## County Adopts Tentative Budget For Fiscal Year

Bernando County Commission adopted a tentative budget for the fiscal year starting tomorrow but plans to amend it at a future date when they receive accurate figures from the tax rolls.

The tentative budget is based on a five per cent increase in non-exempt property valuation on the basis of the current tax roll, which was listed at \$24,849,000.

County Clerk O. P. Herndon said the tentative operating budget would be revised when the 1959 tax roll is completed.

The adoption of the budget came after attorney Mack Cleveland made a long distance telephone call to the comptroller's office in Tallahassee for clearance to adopt the budget.

According to John Bergert of the state auditor's office, who sat in at the meeting, the commission Tallahassee for clearance to adopt a budget because of the approaching deadline.

Commission agreed to adopt the budget "in order to continue operations" realizing they would have to amend the budget later.

After an absence of some 30 minutes, Cleveland returned and told the group that the comptroller's office had given the okay to adopt the tentative budget and to amend it at a later date and to increase or reduce the millage as the commission saw fit.

The long delay in adopting the county budget was brought on by a countywide reappraisal of property which boosted total Bernando valuations from the current \$24,849,000 to \$25,891,700.

The tentative budget calls for \$22,603 for general operating,

A TRIBUTE TO BUSINESS WOMEN was signed by Sanford Mayor A. L. Wilson yesterday in recognition of National Business Women's week which starts Monday. Sanford Business and Professional Women's Club President Mrs. Harriet Slawter, left, and the club public relations chairman, Mrs. Ida Harper, watched Mayor Wilson sign the proclamation in City Hall.

## Texas Plane Crash Kills 34

### Gracie Slows, Spreads Floods; New Hurricane 900 Miles Away

CHARLOTTE, N. C. (UPI) — Tropical storm Gracie, weakened but still a flood threat, bore up the eastern seaboard today, after spreading death and widespread damage through the Carolinas and Georgia.

Gracie was barely getting out of the way ahead of her sister, Hannah, a storm that built up a 105-mile-an-hour punch in the Atlantic 900 miles east of Palm Beach.

Two deaths were directly attributed to Gracie's power, which reached 140 miles an hour at hurricane height Tuesday. Ten others were indirectly caused by the storm. They included two persons washed off a fishing jetty by a huge wave, seven traffic deaths on rain slick roads and one traffic fatality when a car hit a fallen tree.

Gracie was due to sweep through North Carolina, Virginia and West Virginia during the day, accompanied by heavy rain, and would swing into south-central Pennsylvania Thursday morning, reports said.

Western and central Pennsylvania could expect a deluge of rain tonight and low areas were cautioned of a flood threat.

Winds from the storm, which swept into Charleston, S. C., Tuesday with a blast of 125-140 miles

an hour, were down to 35 miles an hour and were considered no threat to life or property.

South Carolina took the brunt of Gracie's destruction. The communities of Waterboro and Beaufort still were isolated this morning. State Civil Defense Director Charles B. Culbertson and Deputy Director A. V. Thomas left Columbia by helicopter to inspect the areas.

Beaufort sent a radio message to Red Cross headquarters that 3,000 still were housed in emergency shelters there. About 200

National Guardsmen were on duty at the coastal town.

At 11 a. m. hurricane Hannah's highest winds were 100 miles an hour near the center and hurricane force winds were 50 miles ahead of the storm and 25 miles to the south of it.

During the next 12 to 24 hours Hannah was expected to continue toward the west-northwest at about 12 miles an hour with little change in size or intensity. Hannah was following in general the path of its predecessor.

The storm posed no immediate threat to any land areas. However, Chief Forecaster Gordon Dunn of the Miami Weather Bureau said there was a possibility Hannah may follow the same path as sister Gracie.

Dunn said the same high pressure system that sent Gracie inland at the Carolina's coast also may block Hannah's normal northwesterly course.

"It is too early to say definitely that Hannah will move inland, but we'll be extremely fortunate if she doesn't," Dunn said.

### Authorities Checking Sabotage

BUFFALO, Tex. (UPI) — A Braniff Airways turbo-prop plane that may have exploded in flight crashed in flames in a scrub oak thicket on an east-central Texas ranch late Tuesday night, killing 34 persons.

The plane carried six crew members and 28 passengers who were bound for Dallas, Washington and New York. Recovery crews found bodies draped on the oak.

"Wreckage, bodies and mail are scattered over an area a mile square," E. M. Fickens, 49, who runs a feed store at Buffalo said. "There are just pieces of bodies. I had just gone to bed when the plane crashed."

"I raised up and saw a light in the east and heard a terrible explosion. I thought maybe he had hit the ground, but the wreckage looks like it exploded in the air. It must have happened in the air, because it blew all over the countryside."

The Texas Department of Public Safety said one of its patrolmen also thought the plane exploded in the air. He thought at first it was a flaming meteor going down.

The Civil Aeronautics Bureau ordered four men, headed by John Stroth of its Miami office, to investigate the crash. In view of the explosion-in-air reports, it was understood that they will look for signs of sabotage.

The CAE men were on scene and "use before" they break and the Department of Public Safety blocked off all approaches to the scene so the wreckage will be intact for them to examine.

Although bits of wreckage, bodies and mail were widely scattered, the tail section of the two-and-a-half-million-dollar Lockheed Electra was reported to have escaped total destruction.

Two fires were reported as far as a quarter of a mile from where the tail hit. Fickens thought the fires may have been burning engines.

The captain of the plane was W. E. Stone, 47, who had flown for 20 years with Braniff. Don Hallowell, whose 50th birthday was Tuesday, was first officer. Rollin Longhill, 39, was second officer. The three stewards were on board were Leona Mary Windler, 26; Betty Ruch, 23, and Alvin Harrison, 25.

## Steel Strike Talks To Start Again As Ike Urges Immediate Negotiations

WASHINGTON (UPI) — Both sides in the deadlocked steel dispute agreed under President Eisenhower's personal urging today to resume negotiations immediately.

The President promptly issued a statement expressing hope that an "agreement can be initiated" before he returns next week from his California vacation. Union leaders said they hoped they could report a settlement tonight.

Eisenhower won the agreement after conferring first with industry leaders and then with United Steelworkers' President David J. McDonald and other union officials.

McDonald proposed that negotiations, which were broken off by the union last Friday, be resumed here this afternoon, in an effort to end the 78-day strike.

Industry leaders promised the President to do their best to achieve "a negotiated settlement."

Eisenhower issued a three-paragraph statement half an hour after his meetings with the union and management leaders. He said: "I have just completed talks with officials of several of the steel companies and of the steelworkers union.

"In view of the mounting impact of the strike on the jobs of hundreds of thousands of Americans, I sincerely hope that an agreement can be initiated before my return to Washington next week."

The purpose of the talks today was to bring about a voluntary settlement of the steel strike which will be fair and just to all parties involved, including the public. I am persuaded that this is the kind of settlement that the American people want. It is the only kind that would be good for all Americans and for our whole economy."

White House News Secretary James C. Hagerty told newsmen that the President "was quite firm in his expressions to both sides."

Hagerty said Eisenhower's "discussion was the same to both sides—that they ought to get back to negotiations, and fast."

Asked what the President meant in expressing hope that an agreement can be initiated before his return to Washington next week.

## Dock Strike Set To Hit Nation's Ports At Midnight

NEW YORK (UPI)—A crippling dockworkers strike affecting ports from Maine to Texas at midnight appeared a certainty today unless an agreement can be reached on extending the expiring contract.

Federal, state and city mediators said early today they see no possibility of an early agreement on a new contract between the International Longshoremen's Association and the New York shipping Assn. The old contract expires at midnight and the union has a "no contract, no work" policy.

The negotiations here actually affect only ILA locals from Maine to Virginia, whose contract demands are tied up with those of the New York locals. South Atlantic and Gulf locals technically conduct separate negotiations, but they traditionally wait for an agreement here before closing their contracts. Approximately 60,000 men would be involved in a strike.

A joint negotiating meeting is scheduled for this afternoon. The ILA rejected Tuesday a new contract offer calling for a 30-cent-an-hour wage package in a three year contract. The ILA originally demanded a \$1.48 hourly package but is understood to have reduced this to a 50-cent package.

## Collie Fanciers To Hold Match

The Collie Fanciers of Central Florida will hold a collie match at the Garlyn Collie Kennel, Geneva, Friday.

The match to begin at 6 p. m. will have Alexander Draper of Jacksonville judging the entries. The four entry classes will be puppies under six months, males and females. First and second place ribbons will be given to the top collies in each class and a trophy for the best in the match.

Results of the recent election of officers will be announced after the match, followed by a grooming demonstration. Jackson H. Cyn-San Collie Kennel owners Sandy Draper will give the demonstration.

All collie fanciers are urged to enter their dogs and to attend the meeting. Entries will be accepted until 5:45 p. m. the night of the match.

## Wynn Gets Nod

CHICAGO (UPI) — The Chicago White Sox today named big Earl Wynn their starter in the 1959 World Series opener against the Los Angeles Dodgers, playoff conquerors of the Milwaukee Braves for the National League crown.

Manager Al Lopez made his indicated choice definite when he announced that Wynn, with a 28-19 record in the Sox major, in their first season in 40 years,

## News Briefs

**Sales Increase**  
WASHINGTON (UPI) — Retail sales in Florida jumped 41 per cent from 1954 to 1958, well ahead of the national average gain of 17 per cent, the Census Bureau reported today.

**Benson In Russia**  
MOSCOW (UPI) — U. S. Secretary of Agriculture Ezra Taft Benson today began a Russian visit at the invitation of Agriculture Minister Vladimir Matakovich.

**Stowaway Gives Up**  
NEW YORK (UPI) — Paul Rudolph, a 15-year-old German boy who stowed away on a U. S. Navy transport and escaped when the vessel docked here, turned himself up Tuesday night. Young Rudolph said he stayed in the water for eight hours before he swam ashore cold and hungry.

**Rocky Works Out**  
MIAMI BEACH (UPI) — Former heavyweight champion Rocky Marciano disclosed today he has been "working out" at a gymnasium in recent weeks but insisted he has no definite plans about making a ring comeback. But Marciano added, "I haven't closed the door" on a comeback. "How can you not listen when people talk about a million and two million dollars."

**Widow Lucky**  
NEW YORK (UPI) — A 76-year-old widow fell between the express tracks at a Times Square subway station Tuesday night. One car of the incoming train passed over her before the express halted. Mrs. Frederica Nussbaum was removed from under the train by the motorman and a transit policeman and taken to Roosevelt Hospital where her injuries were described as slight.

