Some 'Donors' To UF Reneged

KILGORE SEED Company has announced the election of several new officers, including Russell K. Herring (left), president; D. L. Jones Jr. (center), vice president and treasurer, and James E. Quarles, vice president.

A surprising 23.6 per cent of the pledges made by Seminole County residents to the United Fund drive held last September and October remain unpaid, local UF officials report today. Contributions to the United Fund last year totaled \$30,058.41 with \$7,200 of that amount in deferred pledges. All pledges have been paid with the exception of \$2,900 which will be further reduced to \$1700 with receipt of \$800 which is expected to result from payroll deductions. The \$1700, however, could pay the entire quarterly disbursement to the Boy Scouts, the Girl Scouts, the Salvation Army, Children's Home Society, Good Samaritan Home, the Mental Health program or United Service Organization (USO). Figures for the 1964-1965 United Fund drive show contributions of \$35,658.18 including \$7,800 in pledges with \$1,650 still unpaid.

Compensations For Veterans With Duty Disabilities

By Ray Cromley
WASHINGTON (NEA) — Veterans disabled by injury or disease in line of duty while on active service are eligible for monthly compensation payments. You are also eligible if an old disability was aggravated by active service. Veterans of the Spanish-American War, World Wars I and II, Korean and Viet Nam receive the top rate of compensation. This ranges from \$21 a month to a maximum of about \$1,000. However, if the disability of a peacetime veteran resulted from extra-hazardous service—such as simulated warfare—the veteran or six-month enlistee in the reserves may be entitled to the wartime rate of compensation. Generally, a chronic disease afflicting a Spanish-American War, World War I or II, Korean or Viet Nam veteran may be presumed to be service-connected for disability compensation if it has caused the veteran an 10 per cent or more disability within one year after he leaves active duty. In the case of active tuberculosis or Hansen's disease (leprosy), the so-called presumptive period is three years after active duty ends. In the case of multiple sclerosis, it is seven years. In addition to compensation paid the disabled veteran, allowances for wife, minor children and dependent parents sometimes are available. Wartime veterans whose service-connected disability is rated at 50 per cent or more are automatically entitled to these dependents' allowances. Peacetime veterans and six-month enlistees with 80 per cent or more disability "may be entitled" to dependents' allowances. Cases are determined individually. Social Security total and permanent disability benefits are not reduced because of service-connected disability compensation received from the VA. Application for disability compensation and more detailed information may be obtained at any VA office. Some disabled, wartime and peacetime veterans are entitled to VA grants for "wheelchair" homes adapted to their needs. To be eligible, a veteran must have incurred a service-connected disability after April 20, 1905, which is severe enough to entitle him to compensation for permanent and total disability. That disability must be one of two types: It can be the loss, or loss-of-use, of both feet or legs severe enough to "preclude locomotion without the aid of braces, crutches, canes or a wheelchair." It can be blindness in both eyes combined with loss, or loss-of-use, of one leg. Eligible veterans will receive a VA grant of not more than half the cost of their "wheelchair" home. The maximum VA payment is set at \$10,000. This grant may be used toward building, buying or remodeling. It may be used to pay off the indebtedness of a suitable home already owned by a veteran.

Fashion Expert Says Buy Basic Styles That Last

By HELEN HENNESSY
NEW YORK — (NEA)—Pauline Trigere doesn't like very short skirts. "Tell me," she said, "would you be glad to keep them covered?"

her fall collection to be presented. Phoned rang, people bustled in and out of her office and so did Trigere. But in between the bustling and his or black coffee she gave me her views on fashion.

FROM THE TRIGERE fall '66 collection come these two timeless creations. Cape with Mephistopheles collar (left) in wool is worn over American Gothic hand-filled green and gold paillettes-embrodered evening dress. The shoulder belt of this full-skirted suit is given (right) exposed one bare shoulder. In lieu of buckle on the shoulder, a miniature coronet of precious stones is used.

MERLE LLOYD and Lara Lynne Horton (seated front), son and daughter of Mr. and Mrs. Jesse Horton of Grant Street, Longwood, celebrated their birthdays with a party held at their parents home recently...

Geneva Personals

Lake Monroe Gottings

By Mrs. E. L. Johnson Well hello once again. Have just returned home after a wonderful motor trip to various points in Missouri. My better half and I and our son Jim, wife Mary and little Scotty and Michael, had a very pleasant time with our daughter Shirley, son-in-law Don and our four fast growing granddaughters. The time went all too fast for me. When we got into Florida we stopped off in Monticello to see Al and Lenora Johnson. Al is doing fine after recent surgery. So glad to see Flo (Mrs. Charles) Baker is okay now after deciding that one time in the hospital was not enough to get her back again for another minor surgery stay. While she was there her daughter Sandra Tucker and her adorable little old twin sons came down from Georgia to see her. That was a happy time for Flo as this

was her first time to see the twins. Mrs. J. H. Tindell attended the funeral of Mrs. Mildred Almond and son Steve recently in Lee. The Almonds are former residents of Lake Monroe and will be sadly missed by their many friends. Our sympathy goes out to her husband Bill and family. Bills parents, the W. H. Almonds are also former Monroe residents but now reside in Orange Park. There were two happy families out this way last week. Gladys and Charles Carlson had a call from their son Charles Carl, who is in Korea, saying he would be home in two weeks and after a 30 day leave he will be stationed at Ft. Stewart, Ga., with the Army Garrison Troop. I can just see Gladys when she picked up the receiver and heard Charles' voice. So glad he is coming home. Another happy Mom was Myrlene Bullard, for she too

'Final Protest' On Annexation Aired By Dunn By Donna Estes Former County Commissioner Vernon W. Dunn issued a statement to The Sanford Herald today which he termed his "final protest" of the proposed annexation by the city of Casselberry of certain properties in South Fern Park.

Know Your Fireman

A running battle has been taking place between Dunn and the city since first announcement by Casselberry that it would annex property at owners request in the South Fern Park area. The property is U.S. 17-92. The property in question also includes an establishment selling alcoholic beverages which will be able to sell its beverages on Sundays when the annexation ordinance is finalized.

Sex Crimes Up In Ratio To Population By Jane Casselberry Six crimes on the increase in ratio to population growth, according to Lt. James Sprague of the Orlando Police Department vice squad, who spoke to the South Seminole Jaycees at a dinner meeting at Lakes County Club.

The biggest problem in the Orlando area is the increase in homosexual activities. He illustrated his talk with slides taken of various types of police raids.

How then can Casselberry without publishing legal notices without the request, consent or acceptance of the ordinance of annexation by the city, lawfully annex this part of U.S. 17-92?

"Mr. Henry stated in his letter that 'all of the requirements of the law and of the city charter had been complied with, the expansion of the limits is complete and there is nothing the Department can do at this time in this regard.'"

Immigration (UPI) — Almost eight per cent of Venezuela's nine million inhabitants are foreigners from about 75 different nations. Sixty-two per cent of the 700,000 foreigners in Venezuela live in Caracas, the capital city of about 1.6 million population.
