

Cards Tounce Braves, 6-2; Hold National League Lead

By BILL KING
Associated Press Sports Writer
BOSTON, Sept. 17, (AP)—The St. Louis Cardinals protected their two-game National League lead by routing the Boston Braves 6-2 Wednesday behind the effective ninth-inning pitching of Ernie White, their ailing southpaw.

Showing no ill effects from their furious home stretch pace in the recent parade, during which they have won 33 of their last 39 games, the Red Birds climbed on Jim Tobin early and were in front all the way as they handed him his 20th defeat of the season.

Backing up White, they tagged Tobin for nine hits altogether, but they punched five of these in the sixth inning for a game-winning four-run rally to maintain their bulge over the second-place Brooklyn Dodgers, who got back into action with a victory Wednesday after taking two afternoons off.

The Red Birds lost little time setting the stage for the victory. Jimmy Brown opened the action in the first by singling sharply to right and then beating Paul Waner's slow throw to second. Stan Musial brought him home with a hit after two were away, and the Cards were off to the races. Enoe Slaughter, the Cards' outfield powerhouse, smashed his 13th homer of the season out of the park with two away in the third to put the Birds in front 2-0.

Ernie Lombardi fired his tenth homer of the season over the leftfield wall in the sixth after Nanny Fernandez had reached base on a pop fly that fell safely.

Harry Walker set off the Cards' big rally in the sixth by leading off with a single to center, and Slaughter followed with a base drive into left field. Musial's double to left brought in Walker, and two more tallies came over when Walker Cooper hit safely. The catcher got around to third as Fernandez threw in hit Musial on the back, and White Kurvski then drove him over the plate by putting down a squeeze bunt that fooled Tobin.

County-Wide Forest Fire Fighting Sought

JACKSONVILLE, Sept. 17, (FNE)—Discontinuance of cooperation with individuals in forest protection has led to the establishment of county-wide protection, with the ultimate aim of obtaining statewide protection as soon as feasible, was agreed upon at a meeting of the forest protection subcommittee of the Florida State Chamber of Commerce here last week.

It was decided that a long-range program should be worked out providing for division of annual steps until the state-wide goal is reached.

Cost of forest protection in Florida is a little higher than in other states due to unusual fire hazards and the need for year-around operations instead of seasonal protection. Merging of widely scattered individual cooperators into county units will cut the cost, it is believed. Only seven of the state's 67 counties now operate on a county basis. They are, Lay, Duval, Hillsborough, Orange, Pinellas and Volusia.

Charles A. Gillett, chairman of the State Chamber forestry division, presided at the meeting.

U. Of F. Coach Views Players Of Opener With Navy Base Team

By FRANK WRIGHT
GAINESVILLE, Sept. 17, (Special)—With the University of Florida's opening football game ticketed for next Saturday afternoon in Jacksonville against the Naval Air Station team, let's sit in with the Gator's head coach, Tom Lieb, and see how he views his senior delegation on the 1942 squad.

There's Nick Klutka, right end, whom Lieb readily admits is the best wingman on the field in his three-year career as Florida's coach. As a sophomore Nick played 146 minutes in the bruising tackle spot, but was shifted to end last year. Lieb figures Klutka is a superb blocker, rugged and willing. An expert judge of grid iron action, Lieb commented he's the only man on the field you can see without watching.

Big Eugene (Oleo) Lee, at center, is the biggest man on the squad, at six foot three, 240 pounds. Lieb figures him to be as good a center as there is in the Southern Conference. He's played a both tackle and center last year, but because of his agility, power and experience, he's slated to concentrate on his center play. From this position,

299 Gardens President Becomes Tuck Private

Winter Haven, Fla.—It is said that the weeping willows are the trees of the month at Cypress Gardens for Dick Pope, creator and builder of this showplace (inset) has gone to Camp Blanding for a short period before being transferred for basic training in the Officers Candidate School. The Cypress Gardens ad would help in the harvest for board and room. They offered to pay their own bus fare.