**Brutality Hearing Set**  
TAMPA (UPI) — A federal grand jury will meet in Jacksonville Oct. 5 to investigate reports that convicts have been disciplined brutally at the Ralston state prison, a Tampa television station reported today. WTVT said that John Murphy, Washington, D. C., chief of the litigation section of the Justice Department's Civil Rights Division, had confirmed the prison investigation would go before the grand jury.

**Jaycees To Hear From Hypnotist**  
Ethical hypnotism will be explained to the Sanford Jaycees by Orlando hypnotist Joe B. McCauley at the Jaycees luncheon tomorrow.

**Gasoline Tax Up**  
WASHINGTON (UPI) — Today is the last chance for the nation's motorists to fill up their tanks and escape an additional penny-a-gallon federal tax on gasoline starting at midnight.

## Denver Repairing \$7 Million Snow Storm Damages

DENVER (UPI) — Students eyed ski slopes on the western horizon today, dog tired repairmen were still busy restoring electric service and traffic signals, and homeowners assessed shrub tree and roof damage which may exceed \$7 million in Denver, which was caught unprepared for 10.6 inches of heavy, wet snow.

The storm began in the early hours Tuesday. By dawn, every tree and bush in the city drooped beneath the weight of clinging snow.

Limbs eight inches thick broke from trees. They crashed onto roof and car tops, power and telephone lines went down all over town. Unpruned shrubbery was flattened.

In the high Rockies, snowdrifts and snowfalls of as much as 15 inches closed roads. Fraser, Colo., had 24 inches of snow on the ground Tuesday night.

Several mountain areas started up chair lifts and rope tows, as winter sportsmen showed up for their earliest crack at the ski slopes in recent memory.

Highway crews opened a mountain road west of Denver in time for Mrs. Thomas Holbrook, 28, to give birth to a son in a city hospital.

Four runaway boys in their early teens, believed to have been living off food found in mountain cabins west of Denver for the past week, were still unlocated after the storm subsided.

## Havana Papers Attack Castro

HAVANA (UPI) — Premier Fidel Castro was under an unprecedented heavy attack from major independent Havana newspapers today for his denunciations of the Cuban press and newsmen who criticized his regime.

It was the first time since Castro led his revolutionary forces into power last Jan. 1 that the press has openly taken such strong exceptions to his remarks.

The war of words was touched off by Castro's criticisms during a long nationwide television appearance Monday night.

There were rumors that the Havana newspaper Diario de la Marina would suspend publication because of the attack by Castro. But spokesmen said the newspaper would publish today and carry a full reply to the Castro charges.

In a preliminary reaction, the newspaper termed the Castro attack "representative of Cuba's worst interests." In an editorial prepared for publication, it said "we are tired of so many threats, so much intolerance and so many gratuitous accusations and unjustified charges."

It said press freedom existed in Cuba but it was a "very special freedom." It said there were no sensors and no agreement by the newspaper not to criticize the Castro government, but it added: "You should know by now that there are two big and shameful facts that damage the freedom of press in our country."

One, it said, was public figures saying one thing publicly and another privately because of "fear and adulation."

"Therefore," Diario de la Marina said, "in Cuba and abroad there are very few who believe there is complete and full freedom of the press in Cuba."

## McCanna On Job

Richard McCanna, named by Gov. LeRoy Collins this week to succeed Mrs. Mary Walker as Seminole County Tax Assessor, assumed his duties in that post today. McCanna was named by County Commission at 1 p. m.

## Former Auditor Opposes Gray

TALLAHASSEE (UPI) — Former auditor Edward C. Hornsby of Tallahassee announced today he will be a candidate for the office of secretary of state in 1960.

He will oppose the veteran R. A. Gray who has held the office since 1930. Gray is scheduled to decide next month whether or not he intends to seek re-election.

Hornsby tried for the office in 1956, going down in defeat 476,502 to 116,824.

He pledged to fight for fair representation in the legislature based on the philosophy that "good government is government for the benefit of the people."

## 45,000 Laid Off At Chrysler Plants

RETROIT (UPI) — Chrysler Corp., announced that some 25,000 employees in seven states will be laid off today and 45,000 will be laid off by Friday because of a strike at the firm's Twinsburg, Ohio, stamping plant.

The layoffs are the result of parts shortages caused by the Twinsburg strike. Reemployment will be delayed by the number of days the Twinsburg strike continues, Chrysler officials said.

## 'Road Runners' To Race Darters

BY BOB STUBBINGS  
It looks as if football fans will see the "Rockin' Road Runners," vs the Blue Darters Friday night in Memorial Stadium.

A revamped Seminole High School team dubbed the Rocking Road Runners by its members,

and Apopka's Blue Darters will clash in a tilt that promises to be a real thriller.

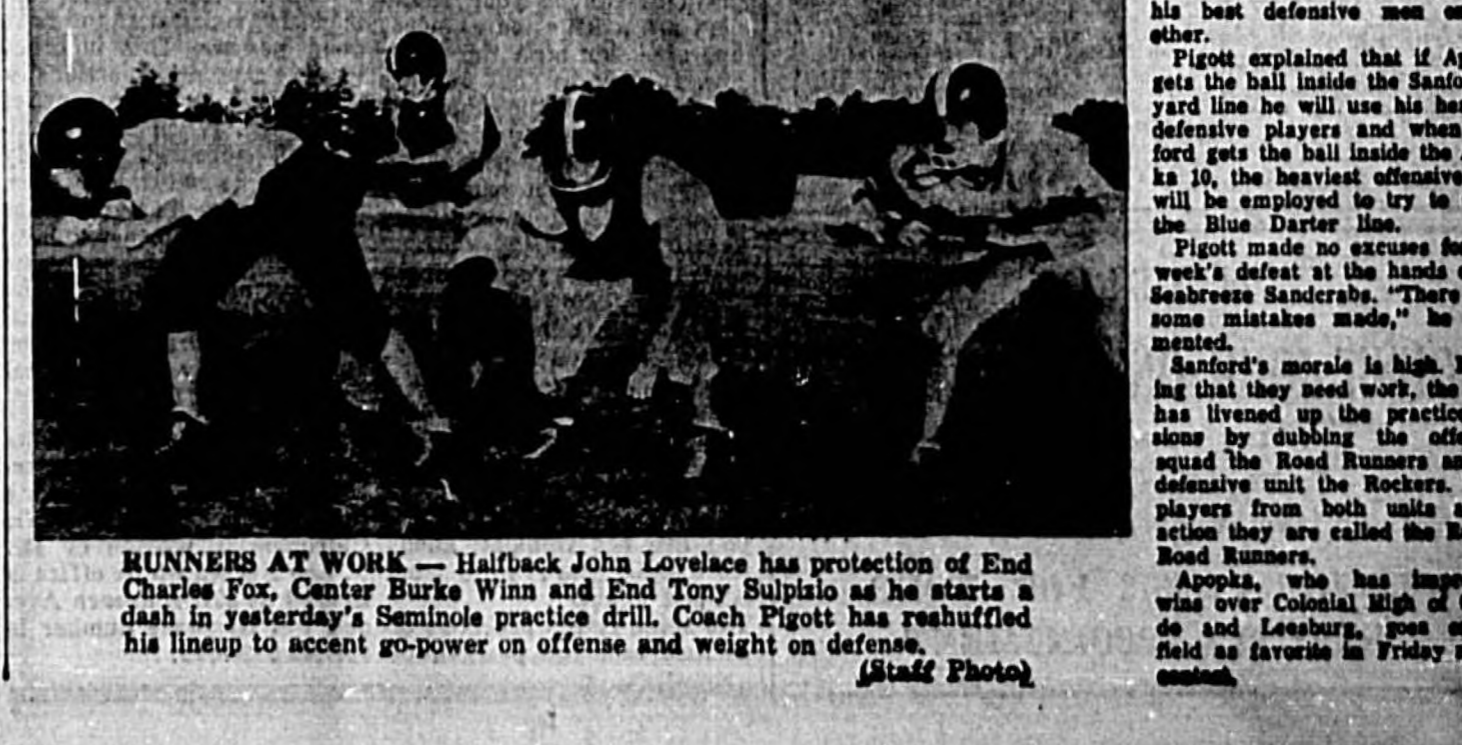

The formidable Apopka eleven, coached by Tom Bolen, has scored 66 points in two games and have yet to be scored upon. In view of their strength, Head Coach Jim Pigott will change his strategy and employ the piston system, using his best offensive men on one squad and his best defensive men on the other.

Pigott explained that if Apopka gets the ball inside the Sanford 20 yard line he will use his heaviest defensive players and when Sanford gets the ball inside the Apopka 10, the heaviest offensive men will be employed to try to crash the Blue Darter line.

Pigott made no excuses for last week's defeat at the hands of the Seabreeze Sandcrabs. "There were some mistakes made," he commented.

Sanford's morale is high. Knowing that they need work, the team has lived up to the practice sessions by dubbing the offensive squad the Road Runners and the defensive unit the Rockers. When players from both units are in action they are called the Rocking Road Runners.

Apopka, who has impressive wins over Colonial High of Orlando and Leesburg, goes on the field as favorite in Friday night's contest.

RUNNERS AT WORK — Halfback John Lovelace has protection of End Charles Fox, Center Burke Winn and End Tony Sulplizio as he starts a dash in yesterday's Seminole practice drill. Coach Pigott has reshuffled his lineup to accent go-power on offense and weight on defense. (Staff Photo)

CALL FA 2-3972 FOR YOUR BEAUTY APPOINTMENT

Are you satisfied with your posture? Maybe your shoulders are a little too rounded, one shoulder higher than the other, or one leg shorter than the other, resulting from a tilted pelvis, too much curve in the lower spine, etc.

If your posture is bad, your friends advise you to straighten up. They mean well. You do try but how successful are you? While you are thinking about it, you can improve your posture, but what happens when you are not thinking about it? Usually you are the same old self again.

The spine is the backbone of posture and the position of the spine is controlled by muscles. Proper muscle tension is necessary to have good posture. This interference is caused by partial displacement of a segment of the spine. When this condition is corrected, the body resumes its natural position. Children as well as grown ups should be examined regularly for posture defects, the same as they are checked for defects of eye disorders. Normal health is a normal condition, permitted only by a normal spine.

One of a series of articles published in the public interest to explain and illustrate the practice of scientific Chiropractic, written by Dr. F. Leo Kerwin whose office is located at 201 E. French Ave. and his telephone number is FAirfax 2-7442.

