LOOK AT THE NEW CARS AND SEE-BODY BY FISHER

The new car announcements of General Motors have swept Fisher into the greatest eminence in motor car history.

Everywhere you see the emblem - Body by Fisher. In all price classes, it is the inescapable badge of quality. The leaders, such as Cadillac, Buick, Chevrolet, Oakland, Oldsmobile and Pontiac, all display as one of their

proudest assets the symbol-Body by Fisher. It is their assurance of public satisfaction—in safety, in charm of line, in beauty of color and appointment, in comfort and convenience.

Fisher—the greatest body builder in the world—stands head and shoulders above all others in quality. The new General Motors cars all help to prove Fisher leadership.

# "Camels"—the word of an experienced smoker

MILLIONS who've tried them all, who could well afford to pay a higher price, become wedded to Camels. Each year Camel wins the favor of a growing army of experienced smokers.

Camel' leads because of Camel quality. No other cigarette made can match Camel goodness. Camel is made of the choicest Turkish and Domestic tobaccos grown, masterfully blended as in no other cigarette to give you all of their mild and mellow flavors.

In all tobacco time there has never been such a favorite as Camel, for Camel goodness has no equal. For sheer quality of tobaccos, for deep-down smoking enjoyment,

for favor with smokers, Camel stands alone, supreme among cigarettes.

Camel is the world's favorite because Camel pleasure never palls. You simply can't smoke enough of them to tire your taste. No one ever smoked a Camel and regretted it. Camels never leave a cigaretty after-taste.

We believe that your first real smoking pleasure will come when you taste the smoke from the finest tobaccos nature produces. The world's largest tobacco organization invites you to try now the favorite of millions of experienced smokers.

Have a Camel!

### Surely Sanford Could Lead The Way

Atlanta is going to spend a lot of money on the removal of its sewage disposal plant, on Peachtree Road, to another location. It wants to use the present site, which was the scene of the Battle of Atlanta in the Civil War, as a public park. But especially it wants to protect a pretty little creek-Peachtree Creek-from pollution.

. That is in Atlanta. Here in Sanford we find the easiest care made public by Dr. Matthias way to get rid of the city sewage is dump it into beautiful Nacholl, New York state health Lake Monroe. So we do it that easiest way.

The Strength of A Community Lies In Its Developed Resources---

Sanford—where the fertility of soil and an inexhaustible, controlled water supply has been linked with capital, labor and knowledge-producing agricultural products at the rate of seven million a year—

The timid may wait-the over-cautious may wonder—but the man who knows his fundamentals, knows Sanford has values to offer--opportunities to corral and advantages to capitalize NOW—second to none—anywhere.—
