OUR NEW LAND

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the church. They are: (1) For his own sake; (2) For his children's sake; (3) For the sake of his community and nation; (4) For the sake of the church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Forty-three acres! How long we labored, hoping someday to add it to our modest farm.

Good bottom land... with a grive for the children to play in, a stream with an ol' swimmin' hole, and rich soil just begging for the plow.

Now it's ours! A great moment... full of promise... fraught with challenge.

Sort of like that moment a few years ago when Peg and I became members of the congregation. Before that the church had been simply a familiar scene

along the border of our lives. Suddenly it became **our** church.

And there was that deep sense of partnership with God... full of promise... fraught with challenge.

There is such an abundant harvest of blessing and happiness to be reaped in life... if a man yearns for the best, and claims it for his own, and is ready to put his hand to the plow.

Record \$6.25 Million School Budget Adopted

By Julian Stenstrom
The Seminole County Board of Public Instruction officially adopted a record budget of slightly more than \$6.25 million after a public hearing Friday afternoon and recommended that it be approved by the Board of County Commissioners.

The budget called for a 1.07 increase in millage from 8.25 to 9.32 and the only objection was raised by former Mayor Tom McDonald of Sanford who questions the millage hike when the Board of Public Instruction still was permitting courtesy rides on buses for students who reside within two miles of the schools they attend.

Administrative assistant Walter Teague said that the school board must pay teachers at schedules comparable to surrounding counties or it would not be able to hire additional teachers and retain those the board now has as one reason for the millage expansion. He also cited the 31 additional teachers the board has employed this year.

He pointed to the \$44,000 increase in the cost of the county's participation in the state's minimum Foundation Program, a \$60,000 driver range to permit four instructors to do the workload of 10, a \$45,000 increase in the cost of the system's industrial arts program, and \$140,000 in construction plus \$75,000 for the cost of entering the Education TV program as other reasons for the 1.07 millage advance.

The words "Manufactured in Sanford, Florida," will soon be spread across the world—seven million times a year. And you can't even buy that kind of advertising—not at the going rate, anyway.

The phrase will appear on the packages which will be shipped from the local plant of Chemical Corporation of America when equipment is installed in the Del-Mar Building. Harold Hartcock, vice president and comptroller, is presently supervising removal of the district office from Tallahassee. Next it's remodeling of the plant to meet the company's needs.

Sara L. Jacobson of Sanford is one of six Stetson University students serving in the Peace Corps, university officials have told The Clock. Sara is serving in Chile.

If you're one of those who received a notice of change of county assessed valuation of real estate, provided the change amounted to \$300 or more, it doesn't necessarily mean that there has been a change in the assessed valuation if you are a new owner of the property. Notices were sent to new owners. Some property owners received notices that indicated a lesser assessed valuation. Of course, a few we've talked to have been extremely pleased.

Along this line, property owners who wish to protest any changes in their assessed valuation may do so when the Board of County Commissioners sit as a Board of Equalization Aug. 3. Your complaints will be heard at that time.

Today 175 years ago the U. S. Government's Department of Foreign Affairs was established. Now, that agency is known as the State Department. Remember? Eleven years ago today the Korean War ended with the signing of an armistice.

The official 1964 Democratic caucus of the Florida House of Representatives will be held in Tampa, Oct. 1-3, according to word from House Speaker Mallory E. Horne. Also invited to the affair are members of the Florida Senate, the U. S. Congressional delegation from the state, gubernatorial nominee Haydon Burns, Gov. Farris Bryant, members of the Florida cabinet and the state's Supreme Court justices.

We checked out a report by a Clock Watcher that street lights on Magnolia Ave. have been burning all day. City Manager Pete Knowles says the power company operates the street lights and if they must work on the lines, they do it in the daytime. So don't worry about wasting electricity—it's on the power company.

U. S. Sending So. Viet Nam More Soldiers And Civilian Advisers

SAIGON, South Viet Nam (UPI) — The United States has promised to send more U. S. soldier and civilian advisers to South Viet Nam and to furnish more equipment for the war against the Communist guerrillas, the Vietnamese government announced tonight.

The announcement by Premier Maj. Gen. Nguyen Khanh said the undisclosed number of fresh American troops would be used as additional advisers in battlefield areas. They will reinforce the approximately 18,500 American servicemen already serving as advisers with Vietnamese fighting forces in this war-torn Southeast Asian nation. Khanh said additional civilian advisers also had been promised by the United States.

The South Vietnamese premier said there would also be an increase of U. S.-supplied transport planes, plus more technicians for maintenance and communications work. The prime minister's announcement was issued this morning after a conference with U. S. Ambassador Maxwell D. Taylor, former chairman of the U. S. Joint Chiefs of Staff.

A U. S. military spokesman reported earlier today that Vietnamese government troops have killed 56 Communist Viet Cong guerrillas in a major offensive in Phu Yen Province, 235 miles northwest of Saigon. One of the guerrillas was reported captured.

The battle, centering seven miles northeast of the provincial capital of Tuy Hoa, raged into its second day today. The U. S. spokesman said the 30 Communists were killed in "just one section" of the battle and indicated final casualty figures would be much larger.

The battle, centering seven miles northeast of the provincial capital of Tuy Hoa, raged into its second day today. The U. S. spokesman said the 30 Communists were killed in "just one section" of the battle and indicated final casualty figures would be much larger.

Area law enforcement officers are expected to take part in a conference next month to discuss provisions of the newly enacted Civil Rights Act and a review of the Fugitive Felon Act. The conference is planned in Orlando on Aug. 13 and is being arranged by the Federal Bureau of Investigation. J. F. Santolana Jr., special agent in charge of the Tampa office, said the conference is in line with a series being held throughout the nation. FBI Director J. Edgar Hoover stated that officials attending the conference will be provided with full information pertaining to the FBI's responsibilities under the Civil Rights act of 1964.

Courtesy Bus Rides Questioned By McDonald At Board Meeting

During Friday afternoon's public hearing on the Seminole County School Board's \$6.25-plus-million budget for 1964-65 former Sanford Mayor Tom McDonald questioned the continuation of courtesy rides to students who reside within two miles of the schools which they attend.

Wright said "This matter of courtesy rides has been a problem for some time and we're doing our level best to reduce them." But McDonald replied that in his opinion it was the parent's responsibility to see to it that their children get to school safely.

County Commission and the School Board to get traffic lights at certain points for the safety of school children but explained that the State Road Department would not approve them.

McDonald's question came when the increased number of students and crowded bus transportation problems were cited as some of the reasons for the millage increase of 1.07 to total of 9.32 mills for the coming year.

Wright did say, however, that "The problem of courtesy rides has nothing to do with the more valid reasons for hiking the school millage rate 1.07."

Wright did say, however, that "The problem of courtesy rides has nothing to do with the more valid reasons for hiking the school millage rate 1.07."

Speedy Action Urged For Junior College

The possibility of Seminole having its own junior college may very well depend upon early action on the part of local authorities and the county's legislative delegation.

Chairman Wright closed out the discussion by stating: "As long as I'm a member of this Board I cannot conscientiously refuse courtesy rides if the safety of any child may depend upon it."

Edgar Johnson, executive secretary of the Florida Waterways Association, is slated to speak to the Kiwanis Club Wednesday noon at the Civic Center, Program Chairman Bill Frassa said today.

At least that was the consensus of opinion expressed last Friday when the Board of Public Instruction heard State Senator Mack N. Cleveland Jr. declare that he did not know whether the reapportionment of the Legislature's two houses would result in this county even having its own representative or senator as such.

Johnson, who is a county commissioner of Alachua County and a practicing attorney is also chairman of the Water Resources Committee for the Florida Commissioners Association.

Johnson, who is a county commissioner of Alachua County and a practicing attorney is also chairman of the Water Resources Committee for the Florida Commissioners Association.

Commission Chairman James Avery, who with three other commissioners present, agreed that, "first of all, we are not abandoning the county home. We have plans for other utilization of the facility and I'm not sure we could convey the property to the school board even if we wanted to do it."

Witnessing the accident was Eric McFadden, also of the local naval station and who was standing at the intersection with Dixon.

Witnessing the accident was Eric McFadden, also of the local naval station and who was standing at the intersection with Dixon.

Cleveland and School Superintendent R. T. Milwee agreed that they thought a statute existed whereby one county agency could legally transfer title of property to another.

'AM I EVER GLAD to see you' could be the thought of Wave Bonita Jean Turner, ET1, seated, as Wave Judith Ann Hunter, TDAN, reported for duty at Reconnaissance Attack Squadron 3 at Sanford Naval Air Station. For the past 16 months Bonita has been the only Wave attached to RVAH-3, a squadron of several hundred men. They both agree odds are still pretty much one sided in favor of their male counterparts. Judith's husband is also attached to RVAH-3; Bonita's husband is serving in Guam. (Official U. S. Navy Photo)

Navy Man Hurt By Car While Crossing Street

A navy man was injured Sunday night when struck by a car as he was waiting to cross Park Avenue at 13th Street. The driver was charged with careless and negligent driving.

Motel Builder Eyes Waterfront Project

Sanford's proposed waterfront development plan has aroused the interest of at least one motel builder and developer, the agenda of the City Commissioners revealed today.

Attorney To Talk On Barge Canal

Edgar Johnson, executive secretary of the Florida Waterways Association, is slated to speak to the Kiwanis Club Wednesday noon at the Civic Center, Program Chairman Bill Frassa said today.

Whereabouts Of Man Sought

A Sanford resident, Mrs. Mae Thomas of 105 W. Jinks Circle has been attempting to get in touch with R. Alton Bradley, who she says, at one time was principal of a private Bible school, which encompassed high school and college grades.

Two Arrested In Three-Car Crash

Two persons were arrested following a three-car crash late Sunday night at Park Avenue and 20th Street, police reported today. Charged with failure to yield the right of way was Michael B. Smith of 1408 1/2 Bel Air Blvd. and Otis E. Lemons of 215 Flamingo Dr. was charged with improper passing. Also involved in the accident, according to the police report, was James P. Cullen of 870 E. 20th St. Details of the mishap were not available.

Rain Refreshes Citrus Trees

A slow, easy rain which proved "quite helpful" to local agricultural interests prevailed in the Sanford area over the weekend with more than an inch recorded by the agricultural agent's office.

NEWS... BRIEFS

10 Die In Crash

KINSTON, N. C. (UPI) — Ten persons were killed near here early Sunday when two automobiles, each carrying six persons, collided headon.

Thant Denies It

Approval will be asked of the Commission to rezone a portion of Lake Harney Acres to T-1 (trailer homes). The County's zoning board previously approved the application of Thomas Tuck and the recommendation goes to the Commission for final action.

A portion of Mobile Manor subdivision, located on SR 434 west of Blandford Springs, will be rezoned from A-1 (agriculture) to C-2 (heavy commercial) if an application of developer L. W. Simkin is approved by the Commissioners.

Bear Lake Troop 230 Celebrates Jamboree

By Maryann Miles
Bear Lake Boy Scouts held a Jamboree last Saturday evening at the Bear Lake Elementary School in conjunction with the nation-wide "Strengthen America's Heritage" program. The honor of lighting the campfire was awarded to Keith Rieckmann. The program was opened with a parade of flags including Queen Anne Flag; Texas Flag flown at the Alamo; Confederate Flag, Florida Battle and a Betty Ross Flag obtained at the recent campfire held in Casalsberry.

A skit, "Custer's Last Stand," written by Scoutmaster Bruce Nelson, was enacted and singing of a number of patriotic songs were led by Jerry Riddell, assistant scoutmaster.

Awards given to Cub Scouts who have passed all requirements to become Boy Scouts went to Charles Chapman, Anthony Smith and David Broadaway.

C. W. Clark closed the program with a reading on flags. Participating in the Jamboree were Norman Riddell, Jerry Riddell, Bob Chapman, John Chapman, Anthony Smith, Dennis Broadaway, David Broadaway, Greg Rieckmann, Roger Hunnell, Kevin Rieckmann, Bill Anderson, Billy Anderson, George Aldrich, Bobby Anderson, Charles Chapman, Gerald Aldrich H. Keith Rieckmann, Gerald Aldrich, W. L. Broadaway, Bruce Nelson, C. W. Clark and Bob Hunnell.

BOY SCOUT Troop 230 of Bear Lake is shown just after lighting their Jamboree campfire last Saturday evening along with scouts throughout the nation in observation of the "Strengthen America's Heritage" program. Parents and friends attending the ceremony turned on car lights and held flashlights to help Herald Reporter Maryann Miles get the photo.

Three Killed As Helicopter Crashes House

ROCHESTER, N.Y. (UPI) — A civil defense helicopter patrolling a Negro district at rooftop level crashed into a rooming house Sunday, killing the pilot and two occupants of the home.

Col Robert N. Abbott, Monroe County civil defense director, received third degree burns over half his body in the fiery crash and was hospitalized today as "very critical." The helicopter's co-pilot, a ranking police official, three firemen and two state troopers also were hurt.

The incident was the greatest single casualty-producing incident since the racial rioting began in this upstate New York city last Friday night and sent the overall death toll in the disorders to four. A white Civil Defense worker was killed Saturday night when he tumbled in front of an automobile after being clubbed on the head by a Negro rioter.

LUCKY OR NOT, kids! Here's 13 of the Seminole County School Board's fleet of 56 bright "orange monsters" now in "mothballs" in a parking area just to the rear of Sanford Junior High School. About four weeks (Aug. 31, to be exact) from now, the appearance of the buses will mark (to the disappointment of most kids and sighs of relief by mothers) the end of summer vacation. To those youngsters who miss the big transports, The Herald thought it would publish this picture. Naturally, it's a (Herald Photo).

