Are you a movie fan? Do you like the flickers enough to go six nights a week for 18 years?

Ford, Auto Workers Reach Agreement On Contract Terms

DETROIT (AP)—Ford Motor Co. and the CIO United Auto Workers reached agreement today on a historic guaranteed wage plan and other contract terms.

The settlement was expected to halt immediately widespread walkouts that idled 68,000 of Ford's 140,000 workers across the nation in the past 12 hours.

The guaranteed wage plan is the biggest ever negotiated in American industry.

It may set the pattern for the entire automotive industry and perhaps other basic industries.

Armed with the Ford agreement, the UAW went back to the bargaining table with General Motors today to press for a contract settlement there. The GM contract expires tomorrow.

Walter Reuther, president of the CIO United Auto Workers Union, emerged from a conference grinning and told reporters:

"Well, we've got an agreement, fellows. It's a good agreement."

The average feature picture, according to Vern, consists of 6 to 8 reels of 1000-1750 feet each. The current attraction, "Daddy Long Legs", has 8 reels and runs two hours and six minutes. In comparison, a Bowers Boys picture which played Saturday was only a 60-minute feature and was made up of 3 reels.

Since a machine will run about 90 feet of film per minute, it is necessary to switch operations from one projector to the other every 18 minutes. Vern has to be able to cut one projector off and the other one with split-second timing.

Few people know it, but he gets his signals to switch machines right from the screen. Next time you're in a movie, keep your eyes on the upper right corner of the picture. When it's time for the end of a reel, a pair of black dots will appear, a few seconds apart. It is on the second dot that the switch is made.

A bell on the projector rings one minute before it is time for the switch, warning Vern to get ready.

He makes it a practice to unload the used film, rewind it, and thread the next reel on as soon as a switch has been made. Then he is all set for about 15 minutes.

A couple of weeks ago, though he was talking with theater manager Herb Heller when he made a switch. A few minutes later Herb left the booth and Vern didn't remember that he had not threaded the next reel onto the machine. The warning bell sounded and he went over to make

Woman Known To Many Sanfordites Confronted With Gigantic Problem

Strolling In Sanford

Due to the absence of the Rev. H. L. Zimmerman, program chairman for the meeting of the Rotary Club this noon, who was called to Baltimore because of the death of Mrs. Zimmerman's father, the regular program was set aside. A rehearsal of old and new songs was staged by Charles Morrison with Harry (Alexander's Rag Time Band) Kudell at the piano. The club gave a rousing goody to Fred Saywell of Hudson, Ohio, who had been meeting with the Sanford Club for several months, and is returning to his home town this week. President James Holtzclaw presided.

Evidence Focused On Possible Cause Of New Outbreak

BOISE, Idaho (AP)—Some evidence focused on faulty vaccine today as a possible cause of a polio outbreak in Idaho, which reported its sixth death of the year from the disease.

Dr. Louis P. Gebhardt, a University of Utah physician and bacteriologist who led the tests in Utah, Colorado and Wyoming during the field trials of the vaccine last year, reported on tests "which showed 'probably a very, very small amount of live virus' present in samples of the vaccine made by Cutter Laboratories and used in Idaho."

In Washington, Surgeon General Leonard Scheele said on a TV-radio interview that with proper techniques live virus should not get into the vaccine, but he was unable to give any report on Dr. Gebhardt's findings until the full report is received by the National Institutes of Health.

Black Powder Bomb Explodes In Home

EAST ST. LOUIS, Ill. (AP)—A 35-year-old man and his wife were injured and one wall of their frame home was blown out when a black powder bomb, hidden in a radio-records player, exploded yesterday.

The injured were Frank Green, an unemployed laborer, and his wife Ethel, 32. They told police they knew of no reason why anyone would want to harm them.

Government Heads Anxiously Awaiting Warning Reaction

LONDON (AP)—Government officials anxiously awaited today for labor reaction to Prime Minister Eden's warning that the nine-day-old rail strike is pushing Britain toward an economic smashup.

There was no immediate sign of weakening by leaders of the 67,000 striking locomotive engineers and firemen. But the Labor Ministry was reported planning a fresh settlement attempt in a day or two.

Meanwhile, leaders of the striking stevedores union called a conference in London today to consider their next step in the costly walkout by 20,000 men which has partly tied up seven seaports for two weeks.

The lock strike stems from a jurisdictional squabble for bargaining rights involving the stevedores and the giant Transport Workers Union. Close to 300 freighters are idle.

Hall Says Truman Would Help GOP Cause In Campaign

WASHINGTON (AP)—Republican National Chairman Leonard Hall has informally challenged Democrats to put former President Truman "on the campaign train" in 1956. He suggested this would help the GOP cause.

Democratic Chairman Paul Butler, appearing with Hall in a television debate yesterday, replied that Truman "certainly" will be on the train and will help bring a Democratic victory.

"When we come to 1956," Hall said, "the people are going to look at what we have here in this (Eisenhower) administration and they're going to compare it with what we had under Mr. Truman. They have memories. There isn't a doubt in my mind that they'll want to continue this administration."

5-Year-Old Youth May Furnish Clues

CADOTT, Wis. (AP)—A 5-year-old boy may furnish clues which could unravel the mystery of how his parents and infant brother died.

Dist. Atty. Eugene Jackson said he planned to talk today with Michael Warner, who has been hospitalized at Chippewa Falls, Wis., since Friday night along with his 2-year-old sister Charis. The bodies of Albert Warner, 45; Mrs. Warner, 35; and their 5-month-old son, Sidney were discovered in adjoining beds in their small home near here Friday night by a relative, Mrs. Julia Warner.

WEEKEND VIOLENCE
DALLAS (AP)—Weekend violence in Texas killed at least 25 persons. Ten died in traffic, six drowned and five were shot. It was an unusually heavy toll.

Graduation Awards Are Presented

Presentation of awards highlighted commencement exercises Friday night at Seminole High School. One hundred and 15 seniors received diplomas.

The Florida State Bank's check for \$100 to the senior with the highest scholastic standing went to Elizabeth Hardy Baker.

The Peter Schaal trophy to the most valuable player on the football team was awarded Johnny Jones.

Miss Ellen Vihlen, a freshman, received the Rotary Club medal for maintaining the highest grade average in the entire school.

The Rotary Club also presented an award to the student showing the most all-around improvement during the past year, and this check for \$25 went to Tom Norris.

The Junior Chamber of Commerce leadership awards, given to the outstanding senior students, were conferred on Colleen Engstrom and Al Phillips. The American Legion's citizenship certificates, to the outstanding boy and girl of the senior class, went to Colleen Engstrom and Donald Hampton. Principal Herman E. Morris presented the diplomas.

Following the exercises, an open house for all graduates was held at the home of Mrs. Robert C. Miller. Hostesses were six mothers who each had a son among the graduates. They were Mrs. Miller, Mrs. George Maffet, Mrs. John E. Higgins, Mrs. Claude Shoemaker, Mrs. Robert Brown and Mrs. Reuel Robison.

A dance at the Mayfair Inn Country Club followed the reception, and an early morning breakfast was served there to the graduates.

Mrs. B. C. Steele Dies In Hospital Sunday Morning

Mrs. B. C. Steele, 40, died at the Fernald Laughton Memorial Hospital, Sunday at 4:50 a. m. after an illness of one week.

Born in Columbia, S. C., on September 29, 1914, she had lived in Sanford for the past 20 years. Her residence was at 212 Margaret Road.

A member of the First Baptist Church in Sanford, she is survived by her husband, B. C. Steele, one daughter, Miss Barbara O. Barr, one son, Richard Boston Steele, her father and mother, Mrs. and Mr. H. W. Shannon Jr., seven sisters, Mrs. L. G. Ponsell, Jacksonville; Mrs. David Brown, Sanford; Miss Autumn Shannon, Tallahassee; Mrs. W. H. Smiley, Tallahassee; Mrs. C. E. Turlington, Florence, Ala.; Mrs. William H. Lock, Marshall, Texas; Mrs. Martha Shannon, Tallahassee; five brothers, Fred Shannon, Chicago; Watson Shannon, Gainesville; H. W. Shannon, Jr., Sanford; David H. Shannon, Sanford; and Leonard T. Shannon, Sanford.

Funeral services will be at the First Baptist Church at 4 p. m. tomorrow. The Rev. W. P. Brooks Jr., and the Rev. John L. Miller will be officiating. Burial is to take place in the Oaklawn Memorial Park, Brinson Funeral Home is in charge.

Kremlin's Leaders Bring Promises

MOSCOW (AP)—The Kremlin's leading leaders came home yesterday with promises from four of the Soviet bloc nations to join the Russians in bettering relations with Yugoslavia.

Foreign Minister V. M. Molotov and other top officials were at Moscow Airport to greet party chief Nikita S. Khrushchev, Premier Nikolai Bulganin and First Deputy Premier A. I. Mikoyan on their arrival from Belgrade.

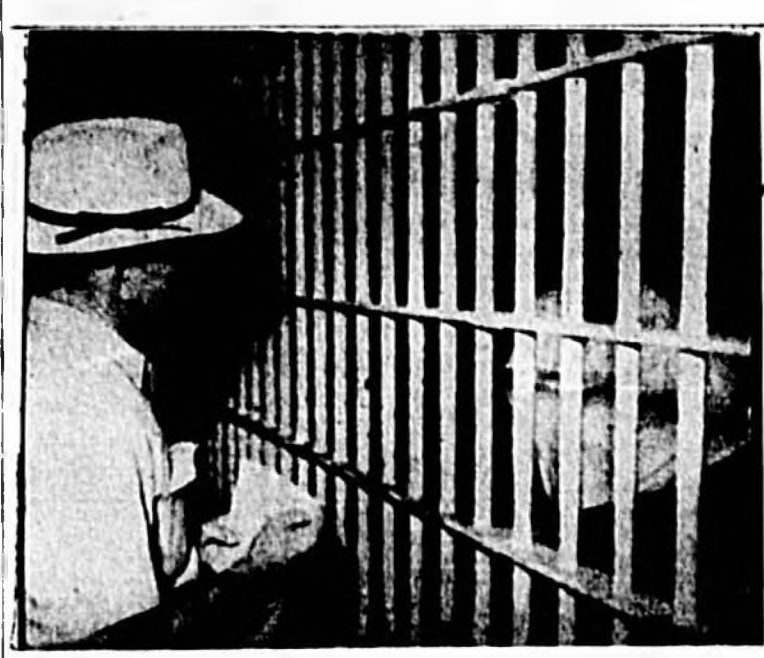

En route home the Soviet bosses stopped in Sofia, Bulgaria, and Bucharest, Romania.