# Governor Set To Enforce Tight Regulation On Public Printing

TALLAHASSEE (UPI)—Gov. LeRoy Collins said he will put a Cabinet committee to work immediately drafting a method to enforce new regulations for tightening controls on public printing.

The regulations were adopted Tuesday by the Cabinet Purchasing Committee in line with a 1959 state law placing printing under central control and requiring sealed, competitive bids on all jobs in excess of \$50 and newspaper advertisement of jobs amounting to \$2,000 or more.

Atty. Gen. Richard Ervin said the most important regulation specifies that state agencies file each bid invitation with the purchasing commission at least seven days before bids are opened. He said this would prevent any agency from getting oral prices on jobs and insure that all companies can find out when state jobs are up for bid.

To enforce the new rules, Collins suggested a provision for disqualifying any printing firm found guilty of collusion or other violation. He said the Cabinet committee, as yet unnamed, also would recommend ways to deal with separate bids from two or three companies under a single ownership.

The governor pointed out the new regulations included nothing to prevent two or more companies with a single owner from bidding on the same job under the guise of being competitive.

The committee also would be asked to handle the request of two unions that bidders be required to file an annual performance bond, and that state agencies and universities with their own print shops be required to get private bids before doing their own work.

The requests came from William B. Curry Sr., Clearwater, of the International Printing Pressmen and Assistants Union, and from W. Russell Waterson, Lakeland, International Typographical Union.

The new regulations apply to all printing except that done for the Legislature and Supreme Court. They specifically state that legislators in the printing business are eligible for state jobs if they submit the lowest bid.

However, they do not require that the lowest bid be accepted in all cases and permit the agencies concerned to determine which bid is best.

Purchasing Director Ralph Sullivan said the regulations do not restrict out-of-state bidders beyond the present law which prohibits awards to non-Florida firms if bids are submitted by at least two firms in the state.

## Quotable Quotes

**United Press International**  
MIAMI — Highway patrolman Bernard Justice who has been receiving gifts—including a funeral wreath of roses and \$50 worth of liquor—from a practical joker: "I think the guy must be some kind of nut."

WASHINGTON— Mrs. Morton Sobell requesting permission to live with her atom-spy husband in Atlanta Federal Prison long enough to conceive a baby: "I think it is a human and natural request."

WASHINGTON — Bishop Fulton J. Sheen commenting on Premier Nikita Khrushchev's frequent references to God during his visit here: "It was just a tactic... to make a good impression on a God-fearing people."

NEW YORK — Nassau N. Y. County Detective Matthew Bonora who has been swamped with orders for his new method of detecting fingerprints: "The response is terrific and we think it's really going to help law enforcement a lot."

**Gets Five**  
NEW YORK (UPI) — Jockey Willie Shoemaker had five winners at Aqueduct Tuesday. Shoemaker's victories came aboard Francis S. (\$4.60), Haaty Shopper (\$8.50), Promised Land (\$7.00), Prince Lewker (\$5.40) in the feature and Sid Old Boy (\$9.30),

**FLYING SAUCER**, U. S. style, is reported going into final production stage (above) at Princeton University's flight-research laboratory. A canvas skin will be stretched over the steel and aluminum craft, which is scheduled to be launched over New Jersey soon. The saucer's 45-horsepower engine will provide lift and a 25-mile-per-hour forward speed by driving air through vents around the saucer's edge. A tail engine will give right-left control. The bottom photo is a sketch of what the completed craft will look like in flight.

## New High School Building Started

Construction of the new Seminole High School to be located at Lake Jennie started today. The Kent Smith Construction Co. of Daytona Beach is doing the work which is expected to be completed by mid-August 1960. The new school, which will be the biggest in the county, will have 33 classrooms. Money for construction of the school is from funds out of a bond issue passed last year by Seminole County voters. Cost of the school has been set at \$1,430,877.

Bids on additions at Rosenwald, Lake Mary and Midway schools will be opened at 8 p. m. Thursday.

## Dreaded Fish Killer Return False Alarm

ST. PETERSBURG (UPI)—For a while Tuesday, resident along the Gulf Coast here feared a new outbreak of the dreaded fish-killing "red tide."

Hundreds of dead fish were washed ashore and worried conservation experts immediately began making tests to determine if the red tide had formed again. Then they learned the good news: The fish was just part of catches that fishermen had tossed overboard from their boats due to unusually choppy waters Monday.

Skipper of two fishing boats said they dumped thousands of fish back into the water when they became afraid their boats

might capsize in huge swells. A third boat carrying between 2,000 and 3,000 pounds of mullet capsized off Blind Pass, spilling its finny cargo into the Gulf.

Northwesterly gusts drove the fish ashore Tuesday.

# Upsala Circle Plans Bazaar

The Dorcas Circle of the Upsala Community Presbyterian Church met at the home of Mrs. E. G. Daniels on Lake Markham this week end. Mrs. George Simmons presided at the business session and led the devotional.

Plans were made for a bazaar to be held Dec. 5. Mrs. Daniels was elected chairman and Mrs. Kay Thompson assistant. Mrs. Belle Ballinger read a poem entitled "Children".

The October meeting will be at the home of Mrs. Daisy Dowell and will feature a white elephant sale. Each member is requested to bring a friend and an item for the sale.

Refreshments were served to Mrs. Ballinger, Mrs. Kay Thompson, Mrs. Dowell, Mrs. Elsie Rosette, Mrs. Amanda Reeves, Mrs. Clover Marrs, Mrs. Sara Hodge, Mrs. Mary Hodge, Mrs. George Simmons, Mrs. Mary Harvey and a guest, Mrs. L. Hawthorne.

**SWEET CHERRY ROLL**

Sweet cherry roll becomes a culinary triumph when prepared as follows: Bring 1 1/2 cups of sugar and 2 cups of water to a boil over a high gas flame. Pour the syrup into a shallow 8x13 baking pan. Preheat the gas oven to 425 degrees. Make a shortcake dough using 2 cups of biscuit mix, 2 tablespoons sugar and 2/3 cup of light cream. Roll the dough into an oblong 8x12 inches and spread 3 cups of pitted cherries over the dough. Dot with 2 tablespoons of butter and sprinkle lightly with cinnamon. Roll the dough into a long roll and slice into 1/4 inch slices. Place the slices cut-side down into the syrup and bake in gas oven, preheated to 425 degrees for 20-25 minutes. Serve warm with a spoonful of vanilla ice cream for garnish. Serves 6.

**FRESH PEACHES AND CANDIED GINGER**

Candied ginger is a nice flavor and texture contrast for many fresh fruits now appearing in the supermarkets. Try it mixed with frozen orange juice or lemonade concentrate and tossed with fresh peaches. Let the flavors marinate an hour or two in the gas refrigerator before serving.

# Members Of Rebekah Lodge 43 Prepare For Visit Of Official

Seminole Rebekah Lodge 43 will entertain Mrs. Eleanor Marshick, president of Rebekah assembly of the state of Florida, Thursday Oct. 8.

The meeting will begin with a banquet at the Shrine Club at 6:30 p. m. followed by a business session at the Odd Fellows hall at 8 p. m. All Rebekahs are invited to attend.

The Seminole lodge will hold a practice session this Friday at 7:30 at Odd Fellows hall in preparation for this visit. All officers are urged to attend.

# Minnie Bess Garner

... has just returned from the Florida Hair-dressers and Cosmetologists Convention held at the Deauville Hotel, Miami Beach.

... while there she received personal instruction on the latest hair style fashions from C. Anthony of the Virginia Farrell Institute, Detroit, and Miss Miriam Cordwell, instructor at the Institute of Cosmetology, University of Maryland.

# Mrs. Cushing Joins Exemplar Group

Mrs. Carleton Bliss was hostess at her home Monday evening to the XI Beta Eta Chapter of Beta Sigma Phi.

Mrs. Robert J. Cushing was welcomed as a new exemplar member from Gamma Lambda Chapter.

New year books were distributed by Mrs. G. Andrew Speer, president. Plans for the coming Halloween Masquerade Party were discussed. Samples of the Christmas wrapping paper the group will sell were shown.

A very interesting and amusing program was presented by Mrs. Harold Chapman on the "Sense

of Touch". She read an article on the various ways by which we are able to feel. Various objects were passed around the room in paper bags for the members to feel and identify. Prizes for this game were won by Mrs. Vernon Hardin and Mrs. J. L. Horton, Jr. The group was then asked to answer the question, "which of the five senses do you consider the most valuable?"

The next meeting will be October 12 at the home of Mrs. Chapman in Loch Arbor. Members are to bring white elephant articles wrapped in any manner.

The hostess served ice box cake and coffee to the following: Mrs. Speer, Mrs. Cushing, Mrs. Chapman, Mrs. Hardin, Mrs. Horton, Mrs. Don Bales, Mrs. Ralph Betts, Mrs. Dan Batten, Mrs. E. C. Hardin, Jr., Mrs. C. M. Nichols.

# Lake Mary

# Personals

**BY IDA MAY SOBLOM**

Mr. and Mrs. Odin M. Anderson have returned to their home on Lake Mary Blvd. after a three month trip to Canada, Northern Minnesota, Chicago, Indianapolis, and St. Paul.

Congratulations to Mrs. Thelma Keefe who has just moved into her new home on Third Street.

Friends of Mrs. W. H. Fouk will be sorry to learn that she is confined to her home recuperating from an automobile accident which she and her husband were in Friday evening in Palatka.

Visiting Mr. and Mrs. R. H. Chambers is Mrs. Chambers sister, Mrs. G. D. Washington of Norphlet, Arkansas. She will leave Sunday for Chipley, Fla. where she will visit her mother, Mrs. J. B. Peel before returning home.

# Lake Monroe

# Personals

**BY MRS. E. L. JOHNSON**

Mrs. Clover Marrs has had as her guests Mr. and Mrs. Lloyd Ruscher of Miami. This visit ends a 4,000 mile motor trip made by the Ruschers who were recently married in Miami.

Rev. and Mrs. J. C. Hancock of Pensacola were visitors at the home of Mr. and Mrs. J. H. Tindel this week.

Friends of Mrs. Pauline Hobby will regret to learn that she is in Seminole Memorial Hospital where she underwent surgery Tuesday.

Mrs. C. C. Gant has been called to St. Louis, Mo. because of the death of her sister.

Mrs. S. E. Norwood and daughter Norine have returned home after visiting in Gainesville with Mr. and Mrs. D. E. Norwood and family.

Mr. and Mrs. Claude Hittell attended a showing of the new 1960 Chevrolet in Miami last week.

