Sanford Has New Precinct For Election

Citizens In Precinct No. 15, Heart Of Sanford, To Vote At Old ACL Depot

Sanford citizens will cast their votes at three precinct polling places tomorrow instead of the former two, Mrs. Camilla Bruce, county supervisor of registration pointed out today. Polls throughout the county will open at 7:00 a.m. and close at 7:00 p.m.

The 1,810 persons living in Precinct No. 1, or roughly west of French Avenue will vote at the store building at 805 West Third Street and NOT at the old ACL Depot as formerly.

The Depot building, located on Commercial Avenue, west of Park Avenue, will be the polling place for those living in the new Precinct No. 15, or roughly between French and Mellonville Avenue. All of the 2,180 voters in this district were notified by card to change their registration.

Citizens in District No. 3, the east side, will vote at the County Canning Kitchen building on east Twenty-fifth Street near Sanford Avenue, near McRaynolds Drive, and not at the Chamber of Commerce Building as formerly. This is the largest precinct with 2,860 voters.

Polling places in the county are: Precinct No. 4, Paola School; No. 5, South City; No. 6, Geneva Community Building; No. 7, Chulusta School; No. 8, Goldenrod Community Building; No. 9, Longwood City Hall; No. 10, Gleason's Store, Lake Mary; No. 11, Altamonte Springs Community House; No. 12, Hodges Restaurant, Forest City; No. 13, Stanke's Store at Blavia; No. 14, Barnett's Packing House, Fern Park; No. 15, N. Roth's house at Bear Lake.

With 8:00 p.m. Monday the deadline for absentee ballots, more than 200 had been cast up to Friday noon, said Mrs. Bruce. Precinct No. 15 is bounded on the north by Lake Monroe, and on the east by the ACL branch line. The following is a list of the precincts in the new Sanford Precinct No. 15: French Avenue and north to Lake (continued on page two)

E. H. Johnson Is Injured In Fall At Municipal Pool

E. H. Johnson, city sanitary officer, was injured late Friday afternoon when he slipped and fell down the outer steps of the Municipal Swimming Pool, following a final check up in preparation for the opening of the pool on Saturday morning.

Severely bruised, he was taken in an ambulance to Fernald-Laughton Memorial Hospital, where he is under treatment.

Records attendance was reported at the pool over the week end, and F. Hasky Wight, who has charge of the concession, estimated the number at more than 800.

Attendance by children was especially heavy Saturday afternoon. Yesterday afternoon the pool was again full of happy, excited youngsters, but there were more adults present than on the day before. At closing yesterday the pool was completely empty.

Today the pool was closed to permit the usual cleaning. It looked spick and span, however, yesterday with a new coat of paint on the upper deck. Spectators have been provided with more seats and visitors are confined to the front end of the deck.

Until school is out the pool will be closed on Wednesday and Friday. The Saturday schedule is 9:00 to 12:00 and 1:00 to 6:00; Sunday 9:00 to 6:00; Tuesday and Thursday 9:00 to 6:00.

Meeting Slated At Local Tourist Club

Members of the Sanford Tourist and Shuttleboard Club will hold a meeting in the new Tourist Center building on the first Monday night at 8:00 o'clock, Raymond H. Smith, club trustee, announced today.

At a recent meeting of the City Commission, the new building located near the shuttleboard pier in Fort Mellon Park, was turned over to the Chamber of Commerce by the City. Today the City is expected to install the tables and chairs.

SENATORIAL CANDIDATES

Outstanding in importance to the voters of Seminole and Howard counties is the race for senatorial candidates are, left to right, A. Max Brewer of Titusville, A. T. Rossett of Melbourne, and Senator Jameson.

Candidates Make Final Appeals At Court House Meet

Interest Centers In Charges Hurdled In County Clerk's Race

Climaxing a series of rallies which have been held throughout Seminole County since Mar. 26, final appeals were made Saturday night by 20 candidates for county and state offices to an overflow crowd which jammed the court room, halls and the sidewalk in front of the Court House.

A loud speaker placed in a front window of the building enabled those outside and in the halls to hear the speakers' scolding denunciation in the Democratic primary tomorrow.

Speaking in behalf of the gubernatorial candidates were General J. C. Hutchinson for Dan McCarty, Volie Williams, Jr., for J. Huddlestone and Mayor Carl Gray of Gainesville for Judge Alto Adams. As during past rallies of the campaign, James H. Lee, chairman of the Seminole County Democratic Executive Committee, presided.

Interest was again at a high peak in the hotly contested battle for the post of county clerk, O. P. Herndon, incumbent, was delayed in arriving, and missed hearing most of the talk of his opponent, Mayor W. H. Stempert.

Mr. Stempert renewed his attack on Mr. Herndon, terming him a shrewd politician who would stop at nothing to attain his objectives, again inquired why during the past year there had been no grand jury investigations except for murder and rape.

He declared that he knew that the jury had not been called was a matter of legality, but of undue influence. In August, 1951, he stated, a grand jury probe into liquor selling practices had been demanded.

Following Mr. Stempert, Mr. Herndon charged that his opponent had a partner in the business. Bros. Grocery, violated the law by selling \$9,100 worth of groceries to the City of Sanford between August, 1949 and December, 1951. Pointing out that his opponent had not been called, Mr. Herndon added, "Maybe the grand jury should go into that."

Sanford Shrine Club Presents Morocco Temple's Star Show

By WILLARD CONNOLLY Mayor Harold Burns of Jacksonville proved himself a first class entertainer at Morocco Temple's All Stars' minstrel which was presented to a large and highly appreciative audience Saturday night at the Seminole High School Auditorium under the sponsorship of the Sanford Shrine Club.

The Mayor, appearing as a secretary, introduced Robert "Blinky" McLean, contributed comedy that drew loud laughs, and scored a hit with his singing of "Somebody Else Not Me."

Sanford is the farthest city south that the minstrel show has been seen, and the 80 member cast has appeared about 15 times in various cities in the interest of their club. They will present their final show Saturday night at their home town of Jacksonville.

Ray F. Lord was master of ceremonies and Wilbur W. Starnes, Jr. an emcee, with his assistance from the start with his fine

Confession Made To Robbery Of Pig And Whistle

A man, questioned recently in Orlando by Acting Police Chief Capt. Roy Tillis of Sanford, admitted that he was one of two men who on Mar. 25 broke into the Pig and Whistle barbecue stand and carried off the safe containing \$700. Capt. Tillis stated this morning. Picked up by Orlando detectives, the man, William H. Cleveland, Orlando, revealed participation in robberies in Orlando, Sanford and Cocoa among other places and named as his partner in the theft, William Paul Mathews, ex-convict, who is being sought by police of four states.

The safe which had been stolen from the Pig and Whistle was found through Cleveland's aid in a Mulford Creek. It had been broken open and the contents had been removed with the exception of a check book.

Lieut. Max Hays accompanied Capt. Tillis to the Orlando Detective Bureau and questioned Cleveland. Capt. Tillis stated that Cleveland told them that he and Mathews had been in Sanford a week prior to the local robbery, and on the night planned, ate at the Pig and Whistle.

He added that they knew the layout of the building having broken into a building of identical type in Brunswick, Ga., the week before. At 3:00 a.m. on Mar. 25 they parked their 1949 Ford sedan on Palmto Avenue near Twenty-fifth Street, went on foot to the Pig and Whistle and after breaking into the rest room, opened the meat door. Backing their car to the door they loaded the safe into it and made their getaway.

Capt. Tillis quoted Cleveland as stating that the two men had intended breaking into the Hill Hardware Co., to steal guns and pistols, but had given up the idea as too risky.

Orlando city detectives arrested Cleveland after silver dollars, missing from a safe taken from Puckett's Motorcycle Co., 2801 South Orange Blossom Trail, were traced to him.

Cleveland, said Capt. Tillis, stated that at the time of the local robbery both men were armed with .32 Colt pistols, and had a shot gun and a rifle in their car.

BARNS TO CLOSE

All bars in Sanford will be closed during election hours of 7:00 a.m. to 7:00 p.m. tomorrow in accordance with state law, Capt. Roy Tillis announced this morning.

appearance and rental manner. Adding much to the professional caliber of the show was the eight piece orchestra led by Walter J. Adair, Jacksonville florist. Orchestral accompaniments were never too loud for the singers, who used microphones.

Appearing on the stage in an initial night club scene entitled Club Morocco, was Mrs. Margaret Burdette of Braintree, Ind.; six grandchildren; 12 great grandchildren; one niece, Elizabeth Burns of Tennessee.

DISABLED VETERANS J. F. McLaughlin, Daytona Beach, elected commander of District 5 Disabled American Veterans Auxiliary, will be installed at the state convention in Daytona Beach in June. Poets from Sanford, DeLand, Ocala, Cocoa and Daytona Beach were represented at the district meeting here Sunday.

Tomorrow both will be set up downstairs here for the sale of forged-into-toilet aid disabled veterans.

President Asks National Plan Of Flood Insurance

Congress Asked For 1 1/2 Billion Dollars To Set Up Program

WASHINGTON (AP)—President Truman today asked Congress to set up a national system of flood disaster insurance backed by 1 1/2 billion dollars of government funds.

He told the lawmakers the lack of an insurance system is "a major gap in the means by which a man can make his home, his farm, or his business secure against financial loss."

The President sent with his message to the Senate and House a draft of suggested legislation under which the Reconstruction Finance Corporation could provide direct insurance or reinsurance of policies written by private companies.

RFC commitments would be limited to five hundred million dollars to begin with but could be increased, with presidential approval, but further amounts of five hundred million each on July 1, 1953, and July 1, 1954.

Truman said the initial limitation contemplated that the program would be started on an experimental basis both with respect to rates and areas covered.

He said he believed the program should be set up on a basis designed "to permit the government to break even."

"To do so," he added, "it will be necessary that rates be set high enough to cover all expenses, including a proper reserve for losses."

Several months ago the President recommended spending four hundred million dollars to get such a program started, along with loans and other flood help.

In his message today, he said "this draft bill would authorize in advance to be made available for homes, for businesses and farm properties, and for agricultural commodities. It would also establish a maximum amount of insurance for any one person or business of \$250,000."

Mrs. R. M. Burns Dies At Age Of 72

Funeral services were held at 4:00 p.m. today at Brison Funeral Home for Mrs. R. M. Burns, 72, who died early Saturday morning at the home of her daughter, Mrs. Clifford Proctor, Sr. following a two months' illness.

The Rev. A. G. McInnis officiated at the services and burial took place in Evergreen Cemetery.

Mrs. Burns was born May 6, 1880 in New Harmony and had lived in Sanford since 1931, coming from Terre Haute, Ind. She was a member of the Presbyterian Church and an active worker in the church circles; also a member of the Woman's Club. She was the widow of the late R. M. Burns.

Bradley Says Russian Peak Coming In '54

Chief Of Staff Issues Warning Over Possible Loss Of Atomic Superiority

WASHINGTON (AP)—Gen. Omar N. Bradley today warned in a report that Russia is building toward a peak of military strength which will make "the general period of 1954 the most dangerous" to U. S. security.

Bradley, chairman of the Joint Chiefs of Staff, testified before a Senate appropriations subcommittee. He was opposing a House approved ceiling of 40 billion dollars on U. S. defense spending in the year starting July 1. The Pentagon budget called for a spending program of 52 billion.

His prepared statement, read to the subcommittee at a closed door meeting, was made public by that group.

