Other Hambletonian winners which were trained at Seminole Raceway included such greats as Rosell, who won in 1936, Chesterton in 1946 and Sharp Note in 1952.

With the planned expansion of Seminole Raceway and increasing of the horse population from its present capacity of 250 to 600, it appears that Seminole County now look forward to seeing other top trotters and pacers emerge as world champions whose gait and speed and conditioning have brought attention through the years to this great Raceway of the Champions.

Weather
Partly cloudy to occasionally cloudy with occasional showers through Wednesday; low tonight 60-72.

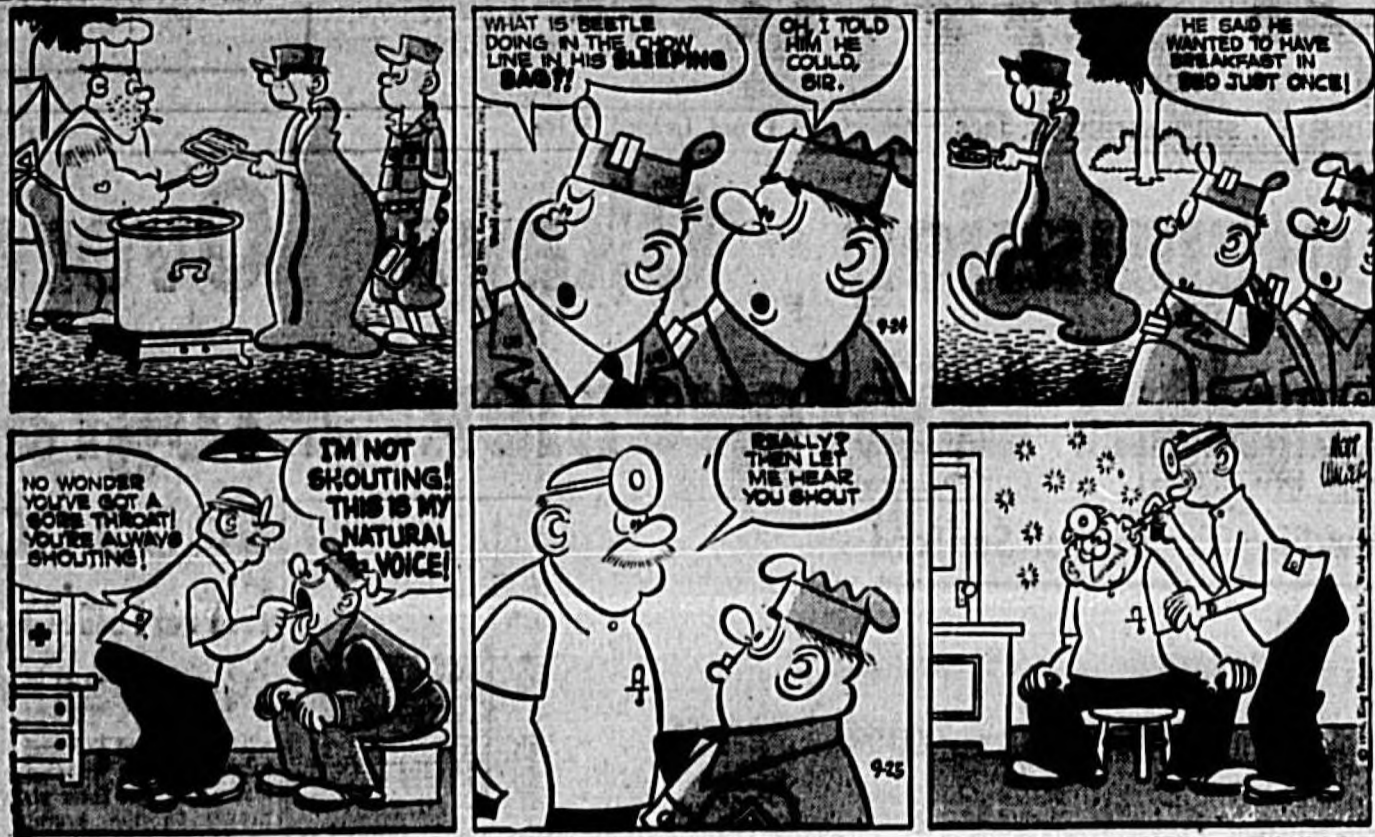

Proposed Program For CofC Will Be Told To Jaycees

Members of the Seminole County Junior Chamber of Commerce will learn more about the proposed program of the Seminole County Chamber of Commerce during the coming year at the Yacht Club Thursday.

Clifford McKibbin, president of the Seminole County Chamber of Commerce will be the principal speaker. Jack Howell, director of the local Jaycees, will introduce the speaker.

Princess Margaret Departs To Visit British Territories

By ALVIN STEINKOFF
LONDON (AP)—Princess Margaret flew off Friday on a five-week official visit by plane and ship to British territories in the Indian Ocean and East Africa. Queen Mother, Elizabeth waved farewell as the giant, four-engine Argonaut lifted her 36-year-old daughter into the overcast sky over London for the trip into the sunny tropics. Queen Elizabeth II and her family were not on hand. They are vacationing at Balmoral Castle, in Scotland. The five-week tour is the princess' most important official function since the breakup last October of her romance with Group Capt. Peter Townsend. The handsome, divorced air ace is himself soon to leave for Africa — by jeep on a round-the-world trip.

For her departure the princess wore a form-fitting navy blue coat and a head-bugging hat. Her mother, also in navy blue, said a brief private farewell in the plane, then stood on the airfield with Colonial Secretary Alan Lennox-Boyd to watch the departure. As the big craft moved away, the princess waved gaily from a seat by a window. Margaret's plane headed first for Britain's Mediterranean rock bastion of Gibraltar. From there the royal route lay through Kano, on the edge of the Sahara, and Entebbe, in Uganda, to Mombasa, the Kenya port where the princess Saturday boarded the royal yacht Britannia, her home for the major part of the trip. After a weekend round in Mombasa, she began a six-day voyage to the island of Mauritius, east of Madagascar. On her way back she will call in at Zanzibar, Tanganyika and kept before flying back to London Oct. 25. As royalty does on such official visits, Margaret will be the guest of honor at a dozen garden parties and state dinners. She will meet many native chiefs, bringing them greetings from her sister Queen Elizabeth II. During the past two years, Americans have bought Savings Bonds at a pace that is exceeded only by the World War II years. You can always depend on United States Savings Bonds. ing them greetings from her sister Queen Elizabeth II.

COME: MEET YOUR OLD FRIENDS

September 24, 1956

Mr. Neil Howell
806 West 8th St.
Topeka, Kansas

Dear Mr. Howell;

Our Chamber of Commerce tells me that you are interested in Sanford and Seminole County. I was asked by the chamber to send you a sample copy of our paper. May I be among the first to thank you for your interest. We are proud of our city and county (and our state), and like to encourage more and more people to settle here. Sanford is a place of rapid development, and one of the most pleasant spots in the state. Located on the beautiful St. Johns River, it has much to offer its citizens. I could go on and on with hundreds of statements and facts about Sanford and Seminole County, but you will find out for your self if you come down this way.

May we offer you a chance to become better acquainted with the area and the people through our newspaper? I'm sure you'd enjoy reading it, and out of reading would gain much information on this area.

May I Hear from you.

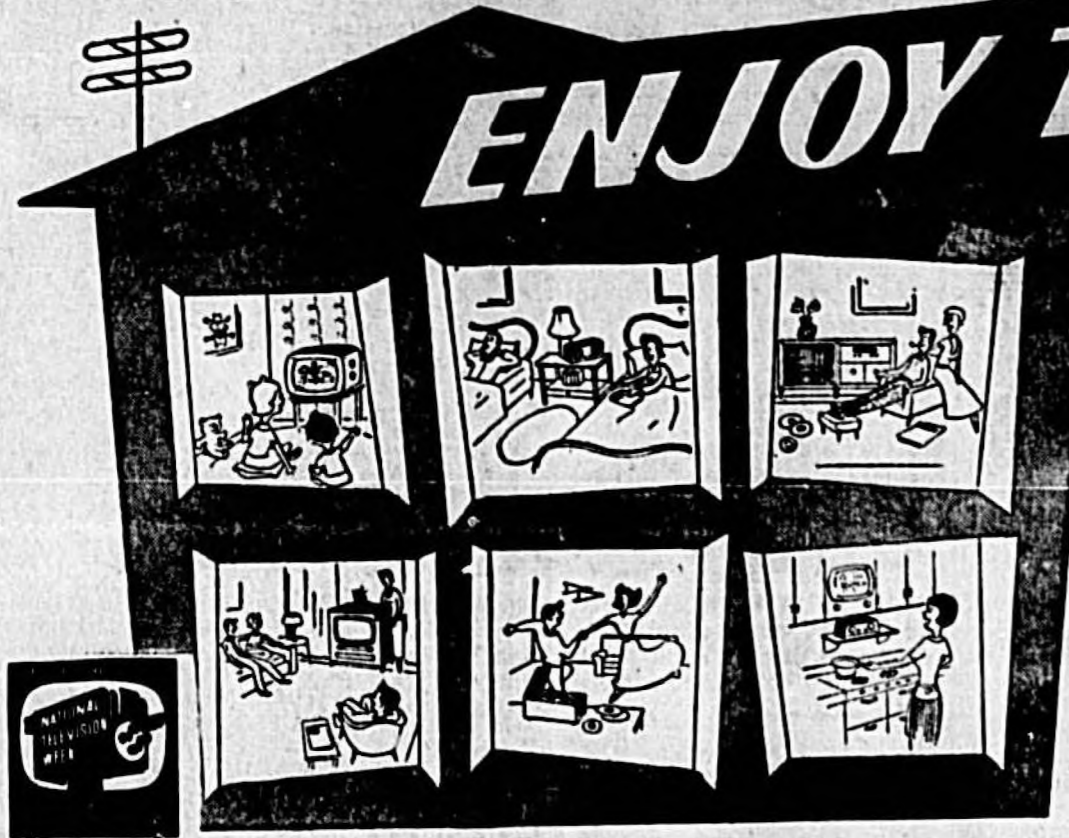

Sincerely yours,

C. C. Holley, Jr.

Men Expecting To Be Candidates Nov. 6 Should Make Selves Known

In our way of thinking, it is entirely unethical for political enemies (so to speak) or contenders, and one may call them either—to go to the extremes in campaigning.