Some home-sick girls from farms in the Department of Agriculture have solved the short vacation problem that plagues Washington in wartime.

Vacation leave has been limited to two weeks. Civil service workers from the West wouldn't have enough time at home to make the trip worthwhile, so close-by vacations are the Washington rule. However, wartime weekly rates at mountain and shore resorts don't square with low clerical salaries. The girls were up against it.

They read that harvest labor was scarce on the Eastern Shore of Maryland and in Pennsylvania, and worked out a plan for no-cost vacations. They told several farmers they were farm-raised and would help in the harvest for board and room. They offered to pay their own bus fare.

The girls were actually farm-raised girls who knew their way around a barnyard, instead of metropolitan farmettes, they kicked in with \$1 a month in addition to board and room, and are doing everything possible to make the home-ek rural girls feel at home.

From a National Labor Relations board hearing, the girls, the next best thing to getting out with the harvest crews on Dad's place. They're arranging their vacations in sequence so the farmers who first lacked the idea will have a steady supply of harvest labor when they need it.

The idea is spreading to other federal offices. There are thousands of farm-raised folks in the government, and if any considerable number agree to go for the back-to-the-farm idea, it's going to help the tight farm labor situation in truck areas around the capital.

The press release to end all press releases has finally been perfected. Some of them have approached it for brevity, many have tied it for actual value, but this one will never be bettered.

Joan Rowland, Associated Press librarian, opened an envelope from the National Labor Relations Board, heavily marked as hot stuff for the press, and found nothing but a blank sheet of paper.

Government girls go to ensembles with no stockings—with weather reservations. Here are some tips regarding our agent for arduous search.

On a recent hot day, 112 of the first 200 women who passed the 1942 training lamp-post on Pennsylvania Avenue were no better than the 112, only 33 bothered to paint on cosmetic stockings.

On the first crisp day heralding autumn, Wilbur returned to his research, and found only 58 of 200 braved the cold breezes without hose. He didn't bother to paint on stockings. Losing interest, maybe.

WASHINGTON

By JOHN GROVER
(For Jack Sinner, on vacation)
WASHINGTON, Sept. 17, (W.W.)—Cleaning the notes off the cuff.

Some home-sick girls from farms in the Department of Agriculture have solved the short vacation problem that plagues Washington in wartime.

Vacation leave has been limited to two weeks. Civil service workers from the West wouldn't have enough time at home to make the trip worthwhile, so close-by vacations are the Washington rule. However, wartime weekly rates at mountain and shore resorts don't square with low clerical salaries. The girls were up against it.

They read that harvest labor was scarce on the Eastern Shore of Maryland and in Pennsylvania, and worked out a plan for no-cost vacations. They told several farmers they were farm-raised and would help in the harvest for board and room. They offered to pay their own bus fare.

MANHATTAN

By GEORGE TUCKER
NEW YORK, Sept. 17, (W.W.)—This is Manhattan.

A mounted cop in Central Park sees another horse coming at a clip that is a little better than a fat horse on a trot, but the girl grins he bawls, "Who taught you to ride?"

"Will Rogers," the blonde said. He and, too, something. "Stene, back in town for a revival of 'You Can't Take It With You.' Will used to spend a lot of time out at Fred Stone's place on the East Island, where he taught all the kids to ride."

Of course, Paul could have clipped a little since then. "I like me," he said, "but I mean, they are like mercury. You have a hard time pinning them down, and looking onto them, it's like the Wind and the Rain." That was the autobiography of one of the best newspapermen England ever produced. "Tommy Barker, you'd think that title would be his, but it wasn't. Along came somebody and wrote a musical comedy called 'The Wind and the Rain' and the title was his."

Takes Carl Carner, who wrote a book and called it "Stars Fall on Alabama." It wasn't a week after the book, he became a hit that some writer had done the same title. Once while Carner was attending a theater a man came out on the stage and said, "I'd like you to meet the man who wrote 'Stars Fall on Alabama,' and before Carner could swallow his surprise, a musician boomed and took a bow.