"Military considerations which today deter our enemies from war may have lost their deterring effect by the 1954 period," Bradley said.

"Our enemies will have capabilities of endangering our country—doing it most critical damage—at that time."

His implication was that U. S. atomic superiority may be lost by that date.

The general said he believes Russia has gained "considerable research knowledge" in atomic weapons developments from Germany and "from the Fuchs he traveled." This was a reference to Karl Fuchs, British scientist convicted of passing atomic secrets to Russia.

Bradley said this poses a question "does the steady increase of strength in our own efforts, then, tend to invite an early attack by the Soviets?"

He said the answer is probably "Yes," but it is better to accept this risk of attack to obtain a real increase in Allied strength. Otherwise we are in danger of offering them Western Europe, and ultimately the United States, as a platter."

S. O. Chase, Jr. Elected To Office

S. O. Chase, Jr., was elected as one of the eight district vice presidents of the Associated Industries of Florida at its annual convention in Jacksonville Friday night.

Highlighting the convention were addresses by presidential candidate Senator Richard Russell, Jr., and Fulton Lewis, Jr., noted news analyst and commentator.

Mr. Lewis called Senator Russell "one of the greatest living Americans" but said if he got the Democratic nomination for President it would be a miracle.

He said, in fact, Russell very probably wouldn't come even close to it "because he's an honest man."

AIF Executive Vice President William Jibb told the gathering of 400 "We must choose between destruction caused by government paternalism and the security insured by individual freedom with responsibility."

Other top officers elected were G. McElhiney, president; W. E. Wheeler, secretary; C. J. Guntt, treasurer; William F. Jibb, executive vice president.

The AIF agreed to move its headquarters to Tallahassee from Jacksonville this year.

Florida Voters To Go To Polls Tomorrow In 2 Primary Elections

SCHOOL SUPERINTENDENT

Among the candidates to be voted upon in the Democratic primary tomorrow are these two running for county superintendent and school superintendent. Left to right are Layton L. Mellow, superintendent of the county school at Longwood, and T. W. Layton, superintendent of Seminole County schools for many years.

Court Decides 'Unfair To Labor' Ad Is Libelous

Damages Against Labor Union And News Paper Upheld

WASHINGTON (AP)—The Supreme Court today 7-2 ruled a \$30,000 libel judgment against a labor union and a newspaper for publishing an advertisement saying an employer was unfair to labor.

The high tribunal refused to review a Kentucky Court of Appeals decision upholding the \$10,000 libel judgment against the Paducah (Ky.) Sun Democrat and the Paducah Central Labor Union.

The judgments were won by Layton W. Wise, operator of a restaurant. Shortly before opening his place on June 1, 1949, Wise had a casual employee paint a small section of the front of the building. A sign was not a union member. The job took less than one hour.

As a result of the incident the Central Labor Union a month and a half later placed the advertisement in the newspaper. It was headed "Notice: Members of Labor," and said Wise's restaurant was "unfair to you."

Wise sued in the McCracken County (Ky.) Circuit court for \$20,000 damages. A jury awarded him the \$10,000. In upholding the award the Kentucky Court of Appeals said:

"We do not decide that the publication was libelous as a matter of law. What we do decide is that labor unions, as others, may be civilly liable when they falsely charge an employer with being 'unfair to you.'"

Postmaster Welcomes Visitors

Postmaster Joel Field, right, welcomed Mr. and Mrs. Edmund H. Martin of Ocala to Sanford Saturday noon at the Municipal Pier. Left to right, Mrs. Martin, Mr. Martin and Mr. Field. The Martins, friends of the Fields, purchased this boat, Caroline II, in Jacksonville recently and named it after Mrs. Martin. Note the two mascots, left to right, "Marblehead," Spits, and "Susie," Toy Terrier. Mr. Martin visited the City Commission and the port terminal group for their progress in trying to develop the St. Johns River transportation system.

Polls Open At 7 a.m. With Over 800,000 Registered Citizens Expected To Vote

By MALCOLM B. JOHNSON Associated Press Staff Writer A political campaign that has produced some of the hottest—and some of the most lites—contests in recent Florida history comes to a close today.

Tuesday, the voters will have their say in Democratic and Republican primary elections.

A tumultuous, free-swinging campaign for the Democratic gubernatorial nomination and a presidential preference primary in which senators from two neighboring Southern states are testing their Florida popularity have produced all the statewide fireworks—and it has been plenty.

By contrast, the contests for the United States Senate, one State Supreme Court position, state school superintendent and one seat on the State Utilities Commission have been so subdued that some voters might be surprised to find them on the ballot.

A three-way race for the Republican gubernatorial nomination also has been run with apparent good feeling.

There have been spots of vigorous and bitter campaigning for such local offices as sheriff, state attorney, county commission and members of the legislature.

There are 1,200,000 registered voters—all but 38,000 of them Democrats—and up to two-thirds of them are expected in cast ballots. The polls will open at 7 a. m. in 1,682 precincts, and close at 7 p. m.

McCarthy, general manager, was expected to hold the lead in the Democratic gubernatorial race, and some of his supporters were talking cautiously about the possibility that he might be the Democratic nominee.

Alto Adams and Bradley Odgers, the other two major candidates, were conceding no such thing. Both were predicting they would be in the runoff with McCarthy and beat him in a second primary May 27.

Adams, a 32-year-old Sanford oil dealer, is an unknown quantity in the gubernatorial picture. He has built himself up to the position of a strong contender through a novel series of long question-and-answer radio programs. But, because he has lacked a strong campaign organization to back it up, outside political observers wonder how much of the public attention can be converted into actual votes.

Adams, 32-year-old former Supreme court justice, rattled on and out dealer, has an active organization of experienced election strategists throughout the state.

McCarthy, 65-year-old citrus grower and cattleman, started his campaign organization that helped him run second to Gov. Warren four years ago and has added to it materially.

Two other Democratic candidates (continued on page two)

METHOD MEET SAN FRANCISCO (AP)—The most debated question of the Methodists' general conference—a report recommending drastic changes in top level church organization—comes before delegates for perhaps the last time, starting with the entire morning session was set aside for debate on provisions of the controversial survey commission report on streamlining church administration. Church sources said they expected that proposals not touched upon today would be referred to a committee for study during the next four years—until the Quadrennial General Conference of 1956.

This conference is scheduled to close Tuesday.

RENT CONTROL WASHINGTON (AP)—Rent Stabilizer T. E. Woods urged Congress today to continue present controls for the next two years. HE said a proposal to limit controls to critical defense areas could deal "a knockout blow to the general over-all stabilization effort."

Such decontrol, Woods said in a prepared statement to the House Banking and Currency Committee, would mean increases of 50 to 100 per cent in the \$30 to \$50 rent bracket in the nation's major cities.

This proposal would affect a third of our population, as 33,000,000 live in cities which would be decontrolled," he said.

ROTARY MEETINGS No meeting was held of the Rotary Club today on account of the inter-city meeting with DeLand which will be held at the Seminole Country Club Wednesday. The regular meeting will be held next Monday, May 12, President Jack Estlin announced today, with no meeting the following Monday, May 19, on account of the local ride which will be held Wednesday, May 14.

Seminole Blues Meet Powerful Jax Beach Here Tonight

Gainesville Stops Blues' Eight-Game Winning Streak; Swain Vs. Birds

By KENT CHETLAIN
The Seminole Blues' baseball machine was stopped momentarily yesterday after recording eight consecutive triumphs by the Gainesville G-Men, 5 to 1, in the Memorial Stadium. The Blues will attempt to unleash another winning onslaught tonight when the mighty Jacksonville Beach Sea Birds come to town for their first appearance of the year.

Manager Chuck Aleno will probably use left-hander Lloyd Swain to stop the south paw cover hitters of the Sea Birds. The form: Seminole High school hurling has had two and lost one this season. For this season George Kenis and will be trying to gain his third win of the year. Only Murray Byrd has won three games this year for the Blues.

The past weekend proved to be very successful for the Seminoles as they plastered a twin victory over the Cocoa Indians Friday night by scores of 9-8 and 11-1. The initial triumph was the continuation of a pre-season game of Apr. 19. Jesus final three frames to get credit for his second victory of the year.

The regular game saw George Smith hand out the Indians on seven hits and one run. "Joltin' Joe" Paris blasted out his sixth home run of the year to lead the Blues in that department. Catcher Dusty Rhodes clouted a sacrifice bunt, circuit smash for his first homer of the season for the Blues in the nightcap.

The giant righthander Smith notched his second win against no-hitters in the Cocoa tilt. The twin win over the Indians extended the Blues winning streak to seven in a row.

Saturday night the Seminoles took over third place when they lambasted the G-Men in Gainesville 11-1 behind the "nothing-bull" pitching of Murray Byrd. The G-Men batter almost broke their bats trying to hit Byrd's stiff stuff and control ball. He gave up only six hits in notching his third win of the year to lead the Seminole mound corps.

Chuck Aleno heaped out his third homer of the year in the game with one out. The victory clinched the longest winning streak of the year for the Blues at night straight.

Yesterday Jim Loomis, Brownie farm product, took to the mound for his first appearance and last but not a third of an inning before leaving the game. Loomis showered and drew his release before the game ended. A husky rookie tryout, Ed Chery, relieved him and lasted but one inning before being shelled from the mound by a three-run G-Men outburst. Aleno relieved Chery and went the remainder of the distance silencing the Gainesville bats with but two hits.

With the score reading 5-0 in favor of Gainesville, Aleno threw a long fly to left to score Fred Cavallaro singled in Paris, who had singled earlier. The third baseman Loomis hit Campo tripled hoping fly over the third baseman. Loomis led with the bases loaded to score Cavallaro and Imbra in the sixth. This ended the Blues scoring for the day and ended their seven winning string.

From Box Fetter: George Kenis heaped out four hits in an many appearances Saturday night at Gainesville. Dusty Rhodes had three straight passes in his three trips up yesterday. Kenis still persist that the Blues are trying to swing a deal for pitcher and shortstop, GM Kenis would not give any amount to the rumor other than "something is going to come and soon." Bob Miller, infielder, took his Army medical last Friday in Jacksonville and reports that he won't definitely what they plan to do with him for another two weeks. Miller passed the exam.

AB H O A
Cade, DeLand 1 8 7 0
Tenow, Daytona 1 8 7 0
Kinard, Jax Beach 1 7 7 0
Young, Jax Beach 1 8 7 0
Hughes, Cocoa 1 7 7 0
Gonzales, Gainesville 1 6 6 0
Aleno, Sanford 1 12 4 4
W. Trumpy, V 1 7 6 3
Pirtle, Gainesville 1 18 6 0

The quarter finals in the Seminole County club men's championship tournament was played yesterday with Sonny Powell, Roy Symes, J. W. Spencer and John Ivey registering wins in the championship flight.

Beginning today and for the next few days, the semifinals will be staged. Sunday the final matches in all flights will be run off.

Powell defeated Hugh Greir, 2 and 1; Symes dropped Andrew Carraway, 2 and 1; Spencer thumped R. B. Smith, 3 and 1; John Ivey stopped Harry Tooke, 2 and 1.

In first place play George Herndon, Jr., whipped Karl Higginbotham, 5-4. Roy Holler won by default from Ray Lundquist, young Mel Fleischer crushed McCough, 7-4, and Halman took the measure of Jimmy Fox, 2-2.