Moscow radio yesterday broadcast a communique saying Hungary, Czechoslovakia and Rumania had approved the agreement on "a collective coexistence." Bulganin signed last week in Belgrade with Yugoslav President Tito.

NEW MANAGER of the Sanford Cardinals, Mario Marzelle, is shown with business manager Jay Walter following his appointment. Marzelle replaces Dan Keith. (Staff Photo)

Shooting Said To Be Accident

CHARGED WITH MURDER in the fatal shooting of R. Keith Cochran, Jacksonville salesman for Armour and Co., yesterday in Orange Memorial Hospital, Orlando. He had been shot once in the base of the neck with a .32 caliber slug.

McKendree had been held in the County Jail on an open charge since the shooting Friday night at Annette's Bar and Grill on Highway 17-92, just outside Sanford's south city limits.

Sheriff J. L. Hobbs said the two men, both married, apparently quarreled over the attentions of Mrs. Evelyn Thompson, whose husband works overseas. McKendree admitted going with the comely brunette for the last nine months, the sheriff said.

McKendree told officers the snub-nosed revolver used in the shooting belonged to Mrs. Thompson but that he had kept it in the glove compartment of his car since a fishing trip about two weeks ago. He said he had it in his pants pocket for several hours prior to the shooting.

Miss Doris Allen, owner of the tavern, Mrs. Thompson and Dick Chellette, all witnesses, claimed there had been no quarrel and no warning prior to the shooting.

Their story conflicted with what McKendree told officers about a running argument between the two men all evening.

Cochran was shot in the back at the base of the neck while he played table shuffleboard with Chellette in the dining room 20 feet from where McKendree sat on a bar stool. Witnesses said McKendree fired from the stool without warning, officers reported.

When highway patrol, state patrol, city police and sheriff's deputies converged on the tavern, McKendree reportedly was calmly drinking beer at the bar.

Chief Deputy Ellis Green said he would seek legal counsel on whether the sheriff could close Annette's as a "public nuisance." He said the office has answered numerous calls on fights and general disturbances at the place.

Big Four Meeting Remaining Subject To Red Approval

WASHINGTON (AP)—Plans for a Big Four conference starting July 18 at Geneva, Switzerland, remained subject today to Russian approval of the time and place.

The Russians already have agreed in principle to a meeting this summer of President Eisenhower and the Prime Ministers of Great Britain, France and Russia.

The United States announced Saturday it had agreed with its Western allies to hold the meeting at Geneva. Officials said the formal proposal will be forwarded this week to Russia, which had suggested Vienna as the site.

This country originally had opposed the choice of Geneva, the site of a conference last year at which France agreed to turn the northern part of Viet Nam over to the Communists.

Repentant Bandit Gives Back Money

DAYTON, Ohio (AP)—A repentant bandit who "couldn't sleep all night" gave his loot—including \$1,200 cash—to a priest, asked him to return it, then fled.

The Rev. Henry J. Tash, 65, pastor of Our Lady of the Rosary Church, said the man came to his parish house door yesterday morning, asked if he could talk to him and then blurted out:

"I robbed a market last night and I couldn't sleep all night. Here it is. I haven't spent a nickel of it. All I ask is that you see that it gets back to the rightful owner. That's why I'm giving it to you."

Dates Made Known For Church School

Dates set for the Vacation Church School of the First Methodist Church are June 20 through July 1 from 9 a. m. Monday through Friday, Mrs. J. B. St. John, director, has announced.

Superintendent of the junior department, ages nine, 10, 11, Mrs. Ray Herron while teachers are Mrs. Rosa Adams, Mrs. P. H. Colbert, and Mrs. C. R. Jones. Mrs. J. B. Board is superintendent of the six, seven and eight-year-old primary department which is to be taught by Mrs. Eva Harber, Mrs. Carl Chorpining, and Miss Ella Bolton.

The four and five-year-old kindergarten group will be headed by Mrs. L. Echols with Mrs. A. M. Hemusat, Mrs. Robert Mitchell, Mrs. Harold McAlexander, Mrs. Joe Jarrell and Mrs. B. L. Winn as teachers.

The Vacation Church School is a part of the total Christian education program of the church for boys and girls.

Mrs. St. John stated that the aims and purposes of the school are as follows: A concept of God and a growing sense of fellowship with God. A knowledge and understanding of Jesus which results in personal commitment to Him and His teachings. A Christian philosophy of life and the universe. Growth in Christlike conduct. A recognition of the brotherhood of man and the ability to be Christian in social relationship. A desire to be an active, loyal participant in the Church fellowship. A knowledge of the Bible which is vital and which leads to a desire for continuous Bible study.

In charge of recreation are Mrs. Earl Dossy, Miss Earline Vaughan, Miss Sandra Lee, Miss Janie Brown, Miss Valerie Kirchhoff, Miss Linda Smith, Miss Marcia Locher, Miss Susan Smith, and Miss Annet Speer.

Miss Linda Anderson, Miss Betty Bryan, and Mrs. Bessie Greek are heading the music department while publicity is being handled by Mrs. A. K. Shoemaker and Mrs. Gretchen Crowell.

Full Imprisonment Story May Never Be Made Public

SOUTH BEND, Ind. (AP)—Atty. Gen. Brownell said yesterday the world may never know the full story of the imprisonment of Catholic Cardinal Mindszenty in Hungary because the Communists have liquidated the persons closely connected with the case.

"Dead men tell no tales, and this was one tale the Communists wanted to hide forever," Brownell told the class of 1,000 at the 110th commencement at the University of Notre Dame.

Brownell said persons liquidated included three ministers of the interior, key witnesses, secret police who arrested Mindszenty, interrogators who questioned him and a minister of justice. Mindszenty was sent to prison after what Brownell called "a mockery of a trial" for treason.

German police said he stayed a few days into Czech territory and was immediately arrested by Czech guards. They said a few minutes later he was seen in an army truck headed toward the interior of the country.

American Sergeant Arrested Reported

WALDHAM, Germany (AP)—West German border police today reported the arrest at this border point of an American sergeant by Czech frontier guards.

They said the sergeant and two soldier companions, apparently on a sightseeing trip to the border, stepped near the frontier yesterday. Then the sergeant moved forward to take a picture of the Czech border hut.

German police said he stayed a few days into Czech territory and was immediately arrested by Czech guards. They said a few minutes later he was seen in an army truck headed toward the interior of the country.

Fruit-Picker Is Adjudged Insane By Two Doctors

A Sanford fruit picker, charged with killing his wife and wounding his mother-in-law, was found insane at a sanity hearing Friday in Orange County Court.

After two doctors testified the defendant was insane, Judge Frank A. Smith ordered him committed to Chattahoochee State Hospital.

Brooks was to have faced trial for first degree murder in the fatal shooting of his wife, Frances, 28, at Orlando April 2. He also was charged with assault with intent to murder his mother-in-law, Mrs. Helen Carter.

The shootings occurred outside the Carter home, where Mrs. Brooks had been staying since separating from her husband.

The doctors reported Brooks had a split personality since suffering a head injury in 1953.

Howell E. Echols Dies At Bay Pines

Howell C. Echols, 48, died at the Veterans Hospital in Bay Pines at 10 a. m. Saturday after an illness of four years.

He has been in Bay Pines since last October. Born in White County, Arkansas, on January 28, 1887, he has resided in Sanford for the past 34 years. His home was at 417 West Eleventh Street.

He is survived by his widow, Mrs. Valera Echols, three sons, Charles Lemar Echols, Ivey B. Echols, Palatka, and four daughters, Mrs. Clara Franklin, San Antonio, Texas; Mrs. Tom Allen, Washburn, Texas; and Mrs. Bob Braden, Waco, Texas.

Funeral services will be at 2 p. m. Tuesday at the Brinson Funeral Home, with the Rev. W. P. Brooks Jr., officiating. Burial will be in Evergreen Cemetery.

Arrest Reported

WALDHAM, Germany (AP)—West German border police today reported the arrest at this border point of an American sergeant by Czech frontier guards.

They said the sergeant and two soldier companions, apparently on a sightseeing trip to the border, stepped near the frontier yesterday. Then the sergeant moved forward to take a picture of the Czech border hut.

German police said he stayed a few days into Czech territory and was immediately arrested by Czech guards. They said a few minutes later he was seen in an army truck headed toward the interior of the country.

To meet the current shortage and the expected population increase, 330,000 a year would have to go up for the next 30 years.

Though badly housed, the Frenchman is traditionally well fed. There are 3,645,000 people on farms, 770,000 dealing in food and farm products, 340,000 working in barm, hotels, restaurants and tobacco shops, plus 230,000 bakers and pastrycooks. Some of the 115,000 " itinerants and peddlers" also sell popcorn.

After long years of a stationary and even declining population, the postwar rise in the birthrate makes it likely that the country will have another 3 million citizens by 1970.

Take the experience of a Western technician installing imported equipment for a Polish organization. He found that everything he brought in had to be checked through three separate storerooms

The Calvary City Beauticians' Club. Unit 66 of Sanford composed of 11 members, attended the Orange Blossom Beauticians' Assn. meeting recently held in Gainesville and received recognition for its good attendance.

Miss Geraldine Betz, a Crosses Academy student and a member

and each part listed by three separate storekeepers before it could be used. Just that took two days.

Or another Western technician, again installing imported equipment. He wanted a simple device on which to place a piece of mechanism — "something anyone with a bit of common sense could decide," he said.

He had to await the arrival of a delegation of three professors. They argued two hours, and finally agreed to accept whatever the Westerner advised.

The Communists, to judge their own newspapers, are aware of this bureaucracy and are trying to shake it off. If they succeed, they could prove tough competitors in international trade.

During his American League career, Ted Williams has scored 1,386 runs and has batted in 1,307 runs.

"Where are you going with my Chrysler?"

Six Sanfordites Receive Degrees At Stetson Today

Six students from Sanford received degrees from Stetson University at commencement exercises held at 7 a. m. today in the Forest of Arden. David Harshaw, president of the John B. Stetson Company, Philadelphia, was the speaker.

