**NOTES ON YESTERDAY'S ALLEGED BAIL GAME**

Vernay was the "pinch hitter" for the Rotarians. Some one had to "pinch" him to keep him awake.  
 Connelly was the best man the Kiwanians had in the field and they were all so jealous of him they took him out. Said he could not see the ball—but that was not the reason. They were simply jealous of his superior ball playing.

Holly's record was without a flaw. The score today reads "nothing" all along the line. However, this is a wonderful record when one takes as many chances as he did on third base and never made an error.

Howard Overlin, for the Kiwanis, and Gene Roumillat and Charley Britt for the Rotary were some good catchers. Gene split his finger in the game trying to stop one of Doc Puleston's curves and had to retire to the ambulance. Charlie finished for him in grand style. Howard Overlin is a ringer and will not be allowed to play again. His real name is said to be Shawkey and he has been playing with New York.

Another thing the Kiwanis Club did to the Rotarians was to run in a professional pitcher. Fellow who goes by the name of Lane is really named Hully and he used to pitch for Stetson University.

Judge Schelle Maines and Judge James Sharon were "Central" figures in the game and they played to the grandstand all afternoon which interfered somewhat with their playing. They were repeatedly called down by Forest Lake, who was sore on their standing in his way in front of the crowd.

Col. Knight, Dr. Puleston, Rosebro, Dr. Stevens and Brandt, of the Rotarians and Lloyd, Lake, McKinnon, Brownlee, Baumel and Betts were the only professionals that were discovered by "scouts" from some of the big leagues who were down here looking for material. They were searched after the game but nothing was found on their hips.

The game was played in order that a new hospital and a new Woman's Club, a new Country Club and a new Ball Park and Fair Grounds could be built from the proceeds. After the game it was discovered that no one had taken up a collection and not one cent was forthcoming from the game. It will not be a hard matter to decide which institution will receive the benefit.

Among the several "ringers" that were uncovered during the game was Haynes, a former big leaguer from Kansas, and Ralph Stevens, who pitched for Lake Monroe one season. They will not be allowed to play any more for one month—they are not able.

**RESOLUTIONS OF THE BOARD OF PUBLIC INSTRUCTION**

Of Seminole County on the Death of Hon. Howard C. Lyman.

Whereas, God, in His infinite wisdom, has called from this life our friend and fellow-worker, Mr. Howard C. Lyman, and

Whereas, this Board of Public Instruction feels deeply the loss of this friend of education, who has rendered such faithful and energetic service as member of the Board of School Trustees of his home town, and

Whereas, we desire to express to the bereaved family in their hour of deep sorrow our sincere sympathy, therefore be it

Resolved, That we extend to the sorrowing family and their friends this expression of our highest respect for our deceased brother and of our sympathy for his family in this sad hour, and be it further

Resolved, That a copy of these resolutions be forwarded to the saddened family, a copy furnished the press for publication, and that these resolutions be made a part of the minutes of this meeting of the Board of Public Instruction.

**BOARD OF PUBLIC INSTRUCTION FOR SEMINOLE COUNTY, FLA.**

C. F. HARRISON, Chairman.  
 CHAS. A. DALLAS, Member.  
 FRED T. WILLIAMS, Member.  
 SCHELLE MAINES, Attorney for Board.  
 T. W. LAWTON, Sec'y and Supt.

In Circuit Court, Seventh Judicial Circuit, Seminole County, Florida.  
 VALIDATION OF BONDS \$33,000.00 18818E.

Special Tax School District No. 2, Seminole County, Florida, holding by H. J. Overlin, W. V. Dunn, and J. W. Osborn, Trustees, and C. F. Harrison, Chairman, Fred T. Williams, and C. A. Dallas as Members of the County Board of Public Instruction for Seminole County, Florida.

The State of Florida, ex rel Geo. A. DeCottes, State Attorney for the Seventh Judicial Circuit of Florida.

To the Citizens and Taxpayers of said Special Tax School District No. 2, Seminole County, Florida: A petition has been filed in the above styled Court by Special Tax School District No. 2, Seminole County, Florida, setting forth the fact that an election has been called and held in said Special Tax School District No. 2, on the 10th day of July, 1923, to determine whether there should be issued by said Special Tax School District, bonds in the sum of six per cent (\$62) per annum, interest payable semi-annually, principal to mature thirty years after the date of the bonds, and the said bonds to be dated July 1st, 1923, the proceeds of the said bonds to be used for the purpose of acquiring, building, equipping, furnishing or otherwise improving school buildings and school grounds and for the exclusive use of the public free schools, within said Special Tax School District No. 2, and that a canvass of the returns of said election show prima facie that said election was in favor of the issuance of the said bonds as aforesaid by the District.