Chuck Aleno Is Seventh Hitter In State Loop With .365 Mark

Manager Chuck Aleno of the Seminole Blues cracked the Florida State League's circle of top ten hitters by increasing his batting mark from .341 to .365 during the past week. Aleno ranks second in the all important runs batted in department with 27.

Joltin' Jack Cade, DeLand's sensational third sacker, appears to be one of the men to beat for the Class D Florida State League batting crown for 1952.

Official averages released at league headquarters today find him at the top of the TOP TEN with a .408 mark after 18 games through Thursday night, May 1—just one point lower than the figure that had him leading last week.

While Cade was finding Sanford, Gainesville, and Leesburg hurling no serious problem, most of the TOP TEN of last week slumped badly, notably Gainesville's Al Pirtle, the all-time batting champion whose .383 won him the title in 1949. Al dropped to tenth place, but with a healthy .362.

As the week ended Thursday night, Cade was leading in runs scored with 29; hits with 37; triples with seven.

Veteran Joe Paris of Sanford was leading in homers with five, while Harmon Young of Jax Beach was tops in doubles with nine.

That a new stolen base champion might be crowned was a possibility for Daytona's Howard Tenow had 13, with team-mate Dick Baller second with ten.

Jax Beach's Harold Martin still was out front with 33 RBIs—only 108 from a new high record for Daytona's Howard Tenow had 13, with team-mate Dick Baller second with ten.

The week was filled with highlights. Season's first managerial change came at St. Augustine where Bert Shepard was replaced by Herb Rucker while club owners were reported dickering with Lou Bevil, former Orlando - Daytona manager.

Joe Angel of Jax Beach tossed a 16 to 0 no-hitter, the hapless Saints being his victims. It was the 16th nine-inning no-hitter in league history and he missed the "perfect game" circle by one man, for he faced 28 batters. Daytona's Dick Wenger, rookie

left-hander, followed Angel's feat by fanning 10 Saints, one short of the all-time league record held by Lester, Gainesville.

Cade was stopped hitless after a 16-game consecutive batting streak; DeLand dropped an important tilt to Gainesville to end its 10-game winning streak, while Jax Beach won seven straight before losing.

Pirtle's homer with the bases full was the prime factor in the G-Men victory over DeLand to end that 10-game streak.

Through Thursday, Cocoa had dropped nine straight, while Thursday night Jax Beach, topping DeLand 5-1, went out in front of the Red-Hats by one run in their current hot race for the league title for the first half.

Not in years have injuries and aching arms played so great a part in the standings as of Thursday of all clubs for no club was without its share of men either out of action, or playing with bandaged arms, legs, or wrists.

OFFICIAL FLORIDA STATE LEAGUE AVERAGES FOR WEEK ENDING MIDNIGHT THURSDAY, MAY 1, 1952

Player-Club	Class	G	AB	R	H	HR	HR	RBI	Week
Cade, DeLand	LS	18	70	29	37	5	0	24	.408
Tenow, Daytona	R	18	78	12	32	3	0	22	.388

Flamingos Shade Cubans To Move Into FIL Lead

Ft. Lauderdale Braves Win 3rd Contest In 26 Encounters

John Imbra, batting .329 average for Blues

By GENE FLOWDEN
Associated Press Staff Writer
The Miami Beach Flamingos stood alone atop the Florida International League today, thanks to the rejuvenated Fort Lauderdale Braves.

The Flamingos shaded Havana's Cubans Sunday night, 1-0, while Fort Lauderdale dropped the Tampa Smokers, 13-5, to drop the Tampa club a full game off the pace.

In other games Miami ousted Lakeland, 3-0, and St. Petersburg blanked West Palm Beach, 2-0, in 11 innings.

Bob Palmer doled out five hits in Havana while Miami Beach manager George Wehner's triple to start the game was the big blow and two walks set the stage for Whitey Platt's long fly that scored the only run of the evening before 1,500 fans.

Fort Lauderdale, which had a 1-2 record when the Braves invaded Tampa Friday, took two of three from the Smokers and pulled to within three games of seventh place Lakeland. The Braves shelled five Tampa pitchers for 17 hits while Nick Pappas, Red Todd and Gar Del Monte gave up 13.

Billy Harris gave four hits in shutting out Lakeland for the second straight night. Three Lakeland pitchers gave up nine hits, one of them a Harris single in the sixth that scored two Miami runs.

The Kirkland hurler and Bobo Clendenin before a West Palm Beach turnout of 780. Each team got only five hits and West Palm beach left 14 runners stranded.

Clendenin pitched eight and the Saints left only five walks before giving way to Fritz Luciano in the 11th.

DeLand Takes FSL Lead Again After Defeating Palatka

By NEIL GILBRIDE
Associated Press Staff Writer
DeLand defeated Palatka 5-2 Sunday to take a half game Florida State League lead over Jacksonville Beach, who lost 5-2 to Leesburg.

In other Sunday games, Gainesville trimmed Sanford 5-4, Orlando defeated Daytona Beach 5-1, and the DeLand Red Hats got off to a fast start in the first inning by scoring three runs on three walks, a hit and an error.

The Jacksonville Beach Sea-Birds dropped out of first place by losing to Leesburg. The Sea-Birds left 15 men on base and committed five errors for one of their worst games of the season.

The Leesburg G-Men scored all five of their runs in the first two innings to trim the Sanford Blues by one run. The loss broke an eight game Sanford winning while holding Sanford to one hit.

The Orlando Senators took advantage of 14 bases on balls given up by two St. Augustine pitchers to beat St. Augustine. Orlando scored three times in the first inning on three walks and a double by Roy Thomas.

Sea Birds' Tom Mills Paces FSL Flingers With 5 Straight Wins

A pair of rookie left-handers are the early season hurling stars of the Class D Florida State League, according to official averages released at league headquarters today.

Young Dave McCrickard of the Jax Beach Sea-Birds, winner of four without a loss, and Dick Wenger of the Daytona Beach Islanders, the "strike out king" are the youngsters of the hour.

McCrickard, touted by Bird manager Red Treadway as a "real find", had appeared in five games through Thursday night, May 1. In 37 frames, he had allowed but 10 runs, only five earned, 31 hits, walked but nine, and fanned 28.

Wenger, while losing three of four decisions, had appeared in only four games through 35 innings. He had been tossed for 23 runs but only ten were earned, and had allowed only 27 hits. He had walked 21, and fanned 45. In one game and 15 in a heart-breaking 16-inning tilt he dropped to Gainesville.

Pitching leader was Jax Beach' Tom Mills with five victories and no defeats. Sanford manager Chuck Aleno was in fourth place with three wins and no losses—earned in relief roles, however. Third spot belonged to Stan Miller, the giant Canadian right-hander, who had won four games and four wins, no losses.

Highlight of the season, aside from Wenger's 19 strike-outs against St. Augustine, was Joe Ange's 16 to 0 no-hit victory over St. Augustine. It was the 16th no-hitter in league history. Here are the records of the hurling leaders through midnight Thursday:

Pitcher-Club	Class	G	IP	SO	W	L	Pct.

Babe Zaharias Adds Another Golf Title

FRESNO, Calif. (AP)—Booming Babe Zaharias, greatest of women golfers, added the 54 National Open title to her august collection and headed for Seattle today. There she naturally will be the favorite to win the third lap of the cross country Weather-vane classic.

The Tampa, Fla., star, came home in 33 Sunday to post 80-72-228 for the \$5,000 event. She won \$1,175 and leads the touring PGA ladies in earnings this year with \$5,563.25.

Marilyn Smith, personality gal from Wichita, Kansas, shot 73-82-74-229 and second money of \$645. National Open titleholder Betty Rawls, Austin, Texas, tied 18-year-old Marlene Bauer, Sarasota, Fla., for third, with 230. They won \$387.50 each.

The lady pros contest the third leg of the 72-hole Weather-vane at the Broadmoor Course, Seattle. Mrs. Zaharias leads by six strokes with 228. She won the first lap at Miami and finished second at Houston.

SEMI-PRO CHAMP
TAMPA (AP)—National Skat Shoot Champion Francis Ellis, Jacksonville, had an overall score of 233-300 Sunday to win the Florida state skeet title.

Marie Ellis, no relation, won the women's crown with 283-300. Junior honors went to George Haden, eighth grade Bolles Academy (Jacksonville) student, who had 291-300.

Curtis Newsome, Larry Overby, A. E. Minton, Dick Wilkerson and Arden Streit, all from Gainesville, took five-man team honors with 491-500.

Head football Coach Joe McMullen, of the Stetson Hatters, shows movies of last year's game to new Assistant Coach Gene Stauber, right. Stauber reported for the last two weeks of spring drills and the high school and junior college tryouts.

Senators-Yankee Trade Pays Off For Washington

Jensen And Wilson Pace Nats To Two Wins Over Browns

By JOE REICHLER
Associated Press Staff Writer
Yesterday's Yankees are painting a brighter future for today's Washington Senators.

Picked by most experts to finish last, Bucky Harris's Senators are right in the thick of the battle for the American League lead with Boston and Cleveland, thanks to a quartet of ex-Yankees.

The former New Yorkers spearheaded in Washington's sweep of a doubleheader from the skidding St. Louis Browns Sunday. The victors boosted the Nats into third place, 3 1/2 games behind the pace-setting Boston Red Sox.

Outfielders Archie Wilson and Jackie Jensen, two of the four players acquired by Washington Saturday's six-man trade with the Yankees, made auspicious debuts, pounding out nine hits between them as the Nats tripped the Browns, 5-1 and 13-7. Wilson slammed five hits, including a triple and double, while Jensen rapped a double and three singles.

Wilson scored both Washington runs in the first game as ex-Yankee Lou Brown Sunday. The victors' Byrnie in a pitching duel.

Tom Ferrick, another former Yankee, was credited with the second-game victory, hurling one-hit ball in a seven-inning red-clint. He was aided by a 21-hit attack.

The Yankees were happy about the trade, too, because Irv Noren, whom they obtained in the six-player swap, banged out two vital hits as the New Yorkers took two from the Chicago White Sox, 8-0 and 3-1. The fleet-footed center-fielder singled, doubled and scored three times in the opener. He went hitless in the nightcap.

Cleveland's Indians climbed into second place by defeating the Boston Red Sox, 5-6, with a five-run blast in the seventh inning. A double by Luke Easter and singles by Jim Fritchley, Harry Simpson and Bobby Avila, highlighted the rally against Maurice McDermott and loser Ivan DeLoach.

Eddie Joost hit a pair of homers in the first game and Hank Majeski singled with the bases loaded in the ninth inning of the second to give the Philadelphia Athletics a sweep of the doubleheader with Detroit, 10-6 and 6-5.

New York's Giants clung to their half-game lead over Brooklyn in the National League, vanquishing the Chicago Cubs in a 10-inning battle, 6-3.

Carl Erskine registered his first major league shutout, pitching the Dodgers to a five-hit, 6-0 win over the Pittsburgh Pirates.

Clutch hitting by First Baseman Ted Kluszewski and spectacular relief pitching by Frank Smith helped the Cincinnati Reds secure a pair from the Philadelphia Phillies, 3-4 and 2-1.

Gerry Staley became the first pitcher to win five games as the St. Louis Cardinals divided a doubleheader with the Boston Braves. The big Redbird righthander gained a 12 victory in the first game, but home runs by Sam Rice and Bill Mauer helped the Braves to a 4-3 victory in the second.