Mr. and Mrs. J. C. Sapp, Mrs. Clara White and children and Lloyd Freeman spent last Sunday in Tampa with Mrs. Gladys Freeman.

Mr. and Mrs. D. E. Hudson and daughter Cindy have gone to Orlando where they will make their home.

# A. L. Auxiliary To Meet Friday

Members of the American Legion Auxiliary will meet Friday night at 7:30 p. m. at the Legion Home on Hwy. 17-92. Miss Kay Ivey and Miss Janet Glenn who attended Girls State in Tallahassee this summer are invited guests at the meeting.

# S. S. Class Plans Chicken Dinner

The Daughters of Wesley Sunday School Class of First Methodist Church will hold the annual chicken dinner next Tuesday at 6:30 p. m. in McKinley Hall. Members are requested to come and bring a covered dish.

# Story League Plans League For Students

The Episcopal Parish House was the setting for the September meeting of the Sanford Story League, Monday night. The president, Mrs. C. R. Jones presided at the business session. It was decided to sponsor another junior league for students of the High School age and to buy two of the books "Service Through Story-telling".

One copy will be used by the adult organization and the other will be presented to the juniors. A letter of thanks was read from Ronald Perry, thanking the members for telling stories at the recreational programs.

Mrs. E. C. Williams presented the first in a series of lessons on how to tell Bible stories. Theme for the month, "In the beginning, God" was delightfully portrayed as Mrs. Jones told the story of creation and the flood, from the Bible stories.

Mrs. W. L. Roche selected her story from "The outline of Art" by Sir William Orpen. It was the story of Michael Angelo and his achievement in painting the story of creation on the ceiling of the Sistine Chapel.

Mrs. S. J. Nix told the inspiring story, "Sweet singer across the sea", selected from a collection of stories by Mary Grace

# Eastern Star Meets Tomorrow

Seminole Chapter 2, O. E. S. meets tomorrow night for the first session of the current season. Linnie Moye, worthy matron, invites all members of the Sanford area to attend.

A white frame building in Fayetteville, N. Y., near Syracuse, was the boyhood home of President Grover Cleveland.

# Kinlaw, Punch Wedding Saturday

Final plans are announced for the wedding of Miss Janice Kinlaw and Thomas Russell Punch. The ceremony will take place Saturday Oct. 3 at 8 p. m. at Holy Cross Episcopal Church.

The Rev. John W. Thomas will officiate at the candle-light double ring ceremony. Miss Elizabeth Woodruff will be maid of honor and Carl W. Resenbusch Jr., of Washington, D. C. will serve as best man.

The Church Choir will process in singing "Praise to the Lord, the Almighty" followed by several selections of nuptial music by the choir and Miss Joyce Hetzel, soloist of Daytona Beach and formerly of Sanford. Both will be accompanied by Mr. Paul Jenkins, organist.

All friends of the couple are invited to attend.

# Shower, Coffee Surprises Guest

An informal morning coffee and surprise shower was given in honor of Mrs. Clark Brustle on Thursday morning at the home of Mrs. Robert Rugestein on Crystal Lake.

The hostesses, Mrs. Robert Rugestein and Mrs. Richard Keogh served refreshments of cookies, minis, coffee, and juice.

Guests enjoying the occasion were Mrs. Damon Scott, Mrs. James Benson, Mrs. John Pilley, Mrs. Luther Hobby, Mrs. Walter Gardner, Mrs. Pat Riley, Mrs. Eunice Rose, Mrs. Myrtle Horton, Mrs. Joe Smathers and Mrs. Robert Lanford.

# Central Circle Meets Tomorrow

Central Circle of the Sanford Garden Club will meet at the home of Mrs. E. R. Wood, 2106 Coronado Ct., in Franklin Terrace, Thursday morning at 9 o'clock. It is the first meeting of the current season and all members are urged to attend.

# L. Monroe H.D. Club Plans Xmas Workshop

The Lake Monroe Home Demonstration Club held a special meeting Monday evening at the home of the president, Mrs. H. L. Johnson, to complete plans for a Christmas design school and workshop sponsored by the club at the Home Demonstration Center on 25th St.

It will be under the direction of Mr. William Grow of DeLand with Mrs. A. C. Frank assisting. Table arrangements, door panels, window displays, corsages and wreaths will be made by Mr. Grow and awarded as door prizes.

Price of admission to the school will be \$1.50 per person. This includes all material for making arrangements to be taken home. Hours are from 7 to 10 p. m. Mr. Grow will assist each one with her arrangements.

Light refreshments will be available. For information or reservations call Mrs. Johnson at FA 2-4772 any evening after 6 p. m.

Members attending the meeting were Mrs. Clover Marrs, Mrs. Ruth Swaggerty, Mrs. Hilda Thompson, Mrs. Hazel Gardner, Mrs. J. C. Sapp, Mrs. Mary Hittell, Mrs. Jack Standifer, Mrs. Annie McArthur, Mrs. C. E. Hunter, Mrs. J. H. Tindel and Mrs. Johnson.

# Shower, Coffee Surprises Guest

An informal morning coffee and surprise shower was given in honor of Mrs. Clark Brustle on Thursday morning at the home of Mrs. Robert Rugestein on Crystal Lake.

The hostesses, Mrs. Robert Rugestein and Mrs. Richard Keogh served refreshments of cookies, minis, coffee, and juice.

Guests enjoying the occasion were Mrs. Damon Scott, Mrs. James Benson, Mrs. John Pilley, Mrs. Luther Hobby, Mrs. Walter Gardner, Mrs. Pat Riley, Mrs. Eunice Rose, Mrs. Myrtle Horton, Mrs. Joe Smathers and Mrs. Robert Lanford.

# Central Circle Meets Tomorrow

Central Circle of the Sanford Garden Club will meet at the home of Mrs. E. R. Wood, 2106 Coronado Ct., in Franklin Terrace, Thursday morning at 9 o'clock. It is the first meeting of the current season and all members are urged to attend.

# L. Monroe H.D. Club Plans Xmas Workshop

The Lake Monroe Home Demonstration Club held a special meeting Monday evening at the home of the president, Mrs. H. L. Johnson, to complete plans for a Christmas design school and workshop sponsored by the club at the Home Demonstration Center on 25th St.

It will be under the direction of Mr. William Grow of DeLand with Mrs. A. C. Frank assisting. Table arrangements, door panels, window displays, corsages and wreaths will be made by Mr. Grow and awarded as door prizes.

Price of admission to the school will be \$1.50 per person. This includes all material for making arrangements to be taken home. Hours are from 7 to 10 p. m. Mr. Grow will assist each one with her arrangements.

Light refreshments will be available. For information or reservations call Mrs. Johnson at FA 2-4772 any evening after 6 p. m.

Members attending the meeting were Mrs. Clover Marrs, Mrs. Ruth Swaggerty, Mrs. Hilda Thompson, Mrs. Hazel Gardner, Mrs. J. C. Sapp, Mrs. Mary Hittell, Mrs. Jack Standifer, Mrs. Annie McArthur, Mrs. C. E. Hunter, Mrs. J. H. Tindel and Mrs. Johnson.

# On the Chisox, Dodgers Yell After Sweeping NL Playoff Series

LOS ANGELES (UPI)—The Dodgers took care of the Braves and their pennant today when they won the first game of the series.

The game was held today after a 10-day hiatus at Los Angeles. The Dodgers' first game in three weeks.

Manager Walt Alton, who said, "I don't know what the other team is going to do, but I'm going to win this game. That means I'm going to win the first game of the series."

Alton said it will be Larry Sherry, Johnny Pate and Don Drysdale who will do the job. Drysdale did it the hard way in sweeping the Braves in the first game.

Sherry, Pate and Drysdale were the stars of the sweep. They pitched for the Dodgers in the greatest comeback in baseball history.

For the other National League team, the Braves, it was a tough day. They had to play the Los Angeles Coliseum Tuesday to claim the greatest comeback in baseball history.

For the other National League team, the Braves, it was a tough day. They had to play the Los Angeles Coliseum Tuesday to claim the greatest comeback in baseball history.

which ended a 120-game campaign in an exciting fashion, they had covered the right to show the red-tinted White Sox in the best-of-seven classic opening Thursday at Chicago.

It was — in the final analysis — a gift as well as a hard-earned prize.

For there were two out and two on in the 12th inning when Carl Furillo crashed an infield single just wide of second base. Felix Mantilla had no play on what should have been a bases-filling single still leaving reliever Bob Rush and the Braves alive.

But the slender Puerto Rican took a daring gamble and fired to first — fired it into the dirt and sent Furillo racing home. The Braves came next with Warren Spahn, their great left-hander, and Furillo filed deep to right, Hodges scoring after the catch with the tying run.

Now it was sudden death and the crowd of 24,228 groaned into the long-suffering shadows as the Braves filled the bases with two out in the 11th. Williams got them out, though, and the groans changed to cheers as the Dodgers filled 'em up in their half and then couldn't pull it off.

Then it was the 12th and, after the Braves went down in order, so, too, did the first pair of Dodgers.

Now it was Hodges and he drew a walk. Pignatone stepped in next and singled to left, Hodges going to second.

That put Furillo, one of the old Flatbush heroes, in the box and he rapped that hit on which Mantilla took the greatest losing gamble of the season.

## Vandy's Star Halfback Injured In Scrimmage

United Press International

Vanderbilt's Commodore were seriously hurt Tuesday when star left halfback Mack Rolfe broke his collarbone in a team scrimmage.

It is expected Rolfe, who ran opposite all-SEC halfback Tom Moore, would be out all season. Coach Art Guespe said Rolfe was injured when he was hit by a freshman tackle on a pitchout. Rolfe shared the halfback post with Ed Crenshaw, who started the Georgia-Vandy game last week.

Auburn lost the services of 250-pound tackle Teddy Fort Tuesday when he sprained his ankle. Coach Ralph Jordan said Fort would definitely miss the Hardin-Simmons game this week-end.

Georgia's Bulldogs were hampered by wet grounds and rain. Injured halfback and captain Don Sobersdash will probably not play in the South Carolina game in Columbia Saturday.

Alabama, which meets Vanderbilt worked inside Tuesday because of the rain. Coach Bear Bryant sent his squad through jumpy offense and defense.

Georgia Tech stepped up its preparations for Clemson, and Coach Bobby Dodd move Billy Williamson to left half to help fill the gap made by three backs on the sidelines with injuries.

LSU, the No. 1 ranked team, worked on defense for the Baylor game at Shreveport, La., Saturday afternoon, one of the few afternoon games for the Tigers.