Welome Wagon Club Makes Plans For Council Meeting

By Maryann Miles
The July meeting of the South Seminole Welcome Wagon Club was held last Thursday at Mid-Florida Country Club with a brief business meeting and afternoon of cards following the luncheon.

Mrs. LaPoma urged all members of the club to make every effort to attend the Council meeting since a cash award will be given the club with the largest representation in attendance. The award will be presented by Mrs. Marge Cann, originator of the Welcome Wagon Council. Reservations should be made by Aug. 1 and will be accepted no later than Sept. 1.

Transportation will be by chartered bus and special prices will be made. Mrs. Nora Norris, South Seminole Welcome Wagon hostess, announced that the Winter Park Club will sponsor a desert bridge benefit on Thursday. Guests introduced at the meeting were Mrs. Tillie Rhodes, Mrs. Clotilde Watkins, Mrs. Shirley Shogren, Mrs. Donna Fredrickson and Mrs. Teda L. Kleich who is here from Germany visiting her

aunt, Mrs. Matilda Kramer, in Casalsberry. The doorprize, a sweater guard, was won by Mrs. Kramer. Card prizes were, first prize, Mrs. Norris, a neck chain; second prize, Mrs. Kramer, butterfly pin for houseplant; first canasta, Mrs. Sue Gates, a neck chain and second canasta, Mrs. Jennie Fox, pair of alligator salt and pepper shakers. The next meeting will be held at the House of Beef in Maitland on Thursday, Aug. 2, beginning at 11:30 a. m.

Moose To Hold Open House

Sanford Lodge 1851, Loyal Order of Moose, will hold Open House for all members and future members at 8 p. m. Wednesday in the temporary lodge home in Lake Mary in lieu of the regular weekly meeting.

Guest speaker will be Walter Secret of the Ritual Degree Team from Orlando Lodge 706. Movies and slides pertaining to work and functions of the Moose will be shown and a refreshment hour will be held following the program.

The Open House meeting is being held in conjunction with a special class enrollment honoring National Ritual Director Harry Howard which is scheduled for 8 p. m. Aug. 20 at the Sanford Civic Center.

Any man interested in joining the lodge should contact the secretary, Howard Prier, or the governor, Edward J. Lacey.

Key Man

DALLAS (UPI) — The hotel where the Texas Association of Locksmiths held their convention this summer locked the door of their meeting room as a prank.

Never mind, said the first member to arrive. He was Joe Sulzar of San Antonio, an expert at picking locks. He had the door open within seconds.

Legal Notice

IN THE CIRCUIT COURT OF THE NINTH JUDICIAL CIRCUIT IN AND FOR SEMINOLE COUNTY, FLORIDA
IN CHANCERY NO. 1048
OILLAND FEDERAL SAVINGS AND LOAN ASSOCIATION, Plaintiff
vs.
FRANK L. SEAMAN and ELIZABETH PALMER SEAMAN, his wife, Defendants.

NOTICE OF SALE
TO: ELIZABETH PALMER SEAMAN, Jamaica, New York
YOU ARE HEREBY NOTIFIED that a suit has been brought against you, the nature of which is to foreclose a mortgage on the hereinbefore described real property.

The name of the Court in which the suit has been instituted is the Circuit Court, Ninth Judicial Circuit, in and for Seminole County, Florida. The title of the case is OILLAND FEDERAL SAVINGS AND LOAN ASSOCIATION, Plaintiff vs. FRANK L. SEAMAN and ELIZABETH PALMER SEAMAN, his wife, Defendants, being Chancery Number 1048.

The description of the real property involved, located in Seminole County, Florida, is as follows:
Lots 1, 2 and 28, in Block 21, of SANLANDO, THE BISHOP BEAUFIELD, Altamonte Section, according to plat thereof recorded in Plat Book 2, page 67, of the Public Records of Seminole County, Florida.

You are hereby notified further that you are required to file your answer to the Complaint hereinbefore filed in said mortgage foreclosure proceedings with the clerk of the circuit Court, Seminole County, Florida, at the County Court House, three (3) days after the date of the filing of this notice, to-wit: August 1, 1964, at 10:00 A. M. or sooner thereafter as possible, at a meeting to be held in the County Commission Meeting Room in the Courthouse at Sanford, Florida. The right is reserved to waive any irregularities or technicalities in bids and to reject any or all bids.

Legal Notice

NOTICE OF PROPOSED EXCHANGE OF REAL PROPERTY BETWEEN SEMINOLE COUNTY, FLORIDA, AND M. H. STRICKLAND AND MINNIE MCK. STRICKLAND, HIS WIFE. NOTICE IS HEREBY GIVEN that the Board of County Commissioners of Seminole County, Florida, will consider the adoption of a Resolution at the regular meeting of said Board on Tuesday, August 11, 1964, relative to the exchanging of the following described real property owned by Seminole County and situated in Seminole County, Florida, more particularly described as follows, to-wit:

East 12 1/2 feet of Lot 1 to 4, Block 1, Palm Terrace, Plat Book 1, Pages 42 & 43, public records of Seminole County, Florida.

To M. H. Strickland and Minnie McK. Strickland, his wife, in consideration of M. H. Strickland and Minnie McK. Strickland, his wife, conveying the following described real property owned by said M. H. Strickland and Minnie McK. Strickland, his wife, and situated in Seminole County, Florida, to Seminole County, Florida, a political subdivision, said property more particularly described as follows, to-wit:

South 18 1/2 feet of Lot 31 and all of Lot 32, Block 1, and the West 42 1/2 feet of Lots 1, 2, and 3 and the West 42 1/2 feet of the North 21 1/2 feet of Lot 4, Block 2, Palm Terrace, Plat Book 1, Pages 42 & 43, public records of Seminole County, Florida.

If the Board of County Commissioners of Seminole County, Florida, determines that it would be in the best interest of Seminole County, Florida, and that said property to be conveyed by Seminole County to M. H. Strickland and Minnie McK. Strickland, his wife, will be an equal exchange of property.

Brotherhood To Meet

The monthly supper meeting of the Brotherhood of First Baptist Church of Sanford will be held at 7 p. m. today with Dr. W. G. Stracore, editor of the Florida Baptist Witness, as special guest and speaker for the evening.

The Associational Brotherhood will meet Tuesday at Stetson Baptist Church in Deland. Emphasis will be upon work of the Royal Ambassadors and all men and boys are invited to attend. Rev. Fred B. Chance of the Sanford church will be the speaker. Supper will be served at 6:30 p. m. prior to the meeting.

Modern farm equipment is equipped with safety shields and guards to protect the operator. But they can't do the job if left in the tool shed. Always replace them after servicing.

OAS Sanctions Seen As 'Body Blow' To Hemisphere Reds

WASHINGTON (UPI) — A high U.S. official said today condemnation and punishment of Fidel Castro's Cuban regime by the 20-nation Organization of American States (OAS) delivered a forceful "body blow" to Communism in the Western Hemisphere.

"We think economically, politically, psychologically and every other way that this puts the continent on record," said Thomas C. Mann, assistant secretary of state for inter-American affairs.

Mann stressed the psychological importance of the decision by the OAS foreign ministers Sunday to condemn the Castro regime for aggression against Venezuela and to apply diplomatic and economic sanctions against Cuba.

The OAS also warned Cas-

tro that future acts of aggression against any OAS member could bring him face-to-face with the combined military strength of Latin America and the United States.

The ministers made their decision by a 15-4 vote and signed the resolution on the 11th anniversary of Castro's 26th of July revolutionary movement.

Mann told newsmen the

sanctions and the warning would serve notice not only to the world but to the Cuban people themselves that Castro's Communist regime was unacceptable to the hemisphere and doomed to eventual failure.

"This is a body blow to Communist subversion in the hemisphere," said Mann, who is President Johnson's personal adviser on Latin America.

Secretary of State Dean Rusk, in a television interview Sunday (issues and

Answers-ABC) said the OAS action proved that "Castro has no future in Cuba or this hemisphere."

"We believe the Cuban people will welcome this action as demonstrating that the regime which has now fastened itself upon them is not compatible with the hemisphere and must be resisted," Rusk continued.

"We expect now a consolidated hemisphere in resist-

Hydrogen Tamed For New Rockets

WASHINGTON, D. C. — Twenty-seven years after the hydrogen-filled dirigible Hindenburg exploded and burned, the National Aeronautics and Space Administration is taming the tricky gas for use in its latest rockets.

Keeping hydrogen in its supercooled, liquid state is the major problem. The liquid temperature is 423 degrees below zero or approximately eight times colder than the North Pole in the dead of winter.

At that temperature other gases, used with hydrogen to propel rockets, would make the hydrogen boil if proper insulation were not used. This would cause bursting of fuel tanks, rapid escape of the gas and very possibly an explosion.

A mixture of hydrogen and oxygen will provide about 35 percent more power per pound than conventional kerosene-type rocket fuels. Thus the ability to place relatively more weight in space with the same size rocket.

NASA is well on the way to proving the excellence of hydrogen with the already launched Centaur II and Saturn I second stage liquid hydrogen-liquid oxygen J-2 engine. Both firings were successful.

In the future, liquid hydrogen will be used in nuclear rockets when they are ready for flying.

'Dixie Demos' Wooed On Poverty Vote

WASHINGTON (UPI) — House leaders were reported busy over the weekend trying to get enough Democratic votes lined up to pass President Johnson's war on poverty bill before Aug. 7 without any Republican help.

In the past, the administration forces have relied on GOP votes to balance Southern Democratic defections on votes on major bills. But this time the effort is to get enough Southerners to vote for the high-priority Johnson program.

Strategy of the House leadership so far is to swing between 60 and 65 Southerners over to the administration camp in support of the \$962.5 million passage. The plan has included assignment of Rep. Phil Landrum, D-Ga., as floor manager and a soft line on Senate debate over states rights amendments.

House leaders appeared eager to accept much of the \$47.5 million bill passed by

the Senate last week in order to avoid a battle over a compromise version.

Other congressional news:
Autos: The House Ways and Means Committee head representatives of the auto industry testify on the 10 per cent excise tax on new cars. Spokesmen for the industry criticized the tax as putting an unfair burden on consumers for the purchase of a necessity item.

Giving Service Important

Have you ever thought of what would happen if garbage weren't collected?

Or if the drug stores weren't kept open on Sunday or in the evenings?

Or if an occasional filling station didn't stay open all night? Or proprietors of delicatessens weren't willing to never go home? Or if buses didn't run at all hours of the night?

These are humble services performed by inconspicuous people. Very seldom is a bus driver or a filling station operator nominated for the presidency of the United States or named ambassador to Great Britain.

But the men who clean the streets and the women who clean the buildings while we sleep are just as vital a cog in the machinery of daily living as almost anyone else. Let them fail to show up and see who's missed most, they or the boss!

The point is that the person who does his job as well as he possibly can, is willing and, above all, dependable—this person is important. Important to himself, to his family and to society.

Whoever finds contentment in his work, and is needed, is a success. And don't forget it the next time some other pasture looks greener.

Forthright Doubletalk

Through the miracle of modern communication, candidates for office can now sit in front of a television camera or a microphone and state their views and policies clearly, bluntly and explicitly to millions of voters throughout the nation.

Let us tune in to a popular network program as a quartet of top newsmen question a candidate who is avowedly eager to take his case directly to the people, no holds barred.

Q Sir, you are quoted in the current issue of a national news magazine as saying, and I quote: "Anyone who votes for my opponent ought to have his head examined." Did you say that? And if you did, do you regard it as worthy of the dignity of the high office you are seeking?

A. First, of all, my good friend, let me make it crystal clear that I yield to no one in my high regard for the dignity of the important office I am confident I will hold when the intelligent people of this great nation go to the polls and vote according to their conscience and their judgment in the great tradition of the freedom-loving people of this sovereign country. It is this freedom, sir, that I am unshakably pledged to perpetuate, and I shall give myself without stint or . . .

Q. But my question was, did you actually say that anyone who votes

for your opponent ought to have his head examined? Please answer it, if you will.

A. I am glad to answer it. I am never reluctant to meet any question or any issue squarely and fairly. In this case, as you no doubt surmised, I was quoted out of context. My recollection is that the full purport of my remark was that even a man who might be mistaken but sincere judgment vote for my opponent still deserves the inalienable right of an American citizen to have his head examined—as well as any other part of his body which might conceivably be in need of medical attention—and to have it examined without one penny of cost to him as a citizen and taxpayer of this great nation. I can assure you and all Americans that . . .

There is no reason for any voter to be uninformed or unenlightened these days when the candidates can talk directly to the people and really lay it on the line.

Thought For Today

Jesus said to him, Have you believed because you have seen me? Blessed are those who have not seen and yet believe.—John 20:29.

It is magnificent to grow old, if one keeps young.—Harry Emerson Fosdick.

Dr. Crane's

Worry Clinic

Here's a 9-set tragedy that may underlie our virile Republic from within. It poses a dire problem for both the Democratic and Republican parties so debate this case carefully and see what solution you can offer.

SCENE I
CASE T-431: Bart N., aged 28, has 5 children.

"Dr. Crane," he began, "I work a day shift and then drive a taxi here at Ft. Wayne in the evening.

"For I must 'moonlight' in order to pay all expenses, plus doctor bills, for my big family.

"But what grieves me is the fact that our welfare cases will call us cabbies to drive them down to the central food depot where they load up with free groceries.

"Then they take a taxi home with their free grub

which we hard working taxpayers furnish them.

"And they generally flash \$20 bills to pay their cab fare.