Court House Rally

(Continued From Page One)

with each day a separate offense." In the early part of his talk, Mr. Herndon commended the ladies for their interest in voting and trying to decide in good faith the issues at stake. Reviewing his record, he declared that he was the same man who had been in the clerk's office for 17 years. In the gubernatorial appeals, Mr. Gray told of Alto Adams experience in the Florida Supreme Court, and declared that he is not merely looking for a job but an opportunity to serve the people.

General Hutchison told of Dan McCarty's fine military record as a member of the 7th Army staff in Africa, Italy, Germany and Austria, of his record as a student at the University of Florida, and of his election three times to the Florida House of Representatives of which he was Speaker in 1911, the youngest in the state's history.

Volie Williams Jr. termed Mr. Gilman a man of courage, character and integrity who understands the basic policies which have shaped the nation. He abhors what is evil and substitutes principles for political expediency and is no cheap politician who straddles the fence, he added.

Bill Kirk, speaking in behalf of

the candidacy of Senator Russell for the Democratic nomination for president, declared that America is at the crossroads and is in need of strong leadership, and termed the senator a man of destiny.

Speaking for state senator of the 37th district were L. F. Boyle, incumbent; A. Max Brewer, Titusville, and A. T. Rossetter, Melbourne.

Final appeals as candidates for the State House of Representatives, Gr. up No. 1, were made by Mack N. Cleveland, Jr., Ruth M. Hamilton and M. B. Smith, incumbent.

Both Supt. T. W. Lawton and his opponent, Principal E. T. Millwee of the Lynn School, spoke concerning school improvements.

Speaking as candidates for sheriff were Sheriff P. A. Mero, C. W. Beck, J. L. Hobby, Roy G. Williams and Clay Williams.

George A. Speer, Jr., incumbent, and Karlisle Householder, municipal judge, continued their contest for the post of county prosecuting attorney.

Candidates speaking for County Commissioner in District No. 1 were Earl Higginbotham, W. G. Kilbee and C. C. Priest. W. B. Miller did not appear to speak.

Appearing for election as county commissioner in District No. 5 were Bonner L. Carter, Victor M. Green and John W.

Melch. Three candidates spoke for the office of justice of the peace in District No. 4, Chas. L. Bridges, W. Hugh Duncan and J. W. Byles. L. A. Taba was not present.

A good number of citizens were still in the room to hear the final speakers for justice of the peace in District 4, Robert E. Browning, J. Q. Galloway and Ralph M. Geiger.

Supreme Court

(Continued From Page One)

"unfair," where there exists no controversy or other circumstance which would reasonably justify the intentional damage of the employer's business. Therefore, the published statement was not privileged, and the determination of whether or not it constituted libel was properly submitted to the jury."

Wise said he was not told by the union that it objected to the Negro doing the painting.

His brief filed with the Supreme Court said if the contentions of the union and the newspaper were upheld, "then a union, or any organization remotely connected therewith, may publish damaging statements concerning a small business man without any attempt to bargain with him, without confronting him with their grievance, or in any manner informing him of their displeasure, regardless of how ridi-

Oil, Steel Strike

(Continued From Page One)

However, O. A. Knight, president of the Oil Workers International Union (CIO) said at Denver headquarters the Los Angeles settlement "has nothing whatever to do with the current nationwide strike of oil workers."

Knight said the independent union was not one of a coalition of CIO, AFL and independent unions and has not been on strike.

The union leader added: "Anytime an oil company will offer us 18¢ cents in cash, the strike at that company's plant would undoubtedly end in a short time."

The union reported that workers at the Wexls Cross, Utah, refinery of the Phillips Petroleum Company walked out today after staying on the job last week to protect the plant from Utah flood waters.

Meanwhile the trip of an oil workers' strike squeezed commercial, private and military aviation today but mounted only slowly in effect for the rest of the gasoline-powered nation.

The strike called last Wednesday closed some of the world's greatest oil refineries, including key

units for production of aviation gasoline, and was felt in distribution facilities.

The result was an order Sunday by Secretary of Interior Oscar Chapman limiting the use of gasoline by airlines and private fliers effective Tuesday.

His order, effective at 3:01 a. m. Eastern Standard Time, cuts fuel for airlines 30 per cent. Pleasure and sports flights by private fliers are cut entirely.

Both carrier and non-carrier aircraft will be prohibited for 28 days beginning Tuesday from taking delivery of more than 45 per cent of the gasoline they used in March of this year. The order also applies to foreign airlines flying from the United States. And it forbids export of aviation gasoline without permission of the Petroleum Administration for Defense (PAD).

PITTSBURGH — Steelworkers grumbled today but they obeyed their leaders and stayed on the job despite collapse of Washington peace talks. Steel production mounted.

The men in the mills took the

news glumly that White House negotiations had broken out. Many wore bitter like their president sliverly haired Philip Murray, head of the CIO United Steelworkers.

Some of the workers seemed bewildered by the situation which their chief called "deplorable." But they kept on working in hope that the government and industry can come up with a peaceful solution.

Murray said the union has no intention of calling the workers out on strike again—against the government. He hoped the workers would continue on their jobs while the government operates the steel mills.

And the giant steel industry took great strides over the weekend to achieve full production. Bill steel producing companies like U. S. Steel Corp., and Jones and Laughlin Steel Corp. said the work return was proceeding according to schedule.

Many smaller plants began reaching normal operations long before "Big Steel" called its employees back to work. In fact, a few of the small manufacturers produced steel less than 48 hours

TAFT COMMITTEE WASHINGTON — Lt. Gen. Albert C. Wedemeyer today assumed the chairmanship of a national Taft-for-President committee and promptly announced that Taft's candidacy is supported by Gen. Douglas MacArthur.

Wedemeyer, who retired after a long military career, said he took the committee assignment on the urging of "numerous prominent Americans including Gen. Douglas MacArthur."

He told a news conference MacArthur called him a week ago to urge him to head the committee "for the good of the country."

HAWAII DEMOCRATS HONOLULU — Hawaii Democrats in a marathon session early today selected six delegates to the national convention and instructed them to vote for President Truman until he is clearly out of the race.

The right wing of the party won control of the convention in a scrap that kept delegates in session for 20 hours

after the three-day strike was called off.

culous or groundless it may be." The appeal by the union and the newspaper contended the awards violated the federal Constitution's guarantees of free speech and free press. The appeal cited an earlier Supreme Court decision upholding the right of union pickets to carry signs which called an employer unfair.

The Kentucky Constitution has a provision that "every person may freely and fully speak, write and print on any subject, being responsible for the abuse of that liberty."

The Supreme Court also agreed to rule on at least one phase of the red hot issue of public vs. private power development.

Specifically, the high tribunal said it will decide whether private industry or the federal government should build a hydroelectric plant on the Roanoke River at Roanoke Rapids, N. C.

The ruling was asked by Secretary of the Interior Chapman in an appeal from a decision by the U. S. Circuit Court in Richmond. The Circuit Court approved the granting of a Federal Power Commission license for the project to the Virginia Electric and Power Company.

Chapman has fought development of the project by the Virginia company on the ground that Congress approved a plan for development of the Roanoke River basin which included a federal dam at Roanoke Rapids.

The Circuit Court said that until the federal government actually begins construction of such a project, the Secretary of the Interior has no more responsibility in connection with it than has the postmaster general.

In this conflict of views between the Interior Department and the power commission the Justice Department decided to take a neutral position.

Chapman's appeal said the Circuit Court decision "jeopardizes all river basin developments that have been approved by Congress, by making their realization contingent upon the non-issuance of licenses by the federal power commission" to private industry. He added:

"If congressionally approved comprehensive plans do not preclude the licensing of their constituent project units, then it is to be expected that private power companies will seek licenses for the development of those project sites which are economically most advantageous, leaving the federal development only the infeasible or the least feasible projects."

Return The Clerk's Office To The People Of Seminole County

Why Haven't We Had Any Grand Jury Investigations?

EDITORIAL

They have been recommended (Dec. 4th, 1950) and publicly demanded Aug. 20, 1951; and you've heard the various charges made by the sheriff candidates.

We've had an embezzlement charge hanging fire since last year (the principle has demanded immediate action) — There has been positive evidence of dope peddling in Seminole County.

Intimidating statements by my opponent to Commissioners alleging collusion.

It is not a matter of legality; it is a matter of powerful influence and ignoring your rights.

Text Of Letter City of Sanford, Florida May 3, 1952

W. H. Stemper, Mayor Sanford, Fla.

Dear Mr. Stemper:

In response to your request I am attaching hereto a list of the names of City Commissioners who sold merchandise and insurance to the City, either directly or indirectly through business firms represented, which shows the dates of terms of office and the total amount of sales with each commissioner.

You will note that this covers the period from January 1, 1929, thru December 31, 1951, and that there are eleven commissioners with whom the City traded during this period.

With reference to policy adopted by the Commission as to trading with commissioners while serving on the Board, this was adopted before my tenure of employment with the City, but was brought to the attention of the commission from time to time as new commissioners were installed in office, and after due consideration, it was felt that it was not being abused and would not be any reflection on the city of commissioners to continue trading with those doing business with the City. Also, during my term of office several candidates for City Commissioner have inquired before qualifying as to whether or not they would have to discontinue trading with the City if elected to office, stating that they did not feel justified, in devoting their time to office and giving up the City's business to them.

However, in December of 1951 the matter was again brought to the attention of the Commission and upon legal advice from the City Attorney that such transactions were in violation of the City Charter and State law the Board discontinued any further purchases or business transactions with any member of the Commission, either directly or indirectly.

Respectfully yours,
H. N. BAYEN,
City Clerk,

Still trying to evade, my opponent planned and gave his last minute surprise attack (legal deadline Apr. 18th) after I had spoken and had no chance for rebuttal. He cleverly forgot to add that it is a matter of public record

that — six former mayors and five commissioners since 1929 have followed the Approved Policy which has been adhered to during the terms of every City Commissioner and every City Attorney from 1913 till 1951.

All Merchandise sold by Stemper Bros., Grocery was sold on low competitive bid.

When Criticism of the City's formerly approved purchases (for 38 years) became apparent Bill Stemper started the proceedings (Dec. 1951) and established the precedent for all Commissioners to stop immediately.

Why all the many attempts to evade the issues.

The truth is not mud!