Coach Paul Dietzel named end Betty McClain and guard Tommy Latt as co-captains for the game.

Tulane, which plays Wake Forest Saturday in New Orleans, polished its passing game in order to find a way to win its first game of the season. Ed Phil Heffington, injured in pre-season practice, rejoined the squad.

**FIRST FOR SERIES** — Captain John L. Sullivan of Comiskey Park's police talks things over with Ralph Belcore, shown in his tent camping outside Comiskey Park, Chicago, so he can be first in line for bleacher seat tickets for World Series. Belcore says he has been the first man to enter the bleachers in 18 World Series.

## Fraleys' Grid Picks

LOS ANGELES (UPI)—Fraleys' fancies and the weekend football "winners" — along with a few rambling observations on the National League pennant scramble.

**GAME OF THE WEEK**  
Northwestern over Iowa—This is looking for the upset, what with Iowa rated a two-point favorite, but Dick Thornton and the Wildcats showed a devastating attack in walloping Oklahoma—despite that food poison excuse—and this could be the team of the year.

**THE EAST**  
Pitt over UCLA—It's easy to understand why there was a National League pennant playoff. Princeton over Columbia—Neither the Braves nor Dodgers looked as if they wanted to win. Dartmouth over Penn — The blueplate special.

Also: Syracuse over Maryland, Yale over Brown, Penn State over Colgate, Holy Cross over Villanova, Cornell over Lehigh, Harvard over Bucknell.

**THE MIDWEST**  
Army over Illinois—Joe DiMaggio would have hit 100 homers in the Coliseum.

Michigan State over Michigan — The left field fence is a horror. Indiana over Minnesota—It's a very easy nine iron shot.

Also: Purdue over Notre Dame, Missouri over Iowa State, Kentucky over Detroit, Wisconsin over Marquette, Baldwin Wallace over Toledo.

**THE WEST**  
Ohio State over USC — The Dodgers went into the second playoff game as if they had it won.

Nebraska over Oregon State — The Braves were a grim-faced lot. Oregon over Washington State — They looked like a husband who had just put the best dishes in the clothes washer by mistake.

Also: Washington over Utah, Wyoming over Utah State, Idaho over Arizona, Brigham Young over Montana and Colorado State over Denver.

**THE SOUTH**  
LSU over Baylor — The World Series attendance record for one game is Cleveland's 86,238 in 1948.

Duke over Rice—Los Angeles had 3,103 for Campanella night.

Miami over Florida State — They'd have trouble beating that even in the World Series.

Also: Clemson over Georgia Tech, Tennessee over Mississippi State, Georgia over South Carolina, Auburn over Hardin-Simmons, West Virginia over George Washington.

**THE SOUTHWEST**  
Texas over California—Win, lose and no draw, the ball players are glad it's almost over.

TCU over Arkansas—The losers are sorry for the team that has to expend all that energy in the series.

SMU over Navy—As the man said, it's only money.

Also: Air Force over Trinity, Oklahoma over Colorado, Texas Tech over Tulsa, Texas Western over New Mexico, Arizona State over Montana State.

**Trade Glick**  
PITTSBURGH (UPI) — The Pittsburgh Steelers of the National Football League traded defensive halfback Gary Glick to the Washington Redskins Tuesday for a future draft choice and picked up halfback Jack Call, a free agent who previously played with the Baltimore Colts.

Florida State's top two pass receivers in 1958 both were sophomores. They are fullback Jack Euspenship of Lake City, who caught 18 passes for 200 yards, and All-America end candidate Tony Romeo of Tampa, who bagged 14 passes for 274 yards.

## Worst In History

**MIAMI (UPI)**—Gripes about the worst of the season's hurricanes are being heard as one of the most powerful storms of record since 1926.

By comparison the last big hurricane, 1957's Audrey, was weak. Audrey, 25th in the series, was a 13-hour storm that inched along the Louisiana and Texas coasts.

Audrey's winds were clocked at a mere 85 miles an hour. The storm's killing record was not as high as the one which is now being forecast. The storm's winds were clocked at 125 miles an hour, but it killed 3,000 people.

Records for the seventh 1958 hurricane but only the third to hit the U. S. coast this year. Cindy hit the coast on July 24 but took no lives. The highest sustained winds were clocked at 125 miles an hour.

Though Cindy ranks with the best, there have been windier hurricanes. The 1905 storm which struck New England hit gusts of 100 miles an hour.

Scientists have estimated that winds have reached 200 miles an hour within a hurricane, but none approaching that speed has actually been recorded.

Scientists said typhoons in the China Sea and by other names elsewhere cover over all tropical oceans except the South Atlantic.

They develop most frequently

## Noisy Cloud Dips Over Miami Area

**MIAMI (UPI)**—A small, noisy, noisy cloud dipped down over Miami International Airport Tuesday but spun away harmlessly after skipping between two parked cargo planes.

The twister did no damage, although it flung loose garbage cans, lumber and other debris high in the air.

The airport control tower said the funnel formed southeast of the airport and spun 1,500 feet above the ground. It swooped low over the runways but apparently never actually touched the ground.

"It was very small but making a lot of noise," said R. W. Miller, superintendent of maintenance for Riddle Airlines. "Luckily it passed between the two planes without touching them."

Both planes belonged to Riddle. There was an interruption to airport operations.

The twister, sounding like a buzz saw, roared out of a severe thunder storm.

## Best Of Everything

**BREWTON, Ala. (UPI)**—Harold Hill escaped in style from Escambia County jail.

He grabbed an absent deputy's gun, took the officer's identification papers and \$70 in cash, hopped a taxi and rode away. He was caught four hours later.

**COOKING MAGIC FOR PENNIES A DAY!** with modern, clean, dependable

**SOUTHERN Natural Gas Co.**  
200 Sanford Ave. FA 2-4293

during periods of frequent showers and unusually warm, moist air. They are great vicious whirling in a counterclockwise direction around a low pressure center. They have a calm center, or eye, ranging from a few miles to 60 miles in diameter.

These spawned in the tropical Atlantic generally are embedded in the westerly flowing trade winds and so at the outset move west. Usually, however, they are caught up eventually in the high westerlies, flowing eastward, and carried out to sea. Of 254 hurricanes, from 1900 to 1957, only 105 reached a U. S. coast.

The average life of a hurricane is also days. The main hurricane months are August, September, and October, with September the champion and August runner-up.

Hurricanes are great power machines. In one minute a full grown hurricane may spend more energy than the entire United States produces in electric power in 20 years. In one second it releases energy greater than that of many atomic bombs.

**1958 OLDSMOBILE** design leans toward a trim, balanced, clean-flowing line. This side view of the 98 Holiday Sport Sedan emphasizes the low, level design of the hood which affords better forward visibility and the rounded contour of the front fenders, which aid in parking. The new Olds goes on display tomorrow at Holler Motor Co.

## Trailer-Truck Slams Car, Killing 3

**BRISTOL, Tenn. (UPI)**—A tractor-trailer truck jack-knifed on a wet highway near here Tuesday night and toppled on a Bristol family's car, killing the father and mother and one child and critically injuring two other children.

Killed were George E. Eaton Jr., 25, his seven-months pregnant wife, Mary, 25; and their two-year-old daughter, Joyce Ann.

Doctors at Bristol Memorial Hospital gave Charles Edward Eaton, 10, and one-year-old Mary Ruth Eaton only a "slim chance" to live. Both children were listed in critical condition.

State troopers said the truck broke apart and the tractor careened off the highway and hit a utility pole.

The trailer fell onto the car and

skidded down the wet highway with it underneath. The trailer and car then hit a pickup truck driven by Frances Leonard, 26, of Bristol, Va., who was not seriously injured.

The driver of the big truck, Walter Parsons, 53, of Candor, M. C., was charged with involuntary manslaughter and reckless driving.

## Standards For Tightening State Shipment Of Oranges To Be Set

**LAKELAND (UPI)**—Minimum standards for oranges in interstate shipment will be tightened next month but only minor change were made for grapefruit.

The federal marketing agreement committee raised the standards for all oranges except tangelos for the period Oct. 8-19 at a meeting here Tuesday. No changes were made in white and pink seeded grapefruit and only slight changes in white and pink seedless grapefruit.

Standards for tangelos, tangerines and tangelos will be set at a meeting two weeks from Tuesday.

The Growers Administrative Committee and the Shippers Advisory Committee set orange grades up to No. 1 bronze and better, size 250 and larger. They had been at No. 2 russett or better.

Standards for seeded grapefruit remained at No. 1 bronze and better, size 70 or larger. A split standard was put on seedless — for the interior, U.S. bronze and better, size 96 or larger; Indian River, modified No. 2 russett and better, size 96 and larger.

## Two Drown Off Jetty

Two persons were drowned Tuesday night when a heavy wave washed them off a fishing jetty in nearby Manatee Bay.

The body of Mrs. Elizabeth [Name obscured] was recovered about an hour later by another fishing vessel. Though many assumed they had drowned, it took a search by the body of her husband, Jack. However, Sheriff's Deputy Robert Lewis said there was little doubt the man also drowned. He said a policeman spotted the body floating face down and being car-

ried toward the open sea.

Other fishermen in the area estimated the wave was 15 feet high when it swept over the jetty. A Weather Bureau official said it was possible the wave was a long-range effect of Hurricane Gracie, but said it also may have been caused by purely local conditions.

The Federal payroll for civilian employees went past the 13-billion-dollar mark for the first time in fiscal 1960.

## Eleven Charged With Raping Girl

LENNOR, N. C. (UPI) — Eleven men and boys were freed under \$5,000 bonds today in connection with the alleged rape of a 16-year-old high school girl.

Caldwell County Sheriff J. H. Myers said officers were seeking a 12th man who was believed to have left the state before the incident was reported.

Myers said that eight of the men had been charged with rape and the others with aiding and abetting. He said the eight had admitted having relations with the girl Sunday but claimed that she had consented.

The girl told officers Monday that five of the group forced her into a car and drove to a rural area where they raped her.

Myers said the girl told him "I kicked and screamed but after the five got through, they went and got another gang." She said they released her Sunday night.

The defendants, all residents of the Valdese area north of here, were arrested Tuesday.

Charged with rape were Bobby Story, 15, Wayne R. McGinnis, 21; Jerry H. Smith, 21; Johnny Walker, 22; Benny Campbell, 22; Jimmy Johnson, 18; Donald Church and Eugene Clark.

James P. Bumgarner, 18; Eugene Dillard, 18; and Charles Palmer, 20, were charged with aiding and abetting.