"Where do they get all those \$20 bills for us taxi drivers to cash?"

SCENE II
In Chicago last year, our welfare cases were limited to free groceries but not cash allowances for a couple of months.

They griped and yelled at lack of free cash from the tax-payers!

Finally, when cash allowances were restored to them, they immediately deluged our Cook County hospital with drunks, including scores of drunken women.

For they used the "free" money awarded them out of hard working taxpayers' levies, to "liquor up" at taverns.

And many of the women coming to our county hospital for delivery of babies have born from 5 to 10 children—maybe all out of wedlock. So they get \$500 to \$600 monthly ADA (Aid to Dependent Children).

"I can't afford to get married," one buxom unwed mother giggled as my son David delivered her 10th child last year, "cause then I'd lose my monthly check." (She'd had children by 8 men!)

Remember, many of these are subnormals, often on the backs of us taxpayers for three full generations already! And when will it stop?

For they start breeding like guinea pigs at the age of 12 or 14, without benefit of any marriage ceremony!

SCENE III
July 1st a young Los Angeles medical graduate stopped at our home en route to his internship in New York.

He told me of a case within his personal observation of a mother with three illegitimate daughters, all grown and now breeding like guinea pigs at taxpayers' expense.

"They have so many illegitimate children," this young doctor told me, "that they draw over \$1,000 per month welfare allotment.

"Yet they never were used to anything but black eyed peas, hominy grits and flour gravy until they hit Los Angeles.

"So the taxpayers are actually maintaining a 'red light' house of prostitution. Those women revel in their new luxury!"

TAXES AND TAXES
Suppose your pet dog were covered with a dozen fat wood ticks, all swollen with the dog's blood.

Would it be fair for those wood ticks to "vote" an increase in their canine free "welfare" blood allotment? They are parasites!

Our Founding Fathers thus felt that all those who are supported by the government—charity cases as well as job holders—should not be allowed to vote.

That's why the residents of the District of Columbia were disfranchised till about four years ago. Should we do likewise for welfare cases?

ONE MAN'S MEAT, ANOTHER MAN'S POISON

Phil Newsom Says . . .

Adenauer On Carpet

UPI Foreign News Analyst

An angered West German Chancellor Ludwig Erhard stepped off a train in Bonn one day last week and promptly ordered his old boss, Konrad Adenauer, into session for a dressing down.

The reason — that while Erhard was off in Denmark on a mission promoting unity among his Common Market partners, back in Bonn Adenauer was stirring up a party revolt at the behest of his old friend Charles de Gaulle whose ideas on European unity are far different from Erhard's own.

The differences between the two were those which also separate Franco from its other partners within the European Common Market and France and the United States on such matters of international concern as disarmament, the nuclear test-

ban agreement, recognition of Communist China, and NATO.

In back of Adenauer's action was his disappointment and dissatisfaction at the way Erhard has been conducting West Germany's part in the 1963 Treaty of Cooperation with De Gaulle's France.

When the treaty was concluded in Paris in January, 1963, Adenauer emotionally referred to it as the crowning achievement of his career.

De Gaulle just had vetoed British membership in the Common Market and refused a share in the United States' nuclear-tipped Polaris missile.

But to Adenauer this seemed a small price to pay for the end of centuries of Franco-German enmity.

The treaty provided that France and Germany would "consult each other before taking any decision on all ma-

for questions of foreign policy" and in the eyes of the two leaders was to pave the way for a Paris-Bonn axis which other members of the Common Market could join or not as they saw fit.

Results have fallen far short of original intentions.

In Bonn earlier this month Erhard refused to go along with a De Gaulle proposal which Erhard believed would mean Franco-German dictation to the small countries of Europe.

Erhard and his foreign minister, Gerhard Schroeder, still are holding out for a genuine united status of Europe which ultimately would submerge a high degree of national sovereignty within the larger body. In this they are supported by other Common Market nations, Italy, The Netherlands, Belgium and Luxembourg.

Erhard said privately he thinks a good many GOP businessmen who will go on talking the case for Johnson right up to voting time will go into the booth Nov. 3 and vote for Goldwater.

Even a few eastern politicians are not as horrified as has been suggested at the prospect of trying to sell Goldwater to their constituency.

Nevertheless, there is a very real chance of major moderate defections to Johnson. The impetus would come mostly from fear that in foreign affairs Goldwater is poorly grounded and might act rashly.

Moderates also think the senator oversimplifies domestic problems.

In the latter field, the ra-

Political Notebook

WASHINGTON — (NEA)—The nation may not get the clear conservative-liberal choice in November which Sen. Barry Goldwater, the GOP presidential nominee, says he wants it to have.

Two things muddy the choice badly: Goldwater's continuing tendency to alarm rather than reassure those in and near his own party who disagree with him, and the explosive civil rights issue.

Republican politicians fear that great streams of moderate to liberal GOP voters — not to mention Independents — will take a walk over to President Johnson's side.

The President obviously is going to tailor his campaign appeals in hope of pulling these people toward him. To the extent he does, he may become something of a Democratic "me-too" candidate.

It is much too early to tell how far all this might go. A number of Republican leaders sampled in San Francisco in the convention aftermath said that resurgent partisan loyalties may in the end keep many troubled Republicans from drifting to Johnson's fold.

One leader said privately he thinks a good many GOP businessmen who will go on talking the case for Johnson right up to voting time will go into the booth Nov. 3 and vote for Goldwater.

Even a few eastern politicians are not as horrified as has been suggested at the prospect of trying to sell Goldwater to their constituency.

Nevertheless, there is a very real chance of major moderate defections to Johnson. The impetus would come mostly from fear that in foreign affairs Goldwater is poorly grounded and might act rashly.

Moderates also think the senator oversimplifies domestic problems.

In the latter field, the ra-

cial struggle could further cloud the "clear choice" Goldwater so ardently wishes to offer. This will be especially true if the hot summer of 1964 is lashed to hotter fury by militant Negro demonstrations, picketing, sit-ins, etc.

The Irish, Italian, Polish and Eastern European Catholics who provided the "white backlash" anti-Negro protest vote in 1963 elections and some 1964 primaries normally vote heavily Democratic on economic grounds.

How much snap will the backlash have this fall? This plainly is the most important single factor in the election.

With the Korean war a hot item in 1952, the national priorities broke sharply to Gen. Dwight Eisenhower — showing they will shove economic aside if a short-run issue is big enough.

One top California moderate who worked desperately to beat Goldwater in the June 2 primary now says backlash will elect the senator. Ohio National Committeeman Ray Bliss, soon to undertake the first of his tectonic surveys of the election outlook, suggests it may be difficult to gauge the backlash effect.

Says Bliss: "They'll give nine other reasons why they're for Goldwater, rather than acknowledge that the Negro situation may be the real one."

"They'll give nine other reasons why they're for Goldwater, rather than acknowledge that the Negro situation may be the real one."

The Declaration of Independence was not signed on the Fourth of July. The day on which the final separation of the 13 colonies from Great Britain was officially voted was July 2, 1776. The last signer, Thomas McKean, of Delaware, did not affix his signature until 1777.

Nothing equals civil rights in emotional charge. It is the issue which seems to offer Goldwater most hope of victory, not alone in the South—where leaders say they are already cranking up for Barry—but in the West and in the cities and suburbs of the industrial Northeast and Midwest.

It is like the Catholic issue in the Kennedy-Nixon race of 1960. The candidate can disavow prejudice and order his people not to use it, as Richard Nixon disavowed it in 1960. But it can work for him, anyway, as it surely did for Nixon four years ago.

If it works for Goldwater in 1964 and draws Democrats to him he would not otherwise get, he might get elected—but not through the clear conservative-liberal choice he sought the nomination to provide.

The Declaration of Independence was not signed on the Fourth of July. The day on which the final separation of the 13 colonies from Great Britain was officially voted was July 2, 1776. The last signer, Thomas McKean, of Delaware, did not affix his signature until 1777.

Dick West's The Lighter Side

WASHINGTON (UPI) —

The fun of coming back from a vacation is catching up on what has been happening while you were away.

I spent my recent vacation in such a remote spot that a lot of important news failed to reach me. For instance, I just now learned that while I was gone the Agriculture Department found a way to bypass the diapause of a cabbageworm.

On the chance that there might be other Americans who have been out of the mainstream and may also have missed this development, I shall now attempt to bring us all up to date.

The Agricultural Research Service, whose curiosity knows no bounds, wanted to see what would happen if it exposed a cabbageworm to repeated flashes of light.

Each night, while the cabbageworm was still in the caterpillar stage, department scientists turned on a photoflash. Lo and behold, something did happen.

The photoflashes apparently upset the cabbageworm's normal life cycle.

At a time when the cabbageworm would normally have entered diapause, which is a dormant stage similar to hibernation, it emerged from its cocoon as a full blown adult butterfly.

"This new photoflash technique may have potential value as a biological control method against insects," the department says. " . . . Insects in their natural environment were forced to bypass diapause and develop into adults ahead of schedule, the insects would probably get so out of step with nature that they would perish."

If photoflashes can change the life cycle of cabbageworms, I am wondering if something similar might happen to politicians.

This is an election year, you know, and our politicians will be exposed to a tremendous amount of photoflashes during the next couple of months.

Under their normal life cycle, many politicians would enter diapause after Nov. 3 and would remain dormant until the next campaign. But if photoflashes causes them to get out of step with nature, they might emerge from their cocoons ahead of schedule.

The nation would have no

respite from office-seekers; next year would be just like 1964.

There is little likelihood that any politicians would perish, however. They are generally more durable than cabbageworms. Some of them have been out of step with nature for years.

Angered By Sanctions, Castro Hurls Threats

SANTIAGO, Cuba (UPI)—Premier Fidel Castro, reacting angrily to Organization of American States (OAS) sanctions against Cuba, said Sunday night he would provide "all available resources"

to pro-Communist revolutionaries throughout the hemisphere.

Castro, addressing a crowd estimated at around 500,000 on the 11th anniversary of the start of his revolutionary movement here, also threatened to "shoot back" at U. S. Marines at the Guantanamo Naval Base if they fire on Cuban sentries.

Cheers and shouts boomed from the crowd, which had waited in a sun-baked open

field most of the day to hear the bearded premier.

Thousands upon thousands of peasants and industrial workers had been brought to this eastern Cuba city by government truck and bus. Thousands of others streamed down from the Sierra Maestra, the mountains where Castro won his guerrilla war for control of Cuba.

In a fiery, three and one-half hour speech, Castro covered these main points:

—He denounced Sen Harry Goldwater as "the worst possible president" for the United States.

—He told Cubans that the current shortages would continue for at least four or five years more.

—He said the Cuban revolution would last "a few centuries" despite the efforts of "Yankee imperialism" to bring it down.

—He praised French President Charles de Gaulle for his

"valiant declaration of independence" against the United States in his news conference last week.

—He accused the United States and certain Latin American nations of helping anti-Castro forces and demanded that such help stop.

Castro wound up his speech with a "declaration of Santiago," his bitter reaction to the OAS sanctions.

The OAS voted early Sunday to take trade and diplo-

matic sanctions against Cuba and to strengthen hemisphere defenses against Cuban revolutionaries. It acted on the complaint of Venezuela, which charged Cuba with smuggling arms to pro-Castro terrorists last year.

Castro warned the OAS nations not to intervene further in what he called Cuba's "internal affairs." The inter-American group lacks the "right and morality" to condemn Cuba, he said.

DOGS AND CATS. all colors and all kinds, were brought to the annual pet show sponsored Tuesday morning by the Oviedo Recreation Department. Cats shown, bottom, were brought by, front from left, Billy Smith and Rusty McBride; back, Linda Olliff, Lisa Wolcott, Susan Clonts, Pat Buckelew and Martha Williams.

Heat Factors Of Hypersonic Speed Studied

HAMPTON, Va. — Hypersonic pertains to speeds at five times sonic velocity or higher. A major problem in this speed region is to keep the environmental heat from vaporizing the fuel, particularly if liquid hydrogen is used.

In a summary of test information, NASA reported that at seven times the velocity of sound the hottest area is the lower lip of the air inlets, which reach 2,500 degrees F. The nose cap reaches 2,300 degrees F, with the thermometer climbing to 1,700 degrees F on the leading edge of the ventral fins, and 1,600 degrees F. on the forward section of the wing.

Fields Opens P. O. Branch

A Post-Office sub-station has been opened at the new J. M. Fields store on U. S. 17-92 in Winter Park, according to an announcement today by company officials.

The postal facility is located just inside the store adjacent to the front entrance next to the Food Fair Super Market. The station is open from 10 a.m. until 6 p.m., Mondays through Saturdays. A gift wrap service will be opened adjacent to the post-office unit in the very near future.

Altamonte Couple Home From 10,850 Mile Trip To West

Mr. and Mrs. Milton Tinsley have just returned to their Orienta Gardens home in Altamonte Springs after a 10,850 mile trip through the west during which they traveled in 23 states.

Leaving Seattle, they made their way through Yellowstone Park, staying one night at the Branding Iron Lodge at Laramie, Wyo., then on to Denver, Colo. and Colorado Springs to the top of Pikes Peak in the Garden of the Gods.

Taking the southern route through Alabama, Mississippi, Louisiana, Texas, New Mexico and Arizona, they arrived at the home of their son-in-law and daughter, Mr. and Mrs. George Bassily in Riverside, Calif., on May 9.

From there they drove through Kansas, Missouri and Illinois to Fort Wayne, Ind., to see her sister, Mrs. C. G. Venderley. Enroute to Staunton, Va., they stopped overnight at the home of his brother-in-law and sister, Mr. and Mrs. A. N. Cobb.

