

House Group Supports Link

TALLAHASSEE, Fla. (AP)—By wide margins, the committee defeated motions to take away from the government some authority over proposed department of administration business today by a Florida House vote.

The House Governmental Organization and Efficiency Committee voted 10-4 today to support a bill, H.R. 1000, which would give the federal government authority to take over the operation of the state's major departments of administration, health and law enforcement.

The bill was expected to be submitted to the full House for consideration by the end of the week. The Senate Committee on Governmental Organization passed its own version of the bill, H.R. 1000, on several bills.

VCS' Offensive Stalemated

SAIGON (AP)—U.S. field forces said today the Viet Cong's spring offensive is in a stalemate. For the first time in 10 weeks no significant enemy shelling was reported overnight, although forces reported killing more than 200 enemy in half a dozen clashes.

U.S. spokesmen said most of the fighting was initiated by sweeping U.S. and South Vietnamese forces. But they refused to write an end to the offensive. The Viet Cong and North Vietnamese launched Feb. 23.

"We're not going to make any announcement at the end of the enemy offensive," one American said. "That's up to the enemy."

"We feel like they're just holding up for some reason, probably awaiting further instructions," said one field officer. "There is not enough information to tell us one way or another. The prisoners we take are usually privates who do not know the over-all plans."

Allied forces reported four Americans and 15 South Vietnamese troops killed in the ground fighting, along with 30 Americans and 60 South Vietnamese wounded. U.S. forces also lost an armored personnel carrier, and two others were damaged.

The heaviest fighting was reported north of Saigon near the Cambodian border and along the eastern flank of the Demilitarized Zone, where the North Vietnamese are nearest their supply lines.

An American armored column from the 11th Cavalry Regiment found an enemy bunker complex in War Zone C Tuesday and ran into a four-hour fight.

About 200 North Vietnamese troops entrenched in the network of bunkers opened fire with small arms, machine guns and rocket-propelled grenades on the first two armored cars. The 20th car was hit, but the crew continued to attack the North Vietnamese with heavy machine guns. A reinforcing column also was hit, and one of the armored personnel carriers was reported destroyed.

The day's fighting left 47 North Vietnamese dead, while U.S. casualties were four killed and 30 wounded, spokesmen said.

In a third day of sharp fighting along the eastern flank of

CHAPLAIN BRINK Loyalty Day Rites

By MILDRED HANEY

Chaplain Frederick W. Brink of the Orlando Naval Training Center will be principal speaker at the Loyalty Day observance Thursday at 7:30 p.m. at the Deltona Shopping Plaza sponsored by the Veterans of Foreign Wars Post and Auxiliary.

A parade will proceed to the flag pole at the First Bank of Deltona. All veterans organizations from Deltona and DeBary will take part in the parade, which will mark the first appearance of the Deltona Junior High School Band.

Loyalty Day is observed on May 1 by VFW Posts throughout the nation with parades, flag ceremonies and public speakers to emphasize God, flag and country and dedication to the ideals of American freedom and unity.

The observance is largely against all subversive influences.

A citation will be presented to Chaplain Brink by Commander Manuel Rodriguez, Senior chaplain at the Orlando NTC. He earned the Navy Chaplaincy in 1944 and is the author of many books and magazine articles.

The observance will be given by Rev. James Edwards, pastor of the Deltona Catholic Mission, and the benediction by Rev. George Owen, of the United Church of Deltona.

Auxiliary President Claire Gordon will present a citation to the Deltona Junior High School.

Floods Near East Iowa

By THE ASSOCIATED PRESS

The Mississippi River, in its swollen, sandwiched course by sandbags and earthen levees, neared its peak along eastern Iowa today as waters to the north receded.

The crest of the spring snowmelt moved past Keokuk, Iowa, today and at 18 feet at Keokuk, Iowa, Thursday.

Up river at Dubuque, Iowa, National Guardsmen who have patrolled the city's flood fortifications since a spring thaw began the flooding, were expected to be deactivated later this week.

In Wisconsin, the state's Division of Emergency Management announced that 15 Wisconsin counties have sustained a total of \$1.8 million flood damage.

They estimated that early warning and levee work, including \$566,844 in aid from the Army Corps of Engineers, prevented \$145 million damage.

The engineers said Operating Forefront—the construction of new dikes and the strengthening and raising of old levees in an area of the flood—also will prevent further damage along the Mississippi.

An Army spokesman said the widening of the main stream at the Missouri river which will arrive at the point just above St. Louis later this week.

The Mississippi was at flood stage from Cape Girardeau, Mo., to Liberty, Minn., on the headwaters west of Duluth, edging around St. Louis and some points above Minneapolis.

The present overflow is largely on low-lying farmland or areas where the potential flood loss was too small to justify expensive protection.

Two northward-flowing rivers receded only slightly—the Sour-

Altamonte Springs Hassle

By DONNA IESTES

An embittered Howard Willoughby walked out of the Altamonte Springs Fire Department meeting last night with the remark, "I stay with them and pray to God you get a new mayor."

Willoughby, who has been with the fire department since 1954, said he was not responding to the \$100-a-month fire chief post last week, sent him by Mayor W. Lawrence Swafford with statement at the beginning of the meeting, "I was not to get a new mayor. Maybe you'll get someone that's not scared to call someone that's been kicked off the department."

Mayor Swafford at last week's regular Council meeting appointed the city's first fire chief, and said that Mayor Swafford, assistant chief, was a far-better fireman and should have been given the job.

Willoughby walked out after his tirade, followed closely behind by Cling, Gosch, all of whom appeared to be Council members. Martin and William

Three Firefighters Quit

By DONNA IESTES

Nucleo, also make known that he is resigning and turned in his equipment.

Meanwhile other members of the department indicated they are willing to give the new chief a chance to prove himself. "Let's not let Altamonte Springs down," Joe Pinter declared. "I've known this guy (pointing to Kaiser) for a long time and I think he'll make it."

Another fireman declared, "Let's give Gary all our support, work with him and give him a vote of confidence." Kaiser closed with "I hope everyone stays and I'll do the very best job I can."

Earlier, Nucleo apologized for Willoughby not being notified of his dismissal, but added, "Where were you all Wednesday night? Aren't you interested in your city government? We did what we thought was right and now we are criticized for it." The councilman was referring to the fact that few if any of the firemen attend the regular council meetings.

Kirk made no direct reference to the Legislature's action in overriding his veto of the \$100 pay bill for lawmakers. But his remarks were the first apparent reaction to the quick and angry bipartisan move.

"I give you fair warning and I ask you this," said Kirk. "Does the Legislature work for you, or do you work for the Legislature?"

of the handicapped in Orange County began with a class at Concord School taught by Mrs. Mattie Davis, when Forrest Park School was established through efforts of the Junior League, the class was moved there.

In 1962 the third of Hearing Impaired classes was established through efforts of the Junior League, the class was moved there.

Sen. Richard Stone, D-Miami said the meeting was the most important since the hearing aid and compared it with "the Arabs who chop off the arms of robbers."

There were seven teachers and eight aides teach three nursery classes, one preparatory class, one first grade, one second grade, one third and fourth grade combined, and one special class.

The children meet in cheerfully decorated classrooms carpeted in a bright turquoise. Chairs, sinks and bathtubs, one in each classroom, are equipped for them, and the class size is proportioned for maximum individual attention and efficiency.

The smaller children wear their own hearing aids as well as a set of headphones connected to portable amplifiers. The teachers use microphones connected with each classroom's loop system, an electronic system which screens out all distracting noises and magnifies the teacher's normal voice to the level of a shout. A microphone in front of each child's

Have You Heard? Deaf Speak

By DONNA IESTES

Orlando, Fla. (AP)—Gov. Claude Kirk Tuesday warned industrialists "of the warning I see" in Tallahassee and indicated they should keep an eye on their legislators.