Harold Raymond Heckenbach, received master of arts degree. He is principal of the Sanford Grammar School.

Myra Jane Madden, who received the bachelor of science degree, was a member of Beta Beta Beta, honorary biology fraternity at Stetson. At present she is teaching in the Florida State Hospital Schooling of Nursing at Chattahoochee.

Oren Rudolph Smith Jr., who received the bachelor of science degree, has been a laboratory assistant president of Gamma Sigma Epsilon, honorary chemistry fraternity; president of Der Deutsch Verein, honorary German fraternity; Beta Beta Beta, honorary biology fraternity, and listed on the Honor Roll and Dean's List. James Olson received the bachelor of science in business administration degree and Mary Alice Ruffell received the master of arts degree.

Sicilians Counting Flood Of Ballots

PALESTINE, Sicily (U.S.)—Sicilians counted a record flood of ballots today. Other NATO nations awaited the outcome as an indication of which way Italy's political currents are running.

The turnout of nearly 2,400,000 voters in yesterday's election was expected to favor the democratic center parties, which mean Italy's national government also. Yesterday's voting was to elect the island's semi-autonomous Regional Assembly. Of those eligible, 94.20 per cent voted. This was 5 per cent higher than in the last regional election, four years ago. Most observers expected the final results to show a drift away from the Communist left. American voters played a big part in the election.

THE TOCCOA FALLS Quartet will present a program Wednesday at the Christian and Missionary Alliance Church. Left to right are Dave Eckman, Bob Griffith, Mrs. Tommy Hicks, Daryle Worley, and Tommy Hicks.

President Rejoins Military Classmates

WEST POINT, N.Y. (U.S.)—President Eisenhower and his 1915 classmates relived their cadet days at the United States Military Academy today—the 11th anniversary of the Normandy invasion which he led. For the President, there was a mixture of memories of the happy times of 40 years ago at West Point and the grim day in 1941 when the Allies crossed the English Channel and won a foothold in France.

Eisenhower flew from Washington yesterday afternoon to nearby Stewart Air Force Base, then motored 16 miles to the academy. He was accompanied by his wife. He started taking part in June week graduation ceremonies a couple of hours after arriving.

Religious Program Will Be Presented At Alliance Church

Evangelist Hendon H. Brown and the Toccoa Falls Bible College quartet will present an inspirational religious program at the Christian & Missionary Alliance Church June 8, at 7:45 p. m.

This program will consist of vocal solos, duets, quartet numbers instrumental numbers, testimonies and a heart-searching message. The members of this musical team—Tommy Hicks, first tenor; Daryle Worley, second tenor; Bob Griffith, baritone; Dave Eckman, bass; Mrs. Tommy Hicks, pianist—are preparing themselves at Toccoa Falls Bible College for full-time ministerial work.

Toccoa Falls Institute is an interdenominational Bible College located 33 miles northeast of Atlanta, Ga., in the foothills of the Blue Ridge mountains outside the city of Toccoa, Ga. The school also consists of a fully accredited high school, and a commercial department.

Toccoa Falls Institute is one of the older Bible Institutes on the North American continent, having been in existence for nearly half a century. The founder and president, Dr. B. A. Forrest, is an internationally known Bible teacher and evangelist, and any inquiries concerning the school may be directed to him.

Golf Day Scores Being Reported

NEW YORK (U.S.)—The reports were still coming in today but it looks as if Mike Schiff of Detroit's Tam O'Shanter Club turned in the lowest net score of the some 190,000 golfers who paid \$1 each for the privilege of trying to beat National Open Champion Ed Furgol and Patty Berg on National Golf Day.

Furgol shot a two-over par 72 and Miss Berg a 77 Saturday at San Francisco's Olympic Club where the Open will be held June 16-18.

Schiff posted a gross score of 85, which with his 33 handicap gave him a net of 52. Second, according to reports received at National Golf Day headquarters, was Dave Humble, who had an 81-26-35 at the Airways Golf Course, Fresno, Calif.

Lowest woman's score recorded so far was a 72-10-62 by Betty Jane Bobel, playing at the Gloucester, Mass., Country Club. Life Magazine, which with the PGA, sponsored the competition, estimated close to 35,000 golfers beat Furgol and Miss Berg. The money, paid in fees, goes to the Red Cross and to golfing causes through the National Golf Fund.

DAUGHTER COMES FIRST. GODFREY, III, 36—Mrs. Ivy Baker Priest, United States treasurer, gave Monticello College's commencement address yesterday but she cleared it with her daughter first.

It was Nancy's 14th birthday. "I cleared it with Nancy before I agreed to make this talk," she said. "I figured that Sunday, all day in the calendar, Nancy should have first claim on me."

and Birmingham-Nashville contest 11-8 and New Orleans split a twin bill with Little Rock, the Peas winning the opener 4-3 and Little Rock copping the nightcap 5-3. The second

COMMENDED—Civilian personnel officer at the Sanford Naval Auxiliary Air Station, John C. Brown, (left) proudly accepts a \$200.00 check and congratulations from Commander Frank R. More, USN, Commanding Officer. Brown received the large bonus for "superior performance of assigned duties" during the year 1951. The award, made through the Incentive and Awards Committee, is the first of this type since the Station was re-commissioned in May 1951.

Crockett Craze Has Lingered On For Six Months

NEW YORK (U.S.)—The show is ended but the melody lingers on—The Ballad of Davy Crockett, that is.

Six months have elapsed since the tune was introduced in the Davy Crockett series on ABC-TV's Disneyland show, and it remains high in popularity ratings.

Meanwhile, the Davy Crockett craze has spread to other merchandise including signs of subduing, with Crockett conkskin caps, pistol holsters and other merchandise grossing millions of dollars.

The full length motion picture put together by Walt Disney from the three Crockett TV films is doing what the trade paper Variety describes as smash business at a New York theater where it made its premiere a little over a week ago.

Fest Parker, actor who portrayed Davy in the TV films, has been catapulted from comparative obscurity to stardom.

But the song has done perhaps more than anything else to make the nation Davy Crockett conscious. For weeks now, it has been commonplace to hear someone—often a grownup—humming the tune on the street, on buses, on trains. Three different Davy Crockett records have been on best seller lists for weeks and remain among disc jockey favorites. The tune has been on Your Hit Parade 13 weeks, including this coming Saturday, and in first place 10 weeks.

The music for the Ballad of Davy Crockett was composed for Disney by George Bruns and the words written by Tom Blackburn, who also did the script for the TV series and the motion picture. Oddly, a record made by Jess Parker has been running No. 2 behind one by Bill Hayes under another label. And a close contender has been a version sung by Tennessee Ernie Ford.

The Crockett craze, like most fads, ordinarily could be expected to fade in six months or so. However, Disney has a new series entitled The Legend of Davy Crockett in the works for his ABC show next season, possibly as many as four complete programs. Unlike

Unusual Appeal Made By Lyndon To End Dispute

WASHINGTON (U.S.)—Senate Majority Leader Lyndon B. Johnson (D-Tex.) today made an unusual appeal to the House to end a dispute over racial segregation provisions and pass a military reserve bill.

Normally Senate and House leaders avoid giving advice to what they politely call "the other body" but Johnson voiced a hope that the House will pass the reserve measure, which is strongly backed by the Eisenhower administration.

The original three, which stuck reasonably close to historical fact, the new Crockett shows will have more latitude in portraying Davy in feats attributed to him by legend but not necessarily supported by historical data.

Want to watch the gas pumps go by?

It's wonderful what Variable Pitch Propellers do for getaway AND gas savings!

Buick SPECIAL 4-Door, 6-Passenger Sedan, Model 43

ANY airline pilot will tell you that one big reason for the modern plane's greatly increased cruising range aloft is the variable pitch propeller.

To get off the ground, of course, the pilot needs plenty of acceleration, for take-off and climb. So his propellers must "bite" into air at a certain angle for utmost performance.

But once the plane is at cruising altitude, great power acceleration is no longer needed—fuel efficiency is. So the pilot switches the pitch of his propeller blades to high-economy angle—and gets a lot more mileage from the fuel in his tanks.

That's why Buick's new Variable Pitch Dynaflo® is such a sensation everywhere. For the same aviation principle that brings

this two-way magic to the modern plane is now found in the propeller-like blades whirling in oil inside the Dynaflo unit.

Just by pressing the gas pedal way down, you switch the pitch and get instantaneous getaway response or safety-surge acceleration.

Just by easing up on the pedal, you change the pitch to high-economy angle—and get new and better gas mileage in all normal driving and cruising.

It's a spectacular and sensible achievement—this new Dynaflo Drive—a brand-new thrill and a brand-new thriftness.

And with it goes the might of record-high V8 power—and the level luxury of Buick's all-coil-spring ride—and the spacious roominess of Buick's broad interiors—and the host of other advanced features that add to Buick's brimming value.

Come in and try what is very definitely the performance thrill of the year—and see for yourself why Buick sales are soaring to all-time best-seller highs.

*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

The Refugee Problem

Though World War II ended 10 years ago, the refugee problems it produced are still unsolved. Hundreds of thousands of refugees, made homeless by Hitler's hordes and by Communist annexations, still languish in cramped, dirty camps where they grow ever more miserable.

These people fled to escape Communist tyranny. They left their homelands with the hope that a new and better life awaited them in the west. Instead, they found only bitter disillusionment.

The Communists, anxious to cut off the flow of refugees, are capitalizing on this disillusionment. They are offering many lures in the effort to persuade refugees to return. Should they succeed, they will have won a tremendous victory in the propaganda war being waged between the Communists and the free world.

In some cases, the Kremlin has won limited success. A group of Hungarians and Bulgarians returned to their homelands recently, an event that was played up for weeks by Communist propagandists. Fortunately this defection is limited. But it is an indication that plight of these refugees must be relieved.

The Free World, which lured them to its side, has an obligation to fulfill the promises

It made them. These people deserve consideration not only to prevent their return to the Communist fold but to encourage others to make the escape.

Improving their lot is expensive, laborious. Yet they cannot be ignored.

A Land Not Their Own

The plight of residents of the District of Columbia is that they are American citizens without citizenship. They cannot vote for president nor for their own local officials. Yet their location at our national capital gives them an opportunity to be well informed on most political issues.