Blues In The News
By BOB WISE and F. JUGE
The Sanford Naval Air Station commemorated its last anniversary since being recommissioned last May 1, with a gala celebration

at the Air Station last Friday. Refreshments were served along with a splendid assortment of cold cuts. Capt. J. L. Chittenden commenced the festivities by cutting a huge anniversary cake, which was prepared by the Station Chow Hall. There was a host of amusements found in the many contests, in which the Station Personnel and their guests were the participants. These games consisted of three-legged races, climbing a greased pole, capturing a greased pig and the like. The highlight of the afternoon was provided by a rolling pin contest in which the wives and guests of the Personnel participated in exclusively. More merriment was provided

when several Station and FABRON Personnel teamed up and produced a bit of western music which was greatly enjoyed by all concerned.
Congrats go to Lt. Comdr. C. A. Williams, skipper of Fighter Squadron 82, who was recently advanced to the rank of full Commander. Along with the new rank goes the privilege of wearing gold braid or "scrambled eggs" on his cap visor. This is enjoyed only by Officers with the rank of Commander or above and is considered an honor among Navy circles.
The Station Sket Team emerged victorious in a match at Eustis, last Wednesday by an 11 bird margin. The match was a private one, but none the less essential as a practice medium.
Marshall Haywood, AO2, has taken a short leave from the FABRON to marry Miss Margaret Wood Story of Raleigh, N. C. on May 3. Haywood is a member of the Ordnance shop of FABRON and has been such for the past four months. Congratulations go to Marshall and it is hoped that he will be happy with his bride.
Fighter Squadron 82 recently advanced 41 men to new rates after the Fleet-wide examinations completed in January. These men are to be congratulated and the education program of this squadron is also to be praised for its efficiency in helping these men to acquire their new rates.
Returning to the FABRON recently from medical treatment are S. Cincougranno AO3, and T. Blosser AT2. Cincougranno returns from the Hospital at NAS Jacksonville, where he was being treated for a bad knee. Blosser was recently released from the Station Dispensary after having his tonsils removed. Prior to his tour in the Dispensary, Blosser was presented with a baby girl by his wife, Dorothy.
A recent transfer in the Carrier Air Group finds Chief Joe E. Yert leaving for duty with Air Transport Squadron 6 at Westover Air Force Base at Chicopee Fall, Mass. Chief West has been a member of the Air Group Staff for the past two years and he and his wife resided at Orange City during his tour of duty at the Air Station in Sanford, Halling from Roanoke, Va. West was well liked among the staff and will be sadly missed by all of the members of Carrier Air Group Three.
The FABRON will lose one of its

West Railroads Ask Government For Higher Fares

WASHINGTON (AP)—Nine Western railroads asked the government today to approve a 10 per cent increase in their passenger fares.
The petition, filed with the Interstate Commerce Commission, deals only with interstate travel west of the Mississippi River.
The railroads ask that they were filing similar applications in the various states asking for authority to up their rates by the same amount in within-state travel.
The proposed hike would raise the basic coach fare per mile from 2.5 cents to 2.75 cents and the sleeping and parlor car fare from 3.5 to 3.85 cents.
In addition, the nine railroads asked authority to increase their minimum single ticket charge from 15 to 20 cents.
The nine Western roads joining in the petition said they are operating passenger services at a loss and that operating costs are going up.
Seeking the increase are Missouri Pacific Railroad and subsidiaries, Southern Pacific Company, Northwestern Pacific, Pacific Electric, St. Louis Southwestern Railway Company, St. Louis Southwestern Railway of Texas, Texas and Arlington Eastern, Texas and Pacific and subsidiaries and Texas and New Orleans Railroad Company.
The last general revision of passenger fares west of the Mississippi River was in February, 1948, when the ICC authorized boosts of about 13 per cent.

Truman Plan

(Continued on Page Six)
some of the large losses in a flood, it would take care of the home owners, businessmen, and farmers

who are least able to afford flood losses because their total assets are small. As experience is gained, it may be desirable to change this maximum amount.
"Furthermore, the bill would limit the insurance payment on any given property to .9 per cent of less of the loss sustained. Such a limitation will preserve the incentive for the property-owner to do what he can to protect his property."

Shrine Minstrel
(Continued from page one)
27. Among his numbers was one dedicated to Mr. and Mrs. Edward F. Lane, "When You and I Were Young Maggie."
Between acts, Glen Searing, illustrious potentate of the Shriners, pointed out that none of the 50 men in the minstrel were paid for their services, stated that they had worked hard by rehearsing two months and have been making appearances during the past two and a half months, and told of the aid given to a quarter of a million physically handicapped boys and girls in Shrine maintained hospitals.
Two Sanford Shriners and their wives were called from the audience to appear on the stage in the night club scene, Mr. and Mrs. R. C. Graham and Mr. and Mrs. Ray Harron. They enjoyed the goofy shenanigans of the Morocco Krakers, and the cavorting of the Basin Street Belles.
The second act, a straight minstrel show, was lively, tuneful, and packed with comedy that had the audience in an uproar most of the time.
Solists represented the cream of Jacksonville talent. Among these, Charles Schurer, scored an outstanding hit with his number, "Because of You". Teddy Hanson drew heavy applause with his singing of an Irish song, "Galway Bay". Coy Nicola sang one of the great minstrel hits of all time, "Roale Posey".
Other outstanding singers and funsters were C. E. Smith, Bill Todd, Allen Womble, Edward Lewis, H. A. Durden, Roy Greelish, and Walter Denson, and Stewart Jones. Scenery was colorful, particularly the Egyptian type temple background.
best Electronic's Technicians in Chief Robert Andrews who will be honorably discharged from the Naval service today. "Lil Beaver" as he was called by his men holds several degrees in Electronics and Radio and was an inspiration to all who served under him. After discharge Chief Andrews intends to stay in Florida and will settle at Cocoa where he has attained a job with the radio station there. "of luck to you, Chief Andrews, and may your future be one of prosperity and achievement."
A proud papa is Ernest Pour-well, FABRON 821. His wife, Virginia presented him with a baby girl Thursday, May 1 at approximately 1:00 in the afternoon. Both parents are happy about this arrival and had hopes that their child would be a girl. Congratulations on the blessed event and thank you for the cigars, Ernest.
Former Skipper of Carrier Air Group Three, Walter F. Madden, was given a rousing send off at a party held in his honor at the Air Station last Friday.
Comdr. Madden has recently been transferred to Pensacola, for duty with the Staff of the Naval Air Training.
The members of the Air Group, led by their respective shipper, praised Comdr. Madden for his excellent leadership as their skipper.
In paying final tributes to their former skipper of Carrier Air Group Three presented him with a lovely banner, on which were the individual signatures of the five squadrons in the Air Group.
In concluding the ceremony, Comdr. Madden received the surprise of the evening, a beautiful wire message in which was recounted the success of the evening.
Music for the occasion was provided by selected men from FABRON 821.

O. P. HERNDON
Candidate for Re-election as **CLERK OF THE CIRCUIT COURT**

- 17 years of honest, faithful and conscientious service.

FOR A JOB WELL DONE RE-ELECT LLOYD F. BOYLE YOUR STATE SENATOR

He is 53 years old — A World War I Veteran — Served as Your State Attorney — Your present State Senator — His loyalty, honesty and integrity have never been questioned.
He Introduced and Passed the following general Legislation:
—Creating the Central Florida Agricultural Experimental Station at Sanford.
—Establishing the Small Claims Court.
—Creating the Fla. State Advertising Commission.
—Creating the Department of Veterans Affairs.
—Requiring a 3 Day Waiting Period before Marriage.
—Creating a State Athletic Commission.
—The Florida Citrus Code of 1949.
—The State-wide No Fence Law.
—Requiring Signal Lights on Trucks.
—The Minimum School Foundation Law.
He stands for:
—Economy in our State Government.
—Consolidation of the existing 127 bureaus, boards and agencies into not more than 25.
—Fair reapportionment of the Legislature according to population.
—Higher Pay for our School Teachers.
—A State Tax Commission to make property pay on a uniform basis for Schools and County purposes.
—Central Purchasing — A State purchasing department for all state needs.
—A State Department of Labor.
—Staggering Terms for the State Road Board.
—Removal of State Taxes from Gasoline used on Farms, Groves and in Boats.
—Improvement of U. S. No. 17-92 before construction of proposed toll turn-pike highway.
—Honest and Careful consideration of all special local legislation affecting either Brevard or Seminole County — Will require adequate advertising before introduction and referendum if controversial.
He reminds You:
"There is No Argument against Sincerity"
"There is No Substitute for Experience"
"Don't Save Money Ability for an Experiment"

Bank Robber Gives Self Up When God Told Him He Had Done Wrong

TOPEKA, Kas. (AP)—A youthful father, speaking from a church pulpit, described his part in a bank robbery and said God told him to give himself up.

"I thought about the bank robbery many times," 23-year-old Albert H. Johnson said Sunday. "About five weeks ago it really started bothering me."

"I prayed about it and asked the Lord to give me an answer. It seemed that he would give me only one answer and that was to give myself up."

The \$235 bank robbery occurred May 17, 1948, in Hoyt, Kas.

Saturday Johnson made a formal statement to County Attorney Donald Sands admitting the robbery. He originally had planned to confess in church, then surrender to authorities. But he was prevailed on to appear before county officials first.

Johnson said if he is sent to the penitentiary, he will try to convert the men there.

His public confession in the Seward Avenue Baptist Church was punctuated by frequent cries of "Amen!" and "Bless you, brethren!" from the audience of about 100.

His wife and five months old son were in the audience. Johnson, a sheet metal worker at the Santa Fe Railway shops here, is a member of the church.

"I fully realize that if I am convicted, the penalty may be from 10 to 50 years in the penitentiary," he said. "Naturally I hope that because of the change that has taken place in my life, leniency will be shown."

"I am interested in the Youth for Christ movement and as soon as this is straightened out I want to enter the industry and tell the younger kids what happened to me and how I was saved Saturday on charges of bank robbery and armed kidnapping and released on \$5,000 bail pending a preliminary hearing May 12."

Johnson said he had two accomplices, that both were still alive and that he received \$315 as his share of the loot. He said the leader was an older man who borrowed \$100 from a Perry, Kas., bank to buy weapons and ammunition for the robbery.

Orion Williams, the Hoyt, Kas., bank cashier who was held captive for a brief time by the robbers, said Johnson did not resemble any of the three as he remembered them but seemed to be acquainted with details of the holdup. Williams identified two men killed in a car accident shortly after the robbery as participants in it.

The Kansas statute of limitations requires criminal prosecution to start within two years after a crime and since the robbery occurred four years ago, this stands in the way of conviction. Johnson has not indicated whether he will waive the limitation.

Brannan Accused Of Wrongdoing In Farm Aid Program

By G. MILTON KELLY
WASHINGTON (AP)—Sen. Aiken pressed today for a chance to tell Secretary of Agriculture Brannan to his face that he tried to "cover up" wrongdoing in the farm aid program, and to get the secretary's reply under oath.

The blunt-spoken Vermont senator voiced his challenge as the Senate Agriculture Committee trained its sights on high level department officials and asked the Justice Department to take over part of its inquiries. Aiken is the committee's ranking Republican member.

Chairman Ellender (D-La.) announced he was:

(1) Asking the Justice Department to look into alleged "leaks" of inside information to a rich Egyptian trader concerning secret U. S. plans for the purchase of cotton for the national defense stockpile.

(2) Calling on Brannan to suspend "at once" Clovis D. Walker, who directs cotton stockpiling purchases and who acknowledged to the committee Friday that some of his business contacts with the Egyptian were "improper." He named the Egyptian as Loufy Mansour, a cotton dealer.

Sen. Mundt (R-S.D.), a committee member, told a reporter he would ask the committee to call Brannan to explain if Walker remains on the government payroll through the day.

But Aiken said he will demand in any event that Brannan be summoned to tell why the department itself did not "long ago" ask the Justice Department to investigate the cases of Walker and others. He called the delays "a cover up job."

The committee meanwhile called some of Brannan's top Washington staff members to explain why they by-passed regional field offices in writing grain storage contracts, some of which ran high into six figures.

If it were possible for one bee to gather all the material for a pound of honey, it is believed it would have to work every day for eight years.