Now therefore in pursuance to an order of the Court herein made and in conformity with law Notice is hereby given that the citizens and taxpayers of the said Special Tax School District No. 2, Seminole County, Florida, are to appear and be lawfully required to do so appear before Honorable Circuit Court of the Seventh Judicial Circuit of Florida, on the 2nd day of August, A. D. 1923, at ten o'clock in the morning at Sanford, Seminole County, Florida, then and there to show cause, if any they have, why said bonds should not be validated and confirmed.

WITNESS my hand and official seal of office at Sanford, Seminole County, Florida, this 13th day of July, A. D. 1923.  
 E. A. DOUGLASS, Clerk, Circuit Court, Seventh Judicial Circuit, Seminole County, Florida.

Robb Calomel of Nausea and Danger

Medicinal Virtues Retained and Improved—Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotabs"

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity, purified and refined from those objectionable qualities which have heretofore limited its use. In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no sick. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original sealed packages, price thirty-five cents for the large family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs. (Adv.) 6-29-8-4-6-11-13-15-20-25-27-131c

SANFORD

MATTRESS FACTORY

UPSALA AND GRAPEVILLE

Mr. and Mrs. Bert Smith and children, Major Henderson and wife of Monroe spent Sunday with Mr. and Mrs. Will Henderson.

Rev. J. S. Clark will be with us again next Sunday, Providence permitting. Sunday school at 2:30 and preaching at 3:30.

Mr. and Mrs. Cramer were among a few friends invited out by Mrs. Collier last Thursday to spend the evening as a surprise on her husband's birthday. V. C. killed another alligator, a five-foot one this time. We had a taste of some of the delicious cakes.

Two cars, one a Ford truck driven by a Paola man and the other a new Ford Sedan, driven by a lady from town came together just below the DeForest place Wednesday afternoon and both were badly injured, the truck getting the worst of it and the driver thrown into the ditch. All say the man was going too fast, though on the right side. The people were not hurt.

Mrs. E. F. Lundquist and children and Mrs. Vellie Williams and children were all home from Coronado Beach for a few days. Elmer took his wife back on Saturday while Mrs. Williams stayed over until Monday. C. M. Williams was home also.

Miss Eva Malm spent a few days after the Fourth with her cousin, Mrs. Alma Neese. She expects to have a longer vacation from the Ormond post office, ere long.

Mr. and Mrs. Noah Fry and a friend, Louis Carteling of Windermere were here on the Fourth looking after their new place in Grapeville, taking dinner with her sister, Mrs. T. O. Tynes.

Mrs. Baxter, a Bible reader from Orlando is the guest of Mrs. Westerdick. The Adventists are having a tent erected in Sanford where they will begin revival work on Friday evening.

Mr. and Mrs. William Henderson gave their little daughter, Lucy May a nice party on Monday afternoon, which was her eleventh birthday. Some eighteen children enjoyed the happy time from 3 to 5. Cakes and cream were served. And the next afternoon there was one for Elmer Tynes but the rain came and not many could get out but all had a good time who did. Refreshments were served here also.

Mrs. Leonard Vaden was allowed by Dr. Stevens to return home on Sunday evening from the Fernald-Laughton hospital as she is now getting along so well. Their daughter, Mrs. Signa Robbins is with her while Mr. and Mrs. Hunter are near by, camping out at the lake. While she was in the hospital 17 days, Lonsing who had already got up the frame, rushed the house which he has been building on the Chase place for them and the family got moved in all ready for her coming. It is a very nice five room cottage with a sleeping porch, hall, closets, bathroom and toilet and hot and cold water in the bath and kitchen. There is also a nice fireplace in the living room. The front porch is yet to be built, there is a closed-in porch on the back.