## Wife Accused Of Hiring Boy To Beat Up Hubby

JACKSONVILLE (UPI) — A policeman's wife accused of conspiring with a 16-year-old boy to kill her husband faced a court hearing today while the intended victim recovered in a hospital.

Charges were filed Tuesday against Mrs. Joseph T. Erwin, 36, after she was implicated in a statement by young Billy Hodgden. The boy admitted beating the policeman over the head with a lead pipe.

Mrs. Erwin was held at county jail pending \$5,000 bond and her husband, Patrolman Joseph T. Erwin, remained hospitalized with a possible fractured skull. Although he required more than 70 stitches, he was noted in fair condition.

The officer was attacked early Monday after Hodgden lured him into a darkened tool shed in the pretext of investigating a noise.

The youth was one of six teenagers being sheltered at the Erwin home prior to facing juvenile court action. Hodgden told police he hated Erwin and discussed his

plans to beat the officer with another boy living there.

Details of the boy's statement implicating Mrs. Erwin were not released. Hodgden already has been charged with assault with intent to commit murder.

Juvenile Judge Marion Gooding said as a result of an investigation the boy will be adjudged liable as an adult.

Expanding Rocket Lights Up Sky

PORT WALTON BEACH (UPI) — A bright reddish-orange cloud from an exploding rocket lit up the skies over Northwest Florida today in a test to learn more about high level atmospheric conditions.

The Air Force "Firefly" rocket burst at a pre-determined point 80 miles above the Santa Rosa Island missile center, showering the rarified air with sodium particles.

The sodium quickly turned into a giant, glowing cloud visible for hundreds of miles.

Witnesses said the cloud appeared to be bigger and brighter than the first test shot Tuesday.

An observation plane reported the cloud sped through the atmosphere at speeds ranging from 125 to 160 miles an hour.

A similar launching is scheduled about 5 a. m. EST Thursday.

The experiments will enable scientists to learn more about high altitude wind drift and other atmospheric conditions.

## Sign Pact

CLEVELAND (UPI) — The Cleveland Indians have signed a working agreement with the Toronto Maple Leafs of the International League. Toronto replaces the Pacific Coast League's San Diego Padres, who announced last week they did not wish to renew their working agreement with Cleveland.

fresh  
point  
of  
view...from Pontiac!

Another fresh one from Pontiac!

The inspired beauty of perfect proportion!

The precision control of Wide-Track Wheel Design!

The softer ride of supple suspension!

The wide choice of vigorous Tempest V-8 Engines tailored to economy or high performance!

The car craftsmen who developed Wide-Track Wheels, the innovation that brought a new standard of roadability to the American passenger car, present another fresh original for 1960!

With clean, crisp lines they've composed a delightful rightness of form with unity and rhythm.

Into the proved principle of Wide-Track (wheels farther apart for a steadier stance) they've engineered an ingeniously improved suspension system. This combination of a firm foundation and supple suspension gives you flawless control, more skill in the fine art of driving, smooth stability, bump-yielding softness.

The power plant is typically Pontiac. A wide range of restless, ground-gaining power packages to choose from. All are husky V-8's, ranging from the frugal 425E economy engine that prefers regular grade gasoline to the fiery Tempest 425.

Haven't you been an admiring spectator of Pontiacs long enough? Isn't this your year to become a participant in Pontiac pleasure, to move up to Pontiac ownership, where the enjoyment is the fullest, where the point of view is the freshest?

Wide-Track Wheels give you swiftest stability, solid comfort. You maneuver with skillful sureness, accurate control. It's the sweetest, most precise, most rewarding driving you've ever felt.

## Too Much Mink On Our Minds?

Sen. J. William Fulbright said yesterday that he thinks Americans are thinking too much about mink rugs in expensive autos and that this is hurting our "competitive existence" battle with Russia.

Fulbright, former president of the University of Arkansas and sponsor of the Fulbright exchange scholarship program, said the United States must place a greater emphasis on education. He took this stand in an address at the annual convention of Southern Newspaper Publishers.

"We devote entirely too much of our productivity to luxuries and those things which do not contribute to our national strength. The ultimate of our society now seems to be mink rugs in Cadillacs," he said.

Fulbright, chairman of the Senate Foreign Relations Committee, told the publishers he didn't think Khrushchev's visit to America solved any conflicts between Russia and this country. He said it might lead to a series of meetings which could help settle the cold war.

What the senator was calling for is a more realistic facing up to the gravity of the world political and military situations by fun-loving Americans, who have fought several wars with gusto, but forgot them too soon.

## Assignment Washington

**BY ED KOTKBA**  
WASHINGTON — A reporter's face-to-face meeting with the President of the United States — when the two exchange words to be recorded around the world — can be a comedy.

Eisenhower's press conferences are among the most dignified rituals in American journalism. And yet — maybe it's high-tension jitters that does it — there is levity. Unplanned levity.

Of all the blunders, the one that outshines them all occurred when a veteran newsmen arose and called out politely, yet loudly, to the President; "Mr. Smith!"

What gives this "spoonerism" almost legendary quality is that the utterer of this mistaken identification is one of Washington's most learned and conscientious journalists, UPI White House correspondent Merriman Smith.

What Smith meant to do was address the President by title, then identify himself as "Smith," as he has been doing all these years.

Then the other day another reporter, just in from two days of covering Chairman Nikita Khrush-

chev, bobbed up at the press conference and in solid, precise tones addressed Eisenhower as "Mr. Chairman!"

Like and the reporters played that one straight-faced, and the transcript corrected it to "Mr. President."

It's always a guessing game as to who will be "recognized," as we say in the trade. Last year, a young lady representing a newspaper in Anchorage, Alaska, finally got the nod of recognition from Eisenhower. Her question: Would the President like to come to Alaska for the statehood celebration?

She naturally expected a polite, "I'd like to, but..." reply. The President smiled, thought a moment, then tossed a question back at the questioner. "What is the date?"

The lady news-woman, unprepared, paled, gulped, gasped and said weakly, "Oh, dear." Amid laughter — including the President's — that ended that question.

But nobody laughs at anybody at a press conference because next week he may well be the victim of news conference jitters.

And at the last session, it hap-

pened to that certain person to whom everything happens sooner or later — me.

Toward the end of the meeting, three of us, side by side, vied for the President's attention. At my right was Jerry Ter Horst of the Detroit News and on the left was Scotty Reston of the New York Times.

The President pointed. All three of us gave him a "Who, me?" look. Eisenhower then said, "Will take the man with glasses."

I've been wearing glasses for 25 years. Yet instinctively I turned to Reston. He wasn't wearing glasses. I looked to Ter Horst and he, too, was without glasses.

In subdued jubilation, I said to myself, "He must mean me." I reached up there, and sure enough, glasses.

This unexpected turn so unbind-ed me that I blurted, "Thank you, Mr. President." Under ordinary circumstances that remark would be a sign of courtesy. But here, it's the traditional signal to bring the Presidential press conference to a close!

I can say I wasn't very popular with the White House reporters that day.

## Makeup Man Big Star Of Show

**By FRED DANZIG**  
NEW YORK (UPI) — Anyone for prize fighting today?

The DuPont show of the month returned to CBS-TV Monday night with a "modern" version of "Body and Soul" and showed us that boxing still is a rotten sport.

If you recall, in 1947 John Garfield played in this movie which used Fight Game Plot 1-A to demonstrate: the fight game may be corrupt, but man's dignity is not a punching bag.

In the movie, Garfield played a Jewish boy from the New York slums. In the TV version, Ben Gazzara played a Puerto Rican boy from the New York slums. He turned to prize fighting because it was the most logical path for him, became a champ, mingled with human garbage promoters, gamblers, etc.

and gave his mother, his girl, and his best friend the old heave-ho before agreeing to throw the Big Fight. The human garbage, of course, overlaid his hand and Garfield Gazzara came to his senses in time to win that B.F. in a rousing finish.

This is the old chestnut, or punching bag, and I think the

only reason for putting it on is to give a director the pleasure of attempting to recreate a fight scene. In this case, director Dan Petrie—assisted by former fighter and a good makeup man—staged that big fight beautifully. Gazzara was drooping, glassy-eyed, puffy kneed, puffy-eyed and a mess at the finish. But a victorious mess. And proud and happy, too. The gamblers are crestfallen, of course.

As a TV play, the stage for the final fight was set rather quickly and it was a long wait until he decided to cross up the move. I thought Gazzara's performance was convincing. He knew what he was supposed to do and did it well, except for his tendency to lapse into radio announcer-resonance in some intimate scenes.

Ellen Madison played his girl. This was her first big TV role and she did herself proud. Franchot Tone came on too strong as a sinister promoter. Bernie Hamilton as a punchy fighter gets a big vote from this referee. Florence Stanley was fine as Ben's momma and as usual Neville Brand and Martin Balsam performed

well. But perhaps the best job in this show was done by the makeup man. His name is Dick Smith.

Hennessey, which premiered on CBS-TV Monday night, was really two shows in one. Jackie Cooper portrays a Navy doctor who is a bit of a dolt for the first half of the show and then rallies to demonstrate his professional competence in the last half. Cooper was light-lipped and grim when he had to be, wide-eyed and good-natured when required. Anyhow, this one isn't a Western or a private eye show. There is no jazz theme. Hennessey's intentions are to patch up the afflicted, not to demolish them. This is honorable even though the execution is labored and swathed in cliches.

The Channel Swim: "Meet Cyd Charisse" is set for NBC-TV on Tuesday, Dec. 29, with Tony Martin and Eva Arden sharing the hour. Thelma Ritter has pulled out of the CBS-TV Phil Silvers special, "The Ballad of Louie the Louse." Pert Kelton replaces her in the Saturday, Oct. 17 hour-long musical. Elizabeth Taylor and Kirk Douglas are the latest additions to the roster of NBC-TV's "A Tribute to Eleanor Roosevelt," set for Sunday, Oct. 25.

Red Skelton's guest on his CBS-TV half-hour Tuesday, Oct. 6 will be Jayne Mansfield, playing a country girl. Dick Clark had booked comedian Alan Drake into his Saturday night ABC-TV show for Oct. 4. Drake has bowed out because of his wife's death at the hands of a New York gangland killer. Jack Paar's NBC-TV shows for Nov. 10-12 will be taped in Nassau. Dancer Gower Champion has drawn the directorial honors for "Cindy's Fella," which stars James Stewart and George Gobel on NBC-TV Dec. 13.