"I ask you, are you water boys or are you quarterbacks?" he said in a speech before the eighth Annual Florida Industries Exposition.

"I really look for problems in Tallahassee for the Florida Development Commission he went on.

The commission is engaged in tourist and industrial promotion and has, in recent months, come under attack for its spending policies by members of the Legislature.

"I expect all those who are involved, who have been trying to build, are going to be chastised and put aside in the average I see there," said the governor.

Kirk made no direct reference to the Legislature's action in overriding his veto of the \$100 pay bill for lawmakers. But his remarks were the first apparent reaction to the quick and angry bipartisan move.

"I give you fair warning and I ask you this," said Kirk. "Does the Legislature work for you, or do you work for the Legislature?"

Kirk Warns Of Avarice

Ready For Action

FORT KNOX, Ky. (AP)—The U.S. Army Training Center here recently gained new recruits: Davy Crockett and Daniel Boone.

Both boys had from small towns in Michigan, and neither is related to his namesake.

Salute

WASHINGTON (AP)—Chief Justice Earl Warren, accepting a White House salute from one-time political foe Richard M. Nixon, says he will leave his post in June "without malice in my heart toward anyone."

More Study Ordered On Super Jet

WASHINGTON (AP)—President Nixon apparently has yielded to top-level economists and returned the controversial Superjet Transport—SST—and airports program to the Transportation Department for further study.

"It's a delay. They aren't dead," said an administration source.

The proposal for an 1,800 miles per hour superjet air liner had been on the President's desk several weeks and Nixon had indicated a decision by the end of the month.

The airports and airports program was not expected to go so quickly. The delay in both programs was against immediate construction of the SST whose deafening travels beyond the sound barrier were feared would prevent it from ever flying land routes.

Volpe vehemently denied last week an Associated Press story that said he had given priority to the two aviation programs over an all-out drive to solve the problems of mass transit, which the Democrats had given No. 1 priority.

Although both the SST and airports programs had left the Transportation Department first and Volpe reportedly made his plan for them without mention of mass transit, he said unloading the traffic in the nation's cities was of equal urgency.

Volpe said his department was hard at work on a mass transit bill and that if the White House or the Congress rejected

Strikes And Snares

BY JOHN A. SPOLSKI

The big talk this week in the bowling circles revolves around tournament play and the way Phil Zeuli strung-out all of those Xs in the Dekle's Classic Scratch League.

With the tourney talk, the kids are in second hand thinking about the Adult Youngster event both this Saturday at 4 and 5:30 p.m., and again next Saturday, May 10th.

As a matter of fact, there are 15 youngsters for the combined first two squads on the first week (this Saturday), but we do have four youngsters in that group who'd like to bowl, but don't have any adult partners yet.

If you've not ever rolled in this event, take it from me... you'll enjoy every minute of it. No other tournament can compare with it for pure satisfaction just by bowling with a youngster as your partner and his or her enjoyment of bowling with an adult.

In the other vein, tournament talk, some of our local bowlers journeyed to Ocala and participated in the big Handicap Doubles competition. This is the same one which will be running again here in Sanford during the month of July.

Now, let's talk a little about Mr. Z. and all of his strikes. While talking for the Zeuli's Pizza Tris, Phil started slowly with a 169; topped his second effort to the tune of a 207, and set to do it in the third with a 241. He finished at 621. The only other "all star" who was pecking away with those one-three smashes was that Owens fellow, again. Doug clobbered a 194, 174, 226 and a near miss at a 60 series... etc.

PHIL ZEULI

By now you must have learned that we're mighty proud of our two Seminoles High School bowling clubs. The one on Monday's with the guys and then the girls take to the lanes each Thursday.

For the past two weeks, we've been trying to show you some of those from these classes who didn't have too much trouble finding the strike zone.

I thought he was just "lucky" last week with his 211 game, but when he came back again this week and popped a 202 at me... I suppose if I gotta, I just gotta put his "larry" into the column.

Well, look... if you had a kid who beat you continuously, wouldn't it hurt you just a little bit to have to publish the fact, sorta like rubbing salt into an open wound, eh?

Just kidding, Kev. (Who knows but that maybe some of those eventual pro earnings would add to helping your "Dear Old Dad"... that's ole, not old...)

Well, look... if you had a kid who beat you continuously, wouldn't it hurt you just a little bit to have to publish the fact, sorta like rubbing salt into an open wound, eh?

Just kidding, Kev. (Who knows but that maybe some of those eventual pro earnings would add to helping your "Dear Old Dad"... that's ole, not old...)

There were 24 men and women who were out competing in the weekly Stars of the Lanes tourney on Saturday night. Each bowler was at least 50 pins over average, qualifying them to vie for the merchandise and prizes offered on a weekly basis.

In this group we had Chuck Kanavel, Johnny Jacob, Pete Peterson, Ken Wilkins, Jesse Cook, Dan Miller, Robert Gibb, Roy Green, Everett Terry, Ann Almond, Louise Weston, Anne, Charles Elbery, Dan Smith, Shirley Sims, Norma Race, Kay Sassaam, Penny Peterson, Tom Powell, Jim Ray, Elaine Hanner, Margie Witt and Furma Taylor.

This week's winners were Mae Wilkins with a 216 pin in the higher average division, and Betty Hunt winning comparable titles in the B Group.

MAE WILKINS

A couple of the Summer Leagues started or had their organizational meetings this week. On Monday at 7 p.m. the men's handicap league got started, while the Singles Classic A League held their meeting at 9 p.m. This is the one for those bowlers with averages of 175 or above and each is a team by himself. I'll get underway next Monday with a couple of openings still available.

And speaking of summer leagues, you do know that you're given two weeks off for which you're not charged, don't you? Takes into consideration those who'd be off for vacations, etc. So, don't let this stop you from getting into a league, cause it's so easy to get out of a good habit, and before you know it, you'll be wondering what to do about getting active again.

Get on board the bowling handwagon... the fastest rising spectator sport in the country... not to mention that it is, in fact, the WORLD'S LARGEST PARTICIPATION SPORT.

Bowling is for the fun of it.

Kentucky Derby Bute Stigma Lingers At Churchill Downs

By IRA BERROW

NEA Sports Editor

NEW YORK — (NEA) — Unmistakably, the twin spikes mark the enchanted world of Churchill Downs, just as the Kremlin symbolizes Moscow, Big Ben denotes London and the Big Nose accentuates France.

All these landmarks have been with the center of murky intrigue. And like so many winners, the case of the 1968 Kentucky Derby winner has not been adequately solved.

In the long list of Derby winners along the walls of Churchill Downs there is one, just one, for each year starting from Aristides in 1875 through Gallant Fox in 1930 to Citation in 1948 and on until 1968. Then there are two.

The sign reads: "DANCER'S IMAGE Pursue offered rededicated to FORWARD PASS."

On the first Saturday of last May, Dancer's Image ran home first. Forward Pass was second. Shortly afterward, a pain-killing drug, Butazolidin, was discovered in the urinalysis of Dancer's Image. The two-year-old colt had had as much trouble with sore legs as did Mickey Mantle. Both were given the drug to ease the pain. Bute is legal for two-legged sportsmen. It is banned for four-legged athletes.

There were long investigations. The case is still in appeals court in Kentucky, but neither the Dancer people nor the state racing commission have publicly stated who dropped the fly in the ointment. Or more precisely, who put the Bute in Dancer's oats.

Upon receiving the urine test, Dancer's Image, imported from first to last, Forward Pass was declared the winner, though he was not given a post-race urine or saliva test.

When the good Lord wants to win, you win," said a disemphatic Jerry West, whose magnificent 40-point performance wasn't enough to prevent Boston's 89-88 victory.

"A loss like that is hard to take," he said. "I must be a loser... know."

The Lakers have a history of frustration against the Celtics, having lost out to the perennial champions in the NBA finals five times in the last seven years.