The Bassilys have two daughters, Karen and Gail. They moved to California last September where he is sales engineer for Hunter Engineering Company.

This was the first trip west for the Tinsleys and they still are marveling at the wonders of the world they have seen. However, they say they are "very happy to be back in Florida."

While in Riverside, the Tinsleys visited Disneyland, Mission Inn on top of Mt. Rubidoux where the first Easter Sunrise Services were held and the Mission of Capistrano at Long Beach. They spent one day driving through the Desert of the Joshua Tree, seeing many beautiful flowers and trees, returning by way of Palm Springs.

On Memorial Day they drove to Canoga Park, Calif., to visit Mrs. Tinsley's cousin and his family, Mr. and Mrs. E. Lee Mumford, for several days. While there the Munnfords drove them to Los Angeles and Hollywood where they saw the fabulous homes of many movie actors.

The following week they visited Grand Canyon, the Petrified Forest, the Painted Desert and Hoover Dam, returning to Riverside by way of Las Vegas.

After a two-week rest, they started on the homeward journey traveling the northern route on which they first stop was Sequoia National Park, then Kings Canyon and Yosemite Park. From there they came through Carson City, Nev., and by Lake Tahoe, seeing olive trees, apricot trees, date palms and plum trees.

Upon arrival at their next stop, Crater Lake, Ore., they were somewhat disappointed to see snow falling fast. However, they did get a glimpse of the lake and the mountains were like a winter wonderland.

In Portland, Ore., they visited another of Mrs. Tinsley's cousins, Mr. and Mrs. Albert Deering and son and at their next stop in Seattle, Wash., they stopped at the home of her aunt, Mrs. Edwin Walker.

About Sports

Thinking Out Loud

By Julian Stenstrom

The rains which swept through Seminole County Saturday and Sunday probably caused more people in this area to watch major league baseball on television than any weekend of the current diamond season.

Mowing grass when it's raining, or even when the lawn is still wet, isn't exactly the most pleasant of chores—even if you can afford the luxury of a riding mower.

For the want of something better to do, most people relaxed and watched the flickering tube and the ball games — if you could call them that.

The more we watch major league baseball the more disappointed we are in the fact that the national pastime has become more or less a parade of pitchers and other players who consider themselves prima donnas.

Really, we'd like to see some of baseball's managers adopt the slogan — "We'd rather fight than switch."

We saw several "batting" on TV this weekend and the most interesting thing to catch our fancy was the 14-second argument between St. Louis Manager Johnny Keane and National League Umpire Shag Crawford on a disputed play at first base during the Cardinals-Philadelphia contest Sunday afternoon.

Had it not been for that we'd consider the entire weekend wasted.

What in the world has become of baseball? Where's the spirit it used to possess? Where's the competition it once thrived upon? Where's the idea of being a part of the team?

These fellows today walk up to the plate and we'll bet a pretty penny they're thinking not of getting that bird on second across the plate half as much as they're considering the percentages and averages that'll be tabulated in the press the next day.

They're competing with mathematics and its relation to next season's contract. That may not be true, but it's the impression they leave with the public.

As we watched the fiasco-or game — between the Yankees and the Tigers Sunday afternoon, and before a crowd of 50,000, we compared the same situation — from a spectator standpoint — with that of a football game between the New York Giants and the Detroit Lions.

We came to the conclusion that the average fan in the stadium or watching at home would have gotten more thrilling entertainment from one quarter of a pro football game than they did from the entire first game of Sunday's twin-bill opener plus Saturday's tilt between the Yanks and the Tigers.

We'll have to agree with those who claim that baseball is no longer the nation's pastime. We must agree with those who say it's now professional football. We guess we've fought it as long as we could and we're now resigned to the truth.

One example — we'll give you—if you need one. Early in the Yankee-Tiger contest, when not too many runs separated the two clubs, Mickey Mantle grounded to the Detroit first baseman. Mantle didn't move from the plate.

Oh, yes, we know Mantle has a bad leg. But it's a sad day for baseball when a player—Mantle or no Mantle—makes no effort even to limp down the line with all he's got!

But you might say, "Mantle was saving himself for the team."

Post 53 In Tourney Opener At Fort Pierce Tonight

Winner Will Go To State Meet At Palm Beach

FORT PIERCE—The Central Area American Legion's Junior baseball tournament will open here tonight with four of the section's district champions attempting to win the big prize—a trip next week to the state American Legion tournament to be played in West Palm Beach.

Post 40 of Fort Pierce will host the tourney and will play in the second game of tonight's twin bill which will raise the curtain on the double elimination affair which could run into Friday before the title is decided.

The contests, to be played at JayCee Field, will see Post 53 of Sanford, the Sixth District champions, competing with Post 24 of Bradenton and Post 5 of Tampa.

The Bradenton nine is the area's defending champion. At 1 p. m. today the clubs will gather for the drawings which will get the tournament schedule under way at 6 p. m. Following tonight's twin bill, another double header will be played Tuesday night and single games are slated for Wednesday, Thursday and possibly Friday.

Single games will be played with 7:30 p. m. established as the starting time. Bradenton and Fort Pierce both participated in the area tournament last year in Plant City. Bradenton is also the 1962 state champion.

Manager Frank Thomas of Sanford announced that he was not sure which of his five starting hurlers would get the big assignment in tonight's opener. "It'll depend upon which club we'll draw in the opener."

But Thomas added, "They're all going to be tough." Thomas has Rick Sires, Jim Coulter, Dennis Smith, Dave Golder and Marvin Sheffield from which to call a starter.

Accidents in farm homes killed 2,700 persons in 1959 says the National Safety Council.

crowds that once hung from the rafters of Connie Mack Stadium just to see Lefty Grove pitch?

Remember the days when the stands went wild as Pepper Martin went into third on his belly? Or when Babe Ruth pointed to the center-field wall at Wrigley Field?

Whether you liked him or not, Leo Durocher had more color in his little finger than all of today's prima donnas put together. Yet, we'll admit that baseball players are better today than ever before. But there's something missing.

CHULUOTA'S Little League team this year is made up of, front from left, Don Parks, Bimbo Jackson, Terry Green, David Sharron, Ray Stiver and Larry Perrin; back, Bill Parks, Jay Bunch, Ricky Reipe, Dale Sharron, Dennis Pressley, Bill Warden and Bradley Bunch. Charlie Miller is coach and Jim Parks is manager. Captain is Terry Green and Co-Captain is Bill Parks.

Cardinals Decide To Remain In St. Louis

ST. LOUIS (UPI) — The St. Louis football Cardinals settled down in the same hometown today hoping they didn't lose friends during weeks of speculation and negotiation over whether to move to Atlanta.

"The football Cardinals will remain in St. Louis," owners of the National Football League club announced Sunday night, ending last minute hopes in Atlanta that the club would play ball in the Georgia city's \$18 million stadium in 1965.

There had been predictions and second-guessing until the last that the Cardinal owners would either remain in St. Louis or pack up at the end of the 1964 season for Atlanta where one newspaper had reported an "official confirmation of transfer . . . to Atlanta . . . within the next two days."

Cardinal owners Charles and Bill Bidwell negotiated on Sunday before the final decision to stay was made.

As late as Saturday, Bill Bidwell had described as "false" quotes attributed to him and his brother which said that the Bidwells had decided on St. Louis.

"It was incorrect to say that the decision was made at that time," Bidwell said.

In a statement directed to Atlanta, the brothers said "at the same time, we are appreciative of the kind treatment and patience shown by the people of Atlanta, and our decision does not at all lessen our opinion that Atlanta has great potential as a pro football site."

The new downtown Mississippi riverfront stadium won't be ready at least until 1966, and the Cardinals will continue to play the next two seasons in old Busch Stadium.

Bears Stunned At Loss Of Gallimore And Farrington

RENSSELAER, Ind. (UPI) — The world football champion Chicago Bears were "shocked and grieved" today by the death in an automobile accident of star halfback Willie Gallimore and husky split end John Farrington.

The two gridiron players died when their car overturned on a lonely country road Sunday night about 2 1/2 miles from the Bear training camp.

The tragedy was the second this year to occur to a Chicago sports team. Kenny Hubbs, standout second baseman of the Chicago Cubs, was killed during the winter when his private plane crashed near Provo, Utah.

The death of Gallimore, 29, and Farrington, 28, stunned

U. S. Surprises World In Track Win Over Russia

By Joe St. Amant
United Press International
LOS ANGELES (UPI) — United States track and field athletes are sitting on top of the world today—they gave Russia an awful drubbing in the sixth annual meet between the two nations on the weekend.

For the first time the Americans won on the combined point score for both men's and women's events.

The combined score was: United States 187, Russia 156. U. S. Coach Sam Bell of Oregon State College scoffed at a suggestion that the American athletes might be "overtrained" in view of the long time before the October Olympic games in Tokyo.

"I don't buy this thing that you reach a peak and then fall off. I think you can go ahead and stay ahead," he said.

In the men's division, the United States had 139 points against 97 for Russia.

The Russian women won by 50-48. But the 48 was the most points the American ladies have ever scored and their showing put the U. S. team on top.

The American men were expected to win—but not by the margin they did.

DATE SET
CINCINNATI (UPI) — National League President Warren Giles announced today that the league's mid-summer meeting will be held in Chicago on Aug. 10.

Farm accidents killed 8,700 in 1962 - one every hour.

Leesburg Beats Sanford LL Nine

While observers do not agree on the cause, the fact remains that the Sanford Nationals, southern District Four titleholders, came up with their worst exhibition of defense on Friday night when they allowed Leesburg to cash in on no less than five errors and take a 5 to 4 decision and eliminate the locals who had high hopes of moving on to Jacksonville Beach and this year taking the state championship.

It appeared for the first three innings that the Nationals were on the way.

They scored in the very first frame when David Lee walked and later scored when Leesburg miscued on a ground ball hit by Skip Senkarik — the Sanford moundsman.

Sanford added another in the second stanza when Al Grooms tripped to right and crossed the plate on a ground ball smacked by Russ Gordie.

Sanford wound up its scoring with a pair of runs in the third. Senkarik hit for the circuit for one of them and Bill Schmidt doubled and scored from third on a passed ball.

Leesburg was down 0-2 going into the third. They pushed over their first marker in that inning on two costly Sanford miscues, added another run in the fourth, and exploded for three runs in the fifth on three consecutive hits plus two more costly Sanford errors.

Mike Napier chalked up the mound victory for Leesburg while Senkarik took the loss for Sanford. Napier fanned an even dozen Sanford batsmen while Senkarik whiffed 10.

Score by innings:
Leesburg 001 130-5 4 4
Sanford 112 000-4 5 5
WP—Napier, LP—Senkarik, HR—Senkarik (Sanford), JB —Grooms (Sanford).

Venturi Wins Wins Vol 500

BRISTOL, Tenn. (UPI) — Stock car driver Fred Lorenzen won the Volunteer 500 race here Sunday with an average speed of 78.004 miles per hour for a new track record.

Leave the pet goldfish at home when you go fishing in Florida. The Game and Fresh Water Fish Commission prohibits the possession of any goldfish or carp while fishing.

Schedule Error May Result In Pigskin Classic

—A scheduling mistake may result in one of the greatest football classics in the history of the Southeastern Conference, according to a Birmingham newspaper.

The Birmingham News said a football double-header, pitting Auburn against Tennessee and Alabama against Louisiana State, is set for Nov. 9, 1968, at Legion Field here.

Although there was no official announcement sports editor Benny Marshall Sunday said all four schools had agreed to the afternoon-evening schedule after the mistake was discovered.

"Arrangements have been made, the decks all cleared for an occasion both historic and spectacular," wrote Marshall.

Southern League Sunday's Results

Charlotte 0-6, Knoxville 1-1
Birmingham 2, Columbia 1
Lynchburg 7, Macon 6
Chattanooga 4-4, Asheville 2-3

Evolution

Revolution

The world-famous army 'Jeep' vehicle started it all. Then came the evolutionary changes. Sensible changes. Like more ground clearance. Stronger suspension. Weather proof tops. Fun changes. Like pink and white striped upholstery. Fringed sunroofs. Lively colors. A sports roadster. A station wagon — rugged, durable, designed for work and play.

Turn the ignition key. You've got an overhead cam engine purring for you. The only one in any American production car. Try that steering. Power. The brakes. Power again. The transmission. It's automatic. Feel that ride. Pure luxury.

"DRIVEPOWER" is Wagoneer station wagon's new, improved and exclusive 4-wheel drive system.

Tennis Tourney Set For DeLand
DELAND — The first annual DeLand Rotary Club Tennis Tournament, sanctioned by the U.S. Lawn Tennis Association and the Florida LTA, will be held Aug. 7-9 at Stetson University.

RUMOR DENIED
MIAMI (UPI) — Heavyweight boxing champion Cassius Clay denied rumors Wednesday night that he was married and said when he makes the plunge, "the whole world is going to know it."

Yankees, Angels, Chisox And Red Sox Win AL Twin Bills

By George C. Langford
UPI Sports Writer
There's a ridiculous masquerade party going on in Chicago. Al Lopes has his sluggers disguised as pitchers. Actually the White Sox pitched a six-hitter for the 3-1 lead in the second inning with a three-run homer and later added two singles. The White Sox won the nightcap 3-0 to creep within one game of the Yankees who took over first place from the Orioles. John Bushardt measured Cleveland 6-1 and 4-1.

The White Sox won the nightcap 3-0 to creep within one game of the Yankees who took over first place from the Orioles. John Bushardt measured Cleveland 6-1 and 4-1.