Rev. G. V. Albertson of LeDand was with us and took supper at the Ballinger's Friday going on to see Bro. Clark and to Lake Mary where he was with them for Sunday school coming back, unexpectedly and giving those who were out to Sunday school a good talk on the "Great Awakening." Sorry he could not go out to the evening service led by Rev. Wahlberg, as he has been on the sick list since February. The Board kindly gave him a vacation for two months and on full pay. The first he has had since taking up the Florida work. He will have to go easy for a time as his voice entirely failed him.

Rev. Wahlberg was a guest this time of Mr. and Mrs. Carl Carlson. Mrs. Hunter was a caller to see Mrs. Swanson.

EAST SANFORD

Sunday, July 15 is the regular appointment for Rev. Joseph Wainwright to preach at Moore's Station church.

Mrs. Thelma Smith of St. Augustine was the guest of her parents, Mr. and Mrs. W. R. Bates, during the past week.

Mr. and Mrs. Irving Estabrook and children will move from town to the house on Beardall avenue, recently occupied by Mrs. Lilly H. Jones and Miss Hoskins Jones.

The Weeks home on Cameron avenue is undergoing extensive alterations and presents a very attractive appearance—it would not be recognized as the same house.

Mr. and Mrs. J. E. Ellsworth were guests of Mr. and Mrs. I. D. Martin of Park avenue Sunday for a trip to Coronado Beach for the day, with dinner at the Ocean View hotel. The trip was made in the Martin's fine new Studebaker Sedan.

Mr. and Mrs. J. F. McClelland and children have gone to Sarasota and other points on the west coast in their new Redbird car to visit Mr. McClelland's people.

Mr. and Mrs. H. G. Dieterich and Miss Gladys Dieterich are moving to Park avenue in town this week.

C. S. Chorpene and brother-in-law, Jack Biddinger are driving through from Ohio via Washington, D. C. in Mr. Biddinger's car and are expected to arrive any day.

Mr. and Mrs. J. F. McClelland have sold their farm and home at Moore's Station to Mr. Potter of Detroit, Mich. Mr. Potter is a brother of Mr. Potter who bought the Harry Ward farm on Beardall avenue. Mr. Potter has arrived and is superintending the work on his new place.

Mr. and Mrs. J. F. McClelland have moved to the Chase farm on Celery avenue, where Mr. McClelland has

been foreman several years. The need bed tents are being erected again, earlier each year than the previous years from now on till December the encampment of seed bed tents will be seen to raise celery, lettuce and other plants for the hundreds of acres of crops to be seen throughout the winter farming season of 1923-24.

Friday, The Thirteenth.

Good day to transact business even though the signs are bad.

Firpo made \$80,000 for knocking out Willard last night and Willard made \$120,000 for allowing Firpo to knock him out and the damphool public spent half a million looking at the fiasco.

We note by yesterday's paper that the "hog rates from Florida to the southeast have been lowered" all of which reminds us that this would be a good time for some of the "Road Hogs" to take a trip.

Forbes On Florida, says that it will be the greatest state in the union. Richard Edmonds says so, William Jennings Bryan says so, the editor of the Herald says so and so before Forbes, Bryan or Richard Edmonds ever discovered Florida.

Again we want to rise up and say that we want one million dollars here to loan out for homes, apartment houses and a big tourist hotel. We need the homes and apartment houses this winter. We will be needing the tourist hotel next winter. We need the money right now.

"England Warns Against Long Occupation" says headlines in Tribune this morning. Yes, you are right. Too long occupation of anything, anywhere is bad. We have tried it, the Germans tried it, the French are trying it. Ford and Bryan have tried it. All agree with us.

The board of commissioners of state institutions have agreed that hereafter the proceedings of the legislature in bound volumes are worth as much as \$3.50. If the board thinks they have some of the "best sellers" they are badly mistaken. We wouldn't give library room to the proceedings of any legislature that ever legislated.

Looks like Chicago will get the Republican Convention. In that case we suppose Al Smith will want the Democratic Convention in St. Louis under the Anheuser Busch. Sanford will not make any bids for either the Republican or Democratic convention. It would absolutely spoil all our chances to get the C. E. Convention next year.

Our summer visitors from the northern states are greatly surprised at the cool weather we have in Sanford and especially at the delightful nights and mornings. We have hot weather here at noonday in the sun but in the shade it is always delightful. This is an old story to Floridians but it is an unending delight to summer visitors.