This time they jumped off to a 2-0 lead in Los Angeles only to have the Celtics win the next two games at Boston Garden, sending the Lakers back to the cellar and into a 3-1 hole in their fifth game.

The dramatic finish Tuesday night came about after West's consistent brilliance had put the Lakers in command with an 86-87 lead and possession of the ball with seconds remaining. Emmette Bryant sent the pass-in and fed Jones, who missed a shot. The Celtics got the ball off bounds, and with seven seconds left they set up Jones again for their final chance in the Eastern Conference playoffs.

The 35-year-old sharpshooter, who is retiring after this season, stumbled as he shot. The ball rolled around the rim, then dropped in as the record crowd of 15,128 went into near hysterics.

Player-coach Bill Russell said everything went as planned on that final play—in which three men screened for Jones—until the veteran backcourt center slipped.

"That's the play we called," Russell said. "He wasn't supposed to stumble though. That was his innovation."

Jones thought he had missed the shot, but he had an ace up his sleeve.

"I tried to get it high and get backspin on it," he said. "The way I missed, I knew Russell had a chance for the rebound."

The only trouble with this strategy was that Russell, knowing that the Lakers might commit a foul and wanting his team free throw shooters on the floor, had benched himself for those final seconds and wasn't in the game.

Derby Shorts

Associated Press Sports Writer LOUISVILLE, Ky. (AP) — Help wanted: Translators to help the man on the street understand trainers of Kentucky Derby horses. Must be fluent in doubletalk.

Qualifications will include demonstration of understanding.

—Elliot Burch, trainer of Arts and Letters, when he calls Top Knight the best 3-year-old of this year" and adds, "but he may be asked to move over Saturday by Mr. Longien's horse, Majestic Prince."

—Ray McCall, trainer for Top Knight, when he declares he wants his colt before dawn "so he won't see those other and get frightened."

—John Longien, who admits it "will be tougher to win in the Derby than it was in the West Coast, where Majestic Prince is unbeaten."

—Lucien Laurin, who predicts his Dike will be last under the wire—"at least he'd better be"—the first time around the track in the Derby and won't comment where the colt will be at the finish.

—Gordy McLain, who's positive his Ocean Roar has never gone up against class like he will see in the 14-mile, \$125,000-added race Saturday at 5:30 p.m., EDT.

For newcomers to Derbyland, all of these comments translate into the same language: We came here to take all the medals and we're not about to tell you too much about how we're going to do it.

All of the trainers' and long-time Derby observers as well-proclaim this year's 96th running perhaps the strongest in many years. Some are predicting a timing of less than two minutes for the first time.

A factor in that prediction is Cain Hoy Stable's Ack Ack, who broke the Churchill Downs track record for a mile Tuesday by winning the Derby Trial stakes by seven widening lengths.

Lee Lafayette of Grand Rapids, Mich., scored in double figures in 29 of 22 basketball games he played in Jensen Field House for Michigan State during his three varsity seasons.

Oaks Meet Pacers In NBA Finale

Associated Press Sports Writer

OAKLAND (AP) — The Indiana Pacers, concerned about their inability to beat the Oakland Oaks, planned a pre-game workout today before the opening of the American Basketball Association's championship playoffs series.

Gator Link Defense

ATHENS, Ga. (AP)—Florida's defending champions will carry the favorite's tag into the Southeastern Conference golf championships which start Thursday on the Athens Country Club.

Your Personal Finance

How To Spot Phonies In Buy-Mail Insurance

By CARLTON SMITH and RICHARD PUTNAM FRATT

Mail-order life insurance doesn't have many friends. In fact, you don't usually hear about it at all until somebody raises the subject so he can knock it. Usually, this somebody is an insurance agent. Agents naturally take a dim view of mail-order policies, since they cut into the agent's business. But there are better, and less selfish reasons, for the rest of us to think twice about buying coverage by mail. Too often, it's an invitation to trouble.

Considering the risks, you'd be best off to throw all direct mail solicitations in the wastebasket if it weren't for one thing — perfectly good coverage can be bought by mail and at a marked savings. Your main aim should be to save the money, but avoid the trouble.

This isn't quite as tough as it sounds. You have to learn what makes a bad insurance policy and then run in the other direction when you meet one. It's something you ought to know, anyway, since a bad policy is a bad policy, whether it's offered by mail, by an agent, or through your membership in the Eastbay Esserick Association.

Here are some suggestions that will help you spot the poor ones:

If something sounds like an unbelievable bargain, don't believe it. Selling by mail is cheaper than direct selling, but not enough to make "25-cent-per-month" policies possible. If the advertising implies that the policy is government-sponsored — as in Veterans' Policies, GI Policies and the like — forget it. These are gray-bearded ruses used to make you think you're getting some-

Center Conditions Wing

Col. Bill Northam, president of the Greater Maitland Civic Center, has announced the signing of a contract with Robinson Heating-Cooling Co. for over \$10,000 for the installation of air conditioning and heating in the Teen Wing of the center.

The installation involves two 15-ton air conditioners, two evaporator blower sections, and two 30 KW electric heaters.

Proceeding at this time with this long-needed improvement to the Center is based on confidence in the success of the current \$25,000 drive for funds being spearheaded by the Maitland Rotary Club under the leadership of club president and Civic Center director, Carl Duabuck. As of this time \$9,500 has been pledged, \$5,500 of which is in cash.

This is the first formal drive for funds since the Civic Center opened in 1965 and Northam hopes that individuals not contacted during the solicitation period will get in touch with the center to make their donation.

Association Endorses Resolutions

Members of the DeBarry Association, at its April meeting, endorsed two resolutions submitted by the DeBarry Public Affairs Committee on legislative matters.

The Association endorsed House Bill 112 by Rep. William Gibson of Orange County, which provides for increasing homestead exemption from the present \$5,000 exemption to \$10,000 for home owners 65 years and older and those totally and permanently disabled.

The Civic Association voted its opposition to the proposal approved by the Volusia County Board of Commissioners to transfer the responsibility for financing the development and operation of the Daytona Beach Airport from the City of Daytona Beach to Volusia County.

New Forest Park

BELFAST, Northern Ireland (AP) — Northern Ireland's third forest park has opened—a 1,000-acre site in the Mourne Mountains, County Down, including woodland walks a trout lake and a pony trail.

Members of the Apollo 8 moon crew traveled 4,000 miles per hour, faster than man has ever flown before.

Lyman Juniors-Seniors Enter Enchanting World Of Shangri-La

SENIORS chosen for court (left to right) Maggie Heron, Art Young, Jeanne Rucker, and Mark Dowell.

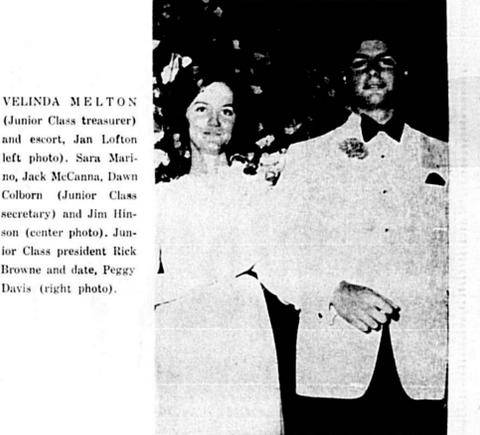

LYMAN HIGH SCHOOL Juniors and Seniors gathered at the Sanford Civic Center Saturday night in all their splendor for the annual prom. Approximately 600 glamorous young ladies and their escorts entered the world of "Shangri-La" to dance to the music of Sonny Blich and his orchestra amid cherry blossoms, dragons and parades. David Rutenkroger and Pat Forward were crowned king and queen of the prom with white satin oriental crowns by Gail Kline, Junior Class vice president, and Rick Browne, Junior president. Members of the court included Greg Smith, Judy Andrews, Chris Butterworth, Judy Eller, Darla Mengel, Kent Planck, Terre Wells, Dan Dempsey, Maggie Heron, Art Young, Jeanne Rucker, and Mark Dowell.