EVERYTHING needed for enjoying your cruise should be stowed aboard before takeoff—even the kids.

7—Equipment

By Mill McCormick
Newspaper Enterprise Assn.
Certain things—such as fire extinguishers, life preservers, running lights, etc.—are required on a boat by law. Certain other equipment—boat hooks, anchors and the like—are essentials. But there are extras you can take aboard that will enable the small boatman to luxuriate afloat like a Greek shipping magnate on his ocean-going yacht. Next to fuel for the motor, ice is probably the most useful thing you can have aboard on a hot summer day. There are all sorts of gadgets for keeping ice on a small boat, even the mechanism that manufactures it, so no one has an excuse for running short of this precious commodity. Cooler jugs will keep gallons of liquids cold and refreshing for long periods, especially if they are partially filled with ice cubes before taking off. Inflatable floats are useful not only for reclining on the water, they make excellent mattresses if you want to stretch out and give in to inertia. A boarding ladder is very convenient if you plan to swim or skin dive from your boat. Always take a long plenty of towels. Proper shoes, with soles that grip but do not mar the deck, are almost must equipment on any boat. The sun glares harder on water than it does anywhere else, so sunglasses are a necessity. It is best to be prepared to be a bit cooler than you think you will be, by taking along windbreakers and a few warm clothes, even on hot days. A portable radio or television is fine for whiling away those lazy hours when you are tied up or anchored, just luxuriating like the millionaire with the ocean-going yacht.

Fay Tops Shook
CHICAGO — Barbara Fay White of Shreveport, La., beat Patti Shook 4 and 3 to win the fifth women's Western Amateur golf tournament.

Cops Pentathlon
WESTBROOK, Maine — Bill Toomey, former Stanford University star amassed 3,687 points to win the national AAU pentathlon championship.

Miss Sally Kay Ivey, Ronald Lindsey Exchange Vows Of Holy Matrimony

Miss Sally Kay Ivey, daughter of Mr. and Mrs. John Dempsey Ivey Sr., became the bride of Ronald Dean Lindsey, son of Dr. and Mrs. Edwin Leon Lindsey, Saturday, July 25.

The candlelight, double ring ceremony, performed at 7:30 p.m. in the First Presbyterian Church by the Rev. Grover C. Sewell Jr., was identical to the one used for the wedding of the bride's maternal grandparents and also her parents. Palms, candelabra and baskets of white mums and daisies were placed on either side of the chancel with tall tapers burning in each of the church windows.

As the guests assembled, Mrs. George Touby organist played selections of bridal music. Miss Fatty Glenn Johnson sang "Because," "The Greatest of These Is Love," and "Wedding Prayer." The bride, given in marriage by her father, was radiant in a gown of pure silk organza. The fitted bodice featured a scooped neckline edged in Chantilly lace and was embroidered on the front with seed pearls. The short sleeves terminated just above the elbows and she wore wrist-length white kid gloves. The voluminous skirt was designed with appliques and sprays of Chantilly lace accented with seed pearls. The waist, chapel length train was attached to the gown with a small tailored bow above the back waistline. Her veil of imported illusion was elbow length and fell from a pillbox headpiece, designed and made by her mother, covered with silk organza over taffeta and trimmed with Chantilly lace appliques and seed pearls. The lovely bride carried a cascade of white feathered carnations, white shasta daisies and miniature lily.

Mrs. Thomas Bowden attended the bride as matron of honor and Miss Marilyn McDaniel was maid of honor. Miss Carol Bowen, Lakeland; Mrs. John Dinkins, Hendersonville, N. C., and Mrs. Wayne McLeroy, Cocoa Beach, were bridesmaids. They wore matching formal gowns of mist green peau de soie and silk organza. The bodices were fashioned with scooped necklines and short sleeves of white silk organza embroidered with mist green leaves. The full overskirts were attached to the waistline with unpressed pleats and finished with small tailored bows at

the back. They wore short white gloves and carried colonial nosegays of white carnations and green shasta daisies with green and white satin shower ribbon. The honor attendants carried similar nosegays of white carnations, green shasta daisies and miniature lily.

Dalynn Kay Scott, namesake and Godchild of the bride, was flower girl. She wore a dress matching the attendants and carried a white basket with a spiral arrangement of green daisies and white shower ribbon on the handle.

Raymond Lundquist was best man for the bridegroom and the ushers were John Dempsey Ivey Jr., brother of the bride, John Smith, Duke Schirard, all of Sanford, Lawrence Lynch and David McKnight of Orlando, and Gary Whitaker of Ft. Pierce. Eddie Clark Waldheim Jr. was ring bearer and carried the rings on the white satin pillow used in the wedding of the bride's parents.

Mrs. Ivey, mother of the bride, chose for her daughter's wedding an elegant celadon green sheath. The bodice was fashioned of lace with a silk organza skirt over taffeta featuring a flowing side drape of organza. Her shoes and hat were in matching green and she wore a corsage of green Dendromium orchids at the waistline.

The bridegroom's mother chose a stunning sheath in pale pink silk organza over taffeta with a pleated drape at the back waistline. She wore matching accessories and a white Cattleya orchid.

Immediately following the ceremony the parents of the bride entertained with a reception at the Mayfair Inn. The lobby was decorated with arrangements of gladioli, summer flowers and palms

banked at the flowing fountain beneath the stairs. In the spacious hall room the receiving line formed in front of the entrance to the garden with a fountain and soft lights in the background. The bride's table was covered with a white cutwork cloth and was centered with a large five-branched silver candelabra with lighted candles and an epergne with white mums and daisies tastefully arranged. Identical tiered wedding cakes were placed on either end of the table with assorted mints and toasted nuts served from silver compotes.

Small round tables, covered with exquisite cloths featuring hand cutwork detail, were placed asymmetrically to the bride's table and held the large antique silver punch bowls of sparkling fruit punch floating ice molds of pastel blossoms. The bride attendants' flowers adorned these tables.

At one end of the room the bride's book was kept on an elegant table before a profusion of palms with the anniversary candle and a resplendent floral arrangement in an antique silver bowl. Balancing this arrangement at the opposite end of the room was another round table, covered with a matching cloth, with a silver punch bowl and bridal nosegay. A tall spiral floor candelabra with nine candles lighted the table.

The bride's book was kept by the Misses Rose Kratzer, Anne Crapps, Bonnie Glewe and Nita Ellenback of Winter Park. Serving during the hours of the reception were the Misses.

G. Algernon Speer, Dale Scott, Clarence L. Powell, Earl Higginbotham, John Crawford, W. A. Adams, Roy Mann, Thomas F. McDaniel, Andrew Carraway, Rupert Strickland, William A. Kratzer, Price Heard and Edwin A. Shinholser.

Also the Misses Russell Pearson, Albert Jarrell, Sidney Ives III, John Galloway, Harry S. Woodruff, Arthur McCallum, Roy Holler, Wallace Bell, Lloyd F. Boyle, Leroy Anderson, Jack Morrison, Russell Wilson, Robert O'Neil, Raymond Lundquist, Roy Williams, Richard Gleason and James Crapps.

Also Miss Cecile Heard, Mrs. William G. Fleming, Tavares; Mrs. E. C. Waldheim, Maitland, and Mrs. William Park, Orlando. Floating hostesses were the Misses Helen Mann, Myra Meeks, Sally Spencer, Linda Spencer, Debby Sewell, Cindy Wilson, Cindy Morrison, Martha Jay Morrison, Pam Pigott, Duane Whiten, Margaret Jarrell and Nancy Johnson, Mayport.

Among the out of town guests were Mr. and Mrs. Lafayette E. Broome, Alexandria, Va.; Dr. and Mrs. Neil G. Powell, Mr. and Mrs. G. W. Lynch, Mr. and Mrs. Ronald Hood, Mr. and Mrs. M. A. Smith, Mr. and Mrs. George Bradshaw, Mr. and Mrs. C. A. Johnson and Mr. and Mrs. Kelsey Cash, all of Orlando; Mrs. E. M. Lindsey and Mr. and Mrs. John Henry Scroggins, Morrilton, Ark.

Also Mr. and Mrs. Howard Gwin, Little Rock, Ark.; Bernice Drilling and Mr. and Mrs. Jack Drilling and family, Haines City; Mrs. Carey Gregory, Atlanta, Ga.; Mrs. Joe Siler, Mrs. Pauline White, Mrs. Frank Watson, Mr. and Mrs. Richard White and Mr. and Mrs. Charles Carroll, all from Macon, Ga.

Also Mrs. Barlow Parker-son, Eastman, Ga.; Mrs. Russell F. Grider, Louisville, Ky.; Mr. and Mrs. William G. Fleming, Tavares; Mr. and Mrs. E. C. Waldheim, Maitland; Mrs. William Hill, Montgomery, Ala.; Mr. and Mrs. Floyd Ellenback and John E. Wood, Winter Park; Mr. and Mrs. Clyde Terwilliger, Starke; Mr. and Mrs. Floyd Bowen, Lakeland; Captain and Mrs. Silas R. Johnson, Mayport, and Mr. Dale Scott who flew in from Key West, Iceland to attend the wedding.

For traveling, Mrs. Lindsey chose a smart white embroidered ceylet suit with a flower hat trimmed with an avocado green band and leaves. She pinned her mother's green orchid corsage at the shoulder of her suit.

After a wedding trip the couple will make their home in Matheson Manor, Keystone Heights.

MRS. RONALD DEAN LINDSEY

Keep Your House Sparkling And Yourself Pretty Also

What does housework have to do with your personal appearance? Your approach to it can mean the difference between a sprightly, neatly turned out gal and a down-at-the-mouth, frumpish woman. Take the case of Betsy Beglinger, Betsy was a bride and a new homemaker. To impress Joe B. she ran herself ragged scrubbing and polishing and cleaning their new home. (It's possible!) The result: the house was sparkling, but she was not.

Betsy B. wore herself out

Kathleen Owens And Mr. Barnard Exchange Vows

By Mrs. Frank White
Mrs. Kathleen Owens and Grady Barnard were united in matrimony Saturday, July 18, at the Papineau home in Dellary, with Constable Oscar Papineau officiating at the ceremony.

Attendants for the couple were Mrs. Owens son and Mrs. Dorothy Papineau.

The bride was attired in a powder blue print dress with a nose veil attached to a tailored blue bow, and her accessories were white.

because she was disorganized and spent more time than necessary going from the living room to the kitchen, garage or basement for her cleaning supplies. She approached other household duties in the same helter-skelter way.

And as will happen, she dressed sloppily, put off shampooing and setting her hair, fixing her nails. Generally, her grooming quotient was at an all-time low, and all because she truly was too tired to care.

If you feel you may be slipping into Betsy B.'s ratty shoes, cut out wasted steps that take up your energy and time. You might start by rounding up a cleaning accessory kit.

Select two wicker baskets, one with flat bottom with a double handle and the other with compartments but with a strong, high arched single handle. Among these divide such essential items as liquid or paste furniture wax, scouring powder, mirror and window cleaner, chrome cloth to cover over the broom when dusting ceiling or window frame tops. Keep the housecleaning kit in a centrally located closet.

Some women cannot wear household gloves to protect their hands while polishing and dusting. If you are one, use the old trick of running your fingernails over a bar of soap. This prevents grime build-up under the nails. Smooth on a lotion or hand cream before you start work for a protective film to keep dirt from working into your fingers.

The A. L. Hoods Visit Colorful Jungle Gardens

Mr. and Mrs. A. L. Hood of Myrtle Avenue enjoyed a visit to Sarasota Jungle Gardens while vacationing on Florida's Lower West Coast. Here the visitors mingle with flamingos and other rare and unusual wild fowl from every continent, which roam freely in these world-famous Gardens.

Also of interest in Sarasota Jungle Gardens are thousands of tropical plants, many of which are beautifully colored, huge Royal Palms bordering dense jungle trails, and brilliantly colored macaws and cockatoos which pose with visitors for pictures.

Household Helpers

Summer sailing enthusiasts can soothe rope burns with a thin coat of petroleum jelly on the hands at the end of the day.

Don't oversock clothes. Over-soaking can cause them to gray. Experts recommend a soaking of not more than 15 minutes in water containing the recommended amount of detergent.

THE MAYFAIR HOME of Dr. and Mrs. Charles Persons was the site of a colorful luau when their daughters, Miss Tina Persons and Miss

Julie Persons entertained Miss Judy Rusk and Miss Laurie Rusk, their house guests from Newport, R. I. (Herald Photo)

The Misses Julie And Tina Persons Entertain Guests At Colorful Luau

Misses Julie and Tina Persons, daughters of Dr. and Mrs. Charles Persons, were recent co-hostesses to a colorful luau at their lovely Scott Avenue home in May-

fair. Guests of honor were Misses Judy and Laurie Rusk of Newport, R. I., who are visiting the Persons. The party rooms symbolized

genuine authenticity of the traditional Hawaiian luau in the decor. Lighted tiki torches and oriental lamps created a festive atmosphere with a low table featuring

brilliant hibiscus and tropical foliage arrangements. Baskets of assorted fruits cleverly assembled adorned the elaborate table. The guests were delighted with the delectable tropical fare, consisting of shish kabobs, salads, Hawaiian punch and orange delight. Highlighting the evening was all the guests participating in a hula contest with Michelle Warner awarded the prize for being the best hula dancer. The guests were all attired in colorful Hawaiian prints, and the hostesses presented them with leis.

Attending the evening of gaiety were the Misses Ellen Sloan, Elizabeth Sweeney, Denise Jarrell, Julie Williams, Doris Bach and Pam Hunt. Also the Misses Melinda Nelson, Kay Forsguon, Cherrie Rosemond, Jane Mero, Daphne de Gahni and Nancy Rusk.