I see where Lex Walters is about to go into rehearsals with a new musical called "Spice of Life." It seems absolutely positive that he'll be challenged to anybody who sees them.

With pop songs the title is usually the "catch" line of the lyric. With a book a title is

casualty is ambiguous. With the movies they seldom mean anything at all. They've put there only to stare at.

Marjorie Knapp: She's the seventeen-year-old singing star of "Star and Garter," that opera of the burlesque mold with Gypsy Rose Lee that has scored for Michael Todd. Ask her how long she's been

in show business and she'll tell you 15 years. Her debut was made at the age of two, picked in the strong right hand of Gas Edwards. She weighed 30 pounds, she recalls, and was a beller at the Charleston. "I could even sing and play the sax," she says.

COLOR TRICKS
All sorts of tricks have been played with colors in Fall clothes. Colors never before on speaking terms are now being combined, such as shocking pink with emerald, and citron with purple.

Brazil ranks first among fee-producing countries.

3 Negro Convicts Escape From Camp

TALLAHASSEE, Sept. 17, (AP)—Three Negro convicts escaped Wednesday from state road department camps.

Willie Smith, serving a life sentence for murder in Seminole County in 1934, escaped near Ocala.

Robert Reese, sentenced July 16, 1941, to four years for robbery in Orange county, and James Lewis Benford, sentenced last February to four years for auto theft in Duval county, escaped from a camp near Fort Pierce.

The Boy Scout movement had its beginning in the British Isles in 1908.

British Pour New Strong Detachment Into Madagascar

French Resist Some; As Enemy Forces Occupy Port Near Capital Of Island

LONDON, Sept. 18, (AP)—The fall taken by United States submarines of Japan's western supply lines was raised to 197 ships sunk or damaged with the Navy's report that four others were hit by torpedoes.

LONDON, Sept. 18, (AP)—A strong new British force has landed on the east coast of Madagascar and occupied Port Tamatave after some French resistance, the British East Africa Command announced today. Tamatave is 130 miles northeast of Tananarive, the island's inland capital and the first British beachhead on the east coast of the island.

The day after Colonial Governor General Annet had, on his own responsibility, requested the British for terms to halt the fighting, Vichy broadcast a communique saying the British stipulations "appear to be acceptable to such an extent" that Annet could not even consider them.

All measures are being taken to continue the struggle despite the disproportion in forces and means," the radio continued. The British, meanwhile, were believed continuing their advance toward Tananarive, inland capital of the island, which began when the navy sank the three key ports captured by the British last week.

There still was no official information in London on the progress of the negotiations between Annet and the British commander, which the Vichy radio now indicated had been broken off.

Secretary States Persons Continue To Move In Town

Due to new gas restrictions, workers at the Sanford Air Base who live in other cities, or 10 to 20 miles away from the base, are steadily moving into Sanford, Edward Higgins, secretary of the Seminole County Chamber of Commerce, said today.

As a result, he added, a shortage of housing accommodations is possible, as vacant rooms, houses and apartments are already becoming scarce each day, and many inquiries regarding housing accommodations are being received at the Chamber of Commerce office.

Farm Leaders See Failure Of Efforts

WASHINGTON, Sept. 18, (AP)—Congressional farm leaders expressed today their belief that the failure to raise an export parity price for agricultural products in the Senate will result in a sharp drop in the price of farm products.

Reports on Pacific

Pictured is Rear Admiral Wm. H. P. Blandy, who has just returned from an extensive 20,000-mile inspection tour of naval installations in the Pacific.

The U. S. forces now hold the balance of striking power in the western Pacific. This is an official U. S. Navy photo.