KING AND QUEEN of the prom... David Rutenkroger (student body president) and Pat Forward.

ALSO ON COURT... Darla Mengel, Kent Planck, Terre Wells and Dan Dempsey.

Miss Bennett Honored At Luncheon

By DORIS WILLIAMS
 Hostesses for a bridal luncheon Saturday, honoring Miss Beverly Anne Bennett of Orlando, at Sanford's Holiday Inn, were Mrs. Walter A. Gielow and her daughter, Mrs. Henry Schumacher.
 Beverly Anne, daughter of Mr. and Mrs. Warren Woodrow Bennett Sr. of Orlando, will become the bride of 1st Lt. Jon Jeffrey Kratz (U. S. Marine Corps) on May 2, at First Presbyterian Church Reformation Chapel, Orlando.
 For the occasion the lovely blonde bride-elect chose a one-piece white double knit dress enhanced with red white and blue accessories. Complementing her fashionable ensemble was a red carnation corsage tied with blue ribbons presented to her by the hostesses. Mrs. Bennett received a white carnation corsage from the hostesses.
 Centering the dining table was an arrangement of stasia daisies and blue-tinted carnations in a silver bowl. Paper mache wedding bias identifi-fied the guests places and a chicken salad luncheon was served.
 The hostess gift to the honoree was a gift of silver.
 Other invited luncheon guests were Mrs. H. W. Dorsey and Mrs. John L. Bennett, grandmothers of the bride-elect; Mrs. John Arthur, Mrs. Florie Bennett, Mrs. E. C. Roberts Jr., Mrs. James Glanton, Mrs. Norman Bryan, Mrs. Willard Hottel, George Schumacher, Mrs. Jerrold Trumbower, Mrs. Henry Meiner and Mrs. William J. Noel, all of Orlando.
 Also Mrs. Daniel Brumley, Sanford, and Mrs. Gordon Pierson, Orange City.

MISS BEVERLY ANNE BENNETT of Orlando, was guest of honor at a bridal luncheon Saturday at Sanford's Holiday Inn. Photo shows, seated, from left, Mrs. Henry Schumacher, left, hostess, and Miss Bennett, bride-elect. Standing, Mrs. Walter A. Gielow, left, hostess, and Mrs. Warren Woodrow Bennett Sr., mother of the honor guest.

Oviedo Women To Host Benefit Dinner Parties

Throughout all Seminole County, hostesses who have volunteered to give a dinner party in behalf of a mental health facility for the month of April, are putting their heads together for unique ideas for "something different."
 Under the auspices of Civic Improvement Department of Sanford Woman's Club, headed by Rebecca Mathews, May 17 has been set for a series of simultaneous dinner parties throughout the county.
 Several social events have been scheduled, both before and after the big night.
 As the grand finale to the "hostess with the mostest" dinners, a luau will take place, May 24, at Lake Golden. Tickets are now on sale on a "first come, first serve" basis.
 On May 3 Mrs. Rex Clonts and Mrs. Bill Martin of Oviedo, will serve as hostesses to a neighborhood dinner party for 40 persons including children. What a delightful way for friends to meet, greet and eat before many depart for summer vacations.
 Also, Mrs. Ben Ward and Mrs. Frank Wheeler are two more Oviedo women who will entertain at mental health benefit dinner parties.
 If you would like to be a hostess to a dinner party, contact Mrs. Rebecca Mathews who will be glad to give you more information.
 If moisture is collecting inside your refrigerator, it may be because you are opening the refrigerator door too often.

Mrs. D. M. Paul Addresses Lake Mary Woman's Club

By DORIS GORLEY
 The Lake Mary Women's Club chose as their meeting place for the month of April, The Bon Appetit.
 After a delightful luncheon, the meeting was called to order by Mrs. Frank Evans, club president. In observance of national library week, Mrs. Jesse Gregory introduced the speaker, Mrs. D. M. Paul who presented a most fascinating view on the book, "God's Smuggler" written by Broder Andrew.
 It was announced that at the next meeting, four new officers will be installed. This meeting will be a picnic and "Fun Day" at Sandalwood Springs. All members, guests and prospective members are invited to attend.
 Women enjoying the meeting were Mrs. Frank Evans, Raymond Ball, Horace Cochran, Jesse Gregory, E. E. Tru, Robert Mounce, Charles Gernly, Sam Pratt, Robert Atkins, Joe Smathers, H. E. Sandusky, J. C. Noel, Frank Leone, Carl Moss, Watson Reel, W. L. Harmon and Harold E. Greenwood, guest of Mrs. Tru.
 Decorate golden corn pudding or potatoes with crisp rings of Florida green peppers, then eat the garnishes with the food.
 Fry a batch of eggplant sticks sometime soon. Peel a large Florida eggplant and cut into thin slices, as for French fries. Dip the slices in beaten egg, then roll in bread crumbs or flour. Allow to dry slightly. Fry in 350 degree cooking oil about 5 minutes until golden brown. Serve hot.
 Dress up sponge or angel food cake with fruit. Spread with berry sauce. Slice and mash one pint of fresh Florida strawberries with 1/2 cup confectioners' sugar. Heat in cups of sauce that is also marvellous on ice cream.
 With baked ham, Orange Rice is perfect. Simply use Florida orange juice instead of water and all about 1/2 cup seedless raisins when preparing 1 cup of raw rice. A dash of nutmeg may also be added, if desired.
 Saute onion and green pepper in butter until barely tender, then add yellow crock-neck squash from Florida and cook until they are tender, about 10-15 minutes. Serve with cheddar cheese sauce.

MRS. D. M. PAUL, left, was guest speaker at the regular meeting of Lake Mary Woman's Club. Shown with the guest speaker is program chairman, Mrs. Jesse Gregory.

Florida Food Ideas

Cut a 'ball' around five new potatoes from Florida, leaving the rest of the tender red skin in place. Boil until tender, about 25 minutes, then top with butter and chopped parsley before serving.
 Here's a great idea—an All-Florida Salad. Arrange overlapping segments of orange and grapefruit in a circle on curly endive leaves. In the center, place cream cheese balls that have been sprinkled with paprika. Serve with a sweet fruit salad dressing.
 Fry a batch of eggplant sticks sometime soon. Peel a large Florida eggplant and cut into thin slices, as for French fries. Dip the slices in beaten egg, then roll in bread crumbs or flour. Allow to dry slightly. Fry in 350 degree cooking oil about 5 minutes until golden brown. Serve hot.
 Dress up sponge or angel food cake with fruit. Spread with berry sauce. Slice and mash one pint of fresh Florida strawberries with 1/2 cup confectioners' sugar. Heat in cups of sauce that is also marvellous on ice cream.
 With baked ham, Orange Rice is perfect. Simply use Florida orange juice instead of water and all about 1/2 cup seedless raisins when preparing 1 cup of raw rice. A dash of nutmeg may also be added, if desired.
 Saute onion and green pepper in butter until barely tender, then add yellow crock-neck squash from Florida and cook until they are tender, about 10-15 minutes. Serve with cheddar cheese sauce.

Pink Ladies Gather For Luncheon And Meeting
 The Seminole Memorial Hospital Auxiliary (Pink Ladies) held their quarterly meeting in the hospital auditorium. After the invocation given by Mrs. Frank Woodruff of Delray, the members present enjoyed a delicious luncheon served by the hospital cafeteria.
 Following the luncheon the auxiliary prayer was presided over by Mrs. Stanley Poloski, president. Mrs. C. Butler read the auxiliary prayer. Reports were given by all chairmen.
 Two new members, Mrs. R. T. Thomas and Mrs. Melba Hunt, were welcomed into the auxiliary.
 On May 15 the Candy Strippers will have their installation of officers in the hospital auditorium, followed by a tea given by the Pink Ladies, beginning at 7:00 p.m. All members of the auxiliary are invited.
 Mrs. Frank Woodruff of Delray gave a report on the Hospital Eye Bank and reported that 34 pairs of eyes had been sent to Gainesville from the Seminole Hospital. The auxiliary voted to donate \$50.00 to the eye bank.
 The week of May 12 has been designated as hospital week and the auxiliary will present to the first baby born during the week a \$25.00 savings bond.
 The meeting closed with a prayer read by Mrs. Poloski.