Philip Murray, president of the United Steelworkers, is shown with other union leaders as they arrived at the White House for a parley with President Truman and representatives of the steel industry. Pictured (l. to r.) are: Joseph Maloney, district director, USW; Murray; Arthur Goldberg, general counsel, USW; James Thimmes, vice president, USW; Joseph Germano, district director, USW; and Davide McDonald, secretary-treasurer, USW. Below, representatives of the steel industry arrive at the White House for the meeting. They are (l. to r.): Adm. Ben Moreel, chairman of the board, Jones and Laughlin Steel Corp.; F. F. Patton, vice president, Republic Steel; A. D. Homer, president Bethlehem Steel; Benjamin Fairless, president, U. S. Steel; Frank Furnell, president, Youngstown Steel and Tube; John Stephens vice president, U. S. Steel; Clarence Randall, president, Inland Steel; and Lewis Parsons, U. S. Steel (International Soundphoto)

Waste Pulp May Be Used For Kraft Paper

SAVANNAH, Ga. (AP)—Waste wood, a costly but useless product of paper mills, soon may be one of the Southern pulpwood industry's leading money makers.

Scientists at the Herty Foundation Laboratories reported this week end that worthless non-resinous wood and pulp waste has a toughness needed in the manufacture of Kraft paper—the kind used for heavy paper bags and wrapping paper.

The report gave these details: The laboratory had been working two years in an effort to turn out an economically feasible product. Previous experiments in the use of waste as an ordinary pulp proved unsatisfactory.

But using a new method of process and mixture, combining the waste with ordinary pine pulp and hardwood pulp produced a paper with high resistance to both tearing and bursting.

The new pulp is "cooked in a low pressure, low temperature 'recycler' system quite different from that used in most paper mills.

Experiments have proved so successful that plans are underway for two pulp mills in Georgia and one in Florida to utilize the new process.

Of the 50 Democratic and Republican political conventions in the United States from 1864 through 1952, 21 have taken the political leaders to Chicago.

PRISON RIOT

MONTREAL (AP)—Truce between police finally quelled some 20 rioting prisoners at Montreal's Bordeaux jail Sunday night. The men, demanding better food and shouting for a new jail governor, marched and shouted about the jail yard for five hours, setting dozens of fires.

At least three persons—two prisoners and a guard—were injured but not seriously. Provincial and city police, hastily summoned to reinforce jail guards, put their teargas aside for nightsticks and let the rioters' frenzy subside before they moved into the yard.

There was no gunfire.

The first non-ratting convention in U. S. party history chose Andrew Jackson by acclamation in 1822.

American Fliers Down 4 Red Jets, Two Other Planes

SEOUL, Korea (AP)—U. S. Sabre jet pilots destroyed four Communist jets and two Red propeller-driven planes in aerial dogfights over Northwestern Korea Sunday, the Fifth Air Force reported today.

There were three clashes in the area just south of the Yalu River boundary between Korea and Manchuria. The fights ranged from 40,000 feet down to 5,000.

Four Red jets were shot down as 30 Sabres jumped a 12 plane MIG formation. Earlier, Sabre pilots swooped down on two low flying Red planes of conventional design and downed them.

In a third scrap, two Australian Meteor jet pilots tangled with two MIGs and reported one MIG probably destroyed.

Allied losses, if any, will be announced in a weekly summary.

The smashing Sunday air victories were tempered somewhat by the Air Force announcement that Col. Albert W. Schinz, deputy wing commander of the 51st Fighter-Interceptor Wing, disappeared in aerial combat May 1.

Major Donald E. Adams, who Saturday became America's 13th jet ace, said the Communists have begun to replace 21mm cannon on Russian type MIGs with machineguns similar to the U. S. 50 caliber.

of the Allied delegation, emerged from the conference tent and said: "I am sorry but we are still in executive (secret) session and I can tell you nothing. We meet again tomorrow."

The secret sessions of the chief delegates began one week ago when the United Nations Command laid before the Reds a proposed over-all solution to unsettled problems.

... enjoy America's finest ice cream

Lady Borden

There's no other ice cream like Lady Borden. It's the most delicious, most glorious, most glamorous ice cream you ever tasted! Lady Borden is made with thick, golden, farm-sweet cream... lots of it! Only the very choicest of fruits, nuts and flavors are used. Then the minute it flows from the freezer... at the very peak of rich, full-flavor... it's quickly frozen, instantly packed and sealed in a special burgundy-colored carton. Once you've enjoyed the rich, rich flavor of Lady Borden Ice Cream... once you've enjoyed its smooth, creamy-smooth texture, you'll know how really good, good ice cream can be. Lady Borden is America's finest ice cream. For parties, for special occasions, for home desserts... always serve Lady Borden Ice Cream.

Lady Borden ICE CREAM

If it's Borden's, it's GOT to be Good!

Nation's Supply Of Meat Said To Be In Grave Danger

By OVID A. MARTIN
WASHINGTON (AP)—Farm officials said today the nation's meat supply is in greater danger now than at any time in more than 20 years. Reason: Spreading of the dread foot-and-mouth disease southward toward the U. S.-Canadian border.

An outbreak of the disease in this country, Agriculture Department officials said, might well greatly reduce the movement of cattle and hogs to market and cause a quick and critical shortage of meat in many areas.

Officials say they are greatly concerned over the dangers. The disease, first discovered in Canada in early March, has moved within 50 miles of the U. S. border. This is the closest threat to U. S. livestock since 1929, when there was an outbreak in California.

Should it again appear in this country, officials said, states adjoining the infected area could be expected to throw up quarantines barring the movement of livestock and livestock products across their borders.

An outbreak in Indiana or Ohio, for instance, might seriously disrupt the movement of livestock and meats from the great Midwestern livestock area to the Eastern Seaboard, because supply lines traverse a quick and critical shortage of meat in many areas.

In a move to prevent importation of infected or exposed animals and other carriers of the disease, the Agriculture Department has thrown up a border guard. But such a guard, no matter how watchful, offers no airtight protection.

The disease has a mysterious way of spreading. As yet the Canadian outbreak has not been traced to its source.

The department is getting ready to set if necessary, in this country, the disease has been combated in the past by the "stamping-out" or slaughter method. This consists of outright slaughter and destruction of diseased and exposed animals, rigid quarantine of affected farms and adjacent areas, disinfection of exposed premises, and repeated inspections and vaccinations of animals in diseased areas.

Foot-and-mouth disease is transmissible to man, as has been shown by several accidental laboratory infections and several other well-substantiated cases. Investigators believe, however, that humans are not readily susceptible, and consequently the disease is not considered to be a public health problem.

Per capita use of telephones has doubled in Italy since the beginning of World War II and one Italian in every 40 now has a telephone.

Wauchula State Market Hits Peak In Cucumber Deal

WINTER HAVEN (Special)—The Wauchula State Farmer Market reached the peak of the cucumber deal this past week with one day's total reaching over 10,000 bushels. The total for the week reached 68,887 bushels selling at an average price of \$3.73. Tomatoes are just beginning on the market with 2,850 bushels averaging \$4.54 per field crate. The market anticipates a nice increase in tomato volume this week and a decreasing volume in cucumbers.

"Federal inspection will be started on tomatoes today. Pepper remains in light supply with 778 bushels averaging \$4.52 and lighter supplies of yellow crookneck squash, pole beans, blackeyed peas and okra brought the total volume of all items to 42,718 units at a gross revenue of \$151,876.66," William L. Wilson, Director of State Markets reported in his weekly resume of market activities.

The Pahokee State Farmers' Market sold more than 4,700 units of produce with gross receipts totaling \$20,234.00 the past week. A fair supply of Pole Beans, and light supplies of squash, peppers, eggplants, and blackeyed peas moved at fair to good prices. Tomatoes lead in volume with prices on all grades ranging from .50 to \$1.40 and averaging \$4.43.

Trading on the Sanford Market was very brisk the early part of the week with 29 varieties of fruit and produce totaling 87,856 units bringing gross receipts of \$201,930. The market anticipates a fair to good volume of a wide variety of vegetables during the current week.

The Immokalee State Farmers' Market moved a total of 8,572 units of vegetables returning a gross revenue of \$38,772.45 to growers. Tomatoes and cucumbers lead in volume with blackeyed peas and yellow squash following. Light supplies of peppers, eggplant, okra, and string beans were offered.

The strawberry deal on the Starke State Market switched last week from the fresh deal to the processors of frozen foods. However, sales of fresh berries totaled 763 crates with a gross revenue of \$3,999.18. Prices ranged from \$4 to \$7.80 and 401 24-quart crates and 64 36-pint crates went to frozen food processors for gross returns of \$2,012.80.

The Fort Myers State Farmers Market showed a slight decrease in volume with prices reported as satisfactory. 8,150 bushels of cucumbers brought \$24,613.00. Watermelon volume is increasing and bringing 5c per pound field run. Eggplants, Cocozelle Squash, peppers, including cucumbers brought the total units to 10,272 units for the week.

A heavy volume of a wide variety of vegetables totaled 74,947 units at a gross revenue of \$267,711.85 at the Plant City State Farmers Market. Fancy Holi peppers lead in volume with 19,902 units averaging \$4.10; 13,704 bushel bampers of Pole Beans averaged \$4.80 and 12,396 Fancy Yellow Crookneck squash averaged \$3.80. Fancy okra brought the highest average of \$13.10 per bushel with the low price of \$10.00 and high of \$18.00. Prices generally were satisfactory. A good supply of all items including field peas, potatoes, tomatoes, eggplant and corn in addition to the other items is anticipated this week.

Excellent quality tomatoes continue in heavy and increasing volume along with a good supply of excellent cucumbers to move over the Fort Myers State Farmers Market with the movement expected to continue well into June.

JEWELRY TRADE
"counter-attack" points were offered today to jewelers losing trade to house-to-house canvassers and merchants in other lines.

A. L. Rowe, vice-president, of the National Watch Co., told the Florida Retail Jewelers' Association the program should include: Better training of sales clerks; aggressive local advertising programs; selling by appointment in the home; and imaginative merchandising to bring customers into the store.

OUR DEMOCRACY "IT'S A FREE COUNTRY!"

—A TRUE PHRASE, BUT ONE USED TOO OFTEN IN DEFENSE OF AN UNFAIR OR UNSOCIAL ACT OR SPEECH.

THIS IS A FREE COUNTRY—BUT THAT FREEDOM CARRIES WITH IT THE RESPONSIBILITY OF RESPECT FOR THE RIGHTS OF OTHERS, AND OF OBSERVING THE LAWS MADE BY THE ELECTED REPRESENTATIVES OF A FREE PEOPLE. FOR THE CITIZENS OF OUR DEMOCRACY THE VITAL TASK IS TO MAINTAIN THE PRINCIPLE THAT PERSONAL LIBERTY MEANS PERSONAL RESPONSIBILITY—SO WE CAN KEEP OURS A FREE COUNTRY.

Try and Stop Me

By BENNETT CERF

STORY plot suggested by Charles Morton: a polite but cold-blooded killer is apprehended by the authorities, put to death in the electric chair, and consigned forthwith to the nethermost circle of Hell. The devil in charge there looks over the new arrival with a certain amount of respect and says, "Won't you have a chair?" "No, thanks," says the always-correct felon with alacrity, "I've been sitting down all morning."

A publisher's wife told Irving Hoffman, "It's not true that I married a millionaire. I made him one." "What was he before you married him?" asked Irving. The wife answered, "A multi-millionaire."

In a "Battle of the Sexes" radio broadcast, a female contestant was asked, "Is your husband a bookworm?" "No, sir," she answered emphatically, "just an ordinary one."