Allocations For School Salaries Have Been Made

T. W. Lawton Reveals Funds For County Total \$15,872.89

Supt. T. W. Lawton stated today that he had received notice from State Supt. Colin English that the first allocation of State funds for teachers' salaries and transportation in Seminole County amounting to \$15,872.89 has been made.

Part of this money, formerly designated for transportation purposes amounting to \$1,911.56 each month, has been referred to the State at the request of the Seminole County Board of Public Instruction, and all transportation costs will hereafter be paid by the County and district funds.

The teacher salary allotment this year for this county is several thousand dollars less than that of last year, Mr. Lawton pointed out. This, he explained, was due to decreased attendance during the past year as evidenced by the annual school report of June 30.

Men May Interview Marine Sergeant On Sept. 21, 22, 23

A Marine recruiting party will be located at the Post Office Bldg., 21, 22 and 23, headed by Sgt. John Reiter who will interview young men and discuss the various branches of fighting and specialized training in the United States Marine Corps.

Giles Chapman Joins U. S. Naval Reserve

Giles Chapman, son of Mrs. Jewell Chapman, left from Orlando this afternoon for Jacksonville where he will be sworn in as an apprentice seaman in the United States Naval Reserve and receive orders to proceed to a training base.

Air Raids On Sofia Disturb Axis Peoples

Mysterious Balloons Seen Over Hungary As Bulgarian Radio Gives Raid Warning

(By Associated Press) Southeast Europe underwent an attack of jitters last night marked by an air raid scare in Sofia, Bulgaria, and reports of mysterious balloons drifting over Hungary.

The Budapest radio officially warned Hungarians of a large number of enemy balloons floating over their country but no other word was given to explain their origin or whether they were causing damage.

Almost in the same hour the Sofia announcer broke off the middle of a sentence to shout: "Air raid warning! Bulgarians keep calm!"

The Berlin radio reported the Soviet consulate at Varna had been ordered closed by the Bulgarian government. Meanwhile, the British air ministry news service reported that last night heavy raid on the Ruhr by the RAF brought the tonnage of bombs dropped on Germany so far this month to nearly 5000.

Maj. Linton Allen, president of First National Bank in Orlando and formerly head of the Sanford Atlantic National Bank here, left Orlando today to assume his new duties as senior personnel procurement officer in the Tampa office of the Army Specialist Corps.

Maj. Allen is on leave from the bank for the duration. He is a former president of the Florida Bankers Ass'n, and for some time was chairman of the State War Savings Staff.

In World War One, Maj. Allen enlisted at the outbreak of the war for which he received officer's training school and upon graduation was commissioned a second lieutenant. He was assigned to an infantry unit and sent overseas, serving in France and Germany with the First Infantry.

Open New Synthetic Rubber Plant

Here are two photos taken in the first New England synthetic rubber plant of the U. S. Rubber Company shortly after the plant began to operate.

At top, operator Lester Opdyke shows a sample of synthetic rubber as it comes out of a mill to manager John P. Coker. Bottom more rubber is pictured coming from a tubular machine that operates like a meatgrinder. It squeezes large chunks into smaller pieces and removes water from the synthetic rubber at the same time.

County Leads Others In Scrap Collection On Per Capita Basis

Seminole county has far outstripped every other county in the State of Florida in the amount of scrap metal collected and shipped from here during the present scrap drive of the past three weeks.

This statement, according to Assistant Bill Thorne of Campbell-Lossing Post #3 of the American Legion, was made to him a few days ago by G. T. Melton of the War Production Board in Washington, D. C. who is investigating the progress of the scrap drive in this State.

During the present week, 54,910 pounds of light and heavy metal have been removed from the Legion scrap pile, Mr. Thorne asserted, adding that he estimated the amount remaining in the yard, including three large trailers which he said would be collected today. In addition, the Post's field cannon has now been cut into sections by acetylene-welding operators at the Sanford Defense School, and will be added to the shipments to the mills for conversion into new implements.