However, our way of thinking is neither here nor there, when once either side takes to the tactics of mud-slinging—and it is almost inhuman for the opposition to remain cool, calm, and collected.

On top of that how must the voter react. Should he remain calm, cool, and collected too? That doesn't seem fair either.

But, a statement is a statement and mud-slinging begets mud-slinging.

Right now, we are in the midst of a campaign—a campaign for the presidency of the United States. There's a vice-president's race too.

Not to slight them in the least, there are other races of great importance—congressional races—senatorial races—governors races—and on and on through an endless chain of offices, national, state, district—county and city.

There are very few who might have the very faintest notion what it is like in the inner circles of a candidate's organization. The push toward extreme tactics becomes irresistible as a frantic and unbelievable schedule takes place and the busy candidate lives in a half-world which even makes realities seem far away and dull.

During a campaign there is little time for privacy as the candidate is rushed here-there-yonder. His closest advisors are armed with statistics gleaned by a research staff. The statements of the opposition are carefully scrutinized—broadcasts listened to—TV appearances closely observed.

And then comes the mud-slinging! Once the campaign is over then what can we expect?

Frankly, the voter, the man who had to make up his mind as to which candidate he'd like to vote for, didn't have a fair shake. His mind was muddled with all of the extraneous stuff, palovar that has nothing to do with

the candidate, his platform or his ideals.

We're sure, that when the voter, trying to make up his mind, begins to discuss with himself the basic fundamentals of "Who will make the best man," as he emerges from his lethargy his mind is as made up as the moment he started his thoughts.

Finally, he shrugs and confesses, "Oh, drat it, I'll just vote with the crowd."

Of course, if the campaigner were questioned, he'd answer, "Well, we have the freedom of casting our ballot as we choose—and this man is no different from the other."

True! But we still contend that the campaigner, in his frenzied efforts to win an election, either through the suggestions of his advisors or through his own choice, hasn't given the voter a fair shake!

This leads us right into a situation with which the citizens of Sanford are faced.

Perhaps you haven't thought of it—perhaps you don't know, that there are three commissioners to be elected in the forthcoming race for a seat on the board that keeps rein over the affairs of your own city.

Sanford is growing—It has been growing steadily even though a line of two sand was placed on the tracks of progress—and our city must be guided by men of integrity—and in-built desire for progress—progress that will bring industry, population, commercial and retired peoples to our city.

To cope with the growth-fever, Sanford must be led and managed by a board of Sanford City Commissioners second to none in Florida. We say that because the potential here in Sanford is tremendous—greater than any other city, large or small, whatever their braggadoocio might be.

Our present Board of Sanford City Commissioners has done a wonderful job—and we dare say that anyone who has served as a City Commissioner has done a remarkable job—as he saw fit.

On November 6, the citizens of Sanford will again name three men to this board, one for one year, two for three years.

We believe that the five men who sit as your Board of Sanford City Commissioners are not paid enough for them to give up time from their businesses and pleasures. Five dollars a meeting is "mere chicken feed."

At the same time, we believe that the Mayor of Sanford should be elected every year along with commissioner vacancies. And with the Mayor's position, a salary commensurate with his duties.

Fortunately, we have had men of the highest calibre on our Board of Sanford City Commissioners. Each one has given of his time and talents to perform his duties on behalf of the city to the highest degree.

And now, as Sanford enters a period of prosperity unmatched by any other era, we need capable, energetic, progressive men to carry our city through a period of growth, expansion, building, and planning.

It is time that those leaders, who expect to be candidates in the forthcoming city election, make themselves known so that citizens might have an opportunity to talk with them about their plans for Sanford.

There is a big job ahead for both citizens and commissioners alike.

BIBLE VERSE

And the Word was made flesh and dwelt among us.—John 1:14

Profound scholars differ in the interpretation of philosophy: it is too high for us, but the youngest child can imitate a good example and be thrilled by a supremely great life.

G. Edwards Builds Homes For Elderly

By HAL BOYLE

NEW YORK (AP)—Millions of news homes for young married couples have gone up in America's vast postwar building boom.

But Gilbert P. Edwards, a 32-year-old Brooklyn-born engineer, is pioneering in a new field—providing housing designed to satisfy the different wants of retired couples.

His latest venture is a 16-million-dollar Eden for the elderly at Fort Lauderdale, Fla., a project he feels will help set a new pattern in living for the growing army of U. S. senior citizens.

Something of a boy genius, Edwards is already a veteran builder. At 19 he was graduated from Brown University. As an ensign still below voting age he was resident officer in charge of supervising construction at the multimillion-dollar Alameda Naval Air station in California.

After leaving the Navy, he went to Florida with his \$500 discharge pay and immediately began to parlay it into a fortune by specializing in building developments catering to the older generation.

"I feel now I know exactly what retired people want," he said. "They want security, first of all, but a security that is physical as well as financial."

"They don't hanker for the wide open spaces, nor do they like the skyscraper—crowded big cities. They prefer a community which is small and friendly, one in which

they can associate people in their own age brackets and with the same interests."

His new project, Breakwater Beach, is a 34-acre site surrounded, except for a 42-foot ocean front, by a five-foot-high wall to give it privacy.

The walled-in city will have its shopping center, an 11-story hotel, five cooperatively owned apartment buildings, an 18-hole pitch and putt golf course, tennis courts, gardens, boat anchorage space, and a surf club—but no night club.

"Most retired people don't want a whoop-de-do atmosphere," said Edwards. "They go South to relax and get away from noise."

He plans no paradise for paupers. The apartments will cost from \$12,000 for one with a single bedroom to \$50,000 for a five-room penthouse, with monthly maintenance fees ranging from less than \$60 up to \$120. But a surprising number of retired folk, particularly those who have owned their own homes in the past, can afford this scale of living.

"We're not going in for snob appeal," said Edwards. "We aim at the average retired small business or professional man."

His present project will take three years to complete. Edwards sees it only as the forerunner of a series of specially built cities for the elderly, his no fear his potential market will diminish.

Pointing out that the population of the Fort Lauderdale area has more than doubled since 1950, he said: "There are 14 million people 65 or over in the United States now. By 1975 there will be more than

BIG GAME HUNT

Too Late To Classify

Many years ago when I lived in Los Angeles as a boy, before heavy industry came to Southern California, the air was as clean and pure as anything Florida has to offer today. There was no such word as "smog" and the only contamination of the air came from an occasional Santa Ana wind storm or a forest fire.

Last summer when I visited the area, I found the air laden with a variety of fumes that was annoying to eyes and nostrils. Visibility was limited and I didn't like it. I was told that during my visit, the smog wasn't nearly as bad as it was sometimes.

In view of my experience I was interested in reading an editorial written by Henrietta and Nelson Poynter, publishers of the St. Petersburg Times, who are visiting Los Angeles this summer. They point out the tremendous difficulty this thickly populated area of Southern California is experiencing today as a result of the tremendous unplanned industrial growth which has caused unhealthy living conditions aggravated by a terrific traffic problem.

Termining the smog, "Garbage in the sky," they point out that the 1,600,000 factories and industrial plants, large and small, continually send into the air such deadly fumes as carbolic acid, aldehydes, formaldehyde, ammonia, sulphur dioxide and oxides of nitrogen. Add to this the exhaust fumes of millions of automobiles, buses, trucks and taxicabs, and it is not difficult to understand where air pollution comes from.

Lake Florida, California had long enjoyed a big tourist trade, but the two things tourists like most, fresh air and sunshine, are no longer assured in Southern California, at least not in the Los Angeles basin area. Here the tourist doesn't find a visit a very pleasant experience. It is no fun to drive your car when visibility is difficult and when your eyes smart and burn and your throat is scratchy.