Benefit Coffee Hostesses

A PRELUDE to the Sanford Woman's Club mental health benefit dinners to take place simultaneously in Seminole County, May 17, will be a coffee, May 10, from 10:30 a.m. to 12:30 p.m. at the Cornell Drive home of Mrs. W. L. Merritt. Hostesses for the invitational affair are, from left, Mary Merritt, Dot Melleyholds and Jerry Weldon.

Garden Circles

THIS CIRCLE
 By MILDRED HANEY
 His Circle of Deltona Garden Club met at the home of Mrs. Charles Lloyd of 1206 W. Wellington Drive on April 16. Robert Eklum of the office Department of Forestry, spoke on conservation. He showed some very interesting slides of the destruction in our land and waters caused by the carelessness and thoughtlessness of the general public. Happily, this was coupled with other slides showing the work being done by the Conservation Department in preserving the natural beauty of our state.
 The members brought their proper plants that were planted in October, for judging, with Mrs. John Rostler winning the prize.
 The April Flower Show was discussed. Mrs. Louis Levine, Mrs. John Rostler, Mrs. Brown Irwin and Miss Margaret Rowland were participants.
 Officers elected for the coming year were: Mrs. Carl Johnson, president; Mrs. Harold Swank, vice president; Mrs. Arcky Schrock, secretary; and Mrs. Charles Jager, treasurer. Installation of the officers will be held at the May 21 meeting.

Sanford Garden Club Announces Show Winners

MRS. GORDON BRISSON, Garden Club president, and Mrs. Carl Tillis, vice president, admire the paintings in the Art Exhibit, sponsored by Palm Circle.

MRS. J. E. WOODS and her Award of Merit, that she won in the cut flower display section at the Sanford Garden Club Horticultural Show at the Garden Center, April 26 and 27. She also won the sweepstakes award ribbon with 19 blue ribbons.

MRS. MARIE WILHELM, left to right, Mrs. Ruth Simpson and Mrs. Mary Lane, Rose Circle members are standing in the "Evergreen Garden for Birds" that won the blue ribbon for the circle's entry in the garden section (top photo). Mrs. L. E. Batten (lower photo) won a blue ribbon award in the white amaryllis lily section.

Mrs. J. E. Woods took the sweepstakes award ribbon with 19 blue ribbons at the Horticultural Show staged by the Sanford Garden Club at the Garden Center, this past weekend. She also was winner of the Award of Merit in the cut flower display section with a spray of lavender delphinium. Most of her ribbons were awarded in the cut specimen categories.
 Mrs. Irving Pryor was winner of the Award of Merit in the growing plant section with a hybrid white Dutch Amaryllis. Runner up for Award of Merit in this section was a tie between another white amaryllis and a clivia.
 Other top blue ribbon winners were Mrs. C. S. Brumley with 10; Mrs. Andrew Swoer with eight; Mrs. James Johnson with seven; Mrs. Irving Fleischer with five; Mrs. J. M. Fisher and Mrs. Blanton Owen with four.
 A special award was given to the County Agricultural Agent's office for a display of poisonous plants which are common in our gardens, such as Carolina jessamine, Oleander, diffebachia and poinsettias.
 Rose Circle won a blue ribbon with their "Evergreen Garden for Birds" in the garden section. Red ribbon winners in this section were Hibiscus Circle with "Horticultural Garden"; Mimosa Circle with "Bay Windows"; Camellia Circle with "Garden Wedding" and Palm Circle with "Art Exhibit."
 Banner sections conducted a brisk business until closing time, selling such items as daisies, plants, geraniums, gloves, tapes and peat discs.

Contestants Entertained At Tea

Contestants for the "Miss Winter Park Beauty Pageant" were recently entertained at a tea in the studio of Houses of Escent, Boutique, 220 Park Ave., N. Winter Park.
 The girls, who will wear Escot Cosmetics for the beauty pageant to be held May 3, were instructed on proper make-up by the qualified Escot consultants.

 Two new members, Mrs. R. T. Thomas and Mrs. Melba Hunt, were welcomed into the auxiliary.
 On May 15 the Candy Strippers will have their installation of officers in the hospital auditorium, followed by a tea given by the Pink Ladies, beginning at 7:00 p.m. All members of the auxiliary are invited.
 Mrs. Frank Woodruff of Delray gave a report on the Hospital Eye Bank and reported that 34 pairs of eyes had been sent to Gainesville from the Seminole Hospital. The auxiliary voted to donate \$50.00 to the eye bank.
 The week of May 12 has been designated as hospital week and the auxiliary will present to the first baby born during the week a \$25.00 savings bond.
 The meeting closed with a prayer read by Mrs. Poloski.

Osteen Personals

By MRS. CLARENCE SYNDER
 Mrs. and Mrs. C. B. Adams of Durham, N. C., recently spent a week with his sister and brother-in-law, Mr. and Mrs. James Wallin.
 Mrs. Linda Lewis of Columbus, Ohio, is visiting her grandparents, Mr. and Mrs. Charles Boyer, and her aunt, Mrs. Helen Ruescher.
 Miss Madras Gordon has as a guest Miss Fern Berger of Marysville, Ohio.
 Carl Patterson of Thornville, Ohio, is visiting Mr. and Mrs. John W. D. Moore.
 Mrs. Mary Barnhart has as her guests her brother and his wife, Mr. and Mrs. Clarence Judy, of Springfield, Ohio.
 Mrs. Mary Ellis and her daughter, Brenda, of Bear Lake, spent Tuesday with Mrs. Clarence Snyder.
 Earl Beall of Grand Bahamas is visiting his mother, Mrs. Guy Beall.

Old Bones Need Calcium The Same As Baby Bones

It is an old wives' adage and its transfer into bone— as rickets in infants may be caused by lack of calcium or its failure to concentrate in the skeleton—generally because of Vitamin D deficiency.
 A research study recently reported lends support to the assumption that osteoporosis is a calcium-deficiency disease. This study was carried out at the Brookhaven National Laboratory on Long Island by three scientists in the Medical Research Center there.
 The Brookhaven scientists selected a group of elderly patients ranging in age from 58 to 89. All had osteoporosis confirmed by X-rays, and other diseases as well. All were hospitalized, all diets were measured, as well as extractions and each patient was "counted" in the Brookhaven whole-body counter to measure retention of calcium.
 Persons who watch their parents or older friends, especially those who reach and live beyond benchmark years of 60-65, can literally see them shrink.
 Shrinkage caused by it is especially notable in the spinal column. A man whose measured height at age 65 is now 6 feet 8 inches.
 Physicians are inclined to place the blame on lack of sufficient calcium in the diet.

Local Ballet Guild To Attend Southeastern Regional Festival

No Hippies, just enterprising young people, as the dancers of the Ballet Guild of Sanford-Seminole prepare to depart for Jacksonville to attend the Southeastern Regional Ballet Festival. They may forget to pack their tooth brushes but they won't forget their toe shoes!
 This fourteenth annual Ballet Festival is the first in which these dancers have participated and judging from their excellent presentation of the "Nutcracker Suite," Sanford will be well represented.
 The three-day convention will provide an opportunity for these spring young ballerinas to attend lectures and classes conducted by the country's leading dance authorities. Social aspects will not be overlooked as the dancers will also be guests at a banquet in honor of the occasion, following the Saturday night Gala Performance.
 Accompanying the dancers will be Mrs. Thomas Layton, president of the Ballet Guild of Sanford-Seminole and artistic directors, Mariam and Valerie Rye.
 This is a well earned delight for the Ballet Guild dancers, after months of preparation on their new ballet to be presented May 21 and June 1 at Seminole High School in conjunction with "A Night of Dance."
 Sanford can be proud of these young people striving for perfection in their chosen art. They in turn appreciate the warm support of their members and patrons in the community.