Commander Ned Smith today in behalf of Campbell-Lossing Post #3 of the American Legion Post thanked the public for its generous co-operation in bringing in much metal to the Legion scrap pile, and in notifying the Post members of the location of scrap and placing it so it could be picked up easily.

However, let's not stop and rest on our oars," said Mr. Smith. "Let's keep up the good work. Our yard is now empty and we want to fill it fuller of scrap than ever. We are all ready for a second campaign. We must keep this county right in the lead in scrap collecting efforts for it will take plenty of scrap to lick the 'Japs'."

Legionnaires Will Have Supper Meeting

Members of Campbell-Lossing Post #3 of the American Legion were requested today by Commander Ned Smith to attend the regular supper meeting at the Legion Hut, Monday evening at 8:00 o'clock. A special program of speaking is scheduled. Commander Smith also requested that members who can conveniently do so, report Sunday afternoon from 1:00 o'clock at the Legion scrap pile on West First Street.

State Guard Called In Mobile Strike

MONTGOMERY, Ala., Sept. 18, (AP)—Five companies of the Alabama state guard have been called out and dispatched to Mobile where hundreds of workers stayed away from their jobs in protest against the five-cent municipal ferry fare to the island plants of the Alabama dry docks and Shipbuilding Company. One worker's automobile was overturned in yesterday's demonstration and it was driven into the river when he left work.

German Siege Armies Hurlled Back Twice; Reds Take Initiative

Committee Plans "Send Off" For White Selectees

Seminole county's "Send Off and Follow Up" committee has arranged a patriotic program at the Band Shell Wednesday morning to "send off" the second contingent of white selectees to leave for induction into the United States Army since the outbreak was called.

This morning, R. E. Kipp who will act as master of ceremonies released the program, which includes music by the Sanford Concert Orchestra. Names in uniform, certificates and gifts for the selectees will be given by T. W. Lawton.

George Fellows, director of the local orchestra which has performed a number of programs in the well-known Seminole Hotel, will lead the orchestra. The "Send Off" program will be assisted by the Sanford High School Glee Club, the Sanford Junior High School Glee Club, the Sanford High School Band, the Sanford Junior High School Band, the Sanford High School Choir, the Sanford Junior High School Choir, the Sanford High School Dramatic Club, the Sanford Junior High School Dramatic Club, the Sanford High School Glee Club, the Sanford Junior High School Glee Club, the Sanford High School Band, the Sanford Junior High School Band, the Sanford High School Choir, the Sanford Junior High School Choir, the Sanford High School Dramatic Club, the Sanford Junior High School Dramatic Club.

Judge Ware Urges Drivers To Apply For New Licenses

County Judge R. W. Ware today urged drivers to begin applying for driver's licenses under the last day on September 15.

At the same time, Judge Ware urged the creation of a production executive committee, which will bring together top officials of the major industries in the county to coordinate their efforts in the production of war material.

Nurses May Enter Training In Orlando

There are at the present time five vacancies in the Fall nurse training classes of the Orange General Hospital, Orlando, and the Good Samaritan Hospital of West Palm Beach.

Italians Report Navy Damages Five Vessels

(By Associated Press) The Italian high command reported today the roadstead at Gibraltar, said a steamer, and seriously damaged five other boats under the bristling guns of the great rocket fortresses in Egypt all was quiet.

Pacific Air Chief

According to a statement from General MacArthur's headquarters, the Pacific Air Force has been reorganized to meet the demands of the war.

Wilson Appointed Vice-Chairman Of Production Board

WASHINGTON, Sept. 18, (AP)—Walter C. Wilson, president of General Electric company, was named today as vice-chairman of the War Production Administration.

Johnson Receives Second Request For War Workers

Alex R. Johnson, director of the Sanford School For War Production Workers, today stated that he had received another urgent request from the United States Employment Service for women as welders to work in the shipyards of Jacksonville, Tampa and Panama City.