Last night two big stiff "battled" for the chance to knock Dempsey's head off. One of them was Jess Willard who never made such easy money in his life and had to come back to the ring to make some more while the picking was good and Firpo, the south American who in the past few months has seen more easy money than he ever dreamed of in his home town. These big bolognes fought eight rounds and Willard rakes in \$120,000 and Firpo about \$80,000 of easy money. And yet they say that people are starving to death in parts of the United States and we still send missionaries to China.

Bill Glenn of the Orlando Sentinel thinks we are gloomy because we say that more territory for Sanford will not be needed for a long time. We are not gloomy, Billiam. We just want to tell the folks the truth. We have said it before and we say it now that unless more money is procured

for the many new homes an apartment houses needed here the city will do little growing and spreading out in the next few years. And then you must remember that Sanford reached out several years ago and took in everything this side of Orlando and DeLand so that we are all set for the bigger city when the houses can be built.

Florida objects to the new raise in freight rates and Florida will object strenuously to any and all raises in freight rates. Florida farmers and Florida merchants are paying all the freight "the traffic will stand" and this is the truth. If the railroads persist in killing the goose that lays the golden egg then before the killing, the goose should get wise and take to the water—meaning the St. Johns river and water transportation. Sanford and all of this part of the state has the remedy at hand. All we need to do is to use it and the Herald is glad to see the railroads pushing the farmers and merchants to the last ditch. When they reach the last ditch they will get wise to what we have been preaching to them for years—take to the water, gentlemen, take to the water.

VACATIONS ARE THE THING.

Vacations are the thing. They are the cat's ankle, the rat's overshoes, the clam's garters and then some. Vacations are good for everyone and anyone no matter what age they may be. Vacations are even good for little babies and a few weeks at the beach does wonders for them and more than that for the tired mothers and overworked fathers. It is the greatest asset in life for a vacation spent in the right manner is well worth the money. A vacation saves doctor's bills—sometimes—and brings you back home with a new vision in life, with renewed energy and vigor and the will to do things. We are speaking of vacations that other people take not of our own vacation but some day we intend to take one. The Orlando Sentinel sums them up as follows:

"Some people never take vacations, but devote their whole lives continuously and unrelentingly to business. Is there any business worth such sacrificial devotion? Or if so, is there any business, even the most altruistic, which really profits by it? "A little looking around may open a fellow's eyes as to questionable value of keeping his nose everlasting-

ly to the grindstone. Is it the people who stick to their daily routine steadily, every week in the year, who make the biggest business success? Or is it the people who alternate work and play, and do each with the greater zest and freshness because of the change?

"Life itself is change. Consciousness, psychologists say, is change. Were it not for change, no living thing would ever have a new idea, or even develop, improve and advance.

"And life is more than business. Surely human beings work to live rather than live to work. What does it boot and individual to slave for a lifetime, putting himself utterly into some impersonal business or other, and losing his identity so that he can hardly be said to have any real life as a man with a heart and soul and mind of his own? Life is for the building of individual character, with gainful work as a mere contribution.

"Vacation emphasizes this truth. Many a person, indeed, never realizes it except when taking a genuine vacation in a new environment. The change brings him to his senses and makes him better acquainted with himself, with a desire to improve his acquaintance. And this is the greatest benefit of summer vacations."

NEWSPAPER ADVERTISING.

It was pointed out recently by Louis Willy, business manager of the New York Times, that the newspaper has supplanted the magazine as the

leading national advertising medium. Great as is the volume of advertising in the magazines, that in the newspapers is far greater. And what is more to the point, it is far more effective.

The reasons are plain. Every local merchant knows how thoroughly his home paper covers his own locality. The national advertiser, using the newspapers, completely covers the country in a way otherwise impossible. A limited number read the magazines. Everybody, including the magazine readers, the newspapers are elastic and can meet the varying trade demands of the manufacturer or merchant. They not only set forth the merits of goods, but tell where those goods may be obtained. They work in harmony with the seasons, and thus do not waste any of their appeal, whereas much magazine advertising shoots into the air!

HOME OWNERS VS. RACE SUICIDE.

Periodically we read something about race suicide in this or other countries.

The latest statement is in our own United States that apartment house life will be the cause of decrease in our own population. There is no question about that, for the average apartment allows only dogs, not children.

The remedy, according to the Manufacturer, is to urge our people to

move out of the congested districts and build themselves little homes on the abundance of cheap residential property that surrounds all of our great cities.