In an effort to extend franchise to these people, Congressman Joel T. Broyhill of Virginia has introduced two constitutional amendments, one to let District residents vote for president, the other to enable them to control their own local government. His action recognizes the two different issues are involved.

Washington inhabitants might legitimately complain about not having a voice in choosing the president. Whether they should control the governmental affairs of Uncle Sam's home seems a larger problem. District residents had this privilege until 1878 when an orgy of extravagance led Congress to withdraw its grant of local government and substitute the system of three commissioners appointed by the President.

Washingtonians would probably favor greater powers which would meet the chief grievance that Congress seldom takes time to consider the affairs of the District of Columbia.

Auto-Age Survival

The American College of Surgeons has released safety recommendations resulting from a study of automobile accidents. They are addressed to car manufacturers and call for safety belts for automobiles, or falling these, other devices to keep passengers from being hurled forward or out of the car in the event of a crash. Other suggestions are for seats and cushions that will not rip away in an accident, and energy-absorbing interiors for cars.

If it be said that accidents are generally the driver's own fault, it is also true that passengers not at fault are often the victims. Improvements in carmaking might save their lives. It is with this end in mind that the doctors have presented their recommendations.

Kremlin Rulers Show Difference

WASHINGTON (AP)—The Kremlin's present rulers seem to be trying hard to show they're different from their old boss, Stalin, stubborn Joseph Stalin.

This may go far to explain why the Russians of late have been acting moderately and even cooperatively, as they did in letting Austria have independence.

They probably figured it was time for a switch, that they could catch more flies with molasses than vinegar. Stalin was a real Vinegar Joe.

He got Russia into a dead end. With his inflexible harshness he forced the Western allies into rearmament and unity, the last thing Russia wanted.

Three of the top Russians, visiting Yugoslavia under the eyes of Western newsmen, act like go-getting businessmen admiring a competitor's establishment.

They examine a Yugoslav factory and commend the amount of cement that was used in building it. They say publicly their own Russians depend too much on steel.

Their performance is dated—in public—has been a combination of visiting firemen, jolly good fellows and cousins to the Yugoslavs.

Nikolai S. Khrushchev, Russia's Communist party boss, gaily explains to an Associated Press reporter why he talks so fast: "Life is short. Live it up."

While their fast life is being fixed, Khrushchev and Anastas I. Mikoyan, deputy Premier, have a friendly wrestle in the fields in full view of onlookers.

If the West has obtained one clear insight from the visit of Khrushchev, Mikoyan and Premier Nikolai A. Bulganin, it's this: Khrushchev is the real boss of Russia.

This was the first chance Western observers have had to see these leaders in public by day and in varying situations and watch for signs of leadership.

It was Khrushchev, head of the Russian Communist party, and not Bulganin, head of the Russian government, who did most of the talking.

Stalin, fixed in his ways, moved ahead by plunging forward like a

bull. He never seemed to change. And almost every time he moved he made new Western enemies.

That surdonic, seldom-smiling man must have been hard to take, even by his intimates.

There can be no doubt Khrushchev and the others want precisely what Stalin wanted: a Communist world. The difference between Stalin and his successors is not in aim but in tactics.

The new Kremlin men are trying to appear better natured and more reasonable. If in that way they can soften up the West and weaken the alliance, so much the better for them. If it doesn't work, they haven't lost anything.

It's possible the Russian leaders have decided that a hydrogen bomb war would mean disaster for everyone and that therefore they had better try to get along with the West without war, although still not abandoning their long-range goal.

But that has to be demonstrated by their future actions. They haven't done much more than talk yet. It's possible they've decided the obvious dictator type, like Stalin, is old fashioned and has to be replaced by smoother methods.

Hardee County — Emmett Whidden has truck crops following four years pangola sod: "It was a faster growth in truck crop plants on this area than where no sod was followed. It definitely builds up the condition of the soil. One area of tomato patch used to be totally infested with root-knot but now there is none."

Hillsborough County — Ruskin area — Ellsberry Farms: "Tomatoes following pangola had less crab grass—sod gives a desirable mulch effect—fertilizer was cut from a use of 4-5-3 to 2-2-2, thus reducing the formula by one unit in the N ratio. Pangola was beneficial in cutting down disease build-up on old tomato fields."

Much valuable information is obtained by Blick from farmers and agricultural workers in the various districts and passed on to interested people in other areas. The following information in regards to Sod Rotation was obtained from vegetable growing farmers in other areas and given a fair trial may prove valuable to local vegetable growers.

Hardee County — Raymond Goolbsy has strawberries following five years of Pangola Bahia sod: "Less hoeing than with old land—no grass, a few weeds—quality O. K. — no sign of rootknot although there used to be rootknot in the soil — no red spiders at all and this is always the main insect for strawberries."

Hardee County — Raymond Goolbsy has strawberries following five years of Pangola Bahia sod: "Less hoeing than with old land—no grass, a few weeds—quality O. SAM DAWSON

People Getting Deeper Into Debt

NEW YORK (AP)—People are getting deeper into debt. It's a side line of the general prosperity. And, in fact, increasing debt helps many industries to look as prosperous as they do.

So long as incomes keep on rising a little, or at least hold as high as they are, there are few to worry much about the present debt load.

The auto boom is riding a crest of on-the-cuff car buying. Americans owe 11 1/2 billion dollars on their cars. The Federal Reserve Board reports auto installment debt rose 428 million dollars during April.

Total installment credit went up 538 million dollars in April to a new high of 23 1/2 billion. In April a year ago the climb was 43 million.

Businessmen are borrowing more this year, too. The Federal Reserve reports bank loans to business are now 781 million dollars higher than this time last year and now total 25 1/2 billion. So far this year loans have gone up 112

million dollars, in contrast to a drop of 1 1/2 billion dollars during the similar period a year ago.

The boom in housing brings with it a rising load of mortgage debt. Easy credit terms and plentiful money supplies have sparked the building boom. Recently there have been signs that money is getting tighter and that lenders in some areas are beginning to balk at extra easy terms.

The almost insatiable demands of the mortgage market is tending to tighten the supply of money in general, the First National City Bank of New York reports in its June monthly letter.

The cost of borrowing money is tending to rise. The bank notes that "borrowers are finding lenders less eager to increase their loans and inclined to be more selective and to tighten up on terms extended." The bank calls this a natural and wholesome development.

The momentum of the recovery movement is great enough to carry through the rest of the year, the Northern Trust Co. of Chicago believes. But in its June letter, out today, the bank adds this warning:

"Economic activity can hardly enjoy for long the stimulus of present rapid increases in installment and mortgage debt without risking overextension of borrowing and a consequent interruption to the expansion movement."

The mortgage demand isn't the only thing that is tightening the money supply. Business borrowing has the same effect. And corporations are seeking more funds to enlarge their plants and buy equipment and to meet increased needs for working capital.

All this borrowing tends to keep business booming. At the consumer level it means higher retail sales totals. At the corporate level it means expansion.

The momentum of the recovery movement is great enough to carry through the rest of the year, the Northern Trust Co. of Chicago believes. But in its June letter, out today, the bank adds this warning:

"Economic activity can hardly enjoy for long the stimulus of present rapid increases in installment and mortgage debt without risking overextension of borrowing and a consequent interruption to the expansion movement."

Try and Stop Me

By BENNETT CERF

COLONEL SAM FORDYCE, president of the Cotton Belt Railroad, was once on an inspection trip when his special train came to a grinding halt. Stepping out on the platform, the Colonel found a gun jabbed into his ribs, while a gruff voice commanded "Stick 'em up!"

The Colonel recognized the voice. It was that of an old bandit named Shang Doland, whom the Colonel had saved from jail on two previous occasions. "Why, Shang," said the Colonel softly, "Ain't you ashamed to come over on the Cotton Belt and try to rob a road as poor as this one? Don't you know that folks with big bank rolls never ride the Cotton Belt? They use the Iron Mountain?"

The bandit was truly abashed. He pulled off his mask and said, "Colonel, I never would have held up this here special if I'd known it was yours." He rounded up his accomplices, and off they galloped into the night. He took the Colonel's tip too. Couple of nights later he and his boys held up an Iron Mountain train out of Texarkana, and got away with the haul of a lifetime.

TODAY'S BIBLE VERSE

In the year that King Uzziah died I saw the Lord.—Isaiah 6:1.— This vision came to Isaiah in church. In a time of sorrow and bereavement. Many visions have come in church.

HAL BOYLE

Helen Keller Offers Good Advice

NEW YORK (AP)—The Uddity Al-Banani: "Feel sorry for yourself?" Here's some advice from Helen Keller, who will be 75 years old this month.

"I often feel deeply grieved for those who suffer from self-sympathy. They allow themselves to be tied in a knot instead of looking around for new things to keep them busy. I find life an exciting business — and most exciting when it is lived for others."

Miss Keller, who lost the powers of sight, speech and hearing in infancy, became one of the most inspiring examples of victory over personal handicaps in human history. A famous author, teacher, and speaker, she mastered seven languages, found her own road to happiness.

At 74 she made a 40,000-mile tour in behalf of the world's 14 million blind people. Still busy with new projects to aid the handicapped, she says:

"When people say I ought to retire, it makes me mad."

Still feel sorry for yourself? Passing the time can get to be quite a problem with a modern company executive, who may spend up to six months or a year on the road.

To fill boredom, Harry Rolnick, a hat firm president from Garland, Tex., kept a diary of his activities in five years of train travel. The diary shows (he says) that in those five years he opened a train window unaided 86 times; read 113 books; counted 9,316 telephone

poles; completed 93 crossword puzzles and left 184 unfinished; wrote 11 poems, 7 of which he tore up because he didn't like the rhymes; played 318 games of solitaire (he lost 290 times, cheated 9 times); and ate 801 sandwiches.

An even more interesting diversion is to look out the train window and yell "beaver" every time you see a red-haired girl. The type of fellow who does this, however, rarely trusts himself to keep a diary.

Almanac Editorial: A Senate subcommittee recently announced it would launch an inquiry to find out why so many poor people remain poor.

A member of this Almanac's staff, seeking a quick answer to this problem, interviewed a number of poor people hanging out in a nearby pool room, and came up with this report:

"Four out of five said they remained poor because, unlike Congress, they lacked the power to

Year-Round Conditioning System Run By Nuclear Reactor Foreseen

ABSECON N. J. (AP)—A year-round home heating-cooling system powered by a nuclear reactor about twice the size of an auto battery was put forth as a "practical reality" possibly within a few years.