Georgia Freshman Can Play Varsity Sports

ATLANTA, Sept. 18, (AP)—The Southeastern Conference today voted 9-3 to extend varsity athletic eligibility to freshmen for the duration of the war. Negative votes were cast by Alabama, Kentucky and Tulane in an executive session of the conference.

State Guard Called In Mobile Strike

MONTGOMERY, Ala., Sept. 18, (AP)—Five companies of the Alabama state guard have been called out and dispatched to Mobile where hundreds of workers stayed away from their jobs in protest against the five-cent municipal ferry fare to the island plants of the Alabama dry docks and Shipbuilding Company. Cards Lead Loop By Three Games; Defeat Braves

Hang On Fingernails; Stiff Tussel For 8 Innings, But Push Through In Ninth

By BILL KING
Associated Press Sports Writer
BOSTON, Sept. 18, (AP)—After hanging on by their fingernails for eight innings, St. Louis' stubborn Cardinals seized their first real opportunity with both fists and cut loose a five-run rally in the ninth Thursday to pull out a 6-4 win over the Boston Braves and go three games up on their Brooklyn Dodgers pennant rivals.

Until that late stage, the Cards appeared ear-marked as Al Javery's 13th victims of the season. Up to then, that able right-hander gave them only five hits and started the final frame with what appeared to be a safe 3-1 lead.

When Catcher Walker Cooper bunched the Cardinals' victory drive, few of the 4347 fans were impressed. As leadoff batter, he reached first base by poking a feeble bunt down the third base line that took an erratic hop as Javery tried to field it. This apparently shook the confident Javery slightly, for he then passed Johnny Hopp.

When Cooper was forced at third as Whitey Kurowski reached on a fielder's choice, Manager

Tavern Team Defeats Carpenters; Diamond Ball Game Is On Tonight

Coach Lieb Says Navy Is Too Good For Florida Team

In a free hitting contest, marked by a lot of player and fan noise and enthusiasm, Herb Moses' Tavern team downed a gamely fighting team of Carpenters from the Sanford Naval Air Base, Wednesday evening at City Diamond Ball Park, by a score of 25 to 13.

This victory put the Tavern team in the Diamond Ball League lead, their record being three wins and no losses, while their closest competitors, another local team, the Independents, have won two and lost none.

The offerings of both opposing pitchers, Jay Kinlaw of the Tavern and Blinson Kinlaw of the Carpenters were hit hard, and it was a battle of brother against brother, with Blinson in the winning role. Brother faced brother also when they went to bat, but Jay came out best with three hits, while Blinson had none.

J. Altman led the attack for the Taverns, with three runs and four hits. His team mate first baseman Higgins scored five runs, with three hits to his credit, having twice been walked.

This evening at 8:00 The Belcher Oil Team of the Naval Air Base will play the Independents.

Coach Lieb Says Navy Is Too Good For Florida Team

By JOHN ENWRIGHT

Florida U. Sports Correspondent
GAINESVILLE, Sept. 18, (Special)—Coach Tom Lieb, of the Florida football team, holds out little hope for a victory over the powerful Jacksonville Naval Air station team when they meet in the grid opener at Jacksonville Saturday afternoon.

Although he's well satisfied with the condition and spirit of the grid opener, he believes the Sailors are too experienced for his boys.

"We are going out of our class meeting the Sailors," he said Thursday. "It is like a high school team playing a bunch of college boys. They simply have too much experience for us, that's all."

Otherwise, it was a rough and tumble afternoon for the Gator Gridmen.

The squad had its final taste of scrimmage action before they tangle with the Naval Air station, going on the assumption that speed and deception will have to be employed by the Gator grid-men to make any headway with the more experienced Navy squad.

Coach Lieb saw that the backs and ends devoted the entire two-hour morning drill in running through action perfecting a number of aerial plays.

This type of play is a feature of Florida's offensive, and how this department clicks will have a great bearing on the showing the Gators will make Saturday.

At the start of another extensive punting scrimmage this afternoon, seven seniors and four junior gridmen were teamed up as a speculative starting lineup for the opening class.