MENTAL EXAM
WICHITA, Kan. (AP)—Authorities planned a psychiatric examination for 22-year-old William D. Birchler who told police he lived with the naked body of a woman for four days after killing her. The nude body, stuffed in a duffel bag, was found Thursday under the porch of his parents' home. Police said Birchler signed a statement admitting he stabbed to death 36-year-old Mrs. Mary J. Brady during a prolonged drinking bout in his room near the downtown district.

RE-ELECT M. B. (T-BONE) SMITH

Candidate for Re-election to State Legislature in Group 1

A number of the ten years I have served you in the Legislature have been among the most crucial in the history of Florida—the war years.

It has been my policy not to make promises in political campaigns for I am but one individual in the State Legislature. I have served you in the field of agriculture, marketing, road improvement and bringing support of legislation for a betterment of education, efforts toward the betterment of our underprivileged citizens and the welfare of our commonwealth. I trust your vote on May 6 will be gratefully appreciated.

Survey Is Made Of Air Force Reservists

ORLANDO (Special)—More than half of the Air Force reservists scheduled for a personal interview at Orlando Air Force Base have had their records brought up to date during the first two weeks of the 15 county survey project, now under way according to Air Force officials.

With only two weeks remaining, every Air Force reservist in counties of Brevard, Flagler, Highlands, Indian River, Lake, Marion, Okeechobee, Orange, Osceola, Polk, Seminole, Sumter and Volusia who has not received a letter suggesting a time for an interview is urged to contact the Reserve Survey Project Officer at Orlando Air Base immediately.

It was pointed out that the survey is not to be construed as in any way processing for active duty of any reservist. Purpose of the survey is to bring Air Force reservists' records up to date. The mutual advantage to employers, reservists and the Air Force in maintaining military records on a current and accurate basis was pointed out. The personal interview survey is considered to be the most accurate means of accomplishing this purpose.

Time required for most interviews is approximately 45 minutes. Schedule for interview may be arranged for the convenience of the reservist and his employer and may be changed upon request.

BOAT RESCUE
CLEARWATER (AP)—36-foot fishing boat was towed in here Sunday with its two-man crew after being adrift in the Gulf of Mexico for 13 days.

C. E. Sermons, 24, owner of the vessel, and Roy Pounds, 32, said they were unable to start the boat's diesel engine after fishing 58 miles out in the gulf. The next day, they said, they tore off gunwales to use for oars and rowed the nine-ton boat for about 20 miles. Later a small sail helped them shoreward. They were in sight of land when a craft skippered by Dr. J. A. Trelles, Tampa, took them in tow.

ORLANDO FIRE
ORLANDO (AP)—Fire destroyed the W. C. Champion Packing house Sunday. Fire Chief Magic Bennett estimated total damage at \$100,000. The blaze, which took all of the city's 50 firemen to bring under control, was only 100 feet from huge fuel storage tanks of the Texas Oil Co.

Elect A Senator Who Will Represent YOU Here Are 10 REASONS Why You Should Vote For A. MAX BREWER FOR STATE SENATOR, 37TH DISTRICT

- 1. EDUCATION**—MAX BREWER believes education is the most important function of our State government and stands for improved educational facilities and increased teachers' salaries.
- 2. ROADS**—MAX BREWER believes our Senatorial district has not been getting its fair share of State Road funds and will fight for better roads for the entire district.
- 3. TAXATION**—MAX BREWER believes that with the Federal and State government tax burden at the highest level in our history the average citizen can not stand an increase in taxes. He will oppose additional taxes.
- 4. EFFICIENCY AND ECONOMY**—MAX BREWER believes that if we eliminate waste and extravagance and practice economy and efficiency in our State government we will not need any new taxes.
- 5. STATE CENTRAL PURCHASING SYSTEM**—MAX BREWER believes that we should adopt a State Central Purchasing System as 41 out of the 48 States have done. With skilled buyers, standardization and quantity buying, a Central Purchasing System would save Florida a tremendous amount of money.
- 6. CITRUS**—MAX BREWER owns a small citrus grove and realizes the problems of the grower and shipper. He will work to solve the problems of production, processing and marketing.
- 7. DOG TRACK LOBBY**—MAX BREWER believes that a Senator should not represent conflicting interests and for that reason will introduce a law prohibiting your State lawmakers from the dog track pay-rolls.
- 8. REPRESENTATION**—MAX BREWER believes that a Senator should represent ALL the people of his district. He will make it his purpose to make regular visits to the communities to find out the feelings and desires of you, the people.
- 9. REGISTRATION**—MAX BREWER believes that our most precious heritage is our vote and is opposed to obstacles to registration. He is in favor of the registration books going out into the precincts for 60 days before the election.
- 10. HONESTY**—MAX BREWER believes honesty and integrity are the two highest qualifications for any office and asks you to inspect his background and talk with those who know him. You will find his reputation for honesty unquestioned.

IT'S PAST TIME FOR A CHANGE

Military Leaders Are Convinced Russia Won't Start Hot War Soon

By ELTON C. FAY
AP Military Affairs Reporter

WASHINGTON (AP)—A growing impression among top American military leaders that Russia won't launch a hot war soon appears based partly on a belief the Soviet Union needs more time to put her armed forces and economy in readiness.

This is in addition to more obvious reasons, including the improved condition of the mutual defense setup in Western Europe, and the fact that Communist Russia has been doing exceedingly well with just a "cold" war of subversion, pressure on weak nations, and promoting a "little" war in Korea.

Over the weekend, Gen. Alfred M. Gruenther, chief of staff of the combined Western defense forces in Europe, pointed up what he and others had said before. In a radio interview he expressed belief the Russians would not attack this year or in the near future. In fact, he declared he did not subscribe to the doctrine that war is inevitable.

Gen. Omar Bradley, chairman of the Joint Chiefs of Staff, has commented that among the reasons the Russians have had for not starting war is the superior atomic stockpile of the United States, American airpower and the collective security arrangements in Europe. But he added "we don't know what the Soviet imperialists intend to do."

There Bradley was making a distinction between two types of assessment: intention and capability. The intentions of a foreign power are something usually evaluated by diplomatic experts. Its capabilities are analyzed and assessed by the military.

What are Russia's military capabilities? Information gleaned from a wide variety of sources, some of it apparently reliable and some merely speculation by official analysts, include these points:

1. Despite numerous "five year" and other plans, the Soviet Union's production of steel, the essence of military strength, still is at tonnage only about one-fourth that of probably is deficient in petroleum in the United States alone, not including capacities of the other Western Powers. Similarly, she probably is deficient in petroleum production, vital to the operations of planes, tanks and transportation.

2. Russia, with iron-fist control and with Soviet military leadership, has sought to prepare all her European Communist satellite nations for war. But only one, Bulgaria, seems to be anywhere near an adequate condition.

3. The Soviet Union's transport and communications system is woefully short of military requirements. Railroads over which the must shift troops for defense or offense are too few, the rolling stock insufficient and, in most cases, worn and old. Hard-surfaced roads, capable of handling military traffic in all weather, are scarce. Reports that Russia has changed the gauge of rail lines in satellite countries to conform to her own broad-gauge tracks do not appear to be accurate.

4. The Soviet Army is supposed to have a strength of 175 divisions arrayed against only about 25 in existence among the Western European Allies. But a Soviet division has an authorized strength of only 12,000 and reports indicate many divisions have an actual strength of 10,000 or less. A United States division has 18,000 men in its organic structure, not including units which are attached for combat.

These seem reasonable arguments for believing that Russia might not be ready, yet, to step out on a World War III. But no one is brash enough to deny the Soviet Army and Air Force aren't formidable fighting machines right now, or to declare positively that the U. S. S. R. might not use them tomorrow or next month or next year.

5. The Soviet Army is supposed to have a strength of 175 divisions arrayed against only about 25 in existence among the Western European Allies. But a Soviet division has an authorized strength of only 12,000 and reports indicate many divisions have an actual strength of 10,000 or less. A United States division has 18,000 men in its organic structure, not including units which are attached for combat.

These seem reasonable arguments for believing that Russia might not be ready, yet, to step out on a World War III. But no one is brash enough to deny the Soviet Army and Air Force aren't formidable fighting machines right now, or to declare positively that the U. S. S. R. might not use them tomorrow or next month or next year.

6. The Soviet Army is supposed to have a strength of 175 divisions arrayed against only about 25 in existence among the Western European Allies. But a Soviet division has an authorized strength of only 12,000 and reports indicate many divisions have an actual strength of 10,000 or less. A United States division has 18,000 men in its organic structure, not including units which are attached for combat.

These seem reasonable arguments for believing that Russia might not be ready, yet, to step out on a World War III. But no one is brash enough to deny the Soviet Army and Air Force aren't formidable fighting machines right now, or to declare positively that the U. S. S. R. might not use them tomorrow or next month or next year.

THE OLD HOME TOWN By STANLEY

BACK ROAD FOLKS - THAT CITY COUSIN JOINS THE BOYS

Liquor Cannot Be Sold Legally Any Time Tomorrow

TALLAHASSEE (AP)—The National Guard can't drill Tuesday in Florida.

No liquor sales will be legal anywhere between 7 a. m. and 7 p. m. There will probably be more deputy sheriffs standing around than ever before.

It's election day, and some unusual laws will be in effect. There's an old, old statute which prohibits any officer from calling out the militia "to appear and exercise" during an election, except in cases of invasion or to suppress an insurrection. So, no parades.

The law also prohibits sale of liquor while the polls are open—7 a. m. to 7 p. m.—and local officials can make the ban from midnight before the election to 7 a. m. the day after.

It's against the law to bet on the outcome of an election. Every sheriff is required by law to put a regular or special deputy on duty at every voting precinct to keep order. There are nearly 1,700 of them, more than ever before.

But no deputy or other police officer may step inside the poll (except when he casts his own vote) unless he is called in by a majority of the precinct election inspectors.

No one may hand out literature within 100 yards of a polling place. Every candidate may certify a watcher to stay in the polling place and see that the election is conducted honestly. But no watcher may step within 15 feet of a voting booth or the election officials' table.

Every election official must call out the name of the person entering a booth in a tone loud enough for the watchers to hear it. (That gives them a chance to check registration lists and send out for straggling supporters of their men before the polls close.)

Nobody can go in the voting booth with a voter—unless he is blind, illiterate or has lost the use of his hands. Then he may ask a clerk to mark his ballot for him.

All other voting must be secret, even if the voter doesn't mind. And another thing—just one vote to a voter.

NORFOLK LANDING ANCHORAGE, Alaska (AP)—"Operation instructions carried out. No sweat."

This message from an Air Force crew at the top of the world signaled history's first successful landing at the geographic North Pole.

A COMMUNIST VOTER is taken in hand by West Berlin police when he refused to go back to the Soviet sector. He was one of some 10,000 trouble-makers from East Germany who staged a hit-run "invasion" of the Allied section. They withdrew before striking clubs and water hoses. The demonstration was staged as a Red protest against plans to admit West Germany into proposed European army. (International)

Polo, the Alaska Air Command announced Sunday.

Major Gen. William D. Old, commanding general of the Air Command, said a C-47 ski-and-wheel equipped transport flown by Lt. Col. William P. Benedict, Pasadena, Calif., made the landing Saturday.

Air Force officials and scientists spent three hours and 10 minutes on the ice pack taking measurements, then flew back to Fletcher's Island, a floating ice island 135 miles away to report the historic landing, Old said.

GUAM (AP)—Two girl stowaways who traveled 6,000 miles by plane to this far Pacific island in search of adventure were on the way back to California today, by plane, of course.