Robert E. Perry, general manager of the Institute of Boiler & Radiator Manufacturers, made the forecast at the institute's annual meeting, and said the new concept marks the first proposal to put atomic energy to work actually within the home itself.

He indicated that if the manufacturers were to begin research on the system now, they would be in full production by 1962.

The "A-batter" system, consisting of the baby reactor hooked up to a boiler, will be explosion-proof and safe from radioactivity, Perry said.

Placed in the garage or basement, the system will both heat and cool the home for about six years on a single charge of fissionable material sealed within the reactor, he said.

Perry estimated the cost of the six-year charge at about \$200. He said the reactor would be replaced with another sealed unit at a similar price after its charge has been exhausted. Institute sources said the price of such a charge would tend to go down as the price of nuclear fuel declines.

A completely new integrated installation of the boiler and baby reactor would cost about \$1,000, he said. In a new house, he said, savings of several hundred dollars would result from eliminating ducts and chimneys. It would cost about \$1,000 to convert existing boilers, according to Perry.

Perry explained that nuclear reactors in homes by the A-batter system would be accomplished by addition of a small absorption refrigeration unit, which operates on heat, similar to a gas refrigerator. Water chilled by the unit would be used to cool the house or dual

heaters to cool the house.

He may then prescribe cortisone or hydrocortisone. Both have profound good results. Spontaneous abortion, time to abortion preparations are also of value.

Common and Answers L. M.: What causes blood poisons in the first layer of the skin on the arm? Answer: This is probably what is known as psoriasis. A person with this condition should consult a physician. Have a careful check-up, including a complete examination of the blood to find the cause of the blood poisons. The blood may be contaminated.

Social Events

Annual Piano Recital Is Given; Dick Aiken, Tenor, Is Soloist

Miss Margaret Davis held her annual piano recital recently in the Sanford Woman's Club.

The room was beautifully decorated with Calla lilies and white gladioli along with palms. Pedestal baskets holding spring flowers were placed on each side of the stage.

Mrs. Allen Jones was in charge of the flowers and was assisted by Mrs. Sydney Chase Jr., Mrs. Earl Higginbotham, Mrs. Harry Woodruff, Miss Jean Wilke, Sonny Folds and Duncan Goeble.

Larry Burney was in charge of all stage appointments. Those assisting in serving were Mrs. Edward F. Lane, Mrs. Bernard Wilke, Mrs. Charles Selvidge, Mrs. M. J. Dugger, Mrs. William Stemper, Mrs. R. H. Riser, Mrs. M. L. Brainer, Mrs. Sarah King, Mrs. Robert Reely.

Mrs. A. L. Thomas, Miss Jo Ann Hughes, Miss Sarah Alice Niblack, Mrs. L. E. Jeffords, Mrs. Robert Miller, Mrs. P. H. Wyatt, Mrs. J. H. Lee, Mrs. G. H. Harris, Mrs. H. C. Washburn, Mrs. B. R. Carroll, Mrs. J. F. Benton, Mrs. LeRoy A. Anderson and Mrs. C. R. Jones.

"The capacity audience in the Woman's Club was most enthusiastic about the lovely number sung by Dick Aiken with his charm and style that is a blend of exquisite taste and appealing sentiment," Miss Davis said.

"As always the accompaniments by Jeanne Lane were beautifully done," she went on.

The program was as follows: Ballade, James Francis Cooke;

MISS DIAL BOYLE MISS ARLENE JACOBSON

Two Students Awarded Degrees Today

DURHAM, N. C. — Two graduates from Sanford were awarded degrees at Duke University's 103rd Commencement this morning.

Hodding Carter, Pulitzer Prize winning editor and publisher of the "Delta Democrat-Times" in Greenville, Miss., was principal speaker. North Carolina Governor Luther H. Hodges also addressed the graduates.

Carter, a native of Louisiana, is known as the author of "Lowcountry Mississippi," "Where Main Street Meets the River," and other books. He received the Southern Literary Award in 1940 and the Pulitzer Prize for editorial writing the following year.

Some 120 undergraduate and graduate students received degrees at the exercises in the Duke Indoor Stadium at 10:30 a. m. Twenty-one different degrees were conferred.

This year's Commencement weekend got underway on Friday with alumni activities. Saturday's events included meetings of the University's Board of Trustees and National Council, a campus band concert in the afternoon and the annual General Alumni Dinner that night. Eleven former Duke students, the Half Century Club and Law School alumni are holding reunions this year.

Dean William E. Cannon of Emory University's Candler School of Theology delivered the Baccalaureate sermon yesterday in Duke Chapel. Other Sunday events were carillon and organ recitals, an outdoor reception for students and their parents and traditional flag-lowering ceremonies.

Students from this area receiving Duke degrees are Miss Dial Gray Boyle, daughter of Mrs. L. F. Boyle, 5404 Mellonville Ave., B. A.; and Miss Arlene Myra Jacobson, daughter of Mr. and Mrs. Manuel Jacobson, 1510 Sanford Ave., B. A.

New England Lady Is Named President Of Mother Church

Mrs. Gertrude W. Eisenman of Boston, Mass., today was named President of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., at the Annual Meeting of The Mother Church attended by church members from many parts of the world.

Mrs. Eisenman has been active in various capacities in the Christian Science movement for many years. A native of New York City, she is now a Christian Science practitioner in Boston.

Her appointment was announced by The Christian Science Board of Directors. The term of office is for one year.

Prior to devoting her full time to the public practice of Christian Science healing, Mrs. Eisenman was active on various philanthropic and civic boards. During the Second World War, she served on the Christian Science War Relief Committee.

BIRTHS

Mr. and Mrs. Joseph P. Chaffin of Titusville announce the birth of a son, Anthony Joseph, 6 lbs. 15 oz., on June 1 in the Fernald Loughton Memorial Hospital. Mrs. Chaffin is the former Miss Betty Cullum.

Miss Jacobson, Bride-Elect, Given Luncheon

Miss Arlene Jacobson, June 12 bride-elect, was honored with a luncheon last week at the Mar-Lou Restaurant by her aunt, Mrs. Herman Jacobson. The honor guest was presented with a lovely corsage of white carnations and pearls.

The buffet style meal was served from a table holding a fragrant arrangement of white carnations and standing on a black base. One creation of gardenias and greenery centered around an electric fountain. Strips of fern were interspersed with the pure white gardenias. Unique markers of gold wedding rings and bridal bouquets designated the seating place for each guest.

Mrs. Jacobson later presented her niece with a lovely matching lingerie ensemble.

Guests enjoying the memorable occasion with Miss Jacobson were her mother, Mrs. Manuel Jacobson, Mrs. Morris Tottenbaum, Mrs. Oscar Tottenbaum, Mrs. Philip Rosenberg, Mrs. Melvin Blackind, Mrs. Dan DeFoor, Mrs. Bernard Jaffe, Miss Betty Billhimer, Mrs. Bob Roth, Mrs. Joe Moss, Mrs. Michael Ginson, Miss Rose Levy, Mrs. Edwin Epstein, Mrs. Sol Gordon, Mrs. William Toll, Mrs. Leonard Munson, Mrs. Morris Moses, Mrs. John Jacobson, Mrs. Arthur Jacobson and Mrs. Herman Jacobson.

Graduation Party Is Given In Geneva

A graduation party honoring the seniors of Geneva, graduating from Seminole High, was given last week at the home of Mr. and Mrs. Jettie C. Schuler. Co-hostesses were the Rev. and Mrs. W. A. Ellenwood and Mr. and Mrs. Cedar Hart.

Green and white, the class colors, set the decorative motif for the evening. The buffet table featured an arrangement of white carnations and gladioli flanked by silver candelabra.

After the buffet supper, each guest was presented a lovely gift and games were enjoyed by all. Prizes were won by Miss Addie Prevatt and Harold Geiger.

Those invited were, Lennie Rutledge, Addie Prevatt, Ruth Maxwell, Donald Hampton, Richard Horton, Harold Geiger, Frank Thomas, and Jack McGill.

MR. AND MRS. JAMES BARTON DEBRINE (Photo by Cox)

Miss Loechelt Weds J. DeBrine On Her Parents' 25th Anniversary

In the lovely setting of the First Methodist Church on June 4 at 8 p. m. Miss Carol Loechelt, daughter of Mr. and Mrs. J. H. Loechelt and James Barton DeBrine, son of Mr. and Mrs. Willis DeBrine, were wed in holy matrimony by the Rev. Milton H. Wyatt on her parents' silver wedding anniversary.

The double-ring ceremony was performed in candlelight with greenery draped over a white background in the front of the church. Palms formed a backdrop for two tall baskets of white gladioli and chrysanthemums. Three cathedral type candelabra were used in front.

Organist, Mrs. Albert Hickson, played "O Promise Me," "The Lord's Prayer," and "Whither Thou Goest," Traumerli; before the ceremony. "To a Wild Rose" was played softly during the rites.

Miss Joy Thornton, cousin of the bride of Thorne Haven, sang "I Love You Truly" and "At Dawning."

The bride, given in marriage by her father, was radiant in the traditional wedding gown of imported lace over nylon tulle and satin. The molded bodice of French lace was designed with a yoke of illusion bordered by scalloped lace. A fine edging of bridal satin, embroidered, with seed pearls, finished the neckline. Self-covered buttons extended down the back to the fitted waistline. The full length sleeves of lace terminated in points at the wrists.

A voluminous skirt, fashioned of lace over a layer of tulle, featured deep scallops over a wide stiff ruffle of tulle. Graduating tiers of tulle ruffles cascaded down the back to a chapel train. A fingertip veil of illusion attached to a sheer bonnet of delicate lace embroidered with seed pearls was worn by the bride. She carried a prayer book topped with a white yellow-throated orchid, tied with shower ribbons entwined with baby's breath.

Miss Marcia Loechelt, sister of the bride and maid of honor, was gown in a full-length dress of Cell Blue crystalite over taffeta designed with a long molded bodice fitted to the hips. The surplice neckline formed an off-the-shoulder effect with cap sleeves. The bouffant skirt of crystalite over rustling taffeta was gathered at the hips. A matching bandeau featuring small floral appliques of crystalite was worn with the frock. She carried a cascade bouquet of pale pink carnations with pink angel feathers worked in, and tied with pale pink satin streamers.