The reaction of the Poynters is particularly interesting to Floridians at this time. We are just beginning to experience a tremendous industrial growth. What will happen in Florida during the next few years is anybody's guess; all indications point to a growth as fast or faster than that ex-

perienced by Los Angeles. The populous Tampa Bay area which includes Tampa, St. Petersburg, Clearwater, Bradenton, Sarasota, Plant City and other communities, is experiencing a tremendous expansion. Concerns like the American Can Company, American Cyanamid Company, Minneapolis Honeywell, Kaiser Aluminum & Chemical, Pratt & Whitney, Glenn L. Martin Co., and countless smaller concerns are establishing new industries or expanding.

All have waste of some sort to contend with and such wastes will pollute our air and water. The Poynters call attention to the immediate need for strict laws and careful planning and zoning to require industrial concerns to be as far as possible and to seek only those industries as are relatively free from such unwelcome habits.

Typical of ideal industry is the Prudential Insurance headquarters in Jacksonville. This brings both people and money to the community but none of the objectionable features that attend chemical plants.

Limited access highways and traffic patterns designed to care for the rapid movement of traffic is imperative in an industrial area and this should be planned for many years ahead of the growth if chaos is to be avoided. Tampa is years late in this respect, but now plans to meet the situation head-on.

MRS. MARGUERITE GRAHAM, shown here with some of the souvenirs she has collected in the different places she has visited.

Mrs. M. Graham Displays Beautiful, Unusual Souvenirs From Many Places

Mrs. Marguerite Graham, who all white schools of Seminole County, has a most interesting sideline in which she has indulged ever since moving to Sanford seven years ago. She travels and collects. So far she has confined her trips mostly to places that are readily accessible from Florida, as she does most of her traveling during Christmas vacations. These have included Mexico, Haiti, Dominican Republic, Jamaica, Nassau, Porto Prince and the Virgin Islands among others.

From each of these places she has brought back beautiful and unusual souvenirs. When interviewed she was wearing an outfit from Mexico which consisted of a white peasant blouse, embroidered in brilliant, colored peacock, worn with a full skirt in a black and white print. Also from Mexico were the silver earrings and hair clips worn with it.

Mrs. Graham said that she loved Jamaica but thought Nassau too commercial; and in Porto Prince found the prices very reasonable, but thought they had probably gone up in the two years since she had been there.

Mrs. Graham, in addition to visiting outside the country, has also done some traveling in the United States as well as Canada. She says she saw Yellowstone National Park, but wasn't impressed, because she's never cared much for shows and Yellowstone is "nature's slideshow."

Featured in her collection of beautiful mementos are mahogany trays, salad bowls, and a carved figure of a boy playing the drums from Haiti; from Dominican Republic a mahogany figure of a monk sitting down reading a book; from Mexico extremely soft and lovely wooden shawls, as well as silver pieces, straw figurines, and embroidered peasant blouses; straw baskets and hats from Jamaica; and several pieces that came to her from one country by way of another. In the Virgin Islands she purchased a silver pin, from Denmark, an

By MARIAN JONES

OVIDEO—We think it is hard to see so many going on early vacations leaving us to suffer the heat, but we find it nice after all to have a late vacation and return to cooler weather.

After enjoying a week in North Carolina and ten days at Daytona Beach, we returned to find our maid sick, at a very convenient time—for her, fall housecleaning time. For two weeks we have cleaned, painted and have gotten a son ready to return to college. When time came to return to work, we found we could enjoy another vacation. We have resolved that next time we take a vacation we will have the fall cleaning done in advance, betcha.

We find that R. W. Estes (Ted) has been quite ill in the Orange Memorial Hospital. Mrs. Estes says he will still be there for some time.

Bob Ragsdale, who opened a Radio and Television shop in the Nibleck building, has bought out a shop with Jim Burkett in Sanford. He, his wife and little daughter, Marsha, will soon be moving to Sanford.

We found that Judge Aulin had been confined to the hospital in Winter Park during our absence but is home and getting about fine now.

Mrs. Mae King has just received word of the death of a cousin in North Carolina who has visited her here quite frequently.

Mr. and Mrs. Gorman Wilson, of St. Augustine, were with their uncle and aunt, Rev. and Mrs. J. N. Thompson Thursday. Both have visited here and are quite well known here. Mr. Wilson lost his mother a couple of weeks ago we were so sorry to learn.

Boss Noegel, manager of the Oviedo Drug Store, was absent. We learned that he is on the other half of his vacation. He spent the first half on a trip to Niagara Falls and other interesting places.

Mrs. G. W. Alford is visiting relatives in Alabama.

Wiley Abell, assistant bank cashier, is also on vacation but not going very far. He and his brother, Erwin, spent a couple of days in Folkston, Georgia with relatives.

evening purse in black velvet and silk embroidered in silver thread from India and from England some glass figurines that look as if they came right straight out of a Charles Dickens novel.

SHOWN ABOVE at the tea honoring Miss Cherry Singletary, are Mrs. Robert Crumley, Miss Singletary, Mrs. Claude Hendrick and Mrs. Harold Appleby.

Miss C. Singletary Honored Saturday In Appleby Residence

Miss Cherry Singletary, who is to be married on Nov. 21 to G. M. Ryan, was honored Saturday at a tea, hostesses for which were Mrs. Harold Appleby, Mrs. Claude Hendrick Jr. and Mrs. Robert Crumley. Assisting were Mrs. Allan Jones, Mrs. F. E. Roumillat, Mrs. R. F. Cooper, Mrs. Claude Hendrick, Mrs. Joe Corley, Mrs. Paul O'Dea, Miss Anna Corley, Miss Irma Jean Corley, Mrs. Francis Meriwether, Mrs. Grady Herman and Mrs. Ray Herron.

More than 200 guests called at the Appleby home during the appointed hours, from 4 to 6, and signed the bride's book, which, at the close of the affair, was presented to Miss Singletary as a memento of the occasion.

The guests were met at the door by Mrs. F. E. Roumillat and introduced to the receiving

line, composed of Mrs. Harold Appleby, Mrs. Claude Hendrick, Mrs. Robert Crumley, Mrs. Sandy Anderson, and the guest of honor, Miss Cherry Singletary.

The Appleby home was beautifully decorated for the affair, with green and white the predominant colors. In the huge Florida room, which is separated from the living room and dining room by glass doors, was a six-foot monstera complimented by its partner of brass-handled California Redwood. Also in California Redwood containers were the defunctive hedges used on the bottom step of the gracious winding stairway and elsewhere in the Florida room.

On the coffee table in the Florida room was a most unusual and attractive arrangement of bronze and rust-colored rhyanthemums with crotons, all of which contrasted with and served to complement the green and white used elsewhere.

On the desk, in the living room was placed a silver bowl containing white carnations and baby mums and sweetheart roses. At either end were white tapers in tall silver candleholders.

Silver appointments were used on the tea table which was overlaid with an exquisite cloth of linen cutwork, and featured a lovely epoque of white candles.

Rev. Blackburn Is Guest Speaker At Ware Class Meet

The Ware Bible Class of the First Methodist Church met Tuesday at 7 p. m. at McKinley Hall for a covered dish supper. Hosts for the occasion were Judge R. W. Ware, P. H. Wyatt, Mrs. Jack Burney, Miss Ethel Riser and Mrs. Joe Arraruello.

After supper, the business meeting was held and was presided over by the class president, Robert H. Reely. The devotional was given by Mrs. W. W. Tyre, after which Judge Ware introduced the Rev. A. B. Blackburn, of Trinity Methodist Church in Deland, who spoke on "Knowing Yourself." He said that you are able to have more influence on people than you think you can.

After Rev. Blackburn's talk, the following officers for the coming year: president, Robert H. Reely, vice-president, Mrs. Carl Williams; secretary, Miss Ethel Riser; treasurer, P. H. Wyatt.

There were about 40 members and guests present.

Lusters Honored In Muzik Home On 1st Anniversary

A very pleasant surprise party was held at the home of Mrs. Theresa Muzik, 101 W. 9th St. Sunday, Sept. 23, honoring Mr. and Mrs. Lew Luster of Lake Mary, on their first wedding anniversary.

Seven states were represented by those attending, who were Mr. and Mrs. Harold Snell, Mr. and Mrs. Jack Whitney, of Wyandotte, Mich., Mr. and Mrs. Luster, of Mountville, W. Va., Mr. and Mrs. William Luster, and daughter, Elaine, of Cleveland, O., Mr. and Mrs. Ray Austin, of Ga., Mr. and Mrs. Roy Hunter of Atlanta, Ga., Mr. and Mrs. John Shank of Abilene, Pa., and H. G. White, of Sanford.

The Lusters moved to Florida following their wedding in Mentor, O., last year. Mrs. Harold Spellman was matron-of-honor at their wedding and Jack Whitney was best man.

Jr. Story Leagues Start Second Year Of Study, In Oct.

The Junior Story Leagues will begin a second year of story telling and study in October. There are two of these Junior Leagues—The Peter Pan and the Little Women. The Peter Pan is comprised of Junior and senior high school girls, while the Little Women are of grammar school age.

The Junior Leagues were organized in September of 1955 with Mrs. Fred Ribb, Mrs. J. F. Young, Mrs. W. L. Roche, of the Sanford Story League, and mothers of the girls sponsoring the two groups. Monthly meetings were held and members were taught how to conduct meetings, and were given lessons in story telling. The members told stories and served refreshments at each meeting.