**Business Leader Nelson Succumbs**

LOS ANGELES (UPI)—Donald M. Nelson, former War Production Board chief and head of motion picture producer's association, died Tuesday at the age of 70.

Nelson, who rose from a newsboy in Hannibal, Mo., to a top post in Sears, Roebuck and Co. had suffered a stroke Aug. 23 at a party honoring him and his wife, Lena, whom he married only last Feb. 12.

## Washington Calling

**BY MARQUEE CHERRY**

WASHINGTON—While the economy on the world stage has been abruptly shifted as a result of Premier Khrushchev's visit to the United States, the fundamental issues of the cold war remain unaltered. What we have seen is only the smallest beginning of thawing a freeze going deep into the substratum.

It could hardly have been otherwise. The Khrushchev visit was a great gamble. And the gambler who took perhaps the biggest risk was Khrushchev himself.

Failure — conspicuous failure that could not have been glossed over by any form of words — would have confronted him with grim choices. He would have had to

resume the cold war with the prospect and even the likelihood of a hot war in the foreseeable future. Such a failure would have so weakened his position in the Communist bloc that in a new power struggle he might have been supplanted.

For Khrushchev it was the kind of gamble that has marked his whole career. By denouncing the crimes of Stalin and the "cult of personality" in his famous secret speech to the 20th Party Congress, he gambled that he could hold power in a new era without applying the full range of the Stalin terror.

When he decided to go all out in developing the virgin lands in Siberia Khrushchev took a greater

gamble. The outcome is still uncertain as a prolonged drought could wither the hopes of a new food supply to augment Soviet living standards. Vast amounts of capital and labor have been staked on an uncertain card.

The impetuosity, the volatility, the gambler's instinct have been evident in the personality Khrushchev exhibited in his two weeks in this country. It is no exaggeration to say that on his personality he put a high stake.

That he projected his humaneness, his humor, his vitality, his earthy vigor through the medium of television is undeniable. Pittsburgh, with a large Eastern European population, had been considered a major security hurdle. Yet in Pittsburgh he got the warmest reception of his tour.

The reason is not hard to discover. Those who followed him on television and were attracted by his personality wanted to get a glimpse of him in the flesh. Khrushchev was no longer the embodiment of an impersonal force, the evil and sinister force of communism. He had come into the living rooms of millions of Americans as a personality measurable in familiar terms.

Similarly, his wife and children had peered across the magic screen as identifiable human beings. And the very fact he had brought his family with him is a measure of the daring of Khrushchev in his American adventure. Newspapers in the Soviet Union had never carried a picture of any member of his family. They have been almost completely unknown in accord with the autocracy prevailing under communism. Yet, he chose to take them out from behind this barrier as part of the humanizing process.

All this was particularly effective in this country because we have our own "cult of personality." President Eisenhower is one of the beneficiaries of this emphasis on personality as against the stern necessities of policy and justice.

Now that the "success" of the visit has been ratified, these same necessities must be faced up to. The belief is growing that Khrushchev will go the whole way in disarmament, accompanied by simultaneous control and inspection. He is preparing to take a gamble greater than any thus far in his career.

The United States cannot simply dismiss his sweeping proposal as propaganda, which was the first reaction to Khrushchev's United Nations speech. We must prepare to negotiate seriously on disarmament, radical and all-embracing to a degree little contemplated by American policy-makers. But how can any disarmament control and inspection, even that limited to a suspension of nuclear tests, be effective unless it includes Communist China? Would the Senate ratify a disarmament accord that excluded the great land mass of China?

Merely to ask such questions is to suggest how small is the thaw now initiated. The unending process must go a long way beyond the ceremonial beginning if it is to have any meaning.

## Worry Clinic

Harriet typifies millions of wonderful women who serve as spark plugs for morality and culture. But the attack on mental health problems must start in infancy! And the best antidote in prevention as by the unique and economical "newspaper vaccine" outlined below.

**By GEORGE W. CRANE, Ph.D., M.D.**

**CASE C-462** Harriet Snelgrove, aged about 40, is a dynamic social leader at Gadsden, Alabama.

She devotes most of her waking hours sponsoring a school for about 60 mentally handicapped youngsters.

Recently, I visited this school, for the Mental Health Association at Gadsden had invited me to that city for a full day of lectures.

Frank Helderman, general newspaper publisher, helped get me there on schedule, for a storm had grounded my airplane flight.

And the train I took was about 10 hours late when it reached Nashville, so Mr. Helderman generously chartered a special motor plane and had me flown to the Country Club for a luncheon of some 300 leading women of the city.

They were all enthusiastic backers of Mental Health projects, and you readers should realize the importance of this subject.

## Jersey Epidemic Takes 12 Lives In Five Counties

TRENTON, N. J. (UPI) — Gov. Robert B. Meyner described as "serious" an epidemic of deadly encephalitis that has taken 12 lives in southern and central New Jersey.

However, he said it should be treated "without creating undue alarm." The governor noted that several state agencies were battling the outbreak that has hit five counties.

Latest figures from the state health department show that 12 persons, most of them children, have died as a result of a disease heaved to be eastern equine encephalitis. The department said that five of 22 suspected cases have been confirmed as encephalitis including four deaths.

Meyner said he has "been in touch" with health authorities from the onset. He expressed a "great deal of confidence" in Dr. Roscoe P. Kandle, state health commissioner who is directing the drive against the dread disease.

Meyner said the health department was "doing everything possible" to stamp out the disease.

He noted that in addition to the health department, the Agriculture and Conservation departments and state Fish and Game Division also were fighting the outbreak.

Kandle said through a spokesman Monday that the spread of the disease could now be considered an "epidemic of moderate proportions."

At present, 750,000 mental patients jam our hospitals. That is more than occupy all other hospital beds, combined!

Dr. Karl Menninger says the largest expense on the usual state's annual budget is for the upkeep of the institutions for mental patients!

**VACCINATE vs. MENTAL ILLS**  
The simplest and most economical method for stopping this terrific toll and heavy state tax burden, is to vaccinate folks.

Prevent insanity, delinquency, divorce, alcoholism and drug addiction. How?

By Mental Health Associations in your cities, plus church and school clinics.

But the very simplest antidote is "newspaper vaccine." I'm not joking!

Progressive newspapers thus slip hundreds of diversions in the bud and snatches thousands of teenagers from delinquency, as well as school drop-outs.

For a clinical column alone is really prophylactic psychiatry. It is vaccination against unhappiness, divorce and even insanity. Proof?

Well, just analyze the contents of such a column for a few weeks. And then realize, too, that it attracts an annual mail input that totals 5% or more of the newspaper's entire circulation.

These letters request booklets on sex problems, Rating Scales on marriage, "Tests for Sweethearts," as well as "How to Tutor Your Child at Home," plus 50 other vital topics of major concern to the average family.

Literally thousands of people have written to me, saying they were just on the verge of divorce, and often had actually started suit, when they read one of the cases in this column or sent for a "Marriage Chart."

Then they obtained a broader vision and got wise to the fact that they may have been at least 50% at fault for the domestic feud.

**TAX "HORSE SENSE"**  
From the cries of many dogooders, we should equip EVERY school child with a private psychiatrist and every married couple with a personal counselor.

That panacea sounds good but is financially IMPOSSIBLE!

So it is high time we inject more "horse sense" into the handling of our social problems. Uncle Sam can't coddle everybody throughout life.

And the best way to stop the mad trend toward neuroticism and divorce is prevention. Vaccinate the culprits long in advance.

Bigger and more costly state hospitals are definitely not the answer! Prevention is the proper solution, and newspaper vaccine is the cheapest antidote.

So send for the booklet "How to Prevent Nervous Breakdowns," enclosing a stamped return envelope, plus 20¢ (non-profit). Give one to each high school. (Always write to Dr. Crane in care of this newspaper, enclosing a long 4c stamped, addressed envelope and 20¢ to cover typing and printing costs when you send for one of his booklets.)

## Board Stays Out Of Controversy

JACKSONVILLE (UPI) — The Legislative Prison Committee has agreed to stay out of a controversy in which Warden Harvey West was accused of misconduct at the Correctional Institute near Ocala.

Sen. Harry O. Stratton of Callahan, committee chairman, said new panel director H. G. Cochran Jr. "is fully able to handle the situation at Ocala."

## New For Christmas

NEW YORK (UPI) — New color photography processes have made possible the latest in Christmas greetings — color portrait cards. Introduced four years ago, they will be available throughout the United States this year for the first time.

The portrait photographs are taken by studio photographers. They make reproductions in brilliant color for use in special Christmas folders.

## Demos Have Eye On Ike Trip To Russia

**By LYLE C. WILSON**  
WASHINGTON (UPI) — Nestly packaged out of the Eisenhower-Khrushchev meeting came some eggs—Republican eggs and all in one basket.

There is a proverb about that which begins with two emphatic words: "Don't put . . ."

It is a good question today whether the springtime meeting between President Eisenhower and Premier Khrushchev in Moscow will be a greater boon to their respective grandchildren than to the Democratic party. Springtime comes late in Moscow by American standards. Just as autumn comes early. It was snowing in Moscow Tuesday when all Americans, save, maybe, Fraser, Colorado, still awaited Indian summer.

So, if Gandpa is going to take the Eisenhower tykes to Moscow in a time of the spring thaw and blooming flowers it could be as late as June when the two chiefs of state next get together. It was Khrushchev's idea that the grandchildren should be in the Eisenhower party, and that they should see Moscow bloom and blossom.

Very pretty. But June 1960 is a politically critical month in the United States. Both national nominating conventions come up in July. The political word in recent weeks has been that the Democrats are lacking a crackling issue on which to base their 1960 presidential campaign.

A Moscow meeting just prior to the nominating conventions could give the Democrats an overriding issue. It seems reasonable to believe that such a meeting surely will provide an effective Democratic campaign issue unless there is generated in Moscow some concrete, realistic, reassuring progress toward peace, reduced national defense costs and lesser taxation. That issue could be decisive.

During the month before the conventions, Americans will be reading and hearing of little else than the meeting of their President with the Soviet chief. That will not offend the citizens ho-

use they surely must be more interested in peace than in presidents and in parties.

They have had from right now until the Moscow meeting to build up their hopes for a better world. The political party which can be tagged in the presidential campaign on charges of disappointing those hopes is likely to be defeated on election day.

The words uttered here and in Moscow since the end of the talks at Camp David have been hopeful, confident, optimistic. The citizens are entitled to believe a beginning has been made toward better things. This was true, after the 1958 Big Four meeting in Geneva.

"It is my judgment," Eisenhower said then, "that the prospects of a lasting peace with justice are brighter. The dangers of modern war are less."