For Jerrie McDaniel, 26, Walnut Grove, Calif., and Maxine Allen, 23, Tacoma, Wash., it was a relief they came out with high hopes but couldn't find even a grass shack to live in.

They arrived late in April in a sleek B-29 Superfortress, with the help, they said, of two airman friends. After slipping off the plane undetected, they gave themselves up several days later. Without a roof over their pretty heads, the adventure had waned.

DAGGER POINT TOKYO (AP)—A 20-year-old ex-convict today held up the proprietor of a downtown pinball parlor at dagger point and made off with a 100-pound strong box.

He walked only about 100 yards with his heavy loot before police nabbed him.

Inside the strong box were some 8,000 pinballs.

FREE WKE WINNER ORLANDO (AP)—Ten-year-old Teddy Thibodeau, Dothan, Ala., won the sixth annual National Pee Wee Golf Tournament here Sunday with an 88.

He shot 43 on the first nine and 45 on the second nine. He was runner-up last year, also with an 88.

A record 118 competed in the tourney for boys and girls three through 18 years of age.

GOLF TOURNAMENT ORMOND BRACH (AP)—Defending Champion Jimmy Paul came back in the last eight holes to defeat Dayton's Beach City Champion Andy Arvey 6-5 in the 75-hole final of the first annual men's South Atlantic Golf Tournament here Sunday.

Many poisonous snakes do not lay eggs but produce living young.

Farm Bureau Head Praises Freedom

WINTER PARK (Special)—"America operates best when hampered least," declared E. H. Finlayson, president of the Florida Farm Bureau Federation in a pre-arranged statement to farmers throughout Florida today.

"Costly government programs which take away our basic freedoms have no place in a democracy such as ours. America can continue to move forward only by the combined efforts of alert citizens working and earning their own way under the banner of competitive enterprise and private initiative," the statement said.

"While we have traveled a long way in the direction of the super state, fortunately we have the opportunity of preventing further inroads on our constitutional liberties. The citizen of the United States is free to speak his own mind, to vote for candidates of his own choosing and make his voice heard through his elected representatives on matters of national policy."

Nine Persons Killed In Auto Accidents

By The Associated Press Automobile accidents killed at least nine persons in Florida Sunday and an Air Force captain drowned while water skiing.

A three-car smashup on U. S. 17 near Jacksonville killed seven persons, including Foster Scott, 30; his wife and two children of Jacksonville; Scott's mother, Mrs. Cole Estes, Yulee; Mrs. Lillie Kummer, Philadelphia and Clarence M. Simmons, Jacksonville.

Navy Lt. Kenneth Gryka, 19, stationed at Key West, was killed in an automobile accident on the MacArthur Causeway at Miami.

An ice cream truck ran over and fatally injured three-year-old Roland Soto in front of his home in Hialeah.

The Air Force captain, whose name was withheld pending notification of next of kin, was stationed at Bartow Air Base. He was water skiing in Eagle Lake and would have graduated in flight training Saturday.

Dorothy Farabee, 12, drowned in a small artificial lake at Moore Haven Saturday.

THE WEATHER Continued warm and partly cloudy through Wednesday.

Big Turnout Of Voters Is Reported Here

Returns Will Be Tabulated By Herald And Broadcast At Once Over WTRR

Clear skies and a bright sun prevailed throughout the day as Sanford and Seminole County voters trekked to the polls in large numbers beginning early this morning to cast their votes for their presidential preference, and for state and county candidates in the Democratic primary.

A big factor in the local enthusiasm was the fact that Sanford has for the first time entered a candidate for governor of Florida, J. Bradley Odham, who was greeted with cheers when he came to Precinct No. 3, the County Canning Kitchen on Twenty-fifth Street, this morning to cast his ballot.

Many voters, white and colored, were on hand when the polls opened at 7:00 a.m. today, including a whole truckload of Negro voters at Precinct No. 3. At 10:30 p.m. a total of 542 voters out of 1810 registered in Precinct No. 1, had cast their ballots at the store building at 805 West Third Street. At Precinct No. 3 the total was 1008 voters out of 2300 registered. Precinct No. 15 in mid-Sanford had 1,810 votes out of 2,180 registered.

The clerks and inspectors commented today on the fine condition of the registration books as prepared by Mrs. Camilla Bruce, county supervisor of registration, and Mrs. Verne Messenger, who preceded her.

Newsman Beaten Taking Pictures At Voting Place

PHENIX CITY, Ala. (AP)—Three newsmen and two anti-vice leaders were beaten or roughed up when photographers attempted to take pictures near a voting booth here today.

The anti-vice leaders were Hugh Bentley, president of the Russell County Betterment Association, who was home when a few months ago and Hugh Britton, intelligence officer for the Betterment Association.

Britton was beaten severely. Bentley suffered a cut on one eye and his glasses were broken. The reporters were not seriously hurt. They said they were attacked by a group of men around the polling place.

Bentley's son, Hugh, 14, who was blown out of his bed in the dynamite blast at the Bentley home several months ago, was knocked to the ground in today's melee.

Seventh Day Adventist Church Dedicated

Many visitors from Orlando and Winter Park were among those present at the dedication of the Seventh Day Adventist Church, Seventh Street and Elm Avenue, Saturday morning. Improvements to the church and grounds total more than \$1,500 in cost were made during the past three months.

U. S. Accused Of Paying Twice For Unloading Corn

Washington Attorney Says Government Not Hooked By Deal

WASHINGTON (AP)—A Washington lawyer told Senate investigators today he arranged a contract that allowed his client to collect \$27,500 from the government twice for unloading the same corn.

Grimes told the committee he negotiated the deal for his father, Edward Grimes, a director of Car, Gill, Inc., Minneapolis, which received the double pay.

Later on, either this afternoon or Wednesday, the committee expected to hear from Jack I. Cowart, a former Agriculture Department official who has been convicted of taking illegal fees. El Jender said Coward would be asked "what he may know of reported influence deals in the government's grain storage program."

Legion Plans For Armed Forces Day

Plans for participation in the Armed Forces Day program on Saturday, May 17, were outlined at the meeting of the Sanford Post No. 53, the American Legion, last night. J. D. Cordell, president, John Peterson, Armed Forces Day chairman, announced that Mr. Cordell, commander of the Post, had been appointed parade chairman.

James G. Galloway announced that he had been appointed by the Civil Air Patrol to aid them in carrying the parade.

7th Day Adventist Church Dedicates Improvements

The Seventh Day Adventist Church, Seventh Street and Elm Avenue, was filled to capacity Sunday morning when the church was dedicated. The dedication followed final completion of improvements to the church which was erected in 1941.

The musical program included a violin solo, "The Gate of Life," by Mrs. C. F. Cushman, Orlando, and formerly of Boston, Mass. She was accompanied by Mrs. Nightingale.

Lions Club Sponsors Boy To Boys State

The Lions Club at its luncheon today in the Yacht Club, voted to sponsor one boy from this area and send him to Boy State at Tallahassee this summer. The club will cooperate with Judge Douglas O. Stenstrom in selecting one youth and paying his expenses.

The list of nominees was presented to the club by King Little, E. B. McCall, Lion Henry Witte, Jr., introduced a motion to have the boys and girls committee make the selection and report it at the next meeting. The motion was carried with only one dissenting vote.

JONES GETS PROMOTION

John A. Jones, Jr., will be promoted from cadet to pilot on May 10 in ceremonies at Vance Air Force Base in Waco, Okla. It was learned yesterday by his brother, Abby Jones.

Top Military Men Warn Congress On Armed Forces Cut

Proposed Budget Is Quoted As Wrecking Security Program

WASHINGTON (AP)—America's top military men have told Congress that proposed cuts in the armed services budget could disastrously cripple this country's fighting strength around the world.

Gen. Hoyt S. Vandenberg, Air Force chief of staff, testified that the House cuts could mean Russia would gain military control of the air within two years.

McGranery Tells Congress About Listing Reds

Thinks Attorney General Should Have Congress Guidance

WASHINGTON (AP)—Judge James P. McGranery said today the President of the United States, in time of emergency, has the right "to do any and all things necessary to preserve the life, the liberty and the property of its citizens."

McGranery prefaced his questions about the subversive list and the security act by noting that McGranery, in his opening testimony Monday, had vigorously denounced Communism.

REDS IN KOREA

SEOUL, Korea (AP)—James A. Van Fleet said today there are indications the Communists never have wanted to make peace in Korea.

Wilson Attacks WSB Authority In Wage Disputes

Says Agency Went Beyond Proper Stabilization Policy

WASHINGTON (AP)—The Wage Stabilization Board WSB today asked the 90,000 striking oil workers to end their walk-out immediately.

Wilson said today he feels the WSB board chairman sent a message to the union and management with the unanimous approval of the board.

Sen. Taft Counts On Strong Backing Of Ohio Citizens

Other States Besides Florida Are Holding Primaries

WASHINGTON (AP)—The Fair Weather Found Throughout State As All Candidates Predict Victories

By The Associated Press. Florida voters turned out in a steady stream early today to nominate candidates for governor and express their choice for the Democratic presidential nomination in a primary election that seemed sure to set a new ballot record.

Howell Suit For \$75,300 Is Pushed Against The City

The \$75,000 Suit Against The City And Frank Wheeler, City Truck Driver, Was Rejected Yesterday By Circuit Judge

PHENIX CITY, Ala. (AP)—A \$75,300 suit against the City and Frank Wheeler, city truck driver, was rejected yesterday by Circuit Judge J. Howard Howell.

Fair Weather Found Throughout State As All Candidates Predict Victories

By The Associated Press. Florida voters turned out in a steady stream early today to nominate candidates for governor and express their choice for the Democratic presidential nomination in a primary election that seemed sure to set a new ballot record.

All the voters in two little Florida East Coast precincts came in early and they reported their totals long before noon. At the other 1,680 polls will be opened until 7 p.m.

Dan McCarthy led for the Democratic gubernatorial nomination with 14 votes. Alto Adams was second with six. Bradley Odham third with three and Dale Spencer had one in the tabulation of the first two polling places—Brown's Farm in the Everglades, west of Palm Beach and Tindall Hammock in rural Broward County.

Sen. Richard H. Russell of Georgia had 29 votes in the presidential preference poll, to only one for his major opponent, Sen. Estes Kefauver of Tennessee.

The candidates for governor campaigned right to the end. Adams went home in Fort Pierce, Kefauver and Russell stayed in Miami today. McCarthy stayed in Miami to solicit voters at the polls until noon, then he headed for Fort Pierce. Odham spent the last day at home in Sanford.

Kefauver and Russell, who have long before noon, stayed in Miami to get every last ballot from Dale County's numerous Democrats they could.

All of them predicted victory. Fair weather prevailed over the state and it seemed certain that the total turnout would exceed the record of 700,000 set two years ago when George Slaughter ousted Claude Pepper from the U. S. Senate.

This year's campaign brought out some of the bitterest feeling, and provided more puzzles for political speculators than any Florida election in years.

Sen. Estes Kefauver's informed approach kept intact a record of not losing a presidential preference primary when pitted against Sen. Richard H. Russell and the backing of nearly every major state official.

McCarthy told a Miami rally Monday night "We're going to win, whether it's tomorrow, or three weeks from now, or three months from now, we're going to win."

Odham said he knew he was in second place and might be in first. He predicted he would get 40 per cent of the vote in Dale County, 42 per cent in Duval and lead both his opponents in Hillsborough. These are the three biggest counties.