The Junior Leagues have been granted charters and are members of the National Story League. Each member receives a subscription to Story Art Magazine in return for her dues of 75c a year.

Four Sanford girls attended the national convention in Tampa, and Bonnie Wilson, president of the Peter Pan group, told a story at the Junior Luncheon program.

At the October meeting of the Peter Pan Group, Miss Nancy Robb will be installed as new president, convention reports will be

given and stories told will be those from Junior Day at the National Convention.

The Little Women will have an election of officers, a convention report and story program. Girls desiring to join a story league, contact a sponsor or phone 1056-R. October meeting dates will be announced later.

Ten Men, Girl Will Name Peter Schaaf Trophy Winner

Ten men and a girl will name the winner of the 29th annual Peter Schaaf Trophy which will be presented next June to the most valuable player on the Seminoles High School football team.

This announcement was made here this morning by the donor after he had made contact with the 11th judge, none of them identified, and all unknown to each other.

As has been the custom since the first trophy was won by Loton Edenfield in 1928, it goes as a permanent award to that player who, in the opinion of the judges, was indeed the most valuable player on the squad.

"Such a title," the donor said this morning, "could even be won by a boy benched because of injuries in the first game, or even in pre-game scrimmages. His spirit could so permeate the minds and hearts of his team-mates that they'd literally be playing for him in their determination not only to play victorious football but football of the highest type, the kind in which good sportsmanship predominates."

The award, oldest consecutively presented sports award in the entire south, will be presented the winner at graduation exercises in June but name of the winner will be announced at the annual Tri-Hi-Y banquet in December.

Previous winners were: Edenfield, 1928 and 1929; George Moye, 1930; John Courier, 1931; Hendrix Lyles, 1932; Quinn Jordan, 1933; George McClelland, 1934; Elwyn Squires, 1935; Leland McClelland, 1936; Robert Stolin, 1937; Darrel Ferguson, 1938; Jim Riser, 1939; Vernon Altman, 1940; Bill "Levi" Brannan, 1941.

Also, Billy Fleming (now coach of the team) 1942 and 1943; Herman Brumley, 1944; Willie Anderson, 1945 and 1946; Wallace Tyre, 1947; Richard Bass, 1948; Charles Anderson, 1949; Mike Whelchel, 1950; Ed Gordon, 1951; Buck Metts, 1952; Ross Hannum, 1953; John Jones, 1954; Jim Hawkins, 1955.

Redlegs Need Victory

By ED WILKIN
The Associated Press
Cincinnati's Redlegs, staying alive with a six-game winning streak in the National League race, got one last chance to keep their foot in the pennant door today. All they had to do was beat Milwaukee.

It was no breather either for the Braves, who slipped back into first place by three percentage points when Pittsburgh jolted Brooklyn back to second 6-5 last night.

In fact, none of the contenders can take another loss and look healthy. But while a victory won't guarantee anything for the Redlegs, they'll be dead without it.

Dodgers Are Back In Second Place

By JACK HAND
BROOKLYN (AP) — If the Brooklyn Dodgers never see Pittsburgh again, it will be too soon.

After losing three out of four to the Pirates "spoliers," the Dodgers are back in second place in the National League. They went to Forbes Field with a two-game advantage in the "loss" column and came home all even in losses and one down on the win side in their battle for the flag with Milwaukee.

The Dodgers were burned to a crisp last night by the ball-and-strike calls of Plate Umpire Babe Pinelli. Jackie Robinson safe.

"He called Gil Hodges out when the ball was leaving the pitcher's hand. And he missed a couple on Dale Long in the eighth."

Long had two strikes on him when Manager Walter Alton went to the mound to talk to Roger Craig, his third pitcher. The score was tied 5-5 and Bill Virdon was on first.

"I told Craig I wanted him to keep the ball up," said Alton. "He threw it exactly where I wanted it. The guys on the bench thought Long actually swung but it was called a ball."

Long eventually walked, bringing up Frank Thomas, who already had his 24th homer and two singles. Thomas singled through the box, scoring Virdon with the winning run.

Thomas, who shared the honors with pitcher Bob Friend, was thrown out of the game shortly after he got that fourth hit. He was cut down going into second by catcher Roy Campanella. When he put up an argument, Umpire Augie Donatelli gave him the heave-ho.

Friend, who beat Milwaukee 2-1 in 10 innings Thursday and won his 17th by topping Brooklyn 6-5, could be the man who decides this confused pennant race. The slick right-hander is scheduled to face Brooklyn again Friday night.

Redlegs Need Victory

They are two games behind the Braves and Dodgers in the lost column.

The Brooklyn-Pittsburgh game, the last red game for the Dodgers for the opener of a two-game set with Philadelphia tonight, was the only contest scheduled in the NL yesterday.

In the American, Baltimore whacked New York's pennant-winning Yankees 5-4, and Chicago out-hammered Detroit 14-11 on a two-game schedule.

Brooklyn held a .001 edge in the pennant chase for awhile last night after mopping up an 8-3 victory that had been placed on the shelf by curfew Sunday with the Brooks at bat in the ninth inning.

A onetwo-three job by right-hander Clem Labine made it an official game and nailed Don Newcombe's 26th victory prior to the regularly scheduled game last night, but Clem couldn't make it as a starter in the afterpiece.

The Dodgers gave him a 3-0 lead in the first inning against Bob Friend, but the pesky Pirates bounced back with three in the bottom half of the frame.

Frank Thomas did the big damage for the Bucs, driving in three runs with his 24th homer and three singles—one of which drove home the clincher in the eighth after Gil Hodges had poled his 31st home run in Brooklyn's eighth with a man on to tie it 5-5.

It was Hodges' third home run in two days. He awaited two in Sunday's suspended contest—the only victory Brooklyn grabbed in the four-game series.

Reliever Roger Craig was the Brooklyn loser while Friend stuck it out for his 17th victory.

The Bucs, who knocked Brooklyn out of the 1954 pennant, have a three-game set at Ebbets Field in the season windup this weekend.

Bill Skowron hit two home runs for a 3-1 Yankee lead, but 18-game winner Johnny Kucks could not hold it. Tito Francona's two-run double in the eighth gave it to the Orioles.

Chicago and Detroit swung for 38 hits, seven of them homers. The White Sox, who blew an 11-0 lead, rapped 22 hits, including two home runs by Sherm Lollar and one by Larry Doby. Ray Boone walloped two homers for the Tigers, Charlie Maxwell smacked a grand-slammer and Red Wilson hit one with a one aboard.

The 11 home runs for the day gave the major leagues a one-season home run record. The two leagues now have walloped 2,222 for the year, cracking the mark of 2,224 set in 1955.

'Never Again' Says SHS Coach Fleming

"I guarantee we will not play another game this season like we did last week," Sanford Seminoles head mentor Bill Fleming said yesterday as his charges made their way slowly toward the showers after their longest and hardest workout of the season.

Yesterday's roughie capitalized on defensive work, blocking, and tackling. "When we made our great mistake was when we took our offense for granted," Fleming said. "They looked sharp in pre-season drills and we sort of neglected them the last week of practice. We did this to give greater attention where we thought it was needed, our offense. Our team is one of the greenest in the conference. We have only 10 returning lettermen, and only three of them have any real game experience."

The planning of last week's scrimmages were to give the green offense enough punch to score at least once, maybe twice. The offense proved its ability to score, but not much else. The offensive blocking was terrible, making a far poorer showing during the game than at any time during training. The Cocoa club was more aggressive and outcharged the Sanford Seminoles line. Much of this was expected, but it should have been a better showing. The real disappointment was in the performance of the defensive unit. They were counted on to hold down the Cocoa scoring so that the Seminoles offensive effort would keep Sanford in the ball game. The defensive ends were particularly outclassed. Power plays for long gains and scores around the ends dominated the ball game. "We were relying on defense too much, and they didn't come through," Fleming said.

There is still hope for the offensive club. With experience they will be ready to improve. During last week's first half the offense didn't have the opportunity to show too much. They ran only 18 plays in that period and not too many more in the second half. But the loss was good for the club. It is doubtful if the Seminoles could have taken Cocoa at any time during the season. Cocoa is perhaps the best club in the conference with the possible exception of Winter Park. It is no disgrace to lose to a team like that. But the one-sided score probably snapped some of the boys back to reality and proved to them that depth was not enough, even on the practice field, if the desire wasn't there.

Yesterday the ends seemed to be improving. Johnny Williams did an outstanding job in that department for the Seminoles against Cocoa. The Seminoles need some hard work on fundamentals. It was apparent that they were short in "football sense" last Friday night. Bad play calling cost the Seminoles their most embarrassing moment when they abandoned an effective offensive attack to begin an aerial assault on second down and only four yards to go for a first down. It meant a pass interception, a 100 yard return, and a score for Cocoa when it should have been a score for the Seminoles. They had already penetrated to the Cocoa 10 yard line when they called the pass play.

"We are hurting for backs," the mentor staff noted. "Either our boys lack speed or either our backs could match the speed and ability of the Cocoa backs, but Terry Goeble proved that four yards could be made through the line if one has the drive to carry three or four would-be tacklers with him."