Last year men are Halfbacks Jack Jones and Fendren Mitchell; Quarterback Bill Letsko; Fullback Bill Corry, Center Ole Lee, Guard Floyd Konetsky and End Nick Kliska. The juniors are Hugo Miller and Steve Carey at the tackle posts; Bill Raborn at a guard slot, and Joe Graham out on the left flank.

The remainder of the afternoon session consisted of the usual group work in signal practice action on the charging sled, punting and place kicking, and a rugged log fight among the tackles and ends in two-on-one blocking scrimmages.

Following the workout today the Gator mentor still expressed worry concerning the Saturday opener.

"The boys are all in good shape," he stated, "but I'm afraid we're going to be playing out our class, just like a high school playing a college team. The naval gridder just simply have too much experience on us, that's all."

Allied Planes Are Striking At Lae, New Guinea Port

Chunking Announces U. S. Raids Jap-Held Countries 23 Times Lately

(By Associated Press) —The Associated Press has reported that the United States Army Air Corps has made 23 raids on Japanese-held countries in the last 23 days, including New Guinea, China, French Indochina and Burma in July and August, shooting down 80 planes and destroying 80 others on the ground, Chunking said.

The wide-spread campaign of aerial assaults upon the Japanese was under way yesterday in the New Guinea area, with the Allied command reporting successful raids on enemy supply bases and shipping and a thorough strafing operation up and down the Kokoda track leading to Port Moresby.

Again the headquarters of General Douglas MacArthur indicated little ground action on the front now 22 miles east of Port Moresby, main Allied supply base in New Guinea. The command's communique said the situation was unchanged but patrols were active against the Japanese.

The principal raid reported today was a "coordinated attack" against Lae, New Guinea, in which eight tons of bombs were dropped.

Allied medium bombers hit enemy dispersal areas while attack planes heavily strafed anti-aircraft and supply installations in the vicinity, the communique said.

High school graduation or its equivalent is the minimum requirement for these courses. First-year students will be awarded no college credit will be given.

Others who will be included are John Wilson, Hall, Richard Brockard, Theodore Rudolph, George James, Henry Hancock, George Carlson, Sam A. Algin, Charles Abner McWhorter, William L. L. Phillips, J. D. Mochlin, John Hoffman, Watson, James Colquhoun, Archie McCallister, Charles William Treat, Clarence Davis, Bernard F. Tomlin, Thomas Webb Tomlin, Carl Andy Smith, Ellis Downer, Tyler Jr., and Clark Mann.

The fortresses partly silenced the machine-gun fire at low altitude and all returned to their bases after this blow.

Major Changes May Occur In Tax Bill

WASHINGTON, Sept. 21. (AP) —Faced with an assertion by Secretary of the Treasury Henry Hopwood that the tax bill is "too broad," the Senate Finance Committee convenes today for a survey that may bring major changes.

Women May Try For Training In Defense Fields

Pilots To Organize Short Courses For State University

The Sanford Pilot Club has announced the proposed organization of a short course designed to meet the shortage of engineers, chemists, physicists and production supervisors in fields essential to national defense and Seminoles County's interest who are interested may get further details about the courses, offered by the University of Florida in co-operation with the United States Department of Education, by contacting Councilwoman, Mrs. May B. Maxwell, vocational school director, at Mrs. Joel Field.

The courses include engineering, sciences and management of defense training and have been offered for some months in larger Florida cities, the committee women disclosed.

Requirements for starting a class that are the course chosen is beneficial to national defense, and that ten or more qualified women secure membership of the faculty of the University of Florida will prepare, outline and supervise the instruction.

It is probable that only one course will be offered in Sanford, depending on the demand. A list of courses including part-time night courses and full-time day courses is in the hands of the committee.

Dr. Leland H. Dame, director of the Seminoles County Health Unit, stated today that 2,323 persons in the county had received tests during the week by the State Mobile X-ray Unit.