THE FAMILY LAWYER

Rare is the person who has never gotten a playful telephone call asking him to "Guess who this is." But all too often, identifying the caller on the other end of the line is no joking matter.

Thus, a blackmail victim was allowed to testify that he recognized, from prior acquaintance, the voice that had threatened him on the telephone. As one judge commented: "The recognition of persons by their voices is a common occurrence, and is often the only means of identification."

Good things come from Florida

Everybody knows that the juiciest, most flavorful citrus fruits come from Florida. And that Florida is the winter salad bowl of the nation. But Florida produces a great variety of other good things... strawberries, seafood, and fryers... honey, jams, and jellies... meat products, beer, and soft drinks... dairy and bakery products, sugar—the list is long. And many national brands are processed in Florida—coffee and household cleaning aids, for example. Publix (home-grown, too) is loaded with Florida products because they're top quality. And all these good things from Florida contribute, we think, to the raising of Florida's finest product—our crop of wonderful youngsters!

Men Love This Salad Dressing

By CECILY BROWNSTONE
 AP Food Editor
COMPANY DINNER
 Men love this tangy salad dressing, concocted by a Central Miami, N.J., hostess.
 Broiled Steak Potato Puffs
 Tossed Salad with Lots Dembo's Blue Cheese Dressing
 Lemon Meringue Pie Beverage

SATURDAY NIGHT REFRESHER
 Pineapple Kirsch Cake Beverage
PINEAPPLE KIRSCH CAKE
 1 package (1 pound 2.5 ounces) pineapple flavor chiffon cake
 1/2 cup plus 2 tablespoons kirsch (clear dry cherry brandy)
 Pineapple filling see recipe below
 1 pint heavy cream
 Pinch of salt
 1/4 cup superfine sugar
 Make up the cake according to package directions, but mix the cake batter packet with 1/4 cup kirsch instead of the 1/4 cup water called for. Cut into three layers, put layers together with Pineapple Filling. Whip cream until stiff, gradually adding sugar toward end of beating, quickly beat in the two tablespoons kirsch. Frost top and sides of cake with cream—it will make a generous covering. Refrigerate until serving time.

Pineapple Filling
 In a one-quart saucepan thoroughly stir together 1/2 cup sugar, 1/4 teaspoon salt and 1/4 cup cornstarch. Gradually stir in until entirely smooth, most of the juice from a 1-pound 4-ounce can of crushed pineapple. Add rest of juice and the pineapple. Cook over moderate heat, stirring constantly, until bubbling, clear and very thick; cook and stir a few more minutes. Remove from heat. Gradually stir in two tablespoons kirsch. While filling is still hot it may be spread on cake.

SUNDAY COMPANY SUPPER
 A New York home economist, now living in Florida, has come up with a wonderful brew that's fun to make.
 Curried Stump Rice
 Condiment Tray Salad
 Ice Cream with Martha Key's Coffee Liqueur
MARtha KEY'S COFFEE LIQUEUR
 1 cup sugar
 1/2 cup instant coffee
 2 cups water
 1/2 teaspoon salt
 2 1/2 cups 86 proof vodka
 2 tablespoons vanilla
 In a three or four-quart saucepan, stir together the sugar and instant coffee. Stir in water and salt. Over high heat, stirring until sugar is dissolved, bring to a boil. Reduce heat and boil gently for one hour. If mixture boils too rapidly volume will be decreased more than desirable and resulting syrup will be too thick. Remove from heat. Stir in vodka, then vanilla. Cool. Pour into bottle or decanter and close tightly with cork or stopper. Makes one and a half quarts. Serve over ice cream; may also be served as a liqueur.

Raising Roof In Novel Way
 TITCHFIELD, England (AP) — The Rev. Norman Miller, vicar of St. Peter's, Titchfield, is selling off the roof of his 13th century church to raise funds for a new covering.
 As workmen take down the old oak beams, twisted with age and damp, the vicar and a few helpers cut the timbers into small blocks which are polished and mounted with plaques giving a brief history of the church.
 "Then they are sold at one pound (\$2.40) each to help raise the 6,000 pounds (\$12,000) needed to give the church a new roof. The blocks can be used as paperweights, bookends or door stops.
 The Milky Way contains an estimated 20 billion stars.

Red Cabbage W/Raisins
 Delicious
 By CECILY BROWNSTONE
 AP Food Editor
FAMILY SUPPER
 Red cabbage gets delicious treatment.
 Grilled Franks Mashed Potatoes
 Red Cabbage with Raisins
 Fruit and Cookies Beverage
RED CABBAGE WITH RAISINS
 6 cups firmly packed finely shredded red cabbage (15 pound head)
 1/4 cup raisins
 1/4 cup water
 Juice of 1 lemon
 2 tablespoons light brown sugar
 1/2 teaspoon salt
 In a large skillet mix together all the ingredients. Cover and simmer until liquid has evaporated and cabbage is tender about 30 minutes. Makes six servings.

FAMILY DINNER
 This economical dish is something like a frittata.
 Charlotte's Baked Chicken Wings
 Chicken Wings
 Noodles Peas and Carrots
 Fresh Fruit Bowl Beverage
CHARLOTTE'S BAKED CHICKEN WINGS
 2 tablespoons butter or margarine
 16 chicken wings (about 3 1/2 pounds)
 1 can (10 1/2 ounces) condensed golden mushroom soup
 1/2 cup water
 1 tablespoon instant onion
 1 tablespoon minced parsley
 2 small ribs celery-includes leaves
 1/4 teaspoon poultry seasoning
 Salt and pepper to taste
 1 tablespoon grated Parmesan cheese
 1 tablespoon dry sherry
 In a large skillet in the butter, brown chicken on all sides; place in a casserole. Add soup and water to drippings in skillet, over low heat stir together drippings. Stir in all other ingredients and bring to a boil. Pour over chicken. Cover and bake in a preheated 350-degree oven until chicken is tender—30 to 45 minutes. Makes six ample servings.

LADIES LUNCH
 A Cleveland hostess spices nut crescents with delectable results.
 Ham Mousse with Cucumber Salad
 Miniature Crust Muffins
 Honeyed Grandfruit
LEONA SIEGEL'S PECAN CRESCENTS
 1/4 pound 1/2 stick butter
 1/4 cup sugar
 1 cups unsifted flour, stir to aerate before measuring
 2 tablespoons brandy
 1/2 cup finely chopped pecans
 In a medium mixing bowl, cream butter and sugar. Gradually stir in flour, brandy and pecans. If necessary, work with hands to blend. Also if necessary, chill dough until firm enough to shape.
 Using one tablespoon for each roll, dough between palms, tapering ends. Shape into crescents on ungreased cookie sheet, placing slightly apart. Bake in a preheated 375-degree oven until golden brown—15 to 18 minutes. Makes about two dozen.

Dogs Going 'To Pot'
 MIAMI (AP) — The dogs may be going to the marijuana smokers in Miami soon.
 The Dade County Sheriff's Department narcotics section is seeking \$400 in appropriations to feed and provide medical attention for a Labrador retriever to sniff out illegal weed caches and smoking rooms.
 Sgt. Allan Richards said the department has been offered a free dog—the retriever allegedly have a nose 40 times sharper than a human's—but the upkeep will be expensive.