During the next two weeks the Seminoles coaches will be working hard to build an effective machine that can win a game. This will probably mean some minor changes in lineup, but that is not expected before the end of this week. What is expected this week, however, is more and more intensity in the practice sessions with major emphasis on hard fundamentals, defensive work, blocking, and tackling.

Passport to Happiness

By MAYSIE GREIG

CHAPTER I
DIRK had already arranged that the three of them should have a small table to themselves at the dining room, but if Mrs. Featherstone kept to her threat of not leaving her cabin, each meal would obviously become a little-ate-te between Dirk and her. Val wasn't sure whether she liked the idea or not. She had hastily changed to an indoor uniform and as she hurried into the dining room Dirk rose smiling to welcome her. She sank down into the chair the steward held out for her as though grateful to sit down.

TWELVE YEARS after their son, Pfc. Joseph E. Mann, met a hero's death in World War II, his parents, Mr. and Mrs. John H. Mann, of Heardon, Wash., view the monument erected at Post, Holland, in his memory. Pvt. Mann, fighting with the 101st Airborne Division, threw himself in the path of a grenade and shouted a warning to his comrades during an attack. He had already been wounded four times while destroying an ammunition dump and an 88 mm. gun. Mann was awarded the Congressional Medal of Honor.

Additional Society

between you 'n me

By PAT WOOD

Think I'd better start by offering my humble apologies to Miss Ann Whitaker and Mrs. Jean Johnson for having them teaching in the wrong school. They are members of the teaching staff at Forest School, not Westside. I'm very sorry, ladies.

Here's good news! That cookbook which was made up by the members of the Enlisted Men's Officers club, and for which you have been waiting and watching will go on sale most any day now. They will sell for \$1.50 each. It is sold, not only by the members of the club, but by the stores in town as well.

Say, how's about these? To remove a splinter from your finger painlessly, hold an ice cube in your finger until it's numb. Then you won't feel a thing. A good one to remember if you have small children. If you use a costly vase as a table centerpiece, fill it with sand. This will make the vase more stable and less likely to be knocked over. Stockings won't blow around the

clothesline if you put a marble in each toe. As you well know, up to now it's been well nigh to impossible to shorten a knitted suit, which meant that little sawed-off runts like me just had to get by with either turning down the top of the skirt, or just doing without. Well, comes the revolution. They now are making them with "zip-out" hems, which can be shortened as much as two inches. So guess what I'm making Santa Claus for.

On the new arrivals list... Mr. and Mrs. Laurence George, 121 West 10th St., are from Jacksonville Beach, Fla. They have one child—a boy 14. Mr. George is in the navy. Frank E. Holmes, 1410 Magnolia Ave., moved here recently from Scotchboro, N. Y. Mr. Holmes is with civilian engineers at the Navy Base.

Wiener Roast Held For Miss Walton On Ninth Birthday

An outdoor party, featuring a variety of games, followed by a wiener roast was the method chosen by Mrs. D. E. Walton, of honoring her daughter, Miss Rosemary Walton on the occasion of her ninth birthday. The party was held in the yard of the Walton home at 301 E. 20th St. on Friday, and after the young guests had played games until they were tired and eaten their fill of hot dogs and all the trimmings, they retired to the honoree's playhouse, where awaited them a beautiful birthday cake, all pink and white, which was cut and served there in the playhouse.

Those helping Rosemary celebrate were Miss Sherry Thraeber, Miss Ginger Cleveland, Miss Linda Roberts, Miss Barbara Ann Stone, Miss Elaine Echols, Miss Betty Jham, Miss Cathy Baker, and Miss Gail Smith.

Naval Officers Wives' Luncheon Is Well Attended

The Naval Officers Wives Club opened its fall season with a very successful luncheon held Friday, at 1 p.m., at the BOQ aboard the station. There were about 50 people in attendance.

The tables were very attractively arranged with large and small, bright yellow chrysanthemums, used very effectively with rosebuds and rose-colored gladioli.

The executive board is now in the process of making plans for a Halloween party to be held sometime in October.

Officers for the club are Mrs. Mrs. R. H. Conn, president; Mrs. J. W. Guy, vice-president and welfare chairman; Mrs. R. B. Haddon, Mrs. J. F. McDonald, and Mrs. R. D. Murray, luncheon and program chairman; Mrs. F. T. Dwyer, recording secretary; Mrs. Tully Jr., corresponding secretary; Mrs. O. E. Potts, treasurer; and Mrs. J. J. Emanuel Jr., publicity chairman.

Herron Home Is Scene Of Tea For Mrs. Ballard

Mrs. Ray Herron entertained at tea Friday afternoon honoring Mrs. Harry Ballard, of Los Angeles. Cal. Mrs. Ballard is Mrs. Frank Miller's daughter. Mrs. Herron was assisted by Mrs. Joe Terlap, Mrs. Cliff Ingram, and Mrs. Willie Hunt.

The dining room table featured:

Program Is Given For P.T.A. School Of Instruction

The P.T.A. School of Instruction, which is to be held on Wednesday, Sept. 26 at Pinecrest will start with registration at 9:30 a.m. After the call to order, at 10:00, the devotional will be given by Mrs. Grady Herman, followed by the Pledge of Allegiance and the introduction of guests.

Mrs. J. B. St. John, president of the Seminole County Council P.T.A., will have as her theme "Education for Service to Children and Youth" after which Mrs. E. Fred Eubank, chairman, Character Building and Spiritual Education, FCPT, will speak on "Spiritual Education in Relation to Character Building." There will be a break at 11:00, after which the symposium will be conducted with Mrs. D. Hales Jackson speaking on "Education for Service"; Mrs. H. Fred Eubank, on "The Parent-Teacher Organization"; Mrs. George Sanford on "Procedure for Parent-Teacher Associations"; Mrs. John C. McGuire on "Membership and Room Representatives"; and Mrs. E. William Gautier on "Legislation and the Gifted Child."

There will then be a question and answer period followed by the reading of Congress Publications by Mrs. D. Hales Jackson.

After lunch the large group will break up into the following smaller work groups: No. 1 Local Problems in Budget and Finance, Mrs. H. Fred Eubank; No. 2, Procedure and By-laws, Mrs. George Sanford; No. 3, Programs and Projects, Mrs. E. William Gautier; and No. 4, Committee Development, Mrs. D. Hales Jackson. After the reports on the work groups at 2:30 and a report on registration, the school of instruction will be adjourned at 3:45 p.m.

Personals

Mrs. Minnie E. Smith has moved into her newly-purchased home at 804 Elm Ave.

Mr. and Mrs. Floyd Palmer, who recently returned from a stay at the George Washington Hotel in Jacksonville, had as guests last week Mrs. Mary Creighton and her son Peter, of Galesburg, Ill. Mrs. Creighton is a girlhood friend of Mrs. Palmer's.

Dr. and Mrs. L. Munson returned home Thursday, after having driven their daughter, Betty Ann and her roommates to New Orleans where they are attending Sophie Newcomb College.

There were about 50 guests at the tea which lasted from 3 until 6.

Herlong

(Continued from Page One) First things first," said Herlong. "I have had a hand in writing as much important legislation as any member of Congress who has been there the same length of time I have," emphasized Congressman Herlong.

The Democratic Congressman said "I don't accuse my opponent of muddling now," but he added quickly, "but I do say that he is either abysmally ignorant or is deliberately trying to mislead you."

Referring to his recent charge that Lund was running ads in the Wall Street Journal appealing for funds, Herlong said "if the people in Wall Street bought the ads, they would own it and not the people in this district."

In a no holds barred address with both the Democratic and Republican candidates speaking to the Orlando Jaycees yesterday, Herlong, the Democratic incumbent explained the positive approach and his record in Congress and his accomplishments for Central Florida. Pointing to his record, he said, "I think mine is a good record. I don't know any other Congressman who can point to a better one."

Duval County Judge Is Named To Hear Suit By Governor

MIAMI — Duval County Circuit Judge Charles A. Luckie was named by Gov. Collins yesterday to hear a libel suit filed against a Duval County grand jury and its adviser.

John W. Wright, one of four lawyers criticized by the jury, is suing the panel and adviser for 1/2 million dollars. The jury's references to him were ordered expunged after Wright protested they were defamatory.

Miami Judge Robert Floyd disqualified himself because he presided during the term in which the jury brought in its report.

3-Year-Old Falls In Well Casing Nine Feet Underground

BAKERSFIELD, Calif. — A 3-year-old boy trapped nine feet underground in a 12-inch well casing was saved last night in a dramatic rescue witnessed by thousands.

Working in sweaty relays, firemen and volunteers tore at the sandy soil around the abandoned pipe for two hours while they Tommy Hartnett whimpered and sobbed in his cramped and rusty prison.

The boy fell into the pipe, once used for irrigation, while playing in a vacant lot. Other children his parents, Mr. and Mrs. N. L. Hartnett.

Darkness was falling as the rescue operation began and the floodlights used to illuminate the scene lit a throng estimated at 2,000.

earthshaking cheer went up as the rescuers succeeded in clearing away enough dirt to cut off a six-foot section of the pipe, said Dep. Fire Chief C. P. Linnell, who headed down and pulled the boy out.