The Big Four then turned over to their foreign ministers the specific issues to be resolved. Their meeting was an absolute failure and the world since has been on the brink of war.

BANNER YEAR

### Mack-Whiteside Acquittal Appeal Denied By Court

WASHINGTON (UPI) — The U. S. Court of Appeals rejected Tuesday an appeal in the Mack-Whiteside conspiracy case. Michael A. Mack, former communications commissioner, and Thomas A. Whiteside, a Miami attorney, had appealed District Judge Lewis R. Matthews' denial of their motion to have the case dismissed.

The motion was made after a 12-week trial in federal district court that ended in a mistrial with the jury hopelessly deadlocked. A new trial has been scheduled Nov. 5.

Mack and Whiteside were charged with conspiring to bring the award of Television Channel 10 in Miami to Public Service Television, Inc., a subsidiary of National Air Lines.

### Wife Of Atom Spy Refused Jail Stay

WASHINGTON (UPI) — The Justice Department has turned down a petition by Mrs. Marion Sobell, wife of a convicted atom spy, to live with her husband in Alcatraz prison long enough to conceive a child.

The department said today that Sobell sent her petition to Federal Prison Director James V. Bennett last April. Bennett replied that such an arrangement was against prison policy and regulations.

Sobell has a 10-year-old son and a 20-year-old step-daughter.

The New York electrical engineer was sentenced in April 1951, to 30 years in prison after being convicted, along with spies Julius and Ethel Rosenberg, of conspiracy to turn over U. S. atomic secrets to Russia. The Rosenbergs received the death sentence and were executed.

The department said Mrs. Sobell had asked that her petition be given no publicity at the time it was presented in a letter by New York attorney Eleanor Piel.

Sobell, 42, has sought a new trial a number of times on grounds that he was convicted on perjured testimony and that he was wrongfully sent back to this country after fleeing to Mexico.

## Snow Storm Rolls Across Colorado

DENVER (UPI)—The season's first major snow storm rolled out of the Rocky Mountains Tuesday, forcing many schools to close, snapping power lines throughout Denver and slowing traffic to a snail's pace.

By 8 a.m. the weather bureau here had measured 8 1/2 inches of snow since shortly before midnight, and it was still snowing briskly throughout a large area reaching from the mountains of Wyoming as far south as Colorado Springs.

It was one of the wettest snows recorded here and the weight of the soggy snow snapped limbs as much as eight inches in diameter.

## Ike Plans Trip For Sun Treatment Of Naggling Cold

WASHINGTON (UPI)—President Eisenhower plans to fly by jet plane this afternoon to Palm Springs, Calif., for an eight-day sunny climate treatment of a nagging cold, the White House announced.

Press Secretary James C. Hagerty said the president would stay at the home of George E. Allen, longtime Eisenhower friend, at La Quinta, about 15 miles from Palm Springs.

Hagerty noted that the weather forecast for the Palm Springs area was "clear, warm and sunny."

That's the kind of weather the President's doctor's have advised to shake the cold that has bothered him since his return from Europe earlier this month.

## Doctors To Make Up Gray's Mind

TALLAHASSEE (UPI)—Secretary of State R. A. Gray will undergo a series of medical tests this week on which he plans to base his decision whether to seek re-election next year.

The 77-year-old Cabinet official went to this first checkup Monday and will return every day this week except Tuesday. He said the weekly Cabinet meeting prevented his going yesterday.

## Export Policies May Cut U. S. Aid, 67 Nations Told

WASHINGTON (UPI)—Treasury Secretary Robert B. Anderson stated yesterday the United States might consider cutting foreign aid if other leading free world nations do not abandon policies which discriminate against American exports.

He bluntly told top financial officials from 67 nations that they cannot expect to keep piling up heavy earnings of U. S. gold and dollars. His remarks were directed especially at Japan and Western Europe.

In a major policy speech to the governors of the International Monetary Fund, the secretary said, "There must be a reorientation of the policies of the earlier postwar period and a new determination by all the industrial countries to face the common obligation to share in the task of providing capital to the less developed parts of the free world."

Anderson, President Eisenhower's key financial adviser, reiterated the United States' "firm policy of maintaining unchanged the present official price of gold" at \$35 an ounce.

He expressed hope that the current U. S. losses of gold and dollars of about \$4,500,000,000 could be "reduced by increases in our commercial exports of goods and services relative to our imports of them."

## Cow Protection

LOCKPORT, N. Y. (UPI) — Civil Defense officials in western New York's Niagara County are making plans for a big cattle roundup. They want to make sure the area's 2,000 dairy cattle are herded to safety in the event of a nuclear attack.

**AFTERMATH OF TYPHOON** in Korea leaves several hundred homes near waterfront at Pusan washed away by tidal waves and 110-mile an hour winds. The typhoon was the worst in 54 years and left 600 dead or missing and nearly 100,000 homeless.

## Graham Lashes Out At Sinfulness

WHEATON, Ill. (UPI)—Evangelist Bill Graham said there is "no possibility of world peace because of the sinful condition of the world."

Graham delivered the second address in his week-long crusade at Wheaton College before a crowd of 8,500 driven indoors by a sudden downpour.

When Graham finished his 40-minute talk, 300 persons stepped forward to make decisions for Christ. Counselors gave the 300 literature and urged they visit local clergymen when the crusade ends.

Graham, who preached from the same pulpit used in 1902 by famed evangelist Billy Sunday,

said he was "very, very happy, very much pleased" with the turnout.

Graham directed his remarks toward students at Wheaton, where he graduated in 1945.

It is easy to neglect God at Wheaton College. It is easy because students come to lean on the crutch of the chapel services and the Christian atmosphere," he said.

But Graham warned the students that the sinner is "in bondage to Sin. You work hard for sin."

"Everyone has broken the Ten Commandments. How many of you committed adultery this summer by look, thought or act?"

He said he was "very, very happy, very much pleased" with the turnout.

## President Asked To Give Details Of Nikita Talks

WASHINGTON (UPI) — Congressional foreign affairs experts yesterday sought information from President Eisenhower would help them evaluate the significance of his talks with Premier Nikita Khrushchev.

Several senators and congressmen urged the president to them a special briefing on current status of the cold war.

Senate Democratic Whip Mansfield proposed that Eisenhower summon leaders of both parties here for a briefing. Assistant Senate GOP Leader Thomas S. Kuchel of California said he was sure the administration would do just that.

Kuchel said the briefing might be held by a high administrative official, possibly Secretary of State Christian A. Berber. Herber was present during much of the two-days of conversations between Eisenhower and Khrushchev at Camp David, Md., last weekend.

Sen. Thomas J. Dodd (D-Conn.) urged that the Senate and House Foreign Relations committees be informed so they would be better guided in the future. He said the Eisenhower-Khrushchev communique issued after the talks was "vague."

Congressmen of both parties were inclined to adopt a "wait and see" attitude in evaluating the Khrushchev visit.

The congressmen also differed on the issue of a summit meeting.

Rep. Frances P. Bolton (R-Ohio), a member of the House Foreign Affairs Committee, commented: "I don't think there is any need for one at this time. What could be discussed that wasn't discussed this weekend at Camp David?"

Rep. Robert E. MacDonald (D-Maine) saw "the great harm in a summit conference" but said he didn't think much would be accomplished under such "highly formal and protocol-ridden" conditions.

## Charges That University Program Quality Suffers Denied By Board Head

TALLAHASSEE (UPI) — Board of Control Chairman J. J. Daniel said there was no truth in charges that overloaded classes and low faculty morale are damaging the "quality" education program at the University of Florida.

Daniel, of Jacksonville, also took issue with statements that college and university faculties should be freed from outside agencies like the Board of Control.

"While there may be a few educators over the nation who long for a Utopia in which they have all of the resources they want and the freedom to do whatever they can agree upon among themselves," he said, "the whole development of higher education has been based upon the exercise of responsibility by lay boards

which are representatives of the people.

"This has been the means for keeping education responsive to the needs of the people," Daniel added.

The board chairman challenged a report of overloaded classrooms and a report of the 1958 Legislature by Assistant Dean Stan E. Wimberly of the university's College of Arts and Sciences.

"It is not true that there has been any great change in the overall student-teacher ratio in the past several years at the University of Florida," said Daniel.

Wimberly also said low salaries were creating a serious faculty morale problem at the university. But Daniel said the 1958 Legislature dealt fairly with all state institutions "even though faculty salaries could not be advanced to the level believed necessary."

Wimberly also said low salaries were creating a serious faculty morale problem at the university. But Daniel said the 1958 Legislature dealt fairly with all state institutions "even though faculty salaries could not be advanced to the level believed necessary."

## Report Pictures Khrushchev As Tyrant, Killer

WASHINGTON (UPI) — Soviet Premier Nikita Khrushchev is pictured as a bloody tyrant guilty of mass murder and terror in testimony released by the House Committee on un-American Activities.

The committee has made public the first of a four-part transcript of testimony entitled "The Crimes of Khrushchev." It acted less than 24 hours after Khrushchev returned to Moscow.

Committee Chairman Francis E. Walter (D-Pa.) said the complete transcript "does not make a pretty picture" but "does portray the unvarnished truth" about Khrushchev.

The transcript will be released section-by-section over the next several weeks. The first part consisted of 18 pages of testimony from Eugene Lyons of Pleasantville, N. Y., a senior editor of Readers' Digest who served as a correspondent in Moscow for a six-year period ending in 1925.

Lyons, who has written a biography of Khrushchev and a number of books and magazine articles about Russia, testified that Khrushchev, "despite his homespun exterior, is one of the bloodiest tyrants existing. He has come to power over mountains of corpses."

Lyons described Khrushchev "as Stalin's trusted killer" in 1934 purges in Moscow, a two-year purge in the Ukraine beginning in 1937 in which an estimated 400,000 persons were killed, and a second Ukraine purge in 1943 in which hundreds of thousands were exiled or killed.

Lyons described Khrushchev "as Stalin's trusted killer" in 1934 purges in Moscow, a two-year purge in the Ukraine beginning in 1937 in which an estimated 400,000 persons were killed, and a second Ukraine purge in 1943 in which hundreds of thousands were exiled or killed.

## Church Gives Space For Woman's Club

The First Methodist Church at Orlando has voted to grant the Orlando Woman's Club the privilege of using Fellowship Hall as their meeting place for the coming eight-month season.

Previous meetings were held in the building owned by the Woman's Club. This building was sold in July and plans are underway for a new building to be constructed in the near future.