"This number tested for possible tuberculosis," said Dr. Dame, "is not only a satisfactory achievement, but representing as it does more than 10 percent of the county, is very exceptional. In fact, it is a record for the county."

During the week, Mr. Morehouse devoted 12 to 18 hours a day to this work, said Dr. Dame. He had to start in early at 7 A. M. and get the machinery and electro-generator in proper working order. Then in taking each picture or X-ray, the heavy camera apparatus had to be lifted or lowered to the proper height for each person. After the pictures were taken, the film had to be carefully rolled, before being sent away for developing.

Dr. Dame revealed that during the week the following number of people had been tested in each locality: Monday, Sanford, 254 whites; Tuesday in Sanford, 242 negroes; Wednesday in Ocala, 78 whites and 117 negroes; Thursday in Sebring, 123 whites and 139 negroes; Friday in Sebring and at Alamo, 107 whites and 139 negroes; Saturday at Sebring, 113 whites and 139 negroes; Sunday at Sebring, 113 whites and 139 negroes.

Draft Board Lists Army Life In Newfoundland Names Of Men To Leave Wednesday

The Seminoles County Selective Service Office released the names of men who will leave for induction into the United States Army at Camp Blanding Wednesday morning at 9 o'clock after they have witnessed a big send-off by local relatives and friends.

A number of the draftees have been transferred to this board from their home boards. They are: Alton, Ben McArthur, Wade Edward Wise, Henry Wright, Earl Talmadge Thelley Smith, A. J. Edmondson, Harry Donald Shalton and Walter Wilkerson. Bell have been transferred from their local board to another board.

Others who will be included are John Wilson, Hall, Richard Brockard, Theodore Rudolph, George James, Henry Hancock, George Carlson, Sam A. Algin, Charles Abner McWhorter, William L. L. Phillips, J. D. Mochlin, John Hoffman, Watson, James Colquhoun, Archie McCallister, Charles William Treat, Clarence Davis, Bernard F. Tomlin, Thomas Webb Tomlin, Carl Andy Smith, Ellis Downer, Tyler Jr., and Clark Mann.

The patriotic program planned by the Send Off and Follow Up Committee includes musical singing, led by Charles Morrison, an address by T. W. Lawton, music by the Sanford Concert Orchestra, under George Feltner's direction and gift receipts will be distributed. R. Earl Kirk will act as master of ceremonies for the program which is scheduled to begin at 8:20 A. M.

Lieut. L. P. McCuller Named To Joint Board

ATLANTA, Ga., Sept. 21. —First Lieutenant L. P. McCuller, Field Artillery, of Ft. McPherson, Ga., formerly of Sanford and Gainesville, Fla., has been named as an Army representative to one of the four Joint Army-Navy-Marine Corps Presentation Boards which will visit Southern California Headquarters Fourth Service Command, announced today.

These boards will explain the services to students and will be available for conferences to determine whether or not students should leave school to join one of the branches of the armed forces.

L. P. McCuller graduated from the University of Florida in the class of 1940 and was called to active duty June 19, 1941. He is the son of Mrs. L. P. McCuller, of Gainesville, formerly of Sanford.

Tribute Paid Sanford Woman's Husband Killed Aboard Patrol Boat

Following the notice in The Herald last Monday of the death on the high seas of Chief Petty Officer, Daniel Earl Cameron, husband of Mrs. Sheila Britton Cameron, formerly of Sanford, word giving details of the tragedy has been received from Fleet Chaplain W. A. Wooten, former resident here, and brother of Mrs. Cameron. He enclosed a clipping from the Mobile Press of Tuesday, Sept. 16, which gave an account of the burial there of Mr. Cameron.

"In simple services, but with full military honors, Daniel Earl Cameron, 28, instantly killed by a machine gun bullet while serving as chief petty officer aboard a United States submarine patrol boat in the Atlantic, was buried here this morning.