'Taxman' Steals
 MIAMI (AP) — A lone, well-dressed man posing as an Internal Revenue Service agent robbed an elderly Miami couple of two trunks worth \$14,000 Monday.
 Mrs. Sam Orstenola said the burglar, wearing a raincoat and carrying an attache case, said he wanted to speak to Orstenola. She allowed the man into the apartment. There he pulled a gun from his case and demanded the trunks. He handcuffed the couple and fled.

Armenian Bread For Sandwiches

By CECILY BROWNSTONE
Associated Press Food Editor

When you want to serve her sandwiches as an evening party snack, bake your own bread—the Armenian way.

That means you'll make up a simple yeast dough, shape it into four rounds and give it a sesame-seed topping. When you're ready to make the sandwiches, each round can be cut in half crosswise and layered with the filling—cold meats, sliced cheese, lettuce, sliced tomatoes and whatever condiments you like. For good munching, serve scallions—green onions—and radishes along with the bread.

This Armenian-type bread, called Peda, is made the easy new way. The undissolved yeast is not softened in water—it goes into the dough "as is." This recipe produces a soft spongy bread; don't expect it to be crisp.

PEDA
2 to 3½ cups un sifted flour
2 packages instant blended dry yeast
2 tablespoons sugar
2 teaspoons salt
2 tablespoons shortening
2 cups warm tap water (120 to 130 degrees)

Soak the seeds
In a large mixing bowl thoroughly stir together two cups of the flour, undissolved yeast, sugar, salt and shortening. Add water. At low speed of electric mixer and scraping bowl constantly, beat 5 minutes. At high speed, beat three more minutes. Stir in enough of the remaining flour to form a soft dough. Turn out on lightly floured surface; knead until smooth.

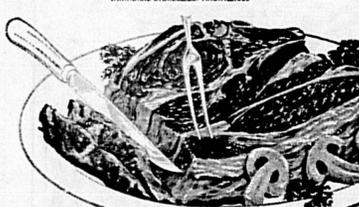

Place in greased bowl; turn to grease top. Cover. Let rise in a warm draft-free place until doubled—45 to 60 minutes.

Punch down dough. Let rest 15 minutes. Divide dough into four parts; shape each into a ball. Place balls well apart on greased cookie sheet. With knuckles flatten to ¾-inch thickness. With razor blade or sharp knife slash tops to make vier openings. Brush with milk. Sprinkle with sesame seeds.

Let rise as above until doubled—20 to 30 minutes. Bake in preheated 425-degree oven until well browned—20 to 30 minutes. Remove to wire racks to cool.

What are Florida Product Days? It's the time to shop Home Grown. To spend a little extra to show our people in this state that we are proud of their products. Winn-Dixie join in by using their stores as a distribution headquarters, for over fifteen years. The "Florida Products Week" is marked by home-grown meats, produce and staples in abundant display at the 289 Winn-Dixie Supermarkets across our state.

We're just a small part of the fantastic progress which our state has enjoyed. Florida citrus production leads the World, producing 70 percent of the World's grapefruit, 20 percent of the World's oranges, more than 90 percent of the World's orange concentrate, and 80 percent of the World's total processed citrus products. Florida is also first in the winter production of snap beans, tomatoes, cabbage, sweet corn, cucumbers, egg plant, green peppers, radishes, watermelons, and second in celery produced for the fresh market. Florida dairymen averaged a higher milk production per cow than the producers of the other thirteen Southern States. We have grown because of you... you our patrons, farmers, growers, packers and manufacturers. Yes, Thanks to all of you, we can proudly say that we are "OF FLORIDA, BY FLORIDA, FOR FLORIDA."

Cooking Dishes a la Ritz-Carlton

By CECILY BROWNSTONE
Associated Press Food Editor

It was a sad day for American cuisine when the old New York Ritz-Carlton hotel closed its doors. For that marked the day the late Louis Diat, its famous executive chef, retired. Through the Ritz restaurant, his cookbooks and his generous visits to the past, he has left a legacy in the ground kitchens of the old Ritz to check the making of a French chef's liaison: the Helen Ritzley, a strikingly energetic and vivacious woman who collaborated with Diat on his cookbooks and secured a practical home chef's apprenticeship under him. Helen's background is a wide one: she has taught home economics and done editorial and promotion work in the food field.

Fortunately Helen is still involved with the Ritz—the Boston Ritz-Carlton hotel. Counseled by Charles Bannin and other food and entertaining authorities there, she wrote the recently published "The Ritz-Carlton Cook Book: A Guide to Home Entertaining" (Lippincott). It's a fascinating volume and anyone who wants to entertain with style will find inspiration in it.

Because the Boston Ritz-Carlton is world-famous for its soups, we've chosen this Pojaga St. Germain from Helen's latest cookbook for your approval. It's a lovely connection that calls for fresh green peas. In rare you should want to use frozen peas, we tested it with both varieties and found both produced a first course worthy of epicurean company.

RITZ-CARLTON POTAGE ST. GERMAIN
5 tablespoons butter
1 medium onion, sliced thin
1 rib celery, sliced thin
7 cups chicken broth (home made or canned)
2½ cups fresh chervil or ¼ teaspoon dried crushed chervil
2 egg yolks
1 cup heavy cream
Salt and pepper to taste
1 cup Fried Croissants—see recipe below

In a large saucepot, melt two tablespoons of the butter. Add onion, carrot and celery and cook gently until vegetables are softened but not brown. Add broth and bring to a boil. Add peas and chervil and cook gently until peas are very soft—about 25 minutes. Put through a food mill.

In a small bowl, whisk egg yolks lightly; add cream and whisk to combine.

Return soup mixture to saucepot and bring to a boil; then reduce heat to very low so boiling recedes. Gradually whisk in your cream mixture; stir in remaining three tablespoons butter. Add salt and pepper—amount of salt needed will depend on seasoning in broth. Heat but do not let boil after your cream mixture is added. Serve at once sprinkled with Fried Croissants.

If you like, after putting the soup mixture through the food mill, it may be kept hot in a double boiler until serving time and the egg cream mixture and remaining butter may be whisked in and heated—but not boiled—before serving.

Makes about two quarts—eight servings.

Tricia Plans Masked Ball
WASHINGTON (AP)—Among the invited guests at a masked ball Tricia Nixon is giving at the White House May 10, Luci Johnson Nugent and her husband, Airman Patrick J. Nugent, and Lynda Johnson Robb, and her husband, Marine Maj. Charles S. Robb.

In addition to the two daughters of the former president, Miss Nixon has invited sons and daughters of Washington diplomats and congressmen in the 20 to 30 age bracket.

Seminole Anticipates Disney World Impact

There are some considerable people in this world. Several months ago Bobby Jardine, of Lake Mary, went fishing in the ocean near the old Coast Guard station several miles south of New Smyrna Beach. He lost his wallet, no cash but his driver's license, hunter's license, fishing license, etc. Earlier this week the wallet, intact, was in the Jardine box at the Lake Mary postoffice. Postmaster said someone placed it in the letter drop at the postoffice. How about that? Bobby wants to thank the responsible party... but who?

Sen. Bill Gunter informed Mayor Lee P. Moore that legislative delegation will hear Seminole municipal bills at Tallahassee Monday at 8 a.m. Those unable to be finished at that time will be completed Wednesday at 2 p.m.

Following report of the special of Gov. Claude Kirk's office yesterday that County Commissioners Dan Pelham, Edward Yarborough and Robert Parker will be removed from office for voting to pay ex-Peace Justice High Duncan for the periods of his three gubernatorial suspensions. The Herald was reminded that the governor never admits removal plans in advance.