Training Union Enjoys Program By Dr. Wing

Dr. Kenneth M. Wing, local physician, and Mrs. Lorraine L. Graham, program administrator, Seminole County Unit of the Central Florida Tuberculosis and Respiratory Disease Association, presented a program on "The Effects of Smoking on Health" at a joint assembly meeting for Juniors, Intermediates, Young People, and Adults, members of the First Baptist Church, Training Union. The meeting was held in the Fellowship Hall at the First Baptist Church, Sunday, 6:30 P.M. Dr. Wing and Mrs. Graham were introduced by S. O. Dorminey, Training Union Director.

Dr. Wing gave an interesting and informative talk and showed slides on "Smoking and Health." The slides and tape recording were made by C. Frank Tate, M. D., Associate Professor of Medicine, University of Miami School of Medicine, Miami, Florida.

After the showing of the slides, a question and answer period was conducted by Dr. Wing.

Personals

J. C. Blackwelder of Sanford recently attended the 15th annual Alderman family reunion at Gold Head Branch State Park where about 80 persons were in attendance.

The Child Welfare League of America reports that 82 per cent of day-care arrangements for children of working mothers consists of informal arrangements between a mother and another individual—neighbor, relative, or paid sitter.

DeBary Personals

By Mrs. Frank White
Mr. and Mrs. Ed Weary have as their guests, their son in law, Captain William Hamilton and sons Michael, and Scotty, Capt. Hamilton is on the faculty of Southern Illinois University, Mrs. Hamilton and son Mark flew here Saturday from San Antonio, where Mark had undergone surgery.

Mr. John F. Connolly of Volusia Dr. is up and around again following a serious operation, which kept him confined for quite a long period.

Mr. Arthur Power of Naranja Rd. is improving nicely following surgery, and soon will be able to return to his home.

Mr. and Mrs. Henry Arthur of Hibiscus Dr. have bought the former Padgett home on Enterprise Rd. They expect to move into their new home in a few weeks.

Horoscope Forecast

TUESDAY, JULY 23, 1964

GENERAL TENDENCIES: You now are able to see the best means by which you can reduce the over-all aims and ambitions that are important to you to a truly workable basis and still hold the idealism that prompted these goals. But it will mean you also have to exercise your charm and show your appreciation to helpers.

ARIES (March 21 to April 19) You have to work more in harmony with others if you want to achieve as much as you have planned. Seek out those who truly understand you for best results. Schedule time.

TAURUS (April 20 to May 20) It is important to perform certain duties before you get rid of certain worries. You are up to them—just pitch in! Be more systematic in your hobbies tonight.

GEMINI (May 21 to June 21) You can convince close ties now, but you must not deviate from plans formulated. Be specific, so that ideas are understood. Do not speak too fast or too loud.

MOON CHILDREN (June 22 to July 21) Put those clever ideas into operation that will minimize your duties, lessen your burdens. Be willing to go more than half way to do your share in deals with others.

LEO (July 22 to August 21) There are many avenues of expression awaiting in outside world that may help you to have real abundance. Others respond to your magnetic quality.

VIRGO (August 22 to September 22) Getting particular interests perfected requires you contact right persons and state aims specifically. Vital doors will open. Improve health, social and financial position.

LIBRA (September 23 to October 22) Getting abode beautified and then inviting charming people in gives new impetus to your life. Be warm, friendly, cooperative. Treat others want to be with you.

SCORPIO (October 23 to November 21) Any personal aims can be realized quite readily now, but you have to give others advance notice. Seek out experienced ones. They gladly give assistance.

SAGITTARIUS (November 22 to December 21) Others may not come through with promises during day, so be prepared. Await a more opportune day. Fine evening to reconcile with kin. Avoid extravagance.

CAPRICORN (December 22 to January 20) Put aside monetary worries and plan on deepening worthwhile friendships. Personal aims may seem distant during AM, but they materialize tonight.

AQUARIUS (January 21 to February 18) Backing persons whose ideas you admire is better than following at the heels of a rich person. An idea can mean a fortune. Get in on the ground floor.

PISCES (February 19 to March 20) Act circumspectly "a outside world or big-wigs may inform male. Don't be selfish. Others want to accomplish much and a spirit of cooperation is best.

IF YOUR CHILD IS BORN TODAY, there is every possibility that your highly inspired and forceful youngster will early start trying to drive others to do his or her will because of the tremendous ambition in this nature. Teach early that others cannot really be driven, but must be led gently for best results in life. Teach to do as much as possible alone. Real go-getter here!

"The Stars impel, they do not compel." What you make of your life is largely up to YOU!

Carroll Righter's Individual Forecast for your sign for August is now ready. For your copy send your birthdate and \$1.00 to Carroll Righter Forecast, The Sanford Herald, Box 1221, Hollywood, 28, Calif.

Wild hogs are defined as hogs that are actually living in the wild and cannot be legally claimed as domestic hogs in private ownership. Wild hogs are not considered game animals until they have been so designated by the Game and Fresh Water Fish Commission.

According to the Florida Alcoholic Rehabilitation Program, three of every 100 persons in the U.S. today, suffer from the illness alcoholism.

Legal Notice

NOTICE OF SUIT
STATE OF FLORIDA
MIRIE O. WILLIAMS, if alive, and her unknown spouse if married, and if dead her heirs, devisees, grantees, assignees, legatees, creditors, trustees, or any other persons claiming by, through, under or against Mirie O. Williams; and any and all persons having or claiming to have any right, title or interest in and to the following described land, lying and being in Seminole County, Florida, to-wit: Lot 1, Block "C", Tract 31 of SANLANDO SPRING, according to the thereof recorded in Plat Book 8, page 48 of the Public Records of Seminole County, Florida.

And, each of you, are hereby notified that a suit has been brought against you in the Circuit Court, in and for Seminole County, Florida, in chancery, entitled as A. DE-PIERRE and SHIRLEY L. DE-PIERRE, his wife, plaintiffs, vs. MIRIE O. WILLIAMS, et al. defendants, and you, and each of you, are required to file your answer to the Plaintiff's Complaint with the Clerk of said Court, and serve upon Plaintiff or Plaintiff's attorney, THOMAS A. SPEER, whose address is P. O. Box 1194, Sanford, Florida, a copy of said answer, on or before August 15, 1964, and if you fail to do so, a decree pro confesso will be entered against you, and each of you, for the relief demanded in said Complaint.

The nature of this suit is to quiet the title to the above described land in plaintiff, A. DE-PIERRE and SHIRLEY L. DE-PIERRE, his wife.

WITNESSE my hand and the seal of said Court, at Sanford, Seminole County, Florida, this 9th day of July, A. D. 1964. (SEAL)
Arthur H. Beckwith, Jr., Clerk of said Court

McQuarrie Is Camp For 4-H Learning And Fun

Teenagers from eight central Florida counties — 130 strong — combined learning and recreation early this week at 4-H Camp McQuarrie in the Ocala National Forest near Astor Park.

It was the annual teenage camp for 80 girls, 50 boys from Seminole, Orange, Brevard, Lake, Marion, Citrus, Sumter and Hernando Counties. The 4-H'ers were accompanied by assistant county and home demonstration agents.

The three-day encampment was packed full of activities for the group — but it wasn't all fun and games. Sandwiched between organized recreation, swimming and leisure time were three hours of classes each day. Instruction centered around exploring possible careers, keeping records of projects, and food science.

One of the newest subjects for campers was food science. Using six basic experiments, 4-H'ers got a quick look at the effects of liquids in food preservation, the effects of salt solutions on vegetables, and how various baking powders affect foods. These and other food experiments gave the teenagers a background of what makes good nutrition.

Two cookouts were held — boys and girls learned to fry one in the morning when the bacon and eggs on large tin

cans, and an evening barbecue. The youngsters provided their own entertainment in the

Nature hikes, for the more

hardy, were held at 5 a.m. The youngsters provided their own entertainment in the

form of skits, square dancing, and social dancing — sans TV.

Lessons in citizenship, morning flag-raising ceremonies and evening vespers rounded out the busy program that closed Thursday noon.

As with all 4-H camps, the campers themselves were responsible for keeping the cabins and grounds clean, serving the food, and "pulling K. P." duty.

Teenage camps involving several counties are part of the regular camping schedule for 4-H boys and girls between the ages of 10 and 18. Over 6,000 Florida boys and girls attend for one week each summer at one of the five 4-H camps operated by the Florida Agricultural Extension Service.