This would accomplish two results: first, a home owner makes a better citizen because he has an interest in our government and becomes financially more independent than the rent payer; second, it would help to hold down and maybe reduce the inflated values for a large portion of apartment house property and rents. The average apartment house rent of

from \$75 to \$150 a month would seem pay for a fine home for any family.

An honest architect and contractor can put up a home cheaper today, in proportion to your income, than would have been possible in 1912. Don't let the high rent artists scare you about building. They build and are making money off you. You can build and pay that money back to yourself and at the end of ten years have a valuable asset instead of some worthless rent receipt.—St. Petersburg Times.

When The Line Is "Busy"

The drawing at the top of this advertisement illustrates the test which the operator makes before giving the busy report.

When she receives your signal she picks up the plug, as shown in the illustration, and is ready to serve you.

When you tell her the number she touches the rim of the hole (known as the jack) where the called number is located.

If she hears a clicking sound she knows the line is "busy" and so reports. If there is no sound the line is clear and she makes the connection.

Should she tell you the line is busy, without first testing it, she knows you will call again in a few minutes, so her work is not lessened. She has all to lose and nothing to gain by making a false report. Operators are trained to know this, and are anxious to please you.

When calling a party line telephone it will help you to remember that the line may be busy when the telephone you are calling is not in use.

Telephone operators appreciate co-operation.

LOCALS DEFEATED BY DELAND TEAM

The Sanford Semi-Pro team went to DeLand Thursday afternoon and played before the crowd gathered at the Baptist Assembly, one of the greatest games in the history of base ball.

Sanford got off to an early start and scored one run in the first inning, but only to allow DeLand to tie the score in the 9th after which it resulted in a grueling affair of fight and tight play until the 11th inning when Jackson running for Ammons crossed the plate with what seemed to be the winning run, but the umpire made a poor decision and called him out, although he was unquestionably safe. The battle lasted to seventeen innings when DeLand scored again and our boys went down in defeat after fighting like lions to win the contest. The score was 8 to 1.

FIRPO KNOCKS OUT WILLARD IN EIGHTH ROUND OF BOUT TO DECIDE WHO WAS WHO

Since Winner is to Fight Jack Dempsey as Soon as Possible

RINGSIDE, July 13.—Jess Willard, the man-mountain from Kansas went back to fistic oblivion last night but he staged the last thought futile act of his come back before a throng of more than 100,000, the greatest in ring history that filled Boyle's Thirty Acres to overflowing.

There was no question of the superiority of the brilliant Argentine brawler last night. Willard's superior weight, height and reach enabled the big Kansan to check Firpo's rushing attacks in most of the early rounds but, despite the American's gameness under fire the tide of battle swung inevitably in favor of the younger, more rugged fighter.

The final round opened slowly. They sparred at long range and there was little hint that the end was near. But suddenly Firpo unleashed a savage drive to Willard's head and body. The fury of that attack had never before failed to bring down the South American's quarry, big Jess despite his towering size and stamina, wilted. Step by step Willard gave ground, trying almost blindly to ward off the volley of jolts to his head and body. Backed up against the ropes a right shot to the head sent him to his knees. He knelt as Referee Harry Lewis counted, shaking his head and trying to lift himself up. But the waning strength in that great hulk was unequal to the task and he sank into the arms of his handlers at the final count.

Four years ago Willard came up after being knocked down seven times in the first round of the fight in which he lost his title to Jack Dempsey but while the same courage remained last night he could not muster the strength to rise after that devastating attack of Firpo's.

Firpo's greater speed and ability to attack his big target at more angles gave him an early advantage. But the South American often displayed had judgment of distance and this, coupled with Willard's ability to block his opponent's rushes, resulted in little effective battling. Willard, except for an occasional jab with his left, stayed on the defensive waiting for a chance to shoot in an uppercut. But Firpo, a shifty object, gave him few opportunities.

In the first Firpo cut Willard's ear and in the fourth he pummelled the big Kansan about the ring with a drive to the head. Jess absorbed heavy punishment but came back in the next round with his only real offensive. Firpo backed to the ropes under a barrage of blows to the head but Willard failed to follow up his advantage.

Willard subsided. Firpo paved the way for the end with a slashing attack in the seventh weakening the Kansan with rights to the body. Willard showed a few flashes of form in the seventh, but they were ineffective and the end came in the eighth after one minute and 55 seconds of fighting.