Seminole City Commission has asked Mayor Lee P. Moore to carry the bill in an effort to land the 1970 National Parachute Championships for week of June 20-July 4 at Sanford Airport. Commission decided to seek the event after the Seminole Chamber of Commerce reportedly turned the project down when approached by Ranger Enterprises of Tampa. Approximately 225 contestants and officials are expected to enter the contest, which also will bring in numerous spectators and fans from across the country. Mayor Moore said Moore also revealed Don Rathel, Sanford Industrial Commission director, had written the Tampa group to advise them of the city's interest. Moore will talk to the presidents of Rotary, Kiwanis and Jaycee in an effort to get support for the promotion.

John Wayne Jones, son of Mr. and Mrs. Norman Jones, of Chulotua, has completed his nine-week training period at the Navy Recruit Training Center in Orlando. After a two-week stay at home, he will go to Wakehurst, N. J., to study aerography. A graduate of Oviedo High School, he attended Seminole Junior College for 18 months before enlisting. His brother, Marine Sgt. Lawrence Jones, is stationed in Vietnam.

Co-Chairman of the Sanford Plaza Merchants Association golf tourney Jim Ryan announced today that all applications to play in this golf classic must be turned in to one of the Plaza merchants by tomorrow.

The tourney will be conducted May fourth at the Mayfair Country Club. This is the second year running that the merchants have sponsored this entertaining event.

Schools Tighten Belt

By BILL SCOTT

The Civil Rights Department of U. S. Department of Health, Education and Welfare, (HEW) will recommend Friday that non-compliance proceedings against the Seminole School Board be instituted, John Angel, superintendent of county schools, said today.

Angel said he was informed by Harold Davis, official at Atlanta's office for Civil Rights, that HEW employee, would probably send the letter to Washington headquarters asking that proceedings be initiated against the county schools in accordance with provisions contained in Chapter 24 of the National School Policies on Desegregation.

These proceedings can ultimately lead to a termination of Seminole County's \$12.5 million in federal funds and the order could take effect following the close of the 1968-69 school year, unless a federal court suit is brought before the government has acted to cut off funds.

The action by Bryson would follow earlier actions this week by Angel in a meeting with elementary and secondary school principals in which he advised the educators how many teachers they could plan in setting up 1969-70 school term.

Angel explained the instructional problems faced by the county since certain school positions would not be counted upon for a full year as funds could be terminated in the middle of term.

A legal problem could then complicate matters further, if teachers were hired for a full year anticipating federal money would be available.

Angel said, "Nobody has been cut yet, but we are recommending sending 12 reading teachers back to the classrooms and 50 teacher aides might be released, depending on later developments."

On the whole, the superintendent said, registration and

curriculum programs were at least a month behind schedule compared to a year ago.

School Board has scheduled a session this afternoon and it is expected that the board's decision to stay with freedom of choice desegregation plan for next year will come up before the meeting is over.

Because of the fear of losing federal funds, board is seeking quickest way to get the 1969-70 plan into a federal court as this would possibly keep federal funds for at least a portion, if not all, of the school term.

After a federal court takes jurisdiction in the case, the HEW has no other connections with the procedures which sometimes take several months or even years to be resolved by a federal judge depending on methods used by the attorneys involved on both government and board sides.

Other matters to be discussed during Board session today include: A report on sites for new schools by Walter Teague and Joseph W. Fowler, senior vice president in charge of construction, was my host as Fowler, who has been with Walt Disney Productions for 16 years, and is the designer for Disneyland, offered comparisons between the two entertainment kingdoms.

"Here in Florida, we have 20,000 acres while in California, it amounts to a little over 200. Why, we're devoting 140 acres for parking alone which will take care of 14,000 cars," said Fowler.

(Continued on Page 10, Col. 3)

Port Low Bid \$1.3 Million

Civil Works Constructors International, Inc. of Brandon, Fla., has submitted the lowest bid for construction of the Port of Sanford.

The firm's \$1,333,000 offer virtually assures the construction of the facility, as the port authority has scheduled for construction of the Port of Sanford.

Highest of the seven firms submitting bids was \$1,633,000 made by Cross Tech Corporation of Houston, Texas.

The successful bidder will have 10 days to occupy the site and 300 days in which to construct the facility, which is expected to be used by several

authority meeting Monday night when, subject to specifications, the job will be awarded.

Next low bid was made by Ward, Hopkins Contracting Company, of Jacksonville, Fla., at \$1,350,000.

The successful bidder will have 10 days to occupy the site and 300 days in which to construct the facility, which is expected to be used by several

firm because of the low transportation costs.

J. Raymond Morris, engineer with Lockwood, Greene Engineers, of Spartanburg, S.C., and William F. Bach, U.S. Housing and Urban Development (HUD) official from Fort Lauderdale, are on hand at the bid opening.

Authority is using the Lockwood, Greene firm as port engineer and Bach was present since federal funds are being used to build the port.

Along with the bid bid were six deductible alternates which also were bid with port.

Seven bidders and their bids were Arnold Diamond, Great Neck, N.Y., \$1,609,000; Gregg, Gibson and Gregg, Inc., of Leesburg, \$1,480,000; Continental Consolidated Corporation, of Pompano Beach, \$1,371,777; Graham Contracting of Orlando, \$1,500,000; Wood, Hopkins Contracting of Jacksonville, \$1,350,000; Civil Works Constructors International, Inc., of Brandon, \$1,333,000 and Cross, Tech Corp. of Houston, \$1,633,000.

USDA Ends Service

TALLAHASSEE (AP) — Commissioner of Agriculture Doyle Cammer today labeled as arbitrary a U.S. Department of Agriculture decision to close the Federal - State Market News Service in Florida City and Sanford.

"I can see no reason or justification in reaching this decision," he said. "Sanford is one of the oldest commodity producing and marketing areas in the United States, and Florida City is the most recently established area."

Connor contended the importance of the market news service to growers and shippers is far greater than the relatively small savings expected when the news service functions are closed June 30.

County GI Dues In War

Sgt. Frederick R. Harbol, 21, U.S. Army, of 212 Crestwood Lane, Altamonte Springs, was killed in action last Monday in Vietnam.

A native of Reubank, N. J., he came to Altamonte Springs eight years ago from Rome, N.Y. He attended Lyman High School.

Surviving are his parents, Mr. and Mrs. Lester Harbol, Altamonte Springs; brother, Sgt. Arthur L. Harbol, Fort Bragg, N.C., and Gregory A. Harbol, a sister, Emily L. Harbol, both of Altamonte Springs.

Seminole Funeral Home is in charge of arrangements.

Crime Increase

PRAGUE (AP) — The crime rate in Czechoslovakia rose by 60 per cent between 1968 and 1968. Czech minister of Interior Josef Groeszer said.

Airport Operations To Start Soon

Fixed base operations at Sanford Airport by Page Airways Inc. of Rochester, N. Y., is expected to start within 60 to 90 days, an official of the operations firm said yesterday.

"James E. (Hank) Hanretta, vice president general manager of Page's Washington National Airport fixed base operations, said he expects to "put a contract together for our legal staff" shortly after Douglas W. Justin, vice president for sales, arrives here later this week.

Hanretta said negotiations with Don Rathel, Sanford Industrial Commission director, concerned

the leaving of 279,340 square feet of airport space including terminal building 296 and hangar 147.

An additional ramp area of 250,000 square feet also was included.

The two buildings and ramp area amount to \$29,640 per year in rentals fees, which, according to agreement with Federal Aviation Agency (FAA) must be returned to upgrading the airport only and cannot be used by city in any other matter.

Hanretta said Shell Oil Company engineers were due to check the underground fuel tanks to determine whether these facilities can be used for storage.

Outlining plans for the airport, the executive said one of the main reasons for his firm's decision to locate here was prospects of doing aircraft repairs here along with regular base duties.

At least two key company people will be brought here and Hanretta cordially hopes of finding other qualified people in the county to fill other jobs.

Ten people will be employed to handle the base operation during the first year, he said.

Hanretta also indicated Page's desires to help bring industry here and informed that Gramman Aircraft Engineering Corp. (Continued on Page 10, Col. 2)