The bridesmaids, Miss Rosemary Garner and Miss Ginger Jones, wore dresses identical to that of the maid of honor and carried cascading bouquets of yellow carnations with yellow angel feathers entwined and tied with yellow satin ribbons.

Donald Howard, acted as best man and usher-groomsmen were Gene Baccineau, Buddy Maddox, William Jennings and Ronald Taylor.

Mrs. Loechelt chose for her daughter's wedding a streetlength dress of beige lace over brown taffeta with beige and brown accessories. The outfit was complemented by a yellow orchid worn on her left shoulder.

Mrs. DeBrine was gown in a street-length dress of rose lace over rose tulle accented by rose and white accessories. She wore a lavender orchid corsage.

A reception was held immediately after the rites in McKinley Hall. It was artistically decorated with bride's flowers and greenery. Magnolia leaves and white candles were arranged in the windows in the hall while other arrangements of white gladioli and chrysanthemums were used through the room.

The bride's book was kept by Miss Martha Owen and Miss Patty Walker. Mrs. Wade H. Garner and Mrs. A. D. Rountree presided over the punchbowl. Cake was served by Mrs. Clinton Hyatt, Mrs. J. M. Stinecpher and Mrs. J. T. Brady. The Misses Paulette Cason, Jeanne Lane Miller, Jeanette Kinlaw, Nancy Rountree, Grace Marie Stinecpher, and Joni Saunders acted as floating businesses. Soft music was played on the piano during the reception by Phyllis Allen Proctor.

As a going-away outfit Mrs. DeBrine chose an aqua and white street length dress with matching aqua linen duster and white accessories. She wore the orchid from her bridal bouquet.

Out-of-town guests included Mrs. L. M. Stokes. Mr. and Mrs. John Padgett, Mr. and Mrs. B.T. Crosby, Karl Crosby Miss Pat Larramore, Tampa; Mr. and Mrs. Edward Loechelt, Elfers; Mr. and Mrs. J. Roy Thornton, The Misses Pat Thornton, Carolyn Thornton, J. Roy Thornton Jr., Winter Haven; Mrs. John W. Hubbard, Long Island, N. Y.; Mrs. Martha B. Edwards, Rochester, N. Y.; Mr. and Mrs. W. A. Seiden, St. Petersburg; Mr. and Mrs. Robert Parson, Jacksonville; and Robert Fisher, Wuchula.

The couple will reside at 318 Pine Street, Fort Collins. The groom is employed by the Radio Corporation of America at the Patrick Air Force Base, in Cocoa.

Members, Guests Of Wedding Party Enjoy Buffet Meal

Members and guests of the Loechelt-DeBrine wedding party enjoyed a supper Friday night following rehearsal at the Methodist Church. Hosts for the evening were Mr. and Mrs. Willis DeBrine, the groom's parents.

The serving table, from which the buffet supper was served, was covered with a white cloth and centered with a lovely arrangement of candles and white pom poms. Vases of pom poms were placed at vantage points throughout the room.

Guests were seated at individual card tables and enjoyed a delicious meal consisting of ham turkey, peas, potato salad, olives, pickles, rolls, tea, coffee and cake.

The bride and groom presented the wedding party with gifts.

Those invited were the former Miss Carol Loechelt Jimmy DeBrine, Mr. and Mrs. J. H. Loechelt, Miss Marcia Loechelt, Miss Joy Thornton, Bobby Fisher, Mrs. John W. Hubbard, Mrs. Dan Stinecpher, Miss Rosemary Garner, Kenneth Ramsey, Ronald Taylor, Bud Jennings, Miss Patty Walker, Miss Ginger Jones, Donald Howard, Eugene Baccineau, Buddy Maddox, and the hosts, Mr. and Mrs. DeBrine.

Loop's Entertain First Grade Class With Swim Party

Mrs. Dallas Loop and her little son, Jay, entertained the 24 children of Miss Zila Welch's room in the First Grade, Thursday.

Sixteen mothers also attended.

The party, given on Twin Lakes, was the second of picnicking and swimming. The room mothers presented Miss Welch with a piece of her silver.

Sandwiches, potato chips, carrot sticks, lemonade, cake and ice cream were served.

Clarence Clause Jr. Gets Commission

William Clarence Clause, Jr., son of Mr. and Mrs. W. C. Clause was commissioned today as Ensign, USN, according to a statement made by Col. R. C. Burns, USMC, the Professor of Naval Science at the University of North Carolina.

He also received his AB degree in Physics from the University. Ensign Clause has been ordered to report for duty to the Naval Flight School in Pensacola, on June 15.

Roy A. Allen Has Received Degree

Roy A. Allen received his Master of Science degree in Education at the University of Massachusetts, June 5. A total of 98 advance degrees were awarded at the 85th Commencement exercises.

Students from eight foreign countries, including Canada, Egypt, Mexico, India, Australia, Argentina, Iran and England were among the degree recipients.

Corporation of America at the Patrick Air Force Base, in Cocoa.

The bride was born in Bartow and came to Sanford from Jacksonville where she graduated with the class of '54. She was a member of the Tri-Hi-Y, Pop Club, Latin Club and Sweetheart of the Key Club. She is a member of the First Methodist Church.

Mr. DeBrine was born in Rochester, N. Y. and attended schools there. He came to Sanford and graduated with the class of '52 from S. H. S. He was a member of the football team and manager of the baseball team. He attended the University of Florida.

After Graduation Open-House Given In Honor Of Six Seniors

An after graduation open-house was given by six mothers honoring their sons Friday night immediately after graduation exercises in which the entire senior class and their dates, Mr. and Mrs. H. E. Morris, Mr. and Mrs. R. T. Milwee, the faculty and their husbands and wives and the board of trustees were invited.

Mrs. John E. Higgins, Mrs. R. Robinson, Mrs. Claude Shoemaker, Mrs. George Maffet, Mrs. Robert Brown and Mrs. Robert Miller honored their sons, Johnny Higgins, Ronnie Robinson, Bob Shoemaker, Allen Maffet, Robin Brown and Robert Miller at the Miller home on 2401 S. Myrtle.

The guests were greeted at the door by the mothers and welcomed into the spacious living room decorated with spring flowers carrying out the theme of the senior class colors of green and white.

On the piano was a lovely arrangement of fern and green and white pom poms in a brass vase-candelabra which also held two burning white tapers.

Placed in various spots about the room were several potted palms and a clever creation of daisies was placed on the mantel in a green bowl. On one of the coffee tables was a lovely arrangement of gladioli, fern and carnations tied in the center with a pale green satin ribbon. On the small porch to the side of the room was a bowl of daisies on a white wrought iron glass-topped table.

Going through the side door the guests were shown to the expansive lawn where they enjoyed television and were served refreshments of cakes, punch and other delicacies. The main table was covered with a white cut-work cloth. Crystal and silver accented the richness of the theme and a silver candelabra held burning tapers. In the center of the table was an oval crystal dish which held a creation of ivory, gladioli, daisies and palm tree leaves.

Sponsors of the class served the punch and refreshments. They were Miss Rebecca Stevens, Miss Ethel Riser, Mrs. Nellie Coleman and Roger Harris.

Geneva Graduates Honored At Party

Members of the graduating class of Seminole High School were honored at a party given by the Geneva M. Y. F. The graduates received a gift and games were played after which refreshments were served by the hostesses, Mrs. Clara Brown, Mrs. Lucille Norton, and Mrs. W. G. Kilheo.

Those enjoying the party were the following seniors: Ruth Maxwell, Addie Prevatt, Dick Norton, Jack McGill, Harold Geiger, Donald Hampton and Harold Pate of Sanford.

Also Pat and Layne Stone, Barbara Hunt, Nancy Butler, Helen Hampton, J. D. Stone, Carlton Jacobs and Jimmy Brown. Also Mrs. Hazel Flynn and daughters, Barbara and Mary Jane of Sanford.

Business Circles Of Baptist Church Meet In DeLand

The Federation of Business Women's Circles of the Seminole Association of Baptist Churches met at Allen Hall, Stetson University, DeLand. The Federation was celebrating its first anniversary with a banquet.

The Hall was beautifully decorated with purple and gold daffodils, gladioli and fern. Lighted yellow tapers were at the speakers' table, and miniature May Day baskets were used as favors with the place cards.

The Rev. James G. Stertz, pastor of First Baptist Church in DeLand, was guest speaker. Churches represented were First Baptist, DeLand; Calvary, Daytona Beach; Magnolia Avenue Baptist, Daytona Beach; First Baptist, Daytona Beach; First Baptist, New Smyrna Beach; and the Longwood Baptist Church, Longwood.

Present from the Elsie Knight Business Women's Circle of First Baptist, Sanford, were Mrs. F. L. Dampier, Mrs. C. A. Anderson, Jr., Miss Martha Fox, Mrs. Estelle Gilson, Mrs. Lillian Vickery, and Mrs. Irving Pryor.

Officials were elected for the coming year and Mrs. F. L. Dampier was elected secretary. The next meeting will be installation of officers on September 15th at First Baptist Church in Sanford.

The Ladies Auxiliary of the B.N.A.F. Will Hold Its Monthly Meeting In The IOOF Hall At 7:30 p. m.

The Ladies Auxiliary of the B.N.A.F. will hold its monthly meeting in the IOOF Hall at 7:30 p. m. All members please be present.

The First Baptist Concord choir will hold rehearsal at 6:30 p. m.

The First Baptist Intermediate Royal Ambassadors will meet at 7 p. m.

The Executive Committee of the Seminole Baptist Association will meet at the First Baptist Church at 12 noon for the monthly luncheon meeting.

The Daughters of Wesley Sunday School will meet in McKinley Hall at 8 p. m. Mrs. Albert Hickson's group will be hostesses.

Circle No. 2 of the WSCB of the First Methodist Church will meet at 9:45 a. m. at the home of Mrs. Marvin Dyal, 805 Plumosa Dr.

The music students of Miss Madeline Mallen will be presented in their annual recital at the Woman's Club at 7:30 p. m. The public is cordially invited to attend.

Daytona Blanks Cardinals, New Boss

Daytona Beach spoiled Mario Mauriello's debut as manager of the Sanford Cardinals last night by blanking the Cardinals, 6-0, before 627 fans at Daytona Beach.

Orlando Pena, who possesses the lowest earned run

average in the Florida State League, fashioned the shut-out with a seven-hit effort. He did not issue a walk.