Round Six: Firpo shot in his right to the neck. Willard covered up as he was short with his left. They jabbed lightly at long range, as Firpo circled his opponent in search of an opening. Firpo drove rights and lefts to the jaw, but failed to shake big Jess. Willard's left stopped Firpo short. The Argentinian's aim was bad with his left, but he shot in a right to the body as the gong ended the round.

Round Seven: Willard shot in a hard right that sent Firpo to the ropes. He employed the rabbit punch to the back of Firpo's head in a clinch. Willard's left shot home twice to the jaw. Firpo showed a slight cut under his right eye. Willard took several blows to the head, as the round ended.

Round Eight: Firpo clinched after missing with his left. Willard jabbed, but Firpo clinched again, shooting in his right to the ribs. Willard came out of his corner to take the aggressive. He landed two left jabs to Firpo's jaw. The latter clinched twice, apparently tiring under the relentless pace he had set. But as he drew away from Willard he suddenly launched a whirlwind drive to both head and body. Willard's guard dropped from a jolting right. Firpo rained a volley of rights and lefts to the plant former champion's head. Willard tried to ward off Firpo's drives but his defensive tactics were ineffective. A powerful right straight to the chin sent big Jess reeling back to the ropes. Dazed and groggy he dropped slowly to one knee. He shook his head, much as a big mastiff might, as the referee tolled the count. He tried to rise at eight counts but could not lift his bulk to his feet. He was lifted to his corner in a daze.

WINNER GETS LESS MONEY THAN THE LOSER JERSEY CITY, July 13.—Willard will receive about \$120,000 and Luis Firpo around \$80,000, as their shares of the gate receipts for their battle last night. These figures were based on estimated total receipts of \$400,000, Willard receiving 50 per cent and Firpo 22 per cent of the gross amount.

Official check, however, Tex Rickard said, will not be completed until today. His estimate of an attendance of more than 100,000, he said, was inclusive of all within the bowl, police, ushers and others who did not figure in the box office total.

ALL-STAR TEAM FIRST HALF OF THE SEASON Catchers—Kosmith and Chilli Francis. Pitchers—Humphries, Luther, Ferguson, Chapman, Camp, and Olliger. First base—Nichaus. Second base—Leach. Third base—Ammons. Left field—C. Stewart. Center field—Gulley. Right field—Greene.

Note—Hankins did not participate in games of first half.—Lakeland Telegram.

WILSON HOLDS ISLANDERS SO ST. PETE WINS ST. PETERSBURG, July 13.—Willie Wilson was in great form yesterday and held Daytona scoreless while his team mates bunched nine hits for a 4-0 victory.

BRADENTOWN, July 13.—Orlando gained a game on Bradentown yesterday, winning 4 to 2 when the defense cracked in the eighth, and Littlejohn showed the hitting power of the team as he and hot the rest of the affair.

CELERY SEED

Sanford drops another to DeLand! DeLand certainly has no easy time beating Sanford.

They battled seventeen innings yesterday and Sanford finally lost to DeLand by the score of 2 to 1.

Ammons, Sanford's hurler, collected four hits during the fray while others of local hitting fame didn't seem to find the right spot on the apple.

Another attempted come-back failed! When big Jess Willard was knocked out in the eighth round of the Willard-Firpo fight last night it gave a good example of what happens to the old fellows who try to stage a comeback.

Babe Ruth is still going strong after "Cy" Williams. Yesterday in Chicago he cracked out his twentieth homer of the season and is now only two behind Williams. Williams is very kindly slowing up and giving Ruth a chance to catch up.

In yesterday's Lakeland Star-Telegram among the pitchers that were selected for the Florida All-State team was Chapman, of the Daytona club. We will, and hope other Sanford fans will, congratulate Chap on his success. Many times have we seen Chapman make that famous windup on the local ball lot.

SENTINEL TAKES GOOD ONE FROM BIG BEREAN

Yesterday the Sentinel Early Risers kept up their stride in the Pepper League by defeating the Big Berean Brotherhood from Sanford in a seven inning contest by the score of 9 to 5. Both twirlers were a bit wild throughout the game and the Sanford team pulled four errors at crucial moments but otherwise the game was nicely played by both clubs. The score: Sanford 002, 200 1-5 4 4 Sentinel 004 140 x-9 5 1 Batteries: Dorris and Thurston; Hammond and Rallsback.—Orlando Sentinel.

help the team, by attending the games and a small contribution, we will furnish the kind of games that will please everybody. We play Orlando here Thursday, July 19th and DeLand here Thursday, July 20th. C. A. WIDDON.

