PALATKA — "We're No. 1 — We're No. 1." And that's exactly the way it was as Seminole Junior College stunned powerful Lake City Junior College last night in the Division II championship game 89-78.

It was standing room only, as Seminole JC rocketed away to Ft. Pierce and the state championship playoffs, as they zoomed by a shocked Lake City 5. At one point during the game the Sanford based quint led by a 21-point margin. It was Seminole's 6'3" forward Vernell Elizy

Elizy and Harper combined their efforts for 49 points, with Elizy leading both teams by pouring in 27 markers. Harper was right behind the former Crooms High grad with 22 points.

Seminole jumped right into the lead in the opening three seconds of the game, never to be headed, as Elizy won the opening tip with a direct shot to Harper, who gently laid the ball in for the first two points of the game. That's the way it went, as the Seminole express ended Lake City's domination over Division II with a convincing win. (Continued on Page 1B)

# Just 7<sup>c</sup> worth of electricity helps end washday drudgery.

That's about what it costs for the electricity to dry an average load of wash in a modern flameless electric dryer. You can dry your clothes day or night, rain or shine. Never a worry, because there is no flame in an electric dryer.

The average family served by FPL enjoys more modern conveniences than ever before...but the average price paid per kilowatt hour is one-third less than it was in 1957. There have been 11 rate reductions since 1957. That's why flameless electric is the biggest bargain in your budget!