Mauriello, 23, who formerly played with Hamilton, Ont., and Peoria, Ill., took over as manager of sixth-place Sanford when the Cardinal management fired

Dan Keith for losing 12 out of his last 14 games. Three other players also were replaced and three rookies hired in the shakeup.

Meanwhile, Gainesville's G-Men, not content with breaking Orlando's 11-game winning streak Saturday, pushed the league lead-

ers around some more yesterday. As 537 of their partisans watched, the G-Men banged out 12 hits off Howie Tresp and won 5-2. Al Gandolfi led the attack with three safeties for four trips, including a double.

Norman Hughes picked up the decision, his fifth against seven losses, on a nine-hitter. The CBs

had him in trouble often but the righthander bore down in the clutches and stranded 12 men. In other action, Lakeland blanked Cocoa 6-0 and West Palm Beach defeated St. Petersburg 3-2.

West Palm Beach's victory was the Indians' ninth straight and

the loss was last-place St. Petersburg's ninth in a row. Yvan Dubois tripled home two runs in the seventh and Carl Medley singled in Bobby Dane the next inning with the clincher. Caspar Del Monte allowed five hits in picking up his sixth decision against two losses.

Lakeland's Jack Ivey scattered five hits to disappoint 578 Cocos fans. His mates sewed up the game in the first inning on Terry Bode's walk and singled by Juan Garcia, Joe Fazzino and Herman Niehaus.

He's Paid

(Continued From Page One)

another switch when he realized what he'd done. Frantically, he slapped the new reel into place and threaded it as only a man with his many years of experience could. He barely made it in time but the switch came off all right. No one in the theatre ever realized what had been going on behind the scenes.

Vern's hours are rather confining, a fact he's occasionally reminded of by Mrs. W. He reports to take care of any necessary maintenance work. This might include patching a torn chair, taking a projector apart to repair it, or any one of the many things that need to be done every day.

After lunch, he starts the machine and stays with it until supper time, when he enjoys a two-hour break. Then it's back to the projection booth until about 11 when the theatre closes shop for the day. He has one day off each week.

"I still enjoy seeing a good picture now as much as I ever did," says Vern. "Of course, I got a little tired of what you might call 'B' pictures. I keep some reading material handy when they are showing, and besides, even the good pictures get a little tiresome after you've seen them a half dozen times."

He started working at the theatre in 1932 as a relief operator

and usher and took over as a regular operator in 1934. He served in the Navy for more than 2 years during the war. His Navy job? That's right, he was a movie projector operator at Lake City Naval Station.

When he first joined the Ritz staff, silent pictures had just bowed out. Since then he has seen many changes take place. Among the more regrettable ones, he recalls, was 3-D. A headache for the operator (and sometimes for the viewer) it enjoyed only a short life locally.

Among the films he lists as his all-time favorites are "Flirtation Waltz" with Dick Powell and Ruby Keeler, "Mr. Smith Goes to Washington" starring James Stewart, and "Big Top" with Betty Hutton, Cornel Wilde and James Stewart. As you may have guessed, Jimmy Stewart is one of his favorite actors. Donald O'Connor is another.

He says it's hard to say who would be his choice as No. 1 actress. "I like them all," he laughs. "I don't like them all, some of them."

But after a moment's thought, he decided that Claudette Colbert and Lorraine Day were his favorites.

Asked what he thought of "Gone With the Wind", he just shook his head. "Too long. Few hours and fifteen minutes."

One of the most embarrassing things that has happened to him as an operator was when he accidentally used the "optical" lens, which is designed for use on

newsreels, cartoon, etc., on a Cinemascope film. It made the characters appear paper-thin and "about a mile high." Incidentally, the special lenses necessary for Cinemascope cost about \$500 each.

Several years ago, Vern decided to try some movie-making himself in his "spare" time. He bought a projector, camera, splicer, reel case, and screen. After shooting just one roll of film, he sold the whole works for \$10. "Never have tried it again since," he says.

A buzzer system between the ushers and the booth aids in keeping both sound and picture good at all times. One buzzer means, "Turn up the sound"; two buzzers, "Look at the screen, zee, 'Lower the sound'; and just after Vern finished explaining the system, a three-buzzer signal came in. We both looked at the screen but could see nothing wrong. "I've told the ushers," explained Vern. "To use the buzzer anytime they think anything is even slightly off. It doesn't hurt anything and it could prevent a lot of grief."

So the next time you see a movie and it's stopped temporarily or the sound is not up to par, give the operator a break. Don't whistle or stamp your feet or make any noise. After all, he's got a picture on the screen too. He might lose his job.

The player payroll of the Chicago White Sox will be "well over \$300,000" this year, says General Manager Frank Lane.

The race horse Nashua gets special drinking water which is bottled and shipped to Hialeah from Hot Springs, Ark.

Former Resident, Mrs. R. Ashworth, Dies In Washington

Funeral services were held at 3 p. m. today in the Fort Myers Chapel in Arlington, Va., for Sanford-born Mrs. Sarah Jeanette "Pete" Ashworth, 32, of Arlington, who died Friday in Washington, D. C. at the Doctors' Hospital following a brief illness.

A native of Sanford, she moved to Arlington in 1934. Her husband, Robert Lawrence Ashworth, is a insurance consultant with the Veterans of Foreign Wars in Washington, D. C. She is survived by two sons, Robert Lawrence Jr., six years old, and Joe Carl, four years old. Others include her mother, Mrs. J. D. Chittenden of Sanford; a brother, Joe Chittenden, Arlington; an aunt, Mrs. Bess M. Jones, Sanford; and an uncle, Leroy Chittenden of Fairbank County, Va.

Negotiations Begin On Wage Increase For Steel Workers

PITTSBURGH (AP) — With U.S. Steel Corp. as the initial target, the CIO United Steelworkers will begin negotiations tomorrow with the basic steel industry for a "substantial wage increase."

David J. McDonald, president of the 1,200,000-member union, and other top officials of the Steelworkers organization will meet with a U.S. Steel committee headed by Vice President John A. Stephens.

McDonald said he plans to open negotiations with five other major producers immediately after talks get under way with Big Steel. He will head negotiations with all six steel firms.

The union's Wage Policy Committee instructed McDonald and other officials to seek a "substantial wage hike." Neither McDonald nor any other union official has defined "substantial."

Services Tomorrow For Mrs. E. Tyler

Mrs. Edith B. Tyler, 84, died at her home on Silver Lake, on May 24. Born in Buckland, Mass., on September 14, 1870, she lived in Sanford for the past 20 years. She came here from Altamonte Springs and is the wife of the late Harry C. Tyler of this city.

Mrs. Tyler is survived by two sisters, Miss Clara Drake, Melrose, Mass.; and Mrs. Walter Barber, Adams, Mass.; one brother, Richard Butler, Springfield, Mass.; one grandson, Donald Tyler; one niece, Mrs. Alice Carduf, Chesire, Mass.; and one nephew, Richard Butler, Springfield, Mass.

Memorial services will be at 10:30 a. m. tomorrow at Brison Funeral Home with the Rev. C. C. Kiser of the First Baptist Church of Melbourne officiating. Burial will be at a later date.

New Mail Service Is Effective Today

WASHINGTON (AP) — Postmaster General Summerfield today launched the new certified mail service as a regular part of postal operations.

Certified mail is a simplified form of registered mail. It will provide "proof of delivery" service for items not having actual monetary value.

For 15 cents, plus regular postage, the Post Office keeps a record of certified mail delivery at the local post office for six months in the event the sender should need to establish that the item was actually delivered.

Station Demands Knowledge Of Fate

BERLIN (AP) — Rias, Berlin's U. S. operated radio station, demanded today to know the fate of more than 11,000 young Germans "abducted" by the Soviet Union 10 years ago.

In a special broadcast, RIAS charged the 16 and 17-year-old boys and girls were seized by Russian occupation forces without any valid reason.

The station said the "mass kidnappings" right after Germany's World War II surrender resulted in 16,000 abductions. Of this total, "scarcely more than 4,800 have returned to their homes."

The Big News!

Amoco announces a new way to make gas, a new conception of octane

A few short months ago a man pressed a button . . . the words "on stream" echoed from place to place . . . and a new petroleum giant came to life. Oil pulsed through its arteries. And at Texas City, Texas, the world's largest multi-million dollar Ultraforming unit had begun creating the new Amoco-Gas.

From this mighty oil refinery has come a new, high-octane gas . . . made by a patented method, the most advanced known to science. A clear, white gas with such natural anti-knock quality that it is the only gas that meets modern car engine needs *without the use of lead*. It's the new Ultraformed Amoco-Gas.

And this great new premium motor fuel couldn't have been born at a more appropriate time. It answers all the bewilderment about octane in a clear, simple way.