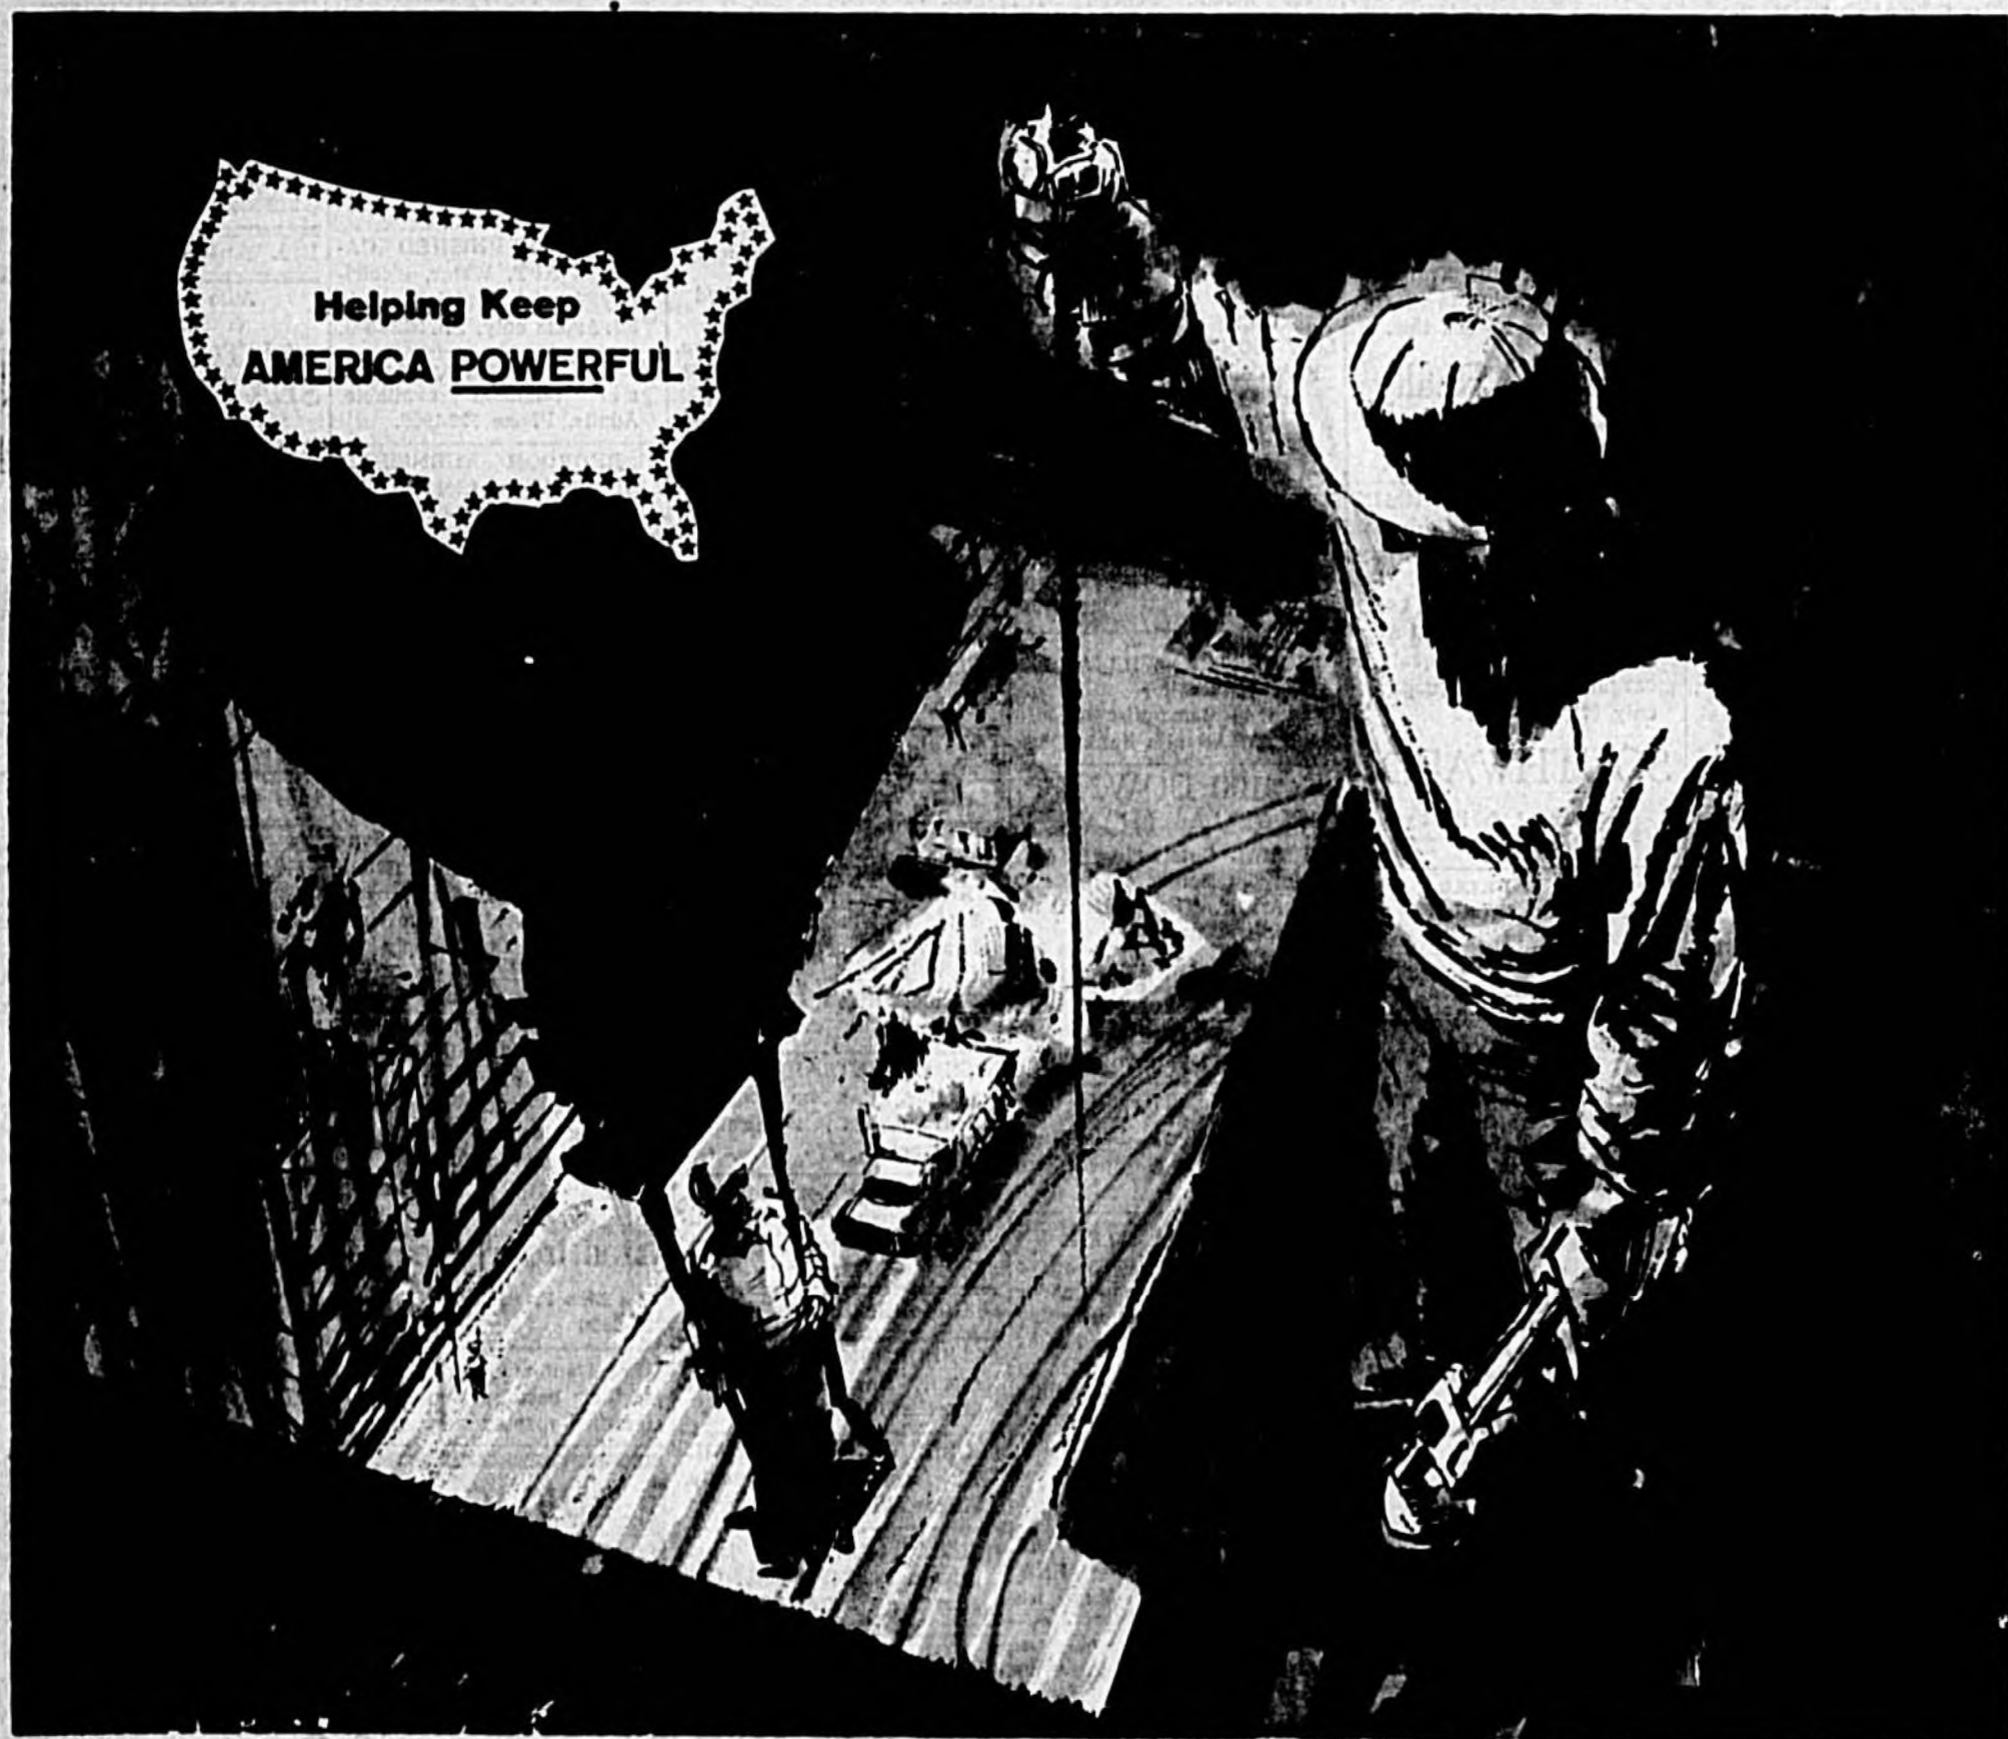

Other 4-H camps are Cloverleaf at Lake Placid, Timpooshee near Niceville, Cherry Lake near Madison, and Doe Lake in the Ocala National Forest.

THE TWIST, BIRD and monkey, favorite dances among the teenage set were the top attraction of the evening at 4-H Camp McQuarrie for 130 4-H'ers from Marion, Orange, Brevard, Citrus, Sumter, Hernando, Seminole and Lake Counties. Shown dancing are David Ray, Orlando; Kathleen Mendenhall, Sanford, in front; Donna Hogan, Sanford and Allen West Orlando, in back.

STUDYING THE CHEMICAL properties of food was emphasized at 4-H Club Camp McQuarrie where teenagers from eight counties gathered for a week of classes and fun. Shown here diagnosing the effect of liquids and preservation are Seminole County 4-H'ers (from left to right) Eleanor Hein, Carmen Adriatico, Sandy Mikler, and Pat Coney. Royce Williams, assistant county agent supervises.

Our Construction Industry...free to make our dreams come true!

The builders of Florida and America constitute a powerful, creative force in our progress toward a better and more comfortable way of life — at home, work or play. In Florida alone new construction exceeds \$1 Billion a year. Construction ranks among the top industries in the State and Nation, both in terms of persons employed and dollar value added; and that is as it should be in a growing, free enterprise economy!

Florida Power & Light Company is proud to salute the construction industry — contractors and sub-contractors alike — whose competency and proven performance have done so much to demonstrate the value of free enterprise to the achievement of our free society. It is such initiative, such freedom which we must unceasingly preserve and defend — if we are to keep America powerful!

Florida Power and Light Company, too, is constantly building to keep abreast of our growing need for power. FPL's past achievements, as an investor-owned, tax-paying member of the world's greatest power system, have been possible only because our nation is free from the oppression of socialist dictatorships. We hope, through even more outstanding performance, to encourage the trend in America today which proposes more freedom for private enterprise, so that industry may serve our Country even more efficiently.

City Throws Cold Water On Motel Proposal

Engineer's Report Sparks Argument

Seminole County * * * * on the St. Johns River * * * * "The Nile of America"

The Sanford Herald

St. Johns Policy Set

By Julian Stenstrom
 Associate Editor

Seminole County's Board of Commissioners today agreed to formulate and adopt a resolution calling for a study of flood control and water conservation in the area surrounding the headwaters of the St. Johns River.

A delegation of residents headed by Selig Holmes, chairman of the Lake Harney Water Association, and supported by State Sen. Mack N. Cleveland Jr. and Seminole Chamber of Commerce Manager John Krider, explained that recently the low level of St. Johns River caused waters to flow south instead of north, that at the present time the table is almost at sea level, and that it is about time something was done to conserve the flow of the river's water to prevent the intrusion of salt.

Krider told the Commission that the weight of water actually holds down the salt and that ways and means must be found to conserve fresh water in the area instead of allowing it to flow northward.

"Two cities on the east coast," said Krider, "are pumping 25 million gallons of water a day from the river."

Sen. Cleveland complimented the Lake Harney residents on establishing their own water association but explained that for some 25 years these people have been paying taxes to the Central and South Florida Water Control District and "absolutely nothing has been done toward flood control or water conservation in this area. I'm surprised they've been as patient as they have through this period."

Cleveland said it appears the state cannot do anything and that the federal government is the only agency which can provide relief.

The resolution which will call for action to solve this problem will be directed to Congressman Syd Helongs, the flood control district and the

Dr. John E. Johns of Stetson University chided college graduates in general Monday during his talk at the Rotary Club's Civic Center luncheon. Urging a sharp increase in support of colleges and universities, he noted: "You left school saying you wouldn't give it a dime. That's one vow you kept."

Dr. Johns was pointing to the rough road ahead for private institutions of higher learning. His picture was not a rosy one.

The Vacation Church School is under way at First Presbyterian Church and will continue through Aug. 7. Hours are from 8:30 to 11:30 and children 4 to 11 are invited. In charge is Mrs. Robert Jackson.

Vacationers return to Sanford and frequently bring to our attention the odd names of cities, towns and other areas they encounter on their trip. Virginia Petrok of the local Welcome Wagon circles calls our attention to "Broken Pavement," and "Steven's Fork" — both in West Virginia.

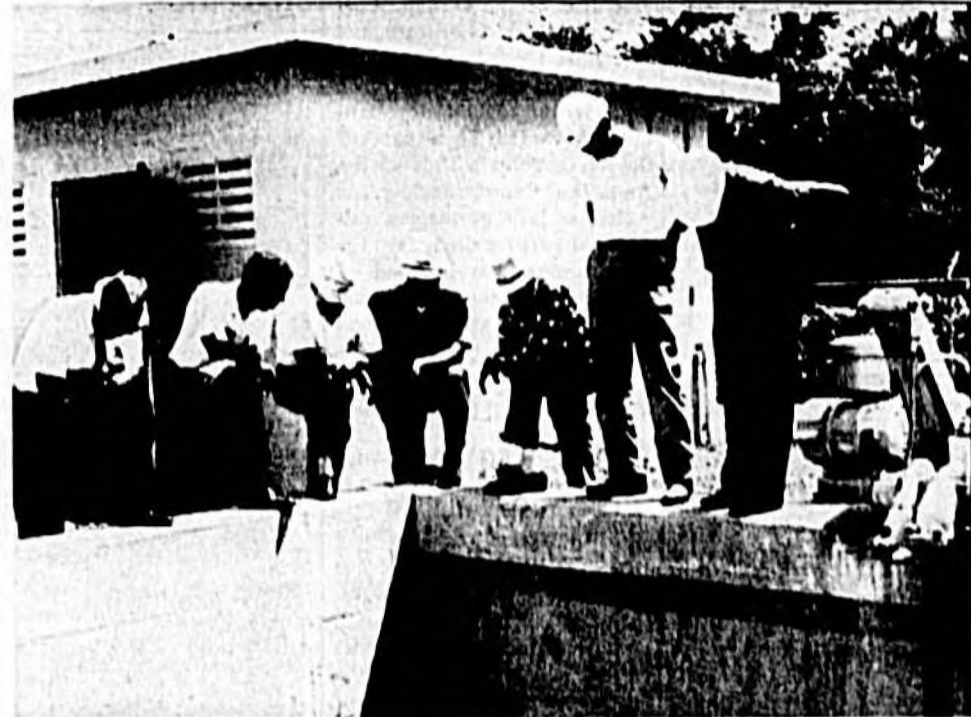

Reminds of the huge Sinclair sign seen in recent travels. The "C" had been lost to the elements, leaving an interesting two words.

It's Marine Corporal Harold L. Fennell now. The son of Mrs. Sue Brown of Longwood won the promotion July 1 while stationed at the Marine Barracks, Naval Weapons Station, Fallbrook, Calif. He signed up in the Marines in January, 1960.

James Barks, son of Dr. and Mrs. Orville L. Barks, attended the Key Club convention as a delegate from Seminole High School. The party was held in Dallas, Texas, earlier this month. Young Barks is a vice president of the local club.

Cecil Tucker, county agricultural agent, offers this reminder for motorists intent on setting highway records: At 45 miles an hour the song is "Highways are Happy Ways"; at 55 it's "I'm but a Stranger Here, Heaven is My Home"; at 65, "Nearer My God to Thee"; at 75, "When the Roll is Called Up Yonder, I'll Be There"; and at 85, "Lord, I'm Coming Home."

Alfredo, the hamburger eating alligator who spent his fifth summer last year with the Pat Boyles on the Wekiva River west of Longwood, hasn't returned for his usual summer sojourn and the family fears he has met with some mishap. Easily identified by a missing third toe on the right front foot, Alfredo returned annually around the first of July and became quite a family pet. . . . has anyone seen Alfredo?