FIRPO TAKES HIS VICTORY IN SAME MANNER FOUGHT

(By The Associated Press) JERSEY CITY, July 13.—Luis Angel Firpo, conqueror of Jess Willard, took his triumph with the same solemnity that he displayed in the seven and a fraction rounds to put the giant Kansan down.

"Willard is a fine man. I am proud to have defeated him," he said. Told that Willard had declared he would make a "great match" for Champion Dempsey, he said: "I have never seen Dempsey in the ring, but I am anxious to get in the ring with him. I believe I can beat him."

Firpo said Willard had given him a tough battle. The blows the former champion landed, he said, hurt, backed as they were with the big Kansan's 242 pounds of bulk.

Willard characterized Firpo as a good, tough hitter. "He certainly gave me a good hard fight," Willard said. "I don't want to alibi as I was fairly beaten, but my left arm was so sprained in the training that I could scarcely use it at all. I had many openings for Firpo's face, but I couldn't jab hard enough to down him."

Willard said the blow that put him down for the final count was a hard right cross to the jaw which had him

groggy for several minutes after he had been counted out. Indeed, he appeared a trifle groggy 30 minutes after the fight as his trainers were patching him up in his dressing room.

Willard said he had not yet made his plans for the future, but that he probably would return to his home in Los Angeles for a few days. Tex Rickard last night said he probably would sign negotiations as soon as possible to match Firpo with Jack Dempsey for a title match, in either September or October.

LOS ANGELES, Cal., July 13.—Jack Dempsey, heavyweight boxing champion, after reading the Associated Press story of the "Firpo-Willard fight in Jersey City last night, said he was "very much satisfied with the results," and that he "believed the best man won."

"Of course," he added, "I am anxious to meet Firpo or Harry Wills, and it is up to my manager, Jack Kearns, to sign up one of them for a match for me on Labor Day."

THIS IS A VIRGIN. Charlie Britt to Gene Roumillat—"Gene, have you got a yard stick?" Gene—"Yes, but we're using it. How long do you want it?" Charlie—"Why, about three feet."

Hen Still Has Merit For Incubating Eggs
Fanciers Champion Natural Method for Hatching vs. Artificial
By SETH W. SHOEMAKER
Director, The School of Agriculture, International Correspondence Schools, Scranton, Pa.
In spite of many improvements in the artificial incubation of eggs there are still many poultrymen who prefer the natural method. Artificial incubation is particularly adapted to quantity production.
Chicks hatched and reared artificially will do better during the cold weather than chicks hatched and reared naturally. However, as soon as spring arrives the brood of chicks with the mother will do very well.
On farms where few chicks are hatched and where there is no necessity for early hatching natural incubation does well enough and is less troublesome than artificial incubation. Many farmers claim that chicks handled by natural incubation and brooding will be more vigorous than those handled artificially.
Because of their belief that brooding induces greater growth in the chicks many fanciers who try for honors at the larger shows hatch and rear their chicks naturally. One of the most ardent fanciers says that fanciers unquestionably produce their best specimens by natural incubation. He also says that artificial incubation has absorbed the attention of investigators and others to such an extent that little is written or taught of the old-fashioned or trustworthy natural method.
Natural Hatching
In view of the fact that there are so many poultry raisers some information bearing on this particular method should be widely disseminated. To hatch eggs successfully it is well to follow the following precepts:
Select a quiet hen; discard one that uses her voice constantly.
Natural incubation and brooding might well be considered by all those who rear only a few chicks and perhaps by some of those who rear several hundred. Many poultrymen claim that it is always well to hatch part of your chicks and rear them with the mother hen.

A Buick Closed Car
Built for Summer Driving
The Buick Six Cylinder Touring Sedan is particularly popular because it combines perfectly the many advantages of the open touring model with the luxury and convenience of a fine closed car.
The wide windows provide touring car airiness; yet in case of a summer shower or dust storm, a turn of the hand instantly protects the occupants without obstructing their vision.
Buick traditional performance, power, dependability and riding comfort are worthily typified in this Touring Sedan.