The Octane you've heard about—until now

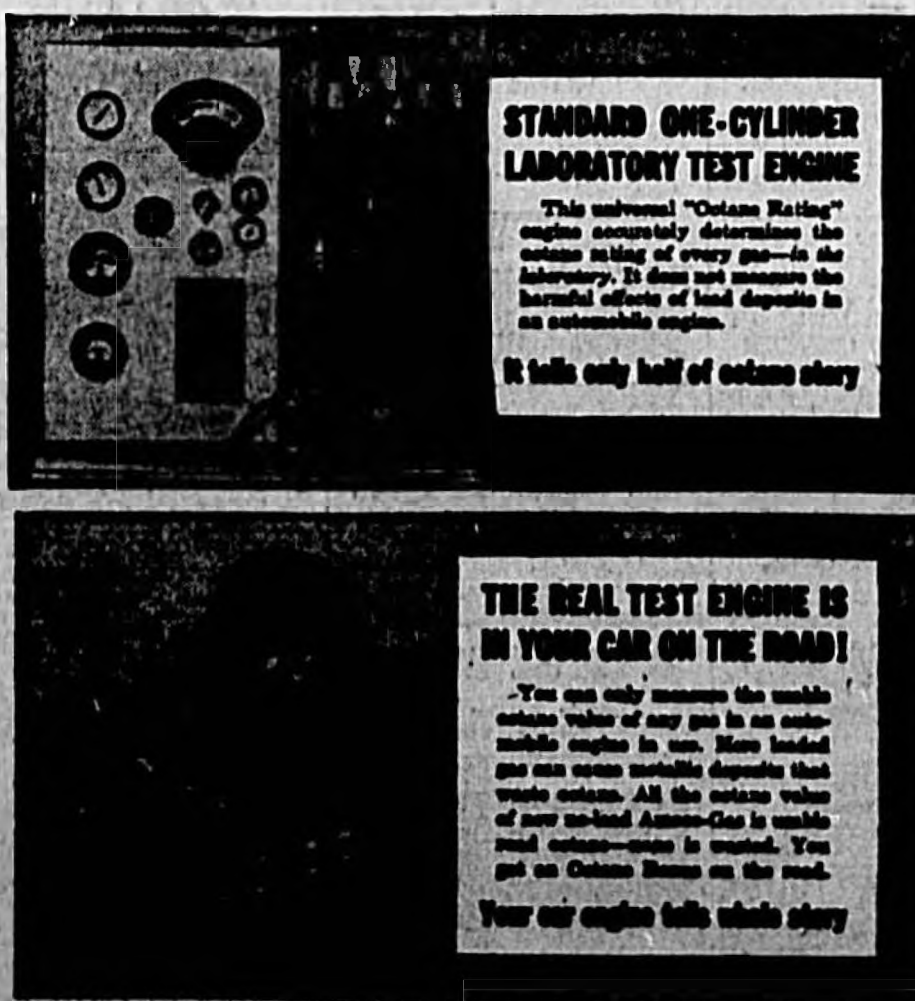

The octane ratings you hear about are laboratory ratings. They are ratings obtained by adding lead. But lead doesn't all burn up. It leaves harmful deposits that can turn your engine into an octane trap—a trap that catches and wastes octane!

The Octane BONUS of the new, unleaded Amoco-Gas

Pure, no-lead Amoco-Gas can all burn—every drop. None is wasted fighting lead deposits. All its octane-energy can go to turn the wheels—it's all usable "road octane."

That's the only practical way to measure octane. That's why we say the new Ultraformed Amoco-Gas gives you an Octane Bonus . . . on the road, where it counts.

Try it—it does something wonderful for your car!

A Winning Combination...

Chase To Head Meeting Of Growers, Shippers In Orlando This Month

A "town meeting" type of approach to the transportation problems of Florida's citrus and vegetable industries will mark the 32nd annual meeting of the Growers and Shippers League of Florida, in Orlando, June 15, according to Gordon C. Stedman, secretary-manager.

The discussions, called a "panel forum", will cover fresh citrus, vegetables, frozen and canned citrus, as well as other problems confronting the industries.

The league's sessions will include the annual banquet, at the Orange Court Hotel, commencing at 6:30 p. m., followed by the annual election. A meeting of the league's executive committee has been set for 2 p. m., June 15, at 45 W. Central Ave., Orlando, state headquarters for the organization.

Stedman said that the "panel forum" discussions would be divided into four main sections, headed by the league's committee chairmen. They are, D. L. "Don" Harper, of Sanford, chairman of the vegetable traffic committee; J. E. "Ted" Wathen, of Ft. Pierce, fresh citrus traffic committee chairman; W. A. Stebbins, of Plymouth, chairman of the frozen citrus concentrate transportation advisory committee; and Paul Sarrett, Tampa, who heads the transportation advisory council. A lively and interesting program is expected to develop as the "panel forum" swings into action, at the banquet.

Presiding at the business session will be the league's president, S. O. Chase, Jr., of Sanford, who is vice president of Chase and Company, Chase will also preside at the afternoon executive committee meeting in the league's offices.

The president's address will be delivered at the dinner in the Orange Court dining room by President Chase, while secretary-manager Stedman will give his annual report to the membership at that time.

Officers of the league are, Chase, President; R. D. Robinson, of Orlando, treasurer; R. V. Phillips, of Haines City, first vice president; Phil C. Peters, of Fort Garden, second vice president; Gen. J. C. Hutchinson, of Sanford, third vice president; and Stedman, secretary-manager.

Members of the league are, Chase, President; R. D. Robinson, of Orlando, treasurer; R. V. Phillips, of Haines City, first vice president; Phil C. Peters, of Fort Garden, second vice president; Gen. J. C. Hutchinson, of Sanford, third vice president; and Stedman, secretary-manager.

Clara Jobe Clinging To Hope

"I will take that chance," Clara Jobe told doctors in Macon, Ga., when she was confronted with a momentous decision in her life.

Doctors told her that there is a possibility she may gain relief from the gouging pain of an incurable disease at just one hospital in this country. Other than the possibility of some relief, he told her, there is no hope for recovery.

And with a heavy heart and courage that is unmatchable, she wants the chance that might bring her some relief.

With two daughters preparing to face today's world, Mrs. Jobe wants to be spared the pain, suffering, and clouded mind so that she may guide her two girls and prepare them to face an uncertain world.

Lupis erythematosus, brought on by shock, nervousness, strain and worry, is an incurable disease about which the medical profession knows little and she has it.

Since this worthy mother, who struggled against the ravages of this disease and while she devoted her time to her community's benefit, wants to make the trip to the hospital prescribed by her doctor, she is not in a position to travel simply because she does not have the funds.

In order to get to this hospital, she must have special transportation, a nurse to accompany her, medical care, bed clothes, toilet articles, medicines, and numerous needs brought on by the disease.

Mrs. Jobe is bedridden and cannot get up to help herself. So it falls upon the shoulders of her sympathetic friends. That is why the "Clara Jobe Fund" was founded with Mrs. Ruth Scott at the Sanford Atlantic National Bank as trustee.

Dulles Thinks Reds Might Loosen Reins

ROBERT J. THOMPSON

Two City Prisoners
Escape Yesterday
From Work Detail

City Police said today no lead had yet been turned up regarding the whereabouts of two escaped city prisoners.

The prisoners, Robert J. Thompson, 24, and Frank Clarow, 24, both Negroes, escaped from a work detail yesterday afternoon at 2nd and Myrtle.

Police said the detail, which was in charge of guard C. C. Bedenbaugh, was engaged in working on water and sewer lines for the new hospital.

The two men fled while Bedenbaugh's attention was elsewhere, police said.

Thompson was serving a sentence for being drunk and disorderly and Clarow was in jail on a charge of driving while intoxicated.

Firing Said Stopped In Formosa District, Tension Decreasing

WASHINGTON (AP)—Secretary of State Dulles said today Russia may now be willing to loosen the reins somewhat on its Eastern European satellites.

In a discussion of Big Four meeting prospects and decreasing world tensions, Dulles also told a news conference that shooting has stopped in the Formosa area and the situation there is less dangerous and hazardous than it was three months ago.

He spoke of the situation as one in which a cease-fire exists in effect without formal agreement.

Dulles linked his hopes of greater freedom for Eastern European Communist nations with last week's visit to Yugoslavia's independent status.

That Communist state broke with Russia in 1948.

Dulles said it seems to him that the attitude of the Soviet Union expressed in this action and in the recent signing of an Austrian treaty after eight years' delay may indicate a changing Soviet attitude toward all of Eastern Europe.

Dulles said the pressing the Soviets to loosen their hold on the Eastern European states, he would rely upon the Yalta agreement as well as others in which the Soviets promised those nations independence.

Senate Is Driving For Fast Showdown On Housing Plan

WASHINGTON (AP)—The Senate drove today for a fast showdown on a controversial multibillion-dollar housing bill.

Its main feature would authorize another four billion dollars of FHA mortgage insurance—enough to last a year at the present rate.

Its most disputed section, as approved by the Senate Banking Committee, calls for a vast democratic program of public housing. It would authorize construction of 135,000 units of low-rental dwelling space for the needy each year for four years—\$40,000 units in all.

The Eisenhower administration had asked only for 35,000 units a year for two years, and Sen. Capehart (R-Ind.) announced he will wage a fight to cut the bill back to that level.

Capehart predicted the decision will be close, perhaps by less than half a dozen votes, and he said he expects to win. The Senate agreed yesterday to debate limits on the bill likely to bring final action by nightfall. The House has not acted.

Strolling In Sanford

Here's one that Frank Noell passed on to the stroller: A Jeweler's assistant was being married. When it came time to present the bride with the ring, he hesitated. "With this ring," he prompted the minister. "With this ring," he prompted the minister. "With this ring," he prompted the minister.

The Hospital Auxiliary of the Seminole Memorial Hospital will meet tonight at 8 o'clock at the Yacht Club. Mrs. A. W. Epps Sr., president of the group, has requested that those interested in becoming charter members make plans to attend.

Dr. John W. Wilson returned last night from Gainesville where he attended the University of Florida Baccalaureate service. During the ceremony he was presented an award for 25 years service with the University's experiment station in Sanford.

General Motors Faces Possible Midnight Strike

DETROIT (AP)—The giant General Motors Corp. today faced a possible midnight strike as the UAW's General Motors Council planned to convene today to decide whether to okay a walkout tonight or set a future date to provide more time for bargaining.

John W. Livingston, UAW vice president and head of the union's GM Department, said he wanted a GM settlement better than that won at Ford.

"I don't see any reason why we can't do better than they did at Ford," he said. "General Motors certainly can afford it."

Egyptians Reject U. N.'s Proposal For Negotiations

CAIRO (AP)—Egypt has rejected a U. N. proposal that her top officials negotiate directly with Israel's to stop the continuing clashes along the Gaza Strip.

An Egyptian spokesman, Col. Salah Gohar, said last night his government prefers to continue negotiations through the U. N. Mixed Armistice Commission established by the 1948 armistice.

Israel is boycotting the Israeli-Egyptian commission, on which a U. N. representative has the tie-breaking chairman's vote.

From Jerusalem, Israeli Premier Moshe Sharett messaged U. N. Secretary General Dag Hammarskjöld that Egypt's rejection of the proposal is a rejection of government of officials "lays her open to a charge of bad faith."

Travel Permission Given To Professor

WASHINGTON (AP)—A 24-year effort by Prof. Otto Nathan of New York University to get permission to travel abroad ended successfully yesterday when the State Department, under order prodding, gave him a passport.

Dr. Nathan is executor of the late Albert Einstein's will, and he has said one reason he wants to go abroad now is to attend a scientific meeting in Switzerland next month to discuss publication of some Einstein manuscripts.

The U. S. Court of Appeals here ordered the State Department to give Nathan a hearing no later than today and, if it refused to grant him a passport, to specify its reasons.