Not growing through the pipe had kept him from falling deeper into the pipe, which extended for 150 feet, rescuers said. Tommy was unharmed.

Ministerial Assn. Convenes Oct. 3

The Seminole County Ministerial Association will hold its monthly meeting Wednesday, Oct. 3, at 10:30 a.m. in the School Administration building on Commercial Ave.

Rev. Milton H. Wyatt, pastor of the First Methodist Church of Sanford, will preside.

Americans believe it is a good idea to save regularly, according to a recent survey by the University of Michigan Research Center.

Rotarians Urged To Work Toward Success Of Club

Six past presidents of the Sanford Rotary Club, "Bill" Bush, "Coley" Coleman, Walt Haynes, Roy Holler, Brack Perkins Jr. and George Stine gave their views on a recent article in The Rotarian Magazine in which a member of a Rotary Club gave his reasons for quitting his club, as he stated, on account of "Rotary Bust."

According to President Charles L. Persons, the program gave the members an opportunity to get things out in the open and would, in all probability, accomplish much good. George Touhy, another past president, served as moderator and was introduced by Charlie Morrison, in charge of the program for the day.

Summarizing the comments of the six panel members, Touhy said that it could be seen that if rust existed in a club's activities it could be either the fault of the club or the member; in either case it would occur because a responsibility was not assumed by the proper party. Generally, rust would not exist where the well oiled gear of membership was enmeshed with the smooth-running machinery of the club.

5 Persons Perish In Tenement Fire

CHICAGO — Five persons were injured and at least five others were killed in a fire which swept a four-story brick tenement building on the near North Side early today.

Scores of persons fled from the building. Several children were dropped from the second floor to persons on the sidewalk below before firemen arrived at the extralarm base. None of the injured were in serious condition.

Deputy Marshal Richard Daly said arson was suspected in the fire. He said the blaze started under the stairs in the basement and spread rapidly up the stairwell. He said the stairway was fully aflame when first firemen arrived.

Killed in the fire were three women, a man and a boy about 8, all Negroes. They were not identified immediately.

THIS IS WHERE TOMORROW STARTS

A new "inner car" gives you a NEW KIND of FORD for 1957! Coming October 3rd

On Wednesday, October 3rd, Ford Dealers throughout the United States will unveil a new kind of automobile!

Cars are involved in every American's life. News of a new kind of car is the biggest kind of news to millions of Americans.

The Big New Kind of Ford is that kind of news... a car totally new in design from crust to trunk lock.

This completely new automotive package will sell at the traditionally low Ford prices.

This makes possible a new high standard of such honest-to-goodness value that it actually increases the purchasing power of your automobile dollar.

When you see it, other cars will look out of date, because... This is Where Tomorrow Starts... with a Big New Kind of Ford!

The New Kind of Ford is the fullest, most eloquent expression of Ford's special personality—the youthful grace, the whip-lash action, the reputation for durability known wherever there's a road.

To all this we have added true elegance—a kind of elegance never before seen in the low-price field.

Elegance is more than skin-deep. Modern design goes far deeper than chrome trim.

To make a car truly elegant, you have to start deep-down inside.

The New Inner Ford

The Inner Ford—the car you cannot see—is a very remarkable structure. Its frame is actually a cradle. Side members extend almost the full body width.

The drivetrain has been lowered to connect with the differential, virtually at its lowest point. This is one of several factors that make practical the lowering of over-all height by as much as 4 inches.

The side rails, extended almost full body width, serve not only as supporting members but as concealed side bumper of immense strength.

The New Ford Body

The new Ford body is a triumph of engineering in steel—steel cushioned for luxury, steel insulated against sound, steel joined to steel for tremendous strength, steel designed to give you greater safety.

The doors close with the solid finality of a bank vault. Even the door-lock button has been moved up front—easier for you to reach, but out of the children's reach.

The new body is mounted on twenty live-rubber mounts to keep your ride silent, solid and secure.

All these features were engineered to give you a solid new kind of comfort.

The New Ford Side

The way a car rides is more than the way it moves—it starts with the way it sits.

The New Kind of Ford sits six people as no other low-priced car has ever sat them—six elbows wide in each seat, with deep space around each one of six knees. And above all that space, there's hat room to spare for all six passengers.

With that sitting back, the engineers then designed the new rock-solid velvety-soft ride.

The New Ford Choice

Ford offers not only one, but two sizes of cars... each on its own extended wheelbase... each with its own body shell... each with its own styling.

First, the two Fairlane Series on a 116-inch wheelbase. The Fairlane 500's come in 5 body types, a four-door sedan, a two-door sedan, a two- and four-door Victoria with no center pillars, and a convertible coupe. The same body types (except for the convertible) are available in the Fairlane Series.

Both Fairlane Series introduce an innovation through the use of special window ornamentation and narrow center pillars. Both the four-door and the two-door sedans have true hardtop styling.

Second, two Custom Series mounted on the 116-inch wheelbase chassis. In the Custom 300 Series, a four-door and a two-door sedan are distinguished from the Custom models by more luxurious interiors and elaborate trim. The Custom Series includes a Business Sedan.

The Custom 300 and Custom models are lower, heavier, and livelier than any cars selling in Ford's price range today.

Beyond all these, you also have your choice of five Station Wagons—the famous glamour cruisers that are the champions in this field!

The New Ford Look

That low, low cradle-span frame means a low, low car. The Fairlane 500 is only four feet eight inches from road to roof. The Custom is just over four feet nine inches.

The New Ford is not only low—but long. Ford gives you more than 117 feet of elegant length in the Fairlane Series.

Come in and see us for the Big New Kind of Ford!

Invasion Casualties Are Heavy

JERUSALEM (AP)—A punitive raid into Jordan by artillery-backed Israeli infantrymen, the third of its kind this month, set off a seven-hour battle that ended at dawn today with heavy casualties on each side.

Israeli spokesmen said 80 Jordanians were killed in the raid on army and police positions near Husnan, six miles southwest of Jerusalem. Israeli acknowledged 5 of the raiders were killed and 29 wounded.

Jordanian army officers in Amman, the Arab capital, declared 80 or more of the Israelis were killed and the rest forced to retreat in disorder after blowing up a police post and some houses.

By their account, 21 Jordanian soldiers, policemen and national guardsmen lost their lives.

Jordan said the Israeli attack was made in brigade strength, involving perhaps 2,000 or more infantrymen, 2 1/2 miles inside the armistice demarcation line. Jordanians had estimated Israeli strength in each of the two previous attacks this month at 1,000 men.

Israeli government grimly labeled the raid as a warning against aggression. Six Israelis had been killed in border incidents since Sunday.

The Israeli army said a Jordan army post as well as the police station was overrun and dynamited. Explosions from the battle were heard in Jerusalem through the night.

As mid-morning a spokesman for the U.N. Truce Commission said there had been no further shooting and all was quiet. Maj. Gen. E. L. M. Burns, the chief truce supervisor, left for the battle ground, where four U.N. observers already were conducting an investigation.

A Jordan army spokesman told a Damascus newspaper by teletype that Jordan forces had counterattacked before dawn today and killed more than 80 Israelis. The Syrian Cabinet was called into emergency session to study the new flare-up between Israel and Jordan.

PGA Runner-Up To Be Winter Golf Pro Here

★ ★ ★ ★ ★

ED "PORKY" OLIVER

★ ★ ★ ★ ★

BY HUGH B. ANSLEY

Last year's challenger for the top spot in the first annual Mayfair Inn \$15,000 P.G.A. Open has been named winter golf pro at the local Mayfair Inn Country Club.

Frank Mebane Jr. announced today that Ed "Porky" Oliver, runner-up in last year's P.G.A. Open here, will be the winter pro for the season.

Mebane, in naming Porky Oliver, revealed that Oliver is considered one of the greatest players of the Sport of the Palms.

The jovial Oliver is prominent in tournament circuits, and has been for several years. His quick and pleasing wit has made him a popular favorite among the spectators and fellow players. He has been a major winner in two past Labatt Opens.

Oliver, an amiable 320 pounder, has one of the most consistent drives and best iron shots in tournament golf, and he counted on his skill heavily as he entered last year's P.G.A. Open late and still finished second to slender Al Balding, Mayfair Inn Open winner from Canada.

Porky turned pro in 1940 and promptly won three tournaments. He was P.G.A. runner-up in 1946 and has been second man in the U.S. Open, the Masters, the Western and All-American. Last year he was runner-up in the Mayfair Inn P.G.A. Open.

Oliver will come to the Mayfair Inn Country Club from the Blue Hills Country Club of Boston, Mass., and he will compete in the second annual Mayfair Inn P.G.A. \$15,000 Open that will be played Dec. 13-16. He will then return to Sanford to be affiliated with the Mayfair Inn shortly after the first of the year and will remain for the winter season, January, February, and March. After taking second spot in the Mayfair Inn P.G.A. Open last year, Oliver said, "I had a lot of luck, and I'll be back next year hoping for more."