OFFICIAL TOUR of the new city sewage treatment plant was taken by Sanford City Commissioners today. Here they are being shown operation of the drip chamber by plant manager Rick Richard Jr. Viewing the operation from left to right are Mayor A. L. Wilson; Commr. M. L. Raborn; City Manager W. E. Knowles; Richard Jr.; Commr. Earl Higginbotham; Sewerage Superintendent Bob Kelley and Public Works Director, Sid Richard.

By Dottie Austin
 City Editor

Sanford city fathers threw cold water on the offer of a motel and restaurant building firm from Charlotte, N. C., which expressed "extremely great interest" in building in the proposed waterfront development, at their meeting Monday.

The letter from the firm, which builds nationally known motels and restaurants expressed a desire to make a feasibility study "to determine the size of the motel and food operation to start with . . . with plans for maximum additions."

The North Carolina firm asked that the City pay half, (or about \$750) of the study,

with the completed plans being turned over to the city, when the survey is completed.

The president of the firm, Ned P. Laughinghouse came to Sanford last week, met with City Manager W. E. Knowles and studied the pictorial presentation and the waterfront development plans. He said his firm would be "interested in participation in ownership, management, financing and obtaining a lease for a food and motel operation."

Commissioners flatly turned down any city participation in the financing of the study and instructed Knowles to write the firm, thank them for their interest, and ask them to delay any commercial study until after the engineering study is completed.

In the discussion engendered by the offer, commissioners were not in agreement as to what they wanted the engineering study to show. Knowles handed them copies of the letters which went out to the engineering firms, along with the outline of what the preliminary report is to show.

After hassling over the matter for some time, commissioners asked Knowles to add to the list a commercial and retail study of the proposed plans for the motel, restaurant and marina complex.

"I want to know if we are going to make any money out of this," said Commissioner J. H. Crapps. "I want to know who is going to come here and use these facilities. I'm not going to vote to spend a half a million dollars on a lot of docks and buildings unless I know someone will

come here and use them," he said.

"Where are all these yachts 'they' tell me will come here and tie up? Who's going to use this motel and restaurant? Where are all these people coming from, with all this money?" Crapps asked.

"You gotta show me," Crapps concluded.

The city manager said that letters and a list of the requirements had been sent to a fine marine engineering firm. Four have expressed interest and will send their representatives here to talk with the city commissioners. The first appointment, with a representative of J. E. Grainger Company out of Tampa has been set for 10:30 a.m. Wednesday.

Appointments also have been set with Lockwood Greene Engineers from Spartanburg, S. C. and David Volker Associates from Miami. The firm of Maurice H. Connel and Associates from Miami has also offered to come here and meet with commissioners.

All the firms will be asked to submit preliminary plans and sketches of bulkheading, land filling, marina construction, land traffic flow, parking provisions, utility extensions, layout of docks, service facilities, design and construction materials of the docks, a detailed cost breakdown, engineering costs, time estimates and specifications for the actual construction of the development plan.

Additional requests added by commissioners Monday include commercial and retail studies in relation to the motel, restaurant and marina facilities.

North Orlando Company Sued For \$2 Million

The North Orlando Company is facing a \$2 million suit filed against it in Federal Court in Orlando by an Hawaiian businessman, Harold T. Okimoto.

The plaintiff alleges he thought he was buying most of the Town of North Orlando last December and April when he signed papers for the purchase.

He claims the defendants cheated him by not selling the land he thought he was buying. Okimoto says that prior to signing the various papers he looked at maps, inspected the property.

The Hawaiian states he gave a promissory note for \$40,000 and then gave the defendants another one which was blank. This and other documents were incomplete, he said, but he depended on the defendant's "good faith" in filling the blanks.

He further alleges he paid the defendant \$50,000 during preparations for the land deal but the company will not now repay it.

He asked the court to void the contract documents and demands \$2 million damages. His attorneys are John M. Robertson and Harold War III.

In previous reports of the sale, the owners were listed as the Silver Creek Precision Corp., Silver Creek, N. Y. Deed of transfer as filed at that time in Seminole County indicated Okimoto would pay \$1,126,263 to the Silver Creek firm. A mortgage of \$1.25 million was also recorded from Okimoto to Silver Creek.

When contacted by The Herald for comment early this morning, local North Orlando Company manager Frank Fasula said "This is quite a shock. This is the company's main office and no papers have been served here. We had no indication that Mr. Okimoto was preparing such action and therefore, at this time, are totally unprepared to make any statement."

Mayor Irene Van Espel, asked for an opinion as to what reaction of village officials would be, advised that the council would continue, as it has in the past, to work for growth and improvement of the village as a whole regardless of who holds ownership of the undeveloped properties.

City Commissioners See Sewage Plant

Sanford City Commissioners saw for the first time today the final product of the new sewage treatment plant at Mill Creek.

Samples of the finished product of sludge was shown and it was explained that the sludge occurs when solids are separated from liquids. The resulting material can then be dried or burned, without odor.

When it is dried, as the city is now doing, the resultant product can be used as a fertilizer for grass, shrubs and ornamentals, (anything but food products).

The city will utilize the processed fertilizer first to complete landscaping of the treatment plant grounds, and then for city parks and plantings.

Plant Superintendent Rick Richard Jr., explained that this is the first time that the complete processing has been done, with the finished product ready for use.

news... BRIEFS

Thant Accepts
 WASHINGTON (UPI) — United Nations Secretary General Thant has accepted the invitation of President Johnson to visit Washington Aug. 6, soon after he returns from a state visit to Moscow.

JFK Report
 WASHINGTON (UPI) — The Warren Commission's report on the assassination of President John F. Kennedy will be made public by the White House by mid-September, informed sources said today.

Rough Sailing
 VENICE, Italy (UPI) — Fifty-six gondoliers threatened to burn their boats unless the city government does something about the way their competitors, the motorboat pilots, are whipping up waves in the grand canal.

Klan Reward
 MOBILE, Miss. (UPI) — The Ku Klux Klan offered a \$1,000 reward yesterday for information into the burnings of Negro churches in this area hit in recent weeks by a series of bombings and church fires.

Bank Law Asked
 WASHINGTON (UPI) — The Federal Deposit Insurance Corporation (FDIC), alarmed by the failure of four banks this year, is asking Congress for legislation to tighten supervision of banking institutions.

Cardinal Picketed
 LOS ANGELES (UPI) — Catholics protesting J. Francis Cardinal McIntyre's alleged lack of leadership against racial discrimination picketed the archbishop Monday at the moment the cardinal was celebrating a Requiem Mass for a prominent woman Negro leader.

No Paving For School Opening

The southern mile of Winter Park Drive, that stretch of road which runs from SR 108 north to South Seminole Junior High School, now being paved by a joint effort of Seminole County and the Town of Casselberry, will not be ready by the time schools open Aug. 31.

This was apparent today when Herman Joyce, representing the Casselberry road board, requested the county to install 236 feet of drainage pipe before the paving is actually done.

"This will delay our program," J. C. Lavender, county road superintendent, declared. "But, we're not going to have it finished in time for the opening of school anyway."

The Town of Casselberry said it would pay up to \$3,500 for the installation. This figure was eliminated when the Commission agreed to install the pipe at four crossings at the actual cost of laying it.

New Alabama County Asked

BESSMER, Ala. (UPI) — A move to create the first new Alabama county in 61 years was being pushed by local Democrats today, while in Montgomery State Atty. Gen. Hitchcock Flowers looked into the legal angles.

The low-county push, which would split the so-called Bossier Cut-Off area away from Jefferson County, was started as a by-product of congressional redistricting. A special session of the Legislature will consider redistricting next week.

Goldwater Unit To Organize

A nonpartisan group of South Seminole residents will meet Thursday at the American Legion Hall, Prairie Lake, in Fern Park, to form a campaign committee for Republican presidential candidate Barry Goldwater.

George Bobrow said the meeting will begin at 7:45 p.m. Presiding will be Ford Cavanaugh. Also attending will be State Rep. Jan Fortune.

CDR. Kennedy New VAH-11 Officer

Cdr. Robert W. Kennedy has been named commanding officer of Heavy Attack Squadron 11 replacing Cdr. Barton W. Bartholomew who was killed in an aircraft accident July 19.

Cdr. Bartholomew was on a flight from the carrier Franklin D. Roosevelt in the Mediterranean where the Sanford-based squadron is nearing the half-way mark in its current deployment with the U. S. Sixth Fleet.

Kennedy has served as the squadron's executive officer since April 6. He brings to his new job more than four years experience in heavy attack aviation.

In his new job, Kennedy will be in charge of six twin-

jet A-3B Skywarrior attack bombers and 200 men. He is also administrative head of a similar-sized unit, Detachment Eight, currently operating at the Sanford Naval Air Station.

Kennedy, a 1949 graduate of the U. S. Naval Academy, flew propeller craft from east coast carriers during the Korean War. Later he earned a master's degree in nuclear engineering from the Massachusetts Institute of Technology, and began flying jets during a tour with Sanford's VAH-11 in 1956-59.

He returned to NAS Norfolk last year and served as VAH-11 maintenance officer before becoming executive officer.

His wife, Susan, and five sons live in Lake Mary.

Ranger-7 Off To The Moon

CAPE KENNEDY (UPI) — The United States today fired its Ranger-7 television probe on a planned 228,000-mile voyage to the moon to get the first closeup pictures of the lunar surface.

The spacecraft, designed to end a six-year string of American moonshot failures, was rocketed toward space atop an Atlas-Agena that roared into life at 11:50 a.m. EST with a blast of orange flame.

The pioneering probe was first aimed at a "parking orbit" about 115 miles above earth. After coasting for about 20 minutes to a point over

Africa, the Agena upper stage was expected to rocket Ranger toward the moon at 21,480 miles per hour.

The silvery rocket thundered into the clear blue sky after a flawless countdown. Seconds after launch, the rocket arched over the Atlantic leaving a brilliant white vapor trail on its way to the preliminary orbit.

About 8 minutes after blast-off, space agency officials said the Agena rocket had successfully propelled the spacecraft into its coasting orbit, waiting to be kicked out toward the moon.

Holley Comes To Sanford

Republican gubernatorial candidate Charles Holley of St. Petersburg was scheduled to arrive in Sanford at 2 p.m. today for a press conference, with a public meeting to follow at 2:30 p.m., at the Sanford Woman's Club.

Holley's appearance here to meet with his supporters and the interested public was arranged by the Holley For Governor Committee. Co-chairmen of the committee are Mrs. O. G. Bryant and Mrs. Al Keeth.

Four Threats To Privately Endowed Universities Pointed Out

Four "sharks" which pose a major threat to the future of private education institutions in this country were identified in detail Monday noon at the Rotary Club meeting in the Civic Center.

The speaker was Dr. John E. Johns, professor of Stetson University, who also outlined future growth plans for the DeLand school.

The first threat listed by

Dr. Johns was the "demand for capital outlay." Expansion and modernization costs have created a huge burden on the schools, he said, noting that the physics building at DeLand is the same one which was in use when the school started and had only 70-plus students.

Physicists who studied prior to 1942, he said, find their subjects of that period outdated. Yet, he pointed out,

Stetson is still using the same structure.

The speaker said expansion and modernization costs during the past 60 years exceed that of the previous 300 years.

Second "shark" to threaten private schools was listed as "student costs." It now costs about \$3,000 a year in tuitions and fees to attend a university, he added.

Dr. Johns said a student preparing to become a doctor or lawyer can expect to ex-

pend \$20,000 to \$25,000 for his education.

"Teacher shortage" was listed as the third "shark." He asserted many teachers are switching to more lucrative jobs in industry and "they can't be blamed."

"Complete unconcern" was given as the fourth "and most important" cause of the impending downfall of private education. "If people care," Dr. Johns said, "they usually find the way."

He scored the lack of interest among graduates and urged his listeners to do all in their power to help their alma mater to prevent the private educational system from "falling by the wayside."

Expressing firm confidence in Stetson, Dr. Johns said a new business administration building costing \$500,000 is planned for the campus next year. He also said a science

center campaign is slated to begin next year.

The Baptist Convention has pledged \$1.5 million, Ford Foundation another \$1.5 million and "friends" are expected to provide a third \$1.5 million within the next three years, giving the DeLand university a firm hold on its future, Dr. Johns told Rotarians.

The speaker was introduced by Tom McDonald, program chairman for July.

Resignation Of Bond Trustee Accepted

City Commissioners Monday accepted "with regret" the resignation of Volle Williams Sr. from the Board of Bond Trustees of the city.

Williams, who has served on the board for nearly ten years was warmly commended by all the commissioners individually and by the group as a whole for the efficient and effective manner in which the board had been administered.

"We are in as good shape as we have ever been," said Comm. Earl Higginbotham. "We are in better shape," said Comm. J. H. Crapps. "We have reduced our bonded indebtedness and our bonds are selling at top prices, now."

Mr. Williams has done a fine job of taking care of the people's money. He has done a terrific job for the city," George Touhy, executive

vice president of First Federal was present at the commission meeting and said that he had come as a representative of Sanford citizens and taxpayers to commend Williams for the fine handling of the bond board trusteeship and express appreciation for his efforts in behalf of the city.

Williams has received no compensation for his ten years work, though "I did get in on a steak dinner one time," he commented.

Comm. Crapps initiated a motion that a resolution of commendation be presented Williams by the commission in behalf of the City of Sanford.

Jerry Senkarik was appointed to fill the vacancy on the board, with the board members to be instructed to elect their own chairman.