Oliver and his wife, Clara, have four children, and it is expected that his family will join him in (Continued on Page 7)

Security Council Tackles Suez Canal Dispute

UNITED NATIONS, N. Y.—Britain and France squared off for a preliminary test of strength with Egypt today as the U. N. Security Council tackled the Suez Canal dispute for the first time.

The two West European powers said that at the meeting this afternoon of the 11-nation council they would fight vigorously against Egypt's move to charge Britain and France with actions threatening world peace.

The British-French stand was expected to trigger a sharp procedural debate over just what should be on the council's agenda and how it should approach the bitter dispute over Egyptian President Nasser's nationalization of the strategic East-West waterway.

By the time the opening round is concluded, there should be some indications which way the council will lean when it comes to grips with the basic issues, probably a week from now.

British and French diplomats were busy putting into shape the council after the preliminaries are cleared away. This will be submitted formally by British Foreign Secretary Selwyn Lloyd and French Foreign Minister Christian Pineau, who are expected here early next week.

U. S. Secretary of State Dulles also is expected to join in the later debate but there was no indication from Moscow whether Soviet Foreign Minister Dmitri Shepilov would come to New York.

City's Financial Condition Sound

Krider Reports To Board

"The City of Sanford is in good, sound financial condition," Commissioner John Krider said Monday night.

Commissioner Krider made the statement concerning Sanford's ability to cope with its monetary problems in the future and especially pointing to the retirement of bonds and long standing indebtedness.

Krider based his comment on a report prepared by City Clerk H. N. Sayer which analyzed Sanford's Tax Levy for Debt Service from 1946 through 1956 and projected the estimated income of the city for Debt Service for the next ten years.

Sayer's report states that "This projection represents an annual increase of \$11,000. In my report of 'Bond Retirement' of Feb. 2, 1956, it was estimated that it would require an annual increase of only \$5,000 to maturity to provide sufficient funds to have all the bonds retired at maturity date."

Commissioner Krider told the Board of Sanford City Commissioners that "in 1946, when a millage of 18 mills was levied the city received \$96,000; in 1947 with a 13 mill levy, \$103,000 was received; a 9 1/2 mill debt service levy in 1948 and again in 1949 realized \$133,000 and \$130,350; 9 mills were levied in 1950, 1951, and 1952 which brought the city \$182,000 and \$141,150; debt millage in 1953 was reduced to 6 1/2 mills with a revenue of \$142,589; again in 1954 the debt service millage was reduced, this time to 5 1/2 mills with a revenue of \$133,116; in 1955 for debt service with a return of \$142,589 was again set at six mills with an anticipated revenue of \$158,000."

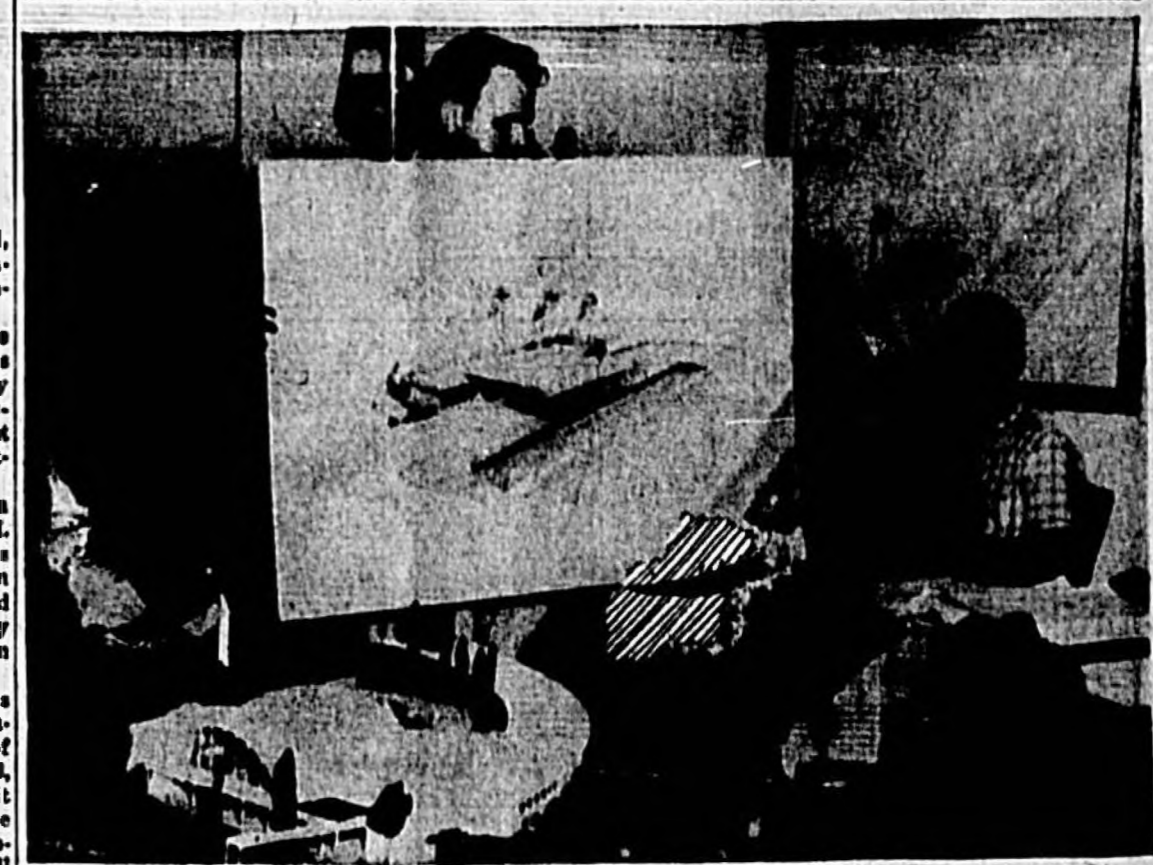

Sayer, in his analysis, and in the projection of estimated appropriations for debt service for the next ten years with the tax levy remaining at six mills showed an \$11,000 gain in revenue each year through the fiscal year 1967-68. A total of \$263,000 would be collected in the final year of the projection.

Commissioner John Krider said, "I see no reason why our indebtedness cannot be retired by maturity date."

"I want to point out, emphatically," said Krider, "that the figures presented in the analysis and projection do not include any expansion of the city during the coming years."

"These are conservative figures," he said, "based on past two-year average increases."

"The City of Sanford's financial condition right now is certainly one that we can be proud of and have confidence in," Krider said.

"THERE'S NOT ANOTHER I know of," says Architect John Burton IV (holding sketch) as he explains the new Fire Station Number 2 to the Board of Sanford City Commissioners. In the foreground is the scale model of Sanford's proposed Civic Center. City Manager Warren E. Knowles listens attentively to Burton's explanation. (Staff Photo)

Flossy In Atlantic

By THE ASSOCIATED PRESS

Hurricane Flossy, downgraded to storm status with half of its punch gone, swirled into the Atlantic today off the South Carolina coast. The season's sixth tropical storm left 13 dead and at least that many missing, plus property damage in the Gulf estimated at several million dollars.

The Miami Weather Bureau said the storm would regain some force after reaching the ocean north of Charleston, S. C., but probably not enough to get back into the hurricane class.

Flossy formed suddenly in the Gulf Saturday, aimed its center for a time at New Orleans, then swerved eastward and slammed the northeast Florida coast with 100-mph winds late Monday.

The storm's northeasterly journey brought drought relief to Georgia before skipping out over the Atlantic. More than 3 inches of rain were dumped on parched farm lands.

Belated reports of deaths and property damage sent both totals soaring. Latest victims listed were Mrs. Vera Daniels, 43, of Columbia, Miss., who drowned when her car plunged into a water-filled ditch; George Stewart, 21, and Robert Washington, 24, who toppled overboard and drowned when a wind gust hit their tug near Jacksonville, Fla.; and Capt. Robert D. Wilford of Sepulveda, Calif., who died in the wreckage of his plane after it collided with a second jet which crashed into a home near Tallahassee, Fla., and killed a mother and her three children.

The hurricane hit Grand Isle, popular Louisiana vacation resort, destroying the Grand Isle Hotel and many houses and boats on the six-mile-long island. Damage was estimated at several millions of dollars.

The new Sanford Fire Department Station No. 2, sketched and proposed by Architect John Burton IV is estimated to cost approximately \$31,800. However, two new pumps and fire hose will add \$42,070 to this phase of the Capital Improvement Program.

The Colored Swimming Pool, planned for the Goldsboro Recreation Area, according to Architect Burton, will not exceed \$46,000. Burton told City Commissioners that the pool would be complete with showers, dressing rooms and necessary mechanical equipment for its operation.

The proposed Boat Basin, for which completed plans have not as yet been reviewed, is estimated to cost not more than \$35,000.

The fifth phase of the Capital Improvement Program includes equipment that will be traded in. Already approved by the Board of (Continued on Page Seven)

Frenchmen Leave For South Florida Seeking Sunshine

JACKSONVILLE (AP)—Thirty-nine shivering Frenchmen left here today for Southern Florida and what they hope will be a little sun.

They are junking theater units who have come to the United States to sample our movies.

They were all agreed that they may too much tax; shopped at the government owned French TV set as a threat to their industry; and saw in Hollywood's lowered production a chance for foreign films to get on American TV.

They said French theaters are like those here except there are no drive-ins and French movies provided maid service for babies.

Leo Duple spoke for the group by asking "Isn't it usually war-blast here?"

"We was told that the mercury was between 80 and 100 last week but that today's chill was due to Hurricane Flossy."

As they boarded a bus for Maitland, Tampa and Miami, one woman was complaining she was about to go crazy tipping porters for carrying her luggage. In France, she explained, people carry their own.

R. K. Burch Dies After Short Illness

Mr. Robert K. Burch, 74, died at Seminole Memorial Hospital at 10:30 p. m. last night following a short illness.

Mr. Burch was born on April 4, 1882 in Amityville, L. I., New York. He lived in Sanford for eight years, making his home with his son-in-law and daughter, Mr. and Mrs. E. L. Andrews on South Sanford Ave.

He is survived by three daughters, Mrs. E. L. Andrews, Sanford; Mrs. Kenneth Mays, Fort Myers, N. Y.; and Mrs. Leonard Cherner, Lakewood, N. J.; one son, Samuel Burch, Amityville, N. Y.; three grandchildren; two sisters, Mrs. Sara Klein, Amityville, N. Y.; Mrs. Wills Hagg, elder of Amityville; one brother, Edward Burch, of Amityville, N. Y.

Remains will be taken to Amityville, N. Y. at 9:30 tomorrow afternoon where the funeral and burial will take place at 11 a. m. Saturday.

Catholic funeral home is in charge.

Miss Stinecoper To Write College Column For Herald

★ ★ ★ ★ ★

Miss Stinecoper To Write College Column For Herald

★ ★ ★ ★ ★

It was revealed today by J. Marion Harman, Jr., executive editor of The Sanford Herald, that Grace Marie Stinecoper has accepted appointment as correspondent for The Sanford Herald. Miss Stinecoper will write a weekly column "Collegiate Echoes" featuring college campus news.

Miss Stinecoper attended Seminole High School and graduated in 1954 as Salutatorian of her class. While in high school she was active in many organizations and held several offices in student government. She was editor of the 1954 Balmagundi, wrote for the Celery Post, and was publicity officer of the Seminole High School Band the year they went to the Mardi Gras. Also many will remember her as writer of the "Seminole Hit" column in The Herald during the year 1953-54.

For the past two years Miss Stinecoper has attended Maryville College in Maryville, Tenn., where she was a staff writer on the college newspaper among many other activities.

In accepting the position of correspondent, Miss Stinecoper stated, "Knowing that Sanford residents are deeply interested in the accomplishments of their own college students since they are the future leading citizens of Sanford, it is my sincere desire to bring to the readers of The Sanford Herald a column containing a complete and detailed account of the Sanford college student. I would like this column to include news from each of the colleges that Sanford students are attending and reports on the accomplishments of the individual college students. I hope that the students themselves will realize that this is THEIR column and will offer suggestions and also help by sending the news of their own particular college. With the students and townspeople helping in this big way, I am sure that together we can create a very interesting and worthwhile column."

Miss Stinecoper is now attending Stetson University where she is a junior student of elementary education. She can be reached at Box 813, Stetson University, DeLand, or at 697-J in Sanford.

Funeral Parlor Tells Completion Of Remodeling

Funeral Parlor Tells Completion Of Remodeling

The Gramkow Funeral Home (formerly Gaultier's) on Highway 17-92, south, this week announced the completion of extensive remodeling throughout their building.

One of the newest firms in Sanford, Gramkow's is under the ownership and management of William A. (Bill) Lockard and William L. Gramkow.

Gramkow, the firm's mortician, is a graduate of the Cincinnati College of Embalming and was formerly associated with funeral homes in Ocala and Miami, Lockard, the other member of the firm is a graduate of Marietta College, Ohio, and has had varied business experience before coming to Sanford.

A formal grand opening of the firm's remodeled funeral parlor is planned for the near future.

LA Is Suffering Fresh Air Shortage

LOS ANGELES (AP)—There's a serious shortage of fresh air in Los Angeles, experts told a legislative hearing yesterday.

Smog might cause thousands of deaths before anyone realized what was happening.

Panle might follow. A lot of people might go crazy.

The experts testified at a hearing on smog's effect on public health.

Dr. Leslie A. Chambers, research director of the Los Angeles County air pollution control district, explained the problem.

A layer of warm air often spreads over the cooler air in the Los Angeles basin. When the warm air reaches down below the height of the surrounding mountains it's like a lid.

Intermittent breezes break up the lid-like temperature inversion from time to time, letting in fresh air.

Dr. Chambers said the five million living in the basin already use more fresh air than it can hold when the lid is on. If the inversion should hold for several days, he said, there would be no fresh air to breathe.

Weather
Generally fair through Thursday;
low tonight 53-60

Integrated School Study Praised

WASHINGTON (AP)—A House subcommittee's investigation of Washington's integrated schools drew praise today from Chairman McMillan, D-SC of the House Dist. of Columbia Committee.

McMillan's committee is the parent of the investigating group. His action took on significance in the light of attacks on the investigation by the National Assn. for the Advancement of Colored People and by Rep. Wier, D-Minn., a member of McMillan's committee.

The NAACP has called for suspension of the hearings, and Wier has said the subcommittee counsel, William Goerber, should be suspended for what Wier called a "disgraceful performance."

McMillan sent Chairman James C. Davis, D-Ga. of the subcommittee a telegram congratulating both the "subcommittee and Goerber."

The telegram was released as the subcommittee continued its hearings by questioning Mrs. Miriam L. Beale teacher at Roosevelt Senior High School.

Asked about recent criticism of Mrs. Elva Wells, principal of Roosevelt, by a Board of Education member, Mrs. Beale said that her own school children "know the criticism to be utterly false."

The board member, Wesley Williams, Negro, was quoted as saying that Mrs. Wells was impeding integration.

Mrs. Beale said children in her home room brought newspaper clippings of the statement and "remarked they were lies."

The witness praised the work of Mrs. Wells as a principal, and said that Mrs. Wells undertook to handle all disciplinary cases to allow teachers to concentrate on teaching.

Mrs. Beale said the low achievement levels of many pupils at the integrated Roosevelt High School has thrust on teachers there the problem of trying to teach on the elementary level.

She said these teachers have been trained for high school work and cannot afford to take the time and money and "go back to take elementary training courses."

Since integration, she said, disciplinary problems have increased fourfold, but that Mrs. Wells "has done a praiseworthy job of keeping the school running smoothly."

Asked concerning any increase in the use of obscene language at the school, Mrs. Beale said for the first time she has heard such language and found it written "on my bulletin boards and on posters."

McMillan, in his telegram to Davis, said "congratulations on the fine work you and members of your subcommittee are doing in giving the people of the United States the true facts surrounding the low scholastic standings and other conditions existing in the schools of the nation's capital."

De Bary Auxiliary To Present Fall Festival Nov. 10

★ ★ ★ ★ ★

De Bary Auxiliary To Present Fall Festival Nov. 10

★ ★ ★ ★ ★

The auxiliary to the De Bary Volunteer Fire Department will hold a meeting on Oct. 11, at the firehouse. The guest speaker will be Mrs. Katherine B. Odham of DeLand. All De Bary women are cordially invited to attend. At this time there will be further discussion of the auxiliary's spectacle to be presented the next month, a fall festival on Nov. 10 starting at 10 a.m. and lasting throughout the day and evening.

The firehouse at that time will be decorated in autumnal colors, with carnival booths attracting the countryside. Donations to these committee heads will be appreciated as they will be shown for early holiday shopping hints and will bring in needed revenue to the fire department. Mrs. Henry F. Lasher will be general chairman, with the following assistants: Mrs. Robert Vance, aprons and gifts; Mrs. Paul C. Froetscher, white elephant; Harry W. Sellar, grab bag; Mrs. Talmay Van Arsdale, The Pantry Shelf; Frank Hill, plants and flowers; Mrs. David J. Runkel and Mrs. Chris Butler, entertainment; David J. Runkel, Oliver Hassemmer, Henry Lasher and Paul Froetscher serving up "red hot" and soft drinks.

The festival will be fun for all and especially for newcomers who will become acquainted as they will be shown for early holiday shopping hints and will bring in needed revenue to the fire department. Mrs. Henry F. Lasher will be general chairman, with the following assistants: Mrs. Robert Vance, aprons and gifts; Mrs. Paul C. Froetscher, white elephant; Harry W. Members Urged To Be At Auxiliary Session Thursday

The first general meeting of the fall season of the Women's Auxiliary of Seminole Memorial Hospital will be held in the City Hall Thursday at 8 p. m. It was announced this morning by Mrs. A. W. Pope Sr., president.

"This is a very important meeting," stated Mrs. Pope, who urges every member and committee chairman to be present. She also extends an invitation to any prospective members.

Preceding the regular meeting the executive board will meet at 7:00 p.m., also in the City Hall.

"PEACE AT ANY PRICE"

The rallying cry of President Filmore's campaign in 1846 sought to keep the states together, despite the question of abolition of slavery. He was defeated by Buchanan.

For peace of mind, let Want Ads get your price for things you'd like to sell. Call 1821.
